HCCTS has partially implemented this recommendation with the goal of full implementation by December 2025. In the 2024–2025 school year, HCCTS started drafting detailed attendance policies and procedures to ensure clarity for students, teachers, community partners, our authorizer, and state agencies. These Attendance SOPs for HCCS and CICA will be presented to the HCCTS board in the Fall of 2025-2026. Policies already implemented, and detailed in the SOP, include the use of a single instructional track, elements of the academic calendar, and the use of a 20-day attendance calendar. The SOP also defines the conditions to be met for generating classroom-based attendance, including the requirement that students attend in person under the supervision of a credentialed teacher. For classroom-based and independent study programs, it is clearly stipulated that ADA can only be generated on scheduled instructional days per the academic calendar, and that students claimed for apportionment must reside within the school's service area.

Implementation Date: December 2025

JLAC Recommendation 14

To ensure that it reports accurate attendance information, Highlands should, by December 2025, create and implement written policies and

procedures that require maintaining documentation such as sign-in sheets that support the attendance it records in its attendance reporting system for HCCS.

HCCS has partially implemented this recommendation. In January 2025, HCCS mandated daily paper-based attendance sheets as a secondary verification for daily attendance in PowerSchool. Since then, every teacher in every classroom-based class is required to have a paper sign in sheet for all students in each period. These paper-based attendance records are stored and maintained for three years. These requirements are detailed in the draft of the HCCS Attendance SOP. HCCS teachers are required to use student rosters generated by PowerSchool for paper-based attendance documentation. Procedures for creating compliant attendance sheets are described in the HCCS Attendance SOP. Teachers are required to certify that each daily attendance roster is accurate. Procedures for corrections to attendance records are detailed in the HCCS Attendance SOP. Teachers are instructed to retain records in supplied attendance binders in a readily accessible manner. The retention of attendance records for a minimum of three years is mandated by Board Policy 3581: Data Retention and Record Management. All HCCS teachers were trained on these new policies and procedures during the 2024-2025 school year and during August professional development training days for the 2025-2026 school year. An attendance team has been established to pull attendance reports daily.

Implementation Date: December 2025

JLAC Recommendation 15

To ensure that it reports accurate attendance information, Highlands should, by December 2025, define what constitutes sufficient work products from CICA students and implement a policy ensuring that it only reports attendance for students who provide documentation for that work.

This recommendation is partially implemented. CICA now requires all student work samples to include the date completed, student name, and a grade or points assigned. CICA attendance procedures require that work samples be representative of work completed during the learning period. These policies will be detailed in the CICA Attendance SOP, currently in draft form, to be approved by December 2025. Board Policy 6158.2 mandates that content must be

aligned to grade-level standards substantially equivalent to in-person instruction. In order to ensure all work samples and attendance are accurate and compliant, CICA has hired a compliance team, including a Compliance Coordinator who oversees this process and ensures compliance with education code standards and HCCTS board policies.

Implementation Date: December 2025

JLAC Recommendation 16

To ensure that Highlands spends K-12 funding appropriately, Highlands should, by December 2025, implement policies and procedures that outline the allowable uses of public funding, criteria for assessing and selecting vendors, and a purchasing process that includes separation of duties and requirements for multiple approvals.

This recommendation is partially implemented. HCCTS has created a number of board policies to govern the use of public funds. Board Policy 3100 establishes a timeline for a transparent budget development process with defined roles for the Board of Directors, Executive Director, and Chief Business Official. Board Policy 3310 establishes criteria for selecting and assessing vendors, segregation of duties, and thresholds for purchases requiring Board approval for all purchases over $35,000. Additional board policies, including 3350 BP Travel and Expense Reimbursement, 3360 BP Gifts, Grants, and Bequests, and 3365 BP Distribution of Promotional Items, establish guardrails for the use of public funds. Board Policy 3410 establishes rules for the allowability of costs for federally funded programs.In order to maintain transparency, HCCTS' new Executive Director has instituted a policy of presenting all contracts for Board approval and providing monthly fiscal updates to the Board. HCCTS is continuing to update its fiscal policies and procedures. It will present a set of updated fiscal policies and procedures, including board policies and administrative regulations, for Board approval on September 4, 2025.

Implementation Date: September 2025

JLAC Recommendation 17

To ensure that it does not execute inappropriate or wasteful contracts, Highlands should, by December 2025, implement comprehensive

contracting policies and procedures that require multiple approvals, standardized contracting language, and proof of delivery of services.

This recommendation is partially implemented. In the 2024–2025 school year, HCCTS drafted a new Independent Contractor Template and MOU Template with standardized contracting language and requirements for proof of delivery of services. HCCTS Board Policy 3310 requires departments to obtain three competitive quotes for purchases over $100,000, which will be reviewed by the Fiscal Department. As of August 2025, all contracts for HCCTS are presented to the Board regardless of value. In September 2025 HCCTS will bring a comprehensive suite of updated fiscal policies forward for board approval.

Implementation Date: September 2025

CSA Recommendation 18

To ensure that it does not violate state laws prohibiting conflicts of interest, Highlands should, by December 2025, implement a policy to provide annual conflict of interest training to all designated staff members and implement procedures to prevent employees from entering into contracts in which they have a financial interest, such as with a spouse.

This recommendation is fully implemented. HCCTS 9270 BP Conflict of Interest Code requires that all Board members and all other employees involved in decision-making that may have an impact on financial interests participate in financial disclosures. All employees designated according to the Conflict of Interest Code receive annual training on their disclosure category and the appropriate filing of Form 700. Form 700 training was implemented on March 15, 2024, with the Board of Directors and all supervisory employees and will continue once per year.

Implementation Date: August 2025

JLAC Recommendation 19

To ensure transparency in its purchasing practices, Highlands should, by December 2025, revise its policies to require that all purchases and contracts over $115,000 be approved by the board. Highlands may

adjust the amount annually in accordance with the state superintendent's inflation-adjusted bid threshold amount.

This recommendation is fully implemented. On June 5, 2025, Highlands approved Board Policy 3310, which requires Board approval for all purchases and contracts over $100,000. However, to improve fiscal oversight and improve transparency, HCCTS is revising this spending limit and at the September 4, 2025 board meeting the updated 3310 is being recommended to change spending limits from $100,000 to $35,000. Furthermore, starting August 2025, it is the practice of the new Executive Director to bring all contracts before the Board regardless of value.

Implementation Date: August 2025

JLAC Recommendation 20

To ensure that it hires employees with proper qualifications for their roles, Highlands should, by December 2025, implement policies and procedures that formalize its hiring process, including deciding on a position's minimum qualifications before hiring begins, maintaining documentation of each step of the process for each candidate, standardizing the creation of job descriptions, implementing recruitment practices that include external and internal applicants, and standardizing the interview and job offer process.

This recommendation is partially implemented. Board Policy 4111 establishes formalized hiring practices including posting of all positions externally and internally, a multi-step interview process, and standardized interview questions with rubrics. In compliance with 4111 BP, Human Resources at Highlands has begun prescreening applicants through Edjoin, requiring that all applicants supply evidence of meeting requirements for each position. In addition, Administrative Regulation 4111.1 will be presented to the HCCTS Board for authorization on September 4, 2025. This regulation establishes a standardized system for requesting, reviewing, and approving staffing positions across HCCS and CICA. These procedures ensure that all staffing decisions align with organizational priorities, available resources, and compliance requirements. HCCTS has hired a Chief Operations Officer to ensure policies and procedures are in place and that all operations are in compliance. To assist with developing and implementing hiring policies and procedures,

HCCTS is hiring an independent contractor to ensure a comprehensive overhaul of all policies and procedures is fully implemented by January 2026.

Implementation Date: December 2025

JLAC Recommendation 21

To ensure that no current employee at Highlands has the power to influence the hiring of their relative, Highlands should, by December 2025, require job applicants to assert whether they are related to a current employee at Highlands and require job interviewers to assert that they are not related to the individual they are interviewing. It should also develop or revise its policies to prohibit employees from being involved in the hiring and interview process for their relatives.

This recommendation is fully implemented. On December 5, 2024, HCCTS approved Board Policy 4212.8, Anti-Nepotism and Employment of Relatives, which prohibits employees from participating in any hiring, promotion, evaluation, disciplinary, or related process involving a relative. Job applications now require all potential new employees to declare anyone within the organization who they currently know and current employees are not allowed to participate in the interview process for any family members or close personal friends.

Implementation Date: August 2025

JLAC Recommendation 22

To ensure that pay is assigned equitably and based on merit and performance, Highlands should implement policies by December 2025 to create a merit-based structure for devising its salary schedules, evaluating staff, assigning salaries and salary increases, and deciding on annual bonus amounts.

This recommendation is partially implemented. On February 20, 2025, HCCTS adopted Board Policy 4111.2, establishing a structured and equitable promotion process that recognizes demonstrated competence. In alignment with this policy, HCCTS will collaborate with an independent contractor to develop policies and procedures that ensure a fair and consistent pay structure. Additionally, HCCTS has implemented staff evaluations through the

third-party platform Frontline, providing a centralized system for storing and referencing all evaluations. To further support transparency and consistency, HCCTS has drafted Administrative Regulation 4111.1, which defines the procedures for staffing requests and approvals and will be presented to the HCCTS Board for authorization, September 4, 2025.

Implementation Date: December 2025

JLAC Recommendation 23

To prevent favoritism and pay inequity, Highlands should, by December 2025, implement a policy to adhere to its salary schedules and not allow executive management to approve increases outside of salary schedule limits.

This recommendation is partially implemented. Currently no employees at HCCTS have salaries that are outside of the salary schedule based on their job description. HCCTS's new Chief Operations Officer (COO) is currently reviewing all salaries to identify and address potential pay inequities and continuing to improve the process of determining starting salaries for all employees. The COO will work with an independent contractor to ensure that a comprehensive set of policies and procedures, including salary schedules and pay increases, is in place and fully implemented by January 2026.

Implementation Date: January 2026

JLAC Recommendation 24

To ensure that students receive a quality education from credentialed teachers, Highlands should, by December 2025, document and implement a process to ensure that its teachers are properly credentialed and appropriately assigned to classes, including ensuring that paraeducators do not teach classes.

This recommendation is fully implemented. On February 20, 2025, HCCTS approved Board Policy 4112.2, which requires all certificated employees to maintain valid and appropriate credentials. On July 2, 2025, HCCTS approved Board Policy 4112.21, which ensures that all staff hold valid credentials for the instructional settings to which they are assigned. On February 20, 2025, HCCTS approved Board Policy 4111, which requires credential verification for

all positions requiring certification during the hiring process. HCCTS has partnered with UMass Global to support teachers in obtaining single-subject credentials as mandated by the California Commission on Teacher Credentialing. On June 5, 2025, the HCCTS Board of Directors approved the contract with UMass Global. On May 15, 2025, HCCTS also approved and implemented Board Policy 4112.3, Teacher Credentialing Reimbursements, to support proper credentialing. HCCTS also reports teacher assignments, with documentation of appropriate credentialing, to TRUSD on a monthly basis.

Implementation Date: August 2025

JLAC Recommendation 25

To ensure that Highlands' instructors can provide students with a quality education through smaller class sizes, Highlands should, by December 2025, create a policy to establish an appropriate student-to-teacher ratio for its classroom-based instruction and calculate and monitor its ratios at both HCCS and CICA.

This recommendation is fully implemented. On June 5, 2025, the HCCTS Board of Directors approved Board Policy 6170, which outlines the Student-to-Teacher and Paraeducator Ratios at HCCS and CICA. HCCTS maintains the mandated 25:1 independent study Student-Teacher ratio for CICA. Student-Teacher ratios at HCCS are currently capped at 30:1.

Implementation Date: August 2025

JLAC Recommendation 26

To ensure transparency about its student outcomes and to avoid misleading its stakeholders, Highlands should implement a policy by December 2025 to comply with all School Accountability Report Card requirements, including the missing tables highlighted by CDE, and using the correct graduation rate methodology.

This recommendation is partially implemented. In the 2024–2025 school year, HCCTS overhauled its SARC to comply with recommendations from the CDE. The 2024–2025 SARC will comply with all requirements and will include the four- to five-year cohort graduation rates as reported on the California

Dashboard. HCCTS has contracted with Charter Impact to assist with the data collection and reporting. HCCTS is also in the process of hiring a Data Specialist to support these efforts.

Implementation Date: December 2025

JLAC Recommendation 27

To comply with state law and provide transparency about the effectiveness of the education it provides, Highlands should, by December 2025, implement procedures to require participation in the California Science Test annually.

On January 23, 2025, an LEA CAASPP Coordinator for HCCS was appointed. HCCS implemented CAST testing in the 2024–2025 school year. In 2025–2026, HCCS and CICA will implement CAST testing, with an LEA CAASPP Coordinator designated for the school year, and CAST incorporated into the 2025–2026 assessment calendar. The CAST assessment window for the 2025-2026 school year will be open from March 16, 2026 to April 30, 2026 for both HCCS and CICA.

Implementation Date: August 2025

Re: Highlands Community Charter and Technical Schools
Request for Delivery of Final 2023-2024 Audit Report

Dear Mr. Hartman,

Thank you for your response regarding our request for the delivery of Highlands Community Charter and Technical Schools' ("Highlands") 2023-24 audit. Since receiving your letter, dated August 15, 2025, our client has reviewed its own documentation on Eide Bailly's requests for information relating to the 2023-24 audit and found that, as of June 30, 2025, it had addressed every request on Eide Bailly's audit portal to the extent possible. The outstanding items in the portal include three duplicate requests, one request for information not in Highlands' possession or control, and two items regarding which our client submitted requests for clarification through the portal on June 26, 2024, and November 14, 2024, but received no response from Eide Bailly. Therefore, we must respectfully dispute your assertion that our client failed to respond to requests or otherwise contributed to Eide Bailly's delayed delivery of the final audit report.

Status of Responses to Information Requests

Specifically, in your previous letter, you stated that "Eide Bailly has undertaken substantial efforts to obtain the information necessary to support an unqualified opinion to no avail." Highlands staff provided the last set of documents, which the portal describes as revised P2 Attendance Reports requested June 27, 2025, on June 30, 2025, more than two months ago. (See Exhibit A, attached.)

Regarding the six outstanding requests listed in the portal, three requests concerned the same "2023-2024 certification regarding Arts and Music in Schools funds," a certification completed in the Principal Apportionment Data Collection ("PADC") portal of the California Department of Education ("CDE"). Our client believes that these requests are duplicative of

Request ID # 85, to which Highlands responded on May 1, 2024, and which Eide Bailly's team marked as "Accepted." For two other outstanding items ("Audit Planning Questionnaire" and "Net Asset Testing"), our client requested clarification but did not receive a response. (Exhibit A, lines 178-179, ID ## 7, 30.)

The final outstanding item in the information portal pertains to the State Audit Report and requests "State Auditor Independent Study Ratio calculations." The State Auditor has not shared the details of their Independent Study Ratio calculations with our client, so this request seeks records that Highland does not possess. While the audit itself is a public record, state law requires strict confidentiality that limits the State Auditor's ability to comment on any item not published in the State Audit Report. We have sought supporting evidence used by the State Auditor for their findings through a California Public Records Act request on August 19, 2025. (See Exhibit B, attached.) We have not received any responsive records at this time, and we cannot guarantee that the Auditor can or will make them available.

With that said, our client maintains that it has provided your audit team with access to all the Highlands records reviewed by the State Auditor. Highlands has diligently responded to all requests through the audit portal, as well as additional informal requests made via email. Based on the portal records, your team has had every opportunity to request and review additional information or records necessary to make its own professional judgments about compliance. Therefore, we conclude that the delayed delivery of Eide Bailly's audit cannot result from a lack of responsiveness on the part of our client.

Audit Disclosures

Separately, your team reached out to our office to see if there are any updates to our legal disclosures to the audit team. Among other things, the request sought updated information about any pending or threatened litigation, claims, and assessments with which we have been engaged but to which we have not devoted substantive attention. Since you have directed us to send all correspondence to you, we are providing our update to you here as opposed to responding directly to your audit team. We trust that you will pass this information on to your team immediately so that there are no further delays in the production of the audit report.

After the publication of the State Audit Report, the CDE issued a notice of exception to the school for the dollar amounts identified in the Report (see Exhibit C, attached). The school is vigorously contesting these claims. In the case of Highlands, the school filed a request for administrative review with the Education Audit Appeals Panel ("EAAP") and now intends to file a formal appeal. In the case of CICA, the school has filed a formal appeal with EAAP.

Given the precedent-setting nature of the legal and factual issues involved, we cannot accurately assess the likelihood of success for these appeals. If Highlands were to lose all issues

identified in the state audit and the state refused a reasonable settlement, the anticipated loss would equate to $7,435,445 for CICA and $178,965,128 for Highlands, or a total of $186,400,573. The school would remit the disallowed apportionment through withholding from future apportionment funding over a period of eight years. CDE has confirmed, however, that the exceptions cited in the attached letters do not account for the ADA revisions that Highlands submitted earlier this year. (See Exhibit D, attached.)

In addition to these claims related to the State Audit Report, please find attached a letter that our client dated August 15, 2025, which pertains to a claimed disallowance of WIOA-AEFLA funds for two prior fiscal years. (Exhibit E.) CDE has sought repayment of these funds as well, a total of $1,713,157. Highlands plans to seek a resolution with CDE directly on an informal basis. At this time, we cannot know for certain whether we can resolve the disallowance issue entirely. In a worst-case scenario, Highlands may need to repay all the WIOA-AEFLA funds claimed.

Highlands also received the results of a mold testing report on August 26, 2025, regarding the presence of mold at one of its school sites. Our client is still investigating the extent of the issues. One employee has filed a workers' compensation claim related to this issue. We expect that workers' compensation insurance will cover this claim. We are not aware of any other litigation on this issue, and at this early juncture, it is not possible to know the amount of potential financial risk. However, we disclose it out of an abundance of caution and in the interest of transparency in case there may be future unasserted claims relating to this issue from this or any other individual.

In addition to the above claims, we know of two active workers' compensation claims and four workers' compensation claims in the process of resolution and closure, all handled through WCF Insurance. We also know of one active litigation case for wrongful termination filed by a former employee, which will go to mediation in November, as well as two other pre-litigation employment matters. Jonathan Kim of Murphy, Pearson, Bradley, & Feeney, P.C., represents Highlands on these insured employment-related claims. Currently, we know of no other threatened or pending litigation against our client.

Request for Resolution

We wish to emphasize that we share your interest in a positive and collaborative resolution to this matter. We do not seek to influence the content of the audit or any findings. Yet, our primary goal and priority must remain the protection of our client's best interests. Without receipt of the final audit report from Eide Bailly, Highlands risks millions of dollars in potential penalties. That liability will increase with each month of additional delay. Therefore, we must renew our request that Eide Bailly complete its contractual obligation to provide our client with the timely independent audit that Highlands expected to receive eight months ago.

Because Eide Bailly previously provided Highlands with a draft copy of its audit report, we have reason to believe that the team has completed its work. While we understand that the audit team previously wished to perform additional testing because of the state audit, our client has responded to all requests as fully as possible. Given the information available to us, we find the ongoing delay in delivery difficult to understand. Please advise immediately as to any specific records or information not yet produced by our client that your audit team now finds necessary for completion of their work.

Highlands has collaborated patiently with your team for over a year because it agrees that an unqualified audit would be ideal if that is possible. If Eide Bailly believes it cannot produce an unqualified audit in short order, our client wishes to ask for more clarity on the language that would appear in a qualified audit. We would also ask for a reasonable timeline in which your team would feel comfortable issuing an unqualified audit. This information will help our client to better determine how to proceed. Please advise so that our client may make an informed decision.

We appreciate your efforts to get this audit wrapped up, and we look forward to collaborating with you to ensure that your team can deliver Highlands' final audit report without further delay. Please do not hesitate to reach out should you have any questions or concerns.

Sincerely,

Independent Auditor's Report

Board of Directors
Highlands Community Charter and Technical Schools
Sacramento, California

Report on the Audit of the Financial Statements

Disclaimer of Opinion

We were engaged to audit the financial statements of the Highlands Community Charter and Technical Schools (the Organization) (a California Nonprofit Public Benefit Corporation), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

We do not express an opinion on the accompanying financial statements of the Organization. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis for Disclaimer of Opinion

The Organization recognizes Local Control Funding Formula as its primary source of revenue. The Organization was unable to provide adequate support for the Second Period (P2) and Annual (PA) reports of attendance submitted to the California Department of Education to support its recording of this source of revenue. The absence of adequate documentation and reconciliations prevented us from obtaining sufficient audit evidence related to these revenue amounts recorded in the financial statements. As a result of this matter, we were unable to determine whether any adjustments might have been necessary for related amounts included in the statement of financial position and the statements of activities, functional expenses, and cash flows.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared under the assumption that the Organization will continue as a going concern. As disclosed in Note 9 to the financial statements, the Organization has received a report from the California State Auditor that potentially impacts both current and future funding, resulting in substantial doubt regarding the Organization's ability to continue operating. Management's evaluation of these events and conditions, and management's plans regarding these matters are also described in Note 9. The financial statements do not include any adjustments that may result from the outcome of this uncertainty. Our disclaimer of opinion is not modified in respect to this matter.

Correction of an Error

As discussed in Note 8 to the financial statements, certain errors resulting in an understatement of amounts previously reported for accounts payable and expenses as of and for the year ended June 30, 2023, were discovered by management of the Organization during the current year. Accordingly, an adjustment has been made to net assets as of July 1, 2023, to correct the error. Our disclaimer of opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplementary Information

We were engaged for the purpose of forming an opinion on the financial statements that collectively comprise the Organization's financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards*, and other supplementary information on pages 19-26 are presented for purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on this information.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Local Education Agency Organization Structure but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

Draft 10/8/25

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated _____, 2025 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Rancho Cucamonga, California

Note 1 - Principal Activity and Significant Accounting Policies

Organization

Highlands Community Charter and Technical Schools (the Organization) is a California not-for-profit organization. During the fiscal year ended June 30, 2024, the Organization operated two charter schools, Highlands Community Charter School and California Innovative Career Academy.

Highlands Community Charter School petitioned and was approved for a charter through Twin Rivers Unified School District on July 1, 2019, for a seven-year period ending June 30, 2026. The Organization was approved by the State of California Department of Education on July 1, 2014, and currently serves approximately 9,069 students.

California Innovative Career Academy petitioned and was approved for a charter through Twin Rivers Unified School District on July 1, 2019, for a seven-year period ending June 30, 2026. The Organization was approved by the State of California Department of Education on June 27, 2019, and currently serves approximately 3,180 students. California Innovative Career Academy opened on August 12, 2019.

The mission of the Organization is serving the unserved, by providing the education for a high school diploma to students, along with elective courses leading to a Certificate of Completion in one of the Organization's Career and Technical Education courses, thereby giving students all of the tools necessary to obtain a livable wage job, and a future for themselves and their family. The Organization offers students additional courses and time beyond the required schedules listed in the Schedule of Instructional Time.

Basis of Accounting

The accompanying financial statements were prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applicable to nonprofit organizations. Revenues are recognized as discussed below, and expenditures are recognized in the accounting period in which the liability is incurred.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets with Donor Restrictions – Net assets subject to donor (or certain grantor) restrictions. Some donor imposed (or grantor) restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Concentration of Credit Risk

The Organization maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor, per insured bank, for each account ownership category. At June 30, 2024, the Organization had approximately $50,935,184, in excess of FDIC-insured limits.

Receivables and Credit Policies

Receivables consist primarily of noninterest-bearing amounts due for educational programs. Management determines the allowance for uncollectable receivables based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Receivables are written off when deemed uncollectable. No allowance for doubtful accounts has been established, as the Organization deems all amounts to be fully collectible. Substantially all outstanding receivables as of June 30, 2024 are due from state and/or federal sources related to grant contributions and are expected to be collected within a period of less than one year.

Property and Equipment

Property and equipment additions over $5,000 are recorded at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any remaining gain or loss is included in the statement of activities. Cost of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Organization reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2024.

Right-of-Use Leased Assets and Liabilities

Right-of-use leased assets and the related liabilities are recognized at the lease commencement date and represent the Organization's right-of-use an underlying asset and lease obligations for the lease term. Right-of-use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right-of-use leased assets are amortized over the shorter of the lease term or the useful life of the underlying asset using the straight-line method. The amortization period varies among the leases.

Revenue and Revenue Recognition

Operating funds for the Organization are derived principally from state and federal sources. The Organization receives state funding based on each of the enrolled student's average daily attendance (ADA) in its school. Contributions are recognized when cash or notification of an entitlement is received.

A portion of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statement of financial position.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. Donated professional services are recorded at the respective fair values of the services received. No significant contributions of such goods or services were received during the year ended June 30, 2024.

Functional Allocation of Expenses

The financial statements report categories of expenses that are attributed to program service activities or supporting services activities such as management and general activities and fundraising and development activities. The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's estimates. The expenses that are allocated include salaries, employee benefits, fees for services, office expenses, and occupancy, which are allocated on the basis of estimates of time and effort.

Income Taxes

The Organization, including other related entities noted above, is organized as a California nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3), and qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi). It is also exempt from State franchise and income taxes under Section 23701(d) of the California Revenue and Taxation Code. The Organization is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purposes. The Organization determined that it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Financial Instruments and Credit Risk

Deposit concentration risk is managed by placing cash, money market accounts, and certificates of deposit with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, no losses have been experienced in any of these accounts. Credit risk associated with accounts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of the Organization's mission.

Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash	$ 47,720,201
Receivables	24,681,067
Less: net assets with donor restrictions	(10,610,292)
Total	$ 61,790,976

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due.

Note 3 - Property and Equipment

Property and equipment consist of the following at June 30, 2024:

Leasehold improvements	$ 1,547,496
Building	1,016,493
Computer and equipment	1,226,610
Total property and equipment	3,790,599
Less accumulated depreciation and amortization	(1,500,697)
Total	$ 2,289,902

Note 4 - Leases

The Organization leases certain real property for the operations of the charter school and equipment at various terms under long-term non-cancelable operating lease and finance lease agreements. The leases expire at various dates through 2028 and provide for renewal options ranging from 1 year to 5 years. The Organization includes in the determination of the right-of-use assets and lease liabilities any renewal options reasonably certain to be exercised. The Organization's operating lease provides for increases in future minimum annual rental payments. Additionally, the operating lease agreement requires the Organization to pay real estate taxes, insurance, and repairs.

The weighted-average discount rate is based on the discount rate implicit in the lease. If the implicit rate is not readily determinable from the lease, the Organization estimates an applicable incremental borrowing rate. The incremental borrowing rate is estimated using the Organization's applicable borrowing rates and the contractual lease term.

The Organization has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing operating leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on straight-line basis.

The Organization elected the practical expedient to not separate lease and non-lease components for real property and equipment leases.

Total lease costs for the year ended June 30, 2024 were as follows:

Operating lease cost	$ 9,064,309
Finance lease cost	66,553
Interest expense	3,364
Amortization of right-of-use assets	63,189

Draft 10/8/25

The following table summarizes the supplemental cash flow information for the year ended June 30, 2024:

Cash paid for amounts included in the measurement of lease liabilities	
Operating cash flows from operating leases	$ 8,072,100
Operating cash flows from finance leases	66,553
Right-of-use assets obtained in exchange for lease liabilities	
Operating leases	$ 2,317,117

The following summarizes the weighted-average remaining lease term and weighted-average discount rate:

Weighted-average remaining lease term	
Operating leases	3.45 Years
Finance leases	0.53 Years
Weighted-average discount rate	
Operating leases	5.00%
Finance leases	5.00%

The future minimum lease payments under noncancelable operating and finance leases with terms greater than one year are listed below as of June 30, 2024:

	June 30, 2024	
	Operating	Finance
2025	$ 7,236,985	$ 38,822
2026	7,619,222	-
2027	7,877,643	-
2028	1,491,631	-
2029	120,972	-
Total lease payments	24,346,453	38,822
Less interest	(1,861,803)	(479)
Present value of lease liabilities	$ 22,484,650	$ 38,343

Note 5 - Net Assets

Net assets consist of the following at June 30, 2024:

Net assets with donor restrictions	
Subject to expenditure for specified purpose	
State programs	$ 10,610,292

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors for the year ended June 30, 2024.

Net assets released from donor restrictions	
Satisfaction of purpose restrictions	
Federal programs	$ 2,109,495
State programs	14,381,675
Total nets assets released from donor restrictions	$ 16,491,170

Note 6 - Employee Retirement Systems

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS).

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The Organization contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. If a participating employer stops contribution to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers as all plan assets are held by the plan and all benefit obligations are borne by the STRP.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2022, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: http://www.calstrs.com/member-publications.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0% of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP.

The Organization contributes exclusively to the STRP Defined Benefit Program; thus, disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2024, are summarized as follows:

	STRP Defined Benefit Program	
Hire date	On or before December 31, 2012	On or after January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	10.205%
Required employer contribution rate	19.10%	19.10%
Required state contribution rate	10.828%	10.828%

Contributions

Required member, the Organization, and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1% of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2024, are presented above and the Organization's total contributions were $4,436,840.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the Organization. These payments consist of State General Fund contributions to CalSTRS in the amount of $1,486,339 (10.828% of annual payroll). Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements.

Social Security

Public sector employees who are not members of their employer's existing retirement system (CalSTRS) are covered by social security or an alternative plan. The Organization has elected to use the social security as its alternative plan.

401(a) Tax Deferred Annuity Plan

The Organization sponsors a tax-deferred annuity plan (the Plan) qualified under IRC Section 401(a) covering substantially all classified employees. The Plan provides that employees who have attained the age of 21 and completed one year of service may voluntarily contribute six percent of their earnings to the Plan, up to the maximum contribution allowed by the IRS. Employer contributions are discretionary and are determined and authorized by the Board of Directors each plan year. During the year ended June 30, 2024, the Organization made contributions of 12%, resulting in contributions to the Plan of $3,213,018.

Note 7 - Contingencies, Risks, and Uncertainties

The Organization has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any reimbursement, if required, would not be material.

The Organization applied for and received loan forgiveness from the SBA on its PPP loan of $2,973,000. In accordance PPP loan requirements, the Organization is required to maintain PPP loan files and certain underlying supporting documents for periods ranging from three to six years. The Organization is also required to permit access to such files upon request by the SBA. Accordingly, there is potential the PPP loan could be subject to further review by the SBA and that previously recognized forgiveness could be reversed based on the outcome of this review.

The Organization's credit filings remain open for potential examination by the Internal Revenue Service through the statute of limitations, which has varying expiration dates extending through 2027. Any disallowed claims resulting from such examinations could be subject to repayment to the federal government.

Draft 10/8/25

Note 8 - Restatement of Prior Year Net Assets

The Organization has restated the beginning net assets to reflect an increase in accounts payable for the year ending June 30, 2023, due to a correction of an error. As a result of the error corrections related to an overpayment that should have been recorded in the prior year as a payment due to California Department of Education, amounts previously reported for the changes in net assets in the 2023 financial statements decreased by $12,816,625. The following is the effect of the restatement on beginning net assets:

Net Assets - Beginning, as previously reported on June 30, 2023	$ 65,785,407
Accounts payable	(12,816,625)
Net Asset - Beginning, as Restated on July 1, 2023	$ 52,968,782

Note 9 - Going Concern Consideration

The accompanying financial statements have been prepared assuming that the Organization will continue as a going concern. The organization has experienced significant uncertainty regarding its primary revenue funding source, which has resulted in a lack of sufficient financial support and liquidity concerns. These conditions raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is actively updated and implemented the attendance policies and attendance procedures to ensure compliance with laws and legislation to mitigate the impact of this uncertainty. However, there can be no assurance that managements plan will generate sufficient resources to meet current obligations as they become due, which brings substantial doubt. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 10 - Subsequent Events

The Organization's management has evaluated events or transactions that may occur for potential recognition or disclosure in the financial statements through _____, 2025, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

Subsequent Event Disclosure – California State Agency Audit Report

On June 24, 2025, the California State Auditor released a report detailing significant compliance failures at Highlands Community Charter and Technical Schools (Highlands), a nonprofit charter school operating under the Twin Rivers Unified School District. The audit concluded that Highlands inappropriately received approximately $177 million in K–12 funding during fiscal years 2022-2023 and 2023-2024, despite failing to meet eligibility requirements under state law.

Key findings included:

- Highlands did not offer the required instructional time or maintain verified attendance documentation.
- The school served adult students but received K–12 funding through a partnership with a Workforce Innovation and Opportunity Act (WIOA) organization.
- Additional overpayments of $5 million were identified due to inaccurate average daily attendance reporting.
- The audit uncovered wasteful spending, including luxury travel and questionable contracts, and highlighted poor oversight by Twin Rivers and other agencies.
- As a result of these findings, the state has disallowed the $177 million in funding, which may lead to clawbacks, legal actions, and policy reforms affecting charter school funding and oversight statewide.

Although this event occurred after the financial statement date, management has evaluated its potential impact on the Organization's operations and financial position. If the Organization has exposure to California charter school contracts, education-related funding, or regulatory compliance tied to WIOA partnerships, this event may influence future risk assessments and revenue projections.

At this time, the Organization cannot reasonably estimate the financial impact of this event. However, management believes that disclosure is warranted to ensure the financial statements are not misleading.

Note 1 - Purpose of Supplementary Schedules

Schedule of Expenditures of Federal Awards

Basis of Presentation
The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the Organization under programs of the federal government for the year ended June 30, 2024. The information is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost Principles*, *and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

Summary of Significant Accounting Policies
Expenditures reported in the schedule are reported on the accrual basis of accounting. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. No federal financial assistance has been provided to a subrecipient.

Indirect Cost Rate
The Organization has not elected to use the ten percent de minimis cost rate.

Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the Organization. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to local education agencies. This schedule provides information regarding the attendance of students at the Organization.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Organization and whether the Organization complied with the provisions of *Education Code* Sections 47612 and 47612.5, if applicable.

The Organization must maintain their instructional minutes at the 1986-87 requirements, as required by *California Education Code* Section 47612.5.

Reconciliation of Annual Financial Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the net assets reported on the unaudited actual financial report to the audited financial statements.

Draft 10/8/25

Combining Statement of Financial Position and Combining Statement of Activities

The combining statement of financial position and combining statement of activities report the activities of the Organization and related entities and are presented on the accrual basis of accounting. Eliminating entries in the combining statement of financial position and combining statement of activities are for activities between the Organization and related entities.

ORGANIZATION

The Organization operates two schools in California. Each school is operated on the same tax identification number as the Organization. Charters were granted for each school for up to five years, with an opportunity for renewal. Charters may be revoked by the charter authorizer for material violations of the charter, failure to meet or make progress toward student outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or violation of any provision of the law. As of June 30, 2024, the schools operated by the Organization were as follows:

Charter School Name	Charter Number	Sponsoring District	Charter Expiration	Grades Served	Students Served
Highlands Community Charter School	1674	Twin Rivers Unified School District	June 30, 2027	9-12	9,069
California Innovative Career Academy	2072	Twin Rivers Unified School District	June 30, 2027	9-12	3,180

Independent Auditor's Reports
June 30, 2024

Highlands Community Charter and Technical Schools

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors
Highlands Community Charter and Technical Schools
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards)*, the financial statements of Highlands Community Charter and Technical Schools (the Organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated _____, 2025.

In our report, our opinion on the financial statements of the Organization, as discussed in the Basis for Disclaimer of Opinion in the report on the financial statements. The Organization recognizes Local Control Funding Formula as its primary source of revenue. During the audit, the Organization was unable to provide adequate support for the Second Period (P2) and Annual (PA) reports of attendance submitted to the California Department of Education to ensure its primary source of revenues. The absence of adequate documentation and reconciliations prevented us from verifying the amounts recorded in the financial statements. As a result of this matter, we were unable to determine whether any adjustments might have been found necessary for the amounts included in the statement of financial position, the statement of activities, functional expenses, and cashflows.

Correction of an Error

As discussed in Note 8 to the financial statements, certain errors resulting in an understatement of amounts previously reported for accounts payable and expenses as of and for the year ended June 30, 2023, were discovered by management of the Organization during the current year. Accordingly, an adjustment has been made to net assets as of July 1, 2023, to correct the error. Our opinion is not modified with respect to this matter.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2024-001 and 2024-002 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Organization's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Organization's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rancho Cucamonga, California
_____, 2025

Independent Auditor's Report on Compliance for the Major Federal Program; Report on Internal Control over Compliance Required by the Uniform Guidance

Board of Directors
Highlands Community Charter and Technical Schools
Sacramento, California

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Highlands Community Charter and Technical Schools' (the Organization) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the Organization's major federal program for the year ended June 30, 2024. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Organization's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Draft 10/8/25

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Rancho Cucamonga, California

Draft 10/8/25

Independent Auditor's Report on State Compliance and on Internal Control Over Compliance

Board of Directors
Highlands Community Charter and Technical Schools
Sacramento, California

Report on Compliance

Qualified and Unmodified Opinions on State Compliance

We have audited Highlands Community Charter and Technical Schools' (the Organization) compliance with the requirements specified in the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to the Organization's state program requirements identified below for the year ended June 30, 2024.

Qualified Opinion on Attendance and Nonclassroom-Based Instruction/Independent Study

In our opinion, except for the noncompliance described in the Basis for Qualified and Unmodified Opinions section of our report, the Organization complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2024.

Unmodified Opinion on Each of the Other Programs

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2024, except as described in the accompanying Schedule of Findings and Questioned Costs.

Basis for Qualified and Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Matters Giving Rise to Qualified Opinion on Attendance and Nonclassroom-Based Instruction/Independent Study

As described in the accompanying Schedule of Findings and Questioned Costs, the Organization did not comply with requirements regarding attendance and nonclassroom-based instruction/independent study as described in the accompanying Schedule of State Compliance Findings and Questioned Costs as items 2024-003 and 2024-004.

Compliance with such requirements is necessary, in our opinion, for the Organization to comply with the requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.

- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the Organization's compliance with the state laws and regulations applicable to the following items:

2023-2024 K-12 Audit Guide Procedures	Procedures Performed
Local Education Agencies Other Than Charter Schools	
Attendance	Not Applicable
Teacher Certification and Misassignments	Not Applicable
Kindergarten Continuance	Not Applicable
Independent Study	Not Applicable

Nonclassroom-Based Instruction/Independent Study	Yes
Determination of Funding for Nonclassroom-Based Instruction	Yes
Annual Instructional Minutes – Classroom Based	Yes
Charter School Facility Grant Program	Yes

The term "Not Applicable" is used above to mean either the Organization did not offer the program during the current fiscal year, the Organization did not participate in the program during the current fiscal year, the program did not exceed the threshold for testing, or the program applies to a different type of local education agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2024-003 and 2024-004, to be material weaknesses.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Draft 10/8/25

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's response to the noncompliance findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Organization's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

The following findings represent material weaknesses related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*. The findings have been coded as follows:

Five Digit Code	AB 3627 Finding Type
30000	Internal Control
60000	Miscellaneous

2024-001 30000 –Financial Statement Preparation and Restatement (Material Weakness)

Criteria or Specific Requirements

Management is responsible for designing, implementing, and maintaining internal controls to ensure that the financial statements are free from material misstatements, whether due to error or fraud. This responsibility includes posting all material adjustments necessary to accurately close the year and reflect the Organization's financial activity.

Condition

Per the guidance in Communicating Internal Control Related Matters Identified in an Audit, a material weakness or significant deficiency exists when the internal control system lacks the necessary elements to prepare financial statements accurately without auditor-initiated adjustments.

Questioned Costs

There were no direct questioned costs associated with the condition identified.

Context

This condition was identified through inquiries with Organization personnel and a review of records related to accounts payable.

Cause

The prior period restatement and current year adjustments to accounts payable were due to errors in recording.

Effect

During the course of our engagement, we identified material audit adjustments to the recorded account balances in the financial statements which, if not recorded, would have resulted in a material misstatement of the financial statements.

Repeat Finding

Yes, see prior year finding 2023-001.

Recommendation

We recommend that management and those charged with governance evaluate the current internal control structure and implement any necessary enhancements to ensure the financial statements are free from potential material misstatements. The internal controls should enable management and staff, in the normal course of their duties, to prevent, or detect and correct, misstatements in a timely manner.

Corrective Action Plan and Views of Responsible Officials

The Organization agrees that having an internal control system over monitoring accounts payable is an important part of the Organization's overall internal control process. The Organization has created processes to monitor and implement these controls.

2024-002 60000 – Going Concern (Material Weakness)

Criteria or Specific Requirements

Financial statement preparers have a responsibility to evaluate whether there is substantial doubt about the Organization's ability to continue as a going concern for 12 months beyond the financial statement date.

Condition

As discussed in Note 9 to the financial statements, the Organization has experienced significant uncertainty regarding its primary revenue funding source, which has resulted in a lack of sufficient financial support and liquidity concerns. These conditions raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are issued.

Questioned Costs

No questioned costs were identified in relation to this condition.

Context

This condition was noted during final year-end audit procedures and was supported by a report issued by the California State Auditor. The report states that the Organization is ineligible to receive K–12 funding due to noncompliance with applicable laws and regulations. K–12 funding represents approximately 89% of the Organization's total revenue and is its primary funding source.

Effect

The Organization is heavily reliant on K–12 funding to sustain operations. In the absence of new revenue sources and the inability to generate sufficient cash flow, there is substantial doubt about the Organization's ability to continue as a going concern.

Cause

The Organization is experiencing significant uncertainty regarding its primary revenue source, which could result in a lack of sufficient financial support and liquidity concerns.

Repeat Finding.

No.

Recommendation

The Organization should regularly monitor its budget against actual results to maintain fiscal solvency. It must also develop a robust stabilization plan with clear corrective actions and expenditure controls that build reserves beyond the state's minimum requirement. This financial cushion will help absorb future operational uncertainties. Additionally, ongoing cash flow analysis is essential to ensure the Organization can meet its obligations until the stabilization plan is fully implemented.

Corrective Action Plan and Views of Responsible Officials

Management has considered the potential impact of clawbacks, reputational risk, and regulatory changes stemming from this event. While the full financial effect cannot be reasonably estimated at this time, these developments raise substantial doubt about the Organization's ability to continue as a going concern.

Management is actively evaluating mitigation strategies, including:

- Reviewing contractual obligations and funding sources.
- Engaging with legal counsel and regulatory advisors.
- Exploring alternative revenue streams and cost containment measures.

Draft 10/8/25

None reported.

Draft 10/8/25

The following findings represent material weaknesses and material instances of noncompliance including questioned costs that are required to be reported by the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. The findings have been coded as follows:

Five Digit Code	AB 3627 Finding Type
10000	Attendance
40000	State Compliance

2024-003 **10000 – Attendance (Material Weakness and Noncompliance)**

Criteria or Specific Requirements

Pursuant to California *Education Code* Section 43600 requires the Organization to maintain accurate and auditable records of pupil attendance to support apportionment claims. Attendance must be documented in a manner that allows reconciliation between detailed monthly records and summary-level reports submitted for apportionment purposes.

Condition

The Organization was unable to reconcile the summary-level Average Daily Attendance (ADA) reported in the Principal Apportionment Data Collection (PADC) system with the monthly attendance testing records maintained at the school site level. Discrepancies were noted in the apportionment totals for the attendance month tested. Specifically, the ADA reported in the PADC system did not align with the monthly attendance testing records maintained at the site level.

Cause

The discrepancies appear to stem from inadequate internal controls over attendance reporting processes, inconsistent documentation practices, and lack of staff training on attendance accounting procedures.

Effect

Failure to reconcile attendance records may result in inaccurate apportionment claims, potentially leading to audit exceptions, fiscal penalties, and misallocation of state funding under the Local Control Funding Formula (LCFF).

Questioned Costs

The questioned costs is undetermined pending further reconciliation and review of attendance records. The Organization should conduct a detailed analysis to quantify any potential overstatement or understatement of ADA.

Repeat Finding

No.

Recommendation

The Organization should enhance its procedures for reviewing attendance reports to ensure accuracy and compliance. A comprehensive reconciliation should be performed between the monthly attendance testing data and the summary-level ADA reports. The reviewer must verify that the P-2 attendance reports are compiled using the correct attendance summary reports and confirm that the data reflected in the ADA summary spreadsheet matches the Organization's attendance system records. Additionally, the Organization should strengthen internal controls, standardize attendance documentation practices, and provide targeted training to staff responsible for attendance accounting.

Corrective Action Plan and Views of Responsible Officials

When the Organization is submitting ADA data to the CDE, it will regenerate all monthly reports from the Organization's attendance system to ensure that the ADA recorded on its summary spreadsheet still agrees to that shown on the regenerated report so that submission of ADA is accurate. The corrective actions outlined above are already underway, and the Organization is committed to ensuring accurate and compliant attendance reporting moving forward.

2024-004 **40000 – Nonclassroom-Based Instruction/Independent Study (Material Weakness and Noncompliance)**

Criteria or Specific Requirements

In accordance with California Code of Regulations (CCR), Title 5, Section 11704, charter schools offering independent study programs must maintain a pupil-to-teacher ratio that does not exceed:

- The ratio of average daily attendance (ADA) to full-time equivalent (FTE) certificated employees for all other educational programs in the largest unified school district within the same county or counties, or
- A fixed ratio of 25:1, whichever is lower.

Condition

Through review of the Organization's independent study ratio calculation, it was noted that the Organization's independent study ratio exceeded the calculated comparative ratio, resulting in the Organization's reporting of 260.80 excess ADA on the Second Period Report of Attendance.

Questioned Costs

The overstatement of 260.80 ADA units led to an estimated overclaim of approximately $4,573,217 in apportionment funding. This estimate was calculated using the California Department of Education's LCFF Derived Value of ADA by Grade Span.

Context

The condition was identified through review of the Organization's independent study ratio calculation and supporting records.

Effect

The Organization overclaimed 260.80 ADA on its Second Period Report of Attendance, resulting in an estimated penalty as follows:

Grade Span	Independent Study Excess ADA	Derived Value of ADA by Grade Span	Penalty
9-12	260.80	$ 17,535.34	$ 4,573,217

Cause

The Organization has experienced growth in its independent study program. The Organization did not monitor its internal staffing requirements to maintain the required ADA to FTE ratio.

Repeat Finding

No.

Recommendation

The Organization should periodically monitor its independent study ratio to ensure compliance with the comparative ratio of ADA to FTE. Alternatively, the Organization may consider revising its current agreement with teachers to allow for an increase in the ratio specifically for the independent study program.

Draft 10/8/25

Corrective Action Plan and Views of Responsible Officials

The Organization will implement ongoing monitoring of its independent study pupil-to-teacher ratios to ensure compliance with applicable regulations. Adjustments to excess Independent Study ADA will be made, as necessary, during both the Second Period (P-2) and Annual Attendance Reporting cycles.

Additionally, the Organization will regularly evaluate staffing levels within the program to maintain appropriate ratios and prevent future discrepancies.

Draft 10/8/25

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's Schedule of Findings and Questioned Costs.

Financial Statement Findings

2023-001 30000 –Financial Statement Preparation and Restatement (Material Weakness)

Criteria or Specific Requirements

Management is responsible for the design, implementation, and maintenance of internal controls to ensure that the financial statements are free from material misstatements, whether due to error or fraud. This includes the posting of all material adjustments necessary to close the year and accurately reflect the activity of the Organization.

Condition

Communicating Internal Control Related Matters Identified in an Audit defines a material weakness and significant deficiency. According to these definitions, an internal control system design must include elements to accurately prepare financial statements without adjustments by the auditor.

Questioned Costs

There were no direct questioned costs associated with the condition identified.

Context

The condition was identified through inquiry with the Organization's personnel and also through the review of available Organization records related to receivables, right-of-use lease assets, and lease liabilities.

Cause

The restatement of receivables and the adjustments of right-of-use lease assets and lease liabilities were due to error in recording.

Effect

During the course of our engagement, we identified material audit adjustments to the recorded account balances in the financial statements which, if not recorded, would have resulted in a material misstatement of the financial statements.

Recommendation

We recommend management, and those charged with governance, evaluate the internal control structure and consider changes as necessary that will ensure that the financial statements are free from potential material misstatements and allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

Current Status

Not implemented, see current year finding 2024-001.

Federal Awards Findings

None reported.

State Awards Findings

2023-002 40000 – Unduplicated Local Control Funding Formula Pupil Count (Material Noncompliance)

Criteria or Specific Requirements

In accordance with *Education Code* Sections 2574(b)(3)(c), 42238.02(b)(3)(B), and 41020, the Organization is required to maintain supporting documentation of students who had a designation of "Free" or "Reduced" on the "1.18 – FRPM/English Learner/Foster Youth - Student List" CALPADS report that indicates the student was eligible for the designation reported on the California Longitudinal Pupil Achievement Data System (CALPADS).

Condition

The Unduplicated Local Control Funding Formula Pupil Counts submitted to the California Department of Education was inaccurate. It appears that the Highlands Community Charter School inaccurately reported eligibility for a total of 20 students for Free and Reduce students.

The Unduplicated Local Control Funding Formula Pupil Counts submitted to the California Department of Education was inaccurate. It appears that the California Innovative Career Academy inaccurately reported eligibility for a total of 1 students for Free and Reduce students.

Questioned Costs

The Organization over claimed the total eligible pupils by 20 for Highlands Community Charter School, resulting in a decrease of approximately $15,226 in LCFF funding.

The Organization over claimed the total eligible pupils by 1 for California Innovative Career Academy, resulting in a decrease of approximately $1,871 in LCFF funding.

Context

The condition was identified through a selection of students from Form 1.18, based on the criteria as stated on the *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we selected a representative sample, to achieve a high level of assurance, from the students indicated as only free or reduced priced meal eligible (FRPM) identified under the "NSLP Program" column and verify there is supporting documentation that indicates the student was eligible for the designation.

Cause

It appears that the condition identified has materialized as a result of the CALPADS system not being updated properly to reflect the change in designation of Free and Reduced students.

Effect

As a result of testing, it appears that the Organization did not update the "1.18 – FRPM/English Learner/Foster Youth – Student List" CALPADS report due to the following events occurring: CALPADS was not being updated due to students not turning in their lunch applications by October 3 resulting in the Organization using the prior year designation, the Organization has a policy that allows a ten day grace period before the student's new status is put in effect, and when the "1.18 – FRPM/English Learner/Foster Youth – Student List" was amended the Organization only updated pupils who changed to free and reduced, which did not take into consideration the pupils who changed their status to paid.

Highlands Community Charter School

Enrollment Count	Certified Total Unduplicated Count	Adjustment to Total Enrollment Count	Adjustment Based on Eligibility for RFPM	Adjusted Total Enrollment	Adjusted Total Unduplicated Pupil Count
13,725	13,560	0	(20)	13,725	13,540

California Innovative Career Academy

Enrollment Count	Certified Total Unduplicated Count	Adjustment to Total Enrollment Count	Adjustment Based on Eligibility for RFPM	Adjusted Total Enrollment	Adjusted Total Unduplicated Pupil Count
3,345	3,175	0	(1)	3,345	3,174

Draft 10/8/25

Recommendation

The Organization should ensure that students classified as Free and Reduced properly reflect their designation in CALPADS by updating the students who have changed designations throughout the year.

Current Status

Implemented.

3	New Board Member Bio	New Board members - If there are any new board members as of July 1, 2023 please provide a short bio for each new board member	Accepted	03/20/2024	05/28/2024		Scott Gustafsson	Natasha Lutsik : Mike Reid:\nI\'m Mike Reid, a Board Member for Highlands. I\'ve been an educator for over 38 years. In my career, I\'ve served as a teacher, Vice-Principal, Principal, and Schools Superintendent. I\'ve had the opportunity to assist and be honored with recognition for 3 California Distinguished Schools. My journey in charter schools has spanned over 9 years, overseeing a new charter school and serving as the Learning Analyst for another. \nI was blessed with the opportunity to serve as a consultant for the state of Hawaii for almost three years focusing on school academic improvement.\n\nIt is an honor to serve the staff and community at Highlands.

4	Contact Info for Board President	Provide the following information for the board president or the board member assigned with communication with the audit partner: > Name > Title > Email	Accepted	03/20/2024	05/28/2024		Scott Gustafsson	Natasha Lutsik : Ernie Daniels, Natasha Lutsik : erniedaniels7@gmail.com and 916-761-6301
5	1st Interim report	Please provide 1st Interim report in PDF for each charter school	Accepted	03/20/2024	04/12/2024	Heather Crowley	Scott Gustafsson

31	P2 Report	Provide P2 ADA report (Original and revised if applicable)	Accepted	03/20/2024	06/28/2024	Matthew Lemos	Joshua Spoon	Joshua Spoon : Hello. Please provide the PDF from the PADC Website. We have attached last year\'s P2 Information for reference.

32	P2 Backup	Provide backup documentation utilized to prepare the P2 ADA report	Accepted	03/20/2024	06/25/2024	Matthew Lemos	Joshua Spoon	Joshua Spoon : Is there any more of a breakout on a granular level of how the ADA is determined. Typically we verify the apportioned days per student and confirm that the proper divisor is used based off the academic calendar. If possible, can the backup include the number of apportioned days per student as well as a breakout of the date ranges in each Attendance Month?\nIf need be, we might need to break the backup down by track if multiple tracks exist.
33	Monthly Attendance Summary	Month 2 attendance month (in Excel and PDF)	Accepted	03/20/2024	06/11/2024	Matthew Lemos	Scott Gustafsson	
34	Monthly Attendance Detail	Month 2 attendance month (in Excel and PDF)	Accepted	03/20/2024	06/25/2024	Matthew Lemos	Joshua Spoon	Joshua Spoon : the CICA Detail does not seem to tie to the summary. The Summary showing a Month 2 Apportionment of 59095 while the Detail indicates 61492. Which is accurate. I also notice that the Month 2 is just August, which is strange as most Attendance Months tend to include portions of other months. Are we certain these details are pulling from Attendance Month 2 and not just August?
35	List of teachers for 2023-2024 fiscal year		Accepted	03/20/2024	06/11/2024	Matthew Lemos	Scott Gustafsson	
36	Attendance Code Key	Attendance code key for each school site if all the schools are using different codes. If they are using the same codes then we will only need one	Accepted	03/20/2024	06/11/2024	Matthew Lemos	Scott Gustafsson

513	Support for Variance in Bank Accounts	Please provide the support or explanation as to why the bank reconciliations are not matching the DAT Files we have. See attached Excel Workbook for specific accounts.	Accepted	10/17/2024	05/19/2025	Gracyn Ortiz	Scott Gustafsson	Gracyn Ortiz : #513 - The variance in the cash accounts is due to two things – first, the reconciliation report needed to be refreshed after closing, as there were some outstanding checks that were voided. A new report has been saved. This left a variance of $3,728.87, which is due to the inclusion of Fund 64-FSA in the recon/balance sheet. However, the FSA is not reported in SACS.
514	Detailed check register - FY 23-24	Please provide a detailed check register for the accounts ending in 6413 as well as 6421.	Accepted	10/17/2024	10/23/2024	Gracyn Ortiz	Scott Gustafsson	Gracyn Ortiz : There were no checks cut out of 6421
515	M1 to M9 Attendance Summaries	Please provide Month 1 to Month 9 Attendance Summary	Accepted	01/23/2025	05/19/2025	Mark Lutgen	Scott Gustafsson	
516	941Tax Returns	Can you please provide all 4 quarters for the 941 related to the 2024 fiscal year: 1. 2023 3rd quarter 2. 2023 4th quarter 3. 2024 1st quarter 4. 2024 2nd quarter	Accepted	01/28/2025	04/17/2025	Paul Khoury	Joshua Spoon	
517	Medical Benefits	Can you please provide me a rate per employee for all benefits as well as total employees participating in each plan?	Accepted	01/28/2025	04/17/2025	Paul Khoury	Joshua Spoon	Paul Khoury : 464 employees were enrolled in the 2024 benefits program
518	401K/457 Contribution	Can you please provide a summary by month showing contribution matches?	Accepted	01/28/2025	04/17/2025	Paul Khoury	Joshua Spoon	Paul Khoury : Attached spreadsheet was provided by TCG HUB and shows all employee deductions and employer match contributions for July 2023 - June 2024. Please let me know if you need any additional information
519	Percentage of Salary increase for FY 22-23 and FY 23-24	Could you please provide us with the percentage of salary increases for FY 2022-23 and FY 2023-24? If the increase rates differ by employee type, kindly indicate that as well.	Accepted	01/28/2025	04/17/2025	Gracyn Ortiz	Joshua Spoon	Paul Khoury : We had 2 rounds of salary increases - effective 11/1/2023 a 5% increase,, then effective 4/1/2024 another 5% increase. Do you need the employee list showing everyone\'s new rates?

520	STRS and PERS Contributions	Please provide documentation supporting total STRS and PERS Contributions. Report on the Audit of the Financial Statements

Disclaimer of Opinion

We were engaged to audit the financial statements of the Highlands Community Charter and Technical Schools (the Organization) (a California Nonprofit Public Benefit Corporation), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

We do not express an opinion on the accompanying financial statements of the Organization. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis for Disclaimer of Opinion

The Organization recognizes Local Control Funding Formula as its primary source of revenue. The Organization was unable to provide adequate support for the Second Period (P2) and Annual (PA) reports of attendance submitted to the California Department of Education to support its recording of this source of revenue. The absence of adequate documentation and reconciliations prevented us from obtaining sufficient audit evidence related to these revenue amounts recorded in the financial statements. As a result of this matter, we were unable to determine whether any adjustments might have been necessary for related amounts included in the statement of financial position and the statements of activities, functional expenses, and cash flows.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared under the assumption that the Organization will continue as a going concern. As disclosed in Note 9 to the financial statements, the Organization has received a report from the California State Auditor that potentially impacts both current and future funding, resulting in substantial doubt regarding the Organization's ability to continue operating. Management's evaluation of these events and conditions, and management's plans regarding these matters are also described in Note 9. The financial statements do not include any adjustments that may result from the outcome of this uncertainty. Our disclaimer of opinion is not modified in respect to this matter.

Correction of an Error

As discussed in Note 8 to the financial statements, certain errors resulting in an understatement of amounts previously reported for accounts payable and expenses as of and for the year ended June 30, 2023, were discovered by management of the Organization during the current year. Accordingly, an adjustment has been made to net assets as of July 1, 2023, to correct the error. Our disclaimer of opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplementary Information

We were engaged for the purpose of forming an opinion on the financial statements that collectively comprise the Organization's financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards*, and other supplementary information on pages 19-26 are presented for purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on this information.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Local Education Agency Organization Structure but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2025 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Note 1 - Principal Activity and Significant Accounting Policies

Organization

Highlands Community Charter and Technical Schools (the Organization) is a California not-for-profit organization. During the fiscal year ended June 30, 2024, the Organization operated two charter schools, Highlands Community Charter School and California Innovative Career Academy.

Highlands Community Charter School petitioned and was approved for a charter through Twin Rivers Unified School District on July 1, 2019, for a seven-year period ending June 30, 2026. The Organization was approved by the State of California Department of Education on July 1, 2014, and currently serves approximately 9,069 students.

California Innovative Career Academy petitioned and was approved for a charter through Twin Rivers Unified School District on July 1, 2019, for a seven-year period ending June 30, 2026. The Organization was approved by the State of California Department of Education on June 27, 2019, and currently serves approximately 3,180 students. California Innovative Career Academy opened on August 12, 2019.

The mission of the Organization is serving the unserved, by providing the education for a high school diploma to students, along with elective courses leading to a Certificate of Completion in one of the Organization's Career and Technical Education courses, thereby giving students all of the tools necessary to obtain a livable wage job, and a future for themselves and their family. The Organization offers students additional courses and time beyond the required schedules listed in the Schedule of Instructional Time.

Basis of Accounting

The accompanying financial statements were prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applicable to nonprofit organizations. Revenues are recognized as discussed below, and expenditures are recognized in the accounting period in which the liability is incurred.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets with Donor Restrictions – Net assets subject to donor (or certain grantor) restrictions. Some donor imposed (or grantor) restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Concentration of Credit Risk

The Organization maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor, per insured bank, for each account ownership category. At June 30, 2024, the Organization had approximately $50,935,184, in excess of FDIC-insured limits.

Receivables and Credit Policies

Receivables consist primarily of noninterest-bearing amounts due for educational programs. Management determines the allowance for uncollectable receivables based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Receivables are written off when deemed uncollectable. No allowance for doubtful accounts has been established, as the Organization deems all amounts to be fully collectible. Substantially all outstanding receivables as of June 30, 2024 are due from state and/or federal sources related to grant contributions and are expected to be collected within a period of less than one year.

Property and Equipment

Property and equipment additions over $5,000 are recorded at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any remaining gain or loss is included in the statement of activities. Cost of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Organization reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2024.

Right-of-Use Leased Assets and Liabilities

Right-of-use leased assets and the related liabilities are recognized at the lease commencement date and represent the Organization's right-of-use an underlying asset and lease obligations for the lease term. Right-of-use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right-of-use leased assets are amortized over the shorter of the lease term or the useful life of the underlying asset using the straight-line method. The amortization period varies among the leases.

Revenue and Revenue Recognition

Operating funds for the Organization are derived principally from state and federal sources. The Organization receives state funding based on each of the enrolled student's average daily attendance (ADA) in its school. Contributions are recognized when cash or notification of an entitlement is received.

A portion of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statement of financial position.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. Donated professional services are recorded at the respective fair values of the services received. No significant contributions of such goods or services were received during the year ended June 30, 2024.

Functional Allocation of Expenses

The financial statements report categories of expenses that are attributed to program service activities or supporting services activities such as management and general activities and fundraising and development activities. The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's estimates. The expenses that are allocated include salaries, employee benefits, fees for services, office expenses, and occupancy, which are allocated on the basis of estimates of time and effort.

Income Taxes

The Organization, including other related entities noted above, is organized as a California nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3), and qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi). It is also exempt from State franchise and income taxes under Section 23701(d) of the California Revenue and Taxation Code. The Organization is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purposes. The Organization determined that it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Financial Instruments and Credit Risk

Deposit concentration risk is managed by placing cash, money market accounts, and certificates of deposit with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, no losses have been experienced in any of these accounts. Credit risk associated with accounts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of the Organization's mission.

Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash	$ 47,720,201
Receivables	24,681,067
Less: net assets with donor restrictions	(10,610,292)
Total	$ 61,790,976

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due.

Note 3 - Property and Equipment

Property and equipment consist of the following at June 30, 2024:

Leasehold improvements	$ 1,547,496
Building	1,016,493
Computer and equipment	1,226,610
Total property and equipment	3,790,599
Less accumulated depreciation and amortization	(1,500,697)
Total	$ 2,289,902

Note 4 - Leases

The Organization leases certain real property for the operations of the charter school and equipment at various terms under long-term non-cancelable operating lease and finance lease agreements. The leases expire at various dates through 2028 and provide for renewal options ranging from 1 year to 5 years. The Organization includes in the determination of the right-of-use assets and lease liabilities any renewal options reasonably certain to be exercised. The Organization's operating lease provides for increases in future minimum annual rental payments. Additionally, the operating lease agreement requires the Organization to pay real estate taxes, insurance, and repairs.

The weighted-average discount rate is based on the discount rate implicit in the lease. If the implicit rate is not readily determinable from the lease, the Organization estimates an applicable incremental borrowing rate. The incremental borrowing rate is estimated using the Organization's applicable borrowing rates and the contractual lease term.

The Organization has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing operating leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on straight-line basis.

The Organization elected the practical expedient to not separate lease and non-lease components for real property and equipment leases.

Total lease costs for the year ended June 30, 2024 were as follows:

Operating lease cost	$ 9,064,309
Finance lease cost	66,553
Interest expense	3,364
Amortization of right-of-use assets	63,189

The following table summarizes the supplemental cash flow information for the year ended June 30, 2024:

Cash paid for amounts included in the measurement of lease liabilities	
Operating cash flows from operating leases	$ 8,072,100
Operating cash flows from finance leases	66,553
Right-of-use assets obtained in exchange for lease liabilities	
Operating leases	$ 2,317,117

The following summarizes the weighted-average remaining lease term and weighted-average discount rate:

Weighted-average remaining lease term	
Operating leases	3.45 Years
Finance leases	0.53 Years
Weighted-average discount rate	
Operating leases	5.00%
Finance leases	5.00%

The future minimum lease payments under noncancelable operating and finance leases with terms greater than one year are listed below as of June 30, 2024:

	June 30, 2024	
	Operating	Finance
2025	$ 7,236,985	$ 38,822
2026	7,619,222	-
2027	7,877,643	-
2028	1,491,631	-
2029	120,972	-
Total lease payments	24,346,453	38,822
Less interest	(1,861,803)	(479)
Present value of lease liabilities	$ 22,484,650	$ 38,343

Note 5 - Net Assets

Net assets consist of the following at June 30, 2024:

Net assets with donor restrictions	
Subject to expenditure for specified purpose	
State programs	$ 10,610,292

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors for the year ended June 30, 2024.

Net assets released from donor restrictions	
Satisfaction of purpose restrictions	
Federal programs	$ 2,109,495
State programs	14,381,675
Total nets assets released from donor restrictions	$ 16,491,170

Note 6 - Employee Retirement Systems

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS).

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The Organization contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. If a participating employer stops contribution to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers as all plan assets are held by the plan and all benefit obligations are borne by the STRP.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2022, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: http://www.calstrs.com/member-publications.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0% of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP.

The Organization contributes exclusively to the STRP Defined Benefit Program; thus, disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2024, are summarized as follows:

	STRP Defined Benefit Program	
Hire date	On or before December 31, 2012	On or after January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	10.205%
Required employer contribution rate	19.10%	19.10%
Required state contribution rate	10.828%	10.828%

Contributions

Required member, the Organization, and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1% of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2024, are presented above and the Organization's total contributions were $4,436,840.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the Organization. These payments consist of State General Fund contributions to CalSTRS in the amount of $1,486,339 (10.828% of annual payroll). Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements.

Social Security

Public sector employees who are not members of their employer's existing retirement system (CalSTRS) are covered by social security or an alternative plan. The Organization has elected to use the social security as its alternative plan.

401(a) Tax Deferred Annuity Plan

The Organization sponsors a tax-deferred annuity plan (the Plan) qualified under IRC Section 401(a) covering substantially all classified employees. The Plan provides that employees who have attained the age of 21 and completed one year of service may voluntarily contribute six percent of their earnings to the Plan, up to the maximum contribution allowed by the IRS. Employer contributions are discretionary and are determined and authorized by the Board of Directors each plan year. During the year ended June 30, 2024, the Organization made contributions of 12%, resulting in contributions to the Plan of $3,213,018.

Note 7 - Contingencies, Risks, and Uncertainties

The Organization has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any reimbursement, if required, would not be material.

The Organization applied for and received loan forgiveness from the SBA on its PPP loan of $2,973,000. In accordance PPP loan requirements, the Organization is required to maintain PPP loan files and certain underlying supporting documents for periods ranging from three to six years. The Organization is also required to permit access to such files upon request by the SBA. Accordingly, there is potential the PPP loan could be subject to further review by the SBA and that previously recognized forgiveness could be reversed based on the outcome of this review.

The Organization's credit filings remain open for potential examination by the Internal Revenue Service through the statute of limitations, which has varying expiration dates extending through 2027. Any disallowed claims resulting from such examinations could be subject to repayment to the federal government.

Note 8 - Restatement of Prior Year Net Assets

The Organization has restated the beginning net assets to reflect an increase in accounts payable for the year ending June 30, 2023, due to a correction of an error. As a result of the error corrections related to an overpayment that should have been recorded in the prior year as a payment due to California Department of Education, amounts previously reported for the changes in net assets in the 2023 financial statements decreased by $12,816,625. The following is the effect of the restatement on beginning net assets:

Net Assets - Beginning, as previously reported on June 30, 2023	$ 65,785,407
Accounts payable	(12,816,625)
Net Asset - Beginning, as Restated on July 1, 2023	$ 52,968,782

Note 9 - Going Concern Consideration

The accompanying financial statements have been prepared assuming that the Organization will continue as a going concern. The organization has experienced significant uncertainty regarding its primary revenue funding source, which has resulted in a lack of sufficient financial support and liquidity concerns. These conditions raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is actively updated and implemented the attendance policies and attendance procedures to ensure compliance with laws and legislation to mitigate the impact of this uncertainty. However, there can be no assurance that managements plan will generate sufficient resources to meet current obligations as they become due, which brings substantial doubt. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 10 - Subsequent Events

The Organization's management has evaluated events or transactions that may occur for potential recognition or disclosure in the financial statements through December 31, 2025, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

Subsequent Event Disclosure – California State Agency Audit Report

On June 24, 2025, the California State Auditor released a report detailing significant compliance failures at Highlands Community Charter and Technical Schools (Highlands), a nonprofit charter school operating under the Twin Rivers Unified School District. The audit concluded that Highlands inappropriately received approximately $177 million in K–12 funding during fiscal years 2022-2023 and 2023-2024, despite failing to meet eligibility requirements under state law.

Key findings included:

- Highlands did not offer the required instructional time or maintain verified attendance documentation.
- The school served adult students but received K–12 funding through a partnership with a Workforce Innovation and Opportunity Act (WIOA) organization.
- Additional overpayments of $5 million were identified due to inaccurate average daily attendance reporting.
- The audit uncovered wasteful spending, including luxury travel and questionable contracts, and highlighted poor oversight by Twin Rivers and other agencies.
- As a result of these findings, the state has disallowed the $177 million in funding, which may lead to clawbacks, legal actions, and policy reforms affecting charter school funding and oversight statewide.

Although this event occurred after the financial statement date, management has evaluated its potential impact on the Organization's operations and financial position. If the Organization has exposure to California charter school contracts, education-related funding, or regulatory compliance tied to WIOA partnerships, this event may influence future risk assessments and revenue projections.

At this time, the Organization cannot reasonably estimate the financial impact of this event. However, management believes that disclosure is warranted to ensure the financial statements are not misleading.

Note 1 - Purpose of Supplementary Schedules

Schedule of Expenditures of Federal Awards

Basis of Presentation

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the Organization under programs of the federal government for the year ended June 30, 2024. The information is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost Principles*, *and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

Summary of Significant Accounting Policies

Expenditures reported in the schedule are reported on the accrual basis of accounting. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. No federal financial assistance has been provided to a subrecipient.

Indirect Cost Rate

The Organization has not elected to use the ten percent de minimis cost rate.

Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the Organization. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to local education agencies. This schedule provides information regarding the attendance of students at the Organization.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Organization and whether the Organization complied with the provisions of *Education Code* Sections 47612 and 47612.5, if applicable.

The Organization must maintain their instructional minutes at the 1986-87 requirements, as required by *California Education Code* Section 47612.5.

Reconciliation of Annual Financial Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the net assets reported on the unaudited actual financial report to the audited financial statements.

Combining Statement of Financial Position and Combining Statement of Activities

The combining statement of financial position and combining statement of activities report the activities of the Organization and related entities and are presented on the accrual basis of accounting. Eliminating entries in the combining statement of financial position and combining statement of activities are for activities between the Organization and related entities.

Highlands Community Charter and Technical Schools

Highlands Community Charter and Technical Schools
Local Education Agency Organization Structure (Unaudited)
June 30, 2024

ORGANIZATION

The Organization operates two schools in California. Each school is operated on the same tax identification number as the Organization. Charters were granted for each school for up to five years, with an opportunity for renewal. Charters may be revoked by the charter authorizer for material violations of the charter, failure to meet or make progress toward student outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or violation of any provision of the law. As of June 30, 2024, the schools operated by the Organization were as follows:

Charter School Name	Charter Number	Sponsoring District	Charter Expiration	Grades Served	Students Served
Highlands Community Charter School	1674	Twin Rivers Unified School District	June 30, 2027	9-12	9,069
California Innovative Career Academy	2072	Twin Rivers Unified School District	June 30, 2027	9-12	3,180

Independent Auditor's Reports
June 30, 2024

Highlands Community Charter and Technical Schools

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors
Highlands Community Charter and Technical Schools
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards)*, the financial statements of Highlands Community Charter and Technical Schools (the Organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 31, 2025.

In our report, our opinion on the financial statements of the Organization, as discussed in the Basis for Disclaimer of Opinion in the report on the financial statements. The Organization recognizes Local Control Funding Formula as its primary source of revenue. During the audit, the Organization was unable to provide adequate support for the Second Period (P2) and Annual (PA) reports of attendance submitted to the California Department of Education to ensure its primary source of revenues. The absence of adequate documentation and reconciliations prevented us from verifying the amounts recorded in the financial statements. As a result of this matter, we were unable to determine whether any adjustments might have been found necessary for the amounts included in the statement of financial position, the statement of activities, functional expenses, and cashflows.

Correction of an Error

As discussed in Note 8 to the financial statements, certain errors resulting in an understatement of amounts previously reported for accounts payable and expenses as of and for the year ended June 30, 2023, were discovered by management of the Organization during the current year. Accordingly, an adjustment has been made to net assets as of July 1, 2023, to correct the error. Our opinion is not modified with respect to this matter.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

eidebailly.com
10681 Foothill Blvd., Ste. 300 | Rancho Cucamonga, CA 91730-3831 | T 909.466.4410 | F 909.466.4431 | EOE

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2024-001 and 2024-002 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Organization's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Organization's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for the Major Federal Program; Report on Internal Control over Compliance Required by the Uniform Guidance

Board of Directors
Highlands Community Charter and Technical Schools
Sacramento, California

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Highlands Community Charter and Technical Schools' (the Organization) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the Organization's major federal program for the year ended June 30, 2024. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Organization's federal programs.

eidebailly.com
10681 Foothill Blvd., Ste. 300 | Rancho Cucamonga, CA 91730-3831 | T 909.466.4410 | F 909.466.4431 | EOE

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Ede Bailly LLP

Rancho Cucamonga, California
December 31, 2025

Independent Auditor's Report on State Compliance and on Internal Control Over Compliance

Board of Directors
Highlands Community Charter and Technical Schools
Sacramento, California

Report on Compliance

Qualified and Unmodified Opinions on State Compliance

We have audited Highlands Community Charter and Technical Schools' (the Organization) compliance with the requirements specified in the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to the Organization's state program requirements identified below for the year ended June 30, 2024.

Qualified Opinion on Attendance and Nonclassroom-Based Instruction/Independent Study

In our opinion, except for the noncompliance described in the Basis for Qualified and Unmodified Opinions section of our report, the Organization complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2024.

Unmodified Opinion on Each of the Other Programs

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2024, except as described in the accompanying Schedule of Findings and Questioned Costs.

Basis for Qualified and Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

eidebailly.com
10681 Foothill Blvd., Ste. 300 | Rancho Cucamonga, CA 91730-3831 | T 909.466.4410 | F 909.466.4431 | EOE

Matters Giving Rise to Qualified Opinion on Attendance and Nonclassroom-Based Instruction/Independent Study

As described in the accompanying Schedule of Findings and Questioned Costs, the Organization did not comply with requirements regarding attendance and nonclassroom-based instruction/independent study as described in the accompanying Schedule of State Compliance Findings and Questioned Costs as items 2024-003 and 2024-004.

Compliance with such requirements is necessary, in our opinion, for the Organization to comply with the requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.

- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the Organization's compliance with the state laws and regulations applicable to the following items:

2023-2024 K-12 Audit Guide Procedures	Procedures Performed
Local Education Agencies Other Than Charter Schools	
Attendance	Not Applicable
Teacher Certification and Misassignments	Not Applicable
Kindergarten Continuance	Not Applicable

The term "Not Applicable" is used above to mean either the Organization did not offer the program during the current fiscal year, the Organization did not participate in the program during the current fiscal year, the program did not exceed the threshold for testing, or the program applies to a different type of local education agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2024-003 and 2024-004, to be material weaknesses.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's response to the noncompliance findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Organization's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs
June 30, 2024

Highlands Community Charter and Technical Schools

Highlands Community Charter and Technical Schools
Summary of Auditor's Results
Year Ended June 30, 2024

FINANCIAL STATEMENTS

Type of auditor's report issued	Disclaimer
Internal control over financial reporting	
Material weaknesses identified	Yes
Significant deficiencies identified not considered to be material weaknesses	None Reported
Noncompliance material to financial statements noted?	Yes

FEDERAL AWARDS

Internal control over major program	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	None Reported
Type of auditor's report issued on compliance for major programs	Unmodified
Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance 2 CFR 200.516(a)	No

Identification of major programs

Name of Federal Program or Cluster	Federal Financial Assistance Listing
Adult Education	84.002. 84.002A

Dollar threshold used to distinguish between type A and type B programs	$750,000
Auditee qualified as low-risk auditee?	No

STATE COMPLIANCE

Internal control over state compliance for programs	
Material weaknesses identified	Yes
Significant deficiencies identified not considered to be material weaknesses	None Reported
Type of auditor's report issued on compliance for programs	Unmodified *

* Unmodified for all programs except for the following programs which were qualified

Name of Program
Attendance
Nonclassroom-Based Instruction/Independent Study

The following findings represent material weaknesses related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*. The findings have been coded as follows:

Five Digit Code	AB 3627 Finding Type
30000	Internal Control
60000	Miscellaneous

2024-001 30000 –Financial Statement Preparation and Restatement (Material Weakness)

Criteria or Specific Requirements

Management is responsible for designing, implementing, and maintaining internal controls to ensure that the financial statements are free from material misstatements, whether due to error or fraud. This responsibility includes posting all material adjustments necessary to accurately close the year and reflect the Organization's financial activity.

Condition

Per the guidance in Communicating Internal Control Related Matters Identified in an Audit, a material weakness or significant deficiency exists when the internal control system lacks the necessary elements to prepare financial statements accurately without auditor-initiated adjustments.

Questioned Costs

There were no direct questioned costs associated with the condition identified.

Context

This condition was identified through inquiries with Organization personnel and a review of records related to accounts payable.

Cause

The prior period restatement and current year adjustments to accounts payable were due to errors in recording.

Effect

During the course of our engagement, we identified material audit adjustments to the recorded account balances in the financial statements which, if not recorded, would have resulted in a material misstatement of the financial statements.

Repeat Finding

Yes, see prior year finding 2023-001.

Recommendation

We recommend that management and those charged with governance evaluate the current internal control structure and implement any necessary enhancements to ensure the financial statements are free from potential material misstatements. The internal controls should enable management and staff, in the normal course of their duties, to prevent, or detect and correct, misstatements in a timely manner.

Corrective Action Plan and Views of Responsible Officials

The Organization agrees that having an internal control system over monitoring accounts payable is an important part of the Organization's overall internal control process. The Organization has created processes to monitor and implement these controls.

2024-002 60000 – Going Concern (Material Weakness)

Criteria or Specific Requirements

Financial statement preparers have a responsibility to evaluate whether there is substantial doubt about the Organization's ability to continue as a going concern for 12 months beyond the financial statement date.

Condition

As discussed in Note 9 to the financial statements, the Organization has experienced significant uncertainty regarding its primary revenue funding source, which has resulted in a lack of sufficient financial support and liquidity concerns. These conditions raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are issued.

Questioned Costs

No questioned costs were identified in relation to this condition.

Context

This condition was noted during final year-end audit procedures and was supported by a report issued by the California State Auditor. The report states that the Organization is ineligible to receive K–12 funding due to noncompliance with applicable laws and regulations. K–12 funding represents approximately 89% of the Organization's total revenue and is its primary funding source.

Effect

The Organization is heavily reliant on K–12 funding to sustain operations. In the absence of new revenue sources and the inability to generate sufficient cash flow, there is substantial doubt about the Organization's ability to continue as a going concern.

Cause

The Organization is experiencing significant uncertainty regarding its primary revenue source, which could result in a lack of sufficient financial support and liquidity concerns.

Repeat Finding.

No.

Recommendation

The Organization should regularly monitor its budget against actual results to maintain fiscal solvency. It must also develop a robust stabilization plan with clear corrective actions and expenditure controls that build reserves beyond the state's minimum requirement. This financial cushion will help absorb future operational uncertainties. Additionally, ongoing cash flow analysis is essential to ensure the Organization can meet its obligations until the stabilization plan is fully implemented.

Corrective Action Plan and Views of Responsible Officials

Management has considered the potential impact of clawbacks, reputational risk, and regulatory changes stemming from this event. While the full financial effect cannot be reasonably estimated at this time, these developments raise substantial doubt about the Organization's ability to continue as a going concern.

Management is actively evaluating mitigation strategies, including:

- Reviewing contractual obligations and funding sources.
- Engaging with legal counsel and regulatory advisors.
- Exploring alternative revenue streams and cost containment measures.

None reported.

The following findings represent material weaknesses and material instances of noncompliance including questioned costs that are required to be reported by the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. The findings have been coded as follows:

Five Digit Code	AB 3627 Finding Type
10000	Attendance
40000	State Compliance

2024-003 10000 – Attendance (Material Weakness and Noncompliance)

Criteria or Specific Requirements

Pursuant to California *Education Code* Section 43600 requires the Organization to maintain accurate and auditable records of pupil attendance to support apportionment claims. Attendance must be documented in a manner that allows reconciliation between detailed monthly records and summary-level reports submitted for apportionment purposes.

Condition

The Organization was unable to reconcile the summary-level Average Daily Attendance (ADA) reported in the Principal Apportionment Data Collection (PADC) system with the monthly attendance testing records maintained at the school site level. Discrepancies were noted in the apportionment totals for the attendance month tested. Specifically, the ADA reported in the PADC system did not align with the monthly attendance testing records maintained at the site level.

Cause

The discrepancies appear to stem from inadequate internal controls over attendance reporting processes, inconsistent documentation practices, and lack of staff training on attendance accounting procedures.

Effect

Failure to reconcile attendance records may result in inaccurate apportionment claims, potentially leading to audit exceptions, fiscal penalties, and misallocation of state funding under the Local Control Funding Formula (LCFF).

Questioned Costs

The questioned costs is undetermined pending further reconciliation and review of attendance records. The Organization should conduct a detailed analysis to quantify any potential overstatement or understatement of ADA.

Repeat Finding

No.

Recommendation

The Organization should enhance its procedures for reviewing attendance reports to ensure accuracy and compliance. A comprehensive reconciliation should be performed between the monthly attendance testing data and the summary-level ADA reports. The reviewer must verify that the P-2 attendance reports are compiled using the correct attendance summary reports and confirm that the data reflected in the ADA summary spreadsheet matches the Organization's attendance system records. Additionally, the Organization should strengthen internal controls, standardize attendance documentation practices, and provide targeted training to staff responsible for attendance accounting.

Corrective Action Plan and Views of Responsible Officials

When the Organization is submitting ADA data to the CDE, it will regenerate all monthly reports from the Organization's attendance system to ensure that the ADA recorded on its summary spreadsheet still agrees to that shown on the regenerated report so that submission of ADA is accurate. The corrective actions outlined above are already underway, and the Organization is committed to ensuring accurate and compliant attendance reporting moving forward.

2024-004 40000 – Nonclassroom-Based Instruction/Independent Study (Material Weakness and Noncompliance)

Criteria or Specific Requirements

In accordance with California Code of Regulations (CCR), Title 5, Section 11704, charter schools offering independent study programs must maintain a pupil-to-teacher ratio that does not exceed:

- The ratio of average daily attendance (ADA) to full-time equivalent (FTE) certificated employees for all other educational programs in the largest unified school district within the same county or counties, or
- A fixed ratio of 25:1, whichever is lower.

Condition

Through review of the Organization's independent study ratio calculation, it was noted that the Organization's independent study ratio exceeded the calculated comparative ratio, resulting in the Organization's reporting of 260.80 excess ADA on the Second Period Report of Attendance.

Questioned Costs

The overstatement of 260.80 ADA units led to an estimated overclaim of approximately $4,573,217 in apportionment funding. This estimate was calculated using the California Department of Education's LCFF Derived Value of ADA by Grade Span.

Context

The condition was identified through review of the Organization's independent study ratio calculation and supporting records.

Effect

The Organization overclaimed 260.80 ADA on its Second Period Report of Attendance, resulting in an estimated penalty as follows:

Grade Span	Independent Study Excess ADA	Derived Value of ADA by Grade Span	Penalty
9-12	260.80	$ 17,535.34	$ 4,573,217

Cause

The Organization has experienced growth in its independent study program. The Organization did not monitor its internal staffing requirements to maintain the required ADA to FTE ratio.

Repeat Finding

No.

Recommendation

The Organization should periodically monitor its independent study ratio to ensure compliance with the comparative ratio of ADA to FTE. Alternatively, the Organization may consider revising its current agreement with teachers to allow for an increase in the ratio specifically for the independent study program.

Corrective Action Plan and Views of Responsible Officials

The Organization will implement ongoing monitoring of its independent study pupil-to-teacher ratios to ensure compliance with applicable regulations. Adjustments to excess Independent Study ADA will be made, as necessary, during both the Second Period (P-2) and Annual Attendance Reporting cycles.

Additionally, the Organization will regularly evaluate staffing levels within the program to maintain appropriate ratios and prevent future discrepancies.

Highlands Community Charter and Technical Schools
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2024

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's Schedule of Findings and Questioned Costs.

Financial Statement Findings

2023-001 30000 –Financial Statement Preparation and Restatement (Material Weakness)

Criteria or Specific Requirements

Management is responsible for the design, implementation, and maintenance of internal controls to ensure that the financial statements are free from material misstatements, whether due to error or fraud. This includes the posting of all material adjustments necessary to close the year and accurately reflect the activity of the Organization.

Condition

Communicating Internal Control Related Matters Identified in an Audit defines a material weakness and significant deficiency. According to these definitions, an internal control system design must include elements to accurately prepare financial statements without adjustments by the auditor.

Questioned Costs

There were no direct questioned costs associated with the condition identified.

Context

The condition was identified through inquiry with the Organization's personnel and also through the review of available Organization records related to receivables, right-of-use lease assets, and lease liabilities.

Cause

The restatement of receivables and the adjustments of right-of-use lease assets and lease liabilities were due to error in recording.

Effect

During the course of our engagement, we identified material audit adjustments to the recorded account balances in the financial statements which, if not recorded, would have resulted in a material misstatement of the financial statements.

Recommendation

We recommend management, and those charged with governance, evaluate the internal control structure and consider changes as necessary that will ensure that the financial statements are free from potential material misstatements and allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

Current Status

Not implemented, see current year finding 2024-001.

Federal Awards Findings

None reported.

State Awards Findings

2023-002 40000 – Unduplicated Local Control Funding Formula Pupil Count (Material Noncompliance)

Criteria or Specific Requirements

In accordance with *Education Code* Sections 2574(b)(3)(c), 42238.02(b)(3)(B), and 41020, the Organization is required to maintain supporting documentation of students who had a designation of "Free" or "Reduced" on the "1.18 – FRPM/English Learner/Foster Youth - Student List" CALPADS report that indicates the student was eligible for the designation reported on the California Longitudinal Pupil Achievement Data System (CALPADS).

Condition

The Unduplicated Local Control Funding Formula Pupil Counts submitted to the California Department of Education was inaccurate. It appears that the Highlands Community Charter School inaccurately reported eligibility for a total of 20 students for Free and Reduce students.

The Unduplicated Local Control Funding Formula Pupil Counts submitted to the California Department of Education was inaccurate. It appears that the California Innovative Career Academy inaccurately reported eligibility for a total of 1 students for Free and Reduce students.

Questioned Costs

The Organization over claimed the total eligible pupils by 20 for Highlands Community Charter School, resulting in a decrease of approximately $15,226 in LCFF funding.

The Organization over claimed the total eligible pupils by 1 for California Innovative Career Academy, resulting in a decrease of approximately $1,871 in LCFF funding.

Context

The condition was identified through a selection of students from Form 1.18, based on the criteria as stated on the *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we selected a representative sample, to achieve a high level of assurance, from the students indicated as only free or reduced priced meal eligible (FRPM) identified under the "NSLP Program" column and verify there is supporting documentation that indicates the student was eligible for the designation.

Cause

It appears that the condition identified has materialized as a result of the CALPADS system not being updated properly to reflect the change in designation of Free and Reduced students.

Effect

As a result of testing, it appears that the Organization did not update the "1.18 – FRPM/English Learner/Foster Youth – Student List" CALPADS report due to the following events occurring: CALPADS was not being updated due to students not turning in their lunch applications by October 3 resulting in the Organization using the prior year designation, the Organization has a policy that allows a ten day grace period before the student's new status is put in effect, and when the "1.18 – FRPM/English Learner/Foster Youth – Student List" was amended the Organization only updated pupils who changed to free and reduced, which did not take into consideration the pupils who changed their status to paid.

Highlands Community Charter School

Enrollment Count	Certified Total Unduplicated Count	Adjustment to Total Enrollment Count	Adjustment Based on Eligibility for RFPM	Adjusted Total Enrollment	Adjusted Total Unduplicated Pupil Count
13,725	13,560	0	(20)	13,725	13,540

California Innovative Career Academy

Enrollment Count	Certified Total Unduplicated Count	Adjustment to Total Enrollment Count	Adjustment Based on Eligibility for RFPM	Adjusted Total Enrollment	Adjusted Total Unduplicated Pupil Count
3,345	3,175	0	(1)	3,345	3,174

Recommendation

The Organization should ensure that students classified as Free and Reduced properly reflect their designation in CALPADS by updating the students who have changed designations throughout the year.

Current Status

Implemented.

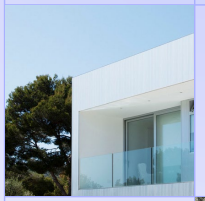
Unpacking the Purpose of Student Work Samples

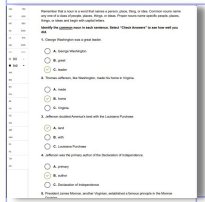


AGENDA

01	Gallery Walk
02	Small Group Discussion
03	Anchor Chart Creation
04	Creating a Collective Definition
05	Reflection
06	Lunch

2

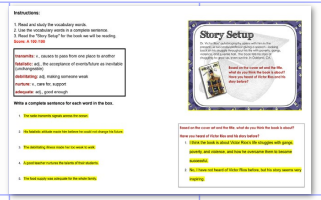
Gallery Walk



English 9

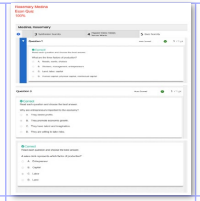
Walk the room.

5 minutes



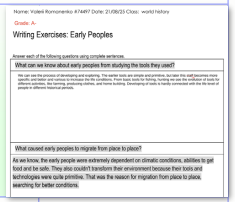
Reading for Pleasure

Take note of what stands out.



Economics

Recognize the different styles.



World History

This is a quick Gallery Walk - 5 minutes.

3

Small Group Discussion

01 **Why**

Why are work samples important for understanding student learning?

02 **How**

How do work samples inform instruction and feedback?

03 **What**

What role do they play in communicating growth to students?

15 minutes

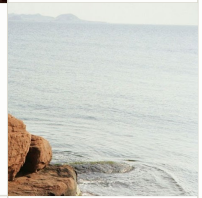
4

Anchor Chart Creation

We are pivoting…

"*A Strong Work Sample Includes …*"

- Create a list of 5-6 key elements that you think are essential for a good work sample overall



10 minutes

5

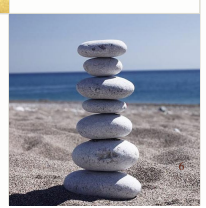
Creating a Collective Definition

01 At your table, review the slides produced by the various teams.

- *What elements are similar to your list?*
- *Is there an element identified by another team that you would include in your list?*

02 Facilitator records common themes

03 A collective staff definition is created



20 minutes

Reflection

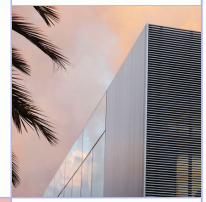
10 minutes

STEP 1

Based on the collective definition of a strong work sample, reflect on the work your students have submitted.

STEP 2

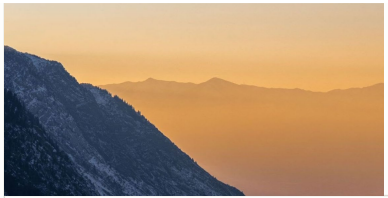
Compare the work products against the criteria that have been developed.



STEP 3

Consider what adjustments and/or what additional information you need to feel comfortable with your work sample submissions for compliance.

7



Next Steps: "How to" optional work sessions coming next week. (converting pdfs, screenshots, etc)

Enjoy lunch.

Return before 12:30pm for the second part of PD.

– Cheers!

THANK YOU

COMMUNITY CHARTER AND TECHNICAL SCHOOLS

CICA Instructional Minutes Requirements

January 30, 2026

Shari Warta
Project Manager
Twin Rivers Unified School District
5115 Dudley Blvd
McClellan Park, CA 95652

Subject Matter: CICA Instructional Minutes

California Innovative Career Academy operates as an independent study program with a 198-day instructional calendar. In this educational model, daily attendance is not based on physical presence but on the completion of assigned, grade-level appropriate academic work.

To ensure compliance with state requirements and to maintain instructional integrity, students are advised of the expected daily time commitment for student learning. For students in grades 9 - 12, attendance is assigned based on evidence that students are completing their assigned work. We ensure that the annual instructional minute requirements are met by tracking student work products with the assigned work record sheet. CICA provides all teachers their monthly targeted instructional minutes guideline which is approximately equivalent to 6 hours of assigned work per day per student.

These instructional time expectations are communicated to students during enrollment and reinforced through regular contact with teachers. Student learning is documented through completed assignments, learning logs, and regular academic check-ins, and attendance is reported accordingly. An assigned work record tracks all assignments and the time-value earned for each assignment based on completed work. A daily engagement log ensures that students are only reported for attendance on days in which they engage in work.

Students in the CICA independent study program have access to a comprehensive and high-quality education that is flexible and surpasses the minimum required tate instructional minutes. All students who fail to meet minimum work requirements are disenrolled consistent with our board policy.

If you have any additional questions or concerns, please do not hesitate to contact me at 1-(617)-823-9341 or via email at jonathan.raymond@hccts.org.

Thank you,

Jonathan Raymond
Executive Director
Highlands Community Charter and Technical Schools

PACING FOR SUCCESS
enVision™ Geometry

enVision Geometry was designed to provide students rich opportunities to build understanding of important new mathematical concepts and develop fluency with key skills as described in the Standards for Mathematical Content, and to gain proficiency with the habits of mind and thinking dispositions described in the Standards for Mathematical Practice. To achieve these goals, the program includes content-focused lessons, Mathematical Modeling in 3 Act tasks, and **enVision**™ STEM projects. All three of these instructional activities are integral to helping students achieve success, and the pacing of the program reflects this.

This pacing guide shows recommended pacing for both a 45-minute (Traditional) and a 90-minute (Block) math class. The pacing allows for an additional 2–3 days per topic to be spent on review, remediation, differentiation, and assessment.
Teachers may prefer to teach the Probability topic (Topic 12) as part of the Geometry course.

	Lessons	CCSS-M	Traditional	Block
Topic 1 **Foundations of Geometry**				
1-1	Measuring Segments and Angles	HSG.CO.A.1	2 days	1 day
1-2	Basic Constructions	HSG.CO.D.12	2 days	1 day
1-3	Midpoint and Distance	HSG.GPE.B.6	2 days	1 day
1-4	Inductive Reasoning	Prepares for HSG.CO.C.9, HSG.CO.C.10, HSG.CO.C.11	2 days	1 day
CCC	**Mathematical Modeling in 3 Acts:** Mystery Spokes	HSG.CO.A.1, HSG.CO.D.12	1 day	1 day
1-5	Conditional Statements	Prepares for HSG.CO.C.9, HSG.CO.C.10, HSG.CO.C.11	2 days	1 day
1-6	Deductive Reasoning	Prepares for HSG.CO.C.9, HSG.CO.C.10, HSG.CO.C.11	2 days	1 day
1-7	Writing Proofs	HSG.CO.C.9	2 days	1 day
1-8	Indirect Proof	HSG.CO.C.9, HSG.CO.D.10, HSG.CO.D.11	2 days	1 day
Topic 2 **Parallel and Perpendicular Lines**				
2-1	Parallel Lines	HSG.CO.A.1, HSG.CO.C.9	2 days	1 day
2-2	Proving Lines Parallel	HSG.CO.C.9, HSG.MG.A.1, HSG.MG.A.3	2 days	1 day
2-3	Parallel Lines and Triangle Angle Sums	HSG.CO.C.10	2 days	1 day
2-4	Slopes of Parallel and Perpendicular Lines	HSG.GPE.B.5	2 days	1 day
CCC	**Mathematical Modeling in 3 Acts:** Parallel Paving Company	HSG.CO.C.9, HSG.MG.A.1, HSG.MG.A.3	1 day	1 day

12-6	Probability and Decision Making	HSS.MD.B.9 (+), HSS.MD.B.7 (+)	2 days	1 day

PACING FOR SUCCESS

enVision™ Algebra 1

enVision Algebra 1 was designed to provide students rich opportunities to build understanding of important new mathematical concepts and develop fluency with key skills as described in the Standards for Mathematical Content, and to gain proficiency with the habits of mind and thinking dispositions described in the Standards for Mathematical Practice. To achieve these goals, the program includes content-focused lessons, Mathematical Modeling in 3 Act tasks, and **enVision**™STEM projects. All three of these instructional activities are integral to helping students achieve success, and the pacing of the program reflects this.

This pacing guide shows recommended pacing for both a 45-minute (Traditional) and a 90-minute (Block) math class. The pacing allows for an additional 2–3 days per topic to be spent on review, remediation, differentiation, and assessment.

	Lessons	CCSS-M	Traditional	Block
Topic 1 **Solving Equations and Inequalities**			**16–17 days**	**9 days**
1-1	Operations on Real Numbers	HSN.RN.B.3	2 days	1 day
1-2	Solving Linear Equations	HSA.CED.A.1, HSA.REI.A.1, HSA.REI.B.3	2 days	1 day
1-3	Solving Equations With A Variable on Both Sides	HSN.Q.A.2, HSA.CED.A.1, HSA.REI.A.1, HSA.REI.B.3	2 days	1 day
1-4	Literal Equations and Formulas	HSN.Q.A.1, HSA.CED.A.1, HSA.CED.A.4	2 days	1 day
1-5	Solving Inequalities in One Variable	HSA.CED.A.1, HSA.CED.A.3, HSA.REI.B.3	2 days	1 day
CCC	**Mathematical Modeling in 3 Acts:** Collecting Cans	HSA.CED.A.1, HSA.REI.A.1, HSA.REI.B.3	1 day	1 day
1-6	Compound Inequalities	HSA.CED.A.1, HSA.CED.A.3, HSA.REI.B.3	2 days	1 day
1-7	Absolute Value Equations and Inequalities	HSA.CED.A.1	2 days	1 day
Topic 2 **Linear Equations**			**10–11 days**	**6 days**
2-1	Slope Intercept Form	HSA.CED.A.2, HSS.ID.C.7	2 days	1 day
2-2	Point Slope Form	HSA.CED.A.2, HSF.LE.A.2, HSS.ID.C.7	2 days	1 day
2-3	Standard Form	HSA.CED.A.2, HSA.CED.A.3, HSS.ID.C.7	2 days	1 day
CCC	**Mathematical Modeling in 3 Acts:** How Tall is Tall?	HSA.CED.A.1, HSA.CED.A.3, HSA.CED.A.4	1 day	1 day
2-4	Parallel and Perpendicular Lines	HSA.CED.A.2	2 days	1 day
Topic 3 **Linear Functions**			**14–15 days**	**8 days**
3-1	Relations and Functions	HSF.IF.A.1	2 days	1 day
3-2	Linear Functions	HSF.IF.A.1, HSF.IF.A.2, HSF.IF.B.5, HSF.LE.A.2	2 days	1 day
3-3	Transforming Linear Functions	HSF.IF.B.5, HSF.IF.C.7, HSF.BF.A.1, HSF.BF.B.3	2 days	1 day
CCC	**Mathematical Modeling in 3 Acts:** The Express Lane	HSS.ID.B.6.A, HSS.ID.B.6.C, HSS.ID.C.7	1 day	1 day

	Lessons	CCSS-M	Traditional	Block
Topic 3 **Linear Functions** *(continued)*			**14–15 days**	**8 days**
3-4	Arithmetic Sequences	HSF.IF.A.3, HSF.BF.A.1, HSF.BF.A.1.A, HSF.BF.A.2, HSF.LE.A.1, HSF.LE.A.1.B, HSF.LE.A.2	2 days	1 day
3-5	Scatter Plots and Lines of Fit	HSS.ID.B.6, HSS.ID.B.6.A, HSS.ID.B.6.C, HSS.ID.C.7	2 days	1 day
3-6	Analyzing Lines of Fit	HSS.ID.B.6, HSS.ID.B.6.A, HSS.ID.B.6.B, HSS.ID.B.6.C, HSS.ID.C.8, HSS.ID.C.9	2 days	1 day
Topic 4 **Systems of Linear Equations and Inequalities**			**12–13 days**	**7 days**
4-1	Solving Systems of Equations by Graphing	HSA.REI.C.6	2 days	1 day
4-2	Solving Systems of Equations by Substitution	HSA.CED.A.3, HSA.REI.C.6	2 days	1 day
4-3	Solving Systems of Equations by Elimination	HSA.CED.A.3, HSA.REI.C.5	2 days	1 day
4-4	Linear Inequalities in Two Variables	HSA.REI.D.12, HSA.CED.A.3	2 days	1 day
CCO	**Mathematical Modeling in 3 Acts:** Get Up There!	HSA.CED.A.2, HSA.CED.A.3	1 day	1 day
4-5	Systems of Linear Inequalities	HSA.CED.A.3, HSA.REI.D.12	2 days	1 day
Topic 5 **Piecewise Functions**			**10–11 days**	**6 days**
5-1	The Absolute Value Function	HSF.IF.B.4, HSF.IF.B.6, HSF.IF.C.7.B	2 days	1 day
CCO	**Mathematical Modeling in 3 Acts:** The Mad Runner	HSF.IF.B.4	1 day	1 day
5-2	Piecewise-Defined Functions	HSF.IF.B.4, HSF.IF.B.6, HSF.IF.C.7.B	2 days	1 day
5-3	Step Functions	HSF.IF.B.4, HSF.IF.B.6, HSF.IF.C.7.B	2 days	1 day
5-4	Transformations of Piecewise-Defined Functions	HSF.IF.C.7.B, HSF.IF.C.9, HSF.BF.B.3	2 days	1 day
Topic 6 **Exponents and Exponential Functions**			**12–13 days**	**7 days**
6-1	Rational Exponents and Properties of Exponents	HSN.RN.A.1, HSN.RN.A.2	2 days	1 day
6-2	Exponential Functions	HSF.IF.B.4, HSF.IF.B.5, HSF.IF.B.6, HSF.BF.A.1, HSF.LE.A.1, HSF.LE.A.1.A	2 days	1 day
6-3	Exponential Growth and Decay	HSN.Q.A.3, HSA.SSE.A.1.B, HSA.SSE.B.3.C, HSA.CED.A.2, HSF.LE.A.1.C, HSF.LE.A.2, HSF.LE.B.5	2 days	1 day
6-4	Geometric Sequences	HSF.IF.A.3, HSF.BF.A.2, HSF.LE.A.2	2 days	1 day

Course Overview

In one semester of five units, California Ethnic Studies explores the history, culture, and experiences of different ethnic and racial groups. The course looks at the lives of Indigenous peoples, African Americans, Latin Americans, and Asian Americans and Pacific Islanders in the United States. By studying the experiences of people in these groups, students will develop a deeper understanding of their contributions, struggles, and achievements.

In this course, students will explore the effects of historical as well as current laws and policies. Many laws and policies have focused on specific ethnic or racial groups in the United States. Students will learn about the ways in which these groups have shaped and contributed to society. They will also explore the obstacles groups have faced while working to gain citizenship and equality. And through discussion, research, and projects, students will learn how the impacts of race, ethnicity, and identity lead people to have very different lives.

This course is designed to enable all students at the high school level to develop a deep understanding of the Ethnic Studies objectives identified in the course pacing guide detailed below. The course is based on a modern understanding of student learning in ethnic studies and has been aligned to the California Ethnic Studies Model Curriculum. For more detailed information about standards coverage, consult this coverage spreadsheet, which correlates lessons with the California Ethnic Studies Model Curriculum.

Instructional Approach

Interactive Instruction

- The **lessons in this course are scaffolded** with interactions, activities, and videos to engage learners in the content and reinforce key concepts.
- The course includes a **glossary** that students can access through the Resources menu and through links to glossary words in the content.

edmentum
© 2024 EDMENTUM, INC.

- **Lesson Activities** often ask students to engage in self-checked analytical or writing tasks based on the content covered in the related lessons.
- **Unit and Course Activities** give students opportunities to complete lengthier exercises that involve extended analysis and evaluation of sources. During these exercises, students also develop arguments and support them with evidence.
- Each lesson includes **Guided Notes**, which may be printed out or filled in electronically. The guided notes summarize the content of a given lesson, ensuring comprehensive student preparation for each lesson's mastery test.

Inquiry and Connections

- **Lesson Activities**. Lesson Activities in this course explore learning objectives that require ongoing attention throughout the student's education. Some Lesson Activities focus on transferring skills to a unique context, while others use a scaffolded inquiry approach to enable students to develop their own understanding of the content. In most Lesson Activities, students use fundamental historical thinking practices while making connections and drawing relationships between concepts.

Embedded Practice

- **TE Items.** Practice questions are available to students for every lesson. By practicing their skills through these items, students can identify areas of needed growth and do a targeted review of the material before taking the mastery test.
- **Lesson and Unit Activity scaffolds.** In each tutorial, students are assessed before moving on to new sections of instruction. Students respond to various types of questions to ensure understanding of the texts and skills taught. These questions provide practice for items students will encounter on the mastery test, posttest, and end-of-semester test. Some embedded question items help scaffold tasks students will encounter in the Lesson, Course, and Unit activities.
- **Constructed Response opportunities.** There are response opportunities throughout most tutorials, providing students with opportunities to plan for discussions, research, and writing tasks in the upcoming Lesson Activities and Unit Activities.

edmentum
© 2024 EDMENTUM, INC.

Interactive Tools and Supportive Features

- **Videos**. In this course, some tutorials ask students to watch and analyze videos to explore important skills and concepts. Videos in this course also support social and emotional learning of difficult concepts.
- **Exploratory items**. There are interactions embedded throughout the course that allow students to explore topics and reflect on concepts without worrying about getting the right answer.
- **Quick-info Pop-ups**. In each tutorial, Quick-info Pop-ups provide contextual information about authors, settings, and other key elements needed for students to understand historical and social contexts of the material or media they are expected to analyze. This tool is also used to provide brief instruction on and reminders of skills and concepts within the lesson or those previously taught in the course.

A Note on Primary Sources

Primary sources are a critical component to learning about and analyzing historical events. However, many primary sources include antiquated language and terminology that reflects the time period in which they were created. We suggest that teachers review primary source materials with their students—both text-based sources and period images and visual representations of the period.

Pacing

Edmentum offers automatic pacing for this course. When creating a new class assignment or updating an existing assignment, teachers can enable automatic pacing by defining start and end dates for course administration. The following pacing guide may also be used as a reference.

Curriculum Contents and Pacing Guide

This pacing guide lists the title and the primary content objective of each lesson. For more information about each lesson and activity, consult this coverage spreadsheet, which correlates lessons with the California Ethnic Studies Model Curriculum.

edmentum
© 2024 EDMENTUM, INC.

Notice that column B lists the standards and column C gives the total number of lessons or other activities that address each standard. Across the top of the spreadsheet, you will find the title of each lesson and the unit where the lesson resides. In the cells under the titles, a number 1 indicates that a particular California Academic Standard is addressed by that lesson.

This semester is divided into several units that, together, can be completed in 90 days. The pacing guide provides a general timeline for presenting each unit. It is adjustable and designed to fit your class schedule. The guide is based on a typical 180-day school year with 90 days per semester.

Unit 1: Identity

Summary

This unit introduces the subject of ethnic studies as a subject and to the key concepts that students will encounter in the course. Among those concepts are defining the multiple components of a person's identity. Students will explore how factors such as race, gender, ability, and ethnicity combine to create each person's multipart identity, known as their intersectional identity. The unit also covers the ways that power and privilege have served to oppress individuals based on some or all parts of their identity. Finally, students will explore the intersections and factors that contribute to their own identity.

Day	**Activity/***Objective*	Type
1 day: 1	**Syllabus and Student Orientation** *Review the Student Orientation and Course Syllabus at the beginning of this course.*	Course Orientation
3 days: 2–4	**Introducing Ethnic Studies** *Define essential terms and concepts used in ethnic studies courses. Explain essential historical thinking and critical literacy skills. Analyze primary and secondary sources for objectivity and credibility.*	Lesson

edmentum
© 2024 EDMENTUM, INC.

Day	Activity/*Objective*	Type
3 days: 5–7	**Identity and Intersectionality** *Define the term "identity," and describe how a person's identity is formed. Understand the dynamics of race, ethnicity, and gender in identity. Explain the influence of religion on identity, including for Jewish and Muslim Americans. Define some common external influences on a person's identity.*	Lesson
3 days: 8–10	**Identity and Power** *Explain how stereotypes lead to intended and unintended marginalization of specific ethnic and racial groups. Describe how factors such as geography, environment, culture, race, and socioeconomic status influence identity. Recognize and critique stereotypes and dominant narratives in popular culture.*	Lesson
2 days: 11–12	**The Third World Liberation Front** *Examine primary sources to investigate social movements. Analyze the validity and credibility of sources. Write a letter explaining how specific groups have influenced social movements that address societal problems.*	Course Activity
1 day: 13	**Discussion**	Discussion
2 days: 14–15	**Identity Reflection** *Identify many of the factors that shape a person's identity. Identify elements of your own identity through exercises, including an "I Am" poem. Write a reflection analyzing your own identity.*	Unit Activity
1 day: 16	**Posttest: Unit 1**	Assessment

edmentum

Unit 2: Indigenous Studies

Summary

In this unit, students will explore the experiences of the Indigenous peoples who were the original inhabitants of the territory that makes up the United States. They will learn to describe how Indigenous groups have experienced intersections in their identities. Tracing Indigenous peoples' experiences across time, students will analyze the ways that settlers and colonial and federal government policies affected Indigenous landholding, and how removal and assimilation practices disrupted Indigenous peoples and cultures. The unit also considers the history of movements for Indigenous rights and political power. Students will complete the unit by selecting a 21st century environmental issue and researching and writing about the related concerns and actions of Indigenous environmental activists.

Day	Activity/*Objective*	Type
3 days: 17–19	**Indigenous Identity** *Define historical and current terminology that is used to refer to Indigenous people. Describe the intersectional identities of specific Indigenous people.*	Lesson
3 days: 20–22	**History and Displacement** *Recognize the historical context and impact that the founding of settler, colonial, and federal governments had on Indigenous lands. Describe how assimilation and removal policies led to the displacement and disruption of Indigenous peoples and cultures. Analyze the long-term cultural and economic impacts of past federal policies aimed at Indigenous peoples.*	Lesson
3 days: 23–25	**Rights and Sovereignty** *Describe the history of movements for Indigenous rights and sovereignty. Explain how political power developed among Indigenous peoples. Analyze the historical context of the continuing challenges that Indigenous people face.*	Lesson

edmentum
© 2024 EDMENTUM, INC.

Day	Activity/*Objective*	Type
3 days: 26–28	**Indigenous People as Team Mascots** *Recognize the historical context of Indigenous iconography and symbolism used in American sports and popular culture. Compare and contrast different arguments about the use of Indigenous iconography and symbolism in American sports. Analyze why some sports teams have opted to change their mascots or names to avoid using Indigenous figures, and why others have not. Explain social, economic, legislative, and historical factors that have contributed to decisions about the use of Indigenous iconography and symbolism.*	Lesson
2 days: 29–30	**Sacred Lands** *Interpret a map to locate sacred lands within a specific region. Analyze information about a sacred land, including the Indigenous peoples connected to it. Create a slide show explaining the history, significance, and threats to a specific sacred land.*	Course Activity
1 day: 31	**Discussion**	Discussion
2 days: 32–33	**Environmental Activism** *Examine a specific issue that Indigenous environmental activists have focused on in the United States. Synthesize research on historical and systemic policies that have led to environmental issues of concern to Indigenous communities. Write a report highlighting the efforts of Indigenous environmental activists.*	Unit Activity
1 day: 34	**Posttest: Unit 2**	Assessment

edmentum
© 2024 EDMENTUM, INC.

Unit 3: African American Studies

Summary

This unit begins with an analysis of the ways that the spread of slavery led to a massive movement of people of African descent around the world and affected the lives and identities of millions of people. The resistance of people of African descent against slavery and oppression and the quest for citizenship and civil rights informed the experiences and identities of many African Americans. Students will describe the evolution of the Black civil rights movements from the early 20th century to today and analyze the approaches to and results of that movement. Finally, they will research and write about the impact of systemic racism on Black communities in the United States.

Day	Activity/*Objective*	Type
3 days: 35–37	**Black Identity and the African Diaspora** *Analyze the relationship between the African Diaspora and Black identities around the world. Describe how the resistance of African peoples against slavery and oppression helped form new identities. Explain how the struggle for citizenship and legal rights contributed to Black American identities.*	Lesson
3 days: 38–40	**Social and Civil Rights Movements** *Describe the evolution of Black civil rights movements in the United States from the early 20th century to the present. Analyze the diverse philosophies of Black civil rights leaders and their different approaches to activism. Evaluate the impact of historical civil rights movements on contemporary society.*	Lesson
3 days: 41–43	**African American Contributions to the United States** *Describe the accomplishments and contributions of key Black Americans in the nation's history. Explain the role that Black Americans have played in the advancement of science, technology, engineering, math, literature, and art. Examine factors that prevented Black innovation and cultural contributions from being widely recognized.*	Lesson

edmentum
© 2024 EDMENTUM, INC.

Day	Activity/*Objective*	Type
3 days: 44–46	**Cultural Appropriation** *Define cultural appropriation and differentiate it from cultural appreciation. Identify the consequences of cultural appropriation on marginalized groups and what can be done to lessen this impact. Analyze how the cultural contributions of Black Americans have been subject to cultural appropriation.*	Lesson
2 days: 47–48	**Black Women in Social Justice** *Examine the circumstances and historical context of social justice movements. Evaluate the role of Black women in a specific social justice movement. Synthesize media to explain the history and role of Black women in a social justice movement.*	Course Activity
1 day: 49	**Discussion**	Discussion
2 days: 50–51	**Environmental Impact and Activism** *Examine the impact of systemic racism on Black communities in the United States. Write an essay that makes a precise claim and uses evidence from multiple sources.*	Unit Activity
1 day: 52	**Posttest: Unit 3**	Assessment

edmentum

Unit 4: Latin American Studies

Summary

This unit identifies the historical and contemporary factors that shape Latin American identity. It considers the impact of intersectionality on many different Latin American identities. It summarizes the ways that historical events have led to cultural diversity and explores the history of the border between the United States and Mexico in creating that diversity. Students will explore the efforts of Latin Americans in the United States to overcome systemic oppression and marginalization, and the role that the labor movement played in advancing the goals of the Latin American civil rights movement. Finally, they will synthesize research and write about a current issue affecting Latin Americans in the United States today.

Day	**Activity/***Objective*	Type
3 days: 53–55	**Latin American Identity** *Identify the historical and contemporary factors that shape Latin American identity. Analyze the impact of intersectionality on Latin American identity. Explain the diversity of Latin American identity.*	Lesson
3 days: 56–58	**Histories and Borders** *Analyze how historical events led to cultural diversity in Latin America. Summarize the development of the current border between the United States and Mexico. Describe how borders influence and affect people on both sides.*	Lesson
3 days: 59–61	**Rights and Citizenship** *Describe the efforts of Latin Americans in the United States to overcome systemic oppression and marginalization from the 1920s through the present day. Analyze the role that key leaders of the Chicano movement played in advancing the goals of the labor movement and the land grant movement.*	Lesson
3 days: 62–64	**Chicano Art** *Describe El Teatro Campesino grassroots theater movement that formed alongside the Chicano movement. Analyze Chicano mural art as a form of political and cultural expression.*	Lesson

edmentum

Unit 5: Asian American and Pacific Islander Studies

Summary

This unit analyzes the experiences of Asian American and Pacific Islander (AAPI) peoples in the United States. After identifying the various nationalities and ethnicities that make up the AAPI community, the unit explores the relationship between colonialism and AAPI identity today. Students will examine connections between the AAPI movement for equality and civil rights and similar movements of other groups. Then they will evaluate the contributions of AAPI people to U.S. culture and politics and examine issues facing the AAPI community today.

Day	Activity/*Objective*	Type
3 days: 71–73	**Asian American and Pacific Islander Identity** *Describe the various nationalities and ethnicities that make up the Asian American and Pacific Islander community. Analyze common misconceptions about Asian Americans and Pacific Islanders and the impacts of these misconceptions. Evaluate how and why the term Asian American and more contemporary terms such as Asian American and Pacific Islander (AAPI) were created.*	Lesson
3 days: 74–76	**History of AAPI Peoples** *Describe key events in AAPI history from the 16th through 20th centuries. Recognize the relationships between colonialism and AAPI identity. Examine connections between the Asian American movement and other movements for civil rights in the 1960s.*	Lesson
3 days: 77–79	**AAPI People in the 21st Century** *Evaluate the rise of racism and hate crimes against AAPI people in the 2020s amid the COVID-19 pandemic and the social and political response. Analyze the contributions of members of the AAPI community to American culture, politics, and social activism. Examine issues facing AAPI peoples in the 21st century.*	Lesson

Day	Activity/*Objective*	Type
3 days: 80–82	**Native Hawaiians and the United States** *Examine the impacts of U.S. imperialism on the people and environment of the Hawaiian Islands. Analyze the consequences of colonization in Hawaii for Native Hawaiian people. Describe the exclusion of Native Hawaiians from U.S. domestic policy regarding Indigenous peoples. Summarize the movement for Hawaiian sovereignty.*	Lesson
2 days: 83–84	**AAPI Art, Literature, and Film** *Examine the intersectionality of individuals within the Asian American and Pacific Islander community. Analyze the cultural contributions in art, literature, or film of an individual in the AAPI community. Argue a position on the cultural impact of an individual in the AAPI community.*	Course Activity
1 day: 85	**Discussion**	Discussion
2 days: 86–87	**Inquiry Research Project** *Evaluate how a societal institution's treatment of the AAPI community can widen or limit their access to opportunities. Create a research project with supportive media using a digital technology.*	Unit Activity
1 day: 88	**Posttest: Unit 5**	Assessment
1 day: 89	**Semester Review**	
1 day: 90	**End-of-Semester Exam**	Assessment

Directions:
-Complete an AWR for each student on your roster.
-Schedule must match the instructional days available for the learning period.
-Insert the time value for each assignment.
-Check the box when an assignment is completed.
-Review instructional minute slide deck for monthly goal for each learning period.
-Insert the score and total points possible for each assignment.
-Once completed, download each student AWR as a pdf.
-Add your signature and date to the AWR.
-Submit each individual student AWR via the Brain.

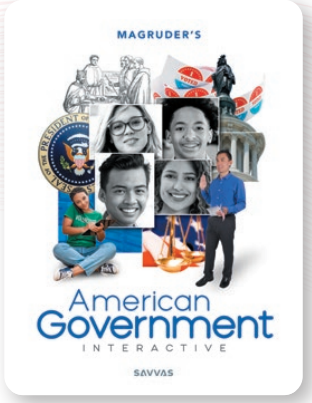
Pacing at a Glance

While our pacing time frame is based on 45-minute classes or 90-minute blocked classes, our program's features are designed to be adaptable and customizable to each classroom. Whether you have 30-minute class periods or 90-minute blocks, our content is flexible.

MAGRUDER'S American Government INTERACTIVE

Topic	Essential Question	Lessons	Pacing Time Frame
Foundations of Government and Citizenship	What should governments do?	4	7 Periods, 3.5 Blocks
The Beginnings of American Government	How much power should a government have?	4	7 Periods, 3.5 Blocks
The Constitution	What is the right balance of power in good government?	4	7 Periods, 3.5 Blocks
The Legislative Branch	How should government meet the needs of its people?	6	9 Periods, 4.5 Blocks
The Executive Branch: The Presidency and Vice Presidency	What makes a good leader?	4	7 Periods, 3.5 Blocks
The Executive Branch at Work	What should governments do?	6	9 Periods, 4.5 Blocks
The Judicial Branch	How should we handle conflict?	3	6 Periods, 3 Blocks

Want planning support?
Visit the Topic Organizer in the Teacher's Edition for a menu of resource options to choose from—it's flexible!



Topic	Essential Question	Lessons	Pacing Time Frame
Protecting Civil Liberties	How much power should the government have?	7	10 Periods, 5 Blocks
Citizenship and Civil Rights	What are the challenges of diversity?	4	7 Periods, 3.5 Blocks
Government by the People	What is the role of the people in the government?	7	10 Periods, 5 Blocks
Elections	Who gets elected?	4	7 Periods, 3.5 Blocks
Government and the Economy	What is the proper role of government in the economy?	5	8 Periods, 4 blocks
State and Local Government	What should governments do?	6	9 Periods, 4.5 Blocks
Comparative Political Systems	What makes a government successful?	4	7 Periods, 3.5 Blocks

Remember!
The Primary Source and Reading Guide Workbook provides scaffolded support every step of the way.

Objectives The student is to complete the subjects/courses listed in the California Innovative Career Academy ("CICA") student information system, which are incorporated herein. The subject/course objectives reflect the curriculum adopted by the charter school's governing board and are consistent with charter school standards, as outlined in the charter school's subject/course descriptions, which are incorporated herein. CICA shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. This includes access to all courses offered by CICA for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. The objectives for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	**Цілі:** Студент зобов'язується завершити предмети/курси зазначені в інформаційній системі студентів школи California Innovative Career Academy ("CICA"), які є частиною цього документа. Цілі предметів/курсів складають навчальну програму, затверджену управлінською радою чартерної школи та відповідну стандартам чартерної школи, як зазначено в описах предметів/курсів чартерної школи, які містить цей документ. Школа "CICA" надаватиме навчальний матеріал, відповідний до рівня навчання та еквівалентний очній формі навчання. Це передбачає надання доступу до всіх курсів, рекомендованих "CICA" для закінчення школи, та прийнятих Каліфорнійським університетом або Державним університетом штату Каліфорнія, як такі, що підлягають зарахуванню відповідно до критеріїв прийому A-G. Цілі кожного навчального курсу можуть бути описані в інших додаткових угодах та положеннях, які містяться в цьому документі.
Courses Enrolled	**Обрані курси**

Credit Types	**Типи академічних кредитів**
Credit Amounts	**Кількість кредитів**
Additional Classes: If the student satisfactorily completes all of the above subjects/courses before the ending date of the agreement, one or more courses/subjects may be added to the agreement if the agreement is re-signed and re-dated by the teacher and the student.	**Додаткові курси:** Якщо студент успішно завершує усі зазначені вище курси до дати закінчення угоди, один або більше курсів/предметів може бути додано до договору за умови, якщо договір буде повторно підписано та датовано викладачем і студентом.
Reporting: Students are required to report to their teacher(s) as scheduled to submit assignments and for reporting his or her progress as follows: **Manner**: through online messages, email, phone or in-person; **Frequency**: at least once per learning period, Monday-Friday; **Time**: 8:30 a.m.-9:00 p.m.; **Place**: virtually or in-person. Exact time, manner, frequency, and place are determined by the teacher(s) in consultation with the student.	**Звітність:** Студенти зобов'язані підтримувати зв'язок з вчителями за розкладом для того, щоб здавати завдання і звітувати про свій прогрес наступним чином: **Спосіб:** шляхом онлайн-повідомлень, електронної пошти, телефону або особисто; **Періодичність:** принаймні один раз протягом навчального періоду, з понеділка по п'ятницю; **Час**: 8.30 a.m. - 9 p.m. **Місце**: онлайн або особисто. Точнний час, спосіб, періодичність та місце зустрічей визначається вчителем на консультації зі студентом.
Board Policies: For students in all grade levels and programs, the maximum length of time that may elapse between the time an assignment is made and the date by which the student must complete the assigned work shall be 20 school days. When a student fails to complete 70% of assignments during any learning period or when a student's educational progress falls below satisfactory levels, an evaluation will be made, to determine whether it is in the best interests of the student to remain in independent study. Whether a student's progress falls below satisfactory levels will be determined by CICA's Tiered-re engagement procedures, which considers ALL of the following indicators:	**Положення управлінської ради:** Для студентів усіх рівнів та програм максимальний термін, встановлений між датою призначення завдання і датою його виконання, становить 20 навчальних днів. У випадку, коли студент не виконує 70% завдань протягом навчального періоду, або навчальний прогрес студента не відповідає достатньому рівню, може бути проведено оцінювання, щоб встановити, наскільки доцільним для студента є продовження навчання за індивідуальною формою. Наскільки прогрес студента відповідає задовільному рівню, визначатиметься за процедурами поетапного повторного залучення CICA, які враховують УСІ наступні показники:
The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and student engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).	Рівень досягнень і залучення студента у програмі індивідуального навчання визначається на основі його результатів за відповідними індивідуальними показниками успішності та залучення, встановленими в Пункті (4) і (5) розділу 52060(d) Education Code.
The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments.	Виконання завдань, тестувань або інші показники, які засвідчують, що студент працює над завданнями.
Learning required concepts, as determined by the supervising teacher.	Вивчення необхідних концепцій, визначених викладачем.
Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.	Демонстрація прогресу шляхом завершення курсу навчання або індивідуального курсу, встановленого викладачем.
Duration of Agreement: The duration of this agreement is set forth above and shall not exceed one school year.	**Строк дії угоди:** Строк дії цієї угоди зазначено вище і не може перевищувати одного навчального року

Voluntary Statement: Independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned to any school, class, or program pursuant to Education Code section 48915 or 48917, instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.	**Добровільне свідчення:** Індивідуальне навчання пропонується як необов'язкова освітня альтернатива, і жодного студента не можна зобов'язати до участі. У випадку, коли студент направляється або призначається до будь-якої школи, класу чи програми відповідно до розділу 48915 або 48917 Education Code, навчання може здійснюватися індивідуально лише за умови, якщо студенту запропоновано також альтернативу у вигляді навчання в класі.
Statement of Academic and Other Supports for Special Populations: CICA shall utilize its tiered Re-Engagement process to address the needs of students who are not performing at grade level, or who need support in other areas, such as English Learners, students in foster care or students who are experiencing homelessness, and/or students requiring mental health support. These supports may include, but are not limited to, access to counselors, intervention supports, appropriate language supports for English learners, etc. CICA complies with Section 504 of the federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities. CICA only serves students ages 22 and over and thus students in CICA are not eligible under the Individuals with Disabilities in Education Act ("IDEA"). Student support may also be further described in other subsidiary agreements, plans, and policies, which are incorporated herein.	**Положення про академічну та іншу підтримку для окремих груп населення:** CICA використовуватиме свою поетапну процедуру повторного залучення для студентів, які не досягають відповідного рівня або тих, хто потребує підтримки в інших сферах, а також для тих, хто вивчає англійську мову як другу, студентів, що перебувають у складних життєвих обставинах, під опікою або потребують психологічної підтримки. Ця підтримка може включати, але не обмежується, доступом до кураторів, підтримкою інтервенційних програм, відповідною мовною підтримкою студентів, що вивчають англійську тощо. CICA дотримується розділу 504 Federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) та зобов'язується надавати відповідний доступ та державні безкоштовні освітні послуги всім студентам з обмеженими можливостями. CICA надає освітні послуги особам віком 22 років та більше, тому студенти CICA не підпадають під дію Закону Individuals with Disabilities in Education Act ("IDEA"). Підтримка студентів в подальшому може бути описана в інших додаткових угодах, планах та положеннях, які містяться в цьому документі.
Quality and Quantity; Rights and Privileges; Resources and Services: The independent study option is to be substantially equivalent in quality and quantity to classroom instruction. Students who choose to engage in independent study are to have equality of rights and privileges with the same access to existing services and resources as students in the regular school program.	**Якість та кількість; Права та переваги; Ресурси та Послуги:** Варіант індивідуального навчання є суттєво еквівалентним кількісно та якісно до освіти у класі. Студенти, які обирають навчання за індивідуальною програмою, мають рівні права та переваги з однаковим доступом до запропонованих послуг та ресурсів, як і ті студенти, що зараховані на звичайну шкільну програму.
***Methods of Study*:** Specific methods of study will be designated on the Assigned Work Record (AWR) and are incorporated herein. Examples of methods of study for the student will include, but are not limited to, Independent Reading, Textbook Activities, Problem Solving, Study Projects, Drill & Practice, Computerized Curriculum, Web/Internet Research, Library Research, Field Trips, and Learning Center Courses.	**Методи навчання:** Конкретні методи навчання будуть визначені в Assigned Work Record (AWR) і включені до цього документа. Приклади навчальних методів студентів містять, але не обмежуються такими, як самостійне читання, вправи у підручниках, вирішення задач, навчальні проекти, тренування та практика, комп'ютеризована навчальна програма, веб-дослідження, робота в бібліотеці, екскурсії та курси освітнього центру.
***Specific Resources*:** CICA will provide appropriate instructional materials and personnel necessary to enable the student to complete the assigned work. These resources include, but are not limited to, textbooks, school supplies, and support from the teacher(s) of record and other school staff, and shall also include confirming or providing access to the connectivity and devices adequate to participate in the educational program and complete assigned work. Specific	**Конкретні ресурси:** CICA забезпечуватиме студента необхідними навчальними матеріалами та підтримкою персоналу для виконання призначеного йому завдання. Ці ресурси містять, але не обмежені, використанням підручників, шкільного приладдя, підтримкою вчителів та іншого персоналу школи, а також забезпеченням доступу до Інтернет мережі та пристроїв, необхідних для

resources for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	належної участі в освітніх програмах та виконання призначених завдань. Конкретні ресурси для кожного курсу також можуть бути додатково описані в інших допоміжних угодах і положеннях, які містяться у цьому документі.
***Methods of Evaluation*:** Academic evaluations will be designated on the Learning Report and are incorporated herein. Examples of acceptable methods of evaluation include, but are not limited to, Teacher Made Tests, Student Conferences, Progress/Report Cards, Chapter/Unit Test, Work Samples, Observations, State Standards Testing, Quizzes, Labs, and Finals.	**Методи оцінювання:** Академічне оцінювання визначатиметься у Learning Report та міститиметься в цьому документі. Приклади прийнятних методів оцінювання містять, але не обмежені наступними: тести, підготовлені викладачем, студентські конференції, табелі успішності/ звітні картки, тести за розділами/ темами, зразки робіт, спостереження, тестування відповідно до державних стандартів, контрольні роботи, лабораторні роботи та підсумкові іспити.
Course Credits: Upon successful completion of this agreement, the student is eligible to earn up to full academic and attendance credits as confirmed by a certificated teacher of record for their enrolled subjects/courses, which are reflected in the student information system and incorporated herein.	**Кредитні години курсу:** У випадку успішного виконання умов цього договору студент має право отримати академічні кредити та кредити відвідування у повному обсязі, що підтверджується сертифікованим викладачем обраних студентом курсів/предметів, які зазначені в інформаційній системі студента та містяться у цьому документі.
***Signatures and Dates*:** We have read and understand the terms of this agreement and agree to all the provisions.	**Підписи та Дати:** Ми ознайомилися з умовами цієї угоди, розуміємо їх та погоджуємося з усіма положеннями.

This includes access to all courses offered by CICA for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. The objectives for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	**اهداف:** شاگرد مؤظف است که دروس و مضامین را که در فهرست آکادمی نوآورانه حرفه ای کالیفرنیا (CICA) گنجانده شده است تکمیل نماید. تمام دروس/مضامین و برنامه ای درسی که در این مکتب تدریس می‌شود توسط هیئت مدیره مکتب تایید شده و طبق استاندارد های درسی قابل تطبیق میباشد. CICA محتواء و مواد درسی استاندارد را مطابق هر درجه ارائه میکند که معادل به آموزش صنف های حضوری باشد. این موضوع شامل دسترسی شاگردان به تمام برنامه های میباشد که از جانب CICA به شاگردان جهت فراغت فراهم می گردد و از جانب دانشگاه کالیفرنیا و یا دانشگاه ایالتی کالیفرنیا تائید و قابل اعتبار و برابر به دوره A-G میباشد. اهداف هر یک از برنامه ها بیشتر در توافقنامه های فرعی و پالیسی ها بیشتر توضیح گردیده است.
Courses Enrolled	کورس های ثبت نام شده
Credit Types	انواع کریدت درسی

Credit Amounts	مقدار کریدت درسی
Additional Classes: If the student satisfactorily completes all of the above subjects/courses before the ending date of the agreement, one or more courses/subjects may be added to the agreement if the agreement is re-signed and re-dated by the teacher and the student.	صنف های اضافی: در صورتی که شاگرد قبل از ختم توافقنامه تمام دروس و مضامین خود را به طور رضایت بخش تکمیل کند. یک یا دو مضمون به توافقنامه اضافه می شود و آن هم در آن در صورتیکه توافقنامه دوباره با تاریخ جدید میان استاد و شاگرد عقد گردد.
Reporting: Students are required to report to their teacher(s) as scheduled to submit assignments and for reporting his or her progress as follows: **Manner**: through online messages, email, phone or in-person; **Frequency**: at least once per learning period, Monday-Friday; **Time**: 8:30 a.m.-9:00 p.m.; **Place**: virtually or in-person. Exact time, manner, frequency, and place are determined by the teacher(s) in consultation with the student.	راپور نویسی: تمام شاگردان مکلف اند تا از پیشرفت شان و سپردن کار خانه گی شان بر اساس تقسیم اوقات برای استاد شان بطور ذیل راپور دهند. چگونگی : از طریق پیام، ایمیل، تلیفونی و یا حضوری. طور متعدد: حداقل یک بار بعد از جلسه درسی، دوشنبه الی جمعه: زمان: ۸:۳۰ صبح الی ۹:۰۰ شب. مکان: بطور غیر حضوری (آنلاین) یا حضوری. زمان مشخص ،چگونگی، بطور متعدد. و مکان توسط استاد مربوطه برای شاگرد تعیین خواهد شد.
Board Policies: For students in all grade levels and programs, the maximum length of time that may elapse between the time an assignment is made and the date by which the student must complete the assigned work shall be 20 school days. When a student fails to complete 70% of assignments during any learning period or when a student's educational progress falls below satisfactory levels, an evaluation will be made, to determine whether it is in the best interests of the student to remain in independent study. Whether a student's progress falls below satisfactory levels will be determined by CICA's Tiered-re engagement procedures, which considers ALL of the following indicators:	پالیسی های هیئت مدیره : حداکثر زمان از موقعی که کار خانگی داده شده تا زمانی که کار خانگی به اتمام می رسد و باید تحویل داده شود برای شاگردان تمام صنوف و برنامه ها ۲۰ روز است. اگر در صورتی که شاگرد نتواند ۷۰ فیصد از کار خانگی خود را به اتمام برساند یا اینکه پیشرفت شاگرد به درجه رضایت برسد در آن صورت شاگرد مورد ارزیابی قرار خواهد گرفت تا مشخص شود که آیا این شاگرد میتواند به طور مستقلانه به درس خود ادامه دهد یا خیر. اینکه آیا پیشرفت شاگرد میتواند به درجه رضایت برسد توسط (CICA) (پروسیجر دوباره دخیل شدن) از قرار ذیل هستند.
The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and student engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).	دست آورد و انجام دادن تکالیف شاگرد بطور مستقلانه که این مشخصات توسط اجرات شاگرد در درجه موجوده شاگرد معیین می شود در کد تعلیمی بخش ۵۲۰۶۰(d) پاراگراف های (۴) و (۵).
The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments.	تمام کردن کار خانگی، ارزیابی ها، و یا دیگر فعالیت های شاگرد نشانه ایست که شاگرد روی کار های خانگی اش کار می کند.
Learning required concepts, as determined by the supervising teacher.	مفاهیم ضروری آموزش قراریکه توسط استاد مربوطه تشخیص گریده است.
Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.	پیشرفت بسوی موفقیت به انجام رساندن کورس آموزشی یا کورس مشخص شده برای فرد که توسط استاد مربوطه معیین می شود.
Duration of Agreement: The duration of this agreement is set forth above and shall not exceed one school year.	مدت زمان موافقتنامه: مدت زمان این موافقه که در فوق ذکر شده است از یک سال تعلیمی عبور کرده نمی تواند.
Voluntary Statement: Independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned to any school, class, or program pursuant to Education Code	بیانیه ای داوطلبانه: پروگرام درسی مستقلانه یک انتخاب میباشد در صورتی که شاگرد به کدام صنف مکتب و پروگرام تعیین می شود درس خواندن بطور داوطلبانه برای یادگیری میباشد که شاگرد لازم نیست به شکل حضوری در صنف اشتراک نماید. این امر در کد

section 48915 or 48917, instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.	تعلیمی بخش های ۴۸۹۱۵ و ۴۸۹۱۷ آمده است. در صورتی که شاگرد برای این برنامه انتخاب شود هدایات لازمه برای شاگرد مهیا خواهد شد.
Statement of Academic and Other Supports for Special Populations: CICA shall utilize its Tiered Re-Engagement process to address the needs of students who are not performing at grade level, or who need support in other areas, such as English Learners, students in foster care or students who are experiencing homelessness, and/or students requiring mental health support. These supports may include, but are not limited to, access to counselors, intervention supports, appropriate language supports for English learners, etc. CICA complies with Section 504 of the federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities. CICA only serves students ages 22 and over and thus students in CICA are not eligible under the Individuals with Disabilities in Education Act ("IDEA"). Student support may also be further described in other subsidiary agreements, plans, and policies, which are incorporated herein.	بیانیه تحصیلی و حمایت های دیگر برای گروه های خاص:CICA باید برای رسیده گی به نیاز های شاگردان در سطح درجه درسی و یا اگر به کدام زمینه دیگر نیاز به کمک و همکاری دارند مشارکت نموده و حمایت نماید، مانند حمایت در زبان انگلیسی، حمایت به شاگردان که در پرورشگاه هستن و یا شاگردان که بی خانه گی را تجربه میکنن، و یا شاگردان که نیاز به حمایت سلامت روانی دارند. این حمایت ها شامل دسترسی به مشاوران، دسترسی به زبان های مناسب و غیره میباشد. CICA در بخش 504 قانون federal Rehabilitationدر سال *29 U.S.C. Sec* □□□□. 794) مطابق است، به ارایه آموزش عمومی مناسب و رایگان برای همه شاگردان تعهد می نماید. در *CICA* آنعده از شاگردانی که سن شان حداقل ۲۲ باشند واجد شرایط می باشد. در عین حال شاگردان که تحت شرایط افراد داری معلولیت در سکتور تعلیمی باشند واجد شرایط نمی باشد. جهت وضاحت بیشتر در قسمت خدمات لازم در حمایت از شاگردان؛ قرارداد های فرعی، پلان ها و پالیسی نیز اینجا گنجانده شده است.
Quality and Quantity; Rights and Privileges; Resources and Services: The independent study option is to be substantially equivalent in quality and quantity to classroom instruction. Students who choose to engage in independent study are to have equality of rights and privileges with the same access to existing services and resources as students in the regular school program.	کیفیت و کمیت، حقوق و امتیازات، منابع و خدمات: انتخاب پروگرام مستقلانه و یا independent study طوری که در نظر گرفته شده است از نظر کیفیت و کمیت برابر به آموزش صنف های درسی میباشد. شاگردان که در پروگرام مستقلانه اشتراک مینمایند از حقوق و امتیازات مساویانه با شاگردان که در صنف های درسی شرکت میکنند برخوردار بوده و دسترسی به منابع و خدمات مکتب به همه برابر و یکسان میباشد.
***Methods of Study*:** Specific methods of study will be designated on the Assigned Work Record (AWR) and are incorporated herein. Examples of methods of study for the student will include, but are not limited to, Independent Reading, Textbook Activities, Problem Solving, Study Projects, Drill & Practice, Computerized Curriculum, Web/Internet Research, Library Research, Field Trips, and Learning Center Courses.	شیوه و یا روش های مطالعه: روش های خاص مطالعه از گذشته تعیین شده در(AWR) مشخص شده است که در این جا هم گنجانده شده است. مثال های از روش های مطالعه برای شاگردان شامل ذیل است اما محدود نمی باشد، خواندن مستقلانه، فعالیت ها و کتاب های درسی، حل مسئله، پروژه های مطالعه ای، تمرین های مداوم، برنامه ای درسی کامپیوتری، تحقیقات وب/ اینترنت، تحقیقات کتابخانه ای، سفر های آموزشی، کورس های مرکز آموزشی.
***Specific Resources*:** CICA will provide appropriate instructional materials and personnel necessary to enable the student to complete the assigned work. These resources include, but are not limited to, textbooks, school supplies, and support from the teacher(s) of record and other school staff, and shall also include confirming or providing access to the connectivity and devices adequate to participate in the educational program and complete assigned work. Specific resources for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	منابع مشخصCICA : مواد آموزشی مناسب و مخصوص را برای تمام شاگردان فراهم خواهد کرد تا آنها قادر به تکمیل امورات آموزشی شان گردد. این منابع قرار ذیل هستند اما محدود نمی باشند. کتب درسی، لوازم مکتب، حمایت از طرف استادان و سایر کارکنان مکتب و همچنان شامل برقراری ارتباط، لوازم و تجهیزات برقی تا شاگرد بتواند از طریق آنها در برنامه ها اشتراک کرده و وظایف خانگی شان را انجام دهند. منابع مشخص برای هر کورس درسی در این اسناد بیشتر هم توزیع داده شده است.
***Methods of Evaluation*:** Academic evaluations will be designated on the Learning Report and are incorporated herein. Examples of acceptable methods of evaluation include, but are not limited to, Teacher Made Tests, Student Conferences,	طریقه های ارزیابی: ارزیابی های آکادمیک در راپور آموزشی در اینجا برگزیده شده اند. مثال های از ارزیابی قابل قبول قرار ذیل هستند اما به این مثال ها محدود نیستند. امتحاناتی که توسط اساتید

Progress/Report Cards, Chapter/Unit Test, Work Samples, Observations, State Standards Testing, Quizzes, Labs, and Finals.	تهیه می شوند. کنفرانس های شاگردان، کارت های پیشرفت شاگردان، امتحانات چپتری یا بخشی، نمونه کارکرد، نظارت ها، امتحانات استاندارد ایالتی، امتحانات کوچک، لابراتوار و امتحانات نهایی.
Course Credits: Upon successful completion of this agreement,the student is eligible to earn up to full academic and attendance credits as confirmed by a certificated teacher of record for their enrolled subjects/courses, which are reflected in the student information system and incorporated herein.	کردیت های آموزشی: بعد از اتمام موفقانه این توافقنامه، هر شاگرد مستحق کردیت کامل هر کورس یا مضمون را که اشتراک کرده باشد می‌شود، اما بنابر تایید استاد مربوطه. که البته این کردیت ها در قسمت سیستم معلوماتی شاگرد رسانده خواهد شد.
***Signatures and Dates*:** We have read and understand the terms of this agreement and agree to all the provisions.	امضاء و تاریخ: ما موارد این توافق نامه را خوانده و بطور کامل فهمیده ایم و با موارد اش موافقت داریم.
Signature Field	محل امضاء
Printed Name	نام
Student	شاگرد
Teacher	استاد
Date	تاریخ
Certificated employee who has been designated as having responsibility for the general supervision of independent study	کارمند تصدیق شده ای که برگزیده شده باشد برای نظارت عمومی بر آموزش های مستقل مسئول می باشد.

MASTER AGREEMENT

AUGUST 2025

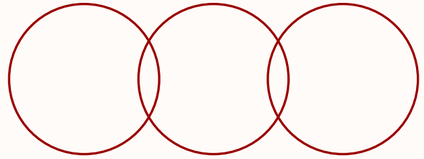
AGENDA

01 Master Agreement Review

02 Tiered Reengagement

03 When is a student disenrolled?

04 Group Activity: Scenarios



READ THE INDEPENDENT STUDY MASTER AGREEMENT

- 10 Minutes
- First, read individually.
- Next, discuss with your table.
- Write your questions on sticky notes and place them on the board. **(one question per sticky note)**

TIERED REENGAGEMENT

	Tiered Re-engagement Strategies		
Tier	**Trigger**	**Employee Action**	**Log Entry Example**
1	Student records a non-attendance day or does not participate in scheduled synchronous instruction	Within one school day, Teacher will: 1. Verify the current contact information for the student 2. Call student 3. Text the student	Subject: Tier 1 *I have verified the current contact information for the student. I called the student to notify them of the lack of attendance or lack of participation and sent them a text message as required by our tiered engagement strategies.*
2	Student does not participate in more than 50% of the scheduled times of synchronous instruction in a school month, does not generate attendance for more than 10% of days over four continuous weeks, or is otherwise in violation of their Master Agreement	Teacher will: 1. Email assigned counselor Counselor will: 1. Connect student with health and social services as necessary 2. Counselor will determine if additional support is needed (504)	Teacher Subject: Tier 2 *I have emailed the student's counselor for additional support.* Counselor Subject: SST/504 (example) *[insert relevant student updates]*
3	Student failed to complete 70% of the assigned work for the learning period or Student's educational progress has fallen below satisfactory levels *(BP 5120)*	Teacher will: 1. Set pupil-educator conference and review Master Agreement, educational progress, and academic plan expectations	Subject: Tier 3 Pupil-Educator Conference *I held an evaluation meeting with the student where I reviewed the Master Agreement, discussed the student's academic progress and determined their academic plan for this learning period. Failure to meet the terms of the academic plan may result in disenrollment due to a lack of academic progress.*

CHECK FOR UNDERSTANDING

Group Work: 25 minutes

- Create groups of 4-5 people
- Each group will receive a student scenario card.
- Follow the directions on the card.

Presentations: 25 minutes

SCENARIO #7

David completes all of his assigned work and is passing all three of his courses. However, he has not attended his monthly teacher conference. David expresses his work hours will not allow him to meet the original scheduled time.

1. How will you discuss this requirement with David?
2. What support will you offer him?
3. Explain to the group why one-on-one monthly teacher conferences are important for student success.

SCENARIO #1

Alena is a grade 9 student. She has completed 85% of her assigned work for the learning period. Her overall grade for the learning period is 65%.

1. Explain why Alena is at risk of disenrollment.
2. Fill out a Risk of Disenrollment form. What academic interventions has the group decided to implement?
3. Alena is an English learner and speaks Russian, what resources will you use during your student evaluation meeting if Paraeducator support is not available?

SCENARIO #4

Amiri has attended every synchronous instruction opportunity this learning period. She has completed only 30% of her assigned work and has a 20% grade for the learning period.

1. What actions will you take as her teacher?
2. How will you determine the areas where she needs the most support?

SCENARIO #6

Teacher Abigail has a roster of 25 students. See the breakdown below:

Level 0 = 2
Level 1 = 10
Level 2 = 6
Level 3 = 12

THEY ARE ALL GRADE 9

1. While each group has opportunities for group synchronous instruction weekly, what strategies can Abigail use to build individual relationships with her students?

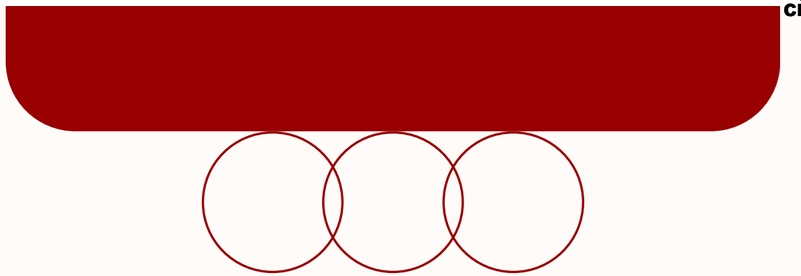
1. Not including the mandatory teacher conference, what strategies will you use to inform students of their academic progress?

SCENARIO #5

Timothy did not meet the terms of the Master Agreement last learning period. You set a teacher conference with him and developed an academic intervention plan. After a week, it is clear Timothy is struggling to follow the academic intervention plan that was created.

- What actions will you take to support Timothy?

SCENARIO #2

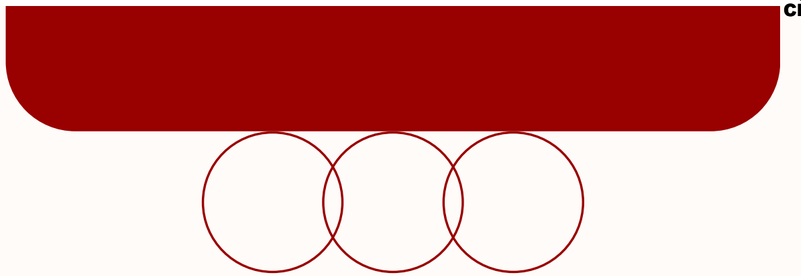


You notice that 15 of the 25 students on your roster are not attending the weekly synchronous instruction offerings.

1. List the documents and platforms you will check to ensure students are engaged and making progress.

1. Explain to the group the steps required to be taken to reengage the student.

SCENARIO #3



Kevin completed 100% of his US History assignments. He has a 45% grade for the learning period.

1. How would you discuss this with Kevin?

1. What actions can you implement to prevent additional instances like this from occurring with other students?

SCENARIO #8

Talia is taking World History. Last learning period, she struggled to complete her online coursework.

- What alternative ways can her teacher ensure she continues to make academic progress?
- How will you help Talia build her digital literacy skills?
- How will you assess if her digital skills have improved?

Objectives The student is to complete the subjects/courses listed in the California Innovative Career Academy ("CICA") student information system, which are incorporated herein. The subject/course objectives reflect the curriculum adopted by the charter school's governing board and are consistent with charter school standards, as outlined in the charter school's subject/course descriptions, which are incorporated herein. CICA shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. This includes access to all courses offered by CICA for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. The objectives for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	موخي: زده کوونکی باید هغه مضامین/کورسونه بشپړ کړي چې د کالیفورنیا نوښتګر مسلکی اکاډمی ("CICA") د زده کونکو معلوماتو سیسټم کې لیست شوي دي، کوم چې دلته شامل شوي دي. د مضمون/کورس اهداف د چارټر ښوونځي د اداري بورډ لخوا منل شوي، نصاب منعکس کوي او د چارټر ښوونځي معیارونو سره مطابقت لري، لکه څنګه چې د چارټر ښوونځي د مضامین/کورس توضیحاتو کې بیان شوي، کوم چې دلته شامل شوي دي. CICA به هغه مواد چمتو کړي چې د درجې کچې معیارونو سره سمون ولري چې د شخصي لارښوونې سره په کافي اندازه مساوي وي. پدې کې د CICA لخوا د فراغت لپاره وړاندې شوي او د کالیفورنیا پوهنتون یا د کالیفورنیا ایالت پوهنتون لخوا تصویب شوي. ټولو کورسونو ته لاسرسی شامل دی چې د A-G داخلي معیارونو لاندې اعتبار لري. د هر کورس لپاره اهداف ممکن په نورو فرعي ترونونو او پالیسیو کې هم تشریح شي، کوم چې دلته شامل شوي دي.
Courses Enrolled	نومول شوي کورسونه
Credit Types	د کریډیټ ډولونه

Credit Amounts	د کریډیټ مقدار
Additional Classes: If the student satisfactorily completes all of the above subjects/courses before the ending date of the agreement, one or more courses/subjects may be added to the agreement if the agreement is re-signed and re-dated by the teacher and the student.	اضافي ټولګي: که چيرې زده کونکی د ټرون د پای نيټې څخه مخکې پورته ټول مضمونونه/کورسونه په قناعت وړ ډول بشپړ کړي، نو که چيرې ټرون د بشوونکي او زده کونکي لخوا بيا لاسليک او بيا نيټه شي، نو يو يا څو کورسونه/مضامين په ټرون کې اضافه کيدی شي.
Reporting: Students are required to report to their teacher(s) as scheduled to submit assignments and for reporting his or her progress as follows: **Manner**: through online messages, email, phone or in-person; **Frequency**: at least once per learning period, Monday-Friday; **Time**: 8:30 a.m.-9:00 p.m.; **Place**: virtually or in-person. Exact time, manner, frequency, and place are determined by the teacher(s) in consultation with the student.	راپور ورکول: زده کونکي اړ دي چې د دندو سپارلو او د خپل پرمختګ راپور ورکولو لپاره په لاندې ډول خپل بشوونکي ته راپور ورکړي: طريقه: د آنلاين پيغامونو، بريښنالیک، تليفون يا په شخصي ډول؛ په دوامداره او منظمه توګه: لږترلږه يو ځل د زده کړې په دوره کې، دوشنبه - جمعه؛ وخت: د سهار له 8:30 بجو څخه تر مابنام 9:00 بجو پورې؛ ځای: په مجازی ډول يا په شخصي توګه. دقيق وخت، طريقه، څو غونډې به ترسره شي، او ځای د بشوونکي لخوا د زده کونکي سره په مشوره ټاکل کيږي.
Board Policies: For students in all grade levels and programs, the maximum length of time that may elapse between the time an assignment is made and the date by which the student must complete the assigned work shall be 20 school days. When a student fails to complete 70% of assignments during any learning period or when a student's educational progress falls below satisfactory levels, an evaluation will be made, to determine whether it is in the best interests of the student to remain in independent study. Whether a student's progress falls below satisfactory levels will be determined by CICA's Tiered Re-Engagement procedures, which considers ALL of the following indicators:	د بورډ پاليسي: د ټولو ټولګيو او پروګرامونو زده کونکو لپاره، د دندې د ترسره کولو او د هغه نيټې ترمنځ چې زده کونکی بايد ټاکل شوی کار بشپړ کړي، حد اقل د دي موده بايد 20 د بشوونځي ورځې وي. کله چې يو زده کونکی د زده کړې په هره دوره کې د 70٪ دندې بشپړولو کې پاتې راشي يا کله چې د زده کونکي تعليمي پرمختګ د قناعت وړ کچې څخه ښکته شي، نو ارزونه به ترسره شي، ترڅو معلومه شي چې ايا دا د زده کونکي په غوره ګټو کې ده چې په خپلواکه مطالعه کې پاتې شي. ايا د زده کونکي پرمختګ د قناعت وړ کچې څخه ښکته راځي د CICA د بيا ښکيلتيا پروسيجرونو لخوا ټاکل کيږي، کوم چې لاندې ټول شاخصونه په پام کې نيسي:
The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and student engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).	د زده کونکي لاسته راوړنه او په خپلواکه مطالعه پروګرام کې ښکيلتيا، لکه څنګه چې د زده کونکي د فعاليت لخوا د زده کونکي د لاسته راوړنې او د زده کونکي ښکيلتيا د تطبيق وړ زده کونکو کچې اقداماتو کې ښودل شوي چې د زده کړې کوډ برخې 52060(d) پراګرافونو (4) او (5) کې بيان شوي.
The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments.	د دندو، ارزونو، يا نورو شاخصونو بشپړول چې دا ثابتوي چې زده کونکی په دندو کار کوي.
Learning required concepts, as determined by the supervising teacher.	د زده کړې لپاره اړين مفاهيم، لکه څنګه چې د څارونکي بشوونکي لخوا ټاکل کيږي.
Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.	د زده کړې کورس يا انفرادي کورس د بريالي بشپړيدو په لور پرمختګ، لکه څنګه چې د څارونکي بشوونکي لخوا ټاکل کيږي.
Duration of Agreement: The duration of this agreement is set forth above and shall not exceed one school year.	د ټرون موده: د دي ټرون موده پورته ذکر شوي او بايد له يو تعليمي کال څخه زياته نشي.
Voluntary Statement: Independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned	رضاکارانه بيان: خپلواکه مطالعه يو اختياري تعليمي بديل دی چې پکې هيڅ زده کونکی د ګډون کولو ته اړ نه وي. د هغه زده کونکي په صورت کې چې د تعليم کوډ 48915 يا 48917 برخي سره سم

to any school, class, or program pursuant to Education Code section 48915 or 48917, instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.	کوم ښوونځي، ټولګي یا پروګرام ته راجع شوی یا ګمارل شوی وي، زده کونکي ته یوازې هغه وخت د خپلواکي مطالعې له لارې لارښوونه ورکول کیدی شي که چیرې زده کونکي ته د ټولګي لارښووني بدیل وړاندیز شي.
Statement of Academic and Other Supports for Special Populations: CICA shall utilize its Tiered-Re Engagement process to address the needs of students who are not performing at grade level, or who need support in other areas, such as English Learners, students in foster care or students who are experiencing homelessness, and/or students requiring mental health support. These supports may include, but are not limited to, access to counselors, intervention supports, appropriate language supports for English learners, etc. CICA complies with Section 504 of the federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities. CICA only serves students ages 22 and over and thus students in CICA are not eligible under the Individuals with Disabilities in Education Act ("IDEA"). Student support may also be further described in other subsidiary agreements, plans, and policies, which are incorporated herein.	د ځانګړو وګړو لپاره د تعلیمی او نورو ملاتړونو بیانیه:CICA به د هغو زده کونکو ارتیاوې پوره کولو لپاره د خپل ښکیلتیا پروسې څخه کار واخلي چې په ټولګي کې فعالیت نه کوي، یا په نورو برخو کې ملاتړ ته ارتیا لري، لکه د انګلیسي ژبې زده کونکي، د پالنې پاملرنې زده کونکي یا هغه زده کونکي چې بې کوره دي، او/یا هغه زده کونکي چې د رواني روغتیا ملاتړ ته ارتیا لري. پدې ملاتړونو کې ممکن مشاورینو ته لاسرسی، د مداخلې ملاتړ، د انګلیسي ژبې زده کونکو لپاره مناسب ژبې ملاتړ، او نور مواردو شامل وي، مګر محدود ندي. CICA د 1973 د فدرالي بیارغونې قانون 504 برخې سره سمون لري (29 U.S.C. Section 794.) او ژمن دی چې ټولو معلول زده کونکو ته مساوي لاسرسی او وړیا مناسب عامه زده کړې چمتو کړي. CICA یوازې د 22 کلونو او پورته عمر لرونکو زده کونکو ته خدمت کوي او له همدې امله په CICA کې زده کونکي د زده کړې کې د معلولیت لرونکو اشخاصو قانون ("IDEA") لاندې وړ ندي. د زده کونکو ملاتړ ممکن په نورو فرعي ترونونو، پلانونو او پالیسیو کې هم تشریح شي، کوم چې دلته شامل شوي دي.
Quality and Quantity; Rights and Privileges; Resources and Services: The independent study option is to be substantially equivalent in quality and quantity to classroom instruction. Students who choose to engage in independent study are to have equality of rights and privileges with the same access to existing services and resources as students in the regular school program.	کیفیت او کمیت؛ حقونه او امتیازات؛ سرچینې او خدمات: د خپلواکي مطالعې انتخاب باید د ټولګي د لارښوونو سره د کیفیت او کمیت له پلوه په کافي اندازه مساوي وي. هغه زده کونکي چې په خپلواکه مطالعه کې دخیل کیدل غوره کوي باید د حقونو او امتیازاتو مساوي حقونه ولري او موجوده خدماتو او سرچینو ته ورته لاسرسی ولري لکه څنګه چې د حضوری ښوونځي پروګرام کې زده کونکي وي.
***Methods of Study*:** Specific methods of study will be designated on the Assigned Work Record (AWR) and are incorporated herein. Examples of methods of study for the student will include, but are not limited to, Independent Reading, Textbook Activities, Problem Solving, Study Projects, Drill & Practice, Computerized Curriculum, Web/Internet Research, Library Research, Field Trips, and Learning Center Courses.	د مطالعې طریقې: د مطالعې ځانګړې طریقې به په ټاکل شوي کاري ریکارډ (AWR) کې مشخص شي او دلته شاملې دي. د زده کونکي لپاره د مطالعې طریقو مثالونه به شامل وي، مګر محدود نه دي، خپلواک لوستل، د درسي کتاب فعالیتونه، د ستونزې حل کول، د مطالعې پروژې، تمرین، کمپیوټرې نصاب، ویب/انټرنیټ څیړنه، د کتابتون څیړنه، ساحوي سفرونه، او د زده کړې مرکز کورسونه.
***Specific Resources*:** CICA will provide appropriate instructional materials and personnel necessary to enable the student to complete the assigned work. These resources include, but are not limited to, textbooks, school supplies, and support from the teacher(s) of record and other school staff, and shall also include confirming or providing access to the connectivity and devices adequate to participate in the educational program and complete assigned work. Specific resources for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	ځانګړې سرچینې:CICA به مناسب لارښوونې توکي او پرسونل چمتو کړي چې زده کونکي ته د ټاکل شوي کار بشپړولو توان ورکړي. پدې سرچینو کې درسي کتابونه، د ښوونځي توکي، او د ریکارډ ښوونکو او نورو ښوونځیو کارمندانو ملاتړ شامل دي، مګر محدود ندي، او همدارنګه به د تعلیمي پروګرام کې د ګډون او ټاکل شوي کار بشپړولو لپاره کافي ارتباط او وسایلو ته د لاسرسي تایید یا چمتو کول شامل وي. د هر کورس لپاره ځانګړې سرچینې ممکن په نورو فرعي ترونونو او پالیسیو کې هم تشریح شي، کوم چې دلته شامل شوي دي.
***Methods of Evaluation*:** Academic evaluations will be designated on the Learning Report and are incorporated herein.	د ارزوني طریقې: اکاډمیک ارزونې به د زده کړې په راپور کې مشخص شي او دلته شاملې دي. د ارزونې د منلو وړ میتودونو

Examples of acceptable methods of evaluation include, but are not limited to, Teacher Made Tests, Student Conferences, Progress/Report Cards, Chapter/Unit Test, Work Samples, Observations, State Standards Testing, Quizzes, Labs, and Finals.	مثالونه شامل دي، مګر محدود ندي، د ښوونکو لخوا جوړ شوي ازموينې، د زده کونکو کنفرانسونه، پرمختګ/راپور کارتونه، فصل/يونټ ازموينه، د کار نمونې، مشاهدې، د دولتي معيارونو ازموينه، کوئزونه، لابراتوارونه، او فاينلونه.
Course Credits: Upon successful completion of this agreement,the student is eligible to earn up to full academic and attendance credits as confirmed by a certificated teacher of record for their enrolled subjects/courses, which are reflected in the student information system and incorporated herein.	د کورس کريډيټونه: د دې تړون په بريالیتوب سره بشپړيدو سره، زده کونکی د بشپړ اکاډمیک او حاضري کريډيټونو ترلاسه کولو وړ دی لکه څنګه چې د دوی د نوم ليکنې شوي مضامينو / کورسونو لپاره د ريکارډ تصديق شوي ښوونکي لخوا تاييد شوی، کوم چې د زده کونکو معلوماتو سيسټم کې منعکس شوي او دلته شامل شوي دي.

Objectives: The student is to complete the subjects/courses listed in the California Innovative Career Academy ("CICA") student information system, which are incorporated herein. The subject/course objectives reflect the curriculum adopted by the charter school's governing board and are consistent with charter school standards, as outlined in the charter school's subject/course descriptions, which are incorporated herein. CICA shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. This includes access to all courses offered by CICA for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. The objectives for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	**Objetivos:** El estudiante debe completar los cursos enumerados en el sistema de información estudiantil de California Innovative Career Academy (CICA), que se incorporan al presente documento. Los objetivos de los cursos reflejan el plan de estudios adoptado por el consejo directivo de la escuela chárter y son consistentes con los estándares de la escuela chárter, como se indica en las descripciones de los cursos de la escuela chárter, que se incorporan al presente documento. CICA proporcionará contenido alineado con los estándares de nivel de grado que sea sustancialmente equivalente a la instrucción presencial. Esto incluye el acceso a todos los cursos ofrecidos por CICA para la graduación y aprobados por la Universidad de California o la Universidad del Estado de California como acreditables bajo los criterios de admisión A-G. Los objetivos de cada curso también pueden describirse con más detalle en otros acuerdos y políticas subsidiarias, que se incorporan al presente documento.
Courses Enrolled	**Cursos Matriculados**

Credit Types	**Tipos de Crédito**
Credit Amounts	**Montos de Crédito**
Additional Classes: If the student satisfactorily completes all of the above subjects/courses before the ending date of the agreement, one or more courses/subjects may be added to the agreement if the agreement is re-signed and re-dated by the teacher and the student.	***Clases Adicionales:*** Si el estudiante completa satisfactoriamente todos los cursos mencionados antes de la fecha de finalización del acuerdo, se podrá añadir uno o más cursos al acuerdo si éste es firmado y fechado de nuevo por el maestro(a) y el estudiante.
Reporting: Students are required to report to their teacher(s) as scheduled to submit assignments and for reporting his or her progress as follows: **Manner**: through online messages, email, phone or in-person; **Frequency**: at least once per learning period, Monday-Friday; **Time**: 8:30 a.m.-9:00 p.m.; **Place**: virtually or in-person. Exact time, manner, frequency, and place are determined by the teacher(s) in consultation with the student.	***Presentación de Informes:*** Los estudiantes deben presentarse ante su(s) maestro(s) en el horario programado para entregar las tareas y reportar su progreso de la siguiente forma: **Manera**: a través de mensajes en línea, correo electrónico, teléfono o en persona; **Frecuencia**: al menos una vez por período de aprendizaje, de lunes a viernes; **Hora**: 8:30 a.m. a 9:00 p.m.; **Lugar**: virtualmente o en persona. La hora exacta, la manera, la frecuencia y el lugar los determina el maestro(a) en consulta con el estudiante.
Board Policies: For students in all grade levels and programs, the maximum length of time that may elapse between the time an assignment is made and the date by which the student must complete the assigned work shall be 20 school days. When a student fails to complete 70% of assignments during any learning period or when a student's educational progress falls below satisfactory levels, an evaluation will be made, to determine whether it is in the best interests of the student to remain in independent study. Whether a student's progress falls below satisfactory levels will be determined by CICA's Tiered re-engagement procedures, which considers ALL of the following indicators:	***Políticas del Consejo:*** Para los estudiantes en todos los grados y programas, el tiempo máximo que puede transcurrir entre el momento en que se asigna una tarea y la fecha en que el estudiante debe completar el trabajo asignado será de 20 días escolares. Cuando un estudiante no completa el 70% de las tareas durante cualquier período de aprendizaje o cuando el progreso educativo de un estudiante cae por debajo de niveles satisfactorios, se hará una evaluación para determinar si está en el mejor interés del estudiante permanecer en el estudio independiente. Si el progreso de un estudiante cae por debajo de los niveles satisfactorios será determinado por los procedimientos de Reincorporación de Niveles de CICA, que considera TODOS los indicadores siguientes:
The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and student engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).	El logro y la participación del estudiante en el programa de estudio independiente, según lo indicado por el desempeño de dicho estudiante conforme a las medidas a nivel estudiantil de logro y participación establecidos en el Código de Educación Sección 52060 (d) párrafos (4) y (5).
The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments.	La finalización de tareas, evaluaciones y otros indicadores que demuestren que el alumno está trabajando en las tareas.
Learning required concepts, as determined by the supervising teacher.	Aprender los conceptos requeridos, según lo determine el maestro(a).
Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.	Avanzar hacia la finalización exitosa del curso de estudio o curso individual, según lo determine el maestro(a).

Duration of Agreement: The duration of this agreement is set forth above and shall not exceed one school year.	***Plazo del Acuerdo:*** La duración de este acuerdo se establece anteriormente y no podrá exceder de un año escolar.
Voluntary Statement: Independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned to any school, class, or program pursuant to Education Code section 48915 or 48917, instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.	***Declaración Voluntaria:*** El estudio independiente es una alternativa educativa opcional en la que no se puede obligar a ningún estudiante a participar. En el caso de un estudiante que es referido o asignado a cualquier escuela, clase o programa conforme al Código de Educación sección 48915 o 48917, se le puede proporcionar instrucción al estudiante a través del estudio independiente sólo si se le ofrece esa alternativa.
Statement of Academic and Other Supports for Special Populations: CICA shall utilize its Tiered Re-Engagement process to address the needs of students who are not performing at grade level, or who need support in other areas, such as English Learners, students in foster care or students who are experiencing homelessness, and/or students requiring mental health support. These supports may include, but are not limited to, access to counselors, intervention supports, appropriate language supports for English learners, etc. CICA complies with Section 504 of the federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities. CICA only serves students ages 22 and over and thus students in CICA are not eligible under the Individuals with Disabilities in Education Act ("IDEA"). Student support may also be further described in other subsidiary agreements, plans, and policies, which are incorporated herein.	***Declaración de Apoyo Académico y Otros Tipos de Apoyo para Poblaciones Especiales:*** CICA utilizará su proceso de Reincorporación de Niveles para atender las necesidades de los estudiantes que no están rindiendo a nivel de grado, o que necesitan apoyo en otras áreas, tales como estudiantes aprendiendo inglés, estudiantes en cuidado de crianza o estudiantes que están experimentando la falta de vivienda, y/o estudiantes que requieren apoyo de salud mental. Este apoyo puede incluir, pero no se limita a, acceso a consejeros, apoyo de intervención, apoyo lingüístico adecuado para estudiantes aprendiendo inglés, etc. CICA cumple con la Sección 504 de la Ley Federal de Rehabilitación de 1973, "Federal Rehabilitation Act of 1973," (29 U.S.C. Sec. 794) y se compromete a brindar acceso equivalente y una educación pública gratuita y apropiada a todos los estudiantes con discapacidades. CICA solo atiende a estudiantes mayores de 22 años y, por lo tanto, los estudiantes de CICA no son elegibles bajo la Ley de Educación para Personas con Discapacidades, "Individuals with Disabilities in Education Act (IDEA)." El apoyo a los estudiantes también puede describirse con más detalle en otros acuerdos, planes y políticas subsidiarias, que se incorporan al presente documento.
Quality and Quantity; Rights and Privileges; Resources and Services: The independent study option is to be substantially equivalent in quality and quantity to classroom instruction. Students who choose to engage in independent study are to have equality of rights and privileges with the same access to existing services and resources as students in the regular school program.	***Calidad y Cantidad; Derechos y Privilegios; Recursos y Servicios:*** La opción de estudio independiente debe ser sustancialmente equivalente en calidad y cantidad a la instrucción en el aula. Los estudiantes que opten por estudiar de forma independiente deben tener los mismos derechos y privilegios con el mismo acceso a los servicios y recursos existentes que los estudiantes del programa escolar regular.
***Methods of Study*:** Specific methods of study will be designated on the Assigned Work Record (AWR) and are incorporated herein. Examples of methods of study for the student will include, but are not limited to, Independent Reading, Textbook Activities, Problem Solving, Study Projects, Drill & Practice, Computerized Curriculum, Web/Internet Research, Library Research, Field Trips, and Learning Center Courses.	***Métodos de Estudio:*** Los métodos específicos de estudio se designarán en el Registro de Trabajo Asignado, "Assigned Work Record (AWR)," y se incorporan en este documento. Algunos ejemplos de métodos de estudio para el estudiante incluirán, pero no se limitan a, Lectura Independiente, Actividades de Libros de Texto, Resolución de Problemas, Proyectos de Estudio, Ejercicios y Prácticas, Currículo Computarizado, Investigación en la Web/Internet, Investigación en la Biblioteca, Excursiones y Cursos en Centros de Aprendizaje.

***Specific Resources*:** CICA will provide appropriate instructional materials and personnel necessary to enable the student to complete the assigned work. These resources include, but are not limited to, textbooks, school supplies, and support from the teacher(s) of record and other school staff, and shall also include confirming or providing access to the connectivity and devices adequate to participate in the educational program and complete assigned work. Specific resources for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	***Recursos Específicos:*** CICA proporcionará los materiales de instrucción apropiados y el personal necesario para permitir que el estudiante complete el trabajo asignado. Estos recursos incluyen, pero no se limitan a, libros de texto, útiles escolares, apoyo del maestro (s) y otro personal de la escuela, y también incluyen confirmar o proporcionar acceso a la conectividad y los dispositivos adecuados para participar en el programa educativo y completar el trabajo asignado. Los recursos específicos para cada curso también pueden describirse con más detalle en otros acuerdos y políticas subsidiarias, que se incorporan al presente documento.
***Methods of Evaluation*:** Academic evaluations will be designated on the Learning Report and are incorporated herein. Examples of acceptable methods of evaluation include, but are not limited to, Teacher Made Tests, Student Conferences, Progress/Report Cards, Chapter/Unit Test, Work Samples, Observations, State Standards Testing, Quizzes, Labs, and Finals.	***Métodos de Evaluación:*** Las evaluaciones académicas se designarán en el Informe de Aprendizaje y se incorporan en este documento. Ejemplos de métodos aceptables de evaluación incluyen, pero no se limitan a, pruebas hechas por el maestro(a), conferencias con los estudiantes, boletas de progreso/calificación, prueba de capítulo/unidad, muestras de trabajo, observaciones, pruebas de estándares estatales, pruebas breves, laboratorios y pruebas finales.
Course Credits: Upon successful completion of this agreement,the student is eligible to earn up to full academic and attendance credits as confirmed by a certificated teacher of record for their enrolled subjects/courses, which are reflected in the student information system and incorporated herein.	***Créditos del Curso:*** Al completar con éxito este acuerdo, el estudiante es elegible para obtener créditos académicos y créditos de asistencia completos, según lo confirmado por un maestro(a) certificado(a) en los cursos matriculados, que se reflejan en el sistema de información del estudiante y se incorporan en este documento.
***Signatures and Dates*:** We have read and understand the terms of this agreement and agree to all the provisions.	***Firmas y Fechas:*** Hemos leído y entendido las condiciones de este acuerdo y estamos de acuerdo con todas las disposiciones.

Credit Types	Типы кредитов
Credit Amounts	**Количество кредитов**
Additional Classes: If the student satisfactorily completes all of the above subjects/courses before the ending date of the agreement, one or more courses/subjects may be added to the agreement if the agreement is re-signed and re-dated by the teacher and the student.	***Дополнительные занятия****:* Если студент успешно завершит все вышеперечисленные курсы до даты окончания договора, один или несколько курсов могут быть добавлены в договор, если он будет переподписан и повторно датирован учителем и студентом.
Reporting: Students are required to report to their teacher(s) as scheduled to submit assignments and for reporting his or her progress as follows: **Manner**: through online messages, email, phone or in-person; **Frequency**: at least once per learning period, Monday-Friday; **Time**: 8:30 a.m.-9:00 p.m.; **Place**: virtually or in-person. Exact time, manner, frequency, and place are determined by the teacher(s) in consultation with the student.	***Отчетность:*** Студенты обязаны являться к своему преподавателю (-ям) в соответствии с расписанием для сдачи заданий и предоставления отчетности о своем прогрессе следующим образом: **Способ:** через онлайн-сообщения, электронную почту, телефон или лично. **Частота:** не реже одного раза в учебный период, с понедельника по пятницу; **Время:** с 8:30 до 21:00; **Место:** виртуально или лично. Точное время, способ, частота и место определяются преподавателем (-ями) по согласованию со студентом.
Board Policies: For students in all grade levels and programs, the maximum length of time that may elapse between the time an assignment is made and the date by which the student must complete the assigned work shall be 20 school days. When a student fails to complete 70% of assignments during any learning period or when a student's educational progress falls below satisfactory levels, an evaluation will be made, to determine whether it is in the best interests of the student to remain in independent study. Whether a student's progress falls below satisfactory levels will be determined by CICA's Tiered-re engagement procedures, which considers ALL of the following indicators:	***Положения Совета Директоров:*** Для всех студентов максимальный срок выполнения заданий составляет 20 учебных дней с момента их получения. Если студент не выполняет 70% заданий в течение учебного периода, или его образовательный прогресс ниже удовлетворительного уровня, будет проведена оценка целесообразности продолжения его учебы в формате онлайн обучения. Оценка прогресса осуществляется в соответствии с многоуровневой процедурой повторной мотивации студентов CICA, учитывающей ВСЕ следующие критерии:
The student's achievement and engagement in the independent study program, as indicated by the	Академическая успеваемость и мотивация студента программы онлайн обучения

student's performance on applicable student-level measures of student achievement and student engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).	оцениваются на основе его результатов по соответствующим индивидуальным показателям успеваемости и мотивации, установленным в разделе 52060 (d) параграфов (4) и (5) в Education Code.
The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments.	Выполнение заданий, контрольных работ или других показателей, подтверждающих, что учащийся работает над заданиями.
Learning required concepts, as determined by the supervising teacher.	Освоение необходимых понятий, что определяется учителем.
Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.	Успеваемость в рамках освоения учебной программы или отдельного курса, определяемая учителем.
Duration of Agreement: The duration of this agreement is set forth above and shall not exceed one school year.	***Срок действия договора:*** Срок действия данного договора указан выше и не должен превышать одного учебного года.
Voluntary Statement: Independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned to any school, class, or program pursuant to Education Code section 48915 or 48917, instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.	***Заявление о добровольном участии:*** Онлайн обучение представляет собой альтернативную форму образования, участие в которой осуществляется исключительно на добровольной основе. Студент не может быть принужден к выбору данного вида обучения. Если студент направлен или зачислен в образовательное учреждение, класс или программу согласно разделам 48915 или 48917 в Education Code, онлайн обучение может быть предложено только при наличии возможности очного обучения.
Statement of Academic and Other Supports for Special Populations: CICA shall utilize its Tiered Re-Engagement process to address the needs of students who are not performing at grade level, or who need support in other areas, such as English Learners, students in foster care or students who are experiencing homelessness, and/or students requiring mental health support. These supports may include, but are not limited to, access to counselors, intervention supports, appropriate language supports for English learners, etc. CICA complies with Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities. CICA only serves students ages 22 and over and thus students in CICA are not	***Заявление о предоставлении академической и иной поддержки для особых групп студентов:*** CICA будет применять многоуровневый процесс повторной мотивации (Tiered Re-Engagement) для удовлетворения потребностей студентов, не соответствующих уровню успеваемости, а также студентов, которым необходима дополнительная поддержка в других сферах, например, изучающих английский язык, находящихся под опекой, испытывающих трудности с жильем и/или нуждающихся в поддержке психического здоровья. Эта поддержка может включать, но не ограничиваться следующим: помощь кураторов, меры по оказанию дополнительной помощи, необходимую языковую поддержку для студентов, изучающих английский язык и другие услуги.

eligible under the Individuals with Disabilities in Education Act ("IDEA"). Student support may also be further described in other subsidiary agreements, plans, and policies, which are incorporated herein.	CICA придерживается положений раздела 504 Rehabilitation Act 1973 года (29 U.S.C. разд. 794) и обязуется обеспечить равный доступ к образованию и предоставить бесплатное соответствующее государственное образование для всех студентов с ограниченными возможностями. CICA предоставляет услуги только студентам в возрасте 22 лет и старше, и поэтому студенты CICA не могут получать помощь в рамках Individuals with Disabilities in Education Act (IDEA). Поддержка студентов также может быть изложена в других дополнительных соглашениях, планах и нормативных актах, которые являются неотъемлемой частью настоящего договора.
Quality and Quantity; Rights and Privileges; Resources and Services: The independent study option is to be substantially equivalent in quality and quantity to classroom instruction. Students who choose to engage in independent study are to have equality of rights and privileges with the same access to existing services and resources as students in the regular school program.	***Качество и объем; права и привилегии; ресурсы и услуги:*** По качеству и объему онлайн обучение должно быть полностью эквивалентно очному обучению. Студенты, выбирающие онлайн обучение, должны обладать теми же правами и привилегиями, а также равный доступ к существующим услугам и ресурсам, как и студенты, обучающиеся по стандартной школьной программе.
***Methods of Study*:** Specific methods of study will be designated on the Assigned Work Record (AWR) and are incorporated herein. Examples of methods of study for the student will include, but are not limited to, Independent Reading, Textbook Activities, Problem Solving, Study Projects, Drill & Practice, Computerized Curriculum, Web/Internet Research, Library Research, Field Trips, and Learning Center Courses.	***Методы обучения:*** Конкретные методы обучения указаны в Assigned Work Record (AWR) и являются неотъемлемой частью настоящего договора. Примеры методов обучения для студента могут включать в себя, но не ограничиваться, самостоятельным чтением, заданиями из учебников, решением задач, учебными проектами, повторением и практикой, компьютерными курсами, интернет-исследованиями, библиотечными исследованиями, экскурсиями и курсами в учебных центрах
***Specific Resources*:** CICA will provide appropriate instructional materials and personnel necessary to enable the student to complete the assigned work. These resources include, but are not limited to, textbooks, school supplies, and support from the teacher(s) of record and other school staff, and shall also include confirming or providing access to the connectivity and devices adequate to participate in the educational program and complete assigned work. Specific resources for each course may also be further described in other subsidiary agreements and policies, which are incorporated herein.	***Конкретные ресурсы:*** CICA обеспечит необходимыми учебными материалами и поддержкой квалифицированного персонала, чтобы студент мог выполнить назначенные задания. Данные ресурсы могут включать в себя, но не ограничиваться, учебниками, школьными принадлежностями, а также поддержкой преподавателей и другого персонала школы. Также к этому относится предоставление доступа к необходимым средствам связи и устройствам, необходимым для участия в образовательной программе и выполнения назначенных заданий.

	Конкретные ресурсы для каждого курса могут быть изложены в других дополнительных соглашениях и нормативных актах, являющихся неотъемлемой частью настоящего договора.
***Methods of Evaluation*:** Academic evaluations will be designated on the Learning Report and are incorporated herein. Examples of acceptable methods of evaluation include, but are not limited to, Teacher Made Tests, Student Conferences, Progress/Report Cards, Chapter/Unit Test, Work Samples, Observations, State Standards Testing, Quizzes, Labs, and Finals.	***Методы оценки:*** Академические оценки будут указаны в Learning Report и включены в настоящий договор. Примеры допустимых методов оценки включают, но не ограничиваются следующим: тесты, разработанные учителем, конференции со студентом, отчеты о прогрессе/табели успеваемости, контрольные работы по главам/разделам, образцы работ, наблюдения, тестирование по государственным стандартам, лабораторные работы и итоговые экзамены.
Course Credits: Upon successful completion of this agreement,the student is eligible to earn up to full academic and attendance credits as confirmed by a certificated teacher of record for their enrolled subjects/courses, which are reflected in the student information system and incorporated herein.	***Кредиты за курс:*** После успешного выполнения условий настоящего договора студент имеет право получить полные академические и учебные кредиты, что подтверждается сертифицированным преподавателем по предметам, на которые студент был зачислен, и которые отображаются в системе учета студентов и включены в данный договор.
***Signatures and Dates*:** We have read and understand the terms of this agreement and agree to all the provisions.	***Подписи и Даты:*** Мы ознакомлены и согласны с условиями данного договора и его положениями.

UNIT 1 OVERVIEW

THEME Forging a Hero: Warriors and Leaders	**ESSENTIAL QUESTION** *What makes a hero?*
RELEVANCE AND AGENCY In this unit, students learn that many ancient heroes were warriors, overcoming brutal monsters and disastrous obstacles. Yet heroes can also have heart and wisdom, overcoming fear and anxiety. Students discuss how sometimes, it is the unlikely person who ends up becoming the hero. While reading texts throughout the unit, students consider the qualities that make someone a hero - with a close-up on the role of empathy, and they discuss how circumstances often turn ordinary people into heroes. Throughout the unit, students bring to their reading the experiences they have with heroes in their own lives. Student voices are centered in the various performance tasks as students communicate their perspective on heroism by developing and supporting claims, composing and delivering a speech, and inventing their own heroic character.	
UNIT GOALS ● Read texts that explore the idea of heroism in literature and in life, and develop my own perspective. ● Understand and use academic vocabulary related to argumentative texts. ● Recognize and analyze elements of different genres, including epic poetry, lyric poetry, and essays. ● Read a selection of my choice independently and make meaningful connections to other texts and ideas. ● Write a well-structured and well- reasoned argumentative essay.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Write a focused, well-structured, and cohesive **argumentative essay** in which you state and defend a position on the following question: *Is heroism a component of human nature that we all share?* ● Write and deliver a **classical speech** on one of the following topics: Are leaders born or made? What is the difference between a leader and a hero?

• Collaborate, build on others' ideas, and respond thoughtfully to diverse perspectives. • Prepare and deliver an effective, well-argued speech.	**End-of-Unit Performance-Based Assessments** • Write an **argumentative essay** in which you synthesize information you have learned in this unit with your own ideas to respond to the Essential Question: *What makes a hero?* **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: • Invent a heroic character that you think would be a compelling protagonist in a novel, a comic book, a movie, a show, or a video game. Write a character sketch, in which you describe your character's traits, depict a scenario in which your character acts heroically, and explain what motivates your character to act. • Create a boardgame inspired by the unit texts and the topic of heroism. • With a partner or in a small group, hold a discussion about the following quotation: "You can't be a hero without being a coward." —George Bernard Shaw

UNIT 2 OVERVIEW

THEME Reflecting on Society: A Critical Lens	**ESSENTIAL QUESTION** *How valid are social roles?*

RELEVANCE AND AGENCY
Students begin this unit with a class discussion about three aspects of society today that they would like to improve, which they then connect to the idea that literature about society and its roles often focuses on inequalities or issues that need improvement. Throughout the unit, students read about people who lead vastly different lives within the same society and hold disparate views on that same society. They learn how many different factors—class, gender, ethnicity, age, talent, personality, and social structures themselves—determine the role an individual occupies in society and the options they have to change it. Students center their own experiences alongside the characters and individuals they read about, discussing how everyone has a different history, and how our experiences can shape both our perception of society and the ways we contribute to and affect society.

UNIT GOALS	**PERFORMANCE TASKS**
• Read texts that explore the idea of social roles in art and in life, and develop my own perspective. • Understand and use academic vocabulary related to explanatory texts. • Recognize and analyze elements of different genres, including poetry, essays, and short stories. • Read a selection of my choice independently and make meaningful connections to other texts and ideas. • Write a well-structured and cohesive explanatory essay. • Collaborate, build on others' ideas, and respond thoughtfully to diverse perspectives. • Give and follow instructions about how to complete a task.	**Mid-Unit Performance Tasks** • Write a focused, well-structured, and cohesive **explanatory essay** in which you respond to this question: *If you had the power to redesign society, what changes would you make?* • Working with your group, research how to perform a specific task. Then, teach the rest of your class that task, providing detailed, **oral instructions** to guide them step by step. Choose one to research and present as instructions. You may also come up with a different task of your own choosing. Task: Create a map of your city, town, or neighborhood. Task: Create a floor plan of a place that is important to you. **End-of-Unit Performance-Based Assessments** • Write an **explanatory essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: *How valid are social roles?* **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: • Write a friendly letter to an author, a speaker, or a character in this unit • Create a one-pager in response to the Essential Question, How valid are social roles? • With a partner or in a small group, hold a discussion about the following quotation: "How much of us is what we do?" —from Waiting in Vain: A Novel, Colin Channer

UNIT 3 OVERVIEW

THEME The Trap of Time: Facing the Future, Confronting the Past	**ESSENTIAL QUESTION** *How much does the past determine the future?*
RELEVANCE AND AGENCY Students begin this unit by discussing which stage in life is most critical in shaping a person's character: childhood, adolescence, or adulthood. Throughout the unit, students encounter individuals who navigate events that make them and others question how actions in the past affect the future. Students discuss whether they would want to know either everything about the past or everything about the future and why. While reading literary and informational texts, students explore the concept of attempting to control the future, and they discuss why that might happen and how that may contribute to events in a character's or individual's journey.	
UNIT GOALS ● Read texts that explore the influence of the past on the present and develop my own perspective. ● Understand and use academic vocabulary related to arguments. ● recognize and analyze elements of different genres, including drama, poetry, literary criticism, and short stories. ● Read a selection of my choice independently and make meaningful connections to other texts and ideas. ● Write a focused and well-structured argumentative essay in response to a question. ● Collaborate, build on others' ideas, develop consensus, and communicate effectively. ● Prepare and deliver a formal presentation.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Write a **literary analysis essay** about a text you recently read. Choose a work that made an impression on you—you may have loved it, been disturbed by it, or been moved by it in some way. ● Prepare and deliver a clear and coherent **argumentative speech** that addresses this question: *If you could know everything about the past or everything about the future, which would you choose, and why?* **End-of-Unit Performance-Based Assessments** ● Write an **argumentative essay** in which you synthesize information you have learned in this unit with your own ideas to respond to the Essential Question: *How much does the past determine the future?* **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: ● Write a dramaticule—an extremely short one-act play that might consist of only a single scene. ● Imagine the texts in this unit were to be organized into a separate anthology. Design a book cover that features an engaging design and captures the ideas and moods expressed by the various authors or speakers. ● With a partner or in a small group, hold a discussion about the following quotation: "The past is never dead. It's not even past." —William Faulkner

UNIT 4 OVERVIEW

THEME Seeing Things New: Visionaries and Skeptics	**ESSENTIAL QUESTION** *What do we gain when we change our perceptions?*
RELEVANCE AND AGENCY To begin this unit, students engage in a talk circle, discussing what they know about ways in which young people, both past and present, have helped to change people's perceptions about issues in the world. Students also discuss the skill sets teens have today that they might use to pursue positive change. Among other texts in this unit, students read works of satire, exploring how this genre is used to raise awareness of inequities in society. They develop action plans for the texts they read in small groups and independently, sewing those texts together with the unit's Essential Question and using them to explore insights about "thinking outside the box" and looking at things from a new perspective.	
UNIT GOALS ● Read texts that explore the idea of changing one's perceptions, and develop my own perspective. ● Understand and use academic vocabulary related to narrative texts. ● Recognize and analyze elements of different genres, including satire, poetry, and short stories. ● Read a selection of my choice independently and make meaningful connections to other texts and ideas. ● Write a focused and well- structured short story in response to a thematic prompt. ● Collaborate, build on others' ideas, develop consensus, and communicate effectively. ● Prepare and present a persuasive advertisement.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Use the **short story** form to explore new or different ways of perceiving. Choose one of these options, or come up with an idea you prefer: Science Fiction: A character's memory has been stolen. In what ways do the character's perceptions change as a result? Realistic Fiction: A character is forced to move after the sale of a beloved family home. How does this shift change the character's view of the world? ● With your group, develop a **digital advertisement** that is inspired by one of the texts you've read in this unit. Choose one of the following to advertise, or come up with another idea based on your readings: Virgil's Guide Service: Use details from the Inferno. Crafts Bazaar: Use details from "Araby." **End-of-Unit Performance-Based Assessments** ● Write a **short story** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: *What do we gain when we change our perceptions?* **Develop Your Perspective: Unit Projects**

	Students choose how to demonstrate their learning through: ● Using one or more texts from the unit, create either an erasure poem or a found poem. ● Create a satirical video in which you gently lampoon, or make fun of, an aspect of public or social life. ● With a partner or in a small group, hold a discussion about the following quotation: "The universe is change; our life is what our thoughts make it." — Marcus Aurelius
UNIT STANDARDS **READING LITERATURE** RL.1; RL.2; RL.3; RL.4; RL.5; RL.6; RL.7; RL.9; RL.10 **READING INFORMATIONAL TEXT** RI.1; RI.2; RI.3; RI.5; RI.6; RI.10 **WRITING** W.1; W.1.d; W.2; W.2.e; SL.1; SL.1.a; SL.1.b; SL.1.c; SL.4; SL.5; SL.6 **LANGUAGE** L.1; L.2; L.2.b; L.3.a; L.4; L.4.a; L.4.b; L.4.c; L.4.d; L.5; L.5.a; L.5.b; L.6	

UNIT 5 OVERVIEW

THEME Discovering the Self: Individual, Nature, and Society	**ESSENTIAL QUESTION** *How do we define ourselves?*
RELEVANCE AND AGENCY Students begin this unit by sharing fun facts and strengths about themselves and their peers. They draw on this experience while composing a Quick Write in response to the Essential Question: How do we define ourselves? Throughout the unit, students work with text and multimedia selections that help them consider the ways in which we understand and define ourselves throughout our lives.	
UNIT GOALS ● Read texts that explore the idea of self-discovery, and develop my own perspective. ● Understand and use academic vocabulary related to nonfiction narratives. ● Recognize and analyze elements of different genres, including poetry, fiction, and nonfiction. ● Read a selection of my choice independently and make meaningful connections to other texts and ideas ● Write a well-structured and cohesive personal essay. ● Collaborate, build on others' ideas, develop consensus, and communicate effectively. ● Participate effectively in a panel discussion.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Write a focused, well-structured, and cohesive **personal essay** about a time when you witnessed a change in yourself or saw a situation in a new light. Narrate the events that led to this moment, the nature of the change or epiphany, and whether it was ultimately positive. ● You have read a variety of literary works that explore the concept of self-discovery. Work with your group to develop and present a **panel discussion** that addresses this question: *How do interactions and relationships shape our understanding of ourselves?*

	End-of-Unit Performance-Based Assessments ● Write a **personal essay i**n which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: *How do we define ourselves?* **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: ● Write the lyrics to a song expressing ideas about self- perception and self-discovery. ● Create a collage that expresses your ideas about this unit's Essential Question: How do we define ourselves? Weave together quotations from this unit's selections with images to create a pleasing design that conveys a distinct mood and captures your perspective. ● With a partner or in a small group, hold a discussion about the following quotation: "Do you want to know who you are? Don't ask. Act! Action will delineate and define you." —Thomas Jefferson

UNIT 6 OVERVIEW

THEME	**ESSENTIAL QUESTION**
Exile and Belonging: Finding Home	*What does it mean to call a place a "home"?*

RELEVANCE AND AGENCY
Students begin this unit by using their valued experience and knowledge to describe the concept of "home." They share this with small group members and co-construct a statement that articulates the feeling that home inspires. Throughout the unit, students read text selections that help them consider the qualities that either make a place a home or keep it from being one. They also question whether people can feel at home in a country where we are seen as different or as not belonging. In addition to many agency-driven tasks students experience in this unit, they create a video montage about what it means to call a place "home" and deliver a multimedia presentation about ways a virtual space might provide the qualities of home.

UNIT GOALS	**PERFORMANCE TASKS**
• Read texts that explore the idea of what it means to call a place "home," and develop my own perspective. • Understand and use academic vocabulary related to informative texts. • Recognize and analyze elements of different genres, including essays, histories, articles, poetry, and fiction. • Read a selection of my choice independently and make meaningful connections to other texts and ideas. • Write a focused and well-structured informative essay • in response to a thematic question. • Collaborate, build on others' ideas, develop consensus, and communicate effectively. • Prepare and deliver an effective multimedia presentation.	**Mid-Unit Performance Tasks** • Write a focused, well-structured, and cohesive **research report** in which you explore a research question related to the concept of finding home, as expressed in literature of the 20th and 21st centuries. • You have read a variety of literary works that explore different ideas about what constitutes home. Work with your group to plan and deliver a **multimedia presentation** in response to this question: *How might a virtual space provide the qualities of home?* **End-of-Unit Performance-Based Assessments** • Write an **informative essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: *What does it mean to call a place "home"?* **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: • Write a short story in which you convey themes related to the idea of what it means to call a place "home." • Create a video montage in which you express a response to the Essential Question: What does it mean to call a place "home"? • With a partner or in a small group, hold a discussion about the following quotation: "Every day is a journey, and the journey itself is home." —Matsuo Bashō

UNIT 1 OVERVIEW

THEME Extending Freedom's Reach	**ESSENTIAL QUESTION** *What is the relationship between power and freedom?*
RELEVANCE AND AGENCY At the start of this unit students consider what freedom means to them and they draw on personal situations they've experienced in which they or another person successfully stood up for his or her rights. As students engage with the text and media selections throughout the unit, they discuss the relationship between power, government, citizens, and freedom for individuals and for nations. They also draw on their own experiences with limits placed on their age group by society. Students research individuals who sought and fought for freedom, and they choose how to communicate their interpretations and insights about power and freedom.	
UNIT GOALS ● Read texts that explore different ways of thinking about freedom and develop my own perspective. ● Understand and use academic vocabulary related to explanatory texts. ● Recognize, analyze, and use various rhetorical devices. ● Read a selection of my choice independently and make meaningful connections to other texts. ● Write a well-organized and cohesive explanatory essay. ● conduct research to explore a topic and develop my ideas. ● Collaborate, build on the ideas of others, develop consensus, and communicate effectively. ● Prepare and deliver an effective multimedia presentation.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Write a focused, well-structured, and cohesive **explanatory essay** in which you interpret and provide context for the following quotation: "For to be free is not merely to cast off one's chains, but to live in a way that respects and enhances the freedom of others." —Nelson Mandela ● You have read or watched a variety of selections that address issues of power and freedom. Now, work with your group to develop, refine, and deliver a **multimedia presentation** that addresses this question: When, if ever, are limits on freedom necessary? **End-of-Unit Performance-Based Assessments** ● Write an **explanatory essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: What is the relationship between power and freedom? **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: ● Choose an author, character, or person described in this unit and write them a letter. ● Select two to three quotations from the unit that either echo or contrast with one another in interesting ways. Use them as the basis for an art poster that expresses your interpretations and insights about power and freedom.

	• With a small group, hold a discussion about the following quotation: "Freedom is a heavy load, a great and strange burden for the spirit to undertake. It is not easy. It is not a gift given, but a choice made, and the choice may be a hard one. The road goes upward towards the light; but the laden traveler may never reach the end of it." —Ursula K. Le Guin
UNIT STANDARDS **READING LITERATURE** RL.1; RL.2; RL.4; RL.6; RL.7; RL.10 **READING INFORMATIONAL TEXT** RI.1; RI.2; RI.3; RI.4; RI.5; RI.6; RI.8; RI.9; RI.10 **WRITING** W.2; W.2.a; W.2.b; W.2.c; W.2.d; W.2.e; W.2.f; W.3.d; W.5; W.6; W.7; W.8; W.9.b; W.10 **SPEAKING & LISTENING** SL.1; SL.1.a; SL.1.b; SL.1.c; SL.1.d; SL.3; SL.4; SL.5; SL.6 **LANGUAGE** L.1; L.1.a; L.1.b; L.2; L.2.a; L.2.c; L.3.a; L.4; L.4.a; L.4.c; L.5.a; L.6	

UNIT 2 OVERVIEW

THEME Inside the Nightmare	**ESSENTIAL QUESTION** *What is the allure of fear?*
RELEVANCE AND AGENCY At the start of this unit, students consider what the phrase "inside the nightmare" suggests to them. As they work through the unit, students read many examples of what scares people and why people enjoy being scared. They uncover the literary ingredients that are universally acknowledged to produce fear and then choose a fiction genre, such as Gothic, Magical Realist, mystery, or adventure, to teach to their peers. A few highlights of the engaging, agency-driven tasks in this unit include designing an escape room, discussing a quote from Yoda (Star Wars), and writing their own short story that relates to the allure of fear.	
UNIT GOALS • Read texts that explore the attraction of suspense and develop my own perspective. • Understand and use academic vocabulary related to narrative texts. • Recognize and analyze elements of different genres, including Gothic Literature and Magical Realism. • Read a selection of my choice independently and make meaningful connections to other texts and ideas • Write a focused and well- structured short story. • Collaborate, build on others' ideas, contribute relevant information, and communicate effectively. • Prepare and deliver an effective presentation.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** • Write a well-structured, engaging, and cohesive **short story** that explores the following question: What can happen when imagination overcomes reason? • You have read a variety of literary works in which suspense and fear play key roles. Work with your group to deliver a formal **presentation** that addresses this question: How do authors use literary devices to create suspense in a narrative? **End-of-Unit Performance-Based Assessments** • Write a **short story** in which you synthesize information you learned in this unit with your own ideas. Employ the elements of character, conflict, setting, and

	plot to express a theme in response to the Essential Question: What is the allure of fear? **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: ● Choose at least three characters, speakers, or authors from the unit and imagine they are having a dinner party where they discuss the Essential Question: What is the allure of fear? Write the script for the scene. ● Create a design for an escape room inspired by the texts in this unit; incorporate characters, plot points, settings, symbols, or any other elements you choose. ● With a small group, hold a discussion about the following quotation: "Fear is the path to the dark side. Fear leads to anger, anger leads to hate, hate leads to suffering." --Yoda (George Lucas, Star Wars: The Phantom Menace)
UNIT STANDARDS **READING LITERATURE** RL.1; RL.2; RL.3; RL.4; RL.5; RL.6; RL.9; RL.10 **READING INFORMATIONAL TEXT** RI.1; RI.2; RI.3; RI.4; RI.7; RI.10 **WRITING** W.2; W.3; W.3.a; W.3.b; W.3.c; W.3.d; W.3.e; W.5; W.6; W.7; W.8; W.9.a; W.10 **SPEAKING & LISTENING** SL.1; SL.1.a; SL.1.b; SL.1.c; SL.1.d; SL.4; SL.5; SL.6 **LANGUAGE** L.1.a; L.1.b; L.2; L.2.a; L.2.b; L.2.c; L.3; L.4; L.4.b; L.4.c; L.4.d; L.5.a; L.5.b; L.6	

UNIT 3 OVERVIEW

THEME Outsiders and Outcasts	**ESSENTIAL QUESTION** *How important is it to belong?*
RELEVANCE AND AGENCY Students begin this unit by discussing what the words outsiders and outcasts suggest to them. Throughout the unit, students examine art, literature, and multimedia resources that focus on people who feel they are different or don't conform to what is socially considered "normal" and therefore often feel like an outsider or an outcast. Within the unit, students learn to question even archetypal villains and heroes to deepen their understanding of how various societies and societal norms are reflected in these characters. Students share their own experiences of feeling like an outsider, and they discuss the role they play in fostering belonging among classmates and others in their community by lifting up the differences of others. They demonstrate their knowledge and perspective in various ways including constructing an advertisement, developing and supporting a claim, and propelling peer discussions.	
UNIT GOALS	**PERFORMANCE TASKS**

• Read texts that explore various perspectives on belonging and develop my own point of view. • Understand and use academic vocabulary related to argumentative texts. • Recognize and analyze elements of arguments, short stories, poetry, and media, including visual art. • Read a selection of my choice independently and make meaningful connections to other texts and ideas. • Write a well-structured and cohesive argumentative essay. • Collaborate, build on others' ideas, develop consensus, and communicate effectively. • Prepare and present an effective advertisement.	**Mid-Unit Performance Tasks** • Write a well-structured and cohesive **argumentative essay** in which you state and defend a position on the following question: Is the experience of being an outsider universal? • With your group, develop an **advertisement**. Choose one of these products or services to advertise, or come up with another idea you prefer: House Cleaning Service: Use details from The Metamorphosis. An Online Magazine Entitled "Outsiders Are In!": Use details from "Revenge of the Geeks." Exciting Travel Opportunity: Use details from "Encountering the Other." **End-of-Unit Performance-Based Assessments** • Write an **argumentative essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: How important is it to belong? **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: • Write the lyrics to a song about the experience of being an outsider. • Create a collage that expresses your response to the texts in the unit. • With a small group, hold a discussion about the following quotation: "It may be necessary to stand on the outside if one is to see things clearly." —Peter Høeg
READING LITERATURE RL.1; RL.2; RL.3; RL.4; RL.5; RL.6; RL.7; RL.9; RL.10 **READING INFORMATIONAL TEXT** RI.1; RI.2; RI.4; RI.5; RI.8; RI.10 **WRITING** W.1; W.1.a; W.1.b; W.1.c; W.1.c; W.1.d; W.1.e; W.2.a; W.2.b; W.4; W.5; W.6; W.7; W.8; W.9; W.9.a; W.10 **SPEAKING & LISTENING** SL.1; SL.1.a; SL.1.b; SL.1.d; SL.2; SL.3; SL.4; SL.6 **LANGUAGE** L.1.a; L.1.b; L.2; L.2.a; L.2.b; L.4; L.4.a; L.4.c; L.4.d; L.5; L.6	

UNIT 4 OVERVIEW

THEME Virtue and Vengeance	**ESSENTIAL QUESTION** *What motivates us to forgive?*
RELEVANCE AND AGENCY	

Students begin this unit with a Four-Corner Debate about this statement: *There are some misdeeds that should never be forgiven*. They discuss how it is impossible to go through life without somehow hurting others or being hurt by them and debate forgiving the offenses that wound us most deeply. As students work with text and media selections throughout the unit, they expand their perspective on forgiveness and its association with virtue and vengeance. Throughout their reading of The Tempest by William Shakespeare, they make connections between their lives, current events, and characters' actions within the text. With other text selections, students explore concepts such as guilt, regret, acting in one's own self-interest, and the consequences of power struggles and exploitation in different cultural contexts. In collaboration with peers, students apply their knowledge by planning and presenting a talk show segment, writing an advice column, and choosing texts to support their own claim about what motivates us to forgive.

UNIT GOALS

- Read texts that explore forgiveness and vengeance and develop my own perspective.
- Understand and use academic vocabulary related to argumentative texts.
- Recognize and analyze elements of different genres, including drama and poetry.
- Read a selection of my choice independently and make meaningful connections to other texts and ideas.
- Write a focused, well-structured, and cohesive literary analysis essay.
- Collaborate, build on others' ideas, develop consensus, and communicate effectively.
- contribute effectively to the preparation and presentation of a talk show.

PERFORMANCE TASKS

Mid-Unit Performance Tasks

- Write a **literary analysis essay** about a literary work you recently read. The work you choose should be one that sparked a strong reaction in you—you may have loved it, disliked it, or been troubled by it in some way. Include the elements of literary analysis in your essay.

- Work with your group to plan and present a **talk show segment** that addresses this question: Does forgiveness first require an apology?

End-of-Unit Performance-Based Assessments

- Write an **argumentative essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: What motivates us to forgive?

Develop Your Perspective: Unit Projects

Students choose how to demonstrate their learning through:

- Write an advice column inspired by the selections in this unit.
- Design a poster that expresses your response to the texts in the unit.
- With a small group, hold a discussion about the following quotation: "Forgiveness is a strange thing. It can sometimes be easier to forgive our enemies than our friends. It can be hardest of all to forgive people we love." —Fred Rogers

UNIT 5 OVERVIEW

THEME All That Glitters	**ESSENTIAL QUESTION** *What do our possessions reveal about us?*
RELEVANCE AND AGENCY Students begin this unit with a Quick Write and open-ended discussion about the unit's Essential Question: *What do our possessions reveal about us?* They consider how objects we truly cherish often remind us of great experiences or people we love, and they compare that to our desire for trinkets and gadgets that do not evoke such personal connections. While engaging with text and media selections throughout the unit, students consider how the possessions people have provide insights into their circumstances and values. To demonstrate their knowledge and perspective, students develop a research report about a topic related to materialism and possessions and they write and talk about possessions that matter most to them.	
UNIT GOALS ● Read texts that explore ideas related to possessions and develop my own point of view. ● Understand and use academic vocabulary related to informative texts. ● Can recognize and analyze elements of different genres, including fiction, journalism, and poetry. ● Read a selection of my choice independently and make meaningful connections to other texts and ideas. ● Write a well-organized and cohesive research report. ● Collaborate, build on others' ideas, develop consensus, and communicate effectively. ● Give and follow oral instructions.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Write a focused, well-structured, and cohesive **research report** on a topic related to the unit theme of materialism and possessions. Consider one of the following general ideas or come up with a topic that you prefer: consumer culture, philanthropy and charity, or wealth and its connection to happiness. ● With your group, research how to perform a specific task. Then, teach the class how to complete the task by providing **detailed oral instructions** that will guide them through a process step by step. Task options include but are not limited to: create a personal budget; create a product inventory sheet for a store; create a catalog of catalog your possessions. **End-of-Unit Performance-Based Assessments** ● Write an **informative essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: *What do our possessions reveal about us?* **Develop Your Perspective: Unit Projects**

	Students choose how to demonstrate their learning through: ● Write a list poem about a possession that matters to you. ● Design a scrapbook that captures your ideas about the texts and concepts you explored in this unit. ● With a small group, hold a discussion about the following quotation: "To be content with little is difficult; to be content with much, impossible." — Marie von Ebner-Eschenbach

Lesson Objectives	-Summary -IceBreaker -QuickWrite	PREPARE TO READ/READ • Determine the meaning of words and phrases in context. • Read and comprehend literature. BUILD INSIGHT • Support analysis of a text with evidence. • Provide an objective summary of a text. ANALYZE AND INTERPRET • Support analysis of a text with evidence. • Analyze a theme or central idea of a text. • Analyze the effect of word choice on meaning and tone. • Conduct research to answer a question or solve a problem. • Gather information from multiple sources. STUDY LANGUAGE AND CRAFT • Spell correctly. SHARE IDEAS	PREPARE TO READ/READ • Read and comprehend literary nonfiction. • Acquire and use general academic and domain-specific words and phrases. BUILD INSIGHT • Support analysis of a text with evidence. • Summarize a text objectively. ANALYZE AND INTERPRET • Analyze how an author uses rhetoric to advance a point of view or purpose. • Evaluate the argument and specific claims in a text. • Analyze seminal U.S. documents of historical and literary significance. • Conduct research to answer a question or solve a problem. STUDY LANGUAGE AND CRAFT	PREPARE TO READ/READ • Determine key ideas. • Read and comprehend literary nonfiction. BUILD INSIGHT • Summarize a text objectively. • Support inferences with evidence drawn from the text. ANALYZE AND INTERPRET • Analyze the cumulative impact of word choice on meaning and tone • Analyze foundational U.S. documents. • Gather information and cite information from sources. • Evaluate a speaker's use of evidence and rhetoric. STUDY LANGUAGE AND CRAFT • Analyze how an author uses rhetoric to advance a point of view or purpose. • Use parallel structure.	PREPARE TO VIEW/VIEW • Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric. BUILD INSIGHT • Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric. • Use technology to enhance a report. • Make strategic use of digital media to enhance understanding and add interest.

		• Initiate and participate in collaborative discussions. • Adapt speech to a variety of contexts and tasks.	Demonstrate command of grammar and usage when writing. • Use various types of phrases and clauses to convey specific meanings. • Consult reference materials to find antonyms.	• Identify and correctly use patterns of word changes. • Consult a dictionary to confirm word meanings. COMPARE TEXTS • Determine an author's point of view or purpose in a text. • Analyze seminal U.S. documents. • Use transitions to create cohesion. • Apply reading standards to literary nonfiction.

UNIT 1 OVERVIEW

THEME Survival	**ESSENTIAL QUESTION** *What qualities help us survive?*
RELEVANCE AND AGENCY Students begin this unit with a discussion about the universality of guilt. They discuss how everyone feels guilty about something at one time or another. It could be canceling a date with a friend at the last minute or not doing well on a test. Across the unit, students read literary and informational selections about the guilt survivors of extreme and everyday experiences sometimes feel and how that affects their lives. They also consider whether social position and survival are connected. Students are invited to research the communities and survival experiences explored in the unit (tsunamis, soldiers returning from war, shipwreck, Nepal's Sherpa community, and more).	
UNIT GOALS ● Read texts that explore different ways of thinking about survival and develop my own perspective. ● Understand and use academic vocabulary related to argumentative texts. ● Recognize and analyze various literary devices. ● Read a selection of my choice independently and make meaningful connections to other texts and ideas. ● Write a well-structured and cohesive argumentative essay. ● Collaborate, build on others' ideas, develop consensus, and communicate effectively. ● Prepare and deliver an effective multimedia presentation.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Write a well-structured and cohesive **argumentative essay** in which you state and defend a position on the following question: To what extent should people in life-or-death situations be held accountable for their actions? ● Work with your group to deliver a **multimedia presentation** that provides useful information for your audience and expresses a clear point of view about this question: If you were leading a hike in the wilderness, what survival tools or skills would you require your group to have? **End-of-Unit Performance-Based Assessments** ● Write an **argumentative essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: What qualities help us survive? **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: ● Write a poem using at least three of the Concept Vocabulary words you learned while working in this unit. ● Create a poster that combines at least one quotation from the unit texts, your own writing, and visual elements, such as photos, drawings, or found pictures. ● With a partner or small group, hold a discussion about the following quotation: "Friendship is unnecessary. . . It has no survival value; rather it is one of those things that give value to survival." —C. S. Lewis

UNIT 2 OVERVIEW

THEME Promise and Progress	**ESSENTIAL QUESTION** *How can words inspire change?*
RELEVANCE AND AGENCY Throughout this unit, students discuss how progress is challenging to implement, and they read about the challenges others faced in obtaining civil rights. Working with written and oral contributions from key figures of the civil rights movement, students discuss the relevance of these works and their authors in the ongoing movement toward civil rights today. They also read poems that capture the fear and hope that come with living in a marginalized position. Among the many agency-driven tasks in the unit, students conduct and present research about a person they think was or is an effective advocate for positive change.	
UNIT GOALS ● Read texts that explore ideas about promise and progress and develop my own perspective. ● Understand and use academic vocabulary when speaking and writing about informational texts. ● Recognize and analyze elements of different genres, including nonfiction, poetry, and fiction. ● Read a selection of my choice independently and make meaningful connections to other texts and ideas. ● Write a well-organized and cohesive research report. ● Collaborate, build on others' ideas, develop consensus, and communicate effectively. ● Work with others to write and present an informative and entertaining radio feature.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** ● Write a focused, well-structured, and cohesive **research report** about a person who you think was an effective or even heroic advocate for positive change. ● Work with your group to write and present a **radio feature** that focuses on a project, person, or organization that created positive change in your community. **End-of-Unit Performance-Based Assessments** ● Write an **informative essay** in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: How can words inspire change? **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: ● Write a song inspired by the unit theme, authors, characters, or speakers.

	• Create a social media post that combines at least one quotation from the unit texts, a paragraph of your own writing, and visual elements that illustrate your post. • With a partner or small group, hold a discussion about the following quotation: "Look up and not down, look forward and not back, look out and not in, and lend a hand!" —Edward Everett Hale

UNIT 3 OVERVIEW

THEME Crazy, Stupid Love	**ESSENTIAL QUESTION** *What is true love?*
RELEVANCE AND AGENCY Students begin this unit by voting for the fairy-tale couple that is the best example of true love. They talk about how the search for true love is the topic of countless stories, plays, and poems and they question why certain individuals are drawn to one another. Throughout the unit, students read literary and informational texts about the topic of love and they explore greater freedom in relationships across social groups because of the impact of modern communications.	
UNIT GOALS • Read texts that explore ideas about love, and develop my own perspective. • Understand and use academic vocabulary related to argumentative texts. • Recognize and analyze elements of different genres, including drama and poetry. • Read a selection of my choice independently and make meaningful connections to other texts and ideas. • Write a well-structured and cohesive literary analysis essay. • Collaborate, build on others' ideas, develop consensus, and communicate effectively. • Prepare and deliver a persuasive advertisement.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks** • Write a **literary analysis essay** about a literary work you recently read. The work you choose should be one that sparked a strong reaction in you—you may have loved it, disliked it, or been troubled by it in some way. • With your group, develop an **advertisement** in which you use at least one rhetorical device and one logical fallacy. Possible Products/Services: Become a Critic! Writing School: Use details from Rosenberg's and Calhoun's works. Personalized Scrapbook: Use details from "American History." Valentine's Day Poem Ghostwriters: Use details from Poetry Collection 1. **End-of-Unit Performance-Based Assessments**

	• Write an **argumentative essay** in which you use textual evidence as well as your personal experiences and observations to respond to the Essential Question: What is true love? **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: • Write an advice column inspired by the selections in this unit. • Create a collage that captures your response to the texts in the unit. • With a partner or small group, hold a discussion about the following quotation: "All love that has not friendship for its base, is like a mansion built upon the sand." —Ella Wheeler Wilcox

UNIT 4 OVERVIEW

THEME Journeys of Transformation	**ESSENTIAL QUESTION** *How do we learn who we truly are?*
RELEVANCE AND AGENCY At the start of this unit, students describe what people might learn from reading about a journey. They discover that there are different types of journeys both physical and mental/emotional, each catalysts for learning something new or a truth about ourselves. While reading one of the unit's core texts, The Odyssey, students discuss the following perspective-centering questions: Can one person be both a hero and a villain? Or are heroic qualities so significant that they cancel out any negatives, and vice versa? What does your response suggest about our views of historical figures or other real-life people? Are there any true heroes? What do you think of the way that women are depicted in the poem? Are they fully realized characters, or are they more stereotypical, or even symbolic? What role, if any, does gender play in the poem's depiction of heroism?	
UNIT GOALS • Read texts that explore journeys of discovery and develop my own perspective. • Understand and use academic vocabulary related to explanatory texts. • recognize and analyze elements of different genres, including epic poetry and graphic novels.	**PERFORMANCE TASKS** **Mid-Unit Performance Tasks**

• Read a selection of my choice independently and make meaningful connections to other texts and ideas. • Write a well-structured and cohesive explanatory essay in response to a thematic question. • Collaborate, build on others' ideas, develop consensus, and communicate effectively. • Give clear instructions and follow them effectively.	• Write a well-structured and cohesive **explanatory essay** in response to either of the following prompts: how people can learn from challenging experiences; how people can gain skills or become better at a specific activity • Working with your group, research how to perform a specific task. Then, teach the rest of your class that task, providing detailed **oral instructions** to guide them step by step. **End-of-Unit Performance-Based Assessments** • Write an **explanatory essa**y in which you synthesize information you learned in this unit with your own ideas to respond to the Essential Question: How do we learn who we truly are? **Develop Your Perspective: Unit Projects** Students choose how to demonstrate their learning through: • Write a listicle. A listicle is an article written in list form—a series of items, sentences, or brief paragraphs. Write a listicle that tells the reader how to prepare for and complete a transformational journey. • Design a game that reflects the understanding of transformational journeys you have gained from this unit. • With a partner or small group, hold a discussion about the following quotation: "The only journey is the one within." —Rainer Maria Rilke

UNIT 5 OVERVIEW

THEME The Things We Make	**ESSENTIAL QUESTION** *What defines us more, nature or technology?*

RELEVANCE AND AGENCY

Students begin this unit by considering what the phrase The Things We Make suggests to them, and they watch a Ted Ed video about the evolution of the book. They also engage in a discussion about what machine, technology, or other invention they think is critical for daily life. Throughout the unit, students explore how humans continually search for ways to make our lives easier, healthier, or more connected while also being biological creatures, part of the natural world. Students draw upon knowledge of their own relationship to technology and the dangers technology may create. Students research and teach peers about technologies that will benefit society and improve our shared future. They also learn about biomimetics, research various technologies, and use both literary and informational modes to convey their perspective about technology.

UNIT GOALS

- Read texts that explore human nature and technology and develop my own perspective.
- Understand and use academic vocabulary related to narratives.
- Recognize and analyze elements of different genres, including fiction, nonfiction, and poetry.
- Read a selection of my choice independently and make meaningful connections to other texts and ideas.
- Write a well-structured and cohesive short story.
- Collaborate, build on others' ideas, and communicate effectively.
- Prepare and deliver a formal poster presentation.

PERFORMANCE TASKS

Mid-Unit Performance Tasks

- Write a well-structured, engaging, and cohesive **short story** that explores the relationships between people and the things we make.

End-of-Unit Performance-Based Assessments

- Write a **short story** in which you synthesize information you learned in this unit with your own ideas about technology, nature, and human nature. Your story should provide a meaningful answer to the Essential Question: *Which defines us more, nature or technology?*
- With your group, research and deliver a **poster presentation** about new technologies—or improvements to existing ones—that will benefit society and improve our shared future.

Develop Your Perspective: Unit Projects

Students choose how to demonstrate their learning through:

- Write a found poem using the texts in this unit. To do so, choose words, phrases, sentences, and short passages from the texts and recombine them to express a new message or insight.
- Imagine that a museum is mounting an exhibit about the relationships between people, nature, and technology. The exhibit will include visual art, technology, and passages from the works in this unit. Design the exhibit poster that will be used to advertise the event.
- With a partner or small group, hold a discussion about the following quotation: "You cannot endow even the best machine with initiative; the jolliest steamroller will not plant flowers." —Walter Lippmann

Recommended Pacing	2 days	2 days	1 day		
Lesson Objectives	Throughout this unit, students encountered many different perspectives about the relationships between human beings, technology, and the natural world. Now, they will take some time to reflect on the texts they explored and to express their own ideas. -Reflect on Your Unit Goals -Reflect on the Texts -Develop Your Perspective: Unit Projects	In this unit, students read many different writers' visions of our ties to technology and machines. They also practiced writing a short story. Now, they will apply what you have learned.

SUGGESTED PACING GUIDE

Business Computer Applications (365 Version)

iCEV Business, Marketing, Finance, IT & Media Site

Business Computer Applications (365 Version)

Scope & Sequence	Lesson Title	Objectives	Days of Teaching*
1	Workplace Technology	1. To explain the purpose of workplace technology and its impact on business practices. 2. To discuss benefits and concerns of businesses technology use. 3. To describe various types of workplace technology.	6
2	Introduction to Computers	1. To discover different types of computers. 2. To learn how to identify the role of each computer hardware component. 3. To gain knowledge of computer software. 4. To become skilled at selection, set up and maintenance of a computer.	6
3	Operating Systems & Networking	1. To understand the basic functions of computers. 2. To analyze the features of computer systems. 3. To examine the main components contributing to how computers work. 4. To observe the purpose and function of various operating systems. 5. To recognize the concept of networking.	4
4	Computer Worms & Viruses	1. To discuss the history of computer virus outbreaks. 2. To examine the difference between computer worms and viruses. 3. To discover the various types of computer worms and viruses and how to protect a computer. 4. To assess the consequences associated with computer worms and viruses.	3
5	Web Ethics & Safety	1. To illustrate the issue of cyberbullying 2. To provide skills to respond to cyberbullying 3. To discuss the issue and provide skills to deter online predators 4. To illustrate the issue of sexting 5. To describe computer viruses and provide skills to avoid them 6. To state the issues and provide skills to deter identity theft 7. To demonstrate the security components in a network 8. To explain copyright law and address the issue of plagiarism	9

6	Introduction to Digital Communications	1. To define digital communication. 2. To outline appropriate media to deliver digital products. 3. To understand various forms of digital communication outlets. 4. To apply and evaluate graphic design and editing concepts in digital communication.	16
7	Business Documents & Technology	1. To identify the four steps to document creation and to be able to compare positive, negative and persuasive messages. 2. To understand the formatting procedures for letters, memorandums and business reports. 3. To understand the technology procedures used in business.	6
8	Microsoft 365® Word Basics - Unit 1 (Welcome to Microsoft® Word)	1. To examine the document creation process. 2. To understand the use of Microsoft® Word in the workplace. 3. To identify the layout of Microsoft® Word. 4. To explore methods of customizing the program window.	4
9	Microsoft 365® Word Basics - Unit 2 (Documents, Templates & Entering Text)	1. To examine methods of opening documents and templates. 2. To identify useful keys and keyboard shortcuts to use when working in Microsoft® Word. 3. To show techniques for entering text in a document.	3
10	Microsoft 365® Word Basics - Unit 3 (Formatting Text)	1. To examine methods of selecting text. 2. To demonstrate techniques of selecting text. 3. To identify types of formatting which can be applied to text. 4. To show techniques for formatting text in a document.	2
11	Microsoft 365® Word Basics - Unit 4 (Editing & Correcting Text)	1. To show techniques for using editing tools and commands. 2. To identify editing tools and commands. 3. To examine methods of deleting and relocating text. 4. To demonstrate using overtype mode.	2
12	Microsoft 365® Word Basics - Unit 5 (Saving, Reopening, Closing & Distributing Doc)	1. To examine methods for saving documents. 2. To demonstrate closing and reopening documents. 3. To show techniques for distributing documents.	2
13	Microsoft 365® Word Basics - Unit 6 (Formatting Tools)	1. To identify formatting tools. 2. To show techniques for using formatting tools.	1
14	Microsoft365® Word Basics - Unit 7 (Formatting Paragraphs)	1. To identify methods of formatting paragraphs. 2. To show techniques used to format paragraphs. 3. To demonstrate creating bulleted, numbered and multi-level lists.	2
15	Microsoft 365® Word Basics - Unit 8 (Formatting Paragraphs)	1. To identify methods of formatting pages of a document. 2. To show techniques used to set up pages. 3. To demonstrate creating headers and footers.	3

16	Microsoft 365® Word Basics - Unit 9 (Navigating Documents)	1. To identify methods of navigating documents. 2. To show tools which can be used or added to help navigate documents.	1
17	Microsoft 365® Word Basics - Unit 10 (Tables, Text Boxes & Graphics)	1. To identify methods of creating tables, text boxes and graphic objects. 2. To show techniques for formatting tables, text boxes and graphic objects. 3. To demonstrate text wrapping. 4. To create captions for objects in documents.	5
18	Microsoft 365® Word Basics - Unit 11 (Proofing Documents)	1. To identify methods of reviewing documents. 2. To show tools which can be used to comment on or show changes made in a document.	2
19	Microsoft 365® Word Basics - Unit 12 (Macros, Quick Parts & Building Blocks)	1. To define Macros, Quick Parts and Building Blocks. 2. To show methods of utilizing Macros, Quick Parts and Building Blocks in a document. 3. To analyze techniques of developing Macros, Quick Parts and Building Blocks.	2
20	Microsoft 365® Word Basics - Unit 13 (Envelopes & Labels)	1. To examine methods of developing envelopes and labels in Word.	1
21	Microsoft 365® Word Basics - Unit 14 (Review)	1. To review concepts covered in the Microsoft 365® Word Basics units.	13
22	Written Communication Practices	1. To apply the appropriate use of grammar, spelling and punctuation rules. 2. To examine methods to organize information. 3. To discover various avenues for research and preparation for communications.	17
23	Researching Strategies & Tactics	1. To interpret and communicate information. 2. To demonstrate the use of various research strategies for obtaining information. 3. To compose and illustrate the correct form of documenting resources.	7
24	Business Letters & Memos	1. To differentiate between a business letter and a memo. 2. To examine what information should be included and when to use each. 3. To distinguish the format in which to write a business letter or memo. 4. To analyze the different means of which these documents can be distributed.	6
25	Cover Letters & Résumés	1. To describe the importance of correctly formatted cover letters and résumés. 2. To illustrate the necessary steps in building cover letters and résumés. 3. To recommend guidelines in constructing cover letters and résumés.	5
26	Business Mailing Procedures	1. To analyze the proper form in addressing business envelopes. 2. To discover the history of mail. 3. To examine how to operate mail merger software. 4. To predict future trends affecting businesses issuing mass mailers.	5

27	Business Reports & Newsletters	1. To examine the information included in business reports and newsletters. 2. To understand how to organize documents in order to ensure clear communication. 3. To analyze the various ways to distribute a document.	6
28	Microsoft 365® PowerPoint® Basics - Unit 1 (Welcome to PowerPoint®)	1. To examine techniques used to create professional presentations. 2. To understand the use of Microsoft® PowerPoint® in the workplace. 3. To identify the layout of the program window. 4. To explore methods of viewing presentations.	Coming Soon
29	Microsoft 365® PowerPoint® Basics - Unit 2 (Slide Basics)	1. To examine the different types of slide layouts. 2. To show how to add, remove, hide and unhide slides in presentations. 3. To understand methods of changing slide order. 4. To identify techniques for adding footers and slide numbers to slides.	Coming Soon
30	Microsoft 365® PowerPoint® Basics - Unit 3 (Text)	1. To examine methods for entering text. 2. To demonstrate techniques for formatting text. 3. To identify procedures for inserting and formatting WordArt.	Coming Soon
31	Microsoft 365® PowerPoint® Basics - Unit 4 (Slide Masters & Themes)	1. To define slide masters. 2. To demonstrate techniques for creating and utilizing slide masters. 3. To analyze themes. 4. To show methods used to apply themes to presentations.	Coming Soon
32	Microsoft 365® PowerPoint® Basics - Unit 5 (Notes & Speaker's Notes)	1. To examine uses for speaker notes. 2. To demonstrate techniques for adding speaker notes. 3. To identify procedures for creating notes pages.	Coming Soon
33	Microsoft 365® PowerPoint® Basics - Unit 6 (Tables & Graphics)	1. To identify methods of utilizing tables and graphics in presentations. 2. To demonstrate techniques for inserting and formatting tables and graphics in presentations. 3. To identify procedures for ordering and grouping objects.	Coming Soon
34	Microsoft 365® PowerPoint® Basics - Unit 7 (Slide Transitions & Animations)	1. To define slide transitions and animations. 2. To demonstrate techniques for applying slide transitions. 3. To identify procedures for applying animations to objects.	Coming Soon
35	Microsoft 365® PowerPoint® Basics - Unit 8 (Saving, Printing & Distributing)	1. To demonstrate techniques for saving presentations. 2. To identify procedures for presenting and distributing presentations.	Coming Soon
36	Microsoft 365® PowerPoint® Basics - Unit 9 (Review)	1. To review concepts covered in the Microsoft 365® PowerPoint® Basics units.	Coming Soon

37	Presentation Strategies & Tactics	1. To understand the strategies used when making a presentation. 2. To explore tactics used to present in different settings. 3. To utilize different visual aids to heighten the experience of the presentation.	6
38	Microsoft 365® Excel® Basics - Unit 1 (Welcome to Microsoft® Excel®)	1. To examine methods of opening workbooks. 2. To understand the use of Microsoft® Excel® in the workplace. 3. To identify the layout of the program window. 4. To explore methods of viewing workbooks and spreadsheets. 5. To demonstrate methods of saving and sharing workbooks.	Coming Soon
39	Microsoft 365® Excel® Basics - Unit 2 (Cells)	1. To examine cell references and data types. 2. To understand methods of entering and editing data in cells. 3. To apply formatting to cells in spreadsheets. 4. To create named ranges in spreadsheets.	Coming Soon
40	Microsoft 365® Excel® Basics - Unit 3 (Worksheets)	1. To complete common worksheet tasks. 2. To understand methods of customizing worksheets. 3. To apply formatting to worksheets. 4. To show methods of printing worksheets and workbooks.	Coming Soon
41	Microsoft 365® Excel® Basics - Unit 4 (Formula Basics)	1. To examine the uses of formulas. 2. To understand methods of entering and editing formulas. 3. To analyze methods of correcting formula errors. 4. To identify methods of viewing and printing formulas.	Coming Soon
42	Microsoft 365® Excel® Basics - Unit 5 (Function Basics)	1. To define functions. 2. To understand summarizing, date, logical and text functions. 3. To create summarizing, date, logical and text functions. 4. To analyze uses of summarizing, date, logical and text functions.	Coming Soon
43	Microsoft 365® Excel® Basics - Unit 6 (VLookup & Hlookup Functions, PivotTables & PivotCharts)	1. To define and utilize VLOOKUP and HLOOKUP functions. 2. To analyze and create PivotTables and PivotCharts.	Coming Soon
44	Microsoft 365® Excel® Basics - Unit 7 (Tables)	1. To create tables in worksheets. 2. To apply formatting to tables in Excel®. 3. To analyze methods of using structured references in formulas.	Coming Soon
45	Microsoft 365® Excel® Basics - Unit 8 (Charts)	1. To analyze types of charts. 2. To understand methods of creating charts. 3. To apply formatting to charts. 4. To share and publish charts.	Coming Soon

46	Microsoft 365® Excel® Basics - Unit 9 (Formatting Data)	1. To define filtering and sorting. 2. To examine methods of filtering and sorting data. 3. To understand conditional formatting. 4. To apply conditional formats.	Coming Soon
47	Microsoft 365® Excel® Basics - Unit 10 (Macros)	1. To define macros. 2. To create macros.	Coming Soon
48	Microsoft 365® Excel® Basics - Unit 11 (Review)	1. To review the concepts covered in the Microsoft 365® Excel® Basics units.	Coming Soon
49	Budgeting for Business	1. To understand the importance of budgeting. 2. To identify the parts of a budget. 3. To describe the process of creating a budget. 4. To create and implement a budget.	5
50	Microsoft 365® Access® Basics - Unit 1 (Welcome to Microsoft® Access®)	1. To understand the use of Microsoft® Access® in the workplace. 2. To identify the layout of the program window. 3. To explore types of database objects. 4. To examine database design principles. 5. To demonstrate methods of opening and saving databases.	Coming Soon
51	Microsoft 365® Access® Basics - Unit 2 (Tables)	1. To examine methods of creating and saving tables. 2. To identify field properties. 3. To explore methods of adding, editing and formatting records. 4. To demonstrate methods of printing tables.	Coming Soon
52	Microsoft 365® Access® Basics - Unit 3 (Importing Data)	1. To examine methods of importing data into Microsoft® Access®. 2. To explore methods of importing data from Microsoft® Excel®. 3. To demonstrate methods of importing data from another Access® database.	Coming Soon
53	Microsoft 365® Access® Basics - Unit 4 (Table Relationships)	1. To define table relationships. 2. To examine methods of creating and managing table relationships. 3. To show methods of printing a relationship report.	Coming Soon
54	Microsoft 365® Access® Basics - Unit 5 (Querying Databases)	1. To define queries and query criteria. 2. To demonstrate methods of creating queries. 3. To utilize the Simple Query Wizard. 4. To demonstrate using Query Design View.	Coming Soon
55	Microsoft 365® Access® Basics - Unit 6 (Forms)	1. To examine the uses of forms in databases. 2. To develop forms using the Form Tool. 3. To create forms using the Form Wizard. 4. To analyze and demonstrate form creation in Design View.	Coming Soon

56	Microsoft 365® Access® Basics - Unit 7 (Reports)	1. To understand the uses of reports in databases. 2. To explore methods of creating reports using the Report Tool and Report Wizard. 3. To demonstrate methods of creating and modifying reports in Design View.	Coming Soon
57	Microsoft 365® Access® Basics - Unit 8 (Filtering, Sorting & Searching Databases)	1. To examine methods of filtering data. 2. To understand techniques for sorting data. 3. To demonstrate methods of finding and replacing data.	Coming Soon
58	Microsoft 365® Access® Basics - Unit 9 (Database Management)	1. To examine methods of backing up databases. 2. To identify methods of compacting and repairing databases.	Coming Soon
59	Microsoft 365® Access® Basics - Unit 10 (Review)	1. To review the concepts covered in the Microsoft 365® Access® Basics units.	Coming Soon
60	Emerging Technologies	1. To discover the development of the computer industry. 2. To examine the progression of technology and computers throughout history. 3. To research new and emerging technologies of the 21st century.	5

* *Days of Teaching* identifies the number of days a lesson may take if all lesson plan items (i.e., activities, projects, handouts, etc.) are utilized as written by iCEV curriculum writers. Flexibility within the lesson plan allows instructor autonomy of implementation for each item.

Coming Soon - Microsoft 365® Units will be added throughout the 2024-2025 school year.

IS Compliance Training

Team Members

Sascha Hayes- **IS Compliance Coordinator**

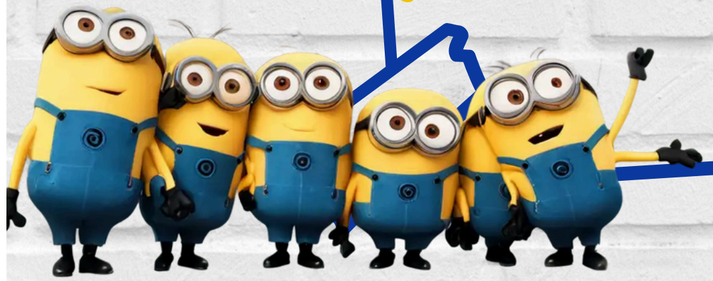
IS Compliance Specialists

Natalina Archambeault

Irina Bardusova

Asma Jawed

Johanna Palacios



Agenda

- Work Sample Guidelines
- Examples of Good IS Compliance
- Learning Report Reminders & Updates
- Assigned Work Record
- Attendance Scenarios
- Tips & Tricks
- Celebrations for IS Compliance

Work Sample Guidelines

Good Work Samples Guidelines

- Minimum 5 questions on a work sample that is multiple choice or short answer
- Work samples can go onto more than one page
- Completed work
- Tests & Quizzes
- Written work: Essays, short answer
- Best work from the learning period
- Places good work from : Google Classroom, Burlington, Edmentum, SAVVAS
- Workbook pages
- Work Sample is clearly marked on AWR

Bad Work Samples Guidelines

- Incomplete Work (unless this is all you have for the whole learning period)
- Same work from previous learning periods
- Written work that does not match the student
- Work Sample is not on the AWR
- Duplicate work samples being used for many students without original work
- Certificates of Completion
- Answer Keys being made into work samples

Updated Oct 2025

Work Samples Must Include

- Student Name (Stamp in Brain works)
- Teacher Name (Stamp in Brain works)
- Course Name (Stamp in Brain works)
- Date work was completed within learning period (Teacher adds to sample)
- Grade or Points determination (Teacher adds to sample)

Example of Work Samples

Link to folder for samples: October 2025 IS Compliance Training

Learning Report Reminders

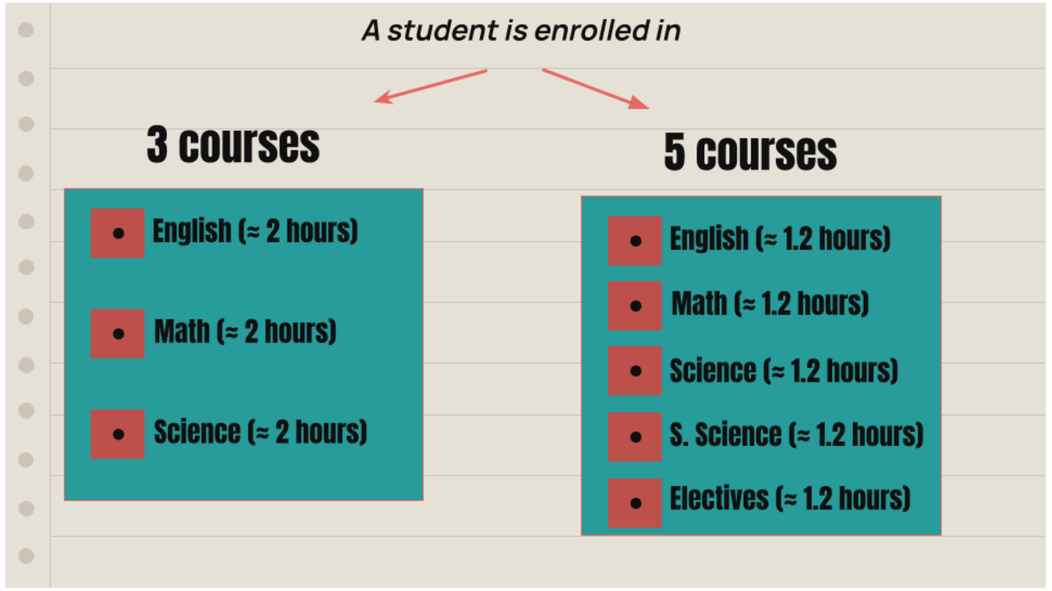
1. Please **do not use Withdraw or LOA** for Grade in the Brain for the Learning Report (This will be removed ASAP.)
2. **Only** use Decline if the student is not in the correct course

Instructional Minutes Calculation

1.	Annual	64,800 minutes
2.	Instructional Days	197 days
3.	Hours Per Day	≈6 hours

Teachers will assign a minimum of 30 hours (1,800 minutes) for the week.

*these numbers have been rounded up to ensure we meet the annual instructional minute requirement



Instructional Minutes by Learning Period

Learning Period	Instructional Days	Monthly Minutes Reflected on AWR
M1	17	6,120
M2	20	7,200
M3	20	7,200
M4	14	5,040
M5	15	5,400
M6	19	6,840
M7	18	6,480

Learning Period	Instructional Days	Monthly Minutes Reflected on AWR
M8	14	5,040
M9	13	6,480
M10	19	6,480
M11	19	6,480

Updated October 2025

CICA
25-26 LEARNING PERIODS

MONTH	START	END Compliance Due	INSTRUCTIONAL DAYS
1	August 11, 2025	September 5, 2025	16
2	September 8, 2025	October 3, 2025	20
3	October 6, 2025	October 31, 2025	20
4	November 3, 2025	November 28, 2025	14

10	May 4, 2026	May 29, 2026	19
11	June 1, 2026	June 26, 2026	19

Updated October 2025

AWR Guidelines

- **Assignment -** Detailed enough to know where the assignment came from
- **Time Value-** for the month is in alignment with the instructional minutes for each learning period to meet the 64,800 minutes annually
- **The assignment score** on AWR matches the assignment score on the work sample
- Any IS in PowerSchool should be reflected on the AWR and/or the Synch Log
- Make sure to add your **digital signature** to the downloaded PDF before submission to the Brain
- AWR (PDF) will be submitted to the first course on the learning report as a 3rd sample

How does the AWR affect Work Samples

Update for M3 - moving forward

Please *Highlight* the assignments turned in for compliance so we can identify the samples

Schedule		Course	Assignment	Time Value in Minutes	Submitted ✔	Percent Complete per Week	Assignment Score	Total Points
Week 1	9/8/2025	English 9	Read: Life of Pi	120.00	☑		100	100
		EFWL	English Language Development	120.00				100
		World History	Read: The Protestant Reformation	120.00				100
	9/9/2025	English 9	Read: Life of Pi	120.00	☑		100	100
		EFWL	English Language Development	120.00				100
		World History	Read: The Protestant Reformation	120.00				100
	9/10/2025	English 9	Close Read: Life of Pi	120.00	☑		100	100
		EFWL	English Language Development	120.00				100
		World History	Notes: The Protestant Reformation	120.00				100
	9/11/2025	English 9	Quiz: Life of Pi	120.00	☑		100	100
		EFWL	English Language Development	120.00				100
		World History	Quiz: The Protestant Reformation	120.00				100
		English 9	Remediation: Life of Pi	120.00	☑		100	100
		EFWL	English Language Development	120.00				100

Attendance Scenarios

EC. 51747(b)- “ A local educational agency may claim apportionment credit for independent study only to the extent that the time value of the pupil work products as personally judged in each instance by the certificated teacher employed by the local agency”

Time Value vs Time Spent

Time Value : Determined by credentialed teacher for course or lesson when creating lesson plan/ syllabus

- (eg. This assignment will take and average of 1.5 hours)

Time Spent - Asynchronous/Synchronous/Assignments (Document time student spent on beginning and completion of assignment)

Time Value for ADA- (A) For each school day add the combined equivalent daily time value of pupil work products as personally judged by the certificated employee of the LEA. (i) For purposes of this section pupil work products may include the daily time value spent by a pupil engaged in asynchronous instruction including work completed on an online or computer-based instructional activity, regardless of whether pupil work products are produced, if the computer program documents pupil participation. -CCIS Webinar August 2024

Scenario # 1

Work Product (work assigned) + work completed = Full ADA

EC. 51747(b)- " A local educational agency may claim apportionment credit for independent study only to the extent that the time value of the pupil work products as personally judged in each instance by the certificated teacher employed by the local agency"

- *Credit CCIS Webinar August 2024*

Scenario # 2

Work Product (work assigned + some work completed) = Some ADA

+ Synchronous Instruction = Could be full ADA with Documentation of Synchronous Instruction.

EC 51747.5“ A local educational agency may claim apportionment credit for independent study only to the extent that the time value of the pupil work products as personally judged in each instance by the certificated teacher employed by the local agency, or the combined time value of the pupil work product and pupil participation in synchronous instruction.

Evidence of pupil participation may include,but not be limited to, pupil work produced or performed, or documentation that the pupil participated in an instructional period either visually or verbally as verified by the certificated employee and maintained by the LEA.

- *Credit CCIS Webinar August 2024*

Scenario # 3

Work Product (work assigned + some work completed) = Some ADA

\+ **Asynchronous Instruction = Could be full ADA with Documentation of Asynchronous Instruction**

EC 51747.5 (b) (2)(A)(ii)- "For purposes of this section, pupil work products may include the daily time value spent by a pupil engaged in asynchronous instruction, including work completed on an online or computer-based instructional activity, regardless of whether pupil work products are produced. If the computer program documents pupil participation. The local educational agency shall maintain documentation of each hour or fraction of an hour of both pupil work products and the time the pupil engaged in asynchronous instruction.

Agenda

- Work Sample Guidelines
- Examples of Good IS Compliance
- Learning Report Reminders & Updates
- Assigned Work Record
- Attendance Scenarios
- Tips & Tricks
- Celebrations for IS Compliance

Work Sample Guidelines

Good Work Samples Guidelines

- Minimum 5 questions on a work sample that is multiple choice or short answer
- Work samples can go onto more than one page
- Completed work
- Tests & Quizzes
- Written work: Essays, short answer
- Best work from the learning period
- Places good work from : Google Classroom, Burlington, Edmentum, SAVVAS
- Workbook pages
- Work Sample is clearly marked on AWR

Bad Work Samples Guidelines

- Incomplete Work (unless this is all you have for the whole learning period)
- Same work from previous learning periods
- Written work that does not match the student
- Work Sample is not on the AWR
- Duplicate work samples being used for many students without original work
- Certificates of Completion
- Answer Keys being made into work samples

Updated Oct 2025

Work Samples Must Include

- Student Name (Stamp in Brain works)
- Teacher Name (Stamp in Brain works)
- Course Name (Stamp in Brain works)
- Date work was completed within learning period (Teacher adds to sample)
- Grade or Points determination (Teacher adds to sample)

Example of Work Samples

Link to folder for samples: October 2025 IS Compliance Training

Learning Report Reminders

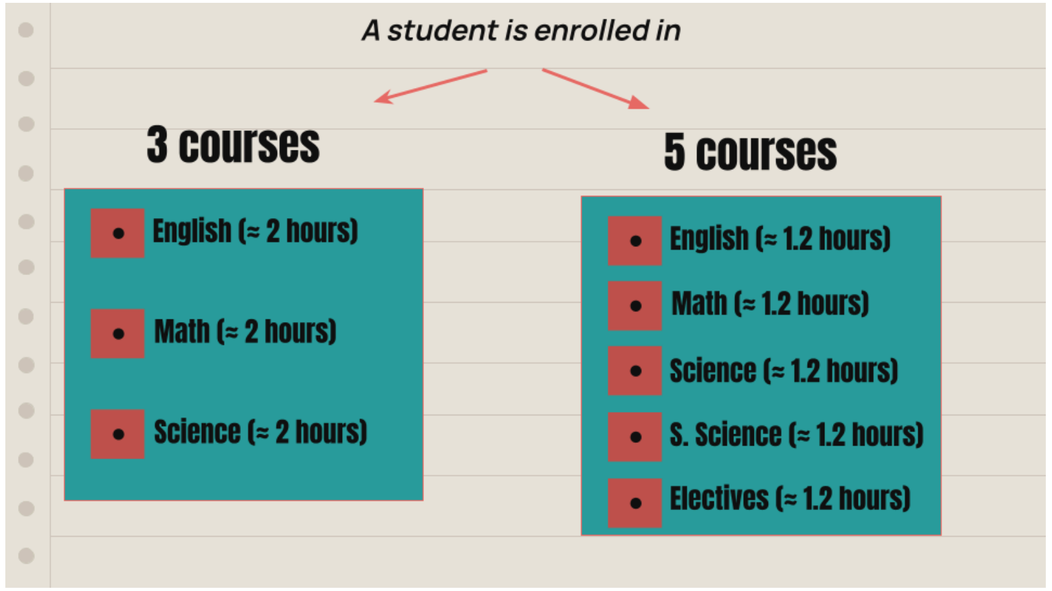
1. Please **do not use Withdraw or LOA** for Grade in the Brain for the Learning Report (This will be removed ASAP.)
2. **Only** use Decline if the student is not in the correct course

Instructional Minutes Calculation

1.	Annual	64,800 minutes
2.	Instructional Days	197 days
3.	Hours Per Day	≈6 hours

Teachers will assign a minimum of 30 hours (1,800 minutes) for the week.

*these numbers have been rounded up to ensure we meet the annual instructional minute requirement



Instructional Minutes by Learning Period

Learning Period	Instructional Days	Monthly Minutes Reflected on AWR
M1	17	6,120
M2	20	7,200
M3	20	7,200
M4	14	5,040
M5	15	5,400
M6	19	6,840
M7	18	6,480

Learning Period	Instructional Days	Monthly Minutes Reflected on AWR
M8	14	5,040
M9	13	6,480
M10	19	6,480
M11	19	6,480

Updated October 2025

CICA
25-26 LEARNING PERIODS

MONTH	START	END Compliance Due	INSTRUCTIONAL DAYS
1	August 11, 2025	September 5, 2025	16
2	September 8, 2025	October 3, 2025	20
3	October 6, 2025	October 31, 2025	20
4	November 3, 2025	November 28, 2025	14
5	December 1, 2025	January 9, 2025	20
6	January 12, 2026	February 6, 2026	19
7	February 9, 2026	March 6, 2026	18
8	March 9, 2026	April 3, 2026	14
9	April 6, 2026	May 1, 2026	18
10	May 4, 2026	May 29, 2026	19
11	June 1, 2026	June 26, 2026	19

Updated October 2025

AWR Guidelines

- **Assignment -** Detailed enough to know where the assignment came from
- **Time Value-** for the month is in alignment with the instructional minutes for each learning period to meet the 64,800 minutes annually
- **The assignment score** on AWR matches the assignment score on the work sample
- Any IS in PowerSchool should be reflected on the AWR and/or the Synch Log
- Make sure to add your **digital signature** to the downloaded PDF before submission to the Brain
- AWR (PDF) will be submitted to the first course on the learning report as a 3rd sample

How does the AWR affect Work Samples

Update for M3 - moving forward

Please *Highlight* the assignments turned in for compliance so we can identify the samples

Schedule		Course	Assignment	Time Value in Minutes	Submitted ✔	Percent Complete per Week	Assignment Score	Total Points
Week 1	9/8/2025	English 9	Read: Life of Pi	120.00	☑		100	100
		EFWL	English Language Development	120.00				100
		World History	Read: The Protestant Reformation	120.00				100
	9/9/2025	English 9	Read: Life of Pi	120.00	☑		100	100
		EFWL	English Language Development	120.00				100
		World History	Read: The Protestant Reformation	120.00				100

		EFWL	English Language Development	120.00				100

Attendance Scenarios

EC. 51747(b)- “ A local educational agency may claim apportionment credit for independent study only to the extent that the time value of the pupil work products as personally judged in each instance by the certificated teacher employed by the local agency”

Time Value vs Time Spent

Time Value : Determined by credentialed teacher for course or lesson when creating lesson plan/ syllabus

- (eg. This assignment will take and average of 1.5 hours)

Time Spent - Asynchronous/Synchronous/Assignments (Document time student spent on beginning and completion of assignment)

Time Value for ADA- (A) For each school day add the combined equivalent daily time value of pupil work products as personally judged by the certificated employee of the LEA. (i) For purposes of this section pupil work products may include the daily time value spent by a pupil engaged in asynchronous instruction including work completed on an online or computer-based instructional activity, regardless of whether pupil work products are produced, if the computer program documents pupil participation. -CCIS Webinar August 2024

Scenario # 1

Work Product (work assigned) + work completed = Full ADA

EC. 51747(b)- " A local educational agency may claim apportionment credit for independent study only to the extent that the time value of the pupil work products as personally judged in each instance by the certificated teacher employed by the local agency"

- *Credit CCIS Webinar August 2024*

Scenario # 2

Work Product (work assigned + some work completed) = Some ADA

+ Synchronous Instruction = Could be full ADA with Documentation of Synchronous Instruction.

EC 51747.5“ A local educational agency may claim apportionment credit for independent study only to the extent that the time value of the pupil work products as personally judged in each instance by the certificated teacher employed by the local agency, or the combined time value of the pupil work product and pupil participation in synchronous instruction.

Evidence of pupil participation may include,but not be limited to, pupil work produced or performed, or documentation that the pupil participated in an instructional period either visually or verbally as verified by the certificated employee and maintained by the LEA.

- *Credit CCIS Webinar August 2024*

Scenario # 3

Work Product (work assigned + some work completed) = Some ADA

+ Asynchronous Instruction = Could be full ADA with Documentation of Asynchronous Instruction

EC 51747.5 (b) (2)(A)(ii)- "For purposes of this section, pupil work products may include the daily time value spent by a pupil engaged in asynchronous instruction, including work completed on an online or computer-based instructional activity, regardless of whether pupil work products are produced. If the computer program documents pupil participation. The local educational agency shall maintain documentation of each hour or fraction of an hour of both pupil work products and the time the pupil engaged in asynchronous instruction.

PACING GUIDE

The guide on these pages suggests the core time to spend on the lessons within each chapter. Time allotments for chapters exclude any additional activities or projects you may choose to add.

Instructional Segment 1: Ecosystem Interactions and Energy

Ecology is one area where you will be spending extra time as the integration of earth science is important to understand the biology concepts presented. The focus of this instructional segment is on the Performance Expectations relating to Ecosystems: Interactions, Energy, and Dynamics. **Chapter 1** begins the instructional segment and goes on to discuss Earth's global systems, climate, and how climate affects life. This chapter provides the basic understanding of weather and climate so that students are able to investigate climate and global change in more detail in Chapter 23. **Chapter 2** discusses population growth, carrying capacity, and what types of factors impact population growth. The Chapter Lab, *Estimating Population Size* helps students in their mastery of HS-LS2-1. In Lesson 2.3, students can apply what they have learned about population growth to human population growth and discover how events—both human-caused and non-human caused—have impacted population growth.

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 1 The Biosphere		
1.1 Introduction to Global Systems	1	0.5
Lab: Effects of Greenhouse Gases	1	0.5
1.2 Climate, Weather, and Life	1.5	0.75
1.3 Biomes and Aquatic Ecosystems	1.5	0.75
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 1 TOTAL	**7**	**3.5**

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 2 Populations		
2.1 How Populations Grow	1	0.5
Lab: Estimating Population Size	1	0.5
2.2 Limits to Growth	1.5	0.75
2.3 Human Population Growth	1.5	0.75
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 2 TOTAL	**7**	**3.5**

Scanned with CamScanner

PACING GUIDE

Instructional Segment 2: History of Earth's Atmosphere: Photosynthesis and Respiration

Instructional Segment 2 combines performance expectations that relate to both life and earth sciences. **Chapter 3** discusses ecosystems and energy flow through ecosystems. The Quick Lab in Chapter 3, *How Can You Model Energy Flow in Ecosystems?* helps in the mastery of HS-LS4-2. Lesson 3.3 Cycles of Matter provides the information students need about the various cycles of matter so they can understand how humans and human activity affects each of these cycles. **Chapter 4** introduces the concepts of energy, light, and photosynthesis. The Case Study on building an artificial leaf helps students in their understanding of energy in chemical processes (HS-ESS3-4). The Performance-Based Assessment has students analyzing data about the effect of the California wildfires on the amount of carbon that can be stored in the forests, which helps them in the mastery of HS-ESS2-6. **Chapter 5** covers the process of cellular respiration. The Chapter Lab, *Making a Model of Cellular Respiration* provides students with a hands-on experience for the mastery of HS-LS1-7.

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 3 Ecosystems		
3.1 Energy, Producers, and Consumers	1	0.5
3.2 Energy Flow in Ecosystems	1.5	0.75
3.3 Cycles of Matter	1.5	0.75
Lab: The Effect of Fertilizer on Algae	1	0.5
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 3 TOTAL	**7**	**3.5**

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 4 Photosynthesis		
4.1 Energy and Life	1.5	0.75
4.2 Photosynthesis: An Overview	1	0.5
Lab: Plant Pigments and Photosynthesis	1	0.5
4.3 The Process of Photosynthesis	1.5	0.75
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 4 TOTAL	**7**	**3.5**
Chapter 5 Cellular Respiration		
5.1 Cellular Respiration: An Overview	1.5	0.5
5.2 The Process of Cellular Respiration	1	0.5
Lab: Making a Model of Cellular Respiration	1	0.5
5.3 Fermentation	1.5	0.75
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 5 TOTAL	**6**	**2.75**

Scanned with CamScanner

Instructional Segment 3: Evidence of Common Ancestry and Diversity

Instructional Segment 3 also focuses on performance expectations that relate to both life and earth sciences. **Chapter 6** begins a historical perspective on Charles Darwin—his travels, observations, and the various scientists who influenced his theory of natural selection. The Chapter Lab, *Evidence of Evolution*, provides students with the opportunity to investigate several lines of evidence of evolution and communicate that information effectively (HS-LS4-1). The Performance-Based Assessment, *Evolution in Action*, has students analyzing information about adaptation in beak size due to environmental conditions (HS-LS4-2). **Chapter 7** covers classification, starting with a historical view of the how the system of classification has changed over time. Updated cladograms and a tree of life are used to show evidence of common ancestry as well as the huge diversity of life on Earth. **Chapter 8** covers the history of planet Earth. Lessons 8.1 and 8.2 provide the background information that students need in their mastery of HS-ESS1-5 when the theory of plate tectonics is covered. Earth's formation and early history helps in the understanding of HS-ESS1-6. The Chapter Lab and the lesson narratives revisit the properties of water and expand upon them to aid in concepts of how water affects Earth's surface. Lesson 8.3 focuses on how earth and life have evolved together (HS-ESS2-7). The Performance-Based Assessment, *Evaluating Evidence from the K-T Boundary*, has students evaluate evidence and synthesize what they have learned in the chapter to provide an explanation of evolution (HS-LS4-5). **Chapter 9** is an overview of animals, including human evolution, classification, diversity, and animal behavior. The Chapter Lab, *The Role of Group Behavior*, helps students in the mastery of HS-LS2-8.

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 6 Darwin's Theory of Evolution		
6.1 A Voyage of Discovery	1.5	0.75
6.2 Ideas That Influenced Darwin	1.5	0.75
6.3 Darwin's Theory: Natural Selection	1	0.5
6.4 Evidence of Evolution	1	0.5
Lab: Evidence of Evolution	1	0.5
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 6 TOTAL	**8**	**4**
Chapter 7 Biodiversity and Classification		
7.1 Finding Order in Biodiversity	1.5	0.75
7.2 Modern Evolutionary Classification	1	0.5
Lab: Construct a Cladogram	1	0.5
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 7 TOTAL	**5.5**	**2.75**

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 8 History of Life		
8.1 Earth's Origin	1.5	0.75
Lab: Formation of Caves	1	0.5
8.2 Life's Early History	1	0.5
8.3 Earth and Life Evolve Together	1	0.5
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 8 TOTAL	**6.5**	**3.25**
Chapter 9 Animal Evolution, Diversity, and Behavior		
9.1 Introduction to Animals	1.5	0.75
9.2 Animal Evolution and Diversity	1.5	0.75
9.3 Primate Evolution	1	0.5
9.4 Social Interactions and Group Behavior	1	0.5
Lab: The Role of Group Behavior	1	0.5
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 9 TOTAL	**8**	**4**

PACING GUIDE

Instructional Segment 4: Inheritance of Traits

Instructional Segment 4 focuses on performance expectations relating to both Heredity: Inheritance and Variation of Traits as well as one performance expectation from Biological Evolution: Unity and Diversity. **Chapter 10** starts with a historical look back at Mendel and his experiments on pea plants and the inheritance of traits. The Analyzing Data *Human Blood Types* helps students in the mastery of HS-LS3-1. The process of meiosis is described and compared with mitosis to help students understand the difference. **Chapter 11** covers DNA and DNA replication. Students are able to learn about the experiments and discoveries that ultimately led to the discovery of the double helix model of DNA. **Chapter 12** covers RNA and protein synthesis. The influence of mutations as a factor that causes variation of traits is also covered. The Chapter Lab The *Effect of Mutations* allows students to see how mutations influence the synthesis of proteins (HS-LS3-2). **Chapter 13** provides an overview of evolution in populations. In the Performance-Based Assessment, *When Weeds Fight Back*, students will analyze data to see how advantageous traits increase in populations (HS-LS4-3). The Case Study relates antibiotic resistance to evolution (HS-LS4-4). **Chapter 14** is focused on human genetics. Students can apply what they have learned about the inheritance of traits to humans. They will also learn about genetic disorders. **Chapter 15** is about genetic engineering and biotechnology. Although there aren't performance expectations that relate to most of this chapter, this topic is one that often interests students.

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 10 Introduction to Genetics		
10.1 The Work of Gregor Mendel	1.5	0.75
10.2 Applying Mendel's Principles	1	0.5
10.3 Other Patterns of Inheritance	1.5	0.75
10.4 Meiosis	1	0.5
Lab: A Model of Meiosis	1	0.5
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 10 TOTAL	**8**	**4**
Chapter 11 DNA		
11.1 Identifying the Substance of Genes	1	0.5
Lab: Using DNA to Identify Species	1	0.5
11.2 The Structure of DNA	1.5	0.75
11.3 DNA Replication	1.5	0.75
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 11 TOTAL	**7**	**3.5**

Chapter 15 Biotechnology		
15.1 Changing the Living World	1	0.5
15.2 The Process of Genetic Engineering	1.5	0.75
15.3 Applications of Biotechnology	1	0.5
Lab: Using DNA to Solve Crimes	1	0.5
15.4 Ethics and Impacts of Biotechnology	1.5	0.75
Case Study, Revisit Anchoring Phenomenon	1	0.5
CHAPTER 15 TOTAL	**7**	**3.25**

Instructional Segment 5: Structure, Function, and Growth (from Cells to Organisms)

The focus of this instructional segment are the performance expectations from LS1: From Molecules to Organisms: Structures and Processes. **Chapter 16** is a review of the structure and function of a cell. The concept of homeostasis is introduced, and will be a recurring theme that will be revisited throughout later chapters. **Chapter 17** covers the growth and development of organisms through the cell cycle and differentiation. The Chapter Lab *Regeneration in Planaria* has students design an experiment to illustrate the process of both cell division and differentiation (HS-LS1-4). **Chapter 18** covers plant structure, function, and homeostasis. **Chapters 19 and 20** start an in-depth look at animal systems. The Chapter 20 Performance-Based Assessment, *Design a Model of Interacting Systems*, allows students to investigate the interaction of various body systems (HS-LS1-2). **Chapter 21** focuses on the human body, allowing students to relate structure to function, and see how the various systems of the body work to maintain homeostasis.

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 16 Cell Structure and Function		
16.1 Life Is Cellular	1.5	0.75
16.2 Cell Structure	1.5	0.75
16.3 Cell Transport	1	0.5
Lab: Detecting Diffusion	1	0.5
16.4 Homeostasis and Cells	1.5	0.75
Performance-Based Assessment	1	0.5
Case Study, Revisit Anchoring Phenomenon	1	0.5

PACING GUIDE

Instructional Segment 6: Ecosystem Stability and the Response to Climate Change

Chapter 22 discusses communities and ecosystem dynamics, including how species interact, succession, and how all of this impacts biodiversity. Both the Case Study and Performance-Based Assessment relate to the issue of the reintroduction of wolves to Yellowstone National Park and will help students achieve mastery of HS-LS2-2. **Chapter 23** is the culmination of the program. This chapter takes what students have learned and has them apply it to understand how different factors have affected the planet.

Chapter Title / Lesson Title	Periods (approx.)	Blocks (approx.)
Chapter 22 Communities and Ecosystem Dynamics		
22.1 Habitats, Niches, and Species Interactions	1.5	0.75
22.2 Succession	1.5	0.75

PACING GUIDE

The guide on these pages suggests time allocations for the core activities in each experience, investigation and instructional segment (including labs). These allotments exclude "Got More Time" activities or projects you may choose to add.

SECTION	Days
INSTRUCTIONAL SEGMENT 4 The Chemistry of Climate Change	31
Encounter Anchoring Phenomenon	0.5
INVESTIGATION 12 Weather and Climate	14
Encounter Investigative Phenomenon	0.5
1 Earth's Surface Systems	2.5
2 Water and Energy in the Atmosphere	2.5
3 Atmospheric System Feedbacks	2.5
4 Long-Term Climate Factors	2
5 Short-Term Climate Factors	2.5
Investigation Assessment*	1.5
⊕ **GOT MORE TIME** Activities	+5.5
INVESTIGATION 13 Global Climate Change	16.5
Encounter Investigative Phenomenon	0.5
1 The Chemistry of Earth's Atmosphere	2.5
2 Evidence of Climate Change	2
3 Anthropogenic Carbon Emissions	2.5
4 Climate Models	2.5
5 Consequences of Climate Change	2.5
6 Responses to Climate Change	2.5
Investigation Assessment*	1.5
⊕ **GOT MORE TIME** Activities	+6

SECTION	Days
INSTRUCTIONAL SEGMENT 5 The Dynamics of Chemical Reactions and Ocean Acidification	31
Encounter Anchoring Phenomenon	0.5
INVESTIGATION 14 Reaction Rates and Equilibrium	9
Encounter Investigative Phenomenon	0.5
1 Rates of Reaction	2.5
2 The Progress of Chemical Reactions	2
3 Reversible Reactions and Equilibrium	2.5
Investigation Assessment*	1.5
⊕ **GOT MORE TIME** Activities	+3
INVESTIGATION 15 Acid-Base Equilibria	9.5
Encounter Investigative Phenomenon	0.5
1 Acids, Bases, and Salts	2.5
2 Reactions of Acids and Bases	2.5
3 Buffers and Equilibria	2.5
Investigation Assessment*	1.5
⊕ **GOT MORE TIME** Activities	+4.5
INVESTIGATION 16 Ocean Acidification	12
Encounter Invsestigative Phenomenon	0.5
1 Ocean pH Levelsw	2.5
2 The Ocean as a Carbon Sink	2.5
3 The Ocean and Climate Change	2.5
4 Consequences of Ocean Acidification	2.5
Investigation Assessment*	1.5
⊕ **GOT MORE TIME** Activities	+5.5

GOT MORE TIME?
If time allows, personalize and enhance your instructional plan by assigning the activities with the got-more-time icon in the planners.

Activities include: Analyzing Data, Animation, Authentic Reading, Engineering Design Challenge, Interactivity, Problem-Based Learning, and Writing About Science.

*Investigation Assessment includes Performance-Based Assessment, 3-D Assessment, and Revisit Anchoring Phenomenon.

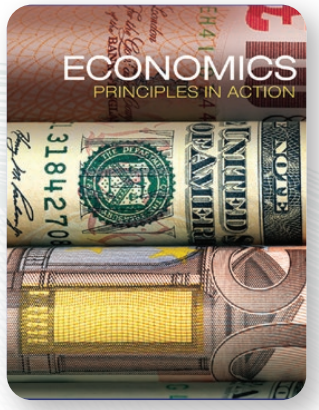
Pacing at a Glance

While our pacing time frame is based on 45-minute classes or 90-minute blocked classes, our program's features are designed to be adaptable and customizable to each classroom. Whether you have 30-minute class periods or 90-minute blocks, our content is flexible.

ECONOMICS
PRINCIPLES IN ACTION

Topic	Essential Question	Lessons	Pacing Time Frame
Fundamentals of Economics	How does economics affect everyone?	3	6 Periods, 3 Blocks
Free Enterprise and Other Economics Systems	Who benefits from the free market economy?	7	10 Periods, 5 Blocks
Demand, Supply and Prices	How do we affect the economy?	9	12 Periods, 6 Blocks
Competition and Market Structures	How does competition affect markets?	4	7 Periods, 3-4 Blocks
Business and Labor	How can business and labor best achieve their goals?	7	10 Periods, 5 Blocks

Want planning support?
Visit the Topic Organizer in the Teacher's Edition for a menu of resource options to choose from—it's flexible!



Topic	Essential Question	Lessons	Pacing Time Frame
Money, Banking and Financial Markets	How can you make the most of your money?	7	10 Periods, 5 Blocks
Economic Performance and Challenges	Why should we care how the economy is doing?	6	9 Periods, 4-5 Blocks
Taxes and Spending	Can and should the government be fair to everyone?	4	7 Periods, 4-5 Blocks
Fiscal and Monetary Policy	What is the proper role of government in the economy?	5	10 Periods, 5 Blocks
Trade, Development and Globalization	How might scarcity divide our world or bring it together?	7	10 Periods, 5 Blocks

Remember!
The Reading and Note-Taking Study Guide provides scaffolded support every step of the way.

ACCELERATED GRADE 7 PACING GUIDE

CICA - 6055

A Program Paced for Success

enVision® Mathematics 6–8 was designed to provide students rich opportunities to build understanding of important new mathematical concepts, develop fluency with key skills necessary for success in algebra, and to gain proficiency with the habits of mind and thinking dispositions of proficient mathematics students. To achieve these goals, the program includes content-focused lessons, 3-Act Mathematical Modeling lessons, STEM projects, and Pick a Project.

All of these instructional activities are integral to helping students achieve success, and the pacing of the program reflects this. Teachers are encouraged to spend 1 day on each content-focused lesson, giving students time to build deep understanding of the concepts presented, 1 to 2 days for the 3-Act Mathematical Modeling lesson, and 1 to 2 days for the **enVision®** STEM project and Pick a Project.

Using an alternative Let's Investigate! lesson may reduce the time needed for the corresponding core lesson(s). See the Teacher's Edition for details on specific pacing.

This pacing allows for 2 days for each Topic Review and Topic Assessment, plus an additional 2 to 3 days per topic to be spent on remediation, fluency practice, differentiation, and other assessment.

			Core Lessons	3-ACT MATH	STEM Project/ Pick a Project	Review and Assessment	Total	Let's Investigate! Lessons
VOLUME 1	TOPIC 1	Rational Number Operations	10	1-2	1-2	2	14–16	
	TOPIC 2	Real Numbers	10	1-2	1-2	2	14–16	
	TOPIC 3	Analyze and Use Proportional Relationships	6	1-2	1-2	2	10-12	
	TOPIC 4	Analyze and Solve Percent Problems	6	1-2	1-2	2	10-12	
	TOPIC 5	Generate Equivalent Expressions	8	1-2	1-2	2	12-14	
	TOPIC 6	Solve Problems Using Equations and Inequalities	7	1-2	1-2	2	11–13	
VOLUME 2	TOPIC 7	Analyze and Solve Linear Equations	9	1-2	1-2	2	13–15	
	TOPIC 8	Use Sampling to Draw Inferences About Populations	4	1-2	1-2	2	8–10	
	TOPIC 9	Probability	7	1-2	1-2	2	11–13	
	TOPIC 10	Solve Problems Involving Geometry	9	1-2	1-2	2	13–15	
	TOPIC 11	Congruence and Similarity	10	1-2	1-2	2	14–16	
	TOPIC 12	Understand and Apply the Pythagorean Theorem	4	1-2	1-2	2	8–10	
	TOPIC 13	Solve Problems Involving Surface Area and Volume	4	1-2	1-2	2	8–10	
		Days	84	13-26	13-26	26	146–172	

Remediation, Fluency Practice, Differentiation, and Other Assessment: 26–32 DAYS

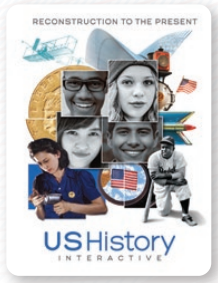
RECONSTRUCTION TO THE PRESENT

US History
INTERACTIVE



Topic	Essential Question	Lessons	Pacing Time Frame
Reconstruction (1865-1877)	How can we ensure equality for all?	3	6 Periods, 3 Blocks
Industry & Immigration (1865-1914)	How do science and technology affect society?	6	9 Periods, 4.5 Blocks
Challenges in the Late 1800s (1865-1914)	What are the challenges of diversity?	4	7 Periods, 3.5 Blocks
America Comes of Age (1890-1920)	What can individuals do to affect society?	7	9 Periods, 4.5 Blocks
World War I and the 1920s (1914-1929)	How should we handle conflict?	8	11 Periods, 5.5 Blocks
The Great Depression and the New Deal (1928-1941)	What should governments do?	6	9 Periods, 4.5 Blocks
World War II (1931-1945)	When is war justified?	8	11 Periods, 5.5 Blocks
Postwar America (1945-1960)	What is America's role in the world?	7	10 Periods, 5 Blocks
Civil Rights and Reform in the 1960s (1945-1968)	How can we ensure equality for all?	5	8 Periods, 4 Blocks
The Vietnam War Era (1954-1975)	What is America's role in the world?	4	7 Periods, 3.5 Blocks
An Era of Change (1960-1980)	What are the challenges of diversity?	6	9 Periods, 4.5 Blocks
America in the 1980s and 1990s (1980-1999)	What makes a government successful?	5	8 Periods, 4 Blocks
America in the Twenty-First Century (2000-Today)	What are the benefits and costs of technology?	4	7 Periods, 3.5 Blocks

Remember!
The Primary Source and Reading Guide Workbook provides scaffolded support every step of the way.

Principles of a Good Work Sample

Aligned to Instruction ☐

- The work ***connects directly to the lesson objectives or standards*** being taught.

Student Effort ☐

- The product ***reflects what the student can do***, providing a true measure of learning.

Clear and Understandable ☐

- The sample is ***legible, organized***, and communicates the student's ideas or reasoning effectively.

Complete and Representative ☐

- The work includes ***sufficient detail*** or steps to showcase both process and product.
  - Ensure that the ***assignment directions or prompts are included*** with each student work sample so the context of the task is clear.

Evidence of Learning ☐

- The sample ***demonstrates the student's current level of mastery*** in relation to grade-level expectations.

Remember to Include...

Student Name

- Include first and last name

Teacher Name

- Include first and last name

Course Name

- Include full course name

Teacher Evaluation Marking

- Ensure it is evident the ***teacher has reviewed the work submission***.
  - Markings such as: a check mark, percentage, ratio, “Great Work,” etc, are all acceptable.
- The evidence of teacher review does not need to be a specific color. However, the marking needs to be ***easily identifiable on the page***.

Two Samples per Course

- Please make sure the two samples you submit for the same course come from ***different days and represent different units of study***. This differentiation helps reflect a clearer picture of student progress over time.

Correct
Read each question and choose the best answer.

The discoveries of astronomers like Copernicus and Galileo

- A. established that the universe was sun-centered, or heliocentric.
- B. reinforced most of the traditional teachings of philosophers and the Church.
- C. were supported by most scientists of the time.
- D. proved that ancient philosophers, like Ptolemy, were correct in their views of how the universe works.

Correct
Read each question and choose the best answer.

Why is it important that the scientific method is a structured step-by-step process?

- A. It ensures that all scientists start with a hypothesis.
- B. It ensures that observations and discoveries are the result of steps that can be repeated.
- C. It makes it harder to duplicate the final result.
- D. It makes it possible for the hypothesis to always be proven correct.

Correct
Read each question and choose the best answer.

Why was the work of Andreas Vesalius so important to medicine?

- A. His development of a more powerful microscope allowed scientists to see microorganisms for the first time.
- B. His studies of the human circulatory system correctly identified the heart as a pump that pushed blood through the human body.
- C. His work with ointments to prevent infection led the way for later discoveries in disease prevention.
- D. His book accurately describing human anatomy helped the research and discoveries of other medical scientists.

Correct
Read each question and choose the best answer.

Isaac Newton's contributions to science are sometimes referred to as the "Newtonian Revolution" because he

- A. was directly responsible for advances in all the fields of science of his time.
- B. totally disproved the traditional Ptolemaic belief that the sun and planets revolved around Earth.
- C. combined physics, mathematics, and astronomy to explain why the planets moved as they did.
- D. developed the laws of geometry that are still used today.

Correct
Read each question and choose the best answer.

What belief was shared by all the important scientists of the Scientific Revolution?

- A. that the ancient philosophers were correct in their original observations of the laws of nature
- B. that traditional methods of inquiry and discovery were correct, but needed greater accuracy
- C. that science and religion were always in conflict
- D. that truth is only achievable through a process of inquiry and observation

Pacing at a Glance

GLOSSARY

Term	Definition
CICA	California Innovative Career Academy; an adult-serving independent study charter high school.
HCCTS	Highlands Community Charter and Technical Schools; the charter management organization that operates CICA.
TRUSD	Twin Rivers Unified School District; the charter authorizer for CICA.
WIOA	Workforce Innovation and Opportunity Act; federal legislation supporting workforce development programs, which CICA partners with.
SETA	Sacramento Employment and Training Agency; a WIOA-funded partner organization.
CAASPP	California Assessment of Student Performance and Progress; a statewide academic assessment system.
CAST	California Science Test; a science component of the CAASPP suite.
CASAS	Comprehensive Adult Student Assessment Systems; a nationally validated testing system for adult basic education.
COAAP	Civic Objective and Additional Assessment Plan; assessment modules for EL Civics programs, aligned to CASAS.
EL Civics	English Literacy and Civics Education; curriculum combining English acquisition with civic participation.
SBAC	Smarter Balanced Assessment Consortium; standardized tests in ELA and Math included in CAASPP.
Edcite	A digital assessment platform used by CICA for EL Civics, End of Level tests and state testing practice.
Newsela	An online platform providing leveled articles for reading comprehension and critical thinking.
Burlington English	An English language learning platform offering digital and printable content for all levels.
Reading with Relevance	A literacy program using novels to develop reading and social-emotional skills.

ABC English	A foundational English curriculum for beginning learners.
Theme Packets	In-house, theme-based curriculum aligned to CASAS standards for various proficiency levels.
CTE	Career Technical Education; hands-on training in specific career pathways.
DASS	Dashboard Alternative School Status; a CDE accountability model for alternative schools like CICA.
SOP	Standard Operating Procedure; internal guidelines, such as those for attendance.
LCAP	Local Control and Accountability Plan; a planning and accountability tool required by the state.
CALPADS	California Longitudinal Pupil Achievement Data System; state reporting system for student-level data.
Great Hall	A collaborative platform at CICA where educators share curriculum resources.
ELPAC	English Language Proficiency Assessments for California; not used at CICA because it serves only adult learners.
ADEL	Adult English Language Learner; CICA's designation for adult English learners, not assessed by ELPAC.
SELPA	Special Education Local Plan Area; CICA remains a "school of the district" for special education purposes rather than joining a SELPA.
SDAIE	Specially Designed Academic Instruction in English; strategies for teaching academic content to English learners.
CCSS	Common Core State Standards; academic content standards adopted by California.
ESSA	Every Student Succeeds Act; federal law governing K-12 public education.
ESEA	Elementary and Secondary Education Act; federal legislation reauthorized by ESSA.
FERPA	Family Educational Rights and Privacy Act; federal law protecting student education records.
Ralph M. Brown Act	California law ensuring public access to meetings of local government bodies.

CAEP	California Adult Education Program; not the model used at CICA, which provides more extensive support.
NRS	National Reporting System; the federal accountability system for adult education programs.
GOALS 2	CASAS Math and Reading assessments for higher-level learners in the HS program.
ABC (College)	Advanced Beauty College; a discontinued external CTE partner.
Unitek College	A former CTE partner offering medical assistant training (now discontinued).
Federico	A discontinued CTE partner offering cosmetology and barbering training.
MIXED Institute	An external CTE partner offering cosmetology-related training.

Assurances, Affirmations, and Declarations

As the authorized lead petitioner, I, hereby certify that the information submitted in this application for California Innovative Career Academy, located within the boundaries and authority limits of the Twin Rivers Unified School District, is true to the best of my knowledge and belief; I also certify that this petition does not constitute the conversion of a private school to the status of a public charter school. California Innovative Career Academy (also referred to herein as "CICA" and "Charter School") shall:

- California Innovative Career Academy will commence services prior to September 30, 2019. The target date for the beginning of instruction is July 8, 2019: which will ensure compliance with Education Code § 47652(c).
- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter "Ed. Code") § 47605 (e)(1).)
- Not charge tuition. (Ed. Code § 47605 (e)(1).)
- Not discriminate against any pupil on the basis of the characteristics listed in Ed. Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics). (Ed. Code § 47605(e)(1); Ed. Code § 220.)]
- Admit all pupils who wish to attend Charter School (Ed. Code § 47605(e)(2)(A).) unless CICA receives a greater number of applications than there are spaces for students, in which case it will hold a public random drawing to determine admission. Except as required by Education Code Section 47605(e)(2), admission to CICA shall not be determined according to the place of residence of the student or of that student's parent or legal guardian within the State. Preference in the public random drawing shall be given as required by Education Code Section 47605(e)(2)(B)(i)-(iv). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of CICA in accordance with Education Code Section 47605(e)(2)(C). (Ed. Code § 47605(e)(2)(A)-(C).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School's capacity. Preference shall be extended to pupils currently attending Charter School. (Ed. Code § 47605 (d) (2) (B).)
- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the Charter School within 30 days if the Charter School demonstrates that the pupil had been enrolled in the Charter School. (Ed.

Code § 47605(e)(3).)

- Encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Ed. Code §47605(n).)
- The Charter School shall adhere to each of the conditions in Education Code § 47605(e)(4)(A)-(D), including: (A) not discouraging any student from enrolling, or seeking to enroll in the Charter School for any reason; (B) not requesting a student's records or requiring a parent, guardian, or student to submit the student's records before enrollment; (C) not encouraging a student currently attending the Charter School to disenroll or transfer to another school for any reason; and (D) providing a copy of the California Department of Education ("CDE") notice regarding the requirements in Education Code § 47605(e)(4)(A)-(D) to a parent/guardian or student if the student is 18 years of age or older: (i) when a parent/guardian or student inquires about enrollment, (ii) before conducting an enrollment lottery, or (iii) before disenrollment of a student. (Ed. Code § 47605(e)(4)(A)-(D)]
- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code § 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non- charter public schools. (Ed. Code § 47605(d)(1).)
- Consult, on a regular basis, with Charter School's students and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)
- Adhere to all provisions of federal law related to students with disabilities including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities in Education Improvement Act of 2004.
- Meet all requirements for employment set forth in applicable provisions of law, including, but not limited to credentials, as necessary.
- Ensure that teachers in the Charter School hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. The Charter School may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in the same manner as a governing board of a school district. (Ed Code § 47605(l)(1).)
- At all times maintain all necessary and appropriate insurance coverage.
- For each fiscal year, offer at a minimum, the number of minutes of instruction per grade level as required by Ed. Code § 47612.5(a)(1)(A)-(D).
- Maintain accurate and contemporaneous written records that document all pupil attendance and make these records available for audit and inspection.

- On a regular basis, consult with Charter Schools students, parents and teachers regarding the school's education programs. (Ed. Code § 47605(d)(2).)
- Comply with any applicable jurisdictional limitations to locations of its facilities.
- Comply with all laws establishing the minimum and maximum age for public school enrollment.
- Comply with all applicable portions of the Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by the Every Student Succeeds Act ("ESSA").
- Comply with the Brown Act and the Public Records Act.
- Comply with the Family Educational Rights and Privacy Act.
- Comply with Government Code Section 1090, et seq., as set forth in Ed. Code §47604.1.
- Comply with the Political Reform Act, Government Code Section 81000, et seq.
- Meet or exceed the legally required minimum of school days. (Title 5 California Code of Regulations § 11960.)

Jonathan Raymond for CICA
1111 Howe Ave., Suite 540
Sacramento, CA 95838

Element A: The Educational Program

"The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." (Ed. Code § 47605(c)(5)(A)(i).)

In accordance with California Education Code § 47605.1(f) and 47612.1, all instruction with CICA will be provided exclusively in partnership with a WIOA-funded organization, or other legally allowed exclusive partnership. CICA currently has a Memorandum of Understanding with the Sacramento Employment and Training Agency (SETA), the workforce development board for Sacramento County. Adult students who meet the terms of the partnership agreement and statutory requirements may be served by CICA.

Education Program Overview
Highlands Community Charter and Technical Schools (Highlands) is one of California's largest public charter organizations dedicated to second-chance learners. Highlands operates two public charter high schools for second-chance learners: Highlands Community Charter School (HCCS), a classroom-based program established in 2014, and California Innovative Career Academy (CICA), an independent study school founded in 2019. Both schools provide adults with the opportunity to earn a high school diploma while building workforce skills and career pathways.

The need for this type of charter school is immense. More than four million adults in California have not completed high school, yet tuition-free options for returning learners remain scarce. Highlands fills this critical gap with a model that not only transforms individual students, but also strengthens families and uplifts entire communities. California cannot afford to leave millions of adults without a diploma and a workforce pathway—and Highlands exists to ensure that doesn't happen. Our model is creating generational change while directly fueling the state's workforce pipeline.

California Innovative Career Academy

California Innovative Career Academy (CICA) is one of Highland's two charter school programs. CICA provides a flexible independent study model designed for adults.

CICA serves:

- Adults aged 22 years old and older without a US high school diploma
- Parents who left school early to raise children
- Adults rebuilding after involvement with the justice system
- Immigrants and refugees seeking to learn English
- Working adults who left school for economic reasons

Reflecting Sacramento's international diversity, CICA enrolls students from dozens of countries and language groups, including large communities from Afghanistan, Ukraine, Russia, Mexico, and Vietnam. Students engage in individualized learning plans, meet regularly with teachers, and access in-person and online support designed around their schedules, languages, and goals. Instruction integrates English language development, diploma completion, and career training so that multilingual learners can strengthen academic and workforce skills simultaneously.

Mission and Vision Statement
CICA is a diverse community for social justice, serving the underserved, providing access to education, technology, communication, and employment for 21st-century achievers. Through community partnerships, CICA builds new legacies leading to self-sufficiency and generational change.

Vision
The vision of CICA is to eradicate educational inequality and promote workforce success.

Educational Philosophy
CICA believes the biggest challenge of the 21st century has been, and will continue to be, ensuring that all people have the opportunity to obtain the skills and knowledge necessary for sustainable living wage jobs. To meet this challenge in a constantly changing technological, academic, and professional environment, students must:

- Become self-motivated, competent, and lifelong learners.
- Build academic, workforce, and social-emotional skills.
- Engage in flexible, student-centered instruction tailored to individual needs.

CICA affirms that a well-educated person must not only demonstrate strong academic proficiency but also be equipped with the habits of mind and adaptability required to navigate an evolving global economy. Lifelong learning, problem-solving, and creative thinking are essential for building opportunity and transforming talent into true skill. These qualities enable students to contribute meaningfully to their communities and pursue personal and professional success. While CICA is committed to offering the same broad course of study to all students, it is grounded in the knowledge that flexible instruction tailored to meet the needs of individuals is essential to achieving positive outcomes for the diverse population it serves.

Impact

CICA is demonstrating measurable impact:

- **Graduation:** Nearly 580students graduated from CICA in 2024–25 alone.
- **Employment:** More than half (53%) of HCCTS graduates reported jobs averaging above $20/hour, and 40% pursued college.
- **Career pipeline:** One in four graduates at HCCTS completed a CTE program in fields like health care, transportation, IT, and skilled trades. In the 2024-2025 school year 370 students visited the Center for Workforce Solutions a total of 622 times.
- **Family transformation:** Parents returning to school model persistence and achievement

for their children, breaking intergenerational cycles of poverty.
- **Justice and opportunity:** To date, Highlands has facilitated 24 expungements, helping returning citizens reenter the workforce with stability and dignity.

Student Population

CICA serves a uniquely diverse student population, with the majority being immigrants and Below you will find a table that shows all the locations where CICA teachers and staff are refugees. Some students arrive with advanced degrees from their home countries, having worked as engineers, teachers, or medical professionals. Others come with little or no formal education and are just beginning to learn to read, write, or speak English. Our model is designed to honor this full spectrum of lived experience—meeting students where they are and supporting them in reaching their goals.

CICA welcomes all adult learners over the age of 22, admitting students based on available capacity and through lottery procedures. At its core, the school is guided by the belief that every student—regardless of their starting point—deserves access to a high-quality education, a pathway to a brighter future, and the unwavering support of a community that sees and nurtures their potential.

CICA Locations where instructors meet for in-person engagement with students:

CICA Locations 2025-2026	
Student Serving Locations	
Name	Address
33rd St.	2520 33rd St, Sacramento, CA 95817
37th Ave.	3301 37th Avenue, Sacramento, CA 95824

Hemlock St.	5537 Hemlock Street, Sacramento, CA 95841

Leadership
In July 2025, CICA entered a new era of reform and renewal under the leadership of Executive Director Jonathan Raymond, a former superintendent of Sacramento City Unified School District. With a sharpened focus on transparency, equity, and academic rigor, we are reimagining what second-chance education can be in California.

Our goal is to build back better with integrity, urgency, and a deep commitment to putting students first in every decision. We are raising standards across the board: ensuring every classroom has a credentialed teacher, implementing clear policies for fiscal responsibility, lowering class sizes, implementing a rigorous and standards-aligned curriculum, adjusting the bell schedules to expand professional learning for teachers, and broadening access to career training aligned with California's and Sacramento's workforce needs.

While the school is currently operating with fewer staff and reduced enrollment due to recent layoffs, the reforms now underway are deep and structural. Each initiative reflects our commitment to rebuilding a school system that delivers on its promise to students, families, and the public.

Executive Leadership
The Executive Leadership at CICA provides high-quality leadership to create and sustain a meaningful learning environment that supports student academic progress. Under the direction of the Board, the Cabinet—comprising the Executive Director, Chief Academic Officer, Chief Operating Officer and Chief Business Officer—develops, implements, and evaluates key school systems and processes, including academic, human resources, finances, assessment, facilities, and accountability. Job descriptions and qualifications for each role are outlined below.

Leadership Team
Jonathan Raymond, Executive Director
Jonathan Raymond is a nationally respected education leader known for helping institutions navigate moments of deep crisis and emerge stronger, more accountable, and more student-centered. He most recently served as Senior Vice President and Superintendent in Residence at City Year, a national youth development and education nonprofit, where he oversaw education policy and provided strategic guidance to local and national systems working at the intersection of education, equity, and workforce development. As the Superintendent of the City

School District of New Rochelle, he led the district through the final stages of the COVID-19 pandemic, investing in whole-child supports, accelerating learning recovery, and strengthening school-community partnerships. His leadership prioritized mental health, expanded after-school and summer enrichment, and delivered resources to students most impacted by the Pandemic.

Prior to that, Raymond served as Superintendent of Sacramento City Unified School District, where he guided one of California's largest urban districts through historic budget deficits, deep structural reform, and the early stages of a statewide shift toward equity-driven education. Under his leadership, the district raised graduation rates, introduced whole-child support, launched early learning and summer programs, and transformed some of its most underserved schools into high-performing campuses — all while navigating one of the toughest fiscal climates in California history.

Raymond's crisis-tested leadership is grounded in a lifelong commitment to public service. He previously served as Executive Director of the Massachusetts COVID-19 Relief Fund, Chief Accountability Officer of the Charlotte-Mecklenburg Schools in North Carolina, and President of the Stuart Foundation, California's largest K-12 education philanthropy. He began his career as a labor law attorney and brings legal, nonprofit, and philanthropic expertise to every challenge. He is a graduate of the Broad Superintendents Academy, and holds a JD from George Mason University School of Law, an MA from The Fletcher School of Law and Diplomacy at Tufts University, and a BA from Tufts University. He also completed the Executive Management Program at Harvard Business School.

Throughout his work, Raymond has earned a reputation for putting students first, building trust in fractured environments and helping systems rise from instability to renewal. As the newly appointed Executive Director of Highlands Community Charter, he brings that same steady hand to a school community that is ready to rebuild and thrive.

Teresa Cummings, Chief Operations Officer

Teresa is a seasoned systems-level leader with nearly three decades of experience transforming education through strategy, accountability, and innovation. She has served as Chief of Staff and Chief Accountability Officer, bringing clarity, alignment, and execution to large-scale organizational priorities. Holding a Ph.D. from the University of Illinois, Chicago, Teresa's career spans the full spectrum of education—from PreK–12 classrooms to community colleges and universities—where she has excelled as a teacher, administrator, and author of mathematics curricula.

Her leadership portfolio includes extensive executive-level district administration, where she has shaped policy, accountability systems, and instructional improvement at scale. Beyond the district level, Teresa has advanced research and development efforts for non-profits, the Riverside County Office of Education, and the Stuart Foundation, where she co-developed an organizational health review now used to strengthen institutional performance.

Across every role, Teresa has been recognized for her ability to integrate research, practice, and policy into sustainable systems that drive student achievement and organizational excellence.

Eric Chapman, Chief Academic Officer

Eric Chapman holds a Master of Education from California State University, Sacramento, and has dedicated more than 25 years to the field of education. He began his career as a classroom teacher and instructional coach in the Del Paso Heights School District before moving into school leadership, serving as principal at four sites within the Sacramento City Unified School District. In these roles, he led transformative turnaround efforts in literacy, family engagement, and community school models, while guiding schools through continuous improvement cycles, professional learning, and student-centered restructuring initiatives. Since 2008, his leadership has focused on building systems that foster equity, innovation, and academic achievement. Eric now serves as Chief Academic Officer for Highlands Community Charter and Technical Schools, where he directs efforts in career technical education, workforce alignment, and equity-driven systems that expand opportunities for adult learners. Recognized as a mentor and collaborator, he is deeply committed to advancing student success and harnessing the power of schools to strengthen communities.

Matthew Lemos, Chief Business Officer

Matthew Lemos brings more than two decades of leadership experience in finance, operations, and team management across both the education and hospitality sectors. He began his career in the gaming industry, serving as a floor supervisor, pit manager, and head trainer, where he developed expertise in staff development, customer service, and process improvement. Transitioning to the nonprofit and education fields, Matthew has spent the past six years directing financial services for charter schools in California and Nevada. He has overseen multimillion-dollar budgets, compliance with state and federal regulations, and the development of policies and systems that ensure fiscal stability and operational excellence.

Matthew currently serves as Chief Business Official for Highlands Community Charter and Technical Schools, where he provides strategic leadership in finance, operations, and risk management to support the school's mission of preparing career-ready graduates. Known for his strong communication skills, ethical leadership, and collaborative approach, he is dedicated to building sustainable systems that strengthen schools and expand opportunities for students and staff alike.

Melissa Roberson, Director of Accountability and Assessment

Melissa Roberson is the Director of Accountability and Assessment, bringing over a decade of experience in education with a strong foundation in teaching, leadership, and data-driven decision-making. She earned her Master's degree from the University of Southern California in 2016 and went on to serve as a principal for five years, where she championed student outcomes and teacher growth. With a background as an experienced ELD and ESL teacher, Melissa has deep expertise in instructional strategies and supporting English learners. In her current role, she oversees WASC accreditation, state reporting, and manages the relationship with the Twin Rivers Unified School District, ensuring compliance and alignment with school goals. Known for her integrity, student-centered approach, and sharp focus on data, Melissa is dedicated to building systems that elevate teaching and learning for all students.

Mayra Valdivia, Director of School Services

Mayra Valdivia is an educator and administrator dedicated to advancing student success through

strategic leadership, community partnership, and program development. She began her career as a high school counselor, supporting students' academic, social-emotional, and career growth, and later served as Lead ELD Counselor, directing programs that expanded services for English learners. She went on to serve as Director of Student Services and Assistant Deputy Director at Highlands Community Charter and Technical Schools, overseeing counseling, student support, and departmental operations while strengthening community partnerships. In 2024, she was appointed Deputy Director of School Services, where she supervises directors, guides program implementation, and represents the organization in legislative and community settings to advocate for policies benefiting students and families. Mayra holds a Master of Science in School Counseling from California State University, Sacramento, and earned her Preliminary Administrative Services Credential in 2024. She has also completed leadership and charter school business officer training through the Charter Schools Development Center. Fluent in English and Spanish, she is a strong advocate for equity and access, committed to expanding opportunities for diverse student populations.

Student Challenges and Needs
CICA incorporates several innovative features throughout its programming, anchored by a few distinct approaches that set it apart from other local schools and allow it to serve the whole student. CICA serves adult learners balancing complex lives. Many students juggle employment, family care, and basic needs, often without reliable transportation, devices, internet, or childcare – limiting the time they can devote to school.

Trauma and Life Experiences
A significant number of students have experienced displacement, poverty, homelessness, addiction, or justice-system involvement. Students who have experienced incarceration face additional barriers to re-entry and benefit from CICA's targeted academic and social-emotional supports.

Basic Needs
Many students lack access to fundamental necessities, including food, appropriate clothing, school supplies, and stable housing. Refugee and immigrant students also navigate new cultural norms and technology while building English proficiency and seeking employment.

Student Goals and Motivations
Students enroll with interconnected goals: improving English proficiency, earning a long deferred high school diploma, developing career skills, supporting their families, and engaging more fully in their communities. For many, the diploma is both a dream realized and a gateway to economic stability and higher education. CICA recognizes that academic achievement must be pursued alongside students' broader life goals, creating pathways that honor both educational attainment and personal aspirations.

Characteristics of an Educated Person in the 21st Century

CICA defines an educated person in the 21st century as someone who:

- Masters core academics (English, mathematics, science, history/social science) and communicates effectively in English in college and workplace settings.
- Thinks critically and acts independently, applying problem-solving in academic and professional contexts.
- Collaborates and contributes, practicing empathy, constructive communication, and conflict resolution in diverse, multi-age, multicultural classrooms.
- Engages as a global citizen, understanding democratic principles and social, political, and environmental issues, and participating respectfully across cultures.
- Is digitally fluent, using technology confidently for learning, work, and civic life.
- Balances well-being, developing habits that sustain healthy, productive lives across family, work, and community.

Our students seek understanding and peace within multi-age, multicultural classrooms and respect the rights of others to do the same. We support students in developing personal habits for a healthy lifestyle—balancing academics, leisure, work, family, and community. Students who have limited access to technology learn to use digital tools for increased success in school, work, and civic life.

Our students are scholars who build proficiency in English, Mathematics, Science, and Social Studies/History. As members of the California community, they communicate effectively and contribute to the world around them. They are prepared to meet the expectations of college classrooms and to engage thoughtfully with new ideas.

Our students are community members who collaborate with others, contribute to projects, and manage and resolve conflicts using the communication tools learned in our classrooms. They are motivated to provide meaningful service and to apply their developing talents in real settings. We send our students into the workforce confident in the communication, collaboration, and competency they have developed.

Our students are citizens of the world who understand the foundations of constitutional democracy, the rights and responsibilities of all, and the importance of staying informed about political, social, and environmental issues. By learning together in diverse classrooms and on our campuses, students deepen their understanding of other political, social, and cultural systems and practice peaceful coexistence.

Our students are members of an increasingly technical and information-based world and are competent, comfortable users of a wide range of technologies. They view technology as an integral part of learning and life and remain open to new tools and approaches as they emerge.

Core Beliefs

CICA supports all adult learners 22 and older to have agency and to chart the path that will help them achieve their academic vision. We have research-based beliefs about learning in general, learning for adults, and learning for English Language Learners that inform our approach to teaching and learning. Our educational philosophy is grounded in three interconnected beliefs that recognize the complexity and humanity of adult learning. These principles guide every

aspect of our instructional design, student support systems, and organizational culture.

CICA's instructional model is grounded in three beliefs that reflect the complexity and humanity of adult learning:

Learning Happens Within the Contexts of Safe and Trusting Relationships
Adult learners, particularly those who have experienced educational trauma or systemic barriers, require learning environments that prioritize psychological safety alongside academic rigor. Trust is not a luxury in adult education—it is a prerequisite for the kind of vulnerable, transformative learning that leads to lasting change.

- **Trauma-Informed Educational Practices.** Many of our students carry the impacts of various forms of trauma, including displacement or systemic oppression. Our approach recognizes that trauma affects learning by impacting memory, concentration, and the ability to take academic risks. We create predictable, supportive environments where students can rebuild their relationship with learning in contexts that feel safe and affirming.
- **Relational Pedagogy.** We understand that learning is fundamentally relational. Students are more likely to engage in challenging academic work when they feel seen, known, and valued by their instructors and peers. Our educators invest time in building authentic relationships with students, learning about their goals, interests, and concerns. This relational foundation allows for the kind of honest feedback and academic push that leads to growth.
- **Community Building and Peer Support.** We intentionally cultivate learning communities where students support each other's growth and success. This includes structured opportunities for peer collaboration, study groups, and mentoring relationships.

Instruction Meets Students Where They Are
Meeting students where they are is more than an instructional strategy—it is a fundamental stance that honors the diverse pathways that bring adult learners to our doors. Our students arrive with varying levels of formal education, different cultural approaches to learning, and unique combinations of strengths and areas for growth. This reality requires us to move beyond one-size-fits-all approaches toward responsive teaching that builds on what students already know and can do.

- **Support for students with interrupted or inconsistent formal education (SIFE).** We pair intensive foundational skill-building with access to grade-level content, explicitly teaching academic literacy (how to use texts, take notes, discuss, and present) while maintaining high expectations.
- **Asset-based assessment and design.** We start from each learner's full profile—schooling, work, community, and self-directed learning—to connect new knowledge to existing strengths.
- **Flexible pathways**. Multiple routes, paces, and modalities; choice in demonstrating learning; supports that fit adult schedules.
- **Responsive teaching.** Ongoing formative assessment drives just-in-time re-teaching or acceleration (see Professional Development for PD structures).
- **Cultural and linguistic responsiveness.** We leverage what students know—and

how they know it—to make rigorous content accessible.

Adults Learn Best With Agency and Relevance.
Every student develops an Individual Learning Plan (ILP) that names short- and long-term goals (education, work, family). During orientation, students learn pathways and requirements so they can make informed choices. Teachers and counselors help students write SMART goals, map required credits/certifications, and identify supports. Progress is revisited in regular check-ins using simple dashboards/trackers, and students complete brief reflections to build the metacognitive habits that sustain lifelong learning.

- **Choice and Flexibility in Learning.** Adult learners thrive when they have options in how they engage with content and demonstrate their learning. We provide multiple ways for students to explore topics of interest, pursue individual research projects, and showcase their growing knowledge and skills.
- **Real-World Connections and Application.** Learning feels most relevant when students can see immediate applications to their lives and goals. The curriculum we use has many opportunities to connect academic content to contemporary issues, workplace skills, and community engagement opportunities. Students might analyze historical patterns to understand current social issues or conduct scientific investigations related to health or environmental concerns in their communities.
- **Career and College Integration.** We explicitly connect academic learning to students' career and college goals, helping them understand how the skills they're developing will serve them in future educational and professional contexts. This includes developing academic habits of mind, communication skills, and critical thinking abilities that transfer across contexts.
- **Student Voice and Feedback.** Students have regular opportunities to provide feedback about their learning experiences and suggest improvements to courses and programs. Please see the student survey section below for more detailed information. We view students as partners in the educational process, recognizing that their insights about what supports their learning are essential for continuous improvement. This feedback loop helps students develop advocacy skills while ensuring our programs remain responsive to their needs.
- **Ownership of Learning Outcomes.** We support students in developing the ability to assess their own learning and set goals for improvement. This includes teaching students to use rubrics, reflect on their growth over time, and identify specific strategies that support their success.

These three foundational beliefs work together to create learning environments where adult students can achieve their educational goals while developing the skills, knowledge, and confidence they need for continued success in their academic, professional, and civic lives.

CICA supports all adult learners to have agency and to chart the path that will help them achieve their academic vision. We have research-based beliefs about learning in general, learning for adults, and learning for English Language Learners that inform our approach to teaching and learning. Our educational philosophy is grounded in three interconnected beliefs that recognize the complexity and humanity of adult learning. These principles guide every aspect of our

instructional design, student support systems, and organizational culture.

Mental Health and Wraparound Services
We recognize that academic success is interconnected with students' overall well-being. Our support systems include connections to mental health resources, basic needs support, and advocacy services that address the systemic barriers our students face. We work in partnership with community organizations to provide comprehensive support that allows students to focus on their learning.

Addressing the Social-Emotional Impacts of Educational Interruption

Students with interrupted formal education often experience complex emotions related to their academic journey, including shame about gaps in their knowledge, anxiety about academic performance, or frustration with the pace of progress. We create learning environments that normalize diverse educational pathways and celebrate the varied forms of knowledge students bring.

Supporting Students with Interrupted or Inconsistent Formal Education (SIFE)

A significant portion of our student population has experienced interruptions in their formal schooling due to migration, economic necessity, political instability, or family circumstances. These students bring rich life experiences and often sophisticated problem-solving skills, yet they may have gaps in traditional academic content or unfamiliarity with formal educational expectations. We reject deficit-based approaches that focus on what these students lack, instead building comprehensive support systems that honor their strengths while addressing their specific learning needs.

Our approach to supporting SIFE students includes intensive foundational skill development alongside grade-level content engagement, recognizing that these students need both remediation and acceleration. We provide explicit instruction in academic literacy skills—including how to navigate textbooks, online curricula resources, take notes, and engage in classroom discussions—while maintaining high expectations for critical thinking and complex problem-solving.

Asset-Based Assessment and Instructional Design

We begin by understanding each student's full educational profile, including formal schooling, work experience, community involvement, and self-directed learning. This comprehensive view allows us to design learning experiences that connect new knowledge to existing understanding while addressing genuine learning needs. Rather than focusing on deficits, we identify the multiple entry points through which students can engage with rigorous academic content.

Flexible Pathways and Differentiated Support

Meeting students where they are means creating multiple pathways through our curriculum that allow for different paces, learning styles, and life circumstances. Our new curriculum, which covers all disciplines, allows teachers to alter the reading level of the text to meet the student at their level and provide translated background text and videos that build background knowledge

to enhance ELLs' access to the core grade-level curriculum and the grade 9-12 California State Standards. This includes offering content in various modalities, providing choice in how students demonstrate their learning, and designing support systems that accommodate working adults with family responsibilities and other commitments.

Diagnostic and Responsive Teaching

Our teachers continuously gather information about student understanding and adjust instruction accordingly. This goes beyond initial placement to include ongoing formative assessment that reveals how students are making sense of new concepts and where additional support or challenge is needed. We create learning environments where struggle is normalized as part of the learning process, and where students receive the specific feedback they need to move forward. See more about this in the professional development section.

Cultural and Linguistic Responsiveness

Meeting students where they are requires a deep understanding of the cultural frameworks and prior educational experiences that shape how students approach learning. We work to understand not just what students know, but how they know it—the cultural tools and ways of thinking they bring that can be leveraged for new learning.

Self-Directed Learning and Goal Setting

We work with students to identify their short-term and long-term goals and help them understand how their coursework connects to these aspirations. This begins in orientation, where they learn the pathways and requirements so that students can make informed decisions about their academic path. Students participate in setting their own learning objectives within the framework of academic standards, and they regularly reflect on their progress toward these goals. This self-direction increases engagement and helps students develop the metacognitive skills essential for lifelong learning.

<u>Foundational Research and Theories Supporting Our Approach</u>

Adult Education Learning Theories
CICA applies research-based adult learning theories to design educational programs that recognize adult students have different needs than traditional K-12 students. The school incorporates adult learning theories, differentiated instruction, and student-centered approaches to meet diverse learner needs. Malcolm Knowles' foundational research (1980) identifies key differences between adult and child learners: adults are self-directed, bring rich life experiences, are problem-oriented, and are motivated by internal factors. Patricia Cross (1981) emphasizes that adult learners are typically voluntary participants who may feel insecure about learning but are motivated to solve real-world problems. Cross identifies multiple motivation sources including personal achievement, social factors, and career advancement.

Sociocultural Theories
According to Sociocultural Theory (SCT), social interaction is the foundation of all learning

(Walqui, 2008). Sociocultural perspectives in language acquisition emphasize real-world participation with authentic language and activities that occur in everyday life (Zuengler & Miller, 2006). Some of the primary assumptions of Sociocultural Theories are that learning occurs before development, that language is the primary tool for thought (Mitchell, Myles, & Marsden, 2013), that writing and speaking are connected (Lightbrown & Spada, 2012), that mediation is essential to learning (Walqui, 2008), and that concept-based instruction aids learning (Mitchell, Myles, & Marsden, 2013). The Zone of Proximal Development (ZPD) and Scaffolding are two very important concepts in Sociocultural Theory. The ZPD is the stage in which the learner can advance because of support (scaffolding) that's provided to them by an interlocutor (Lightbrown & Spada, 2012). Scaffolding is defined as "a process of setting up" the situation to make the student's entry easy and successful and then gradually pulling back and handing the role to the student so that the student becomes independent enough to handle it (Walqui, 2008). For example, in traditional Sociocultural Theory, meaningful interactions take place between an expert (teacher) and a novice (student), where the expert provides the learner with scaffolding during the learner's ZPD.

Differentiated Instruction

Each student arrives at a different level, with unique learning styles, interests, and abilities. Recognizing this diversity, differentiated instruction is utilized to ensure the needs of all students are met. Differentiated instruction (also known as differentiated learning) is a teaching framework in which the teacher works to simultaneously address the diverse learning needs of all students in one class (Maloy, Verock-O'Loughlin, Edwards, & Woolf, 2013). It is commonly used in multi-level classrooms to meet the needs of students with special educational needs, English language learners, and students who are advanced or in talented and gifted programs. It allows students the opportunity to learn through various avenues, and each student has different expectations based on learning styles and abilities. According to the U.S. Department of Education's Literacy Information and Communication System (2012), the design is intended to engage students at a range of different levels with various learning styles and to make learning meaningful for students at every level. According to Carol Ann Tomlinson (2003), differences in student learning exist in four categories: readiness (prior knowledge), interest (curiosity), learning profile (formal or informal), and affect (self-regard). Before teachers can differentiate their lessons, teachers must understand their students' levels, abilities, learning styles, interests, strengths, and challenges (Corley, 2005).

Content-Based Instruction (CBI)

CBI is particularly critical for high school English Language Learners because it addresses the dual challenge of mastering academic content while developing the academic language skills essential for school success. By embedding language development within meaningful content learning, CBI creates authentic contexts for language use, builds subject-specific vocabulary, and prepares students for college-level coursework. Research shows this empowering approach encourages learners to become independent, continuing their language development beyond the classroom while simultaneously meeting rigorous academic standards required for high school graduation and post-secondary success.

For students developing foundational language skills such as reading and writing, context plays a critical role in supporting both language and literacy development. Content-Based Instruction

(CBI) provides context-rich materials through the curriculum, offering meaningful opportunities for students to build language skills while engaging with relevant academic topics. One of the most critical challenges we face is the persistent and widening vocabulary gap, which can significantly impact the academic progress of learners across all age groups. CBI addresses this challenge.

Supporting our English Learner Population

CICA serves a population of older English learners who are not eligible for the English Language Proficiency Assessments for California (ELPAC) nor appear in the California Dashboard for purposes of the English Language Proficiency Indicator (ELPI).[1] Almost all of the students at CICA are classified in CALPADS as adult English Language Learners or ADELs. CICA goes to great lengths to serve the needs of our English Language Learners.

Language learning for adults can differ from traditional models of education. It is deeply personal work that builds on the rich linguistic and cultural assets that students bring with them. Because compulsory education requirements do not apply to adult students, myriad factors constantly pull them away from their educational goals. Our approach to supporting English Language Learners recognizes that language acquisition happens most effectively when it is meaningful, relevant, and connected to students' lived experiences and goals.

At CICA, we understand that our students are not empty vessels waiting to be filled with English. They are accomplished individuals who have navigated complex systems, often in multiple languages, and bring sophisticated problem-solving skills and cultural knowledge that enrich our entire learning community. Our role is to create learning environments where students can leverage these strengths while building academic and professional English proficiency.

Our approach to English language learning is grounded in several research-informed principles that guide our instructional design and student support:

Language and Content Learning Are Interconnected.

Research consistently shows that students learn language most effectively when it is embedded in meaningful, content-rich contexts (see CBI explanation above). Our integrated approach ensures that students are simultaneously building language skills and engaging with rigorous, standards-aligned academic material relevant to their goals.

Students' Home Languages Are Resources, Not Barriers.

Multilingualism is an asset that enhances cognitive flexibility and cross-cultural communication skills. We create space for students to use their full linguistic repertoire as they build English proficiency, recognizing that translanguaging—the fluid use of multiple languages—is a natural and effective learning strategy. We also believe that our students bring life experience, motivation, and clear goals that can accelerate their learning when properly supported.

[1] Education Code section 306, section (a), defines “English learner” for ELPAC and ELPI requirements by incorporating the definition of 20 U.S.C. 7801 (20)(A), i.e. “the term ‘English learner’, when used with respect to an individual, means an individual who is aged 3 through 21.”

Language Assessment Upon Enrollment

As a WIOA partner, CICA assesses all students during the admissions process and monitors their progress through CASAS testing. The first assessment, administered during registration, is the placement exam, which evaluates students' reading, writing, listening, speaking, and grammar skills. This exam is scored with an internally developed rubric.

During orientation, students also complete CASAS reading and listening assessments. CASAS provides standardized progress testing designed to measure learning along a continuum, from beginning literacy and English language acquisition through the completion of secondary-level skills. Several test series monitor student progress, with difficulty levels ranging from below Level A through Level E. Administering CASAS at enrollment establishes a baseline, followed by post-testing after 70–100 hours of instruction to track student progress over time.

If a teacher determines that a placement is inaccurate, a reassessment may be requested. If the reassessment results in a different level placement, the placement team updates the student's record in PowerSchool and informs the teacher of the revised placement.

The placement rubric is updated annually based on teacher and student feedback. Updates are shared with the curriculum team to confirm alignment with CICA level objectives. Any additional feedback is integrated before the rubric is finalized for use in the upcoming school year.

Reclassification
CICA serves English Language learners who must be designated in CALPADS as Adult English Language Learners (ADEL). ADEL students do not participate in ELPAC testing and do not appear as English Language learners on the California Dashboard for purposes of the English Language Proficiency Indicator (ELPI). We track and report ESL advancement as determined by CASAS testing.

Enrollment
CICA's enrollment continually increased from its establishment in 2019 through the 2024-2025 school year. While interest in enrollment remains sky-high, CICA expects to see a flattening or potential decrease in enrollment this year due to compliance with newly clarified requirements for credentialing and class-size ratios. CICA's commitment to continuous improvement has required updates to enrollment policies and procedures that have temporarily reduced its total enrollment capacity for the 2025-2026 school year.

Five-Year Enrollment Rollout Plan
As of September 2025, CICA has 900 students enrolled and will implement a steady, sustainable growth plan over the next five fiscal years. CICA is in the process of reviewing teacher case loads and enrollment in order to enroll more students at CICA to meet the expected enrollment of 1500. Growth will remain aligned with the school's capacity to hire and develop additional K-12 credentialed teachers. The planned five-year enrollment rollout is as follows:

Academic Year	Students enrolled

2025-2026	1,500
2026-2027	1,650
2027-2028	1,815
2028-2029	1,997
2029-2030	2,196

- Enrollment Caps: Each class will have an enrollment cap of 25:1 to ensure compliance with Independent Study requirements under Education Code section 51745.6, subdivision (d).
- Monitoring and Rebalancing: CICA Principals will regularly monitor enrollment and class sizes, making adjustments as needed to maintain educational quality and compliance with capacity guidelines.

Admission Process
CICA has implemented a comprehensive admission process to prepare and place incoming students. This process includes registration, grade level placement, an overview of student expectations and services, and covers any technology-related needs. This enrollment process ensures students are fully supported from registration to their first day, setting them up for success at CICA.

CICA's Program Goals and Student Learning Outcomes

CICA has established three Schoolwide Learner Outcomes (SLOs):

- **Academic Growth:** Students demonstrate measurable achievement each term through standards-aligned assessments and performance tasks.
- **Career Progress:** Students make documented advancement toward their individualized education and career goals.
- **Digital Communication:** Students use technology effectively and responsibly for personal, academic, and workplace communication.

Many students enter CICA with significant gaps in English language proficiency, academic skills, communication, and technology use. These SLOs are designed to close those gaps and set students on a path to long-term college, career, and community life. To implement these goals in our classrooms and bridge individual goals to content standards, we embed Integrated English Language Development supports within the facilitation of learning across all content areas. We monitor progress through course and credit completion, common formative assessments, and CASAS progress monitoring data.

By offering adult education to students aged 22 and older who have not yet earned a U.S. high school diploma, we work to reduce educational inequity. Our programs are anchored in K-12 state standards shaped by the needs of our students and community and grounded in a deep commitment to equity and social justice. We emphasize technology fluency, workforce readiness, and supportive services that remove barriers to persistence and completion. At CICA, we believe in our students, we believe in our community, and we believe that it's never too late to achieve one's goals.

CICA Satisfactory Student Progress

CICA has established a Satisfactory Academic Progress (SAP) policy (BP 5120) to ensure that students are consistently advancing toward their academic and career goals. This policy applies to all students enrolled in high school education. To remain enrolled, students must meet SAP standards, which include maintaining a minimum GPA, earning required credits, making measurable progress in English language acquisition (for ELD students), and fulfilling the specific SAP criteria of their CTE programs. SAP is evaluated every six weeks, and students who do not meet the requirements may be placed on Academic Notice. Continued noncompliance will result in disenrollment.

Attendance and engagement are also key components of SAP evaluation, with manual attendance records retained for at least three years in accordance with California regulations. Students who do not meet SAP in their CTE program may appeal by submitting a written reflection and evidence of corrective actions. Approved appeals result in a probationary period during which students must meet SAP standards to maintain enrollment. The policy aligns with state and federal regulations and is reviewed regularly to ensure legal compliance and support for student success.

The Instructional Leadership Team: Stewards of CICA's Academic Goals

CICA's program goals are guided and supported by the Instructional Leadership Team (ILT), a cross-functional leadership team that ensures academic excellence and coherence. The ILT is composed of the Chief Academic Officer, principals, teacher leaders, the Director of Professional Learning, the CASAS Coordinator, and the Director of Curriculum. Meeting biweekly, the ILT reviews student learning data, designs responsive professional learning, and incorporates teacher feedback to continuously improve instruction. The team works to align goals, accountability measures, and instructional priorities, providing instructors with a roadmap of how these efforts intersect to form CICA's core academic vision.

Common Core Standards

CICA is committed to providing a rigorous, standards-based education that meets the unique needs of adult English language learners while ensuring students progress toward California State Standards across all subject areas. Our curriculum design and instructional practices are systematically aligned with the California Common Core State Standards for English Language Arts and Mathematics, the Next Generation Science Standards, and the California History-Social Science Standards. We integrate English Language Development (ELD) standards with content area instruction, utilizing sheltered instruction strategies and culturally responsive teaching practices that honor students' diverse linguistic and cultural backgrounds. Teachers employ scaffolded approaches to make grade-level content accessible, incorporating visual supports, collaborative learning structures, and native language resources when appropriate to support comprehension and academic language development. Through regular assessment of both English proficiency growth and content mastery, we continuously monitor student progress, adjusting instruction to meet learners where they are while maintaining high expectations for academic achievement.

Core Subjects

CICA offers students access to an A-G curriculum in English Language Arts, Mathematics, Science, History/Social Studies, and a range of electives.

English Language Arts

The English Language Arts sequence moves students through a progressive sequence from foundational grammar and language skills to advanced writing, research, and literary analysis. Rooted in Common Core standards, the curriculum emphasizes critical thinking, effective communication, and collaboration. Students engage with diverse fiction and nonfiction texts from various cultures centered on Social-Emotional Learning themes. Students develop skills in reading comprehension, argumentation, and narrative writing. The program culminates in advanced coursework focused on research proficiency, source evaluation, and multimedia presentations, preparing learners for academic and professional communication success.

Mathematics

Mathematics courses build essential numeracy and problem-solving skills through a sequence aligned with the California Common Core standards, beginning with Pre-Algebra and progressing through Algebra 1 and Geometry. Students gain proficiency in fractions, decimals, ratios, proportions, equations, and geometric concepts, with an emphasis on applying

mathematical reasoning to real-world contexts such as financial literacy. Instruction develops critical thinking and multiple forms of representation—numerical, graphical, verbal, and symbolic—preparing students for higher-level math and everyday applications.

History and Social Science
The History-Social Science courses provide students with a comprehensive understanding of civics, U.S. history, world history, government, economics, and ethnic studies. Instruction integrates literacy and critical thinking while connecting academic content to students' lived experiences. Students explore foundational principles of democracy, historical events, cultural diversity, and economic systems, emphasizing analytical skills through document analysis and inquiry-based learning. The curriculum prepares students to engage as informed citizens, fostering cultural awareness, social justice, and active participation in society.

Science
The Science courses offer foundational courses in Earth Science and Life Science, fulfilling graduation requirements while building scientific literacy and critical thinking. Earth Science introduces students to the dynamics of Earth and space systems, climate, natural phenomena, and human environmental impact. Life Science covers biological concepts such as chemistry, biodiversity, population dynamics, genetics, and environmental interactions. The curriculum emphasizes conceptual understanding and real-world application of scientific principles.

Visual and Performing Arts
The Visual and Performing Arts courses introduce students to fundamental concepts in stage performance, music theory, and vocal technique. Courses cover stage presence, character development, and the structure of the music industry, alongside foundational music theory, history, and vocal training. Students develop confidence and skills for performance and gain an understanding of music's cultural significance, preparing those interested in careers in music, theater, or entertainment.

Electives
CICA's Elective offerings allow students to strengthen literacy, communication, critical reading, and public speaking skills. Courses like Reading for Pleasure foster a love of reading through engagement with socially relevant themes, enhancing comprehension and analytical abilities. Public Speaking electives build students' rhetorical knowledge, speech planning, and presentation skills while promoting ethical communication and confidence. These courses enrich students' academic experience and prepare them for effective expression in various personal and professional contexts.

English for Work and Life Series
The English for Work and Life Series supports students at all stages of English acquisition, from emerging literacy to intermediate fluency. Courses emphasize systematic instruction in phonics, vocabulary, grammar, and real-world communication. Students progress from recognizing letters and sounds to composing organized paragraphs and participating in workplace and academic conversations. Through engaging, high-interest content and digital literacy tasks, learners gain the language and confidence needed to succeed in academic, personal, and professional settings.

Curriculum Adoption

In 2025, Highlands followed an articulated curriculum adoption process to procure Savvas, a standards-aligned curriculum for CICA courses. We received guidance from our UMass Global partner, which has extensive experience with curricular materials that best serve English Language Learners. The process was guided by UMass Global experts and included EdReports recommendations, analysis of materials used by surrounding districts, vendor demonstrations, and structured teacher feedback. We sought teacher feedback around our top choices and delivered our final proposal to the board, which approved our recommendation. We selected Savvas for its single, user-friendly platform for teachers and students, high ratings on EdReports, and adoption by large districts such as TRUSD, EGUSD, and LAUSD. To support strong implementation, the start of classes was delayed to August 14, 2025, allowing teachers to gain familiarity and comfort with the new curriculum. Teachers met in PLCs to build their knowledge of the standards-aligned curriculum. The Savvas adoption includes access to both an online digital curriculum, teacher edition textbooks, and student workbooks.

Supports for English Learners Level 0-1

ABCEnglish: A curriculum provided by an external agency, ABCEnglish offers literacy-level lessons ideal for students who are new to learning English. Lessons are presented through accessible slides and worksheets designed for classroom delivery.

Burlington English: An online English language learning platform offering both teacher-led lessons with presentations and printable materials, as well as self-paced student lessons accessible by phone or computer. The program integrates reading, writing, listening, and speaking skills, and includes thematic content, short stories, citizenship, and Workplace English and CASAS practice modules.

EL Civics Curriculum: Thematic packets intended to support English Language Learners with English language acquisition, civic participation, and workforce skills. Aligned to ESL objectives from CASAS and NRS ESL levels.

Standards-Based Instruction

To ensure alignment with educational standards and to support student achievement, CICA's curriculum has been developed, adapted, or adopted in accordance with the following:

- California Common Core State Standards (CCSS)
- WIOA English Literacy
- Literacy (EL) Civics Objectives
- Comprehensive Adult Student Assessment Systems (CASAS) Reading Standards
- CASAS Competencies

Instructional Methods

As an independent study school, CICA provides flexible, individualized learning supported by a range of online curricular resources. The nature of independent study and learning allows students to progress as quickly as they like with self-paced learning opportunities. Teachers meet with each student a minimum of once per week – synchronously via Zoom or in person- to monitor progress, review work, and adjust support. While most coursework is asynchronous, English Learners receive targeted, synchronous support (Zoom and in person) using

content-based instruction (CBI). Instruction includes both designated English language development and integrated approaches aligned with Common Core State Standards.

Independent Study Legal Compliance
The Charter School will comply with all applicable independent study laws and regulations, including but not limited to Education Code Sections 51745, et seq.; 47612.5; 47634.2; Title 5, California Code of Regulations, Sections 11700-11705; and 19850-19854. These laws require, that the Charter School will operate pursuant to an adopted independent study Board policy; each student will have a master agreement as required by law; and the Charter School will receive an approved funding determination by the State Board of Education as a condition of funding.

Assessment to Advance CICA Goals

CICA Employs Multiple Measures to Monitor Learning and Inform Instruction.

- **Formative Assessments:** These include ongoing evaluation through teacher observation, projects, presentations, and performance tasks.
- **Summative Assessments:** End-of-unit and semester evaluations measuring mastery of learning objectives. These assessments are part of the core curriculum.
- **Portfolio Assessments:** Student-led self-assessment using assignments of choice to demonstrate learning in students' focal areas. The ILT is currently mapping the implementation of the portfolio project.
- **Student Surveys:** Self-perception data helps us to understand the student experience.
- **CASAS Testing:** Comprehensive Adult Student Assessment System, a competency-based adult assessment program validated by the U.S. Department of Education for use in adult education conducted after 70-100 hours of instruction time. The assessment is administered every 6-8 weeks.
- **CAST:** California Science Test, a state assessment mandated for those in high school.
- **CAASPP:** California Assessment of Student Performance and Progress, a state assessment mandated for those in high school grade 11.
- **EL Civics Assessments:** Administered three times per program year
- **ELD Level Placement Test:** Placement at enrollment
- **ELD Level Exit Test:** Administered to determine readiness to advance to the next ELD level

Professional Development That Drives Improvement
High-quality professional learning at CICA is about creating a learning system, not just training. It is more than training staff in best practices; it is about creating a culture of curiosity that acknowledges the uncertainty that is inherent in teaching and learning. Central to our revised professional learning program is creating a practice of inquiry at the leadership level that focuses its interest on the practitioners working most closely with the students. What are teachers learning about their students' learning? Where are teachers' gaps in knowledge and capacity? These are the questions that inform the design and goals of the professional learning offerings.

CICA leadership works in partnership with CICA principals and teacher leaders through the ILT to take a partnership approach to designing professional learning. Core beliefs about

practitioner-based learning that inform the CICA approach to professional learning include:

- Teaching is complex and uncertain work that requires an inquiry stance to ensure that students' needs are at the center.
- Adult learning thrives on agency and relevance with clear goals and progress markers
- For instruction to be changed and improved, the learning experience of students must be visible
- Educators (teachers and leaders) are professionals engaged in important work, and they deserve a level of professional support and care that takes their work seriously.
- Pursuing collective goals is essential to supporting systems transformation

Professional Development Focusing on Language Acquisition

Central to CICA professional development is continuously developing strong instructional strategies to meet the needs of our ELLs. Supporting English Language Learners effectively requires ongoing professional learning and reflection. All CICA educators engage in continuous inquiry about how to better serve our multilingual learners.

Language-Responsive Teaching Practices

Our professional learning focuses on developing instructional strategies that make content accessible while maintaining high expectations. This includes training in visual supports, collaborative learning structures, and formative assessment techniques that help teachers understand what students know and can do.

Cultural Responsiveness and Asset-Based Thinking

We work to examine our own assumptions about language learning and ensure that our instructional practices build on students' cultural and linguistic strengths. This includes learning about our students' educational backgrounds and understanding how different cultural approaches to learning can inform our teaching.

Data-Informed Decision Making

As part of our inquiry-based PLCs, we develop systems for collecting and analyzing data about student language development that go beyond test scores. This includes documentation of student growth in academic discussions, writing development over time, and students' own reflections on their learning progress through portfolios.

Our commitment to English Language Learners extends beyond language acquisition to encompass the full development of students as confident, capable learners who can succeed in their chosen academic and professional pathways. Ultimately, we measure our success not just by English proficiency gains, but by our students' ability to use their multilingual skills to contribute meaningfully to their communities and achieve their educational goals.

CICA Professional Learning Structures

Bi-Weekly Friday PD

Our bi-weekly Friday afternoon professional learning sessions are designed as both collaborative

inquiry spaces where educators engage in job-embedded learning directly connected to their daily practice, and also an opportunity to receive specialized instructional support that they or the Instructional Leadership Team (ILT) has requested. These sessions follow a flexible structure that can shift between collective inquiry—examining student work and learning data to collaboratively problem-solve around specific instructional challenges—and targeted professional development that addresses identified needs such as trauma-informed pedagogy, advanced strategies for supporting students with interrupted formal education, or innovative approaches to integrated content-language instruction.

Teachers work in cross-disciplinary teams when engaging in inquiry cycles, analyzing how their students are navigating rigorous academic content and sharing effective practices for maintaining high expectations while providing comprehensive support. When focused on specialized instruction, sessions might feature expert facilitators, peer observations with feedback, or deep dives into research-based strategies that teachers have specifically requested to strengthen their practice. This dual approach ensures that professional learning is both responsive to emerging classroom needs and proactive in building the specialized expertise our diverse adult learner population requires, while maintaining our commitment to practitioner-centered learning that directly impacts student success.

Bi-Monthly Principal PLC

Led by the Chief Academic Officer, principals analyze school-level data, align support systems for ELLs and students with interrupted formal education, and develop coordinated systems responses. This principal learning community operates as a space for collaborative problem-solving where school leaders can examine challenges, share effective practices, and develop coordinated approaches to supporting their unique adult learner populations. Sessions focus on analyzing school-level data to understand how students are progressing toward their educational goals, discussing instructional leadership strategies that support teachers in serving English Language Learners and students with interrupted formal education, and developing systems-level responses to emerging needs within their school communities. The Chief Academic Officer facilitates these meetings using the same inquiry-based approach that guides teacher professional learning, encouraging principals to bring real dilemmas from their practice, examine multiple perspectives, and test solutions collaboratively. This structure ensures that leadership decisions are grounded in evidence and aligned across both school sites, while providing principals with the professional support and intellectual partnership they need to lead effectively in the complex landscape of adult education. The PLC also serves as a space for principals to reflect on their own growth as instructional leaders and to coordinate their efforts in supporting teacher development and student success.

Twice Weekly Teacher PLCs

Teachers engage in professional learning community work twice weekly, with sessions strategically designed to strengthen both instructional planning and data-informed decision making. One session each week is dedicated to collaborative planning time where teachers work in grade-level or content-area teams to design learning experiences that integrate rigorous academic content with the specific supports their English Language Learners and students with interrupted formal education need to succeed. These co-planning sessions allow educators to share strategies, align expectations across courses, and ensure that assessment practices

accurately capture student growth while maintaining high standards. The second weekly session follows protocols and practices that focus on collaborative examination of student work and performance data to understand learning patterns, identify instructional adjustments, and develop targeted interventions. During these data inquiry sessions, teachers bring actual student artifacts—writing samples, project work, assessment results—and engage in structured conversations that move beyond simply identifying which students are struggling to understand why certain approaches are or aren't working and what specific instructional moves might better support student learning. This dual structure ensures that teachers have dedicated time for both proactive planning and reflective analysis, creating a continuous cycle of improvement that keeps student learning at the center of all professional practice.

Teacher Coaching
CICA is launching Phase 1 of on-the-ground coaching by October 15, 2025. This will include the opportunity to observe instructional models, to co-plan with professionals with expertise in supporting students with interrupted formal education, and to engage in guided reflection on the impact of instruction.. Principals, the Director of Professional Learning, the Curriculum Coordinator, and teacher leaders will participate in a rigorous train-the-trainer model to enable sustained on-the-ground support of teachers' ongoing development.

The Role of Data and Assessments in Informing Instructional and Systems Improvement
Assessment is a core to instructional improvement at CICA. Not only does assessment tell us where our students are in their learning, but patterns in the data reveal where we need to focus our professional learning efforts. CICA is committed to creating a system that is responsive to what we are learning about our students and their needs. Leadership is curious about what is happening between the teacher and the student and rests its instructional improvement design on the data that comes from the classroom.

Formal Assessment and Improvement
The ILT will review CASAS data to understand students' academic progress and to track areas where we need to improve our instructional approach. In addition, the ILT will use CAASPP and CAST data to understand the general themes in improvement and then support teachers to use more granular classroom data to understand what is getting in the way of students making progress.

Informal Assessments and Improvement
Working in their PLCs teachers will use classroom-based data– both qualitative and quantitative to determine the areas of their practice where they would like more support. This is one source of the design for the content input on PL Fridays. The ILT will use classroom observation data to help determine the focus of improvement efforts.

Student Climate Surveys and Systems Improvement
Centering the students' experience as core to our approach to improving the learning experience The CICA instructional improvement process involves looking at both student mastery data and student perception data. One important source of student perception data is the student climate surveys. While we do not rely on this self-report data to give us the whole picture of the student

learning experience, the data provides valuable insights into CICA's social and emotional conditions for learning. Annual anonymous surveys are administered in multiple languages (e.g. English, Arabic, Spanish, Persian, Armenian, Pashto, Russian, Turkish, Ukrainian, Vietnamese, Chinese). Students access surveys via QR codes, push notifications, in-class support, and the Brain app; paraeducators provide language assistance. Survey domains include relationships, classroom climate, resources, goals/progress, safety/facilities, CTE/workforce, and curriculum/instruction.

Students have access to completing these surveys via QR codes, push notifications sent to their cell phones, with the support of their teachers in their classrooms, and via the Brain app. Teachers encourage and support student participation by engaging students in lessons that have practice surveys. Paraeducators are also utilized to provide language support during this process. The purpose of these surveys is to understand the following:

- Relationships
- Classroom Climate
- Classroom Support and Access to Resources
- Goal Setting & Student Progress
- Safety, Maintenance, and Facilities
- Workforce and CTE Programs
- Lessons, Instruction, and Curriculum

CICA students are asked to read each statement and indicate their level of agreement with the statement from the following options:

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly Disagree

The table below shows the percentage of CICA students who agree or strongly agree with each statement for the year indicated for the last three years.

Question	22-23	23-24	24-25
Lessons help me in my daily life.	87%	84%	93%
Lessons are interesting.	87%	86%	93%
I know what I need to do to make progress in my classes.	90%	90%	93%
The lessons (in person or online) help me learn (My teacher offers me an opportunity to learn everyday).	93%	89%	95%
I have the learning materials (pencils, notebooks, binders, books) I need to learn.	90%	84%	89%
I have the technology I need to learn.	91%	91%	95%

**ND denotes that there was no data available for that school year*

Student Academic Supports

Many of our students have little prior education in their native language and, for many of them, they come in with low levels of English, CICA provides extra support to ensure students' academic success. Teachers are available to meet with students by appointment to support students who are struggling academically.

Paraeducators

Paraeducators who work with credentialed teachers play an important role in supporting translation for our Level 0 students. There are wide variations in English learner levels and growth patterns among these students. Paraeducators work with our credentialed teachers to provide the individualized support needed to address varied student needs and learning patterns. They provide crucial language scaffolding by offering clarification in students' native languages when needed and creating more opportunities for meaningful language practice. Additionally, paraeducators who share students' cultural backgrounds create a more comfortable environment that reduces the anxiety often experienced by newcomers. While teachers focus primarily on

academic instruction, paraeducators can provide crucial social-emotional support that newcomers need to navigate their new educational environment successfully. To improve student support with the CICA systems and academic support, CICA is looking to rebuild its paraeducator staff.

Literacy Support
During the 2025-2026 school year, CICA has budgeted for staff to provide literacy support to help English learners. This will focus on building literacy through phonemic awareness, phonics, vocabulary building, pronunciation, and writing skills.

Tutoring Program
CICA is currently redesigning a tutoring program for students. In prior years, the tutoring was delivered online. Based on feedback from students and staff, online tutoring did not effectively meet the needs of our student population. Key challenges, detailed below, included a lack of digital literacy skills, low student engagement, and limited availability of support. The new tutoring program will be responsive to these findings. As of this material revision, the CAO of HCCTS is conducting a review of potential tutoring approaches and Phase 1 of implementation will occur by October 25, 2025.

CICA Students & Devices

All CICA students are provided Chromebooks and hotspots so they are able to access their online learning tools, including their online curriculum.

Challenges for Students Accessing Online Tutoring

- Cultural Barriers: Afghan Women
    - Afghan women have the most urgent needs of all the populations we serve
    - Afghan women will not work one-on-one with male tutors
    - Afghan women typically have low technical skills
    - Afghan women typically have low literacy skills
    - In-person, woman-to-woman support by Dari- and Pashto-speaking academic staff is needed for this population
- Technology Accessibility
    - Students with low tech skills may not be able to access online tutoring that requires an online login
    - Students without internet access at home
    - Students without computers or laptops at home
    - Most online tutoring is chat-based
- Linguistic Barriers
    - Top 5 languages are: Dari, Pashto, Ukrainian, Russian, and Spanish
    - English-speaking tutors cannot effectively support students with low English proficiency

Instructional Days and Minutes Calculations
As a traditional independent study school, CICA ensures it meets instructional time requirements by documenting daily student engagement, evaluating work products for time value, and offering synchronous and asynchronous learning opportunities. Time value-earned depends on the

certified teacher's judgment of individual work products and the time value that the teacher deems appropriate based on the teacher's assessment of the pupil's individual needs and capacities.

Engagement with the instructional program and time-value earned per student is tracked by the Assigned Work Record. The Assigned Work Record contains a record of daily engagement and documentation of the time value of each completed assignment. Students may only earn time value by engaging on days indicated as instructional days in the HCCTS Academic Calendar.

Graduation Requirements

A diploma requires 180 high school credits: 110 Academic (including 10 Workforce Readiness credits) and 70 Elective/CTE credits. Transfer and verified employment credits may apply. Once 180 credits are verified, students may apply for the diploma and are invited to the graduation ceremony.

Counselors develop graduation plans, conduct regular check-ins with progress reports, and—beginning **2024–25**—advise on **A–G** pathways for college readiness.

Statutory compliance:

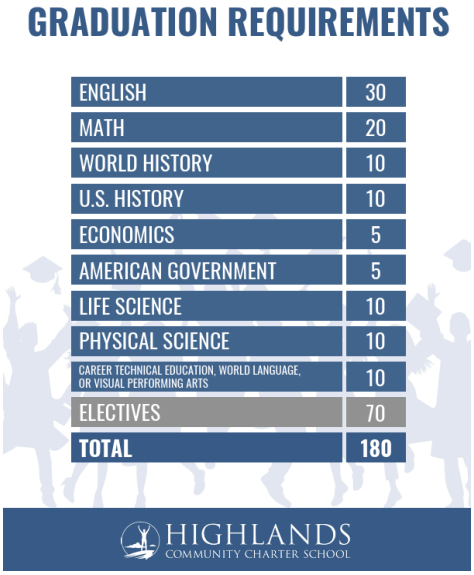
- **AB 101 (Ethnic Studies):** Offer a one-semester course; required for students graduating in **2029–30** and beyond (subject to appropriations).

- **AB 2927 (Personal Finance):** Offer a one-semester course by **2027–28**; required for students graduating in **2030–31** and beyond.

Counselors help ensure students meet graduation requirements by developing graduation plans and conducting regular check-ins. During check-ins, counselors update students on their academic progress, including credit attainment and requirements remaining to meet graduation requirements. Each student is provided with an academic progress report. Beginning in the 2024–2025 school year, we have adopted A–G approved courses to expand college readiness opportunities for our students. As part of this effort, counselors engage students in conversations about their aspirations for higher education as they approach the high school program.

Subject to appropriations by the State, the Charter School will comply with requirements under AB 101 to offer a one-semester course in ethnic studies and require that students complete the same as a graduation requirement commencing with students graduating in the 2029-30 school year.

The Charter School will comply with requirements under AB 2927 to offer a one-semester course in personal finance by the 2027-28 school year and require that students complete the same as a graduation requirement commencing with students graduating in the 2030-31 school year.



Attendance Policy
CICA maintains SOPs compliant with Board Policies and **EC §§ 51749.5–51749.6**. Daily engagement with assignments and synchronous instruction is tracked and retained for at least **three years**. With the approval and oversight of the District, CICA will establish and maintain attendance SOPs compliant with Board Policies and EC § s 51749.5 and 51749.6. At all times, students' daily engagement with assignments and synchronous instruction will be tracked and recorded, and the records will be maintained for a minimum of three years. The time value of all attendance awarded will be at the judgment of a certified teacher. In any instance where in-person attendance is a requirement, such as participation in CTE programs, in-person attendance will be recorded by a certified teacher, and attendance records retained for a minimum of three years.

Engagement with the instructional program and time-value earned per student is tracked by the Assigned Work Record. The Assigned Work Record contains a record of daily engagement and documentation of the time value of each completed assignment. Students may only earn time value by engaging on days indicated as instructional days in the HCCTS Academic Calendar.

The Need for California Innovative Career Academy
The area covered by the Twin Rivers Unified School District has tremendous educational needs. While some of these needs were met in the past by the adult education program of Twin Rivers Unified School District, with budget cuts, most of these opportunities have gone away for those who do not have a U.S. high school diploma. This has greatly impacted student access to dropout recovery, as well as programs serving ex-offenders and immigrants. All of these groups not only have a direct need for services, but by helping them, CICA also helps the state of California by reducing welfare services, reducing recidivism, increasing the tax base, and increasing the

cohesiveness of our society.

The Need for Dropout Recovery
Research has demonstrated that within a school year, a student drops out of high school every 9 seconds in the United States (Lehr, Johnson, Bremer, Cosio, & Thompson, 2004). Further, according to the California State Legislature, "Research suggests that fewer than 70 percent of 9th grade pupils in California, and in some school districts, fewer than 50 percent, graduate from high school" (Carter, 2011).

The Need to Educate Ex-Offenders
High school dropouts are much more likely to become incarcerated, and many families in the Twin Rivers district are affected by having a family member who is an ex-offender. California Innovative Career Academy will be able to help rehabilitate these ex-offenders and provide them with real job skills. By being able to provide for their family through legal employment, children of ex-offenders will have better role models and be more likely to break the cycle of crime.

Benefits and Potential Impact on Twin Rivers Unified School District
CICA will have a positive benefit to the Twin Rivers Unified School District. Given that CICA will serve adults, no students will come from existing Twin Rivers traditional K-12 schools. Further, by educating the parents of students in the Twin Rivers traditional K-12 schools, these younger students will likely have greater academic success. By authorizing CICA as an independent charter school, Twin Rivers Unified School District will not take on any additional risks or insurance costs of the charter school.

Workforce Readiness
The Workforce Readiness program equips students with essential career skills and technical knowledge across multiple pathways, preparing them for success in the modern workforce and further education. The *Workforce Readiness* course emphasizes digital literacy, career exploration, employability skills, and professional communication, supported by practical experiences such as resume building and mock interviews.

CTE Programs
CICA is currently in the process of developing the CTE program. To grow capacity and course offerings, our CTE program is entering a redesign. During the 2025-26 school year, we are thoughtfully using labor market data, community partnerships, and teacher input to shape offerings that will set our learners up for success. The plan emphasizes clear pathways, flexible schedules, strong language supports, and meaningful work-based learning. Courses will be carefully vetted and released in phases based on sustainable capacity and resources.

CICA will have seven CTE programs in the 2025-2026 school year:
1. Culinary Arts
2. Digital Literacy and Multimedia
3. Early Childhood Education (ECE)
4. Medical Services
5. Microsoft Office Specialist (MOS) Certification
6. Personal Finance

7. Real Estate

Culinary Arts

Culinary Overview
Introductory culinary skills with emphasis on safety, sanitation, knife skills, basic cooking methods, menu planning, and kitchen teamwork.

Culinary Target Certifications
- ServSafe Food Handler (all students)
- ServSafe Manager offered where feasible and appropriate

Culinary Program Requirements
- Safety routines, lab participation, and recipe labs portfolio
- Food handler exam completion; uniform and non slip shoes for lab days

Work-based Learning
- Guest chefs, site tours, catering practice for school events, community tastings
- sites
- Instructor recruitment plan prepared (internal posting or partner hire)

Digital Literacy and Multimedia

Digital Literacy and Multimedia Overview

Practical digital storytelling with emphasis on device basics, file management, online collaboration, visual design, audio and video basics, and portfolio building.

Digital Literacy Target Certifications

- IC3 Digital Literacy certification where available
- Adobe Certified Professional exam prep in tools such as Photoshop, Illustrator, or Premiere Pro when feasible
- School issued certificate of completion with project portfolio

Digital Literacy Progress

- Curriculum outline drafted; equipment and facility scheduling in planning with partner

Program Requirements
- Completion of project based modules and a curated digital portfolio
- Regular practice in productivity and creative apps; responsible use and digital citizenship modules

Digital Literacy Work-based learning

- School communications projects, partner briefs, social media content labs, guest designers and media professionals

Digital Literacy Progress
- Curriculum outline drafted; device and software access plan in place with partner sites
- Instructor recruitment plan prepared (internal posting or partner hire)

Early Childhood Education (ECE)

ECE Overview

Prepares students for entry roles in preschool and childcare settings with a focus on child development, safety, learning environments, and family partnerships. Strong language support embedded for multilingual learners.

ECE Target Certifications
- Pediatric CPR and First Aid
- California Mandated Reporter Training
- California Child Development Permit pathway awareness; assistance with Assistant or Associate Teacher permit application where eligible

ECE Program Requirements
- Attendance and completion of coursework and practicum tasks
- Readiness for site requirements when applicable (background clearance, TB test, immunizations per host site; program will help students navigate)
- Portfolio with lesson snapshots, observation notes, and reflections

ECE Work-based Learning
- Classroom observations, lab hours, guest talks with site directors, optional short externship when available

ECE Progress
- Currently in the process of hiring ECE teachers
- Curriculum map drafted using English for Work and Life for integrated language routines
- Site partner list in development for observations and talks

Medical Services

Medical Services Overview

Entry-level health care skills with emphasis on patient safety, infection control, vital signs, medical terminology, front office workflows, and team communication.

Medical Services Target Certifications
- American Heart Association BLS, CPR, and First Aid
- OSHA Bloodborne Pathogens awareness

- HIPAA privacy and security training
- Where feasible and appropriate: NHA Certified Medical Administrative Assistant exam prep

Program Requirements
- Safety routines, lab skills checklists, and a skills and reflections portfolio
- Completion of required CPR and safety training; appropriate attire for lab days

Work-based Learning
- Guest talks by medical assistants and clinic managers, site tours, mock front desk scenarios, community health events

Microsoft Office Specialist (MOS) Certification Prep

MOS Overview
Hands-on prep for industry-recognized Microsoft Office Specialist exams. Focus on Word, Excel, and PowerPoint with options to extend to Outlook or Access based on student goals.

MOS Target Certifications
- Microsoft Office Specialist Associate exams (Word, Excel, PowerPoint)
- Option to pursue additional exams for Expert level where appropriate

MOS Program Requirements
- Regular practice in Office applications; completion of scenario-based projects
- Exam readiness checks; testing through a Certiport Authorized Testing Center (onsite or partner)

MOS Work-based Learning
- Real-world admin projects, resume and report formatting, data dashboards for career pathways

MOS Progress
- Two MOS CTE teacher positions posted
- Certiport testing access plan underway (site authorization or partner center)

Personal Finance

Personal Finance Overview
Practical money skills for work and life: banking, budgeting, credit, debt, insurance, taxes, benefits, and introductory investing. Currently offered; will continue within CTE to strengthen career readiness.

Personal Finance Target Certifications
- Local certificate of completion with portfolio evidence
- Optional third-party exam (for example, W!se Financial Literacy Certification) if adopted by the school

Personal Finance Program Requirements
- Completion of unit tasks and a capstone budget and benefits plan
- Demonstration of digital skills for online banking simulations and tax prep scenarios

Personal Finance Work-based Learning
- Speakers from banks and credit unions, mock benefit selection, VITA site visit when available

Personal Finance Progress
- Running now; pacing and assessments aligned to power standards are being finalized for 2025–2026
- Curriculum outline drafted; lab equipment and site visit scheduling in planning with partner clinics
- Instructor recruitment plan prepared (internal posting or partner hire)

Real Estate

Real Estate Overview

Foundations of residential real estate with emphasis on California practice and principles, ethics, property types, basic finance, contracts, and client communication.

Real Estate Target Certifications

- Preparation for the California Real Estate Salesperson license pathway
    - Completion of required coursework hours and state application steps
    - Exam readiness checks and study support

Real Estate Program Requirements
- Completion of course modules and case studies; portfolio of forms, disclosures, and client communication samples
- Attendance at exam prep sessions; Live Scan and state application guidance provided

Real Estate Work-based Learning
- Guest brokers and agents, office tours, open house observations, neighborhood property walks, mock client meetings

Real Estate Progress
- Curriculum outline drafted; broker partner interest meetings underway
- Instructor recruitment plan prepared (internal posting or partner hire)

CTE Program Accountability And Progress Indicators
- Access: enrollment by site and pathway; ELD levels served
- Engagement: attendance and weekly progress submissions
- Learning: pass rates on unit performance tasks and portfolios

- Credentials: number of certifications earned (ServSafe, MOS, CPR/First Aid, Mandated Reporter, optional personal finance cert)
- Work-based learning: hours, site visits, guest speakers, externship participation
- Placement and advancement: students moving into jobs, internships, capstone, or next-level training

Transferability of Courses
Governing Law: If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable, and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements. (California Education Code § 47605 (c) (5) (A) (iii).)

Information about WASC accreditation can be found at CICA's website. CICA is currently WASC-accredited through June 30, 2030.

Technology
Technology is integral to academic success and workforce readiness. Given varied digital literacy levels, CICA provides structured exposure to tools (Microsoft Office, Google Classroom, web-based reading programs, tutorials) and models tech use in instruction. The IT Department (five FTE) supports teachers and students and has standardized classroom access across sites.

Equipment available upon request: Chromebooks, headphones/earbuds, projector screens.

CICA seeks to truly integrate technology into students' lives via classroom lessons, relevant examples, classwork, projects, and practical experience communicating in the modern world. Technology standards and objectives are integrated into the curriculum and are clearly defined for the teachers. Across varying sites, the teachers incorporate technology into their lessons. Teachers use educational learning videos, tutorials, web-based reading programs, Microsoft Office, and Google Classroom. Teachers model the use of technology in their classrooms and show students how to access and utilize Google Docs, emails, etc. CICA's goal is to have all teachers using and adapting technology to accommodate the students' levels and needs.

In recent years, CICA has overcome a complex challenge with technology. Previously, not all of the students, teachers, and sites had the same level of access to technology, nor was the same level of technological access possible at all sites. The IT Department has resolved the disparity issues among classrooms, and currently, all classrooms have access to the same equipment.

Through consistent exposure to digital tools across courses and targeted instruction in digital literacy, the program ensures that students develop the technological competencies necessary for academic advancement, workplace readiness, and full participation in modern society. Technology, academic success, career goals, and social engagement are all important for students, and we believe that in order for students to be fully successful in the 21st century, they

must become digitally literate.

Student Services

CICA has the unique opportunity to work with adult learners who have faced many challenges and require both academic and personal support to successfully meet their academic and career goals. In the 2025-26 school year, the support staff was greatly reduced, and CICA continues to work to rebuild some of those services. At the time of this material revision, there is an Intervention Coordinator position being developed to support partnerships with community agencies. These agencies provide essential support well beyond what CICA can offer including dental services, food, housing support, etc.

Orientation/Student Onboarding

Student Services holds an orientation at the beginning of each year to support students in becoming fluent in the CICA system and help them make informed decisions about their academic plan. In August 2025, orientation was extended to cover new attendance requirements, a five-period bell schedule, and the Savvas curriculum.

Navigators

Dedicated staff are needed to ensure every student understands all of the services available to them. With students who speak over 39 languages, often with limited English proficiency, Navigators serve a critical role by communicating with students and providing academic and career support and access to community resources. CICA Navigators speak English, Farsi/Dari, Spanish, Russian, Armenian, and Pashto, and travel to all campuses to present on services and programs. In June 2025, the Navigators were released from their positions. As of the writing of this material revision, HCCTS is working to rebuild the Navigator program for implementation in January of 2026.

Student Advisory Council

CICA is in the foundational stage of assembling a student advisory council. In September and October, the Chief Academic Officer will meet with students who are recommended by their teachers as possible advisory members. The first student advisory council meeting is set for mid-November and will meet quarterly. The intention for this group is to support increased agency, belonging, and leadership, as well as bring the student perspective to CICA initiatives. The quarterly meetings provide consistent opportunities for students to share their experiences, identify challenges, and contribute to solutions that enhance the educational environment for all newcomers, ultimately supporting their academic success and social-emotional well-being.

Community Partnerships

CICA serves a very high-need student population and has developed multiple partnerships with external organizations to address those needs. Since opening in the 2019-2020 school year, 13 partnerships have been established. These partnerships expand the school's reach within the community and increase student access to the tools necessary to achieve their goals. Partnership refers to a collaborative relationship between Highlands Community Charter and Technical Schools (HCCTS) and an external agency that supports students by facilitating access to essential services. These partnerships may be formalized through a Memorandum of Understanding (MOU) or remain informal and often involve the exchange of resources, services,

and information aligned with shared goals to improve student outcomes and well-being. In some cases, partnerships include agreements related to shared locations, supporting educational efforts by expanding access to instruction and services in settings where students already utilize essential resources.

These partnerships include the following organizations:

- SALAM Islamic Center
- SHRA
- La Familia Counseling Center
- CalAsian Chamber of Commerce
- Lao Family Community Development
- Department of Human Assistance
- Sacramento Employment and Training Agency (SETA)
- Mack Road Partnership

Many of these community partners provide support that is beyond the scope of CICA services. This includes connecting students to dental services, food banks, clothing, etc.

Student Support and Counseling
We are proud to have highly trained, compassionate counselors who support every student. Our counselors provide assistance and information on many issues, including:

- Family issues
- Personal issues
- Conflict management
- Substance abuse and recovery
- Student support groups
- Homeless services
- Accessing government programs
- FAFSA
- Parenting and family resources

Our students face many challenges and have many barriers to completing their education and accomplishing their goals. At CICA, our counselors understand our students' needs and assist them by addressing barriers because we want our students to complete their classes and graduate. We believe that by meeting our students where they are, they are more likely to continue and complete their programs to graduate.

Plans for Specific Populations

English Learner (EL) Services and Newcomer Supports:
CICA provides comprehensive support for newcomer students and English language learners. CICA student services staff provide comprehensive orientation services to new and veteran students to support them in being able to "read their environment" and develop a fluency in navigating the CICA system. The academic supports are listed in the educational philosophy section. CICA also provides native language support when available, along with cultural transition assistance. Specialized programming for recently arrived immigrant students, including orientation to U.S. school systems, technology setup support, accelerated English

language acquisition, academic skill building, and social-emotional support to ease cultural transitions. We provide translation services and family engagement programs to support the entire family's integration into our school community. Teachers adapt content, assignments, and assessments to match students' language levels, ensuring they can access and engage with core academic material. English learners receive targeted language support embedded within subject-area instruction, allowing them to build both academic and linguistic skills simultaneously. This approach supports students in progressing toward English fluency while also earning high school credits toward graduation.

Plan for Students Who Are Academically Low Achieving
Independent Study labs allow students to complete required work in a self-paced fashion, allowing them additional time to master a subject before proceeding. Further, courses that are more set-paced will be designed to incorporate multiple modalities of learning to assist all students to success, including those who may be academically low achieving in a traditional school setting. This includes the use of more frequent one-on-one meetings and first language support to ensure content accessibility. Instructional pacing and support will be responsive to student needs, creating an inclusive environment where all learners have a pathway to mastery.

Plan for Students Who Are Academically High Achieving
Independent Study labs will allow students who are academically high-achieving to learn in an accelerated manner, so that they can complete their diplomas quickly. Because CICA serves adults aged 22 and older who do not possess a U.S. high school diploma, we often enroll immigrants with professional expertise from their home countries. For example, a student from Russia who previously worked as a doctor before immigrating to the U.S. would benefit from an accelerated rate in a life science class. The flexibility of the independent study model honors prior knowledge and experience, enabling students to move efficiently through material they already understand. This approach helps students re-enter the workforce or pursue higher education without unnecessary delays.

Students with Disabilities
Overview
As a charter school, CICA does not plan to join a Special Education Local Plan Area (SELPA) and will remain a "school of the district" for SELPA purposes. CICA will make all necessary arrangements to serve students with disabilities and comply with all applicable federal, state, and school district mandates serving students with disabilities, including but not limited to § 504 of the Rehabilitation Act ("Section 504"), the Americans with Disabilities Act ("ADA") and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA"). CICA enrolls all eligible students and provides FAPE through 504 plans and appropriate accommodations in compliance with § 504, ADA, and IDEIA**.**

IDEIA applies to children with disabilities and does not apply to adult students over the age of 21.[2] California likewise requires special education services for students until age 21. CICA integrates IDEIA compliance principles as part of its mission to provide K-12 educational opportunities to adult students according to all applicable laws.

[2] 20 U.S.C. 1412(a)(1)(A): "A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive..."

Disabled students with or without a previous IEP may request a reasonable accommodation by contacting their teacher, counselor, or administrator. CICA does not require students to provide detailed medical records to document a disability. A doctor's note or other documentation of impairment, including records of academic impairment, may support an accommodation need. Students also have the right to refuse accommodation solutions offered by the school or propose a different alternative as part of the interactive process.

Any decision to deny or grant a request for reasonable accommodation by the SST shall be made in accordance with applicable federal and state law, including IDEIA, ADA, and the California Education Code. Reasonable accommodation can include, but are not limited to, modifications to school policies, practices, or procedures; auxiliary aids for classroom learning such as transcripts, readers, or modified equipment; altered testing conditions; presence of a student's trained service animal; or other measures necessary to ensure equal access to CICA's educational programs, as required by 304 C.F.R. 104.44. CICA may deny accommodation requests by a person with a qualifying disability and documented need if the requested accommodation imposes an undue financial, operational, or administrative burden, or fundamentally alters its educational program, provided no reasonable alternative can be found to meet the student's needs.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subparagraph (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school." (Ed. Code § 47605(c)(5)(B).)

"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card." (Ed. Code § 47605(c)(5)(C).)

Measurable Goals of the Educational Program

CICA (California Innovative Career Academy) was founded to serve historically disadvantaged populations. It has always served a larger than 90% socially and economically disadvantaged student population. The founding philosophy of CICA demands that it offer extensive support beyond that which would normally be available to students in a traditional high school setting and far beyond that available in CAEP settings. To that end, all support services are available to all students. This, along with the radically different makeup of the CICA student population compared to most schools, has led CICA to set its performance targets for all students rather than for traditionally designated subgroups.

Alignment with State Priorities

STATE PRIORITY #1— BASIC SERVICES The degree to which teachers are appropriately assigned (E.C. §44258.9) and fully credentialed, and every pupil has sufficient access to standards-aligned instructional materials (E.C. § 60119), and school facilities are maintained in good repair (E.C. §17002(d))	
Subpriority A: Fully Credentialed Teachers	
Goal	100% of core teachers will hold an appropriate and valid California Teaching Credential. These teachers may be fully credentialled or hold intern or emergency credentials as is appropriate to the teaching assignment.
Method	In addition to hiring credentialed teachers CICA will support teachers in the credentialing process including obtaining Intern credentials and the completion of any necessary credentialing program.
Measurement	Initial and annual verification of core teacher credential as reported by the CA Commission on Teacher Credentialing; CALPADS Report 3.5 NCLB Core Course Section Compliance; Annual publication of the School Accountability Report Card.
Subpriority B: Access to Standards Aligned Instructional Materials	
Goal	100% of pupils will have access to standards-aligned materials and additional instructional materials as outlined in the charter petition.
Method	All instructional materials will be assessed for alignment with state common core standards, CASAS standards and ELP objectives.
Measurement	Executive Director or designee will review all instructional materials before purchase pursuant to E.C. § 60119.

STATE PRIORITY #2— IMPLEMENTATION OF COMMON CORE STATE STANDARDS Implementation of Common Core State Standards, including how EL students will be enabled to gain academic content knowledge and English language proficiency	
Subpriority A: Implementation of Standards	
Goal	At CICA 100% of core academic classrooms will offer curriculum aligned to common core state standards.
Method	Offer a wide range of standards-aligned materials to ensure teachers have access to diverse standards-aligned methods and modalities and individual student needs can be met through access to multiple aligned curricula.

Measurement	Engagement with curricula will be tracked for engagement and impact and assessed by the Executive Director, Senior Director of Instruction, Curriculum Coordinator or other designee.
Subpriority B: EL Student Access to Academic Content	
Goal	100% of English Language Learners will gain academic content knowledge through implementation of Common Core State Standards.
Method	EL students will be offered differentiated instruction in contexts integrating Common Core State Standards with ELP objectives such as English for Work and Life and EL Civics courses.
Measurement	Student progress will be measured through course completion, level exit tests, EL Civics tests and applicable state testing including CAASPP and CAST.
Subpriority C: EL Students and English Language Proficiency	
Goal	100% of English Language Learners will make measurable progress towards English language proficiency.
Method	EL students participate in English Language Arts/Literacy instruction with appropriate in-class instructional support which includes structured English language development, small group teacher support, paraeducator support, and usage of SDAIE strategies.
Measurement	The school will track annual metrics including the rate of redesignation from Intermediate ESL to Adult Basic Education, measurable skills gains, and CASAS reading gains.

STATE PRIORITY #3— Educational partner involvement. State priority 3 references parental involvement, including efforts to seek parent input for making decisions for schools, and how the school will promote parent participation. However as all CICA students are 22 years and over CICA will focus instead on engaging the feedback of educational partners including but not limited to students and community partners.	
Subpriority A: Educational partner engagement	
Goal	Promote student involvement in setting schoolwide priorities and implementing academic programs and student services through hosting at least five educational partner events.
Method	Engage students in community partner events to solicit and gather student feedback.
Measurement	Student feedback will be recorded, collated, and analyzed by CICA staff

	incorporating both qualitative and qualitative methodologies. Student feedback will be incorporated into the annual LCAP.
Subpriority B: Student Participation	
Goal	Survey students in 10 more languages to promote engagement with school culture and receive actionable quantitative feedback, with at least 50% student participation.
Method	Each year CICA will circulate a student satisfaction survey.The survey will be made available in not less than the 5 most widely spoken languages among the student population.
Measurement	CICA will track the number and percentage of students participating in the survey. Before and after each survey period CICA staff will discuss and implement strategies to increase student participation.
Subpriority C: Community Partner Engagement	
Goal	Maximize the opportunity for CICA students and staff to meaningfully engage with community partners by hosting at least 5 events accessible to CICA students remotely (i.e. through Zoom).
Method	Community partner events will be held throughout the year including job fairs, immigrant resource presentations, Know Your Rights presentations from local agencies, and cultural events celebrating diverse student backgrounds.
Measurement	All community partner events will be assessed for engagement and impact including number of students engaged. This will be documented in the LCAP.

STATE PRIORITY 4: Student Achievement **Academic Achievement Metrics, performance on standardized tests, progress of English Language Learners**	
Subpriority A: Academic Achievement Metrics	
Goal	Schoolwide academic achievement metrics will meet targets as agreed upon with our Authorizer as quantified below in CICA Academic Achievement Metrics.
Method	All CICA students take regular CASAS tests every 6-8 weeks. All 12th grade students have regular meetings scheduled with counselors and are provided a personalized graduation plan to ensure they graduate within the same program year as admission to the 12th grade.
Measurement	All Academic Achievement measurements are reported to the Authorizer

	yearly in an annual report.
Subpriority B: Standardized Tests (SBAC)	
Goal	Implement two mandatory trainings on Smarter Balanced assessment for teachers and paraeducators.
Method	CICA will begin implementation of Smarter Balanced (SBAC) for 11th grade in the 2025-2026 school year. The designated LEA CAASPP coordinator will coordinate training and implementation.
Measurement	The designated LEA CAASPP coordinator will report CAASPP results to CICA and TRUSD.
Subpriority C: Progress of English Language Learners	
Goal	English Language Learners will see consistent growth including average CASAS Reading STEPS gains of 2 points or greater per program year and Measurable Skills Gains as reported to NRS meeting or exceeding the state average.
Method	CASAS tests will be taken by all students every 8 weeks at a minimum, the percentage of students with pre and post test scores will meet or exceed 55%.
Measurement	The CASAS coordinator will review monthly progress reports

STATE PRIORITY #5— STUDENT ENGAGEMENT Pupil engagement, as measured by all of the following, as applicable: A. School attendance rates B. Chronic absenteeism rates C. Middle school dropout rates (EC §52052.1(a)(3)) D. High school dropout rates E. High school graduation rates	
Subpriority A: Student Attendance Rates	
Goal	CICA will ensure an 80% attendance rate.
Method	Attendance with sufficient academic progress will be a requirement of continued enrollment at CICA. Students not meeting requirements will receive academic support and intervention.
Measurement	Monthly, quarterly and annual attendance reports, Periodic attendance rates will be visualized in Schoolytics.
Subpriority B: Chronic Absenteeism	
Goal	CICA will reduce chronic absenteeism by 5% yearly.

Method	CICA will enforce mandatory attendance policies designed to promote attendance. See the attendance SOP attached in the appendix.
Measurement	As reported in Dataquest.
Subpriority C: Graduation Rates	
Goal	The CICA DASS 1-Year graduation rate will meet or exceed 20%
Method	All CICA 12th graders will be prepared for graduation with personalized graduation plans and extensive academic and counseling support.
Measurement	The reported number of graduates in CALPADS will be compared against the enrolled population of 12th grade students with business rules as supplied by California Dashboard.

STATE PRIORITY #6— SCHOOL CLIMATE School climate, as measured by all of the following, as applicable: A. Pupil suspension rates B. Pupil expulsion rates C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness	
Subpriority A: Pupil Suspension Rates	
Goal	CICA will maintain a suspension rate of less than 2%
Method	CICA will train teachers, principals, and counselors in social-emotional learning techniques and behavior management.
Measurement	CALPADS data
Subpriority B: Pupil Expulsion Rates	
Goal	CICA will maintain an expulsion rate of less than 2%
Method	CICA will train teachers, principals, and counselors in social-emotional learning techniques and behavior management.
Measurement	CALPADS data
Subpriority C: School Climate	
Goal	CICA will ensure 90% of enrolled students respond to the student climate survey.
Method	As part of CICA community partner engagement, the yearly student climate surveys will be distributed to all students by teachers. Teachers will be trained on the survey and participation incentivized.

Measurement	The accountability department will collate and analyze student survey results and present the results to the HCCTS Board of Directors.

STATE PRIORITY #7— COURSE ACCESS The extent to which pupils have access to, and are enrolled in, a broad course of study, including programs and services developed and provided to unduplicated students (classified as EL, FRPM-eligible, or foster youth; E.C. §42238.02) and students with exceptional needs. "Broad course of study" includes the following, as applicable: Grades 9-12: English, social sciences, science, mathematics, visual and performing arts, applied arts, and career technical education.	
Goal	100% of students will have access to all content areas. As a school with many credit recovery students, not all students will be enrolled in all subjects, however all students will have access to the courses needed to graduate high school with a broad course of study.
Method	CICA students with limited English proficiency are enrolled in classes with designated English support which offer integrated access to all content areas.
Measurement	Yearly review of course outlines, descriptions, ELP objectives, and EL Civics content areas.

STATE PRIORITY #8— Pupil Outcomes	
Subpriority A: English	
Goal	All students will demonstrate an increase in proficiency in English Language Arts/Literacy
Method	All English learners will receive English language instruction integrated with ELA standards. All English proficient high school students will demonstrate mastery through course completion. All students will receive regular CASAS reading testing
Measurement	Average CASAS reading tests will meet or exceed 2 points per program year. Yearly the program will meet or exceed California state targets for Measurable Skills Gains.
Subpriority B: Social Science	
Goal	All English language learners will participate in Civics education.
Method	Students will take 3 yearly EL Civics Civics exams.
Measurement	The school will maintain an 85% passing rate for Civics exams.

Subpriority C: Mathematics	
Goal	All students enrolled in Mathematics will make measurable progress.
Method	Math students will receive pre and post CASAS testing to evaluate the effectiveness of the program.
Measurement	All math students will meet or exceed a 2% CASAS Math Goals gain on average.

Determining Academic Standing (Grade Level)
Upon admission to CICA, a student's grade level is determined based on the evaluation of transcripts of any previous schooling. Students enroll with a very wide variety of educational attainment, academic skills, credits, and English language proficiency. Students are placed in grade levels based on credit attainment.

Grade Level	
Grade 9	0-49 credits
Grade 10	50-99 credits
Grade 11 (proposed addition)	100-149 credits
Grade 12	150-200 Credits

Assessment
CICA uses a variety of formative and summative assessments to evaluate our students. During enrollment, students participate in placement testing to determine English proficiency, including CASAS testing. Students participate in content knowledge and skills-based assessments in their lessons. CASAS assessments are administered to all students every six to eight weeks. EL Civics assessments are administered each term.

The evaluation of student learning has four goals in the following priority:

1. To assist student learning as a diagnostic tool by determining which specific content areas a student has not mastered so they can improve their learning in that specific area.
2. To use aggregated measurements of student learning as part of the measurement of how the school as a whole is performing.
3. To determine if a student has met or exceeded the necessary level of competency to gain formal recognition, such as to complete a level or receive a diploma, licensure, or certification.
4. To determine if the student is underperforming in relation to their peer group and evaluate if intervention supports are required.

Key Measurement Methods

Measurement Outcome	Method of Measurement	Frequency of Assessment
CASAS Gains	CASAS Reading, Listening, and Math assessments	Every 6 to 8 weeks
English Language Proficiency Progress	Internally developed ESL Level placement / exit test	At Enrollment, End of Term
EL Civics Assessments	CASAS approved assessment plans (COAAPS)	Three times each year in the following months: November, March, June
High School Content Mastery	Course assessments and course grades Savvas imbedded assessments	At the end of every high school course Savvas: mid-unit assessments; formal and informal evaluations
ELA and Math Achievement	Smarter Balanced (CAASPP) Savvas imbedded assessments	CAASPP: Once in grade 11. Savvas: mid-unit assessments; formal and informal evaluations
Science Achievement	CAST Savvas imbedded assessments	Once in high school grades 10 or 12. Savvas: mid-unit assessments; formal and informal evaluations

English Language Proficiency Placement
CICA assesses all students as part of the enrollment process through CASAS testing to establish a baseline for academic achievement. Additionally, students of limited English proficiency will participate in an English Learner Assessment (ELA) placement test to determine English proficiency.

State Testing
In compliance with California Education Code requirements, CICA will offer the CAASPP Smarter Balanced Assessments Consortium (SBAC) to all students in 11th grade. CICA also offers California Science Tests (CAST) to all 12th-grade students who have not previously taken the science test in high school. Testing will be coordinated by the Assessment Coordinator with academic staff and test proctors. Because CAASPP testing is new to CICA, the determination of the details of testing windows and procedures will be an ongoing process by academic and assessment staff.

Student Growth
CICA uses the Comprehensive Adult Student Assessment System (CASAS), a competency-based adult assessment program validated by the U.S. Department of Education for use in adult education. While CICA is a K-12 institution, there are few assessment programs

designed to evaluate the growth of adult students. Consequently, CASAS is an essential tool for the evaluation of student progress at CICA. The test series used by CICA is listed below.

Test Series
CASAS Reading STEPS
CASAS Listening STEPS
CASAS Reading GOALS 2
CASAS Math GOALS 2

Students receive CASAS testing every 7 weeks. Testing is conducted via a kiosk application installed on CICA chromebooks. Testing can only occur in a proctored environment and is conducted by test proctors or teachers.

All students receive CASAS reading tests. CASAS Math assessments are administered to all students enrolled in math courses to evaluate the effectiveness of the instruction they receive.

Schoolwide CASAS outcomes include average point gain, measurable skills gains, and pre and post testing rates. Below are the average point gains for the previous three program years.

Average Point Gain per Program Year			
	2022-2023	**2023-2024**	**2024-2025**
ELL			
CASAS Reading	5.8	3.9	6.2
CASAS Listening	8.4	4.7	6.2
ABE			
CASAS Reading	5.0	4.9	5.6
CASAS Math	2.5	4.9	6.4

The data shows consistent improvement in student outcomes. particularly in the 2024–2025 school year. For ELL students, both CASAS Reading and Listening scores rebounded after a dip in 2023–2024, each rising to 6.2 points—the highest gains observed over the three-year span—indicating renewed effectiveness in language instruction. In the HS program, CASAS Math scores saw the most notable growth, more than doubling from 4.9 to 6.4, which suggests that recent changes in math curriculum or support have had a strong impact. ABE Reading scores also increased steadily, climbing each year from 5.0 to 5.6, pointing to sustained literacy development. These trends highlight encouraging progress in both foundational literacy and numeracy across programs.

Measurable skills gains represent the number of students progressing in an Educational Functioning Level as defined by the National Reporting System (NRS), the federal accountability system. Measurable skills gains are an important indicator of both English language and academic progress.

Percentage of students with pre and post test achieving a measurable skills gain				
ESL Educational Functioning Level		2022-2023	2023-2024	2024-2025
Level 1	Achieved	65.00%	78.90%	71.76%
	CA State target	30.50%	34.00%	TBD
Level 2	Achieved	58.33%	84.55%	84.52%
	CA State target	30.50%	40.00%	TBD
Level 3	Achieved	53.49%	77.53%	82.19%
	CA State target	34.50%	37.00%	TBD
Level 4	Achieved	61.67%	68.36%	78.18%
	CA State target	30.50%	34.50%	TBD
Level 5	Achieved	58.62%	75.10%	76.24%
	CA State target	31.50%	34.50%	TBD
Level 6	Achieved	0%	75.34%	58.70%
	CA State target	21.50%	25.00%	TBD

Percentage of students with pre and post test achieving a measurable skills gain				
ABE Educational Functioning Level		2022-2023	2023-2024	2024-2025
Level 1	Achieved	85.71%	65.22%	76.47%
	CA State target	40.00%	44.00%	TBD
Level 2	Achieved	58.33%	63.21%	70.93%
	CA State target	42.50%	44.00%	TBD
Level 3	Achieved	53.49%	55.56%	63.76%
	CA State target	38.00%	43.00%	TBD
Level 4	Achieved	61.67%	64.41%	75.47%
	CA State target	40.50%	43.00%	TBD
Level 5	Achieved	58.62%	54.19%	59.18%
	CA State target	35.50%	42.00%	TBD
Level 6	Achieved	0%	0%	21.33%
	CA State target	36.50%	43.50%	TBD

CICA Measurable Skills Gain for all learners compared to state average

	2022-2023	2023-2024	2024-2025
CICA	68.9%	69.8%	73.0%
CA State Average	44.36%	44.8%	TBD

CASAS pre and post tests are essential for measuring student progress but also serve as an important measure of student engagement.

Percentage of Learners with Pre and Post CASAS Test		
2022-2023	2023-2024	2024-2025
57%	66%	71%

The data above reflects a clear upward trend in the percentage of students who received both a pre- and post-test over the past three years. In 2022–2023, 57% of students received both tests. This increased to 66% in 2023–2024 and rose again to 71% in 2024–2025. This steady improvement demonstrates CICA's growing commitment to data-driven instruction and collective efforts to ensure more students are assessed consistently, allowing CICA to better capture and respond to their academic development.

Teachers, counselors, and proctors at CICA work diligently to ensure that all students complete both the CASAS pre- and post-tests; however, reaching 100% participation remains a challenge. To address this, CICA is implementing several strategic measures, including hiring additional proctors, expanding staff training, purchasing more laptops to support testing, and developing a more structured and comprehensive testing schedule. Additionally, the recent hiring (August 2024) of a dedicated CASAS Coordinator has provided focused leadership to further strengthen the assessment processes. Through these efforts, CICA is committed to increasing the percentage of students completing both assessments in the coming years.

EL Civics Civic Objective and Additional Assessment Plan Data (COAAP)

Integrated English Literacy and Civics (IELCE/EL Civics) programs provide English learners with literacy instruction while developing the civic knowledge and workforce skills needed to participate fully in U.S. society. Assessments are developed according to COAAPs supplied by CASAS and reported to the state via TOPSpro Enterprise.

For the past five years, CICA administered EL Civics assessments through Google Forms, collating results via automated Google API scripts. While cost-effective, this approach became unsustainable as the dataset expanded. In 2025, CICA piloted the use of Edcite, which streamlined reporting, improved assessment quality, and enabled more detailed tracking of student outcomes.

Program Data

Results from the past two program years demonstrate both the scale of participation and consistently strong pass rates:

- 2023–24: Students attempted 1,455 assessments, with 1,045 passes (72% pass rate). Themes included Employment, Personal Finance, and DMV readiness.
- 2024–25: Participation expanded significantly, with 2,837 assessments attempted and 2,027 passes (71% pass rate). Themes included Employment, Health and Nutrition, and Education.

These results indicate both growth in student participation and stable success rates, demonstrating that English learners are not only engaging in EL Civics instruction but are mastering key competencies in employment readiness, financial literacy, health, and civic education. The expansion from 1,455 to 2,837 attempted assessments in just one year reflects increased system capacity, improved reporting structures, and the successful adoption of Edcite as a platform.

EL Civics Assessment Data				
Program Year	**Theme**	**COAAP #**	**Attempted Assessments**	**Passed Assessments**
2023-2024	Employment	33.9	176	156
2023-2024	Personal Finance	1.8	633	394
2023-2024	DMV	12.7	646	495
2023-2024	Total		1455	1045
2024-2025	Employment	33.8	940	628
2024-2025	Health and Nutrition	46.7	1158	854
2024-2025	Education	13.6	545	739
2024-2025	Total		2837	2027

High School Graduation

Graduation is the most powerful marker of student success at CICA. For our adult learners, graduation is more than a diploma—it represents years of determination, resilience, and perseverance in the face of significant challenges. Many students have overcome interrupted education, displacement, language barriers, and personal hardships to reach this milestone. At CICA, graduation is treated as a holiday: a joyful celebration for students, families, and staff alike.

Because its students complete credits throughout the year, CICA offers multiple graduation ceremonies annually—in both summer and winter—so every student has the opportunity to

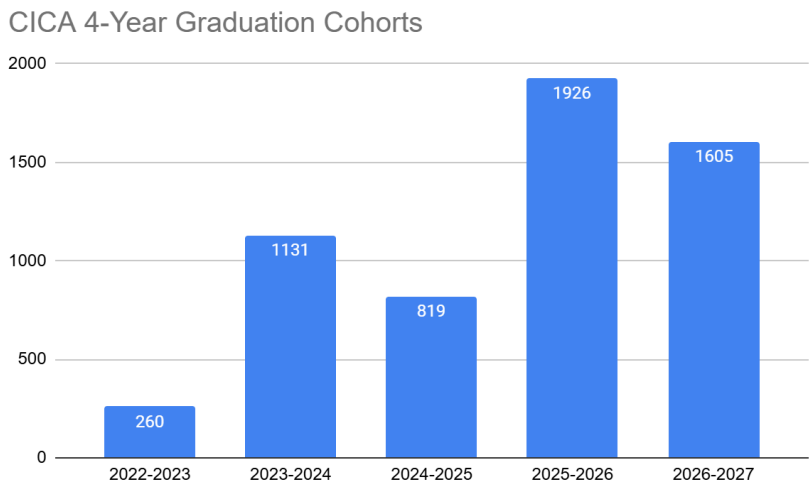
"walk the stage" in front of their community. Each year, the ceremony has grown in size and prominence, with venues expanding to accommodate the increasing number of graduates.

CICA Cohort Graduation

CICA faces unique challenges in relation to traditional 4- and 5-year cohort graduation rates. Before 2021, English learners were designated as primary students in grades 1–2. In 2020–21, all CICA students were redesignated as high school students to better reflect their adult status. This redesignation dramatically increased the size of the 4-year cohort, even though over 80% of entering students began with limited secondary education skills and required extended time in grade 9 to develop English and academic foundations.

Conversely, some students—such as immigrants arriving with stronger English proficiency and prior academic backgrounds—graduate much more quickly. For example, Winter 2025 graduates averaged 2.5 years of enrollment, well outside the traditional 4-year window. These dynamics lead to artificially low cohort rates that do not accurately represent student success.

The chart below illustrates these complexities:



CICA 4-Year Cohorts: While the 4-year cohort count grew from 260 (2022–23) to 1,605 projected in 2026–27, only a fraction of actual graduates appear in these rates. In 2024–25, for instance, just 76 of 300+ graduates were captured in the 4-year outcome.

CICA 1-Year Graduation Rate

To better reflect the reality of adult education, CICA also tracks and reports the 1-Year DASS Graduation Rate, which measures the percentage of 12th graders completing a diploma within the same program year.

- Growth: The 1-year rate nearly doubled in 2024–25, reaching 43.2%, compared to 22.6% in 2023–24.

- Raw Numbers: Graduates reported in CICA's LCAP also increased steadily from 200 (2022–23) to 323 (2024–25).

CICA students must work to overcome a wide variety of barriers to participate in education and achieve academic success. An adult learner is engaged with responsibilities and demands that pay no respect to their academic journey, making them inherently at very high risk of not completing their education. In every sense, these are alternative students. In recognition, CICA continues to track and report the 1-year graduation rate. The 1-Year graduation rate is calculated as follows:

$$\frac{\text{\# graduates as reported in CALPADS - (all students without 90 days cumulative enrollment)}}{\text{All students enrolled in 12th grade for the program year - (all students without 90 days cumulative enrollment)}}$$

This metric, combined with raw graduate counts, provides a more accurate picture of CICA's impact, capturing the success of students who accelerate or extend their time beyond traditional cohorts. The upward trend in both rate and number of graduates demonstrates the effectiveness of CICA's academic model and support systems.

2022-2023	2023-2024	2024-2025
23.5%	22.6%	43.2%

ELL Level Progress
English Language learners progress through courses designed to advance their English Language skills while allowing them to engage with increasingly in-depth standards-aligned content.

Graduation outcomes are directly tied to English Learner advancement. Reaching Level 3 (Intermediate) in ELD marks a pivotal milestone: students transition into the full high school program, where they engage with core academic standards while continuing to receive integrated English language support. This bridge ensures that English acquisition and diploma attainment are inseparable parts of student success.

Alternative School Status

CICA is fully accountable to the California Department of Education (CDE) to ensure that students meet state standards. California adopted the Local Control Funding Formula (LCFF) in 2013, creating the California School Dashboard to monitor performance across schools. However, these traditional accountability measures were designed for K–12 systems and often fail to capture the unique realities of adult and alternative learners.

To address this gap, the CDE created the Dashboard Alternative School Status (DASS) system, which provides alternative schools with more appropriate accountability metrics. When CICA opened its main hub in Sacramento in August 2019, it adopted DASS and has consistently complied with its requirements. In November 2024, CICA worked with Twin Rivers Unified to finalize a set of DASS-aligned metrics. While CICA was notified in December 2025 that it would lose official DASS status, the school remains deeply committed to accountability. We continue to track these measures internally—now reported as CICA Academic Achievement Metrics—to ensure transparency, rigor, and continuous improvement.

CICA Academic Achievement Metrics
Academic Achievement
ESL
1. The percentage of CICA English Language learners with a pre and post-test achieving a Measurable Skills Gain in the National Reporting System will meet or exceed California state targets, as reported by NRS Performance in TOPSpro Enterprise (TE).
ABE
1. The percentage of CICA high school learners with a pre and post-test, achieving a Measurable Skills Gain in the National Reporting System will meet or exceed California state targets, as reported by NRS Performance in TOPSpro Enterprise (TE).

Academic Improvement
ESL
1. The average Comprehensive Adult Student Assessment Systems (CASAS) Reading Gains for English Language Learners at CICA enrolled in International High School will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSpro Enterprise.

Academic Improvement
2. The percentage of CICA English Language Learners in International High School Level 3 students moving to high school will meet or exceed 5%, as reported by Student Level Gains in PowerSchool.
ABE
1. The average CASAS Reading Gains for learners enrolled in high school at CICA will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSpro Enterprise.
2. The average CASAS math gains for learners enrolled in high school at CICA will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSPro Enterprise.
3. The 1-year Graduation Rate for CICA learners will meet or exceed 20% as reported in California School Dashboard.

Student Engagement
All Levels
1. The percentage of CICA students with a CASAS pre and post-test will meet or exceed 55% as measured by NRS Data Integrity in TOPSpro Enterprise.

CAREER TECHNICAL EDUCATION (CTE) & WORKFORCE
ABE
1. The percentage of 12th grade CICA high school students who are enrolled in a CTE program will meet or exceed 10% as measured by CTE Enrollment Percentage in PowerSchool.
2. The percentage of CICA high school graduates who complete a CTE program will meet or exceed 4% as measured by Graduate CTE Completers in PowerSchool.

Teacher-Designed Formative Assessments

CICA teachers employ a wide range of **informal and formative assessment strategies** to monitor student learning and ensure mastery across subjects, including reading and vocabulary, writing and grammar, speaking and pronunciation, listening, digital literacy, mathematics and consumer economics, science, history/social science, government and law, health, and independent living.

Formative assessments are integrated into daily instruction and provide timely feedback to guide both teaching and learning. Common tools include:

- Benchmark assessments to measure progress against standards
- Oral and multimedia presentations to assess communication and digital skills
- Written assignments such as journals, essays, research projects, and book reports
- Performance-based tasks, including independent projects, portfolios, and demonstrations
- Traditional measures such as tests, quizzes, grammar diagnostics, and comprehension checks
- Daily learning artifacts such as homework, workbook activities, and applied practice

Through this comprehensive approach, teachers are able to monitor progress continuously, adjust instruction responsively, and ensure that students are building the knowledge and skills required for academic advancement and real-world success.

Grading and Progress Reporting Systems

CICA maintains a rigorous and transparent grading and reporting system designed to hold students to high standards while providing multiple opportunities for mastery. The school uses a traditional A–F grading scale, with GPA points assigned as follows: A = 4.0, B = 3.0, C = 2.0, D = 1.0, and F = 0.0. Although teachers may add plus or minus designations, these do not alter the GPA value. To ensure deep learning and persistence, CICA requires that students earn at least a "B" (80%) or higher to receive credit for a course. Students who earn below a "B" must revise or redo work and demonstrate mastery before credit is awarded.

Grades are issued at multiple points—upon course completion, partial completions, or at the end of the term—ensuring timely feedback to students and counselors. In addition to letter grades, teachers provide narrative feedback and individualized support, fostering a growth mindset and continuous improvement.

Evaluation Methods

CICA uses a multi-method evaluation system to measure whether students meet academic expectations and mastery standards. Methods include:

- Teacher-designed assessments (benchmarks, unit tests, projects, and presentations)
- Student self-assessments and reflection
- Publisher-embedded assessments (e.g., Savvas, Burlington English, CASAS-aligned resources)
- Portfolios of student work (writing samples, research projects, digital artifacts)

High school course completion is directly tied to end-of-unit and end-of-course assessments, with a minimum passing threshold of 80%. This ensures both rigor and consistency across the curriculum.

Plan to Collect, Analyze, Use, and Report Academic Performance and Other Data
CICA uses assessment data in four primary ways. First, assessment serves as a diagnostic tool to identify content areas a student has not yet mastered. This allows instructional staff to gain a clear understanding of each student's gaps in content knowledge and skill development, enabling targeted intervention and personalized instruction.

Second, aggregated student learning data are used to evaluate overall school performance. A dedicated team of professionals at CICA analyzes a broad range of academic indicators, including enrollment trends, placement assessments, demographic data, CASAS assessments and gains, course grades, graduation rates, and student retention. By examining student outcomes over time, the school is able to assess performance by teacher, course, program, and schoolwide, and compare results to those of similar institutions.

Third, assessment data informs decisions regarding student progression and formal recognition, such as level completion, graduation, licensure, or certification.

Finally, assessments are used to identify students who may be underperforming relative to their peer group, prompting review of placement and potential intervention supports. In cases where a student is not adequately progressing in a course, reassignment to a remedial course or additional instructional support from teachers, paraeducators, or specialists may be required to ensure the student is able to complete course materials and meet academic expectations.

This cycle is led by the Instructional Leadership Team (ILT) and supported by counselors, paraeducators, and assessment staff, ensuring that data directly shape instruction and student support.

Retention
CICA addresses student retention through the development of school-based student engagement systems and strong partnerships that support teaching, learning, and student achievement. These student engagement systems coordinate efforts to strengthen two-way communication between students and the school. Retention is supported by a team of professionals, including counselors and academic staff. This collaborative approach enhances student relationships and contributes to increased achievement and retention.

Program Audit
CICA provides TRUSD with a comprehensive annual performance report that includes, at a minimum, the following data:

- A summary showing student progress toward the pupil outcomes using data from the assessment instruments.

- A summary of major decisions and policies established by the HCCTS Board of Directors during the year.
- Data on the level of student involvement in CICA and summary data from an annual student satisfaction survey.
- Data regarding the number of staff working at CICA and their qualifications.
- A copy of the CICA health and safety policies and/or a summary of any major changes to those policies during the year.
- An overview of CICA admissions practices during the year and data regarding the numbers of students enrolled, the number on waitlists, and the number of students expelled and/or suspended.
- Analyses of the effectiveness of CICA's internal and external dispute mechanisms and data on the number and resolution of disputes and complaints.

Local Control and Accountability Plan (LCAP)
CICA develops its Local Control Accountability Plan (LCAP) in accordance with the template adopted by the State Board of Education. The LCAP serves as the school's comprehensive planning and accountability tool, integrating academic goals, fiscal priorities, and stakeholder input. Previous to the adoption of a state board template, CICA will follow the basic methods used for the School Accountability Report Card. The plan includes measurable pupil outcomes aligned to the state priorities outlined in California Education Code § 52060(d), as well as local priorities identified by CICA to address the specific needs of adult learners. These priorities encompass academic achievement, student engagement, school climate, access to a broad course of study, and workforce readiness. The LCAP is updated annually through a collaborative process that engages students, staff, and community partners. Each year, CICA presents both the annual update to the LCAP and the Local Control Funding Formula (LCFF) budget overview for parents at a public meeting of the Board of Directors, no later than February 28. This presentation ensures transparency, provides opportunities for feedback, and demonstrates the school's commitment to continuous improvement and fiscal responsibility.

.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Element D Governance

"The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement." (Ed. Code § 47605(c)(5)(D).)

California Innovative Career Academy (CICA) operates as a directly funded independent charter school under Highlands Community Charter and Technical Schools, a California nonprofit public benefit corporation, in compliance with applicable California law and federal law. CICA commits to maintaining its nonprofit status in good standing and "active" status throughout the term of its Charter.

The Charter School is governed by the Highlands Community Charter and Technical School's Board of Directors (the "Board"), which is the governing authority for CICA and is ultimately responsible for ensuring that the school remains faithful to its mission, operates in compliance with its charter, and maintains fiscal viability. The Board functions in accordance with its bylaws, California nonprofit law, and applicable provisions of the Education Code. While the Board maintains fiduciary responsibility and ultimate decision-making authority, it delegates day-to-day management to CICA's Executive Leadership Team.

CICA operates autonomously while maintaining a cooperative relationship with Twin Rivers Unified School District (TRUSD), with supervisory oversight as required by statute and other contracted services as negotiated between CICA and TRUSD. Pursuant to California Education Code § 47604(d), TRUSD will not be liable for the debts and obligations of CICA, operated by a California public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by CICA as long as TRUSD has complied with all oversight responsibilities required by law.

Governance Procedures and Operations

Meeting Requirements and Procedures

All meetings of the CICA Board of Directors are conducted in full compliance with the Ralph M. Brown Act and Education Code § 47604.1(c). Meetings are open to the public, and each agenda includes an opportunity for community input regarding the California Innovative Career Academy.

Agendas are posted prominently at the school's main office and on the CICA website at least 72 hours in advance of regular meetings and 24 hours in advance of special meetings. Emergency meetings may be called without standard notice when immediate action is required, consistent with the Brown Act.

Meetings are held at the principal office of CICA or at other publicly accessible, non-discriminatory locations within California as designated by Board resolution or meeting notice. Teleconferencing is permitted, provided that the public may attend from all listed

locations and all votes are conducted by roll call. Pursuant to AB 2449 (effective through January 1, 2026), Board members may also participate remotely under specific conditions without disclosing their physical location, provided public access requirements are maintained.

Approved minutes are posted to the CICA website within 72 hours and are made available to the public upon request. The Board meets regularly—typically monthly during the school year—and adopts an annual calendar of meetings, with adjustments made as needed to accommodate holidays or other scheduling conflicts.

Decision-Making Procedures

CICA retains General Counsel to ensure Brown Act compliance in all CICA board activities, including decision-making procedures. Board members have also been provided with Brown Act reference materials and may participate in yearly meetings held by California Charter Schools Association ("CCSA") and/or Charter Schools Development Center ("CSDC"), which feature ethics presentations, including Brown Act and conflict of interest reviews. All Board members are encouraged to participate in such presentations.

A majority of all voting Board members constitutes a quorum for all business transactions except adjournment. Every action taken or decision made by a majority of Board members present at a duly held Board meeting is considered an act of the Board, subject to more stringent provisions of the California Nonprofit Public Benefit Corporation Law, including, without limitation, those provisions relating to:

- Approval of contracts or transactions in which a director has a direct or indirect material financial interest,
- Approval of certain transactions between corporations having common directorships,
- Creation of and appointments to committees of the board, and
- Indemnification of directors.

Meetings may be held by telephone or other telecommunications equipment pursuant CICA Bylaws and in accordance with the terms and provisions of the Ralph M. Brown Act, California Government Code Sections 54950, et seq., as said chapter may be modified by subsequent legislation.

Board Composition and Membership

Board of Directors

<u>Sharon Rocco (Corporate Vice-President)</u>

Sharon Rocco was born in Oregon and moved to California in 1959. In 1967, Rocco moved to Manila, Republic of the Philippines, and graduated high school from Brent Episcopalian Boarding School in Baguio City. In 1969, she returned to Sacramento, California and completed college at California State University, Sacramento with a

Bachelor's degree in Social Work and Corrections. Sharon began her career in 1975 with the California Department of Corrections as a Parole Agent and served both in rank and file and administrative positions until she retired in 2005. Sharon was elected to Highlands Community Charter and Technical Schools' Board of Directors in July 2015.

Mary DeChance (Corporate Treasurer)

Mary DeChance is an educational leader who began her career as a Resource Specialist and later made meaningful impacts as a Principal, District Director of Special Education, District Director and Interim Coordinator for Early Childhood Education. Mary most recently was Faculty Lead at National University serving from 2005 until her retirement in 2016. Mary holds a BA in Behavioral Science and a Master's Degree in Special Education from the National University. Mary was appointed to the Highlands Community Charter and Technical Schools board in November 2020 where she will be a welcome addition to the nine-person board.

Mike Reid (Corporate President)

Mike Reid is a Board Member for Highlands Community Charter and Technical Schools. He has been an educator for over 38 years and has served in various roles throughout his career, including teacher, Vice-Principal, Principal, and Schools Superintendent. He has had the opportunity to assist and be recognized for three California Distinguished Schools.

His work in charter schools spans over nine years, during which he oversaw the development of a new charter school and served as the Learning Analyst for another. He also served as a consultant for the state of Hawaii for nearly three years, focusing on school academic improvement.

Board Member Selection Process
The Board of Directors shall consist of a minimum of three and a maximum of eight members; however, following the resignation of any director serving as of September 20, 2024, the maximum number of members shall be reduced to seven. To mitigate the occurrence of tie votes, the Board endeavors to maintain an odd number of members. Furthermore, school districts or county offices authorized to oversee HCCTS schools are entitled to appoint one voting representative to the Board.

Candidates for Board membership are sought from diverse professional backgrounds, including education, finance, law, public policy, human resources, and community leadership. Ideal candidates demonstrate alignment with CICA's mission, a commitment to its success, and the ability to provide expertise or resources in support of the school.

People who work for the school (or have close family ties to someone who does) cannot serve on the Board. Each director serves a 3-year term and stays in the role until a new director is chosen. If a director leaves—due to resignation, death, legal issues, or missing three meetings—the Board can fill that spot by majority vote. Chartering authorities can fill or remove their own representatives.

In accordance with Education Code § 47604.2(b)(2), the Board may, upon receipt of a qualifying petition, choose to include at least one student member. If appointed, the student member may be granted preferential voting rights as provided by law.

Board members may resign at any time by submitting written notice. However, no resignation shall be effective if it would reduce the Board below the minimum required membership, unless the Attorney General is notified. Should a vacancy arise due to resignation, death, legal disqualification, or failure to attend three consecutive meetings, the Board may fill the position by majority vote. Chartering authorities retain the right to appoint or remove their own representatives. Reductions in the Board's authorized size will not prematurely terminate current directors' terms.

CICA will not make contracts or approve actions where a director or key employee have a potential financial interest in the contract or action that precludes CICA from approving the same pursuant to Section 1090, the PRA, or other statutory, regulatory, or common law preclusions of conflicts of interest. It also will not loan money or property to any director or officer, except it can advance money for work-related expenses that will be reimbursed. Lastly, CICA promises to protect and cover legal costs or damages for its directors, officers, employees, and certain others if they face lawsuits or legal actions related to their role, as allowed by law. If someone asks for this protection, the Board will quickly decide if they qualify and approve it if they do.

Officers of the Corporation: Roles, Responsibilities, and Appointments
The Corporation is required to have a Chair of the Board, President, Secretary, and Treasurer, with the option to appoint additional officers as needed. Officers are appointed by the Board, report to the Board, and may have duties outlined in employment contracts. One person can hold multiple officer roles, except that the same person cannot be both Chair/President and Secretary/Treasurer. Officers may be removed by the Board or resign with written notice. Vacancies are filled following the same process as original appointments. The Chair leads Board meetings; the Vice-Chair fills in when the Chair is absent. The President (also called Executive Director) manages the Corporation's daily operations. The Secretary keeps records of Board meetings and official documents, while the Treasurer manages the Corporation's finances, provides reports, and may be required to give a bond to ensure proper handling of funds.

All Board Members are required to complete annual training in the Brown Act, conflict of interest compliance, sexual harassment prevention, mandated reporting, and any other state-mandated governance trainings. This ensures that directors remain fully informed of their legal responsibilities, ethical obligations, and best practices for charter school governance.

Roles of the Board
The Board of Directors is responsible for managing the Corporation's activities and has the authority to make key decisions. This includes hiring and removing staff, setting their duties and pay, relocating offices, operating in or outside California, borrowing money, using a corporate seal, and seeking outside funding to support and expand the organization's services. All actions must follow applicable laws and the Corporation's governing documents. For more information, see the bylaws in the appendix.

The Board may initiate and carry out any program or activity that is not in conflict with or inconsistent with any law and which is not in conflict with the purposes for which charter schools are established, and consistent with the Articles of Incorporation. The Board may execute any powers delegated to it by law, and shall discharge any duty imposed by law upon it, and may delegate to an employee of the Charter School any of those duties except for budget approval or revision, approval of the fiscal audit and performance report, and the adoption of Board policies. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated. Other key and Executive employee roles and positions seen in the following organizational charts are described below.

Executive Leadership

The Executive Leadership Team at California Innovative Career Academy (CICA) provides the vision, expertise, and operational management necessary to sustain a high-quality learning environment that advances student achievement. Working under the authority of the Board of Directors, the Executive Cabinet—which includes the Executive Director, Deputy Directors, Director of Executive Services, Chief Business Officer, Director of Accountability and Assessment, and Director of Human Resources—oversees the development, implementation, and continuous evaluation of the school's core systems and policies.

The Cabinet is responsible for ensuring excellence across all operational and instructional domains, including finance, assessment, curriculum and instruction, facilities, human resources, compliance, and organizational accountability. Through collaborative leadership and data-driven decision-making, the Executive Leadership Team ensures that CICA remains faithful to its mission, responsive to student and community needs, and aligned with state and federal accountability requirements.

Governance Structure

CICA affirms that its Board of Directors serves as the sole governing authority of the Charter School. The Board holds ultimate responsibility for the governance and oversight of CICA, with each member carrying a fiduciary duty to safeguard the long-term success and sustainability of the organization. The Board is charged with addressing all major governance and operational matters in accordance with applicable laws, Board policies, and the terms of the Charter. Key responsibilities include overseeing the school's financial health, ensuring proper expenditure and accountability of public funds, establishing general and curriculum-related policies, approving and monitoring the annual budget and financial procedures, and engaging in strategic planning and fundraising efforts. The Board is also responsible for the selection, evaluation, and, if necessary, dismissal of the Executive Director, as well as the approval and oversight of personnel

policies. In addition, the Board works to build broad-based support and strategic partnerships that further the mission of the school. To fulfill its oversight role, the Board meets regularly to review academic and operational data, financial reports, and compliance documentation. Through these processes, it ensures alignment with the school's mission, holds leadership accountable, and monitors key performance indicators to drive continuous improvement.

CICA has adopted a conflict of interest code that complies with the Political Reform Act, Corporations Code Conflicts of Interest rules, and any charter school-specific conflicts of interest regulations. Notwithstanding any rule, regulation, provision, or Corporation Bylaw to the contrary, CICA's Board of Directors and the Charter School shall at all times and in all respects comply with all conflict of interests laws generally applicable to the District's Board of Trustees, including but not limited to Government Code section 1090 and the Political Reform Act. The Board further acknowledges and abides by governance requirements under the Brown Act, Public Records Act, and other applicable state laws. The responsibilities of the CICA Board as further outlined in the Bylaws include but are not limited to:

- Uphold the Vision of the Charter School.
- Oversee the implementation of the CICA's charter.
- Provide notice and hold meetings in compliance with the Brown Act.
- Create and implement goals for the Charter School.
- Ensure compliance with applicable law, such as the Public Records Act, and policies such as the Conflict of Interest Code.
- Provide oversight of instructional programs and materials.
- Approve and provide input for student policies.
- Monitor management of school liabilities, insurance, health, safety, and risk-related matters.
- Receive and review quarterly financial reports and the yearly financial audit.
- Work with the Executive Director to set goals.
- Enact policies to support the successful operation of CICA.
- Attend ethics training (AB 2158).

Board Committees
To deepen partner input into governance, the Board of Directors may form standing or ad hoc committees, in accordance with bylaws and applicable law. Committees may include representatives from staff, students, or community partners where appropriate, ensuring the school's governance remains inclusive and mission-aligned.

Educational Partner Involvement

Educational Partner Involvement Plan and Process
CICA affirms that the perspectives of students, staff, and community partners are essential to strong governance and continuous improvement. As an adult-serving charter school, student voice is central to shaping program design and school culture. The Board and leadership team actively solicit, value, and incorporate feedback from educational partners to ensure decisions remain responsive to the needs of CICA's diverse learning community.

As part of its continuous improvement efforts, California Innovative Career Academy (CICA) conducts Educational Partner (EdPartner) events throughout the year, beginning each fall with the distribution of staff and student climate surveys. Starting in the 2024–2025 school year, both surveys are administered via SurveyMonkey to enhance anonymity and encourage honest, constructive feedback.

The staff survey is distributed first and has seen steadily increasing participation, with 346 CICA staff and 13 Equity Initiatives staff responding in 2024–2025—up from 223 respondents the previous year—resulting in a participation rate of 92.76%. The survey includes questions across several key areas: mission, vision, and schoolwide goals; communication and leadership; workplace culture and environment; onboarding and support; compensation and benefits; digital tools and technology; professional development and growth; and curriculum and instruction. These categories are designed to assess organizational strengths and identify areas for growth. Survey results are presented to the HCCTS Board of Directors and shared with all staff through infographic posters displayed at every school site to promote transparency and engagement.

The student climate surveys are sent out to all students in eleven different language options. In the 2024-2025 school year, the survey was hosted on Survey Monkey which allowed for ease of use for students as well. Teachers are encouraged to have their students take the survey during class to increase participation.

CICA's student survey was available to students in 12 languages, including English, Spanish, Russian, Ukrainian, Dari, Pashto, Arabic, Chinese, Vietnamese, Armenian, Turkish, and Hmong, and resulted in 3,610 student responses, compared to 2,169 last year. In February 2024, CICA held the Reading with Relevance event to gather information on the curriculum and its impact. CICA engaged 36 educational partners during this event and had them participate in the Reading with Relevance Book Fair Impact Survey afterward.

During the Black History event in February 2024, CICA focused on engaging educational partners and collecting feedback. The Black History Month Assembly Feedback Form from February 2024 garnered 27 responses from educational partners.

During the Building a Community School Lunch and Dinner sessions, CICA concentrated on gathering suggestions for improvements in the domains of wellness, health, social-emotional support, additional academic opportunities, CTE, and community enhancements. CICA held discussions with educational partners, which resulted in 22 summarized responses on the Building a Community School survey.

In March 2024, CICA hosted a meeting with principals to gather their insights on the key challenges and opportunities for growth. Following the discussions, participants were requested to complete the Principal Feedback Survey, which provided subsequent data from 6 principals.

In April 2024, CICA sent out the Leadership Survey to collect the directors' feedback on the following categories: communication, job and role clarity, work environment, recognition, relationships, curriculum, and professional development. CICA has gathered responses that

highlight the enhancements across the categories, alongside some challenges. Seven of the directors participated in the Survey.

In April 2024, CICA facilitated a Your Voice Matters event for CTE programs at the Grand Avenue campus. CICA engaged 42 educational partners and gathered feedback on strengths, improvement areas, and solutions.

In the 2023-2024 school year, CICA hosted four (4) educational partner events titled Your Voice Matters, compared to one in the previous year. The purpose of visiting more sites was to get more feedback from students with different needs at various school locations. For the 2023-2024 school year, CICA gathered educational partner feedback from a total of 830 including 26 responses from students who enrolled in the Equity Initiatives program at the "Your Voice Matters" events compared to 270 in the 2022-2023 school year. Combined with the all-staff climate surveys and student surveys, the principal meeting, leadership feedback survey, and other educational partner events, CICA engaged 4,926 while gathering educational partner feedback.

Each educational partner event had a facilitator and notetaker who led the discussion in three areas: school strengths, opportunities for growth, and possible solutions for improvement. The responses were recorded in Google Forms. CICA analyzed the data to identify growth areas and build the LCAP goals and actions. CICA found a high level of consistency in climate surveys and educational partner responses. After careful review, CICA used this feedback to determine where to increase and decrease spending.

CICA encourages students and staff to attend, speak, and present at Board meetings; CICA requests that students and staff complete various surveys. CICA proactively reaches out to students regularly to encourage them to meet with the counselors to continue discussing their goals and needs; and CICA is proudly responsive to the feedback CICA receives.

CICA encourages and teaches the students how to maintain direct influence over the direction of their educational process. Students have equal say, and sometimes, greater say, in their learning according to their academic needs. Teachers collaborate with students, other teachers, staff, administration, and community partners to determine what new programs and resources would be most beneficial to student achievement and well-being.

In planning to draft the LCAP, leadership consults with teachers, administrators, other school personnel, partners, and students in developing the annual update. This feedback is provided during EdPartner events. Following these events, the data is reviewed, proposals for a new funding formula are created and presented to the board of directors as well as the executive cabinet. Goals are then amended based on recommendations provided from the school community. Amended plans are then presented for feedback to staff, students, and all other interested parties at regularly scheduled meetings. All stakeholders are invited to submit public comments and final plans are approved at a public board meeting. CICA will consider TRUSD recommendations and comments when drafting its LCAP. The Charter School shall present a report on the annual update to the LCAP and the local control funding formula budget each year as part of a nonconsent item at a regularly scheduled Board meeting.

Additionally, CICA uses the school website to keep the students informed of all upcoming activities, important calendar items, and Board meeting minutes. CICA promotes student involvement by encouraging students to contribute to and drive website content through the sharing of their personal stories which are connected to the website via an Instafeed of social media content.

Element E Employee Qualifications

"The qualifications to be met by individuals to be employed by the charter school." (Ed. Code § 47605(c)(5)(E).)

California Innovative Career Academy (CICA) is committed to recruiting and retaining professional, effective, and qualified personnel for all administrative, instructional, instructional support, and non-instructional roles. All employees must align with the school's instructional philosophy, mission, and vision and demonstrate the expertise and commitment necessary to support student success.

In accordance with Education Code §47605(e)(1), CICA shall remain nonsectarian in its employment practices and operations. The Charter School shall not discriminate against any individual (employee or pupil) based on actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, immigration status, or any other characteristic contained in the definition of hate crimes set forth in Penal Code §422.55, or based on association with an individual who has any of the aforementioned characteristics.

Employee Positions And Qualifications

Hiring and Selection Process
CICA recognizes that excellent schools are built on excellent employees. All positions are filled through a recruitment and hiring process that ensures alignment with CICA's mission, compliance with state and federal law, and adherence to Board-adopted personnel policies.

- Job Descriptions: Every position is defined by a detailed, Board-approved job description outlining required qualifications, duties, and reporting structures.
- Applicant Screening: Human Resources (HR) prescreens all applicants via EdJoin.org to verify minimum qualifications. Only qualified applicants are advanced for interviews.
- Interviews and Recommendations: Panels may include administrators, staff, or community representatives, and applicants are evaluated using a structured rubric.
- Final Approval: HR and hiring managers recommend candidates to the Executive Director, who makes final hiring decisions.
- Nepotism Policy: Consistent with Board Policy 4212.8, relatives may not participate in hiring or evaluation processes where family members are involved.

Recruiting Qualified Teachers
CICA recruits well-qualified educators to our community by posting vacant teaching positions on the recruitment website www.edjoin.org, a third-party employment entity used throughout California and the greater United States as a central advertising location for many different educational organizations. Additionally, we attend the annual Teacher Recruitment Fair held each spring at Sacramento State University in order to meet with new teachers beginning their careers. This allows us to market our charter school as a competitive organization in which to work. We

also send out recruitment flyers to additional institutes of higher education in the surrounding area, per the school's staffing needs.

Employees
CICA recognizes that to have an excellent school, it must have excellent employees. CICA will draw upon the pool of excellent adult education teachers previously employed by Twin Rivers Adult Education. Proposed salaries and benefits for administrators, certificated faculty, and classified staff have all been modeled after the Twin Rivers' salary scales and employee contracts.

Employee Overview
All employees of CICA are committed to developing the social, civic, character, and academic potential of each student. All staff members possess experience and expertise appropriate for their position according to the CICA adopted personnel policies, and federal and state statutes applicable to charter schools. Selection and appointment of employees at CICA will be the exclusive prerogative of CICA.

CICA does not discriminate against any applicant on the basis of his/her race, creed, color, national origin, age, gender, gender expression, gender identity, disability, or any other basis prohibited by Education Code § 220. CICA shall comply with all applicable laws regarding criminal background checks, including Education Code § s 45125.1 and 44237.

Executive Team
The Executive Leadership Team provides the vision, management, and accountability systems necessary to ensure CICA's academic and operational success. Under the authority of the Board of Directors, the Executive Team designs and oversees schoolwide policies, systems, and compliance.

2025–2026 Executive Team

- Jonathan Raymond – Executive Director
- Mathew Lemos – Chief Business Official
- Teresa Cummings – Chief Operations Officer
- Eric Chapman – Chief Academic Officer

Job descriptions and resumes of the Executive Team are included in the Appendix.

Executive Director: Serves as the chief administrator responsible for the planning, operation, supervision, and evaluation of all educational programs, services, and facilities; hiring and performance management of personnel; oversight of finances and compliance reporting; and partnership development.

For more information on the resumes of each of the cabinet members and their job descriptions, see the appendix.

Executive Director
Our Executive Director assumes administrative responsibility and leadership for the planning,

operation, supervision, and evaluation of the education programs, services, and facilities of CICA and for the performance appraisal of the staff. It is the responsibility of our Executive Director to oversee the school facilities, selection and employment of CICA personnel, evaluation, promotion, termination, or discipline of CICA personnel, and the preparation and submission of reports as directed by the Board, to include regular goals and forecasts as directed. The CICA Executive Director manages the day-to-day operations of CICA by preparing and submitting required budgets and reports as required by a charter school. Our Executive Director develops partnerships for providing educational services by CICA, interacts with CICA accountants and attorneys, and performs other duties lawfully assigned by action of the Board. Our CICA Executive Director must minimally possess a bachelor's degree or any experience directly related to the field of work equivalent to a four-year degree and program administration and planning experience, preferably with experience in management as an executive officer.

Independent Study Compliance Coordinator
The CICA Independent Study Compliance Coordinator is responsible for overseeing the Independent Study (IS) Program and program compliance, including attendance accounting, documentation, and reporting. This is a classified administrative position. The CICA Independent Study Compliance Coordinator should possess a BS or BA degree from a recognized college institution, or a degree of a similar nature that is in alignment with the job of being an Independent Studies Supervisor. Background knowledge of Independent Study and its components related to State and local measures for accountability is essential. The Independent Studies Coordinator must have thorough knowledge of the school's SIS (Student Identification Systems, e.g., PowerSchool) and its use for guiding Independent Studies, as well as the ability to function independently and effectively. In this position, it is essential to meet critical timelines and reporting timelines associated with Independent Study. This person must also have the ability to use technology effectively with regard to communication, record keeping, and staff presentations associated with Independent Studies. The CICA Coordinator can communicate effectively and clearly both orally and in writing with a diverse staff and student population.

Counselor (Independent Study)
CICA Counselor will provide academic, college/career, and social-emotional counseling tailored to adult learners in an Independent Study environment. The Counselors identify and counsel students with special needs and behavioral, social, and school adjustment problems. CICA Counselors refer students to other community resources, support groups, and social service agencies as appropriate. At a minimum, CICA Counselors possess a Bachelor's Degree in Education or School Counseling with a 7-12th grade level certification, two (2) years of experience as a high school counselor, and a valid Pupil Personnel Services Credential with an academic school counseling emphasis.

Teachers (Independent Study)
CICA will comply with all applicable state and federal laws regarding teacher credentialing and qualifications. In accordance with Education Code §47605(l)(1), all CICA teachers must hold a valid California teaching certificate, permit, or other credential appropriate to their assignment, as issued by the California Commission on Teacher Credentialing (CCTC). Credential documentation will be maintained on file at CICA headquarters and made available for inspection by Twin Rivers Unified School District, which retains the right to review hiring

decisions to ensure compliance with federal and state mandates.

CICA teachers must hold the California teaching certificate, permit or other document required for the teacher's certificated assignment pursuant to Education Code § 47605(l)(1).
CICA hires only qualified teachers. Teachers are responsible for creating and sustaining a learning environment that supports California state standards and reflects CICA's educational philosophy, with a strong emphasis on meeting the unique needs of adult learners. Teachers hold a minimum of a bachelor's degree from a degree-granting institution and a valid authorization to serve as a California credentialed teacher from the California Commission on Teacher Credentialing (CCTC). Additionally, all teaching staff are qualified under the Elementary and Secondary Education Act (ESEA), also known as the Every Student Succeeds Act (ESSA), formerly known as the No Child Left Behind Act (NCLB). Accordingly, CICA teachers have:

1. A bachelor's degree from a degree-granting college or university.
2. A California State teaching credential, or a University Intern Credential while actively working toward completion of a California State teaching credential, or other Designated Subjects credentials.
3. Demonstrated subject matter competence.

Teacher Credentialing
HCCTS affirms that all classroom instruction must be provided by teachers who hold valid California teaching credentials, and that paraeducators may not serve as the teacher of record. In prior years, teachers at CICA held adult education credentials as recommended by the CTC and the San Diego County Office of Education. In February 2025, the CTC decided to enforce K-12 teaching credentials.

CICA has already implemented the following to improve compliance and accountability. In the 2024–2025 school year, HCCTS significantly changed its credentialing and staffing procedures. The school established a credentialing support team of internal staff and credentialing consultants and reviewed more than 300 staff profiles. Individual credential pathway plans were developed, and 269 one-on-one consultations were held with teachers. HCCTS launched a partnership with UMass Global to create an intern credential pathway with tuition coverage for staff and offered reimbursement for credential exam fees and coursework through Board Policy 4112.3: Teacher Credentialing Reimbursements. All staff with noncompliant assignments were notified, and instruction in July 2025 was suspended to allow credential corrections before the next school year.

Board Policy 4112.2 now requires all certificated staff to hold valid and appropriate credentials at the time of hire and to submit timely proof of renewal. In alignment with updated guidance from the CTC and CDE—and following the loss of DASS status—HCCTS has transitioned away from Adult Education credentials. All teachers are now required to hold single-subject or multiple-subject credentials.

To support compliance, HCCTS created a centralized credentialing dashboard and updated its use of Frontline to track credential status, staff evaluations, and assignment alignment.

Per Board Policy 4112.2, certificated employees must:

- Hold the appropriate credential for their assignment upon hire;
- Maintain active credentials and complete renewals as required;
- Adhere to applicable state and federal regulations;
- Submit proof of credential validity and renewal to Human Resources within required timelines.

For more information from the Board Policy 4112.2: Credentialing Requirements Communications, see the appendix.

Information Technology/Data Technician

CICA's IT technicians provide critical technology support for students and staff by diagnosing computer problems, monitoring systems, installing software, and maintaining digital tools. They also train staff and students to use instructional and administrative technology effectively.

Administrative Services Credentials

CICA encourages leaders to pursue Administrative Services Credentials through the Sacramento COE and San Diego COE. As of June 2025, fourteen (14) HCCTS employees have completed or enrolled in preliminary/clear administrative programs, including:

- Eric Chapman, Chief Academic Officer
- Teresa Cummings, Chief Operations Officer
- Mayra Valdivia, Senior Director of School Services
- Christina Martinez, Director of CTE, Workforce & Adult Education
- Andrew Michaud, Director of Instruction and Professional Learning
- Isa Cacho, Director of Student Services
- Melissa Roberson, Director of Accountability and Assessment
- Carol Zheng, Curriculum Coordinator
- Niccole Scrogins, Admin on Special Assignment
- Maya Freeman-Perry, CICA Principal
- Maria Pile, CICA Principal

Additionally, Catherine Thirkill (CASAS Coordinator) has been accepted into the next Sacramento COE cohort.

CICA has developed and adopted Board Policy 4331 – Administrative Credential Reimbursement, which outlines the reimbursement procedures for participation in approved credentialing programs. Additional details are provided in the appendix.

Evaluations

In the 2024–2025 school year, CICA adopted Board Policy 4115: Personnel Evaluation and Supervision, establishing a comprehensive evaluation system designed to promote continuous improvement, accountability, and alignment with the school's mission and goals. The policy applies to all certificated and classified staff and sets forth clear expectations for professional conduct, job performance, stakeholder engagement, and compliance with applicable laws and

policies.

Evaluations are conducted annually and may include classroom observations, self-assessments, formal performance appraisals, and collaborative goal-setting, depending on the employee's role. Supervisors are responsible for providing timely, constructive feedback, maintaining accurate documentation, and supporting employee growth through individualized development plans. All evaluation records are treated as confidential and maintained in personnel files in accordance with state and federal privacy requirements. (See Appendix for full Board Policy 4115: Personnel Evaluation and Supervision.)

To support this process, CICA uses Frontline, an integrated platform for payroll, employee evaluation, and professional learning management. Frontline enables the secure storage of all employee evaluations, monitors performance trends over time, and standardizes evaluation practices across the organization. The system also issues automated reminders to supervisors regarding evaluation deadlines, ensuring timely completion. All employees are required to review and electronically acknowledge their evaluations within the system, reinforcing accountability and transparency.

Instructional Paraeducators
Instructional paraeducators at California Innovative Career Academy (CICA) play a vital role in supporting certificated teachers by providing instructional assistance, linguistic support, and translation services for students. To ensure all paraeducators meet minimum qualifications, CICA requires a high school diploma or equivalent, successful completion of an English proficiency exam with a score of 70% or higher, and the ability to communicate effectively with diverse student populations. In alignment with state and federal requirements, CICA verifies educational qualifications and exam results during the hiring process and maintains documentation to ensure compliance.

Applicant Screening
All job applicants at CICA go through a rigorous pre-employment screening process to ensure they meet all requirements and qualifications for the role they are applying for. CICA uses the website Edjoin to post job openings. This is also where new applicants apply for positions. Within Edjoin, Human Resources is able to filter applications based on minimum qualifications before forwarding candidates to hiring managers. Only employees who meet these requirements are eligible for interviews. In alignment with Board Policy 4111, as part of the pre-employment job application, candidates must disclose any family relationships with existing employees to ensure that no relatives are involved in hiring decisions or placed in reporting relationships.

HCCTS Hiring and Anti-Nepotism Policy
To safeguard against nepotism or favoritism, HCCTS adopted Board Policy 4212.8, which prohibits relatives from participating in hiring or evaluation processes involving family members. Interviewers must complete disclosure forms, and all job postings, evaluations, and offers are now centrally tracked and reviewed by the HR department to ensure consistency and equity across the organization.

Organizational Chart & Job Descriptions

HCCTS maintains an up-to-date organizational chart that reflects current roles and reporting lines (See Org Chart). The organizational chart is reviewed and updated at least annually. During the 2024-2025 school year, HCCTS drafted and revised a total of 25 job descriptions. The purpose is to ensure role clarity for all employees and ensure there is consistency between the work performed, role requirements, and appropriate pay.

Hiring Process

1. **Position Authorization (Requisition Control)** The hiring process at California Innovative Career Academy (CICA) is designed to ensure consistency, transparency, and alignment with organizational needs and compliance standards. It begins with the submission of a Position Control Form (PCF) whenever a position needs to be backfilled or newly created. The PCF includes essential details such as the job description and a designated leadership contact and is reviewed weekly by the Executive Cabinet.

2. **Posting and Sourcing.** Upon approval and required signatures, the Human Resources team posts the position on EdJoin.org and other recruitment channels and also leverages partnerships with university preparation programs to broaden applicant pools.

3. **Screening.** Once posted, hiring managers review applicants within EdJoin by evaluating qualifications in relation to the job description. Candidates are categorized as prescreened, interviewed, or removed, providing a clear record of each applicant's status. Notes from prior interviews are required for third interview requests and must be documented either via email or directly in the EdJoin system. For current staff changes, such as promotions or changes in FTE, an EE Update—rather than a PCF—is submitted to accurately reflect the employee's new assignment. Altogether, this structured process supports effective hiring decisions while maintaining clarity, documentation, and compliance across the organization.

4. **Multi-step Interviews and Performance Tasks.**
   Qualified candidates proceed through multiple interviews (phone and panel). For instructional roles, candidates complete a demo lesson (live or video) to assess content knowledge, pedagogy, and responsiveness to feedback; stakeholder participation (e.g., administrators/teachers, and, when feasible, students or parents) may be included, with the Principal retaining final hiring authority.

Employee Positions

See appendix for the 2025 Organizational Chart.

Professional Development

In the 2024–2025 school year, CICA adopted Board Policy 4131: Professional Development to support the continuous growth of all staff. Professional learning is mission-aligned, equity-centered, and outcomes-focused, with explicit attention to legal and regulatory requirements. Offerings include in-service training, workshops, online modules, and compliance sessions. In accordance with Education Code 47605.1(f) and our WIOA partnership, HCCTS may conduct professional development at any location in California.

The Executive Director oversees alignment to the mission, vision, and strategic goals; the Chief Academic Officer (or designee) coordinates systemwide implementation. Department leaders and site teams co-design contextualized, job-embedded sessions that meet local needs while advancing CICA's strategic priorities. All staff are expected to engage actively in PD and apply their learning in practice. Participation is supported by funding priorities and travel reimbursement per Board Policy 350.

Annual Professional Development

Professional Development

In the 2024–2025 school year, CICA adopted a Professional Development Policy to support the continuous growth of all staff: 4131 BP Professional Development. The policy aligns professional learning with CICA's mission, vision, and strategic goals, with a focus on improving student outcomes and meeting legal and regulatory requirements.

CICA offers a variety of professional development opportunities, including in-service training, workshops, online modules, and compliance-focused sessions. In accordance with Education Code 47605.1(f) and its WIOA partnership, CICA may conduct professional development at any location in California.

The Executive Director oversees alignment and implementation, while leadership identifies needs and encourages staff participation. Employees are expected to engage actively and apply their learning. Funding is provided in line with organizational priorities, and travel is reimbursed per Board Policy 3350. CICA evaluates professional development effectiveness through staff feedback, performance data, and evidence of improved practice, with a commitment to equity and access for all staff.

In 2024-2025, CICA offered extensive internal and external professional development, covering topics like CPR, active shooter response, equity, SEL, and leadership. CICA provides two all-staff mandatory Professional Development opportunities throughout the year: three days in August and two days in May. All staff training includes Title IX training, Mandatory Reporter & Child Abuse Prevention Training, Sexual Harassment Prevention Training, FERPA, Workplace Violence Prevention Training, and Comprehensive School Site Safety Training.

Teachers and paraeducators receive training on assessments such as the California Science Test (CAST) and English Literacy and Civics (EL Civics) assessments, end-of-level assessments, and CASAS assessments. Additionally, teachers and paraeducators receive training on any curriculum updates and curriculum instructional strategies. Teachers in the process of getting their credential or who have their preliminary credential are assigned a mentor teacher and must meet with them regularly.

CICA recognizes the critical role of targeted professional development in fostering staff effectiveness and advancing organizational goals. While CICA offers all-staff professional development days to promote schoolwide alignment and collaboration, a dedicated portion of these days is intentionally reserved for department-specific professional development. This approach ensures that staff receive training that is both relevant to their roles and responsive to the unique needs of their departments.

To coordinate these efforts across departments, the Chief Academic Officer—or their designee—works collaboratively with department directors or lead team members to plan and implement tailored professional development sessions. This decentralized model promotes professional learning that is contextualized, job-embedded, and aligned with departmental objectives, while still supporting the broader mission and strategic priorities of CICA. For more information on department professional development, see the appendix.

Element F Health and Safety Procedures

"The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

That each employee of the charter school furnish the charter school with a criminal record summary as described in § 44237.

For all schools, the development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (M), inclusive of paragraph (2)of subdivision (a)of § 32282.
For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (N) of paragraph (2) of subdivision (a) of § 32282.

That the school safety plan be reviewed and updated by March 1 of every year by the charter school." (Ed. Code § 47605(c)(5)(F).

General Health and Safety Compliance
California Innovative Career Academy (CICA) shall comply with all applicable federal, state, and local laws relating to student and staff health, safety, and emergency preparedness. If CICA occupies or operates in a Twin Rivers Unified School District (TRUSD) facility, it shall adhere to all TRUSD health, safety, and emergency procedures and remain subject to inspection by relevant district offices.

Emergency Preparedness

Emergency Operations Guide
CICA's Emergency Operations Guide outlines protocols and responsibilities for responding to emergencies such as natural disasters, active shooter incidents, and hazardous material releases. The guide aligns with state law, assigns roles through the Incident Command System principles, and identifies all staff as disaster service workers and alternates. Staff must review the guide annually.

Emergency Drills and Staff Training
CICA conducts regular fire, lockdown, and evacuation drills at all campuses, in accordance with state regulations. All staff receive annual training in:

- Emergency response procedures
- Active shooter protocols
- CPR and First Aid certification
- Bloodborne pathogen exposure response

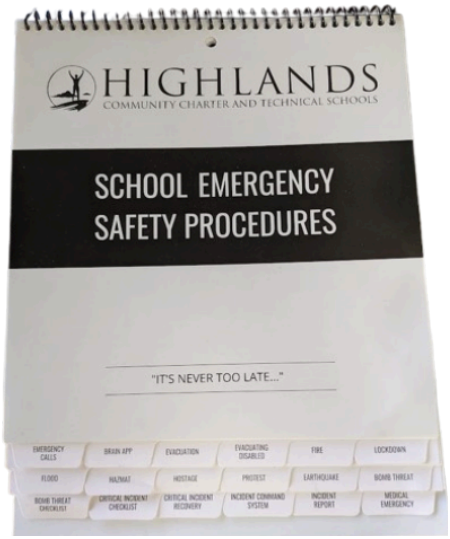
Staff agreements include a commitment to comply with emergency and safety procedures.

Emergency Safety Procedures

CICA shall adhere to the School Emergency Safety Procedures Handbook, drafted specifically for the needs of its facilities. This handbook includes, but is not limited to, the following responses: fire, flood, earthquake, active shooter, and hostage situations.

Staff shall receive training in emergency response, including appropriate "School-wide Safety Plan" training or its equivalent.

Disaster procedures included in the School Safety Plan shall address and include adaptations for students with disabilities. To the extent an employee, parent/guardian, educational rights holder, or student brings concerns regarding the procedures to the principal and, if there is merit to the concern, the principal shall direct the School Safety Plan to be modified accordingly.



Student Health and Medical Services

Administration of Medication
CICA complies with Education Code §49423 for administering medications. The school will:

- Maintain trained staff to administer medication
- Store emergency epinephrine auto-injectors per §49414 and AB 1651 (2023)
- Include injector locations in annual legal notices

If albuterol inhalers are stocked, CICA will meet all requirements under §49414.7, including storage, access, and staff training.

Health Screenings and Immunizations
CICA complies with all student health requirements, including:

- Tuberculosis (TB) clearance per §49406 for employees, volunteers, and vendors in

frequent contact with students
- Immunizations and screenings per Health and Safety Code §§120325–120375 and Education Code §§49450 et seq.
- Maintenance of all health records on file

Suicide Prevention
CICA maintains and implements a pupil suicide prevention, intervention, and postvention policy pursuant to Education Code §215 and AB 58 (2021–22). The policy is developed and reviewed in consultation with stakeholders and school-employed mental-health professionals, reviewed and updated at least every five years, and aligned to current CDE guidance and best practices.

Mandated Reporting and Child Safety

Mandated Reporter Training
All CICA employees and individuals working on behalf of the Charter School are mandated reporters. As such, employees must complete annual child-abuse detection/reporting training annually that must occur:

- Within the first six weeks of each school year, or
- Within six weeks of employment for new hires

Training complies with Education Code §44691.

Criminal Background Checks and Custodian of Records
- CICA complies with Education Code §§44237, 45125.1, 44830.1, 45122.1, and 44030.5 by: Fingerprinting and clearing all employees prior to employment;
- Ensuring contracting entities certify required clearances for any staff with student contact;
- Clearing unsupervised volunteers have cleared background checks;
- Requesting and receiving subsequent arrest notification from DOJ;
- Maintain evidence of compliance on file

The Executive Director is designated and confirmed as the Custodian of Records with the California Department of Justice.

Facilities, Restrooms, and Hygiene

Menstrual Products
Per Education Code §35292.6, CICA shall stock menstrual products in all women's restrooms, all-gender restrooms, and at least one men's restroom. Required notices will be posted prominently in each location.

All-Gender Restrooms

By July 1, 2026, each school site with multiple gender-specific restrooms will maintain at least one all-gender restroom that is:

- Clearly identified and designated with appropriate signage;
- Accessible during school hours and school-sponsored functions; and
- Equipped to protect privacy and safety (e.g., appropriate partitions/fixtures and disposal receptacles).

Implementation is underway during the 2025–26 school year to ensure full compliance by the statutory deadline. Students and staff may use facilities consistent with their gender identity and are protected from discrimination and harassment in all restrooms.

Drug-, Alcohol-, and Smoke-Free Environment
CICA maintains a drug-free, alcohol-free, and smoke-free environment for all students, staff, and visitors. This prohibition includes tobacco, nicotine, and vaping/e-cigarette devices on all school property, in school vehicles, and at all school-sponsored events.

Counseling and Student Support

CICA provides comprehensive counseling that is proactive, data-informed, and aligned to student goals.

Academic, College, and Career Counseling
- *Individual & Small-Group Advising:* Counselors meet with students for graduation planning, credit audits, and SMART goal setting; progress is reviewed at scheduled checkpoints each term.
- *College & Training Pathways***:** Support includes application timelines, FAFSA/CADAA, placement options (noncredit, certificate, AA/AS, transfer), prior-learning/experience credit where applicable, and navigation of supports for adult learners.
- *Career Readiness:* Counselors connect students to CTE pathways, industry certifications, résumé and interview prep, and work-based learning; plans are aligned to local labor-market information.
- *Access & Equity:* Flexible appointment windows (in-person/virtual, multilingual) and outreach ensure working adults and caregivers can participate.

Social-Emotional Support
Staff across roles foster student social-emotional development through empathy, listening, and proactive referrals. Students needing additional support are connected to external mental health services when appropriate.

Legal Compliance Procedures

FERPA
CICA and its representatives comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code §49060 et seq

Unified Complaint Investigation Procedure
The Executive Director shall oversee the complaint and investigation process. Complaints

unresolved at the site level will be addressed at the executive level.

CICA utilizes an anonymous complaint process through a third-party vendor called Navex. In the 2024-2025 school year, HCCTS partnered with Navex One to augment—not replace—the UCP, for anonymous or named reporting of concerns. Reports may be submitted via phone, web, or QR code. All Navex cases are logged, routed to HR for investigation, and closed with documented actions. Retaliation for good-faith reports is prohibited. (Internal practice statement.)

Human Trafficking Prevention
In accordance with Education Code requirements, CICA will inform parents/guardians of students in grades 6–12 about human trafficking prevention resources using the most appropriate methods.

Workplace Violence Prevention Plan
The Charter School shall establish, implement, and maintain, at all times in all work areas, an effective workplace violence prevention plan consistent with the requirements of Labor Code Section 6401.9.

Reference to Board Policies
CICA adheres to the following adopted Board Policies related to student health, safety, conduct, and non-discrimination:

- 5125 BP Student Records
- 5131 BP Student Conduct
- 5132 BP Student Dress Code
- 3542 BP Vehicle Use
- 5144 BP Student Discipline
- 5131.6 BP Alcohol and Other Drugs
- 5144.1 BP Suspension and Expulsion
- 5145.2 BP Student Freedom of Expression
- 5131.7 BP Weapons and Dangerous Instruments
- 1250 BP Registration of Visitors, Guests, and Outsiders
- 5142 BP Children on Campus and the Early Learning Center
- 3516 BP School Safety & Emergency Preparedness Plan
- 4212.8 BP - Anti-Nepotism and Employment of Relatives
- 4119.12 BP - Title IX Policy Prohibiting Discrimination on the Basis of Sex
- 5145.71 BP - Title IX Policy Prohibiting Discrimination on the Basis of Sex
- 5141.31 BP Health Examinations, Immunizations, and Oral Health Assessments
- 5145.3 BP Harassment, Discrimination, Intimidation, and Bullying Prevention

<u>Comprehensive School Safety Plan</u>
The Charter School shall adopt a School Safety Plan, to be reviewed and updated by March 1 of every year. The CSSP will identify strategies and programs that maintain a high level of school safety and document CICA's procedures for complying with all applicable laws.
At minimum, the CSSP will address the safety topics by Education Code § 32282(a)(2)(A)-(N) including:

- Child abuse reporting procedures
- Routine and emergency disaster procedures
- Policies for students who committed an act under Education Code §48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
- Procedures to notify teachers of dangerous students pursuant to Education Code Education Code §49079
- Anti-discrimination and harassment policy consistent with Education Code § 200
- Provisions of any school wide dress code that prohibits students from wearing "gang-related apparel," if applicable
- Procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
- A safe, orderly environment conductive to learning
- Rules and procedures on school discipline pursuant to Education Code §35291, 35291.5, and 47605
- Procedures for conducting tactical responses to criminal incidents
- Procedures to prepare for active shooters or other armed assailants by conducting a drill, if this topic is covered in the School Safety Plan
- Procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a school bus serving the school
- Procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds
- A protocol in the event a pupil is suffering or is reasonably believed to be suffering from an opioid overdose

Discrimination and Harassment Policies and Procedures
CICA provides a workplace and school environment free from discrimination, harassment, intimidation, and bullying. All employees receive and sign an employee handbook annually that informs them of CICA' sexual harassment policy. Additional site-based sexual harassment training is taught to all staff, and annual training is facilitated through "Safe Schools" an online program. CICA is also committed to providing a workplace free of discrimination and any harassment based upon such factors as race, religion, creed, color, gender, gender identity, gender expression, national origin, ancestry, ethnic group identification, age, medical conditions, marital status, sexual orientation, sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. CICA uses policies adopted by the Board regarding discrimination harassment (including employee to employee, employee to student, student to employee, and student to student misconduct). Misconduct of this nature is very serious and will be addressed in accordance with Board policies. Any complaint of unlawful harassment, discrimination, or sexual harassment is actively investigated by CICA, to include, where appropriate, the retention of outside investigators.

A copy of the policy shall be provided as part of any orientation program conducted for new and

continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired. The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code § 231.6 and shall prominently and conspicuously display the poster in each bathroom and locker room at the schoolsite and in public areas at the schoolsite that are accessible to, and commonly frequented by, pupils.

School Facility Safety
California Innovative Career Academy complies with Education Code §47610 by either utilizing facilities that are compliant with the Field Act or facilities that are compliant with the California Building Standards Code. CICA adheres to laws specific to charter schools on the local and state level regarding facilities. CICA agrees to test sprinkler systems, fire extinguishers, and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times. The Charter School shall conduct fire drills as required under Education Code § 32001. If CICA is not operating under the safety plan of the facility where it is housed, it will implement its own school safety and disaster preparedness plan.

Bullying Prevention
The Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying. The Charter School shall annually make available the online training module developed by the CDE pursuant to Education Code § 32283.5(a) to certificated school site employees and all other school site employees who have regular interaction with children.

Supporting LGBTQ Students
Through the completion of the 2029-30 school year, the charter school shall use an online training delivery platform and curriculum for at least one hour of required LGBTQ cultural competency training annually to teachers and other certificated employees and maintain records of such training as required by Education Code § 218.

SAFETY Act
Pursuant to AB 1955 (2024), employees of the Charter School shall not be required to disclose any information related to a pupil's LGBTQ+ identity to any other person without the pupil's consent unless otherwise required by state or federal law. This provision shall not limit a parent's ability to request school records on behalf of their child.

Homicide Threats
The Charter School shall comply with all requirements under Education Code § §49390-49395 regarding mandatory reporting in response to homicidal threats. All employees and Board members who are alerted to or who observe any threat or perceived threat in writing or through an action or a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement immediately.

Gun Safety Notice

At the beginning of the first semester, the Charter School shall distribute a notice to the parents/guardians of each student addressing California's child gun access prevention laws and laws related to firearm safety, utilizing the most updated model language published by the California Department of Education.

Athletic Programs
The Charter School shall comply with all applicable laws related to health and safety policies and procedures surrounding athletic programs at charter schools, including but not limited to providing information to athletes regarding sudden cardiac arrest and annually providing each athlete an Opioid Factsheet for Patients.

Transportation Services
The Charter School shall comply with the requirements of AB 88 (2023-24) if applicable, relating to background checks, testing, and other requirements for individuals and firms providing transportation services to students.

Extreme Weather Policy
On or before July 1, 2026, the Charter School will develop, adopt, and implement a weather policy that includes protocols for extreme weather conditions, and incorporate the standardized guidelines developed by the CDE.

Title IX
CICA complies with Education Code § 221.61 by posting in a prominent and conspicuous location on its web site the following information related to the federal regulations implementing Title IX of the Education Amendments of 1972:

The name and contact information of the Charter School's Title IX Coordinator, including the Title IX Coordinator's phone number and email address.

The rights of the pupil and the public and the responsibilities of the Charter School, which includes, but is not limited to, internet web links to information about those rights and responsibilities located on the website of the Office for Equal Opportunity and the U.S. Department of Education Office of Civil Rights (OCR), and the list of rights specified in Education Code § 221.8.

A description of how to file a complaint under Title IX, which shall include all of the following:

A. An explanation of the statute of limitations within which a complaint must be filed after an alleged incident of discrimination has occurred, and how a complaint may be filed beyond the statute of limitations.
B. An explanation of how the complaint will be investigated and how the complainant may further pursue the complaint, including, but not limited to, web links to this information on the U.S. Department of Education OCR website.
C. A link to the U.S. Department of Education OCR complaint form, and the contact information for the office, including the phone number and email address for the office.

Element G Balanced Enrollment

"The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted." (Ed. Code § 47605(c)(5)(G).)

Assurances

CICA shall:

- Be nonsectarian in all programs, admission policies, employment practices, and operations; not charge tuition; and not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any characteristic listed in Penal Code § 422.55.
- Admit all pupils who wish to attend to the extent that space allows; admission shall not be determined by place of residence except as otherwise required by law; and, if applications exceed capacity, offers of admission shall be made by public random drawing (lottery) consistent with Ed. Code § 47605(d)(2).
- **Apply any enrollment preferences** only as permitted by law and as stated in the charter; **preferences will not require mandatory parent volunteer hours** as a condition of admission (Ed. Code § 47605(e)(2)(B)(iv) **shall not limit access** for pupils protected by Ed. Code § 47605(e)(2)(B)(iii).
- Preferences, if given, shall not result in limiting enrollment access for pupils based on nationality, race, ethnicity, or sexual orientation; and shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, foster youth. (Education Code § 47605(e)(2)(B)(iii)).
- The charter school shall not discourage enrollment in the charter school, or encourage disenrollment/ transfer of a student from the charter school, for any reason, including but not limited to academic performance or any characteristics of the student listed under Education Code § 47605(e)(2)(B)(iii).
- Not request or require submission of a student's IEP, Section 504 plan, or other records prior to admission, participation in any lottery, any pre-enrollment event, or as a condition of enrollment; CICA may request only the information necessary to apply any admissions preferences stated in the charter.

Plan for Achieving and Maintaining Student Population Balance & How to Reach This Goal
(Racial/Ethnic, Students with Disabilities, and English Learners)

California Innovative Career Academy (CICA) strives, through its recruitment and admissions

practices, to achieve a racial and ethnic, special education, and English Learner balance among its students that reflects the general population residing within the territorial jurisdiction of the District. CICA maintains an open enrollment policy and does not discriminate based on any protected characteristic, including disability, gender, gender identity/expression, nationality, race/ethnicity, religion, sexual orientation, immigration status, or association with a protected class (Ed. Code §§220, 47605(e)). Students are considered for admission without regard to ethnicity, national origin, gender, gender expression, gender identity, disability, sexual orientation, or any of the characteristics listed in Education Code §220. These characteristics include actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, immigration status, or association with an individual who has any of these characteristics, as defined in Ed. Code § 422.55 of the Penal Code.

CICA will implement a coordinated advertising and recruitment strategy to ensure that all students are informed about the educational opportunities available. These efforts are ongoing throughout the year and are designed to reach a broad and diverse audience. In alignment with CICA's commitment to serving students from all ethnic and cultural backgrounds, a variety of advertising methods are used to promote equitable access and inclusive outreach.

Each year, CICA analyzes enrollment trends in order to optimize efforts to recruit and retain students. An informal designated committee, comprised of various stakeholders from the instructional, administrative, and operational areas of the school, meets regularly to develop a plan. Using both quantitative and qualitative feedback from the previous year—including student satisfaction surveys and non-mandatory exit interviews—the team identifies enrollment trends and their root causes, determines potential solutions, and generates strategies to implement and monitor those solutions in the following year.

Externally, CICA addresses retention and attrition through the development of student engagement systems and strategic partnerships that support teaching, learning, and student achievement. The school's student recruitment strategy includes, but is not limited to, the following elements to ensure a student population that reflects the District's diversity:

- An enrollment process with a clearly defined timeline that supports broad-based recruitment and application opportunities.
- Development of promotional and informational materials designed to appeal to a range of racial, ethnic, special education, and English Learner groups represented in the County.
- Distribution of materials to a variety of community organizations, including religious institutions, libraries, recreation centers, local businesses, middle schools, and faith-based groups that serve diverse populations.
- Production of promotional and informational materials in multiple languages, including but not limited to Farsi, Spanish, Russian, and Arabic, to ensure accessibility for limited English proficient populations.
- Use of advertising platforms that provide information to individuals whose primary language is not English.
- Publicizing enrollment and recruitment through local newspapers, online media, and social media platforms, with continuous updates to reflect evolving technologies and communication trends.

- Presentations at multicultural events, including community fairs and other local gatherings.

Marketing: Advertising and Sponsorship to Increase Student Enrollment

Board Policy 1325, adopted in the 2024-2025 school year, establishes clear guidelines for how HCCTS/CICA uses marketing and sponsorships solely to inform prospective students about public, tuition-free educational opportunities and to advance equitable access to our programs. All advertising expenditures must align with the school's mission and strategic goals and demonstrate a meaningful return on investment. Advertising is intended to raise awareness of HCCTS programs, highlight the benefits of enrollment, and promote the school's values to prospective students in the broader community.

Annual Marketing Plan prepared by staff, aligned to mission and enrollment targets, and reviewed with the Executive Director; major spending and any sponsorships follow procurement rules and board-approved thresholds.

Advertising budget is reviewed annually; any campaign exceeding the internal threshold (e.g., $100,000) requires explicit Board authorization.

All materials must reflect our non-discrimination and open-enrollment assurances and may not request or imply a requirement to provide student records prior to admission (e.g., IEP/504).

Advertising efforts must clearly communicate the educational opportunities HCCTS offers—including adult high school diplomas, career preparation, and hands-on skill development—and use platforms that are cost-effective and aligned with the school's target audiences. All advertising must also comply with legal and ethical standards and adhere to brand identity guidelines to build recognition and trust within the community.

Additionally, advertising effectiveness is monitored and reviewed annually to ensure alignment with HCCTS's enrollment and engagement objectives, with quarterly reporting to the Executive Director and an annual summary to the Board. Board Policy 1325 codifies the outreach rigor and equity safeguards common to high-performing charters—multilingual, community-based recruitment; documented, transparent admissions; and routine Board oversight—while adding HCCTS's budget controls and ROI monitoring to ensure responsible stewardship of public funds. For full policy language and implementation procedures, see the appendix.

Element H Admissions Policies and Procedures

"Admission policies and procedures, consistent with [Education Code § 47605] subdivision." (e). (Ed. Code § 47605(c)(5)(H).)

Admission and Enrollment Requirements

California Innovative Career Academy is nonsectarian in its programs, admission policies, and all other operations. CICA will not discriminate on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, or association with an individual who has any of the aforementioned characteristics [Ed. Code § 47605(e)(1)]. CICA shall comply with all applicable laws governing minimum age requirements for registration in charter schools. The school shall not use any test, assessment, or interview to determine a student's eligibility for admission. However, following registration, all students may be administered diagnostic assessments, dubbed "placement tests," solely for the purpose of determining appropriate instructional placement. These assessments are used to inform grade-level placement and have no bearing on a student's eligibility for admission.

CICA admits all students who meet the following criteria:

- Demonstrate a desire to enroll in the academic program
- Fall within the categories the school is legally authorized to serve
- Meet the eligibility requirement of being age 22 or older under the exclusive WIOA agreement
- Students do not have a U.S. high school diploma
- Submit a timely application

Required Documents

- Proof of Identification
- Proof of California Address (may be covered by proof of identification)
- CICA Online Registration, which includes but not limited to the following:
    - Emergency Consent and Contact Information
    - National School Lunch Program Form (NSLP)
    - Home Language Survey
- CalJOBS Registration (Any forms required by a WIOA partner

Enrollment Period

Initial applications are accepted at any time during the school year. The CICA admission process consists of the completion of an online student registration form. The admission process also includes students to participate in orientation, grade level placement, and academic planning.

Education Exclusively in Partnership with the Workforce Investment Opportunity Act (WIOA)

Per Ed. Code §§ 47612.1 and 47605.1(f)(1), CICA provides instruction exclusively in partnership with the Workforce Investment Opportunity Act of 1998 through its partnership

agreement with the Sacramento Employment and Training Agency (SETA) or other WIOA organization. As such, CICA only legally serves students who are receiving WIOA-funded services and does so under the terms of a Partnership Agreement. CICA will provide a copy of the Partnership Agreement to the District on or before July 1, 2019.

The SETA or other WIOA service provider will provide CICA students with the services specifically outlined in and attached hereto under "Tab 9—Workforce Agreements." CICA will provide the District with documentation that confirms SETA or other WIOA service provider is qualified and authorized to provide such services contemplated in the Partnership Agreement.

Not Possessing a U.S. High School Diploma
Students who have a U.S. high school diploma (also known as a "regular high school diploma") will not be admitted to Highlands Community Charter School. Students who possess a GED, CHSPE, foreign credential, or any other alternative degree that is not fully aligned with the academic standards of the State of California may be admitted.

CICA Proposed Lottery Process
If CICA receives registrations in excess of its enrollment capacity, the lottery process will be used to select admitted students. CICA will conduct a public random drawing facilitated by PowerSchool Enrollment School Choice, a third-party platform. The drawing will take place in a public setting at our Howe Campus, located at 1111 Howe Ave, Sacramento, CA 95842. The lottery will be held up to two weeks before the start of the school year. Notice of the random drawing will be provided through written postings at the school site and on the school's website.

The lottery is open to the public, and prospective students are encouraged to attend; however, they are not required to be present at the time of the drawing to be eligible for admission. Results will be communicated to prospective students.

The lottery will be conducted using student numbers assigned to each prospective student. As numbers are drawn, they will be displayed for everyone in attendance to see. Once all available seats for a specific grade level, site, and schedule preference (regular daytime or evening) have been filled, the designated staff member will announce that any additional students drawn will be placed on the waitlist. Students will be added to the waitlist for that grade level, site, and schedule preference (regular daytime or evening) in the order their numbers are drawn.

Waiting List Priorities
A waiting list will be implemented when the number of applications exceeds the enrollment capacity for a specific grade level, site, and schedule preference (regular daytime or evening). In the event of a lottery, admission will be offered to prospective students based on lottery results until capacity is reached. Once capacity is met, all remaining names drawn will be placed on a waiting list in the order they were selected.

New applicants who register after the lottery deadline will be offered a seat if space is available in their grade level, site, and schedule preference (regular daytime or evening), or they will be added to the waiting list in the order the application was received. As seats become available, they will be offered to students starting with the lowest numerical ranking on the waiting list.

Notifying Students of a Seat Offering
Once a seat becomes available for an applicant who has the lowest numerical ranking on the waiting list, the student will be contacted by the Registration department to confirm their seat. Any admitted students who decline an offered seat or who fail to confirm by the deadline will lose their position to the next applicant on the waiting list. The waiting list is kept on file at the school and is valid for the duration of the school year.

Documenting the Fair Execution of Lottery and Waitlist Procedures
Copies of lottery results and waiting list(s) are readily available for inspection at the school office. These records will be maintained by the Registration department.

Communicating to All Interested Parties
Applications are available digitally online on the CICA website. CICA advertises the open application period to the surrounding communities and also communicates the timeline, rules, and procedures for the lottery process if necessary. Typical methods for these communications include, but are not limited to, web advertising, newspaper and magazine ads, radio ads, home mailers, and flyers.

Element I Annual Financial Audits

"The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority." (Ed. Code § 47605(c)(5)(I).)

Accreditation

CICA has achieved a full six-year WASC accreditation through June 2030 with a mid-cycle visit scheduled during the 2026-2027 school year.

Annual Audit Procedures

Contracting with an Independent Auditor

California Innovative Career Academy (CICA) conducts an annual independent fiscal audit in compliance with Education Code § 47605(c)(5)(I) and 47605(m). All financial records are maintained in accordance with Generally Accepted Accounting Principles (GAAP), and audits are conducted in accordance with generally accepted auditing standards and the State Controller's K–12 Audit Guide.

In the 2024–2025 school year, the CICA Board of Directors adopted Board Policy 3581 – Data Retention and Record Management, which provides a comprehensive framework for the classification, retention, and secure disposal of records by staff, contractors, and affiliates. The policy applies to all administrative, financial, personnel, student, and instructional records, including communications in paper, digital, audio, or video format. This policy ensures that all audit-related documentation is properly maintained and readily accessible. For additional details, refer to the appendix entry for BP 3581.

Audit Timeline Overview

In alignment with Board Policy 3100 – Budget Development and Oversight, audit procedures are embedded in the school's annual budget cycle and financial governance structure. Each spring, the Executive Director and Chief Business Official (CBO) recommend an independent auditor for approval by the Board of Directors. Following the close of the fiscal year, the CBO finalizes and closes the books, compiles the necessary financial documentation, and coordinates with the independent auditor to conduct the audit.

Upon completion, the auditor prepares a report, which is formally presented to the Board of Directors. The Executive Director and CBO review any audit findings or exceptions and coordinate the necessary corrective actions. In accordance with statutory deadlines, the finalized audit report is submitted to the charter authorizer (Twin Rivers Unified School District), the Sacramento County Superintendent of Schools, the State Controller's Office, and the California Department of Education (CDE) by December 15 of each year. For additional detail, see appendix reference BP 3100.

Audit Completion Timeline

The audit is expected to be finalized within six months of the fiscal year's end. The Board of Directors formally reviews each year's audit findings and takes appropriate action to ensure full compliance with state and federal requirements.

Selection Criteria for Independent Auditors
The selected auditor must be a Certified Public Accountant (CPA) with experience in public school and charter school finance and must be listed as an approved audit provider by the State Controller. CICA is solely responsible for all associated audit costs. Where applicable, the audit scope will include federal compliance elements outlined in Office of Management and Budget (OMB) Circulars and related federal guidelines.

Resolution of Audit Findings
Any audit exceptions or deficiencies are first reviewed by the CICA Audit Committee, which provides formal recommendations to the Board of Directors. The Board submits a written report to the charter authorizer describing how identified findings have been addressed, along with supporting documentation. In cases where findings remain unresolved at the time of submission, the report includes a corrective action plan and projected timeline for resolution. CICA aims to address all audit findings within six months. Disputes regarding the resolution of audit findings will follow the dispute resolution procedures set forth in this charter.

Upon receipt of the draft audit and management letter, the CEO/CBO prepares a written Corrective Action Plan (CAP) that, for each finding, identifies the root cause, required remedial actions, responsible owner, resources, and a target completion date.

Audit Committee Review & Board Action
The CICA Audit Committee reviews the CAP and forwards recommendations to the Board of Directors for approval. The CAP remains on the Board's agenda for status reporting each meeting until all items are closed.

Authorizer Notification & Documentation
Within 30 days of Board acceptance, CICA submits to the charter authorizer a written report describing how each finding has been addressed or will be addressed, with supporting documentation. If any item is not yet resolved, the submission includes the Board-approved CAP and projected completion dates.

Timelines & Monitoring
CICA aims to fully resolve audit findings within six months of audit issuance. Progress is monitored against milestones; if delays arise, management provides revised timelines and interim controls to the Audit Committee and Board.

Material Weaknesses/Significant Deficiencies

Any material weakness or significant deficiency triggers immediate Board notification, expedited remediation steps, and—if warranted—the engagement of external advisors to strengthen internal controls.

Public Access and Appeals
Audit reports are public records and will be made available upon request. Any audit appeals or requests for summary review will be submitted to the Education Audit Appeals Panel (EAAP) in accordance with applicable law.

Element J Suspension and Expulsion Procedures

"The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are consistent with all of the following:
For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.
For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:
(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.
(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.
(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).
(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion

notice, manifestation determination notice, involuntary transfer notice, and other documents and related information." Education Code § 47605(c)(5)(J).

School Climate And Student Discipline System

Highlands Community Charter and Technical Schools (HCCTS) has adopted 5144.1 Suspension and Expulsion Board Policy to promote student learning and maintain a safe and supportive learning environment—whether in-person or remote. The policy is closely aligned with California Education Code § 48900 et seq. and is reviewed annually for updates. Disciplinary actions, including suspension, expulsion, or involuntary removal, are applied fairly and consistently and are clearly outlined in the Student Handbook. Students and families receive written notice of these policies upon enrollment. The policy prohibits corporal punishment and outlines due process protections for all students, including those with disabilities or Section 504 plans. Involuntary removal requires written notice in the student's native language and an opportunity for a hearing. Students remain enrolled during the hearing process unless suspended or expelled for misconduct. For more information about Board Policy 5144.1, see the appendix.

CICA Discipline Philosophy

California Innovative Career Academy prides itself on meeting student needs and developing action plans to address extenuating circumstances as they arise, recognizing that many students come to the organization due to hardships that have prevented the fulfillment of their educational goals. By addressing the needs of each student directly, barriers to student success are removed.

CICA implements a philosophy that all students deserve a second chance by providing services that include individual one-on-one student counseling, a drug and alcohol rehabilitation and prevention support group called Clear Connections that meets twice a week, and a Positive Direction support group that meets once a week which focuses on a different student success theme per month. We also provide services that address criminal history and homelessness if these occurrences impede student attendance. Additional addressing of student needs include a transportation plan for adults who do not have vehicle access to and from school, a clothing and food closet for those students who are lacking basic necessities, and free child care for those students who are not able to attend class due to young children between the ages of 2 and 5 who are not school age eligible.

CICA encourages the utilization of these services to prevent student disenrollment, suspension, or expulsion when applicable. Should a disciplinary action be required, Student Success Team meetings (SSTs) and 504 plan meetings (when applicable) are organized to review the student's individual extenuating circumstances. Counselors, teachers, directors, and other assigned personnel assist in addressing student needs by creating an action plan for both the staff and the student.

School-Wide Positive Behavior Intervention and Support

The Student Success Team (SST) is a problem-solving and coordinating structure that assists students, teachers, staff, and community partners to develop positive solutions for maximizing student potential. It provides an opportunity for school staff, the adult student, community agencies, and other important people to present their concerns about an individual student. The SST focuses in-depth on one student at a time and invites the adult student to participate in

finding solutions. Through discussion and study, they plan a positive course of action and assign responsibilities, as well as monitor the results of a student. This process informs individual actions for students, including referral to the formal SST process and class-wide actions to address issues such as use of class resources, behavior management, and classroom modifications.

The following is implemented during the time of behavioral intervention:

- Asset-Based Delivery: The SST always starts with a discussion of a student's strengths/assets and develops solutions that build on these strengths
- Problem Solving: The SST gathers background information regarding the student in the areas of school, home, family, health, and collaboratively brainstorms solutions to address areas of concern.
- Service Coordination: An action plan is developed for interventions, with support implemented and designed to address the students' needs; team members are assigned responsibilities for action items.
- Monitor Results: Action items are monitored, and a follow-up SST meeting is scheduled to review the results/outcomes of interventions, make adjustments, and continue to strategize positive solutions to ensure student success.

The coordination of interventions at school, home, and the community improves student learning and provides focused, positive support to teachers, students, and staff. An SST can help students who are facing significant concerns relating to:

- Academics
- Attendance problems
- Behavioral/emotional issues
- Consideration for 504 services
- Retention
- Health issues (including substance abuse)
- Social adjustment

Tiered Behavior Intervention

Members of a Student Support Team:

- The Adult Student is always invited to participate in the decisions of their own education and goal setting.
- Designated administrator
- Teacher(s)
- Resource personnel or specialists, such as community outreach consultants, social workers, probation officers, community resources representatives, or mental health consultants
- Others invited as appropriate

All SST team members are active contributors, and the process defines special roles that some members of the team must fill to achieve the greatest positive outcome. Team members may change roles from one SST meeting to the next. However, during any meeting, each team member's role is clearly defined before the meeting begins and then maintained throughout that meeting.

Facilitator
This person facilitates the work of the team and is the SST coordinator/leader. The success of the team depends largely on this person, who guides the flow of the meeting and coordinates logistics before and after the meeting.

The facilitator directs but does not dominate the SST meetings, eliciting the most helpful contributions of the group and, most importantly, keeping a positive tone at the meeting. The facilitator directs the process with respect for all members and accommodates the needs of the group. The facilitator reassures and supports the efforts of colleagues and students.

Recorder
The recorder is responsible for documenting the SST meeting discussion, including students' strengths, concerns, interventions, action items, and results. The recorder does this by using the Student Success Plan form or the Student Success Plan Follow-up Form.

Team Member
An effective team member is a positive contributor to the work of the team. The team members participate but do not control the flow of the meeting. Members come prepared with information about the student. Contributions that address difficult problem areas are positive, looking at constructive solutions, rather than characterizing, blaming, or stereotyping. Interventions are linked to the student's strengths.

The Adult Student as a Team Member
The Adult student is a full-fledged member of the SST, and they are always included. At the SST the student can share his/her perspective and concerns, contribute critical problem-related information from home, and share effective and ineffective home interventions. Many times, the adult student can clarify questions for the team and participate in the implementation of strategies developed by the whole team.

Outreach to Students
When connecting with students, care must be taken to ensure the most positive experience possible. Reaching out to and engaging the student is a key element in making the SST process successful. This effort involves much more than sending a written notice of a meeting or making a simple phone call. It involves extending oneself as a representative of the school and serving as a bridge for the student to the classroom and the larger school environment.

Adult students often resist this engagement. The barriers they present to any involvement may mask deeper fears or concerns. Being a student with school or social concerns can cause the student to have feelings of defensiveness or guilt. Many students may feel they will be unfairly attacked or made to feel worse than they already do in an SST meeting. They may have had former experiences with school meetings that were not successful, or they were not kept well informed, and they may be reluctant to trust another meeting at school.

The person performing the outreach/engagement role must be sensitive to these issues. Information about the purpose of the meeting must be presented with an emphasis on the shared concerns and responsibilities. An explanation of the SST process must be provided, emphasizing

that the process is a collaborative strategy that builds upon the student's strengths to attain the highest degree of success for the student. The student must also be allowed to ask any questions or share any concerns s/he may have with the upcoming meeting.

Adult students may also have time, work, child care, or transportation issues that prevent participation in the meeting. The SST process must include support for students to accommodate these very real issues. Any support provided has both symbolic and concrete meaning to students and contributes to the success of the meeting for both students and team members.

Restorative Justice Practices
Student Success Team Follow-up Practices: The action plan created at the SST meeting is only as good as the follow-up practices that ensure its implementation.

Steps for Implementation:

Case Management

It is very important to clearly define in the Student Success Plan who is responsible for each "action item" and to designate the administrator in charge of monitoring the implementation of the plan. This creates an accountability system that is monitored and reviewed when the team comes together again for the Follow-up SST meeting(s).

Case manager tasks may include:

meeting with the student and with the teacher regarding the action plan,
making phone calls and/or sending reminder notes to team members regarding action items, and/or helping students and their families follow through with referrals to on-site and community-based services.

Feedback to the Referral Source

The administrator, or a designated member, provides the referral source with feedback promptly after the initial SST meeting. Even when the referral source is unable to attend the SST meeting, it is beneficial to involve them in some ownership of the plan, particularly classroom strategies, modifications, and adaptations.

Student/Family Support

Working with students to be a part of the plan and to undertake actions on their own behalf is an important part of the follow-up. Students are empowered to take ownership of their action plans, with ongoing check-ins offered as needed. During the SST meeting, the student is an equal partner in developing the action plan. The assigned administrator or another staff member who has a relationship with the student may want to check in with the student periodically to offer support toward implementing action items.

Follow-Up SST Meetings / Ongoing monitoring of student progress

At the end of every initial SST, a follow-up SST meeting date is set, preferably within 4-6 weeks. At the follow-up SST meeting action items are reviewed and student progress is discussed. The follow-up SST meeting is documented on the Student Success Plan

Follow-up Form. The action plan may need to be modified and additional interventions added depending on student progress.

Communicating, Teaching, and Modeling: Suspension Alternatives through Professional Development

Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. CICA staff are trained and annually review de-escalation strategies for students in crises. These strategies focus on developing relationships with students, identifying and avoiding, when possible, triggers for undesirable behavior, and stabilize students who have been triggered safely through the use of de-escalation techniques.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians[3], during assigned time for supervised academic support or restorative conferencing, either virtually or in person., community service, use of alternative educational environments, suspension, expulsion, and involuntary removal.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Pupil Suspension and Expulsion Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from learning opportunities, meetings, and optional program events during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom CICA has a basis of knowledge of a suspected disability pursuant to the IDEIA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when federal and state law mandates additional or different procedures. CICA will follow all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom CICA has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students and shall notify the District of the same.

No student shall be involuntarily removed by the Charter School for any reason unless the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student, and shall inform him or her of the right to initiate the procedures specified below for suspensions, before the effective date of the action. If the student initiates the

[3] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

procedures specified below for suspensions, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision.

As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the suspension and expulsion procedures described below.

In-School Suspension

Authorization and Implementation of In-School Suspensions

In-school suspension at CICA is structured through enrollment in the school's targeted support track within the Independent Study Program. This track includes mandatory advisor check-ins, access to credit recovery resources, and scheduled tutoring—either in person or virtually—as appropriate. CICA offers in-school suspension as a means of reducing time missed from learning for behavioral issues. Should the need for in-school suspension arise due to a violation of student conduct violations, as defined by the California Innovative Career Academy's Student Handbook, in-school suspension will be served through the enrollment of and attendance in the California Innovative Career Academy Alternative Education/Independent Study Program. An assigned advisor will work with the student to arrange a schedule for the student to engage in credit recovery and after-school tutoring as needed to ensure she is able to keep up with his/her school work while on suspension. Grounds for in-school suspension shall not exceed grounds for expulsion as defined by the Student Expulsion policy. Notification procedures and the maximum number of days for in-school suspension per incident as well as academic year are the same as out-of-school suspensions.

To ensure that CICA adequately provide safety for students, staff, and visitors to the school and serve the best interests of students, in-school suspension will not be offered to any student who:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel, or
- Made terrorist threats against school officials or school property, or both.

Grounds For Suspension And Expulsion

Scope of Disciplinary Jurisdiction

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time, including but not limited to: a) while on any school-affiliated site, including learning centers, during in-person appointments, or participating in any school-sponsored activity, whether virtual or in person; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

Suspension Offenses

Discretionary Suspension Offenses

Students may be suspended for any of the following acts when it is determined the student:

A. Caused, attempted to cause, or threatened to cause physical injury to another person.

B. Willfully used force of violence upon the person of another, except self-defense.
C. Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code 11053-11058, alcoholic beverage, or intoxicant of any kind.
D. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage, or intoxicant.
E. Committed or attempted to commit robbery or extortion.
F. Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.
G. Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.
H. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
I. Committed an obscene act or engaged in habitual profanity or vulgarity.
J. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
K. Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
L. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
M. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
N. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
O. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, “hazing” means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, “hazing” does not include athletic events or school-sanctioned events.
P. Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the

person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or his or her immediate family. Students may be also recommended for expulsion for conduct described in this provision.

Q. Committed sexual harassment, as defined in Education Code § 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive. Students may be also recommended for expulsion for conduct described in this provision.

R. Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive. Students may be also recommended for expulsion for conduct described in this provision.

S. Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students, in a sufficiently severe or pervasive nature, to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive. Students may be also recommended for expulsion for conduct described in this provision.

T. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act (defined as the transmission of a communication, including, but not limited to, a message, text, sound, or image, or a post on a social network Internet Web site, or an act of cyber sexual bullying, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager) directed specifically toward a student or school personnel.

    1. "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including acts one or more acts committed by a student or group of students which would be deemed sexual harassment, hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
        ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
        iii. Causing a reasonable student to experience substantial interference with his or her academic performance.

iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2. "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
   i. A message, text, sound, video or image.
   ii. A post on a social network Internet website including, but not limited to:
      a. Posting to or creating a burn page. A "burn page" means an internet website created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
      b. Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
      c. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness of attributes of an actual student other than the student who created the false profile.
   iii. An act of cyber bullying.
      a. For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
      b. For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
3. Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

U. A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to

have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (A) and (B).

V. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director's and/or Director of Curriculum and Instruction (or assigned designee's) concurrence.
W. Cheated on school classwork or otherwise has acted in an unethical manner as determined by the Administration based upon school policies and guidelines.

Non-Discretionary Suspension Offenses/Non-Discretionary Expulsion Offenses
Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

A. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Executive Director's and/or Director of Curriculum and Instruction (or assigned designee's) concurrence.
B. Brandished a knife at another person
C. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
D. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

Out-Of-School Suspension Procedures

Suspension Authority
CICA will ensure that the process for investigating incidents and collecting evidence will be fair and thorough before a student is suspended. A student may only be suspended by the Executive Director's and/or Chief Academic Officer, or in the case of the Executive Director and Chief Academic Officer's absence or inability to carry out proper suspension procedures, an assigned designee.

Conference
Suspension will be preceded, if possible, by a conference conducted by the Executive Director's and/or Chief Academic Officer or an assigned designee with the student and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Executive Director's and/or Chief Academic Officer and Instruction or assigned designee.
The conference may be omitted if the Executive Director's and/or Director of Curriculum and Instruction or an assigned designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety, or health of students or charter school personnel. If a student is suspended without this conference, the student will be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student will be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension, and the evidence against him or her and will be given a meaningful opportunity to present his or her version and evidence in his or her defense. This conference will be held within two school days, unless the student waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student at the conference.

Student Notification
Students will have due process rights with regard to suspensions and expulsions. At the time of the suspension, an administrator or designee will make a reasonable effort to contact the student by telephone or in person. Initial contact will be followed by a written notice. This notice will state the specific offense(s) committed by the student. In addition, the notice will also state the date and time the student may return to school.

Maximum Suspension
The length of the suspension will be determined by the Executive Director and/or the Chief Academic Officer or an assigned designee based on the severity of the offense(s), as evidenced by witness statements, physical evidence, and other relevant factors. For students with IEPs, the students SST team will consult with the Executive Director and/or the Chief Academic Officer or an assigned designee on additional factors that are relevant to the decision. The length of suspension for students may not exceed a period of 5 consecutive days per suspension. The total number of days for which a student may be suspended from school shall not exceed 20 school days in any school year.

Meaningful Education for Suspended Students
A student on suspension will be provided meaningful access to education during the term of the suspension. An advisor of the suspended student will collect and provide the student with classroom material and current assignments to be completed at home during the length of the suspension. Missed tests will also be coordinated to be completed either at home or upon return. Written notification listing all required assignments will be given to the student and all needed materials will be left in the front office.

In accordance with Education Code § 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code § 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

Suspension Pending the Outcome of an Expulsion Process
Upon a recommendation of expulsion by the Executive Director and/or the Chief Academic Officer or Administrative Panel, the student or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Executive Director and/or Chief Academic Officer or Administrative Panel upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others or property. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing. The maximum number of days a student may be suspended is thirty days (30) unless the expulsion hearing is postponed for good cause, in which case the suspension could be extended further. Procedures for providing a student on suspension with meaningful access to education during the term of the suspension pending the outcome of an expulsion process is outlined above in the section titled, "In School Suspension."

Expulsion Procedures
Prior to making an expulsion recommendation, students will be provided adequate notice of the reason for disciplinary actions and a meaningful opportunity to be heard by invitation to a conference to determine if the student should be placed on suspension or if an existing suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Executive Director and/or Director of Chief Academic Officer (or assigned designee) upon either of the following findings:

- The student's presence will likely be disruptive to the educational process
- The student poses a threat or danger to others or property.

Upon this determination, the student placed on suspension or will have his/her suspension extended pending the results of an expulsion hearing.

Students will be recommended for expulsion if at least one of the following findings may be substantiated:

- Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- Due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

Authority to Expel
As required by Education Code § 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law. A student may be expelled either by the CICA Board following a hearing before it or by the CICA Board upon the recommendation of the Executive Director and/or the Chief Academic Officer or a neutral and impartial Administrative Panel may be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a Board member of the Charter School's governing board. The Executive Director and/or the Chief Academic Officer or Administrative

Panel may recommend expulsion of any student found to have committed an expellable offense, and the CICA Board of Directors shall make the final determination.

Mandatory Recommendation for Expulsion
Students must be expelled for any of the following acts when it is determined pursuant to the procedures below that the student:

A. Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object unless, in the case of possession of any object of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Executive Director's and/or Director of Curriculum and Instruction (or assigned designee's) concurrence. Possession of an imitation firearm is not an offense for which suspension or expulsion is mandatory.
B. Brandished a knife at another person.
C. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053-11058.
D. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined by Penal Code Section 243.4.
E. Possession of an explosive.

If it is determined by the Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such a term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.
A decision to expel a pupil shall be based on a finding that other means of correction are not feasible or have repeatedly failed to bring about proper conduct, or that due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

Discretionary Recommendation for Expulsion
Students shall be recommended for expulsion, unless the Executive Director or the Executive Director's designee determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the following acts:

A. Causing serious physical injury to another person, except in self-defense.
B. Possession of any knife or other dangerous object of no reasonable use to the pupil.

C. Unlawfully possessing any controlled substance, as defined in Health and Safety Code Sections 11053-11058 except for either the first offense of possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis, or the possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil be a physician.
D. Robbery or extortion.
E. Assault or battery, as defined in Penal Code Sections 240 and 242, upon any Charter School employee.

Expulsion Procedures
Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing will be held within thirty (30) school days after the Executive Director and/or the Chief Academic Officer or an Administrative Panel or designee determines that the student has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under FERPA) unless the student makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded to the student at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing,
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based,
3. A copy of CICA disciplinary rules which relate to the alleged violation,
4. Notification of the student's obligation to provide information about the student's status at CICA to any other school district or school to which the student seeks enrollment,
5. The opportunity for the student to appear in person or to employ and be represented by counsel or a non-attorney advisor,
6. The right to inspect and obtain copies of all documents to be used at the hearing,
7. The opportunity to confront and question all witnesses who testify at the hearing, and
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Reasonable accommodations, including language support for a student who has a primary language other than English will be made available at the hearing, upon request.

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses
CICA may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the CICA Board or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time s/he testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. CICA must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which s/he may leave the hearing room.
4. The person or panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.The person or panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours s/he is normally in school, if there is no good cause to take the testimony during other hours.
5. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person or panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
6. If one or both of the support persons is also a witness, CICA must present evidence that the witness' presence is both desired by the witness and will be helpful to CICA. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom s/he believes is prompting, swaying, or influencing the witness.
7. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
8. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
9. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made,

the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing
A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence
While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The Decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

Written Notice to Expel
The Executive Director and/or the Chief Academic Officer or an Administrative Panel, following a decision of the Board to expel, shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's obligation to inform any new district in which the student seeks to enroll of the student's status with CICA.

The Executive Director and/or the Chief Academic Officer or an Administrative Panel, shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall

include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

Disciplinary Records
CICA shall maintain records of all student suspensions and expulsions at CICA. Such records shall be made available to the authorizer upon request.

No Right to Appeal
The student shall have no right of appeal from expulsion from CICA as CICA Board's decision to expel shall be final.

Expelled Students/Alternative Education
CICA shall ensure that students suspended from CICA are provided with an appropriate alternative educational program (class work and homework assignments, etc.) during the period of the student's suspension from school. Whenever a student is expelled from CICA, CICA shall notify the student and the student in writing of the student's duty to attend the public school district in which the residency of either the parent or legal guardian is located. CICA shall also notify the public school district in which the residency of either the parent or legal guardian is located whenever a student is expelled from CICA.

Rehabilitation Plans
Rehabilitation Plans, Criteria, and Expulsion
Students who are expelled from CICA shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to CICA for readmission.

Readmission
The decision to readmit a student or to admit a previously expelled student from another school district or charter school shall be in the sole discretion of the Board following a meeting with the Executive Director or designee and the student and guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The student's readmission is also contingent upon CICA capacity at the time the student seeks readmission.

Notice to Teachers
The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code § 49079 and the corresponding enumerated offenses set forth above.

Element K Employee Retirement Systems

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." (Ed. Code § 47605(c)(5)(K).)

Retirement Systems for Certificated, Classified, and Other Staff Members

All full-time certificated employees at California Innovative Career Academy (CICA) participate in a qualified retirement plan, including, but not limited to, the State Teachers Retirement System (STRS) or the federal Social Security system based on their eligibility to participate. CICA teachers participate in STRS. Non-certificated/classified staff participate in a 401a defined contribution plan.

CICA employees may be eligible to participate in school-sponsored retirement and benefit plans, as outlined in policies adopted by the Board of Directors. In the event that the Internal Revenue Service enacts regulations prohibiting nonprofit entities from participating in publicly funded retirement systems such as the California State Teachers' Retirement System (CalSTRS), employees will instead be enrolled in Social Security and/or an alternative employer-sponsored retirement plan approved by the CICA Board. Prospective employees are informed of their retirement system options during the application process and advised that employment with CICA may affect their eligibility for continued participation in a previous retirement system. The Executive Director is responsible for ensuring appropriate retirement coverage is arranged for all staff. To support recruitment and retention of highly qualified personnel, CICA offers a competitive compensation and benefits package that reflects market conditions and professional experience.

STRS reporting is conducted in collaboration with Charter Impact, CICA's contracted fiscal services provider specializing in payroll taxes and CalSTRS compliance. While contributions and deductions are processed through CICA's internal payroll department, Charter Impact oversees all reporting, auditing, and submission of required documentation to CalSTRS. The CICA Finance Department performs regular reconciliations to ensure accuracy and alignment with STRS liability reporting cycles.

Element L Public School Attendance Alternatives

"The public school attendance alternatives for students residing within the school district who choose not to attend charter schools." (Ed. Code § 47605(c)(5)(L).)

Informing Students of Public School Attendance Alternatives

No student may be required to attend California Innovative Career Academy (CICA). Students who reside within the District who choose not to attend CICA may attend school according to District policy or at another school district or school within the District in accordance with existing enrollment and transfer policies of their district or county of residence. Each student enrolled in CICA is informed on admissions forms that the students have no right to admission in a particular school of a local education agency (or program of any local education agency) as a consequence of enrollment in CICA, except to the extent that such a right is extended by the local education agency. This information is also communicated to families through orientation materials and enrollment staff, who are available to answer questions and provide support in multiple languages as needed.

Element M Rights of District Employees

"The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school." (Ed. Code § 47605(c)(5)(M).)

No public school employee will be required to work at CICA. Employees of the District who choose to leave the employment of the District to work in the Charter School will have no automatic rights of return to the District after employment by CICA unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District.

All employees of CICA will be considered the exclusive employees of CICA and not of Twin Rivers (TRUSD), for the purposes of the Education Employment Relations Act, unless otherwise mutually agreed in writing. Employment by CICA provides no rights of employment at any other entity, including any rights in the case of closure of CICA.

CICA has a board approved Employee Handbook which outlines employee rights as well as employee responsibilities. The Employee Handbook for 2024-2025 is linked in the appendix.

Employee Representation

Governing Law: The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public school employer of the employees of the Charter School for the purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.
--California Education Code § 47605 (c) (6).

CICA shall be deemed the exclusive public school employer of the employees of CICA for the purposes of the Education Employment Relations Act ("EERA"). CICA shall comply with the EERA.

CICA is independent from Twin Rivers Unified School District, and any District employees who choose to work at CICA shall resign their status as employees of Twin Rivers Unified School District or other school district and all of their rights and benefits thereof. All persons employed by CICA shall not be deemed to be employees of Twin Rivers Unified School District for any purpose whatsoever. CICA employees shall have no employment rights of any kind with Twin Rivers Unified School District.

CICA will develop and maintain an Employee Handbook detailing the rights and responsibilities of all CICA employees and shall comply with all anti-discrimination and sexual harassment employment laws applicable to public agencies. On or before the first day of operation, and by August 1 of each subsequent year, CICA shall provide Twin Rivers Unified School District with two (2) copies of the Employee Handbook. CICA shall annually update and revise the Employee

Handbook to reflect changes in the law and/or policies. CICA shall be solely responsible for the hiring and compensation of CICA employees, including but not limited to, salary, health benefits, sick leave, vacation, and retirement benefits. Twin Rivers Unified School District shall have no obligation to provide beginning teacher support or assessment to any CICA teacher or employee.

Governing Law: Except for the requirement that a pupil be a California resident, subdivision (b) of Section 47612 shall not apply to a charter school program that provides instruction exclusively in partnership with any of the following:

- The federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 3101, et seq.).
- Federally affiliated Youth Build programs.
- Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.
- The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14406 or 14507.5 of the Public Resources Code.

-- California Education Code § 47612.1.

Governing Law: Notwithstanding any other provision of law, the jurisdictional limitations set forth in this section do not apply to a charter school that provides instruction exclusively in partnership with any of the following:

- The federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 3101 et seq.).
- Federally affiliated Youth Build programs.
- Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.
- The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14507.5 or 14406 of the Public Resources Code.
- Instruction provided to juvenile court school pupils pursuant to subdivision (b) of Section 42238.18 or pursuant to Section 1981 for individuals who are placed in a residential facility.

-- California Education Code § 47605.1 (f).

Element N Mandatory Dispute Resolution

"The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter." (Ed. Code § 47605(c)(5)(N).)

Disputes Arising from within CICA

It is the intent of Twin Rivers Unified School District and CICA that complaints and disputes be resolved quickly and informally in an atmosphere of cooperation whenever possible.

Complaints regarding the operation of CICA, which do not involve Twin Rivers Unified School District liability or issues of student health or safety, will be forwarded to CICA for processing according to procedures adopted by CICA, prior to being addressed by Twin Rivers Unified School District. CICA procedures shall include reasonably expeditious timelines and a full opportunity for parents/guardians of any students who are minors directly affected to express their concerns. Twin Rivers Unified School District will not address the dispute if CICA can fully resolve the problem unless CICA requests Twin Rivers Unified School District's involvement.

Disputes between CICA and Twin Rivers Unified School District

CICA recognizes that it cannot bind Twin Rivers Unified School District to a dispute resolution procedure to which Twin Rivers Unified School District does not agree. The policy below is intended as a starting point for a discussion of dispute resolution procedures. CICA is willing to consider changes to the process outlined below as suggested by Twin Rivers Unified School District. CICA and Twin Rivers Unified School District will be encouraged to attempt to resolve any disputes with CICA amicably and reasonably without resorting to formal procedures.

In the event of any dispute between CICA and Twin Rivers Unified School District, excluding revocation of the Charter but including audit exceptions and deficiencies, the complaining party shall prepare a written statement of the dispute, which shall be simultaneously submitted to Twin Rivers Unified School District's Superintendent or designee, and the Executive Director of HCCTS. The Executive Director and the Superintendent or designee shall meet and confer within five (5) business days from the date of receipt of the written statement and attempt to resolve the dispute. In the event the matter is not resolved, the parties shall identify two members of their respective governing boards who shall meet with the Superintendent or designee, and the Principal within ten (10) business days and attempt to resolve the dispute. If this meeting fails to resolve the dispute, either party shall, within five (5) business days following the meeting, submit the matter first to the Sacramento County Superintendent of Schools. The parties agree to be bound by the County Superintendent's decision and shall indicate as such when submitting the matter to the County Superintendent. If the County Superintendent declines to hear the matter, the parties may agree to submit their dispute to a mutually agreeable mediator for resolution in accordance with any procedure determined and prescribed by the mediator and agreed to by the parties. Review by the County Superintendent or mediator to be held no later than forty-five (45) business days of receipt of the initial dispute statement. If the parties are unable to resolve the matter before a mutually agreeable mediator, they may pursue any other remedy available at law.

The cost of the mediator shall be equally split between the parties.

CICA shall timely notify Twin Rivers Unified School District of any and all complaints filed against CICA by its employees, students, parents, and vendors, involving violations of the Charter, the MOU, state or federal law, or alleged financial mismanagement.

Revocation Protocol

CICA and Twin Rivers Unified School District agree that the dispute resolution procedure set forth above shall not apply to any matter that could lead to revocation of the Charter. Prior to revocation of the Charter, Twin Rivers Unified School District shall provide CICA with written notice of its belief and an opportunity to meet with and respond to Twin Rivers Unified School District within a reasonable time, which shall be not less than five (5) business days, prior to issuing a written notice to "cure and correct," unless Twin Rivers Unified School District determines in writing that the violation constitutes a severe and imminent threat to the health or safety of the pupils in accordance with Education Code § 47607(g) and its implementing regulations. Thereafter, if Twin Rivers Unified School District determines that revocation is warranted, it shall comply with the procedures set forth in Education Code § 47607.

Potential Civil Liability Effects

Governing Law: Potential civil liability effects, if any, upon the charter school and upon the school district. (California Education Code § 47605(h).)

CICA shall be operated by a California nonprofit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code § 47604(d), an entity that grants a charter to a charter school operated by a non-profit public benefit corporation shall not be liable for the debts or obligations of CICA or for claims arising from the performance of acts, errors, or omissions by CICA if the authority has complied with all oversight responsibilities required by law. CICA shall work diligently to assist Twin Rivers Unified School District in meeting any and all oversight obligations under the law, including monthly meetings, reporting, or other District-requested protocol to ensure CICA shall not be liable for the operation of CICA.

Further, CICA and Twin Rivers Unified School District shall enter into a memorandum of understanding, wherein CICA shall indemnify Twin Rivers Unified School District for the actions of CICA under this charter.

The corporate bylaws of CICA shall provide for indemnification of the Twin Rivers Unified School District's Board, officers, agents, and employees, and CICA will purchase general liability insurance, Board Members and Officers insurance, and fidelity bonding to secure against financial risks.

As stated above, insurance amounts will be determined by recommendation of Twin Rivers

Unified School District and the Twin Rivers Unified School District insurance company for schools of similar size, location, and student population. Twin Rivers Unified School District shall be named an additional insured on the general liability insurance of CICA.

The CICA Board will institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.

Element O Charter School Closure Procedures

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." (Ed. Code § 47605(c)(5)(O).)

The following procedures shall apply in the event CICA closes, regardless of the reason for closure. Closure of CICA shall be documented by official action of the Board of Directors of CICA. The action shall identify the reason for closure and designate an entity and individual(s) responsible for closure-related activities. The CICA Board shall promptly notify Twin Rivers Unified School District (TRUSD), within ten (10) business days, of the closure and the effective date of the closure. Closure initiated by the CICA Board shall not take effect before the end of the normal school year in June unless agreed to in writing by TRUSD.

The entity responsible for implementing the closure procedures shall be experienced in the dissolution and closure of public educational programs and shall comply with all legal requirements regarding the confidentiality of student records. The Chair of the Board of Directors shall serve as the official contact for purposes of implementing the closure protocol set forth in the Charter and its plan for maintaining and transferring student records, payment of debts and liabilities, and distribution of remaining assets.

The CICA Board of Directors shall also notify the Sacramento County Office of Education, the School's SELPA, the retirement systems in which the School's employees participate and the California Department of Education of the closure, as well as the effective date of the closure. This notice shall include the name(s) and contact information of the person(s) to whom reasonable inquiries may be made regarding the closure; the students' school districts of residence; the manner in which parents/guardians (in the case of a minor) and adult students may obtain copies of student records, including specific information on completed courses and credits that meet graduation requirements; and student contact information, which shall also be promptly provided to TRUSD.

The CICA Board of Directors shall also develop a list of students in each grade level and the classes they have completed, together with information on each student's district of residence, which the Board shall provide to the entity responsible for closure-related activities. The CICA Board of Directors shall ensure timely notification to the parents and students of the School of the closure and provide information to assist them in locating suitable alternative programs. This notice shall be provided within ten (10) business days following CICA's decision to close the School.

As applicable, CICA will provide parents, students, and TRUSD with copies of all appropriate student records and will otherwise assist students in transferring to their next school. CICA will ask TRUSD to store original records of CICA students. If TRUSD is unable or unwilling to store the records, CICA will work with the Sacramento County Office of Education to determine a suitable alternative location for storage. All transfers of student records shall be made in compliance with the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g.

All state assessment results, special education records, and personnel records shall be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as is reasonably practical, CICA shall prepare final financial records. Within six (6) months following the date of closure, CICA shall also have an independent audit completed. The audit shall be paid for by CICA using its Reserve Fund and shall be conducted according to standards for public school audits by a qualified Certified Public Accountant experienced in public school audits, selected by CICA. The audit shall be provided to TRUSD promptly upon completion. The final audit shall include an accounting of all financial assets, including cash and accounts receivable; an inventory of property, equipment, and other items of material value; an accounting of liabilities, including accounts payable, any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation; and an assessment of the disposition of any restricted funds received by or due to CICA.
CICA shall complete and file any annual reports required pursuant to Education Code § 47604.33.

Upon closure of CICA, all assets of CICA, including but not limited to all leaseholds, personal property, intellectual property, and all ADA apportionments and other revenues generated by students attending CICA, after payment of debts and liabilities and refunds to applicable agencies, shall be distributed in accordance with CICA's Articles of Incorporation to another California public educational entity. Any assets acquired from TRUSD will be promptly returned to TRUSD upon closure. The distribution shall include the return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or applicable state and federal law, including the submission of final expenditure reports and final performance reports. Donated materials and property shall be returned in accordance with any conditions established when the donation was accepted.

On closure, CICA shall remain solely responsible for all liabilities arising from the operation of the School. As CICA is operated by a nonprofit public benefit corporation, should the corporation dissolve upon closure, the Board shall follow the procedures set forth in the California Corporations Code for the dissolution of a nonprofit public benefit corporation and file all necessary documents with the appropriate state and federal agencies.
As specified by the Budget in the Appendix, CICA will utilize its Reserve Fund to undertake any expenses associated with the closure procedures identified above.

Notice of Violation: Grade Levels

HCCS has proposed offering grades 9-12 as recommended by TRUSD. If TRUSD approves the material revision, HCCS will offer grades 9-12 and the issue of grade levels will be resolved.

TRUSD Review	CICA Response	Evidence
Tardiness in responding to the Material Revision requirement	CICA's original charter petition stated that HCCS would serve adults aged 22 years and older but did not specify grades. CICA is currently offering grades 9, 10, and 12 and has not submitted a material revision. The new material revision is requesting to offer grades 9, 10, 11, and 12. CICA hopes that the updated material revision for grade levels will be approved by TRUSD and the issue will be resolved. CICA is committed to only serving the grades approved by TRUSD. If TRUSD denies the grades proposed in the material revision, CICA will go back to serving only grades 9, 10, and 12.	The CICS Material Revision was board approved on 09/18/25. CICA has drafted a detailed grade level transition plan which was sent to TRUSD on 11/20/25. The plan shows how CICA will add grade 11 if the material revision is approved. CICA will continue serving grades 9,10, and 12 if the material revision is denied.
Unable to assert the item is remedied until the Material Revision is reviewed by TRUSD Board of Trustees		The HCCTS Board of Directors has reviewed and approved the CICA Material Revisions three

		times during the 2024-2025 school year. Each time, CICA has provided the updated version to TRUSD immediately following board approval. The first CICA Material Revision was presented and approved on 09/18/25 subject to legal review and recommendations and sent to TRUSD on 09/26/25. Then after additional feedback from legal, we took the material revisions back to the board on 10/09/25 and submitted it to TRUSD on 10/10/25. TRUSD provided CICA feedback on the material revision and after making the changes, it went back to the HCCTS board on 12/02/25, and will be sent back to TRUSD the same day.
Exhibits not accessible to District until 9/29/25	CICA submitted a formal response to TRUSD for the NOVs which were due on 09/26/25. The evidence was provided to TRUSD on the	

	due date via email with a link to the Google Drive folder where the evidence was contained.Prior to the due date CICA asked TRUSD how they preferred to receive the evidence (such as via email, Google Drive, flash drive). TRUSD did not express a preference. On the due date CICA sent TRUSD a link to a Google Drive folder which contained the evidence. Following receipt, TRUSD said they would like to receive the evidence via email and/or via flash drive. CICA converted all of the evidence to PDF and both emailed it to Shari Warta and put everything on a flashdrive and drove it to TRUSD where it was delivered in person on 09/29/25. Please note that CICA attempted to deliver the evidence to TRUSD on the due date.	

Notice of Violation: Locations

CICA has proposed operating at 14 student serving sites and 3 admin sites. These sites are accurately reflected in the CICA material revision. If TRUSD accepts the CICA material revision, the locations violation will be resolved.

TRUSD Review	HCCS Response	Evidence
Tardiness in responding to the Material Revision requirement	CICA acknowledges that MOU Amendment No. 3 between TRUSD and CICA dated	CICA Material Revision Board Approved

	01/25/24 contains a list of approved sites where TRUSD has agreed to allow CICA to operate. CICA acknowledges operating sites not listed in the MOU Amendment No. 3 and has drafted the CICA material revision with updated sites that clearly shows which sites CICA is currently operating in for both serving students and providing office space for staff. CICA hopes that the material revision will be approved by TRUSD and the issue will be resolved.	09/18/25. HCCTS updated board policy for opening and closing procedures which now includes authorizer approval for the addition of any new site, board approved by HCCTS on 12/02/25 and sent to TRUSD on 12/02/25.
Unable to assert the item is remedied until the Material Revision is reviewed by TRUSD Board of Trustees	HCCTS requested that TRUSD Board of Trustees review the HCCS Material Revision prior to the hearing for the notice of violation, however TRUSD chose to schedule the notice of violation prior to reviewing the material revision. If the material revision is approved, CICA will operate at the new approved locations. As a result, this issue is fully remedied regardless of whether TRUSD agrees to the material revision or compels the charter school to only operate at facilities included in MOU Amendment No. 3.	CICA drafted a detailed plan which outlines how CICA will return from the sites where we are currently serving students back to MOU Amendment No. 3 sites. This was sent to TRUSD on 11/20/25. CICA drafted another detailed plan which shows where and how CICA will close sites between January to June of 2025, consistent with the locations approved in the material revision. This was provided to TRUSD on 12/01/25.

If the Material Revision is not approved, TRUSD would require further actions to cease operations and address ongoing expenses at the locations not listed in the MOU Amendment No. 3.	CICA is committed to aligning with TRUSD for operating only within the approved sites. If TRUSD denies the CICA material revision, HCCS has a plan to return to the CICA locations approved in MOU Amendment No.3. Regardless of which sites are approved by TRUSD, the school is committed to reducing its facilities costs in alignment with its lower enrollment, and has developed a plan to generate significant savings through termination of now unnecessary facilities leases.	

Notice of Violation: Independent Audit Report

HCCTS contracted with Eide Bailly to conduct the 2023–24 audit. While a draft was provided on May 9, 2025 and again on October 10, 2025, the process has been significantly delayed due to a combination of external and internal factors which include:

- Eide Bailly's 2022–23 audit being selected for review by the State Controller, which diverted capacity and slowed the 2023–24 work.
- Errors identified in the draft related to unduplicated pupil counts, which required national-level review and corrections, and
- Additional testing required following the release of the California State Auditor's report, which heightened risk assessments.

TRUSD Review	HCCS Response	Evidence
HCCS provided a draft of the reports on 10/10/25	The delay in providing the independent audit is due to factors outside of HCCTS' control. HCCTS contracted with a vendor approved by the State Controller to produce the audit in a reasonable time frame, and that vendor has not been able to deliver a completed product. As delays have mounted HCCTS has taken every step possible to produce a completed audit. In order to comply to the extent possible, HCCTS has provided TRUSD with two drafts of the audit as supplied by Eide Bailly. On 12/02/25 HCCTS accepted the independent audit produced by Eide Bailly for HCCTS for the 2023-2024 school year.	CICA sent TRUSD a comprehensive list which contained all the communication HCCTS had with Eide Bailly from 2023-2025 CICA sent TRUSD a letter from Eide Bailly regarding State Controller and State Auditor dated 04/17/25. CICA sent TRUSD a legal letter HCCTS had drafted by legal counsel at YM&C which was sent on 9/11/25 demanding Eide Bailly release the audit
Although HCCTS has taken action to resolve the issue, this item remains open until the final audit report is received	HCCTS has now accepted the final audit draft.	HCCTS sent TRUSD Independent State Audit completed by Eide Bailly for HCCTS on 05/09/25. HCCTS sent TRUSD the updated Independent

		State Audit for HCCTS on 10/08/25. HCCTS sent TRUSD Document requests from Eide Baily that were fulfilled by HCCTS.

Notice of Violation: Instructional Minutes

TRUSD Review	CICA Response	Evidence
Pacing guides are unclear	CICA provided TRUSD with pacing guides in the prior year that were developed for Edmentum, the online curriculum previously used at CICA. At the beginning of the 2025-2026 school year, CICA adopted Savvas as the new curriculum. This change took place and was implemented on 08/14/25. Following the implementation of Savvas, CICA provided TRUSD with pacing guides for Savvas on 10/31/25.	CICA sent TRUSD the 2025-2026 Instructional Minutes Report
Unclear how time values are determined	CICA utilizes an assigned work record document that requires teachers to track student assignments and determine the time value of each assignment. Credentialed teachers are required to	CICA sent TRUSD the following items on 10/31/25: Savvas Algebra Pacing

	complete these forms for all students for each learning period. This process accounts for the variability in the time it takes each student to complete the same assignments. For ELLs sometimes students take more time or need additional support, while high performing students take less. Here, teachers utilize a pacing guide and curriculum maps to keep students on track in completing courses, but retain the flexibility required by students who need an independent study model. The assigned work record form was sent to TRUSD on 10/31/2025 along with Savvas pacing guides and curriculum tools.	& Planning Guide Savvas Geometry Pacing & Planning Guide Savvas American Government Pacing & Planning Guide Savvas Curriculum Map Savvas Curriculum Map Grade 9 Savvas Curriculum Map Grade 10 Savvas Biology Pacing & Planning Guide Savvas Chemistry Pacing & Planning Guide Savvas Economics Pacing & Planning Guide Savvas Pre-Algebra Pacing Guide

		Savvas US History Interactive Planning Guide Savvas World History Interactive Planning & Pacing Guide Savvas California Ethnic Studies Teacher Guide Savvas Business Computer Applications Pacing Guide
Unclear as to how the assignments are scored and what method of evaluation was used to show if students are meeting learning objectives	CICA teachers assign work in Savvas which is automatically graded and they also assign work which they must manually grade. CICA teachers are responsible for ensuring that all student work is appropriately graded. All submitted independent study work samples are graded as part of the compliance requirements and CICA's policies. The time value-earned for each student depends on the ability of each student and the certificated teacher's judgment.	CICA sent TRUSD the following items on 10/31/25: CICA Student Work Sample Training Slides CICA Student Work Sample Guidelines CICA Independent Study Compliance training from October 2025

		CICA Student Work Samples CICA Learning Report Example
Multiple concerns with agreements remain. (Not provided in student's language, agreements not clear, etc.)	In the 2024-2025 school year, CICA created master agreements for students in the following languages: ● English ● Russian ● Ukrainian ● Farsi ● Pashto ● Spanish In the 2025-2026 school year, CICA is in the process of drafting master agreements in these additional languages: ● Dari ● Vietnamese ● Mandarin ● Arabic ● Hmong Master agreements will be made available in any additional language as requested by students.	CICA provided TRUSD the following items on 10/31/25: CICA Master Agreement Training CICA Master Agreement in Russian CICA Master Agreement in Ukrainian CICA Master Agreement in Farsi CICA Master Agreement in Pashto CICA Master Agreement in Spanish

Notice of Violation: Teacher Credentialing & Misassignments

TRUSD Review	HCCS Response	Evidence
The monthly assignment monitoring data provides evidence that HCCTS has changed staffing practices and reformed to comply with the law moving forward	CICA is in full compliance with teacher credentialing and reports.	**No additional evidence required because TRUSD found that this issue has been remedied.**
HCCTS staff have become more knowledgeable about credentialing options to ensure compliance	CICA credentialing coordinators have been trained and are working closely with TRUSD, SDCOE, and CTC to ensure full compliance.	
HCCTS subsequent actions show a credible shift to K-12 appropriate credentialing	CICA is committed to teacher credentialing compliance.	

Notice of Violation: Exclusive Partnership Agreement/ Truck Driving Program

HCCTS discontinued the relationships between the truck driving program and outside agencies, including Local 185, Sacramento County Sheriff, and Sacramento Police. These partnerships officially ended on January 14, 2024 and the truck driving program was discontinued on June 30, 2025 for all HCCTS students. At this time, there is no plan in place to bring back the truck driving program.

TRUSD Review	HCCS Response	Evidence
Lack of evidence that proves the partnerships with outside entities were terminated	The CICA truck driving program was discontinued on 06/30/25. There are no partnerships with any outside entities at this time because the program no longer exists. Detailed evidence of this has been provided to TRUSD between December 2024 and November 2025. CICA acknowledges that students not enrolled in a WIOA program were previously enrolled in the truck driving program, but this practice was discontinued in January 2024. The intent of the partnerships were to benefit the wider community and the school through mutually beneficial cooperation, but CICA acknowledges that there should have been an agreement where these participants were registered in CalJobs to avoid a violation of our exclusive partnership. The benefit to the community and the end of the partnership are both demonstrated by the Sacramento County Sheriff's appeal to the former interim Executive Director to not discontinue the partnership. These formal letters and emails were sent to TRUSD.	HCCTS provided TRUSD with a Letter to CICA from Sacramento County Sheriff Jim Cooper dated 01/23/25. HCCTS has provided TRUSD with the Letter to CICA from the Sacramento Police Department requesting that CICA continue the partnership. HCCTS provided TRUSD with the email sent from Sergey Ivanyuk (CICA Truck Driving Coordinator) to the truck driving team regarding the discontinuation of the partnerships with Sacramento Police, Sacramento Sheriff, and Labor Union 185 on 01/15/25. HCCTS provided TRUSD with the email sent from

	Last month, CICA also provided letters to TRUSD from its former partner organizations in which they note the date the partnership was terminated.	Sacramento County Sheriff's Office to HCCTS former Executive Director, Bill McGuire requesting to continue the trucking driving partnership on 01/23/25. HCCTS provided TRUSD with the email sent from Bill McGuire to Stephen Scarrazzo at the Sacramento County Sheriff's Office on 02/01/25 outlining changes CICA is making with partnerships. HCCTS provided TRUSD with a letter from the Sacramento Police Department on 11/06/25 which affirms that the partnership with HCCTS ended in January of 2024.
The CTE Instructor's statements were inconsistent with HCCS's response	HCCS' response is supported by all entities with which it had partnerships as evidenced by their letters. Two of these	All HCCTS truck driving employees from the 2024-2025 school year

	entities are law enforcement agencies. The District is improperly relying on a statement from one former employee over the statement of not just the school, but multiple credible outside agencies who sent the individuals to participate in the truck driving program. HCCS requests that the District re-weigh the evidence in light of the letters provided by outside agencies and consider this issue fully resolved in light of the new evidence.	are no longer employees at HCCTS, so it is not possible for a current instructor's statements to be inconsistent with that of the school. HCCTS provided TRUSD with the former Truck Driving employee Names, roles, and dates of employment.

Notice of Violation: Fiscal Mismanagement San Diego

TRUSD Review	HCCS Response	Evidence
The property has not been sublet	HCCTS terminated the San Diego lease agreement on 11/15/25 and paid the final bill on 11/17/25. These items were sent to TRUSD on 11/18/25.	On 10/26/25, HCCTS sent TRUSD information regarding the San Diego lease agreement that contained the actions taken by HCCTS. HCCTS informed TRUSD that the space was empty, and we

		provided the contract between HCCTS and Newmark real estate agency to show the intention to sublet.
The lease remains in place with expenses ongoing	The lease has been terminated and there are no additional ongoing expenses.	On 11/29/24, HCCTS asked a remote worker living in San Diego to vacate the space where he had been working On 06/03/25, HCCTS disconnected the internet and all utilities On 03/27/25, HCCTS contracted with Newmark to sublet the space in San Diego. On 11/04/25, having no interested parties to sublet, HCCTS requested to terminate the lease agreement for the San Diego location. HCCTS terminated the San Diego lease agreement on 11/15/25

		and paid the final bill on 11/17/25.
The past moneys spent on the expensive property, which was not directly used for HCCTS students has not been addressed or remedied.	CICA has vacated the property. CICA can only attempt to mitigate the financial loss associated with the lease by subletting the property at the most favorable rate it can obtain or terminating the lease to mitigate further losses. CICA attempted first to sublet the property but found that not to be feasible, so it terminated the lease to help mitigate further financial losses. CICA requests that the District find that the charter school has remedied this matter through terminating the lease. The intent of the revocation statute is to bring a charter school into compliance with law and its charter. This has happened here. The law was never intended to be applied in a manner that would effectively require a charter school to be perfect in all of its operations because any issue could later support revocation even after it is corrected.	On 10/31/25 HCCTS met with TRUSD and reviewed the evidence for San Diego. On 11/18/25 HCCTS sent TRUSD the lease termination and final check to show that the lease in San Diego was fully terminated.
	HCCTS has implemented stronger financial controls, including requiring written authorization from the District with an attendant fiscal analysis before presenting any potential site to the HCCTS Board.	On 12/02/25, HCCTS updated BP 7150.5 School Site Opening and Closure Policy, which addresses the process of opening and

		closing sites. This policy ensures that all sites have a benefit to students, and requires a written report analyzing the financial analysis which must be submitted to the school's authorizer prior to opening.

CONCLUSION

CICA has worked diligently to fully address every issue in the Notice of Violation presented by TRUSD. We have remedied all of these issues through board changes, administrator changes, policy changes, procedure changes, staffing changes, staff training, holding staff accountable to implement new policies, and stopping bad fiscal and operational decisions of prior leadership. This has all been part of Building Highlands Back Better. There is still more work to do, but the changes made to date fully remedy the concerns expressed in your notice. We are determined to make you proud of CICA again. Amidst all of these changes, it is important that none of us lose sight of the students served by CICA. There is no program like ours in the community, and a school closure would impact them dramatically. Please carefully consider what this program means to them, how much work we have put in to turn this school around, and how committed the new leadership team is to making this school even better in the years ahead.

California Innovative Career Academy

Respectfully Submitted to the Twin Rivers Unified School District Board of Trustees

For the Charter term of July 1st, 2019–June 30th, 2027

Material revision submitted December 2, 2025

Preface

California Innovative Career Academy (CICA) respectfully submits this charter petition material revision request to the Twin Rivers Unified School District, seeking to continue the effective work of serving students in the District. This material revision is being submitted as the Charter School is requesting the following changes to the charter:

1. **Updated Number of Sites**
   CICA requests to maintain 14 sites as detailed in Element A.

0. **Updated Credential Qualifications**
   In the 2024-2025 school year, CICA modified credential requirements for teachers based on a May 2025 update from the CTC and additional guidance communicated by TRUSD. This material revision will align the charter document with our commitment to utilize K-12 credentials rather than adult credentials for its teachers.

0. **Proposed Career Technical Education (CTE) Programs for 2025-2026 School Year**
   CICA proposes to operate seven CTE programs in the 2025-2026 school year:
   - Culinary Arts
   - Digital Literacy and Multimedia
   - Early Childhood Education (ECE)
   - Medical Services
   - Microsoft Office Specialist (MOS) Certification
   - Personal Finance
   - Real Estate

0. **Addition of Grade 11**
   CICA proposes to add grade 11 in compliance with guidance from TRUSD.

0. **Addition of CAST and CAASPP Assessments**
   CICA will test students in both CAST and CAASPP based on guidance from the California Department of Education and TRUSD. While these assessments are intended for students in traditional high school programs, and CICA serves adults, HCCTS has implemented this assessment to ensure compliance and accountability in its academic programs.

0. **Enhanced Curriculum for Improved English Learner Support**
   The HCCTS Board has approved the Savvas curriculum for CICA. Implementation has begun with professional development support from Savvas in alignment with Professional Learning Community (PLC) structures.

0. **Lottery Procedures**
CICA respectfully requests approval to update its current lottery procedures to more accurately reflect the Charter School's existing admission practices. While maintaining full compliance with all applicable provisions of the California Education Code, CICA seeks to clarify and enhance its written policies and procedures to ensure greater transparency, accessibility, and alignment with the school's mission of serving adult learners. These updates will streamline the admissions process, reflect current operational structures, and better address the needs of the diverse student population.

With TRUSD's approval, CICA will continue to uphold equitable and compliant admission practices while refining procedures to ensure they are clear, consistent, and supportive of the school's commitment to access and inclusion.

GLOSSARY

Term	Definition
CICA	California Innovative Career Academy; an adult-serving independent study charter high school.
HCCTS	Highlands Community Charter and Technical Schools; the charter management organization that operates CICA.
TRUSD	Twin Rivers Unified School District; the charter authorizer for CICA.
WIOA	Workforce Innovation and Opportunity Act; federal legislation supporting workforce development programs, which CICA partners with.
SETA	Sacramento Employment and Training Agency; a WIOA-funded partner organization.
CAASPP	California Assessment of Student Performance and Progress; a statewide academic assessment system.
CAST	California Science Test; a science component of the CAASPP suite.
CASAS	Comprehensive Adult Student Assessment Systems; a nationally validated testing system for adult basic education.
COAAP	Civic Objective and Additional Assessment Plan; assessment modules for EL Civics programs, aligned to CASAS.
EL Civics	English Literacy and Civics Education; curriculum combining English acquisition with civic participation.
SBAC	Smarter Balanced Assessment Consortium; standardized tests in ELA and Math included in CAASPP.
Edcite	A digital assessment platform used by CICA for EL Civics, End of Level tests and state testing practice.
Newsela	An online platform providing leveled articles for reading comprehension and critical thinking.
Burlington English	An English language learning platform offering digital and printable content for all levels.
Reading with Relevance	A literacy program using novels to develop reading and social-emotional skills.

ABC English	A foundational English curriculum for beginning learners.
Theme Packets	In-house, theme-based curriculum aligned to CASAS standards for various proficiency levels.
CTE	Career Technical Education; hands-on training in specific career pathways.
DASS	Dashboard Alternative School Status; a CDE accountability model for alternative schools like CICA.
SOP	Standard Operating Procedure; internal guidelines, such as those for attendance.
LCAP	Local Control and Accountability Plan; a planning and accountability tool required by the state.
CALPADS	California Longitudinal Pupil Achievement Data System; state reporting system for student-level data.
Great Hall	A collaborative platform at CICA where educators share curriculum resources.
ELPAC	English Language Proficiency Assessments for California; not used at CICA because it serves only adult learners.
ADEL	Adult English Language Learner; CICA's designation for adult English learners, not assessed by ELPAC.
SELPA	Special Education Local Plan Area; CICA remains a "school of the district" for special education purposes rather than joining a SELPA.
SDAIE	Specially Designed Academic Instruction in English; strategies for teaching academic content to English learners.
CCSS	Common Core State Standards; academic content standards adopted by California.
ESSA	Every Student Succeeds Act; federal law governing K-12 public education.
ESEA	Elementary and Secondary Education Act; federal legislation reauthorized by ESSA.
FERPA	Family Educational Rights and Privacy Act; federal law protecting student education records.

Ralph M. Brown Act	California law ensuring public access to meetings of local government bodies.
CAEP	California Adult Education Program; not the model used at CICA, which provides more extensive support.
NRS	National Reporting System; the federal accountability system for adult education programs.
GOALS 2	CASAS Math and Reading assessments for higher-level learners in the HS program.
ABC (College)	Advanced Beauty College; a discontinued external CTE partner.
Unitek College	A former CTE partner offering medical assistant training (now discontinued).
Federico	A discontinued CTE partner offering cosmetology and barbering training.
MIXED Institute	An external CTE partner offering cosmetology-related training.

Assurances, Affirmations, and Declarations

As the authorized lead petitioner, I, hereby certify that the information submitted in this application for California Innovative Career Academy, located within the boundaries and authority limits of the Twin Rivers Unified School District, is true to the best of my knowledge and belief; I also certify that this petition does not constitute the conversion of a private school to the status of a public charter school. California Innovative Career Academy (also referred to herein as "CICA" and "Charter School") shall:

- California Innovative Career Academy will commence services prior to September 30, 2019. The target date for the beginning of instruction is July 8, 2019: which will ensure compliance with Education Code § 47652(c).
- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter "Ed. Code") § 47605 (e)(1).)
- Not charge tuition. (Ed. Code § 47605 (e)(1).)
- Not discriminate against any pupil on the basis of the characteristics listed in Ed. Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics). (Ed. Code § 47605(e)(1); Ed. Code § 220.)]
- Admit all pupils who wish to attend Charter School (Ed. Code § 47605(e)(2)(A).) unless CICA receives a greater number of applications than there are spaces for students, in which case it will hold a public random drawing to determine admission. Except as required by Education Code Section 47605(e)(2), admission to CICA shall not be determined according to the place of residence of the student or of that student's parent or legal guardian within the State. Preference in the public random drawing shall be given as required by Education Code Section 47605(e)(2)(B)(i)-(iv). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of CICA in accordance with Education Code Section 47605(e)(2)(C). (Ed. Code § 47605(e)(2)(A)-(C).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School's capacity. Preference shall be extended to pupils currently attending Charter School. (Ed. Code § 47605 (d) (2) (B).)
- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the Charter School within 30 days if the Charter School demonstrates that the pupil had been enrolled in the Charter School. (Ed. Code § 47605(e)(3).)
- Encourage parental involvement, but shall notify the parents and guardians of applicant pupils

and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Ed. Code §47605(n).)

- The Charter School shall adhere to each of the conditions in Education Code § 47605(e)(4)(A)-(D), including: (A) not discouraging any student from enrolling, or seeking to enroll in the Charter School for any reason; (B) not requesting a student's records or requiring a parent, guardian, or student to submit the student's records before enrollment; (C) not encouraging a student currently attending the Charter School to disenroll or transfer to another school for any reason; and (D) providing a copy of the California Department of Education ("CDE") notice regarding the requirements in Education Code § 47605(e)(4)(A)-(D) to a parent/guardian or student if the student is 18 years of age or older: (i) when a parent/guardian or student inquires about enrollment, (ii) before conducting an enrollment lottery, or (iii) before disenrollment of a student. (Ed. Code § 47605(e)(4)(A)-(D)]
- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code § 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non- charter public schools. (Ed. Code § 47605(d)(1).)
- Consult, on a regular basis, with Charter School's students and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)
- Adhere to all provisions of federal law related to students with disabilities including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities in Education Improvement Act of 2004.
- Meet all requirements for employment set forth in applicable provisions of law, including, but not limited to credentials, as necessary.
- Ensure that teachers in the Charter School hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. The Charter School may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in accordance with all of the requirements of the applicable statutes or regulations in the same manner as a governing board of a school district. (Ed Code § 47605(l)(1).)
- At all times maintain all necessary and appropriate insurance coverage.
- For each fiscal year, offer at a minimum, the number of minutes of instruction per grade level as required by Ed. Code § 47612.5(a)(1)(A)-(D).
- Maintain accurate and contemporaneous written records that document all pupil attendance and make these records available for audit and inspection.
- On a regular basis, consult with Charter Schools students, parents and teachers regarding the school's education programs. (Ed. Code § 47605(d)(2).)
- Comply with any applicable jurisdictional limitations to locations of its facilities.
- Comply with all laws establishing the minimum and maximum age for public school

enrollment.

- Comply with all applicable portions of the Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by the Every Student Succeeds Act ("ESSA").
- Comply with the Brown Act and the Public Records Act.
- Comply with the Family Educational Rights and Privacy Act.
- Comply with Government Code Section 1090, et seq., as set forth in Ed. Code §47604.1.
- Comply with the Political Reform Act, Government Code Section 81000, et seq.
- Meet or exceed the legally required minimum of school days. (Title 5 California Code of Regulations § 11960.)

Element A: The Educational Program

"The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." (Ed. Code § 47605(c)(5)(A)(i).)

In accordance with California Education Code § 47605.1(f) and 47612.1, all instruction with CICA will be provided exclusively in partnership with a WIOA-funded organization, or other legally allowed exclusive partnership. CICA currently has a Memorandum of Understanding with the Sacramento Employment and Training Agency (SETA), the workforce development board for Sacramento County. Adult students who meet the terms of the partnership agreement and statutory requirements may be served by CICA.

Education Program Overview
Highlands Community Charter and Technical Schools (Highlands) is one of California's largest public charter organizations dedicated to second-chance learners. Highlands operates two public charter high schools for second-chance learners: Highlands Community Charter School (HCCS), a classroom-based program established in 2014, and California Innovative Career Academy (CICA), an independent study school founded in 2019. Both schools provide adults with the opportunity to earn a high school diploma while building workforce skills and career pathways.

The need for this type of charter school is immense. More than four million adults in California have not completed high school, yet tuition-free options for returning learners remain scarce. Highlands fills this critical gap with a model that not only transforms individual students, but also strengthens families and uplifts entire communities. California cannot afford to leave millions of adults without a diploma and a workforce pathway—and Highlands exists to ensure that doesn't happen. Our model is creating generational change while directly fueling the state's workforce pipeline.

California Innovative Career Academy

California Innovative Career Academy (CICA) is one of Highland's two charter school programs. CICA provides a flexible independent study model designed for adults.

CICA serves:

- Adults aged 22 years old and older without a US high school diploma
- Parents who left school early to raise children
- Adults rebuilding after involvement with the justice system
- Immigrants and refugees seeking to learn English
- Working adults who left school for economic reasons

Reflecting Sacramento's international diversity, CICA enrolls students from dozens of countries and language groups, including large communities from Afghanistan, Ukraine, Russia, Mexico, and

Vietnam. Students engage in individualized learning plans, meet regularly with teachers, and access in-person and online support designed around their schedules, languages, and goals. Instruction integrates English language development, diploma completion, and career training so that multilingual learners can strengthen academic and workforce skills simultaneously.

Mission and Vision Statement
CICA is a diverse community for social justice, serving the underserved, providing access to education, technology, communication, and employment for 21st-century achievers. Through community partnerships, CICA builds new legacies leading to self-sufficiency and generational change.

Vision
The vision of CICA is to eradicate educational inequality and promote workforce success.

Educational Philosophy
CICA believes the biggest challenge of the 21st century has been, and will continue to be, ensuring that all people have the opportunity to obtain the skills and knowledge necessary for sustainable living wage jobs. To meet this challenge in a constantly changing technological, academic, and professional environment, students must:

- Become self-motivated, competent, and lifelong learners.
- Build academic, workforce, and social-emotional skills.
- Engage in flexible, student-centered instruction tailored to individual needs.

CICA affirms that a well-educated person must not only demonstrate strong academic proficiency but also be equipped with the habits of mind and adaptability required to navigate an evolving global economy. Lifelong learning, problem-solving, and creative thinking are essential for building opportunity and transforming talent into true skill. These qualities enable students to contribute meaningfully to their communities and pursue personal and professional success. While CICA is committed to offering the same broad course of study to all students, it is grounded in the knowledge that flexible instruction tailored to meet the needs of individuals is essential to achieving positive outcomes for the diverse population it serves.

Impact

CICA is demonstrating measurable impact:

- **Graduation:** Nearly 580 students graduated from CICA in 2024–25 alone.
- **Employment:** More than half (53%) of HCCTS graduates reported jobs averaging above $20/hour, and 40% pursued college.
- **Career pipeline:** One in four graduates at HCCTS completed a CTE program in fields like health care, transportation, IT, and skilled trades. In the 2024-2025 school year 370 students visited the Center for Workforce Solutions a total of 622 times.
- **Family transformation:** Parents returning to school model persistence and achievement for their children, breaking intergenerational cycles of poverty.
- **Justice and opportunity:** To date, Highlands has facilitated 24 expungements, helping returning citizens reenter the workforce with stability and dignity.

Student Population

CICA serves a uniquely diverse student population, with the majority being immigrants and
Below you will find a table that shows all the locations where CICA teachers and staff are refugees. Some students arrive with advanced degrees from their home countries, having worked as engineers, teachers, or medical professionals. Others come with little or no formal education and are just beginning to learn to read, write, or speak English. Our model is designed to honor this full spectrum of lived experience—meeting students where they are and supporting them in reaching their goals.

CICA welcomes all adult learners over the age of 22, admitting students based on available capacity and through lottery procedures. At its core, the school is guided by the belief that every student—regardless of their starting point—deserves access to a high-quality education, a pathway to a brighter future, and the unwavering support of a community that sees and nurtures their potential.

Leadership
In July 2025, CICA entered a new era of reform and renewal under the leadership of Executive Director Jonathan Raymond, a former superintendent of Sacramento City Unified School District. With a sharpened focus on transparency, equity, and academic rigor, we are reimagining what second-chance education can be in California.

Our goal is to build back better with integrity, urgency, and a deep commitment to putting students first in every decision. We are raising standards across the board: ensuring every classroom has a credentialed teacher, implementing clear policies for fiscal responsibility, lowering class sizes, implementing a rigorous and standards-aligned curriculum, adjusting the bell schedules to expand professional learning for teachers, and broadening access to career training aligned with California's and Sacramento's workforce needs.

While the school is currently operating with fewer staff and reduced enrollment due to recent layoffs, the reforms now underway are deep and structural. Each initiative reflects our commitment to rebuilding a school system that delivers on its promise to students, families, and the public.

Executive Leadership
The Executive Leadership at CICA provides high-quality leadership to create and sustain a meaningful learning environment that supports student academic progress. Under the direction of the Board, the Cabinet—comprising the Executive Director, Chief Academic Officer, Chief Operating Officer and Chief Business Officer—develops, implements, and evaluates key school systems and processes, including academic, human resources, finances, assessment, facilities, and accountability. Job descriptions and qualifications for each role are outlined below.

Leadership Team

Jonathan Raymond, Executive Director
Jonathan Raymond is a nationally respected education leader known for helping institutions navigate moments of deep crisis and emerge stronger, more accountable, and more student-centered. He most recently served as Senior Vice President and Superintendent in Residence at City Year, a national youth development and education nonprofit, where he oversaw education policy and provided strategic guidance to local and national systems working at the intersection of education, equity, and workforce development. As the Superintendent of the City School District of New Rochelle, he led the district through the final stages of the COVID-19 pandemic, investing in whole-child supports, accelerating learning recovery, and strengthening school-community partnerships. His leadership prioritized mental health, expanded after-school and summer enrichment, and delivered resources to students most impacted by the Pandemic.

Prior to that, Raymond served as Superintendent of Sacramento City Unified School District, where he guided one of California's largest urban districts through historic budget deficits, deep structural reform,

and the early stages of a statewide shift toward equity-driven education.
Under his leadership, the district raised graduation rates, introduced whole-child support, launched early learning and summer programs, and transformed some of its most underserved schools into high-performing campuses — all while navigating one of the toughest fiscal climates in California history.

Raymond's crisis-tested leadership is grounded in a lifelong commitment to public service. He previously served as Executive Director of the Massachusetts COVID-19 Relief Fund, Chief Accountability Officer of the Charlotte-Mecklenburg Schools in North Carolina, and President of the Stuart Foundation, California's largest K-12 education philanthropy. He began his career as a labor law attorney and brings legal, nonprofit, and philanthropic expertise to every challenge. He is a graduate of the Broad Superintendents Academy, and holds a JD from George Mason University School of Law, an MA from The Fletcher School of Law and Diplomacy at Tufts University, and a BA from Tufts University. He also completed the Executive Management Program at Harvard Business School.

Throughout his work, Raymond has earned a reputation for putting students first, building trust in fractured environments and helping systems rise from instability to renewal. As the newly appointed Executive Director of Highlands Community Charter, he brings that same steady hand to a school community that is ready to rebuild and thrive.

Teresa Cummings, Ph.D., Deputy Director/Chief Operating Officer
Teresa is a seasoned systems-level leader with over three decades of experience transforming education through strategy, accountability, and innovation. She has served as Chief of Staff and Chief Accountability Officer, bringing clarity, alignment, and execution to large-scale organizational priorities. Holding a Ph.D. from the University of Illinois, Chicago, Teresa's career spans the full spectrum of education—from PreK–12 classrooms to community colleges and universities—where she has excelled as a teacher, administrator, and author of mathematics curricula.

Her leadership portfolio includes extensive executive-level district administration, where she has shaped policy, accountability systems, and instructional improvement at scale. Beyond the district level, Teresa has advanced research and development efforts for non-profits, the Riverside County Office of Education, and the Stuart Foundation, where she co-developed an organizational health review now used to strengthen institutional performance.

Across every role, Teresa has been recognized for her ability to integrate research, practice, and policy into sustainable systems that drive student achievement and organizational excellence.

Eric Chapman, Deputy Director/Chief Academic Officer
Eric Chapman holds a Master of Education from California State University, Sacramento, and has dedicated more than 25 years to the field of education. He began his career as a classroom teacher and instructional coach in the Del Paso Heights School District before moving into school leadership, serving as principal at four sites within the Sacramento City Unified School District. In these roles, he led transformative turnaround efforts in literacy, family engagement, and community school models, while guiding schools through continuous improvement cycles, professional learning, and student-centered restructuring initiatives. Since 2008, his leadership has focused on building systems that foster

equity, innovation, and academic achievement. Eric now serves as Chief Academic Officer for Highlands Community Charter and Technical Schools, where he directs efforts in career technical education, workforce alignment, and equity-driven systems that expand opportunities for adult learners. Recognized as a mentor and collaborator, he is deeply committed to advancing student success and harnessing the power of schools to strengthen communities.

Matthew Lemos, Chief Business Officer
Matthew Lemos brings more than two decades of leadership experience in finance, operations, and team management across both the education and hospitality sectors. He began his career in the gaming industry, serving as a floor supervisor, pit manager, and head trainer, where he developed expertise in staff development, customer service, and process improvement. Transitioning to the nonprofit and education fields, Matthew has spent the past six years directing financial services for charter schools in California and Nevada. He has overseen multimillion-dollar budgets, compliance with state and federal regulations, and the development of policies and systems that ensure fiscal stability and operational excellence.

Matthew currently serves as Chief Business Official for Highlands Community Charter and Technical Schools, where he provides strategic leadership in finance, operations, and risk management to support the school's mission of preparing career-ready graduates. Known for his strong communication skills, ethical leadership, and collaborative approach, he is dedicated to building sustainable systems that strengthen schools and expand opportunities for students and staff alike.

Bindy Grewal, Ed.D., Director of Human Resources
Bindy Grewal is an accomplished educational leader and huma[2]n resources executive with more than three decades of experience serving California public schools. She holds an Ed.D. in Educational Administration and Foundations from the University of the Pacific and a Master's in Educational Leadership from California State University, East Bay. Over the course of her distinguished career, she has held roles spanning classroom teaching, school administration, district leadership, and senior -level human resources management.

Bindy most recently served as the Assistant Superintendent for Elk Grove Unified School District, where she oversaw 43 schools serving more than 30,000 students. In this role, she provided strategic leadership as part of the Superintendent's Cabinet, guided principals and directors, managed complex operational and instructional systems across multiple school calendars, and played a key role in districtwide initiatives including COVID-19 distance-learning transitions, school closures during environmental crises, early learning program enhancements, and major facilities planning. She was also an active member of the district bargaining team, addressing negotiations, compliance matters, and board-level issues with professionalism and clarity.

Prior to her executive leadership role, Dr. Grewal served as Director of Certificated Human Resources, where she led all aspects of certificated HR operations, including recruitment, employee relations, policy interpretation, staffing, investigations, and labor compliance. Her earlier administrative career included serving as a principal for nine years, earning the California Distinguished School Award, and as a vice principal for four years, where she strengthened school cultures, improved academic performance, and supervised comprehensive instructional programs.

Melissa Roberson, Director of Accountability and Assessment
Melissa Roberson is the Director of Accountability and Assessment, bringing over a decade of experience in education with a strong foundation in teaching, leadership, and data-driven decision-making. She earned her Master's degree from the University of Southern California in 2016 and went on to serve as a principal for five years, where she championed student outcomes and teacher growth. With a background as an experienced ELD and ESL teacher, Melissa has deep expertise in instructional strategies and supporting English learners. In her current role, she oversees WASC accreditation, state reporting, and manages the relationship with the Twin Rivers Unified School District, ensuring compliance and alignment with school goals. Known for her integrity, student-centered approach, and sharp focus on data, Melissa is dedicated to building systems that elevate teaching and learning for all students.

Mayra Valdivia, Interim Director of Student Services
Mayra Valdivia is an educator and administrator dedicated to advancing student success through strategic leadership, community partnership, and program development. She began her career as a high school counselor, supporting students' academic, social-emotional, and career growth, and later served as Lead ELD Counselor, directing programs that expanded services for English learners. She went on to serve as Director of Student Services and Assistant Deputy Director at Highlands Community Charter and Technical Schools, overseeing counseling, student support, and departmental operations while strengthening community partnerships. In 2024, she was appointed Deputy Director of School Services, where she supervises directors, guides program implementation, and represents the organization in legislative and community settings to advocate for policies benefiting students and families. Mayra holds a Master of Science in School Counseling from California State University, Sacramento, and earned her Preliminary Administrative Services Credential in 2024. She has also completed leadership and charter school business officer training through the Charter Schools Development Center. Fluent in English and Spanish, she is a strong advocate for equity and access, committed to expanding opportunities for diverse student populations. Mayra Valdivia currently serves as Interim Director of Student Services.

Student Challenges and Needs
CICA incorporates several innovative features throughout its programming, anchored by a few distinct approaches that set it apart from other local schools and allow it to serve the whole student. CICA serves adult learners balancing complex lives. Many students juggle employment, family care, and basic needs, often without reliable transportation, devices, internet, or childcare – limiting the time they can devote to school.

Trauma and Life Experiences
A significant number of students have experienced displacement, poverty, homelessness, addiction, or justice-system involvement. Students who have experienced incarceration face additional barriers to re-entry and benefit from CICA's targeted academic and social-emotional supports.

Basic Needs
Many students lack access to fundamental necessities, including food, appropriate clothing, school supplies, and stable housing. Refugee and immigrant students also navigate new cultural norms and technology while building English proficiency and seeking employment.

Student Goals and Motivations

Students enroll with interconnected goals: improving English proficiency, earning a long deferred high school diploma, developing career skills, supporting their families, and engaging more fully in their communities. For many, the diploma is both a dream realized and a gateway to economic stability and higher education. CICA recognizes that academic achievement must be pursued alongside students' broader life goals, creating pathways that honor both educational attainment and personal aspirations.

Characteristics of an Educated Person in the 21st Century

CICA defines an educated person in the 21st century as someone who:

- Masters core academics (English, mathematics, science, history/social science) and communicates effectively in English in college and workplace settings.
- Thinks critically and acts independently, applying problem-solving in academic and professional contexts.
- Collaborates and contributes, practicing empathy, constructive communication, and conflict resolution in diverse, multi-age, multicultural classrooms.
- Engages as a global citizen, understanding democratic principles and social, political, and environmental issues, and participating respectfully across cultures.
- Is digitally fluent, using technology confidently for learning, work, and civic life.
- Balances well-being, developing habits that sustain healthy, productive lives across family, work, and community.

Our students seek understanding and peace within multi-age, multicultural classrooms and respect the rights of others to do the same. We support students in developing personal habits for a healthy lifestyle—balancing academics, leisure, work, family, and community. Students who have limited access to technology learn to use digital tools for increased success in school, work, and civic life.

Our students are scholars who build proficiency in English, Mathematics, Science, and Social Studies/History. As members of the California community, they communicate effectively and contribute to the world around them. They are prepared to meet the expectations of college classrooms and to engage thoughtfully with new ideas.

Our students are community members who collaborate with others, contribute to projects, and manage and resolve conflicts using the communication tools learned in our classrooms. They are motivated to provide meaningful service and to apply their developing talents in real settings. We send our students into the workforce confident in the communication, collaboration, and competency they have developed.

Our students are citizens of the world who understand the foundations of constitutional democracy, the rights and responsibilities of all, and the importance of staying informed about political, social, and environmental issues. By learning together in diverse classrooms and on our campuses, students deepen their understanding of other political, social, and cultural systems and practice peaceful coexistence.

Our students are members of an increasingly technical and information-based world and are competent,

comfortable users of a wide range of technologies. They view technology as an integral part of learning and life and remain open to new tools and approaches as they emerge.

Core Beliefs

CICA supports all adult learners 22 and older to have agency and to chart the path that will help them achieve their academic vision. We have research-based beliefs about learning in general, learning for adults, and learning for English Language Learners that inform our approach to teaching and learning. Our educational philosophy is grounded in three interconnected beliefs that recognize the complexity and humanity of adult learning. These principles guide every aspect of our instructional design, student support systems, and organizational culture.

CICA's instructional model is grounded in three beliefs that reflect the complexity and humanity of adult learning:

Learning Happens Within the Contexts of Safe and Trusting Relationships
Adult learners, particularly those who have experienced educational trauma or systemic barriers, require learning environments that prioritize psychological safety alongside academic rigor. Trust is not a luxury in adult education—it is a prerequisite for the kind of vulnerable, transformative learning that leads to lasting change.

- **Trauma-Informed Educational Practices.** Many of our students carry the impacts of various forms of trauma, including displacement or systemic oppression. Our approach recognizes that trauma affects learning by impacting memory, concentration, and the ability to take academic risks. We create predictable, supportive environments where students can rebuild their relationship with learning in contexts that feel safe and affirming.
- **Relational Pedagogy.** We understand that learning is fundamentally relational. Students are more likely to engage in challenging academic work when they feel seen, known, and valued by their instructors and peers. Our educators invest time in building authentic relationships with students, learning about their goals, interests, and concerns. This relational foundation allows for the kind of honest feedback and academic push that leads to growth.
- **Community Building and Peer Support.** We intentionally cultivate learning communities where students support each other's growth and success. This includes structured opportunities for peer collaboration, study groups, and mentoring relationships.

Instruction Meets Students Where They Are
Meeting students where they are is more than an instructional strategy—it is a fundamental stance that honors the diverse pathways that bring adult learners to our doors. Our students arrive with varying levels of formal education, different cultural approaches to learning, and unique combinations of strengths and areas for growth. This reality requires us to move beyond one-size-fits-all approaches toward responsive teaching that builds on what students already know and can do.

- **Support for students with interrupted or inconsistent formal education (SIFE).** We pair intensive foundational skill-building with access to grade-level content, explicitly teaching academic literacy (how to use texts, take notes, discuss, and present) while maintaining high expectations.

- **Asset-based assessment and design.** We start from each learner's full profile—schooling, work, community, and self-directed learning—to connect new knowledge to existing strengths.
- **Flexible pathways**. Multiple routes, paces, and modalities; choice in demonstrating learning; supports that fit adult schedules.
- **Responsive teaching.** Ongoing formative assessment drives just-in-time re-teaching or acceleration (see Professional Development for PD structures).
- **Cultural and linguistic responsiveness.** We leverage what students know—and how they know it—to make rigorous content accessible.

Adults Learn Best With Agency and Relevance.
Every student develops an Individual Learning Plan (ILP) that names short- and long-term goals (education, work, family). During orientation, students learn pathways and requirements so they can make informed choices. Teachers and counselors help students write SMART goals, map required credits/certifications, and identify supports. Progress is revisited in regular check-ins using simple dashboards/trackers, and students complete brief reflections to build the metacognitive habits that sustain lifelong learning.

- **Choice and Flexibility in Learning.** Adult learners thrive when they have options in how they engage with content and demonstrate their learning. We provide multiple ways for students to explore topics of interest, pursue individual research projects, and showcase their growing knowledge and skills.
- **Real-World Connections and Application.** Learning feels most relevant when students can see immediate applications to their lives and goals. The curriculum we use has many opportunities to connect academic content to contemporary issues, workplace skills, and community engagement opportunities. Students might analyze historical patterns to understand current social issues or conduct scientific investigations related to health or environmental concerns in their communities.
- **Career and College Integration.** We explicitly connect academic learning to students' career and college goals, helping them understand how the skills they're developing will serve them in future educational and professional contexts. This includes developing academic habits of mind, communication skills, and critical thinking abilities that transfer across contexts.
- **Student Voice and Feedback.** Students have regular opportunities to provide feedback about their learning experiences and suggest improvements to courses and programs. Please see the student survey section below for more detailed information. We view students as partners in the educational process, recognizing that their insights about what supports their learning are essential for continuous improvement. This feedback loop helps students develop advocacy skills while ensuring our programs remain responsive to their needs.
- **Ownership of Learning Outcomes.** We support students in developing the ability to assess their own learning and set goals for improvement. This includes teaching students to use rubrics, reflect on their growth over time, and identify specific strategies that support their success.

These three foundational beliefs work together to create learning environments where adult students can achieve their educational goals while developing the skills, knowledge, and confidence they need for

continued success in their academic, professional, and civic lives.

CICA supports all adult learners to have agency and to chart the path that will help them achieve their academic vision. We have research-based beliefs about learning in general, learning for adults, and learning for English Language Learners that inform our approach to teaching and learning. Our educational philosophy is grounded in three interconnected beliefs that recognize the complexity and humanity of adult learning. These principles guide every aspect of our instructional design, student support systems, and organizational culture.

Mental Health and Wraparound Services
We recognize that academic success is interconnected with students' overall well-being. Our support systems include connections to mental health resources, basic needs support, and advocacy services that address the systemic barriers our students face. We work in partnership with community organizations to provide comprehensive support that allows students to focus on their learning.

Addressing the Social-Emotional Impacts of Educational Interruption

Students with interrupted formal education often experience complex emotions related to their academic journey, including shame about gaps in their knowledge, anxiety about academic performance, or frustration with the pace of progress. We create learning environments that normalize diverse educational pathways and celebrate the varied forms of knowledge students bring.

Supporting Students with Interrupted or Inconsistent Formal Education (SIFE)

A significant portion of our student population has experienced interruptions in their formal schooling due to migration, economic necessity, political instability, or family circumstances. These students bring rich life experiences and often sophisticated problem-solving skills, yet they may have gaps in traditional academic content or unfamiliarity with formal educational expectations. We reject deficit-based approaches that focus on what these students lack, instead building comprehensive support systems that honor their strengths while addressing their specific learning needs.

Our approach to supporting SIFE students includes intensive foundational skill development alongside grade-level content engagement, recognizing that these students need both remediation and acceleration. We provide explicit instruction in academic literacy skills—including how to navigate textbooks, online curricula resources, take notes, and engage in classroom discussions—while maintaining high expectations for critical thinking and complex problem-solving.

Asset-Based Assessment and Instructional Design

We begin by understanding each student's full educational profile, including formal schooling, work experience, community involvement, and self-directed learning. This comprehensive view allows us to design learning experiences that connect new knowledge to existing understanding while addressing genuine learning needs. Rather than focusing on deficits, we identify the multiple entry points through which students can engage with rigorous academic content.

Flexible Pathways and Differentiated Support

Meeting students where they are means creating multiple pathways through our curriculum that allow

for different paces, learning styles, and life circumstances. Our new curriculum, which covers all disciplines, allows teachers to alter the reading level of the text to meet the student at their level and provide translated background text and videos that build background knowledge to enhance ELLs' access to the core grade-level curriculum and the grade 9-12 California State Standards. This includes offering content in various modalities, providing choice in how students demonstrate their learning, and designing support systems that accommodate working adults with family responsibilities and other commitments.

Diagnostic and Responsive Teaching

Our teachers continuously gather information about student understanding and adjust instruction accordingly. This goes beyond initial placement to include ongoing formative assessment that reveals how students are making sense of new concepts and where additional support or challenge is needed. We create learning environments where struggle is normalized as part of the learning process, and where students receive the specific feedback they need to move forward. See more about this in the professional development section.

Cultural and Linguistic Responsiveness

Meeting students where they are requires a deep understanding of the cultural frameworks and prior educational experiences that shape how students approach learning. We work to understand not just what students know, but how they know it—the cultural tools and ways of thinking they bring that can be leveraged for new learning.

Self-Directed Learning and Goal Setting

We work with students to identify their short-term and long-term goals and help them understand how their coursework connects to these aspirations. This begins in orientation, where they learn the pathways and requirements so that students can make informed decisions about their academic path. Students participate in setting their own learning objectives within the framework of academic standards, and they regularly reflect on their progress toward these goals. This self-direction increases engagement and helps students develop the metacognitive skills essential for lifelong learning.

Foundational Research and Theories Supporting Our Approach

The instructional strategies employed at CICA are fully congruent with the pedagogical design and theoretical underpinnings of the Savvas curriculum. This alignment is operationalized through a coherent language development pathway, an integrated system of academic and linguistic support, and the deliberate application of empirically grounded second-language acquisition frameworks. Collectively, these elements ensure that English Learners acquire the linguistic competencies necessary to engage meaningfully with the standards-based Savvas instructional sequence.

Savvas provides a rigorous, standards-aligned curriculum with embedded language support intended to promote equitable access to grade-level content. CICA extends this foundation by implementing designated and integrated language development structures that supply the additional scaffolding required for emerging bilingual learners. Instructional delivery is anchored in Content-Based Instruction,

explicit literacy development, and structured reading and writing support, all of which are consistent with the instructional routines, text complexities, and cognitive demands embedded within the Savvas program.

Educators systematically assess student language proficiency, academic readiness, and individual learning profiles to differentiate instruction within the Savvas framework. This diagnostic approach ensures that English Learners can access, process, and demonstrate mastery of rigorous academic content while developing the academic discourse and literacy skills essential for secondary coursework. When combined with a coherent language development pathway, and the school's comprehensive support systems, these strategies cultivate the academic language confidence, and disciplinary knowledge required for students to progress through Savvas-aligned high school coursework, meet graduation requirements, and transition successfully to postsecondary coursework.

Adult Education Learning Theories

CICA applies research-based adult learning theories to design educational programs that recognize adult students have different needs than traditional K-12 students. The school incorporates adult learning theories, differentiated instruction, and student-centered approaches to meet diverse learner needs. Malcolm Knowles' foundational research (1980) identifies key differences between adult and child learners: adults are self-directed, bring rich life experiences, are problem-oriented, and are motivated by internal factors. Patricia Cross (1981) emphasizes that adult learners are typically voluntary participants who may feel insecure about learning but are motivated to solve real-world problems. Cross identifies multiple motivation sources including personal achievement, social factors, and career advancement.

Sociocultural Theories

According to Sociocultural Theory (SCT), social interaction is the foundation of all learning (Walqui, 2008). Sociocultural perspectives in language acquisition emphasize real-world participation with authentic language and activities that occur in everyday life (Zuengler & Miller, 2006). Some of the primary assumptions of Sociocultural Theories are that learning occurs before development, that language is the primary tool for thought (Mitchell, Myles, & Marsden, 2013), that writing and speaking are connected (Lightbrown & Spada, 2012), that mediation is essential to learning (Walqui, 2008), and that concept-based instruction aids learning (Mitchell, Myles, & Marsden, 2013). The Zone of Proximal Development (ZPD) and Scaffolding are two very important concepts in Sociocultural Theory. The ZPD is the stage in which the learner can advance because of support (scaffolding) that's provided to them by an interlocutor (Lightbrown & Spada, 2012). Scaffolding is defined as "a process of setting up" the situation to make the student's entry easy and successful and then gradually pulling back and handing the role to the student so that the student becomes independent enough to handle it (Walqui, 2008). For example, in traditional Sociocultural Theory, meaningful interactions take place between an expert (teacher) and a novice (student), where the expert provides the learner with scaffolding during the learner's ZPD.

Differentiated Instruction

Each student arrives at a different level, with unique learning styles, interests, and abilities. Recognizing this diversity, differentiated instruction is utilized to ensure the needs of all students are met. Differentiated instruction (also known as differentiated learning) is a teaching framework in which the teacher works to simultaneously address the diverse learning needs of all students in one class (Maloy, Verock-O'Loughlin, Edwards, & Woolf, 2013). It is commonly used in multi-level classrooms to meet

the needs of students with special educational needs, English language learners, and students who are advanced or in talented and gifted programs. It allows students the opportunity to learn through various avenues, and each student has different expectations based on learning styles and abilities. According to the U.S. Department of Education's Literacy Information and Communication System (2012), the design is intended to engage students at a range of different levels with various learning styles and to make learning meaningful for students at every level. According to Carol Ann Tomlinson (2003), differences in student learning exist in four categories: readiness (prior knowledge), interest (curiosity), learning profile (formal or informal), and affect (self-regard). Before teachers can differentiate their lessons, teachers must understand their students' levels, abilities, learning styles, interests, strengths, and challenges (Corley, 2005).

Content-Based Instruction (CBI)

CBI is particularly critical for high school English Language Learners because it addresses the dual challenge of mastering academic content while developing the academic language skills essential for school success. By embedding language development within meaningful content learning, CBI creates authentic contexts for language use, builds subject-specific vocabulary, and prepares students for college-level coursework. Research shows this empowering approach encourages learners to become independent, continuing their language development beyond the classroom while simultaneously meeting rigorous academic standards required for high school graduation and post-secondary success.

For students developing foundational language skills such as reading and writing, context plays a critical role in supporting both language and literacy development. Content-Based Instruction (CBI) provides context-rich materials through the curriculum, offering meaningful opportunities for students to build language skills while engaging with relevant academic topics. One of the most critical challenges we face is the persistent and widening vocabulary gap, which can significantly impact the academic progress of learners across all age groups. CBI addresses this challenge.

Supporting our English Learner Population

CICA serves a population of older English learners who are not eligible for the English Language Proficiency Assessments for California (ELPAC) nor appear in the California Dashboard for purposes of the English Language Proficiency Indicator (ELPI).[1] Almost all of the students at CICA are classified in CALPADS as adult English Language Learners or ADELs. CICA goes to great lengths to serve the needs of our English Language Learners.

Language learning for adults can differ from traditional models of education. It is deeply personal work that builds on the rich linguistic and cultural assets that students bring with them. Because compulsory education requirements do not apply to adult students, myriad factors constantly pull them away from their educational goals. Our approach to supporting English Language Learners recognizes that language acquisition happens most effectively when it is meaningful, relevant, and connected to students' lived experiences and goals.

At CICA, we understand that our students are not empty vessels waiting to be filled with English. They

[1] Education Code section 306, section (a), defines "English learner" for ELPAC and ELPI requirements by incorporating the definition of 20 U.S.C. 7801 (20)(A), i.e. "the term 'English learner', when used with respect to an individual, means an individual who is aged 3 through 21."

are accomplished individuals who have navigated complex systems, often in multiple languages, and bring sophisticated problem-solving skills and cultural knowledge that enrich our entire learning community. Our role is to create learning environments where students can leverage these strengths while building academic and professional English proficiency.

Our approach to English language learning is grounded in several research-informed principles that guide our instructional design and student support:

California Innovative Career Academy is transitioning towards offering traditional A–G pathways. The independent-study model is intentionally designed to provide adult learners, including English Learners, with an accessible, research-informed pathway to meeting high school graduation requirements and achieving academic readiness. Our instructional framework draws from adult learning theory, sociocultural perspectives, differentiated instruction, and content-based language development to ensure that language and content learning are mutually reinforcing. Consistent with research demonstrating that students acquire language most effectively when it is embedded in meaningful, content-rich experiences, our program integrates academic English development with standards-aligned coursework through intentional scaffolding, structured reading and writing supports, vocabulary development, and teacher-guided learning within each student's Zone of Proximal Development. Within this design, students' home languages are treated as cognitive and cultural assets. Translanguaging practices are encouraged as students draw from their full linguistic repertoires, and their prior life experiences, motivation, and goal orientation are leveraged to accelerate access to academically rigorous material. This integrated model ensures that English Learners develop the linguistic, academic, and cognitive foundation necessary to successfully engage in high school–level coursework within the independent-study setting.

Building on this foundation, our coherent language development pathway provides a structured and research-aligned entry point for adult English Learners who are at the beginning stages of English acquisition, including newcomer students, students with interrupted formal education, and those with limited or no prior schooling. Our onramp for newcomers pairs a designated English Language Development course (English for Work and Life) with an English Language Arts course, ensuring coherent progression across both language acquisition and literacy development. Students may also enroll in additional courses across the HCCTS program, allowing them to build academic readiness while progressing toward high school graduation requirements. All courses use state-adopted, standards-based instructional materials and supplemental resources to ensure alignment with California's academic expectations and to provide students with exposure to rich, grade-level content appropriately scaffolded for their language level.

The instructional design of the coherent language development pathway is anchored by three core courses that work in concert to support language growth and academic engagement. English as a Second Language (ESL) provides targeted support for foundational listening, speaking, reading, and writing skills within real-world, functional contexts. These courses explicitly support cultural integration, early literacy development, and the acquisition of communicative confidence essential for both academic and community life. English for Work and Life (EFWL/ELD) offers a multi-level, inclusive structure where

students at varying proficiency levels develop practical communication skills required for personal, academic, and workplace settings. Emphasizing functional vocabulary, grammar, digital literacy, and real-life tasks, EFWL equips students with tools to navigate modern communication demands while benefiting from collaborative, peer-supported learning. English 9, using Savvas myPerspectives, introduces students to diverse literary and informational texts through close reading, discussion, and analytical writing. This course strengthens academic vocabulary, textual analysis, composition skills, and the capacity to produce narrative, argumentative, and expository writing. Together, these courses form an integrated and coherent sequence that ensures adult English Learners access rigorous, standards-aligned instruction while receiving the linguistic scaffolding necessary to thrive within the CICA independent-study model.

Language and Content Learning Are Interconnected.
Research consistently shows that students learn language most effectively when it is embedded in meaningful, content-rich contexts (see CBI explanation above). Our integrated approach ensures that students are simultaneously building language skills and engaging with rigorous, standards-aligned academic material relevant to their goals.

Students' Home Languages Are Resources, Not Barriers.
Multilingualism is an asset that enhances cognitive flexibility and cross-cultural communication skills. We create space for students to use their full linguistic repertoire as they build English proficiency, recognizing that translanguaging—the fluid use of multiple languages—is a natural and effective learning strategy. We also believe that our students bring life experience, motivation, and clear goals that can accelerate their learning when properly supported.

Language Assessment Upon Enrollment

As a WIOA partner, CICA assesses all students during the admissions process and monitors their progress through CASAS testing. The first assessment, administered during registration, is the placement exam, which evaluates students' reading, writing, listening, speaking, and grammar skills. This exam is scored with an internally developed rubric.

During orientation, students also complete CASAS reading and listening assessments. CASAS provides standardized progress testing designed to measure learning along a continuum, from beginning literacy and English language acquisition through the completion of secondary-level skills. Several test series monitor student progress, with difficulty levels ranging from below Level A through Level E. Administering CASAS at enrollment establishes a baseline, followed by post-testing after 70–100 hours of instruction to track student progress over time.

If a teacher determines that a placement is inaccurate, a reassessment may be requested. If the reassessment results in a different level placement, the placement team updates the student's record in PowerSchool and informs the teacher of the revised placement.

The placement rubric is updated annually based on teacher and student feedback. Updates are shared with the curriculum team to confirm alignment with CICA level objectives. Any additional feedback is

integrated before the rubric is finalized for use in the upcoming school year.

Reclassification
CICA serves English Language learners who must be designated in CALPADS as Adult English Language Learners (ADEL). ADEL students do not participate in ELPAC testing and do not appear as English Language learners on the California Dashboard for purposes of the English Language Proficiency Indicator (ELPI). We track and report ESL advancement as determined by CASAS testing.

Enrollment
CICA's enrollment continually increased from its establishment in 2019 through the 2024-2025 school year. While interest in enrollment remains sky-high, CICA expects to see a flattening or potential decrease in enrollment this year due to compliance with newly clarified requirements for credentialing and class-size ratios. CICA's commitment to continuous improvement has required updates to enrollment policies and procedures that have temporarily reduced its total enrollment capacity for the 2025-2026 school year.

Five-Year Enrollment Rollout Plan
As of September 2025, CICA has 900 students enrolled and will implement a steady, sustainable growth plan over the next five fiscal years. CICA is in the process of reviewing teacher case loads and enrollment in order to enroll more students at CICA to meet the expected enrollment of 1500. Growth will remain aligned with the school's capacity to hire and develop additional K-12 credentialed teachers. The planned five-year enrollment rollout is as follows:

Academic Year	Students enrolled
2025-2026	1,500
2026-2027	1,650
2027-2028	1,815
2028-2029	1,997
2029-2030	2,196

- Enrollment Caps: Each class will have an enrollment cap of 25:1 to ensure compliance with Independent Study requirements under Education Code section 51745.6, subdivision (d).
- Monitoring and Rebalancing: CICA Principals will regularly monitor enrollment and class sizes, making adjustments as needed to maintain educational quality and compliance with capacity guidelines.

California Innovative Career Academy has developed a proactive and capacity aligned staffing plan to ensure that enrollment growth remains sustainable even in the event of hiring challenges. As of September 2025, CICA serves 900 students and is preparing to scale to 1,500 students in 2025–2026, with steady growth projected through 2,196 students by 2029–2030. Address potential hiring issues, CICA has already built a strong applicant pipeline, with 88 current applicants for instructional positions

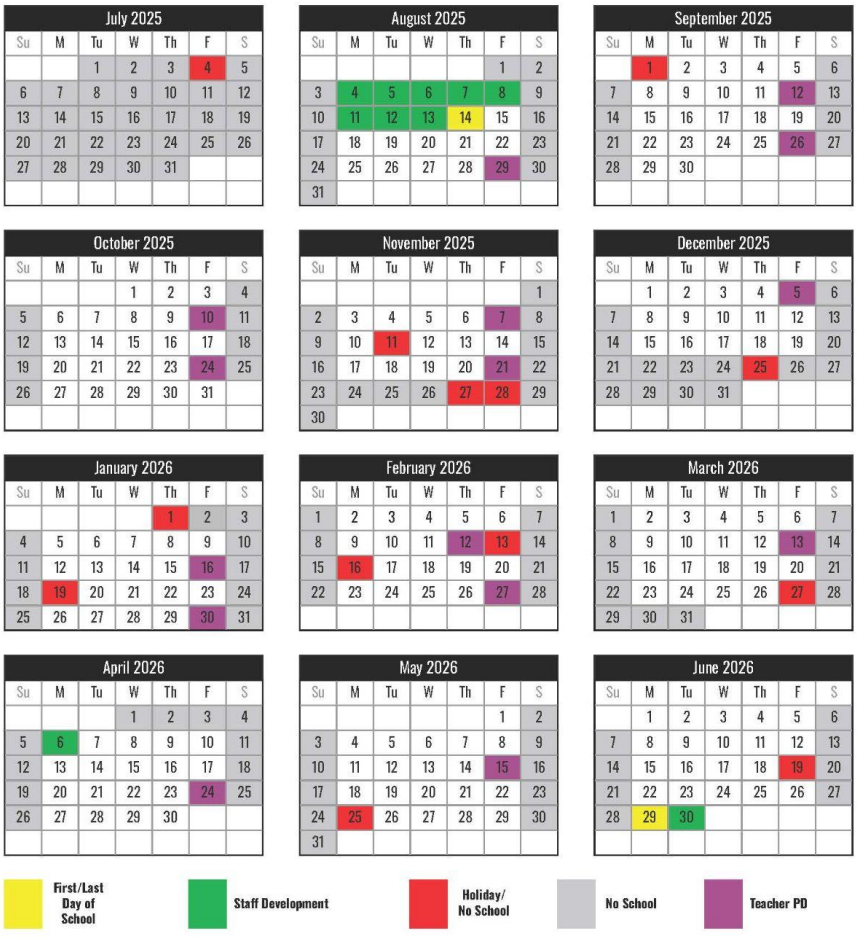
and more than 20 additional applicants specifically for ELD and Independent High School roles, ensuring a deep roster of qualified candidates. Principals will continue to monitor teacher caseloads and enrollment trends, adjusting the pacing of student onboarding, redistributing staff, and temporarily moderating growth if necessary to protect instructional quality and compliance.

Admission Process

California Innovative Career Academy (CICA) has a comprehensive enrollment process that establishes the full sequence of procedures used to prepare, orient, and place incoming students. This process encompasses all activities that occur prior to formal admission and is intentionally designed to ensure transparency, coherence, and equity in how students progress from initial inquiry to official enrollment. Through clearly defined protocols for pre-admission communication, assessment, placement determination, and onboarding, the Academy ensures that each learner enters the program with a clear understanding of expectations, available supports, and the academic pathways aligned to their needs. This structured approach allows the school to provide targeted guidance and early interventions, supporting students at every stage of the transition and establishing a strong foundation for long-term academic success.

HIGHLANDS
COMMUNITY CHARTER AND TECHNICAL SCHOOLS

2025-2026 ACADEMIC SCHOOL CALENDAR



CICA's Program Goals and Student Learning Outcomes

CICA has established three Schoolwide Learner Outcomes (SLOs):

- **Academic Growth:** Students demonstrate measurable achievement each term through standards-aligned assessments and performance tasks.
- **Career Progress:** Students make documented advancement toward their individualized education and career goals.
- **Digital Communication:** Students use technology effectively and responsibly for personal, academic, and workplace communication.

Many students enter CICA with significant gaps in English language proficiency, academic skills, communication, and technology use. These SLOs are designed to close those gaps and set students on a path to long-term college, career, and community life. To implement these goals in our classrooms and bridge individual goals to content standards, we embed Integrated English Language Development supports within the facilitation of learning across all content areas. We monitor progress through course and credit completion, common formative assessments, and CASAS progress monitoring data.

By offering adult education to students aged 22 and older who have not yet earned a U.S. high school diploma, we work to reduce educational inequity. Our programs are anchored in K-12 state standards shaped by the needs of our students and community and grounded in a deep commitment to equity and social justice. We emphasize technology fluency, workforce readiness, and supportive services that remove barriers to persistence and completion. At CICA, we believe in our students, we believe in our community, and we believe that it's never too late to achieve one's goals.

CICA Satisfactory Student Progress

CICA has established a Satisfactory Academic Progress (SAP) policy (BP 5120) to ensure that students are consistently advancing toward their academic and career goals. This policy applies to all students enrolled in high school education. To remain enrolled, students must meet SAP standards, which include maintaining a minimum GPA, earning required credits, making measurable progress in English language acquisition (for ELD students), and fulfilling the specific SAP criteria of their CTE programs. SAP is evaluated every six weeks, and students who do not meet the requirements may be placed on Academic Notice. Continued noncompliance will result in disenrollment.

Attendance and engagement are also key components of SAP evaluation, with manual attendance records retained for at least three years in accordance with California regulations. Students who do not meet SAP in their CTE program may appeal by submitting a written reflection and evidence of corrective actions. Approved appeals result in a probationary period during which students must meet SAP standards to maintain enrollment. The policy aligns with state and federal regulations and is reviewed regularly to ensure legal compliance and support for student success.

The Instructional Leadership Team: Stewards of CICA's Academic Goals

CICA's program goals are guided and supported by the Instructional Leadership Team (ILT), a cross-functional leadership team that ensures academic excellence and coherence. The ILT is composed of the

Chief Academic Officer, principals, teacher leaders, the Director of Professional Learning, the CASAS Coordinator, and the Director of Instruction & Professional Learning. Meeting biweekly, the ILT reviews student learning data, designs responsive professional learning, and incorporates teacher feedback to continuously improve instruction. The team works to align goals, accountability measures, and instructional priorities, providing instructors with a roadmap of how these efforts intersect to form CICA's core academic vision.

Common Core Standards

CICA is committed to providing a rigorous, standards-based education that meets the unique needs of adult English language learners while ensuring students progress toward California State Standards across all subject areas. Our curriculum design and instructional practices are systematically aligned with the California Common Core State Standards for English Language Arts and Mathematics, the Next Generation Science Standards, and the California History-Social Science Standards. We integrate English Language Development (ELD) standards with content area instruction, utilizing sheltered instruction strategies and culturally responsive teaching practices that honor students' diverse linguistic and cultural backgrounds. Teachers employ scaffolded approaches to make grade-level content accessible, incorporating visual supports, collaborative learning structures, and native language resources when appropriate to support comprehension and academic language development. Through regular assessment of both English proficiency growth and content mastery, we continuously monitor student progress, adjusting instruction to meet learners where they are while maintaining high expectations for academic achievement.

Core Subjects

CICA offers students access to an A-G curriculum in English Language Arts, Mathematics, Science, History/Social Studies, and a range of electives. The English Language Arts, Mathematics, Science, and History/Social Studies courses use the Savvas curriculum.

English Language Arts

The English Language Arts sequence moves students through a progressive sequence from foundational grammar and language skills to advanced writing, research, and literary analysis. Rooted in Common Core standards, the Savvas curriculum emphasizes critical thinking, effective communication, and collaboration. Students engage with diverse fiction and nonfiction texts from various cultures centered on Social-Emotional Learning themes. Students develop skills in reading comprehension, argumentation, and narrative writing. The program culminates in advanced coursework focused on research proficiency, source evaluation, and multimedia presentations, preparing learners for academic and professional communication success.

Mathematics

Mathematics courses build essential numeracy and problem-solving skills through a sequence aligned with the California Common Core standards, beginning with Pre-Algebra and progressing through Algebra 1 and Geometry. Students gain proficiency in fractions, decimals, ratios, proportions, equations, and geometric concepts, with an emphasis on applying mathematical reasoning to real-world contexts such as financial literacy. Instruction based on the Savvas curriculum develops critical thinking and multiple forms of representation—numerical, graphical, verbal, and symbolic—preparing students for higher-level math and everyday applications.

History and Social Science
The History-Social Science courses provide students with a comprehensive understanding of civics, U.S. history, world history, government, economics, and ethnic studies. Instruction integrates literacy and critical thinking while connecting academic content to students' lived experiences. Students explore foundational principles of democracy, historical events, cultural diversity, and economic systems, emphasizing analytical skills through document analysis and inquiry-based learning. The Savvas curriculum prepares students to engage as informed citizens, fostering cultural awareness, social justice, and active participation in society.

Science
The Science courses offer foundational courses in Earth Science and Life Science, fulfilling graduation requirements while building scientific literacy and critical thinking. Earth Science introduces students to the dynamics of Earth and space systems, climate, natural phenomena, and human environmental impact. Life Science covers biological concepts such as chemistry, biodiversity, population dynamics, genetics, and environmental interactions. The Savvas curriculum emphasizes conceptual understanding and real-world application of scientific principles.

Visual and Performing Arts
The Visual and Performing Arts courses introduce students to fundamental concepts in stage performance, music theory, and vocal technique. Courses cover stage presence, character development, and the structure of the music industry, alongside foundational music theory, history, and vocal training. Students develop confidence and skills for performance and gain an understanding of music's cultural significance, preparing those interested in careers in music, theater, or entertainment.

Electives
CICA's Elective offerings allow students to strengthen literacy, communication, critical reading, and public speaking skills. Courses like Reading for Pleasure foster a love of reading through engagement with socially relevant themes, enhancing comprehension and analytical abilities. Public Speaking electives build students' rhetorical knowledge, speech planning, and presentation skills while promoting ethical communication and confidence. These courses enrich students' academic experience and prepare them for effective expression in various personal and professional contexts.

English for Work and Life Series
The English for Work and Life Series supports students at all stages of English acquisition, from emerging literacy to intermediate fluency. Courses emphasize systematic instruction in phonics, vocabulary, grammar, and real-world communication. Students progress from recognizing letters and sounds to composing organized paragraphs and participating in workplace and academic conversations. Through engaging, high-interest content and digital literacy tasks, learners gain the language and confidence needed to succeed in academic, personal, and professional settings.

Curriculum Adoption
In 2025, Highlands followed an articulated curriculum adoption process to procure Savvas, a standards-aligned curriculum for CICA courses. We received guidance from our UMass Global partner, which has extensive experience with curricular materials that best serve English Language Learners. The process was guided by UMass Global experts and included EdReports recommendations, analysis of materials used by surrounding districts, vendor demonstrations, and structured teacher feedback. We sought

teacher feedback around our top choices and delivered our final proposal to the board, which approved our recommendation. We selected Savvas for its single, user-friendly platform for teachers and students, high ratings on EdReports, and adoption by large districts such as TRUSD, EGUSD, and LAUSD. To support strong implementation, the start of classes was delayed to August 14, 2025, allowing teachers to gain familiarity and comfort with the new curriculum. Teachers met in PLCs to build their knowledge of the standards-aligned curriculum. The Savvas adoption includes access to both an online digital curriculum, teacher edition textbooks, and student workbooks.

Supports for English Learners Level 0-1

ABCEnglish: A curriculum provided by an external agency, ABCEnglish offers literacy-level lessons ideal for students who are new to learning English. Lessons are presented through accessible slides and worksheets designed for classroom delivery.

Burlington English: An online English language learning platform offering both teacher-led lessons with presentations and printable materials, as well as self-paced student lessons accessible by phone or computer. The program integrates reading, writing, listening, and speaking skills, and includes thematic content, short stories, citizenship, and Workplace English and CASAS practice modules.

EL Civics Curriculum: Thematic packets intended to support English Language Learners with English language acquisition, civic participation, and workforce skills. Aligned to ESL objectives from CASAS and NRS ESL levels.

Standards-Based Instruction

To ensure alignment with educational standards and to support student achievement, CICA's curriculum has been developed, adapted, or adopted in accordance with the following:

- California Common Core State Standards (CCSS)
- WIOA English Literacy
- Literacy (EL) Civics Objectives
- Comprehensive Adult Student Assessment Systems (CASAS) Reading Standards
- CASAS Competencies

Instructional Methods

As an independent study school, CICA provides flexible, individualized learning supported by a range of online curricular resources. The nature of independent study and learning allows students to progress as quickly as they like with self-paced learning opportunities. Teachers meet with each student a minimum of once per week – synchronously via Zoom or in person- to monitor progress, review work, and adjust support. Teachers are available onsite on pre-established days of the week, which are communicated with students. Teachers offer additional meeting times via Zoom at times that align with the students' availability. Students' availability is the predominant factor in determining frequency and times for teacher-student meetings. While most coursework is asynchronous, English Learners receive targeted, synchronous support (Zoom and in person) using content-based instruction (CBI). Instruction includes both designated English language development and integrated approaches aligned with Common Core State Standards.

Independent Study Legal Compliance

The Charter School will comply with all applicable independent study laws and regulations, including

but not limited to Education Code Sections 51745, et seq.; 47612.5; 47634.2; Title 5, California Code of Regulations, Sections 11700-11705; and 19850-19854. These laws require, that the Charter School will operate pursuant to an adopted independent study Board policy; each student will have a master agreement as required by law; and the Charter School will receive an approved funding determination by the State Board of Education as a condition of funding.

Assessment to Advance CICA Goals

CICA Employs Multiple Measures to Monitor Learning and Inform Instruction.

- **Formative Assessments:** These include ongoing evaluation through teacher observation, projects, presentations, and performance tasks.
- **Summative Assessments:** End-of-unit and semester evaluations measuring mastery of learning objectives. These assessments are part of the core curriculum.
- **Portfolio Assessments:** Student-led self-assessment using assignments of choice to demonstrate learning in students' focal areas. The ILT is currently mapping the implementation of the portfolio project.
- **Student Surveys:** Self-perception data helps us to understand the student experience.
- **CASAS Testing:** Comprehensive Adult Student Assessment System, a competency-based adult assessment program validated by the U.S. Department of Education for use in adult education conducted after 70-100 hours of instruction time. The assessment is administered every 6-8 weeks.
- **CAST:** California Science Test, a state assessment mandated for those in high school.
- **CAASPP:** California Assessment of Student Performance and Progress, a state assessment mandated for those in high school grade 11.
- **EL Civics Assessments:** Administered three times per program year
- **ELD Level Placement Test:** Placement at enrollment
- **ELD Level Exit Test:** Administered to determine readiness to advance to the next ELD level

Professional Development That Drives Improvement

High-quality professional learning at CICA centers around training teachers to effectively use the Savvas curriculum as well as creating a learning system for the teachers to continuously engage in instructional improvement. It is more than training staff in best practices; it is about creating a culture of curiosity that acknowledges the uncertainty that is inherent in teaching and learning. Central to our revised professional learning program is creating a practice of inquiry at the leadership level that focuses its interest on the practitioners working most closely with the students. What are teachers learning about their students' learning? Where are teachers' gaps in knowledge and capacity? These are the questions that inform the design and goals of the professional learning offerings. In addition to this inquiry-based approach to professional development, CICA has an extended professional development contract with Savvas to ensure that teachers have a deep understanding of the Savvas instructional methods and curricular options for differentiation to support multiple ELL levels.

CICA leadership works in partnership with CICA principals and teacher leaders through the ILT to take a partnership approach to designing professional learning. Core beliefs about practitioner-based learning that inform the CICA approach to professional learning include:

- Teaching is complex and uncertain work that requires an inquiry stance to ensure that students' needs are at the center.
- Adult learning thrives on agency and relevance with clear goals and progress markers
- For instruction to be changed and improved, the learning experience of students must be visible
- Educators (teachers and leaders) are professionals engaged in important work, and they deserve a level of professional support and care that takes their work seriously.
- Pursuing collective goals is essential to supporting systems transformation

Professional Development Focusing on Language Acquisition

Central to CICA professional development is continuously developing strong instructional strategies to meet the needs of our ELLs. Supporting English Language Learners effectively requires ongoing professional learning and reflection. All CICA educators engage in continuous inquiry about how to better serve our multilingual learners.

Language-Responsive Teaching Practices

Our professional learning focuses on developing instructional strategies that make content accessible while maintaining high expectations. This includes training in visual supports, collaborative learning structures, and formative assessment techniques that help teachers understand what students know and can do.

Cultural Responsiveness and Asset-Based Thinking

We work to examine our own assumptions about language learning and ensure that our instructional practices build on students' cultural and linguistic strengths. This includes learning about our students' educational backgrounds and understanding how different cultural approaches to learning can inform our teaching.

Data-Informed Decision Making

As part of our inquiry-based PLCs, we develop systems for collecting and analyzing data about student language development that go beyond test scores. This includes documentation of student growth in academic discussions, writing development over time, and students' own reflections on their learning progress through portfolios.

Our commitment to English Language Learners extends beyond language acquisition to encompass the full development of students as confident, capable learners who can succeed in their chosen academic and professional pathways. Ultimately, we measure our success not just by English proficiency gains, but by our students' ability to use their multilingual skills to contribute meaningfully to their communities and achieve their educational goals.

CICA Professional Learning Structures

Bi-Weekly Friday PD

Our bi-weekly Friday afternoon professional learning sessions are designed as both collaborative inquiry spaces where educators engage in job-embedded learning directly connected to their daily practice, and also an opportunity to receive specialized instructional support that they or the Instructional Leadership Team (ILT) has requested. These sessions follow a flexible structure that can shift between collective

inquiry—examining student work and learning data to collaboratively problem-solve around specific instructional challenges—and targeted professional development that addresses identified needs such as trauma-informed pedagogy, advanced strategies for supporting students with interrupted formal education, or innovative approaches to integrated content-language instruction.

Teachers work in cross-disciplinary teams when engaging in inquiry cycles, analyzing how their students are navigating rigorous academic content and sharing effective practices for maintaining high expectations while providing comprehensive support. When focused on specialized instruction, sessions might feature expert facilitators, peer observations with feedback, or deep dives into research-based strategies that teachers have specifically requested to strengthen their practice. This dual approach ensures that professional learning is both responsive to emerging classroom needs and proactive in building the specialized expertise our diverse adult learner population requires, while maintaining our commitment to practitioner-centered learning that directly impacts student success.

Bi-Monthly Principal PLC

Led by the Chief Academic Officer, principals analyze school-level data, align support systems for ELLs and students with interrupted formal education, and develop coordinated systems responses. This principal learning community operates as a space for collaborative problem-solving where school leaders can examine challenges, share effective practices, and develop coordinated approaches to supporting their unique adult learner populations. Sessions focus on analyzing school-level data to understand how students are progressing toward their educational goals, discussing instructional leadership strategies that support teachers in serving English Language Learners and students with interrupted formal education, and developing systems-level responses to emerging needs within their school communities. The Chief Academic Officer facilitates these meetings using the same inquiry-based approach that guides teacher professional learning, encouraging principals to bring real dilemmas from their practice, examine multiple perspectives, and test solutions collaboratively. This structure ensures that leadership decisions are grounded in evidence and aligned across both school sites, while providing principals with the professional support and intellectual partnership they need to lead effectively in the complex landscape of adult education. The PLC also serves as a space for principals to reflect on their own growth as instructional leaders and to coordinate their efforts in supporting teacher development and student success.

Twice Weekly Teacher PLCs

Teachers engage in professional learning community work twice weekly, with sessions strategically designed to strengthen both instructional planning and data-informed decision making. One session each week is dedicated to collaborative planning time where teachers work in grade-level or content-area teams to design learning experiences that integrate rigorous academic content with the specific supports their English Language Learners and students with interrupted formal education need to succeed. These co-planning sessions allow educators to share strategies, align expectations across courses, and ensure that assessment practices accurately capture student growth while maintaining high standards. The second weekly session follows protocols and practices that focus on collaborative examination of student work and performance data to understand learning patterns, identify instructional adjustments, and develop targeted interventions. During these data inquiry sessions, teachers bring actual student artifacts—writing samples, project work, assessment results—and engage in structured conversations that move beyond simply identifying which students are struggling to understand why certain approaches are or aren't working and what specific instructional moves might better support student

learning. This dual structure ensures that teachers have dedicated time for both proactive planning and reflective analysis, creating a continuous cycle of improvement that keeps student learning at the center of all professional practice.

Teacher Coaching
CICA is launching Phase 1 of on-the-ground coaching by October 15, 2025. This will include the opportunity to observe instructional models, to co-plan with professionals with expertise in supporting students with interrupted formal education, and to engage in guided reflection on the impact of instruction.. Principals, the Director of Professional Learning, the Curriculum Coordinator, and teacher leaders will participate in a rigorous train-the-trainer model to enable sustained on-the-ground support of teachers' ongoing development.

The Role of Data and Assessments in Informing Instructional and Systems Improvement
Assessment is a core to instructional improvement at CICA. Not only does assessment tell us where our students are in their learning, but patterns in the data reveal where we need to focus our professional learning efforts. CICA is committed to creating a system that is responsive to what we are learning about our students and their needs. Leadership is curious about what is happening between the teacher and the student and rests its instructional improvement design on the data that comes from the classroom.

Formal Assessment and Improvement
The ILT will review CASAS data to understand students' academic progress and to track areas where we need to improve our instructional approach. In addition, the ILT will use CAASPP and CAST data to understand the general themes in improvement and then support teachers to use more granular classroom data to understand what is getting in the way of students making progress.

Informal Assessments and Improvement
Working in their PLCs teachers will use classroom-based data– both qualitative and quantitative to determine the areas of their practice where they would like more support. This is one source of the design for the content input on PL Fridays. The ILT will use classroom observation data to help determine the focus of improvement efforts.

Student Climate Surveys and Systems Improvement
Centering the students' experience as core to our approach to improving the learning experience
The CICA instructional improvement process involves looking at both student mastery data and student perception data. One important source of student perception data is the student climate surveys. While we do not rely on this self-report data to give us the whole picture of the student learning experience, the data provides valuable insights into CICA's social and emotional conditions for learning. Annual anonymous surveys are administered in multiple languages (e.g. English, Arabic, Spanish, Persian, Armenian, Pashto, Russian, Turkish, Ukrainian, Vietnamese, Chinese). Students access surveys via QR codes, push notifications, in-class support, and the Brain app; paraeducators provide language assistance. Survey domains include relationships, classroom climate, resources, goals/progress, safety/facilities, CTE/workforce, and curriculum/instruction.

Students have access to completing these surveys via QR codes, push notifications sent to their cell phones, with the support of their teachers in their classrooms, and via the Brain app. Teachers encourage

and support student participation by engaging students in lessons that have practice surveys. Paraeducators are also utilized to provide language support during this process. The purpose of these surveys is to understand the following:

- Relationships
- Classroom Climate
- Classroom Support and Access to Resources
- Goal Setting & Student Progress
- Safety, Maintenance, and Facilities
- Workforce and CTE Programs
- Lessons, Instruction, and Curriculum

CICA students are asked to read each statement and indicate their level of agreement with the statement from the following options:

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly Disagree

The table below shows the percentage of CICA students who agree or strongly agree with each statement for the year indicated for the last three years.

Question	22-23	23-24	24-25
Lessons help me in my daily life.	87%	84%	93%
Lessons are interesting.	87%	86%	93%
I know what I need to do to make progress in my classes.	90%	90%	93%
The lessons (in person or online) help me learn (My teacher offers me an opportunity to learn everyday).	93%	89%	95%
I have the learning materials (pencils, notebooks, binders, books) I need to learn.	90%	84%	89%
I have the technology I need to learn.	91%	91%	95%
The school, classrooms, and buildings are clean and in good condition.	92%	93%	89%
The school tells me important information regularly (holidays, school announcements, events).	95%	95%	96%
All students from different backgrounds and countries are treated kindly (the same).	95%	97%	96%
All students from different cultural backgrounds, races, or ethnicities respect each other at school.	98%	96%	94%
My teacher really cares about me and respects me.	98%	98%	98%
My counselor really cares about me and respects me.	94%	92%	90%
The school helps me turn my college and career goals into	85%	82%	88%

a plan.			
I know how to get help if I feel sad, stressed, lonely, or depressed.	82%	81%	87%
I want to learn more about mental health and how to deal with stress.	48%	49%	59%
I feel connected to the school, my classmates, and teacher.	80%	77%	86%
I feel safe at school (I trust our leaders to make our school safe).	93%	93%	90%
I know how to log in and check my student email.	95%	96%	97%
I know how to log in to my online learning tools	89%	92%	96%
CICA helps me learn to use technology by giving mobile devices and digital literacy training.	89%	88%	94%
I use my school phone, Chromebook, or hotspot 5 or more days a week	ND	ND	73%

**ND denotes that there was no data available for that school year*

Student Academic Supports

Many of our students have little prior education in their native language and, for many of them, they come in with low levels of English, CICA provides extra support to ensure students' academic success. Teachers are available to meet with students by appointment to support students who are struggling academically.

Paraeducators

Paraeducators who work with credentialed teachers play an important role in supporting translation for our Level 0 students. There are wide variations in English learner levels and growth patterns among these students. Paraeducators work with our credentialed teachers to provide the individualized support needed to address varied student needs and learning patterns. They provide crucial language scaffolding by offering clarification in students' native languages when needed and creating more opportunities for meaningful language practice. Additionally, paraeducators who share students' cultural backgrounds create a more comfortable environment that reduces the anxiety often experienced by newcomers. While teachers focus primarily on academic instruction, paraeducators can provide crucial social-emotional support that newcomers need to navigate their new educational environment successfully. To improve student support with the CICA systems and academic support, CICA is looking to rebuild its paraeducator staff.

Literacy Support

During the 2025-2026 school year, CICA has budgeted for staff to provide literacy support to help English learners. This will focus on building literacy through phonemic awareness, phonics, vocabulary building, pronunciation, and writing skills.

Tutoring Program

CICA is currently redesigning a tutoring program for students. In prior years, the tutoring was delivered

online. Based on feedback from students and staff, online tutoring did not effectively meet the needs of our student population. Key challenges, detailed below, included a lack of digital literacy skills, low student engagement, and limited availability of support. The new tutoring program will be responsive to these findings. As of this material revision, the CAO of HCCTS is conducting a review of potential tutoring approaches and Phase 1 of implementation will occur by October 25, 2025.

CICA Students & Devices

All CICA students are provided Chromebooks and hotspots so they are able to access their online learning tools, including their online curriculum.

Challenges for Students Accessing Online Tutoring

- Cultural Barriers: Afghan Women
    - Afghan women have the most urgent needs of all the populations we serve
    - Afghan women will not work one-on-one with male tutors
    - Afghan women typically have low technical skills
    - Afghan women typically have low literacy skills
    - In-person, woman-to-woman support by Dari- and Pashto-speaking academic staff is needed for this population
- Technology Accessibility
    - Students with low tech skills may not be able to access online tutoring that requires an online login
    - Students without internet access at home
    - Students without computers or laptops at home
    - Most online tutoring is chat-based
- Linguistic Barriers
    - Top 5 languages are: Dari, Pashto, Ukrainian, Russian, and Spanish
    - English-speaking tutors cannot effectively support students with low English proficiency

10	Staff Development Days

As a traditional independent study school, CICA ensures it meets instructional time requirements by documenting daily student engagement, evaluating work products for time value, and offering synchronous and asynchronous learning opportunities. Time value-earned depends on the certified teacher's judgment of individual work products and the time value that the teacher deems appropriate based on the teacher's assessment of the pupil's individual needs and capacities.[3][4][5][6] Teachers receive regular professional development training on the calibration of time-value for assignments including but not limited to cooperative norming in a PLC setting.

Engagement with the instructional program and time-value earned per student is tracked by the Assigned Work Record. The Assigned Work Record contains a record of daily engagement and documentation of the time value of each completed assignment. Students may only earn time value by engaging on days indicated as instructional days in the HCCTS Academic Calendar.

Student Name:

Student ID:

M5: December 1, 2025 - January 9, 2026

Directions:
-Complete an AWR for each student on your roster.
-Schedule must match the instructional days available for the learning period.
-Insert the time value for each assignment.
-Check the box when an assignment is completed.
-Review instructional minute slide deck for monthly goal for each learning period.
-Enter the assignment points possible and points received for each assignment.
-Once completed, download each student AWR as a PDF.
-Add your signature and date to the AWR.
-Submit each student's AWR individually via the Brain (upload to first course of LR).

Graduation Requirements
CICA students are eligible to graduate when they have been awarded 180 high school credits: 110 Academic including a mandatory and 70 in elective or Career Technical Education (CTE) credits. As part of the 180 credits, transfer credits and employment credits count toward this total. As soon as the high school students complete 180 credits and those credits are verified, students are eligible to apply for their diplomas. After students receive their diplomas, they are asked to participate in a graduation ceremony.

Required Courses	
English	3 courses / 30 credits
Math	2 courses / 10 credits
World History	1 course / 10 credits
U.S. History	1 course/ 10 credits
Economics	1 course/ 5 credits
American Government	1 course/ 5 credits
Life Science	1 course/ 10 credits
Physical Science	1 course/ 10 credits
Career Technical Education, World Language, or Visual and Performing Arts	1 course/ 10 credits
Electives	70 credits

Grade Level Progression
Because all students are over 22 years, they cannot be assigned to grade levels based on age. CICA uses credit attainment to determine grade level. This does mean that students may enter school at a variety of grade levels and many students may not fall neatly into a four-year graduation plan. Holistic support systems are designed to ensure that students who are not on track receive timely, individualized intervention. Counselors develop graduation plans and conduct regular check-ins to review academic progress, update students on credits earned, and identify the steps needed to advance toward the next grade level and ultimately graduation. Each student receives an academic progress report that guides these conversations and helps counselors connect students to college readiness opportunities, including the A-G approved courses adopted in the 2024–2025 school year. As students refine their academic and career goals, counselors also introduce relevant CTE programs and provide information about program expectations, requirements, and timelines to support informed, meaningful transitions through grade levels.

The proposed grade level progress as defined through credit accrual is as follows:

Grade	Credits
[7]9	0-49
[8]10	50-99
[9]11	100-149
[10]12	150-180

[11]
In a standard 4 year graduation plan, students are enrolled in five courses each semester. Successful completion of all courses each school year will yield credits that place students within the ranges shown above. This will ensure all students enrolled in five core and/or electives classes will complete the full 180 graduation credits.

Subject to appropriations by the State, the Charter School will comply with requirements under AB 101 to offer a one-semester course in ethnic studies and will mandate that students complete this course as a graduation requirement commencing with students graduating in the 2029-30 school year.

The Charter School will comply with requirements under AB 2927 to offer a one-semester course in personal finance by the 2027-28 school year and will mandate that students complete this course as a graduation requirement commencing with students graduating in the 2030-31 school year.

Credits for Prior Learning and Experience
CICA has an established process for reviewing and awarding transfer credit to ensure students are placed on a clear path toward graduation.

The Transcript and Records Team evaluates all available records, including high school transcripts, college and international transcripts and degrees, and completion certificates. Credits are awarded using consistent, school-approved criteria.

For students who have completed high school equivalency exams, credit is awarded only upon submission of official GED or HiSET documentation.

After evaluation, each student receives a summary of awarded credits and remaining requirements, providing a clear plan to complete their diploma.

Counseling and Progress Monitoring

Counselors develop graduation plans, conduct regular check-ins with progress reports, and—beginning **2024–25**—advise on **A–G** pathways for college readiness.

Statutory compliance:

- **AB 101 (Ethnic Studies):** Offer a one-semester course; required for students graduating in **2029–30** and beyond (subject to appropriations).

- **AB 2927 (Personal Finance):** Offer a one-semester course by **2027–28**; required for students graduating in **2030–31** and beyond.

Students at Highlands progress through grade levels based on credit accrual rather than age or traditional annual promotion, and our holistic support systems are designed to ensure that students who are not on track receive timely, individualized intervention. Counselors develop graduation plans and conduct regular check-ins to review academic progress, update students on credits earned, and identify the steps needed to advance toward the next grade level and ultimately graduation. Each student receives an academic progress report that guides these conversations and helps counselors connect students to college readiness opportunities, including the A-G approved courses adopted in the 2024–2025 school year. As students refine their academic and career goals, counselors also introduce relevant CTE programs and provide information about program expectations, requirements, and timelines to support informed, meaningful transitions through grade levels.

Counselors help ensure students meet graduation requirements by developing graduation plans and conducting regular check-ins. During check-ins, counselors update students on their academic progress, including credit attainment and requirements remaining to meet graduation requirements. Each student is provided with an academic progress report. Beginning in the 2024–2025 school year, we have adopted A–G approved courses to expand college readiness opportunities for our students.[12][13][14][15]As part of this effort, counselors engage students in conversations about their aspirations for higher education as they approach the high school program. As student interests align with offered CTE programs, more information is provided to the student regarding program overview, requirements, and duration.

Subject to appropriations by the State, the Charter School will comply with requirements under AB 101 to offer a one-semester course in ethnic studies and require that students complete the same as a graduation requirement commencing with students graduating in the 2029-30 school year.

The Charter School will comply with requirements under AB 2927 to offer a one-semester course in personal finance by the 2027-28 school year and require that students complete the same as a graduation requirement commencing with students graduating in the 2030-31 school year.

Attendance Policy
CICA maintains SOPs compliant with Board Policies and **EC §§ 51749.5–51749.6**. Daily engagement with assignments and synchronous instruction is tracked and retained for at least **three years**. With the approval and oversight of the District, CICA will establish and maintain attendance SOPs compliant with Board Policies and EC § s 51749.5 and 51749.6. At all times, students' daily engagement with assignments and synchronous instruction will be tracked and recorded, and the records will be maintained for a minimum of three years. The time value of all attendance awarded will be at the judgment of a certified teacher. In any instance where in-person attendance is a requirement, such as participation in CTE programs, in-person attendance will be recorded by a certified teacher, and attendance records retained for a minimum of three years.

Engagement with the instructional program and time-value earned per student is tracked by the Assigned

Work Record. The Assigned Work Record contains a record of daily engagement and documentation of the time value of each completed assignment. Students may only earn time value by engaging on days indicated as instructional days in the HCCTS Academic Calendar.

The Need for California Innovative Career Academy
The area covered by the Twin Rivers Unified School District has tremendous educational needs. While some of these needs were met in the past by the adult education program of Twin Rivers Unified School District, with budget cuts, most of these opportunities have gone away for those who do not have a U.S. high school diploma. This has greatly impacted student access to dropout recovery, as well as programs serving ex-offenders and immigrants. All of these groups not only have a direct need for services, but by helping them, CICA also helps the state of California by reducing welfare services, reducing recidivism, increasing the tax base, and increasing the cohesiveness of our society.

The Need for Dropout Recovery
Research has demonstrated that within a school year, a student drops out of high school every 9 seconds in the United States (Lehr, Johnson, Bremer, Cosio, & Thompson, 2004). Further, according to the California State Legislature, "Research suggests that fewer than 70 percent of 9th grade pupils in California, and in some school districts, fewer than 50 percent, graduate from high school" (Carter, 2011).

The Need to Educate Ex-Offenders
High school dropouts are much more likely to become incarcerated, and many families in the Twin Rivers district are affected by having a family member who is an ex-offender. California Innovative Career Academy will be able to help rehabilitate these ex-offenders and provide them with real job skills. By being able to provide for their family through legal employment, children of ex-offenders will have better role models and be more likely to break the cycle of crime.

Benefits and Potential Impact on Twin Rivers Unified School District
CICA will have a positive benefit to the Twin Rivers Unified School District. Given that CICA will serve adults, no students will come from existing Twin Rivers traditional K-12 schools. Further, by educating the parents of students in the Twin Rivers traditional K-12 schools, these younger students will likely have greater academic success. By authorizing CICA as an independent charter school, Twin Rivers Unified School District will not take on any additional risks or insurance costs of the charter school.

Workforce Readiness
The Workforce Readiness program equips students with essential career skills and technical knowledge across multiple pathways, preparing them for success in the modern workforce and further education. The *Workforce Readiness* course emphasizes digital literacy, career exploration, employability skills, and professional communication, supported by practical experiences such as resume building and mock interviews.

CTE Programs
CICA is currently in the process of developing the CTE program. To grow capacity and course offerings, our CTE program is entering a redesign. During the 2025-26 school year, we are thoughtfully

using labor market data, community partnerships, and teacher input to shape offerings that will set our learners up for success. The plan emphasizes clear pathways, flexible schedules, strong language supports, and meaningful work-based learning. Courses will be carefully vetted and released in phases based on sustainable capacity and resources.

CICA will have seven CTE programs in the 2025-2026 school year:

1. Culinary Arts
2. Digital Literacy and Multimedia
3. Early Childhood Education (ECE)
4. Medical Services
5. Microsoft Office Specialist (MOS) Certification
6. Personal Finance
7. Real Estate

Culinary Arts

Culinary Overview
Introductory culinary skills with emphasis on safety, sanitation, knife skills, basic cooking methods, menu planning, and kitchen teamwork.

Culinary Target Certifications

- ServSafe Food Handler (all students)
- ServSafe Manager offered where feasible and appropriate

Culinary Program Requirements

- Safety routines, lab participation, and recipe labs portfolio
- Food handler exam completion; uniform and non slip shoes for lab days

Work-based Learning

- Guest chefs, site tours, catering practice for school events, community tastings
- sites
- Instructor recruitment plan prepared (internal posting or partner hire)

Digital Literacy and Multimedia

Digital Literacy and Multimedia Overview

Practical digital storytelling with emphasis on device basics, file management, online collaboration, visual design, audio and video basics, and portfolio building.

Digital Literacy Target Certifications

- IC3 Digital Literacy certification where available
- Adobe Certified Professional exam prep in tools such as Photoshop, Illustrator, or Premiere Pro when feasible
- School issued certificate of completion with project portfolio

Digital Literacy Progress

- Curriculum outline drafted; equipment and facility scheduling in planning with partner

Program Requirements

- Completion of project based modules and a curated digital portfolio
- Regular practice in productivity and creative apps; responsible use and digital citizenship modules

Digital Literacy Work-based learning

- School communications projects, partner briefs, social media content labs, guest designers and media professionals

Digital Literacy Progress

- Curriculum outline drafted; device and software access plan in place with partner sites
- Instructor recruitment plan prepared (internal posting or partner hire)

Early Childhood Education (ECE)

ECE Overview

Prepares students for entry roles in preschool and childcare settings with a focus on child development, safety, learning environments, and family partnerships. Strong language support embedded for multilingual learners.

ECE Target Certifications

- Pediatric CPR and First Aid
- California Mandated Reporter Training
- California Child Development Permit pathway awareness; assistance with Assistant or Associate Teacher permit application where eligible

ECE Program Requirements

- Attendance and completion of coursework and practicum tasks
- Readiness for site requirements when applicable (background clearance, TB test, immunizations per host site; program will help students navigate)
- Portfolio with lesson snapshots, observation notes, and reflections

ECE Work-based Learning

- Classroom observations, lab hours, guest talks with site directors, optional short externship when available

ECE Progress

- Currently in the process of hiring ECE teachers
- Curriculum map drafted using English for Work and Life for integrated language routines
- Site partner list in development for observations and talks

Medical Services

Medical Services Overview

Entry-level health care skills with emphasis on patient safety, infection control, vital signs, medical terminology, front office workflows, and team communication.

Medical Services Target Certifications
- American Heart Association BLS, CPR, and First Aid
- OSHA Bloodborne Pathogens awareness
- HIPAA privacy and security training
- Where feasible and appropriate: NHA Certified Medical Administrative Assistant exam prep

Program Requirements
- Safety routines, lab skills checklists, and a skills and reflections portfolio
- Completion of required CPR and safety training; appropriate attire for lab days

Work-based Learning
- Guest talks by medical assistants and clinic managers, site tours, mock front desk scenarios, community health events

Microsoft Office Specialist (MOS) Certification Prep

MOS Overview
Hands-on prep for industry-recognized Microsoft Office Specialist exams. Focus on Word, Excel, and PowerPoint with options to extend to Outlook or Access based on student goals.

MOS Target Certifications
- Microsoft Office Specialist Associate exams (Word, Excel, PowerPoint)
- Option to pursue additional exams for Expert level where appropriate

MOS Program Requirements
- Regular practice in Office applications; completion of scenario-based projects
- Exam readiness checks; testing through a Certiport Authorized Testing Center (onsite or partner)

MOS Work-based Learning
- Real-world admin projects, resume and report formatting, data dashboards for career pathways

MOS Progress
- Two MOS CTE teacher positions posted
- Certiport testing access plan underway (site authorization or partner center)

Personal Finance

Personal Finance Overview
Practical money skills for work and life: banking, budgeting, credit, debt, insurance, taxes, benefits, and introductory investing. Currently offered; will continue within CTE to strengthen career readiness.

Personal Finance Target Certifications
- Local certificate of completion with portfolio evidence
- Optional third-party exam (for example, W!se Financial Literacy Certification) if adopted by the school

Personal Finance Program Requirements
- Completion of unit tasks and a capstone budget and benefits plan
- Demonstration of digital skills for online banking simulations and tax prep scenarios

Personal Finance Work-based Learning
- Speakers from banks and credit unions, mock benefit selection, VITA site visit when available

Personal Finance Progress
- Running now; pacing and assessments aligned to power standards are being finalized for 2025–2026
- Curriculum outline drafted; lab equipment and site visit scheduling in planning with partner clinics
- Instructor recruitment plan prepared (internal posting or partner hire)

Real Estate

Real Estate Overview

Foundations of residential real estate with emphasis on California practice and principles, ethics, property types, basic finance, contracts, and client communication.

Real Estate Target Certifications

- Preparation for the California Real Estate Salesperson license pathway
    - Completion of required coursework hours and state application steps
    - Exam readiness checks and study support

Real Estate Program Requirements
- Completion of course modules and case studies; portfolio of forms, disclosures, and client communication samples
- Attendance at exam prep sessions; Live Scan and state application guidance provided

Real Estate Work-based Learning
- Guest brokers and agents, office tours, open house observations, neighborhood property walks, mock client meetings

Real Estate Progress
- Curriculum outline drafted; broker partner interest meetings underway
- Instructor recruitment plan prepared (internal posting or partner hire)

CTE Program Accountability And Progress Indicators

- Access: enrollment by site and pathway; ELD levels served
- Engagement: attendance and weekly progress submissions
- Learning: pass rates on unit performance tasks and portfolios
- Credentials: number of certifications earned (ServSafe, MOS, CPR/First Aid, Mandated Reporter, optional personal finance cert)
- Work-based learning: hours, site visits, guest speakers, externship participation
- Placement and advancement: students moving into jobs, internships, capstone, or next-level training

Transferability of Courses

Governing Law: If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable, and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements. (California Education Code § 47605 (c) (5) (A) (iii).)

Information about WASC accreditation can be found at CICA's website. CICA is currently WASC-accredited through June 30, 2030.

Technology

Technology is integral to academic success and workforce readiness. Given varied digital literacy levels, CICA provides structured exposure to tools (Microsoft Office, Google Classroom, web-based reading programs, tutorials) and models tech use in instruction. The IT Department (five FTE) supports teachers and students and has standardized classroom access across sites.

Equipment available upon request: Chromebooks, headphones/earbuds, projector screens.

CICA seeks to truly integrate technology into students' lives via classroom lessons, relevant examples, classwork, projects, and practical experience communicating in the modern world. Technology standards and objectives are integrated into the curriculum and are clearly defined for the teachers. Across varying sites, the teachers incorporate technology into their lessons. Teachers use educational learning videos, tutorials, web-based reading programs, Microsoft Office, and Google Classroom. Teachers model the use of technology in their classrooms and show students how to access and utilize Google Docs, emails, etc. CICA's goal is to have all teachers using and adapting technology to accommodate the students' levels and needs.

In recent years, CICA has overcome a complex challenge with technology. Previously, not all of the students, teachers, and sites had the same level of access to technology, nor was the same level of technological access possible at all sites. The IT Department has resolved the disparity issues among classrooms, and currently, all classrooms have access to the same equipment.

Through consistent exposure to digital tools across courses and targeted instruction in digital literacy, the program ensures that students develop the technological competencies necessary for academic

advancement, workplace readiness, and full participation in modern society.
Technology, academic success, career goals, and social engagement are all important for students, and we believe that in order for students to be fully successful in the 21st century, they must become digitally literate.

Student Services

CICA has the unique opportunity to work with adult learners who have faced many challenges and require both academic and personal support to successfully meet their academic and career goals. In the 2025-26 school year, the support staff was greatly reduced, and CICA continues to work to rebuild some of those services. At the time of this material revision, there is an Intervention Coordinator position being developed to support partnerships with community agencies. These agencies provide essential support well beyond what CICA can offer including dental services, food, housing support, etc.

Orientation/Student Onboarding

Student Services holds an orientation at the beginning of each year to support students in becoming fluent in the CICA system and help them make informed decisions about their academic plan. In August 2025, orientation was extended to cover new attendance requirements and the Savvas curriculum.

Navigators

Dedicated staff are needed to ensure every student understands all of the services available to them. With students who speak over 39 languages, often with limited English proficiency, Navigators serve a critical role by communicating with students and providing academic and career support and access to community resources. CICA Navigators speak English, Farsi/Dari, Spanish, Russian, Armenian, and Pashto, and travel to all campuses to present on services and programs. In June 2025, the Navigators were released from their positions. As of the writing of this material revision, HCCTS is working to rebuild the Navigator program for implementation in January of 2026.

Student Advisory Council

CICA is in the foundational stage of assembling a student advisory council. In September and October, the Chief Academic Officer will meet with students who are recommended by their teachers as possible advisory members. The first student advisory council meeting is set for mid-November and will meet quarterly. The intention for this group is to support increased agency, belonging, and leadership, as well as bring the student perspective to CICA initiatives. The quarterly meetings provide consistent opportunities for students to share their experiences, identify challenges, and contribute to solutions that enhance the educational environment for all newcomers, ultimately supporting their academic success and social-emotional well-being.

Community Partnerships

CICA serves a very high-need student population and has developed multiple partnerships with external organizations to address those needs. Since opening in the 2019-2020 school year, 13 partnerships have been established. These partnerships expand the school's reach within the community and increase student access to the tools necessary to achieve their goals. Partnership refers to a collaborative relationship between Highlands Community Charter and Technical Schools (HCCTS) and an external agency that supports students by facilitating access to essential services. These partnerships may be formalized through a Memorandum of Understanding (MOU) or remain informal and often involve the exchange of resources, services, and information aligned with shared goals to improve student outcomes

and well-being. In some cases, partnerships include agreements related to shared locations, supporting educational efforts by expanding access to instruction and services in settings where students already utilize essential resources.

These partnerships include the following organizations:

- SALAM Islamic Center
- SHRA
- La Familia Counseling Center
- CalAsian Chamber of Commerce
- Lao Family Community Development
- Department of Human Assistance
- Sacramento Employment and Training Agency (SETA)
- Mack Road Partnership

Many of these community partners provide support that is beyond the scope of CICA services. This includes connecting students to dental services, food banks, clothing, etc.

Student Support and Counseling
We are proud to have highly trained, compassionate counselors who support every student. Our counselors provide assistance and information on many issues, including:

- Family issues
- Personal issues
- Conflict management
- Substance abuse and recovery
- Student support groups
- Homeless services
- Accessing government programs
- FAFSA
- Parenting and family resources

Our students face many challenges and have many barriers to completing their education and accomplishing their goals. At CICA, our counselors understand our students' needs and assist them by addressing barriers because we want our students to complete their classes and graduate. We believe that by meeting our students where they are, they are more likely to continue and complete their programs to graduate.

Plans for Specific Populations

English Learner (EL) Services and Newcomer Supports:
CICA provides comprehensive support for newcomer students and English language learners. CICA student services staff provide comprehensive orientation services to new and veteran students to support them in being able to "read their environment" and develop a fluency in navigating the CICA system. The academic supports are listed in the educational philosophy section. CICA also provides native language support when available, along with cultural transition assistance. Specialized programming for recently arrived immigrant students, including orientation to U.S. school systems, technology setup support, accelerated English language acquisition, academic skill building, and social-emotional support to ease cultural transitions. We provide translation services and family engagement programs to support

the entire family's integration into our school community. Teachers adapt content, assignments, and assessments to match students' language levels, ensuring they can access and engage with core academic material. English learners receive targeted language support embedded within subject-area instruction, allowing them to build both academic and linguistic skills simultaneously. This approach supports students in progressing toward English fluency while also earning high school credits toward graduation.

Plan for Students Who Are Academically Low Achieving
Independent Study labs allow students to complete required work in a self-paced fashion, allowing them additional time to master a subject before proceeding. Further, courses that are more set-paced will be designed to incorporate multiple modalities of learning to assist all students to success, including those who may be academically low achieving in a traditional school setting. This includes the use of more frequent one-on-one meetings and first language support to ensure content accessibility. Instructional pacing and support will be responsive to student needs, creating an inclusive environment where all learners have a pathway to mastery.

Plan for Students Who Are Academically High Achieving
Independent Study labs will allow students who are academically high-achieving to learn in an accelerated manner, so that they can complete their diplomas quickly. Because CICA serves adults aged 22 and older who do not possess a U.S. high school diploma, we often enroll immigrants with professional expertise from their home countries. For example, a student from Russia who previously worked as a doctor before immigrating to the U.S. would benefit from an accelerated rate in a life science class. The flexibility of the independent study model honors prior knowledge and experience, enabling students to move efficiently through material they already understand. This approach helps students re-enter the workforce or pursue higher education without unnecessary delays.

Students with Disabilities
Overview
CICA is categorized as an independent LEA, serving adults 22 years of age and older. Therefore, it is not required to join a SELPA pursuant to Education Code 47641(a), either on its own or with a grouping of charter school LEAs as a consortium. As such, CICA does not receive state and federal revenues in accordance with SELPA's allocation plan. . CICA will make all necessary arrangements to serve students with disabilities and comply with all applicable federal, state, and school district mandates serving students with disabilities, including but not limited to § 504 of the Rehabilitation Act ("Section 504"), the Americans with Disabilities Act ("ADA") and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA"). CICA enrolls all eligible students and provides FAPE through 504 plans and appropriate accommodations in compliance with § 504, ADA, and IDEIA**.**

IDEIA applies to children with disabilities and does not apply to adult students over the age of 21.[2] California likewise requires special education services for students until age 21. CICA integrates IDEIA compliance principles as part of its mission to provide K-12 educational opportunities to adult students according to all applicable laws.

[2] 20 U.S.C. 1412(a)(1)(A): "A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive..."

Disabled students with or without a previous IEP may request a reasonable accommodation by contacting their teacher, counselor, or administrator. CICA does not require students to provide detailed medical records to document a disability. A doctor's note or other documentation of impairment, including records of academic impairment, may support an accommodation need. Students also have the right to refuse accommodation solutions offered by the school or propose a different alternative as part of the interactive process.

Any decision to deny or grant a request for reasonable accommodation by the SST shall be made in accordance with applicable federal and state law, including IDEIA, ADA, and the California Education Code. Reasonable accommodation can include, but are not limited to, modifications to school policies, practices, or procedures; auxiliary aids for classroom learning such as transcripts, readers, or modified equipment; altered testing conditions; presence of a student's trained service animal; or other measures necessary to ensure equal access to CICA's educational programs, as required by 304 C.F.R. 104.44. CICA may deny accommodation requests by a person with a qualifying disability and documented need if the requested accommodation imposes an undue financial, operational, or administrative burden, or fundamentally alters its educational program, provided no reasonable alternative can be found to meet the student's needs.

Element B Measurable Student Outcomes and Element C Student Progress Measurements [16][17][18][19]

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subparagraph (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school." (Ed. Code § 47605(c)(5)(B).)

"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card." (Ed. Code § 47605(c)(5)(C).)

Measurable Goals of the Educational Program

CICA (California Innovative Career Academy) was founded to serve historically disadvantaged populations. It has always served a larger than 90% socially and economically disadvantaged student population. The founding philosophy of CICA demands that it offer extensive support beyond that which would normally be available to students in a traditional high school setting and far beyond that available in CAEP settings. To that end, all support services are available to all students. This, along with the radically different makeup of the CICA student population compared to most schools, has led CICA to set its performance targets for all students rather than for traditionally designated subgroups.

Measurement of Progress

CICA intends to implement 11th grade and begin administering state assessments during the 2025–2026 school year. Prior to this year, CICA did not serve 11th grade students and therefore did not participate in CAASPP testing. Given the limited time remaining in the current charter term, CICA will begin administering CAASPP assessments and analyzing baseline data; however, the school will not yet have sufficient longitudinal information to establish multi-year academic goals tied to CAASPP performance. During this initial implementation year, the Academics Department and the Accountability & Assessment Department will jointly review CAASPP results and use these findings to develop goals, targets, and instructional priorities for the subsequent charter term.

In the absence of historical state testing data, CICA will continue to utilize existing internal and external assessments as the most reliable indicators of student achievement. Specifically, CICA will maintain its use of CASAS testing to supplement CAASPP results and provide higher-resolution, ongoing measures of student progress. CASAS provides more frequent testing cycles and is better aligned with the developmental needs of adult learners, enabling staff to identify skill gains, instructional gaps, and needs for pacing adjustments throughout the year.

While Smarter Balanced assessments (SBAC) and other CAASPP assessments are the state's primary measures of academic performance, their design presents unique limitations for adult education settings.

CAASPP is intended to measure longitudinal growth across consecutive years of enrollment in traditional K–12 settings. In contrast, adult learners often return to school after significant educational gaps, may enter at grade 12 without any prior CAASPP history, and frequently do not remain enrolled long enough to participate in the grade-specific testing intervals for which CAASPP was designed. Additionally, adult learners are in a different developmental context than school-age children, further complicating the interpretation of CAASPP results as growth measures.

Therefore, while CICA will fully participate in CAASPP testing, these assessments require augmentation to yield actionable information for instructional planning in an adult-serving charter school. CASAS and EL Civics assessments will continue to serve as essential tools for monitoring progress throughout the year and evaluating student skill development that may not be captured through CAASPP alone.

Subgroups

CICA was founded to serve historically disadvantaged populations and consistently enrolls a student body that is more than 90% socioeconomically disadvantaged. Consistent with the school's founding mission, CICA provides comprehensive support services to all students, exceeding what is typically available in traditional high school or adult education settings. Because of this mission-driven model and the unique demographics of CICA's student body, the school has historically focused its performance monitoring on overall student performance rather than on traditional K–12 subgroup designations.

Beginning with the first year of CAASPP participation, CICA will analyze performance across all required state-defined subgroups as reported through CALPADS. In addition to these standard subgroups, CICA will augment its analysis by examining linguistic and cultural subgroups that are particularly relevant in an adult education context. For example, the CALPADS category of "White" includes large populations of English learners from Russia, Ukraine, Afghanistan, and other regions whose educational needs differ significantly despite being grouped together in state-defined categories.

To ensure equitable support for all learners, CICA will review state testing results, CASAS data, and EL Civics performance through multiple analytical lenses. This approach allows the school to identify meaningful subgroup differences, understand the diverse needs of its students, and develop targeted strategies that address both state-defined and locally relevant subgroups.

Cycles of Inquiry

CICA implements a structured, data-driven cycle of inquiry to ensure that instruction remains responsive to student needs and that gaps in progress are identified and addressed in a timely manner. This continuous improvement process integrates teacher-level, site-level, and schoolwide data and is supported by professional development, leadership oversight, and ongoing monitoring.

Teacher-Level Cycles of Inquiry

The CASAS Coordinator leads regular professional development sessions designed to build teacher capacity in data analysis and instructional planning. During these sessions, teachers review their class-level CASAS data, examine patterns in student skill gains, and identify students who may require additional instructional support or targeted interventions. The CASAS Coordinator guides teachers in interpreting score changes, drill-down indicators, modality-specific patterns, and student persistence factors. Together, teachers and the Coordinator establish clear instructional priorities for the next

cycle—such as reinforcing specific competencies, adjusting pacing, differentiating reading or listening tasks, or implementing targeted small-group instruction. These priorities are revisited in subsequent cycles to evaluate progress and refine strategies.

Leadership-Level Cycles of Inquiry

At a higher level, CICA utilizes CASAS analytics provided through Schoolytics to monitor schoolwide and site-based trends. These dashboards allow administrators—including the CASAS Coordinator, site leaders, and the Chief Academic Officer—to analyze longitudinal score patterns, cohort growth, level completion rates, and the distribution of learning gains across classrooms and school sites. This broader analysis helps identify exemplary instructional practices as well as classrooms or programs that may require additional coaching, professional development, or resource allocation.

Integration and Continuous Monitoring

Findings from both teacher-level and leadership-level analysis are integrated into CICA's ongoing instructional planning process. Priorities identified in each cycle inform PD offerings, coaching sessions, curriculum adjustments, and the deployment of academic supports. Subsequent CASAS and EL Civics assessment results are reviewed during the next inquiry cycle to determine whether interventions were effective or require further refinement. This structured, iterative approach ensures that CICA's instructional program remains responsive, equitable, and closely aligned to the needs of its adult learner population.

Alignment with State Priorities[20][21]

STATE PRIORITY #1— BASIC SERVICES The degree to which teachers are appropriately assigned (E.C. §44258.9) and fully credentialed, and every pupil has sufficient access to standards-aligned instructional materials (E.C. § 60119), and school facilities are maintained in good repair (E.C. §17002(d))	
Subpriority A: Fully Credentialed Teachers	
Goal[22][23][24][25][26][27]	100% of core teachers will hold an appropriate and valid California Teaching Credential. These teachers may be fully credentialled or hold intern or emergency credentials as is appropriate to the teaching assignment. All teachers will be denoted as Fully Credentialed or Intern by CDE.
Method	Monthly Credential Monitoring. Each month CICA will document the credentialing status of all teachers in a report accessible to TRUSD and CICA leadership. Including an analysis of all temporary assignments and internships.
Measurement	Percentage of Teachers noted as Ineffective or Out-of-Field by CDE as reported in the annual SARC.
Subpriority B: Access to Standards Aligned Instructional Materials	

Goal	100% of pupils will have access to standards-aligned materials and additional instructional materials as outlined in the charter petition.
Method	Review and approve all instructional materials each summer before the start of the school year to ensure alignment with Common Core, CASAS, and English Language Proficiency objectives. Conduct a midyear materials audit to evaluate sufficiency, replacement needs, and alignment with evolving instructional standards.
Measurement	Confirm 100 percent student access to standards aligned materials by the first week of each academic term, verified through distribution logs and classroom inventories. Executive Director or designee will review all instructional materials before purchase pursuant to E.C. § 60119. Report annually on instructional materials sufficiency in the School Accountability Report Card and maintain documentation verifying compliance with state requirements

STATE PRIORITY #2— IMPLEMENTATION OF COMMON CORE STATE STANDARDS Implementation of Common Core State Standards, including how EL students will be enabled to gain academic content knowledge and English language proficiency	
Subpriority A: Implementation of Standards	
Goal	At CICA 100% of core academic classrooms will offer curriculum aligned to common core state standards.
Method	**Provide quarterly professional development on standards aligned instructional practices**, ensuring teachers can effectively use diverse curriculum materials to meet varied student needs. **Conduct three implementation checks per year** (fall, winter, spring) to monitor curriculum engagement and instructional fidelity through classroom observations and teacher reflection logs.
Measurement	By August 30th each year, verify that 100 percent of core academic classrooms are equipped with Common Core aligned curriculum, confirmed through an annual instructional materials review conducted by the Executive Director or designee. Confirmed in the annual SARC.
Subpriority B: EL Student Access to Academic Content	

Goal	100% of English Language Learners will gain academic content knowledge through implementation of Common Core State Standards.
Method	Measure EL students' access to academic content each trimester using course completion data, EL Civics assessments, and progress toward mastery of integrated ELD and Common Core learning objectives. EL students will be offered differentiated instruction in contexts integrating Common Core State Standards with ELP objectives such as English for Work and Life and EL Civics courses.
Measurement	Administer level exit tests and track EL Civics performance annually to determine whether English Learners are gaining academic content knowledge in alignment with program expectations. Monitor English language proficiency growth each semester using CASAS reading scores, measurable skill gains, and redesignation indicators to ensure every EL student demonstrates measurable progress.
Subpriority C: EL Students and English Language Proficiency	
Goal	100% of English Language Learners will make measurable progress towards English language proficiency.
Method	EL students participate in English Language Arts/Literacy instruction with appropriate in-class instructional support which includes structured English language development, small group teacher support, paraeducator support, and usage of SDAIE strategies.
Measurement	The school will track annual metrics including the rate of redesignation from Intermediate ESL to Adult Basic Education, measurable skills gains, and CASAS reading gains.

STATE PRIORITY #3— Educational partner involvement. State priority 3 references parental involvement, including efforts to seek parent input for making decisions for schools, and how the school will promote parent participation. However as all CICA students are 22 years and over CICA will focus instead on engaging the feedback of educational partners including but not limited to students and community partners.	
Subpriority A: Educational partner engagement	
Goal	Promote student involvement in setting schoolwide priorities and implementing academic programs and student services through hosting at least five educational partner events.

Method	**Collect and analyze student feedback after each event** using qualitative and quantitative methods, with findings compiled within 30 days and incorporated into annual planning and the LCAP.
Measurement	Student feedback will be recorded, collated, and analyzed by CICA staff incorporating both qualitative and qualitative methodologies. Student feedback will be incorporated into the annual LCAP.
Subpriority B: Student Participation	
Goal	Survey students in 10 more languages to promote engagement with school culture and receive actionable quantitative feedback, with at least 50% student participation.
Method	Each year CICA will circulate a student satisfaction survey.The survey will be made available in not less than the 5 most widely spoken languages among the student population. Results will be analyzed and presented to the HCCTS Board with recommendations for LCAP priorities based on the results.
Measurement	CICA will track the number and percentage of students participating in the survey.
Subpriority C: Community Partner Engagement	
Goal	Maximize the opportunity for CICA students and staff to meaningfully engage with community partners by hosting at least 5 events accessible to CICA students remotely (i.e. through Zoom).
Method	Community partner events will be held throughout the year including job fairs, immigrant resource presentations, Know Your Rights presentations from local agencies, and cultural events celebrating diverse student backgrounds.
Measurement	All community partner events will be assessed for engagement and impact including number of students engaged and the results will be reported to the HCCTS Board with recommendations for incorporation into the LCAP. Publish an annual summary of educational partner engagement in the LCAP by June 30, including event counts, participation levels, survey data, and key themes that informed schoolwide decision making.

STATE PRIORITY 4: Student Achievement **Academic Achievement Metrics, performance on standardized tests, progress of English**

Language Learners	
Subpriority A: Academic Achievement Metrics	
Goal	The school will analyze available CAST and CAASPP results and identify any subgroups performing below average. Schoolwide academic achievement metrics will meet targets as agreed upon with our Authorizer as quantified below in CICA Academic Achievement Metrics with the goal of an annual 2 point increase in reading and math indicators.
Method	The SBAC will be administered for all 11th Grade students and CAST for all 12th grade students. All CICA students take regular CASAS tests every 6-8 weeks. All 12th grade students have regular meetings scheduled with counselors and are provided a personalized graduation plan to ensure they graduate within the same program year as admission to the 12th grade.
Measurement	All Academic Achievement measurements are reported to the Authorizer yearly in an annual report.
Subpriority B: Standardized Tests (SBAC)	
Goal	Ensure all students and teachers are adequately prepared to engage with SBAC. 100% of teachers will receive training on SBAC. 100% of students will be informed of the SBAC testing window.
Method	Implement two mandatory trainings on Smarter Balanced assessment for teachers and paraeducators before January 30. CICA will begin implementation of Smarter Balanced (SBAC) for 11th grade in the 2025-2026 school year. The designated LEA CAASPP coordinator will coordinate training and implementation.
Measurement	The designated LEA CAASPP coordinator will report CAASPP results to CICA and TRUSD. The CAASPP coordinator will conduct a review of training, timeline and results to be presented to the HCCTS Board in September of each school year.
Subpriority C: Progress of English Language Learners	
Goal	English Language Learners will see consistent growth including average

	CASAS Reading STEPS gains of 2 points or greater per program year and Measurable Skills Gains as reported to NRS meeting or exceeding the state average.
Method	CASAS tests will be taken by all students every 8 weeks at a minimum, the percentage of students with pre and post test scores will meet or exceed 55%.
Measurement	The CASAS coordinator will review monthly progress reports. The progress of English Language learners will be analyzed and reported in the CICA annual progress report provided to TRUSD each year.

STATE PRIORITY #5— STUDENT ENGAGEMENT Pupil engagement, as measured by all of the following, as applicable: A. School attendance rates B. Chronic absenteeism rates C. Middle school dropout rates (EC §52052.1(a)(3)) D. High school dropout rates E. High school graduation rates	
Subpriority A: Student Attendance Rates	
Goal	CICA will ensure an 80% attendance rate.
Method	Attendance with sufficient academic progress will be a requirement of continued enrollment at CICA. Students not meeting requirements will receive academic support and intervention.
Measurement	Monthly, quarterly and annual attendance reports, Periodic attendance rates will be visualized in Schoolytics.
Subpriority B: Chronic Absenteeism	
Goal	CICA will reduce chronic absenteeism by 5% yearly.
Method	CICA will enforce mandatory attendance policies designed to promote attendance. See the attendance SOP attached in the appendix.
Measurement	As reported in Dataquest.
Subpriority C: Graduation Rates	
Goal	CICA will monitor graduation rates to evaluate the progress of subgroups. CICA will develop a plan to address the progress of all subgroups performing below the school average.
Method	CICA will analyze CAPLADS graduate data and identify subgroups performing below average. The Chief Academic Officer will create an equity plan to address discrepancies.

	All CICA 12th graders will be prepared for graduation with personalized graduation plans and extensive academic and counseling support.
Measurement	The results of the graduation analysis will be presented annually to the HCCTS Board in September of each school year. This analysis will include a plan and target for each underperforming subgroup.

STATE PRIORITY #6— SCHOOL CLIMATE School climate, as measured by all of the following, as applicable: A. Pupil suspension rates B. Pupil expulsion rates C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness	
Subpriority A: Pupil Suspension Rates	
Goal	CICA will maintain a suspension rate of less than two percent.
Method	CICA will train teachers, principals, and counselors in social-emotional learning techniques and behavior management.
Measurement	CICA will track student suspension in PowerSchool and report it in CALPADS.
Subpriority B: Pupil Expulsion Rates	
Goal	CICA will maintain an expulsion rate of less than two percent.
Method	CICA will train teachers, principals, and counselors in social-emotional learning techniques and behavior management.
Measurement	CICA will report student expulsion rates using CALPADS.
Subpriority C: School Climate	
Goal	CICA will ensure 90% of enrolled students respond to the student climate survey.
Method	As part of CICAScommunity partner engagement, the yearly student climate surveys will be distributed to all students by teachers. Teachers will be trained on the survey and participation incentivized.
Measurement	The accountability department will collate and analyze student survey results and present the results to the HCCTS Board of Directors including year over year trends in responses and rate of survey completion.

STATE PRIORITY #7— COURSE ACCESS The extent to which pupils have access to, and are enrolled in, a broad course of study, including programs and services developed and provided to unduplicated students (classified as EL, FRPM-eligible, or foster youth; E.C. §42238.02) and students with exceptional needs. "Broad course of study" includes the following, as applicable: Grades 9-12: English, social sciences, science, mathematics, visual and performing arts, applied arts, and career technical education.	
Goal	100% of students will have access to all content areas. As a school with many credit recovery students, not all students will be enrolled in all subjects, however all students will have access to the courses needed to graduate high school with a broad course of study.
Method	Conduct an annual audit of the full course catalog by July 31 to verify that all required subject areas—including English, social sciences, science, mathematics, visual and performing arts, applied arts, and CTE—are available to students. Review all student schedules each semester to confirm that 100 percent of students have access to the courses needed for graduation and to ensure equitable access for English Learners, unduplicated students, and students with exceptional needs.
Measurement	Evaluate and update course outlines and descriptions annually by September 30 to maintain alignment with Common Core State Standards, ELP objectives, and EL Civics content areas. Monitor enrollment patterns quarterly to ensure that designated English support classes are providing integrated access to core content areas for English Learners and that course availability aligns with student demand. Publish an annual Course Access Report each January summarizing course offerings, student enrollment trends, access to designated supports, and any adjustments made to maintain compliance and alignment with state priorities.

STATE PRIORITY #8— Pupil Outcomes	
Subpriority A: English	
Goal	All students will demonstrate an increase in proficiency in English Language Arts/Literacy as measured by state testing scores and CASAS test.
Method	CICA will implement the SBAC annually with the first test to be conducted in Spring 2026.

	All English learners will receive English language instruction integrated with ELA standards. All English proficient high school students will demonstrate mastery through course completion. All students will receive regular CASAS reading testing
Measurement	CICA will analyze initial ELA results for the SBAC and produce an analysis and plan to be presented to the Board in September of the 2026-2027 school year. Average CASAS reading tests will meet or exceed 2 points per program year. Yearly the program will meet or exceed California state targets for Measurable Skills Gains.
Subpriority B: Social Science	
Goal	All English language learners will participate in Civics education.
Method	Students will take 3 yearly EL Civics Civics exams.
Measurement	The school will maintain an 85% passing rate for Civics exams.
Subpriority C: Mathematics	
Goal	All students enrolled in Mathematics will make measurable progress.
Method	Math students will receive pre and post CASAS testing to evaluate the effectiveness of the program.
Measurement	All math students will meet or exceed a 2% CASAS Math Goals gain on average.

Determining Academic Standing (Grade Level)
Upon admission to CICA, a student's grade level is determined based on the evaluation of transcripts of any previous schooling. Students enroll with a very wide variety of educational attainment, academic skills, credits, and English language proficiency. Students are placed in grade levels based on credit attainment.

Grade Level	
Grade 9	0-49 credits
Grade 10	50-99 credits
Grade 11	100-149 credits

(proposed addition)	
Grade 12	150-180 Credits

Assessment
CICA uses a variety of formative and summative assessments to evaluate our students. During enrollment, students participate in placement testing to determine English proficiency, including CASAS testing. Students participate in content knowledge and skills-based assessments in their lessons. CASAS assessments are administered to all students every six to eight weeks. EL Civics assessments are administered each term.

The evaluation of student learning has four goals in the following priority:

1. To assist student learning as a diagnostic tool by determining which specific content areas a student has not mastered so they can improve their learning in that specific area.
2. To use aggregated measurements of student learning as part of the measurement of how the school as a whole is performing.
3. To determine if a student has met or exceeded the necessary level of competency to gain formal recognition, such as to complete a level or receive a diploma, licensure, or certification.
4. To determine if the student is underperforming in relation to their peer group and evaluate if intervention supports are required.

Key Measurement Methods

Measurement Outcome	Method of Measurement	Frequency of Assessment
CASAS Gains	CASAS Reading, Listening, and Math assessments	Every 6 to 8 weeks
English Language Proficiency Progress	Internally developed ESL Level placement / exit test	At Enrollment, End of Term
EL Civics Assessments	CASAS approved assessment plans (COAAPS)	Three times each year in the following months: November, March, June
High School Content Mastery	Course assessments and course grades Savvas imbedded assessments	At the end of every high school course Savvas: mid-unit assessments; formal and informal evaluations
ELA and Math Achievement	Smarter Balanced (CAASPP) Savvas imbedded assessments	CAASPP: Once in grade 11. Savvas: mid-unit assessments; formal and informal evaluations
Science Achievement	CAST Savvas imbedded	Once in high school grades 10 or 12.

	assessments	Savvas: mid-unit assessments; formal and informal evaluations

English Language Proficiency Placement
CICA assesses all students as part of the enrollment process through CASAS testing to establish a baseline for academic achievement. Additionally, students of limited English proficiency will participate in an English Learner Assessment (ELA) placement test to determine English proficiency.

State Testing
In compliance with California Education Code requirements, CICA will offer the CAASPP Smarter Balanced Assessments Consortium (SBAC) to all students in 11th grade. CICA also offers California Science Tests (CAST) to all 12th-grade students who have not previously taken the science test in high school. Testing will be coordinated by the Assessment Coordinator with academic staff and test proctors. Because CAASPP testing is new to CICA, the determination of the details of testing windows and procedures will be an ongoing process by academic and assessment staff.

Physical Fitness Test (PFT)
CICA acknowledges the importance of testing; however, the PFT was intended for children in grades: 5, 7, and 9. It was developed by The Cooper Institute to measure the fitness of youth. All of the healthy performance zones were determined by age and gender, ages 5-17+ and were norm referenced for the outcomes of children. CICA believes that the PFT would cause considerable stress to adult students and its imposition would likely reduce the chances that adult students remain motivated to complete their education.

Student Growth
CICA uses the Comprehensive Adult Student Assessment System (CASAS), a competency-based adult assessment program validated by the U.S. Department of Education for use in adult education. While CICA is a K-12 institution, there are few assessment programs designed to evaluate the growth of adult students. Consequently, CASAS is an essential tool for the evaluation of student progress at CICA. The test series used by CICA is listed below.

Test Series
CASAS Reading STEPS
CASAS Listening STEPS
CASAS Reading GOALS 2
CASAS Math GOALS 2

Students receive CASAS testing every 7 weeks. Testing is conducted via a kiosk application installed on CICA chromebooks. Testing can only occur in a proctored environment and is conducted by test proctors or teachers.

All students receive CASAS reading tests. CASAS Math assessments are administered to all students enrolled in math courses to evaluate the effectiveness of the instruction they receive.

Schoolwide CASAS outcomes include average point gain, measurable skills gains, and pre and post testing rates. Below are the average point gains for the previous three program years.

Average Point Gain per Program Year			
	2022-2023	**2023-2024**	**2024-2025**
ELL			
CASAS Reading	5.8	3.9	6.2
CASAS Listening	8.4	4.7	6.2
ABE			
CASAS Reading	5.0	4.9	5.6
CASAS Math	2.5	4.9	6.4

The data shows consistent improvement in student outcomes. particularly in the 2024–2025 school year. For ELL students, both CASAS Reading and Listening scores rebounded after a dip in 2023–2024, each rising to 6.2 points—the highest gains observed over the three-year span—indicating renewed effectiveness in language instruction. In the HS program, CASAS Math scores saw the most notable growth, more than doubling from 4.9 to 6.4, which suggests that recent changes in math curriculum or support have had a strong impact. ABE Reading scores also increased steadily, climbing each year from 5.0 to 5.6, pointing to sustained literacy development. These trends highlight encouraging progress in both foundational literacy and numeracy across programs.

Measurable skills gains represent the number of students progressing in an Educational Functioning Level as defined by the National Reporting System (NRS), the federal accountability system. Measurable skills gains are an important indicator of both English language and academic progress.

Percentage of students with pre and post test achieving a measurable skills gain				
ESL Educational Functioning Level		2022-2023	2023-2024	2024-2025
Level 1	Achieved	65.00%	78.90%	71.76%
	CA State target	30.50%	34.00%	TBD
Level 2	Achieved	58.33%	84.55%	84.52%
	CA State target	30.50%	40.00%	TBD
Level 3	Achieved	53.49%	77.53%	82.19%

	CA State target	34.50%	37.00%	TBD
Level 4	Achieved	61.67%	68.36%	78.18%
	CA State target	30.50%	34.50%	TBD
Level 5	Achieved	58.62%	75.10%	76.24%
	CA State target	31.50%	34.50%	TBD
Level 6	Achieved	0%	75.34%	58.70%
	CA State target	21.50%	25.00%	TBD

Percentage of students with pre and post test achieving a measurable skills gain				
ABE Educational Functioning Level		2022-2023	2023-2024	2024-2025
Level 1	Achieved	85.71%	65.22%	76.47%
	CA State target	40.00%	44.00%	TBD
Level 2	Achieved	58.33%	63.21%	70.93%
	CA State target	42.50%	44.00%	TBD
Level 3	Achieved	53.49%	55.56%	63.76%
	CA State target	38.00%	43.00%	TBD
Level 4	Achieved	61.67%	64.41%	75.47%
	CA State target	40.50%	43.00%	TBD
Level 5	Achieved	58.62%	54.19%	59.18%
	CA State target	35.50%	42.00%	TBD
Level 6	Achieved	0%	0%	21.33%
	CA State target	36.50%	43.50%	TBD

CICA Measurable Skills Gain for all learners compared to state average

	2022-2023	2023-2024	2024-2025
CICA	68.9%	69.8%	73.0%
CA State Average	44.36%	44.8%	TBD

CASAS pre and post tests are essential for measuring student progress but also serve as an important measure of student engagement.

Percentage of Learners with Pre and Post CASAS Test		
2022-2023	2023-2024	2024-2025
57%	66%	71%

The data above reflects a clear upward trend in the percentage of students who received both a pre- and post-test over the past three years. In 2022–2023, 57% of students received both tests. This increased to 66% in 2023–2024 and rose again to 71% in 2024–2025. This steady improvement demonstrates CICA's growing commitment to data-driven instruction and collective efforts to ensure more students are assessed consistently, allowing CICA to better capture and respond to their academic development.

Teachers, counselors, and proctors at CICA work diligently to ensure that all students complete both the CASAS pre- and post-tests; however, reaching 100% participation remains a challenge. To address this, CICA is implementing several strategic measures, including hiring additional proctors, expanding staff training, purchasing more laptops to support testing, and developing a more structured and comprehensive testing schedule. Additionally, the recent hiring (August 2024) of a dedicated CASAS Coordinator has provided focused leadership to further strengthen the assessment processes. Through these efforts, CICA is committed to increasing the percentage of students completing both assessments in the coming years.

EL Civics Civic Objective and Additional Assessment Plan Data (COAAP)

Integrated English Literacy and Civics (IELCE/EL Civics) programs provide English learners with literacy instruction while developing the civic knowledge and workforce skills needed to participate fully in U.S. society. Assessments are developed according to COAAPs supplied by CASAS and reported to the state via TOPSpro Enterprise.

For the past five years, CICA administered EL Civics assessments through Google Forms, collating results via automated Google API scripts. While cost-effective, this approach became unsustainable as the dataset expanded. In 2025, CICA piloted the use of Edcite, which streamlined reporting, improved assessment quality, and enabled more detailed tracking of student outcomes.

Program Data

Results from the past two program years demonstrate both the scale of participation and consistently strong pass rates:

- 2023–24: Students attempted 1,455 assessments, with 1,045 passes (72% pass rate). Themes included Employment, Personal Finance, and DMV readiness.
- 2024–25: Participation expanded significantly, with 2,837 assessments attempted and 2,027 passes (71% pass rate). Themes included Employment, Health and Nutrition, and Education.

These results indicate both growth in student participation and stable success rates, demonstrating that English learners are not only engaging in EL Civics instruction but are mastering key competencies in

employment readiness, financial literacy, health, and civic education. The expansion from 1,455 to 2,837 attempted assessments in just one year reflects increased system capacity, improved reporting structures, and the successful adoption of Edcite as a platform.

EL Civics Assessment Data				
Program Year	**Theme**	**COAAP #**	**Attempted Assessments**	**Passed Assessments**
2023-2024	Employment	33.9	176	156
2023-2024	Personal Finance	1.8	633	394
2023-2024	DMV	12.7	646	495
2023-2024	Total		1455	1045
2024-2025	Employment	33.8	940	628
2024-2025	Health and Nutrition	46.7	1158	854
2024-2025	Education	13.6	545	739
2024-2025	Total		2837	2027

High School Graduation

Graduation is the most powerful marker of student success at CICA. For our adult learners, graduation is more than a diploma—it represents years of determination, resilience, and perseverance in the face of significant challenges. Many students have overcome interrupted education, displacement, language barriers, and personal hardships to reach this milestone. At CICA, graduation is treated as a holiday: a joyful celebration for students, families, and staff alike.

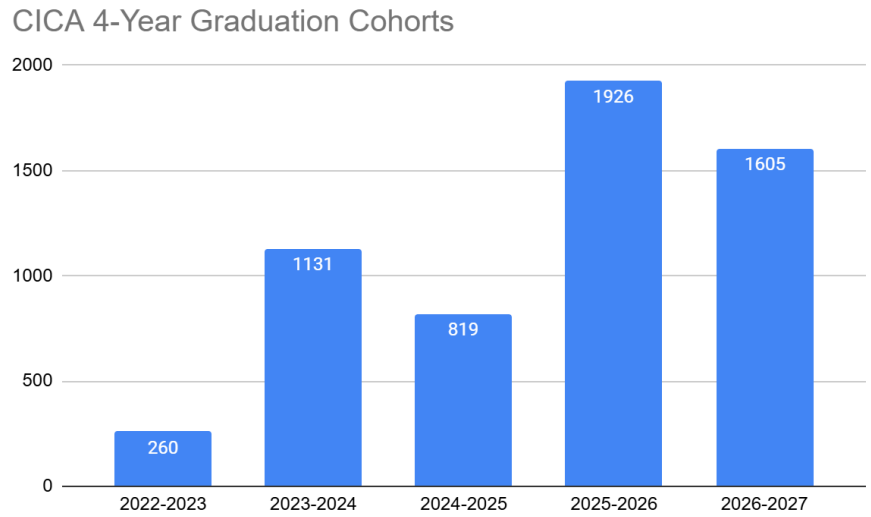
Because its students complete credits throughout the year, CICA offers multiple graduation ceremonies annually—in both summer and winter—so every student has the opportunity to "walk the stage" in front of their community. Each year, the ceremony has grown in size and prominence, with venues expanding to accommodate the increasing number of graduates.

CICA Cohort Graduation

CICA faces unique challenges in relation to traditional 4- and 5-year cohort graduation rates. Before 2021, English learners were designated as primary students in grades 1–2. In 2020–21, all CICA students were redesignated as high school students to better reflect their adult status. This redesignation dramatically increased the size of the 4-year cohort, even though over 80% of entering students began with limited secondary education skills and required extended time in grade 9 to develop English and academic foundations.

Conversely, some students—such as immigrants arriving with stronger English proficiency and prior academic backgrounds—graduate much more quickly. For example, Winter 2025 graduates averaged 2.5 years of enrollment, well outside the traditional 4-year window. These dynamics lead to artificially low cohort rates that do not accurately represent student success.

The chart below illustrates these complexities:



CICA 4-Year Cohorts: While the 4-year cohort count grew from 260 (2022–23) to 1,605 projected in 2026–27, only a fraction of actual graduates appear in these rates. In 2024–25, for instance, just 76 of 300+ graduates were captured in the 4-year outcome.

CICA 1-Year Graduation Rate

To better reflect the reality of adult education, CICA also tracks and reports the 1-Year DASS Graduation Rate, which measures the percentage of 12th graders completing a diploma within the same program year.

- Growth: The 1-year rate nearly doubled in 2024–25, reaching 43.2%, compared to 22.6% in 2023–24.

- Raw Numbers: Graduates reported in CICA's LCAP also increased steadily from 200 (2022–23) to 323 (2024–25).

CICA students must work to overcome a wide variety of barriers to participate in education and achieve academic success. An adult learner is engaged with responsibilities and demands that pay no respect to their academic journey, making them inherently at very high risk of not completing their education. In every sense, these are alternative students. In recognition, CICA continues to track and report the 1-year graduation rate. The 1-Year graduation rate is calculated as follows:

$$\frac{\text{\# graduates as reported in CALPADS - (all students without 90 days cumulative enrollment)}}{\text{All students enrolled in 12th grade for the program year - (all students without 90 days cumulative enrollment)}}$$

This metric, combined with raw graduate counts, provides a more accurate picture of CICA's impact, capturing the success of students who accelerate or extend their time beyond traditional cohorts. The upward trend in both rate and number of graduates demonstrates the effectiveness of CICA's academic model and support systems.

2022-2023	2023-2024	2024-2025
23.5%	22.6%	43.2%

ELL Level Progress
English Language learners progress through courses designed to advance their English Language skills while allowing them to engage with increasingly in-depth standards-aligned content.

Graduation outcomes are directly tied to English Learner advancement. Reaching Level 3 (Intermediate) in ELD marks a pivotal milestone: students transition into the full high school program, where they engage with core academic standards while continuing to receive integrated English language support. This bridge ensures that English acquisition and diploma attainment are inseparable parts of student success.

Alternative School Status

CICA is fully accountable to the California Department of Education (CDE) to ensure that students meet state standards. California adopted the Local Control Funding Formula (LCFF) in 2013, creating the California School Dashboard to monitor performance across schools. However, these traditional accountability measures were designed for K–12 systems and often fail to capture the unique realities of adult and alternative learners.

To address this gap, the CDE created the Dashboard Alternative School Status (DASS) system, which provides alternative schools with more appropriate accountability metrics. When CICA opened its main hub in Sacramento in August 2019, it adopted DASS and has consistently complied with its requirements. In November 2024, CICA worked with Twin Rivers Unified to finalize a set of DASS-aligned metrics. While CICA was notified in December 2025 that it would lose official DASS status, the school remains deeply committed to accountability. We continue to track these measures internally—

now reported as CICA Academic Achievement Metrics—to ensure transparency, rigor, and continuous improvement.

CICA Academic Achievement Metrics
Academic Achievement
ESL
1. The percentage of CICA English Language learners with a pre and post-test achieving a Measurable Skills Gain in the National Reporting System will meet or exceed California state targets, as reported by NRS Performance in TOPSpro Enterprise (TE).
ABE
1. The percentage of CICA high school learners with a pre and post-test, achieving a Measurable Skills Gain in the National Reporting System will meet or exceed California state targets, as reported by NRS Performance in TOPSpro Enterprise (TE).

Academic Improvement
ESL
1. The average Comprehensive Adult Student Assessment Systems (CASAS) Reading Gains for English Language Learners at CICA enrolled in International High School will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSpro Enterprise.
2. The percentage of CICA English Language Learners in International High School Level 3 students moving to high school will meet or exceed 5%, as reported by Student Level Gains in PowerSchool.
ABE
1. The average CASAS Reading Gains for learners enrolled in high school at CICA will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSpro Enterprise.
2. The average CASAS math gains for learners enrolled in high school at CICA will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSPro Enterprise.
3. The 1-year Graduation Rate for CICA learners will meet or exceed 20% as reported in California School Dashboard.

Student Engagement
All Levels
1. The percentage of CICA students with a CASAS pre and post-test will meet or exceed 55% as measured by NRS Data Integrity in TOPSpro Enterprise.

CAREER TECHNICAL EDUCATION (CTE) & WORKFORCE
ABE
1. The percentage of 12th grade CICA high school students who are enrolled in a CTE program will meet or exceed 10% as measured by CTE Enrollment Percentage in PowerSchool.
2. The percentage of CICA high school graduates who complete a CTE program will meet or exceed 4% as measured by Graduate CTE Completers in PowerSchool.

Teacher-Designed Formative Assessments

CICA teachers employ a wide range of **informal and formative assessment strategies** to monitor student learning and ensure mastery across subjects, including reading and vocabulary, writing and grammar, speaking and pronunciation, listening, digital literacy, mathematics and consumer economics, science, history/social science, government and law, health, and independent living.

Formative assessments are integrated into daily instruction and provide timely feedback to guide both teaching and learning. Common tools include:

- Benchmark assessments to measure progress against standards
- Oral and multimedia presentations to assess communication and digital skills
- Written assignments such as journals, essays, research projects, and book reports
- Performance-based tasks, including independent projects, portfolios, and demonstrations
- Traditional measures such as tests, quizzes, grammar diagnostics, and comprehension checks
- Daily learning artifacts such as homework, workbook activities, and applied practice

Through this comprehensive approach, teachers are able to monitor progress continuously, adjust instruction responsively, and ensure that students are building the knowledge and skills required for academic advancement and real-world success.

Grading and Progress Reporting Systems

CICA maintains a rigorous and transparent grading and reporting system designed to hold students to high standards while providing multiple opportunities for mastery. The school uses a grading system A,

B, C, D, and No Grade (NG), with GPA points assigned as follows: A = 4.0, B = 3.0, C = 2.0, D = 1.0, and NG = 0.0. Although teachers may add plus or minus designations, these do not alter the GPA value. To ensure deep learning and persistence, CICA requires that students earn at least a "D" or higher to receive credit for a course. Students who earn below a "D" must revise or redo work and demonstrate mastery before credit is awarded.

Grades are issued at multiple points—upon course completion, partial completions, or at the end of the term—ensuring timely feedback to students and counselors. In addition to letter grades, teachers provide narrative feedback and individualized support, fostering a growth mindset and continuous improvement.

Evaluation Methods

CICA uses a multi-method evaluation system to measure whether students meet academic expectations and mastery standards. Methods include:

- Teacher-designed assessments (benchmarks, unit tests, projects, and presentations)
- Student self-assessments and reflection
- Publisher-embedded assessments (e.g., Savvas, Burlington English, CASAS-aligned resources)
- Portfolios of student work (writing samples, research projects, digital artifacts)

High school course completion is directly tied to end-of-unit and end-of-course assessments, with a minimum passing threshold of 80%. This ensures both rigor and consistency across the curriculum.

Plan to Collect, Analyze, Use, and Report Academic Performance and Other Data
CICA uses assessment data in four primary ways. First, assessment serves as a diagnostic tool to identify content areas a student has not yet mastered. This allows instructional staff to gain a clear understanding of each student's gaps in content knowledge and skill development, enabling targeted intervention and personalized instruction.

Second, aggregated student learning data are used to evaluate overall school performance. A dedicated team of professionals at CICA analyzes a broad range of academic indicators, including enrollment trends, placement assessments, demographic data, CASAS assessments and gains, course grades, graduation rates, and student retention. By examining student outcomes over time, the school is able to assess performance by teacher, course, program, and schoolwide, and compare results to those of similar institutions.

Third, assessment data informs decisions regarding student progression and formal recognition, such as level completion, graduation, licensure, or certification.

Finally, assessments are used to identify students who may be underperforming relative to their peer group, prompting review of placement and potential intervention supports. In cases where a student is not adequately progressing in a course, reassignment to a remedial course or additional instructional

support from teachers, paraeducators, or specialists may be required to ensure the student is able to complete course materials and meet academic expectations.

This cycle is led by the Instructional Leadership Team (ILT) and supported by counselors, paraeducators, and assessment staff, ensuring that data directly shape instruction and student support.

Retention
CICA addresses student retention through the development of school-based student engagement systems and strong partnerships that support teaching, learning, and student achievement. These student engagement systems coordinate efforts to strengthen two-way communication between students and the school. Retention is supported by a team of professionals, including counselors and academic staff. This collaborative approach enhances student relationships and contributes to increased achievement and retention.

Program Audit
CICA provides TRUSD with a comprehensive annual performance report that includes, at a minimum, the following data:

- A summary showing student progress toward the pupil outcomes using data from the assessment instruments.
- A summary of major decisions and policies established by the HCCTS Board of Directors during the year.
- Data on the level of student involvement in CICA and summary data from an annual student satisfaction survey.
- Data regarding the number of staff working at CICA and their qualifications.
- A copy of the CICA health and safety policies and/or a summary of any major changes to those policies during the year.
- An overview of CICA admissions practices during the year and data regarding the numbers of students enrolled, the number on waitlists, and the number of students expelled and/or suspended.
- Analyses of the effectiveness of CICA's internal and external dispute mechanisms and data on the number and resolution of disputes and complaints.

Local Control and Accountability Plan (LCAP)
CICA develops its Local Control Accountability Plan (LCAP) in accordance with the template adopted by the State Board of Education. The LCAP serves as the school's comprehensive planning and accountability tool, integrating academic goals, fiscal priorities, and stakeholder input. Previous to the adoption of a state board template, CICA will follow the basic methods used for the School Accountability Report Card. The plan includes measurable pupil outcomes aligned to the state priorities outlined in California Education Code § 52060(d), as well as local priorities identified by CICA to address the specific needs of adult learners. These priorities encompass academic achievement, student engagement, school climate, access to a broad course of study, and workforce readiness. The LCAP is

updated annually through a collaborative process that engages students, staff, and community partners. Each year, CICA presents both the annual update to the LCAP and the Local Control Funding Formula (LCFF) budget overview for parents at a public meeting of the Board of Directors, no later than February 28. This presentation ensures transparency, provides opportunities for feedback, and demonstrates the school's commitment to continuous improvement and fiscal responsibility.

Element D Governance

"The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement." (Ed. Code § 47605(c)(5)(D).)

California Innovative Career Academy (CICA) operates as a directly funded independent charter school under HCCTS, a California nonprofit public benefit corporation, in compliance with applicable California law and federal law. CICA commits to maintaining its nonprofit status in good standing and "active" status throughout the term of its Charter.

The Charter School is governed by the Highlands Community Charter and Technical School's Board of Directors (the "Board"), which is the governing authority for CICA and is ultimately responsible for ensuring that the school remains faithful to its mission, operates in compliance with its charter, and maintains fiscal viability. The Board functions in accordance with its bylaws, California nonprofit law, and applicable provisions of the Education Code. While the Board maintains fiduciary responsibility and ultimate decision-making authority, it delegates day-to-day management to CICA's Executive Leadership Team.

CICA operates autonomously while maintaining a cooperative relationship with Twin Rivers Unified School District (TRUSD), with supervisory oversight as required by statute and other contracted services as negotiated between CICA and TRUSD. Pursuant to California Education Code § 47604(d), TRUSD will not be liable for the debts and obligations of CICA, operated by a California public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by CICA as long as TRUSD has complied with all oversight responsibilities required by law.

Governance Procedures and Operations

Meeting Requirements and Procedures

All meetings of the CICA Board of Directors are conducted in full compliance with the Ralph M. Brown Act and Education Code § 47604.1(c). Meetings are open to the public, and each agenda includes an opportunity for community input regarding the California Innovative Career Academy.

Agendas are posted prominently at the school's main office and on the CICA website at least 72 hours in advance of regular meetings and 24 hours in advance of special meetings. Emergency meetings may be called without standard notice when immediate action is required, consistent with the Brown Act.

Meetings are held at the principal office of CICA or at other publicly accessible, non-discriminatory locations within California as designated by Board resolution or meeting notice. Teleconferencing is permitted, provided that the public may attend from all listed locations and all votes are conducted by roll call. Pursuant to AB 2449 (effective through January 1, 2026), Board members may also participate remotely under specific conditions without disclosing their physical location, provided public access requirements are maintained.

Approved minutes are posted to the CICA website within 72 hours and are made available to the public upon request. The Board meets regularly—typically monthly during the school year—and adopts an annual calendar of meetings, with adjustments made as needed to accommodate holidays or other scheduling conflicts.

Decision-Making Procedures

CICA retains General Counsel to ensure Brown Act compliance in all CICA board activities, including decision-making procedures. Board members have also been provided with Brown Act reference materials and may participate in yearly meetings held by California Charter Schools Association ("CCSA") and/or Charter Schools Development Center ("CSDC"), which feature ethics presentations, including Brown Act and conflict of interest reviews. All Board members are encouraged to participate in such presentations.

A majority of all voting Board members constitutes a quorum for all business transactions except adjournment. Every action taken or decision made by a majority of Board members present at a duly held Board meeting is considered an act of the Board, subject to more stringent provisions of the California Nonprofit Public Benefit Corporation Law, including, without limitation, those provisions relating to:

- Approval of contracts or transactions in which a director has a direct or indirect material financial interest,
- Approval of certain transactions between corporations having common directorships,
- Creation of and appointments to committees of the board, and
- Indemnification of directors.

Meetings may be held by telephone or other telecommunications equipment pursuant CICA Bylaws and in accordance with the terms and provisions of the Ralph M. Brown Act, California Government Code Sections 54950, et seq., as said chapter may be modified by subsequent legislation.

Board Composition and Membership

Board of Directors

Mike Reid (Corporate President)

Mike Reid is a Board Member for Highlands. He has been an educator for over 38 years and has served in various roles throughout his career, including teacher, Vice-Principal, Principal, and Schools Superintendent. He has had the opportunity to assist and be recognized for three California Distinguished Schools.

His work in charter schools spans over nine years, during which he oversaw the development of a new charter school and served as the Learning Analyst for another. He also served as a consultant for the state of Hawaii for nearly three years, focusing on school academic improvement.

Sharon Rocco (Corporate Vice-President)

Sharon Rocco was born in Oregon and moved to California in 1959. In 1967, Rocco moved to Manila, Republic of the Philippines, and graduated from Brent Episcopalian Boarding School in Baguio City. In 1969, she returned to Sacramento, California, and completed college at California State University, Sacramento with a Bachelor's degree in Social Work and Corrections. Sharon began her career in 1975 with the California Department of Corrections as a Parole Agent and served both in rank and file and administrative positions until she retired in 2005. Sharon was elected to Highlands Community Charter School's Board of Directors in July 2015.

Matt Levesque

Matt Levesque is a longtime educator who taught English and Career & Technical Education before serving as a Vice Principal and Principal at multiple school sites. His career has been defined by a commitment to supporting underserved and at-promise students, beginning with his work at a Continuation High School, where he later became Principal.

Matt helped expand student success pathways and played a key role in developing the Industrial Technology program at Highlands. He retired in 2024 and joined the Board in 2025 to support Highlands' mission to "Build Back Better."

Symia Stigler

Symia Stigler is a national leader in K–12 program design, attendance improvement, and workforce pathways. She previously served as Executive Director of the Attendance Institute and Deputy Director of Sacramento READS, where she led regional literacy, attendance, and youth development efforts.

Her expertise spans K–12 and postsecondary education, workforce development, multi-sector partnerships, and community-driven program design focused on improving outcomes for young people.

Pamela A. Pascual

Pamela Pascual brings extensive executive experience in organizational design, trauma-informed practice, governance, and community engagement. As CEO of Let's Talk About It Corp. (LTAIC), she has championed learner-centered reforms grounded in transparency, collaborative leadership, and strong support systems for adult learners and their families.

Her work reflects a long-standing commitment to elevating community voices and strengthening equitable, learner-focused education systems.

Board Member Selection Process
The Board of Directors shall consist of a minimum of three and a maximum of eight members; however, following the resignation of any director serving as of September 20, 2024, the maximum number of members shall be reduced to seven. To mitigate the occurrence of tie votes, the Board endeavors to maintain an odd number of members. Furthermore, school districts or county offices authorized to oversee HCCTS schools are entitled to appoint one voting representative to the Board.

Candidates for Board membership are sought from diverse professional backgrounds, including education, finance, law, public policy, human resources, and community leadership. Ideal candidates demonstrate alignment with CICA's mission, a commitment to its success, and the ability to provide expertise or resources in support of the school.

People who work for the school (or have close family ties to someone who does) cannot serve on the Board. Each director serves a 3-year term and stays in the role until a new director is chosen. If a director leaves—due to resignation, death, legal issues, or missing three meetings—the Board can fill that spot by majority vote. Chartering authorities can fill or remove their own representatives.

In accordance with Education Code § 47604.2(b)(2), the Board may, upon receipt of a qualifying petition, choose to include at least one student member. If appointed, the student member may be granted preferential voting rights as provided by law.

Board members may resign at any time by submitting written notice. However, no resignation shall be effective if it would reduce the Board below the minimum required membership, unless the Attorney General is notified. Should a vacancy arise due to resignation, death, legal disqualification, or failure to attend three consecutive meetings, the Board may fill the position by majority vote. Chartering authorities retain the right to appoint or remove their own representatives. Reductions in the Board's authorized size will not prematurely terminate current directors' terms.

CICA will not make contracts or approve actions where a director or key employee have a potential financial interest in the contract or action that precludes CICA from approving the same pursuant to Section 1090 et seq, the Political Reform Act, or other statutory, regulatory, or common law preclusions of conflicts of interest. It also will not loan money or property to any director or officer, except it can advance money for work-related expenses that will be reimbursed. Lastly, CICA promises to protect and cover legal costs or damages for its directors, officers, employees, and certain others if they face

lawsuits or legal actions related to their role, as allowed by law. If someone asks for this protection, the Board will quickly decide if they qualify and approve it if they do.

Officers of the Corporation: Roles, Responsibilities, and Appointments
The Corporation is required to have a Chair of the Board, President, Secretary, and Treasurer, with the option to appoint additional officers as needed. Officers are appointed by the Board, report to the Board, and may have duties outlined in employment contracts. One person can hold multiple officer roles, except that the same person cannot be both Chair/President and Secretary/Treasurer. Officers may be removed by the Board or resign with written notice. Vacancies are filled following the same process as original appointments. The Chair leads Board meetings; the Vice-Chair fills in when the Chair is absent. The President (also called Executive Director) manages the Corporation's daily operations. The Secretary keeps records of Board meetings and official documents, while the Treasurer manages the Corporation's finances, provides reports, and may be required to give a bond to ensure proper handling of funds.

All Board Members are required to complete annual training in the Brown Act, conflict of interest compliance, sexual harassment prevention, mandated reporting, and any other state-mandated governance trainings. This ensures that directors remain fully informed of their legal responsibilities, ethical obligations, and best practices for charter school governance.

Roles of the Board
The Board of Directors is responsible for managing the Corporation's activities and has the authority to make key decisions. This includes hiring and removing staff, setting their duties and pay, relocating offices, operating in or outside California, borrowing money, using a corporate seal, and seeking outside funding to support and expand the organization's services. All actions must follow applicable laws and the Corporation's governing documents. For more information, see the bylaws in the appendix.

The Board may initiate and carry out any program or activity that is not in conflict with or inconsistent with any law and which is not in conflict with the purposes for which charter schools are established, and consistent with the Articles of Incorporation. The Board may execute any powers delegated to it by law, and shall discharge any duty imposed by law upon it, and may delegate to an employee of the Charter School any of those duties except for budget approval or revision, approval of the fiscal audit and performance report, and the adoption of Board policies. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated. Other key and Executive employee roles and positions seen in the following organizational charts are described below.

Executive Leadership

The Executive Leadership Team at California Innovative Career Academy (CICA) provides the vision, expertise, and operational management necessary to sustain a high-quality learning environment that advances student achievement. Working under the authority of the Board of Directors, the Executive Cabinet—which includes the Executive Director, Deputy Directors, Director of Executive Services, Chief Business Officer, Director of Accountability and Assessment, and Director of Human Resources—oversees the development, implementation, and continuous evaluation of the school's core systems and policies.

The Cabinet is responsible for ensuring excellence across all operational and instructional domains,

including finance, assessment, curriculum and instruction, facilities, human resources, compliance, and organizational accountability. Through collaborative leadership and data-driven decision-making, the Executive Leadership Team ensures that CICA remains faithful to its mission, responsive to student and community needs, and aligned with state and federal accountability requirements.

Governance Structure

CICA affirms that its Board of Directors serves as the sole governing authority of the Charter School. The Board holds ultimate responsibility for the governance and oversight of CICA, with each member carrying a fiduciary duty to safeguard the long-term success and sustainability of the organization. The Board is charged with addressing all major governance and operational matters in accordance with applicable laws, Board policies, and the terms of the Charter. Key responsibilities include overseeing the Charter School's financial health, ensuring proper expenditure and accountability of public funds, establishing general and curriculum-related policies, approving and monitoring the annual budget and financial procedures, and engaging in strategic planning and fundraising efforts. The Board is also responsible for the selection, evaluation, and, if necessary, dismissal of the Executive Director, as well as the approval and oversight of personnel policies. In addition, the Board works to build broad-based support and strategic partnerships that further the mission of the school. To fulfill its oversight role, the Board meets regularly to review academic and operational data, financial reports, and compliance documentation. Through these processes, it ensures alignment with the school's mission, holds leadership accountable, and monitors key performance indicators to drive continuous improvement.

CICA has adopted a conflict of interest code [28]that complies with the Political Reform Act, Corporations Code Conflicts of Interest rules, and any charter school-specific conflicts of interest regulations. Notwithstanding any rule, regulation, provision, or Corporation Bylaw to the contrary, CICA's Board of Directors and the Charter School shall at all times and in all respects comply with all conflict of interests laws generally applicable to the District's Board of Trustees, including but not limited to Government Code section 1090 and the Political Reform Act. The Board further acknowledges and abides by governance requirements under the Brown Act, Public Records Act, and other applicable state laws. The responsibilities of the CICA Board as further outlined in the Bylaws include but are not limited to:

- Uphold the Vision of the Charter School.
- Oversee the implementation of the CICA's charter.
- Provide notice and hold meetings in compliance with the Brown Act.
- Create and implement goals for the Charter School.
- Ensure compliance with applicable law, such as the Public Records Act, and policies such as the Conflict of Interest Code.
- Provide oversight of instructional programs and materials.
- Approve and provide input for student policies.
- Monitor management of school liabilities, insurance, health, safety, and risk-related matters.
- Receive and review quarterly financial reports and the yearly financial audit.
- Work with the Executive Director to set goals.
- Enact policies to support the successful operation of CICA.
- Attend ethics training (AB 2158).

Meeting Requirements and Procedures

All Board meetings are held in accordance with the Brown Act and Education Code Section 47604.1(c) and are open to the public; each agenda includes time for community input regarding Highlands Community Charter School. Governing Board meeting agendas are posted at the entrance of the Charter School's main office and on the Highlands Community Charter School website at least 72 hours prior to any regularly scheduled meeting and at least 24 hours in advance of special meetings. Emergency meetings may be held without standard notice when immediate action is required. Meetings are held at the principal office of HCCS or other publicly accessible, non-discriminatory locations within California designated by Board resolution or meeting notice. Teleconferencing is permitted if the public can attend from all listed locations, and votes are conducted by roll call. Under AB 2449 (effective through January 1, 2026), Board members may also participate remotely under certain conditions without disclosing their location, provided public access is preserved. Meeting minutes are posted to the HCCS website within 72 hours of approval and are available upon request. The Board meets regularly—typically monthly during the school year—and meetings are calendared annually, with rescheduling allowed for holidays.

Decision-Making Procedures

HCCS retains General Counsel to ensure Brown Act compliance for all HCCS board activities, including decision-making procedures. Board members have also been provided with Brown Act reference materials and may participate in yearly meetings held by California Charter Schools Association ("CCSA") and/or Charter Schools Development Center ("CSDC"), which feature ethics presentations, including Brown Act and conflict of interest reviews. All Board members are encouraged to participate in such presentations.

A majority of Directors currently in office constitutes a quorum for all business transactions except adjournment. Every action taken or decision made by a majority of Board members present at a duly held Board meeting is considered an act of the Board, subject to more stringent provisions of the California Nonprofit Public Benefit Corporation Law, including, without limitation, those provisions relating to:

- Approval of contracts or transactions in which a director has a direct or indirect material financial interest,
- Approval of certain transactions between corporations having common directorships,
- Creation of and appointments to committees of the board, and
- Indemnification of directors.

Meetings may be held by telephone or other telecommunications equipment pursuant HCCS Bylaws and in accordance with the terms and provisions of the Ralph M. Brown Act, California Government Code Sections 54950, et seq., as said chapter may be modified by subsequent legislation.

The Board of Directors may, in its discretion, form Committees, in accordance with the Bylaws and applicable law, to accomplish the objectives and responsibilities of the Board and to ensure that the school achieves its mission and goals. To deepen partner input into governance, the Board of Directors may form standing or ad hoc committees, in accordance with bylaws and applicable law.

Committees may be formed to incorporate stakeholder feedback into educational policies and plans, establish workgroups to focus on tasks and objectives requiring sustained input and investigation, and liaise between the Board and community members and other partners.

Committees may include representatives from staff, students, or community partners where appropriate, ensuring the school's governance remains inclusive and mission-aligned.

Educational Partner Involvement

Educational Partner Involvement Plan and Process
CICA affirms that the perspectives of students, staff, and community partners are essential to strong governance and continuous improvement. As an adult-serving charter school, student voice is central to shaping program design and school culture. The Board and leadership team actively solicit, value, and incorporate feedback from educational partners to ensure decisions remain responsive to the needs of CICA's diverse learning community.

As part of its continuous improvement efforts, California Innovative Career Academy (CICA) conducts Educational Partner (EdPartner) events throughout the year, beginning each fall with the distribution of staff and student climate surveys. Starting in the 2024–2025 school year, both surveys are administered via SurveyMonkey to enhance anonymity and encourage honest, constructive feedback.

The staff survey is distributed first and has seen steadily increasing participation, with 346 CICA staff and 13 Equity Initiatives staff responding in 2024–2025—up from 223 respondents the previous year—resulting in a participation rate of 92.76%. The survey includes questions across several key areas: mission, vision, and schoolwide goals; communication and leadership; workplace culture and environment; onboarding and support; compensation and benefits; digital tools and technology; professional development and growth; and curriculum and instruction. These categories are designed to assess organizational strengths and identify areas for growth. Survey results are presented to the HCCTS Board of Directors and shared with all staff through infographic posters displayed at every school site to promote transparency and engagement.

The student climate surveys are sent out to all students in eleven different language options. In the 2024-2025 school year, the survey was hosted on Survey Monkey which allowed for ease of use for students as well. Teachers are encouraged to have their students take the survey during class to increase participation.

CICA's student survey was available to students in 12 languages, including English, Spanish, Russian, Ukrainian, Dari, Pashto, Arabic, Chinese, Vietnamese, Armenian, Turkish, and Hmong, and resulted in 3,610 student responses, compared to 2,169 last year. In February 2024, CICA held the Reading with Relevance event to gather information on the curriculum and its impact. CICA engaged 36 educational partners during this event and had them participate in the Reading with Relevance Book Fair Impact Survey afterward.

During the Black History event in February 2024, CICA focused on engaging educational partners and collecting feedback. The Black History Month Assembly Feedback Form from February 2024 garnered 27 responses from educational partners.

During the Building a Community School Lunch and Dinner sessions, CICA concentrated on gathering suggestions for improvements in the domains of wellness, health, social-emotional support, additional academic opportunities, CTE, and community enhancements. CICA held discussions with educational partners, which resulted in 22 summarized responses on the Building a Community School survey.

In March 2024, CICA hosted a meeting with principals to gather their insights on the key challenges and opportunities for growth. Following the discussions, participants were requested to complete the Principal Feedback Survey, which provided subsequent data from 6 principals.

In April 2024, CICA sent out the Leadership Survey to collect the directors' feedback on the following categories: communication, job and role clarity, work environment, recognition, relationships, curriculum, and professional development. CICA has gathered responses that highlight the enhancements across the categories, alongside some challenges. Seven of the directors participated in the Survey.

In April 2024, CICA facilitated a Your Voice Matters event for CTE programs at the Grand Avenue campus. CICA engaged 42 educational partners and gathered feedback on strengths, improvement areas, and solutions.

In the 2023-2024 school year, CICA hosted four (4) educational partner events titled Your Voice Matters, compared to one in the previous year. The purpose of visiting more sites was to get more feedback from students with different needs at various school locations. For the 2023-2024 school year, CICA gathered educational partner feedback from a total of 830 including 26 responses from students who enrolled in the Equity Initiatives program at the “Your Voice Matters” events compared to 270 in the 2022-2023 school year. Combined with the all-staff climate surveys and student surveys, the principal meeting, leadership feedback survey, and other educational partner events, CICA engaged 4,926 while gathering educational partner feedback.

Each educational partner event had a facilitator and notetaker who led the discussion in three areas: school strengths, opportunities for growth, and possible solutions for improvement. The responses were recorded in Google Forms. CICA analyzed the data to identify growth areas and build the LCAP goals and actions. CICA found a high level of consistency in climate surveys and educational partner responses. After careful review, CICA used this feedback to determine where to increase and decrease spending.

CICA encourages students and staff to attend, speak, and present at Board meetings; CICA requests that students and staff complete various surveys. CICA proactively reaches out to students regularly to encourage them to meet with the counselors to continue discussing their goals and needs; and CICA is proudly responsive to the feedback CICA receives.

CICA encourages and teaches the students how to maintain direct influence over the direction of their educational process. Students have equal say, and sometimes, greater say, in their learning according to their academic needs. Teachers collaborate with students, other teachers, staff, administration, and community partners to determine what new programs and resources would be most beneficial to student achievement and well-being.

In planning to draft the LCAP, leadership consults with teachers, administrators, other school personnel, partners, and students in developing the annual update. This feedback is provided during EdPartner events. Following these events, the data is reviewed, proposals for a new funding formula are created and presented to the board of directors as well as the executive cabinet. Goals are then amended based on recommendations provided from the school community. Amended plans are then presented for feedback to staff, students, and all other interested parties at regularly scheduled meetings. All stakeholders are invited to submit public comments and final plans are approved at a public board meeting. CICA will consider TRUSD recommendations and comments when drafting its LCAP. The Charter School shall present a report on the annual update to the LCAP and the local control funding formula budget each year as part of a nonconsent item at a regularly scheduled Board meeting.

Additionally, CICA uses the school website to keep the students informed of all upcoming activities, important calendar items, and Board meeting minutes. CICA promotes student involvement by encouraging students to contribute to and drive website content through the sharing of their personal stories which are connected to the website via an Instafeed of social media content.

Element E Employee Qualifications

"The qualifications to be met by individuals to be employed by the charter school." (Ed. Code § 47605(c)(5)(E).)

California Innovative Career Academy (CICA) is committed to recruiting and retaining professional, effective, and qualified personnel for all administrative, instructional, instructional support, and non-instructional roles. All employees must align with the school's instructional philosophy, mission, and vision and demonstrate the expertise and commitment necessary to support student success.

In accordance with Education Code §47605(e)(1), CICA shall remain nonsectarian in its employment practices and operations. The Charter School shall not discriminate against any individual (employee or pupil) based on actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, immigration status, or any other characteristic contained in the definition of hate crimes set forth in Penal Code §422.55, or based on association with an individual who has any of the aforementioned characteristics.

Employee Positions And Qualifications[29][30]

Hiring and Selection Process
CICA recognizes that excellent schools are built on excellent employees. All positions are filled through a recruitment and hiring process that ensures alignment with CICA's mission, compliance with state and federal law, and adherence to Board-adopted personnel policies.

- Job Descriptions: Every position is defined by a detailed, Board-approved job description outlining required qualifications, duties, and reporting structures.
- Applicant Screening: Human Resources (HR) prescreens all applicants via EdJoin.org to verify minimum qualifications. Only qualified applicants are advanced for interviews.
- Interviews and Recommendations: Panels may include administrators, staff, or community representatives, and applicants are evaluated using a structured rubric.
- Final Approval: HR and hiring managers recommend candidates to the Executive Director, who makes final hiring decisions.
- Nepotism Policy: Consistent with Board Policy 4212.8, relatives may not participate in hiring or evaluation processes where family members are involved.

Recruiting Qualified Teachers
CICA recruits well-qualified educators to our community by posting vacant teaching positions on the recruitment website www.edjoin.org, a third-party employment entity used throughout California and the greater United States as a central advertising location for many different educational organizations. Additionally, we attend the annual Teacher Recruitment Fair held each spring at Sacramento State University in order to meet with new teachers beginning their careers. This allows us to market our charter school as a competitive organization in which to work. We also send out recruitment flyers to additional institutes of higher education in the surrounding area, per the school's staffing needs.

Employees
CICA recognizes that to have an excellent school, it must have excellent employees. CICA will draw upon the pool of excellent adult education teachers previously employed by Twin Rivers Adult Education. Proposed salaries and benefits for administrators, certificated faculty, and classified staff have all been modeled after the Twin Rivers' salary scales and employee contracts.

Employee Overview
All employees of CICA are committed to developing the social, civic, character, and academic potential of each student. All staff members possess experience and expertise appropriate for their position according to the CICA adopted personnel policies, and federal and state statutes applicable to charter schools. Selection and appointment of employees at CICA will be the exclusive prerogative of CICA.

CICA does not discriminate against any applicant on the basis of his/her race, creed, color, national origin, age, gender, gender expression, gender identity, disability, or any other basis prohibited by Education Code § 220. CICA shall comply with all applicable laws regarding criminal background checks, including Education Code § s 45125.1 and 44237.

Executive Team
The Executive Leadership Team provides the vision, management, and accountability systems necessary to ensure CICA's academic and operational success. Under the authority of the Board of Directors, the Executive Team designs and oversees schoolwide policies, systems, and compliance.

2025–2026 Executive Team

- Jonathan Raymond – Executive Director
- Mathew Lemos – Chief Business Official
- Teresa Cummings, Ph.D. – Deputy Director/Chief OperatingOfficer
- Eric Chapman – Deputy Director/Chief Academic Officer

Job descriptions and resumes of the Executive Team are included in the Appendix.

Executive Director: Serves as the chief administrator responsible for the planning, operation, supervision, and evaluation of all educational programs, services, and facilities; hiring and performance management of personnel; oversight of finances and compliance reporting; and partnership development.

For more information on the resumes of each of the cabinet members and their job descriptions, see the appendix.

Executive Director
Our Executive Director assumes administrative responsibility and leadership for the planning, operation, supervision, and evaluation of the education programs, services, and facilities of CICA and for the performance appraisal of the staff. It is the responsibility of our Executive Director to oversee the school facilities, selection and employment of CICA personnel, evaluation, promotion, termination, or discipline of CICA personnel, and the preparation and submission of reports as directed by the Board, to include regular goals and forecasts as directed. The CICA Executive Director manages the day-to-day operations of CICA by preparing and submitting required budgets and reports as required by a charter

school. Our Executive Director develops partnerships for providing educational services by CICA, interacts with CICA accountants and attorneys, and performs other duties lawfully assigned by action of the Board. Our CICA Executive Director must minimally possess a bachelor's degree or any experience directly related to the field of work equivalent to a four-year degree and program administration and planning experience, preferably with experience in management as an executive officer.

Independent Study Compliance Coordinator
The CICA Independent Study Compliance Coordinator is responsible for overseeing the Independent Study (IS) Program and program compliance, including attendance accounting, documentation, and reporting. This is a classified administrative position. The CICA Independent Study Compliance Coordinator should possess a BS or BA degree from a recognized college institution, or a degree of a similar nature that is in alignment with the job of being an Independent Studies Supervisor. Background knowledge of Independent Study and its components related to State and local measures for accountability is essential. The Independent Studies Coordinator must have thorough knowledge of the school's SIS (Student Identification Systems, e.g., PowerSchool) and its use for guiding Independent Studies, as well as the ability to function independently and effectively. In this position, it is essential to meet critical timelines and reporting timelines associated with Independent Study. This person must also have the ability to use technology effectively with regard to communication, record keeping, and staff presentations associated with Independent Studies. The CICA Coordinator can communicate effectively and clearly both orally and in writing with a diverse staff and student population.

Counselor (Independent Study)
CICA Counselor will provide academic, college/career, and social-emotional counseling tailored to adult learners in an Independent Study environment. The Counselors identify and counsel students with special needs and behavioral, social, and school adjustment problems. CICA Counselors refer students to other community resources, support groups, and social service agencies as appropriate. At a minimum, CICA Counselors possess a Bachelor's Degree in Education or School Counseling with a 7-12th grade level certification, two (2) years of experience as a high school counselor, and a valid Pupil Personnel Services Credential with an academic school counseling emphasis.

Teachers (Independent Study)
CICA will comply with all applicable state and federal laws regarding teacher credentialing and qualifications. In accordance with Education Code §47605(l)(1), all CICA teachers must hold a valid California teaching certificate, permit, or other credential appropriate to their assignment, as issued by the California Commission on Teacher Credentialing (CCTC). Credential documentation will be maintained on file at CICA headquarters and made available for inspection by Twin Rivers Unified School District, which retains the right to review hiring decisions to ensure compliance with federal and state mandates.

CICA teachers must hold the California teaching certificate, permit or other document required for the teacher's certificated assignment pursuant to Education Code § 47605(l)(1).
CICA hires only qualified teachers. Teachers are responsible for creating and sustaining a learning environment that supports California state standards and reflects CICA's educational philosophy, with a strong emphasis on meeting the unique needs of adult learners. Teachers hold a minimum of a bachelor's degree from a degree-granting institution and a valid authorization to serve as a California credentialed teacher from the California Commission on Teacher Credentialing (CCTC). Additionally,

all teaching staff are qualified under the Elementary and Secondary Education Act (ESEA), also known as the Every Student Succeeds Act (ESSA), formerly known as the No Child Left Behind Act (NCLB). Accordingly, CICA teachers have:

1. A bachelor's degree from a degree-granting college or university.
2. A California State teaching credential, or a University Intern Credential while actively working toward completion of a California State teaching credential, or other Designated Subjects credentials.
3. Demonstrated subject matter competence.

Teacher Credentialing
HCCTS affirms that all classroom instruction must be provided by teachers who hold valid California teaching credentials, and that paraeducators may not serve as the teacher of record. In prior years, teachers at CICA held adult education credentials as recommended by the CTC and the San Diego County Office of Education. In February 2025, the CTC decided to enforce K-12 teaching credentials.

CICA has already implemented the following to improve compliance and accountability. In the 2024–2025 school year, HCCTS significantly changed its credentialing and staffing procedures. The school established a credentialing support team of internal staff and credentialing consultants and reviewed more than 300 staff profiles. Individual credential pathway plans were developed, and 269 one-on-one consultations were held with teachers. HCCTS launched a partnership with UMass Global to create an intern credential pathway with tuition coverage for staff and offered reimbursement for credential exam fees and coursework through Board Policy 4112.3: Teacher Credentialing Reimbursements. All staff with noncompliant assignments were notified, and instruction in July 2025 was suspended to allow credential corrections before the next school year.

Board Policy 4112.2 now requires all certificated staff to hold valid and appropriate credentials at the time of hire and to submit timely proof of renewal. In alignment with updated guidance from the CTC and CDE—and following the loss of DASS status—HCCTS has transitioned away from Adult Education credentials. All teachers are now required to hold single-subject or multiple-subject credentials.

To support compliance, HCCTS created a centralized credentialing dashboard and updated its use of Frontline to track credential status, staff evaluations, and assignment alignment.

Per Board Policy 4112.2, certificated employees must:
- Hold the appropriate credential for their assignment upon hire;
- Maintain active credentials and complete renewals as required;
- Adhere to applicable state and federal regulations;
- Submit proof of credential validity and renewal to Human Resources within required timelines.

For more information from the Board Policy 4112.2: Credentialing Requirements Communications, see the appendix.

Information Technology/Data Technician
CICA's IT technicians provide critical technology support for students and staff by diagnosing computer

problems, monitoring systems, installing software, and maintaining digital tools. They also train staff and students to use instructional and administrative technology effectively.

Administrative Services Credentials

CICA encourages leaders to pursue Administrative Services Credentials through the Sacramento COE and San Diego COE. As of June 2025, fourteen (14) HCCTS employees have completed or enrolled in preliminary/clear administrative programs, including:

- Eric Chapman, Deputy Director/Chief Academic Officer
- Teresa Cummings, Ph.D., Deputy Director/Chief OperatingOfficer
- Bindy Grewal, Ed.D., Director of Human Resources
- Mayra Valdivia, Interim Director of Student Services
- Andrew Michaud, Director of Instruction and Professional Learning
- Melissa Roberson, Director of Accountability and Assessment
- Carol Zheng, Curriculum Coordinator
- Niccole Scrogins, Interim Director of Performance Management and Continuous Improvement
- Maya Freeman-Perry, CICA Principal
- Maria Pile, CICA Principal

Additionally, Catherine Thirkill (CASAS Coordinator) has been accepted into the next Sacramento COE cohort.

CICA has developed and adopted Board Policy 4331 – Administrative Credential Reimbursement, which outlines the reimbursement procedures for participation in approved credentialing programs. Additional details are provided in the appendix.

Evaluations

In the 2024–2025 school year, CICA adopted Board Policy 4115: Personnel Evaluation and Supervision, establishing a comprehensive evaluation system designed to promote continuous improvement, accountability, and alignment with the school's mission and goals. The policy applies to all certificated and classified staff and sets forth clear expectations for professional conduct, job performance, stakeholder engagement, and compliance with applicable laws and policies.

Evaluations are conducted annually and may include classroom observations, self-assessments, formal performance appraisals, and collaborative goal-setting, depending on the employee's role. Supervisors are responsible for providing timely, constructive feedback, maintaining accurate documentation, and supporting employee growth through individualized development plans. All evaluation records are treated as confidential and maintained in personnel files in accordance with state and federal privacy requirements. (See Appendix for full Board Policy 4115: Personnel Evaluation and Supervision.)

To support this process, CICA uses Frontline, an integrated platform for payroll, employee evaluation, and professional learning management. Frontline enables the secure storage of all employee evaluations, monitors performance trends over time, and standardizes evaluation practices across the organization. The system also issues automated reminders to supervisors regarding evaluation deadlines, ensuring

timely completion. All employees are required to review and electronically acknowledge their evaluations within the system, reinforcing accountability and transparency.

Instructional Paraeducators
Instructional paraeducators at California Innovative Career Academy (CICA) play a vital role in supporting certificated teachers by providing instructional assistance, linguistic support, and translation services for students. To ensure all paraeducators meet minimum qualifications, CICA requires a high school diploma or equivalent, successful completion of an English proficiency exam with a score of 70% or higher, and the ability to communicate effectively with diverse student populations. In alignment with state and federal requirements, CICA verifies educational qualifications and exam results during the hiring process and maintains documentation to ensure compliance.

Applicant Screening
All job applicants at CICA go through a rigorous pre-employment screening process to ensure they meet all requirements and qualifications for the role they are applying for. CICA uses the website Edjoin to post job openings. This is also where new applicants apply for positions. Within Edjoin, Human Resources is able to filter applications based on minimum qualifications before forwarding candidates to hiring managers. Only employees who meet these requirements are eligible for interviews. In alignment with Board Policy 4111, as part of the pre-employment job application, candidates must disclose any family relationships with existing employees to ensure that no relatives are involved in hiring decisions or placed in reporting relationships.

HCCTS Hiring and Anti-Nepotism Policy
To safeguard against nepotism or favoritism, HCCTS adopted Board Policy 4212.8, which prohibits relatives from participating in hiring or evaluation processes involving family members. Interviewers must complete disclosure forms, and all job postings, evaluations, and offers are now centrally tracked and reviewed by the HR department to ensure consistency and equity across the organization.

Organizational Chart & Job Descriptions
HCCTS maintains an up-to-date organizational chart that reflects current roles and reporting lines (See Org Chart). The organizational chart is reviewed and updated at least annually. During the 2024-2025 school year, HCCTS drafted and revised a total of 25 job descriptions. The purpose is to ensure role clarity for all employees and ensure there is consistency between the work performed, role requirements, and appropriate pay.

Hiring Process

1. **Position Authorization (Requisition Control)** The hiring process at California Innovative Career Academy (CICA) is designed to ensure consistency, transparency, and alignment with organizational needs and compliance standards. It begins with the submission of a Position Control Form (PCF) whenever a position needs to be backfilled or newly created. The PCF includes essential details such as the job description and a designated leadership contact and is reviewed weekly by the Executive Cabinet.

2. **Posting and Sourcing.** Upon approval and required signatures, the Human Resources team posts the position on EdJoin.org and other recruitment channels and also leverages partnerships with university preparation programs to broaden applicant pools.

3. **Screening.** Once posted, hiring managers review applicants within EdJoin by evaluating qualifications in relation to the job description. Candidates are categorized as prescreened, interviewed, or removed, providing a clear record of each applicant's status. Notes from prior interviews are required for third interview requests and must be documented either via email or directly in the EdJoin system. For current staff changes, such as promotions or changes in FTE, an EE Update—rather than a PCF—is submitted to accurately reflect the employee's new assignment. Altogether, this structured process supports effective hiring decisions while maintaining clarity, documentation, and compliance across the organization.

4. **Multi-step Interviews and Performance Tasks.**
Qualified candidates proceed through multiple interviews (phone and panel). For instructional roles, candidates complete a demo lesson (live or video) to assess content knowledge, pedagogy, and responsiveness to feedback; stakeholder participation (e.g., administrators/teachers, and, when feasible, students or parents) may be included, with the Principal retaining final hiring authority.

Employee Positions
See appendix for the 2025 Organizational Chart.

Professional Development
In the 2024–2025 school year, CICA adopted Board Policy 4131: Professional Development to support the continuous growth of all staff. Professional learning is mission-aligned, equity-centered, and outcomes-focused, with explicit attention to legal and regulatory requirements. Offerings include in-service training, workshops, online modules, and compliance sessions. In accordance with Education Code 47605.1(f) and our WIOA partnership, HCCTS may conduct professional development at any location in California.

The Executive Director oversees alignment to the mission, vision, and strategic goals; the Chief Academic Officer (or designee) coordinates systemwide implementation. Department leaders and site teams co-design contextualized, job-embedded sessions that meet local needs while advancing CICA's strategic priorities. All staff are expected to engage actively in PD and apply their learning in practice. Participation is supported by funding priorities and travel reimbursement per Board Policy 350.

Annual Professional Development

Professional Development
In the 2024–2025 school year, CICA adopted a Professional Development Policy to support the continuous growth of all staff: 4131 BP Professional Development. The policy aligns professional learning with CICA's mission, vision, and strategic goals, with a focus on improving student outcomes and meeting legal and regulatory requirements.

CICA offers a variety of professional development opportunities, including in-service training, workshops, online modules, and compliance-focused sessions. In accordance with Education Code 47605.1(f) and its WIOA partnership, CICA may conduct professional development at any location in California.

The Executive Director oversees alignment and implementation, while leadership identifies needs and encourages staff participation. Employees are expected to engage actively and apply their learning.

Funding is provided in line with organizational priorities, and travel is reimbursed per Board Policy 3350. CICA evaluates professional development effectiveness through staff feedback, performance data, and evidence of improved practice, with a commitment to equity and access for all staff.

In 2024-2025, CICA offered extensive internal and external professional development, covering topics like CPR, active shooter response, equity, SEL, and leadership. CICA provides two all-staff mandatory Professional Development opportunities throughout the year: three days in August and two days in May. All staff training includes Title IX training, Mandatory Reporter & Child Abuse Prevention Training, Sexual Harassment Prevention Training, FERPA, Workplace Violence Prevention Training, and Comprehensive School Site Safety Training.

Teachers and paraeducators receive training on assessments such as the California Science Test (CAST) and English Literacy and Civics (EL Civics) assessments, end-of-level assessments, and CASAS assessments. Additionally, teachers and paraeducators receive training on any curriculum updates and curriculum instructional strategies. Teachers in the process of getting their credential or who have their preliminary credential are assigned a mentor teacher and must meet with them regularly.

CICA recognizes the critical role of targeted professional development in fostering staff effectiveness and advancing organizational goals. While CICA offers all-staff professional development days to promote schoolwide alignment and collaboration, a dedicated portion of these days is intentionally reserved for department-specific professional development. This approach ensures that staff receive training that is both relevant to their roles and responsive to the unique needs of their departments.

To coordinate these efforts across departments, the Chief Academic Officer—or their designee—works collaboratively with department directors or lead team members to plan and implement tailored professional development sessions. This decentralized model promotes professional learning that is contextualized, job-embedded, and aligned with departmental objectives, while still supporting the broader mission and strategic priorities of CICA. For more information on department professional development, see the appendix.

Element F Health and Safety Procedures

"The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

That each employee of the charter school furnish the charter school with a criminal record summary as described in § 44237.

For all schools, the development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (M), inclusive of paragraph (2)of subdivision (a)of § 32282.
For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (N) of paragraph (2) of subdivision (a) of § 32282.

That the school safety plan be reviewed and updated by March 1 of every year by the charter school." (Ed. Code § 47605(c)(5)(F).

General Health and Safety Compliance

California Innovative Career Academy (CICA) shall comply with all applicable federal, state, and local laws relating to student and staff health, safety, and emergency preparedness. If CICA occupies or operates in a Twin Rivers Unified School District (TRUSD) facility, it shall adhere to all TRUSD health, safety, and emergency procedures and remain subject to inspection by relevant district offices.

Emergency Preparedness

Emergency Operations Guide

CICA's Emergency Operations Guide outlines protocols and responsibilities for responding to emergencies such as natural disasters, active shooter incidents, and hazardous material releases. The guide aligns with state law, assigns roles through the Incident Command System principles, and identifies all staff as disaster service workers and alternates. Staff must review the guide annually.

Emergency Drills and Staff Training

CICA conducts regular fire, lockdown, and evacuation drills at all campuses, in accordance with state regulations. All staff receive annual training in:

- Emergency response procedures
- Active shooter protocols
- CPR and First Aid certification
- Bloodborne pathogen exposure response

Staff agreements include a commitment to comply with emergency and safety procedures.

Emergency Safety Procedures

CICA shall adhere to the School Emergency Safety Procedures Handbook, drafted specifically for the needs of its facilities. This handbook includes, but is not limited to, the following responses: fire, flood, earthquake, active shooter, and hostage situations.

Staff shall receive training in emergency response, including appropriate "School-wide Safety Plan" training or its equivalent.

Disaster procedures included in the School Safety Plan shall address and include adaptations for students with disabilities. To the extent an employee, parent/guardian, educational rights holder, or student brings concerns regarding the procedures to the principal and, if there is merit to the concern, the principal shall direct the School Safety Plan to be modified accordingly.

Student Health and Medical Services

Administration of Medication
CICA shall comply with Education Code §49423 for administering medications. The school will:

- Maintain trained staff to administer medication
- Store emergency epinephrine auto-injectors per §49414 and AB 1651 (2023)
- Include injector locations in annual legal notices

If albuterol inhalers are stocked, CICA will meet all requirements under §49414.7, including storage, access, and staff training.

Health Screenings and Immunizations
CICA shall comply with all student health requirements, including:

- Tuberculosis (TB) clearance per §49406 for employees, volunteers, and vendors in frequent contact with students
- Immunizations and screenings per Health and Safety Code §§120325–120375 and Education Code §§49450 et seq.

- Maintenance of all health records on file

Suicide Prevention
CICA shall maintain and implement a pupil suicide prevention, intervention, and postvention policy pursuant to Education Code §215 and AB 58 (2021–22). The policy is developed and reviewed in consultation with stakeholders and school-employed mental-health professionals, reviewed and updated at least every five years, and aligned to current CDE guidance and best practices.

Mandated Reporting and Child Safety

Mandated Reporter Training
All CICA employees and individuals working on behalf of the Charter School are mandated reporters. As such, employees must complete annual child-abuse detection/reporting training annually that must occur:

- Within the first six weeks of each school year, or
- Within six weeks of employment for new hires

Training complies with Education Code §44691.

Criminal Background Checks and Custodian of Records
- CICA shall comply with Education Code §§44237, 45125.1, 44830.1, 45122.1, and 44030.5 by: Fingerprinting and clearing all employees prior to employment;
- Ensuring contracting entities certify required clearances for any staff with student contact;
- Clearing unsupervised volunteers have cleared background checks;
- Requesting and receiving subsequent arrest notification from DOJ;
- Maintain evidence of compliance on file

The Executive Director is designated and confirmed as the Custodian of Records with the California Department of Justice.

Facilities, Restrooms, and Hygiene

Menstrual Products
Per Education Code §35292.6, CICA shall stock menstrual products in all women's restrooms, all-gender restrooms, and at least one men's restroom. Required notices will be posted prominently in each location.

All-Gender Restrooms

In accordance with Education Code 35292.5, by July 1, 2026, each school site with multiple gender-specific restrooms will maintain at least one all-gender restroom that is:

- Clearly identified and designated with appropriate signage;

- Accessible during school hours and school-sponsored functions; and

- Equipped to protect privacy and safety (e.g., appropriate partitions/fixtures and disposal receptacles).

Implementation is underway during the 2025–26 school year to ensure full compliance by the statutory deadline. Students and staff may use facilities consistent with their gender identity and are protected from discrimination and harassment in all restrooms.

Drug-, Alcohol-, and Smoke-Free Environment
CICA maintains a drug-free, alcohol-free, and smoke-free environment for all students, staff, and visitors. This prohibition includes tobacco, nicotine, and vaping/e-cigarette devices on all school property, in school vehicles, and at all school-sponsored events.

Counseling and Student Support

CICA provides comprehensive counseling that is proactive, data-informed, and aligned to student goals.

Academic, College, and Career Counseling
- *Individual & Small-Group Advising:* Counselors meet with students for graduation planning, credit audits, and SMART goal setting; progress is reviewed at scheduled checkpoints each term.
- *College & Training Pathways***:** Support includes application timelines, FAFSA/CADAA, placement options (noncredit, certificate, AA/AS, transfer), prior-learning/experience credit where applicable, and navigation of supports for adult learners.
- *Career Readiness:* Counselors connect students to CTE pathways, industry certifications, résumé and interview prep, and work-based learning; plans are aligned to local labor-market information.
- *Access & Equity:* Flexible appointment windows (in-person/virtual, multilingual) and outreach ensure working adults and caregivers can participate.

Social-Emotional Support
Staff across roles foster student social-emotional development through empathy, listening, and proactive referrals. Students needing additional support are connected to external mental health services when appropriate.

Legal Compliance Procedures

FERPA
CICA and its representatives shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code §49060 et seq

Unified Complaint Investigation Procedure
The Executive Director shall oversee the complaint and investigation process. Complaints unresolved at the site level will be addressed at the executive level.

CICA utilizes an anonymous complaint process through a third-party vendor called Navex. In the 2024-2025 school year, HCCTS partnered with Navex One to augment—not replace—the UCP, for anonymous or named reporting of concerns. Reports may be submitted via phone, web, or QR code. All Navex cases are logged, routed to HR for investigation, and closed with documented actions. Retaliation

for good-faith reports is prohibited. (Internal practice statement.)

Prevention of Human Trafficking
The Charter School will provide accessible information on human trafficking prevention resources for our adult learners, as well as parents and guardians of students in grades 6-12, in accordance with EC 49381.

Workplace Violence Prevention Plan
The Charter School shall establish, implement, and maintain, at all times in all work areas, an effective workplace violence prevention plan consistent with the requirements of Labor Code Section 6401.9.

Reference to Board Policies
CICA shall adhere to the following adopted Board Policies related to student health, safety, conduct, and non-discrimination:

- 5125 BP Student Records
- 5131 BP Student Conduct
- 5132 BP Student Dress Code
- 3542 BP Vehicle Use
- 5144 BP Student Discipline
- 5131.6 BP Alcohol and Other Drugs
- 5144.1 BP Suspension and Expulsion
- 5145.2 BP Student Freedom of Expression
- 5131.7 BP Weapons and Dangerous Instruments
- 1250 BP Registration of Visitors, Guests, and Outsiders
- 5142 BP Children on Campus and the Early Learning Center
- 3516 BP School Safety & Emergency Preparedness Plan
- 4212.8 BP - Anti-Nepotism and Employment of Relatives
- 4119.12 BP - Title IX Policy Prohibiting Discrimination on the Basis of Sex
- 5145.71 BP - Title IX Policy Prohibiting Discrimination on the Basis of Sex
- 5141.31 BP Health Examinations, Immunizations, and Oral Health Assessments
- 5145.3 BP Harassment, Discrimination, Intimidation, and Bullying Prevention

Comprehensive School Safety Plan
The Charter School shall adopt a School Safety Plan, to be reviewed and updated by March 1 of every year. The CSSP will identify strategies and programs that maintain a high level of school safety and document CICA's procedures for complying with all applicable laws.
At minimum, the CSSP will address the safety topics by Education Code § 32282(a)(2)(A)-(N) including:

- Child abuse reporting procedures
- Routine and emergency disaster procedures
- Policies for students who committed an act under Education Code §48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
- Procedures to notify teachers of dangerous students pursuant to Education Code Education Code §49079
- Anti-discrimination and harassment policy consistent with Education Code § 200

- Provisions of any school wide dress code that prohibits students from wearing "gang-related apparel," if applicable
- Procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
- A safe, orderly environment conductive to learning
- Rules and procedures on school discipline pursuant to Education Code §35291, 35291.5, and 47605
- Procedures for conducting tactical responses to criminal incidents
- Procedures to prepare for active shooters or other armed assailants by conducting a drill, if this topic is covered in the School Safety Plan
- Procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a school bus serving the school
- Procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds
- A protocol in the event a pupil is suffering or is reasonably believed to be suffering from an opioid overdose
- Procedures to notify students, parents and guardians of pupils, teachers, administrators and school personnel when the school confirms the presence of immigration enforcement on the schoolsite.

Discrimination and Harassment Policies and Procedures
CICA provides a workplace and school environment free from discrimination, harassment, intimidation, and bullying. All employees receive and sign an employee handbook annually that informs them of CICA' sexual harassment policy. Additional site-based sexual harassment training is taught to all staff, and annual training is facilitated through "Safe Schools" an online program. CICA is also committed to providing a workplace free of discrimination and any harassment based upon such factors as race, religion, creed, color, gender, gender identity, gender expression, national origin, ancestry, ethnic group identification, age, medical conditions, marital status, sexual orientation, sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. CICA uses policies adopted by the Board regarding discrimination harassment (including employee to employee, employee to student, student to employee, and student to student misconduct). Misconduct of this nature is very serious and will be addressed in accordance with Board policies. Any complaint of unlawful harassment, discrimination, or sexual harassment is actively investigated by CICA, to include, where appropriate, the retention of outside investigators.

A copy of the policy shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired. The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code § 231.6 and shall prominently and conspicuously display the poster in each bathroom and locker room at the schoolsite and in public areas at the schoolsite that are accessible to, and commonly frequented by, pupils.

School Facility Safety
California Innovative Career Academy shall complywith Education Code §47610 by either utilizing facilities that are compliant with the Field Act or facilities that are compliant with the California Building Standards Code. CICA adheres to laws specific to charter schools on the local and state level regarding facilities. CICA agrees to test sprinkler systems, fire extinguishers, and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times. The Charter School shall conduct fire drills as required under Education Code § 32001. If CICA is not operating under the safety plan of the facility where it is housed, it will implement its own school safety and disaster preparedness plan.

Bullying Prevention
The Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying. The Charter School shall annually make available the online training module developed by the CDE pursuant to Education Code § 32283.5(a) to certificated school site employees and all other school site employees who have regular interaction with children.

Supporting LGBTQ Students
Through the completion of the 2029-30 school year, the charter school shall use an online training delivery platform and curriculum for at least one hour of required LGBTQ cultural competency training annually to teachers and other certificated employees and maintain records of such training as required by Education Code § 218.

SAFETY Act
Pursuant to AB 1955 (2024), employees of the Charter School shall not be required to disclose any information related to a pupil's LGBTQ+ identity to any other person without the pupil's consent unless otherwise required by state or federal law. This provision shall not limit a parent's ability to request school records on behalf of their child.

Homicide Threats
The Charter School shall comply with all requirements under Education Code § §49390-49395 regarding mandatory reporting in response to homicidal threats. All employees and Board members who are alerted to or who observe any threat or perceived threat in writing or through an action or a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement immediately.

Gun Safety Notice
In accordance with EC § 49392, at the beginning of the first semester, the Charter School shall distribute a notice to the parents/guardians of each student addressing California's child gun access prevention laws and laws related to firearm safety, utilizing the most updated model language published by the California Department of Education.

Athletic Programs
The Charter School shall comply with all applicable laws related to health and safety policies and procedures surrounding athletic programs at charter schools, including but not limited to providing information to athletes regarding sudden cardiac arrest and annually providing each athlete an Opioid

Factsheet for Patients.

Transportation Services
The Charter School shall comply with the requirements of EC § 39875 if applicable, relating to background checks, testing, and other requirements for individuals and firms providing transportation services to students.

Extreme Weather Policy
On or before July 1, 2026, the Charter School will develop, adopt, and implement a weather policy that includes protocols for extreme weather conditions, and incorporate the standardized guidelines developed by the CDE.

Title IX
CICA shall comply with EC § 221.61 by posting in a prominent and conspicuous location on its web site the following information related to the federal regulations implementing Title IX of the Education Amendments of 1972:

The name and contact information of the Charter School's Title IX Coordinator, including the Title IX Coordinator's phone number and email address.

The rights of the pupil and the public and the responsibilities of the Charter School, which includes, but is not limited to, internet web links to information about those rights and responsibilities located on the website of the Office for Equal Opportunity and the U.S. Department of Education Office of Civil Rights (OCR), and the list of rights specified in EC § 221.8.

A description of how to file a complaint under Title IX, which shall include all of the following:

A. An explanation of the statute of limitations within which a complaint must be filed after an alleged incident of discrimination has occurred, and how a complaint may be filed beyond the statute of limitations.
B. An explanation of how the complaint will be investigated and how the complainant may further pursue the complaint, including, but not limited to, web links to this information on the U.S. Department of Education OCR website.
C. A link to the U.S. Department of Education OCR complaint form, and the contact information for the office, including the phone number and email address for the office.

Element G Balanced Enrollment

"The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted." (Ed. Code § 47605(c)(5)(G).)

Plan for Achieving and Maintaining Student Population Balance & How to Reach This Goal [31][32][33]
(Racial/Ethnic, Students with Disabilities, and English Learners)

CICAstrives, through recruitment and admissions practices, to achieve a racial and ethnic, special education, and English Learner balance among its students that is reflective of the general population residing within the territorial jurisdiction that it serves. CICA will include an open enrollment policy. Students are considered for admission to the school without regard to ethnicity, national origin, gender, gender expression, gender identity, disability, sexual orientation or any of the characteristics listed in Education Code Section 220. (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics).

CICA will implement a coordinated advertising and recruitment strategy to ensure that all students are informed of the educational opportunities available. These efforts will be ongoing throughout the year and will be designed to reach a broad and diverse audience. In alignment with CICA's commitment to serving students from all ethnic and cultural backgrounds, a variety of advertising methods will be employed to promote equitable access and inclusive outreach.

The primary method utilized to recruit students with various backgrounds is collaboration with our community partners. Each partner serves a unique population that would benefit by having access to a high school educational pathway for its adults. Collaboratively with our partners, we communicate with their communities about the Charter School, the services offered, and how they would benefit by enrolling and earning their high school diploma.

Another method we utilize is by utilizing the United States Postal Service's (USPS) Every Door Direct Mail (EDDM) service. Organizations that utilize this service are able to send via USPS mass mailers to all homes within a postal route in a chosen zip code. Prior to selecting zip codes and postal routes, Charter School administrative staff review the demographic data within EDDM's search tool. The tool provides all of the following data on the postal route: number of residences, number of businesses, percentage of the population that is aged 25-34, average household size, and average household income. Charter School administrative staff can also review data from the United States Census Bureau (USCB), which provides zip-code-level data on estimated population by age, race, ethnicity, school enrollment, languages spoken at home, employment status, employment industries, and poverty status. Data from EDDM and USCB can be used to select target zip codes for the EDDM service. Post cards and/or fliers describing Charter School requirements and services are sent to select zip codes.

Each year, CICA analyzes enrollment trends in order to optimize efforts to recruit and retain students. An informal designated committee, composed of various stakeholders from the instructional, administrative, and operational sides of the school, meets regularly to discuss a problem-solving plan. Using both quantitative and qualitative feedback from the previous year, the plan allows the team to work together to clearly identify enrollment trends and their root causes, determine potential solutions, and generate strategies to successfully implement and track solutions in the upcoming year. Some of the valuable sources of data for this exercise come from student satisfaction surveys and non-mandatory exit interviews through which feedback is gathered.

Marketing: Advertising and Sponsorship to Increase Student Enrollment

Board Policy 1325, adopted in the 2024-2025 school year, establishes clear guidelines for how HCCTS/CICA uses marketing and sponsorships solely to inform prospective students about public, tuition-free educational opportunities and to advance equitable access to our programs. All advertising expenditures must align with the school's mission and strategic goals and demonstrate a meaningful return on investment. Advertising is intended to raise awareness of HCCTS programs, highlight the benefits of enrollment, and promote the school's values to prospective students in the broader community.

Annual Marketing Plan prepared by staff, aligned to mission and enrollment targets, and reviewed with the Executive Director; major spending and any sponsorships follow procurement rules and board-approved thresholds.

Advertising budget is reviewed annually; any campaign exceeding the internal threshold (e.g., $100,000) requires explicit Board authorization.

All materials must reflect our non-discrimination and open-enrollment assurances and may not request or imply a requirement to provide student records prior to admission (e.g., IEP/504).

Advertising efforts must clearly communicate the educational opportunities HCCTS offers—including adult high school diplomas, career preparation, and hands-on skill development—and use platforms that are cost-effective and aligned with the school's target audiences. All advertising must also comply with legal and ethical standards and adhere to brand identity guidelines to build recognition and trust within the community.

Additionally, advertising effectiveness is monitored and reviewed annually to ensure alignment with HCCTS's enrollment and engagement objectives, with quarterly reporting to the Executive Director and an annual summary to the Board. Board Policy 1325 codifies the outreach rigor and equity safeguards common to high-performing charters—multilingual, community-based recruitment; documented, transparent admissions; and routine Board oversight—while adding HCCTS's budget controls and ROI monitoring to ensure responsible stewardship of public funds. For full policy language and implementation procedures, see the appendix.

Element H Admissions Policies and Procedures

"Admission policies and procedures, consistent with [Education Code § 47605] subdivision." (e). (Ed. Code § 47605(c)(5)(H).)

Assurances

CICA shall:

- Be nonsectarian in all programs, admission policies, employment practices, and operations; not charge tuition; and not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any characteristic listed in Penal Code § 422.55.
- Admit all pupils who wish to attend to the extent that space allows; admission shall not be determined by place of residence except as otherwise required by law; and, if applications exceed capacity, offers of admission shall be made by public random drawing (lottery) consistent with Ed. Code § 47605(d)(2).
- **Apply any enrollment preferences** only as permitted by law and as stated in the charter; **preferences will not require mandatory parent volunteer hours** as a condition of admission (Ed. Code § 47605(e)(2)(B)(iv) **shall not limit access** for pupils protected by Ed. Code § 47605(e)(2)(B)(iii).
- Preferences, if given, shall not result in limiting enrollment access for pupils based on nationality, race, ethnicity, or sexual orientation; and shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, foster youth. (Education Code § 47605(e)(2)(B)(iii)).
- The charter school shall not discourage enrollment in the charter school, or encourage disenrollment/ transfer of a student from the charter school, for any reason, including but not limited to academic performance or any characteristics of the student listed under Education Code § 47605(e)(2)(B)(iii).
- Not request or require submission of a student's IEP, Section 504 plan, or other records prior to admission, participation in any lottery, any pre-enrollment event, or as a condition of enrollment; CICA may request only the information necessary to apply any admissions preferences stated in the charter.

Admission and Enrollment Requirements

California Innovative Career Academy shall be nonsectarian in its programs, admission policies, and all other operations. CICA shall not discriminate on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, or association with an individual who has any of the aforementioned characteristics [Ed. Code § 47605(e)(1)]. CICA shall comply with all applicable laws governing minimum age requirements for registration in charter schools. The Charter School shall not use any test, assessment, or interview to determine a student's eligibility for admission. However, following registration, all students may be

administered diagnostic assessments, dubbed "placement tests," solely for the purpose of determining appropriate instructional placement. These assessments are used to inform grade-level placement and have no bearing on a student's eligibility for admission. In accordance with Education Code § 47605(e)(4) CICA will make available the CDE Complaint Notice and Form available during the application process and during the enrollment process, prior to the finalization of enrollment. This form will also be posted on the Charter School website.

CICA admits all students who meet the following criteria:

- Demonstrate a desire to enroll in the academic program
- Fall within the categories the school is legally authorized to serve
- Meet the eligibility requirement of being age 22 or older under the exclusive WIOA agreement
- Students do not have a U.S. high school diploma
- Submit a timely application

Required Documents

- Proof of Identification
- Proof of California Address (may be covered by proof of identification)
- CICA Online Registration, which includes but not limited to the following:
    - Emergency Consent and Contact Information
    - National School Lunch Program Form (NSLP)
    - Home Language Survey
- CalJOBS Registration (Any forms required by a WIOA partner

Enrollment Period

Initial applications are accepted at any time during the school year. The CICA admission process consists of the completion of an online application form. The admission process also includes students to participate in orientation, grade level placement, and academic planning.

Education Exclusively in Partnership with the Workforce Investment Opportunity Act (WIOA)

Per Ed. Code §§ 47612.1 and 47605.1(f)(1), CICA provides instruction exclusively in partnership with the Workforce Investment Opportunity Act of 1998 through its partnership agreement with the Sacramento Employment and Training Agency (SETA) or other WIOA organization. As such, CICA only legally serves students who are receiving WIOA-funded services and does so under the terms of a Partnership Agreement. CICA will provide a copy of the Partnership Agreement to the District on or before July 1, 2019.

The SETA or other WIOA service provider will provide CICA students with the services specifically outlined in and attached hereto under "Tab 9—Workforce Agreements." CICA will provide the District with documentation that confirms SETA or other WIOA service provider is qualified and authorized to provide such services contemplated in the Partnership Agreement.

Not Possessing a U.S. High School Diploma

Students who have a U.S. high school diploma (also known as a "regular high school diploma") will not be admitted to Highlands Community Charter School. Students who possess a GED, CHSPE, foreign credential, or any other alternative degree that is not fully aligned with the academic standards of the State of California may be admitted.

CICA Proposed Lottery Process
If the number of applications exceeds the enrollment capacity, admission will be determined by a random lottery process. CICA will conduct a public random drawing facilitated by PowerSchool Enrollment School Choice, a third-party platform. The drawing will take place in a public setting at our Howe Campus located at 1111 Howe Avenue, Sacramento, CA 95825. The lottery will be held up to two weeks before the start of the school year. Notice of the random drawing will be provided through written postings at the CICA Howe location and on the Highlands Community Charter School official website.

The following enrollment preferences will apply in the event of a public random drawing:

1. All students currently enrolled in CICA
2. Non-youth residents of TRUSD; as defined by WIOA as those 22 years of age or older
3. All other residents of TRUSD
4. All other applicants

The lottery is open to the public, and prospective students are encouraged to attend; however, they are not required to be present at the time of the drawing to be eligible for admission. Results will be communicated immediately after the lottery through a mass SMS notification.

The lottery will be conducted using student numbers assigned to each prospective student. As numbers are drawn, they will be displayed for everyone in attendance to see. Once all available seats for a specific grade level, site, and schedule preference (regular daytime or evening) have been filled, the designated staff member will announce that any additional students drawn will be placed on the waitlist. Students will be added to the waitlist for that grade level, site, and schedule preference (regular daytime or evening) in the order their numbers are drawn.

Waiting List Priorities
A waiting list will be implemented when the number of applications exceeds the enrollment capacity for a specific grade level, site, and schedule preference (regular daytime or evening). In the event of a lottery, admission will be offered to prospective students based on lottery results until capacity is reached. Once capacity is met, all remaining names drawn will be placed on a waiting list in the order they were selected.

New applicants who register after the lottery deadline will be offered a seat if space is available in their grade level, site, and schedule preference (regular daytime or evening), or they will be added to the waiting list in the order the application was received. As seats become available, they will be offered to students starting with the lowest numerical ranking on the waiting list.

Notifying Students of a Seat Offering
Once a seat becomes available for an applicant who has the lowest numerical ranking on the waiting list, the student will be contacted by the Registration department to confirm their seat. Any admitted students who decline an offered seat or who fail to confirm by the deadline will lose their position to the next applicant on the waiting list. The waiting list is kept on file at the school and is valid for the duration of the school year.

Documenting the Fair Execution of Lottery and Waitlist Procedures
Copies of lottery results and waiting list(s) are readily available for inspection at the school office. These records will be maintained by the Registration department.

Communicating to All Interested Parties
Applications are available digitally online on the CICA website. CICA advertises the open application period to the surrounding communities and also communicates the timeline, rules, and procedures for the lottery process if necessary. Typical methods for these communications include, but are not limited to, web advertising, newspaper and magazine ads, radio ads, home mailers, and flyers.

Element I Annual Financial Audits

"The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority." (Ed. Code § 47605(c)(5)(I).)

Accreditation

CICA has achieved a full six-year WASC accreditation through June 2030 with a mid-cycle visit scheduled during the 2026-2027 school year.

Annual Audit Procedures

Contracting with an Independent Auditor

California Innovative Career Academy (CICA) conducts an annual independent fiscal audit in compliance with Education Code § 47605(c)(5)(I) and 47605(m). All financial records are maintained in accordance with Generally Accepted Accounting Principles (GAAP), and audits are conducted in accordance with generally accepted auditing standards and the State Controller's K–12 Audit Guide.

In the 2024–2025 school year, the CICA Board of Directors adopted Board Policy 3581 – Data Retention and Record Management, which provides a comprehensive framework for the classification, retention, and secure disposal of records by staff, contractors, and affiliates. The policy applies to all administrative, financial, personnel, student, and instructional records, including communications in paper, digital, audio, or video format. This policy ensures that all audit-related documentation is properly maintained and readily accessible. For additional details, refer to the appendix entry for BP 3581.

Audit Timeline Overview

In alignment with Board Policy 3100 – Budget Development and Oversight, audit procedures are embedded in the school's annual budget cycle and financial governance structure. Each spring, the Executive Director and Chief Business Official (CBO) recommend an independent auditor for approval by the Board of Directors. Following the close of the fiscal year, the CBO finalizes and closes the books, compiles the necessary financial documentation, and coordinates with the independent auditor to conduct the audit.

Upon completion, the auditor prepares a report, which is formally presented to the Board of Directors. The Executive Director and CBO review any audit findings or exceptions and coordinate the necessary corrective actions. In accordance with statutory deadlines, the finalized audit report is submitted to the charter authorizer (Twin Rivers Unified School District), the Sacramento County Superintendent of Schools, the State Controller's Office, and the California Department of Education (CDE) by December 15 of each year. For additional detail, see appendix reference BP 3100.

Audit Completion Timeline

The audit is expected to be finalized within six months of the fiscal year's end. The Board of Directors formally reviews each year's audit findings and takes appropriate action to ensure full compliance with state and federal requirements.

Selection Criteria for Independent Auditors
The selected auditor must be a Certified Public Accountant (CPA) with experience in public school and charter school finance and must be listed as an approved audit provider by the State Controller. CICA is solely responsible for all associated audit costs. Where applicable, the audit scope will include federal compliance elements outlined in Office of Management and Budget (OMB) Circulars and related federal guidelines.

Resolution of Audit Findings
Any audit exceptions or deficiencies are first reviewed by the CICA Audit Committee, which provides formal recommendations to the Board of Directors. The Board submits a written report to the charter authorizer describing how identified findings have been addressed, along with supporting documentation. In cases where findings remain unresolved at the time of submission, the report includes a corrective action plan and projected timeline for resolution. CICA aims to address all audit findings within six months. Disputes regarding the resolution of audit findings will follow the dispute resolution procedures set forth in this charter.

Upon receipt of the draft audit and management letter, the CEO/CBO prepares a written Corrective Action Plan (CAP) that, for each finding, identifies the root cause, required remedial actions, responsible owner, resources, and a target completion date.

Audit Committee Review & Board Action
The CICA Audit Committee reviews the CAP and forwards recommendations to the Board of Directors for approval. The CAP remains on the Board's agenda for status reporting each meeting until all items are closed.

Authorizer Notification & Documentation
Within 30 days of Board acceptance, CICA submits to the charter authorizer a written report describing how each finding has been addressed or will be addressed, with supporting documentation. If any item is not yet resolved, the submission includes the Board-approved CAP and projected completion dates.

Timelines & Monitoring
CICA aims to fully resolve audit findings within six months of audit issuance. Progress is monitored against milestones; if delays arise, management provides revised timelines and interim controls to the Audit Committee and Board.

Material Weaknesses/Significant Deficiencies
Any material weakness or significant deficiency triggers immediate Board notification, expedited remediation steps, and—if warranted—the engagement of external advisors to strengthen internal controls.

Public Access and Appeals
Audit reports are public records and will be made available upon request. Any audit appeals or requests

for summary review will be submitted to the Education Audit Appeals Panel (EAAP) in accordance with applicable law.

Element J Suspension and Expulsion Procedures

"The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are consistent with all of the following:
For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.
For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:
(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.
(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.
(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).
(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion notice, manifestation

determination notice, involuntary transfer notice, and other documents and related information." Education Code § 47605(c)(5)(J).

School Climate And Student Discipline System

Highlands Community Charter and Technical Schools (HCCTS) has adopted 5144.1 Suspension and Expulsion Board Policy to promote student learning and maintain a safe and supportive learning environment—whether in-person or remote. The policy is closely aligned with California Education Code § 48900 et seq. and is reviewed annually for updates. Disciplinary actions, including suspension, expulsion, or involuntary removal, are applied fairly and consistently and are clearly outlined in the Student Handbook. Students and families receive written notice of these policies upon enrollment. The policy prohibits corporal punishment and outlines due process protections for all students, including those with disabilities or Section 504 plans. Involuntary removal requires written notice in the student's native language and an opportunity for a hearing. Students remain enrolled during the hearing process unless suspended or expelled for misconduct. For more information about Board Policy 5144.1, see the appendix.

CICA Discipline Philosophy

California Innovative Career Academy prides itself on meeting student needs and developing action plans to address extenuating circumstances as they arise, recognizing that many students come to the organization due to hardships that have prevented the fulfillment of their educational goals. By addressing the needs of each student directly, barriers to student success are removed.

CICA implements a philosophy that all students deserve a second chance by providing services that include individual one-on-one student counseling, a drug and alcohol rehabilitation and prevention support group called Clear Connections that meets twice a week, and a Positive Direction support group that meets once a week which focuses on a different student success theme per month. We also provide services that address criminal history and homelessness if these occurrences impede student attendance. Additional addressing of student needs include a transportation plan for adults who do not have vehicle access to and from school, a clothing and food closet for those students who are lacking basic necessities, and free child care for those students who are not able to attend class due to young children between the ages of 2 and 5 who are not school age eligible.

CICA encourages the utilization of these services to prevent student disenrollment, suspension, or expulsion when applicable. Should a disciplinary action be required, Student Success Team meetings (SSTs) and 504 plan meetings (when applicable) are organized to review the student's individual extenuating circumstances. Counselors, teachers, directors, and other assigned personnel assist in addressing student needs by creating an action plan for both the staff and the student.

School-Wide Positive Behavior Intervention and Support

The Student Success Team (SST) is a problem-solving and coordinating structure that assists students, teachers, staff, and community partners to develop positive solutions for maximizing student potential. It provides an opportunity for school staff, the adult student, community agencies, and other important people to present their concerns about an individual student. The SST focuses in-depth on one student at a time and invites the adult student to participate in finding solutions. Through discussion and study, they plan a positive course of action and assign responsibilities, as well as monitor the results of a student. This process informs individual actions for students, including referral to the formal SST

process and class-wide actions to address issues such as use of class resources, behavior management, and classroom modifications.

The following is implemented during the time of behavioral intervention:

- Asset-Based Delivery: The SST always starts with a discussion of a student's strengths/assets and develops solutions that build on these strengths
- Problem Solving: The SST gathers background information regarding the student in the areas of school, home, family, health, and collaboratively brainstorms solutions to address areas of concern.
- Service Coordination: An action plan is developed for interventions, with support implemented and designed to address the students' needs; team members are assigned responsibilities for action items.
- Monitor Results: Action items are monitored, and a follow-up SST meeting is scheduled to review the results/outcomes of interventions, make adjustments, and continue to strategize positive solutions to ensure student success.

The coordination of interventions at school, home, and the community improves student learning and provides focused, positive support to teachers, students, and staff. An SST can help students who are facing significant concerns relating to:

- Academics
- Attendance problems
- Behavioral/emotional issues
- Consideration for 504 services
- Retention
- Health issues (including substance abuse)
- Social adjustment

Tiered Behavior Intervention

Members of a Student Support Team:

- The Adult Student is always invited to participate in the decisions of their own education and goal setting.
- Designated administrator
- Teacher(s)
- Resource personnel or specialists, such as community outreach consultants, social workers, probation officers, community resources representatives, or mental health consultants
- Others invited as appropriate

All SST team members are active contributors, and the process defines special roles that some members of the team must fill to achieve the greatest positive outcome. Team members may change roles from one SST meeting to the next. However, during any meeting, each team member's role is clearly defined before the meeting begins and then maintained throughout that meeting.

Facilitator

This person facilitates the work of the team and is the SST coordinator/leader. The success of the team depends largely on this person, who guides the flow of the meeting and coordinates logistics before and after the meeting.

The facilitator directs but does not dominate the SST meetings, eliciting the most helpful contributions of the group and, most importantly, keeping a positive tone at the meeting.
The facilitator directs the process with respect for all members and accommodates the needs of the group. The facilitator reassures and supports the efforts of colleagues and students.

Recorder
The recorder is responsible for documenting the SST meeting discussion, including students' strengths, concerns, interventions, action items, and results. The recorder does this by using the Student Success Plan form or the Student Success Plan Follow-up Form.

Team Member
An effective team member is a positive contributor to the work of the team. The team members participate but do not control the flow of the meeting. Members come prepared with information about the student. Contributions that address difficult problem areas are positive, looking at constructive solutions, rather than characterizing, blaming, or stereotyping. Interventions are linked to the student's strengths.

The Adult Student as a Team Member
The Adult student is a full-fledged member of the SST, and they are always included. At the SST the student can share his/her perspective and concerns, contribute critical problem-related information from home, and share effective and ineffective home interventions. Many times, the adult student can clarify questions for the team and participate in the implementation of strategies developed by the whole team.

Outreach to Students
When connecting with students, care must be taken to ensure the most positive experience possible. Reaching out to and engaging the student is a key element in making the SST process successful. This effort involves much more than sending a written notice of a meeting or making a simple phone call. It involves extending oneself as a representative of the school and serving as a bridge for the student to the classroom and the larger school environment.

Adult students often resist this engagement. The barriers they present to any involvement may mask deeper fears or concerns. Being a student with school or social concerns can cause the student to have feelings of defensiveness or guilt. Many students may feel they will be unfairly attacked or made to feel worse than they already do in an SST meeting. They may have had former experiences with school meetings that were not successful, or they were not kept well informed, and they may be reluctant to trust another meeting at school.

The person performing the outreach/engagement role must be sensitive to these issues. Information about the purpose of the meeting must be presented with an emphasis on the shared concerns and responsibilities. An explanation of the SST process must be provided, emphasizing that the process is a collaborative strategy that builds upon the student's strengths to attain the highest degree of success for the student. The student must also be allowed to ask any questions or share any concerns s/he may have with the upcoming meeting.

Adult students may also have time, work, child care, or transportation issues that prevent participation in the meeting. The SST process must include support for students to accommodate these very real issues.

Any support provided has both symbolic and concrete meaning to students and contributes to the success of the meeting for both students and team members.

Restorative Justice Practices
Student Success Team Follow-up Practices: The action plan created at the SST meeting is only as good as the follow-up practices that ensure its implementation.

Case Management
It is very important to clearly define on the Student Success Plan who is responsible for each "action item" and to designate the administrator in charge of monitoring the implementation of the plan. This creates an accountability system that is monitored and reviewed when the team comes together again for the Follow-up SST meeting(s).

Case manager tasks may include:
- meeting with the student and with the teacher regarding the action plan
- making phone calls and/or sending reminder notes to team members regarding action items,
- and/or helping students and their families follow through with referrals to on-site and community-based services.

Feedback to the Referral Source
The administrator, or a designated member, provides the referral source with feedback in a timely manner after the initial SST meeting. Even when the referral source is unable to attend the SST meeting, it is beneficial to involve them in some ownership of the plan, particularly classroom strategies, modifications and adaptations.

Student/Family Support
Working with students to be a part of the plan and to undertake actions on their own behalf is an important part of the follow-up. The student has to feel that s/he has some control over their own goals and plans, and that school staff are their allies, rather than the ones who have all the control. During the SST meeting the student is an equal partner in developing the action plan. The assigned administrator or another staff member who has a relationship with the student may want to check in with the student periodically to offer support toward implementing action items.

Ongoing monitoring of student progress
At the end of every initial SST, a follow-up SST meeting date is set, preferably within 4-6 weeks. At the follow-up SST meeting action items are reviewed and student progress is discussed. The follow-up SST meeting is documented on the Student Success Plan Follow-up Form. The action plan may need to be modified and additional interventions added depending on student progress.

Communicating, Teaching, and Modeling: Suspension Alternatives through Professional Development
Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. CICA staff are trained and annually review de-escalation strategies for students in crises. These strategies focus on developing relationships with students, identifying and avoiding, when possible, triggers for undesirable behavior, and stabilize students who have been triggered safely through the use of de-escalation techniques.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians[3], during assigned time for supervised academic support or restorative conferencing, either virtually or in person., community service, use of alternative educational environments, suspension, expulsion, and involuntary removal.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Pupil Suspension and Expulsion Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from learning opportunities, meetings, and optional program events during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom CICA has a basis of knowledge of a suspected disability pursuant to the IDEIA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when federal and state law mandates additional or different procedures. CICA will follow all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom CICA has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students and shall notify the District of the same.

No student shall be involuntarily removed by the Charter School for any reason unless the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student, and shall inform him or her of the right to initiate the procedures specified below for suspensions, before the effective date of the action. If the student initiates the procedures specified below for suspensions, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision.

As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the suspension and expulsion procedures described below.

In-School Suspension

Authorization and Implementation of In-School Suspensions

In-school suspension at CICA is structured through enrollment in the school's targeted support track within the Independent Study Program. This track includes mandatory advisor check-ins, access to credit recovery resources, and scheduled tutoring—either in person or virtually—as appropriate. CICA offers in-school suspension as a means of reducing time missed from learning for behavioral issues.

[3] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

Should the need for in-school suspension arise due to a violation of student conduct violations, as defined by the California Innovative Career Academy's Student Handbook, in-school suspension will be served through the enrollment of and attendance in the California Innovative Career Academy Alternative Education/Independent Study Program. An assigned advisor will work with the student to arrange a schedule for the student to engage in credit recovery and after-school tutoring as needed to ensure she is able to keep up with his/her school work while on suspension. Grounds for in-school suspension shall not exceed grounds for expulsion as defined by the Student Expulsion policy. Notification procedures and the maximum number of days for in-school suspension per incident as well as academic year are the same as out-of-school suspensions.

To ensure that CICA adequately provide safety for students, staff, and visitors to the school and serve the best interests of students, in-school suspension will not be offered to any student who:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel, or
- Made terrorist threats against school officials or school property, or both.

Grounds For Suspension And Expulsion

Scope of Disciplinary Jurisdiction

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time, including but not limited to: a) while on any school-affiliated site, including learning centers, during in-person appointments, or participating in any school-sponsored activity, whether virtual or in person; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

Suspension Offenses

Discretionary Suspension Offenses

Students may be suspended for any of the following acts when it is determined the student:

A. Caused, attempted to cause, or threatened to cause physical injury to another person.
B. Willfully used force of violence upon the person of another, except self-defense.
C. Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code 11053-11058, alcoholic beverage, or intoxicant of any kind.
D. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage, or intoxicant.
E. Committed or attempted to commit robbery or extortion.
F. Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.
G. Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

H. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
I. Committed an obscene act or engaged in habitual profanity or vulgarity.
J. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
K. Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
L. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
M. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
N. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
O. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
P. Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or his or her immediate family. Students may be also recommended for expulsion for conduct described in this provision.
Q. Committed sexual harassment, as defined in Education Code § 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive. Students may be also recommended for expulsion for conduct described in this provision.
R. Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive. Students may be also recommended for expulsion for conduct described in this provision.

S. Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students, in a sufficiently severe or pervasive nature, to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive. Students may be also recommended for expulsion for conduct described in this provision.

T. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act (defined as the transmission of a communication, including, but not limited to, a message, text, sound, or image, or a post on a social network Internet Web site, or an act of cyber sexual bullying, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager) directed specifically toward a student or school personnel.

1. "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including acts one or more acts committed by a student or group of students which would be deemed sexual harassment, hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
    iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
2. "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video or image.
    ii. A post on a social network Internet website including, but not limited to:
        a. Posting to or creating a burn page. A "burn page" means an internet website created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
        b. Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

c. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness of attributes of an actual student other than the student who created the false profile.

iii. An act of cyber bullying.

a. For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

b. For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3. Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

U. A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (A) and (B).

V. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director's and/or Director of Instruction & Professional Learning (or assigned designee's) concurrence.

W. Cheated on school classwork or otherwise has acted in an unethical manner as determined by the Administration based upon school policies and guidelines.

Non-Discretionary Suspension Offenses/Non-Discretionary Expulsion Offenses
Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

A. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Executive Director's and/or Director of Instruction & Professional Learning (or assigned designee's) concurrence.

B. Brandished a knife at another person

C. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

D. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

Out-Of-School Suspension Procedures

Suspension Authority
CICA will ensure that the process for investigating incidents and collecting evidence will be fair and thorough before a student is suspended. A student may only be suspended by the Executive Director's and/or Chief Academic Officer, or in the case of the Executive Director and Chief Academic Officer's absence or inability to carry out proper suspension procedures, an assigned designee.

Conference
Suspension will be preceded, if possible, by a conference conducted by the Executive Director's and/or Chief Academic Officer or an assigned designee with the student and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Executive Director's and/or Chief Academic Officer and Instruction or assigned designee.
The conference may be omitted if the Executive Director's and/or Director of Instruction & Professional Learning or an assigned designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety, or health of students or charter school personnel. If a student is suspended without this conference, the student will be notified of the student's right to return to school for the purpose of a conference.
At the conference, the student will be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension, and the evidence against him or her and will be given a meaningful opportunity to present his or her version and evidence in his or her defense. This conference will be held within two school days, unless the student waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student at the conference.

Student Notification
Students will have due process rights with regard to suspensions and expulsions. At the time of the suspension, an administrator or designee will make a reasonable effort to contact the student by telephone or in person. Initial contact will be followed by a written notice. This notice will state the specific offense(s) committed by the student. In addition, the notice will also state the date and time the student may return to school.

Maximum Suspension
The length of the suspension will be determined by the Executive Director and/or the Chief Academic Officer or an assigned designee based on the severity of the offense(s), as evidenced by witness statements, physical evidence, and other relevant factors. For students with IEPs, the students SST team will consult with the Executive Director and/or the Chief Academic Officer or an assigned designee on additional factors that are relevant to the decision. The length of suspension for students may not exceed a period of 5 consecutive days per suspension. The total number of days for which a student may be suspended from school shall not exceed 20 school days in any school year.

Meaningful Education for Suspended Students

A student on suspension will be provided meaningful access to education during the term of the suspension. An advisor of the suspended student will collect and provide the student with classroom material and current assignments to be completed at home during the length of the suspension. Missed tests will also be coordinated to be completed either at home or upon return. Written notification listing all required assignments will be given to the student and all needed materials will be left in the front office.

In accordance with Education Code § 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code § 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

Suspension Pending the Outcome of an Expulsion Process

Upon a recommendation of expulsion by the Executive Director and/or the Chief Academic Officer or Administrative Panel, the student or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Executive Director and/or Chief Academic Officer or Administrative Panel upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others or property. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing. The maximum number of days a student may be suspended is thirty days (30) unless the expulsion hearing is postponed for good cause, in which case the suspension could be extended further. Procedures for providing a student on suspension with meaningful access to education during the term of the suspension pending the outcome of an expulsion process is outlined above in the section titled, "In School Suspension."

Expulsion Procedures

Prior to making an expulsion recommendation, students will be provided adequate notice of the reason for disciplinary actions and a meaningful opportunity to be heard by invitation to a conference to determine if the student should be placed on suspension or if an existing suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Executive Director and/or Director of Chief Academic Officer (or assigned designee) upon either of the following findings:

- The student's presence will likely be disruptive to the educational process
- The student poses a threat or danger to others or property.

Upon this determination, the student placed on suspension or will have his/her suspension extended pending the results of an expulsion hearing.

Students will be recommended for expulsion if at least one of the following findings may be substantiated:

- Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- Due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

Authority to Expel
As required by Education Code § 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law. A student may be expelled either by the CICA Board following a hearing before it or by the CICA Board upon the recommendation of the Executive Director and/or the Chief Academic Officer or a neutral and impartial Administrative Panel may be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a Board member of the Charter School's governing board. The Executive Director and/or the Chief Academic Officer or Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the CICA Board of Directors shall make the final determination.

Mandatory Recommendation for Expulsion
Students must be expelled for any of the following acts when it is determined pursuant to the procedures below that the student:

A. Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object unless, in the case of possession of any object of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Executive Director's and/or Director of Instruction & Professional Learning (or assigned designee's) concurrence. Possession of an imitation firearm is not an offense for which suspension or expulsion is mandatory.
B. Brandished a knife at another person.
C. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053-11058.
D. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined by Penal Code Section 243.4.
E. Possession of an explosive.

If it is determined by the Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such a term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.
A decision to expel a pupil shall be based on a finding that other means of correction are not feasible or have repeatedly failed to bring about proper conduct, or that due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

Discretionary Recommendation for Expulsion
Students shall be recommended for expulsion, unless the Executive Director or the Executive Director's designee determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the following acts:

A. Causing serious physical injury to another person, except in self-defense.
B. Possession of any knife or other dangerous object of no reasonable use to the pupil.
C. Unlawfully possessing any controlled substance, as defined in Health and Safety Code Sections 11053-11058 except for either the first offense of possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis, or the possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil be a physician.
D. Robbery or extortion.
E. Assault or battery, as defined in Penal Code Sections 240 and 242, upon any Charter School employee.

Expulsion Procedures
Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing will be held within thirty (30) school days after the Executive Director and/or the Chief Academic Officer or an Administrative Panel or designee determines that the student has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under FERPA) unless the student makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded to the student at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing,
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based,
3. A copy of CICA disciplinary rules which relate to the alleged violation,
4. Notification of the student's obligation to provide information about the student's status at CICA to any other school district or school to which the student seeks enrollment,
5. The opportunity for the student to appear in person or to employ and be represented by counsel or a non-attorney advisor,

6. The right to inspect and obtain copies of all documents to be used at the hearing,
7. The opportunity to confront and question all witnesses who testify at the hearing, and
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Reasonable accommodations, including language support for a student who has a primary language other than English will be made available at the hearing, upon request.

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses
CICA may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the CICA Board or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time s/he testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. CICA must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which s/he may leave the hearing room.
4. The person or panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.The person or panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours s/he is normally in school, if there is no good cause to take the testimony during other hours.
5. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person or panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
6. If one or both of the support persons is also a witness, CICA must present evidence that the witness' presence is both desired by the witness and will be helpful to CICA. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom s/he believes is prompting, swaying, or influencing the witness.
7. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

8. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
9. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing
A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence
While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The Decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

Written Notice to Expel
The Executive Director and/or the Chief Academic Officer or an Administrative Panel, following a decision of the Board to expel, shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's obligation to inform any new district in which the student seeks to enroll of the student's status with CICA.

The Executive Director and/or the Chief Academic Officer or an Administrative Panel, shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

Disciplinary Records
CICA shall maintain records of all student suspensions and expulsions at CICA. Such records shall be made available to the authorizer upon request.

No Right to Appeal
The student shall have no right of appeal from expulsion from CICA as CICA Board's decision to expel shall be final.

Expelled Students/Alternative Education
CICA shall ensure that students suspended from CICA are provided with an appropriate alternative educational program (class work and homework assignments, etc.) during the period of the student's suspension from school. Whenever a student is expelled from CICA, CICA shall notify the student and the student in writing of the student's duty to attend the public school district in which the residency of either the parent or legal guardian is located. CICA shall also notify the public school district in which the residency of either the parent or legal guardian is located whenever a student is expelled from CICA.

Rehabilitation Plans
Rehabilitation Plans, Criteria, and Expulsion
Students who are expelled from CICA shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to CICA for readmission.

Readmission
The decision to readmit a student or to admit a previously expelled student from another school district or charter school shall be in the sole discretion of the Board following a meeting with the Executive Director or designee and the student and guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The student's readmission is also contingent upon CICA capacity at the time the student seeks readmission.

Notice to Teachers
The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code § 49079 and the corresponding enumerated offenses set forth above.

Element K Employee Retirement Systems

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." (Ed. Code § 47605(c)(5)(K).)

Retirement Systems for Certificated, Classified, and Other Staff Members

All full-time certificated employees at California Innovative Career Academy (CICA) participate in a qualified retirement plan, including, but not limited to, the State Teachers Retirement System (STRS) or the federal Social Security system based on their eligibility to participate. CICA teachers participate in STRS. Non-certificated/classified staff participate in a 401a defined contribution plan.

CICA employees may be eligible to participate in school-sponsored retirement and benefit plans, as outlined in policies adopted by the Board of Directors. In the event that the Internal Revenue Service enacts regulations prohibiting nonprofit entities from participating in publicly funded retirement systems such as the California State Teachers' Retirement System (CalSTRS), employees will instead be enrolled in Social Security and/or an alternative employer-sponsored retirement plan approved by the CICA Board. Prospective employees are informed of their retirement system options during the application process and advised that employment with CICA may affect their eligibility for continued participation in a previous retirement system.

The Executive Director is responsible for ensuring appropriate retirement coverage is arranged for all staff. To support recruitment and retention of highly qualified personnel, CICA offers a competitive compensation and benefits package that reflects market conditions and professional experience.

STRS reporting is conducted in collaboration with Charter Impact, CICA's contracted fiscal services provider specializing in payroll taxes and CalSTRS compliance. While contributions and deductions are processed through CICA's internal payroll department, Charter Impact oversees all reporting, auditing, and submission of required documentation to CalSTRS. The CICA Finance Department performs regular reconciliations to ensure accuracy and alignment with STRS liability reporting cycles.

Element L Public School Attendance Alternatives

"The public school attendance alternatives for students residing within the school district who choose not to attend charter schools." (Ed. Code § 47605(c)(5)(L).)

Informing Students of Public School Attendance Alternatives

No student may be required to attend California Innovative Career Academy (CICA). Students who reside within the District who choose not to attend CICA may attend school according to District policy or at another school district or school within the District in accordance with existing enrollment and transfer policies of their district or county of residence. [34]Each student enrolled in CICA is informed on admissions forms that the students have no right to admission in a particular school of a local education agency (or program of any local education agency) as a consequence of enrollment in CICA, except to the extent that such a right is extended by the local education agency. This information is also communicated to families through orientation materials and enrollment staff, who are available to answer questions and provide support in multiple languages as needed.

While no K-12 attendance alternatives exist for students enrolled at CICA with the exception of HCCS there are a number of adult education programs that may serve to meet adult students educational needs.

Sacramento City Unified School District (SCUSD): The Charles A. Jones Career and Education Center offers academic and career training, including ESL, US citizenship classes, and high school completion. It also provides online career training programs in areas like business, health, and computer science, with financial aid available for qualified students.
Twin Rivers Adult School: Offers ESL, adult high school, and career education programs, including those in skilled trades and workforce preparation.
Elk Grove Adult and Community Education: Provides workforce training and other educational opportunities, including paraprofessional certification and support for job seekers.
Natomas Unified School District Adult Education: Provides opportunities for college and career readiness, GED and high school diploma preparation, ESL, and US citizenship classes.
Folsom Cordova Adult School: Located in Rancho Cordova, this is another school within the Capital Adult Education network.
Encina Adult Center: Located in the Arden Arcade area, this center offers a range of academic and career training classes through the San Juan Unified School District.

Element M Rights of District Employees

"The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school." (Ed. Code § 47605(c)(5)(M).)

No public school employee will be required to work at CICA. Employees of the District who choose to leave the employment of the District to work in the Charter School will have no automatic rights of return to the District after employment by CICA unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District.

All employees of CICA will be considered the exclusive employees of CICA and not of Twin Rivers (TRUSD), for the purposes of the Education Employment Relations Act, unless otherwise mutually agreed in writing. Employment by CICA provides no rights of employment at any other entity, including any rights in the case of closure of CICA.

CICA has a board approved Employee Handbook which outlines employee rights as well as employee responsibilities. The Employee Handbook for 2024-2025 is linked in the appendix.

Employee Representation

CICA shall be deemed the exclusive public school employer of the employees of CICA for the purposes of the Education Employment Relations Act ("EERA"). CICA shall comply with the EERA.

CICA is independent from Twin Rivers Unified School District, and any District employees who choose to work at CICA shall resign their status as employees of Twin Rivers Unified School District or other school district and all of their rights and benefits thereof. All persons employed by CICA shall not be deemed to be employees of Twin Rivers Unified School District for any purpose whatsoever. CICA employees shall have no employment rights of any kind with Twin Rivers Unified School District.

CICA will develop and maintain an Employee Handbook detailing the rights and responsibilities of all CICA employees and shall comply with all anti-discrimination and sexual harassment employment laws applicable to public agencies. On or before the first day of operation, and by August 1 of each subsequent year, CICA shall provide Twin Rivers Unified School District with two (2) copies of the Employee Handbook. CICA shall annually update and revise the Employee Handbook to reflect changes in the law and/or policies. CICA shall be solely responsible for the hiring and compensation of CICA employees, including but not limited to, salary, health benefits, sick leave, vacation, and retirement benefits. Twin Rivers Unified School District shall have no obligation to provide beginning teacher support or assessment to any CICA teacher or employee.

Governing Law: Except for the requirement that a pupil be a California resident, subdivision (b) of Section 47612 shall not apply to a charter school program that provides instruction exclusively in partnership with any of the following:

- The federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 3101, et seq.).

- Federally affiliated Youth Build programs.
- Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.
- The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14406 or 14507.5 of the Public Resources Code.

-- California Education Code § 47612.1.

Governing Law: Notwithstanding any other provision of law, the jurisdictional limitations set forth in this section do not apply to a charter school that provides instruction exclusively in partnership with any of the following:

- The federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 3101 et seq.).
- Federally affiliated Youth Build programs.
- Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.
- The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14507.5 or 14406 of the Public Resources Code.
- Instruction provided to juvenile court school pupils pursuant to subdivision (b) of Section 42238.18 or pursuant to Section 1981 for individuals who are placed in a residential facility.

-- California Education Code § 47605.1 (f).

Element N Mandatory Dispute Resolution

"The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter." (Ed. Code § 47605(c)(5)(N).)

Disputes Arising from within CICA

It is the intent of Twin Rivers Unified School District and CICA that complaints and disputes be resolved quickly and informally in an atmosphere of cooperation whenever possible.

Complaints regarding the operation of CICA, which do not involve Twin Rivers Unified School District liability or issues of student health or safety, will be forwarded to CICA for processing according to procedures adopted by CICA, prior to being addressed by Twin Rivers Unified School District. CICA procedures shall include reasonably expeditious timelines and a full opportunity for parents/guardians of any students who are minors directly affected to express their concerns. Twin Rivers Unified School District will not address the dispute if CICA can fully resolve the problem unless CICA requests Twin Rivers Unified School District's involvement.

Disputes between CICA and Twin Rivers Unified School District

CICA recognizes that it cannot bind Twin Rivers Unified School District to a dispute resolution procedure to which Twin Rivers Unified School District does not agree. The policy below is intended as a starting point for a discussion of dispute resolution procedures. CICA is willing to consider changes to the process outlined below as suggested by Twin Rivers Unified School District. CICA and Twin Rivers Unified School District will be encouraged to attempt to resolve any disputes with CICA amicably and reasonably without resorting to formal procedures.

In the event of any dispute between CICA and Twin Rivers Unified School District, excluding revocation of the Charter but including audit exceptions and deficiencies, the complaining party shall prepare a written statement of the dispute, which shall be simultaneously submitted to Twin Rivers Unified School District's Superintendent or designee, and the Executive Director of HCCTS. The Executive Director and the Superintendent or designee shall meet and confer within five (5) business days from the date of receipt of the written statement and attempt to resolve the dispute. In the event the matter is not resolved, the parties shall identify two members of their respective governing boards who shall meet with the Superintendent or designee, and the Principal within ten (10) business days and attempt to resolve the dispute. If this meeting fails to resolve the dispute, either party shall, within five (5) business days following the meeting, submit the matter first to the Sacramento County Superintendent of Schools. The parties agree to be bound by the County Superintendent's decision and shall indicate as such when submitting the matter to the County Superintendent. If the County Superintendent declines to hear the matter, the parties may agree to submit their dispute to a mutually agreeable mediator for resolution in accordance with any procedure determined and prescribed by the mediator and agreed to by the parties. Review by the County Superintendent or mediator to be held no later than forty-five (45) business days of receipt of the initial dispute statement. If the parties are unable to resolve the matter before a mutually agreeable mediator, they may pursue any other remedy available at law. The cost of the mediator shall be equally split between the parties.

CICA shall timely notify Twin Rivers Unified School District of any and all complaints filed against

CICA by its employees, students, parents, and vendors, involving violations of the Charter, the MOU, state or federal law, or alleged financial mismanagement.

Revocation Protocol

CICA and Twin Rivers Unified School District agree that the dispute resolution procedure set forth above shall not apply to any matter that could lead to revocation of the Charter. Prior to revocation of the Charter, Twin Rivers Unified School District shall provide CICA with written notice of its belief and an opportunity to meet with and respond to Twin Rivers Unified School District within a reasonable time, which shall be not less than five (5) business days, prior to issuing a written notice to "cure and correct," unless Twin Rivers Unified School District determines in writing that the violation constitutes a severe and imminent threat to the health or safety of the pupils in accordance with Education Code § 47607(g) and its implementing regulations. Thereafter, if Twin Rivers Unified School District determines that revocation is warranted, it shall comply with the procedures set forth in Education Code § 47607.

Potential Civil Liability Effects

Governing Law: Potential civil liability effects, if any, upon the charter school and upon the school district. (California Education Code § 47605(h).)

CICA shall be operated by a California nonprofit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code § 47604(d), an entity that grants a charter to a charter school operated by a non-profit public benefit corporation shall not be liable for the debts or obligations of CICA or for claims arising from the performance of acts, errors, or omissions by CICA if the authority has complied with all oversight responsibilities required by law. CICA shall work diligently to assist Twin Rivers Unified School District in meeting any and all oversight obligations under the law, including monthly meetings, reporting, or other District-requested protocol to ensure CICA shall not be liable for the operation of CICA.

Further, CICA and Twin Rivers Unified School District shall enter into a memorandum of understanding, wherein CICA shall indemnify Twin Rivers Unified School District for the actions of CICA under this charter.

The corporate bylaws of CICA shall provide for indemnification of the Twin Rivers Unified School District's Board, officers, agents, and employees, and CICA will purchase general liability insurance, Board Members and Officers insurance, and fidelity bonding to secure against financial risks.

As stated above, insurance amounts will be determined by recommendation of Twin Rivers Unified School District and the Twin Rivers Unified School District insurance company for schools of similar size, location, and student population. Twin Rivers Unified School District shall be named an additional insured on the general liability insurance of CICA.

The CICA Board will institute appropriate risk management practices as discussed herein, including

screening of employees, establishing codes of conduct for students, and dispute resolution.

Element O Charter School Closure Procedures

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." (Ed. Code § 47605(c)(5)(O).)

The following procedures shall apply in the event CICA closes, regardless of the reason for closure. Closure of CICA shall be documented by official action of the Board of Directors of CICA. The action shall identify the reason for closure and designate an entity and individual(s) responsible for closure-related activities. The CICA Board shall promptly notify Twin Rivers Unified School District (TRUSD), within ten (10) business days, of the closure and the effective date of the closure. Closure initiated by the CICA Board shall not take effect before the end of the normal school year in June unless agreed to in writing by TRUSD.

The entity responsible for implementing the closure procedures shall be experienced in the dissolution and closure of public educational programs and shall comply with all legal requirements regarding the confidentiality of student records. The Chair of the Board of Directors shall serve as the official contact for purposes of implementing the closure protocol set forth in the Charter and its plan for maintaining and transferring student records, payment of debts and liabilities, and distribution of remaining assets.

The CICA Board of Directors shall also notify the Sacramento County Office of Education, the School's SELPA, the retirement systems in which the School's employees participate and the California Department of Education of the closure, as well as the effective date of the closure. This notice shall include the name(s) and contact information of the person(s) to whom reasonable inquiries may be made regarding the closure; the students' school districts of residence; the manner in which parents/guardians (in the case of a minor) and adult students may obtain copies of student records, including specific information on completed courses and credits that meet graduation requirements; and student contact information, which shall also be promptly provided to TRUSD.

The CICA Board of Directors shall also develop a list of students in each grade level and the classes they have completed, together with information on each student's district of residence, which the Board shall provide to the entity responsible for closure-related activities. The CICA Board of Directors shall ensure timely notification to the parents and students of the School of the closure and provide information to assist them in locating suitable alternative programs. This notice shall be provided within ten (10) business days following CICA's decision to close the School.

As applicable, CICA will provide parents, students, and TRUSD with copies of all appropriate student records and will otherwise assist students in transferring to their next school. CICA will ask TRUSD to store original records of CICA students. If TRUSD is unable or unwilling to store the records, CICA will work with the Sacramento County Office of Education to determine a suitable alternative location for storage. All transfers of student records shall be made in compliance with the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g.

All state assessment results, special education records, and personnel records shall be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as is reasonably practical, CICA shall prepare final financial records. Within six (6) months following the date of closure, CICA shall also have an independent audit completed. The audit shall be paid for by CICA using its Reserve Fund and shall be conducted according to standards for public school audits by a qualified Certified Public Accountant experienced in public school audits, selected by CICA. The audit shall be provided to TRUSD promptly upon completion. The final audit shall include an accounting of all financial assets, including cash and accounts receivable; an inventory of property, equipment, and other items of material value; an accounting of liabilities, including accounts payable, any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation; and an assessment of the disposition of any restricted funds received by or due to CICA.
CICA shall complete and file any annual reports required pursuant to Education Code § 47604.33.

Upon closure of CICA, all assets of CICA, including but not limited to all leaseholds, personal property, intellectual property, and all ADA apportionments and other revenues generated by students attending CICA, after payment of debts and liabilities and refunds to applicable agencies, shall be distributed in accordance with CICA's Articles of Incorporation to another California public educational entity. Any assets acquired from TRUSD will be promptly returned to TRUSD upon closure. The distribution shall include the return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or applicable state and federal law, including the submission of final expenditure reports and final performance reports. Donated materials and property shall be returned in accordance with any conditions established when the donation was accepted.

On closure, CICA shall remain solely responsible for all liabilities arising from the operation of the School. As CICA is operated by a nonprofit public benefit corporation, should the corporation dissolve upon closure, the Board shall follow the procedures set forth in the California Corporations Code for the dissolution of a nonprofit public benefit corporation and file all necessary documents with the appropriate state and federal agencies.
As specified by the Budget in the Appendix, CICA will utilize its Reserve Fund to undertake any expenses associated with the closure procedures identified above.

CICA Material Revision Presentation 1.13.26

Purpose

- This Material Revision cures the Notice Of Violation of the Charter regarding locations.

- If the Material Revision is not approved CICA will occupy only the locations listed in MOU Amendment No. 3

Updates to the Material Revision

- Addresses locations only
- No educational program updates

Material Revision Updates - Locations

The locations requested in the material revision consolidate operations to 13 student serving locations in Sacramento county.

13 Student Serving Sites:

- 33rd St. (2520 33rd St, Sacramento, CA 95817)
- 37th Ave. (3301 37th Avenue, Sacramento, CA 95824)
- Boxwood St. (2260 Boxwood Street, Sacramento, CA 95815)
- Center Pkwy. (7839 Center Parkway, Sacramento, CA 95823)
- College Oak Dr. (4545 College Oak Drive, Sacramento, CA 95841)
- Folsom Blvd. (10017 Folsom Blvd, Sacramento, CA 95827)
- Franklin Blvd. (5961 Franklin Blvd, Sacramento, CA 95824)
- Grand Ave (1333 Grand Ave, Sacramento, CA 95838)
- Howe Ave. (1111 Howe Avenue, Sacramento, CA 95825)
- Industrial Pkwy. (8180 Industrial Parkway, Sacramento, CA 95824)
- Marconi Ave. (3727 Marconi Ave, Sacramento, CA 95821)
- Old Auburn Rd. (7817 Old Auburn Road, Citrus Heights, CA 95610)
- Todhunter Ave. (800 Todhunter Avenue, West Sacramento, CA 95605)

2 Administrative Support Locations:

- Arden Way (901 Arden Way, Sacramento, CA 95815)
- Florin Rd. (3801 Florin Road, Suite 107, Sacramento, CA 95823)

CICA has fully cured all issues in the NOV

Material Revision is Cure to One of the Issues

1.Material revision would cure the issues pertaining to site locations and update the petition to current law.

2.Credential misassignments fully cured through hiring K-12 credentialed teachers.

3.Audit has been turned in, fully curing the failure to turn in an audit.

4.Out-of-County lease in San Diego has been terminated and new policies adopted to prevent similar issues in the future, fully curing the concern about fiscal mismanagement.

5.Alleged violation of WIOA Exclusive Partnership Agreement fully cured through disenrollment of non-WIOA students and closure of the program in question.

6.Instructional minutes concern fully cured through new Board policies on class size and re-engagement of students with attendance issues, staff training on those policies and implementation.

7.Concern about serving grade levels not authorized in the charter is refuted because the CICA charter authorizes all grade levels.

HIGHLANDS
COMMUNITY CHARTER AND TECHNICAL SCHOOLS

7150.5 BP School Site Opening and Closure Policy

Board Policy

Highlands Community Charter and Technical Schools (HCCTS) establishes this policy to guide the opening and closure of school sites, ensuring that these decisions are made responsibly, transparently, and in compliance with applicable laws and all agreements with the School's Authorizer. This policy provides criteria and procedures for both opening and closing school sites.

Purpose

To outline the standards and steps for evaluating and implementing the opening and closure of HCCTS school sites, prioritizing the educational needs of students, staff well-being, community impact, and operational stability.

Scope

This policy applies to all school sites operated by HCCTS and authorized by the Authorizer of the Charter School.

Criteria for Site Opening

In considering opening any potential site HCCTS shall produce written documentation of having considered the following key criteria to be presented to the Authorizer and the HCCTS Board of Directors.

- **Community Demand**: The identified need within the community for education services, supported by demographic data or community requests.
- **Educational Purpose**: The potential site serves the educational needs of students enrolled in HCCTS schools either through direct instruction or the support services necessary and appropriate to facilitate instruction.
- **Geographic Proximity**: The potential site is appropriately located within the area(s) HCCTS is authorized to operate in.
- **Financial Feasibility**: Sufficient funding and resources are available to establish and operate the site sustainably.
- **Facility Suitability**: The potential site meets the safety, accessibility, and compliance standards required for educational facilities.
- **Workforce Readiness**: Availability of qualified staff to support

educational and operational needs at the new site.

Criteria for Site Closure

HCCTS may consider closing a school site under one or more of the following conditions:

- **Enrollment Declin**e: Persistent decline of at least 20% in enrollment over three consecutive years.
- **Fiscal Constraints**: Site usage doesn't support the ongoing costs associated with the facility.
- **Facility Condition**: Structural issues or safety hazards that impair the ability to operate safely.
- **Educational Adequacy**: Limitations in space or resources that prevent maintaining educational standards.
- **Community Needs**: Demographic changes leading to low site utilization.
- **Property Agreement**: Expiration of lease or property agreements that cannot be renewed.

District Approval Requirement

- Prior to opening, relocating, expanding, or establishing operations at any new school site, satellite location, or resource center, HCCTS shall obtain written approval from the Authorizer.
- The HCCTS Board shall not take action to approve any new or relocated site until the Authorizer's written approval is included in the Board agenda packet and presented publicly at the Board meeting.
- No facility shall open, operate, or serve students until HCCTS has received, documented, and retained the Authorizer's written approval in accordance with this policy.
- All documentation of District approval shall be maintained in HCCTS' official records and provided to the Authorizer upon request.

Compliance

This policy will adhere to relevant legal requirements, including:

- California Education Code: Adherence to state guidelines for school site operations.
- The Authorizer's and HCCTS Policies: Alignment with district and school standards for site management.
- Charter School Law: Compliance with charter-specific regulations, including required notifications and transition processes
- The HCCTS board shall approve any site closure prior to any action taken.
- HCCTS will provide the Authorizer a minimum of 30 days notice of any

Board approved site closures.

Approved: December 5, 2024
Revised: December, 2, 2025

Preface

Highlands Community Charter and Technical Schools (HCCTS), a California Public Benefit Corporation, is submitting this Charter Petition to start California Innovative Career Academy (CICA). This petition represents an opportunity for Twin Rivers Unified School District to have a greater number of its parents and other adult community members served, such that they can receive the opportunity to earn a high school diploma, and thus also help the children of the district. Since there is a limited amount of consortium dollars that are available to fund Twin Rivers Adult School, California Innovative Career Academy will further extend Twin Rivers' capability to serve these adult students without taking away resources from its own schools, just as California Innovative Career Academy has already extended Twin Rivers' ability to serve parents and other adults without losing resources.

The reason HCCTS wishes to start California Innovative Career Academy separate from its existing California Innovative Career Academy is simple: the current charter school is classroom-based, which means that all students must have at least 80% of their days of attendance within a classroom. However, most adults need to work, and even with a part-time job, they often cannot make the state mandated number of hours of classroom attendance. Thus, by having the Independent Study School, we would be able to help more of our community members, including many Twin Rivers Unified School District parents, succeed.

HCCTS respectfully submits this charter petition material revision request to the Twin Rivers Unified School District, seeking to continue the effective work of serving adult students in Sacramento County. California Innovative Career Academy requests to operate at the 13 sites detailed below.

Assurances, Affirmations, and Declarations

As the authorized lead petitioner, I, Jonathan Raymond, hereby certify that the information submitted in this application for California Innovative Learning Academy, located within the boundaries and authority limits of the Twin Rivers Unified School District, is true to the best of my knowledge and belief; I also certify that this petition does not constitute the conversion of a private school to the status of a public charter school. California Innovative Career Academy(also referred to herein as "CICA" and "Charter School") shall:

- California Innovative Career Academy will commence services prior to September 30, 2019. The target date for the beginning of instruction is July 8, 2019: which will ensure compliance with Education Code Section 47652(c).

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations.

- Not charge tuition.

- Not discriminate against any pupil on the basis of the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics). [Ref. Education Code Section 47605(e)(1)] The Charter School shall also comply with AB 715 (2025).

- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)

- Admit all pupils who wish to attend Charter School and who submit a timely application, unless CICA receives a greater number of applications than there are spaces for students, in which case each application will be given equal chance of admission through a public random drawing process. Except as required by Education Code Section 47605(e)(2), admission to CICA shall not be determined according to the place of residence of the student or of that student's parent or legal guardian within the State. Preference in the public random drawing shall be given as required by Education Code Section 47605(e)(2)(B)(i)-(iv). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of CICA in accordance with Education Code Section 47605(e)(2)(C). (Ed. Code § 47605(e)(2)(A)-(C).)

- If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades and health information. If the pupil is subsequently expelled or leaves Charter School without graduating or completing the school year for any reason, the school district shall provide this information to the Charter School within 30 days if the Charter School demonstrates that the pupil had been enrolled in the Charter School. [Ref. Education Code Section 47605(e)(3)]

- The Charter School may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. [Ref. Education Code Section 47605(n)]

- The Charter School shall adhere to each of the conditions in Education Code Section 47605(e)(4)(A)-(D), including: (A) not discouraging a student from enrolling or seeking to enroll in the Charter School for any reason; (B) not requesting a student's records or requiring a parent, guardian, or student to submit the student's records before enrollment; (C) not encouraging a student currently attending the Charter School to disenroll or transfer to another school for any reason; and (D) providing a copy of the California Department of Education ("CDE") notice

regarding the requirements in Education Code Section 47605(e)(4)(A)-(D) to a parent/guardian or student if the student is 18 years of age or older: (i) when a parent/guardian or student inquires about enrollment, (ii) before conducting an enrollment lottery, or (iii) before disenrollment of a student. [Ref. Education Code Section 47605(e)(4)(A)-(D)]

- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non- charter public schools. (Ed. Code § 47605(d)(1).)

- Consult, on a regular basis, with Charter School's students and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)

- Adhere to all provisions of federal law related to students with disabilities including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities in Education Improvement Act of 2004.

- Meet all requirements for employment set forth in applicable provisions of law, including, but not limited to credentials, as necessary.
- Ensure that teachers in the Charter School hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. The Charter School may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in accordance with all of the requirements of the applicable statutes or regulations, in the same manner as a governing board of a school district. [Ref. Education Code Section 47605(l)(1)]

- At all times maintain all necessary and appropriate insurance coverage.

- For each fiscal year, offer at a minimum, the number of minutes of instruction per grade level as required by Education Code § 47612.5(a)(1)(A)-(D).

- Maintain accurate and contemporaneous written records that document all pupil attendance and make these records available for audit and inspection.

- On a regular basis, consult with its students, parents and teachers regarding CICA education programs. (Ed. Code § 47605(d).)

- Comply with any applicable jurisdictional limitations to locations of its facilities.

- Comply with all laws establishing the minimum and maximum age for public school enrollment.

- Comply with all applicable portions of the Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by the Every Student Succeeds Act ("ESSA").

- Comply with the Public Records Act.

- Comply with the Family Educational Rights and Privacy Act.

- Comply with the Ralph M. Brown Act.

- Comply with Government Code Section 1090, *et seq.*, as set forth in Education Code Section 47604.1.

- Comply with the Political Reform Act, Government Code Section 81000, *et seq.*

- Meet or exceed the legally required minimum of school days. (Title 5 California Code of Regulations § 11960.)
- Comply with the provisions of AB 49 (2025) including but not limited to provisions relating to the collection and disclosure of information or documents regarding citizenship or immigration status of students or their family members.
- Charter School declares that it shall be deemed the exclusive public school employer of Charter School's employees for the purposes of the Educational Employment Relations Act.

January 2, 2026.

Element 1: The Educational Program

***Governing Law*: The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.**

-- California Education Code Section 47605 (c) (5) (A) (i)

***Governing Law*: The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.**

-- California Education Code Section 47605 (c) (5) (A) (ii)

In accordance with California Education Code Sections 47605.1(f) and 47612.1, all instruction with CICA will be provided exclusively in partnership with the Greater Sacramento Urban League, a WIOA-funded organization, or other legally allowed exclusive partnership. Adult students who meet the terms of the partnership agreement and statutory requirements may be served by CICA.

California Innovative Career Academy will have a sound educational program that primarily serves unserved and underserved adults. We believe that the biggest challenge of the 21st century has been, and will continue to be, how to have the skills and knowledge to be able to have a livable-wage job, which includes students learning to become self-motivated, competent in specific "hard" and "soft" skills, and recognize that they need to be lifelong learners to keep up with a changing landscape of technology and legal requirements. While our school is a cohesive "whole," with all courses complementing each other, these courses can be configured in different permutations to build customized programs for different target populations.

Overview

Location	1333 Grand Ave Sacramento, CA 95838
Educational Focus	CICA provides an educational opportunity that offers California standards- aligned curriculum, instruction designed to maximize the growth of all students, and a goal-oriented program of helping every student realize his or her potential.
Grades Served	Serving adults 22 years of age and older, who do not have a U.S. high school diploma.
Flexible Instruction	All students will be provided curriculum that meets the California standards for their grade level with high-interest delivery and regular and purposeful assessment.
Mission of School	We are a diverse community for social justice, serving the unserved, providing access to education, technology, communication, and employment for 21st century achievers. Through community partnerships, we will build new legacies leading to self-sufficiency and generational change.

Schools Like Highlands Independent Study	California Innovative Career Academy offers a valuable alternative for students seeking independent study opportunities; the school supports their learning through one-on-one and online curriculum led by qualified teachers.

Our Beliefs about Education

Our school is being founded on the idea that giving opportunities for appropriate education to students who have been previously unserved benefits not only these individuals but benefits society as a whole. We believe that California needs more "tax makers" not "tax takers," and that well-designed schools, particularly for adults, will make this a reality such that the overall tax burden of California will go down, and the overall well-being of all residents of California will go up.

We believe that education needs to target the ultimate needs of students, such that they gain relevant skills and knowledge to be successful in their lives. We believe different students have different needs, so following a Theory of Constraints model, it is critical to have education that targets those specific needs, otherwise success will not occur. We recognize that all 21st century careers require technical skills and the ability to apply theory and academics to support those skills.

We believe that we must strive for greater efficiency and productivity in the learning process to help students to succeed, but that efficiency and effectiveness are only gained when students can retain and apply what they learn, and any "accelerated" program in which students can not apply the skills and knowledge they learned is actually decelerated learning, or worse.

We believe in making data-driven decisions in line with the scientific method, such that strategies are clearly planned for the long-term, but that logistics are only detailed for the short-term, with the understanding that the future is unknown, partly unknowable, and schools must have the ability to be flexible and adapt to an ever changing environment.

We believe in accountability to accurate principles. We believe there are mutually exclusive philosophies of either falsely believing we already know all the answers, or truly knowing that we can determine the answers as we gain more knowledge. We recognize that all forms of evaluation, whether of student learning, faculty teaching, accuracy and relevancy of content, or effectiveness of methodology will always have error, and that it is our job to reduce the error, and determine which direction is best for the system as a whole. We believe in sharing what we have learned and developed with others, such that we support open content, open source software, and open access to information.

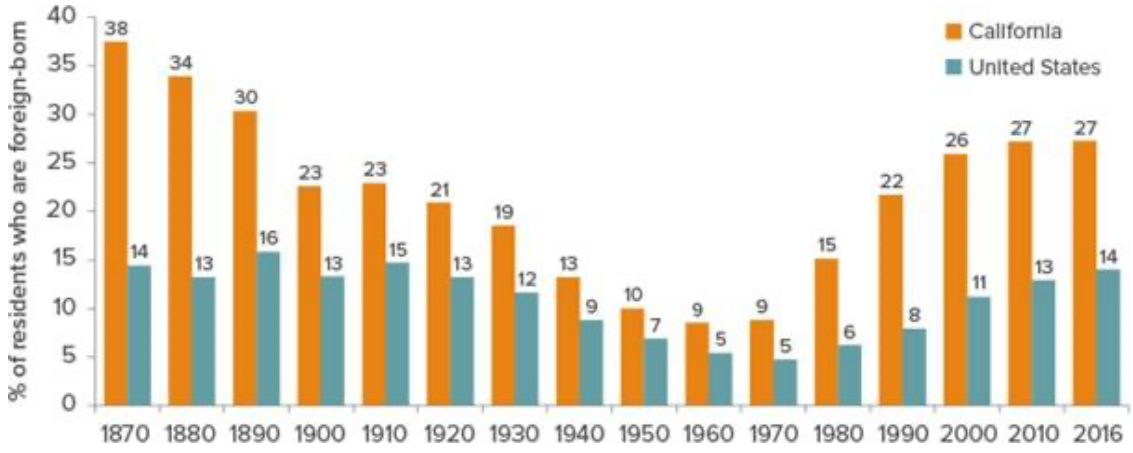
It is on this strong foundation of principles that our petition for a multi-campus adult-serving charter school is being submitted, and from which we believe success will result.

Community Characteristics and Need California

Immigrants in California (A Community of Immigrants)

According to the Public Policy Institute of California (PPIC), there are approximately 10 million immigrants in California, which is about one quarter of our state's total population. We have more immigrants in California than in any other state in the nation. According to the US Census, half of all children in California have at least one immigrant parent. Of those immigrants, almost 80% of them are working age adults, and approximately 34% of them do not have a high school diploma. Although immigrants are just as likely to work as Americans, they tend to make 24% less money. It is imperative that these immigrants have the opportunity to access education, learn English, complete their high school diploma, and attend vocational training and/or college. Research shows that many foreign-born immigrants and minorities have lower high

school graduation rates. Below is a graph that shows immigrants living in California and the United States by year from 1870-2016.



(Source: US Census Bureau, Decennial Censuses, and the American Community Survey)

Sacramento's Demographic Information

In 2002, the Civil Rights Project at Harvard University labeled Sacramento the most diverse city in the United States. According to the US Census Bureau as of July 2017, the population of Sacramento is 45% white, 23% Hispanic, 16% Asian, 11% black, and 6% are two or more races. Demographers expect the minority population to continue to grow in Sacramento and it is estimated that by 2050 Sacramento will grow by 54%. It is estimated that in Sacramento 62% of the population speaks English as a first language while 38% are English learners. In Sacramento, our minority populations are more likely to experience poverty than the white population. In Sacramento only 14% of the white population is socioeconomically disadvantaged, compared to 28% of the black population, 27% of the Hispanic population, 26% of the Native population, and 23% of people who identified as two or more races.

Sacramento's Workforce

Approximately 62% of people living in Sacramento are participating in the workforce with employment at 56% and unemployment at 10.5%. Minority groups have higher rates of unemployment with 17% unemployment for our black population, 15% for people who identified as two or more races, and 14% for Native Americans. Level of education is directly related to employment with a positive linear relationship. As of 2017, the median income in Sacramento was $60,239 with just over 14% of people in Sacramento living in poverty.

Sacramento's Education

For people living in Sacramento without a high school education, only 56% of them are employed compared to 70% of high school graduates, 78% with some college, and 87% for those with a bachelor's degree or higher. Within the Twin Rivers Unified School District, 31.7% of students drop out between ninth and twelfth grade with nearly 500 more students who stay enrolled through twelfth grade but do not graduate. According to the 2010 Census, up to 20% of adults living in the Twin Rivers Unified School District do not have a high school diploma or equivalent (Public Policy Institute of California, 2012). According to the US Census data in 2017, approximately 30% of people living in Sacramento have a bachelor's degree, while the remaining 70% do not.

The Need for California Innovative Learning Academy

The area covered by the Twin Rivers Unified School District has tremendous educational needs. While some of these needs were met in the past by the adult education program of Twin Rivers Unified School District, with budget cuts, most of these opportunities have gone away for those who do not have a U.S. high school diploma. This has greatly impacted student access to dropout recovery, as well as programs serving ex-offenders and immigrants. All of these

groups not only have a direct need for services, but by helping them, we also help the state of California by reducing welfare services, reducing recidivism, increasing the tax base, and increasing the cohesiveness of our society.

The Need for Dropout Recovery

Research has demonstrated that within a school year a student drops out of high school every 9 seconds in the United States (Lehr, Johnson, Bremer, Cosio, & Thompson, 2004). Further, according to the California State Legislature, "Research suggests that fewer than 70 percent of 9th grade pupils in California, and in some school districts, fewer than 50 percent, graduate from high school" (Carter, 2011).

The Need to Educate Ex-Offenders

High school dropouts are much more likely to become incarcerated, and many families in the Twin Rivers district are affected by having a family member who is an ex-offender. California Innovative Career Academy will be able to help rehabilitate these ex-offenders and provide them real job skills. By being able to provide for their family in a legitimate manner, the children of the ex-offenders will have better role models and be more likely to break the cycle of crime. Without serving this unserved population, the problem will just continue to grow in the Twin Rivers district.

Beyond the family, the community benefits when ex-offenders gain the skills needed to get a livable-wage job. For example, in our Truck Driving program, Linda Fowler (Site Administrator) has had as low as a 7% recidivism rate (California Performance Review Panel, 2004). This lowers the tax-burden to the community and California by these "tax-takers becoming tax-makers," to quote County Supervisor Phil Serna.

The Need to Educate and Acclimate Immigrants

Sacramento has been labeled "America's Most Diverse City" (Stodghill & Bower, 2002), with many first generation immigrants. It is critical that new immigrants are able to learn the most common language and cultural norms of the United States to integrate and identify with being part of our nation. Without having this opportunity, immigrants tend to stay in their own ethnic communities, which then makes our nation becomes less of a United States of America. CICA will provide educational opportunities for immigrants to learn English, obtain U.S. Citizenship, and get a U.S. high school diploma.

Benefits and Potential Impact on Twin Rivers Unified School District

CICA will have a positive benefit to the Twin Rivers Unified School District. Given that CICA will serve adults, no students will come from existing Twin Rivers traditional K-12 schools. Further, by educating the parents of students in the Twin Rivers traditional K-12 schools, these younger students will likely have greater academic success. By being an independent charter school, Twin Rivers Unified School District will not take on any risk and insurance costs of the charter school. The general benefits of having an adult-serving charter school can be found in "Reasons and Methods for California School Districts to Transfer Adult Education Services to Adult-Serving Charter Schools" (Walker, 2013a).

Aims and Vision of Our School

Our mission is simple: *To Serve the Unserved*.

This petition contains an ambitious proposal that is quite achievable to build a charter school that targets key unserved groups of adult students and can provide the appropriate primary and secondary career technical education to help students from these groups to succeed.

CICA will serve those who don't have a U.S. high school diploma and within this set we'll focus on general high school dropouts, parents, immigrants, and ex-offenders.

Content of Curriculum

It is clear that in the 21st century, being an "educated person" means more than learning traditional academics. Statistics usually slice the population into categories based solely on level of academic attainment, showing that college graduates tend to do better in the job market than those with only a diploma, who in turn tend to do better than high school dropouts.

But these statistics can be misleading, because surveys of employers show that they want skills and experience in their employees. This is why graduates with career focused degrees, such as engineering, law, or health care degrees, do better in the job market than those who have English or philosophy degrees. Further, it is why "blue collar" workers who are highly skilled generally do just as well, if not better than, college graduates. We believe that the elitism of believing that the only path to success is through a college degree needs to end. This is why CICA will be a career technical education (CTE) focused school, which will work to ensure that all graduates have the knowledge and skills in a specific career pathway, such that they are sufficiently competent to gain employment upon graduation, and also to be prepared to enter a community college or postsecondary vocational school, if they so choose.

This is clearly in line with the eight (8) state priorities, as the mission statement for the Common Core State Standards states: "The standards are designed to be robust and relevant to the real world, reflecting the knowledge and skills that our young people need for success in college and careers." CICA believes that there is no better way to teach to the standards and accomplish this goal of preparing students for success in their real-world careers than through teaching the standards in line with career technical education (CTE).

We believe that it is critical to link academic topics to experiences that are relevant to students. This can clearly be seen in a study of high school dropouts which showed that 81 percent of dropouts said there should be more opportunities for real-world learning. This study also gave evidence that many dropouts want more experiential learning and want to see a connection between school and getting a good job (Bridgeland, DiIulio, Jr., & Morison, 2006).

As an example of how we will accomplish this, one of the industry sectors that our school will focus on is that of transportation, initially including truck and bus driving, and later having have both a Diesel Mechanic and Auto Body Repair program. In these career pathways, we plan to offer a course in the Algebra and Physics of Transportation, in which students will learn to apply the Common Core High School Algebra Standards through learning the Physics of how Vehicles work, aligned with the California Science Standards. Similar integrated academic courses will exist with English Language Arts, where Common Core emphasizes reading and writing technical documents.

Other industry sectors that CICA plans to provide career pathways within include transportation (Truck & Bus Driving, Diesel Mechanic, Auto Body Repair), building and construction trades (HVAC/R, Metal Fabrication, and other construction trades), education (Vocational Parent Education Program), information and communication technologies (Office Technician), and marketing, sales, and services (Entrepreneurship).
In addition to integrated academics that are career focused, we plan on using curriculum developed by Five Keys Adult Charter School that helps relate academic topics to the lives of our students. For example, in our U.S. History course we will have a component of "Forced and Voluntary Migration in the U.S.," in which students can understand the history of African American migration to and through the United States. Another example includes English and Civics curriculum which focuses on Restorative Justice, to help ex-offenders and family members of ex-offenders understand the importance of attempting to make up to society for the deeds that have been done.

For some of our students who are immigrants, they may already have gained sufficient job skills and experience previous to immigrating to the United States, but lack the necessary level of English to obtain employment. Many of these students will have completed part of their education from their homeland, and CICA will use well-established methods to translate and evaluate their prior learning to grant credit.

CICA will offer some traditional academic content where it is appropriate. For this content, we will often utilize open resources like Khan Academy, which is aligned to Common Core and other standards. Their freely available videos and practice problems have been praised by Bill Gates and others, and allow students to learn at their own pace, with both classroom work, and homework.

Delivery of Content

There are several factors that CICA instructors will take into account for learning to best occur with their students. First and foremost, the method of instruction must correspond with the content that must be learned. For example, psychomotor skills such truck driving or typing cannot be learned by only reading a book and taking tests. Learning these skills will require practice, making small mistakes, and learning from mistakes. Doing this continual practice requires motivation, but the desire for a job to support their families, is a strong motivator for many adults.

For cognitive learning, motivation is equally important. There are multiple methods of motivating students, and CICA instructors will strive to make the material interesting to students. Further, studies show that without sufficient prior knowledge, students have gaps in their learning that prevent them from gaining new knowledge. CICA will use the CASAS assessment along with other assessment tools for new students, to determine which areas the student needs the most help with. Students often need to be able to review a topic and tackle it from different angles in order to comprehend an idea. Further, just as with psychomotor skills, practice makes permanent.

For affective learning, such as acting in an ethical manner or having a good work ethic, different students can be reached in different ways. For instance, most students can have a sense of empathy for others, and by role playing situations, they can start to understand the feelings of others and gain these values in an innate manner. However, psychologists have demonstrated that there are students who will be on the autism spectrum or have another psychological disorder and they may not have a natural sense of empathy. For these types of students, emphasizing human rights and the logic of ethics may be more effective.

After the specific type of learning is considered, instructors with CICA will assist students in learning best through considering individual differences between students. By having courses set in a more flexible and differentiated manner, students will be able to generally focus on the areas they have the most challenges in, and instructors will use multiple strategies to assist students in understanding a topic, with additional practice assignments for students to help them retain their knowledge. This also allows for the teachers to build a solid relationship with the students.

Since careers, by definition, require students to apply what they have learned, much of the education of CICA will exist at the higher levels of Bloom's Taxonomy, including analysis, synthesis, and evaluation of options. Project-based learning, simulations, and workplace learning will all be used for students to gain the skills necessary to succeed on the job and learn to apply the academic knowledge gained. For example, since some of the very large trucking companies have high turnover, and do not compensate newer drivers at a high wage, we have concluded that as part of Truck Driving, students will create a business plan to be an "owner-operator" of their own truck, including determining the cost of purchasing a truck (and interest for the loan), determining the fuel cost for hauling loads, and determining the regulations, taxes and fees they would be required to pay, in order to determine what their profit level and thereby their equivalent hourly wage would be.

CICA course structures will generally either be more set-paced or more self-paced in nature. Instructors with CICA recognize that there is a need for all students to be able to learn at an appropriate pace, such that they have sufficient time and differentiation of instruction to truly learn something before going on to a new topic, but that there is also value in students being pushed towards accomplishment and having sufficiently high expectations for students to achieve. Instructors are also cognizant of workplace expectations and ensuring students can work at a pace that would be acceptable in the workplace.

Individualized Learning Labs

It is CICA's preference to have courses structured as self-paced individualized learning labs, such that students may work mostly at their own pace, within certain time guidelines, set cooperatively by the instructor and student.

This course structure will commonly be used for core subjects; Individualized High School Learning Labs will be taught by appropriately credentialed teachers who hold an appropriate California Teaching Credentials, such as an Adult Education Credential in Elementary and Secondary Basic Skills. In these Individualized Learning Labs, students will be in a classroom setting, and work individually on coursework, from a textbook or Internet resource, such as the KhanAcademy. The classes

will follow a "flipped" model, and the teacher will act more "in a flip" model as the "guide by the side," helping to answer questions, give guidance on particular topics, and evaluate student work. Some CTE courses and applied academic courses will also be structured in a similar fashion.

Set-Paced Courses

In some cases, there are benefits of the entire class following the same basic curriculum at the same time. This is often the case in CTE programs where group work may be common and where it may not be practical for an instructor to supervise multiple activities simultaneously (especially if there are safety hazards such as soldering, etc. that require close supervision).

Mixed-Paced Courses

Many of the applied academic courses and some CTE courses may take a mixed approach where students partly work in an individualized manner at their own pace, and also attend lectures by the instructor and participate in other set-paced projects.

Workplace Learning

According to a 2012 nationwide study of employers, conducted in part by The Chronicle of Higher Education, "An internship is the single most important credential for recent college graduates to have on their resume in their job search among all industry segments" (Reid, 2012). As such, California Innovative Career Academy will work to include Workplace Learning (internship) opportunities every career technical program that it conducts.

All Workplace Learning activities will be evaluated for their safety, qualified supervision, and learning opportunities. To comply with the Federal Fair Labor Standards Act, all Workplace Learning courses and activities for "for profit" businesses will meet the following six criteria:

- The workplace learning, even though it includes actual operation of the facilities of the employer, will be similar to training which could be simulated in a classroom-based course.
- The workplace learning experience is for the benefit of the student, and will enable the student to accomplish meaningful learning objectives. [Title 5 § 10072]
- The student will not displace regular employees, but works under close supervision of existing staff.
- The cost/benefit ratio to the employer will be neutral. This means that the cost of providing educational opportunity to students and the opportunity cost of the lower performance that a student has compared to an experienced employee will be equal or slightly greater than the economic benefit of the student help. Thus, the employer that provides the training derives no immediate advantage from the activities of the student; and on occasion its operations may actually be impeded.
- The student is not necessarily entitled to a job at the conclusion of the workplace learning.
- The employer and the student understand that the student is not entitled to wages for the time spent in the workplace learning

Unpaid Workplace Learning in the public sector and for non-profit charitable organizations, where the student volunteers without expectation of compensation, is generally permissible without needing to meet all six of the above criteria.

During the course of the pupil's enrollment in a Workplace Learning course, the student will receive a minimum of one hour per week of classroom instruction or counseling by the Coordinating Instructor, which may be offered in sessions scheduled intermittently throughout the course [EDC § 51760.3].

All Workplace Learning courses will have a formal training agreement with each employer involved. The written agreement shall identify the responsibilities of the student, employer, and parent and CICA shall outline the objectives that the student is to accomplish at the training site.

The Training Agreement will either include the purchase liability insurance for pupils enrolled in programs of study involving work experience, which may include work-based learning, or vocational education at locations off school grounds approved by the governing board, or require pupils to purchase insurance and to pass on all or a portion of the costs to CICA [EDC § 51760].

Each Workplace Learning activity will have a written instructional plan for students specifying the particular objectives, experiences, competencies, and evaluations that are required [COE 2-C-14].

This instructional plan will designate the on-site employer representative responsible for guiding and overseeing the students' learning experiences and participating in the students' written evaluations
[COE 2-C-15].

A Student's Instructional Plan will include [EDC § 51760.1]:

- Emphasis on learning in the workplace.
- Appropriate sequencing of experiences based upon the student's needs.
- Explicit aim to supplement, or systematically reinforce, classroom instruction in technical courses, academic courses, or both.
- Systematic attention to the development of 21st century skills, such as communication, problem solving, teamwork, project planning, and critical thinking.
- Built-in regular assessment and feedback.
- Appropriate involvement of students in choosing and structuring the experience.
- Clear and measurable learning outcomes.

Evaluation of Student Learning

The evaluation of student learning has three goals, in the following priority:

1. To assist student learning as a diagnostics tool by determining which specific content areas a student has not mastered so they can improve their learning in that specific area.
2. To use aggregated measurements of student learning as part of the measurement of how the school as a whole is performing. (See Measuring Pupil Outcomes)
3. To determine if a student has met or exceeded the necessary level of competency such that they should gain formal recognition, such as a diploma, licensure, certification, etc.

Student learning will be individually evaluated through both professional judgment (grading) and standardized assessment. Students will be primarily graded based upon assessments related to their desired outcome. For courses that contain traditional academic curriculum, exams will be used. CTE courses will generally use authentic assessment methods, utilizing rubrics to determine the student's competence compared to the needs of industry.
Student learning will also be evaluated through standardized assessments, including regular CASAS testing that will help determine the students' gains in learning. CICA will apply for the The Dashboard Alternative School Status (DASS) which, if accepted, would allow CICA to solely use the CASAS to assess student learning. If CICA is not accepted for DASS, it will conduct appropriate California standardized testing (California Assessment of Student Performance and Progress).

Feedback to Students and Growth in Student Learning

CICA will have a philosophy of Mastery Learning, such that in courses that are more self-paced, students will receive qualitative feedback and will have the opportunity to improve based upon this feedback so that their learning can grow. In courses that are more set-paced, students will have the opportunity to redo specific assignments that the teacher allows and will have the opportunity to retake the course if they are not satisfied with their level of achievement.

Students Transferring to Another School or College

Governing Law: ***If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements.***

-- California Education Code Section 47605 (c) (5) (A) (iii)

Any information given to students will include information about WASC accreditation (when obtained). As CICA is not a college prep charter school, it will inform students that as a graduate they may enroll in a community college, or other college that does not require "A to G."

Plans for Specific Populations

Plan for Students Who Are Academically Low Achieving

It is recognized that most of CICA students will not have succeeded in high school. This does not necessarily mean that they are academically low achieving, but statistically many will likely fit into this category. By having individualized learning labs, students can complete required work in more of a self-paced fashion, allowing them additional time to master a subject before proceeding. Further, courses that are more set-paced will be designed to incorporate multiple modalities of learning to assist all students to success, including those who may be academically low achieving in a traditional school setting.

Plan for Students Who Are Academically High Achieving

Individualized learning labs will allow students who are academically high achieving to learn in an accelerated manner, so that they can complete their diploma quicker.

Plan for English Learners

CICA will offer courses in English as a Second Language (ESL) at various levels, to serve English Learners (EL). Further, as many of these students will be immigrants, CICA plans to offer an integrated citizenship program, which will give civics and U.S. history credit.

Plan for Special Education

CICA will make all necessary arrangements to serve students with disabilities, including providing appropriate accommodations, having appropriately credentialed instructors (such as those who hold a credential for adults with disabilities) and follow all other requirements of California Education Code. For those students in which an Individualized Education Plan is legally mandated, CICA will follow the plan, providing services as necessary. Given the flexibility of curriculum and instruction, most IEP goals and objectives are met within the general education course of study. All special education students enrolled in CICA will receive a personalized learning plan that directs their academic course to achieve their goals for the year.

The 5 Stages of School

In order for students to succeed in any school, there are five fairly distinct stages that a student goes through. First, they must become aware of the school, which the A to Z Model refers to as "Inviting Students to Join the School." They next

must join, including going through registration and any assessments for placement. Next the student must be persistent with completing their studies, which the A to Z Model refers to as "Keeping Students." At the end, the students will leave the school, preferably through graduation. Last, the students will use what they have learned after graduation, and the school is responsible for measuring the pupil outcomes.

Elements 2 & 3: Measuring Pupil Outcomes

***Governing Law*: The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, by the charter school.**

-- California Education Code Section 47605 (c) (5) (B)

***Governing Law*: The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.**

-- California Education Code Section 47605 (c) (5) (C)

Determining Academic Standing (Grade Level)

Upon admission to CICA, a student's grade level will be determined based upon transcripts of their past coursework, their assessment from the CASAS test, and their age. Students who are at a high school level (9th through 12th grade) based upon credits and assessment will be assigned to their grade level based upon age. Students who are at a primary school level (8th grade or below) based upon a lack of credits or low assessment scores, will be assigned to a grade level based primarily upon assessment.

Assessments

At CICA we use a variety of formal and informal testing measures and assessments to evaluate our students. We begin our assessments during enrollment when students are given a diagnostic test and a CASAS test. At the end of every academic unit, teachers use formal assessments and enter grades. CASAS assessments are also used as a measurement of progress and are administered every six to eight weeks.

The evaluation of student learning has four goals in the following priority:

1. To assist student learning as a diagnostic tool by determining which specific content areas a student has not mastered so they can improve their learning in that specific area.
2. To use aggregated measurements of student learning as part of the measurement of how the school as a whole is performing.
3. To determine if a student has met or exceeded the necessary level of competency to gain formal recognition, such as to complete a level or receive a diploma, licensure, or certification.

4. To determine if the student is underperforming in relation to their peer group and evaluate if intervention supports are required.

When we assess our students it is to better understand what they know. When we have students who cannot pass a class, we find alternative solutions for them. We understand that some students need remedial support and others may need more challenges and opportunities for growth. When our students have not mastered level-appropriate standards or objectives, we find alternative teaching methods to deliver the same content. Our teachers understand the importance of both formative and summative assessment in gauging student comprehension.

CICA will develop a Local Control Accountability Plan (LCAP) in accordance with the template adopted by the state board. Previous to adoption of a state board template, CICA will follow the basic methods used for the school accountability report card. The Local Control Accountability Plan will include pupil outcomes based upon state priorities, which apply to the nature of the program we will operate, as defined in California Education Code Section 52060(d), as well as local priorities defined by the school itself. The Charter School shall also present a report on the annual update to the LCAP and the local control funding formula budget overview for parents on or before February 28 of each year as part of a nonconsent item at a regularly scheduled Board meeting.

Given the learning curve of any startup organization, the initial annual goals in this petition aim to meet the current standards set by authorizing District. Thus the initial annual goals were derived from the baseline of current rates of Twin Rivers Unified School District's K-12 schools, and Twin Rivers Adult School (TRAS), as appropriate (Walker, 2013b). CICA will measure each applicable goal for each California recognized subgroup, including: ethnic subgroups, socioeconomically disadvantaged pupils, English learners, students with disabilities, and foster youth. We have also defined the ultimate goal we wish to reach, which we will strive to have all subgroups reach equally. As we meet the annual goals, we will raise our standards toward these ultimate goals.

Element 4: Organizational System and Governance Structures

Governing Law: The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

-- California Education Code Section 47605 (c) (5) (D)

Highlands Community Charter and Technical Schools Nonprofit Corporation

California Innovative Career Academy(CICA) will be operated under the Highlands Community Charter and Technical School (HCCTS) public benefit corporation. CICA will operate autonomously 501(c)3, although in close harmony with Twin Rivers Unified School District, with the exception of the supervisory oversight as required by statute and other contracted services as negotiated between CICA and Twin Rivers Unified School District. Pursuant to California Education Code Section 47604(d), Twin Rivers Unified School District shall not be liable for the debts and obligations of CICA, which is operated by a California public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by CICA as long as Twin Rivers Unified School District has complied with all oversight responsibilities required by law. The CICA board will comply with the Brown Act, Education Code Section 47604.1(c), and all other necessary laws.

Board of Directors

CICA will be governed by a corporate Board of Directors ("Board" or "Board of Directors") in accordance with its adopted corporate bylaws, which shall be consistent with the terms of this charter. The Board consists of at least 5 directors, with a maximum of 11 directors. All directors are designated by the existing Board of Directors. Board members serve a term of 3 years. CICA has adopted a conflicts code which complies with the Political Reform Act, Corporations Code Conflicts of Interest rules, and any charter school specific conflicts of interest regulations (see Appendix D – Board Bylaws). As required, the Conflicts Code will be submitted to the County Board of Supervisors for approval.

The Board meets on a regular basis (e.g., monthly during the school year and as appropriate at other times). The responsibilities of the CICA Board as further outlined in the bylaws include but are not limited to:

- Uphold the Vision of the School.
- Oversee the implementation of the School's charter.
- Provide notice and hold meetings in compliance with the Brown Act.
- Create and implement goals for the School and staff
- Ensure compliance with applicable laws such as Government Code 1090, et seq., Political Reform Act, the Public Records Act and the Conflict of Interest Code.
- Provide oversight of instructional programs and materials.
- Approve and provide input for student policies.
- Monitor management of school liabilities, insurance, health, safety and risk-related matters.
- Receive and review monthly financial reports and the yearly financial audit.
- Work with chief administrator to set goals.
- Enact policies to support the successful operation of CICA.
- Attend ethics training (Govt. Code 53234-53235.1)
- Attend fiscal training (EC 35220-35223)

The Board may initiate and carry out any program or activity that is not in conflict with or inconsistent with any law and which is not in conflict with the purposes for which charter schools are established, and consistent with the Articles of Corporation. The Board may execute any powers delegated to it by law, and shall discharge any duty imposed by law upon it and may delegate to an employee of the School any of those duties. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated.

In accordance with Education Code Section 47604(c), Twin Rivers Unified School District may appoint a representative to sit on the Board of Directors. If Twin Rivers Unified School District chooses to do so, CICA may appoint an additional member to ensure that the Board is maintained with an odd number of Directors.

Upon receipt of a petition for student representation that meets the requirements of Education Code Section 47604.2(b)(2), the Board of Directors shall order the inclusion within its membership, in addition to the number of members otherwise prescribed, of at least one student member. A student member of the Board of Directors shall have preferential voting rights as defined in Education Code Section 47604.2(b)(4).

Element 5: Qualifications of Employment

Employees

CICA recognizes that to have an excellent school, that you must have excellent employees. CICA will draw upon the pool of excellent adult education teachers who were previously laid off from Twin Rivers Adult Education. Proposed salaries and benefits for administrators, certificated faculty, and classified staff have all been modeled after the Twin Rivers' salary scales and employee contracts.

Employee Qualifications

Governing Law: The qualifications to be met by individuals to be employed by the charter school.

-- California Education Code Section 47605 (c) (5) (E)

Employee Overview

All employees of CICA will be committed to developing the social, civic, character, and academic potential of each student. All staff members will possess experience and expertise appropriate for their position according to the CICA adopted personnel policies, and federal and state statutes applicable to charter schools. Selection and appointment of employees at CICA will be the exclusive prerogative of CICA.

CICA will not discriminate against any applicant on the basis of his/her race, creed, color, national origin, age, gender, gender expression, gender identity, disability, or any other basis prohibited by Education Code Section 220. CICA shall comply with all applicable laws regarding criminal background checks, including Education Code Sections 45125.1 and 44237.

Executive Team

The executive team at California Innovative Career Academy plays a critical role in creating, improving, and maintaining a meaningful learning environment that promotes the academic progress of our students. Through high quality leadership, our executive team successfully develops, implements, and evaluates school systems and policies, including but not limited to finances, assessment, facilities, and accountability measures under the direction of a school board. Our CICA executive team job descriptions and qualifications are outlined below.

Executive Director

Our *Executive Director* assumes administrative responsibility and leadership for the planning, operation, supervision, and evaluation of the education programs, services, and facilities of CICA and for the performance appraisal of the staff. It is the responsibility of our Executive Director to oversee the school facilities, selection and employment of CICA personnel, evaluation, promotion, termination or discipline of CICA personnel, and the preparation and submittal of reports as directed by the Board, to include regular goals and forecasts as directed. The CICA Executive Director manages the day-to-day operations of CICA by preparing and submitting required budgets and reports as required by a charter school. Our Executive Director develops partnerships for providing educational services by CICA, interacts with CICA accountants and attorneys, and performs other duties lawfully assigned by action of the Board. Our CICA Executive Director must minimally possess a bachelor's degree or any experience directly related to the field of work equivalent to a (4) four year degree and program administration and planning experience, preferably with experience in management as an executive officer. The Executive Director shall receive ethics training in accordance with SB 827 (2025).

Director of Independent Study

The *Director of Independent Study* is responsible for overseeing the Independent Study instructional model, including program compliance regarding attendance, CALPADS reporting, instructional assignment and assumes administrative responsibility and leadership for the planning, operation, supervision, and evaluation of the education programs and services for CICA and for the performance appraisal of the Independent Study staff. It is the responsibility of our Independent Study Director to oversee selection and employment of CICA personnel, evaluation, promotion, termination or discipline of CICA personnel, and the preparation and submittal of reports as directed by the Executive Director to include regular goals and forecasts as directed. The CICA Independent Study Director manages the day-to-day operations of CICA by preparing and submitting required budgets and reports as required by a charter school. The Director of Independent Study develops partnerships for providing educational services by CICA, works closely with the Executive Director, interacts with CICA accountants and attorneys, and performs other duties lawfully assigned by the Executive Director. Background knowledge of Independent Study and its components related to state and local measures for accountability are essential. The Director of Independent Study must have a thorough knowledge of schools SIS (Student Identification Systems, e.g. Powerschool) and its use for guiding Independent Studies as well as the ability to function independently and effectively. The CICA Independent Study Director must minimally possess a bachelor's degree or any experience directly related to the field of work equivalent to a (4) four year degree and program administration and planning experience, preferably with experience in management as an executive officer.

Independent Study Coordinator

The CICA *Independent Study Coordinator* is responsible for overseeing the Independent Study program and compliance including attendance. The IS Coordinator has the ability to coordinate the Independent Study (IS) Program. This is a classified administrative position. The CICA Independent Study Coordinator should possess a BS or BA degree from a recognized college institution, or a degree of a similar nature that is in alignment to the job of being an Independent Studies Supervisor. Background knowledge of Independent Study and its components related to State and local measures for accountability are essential. The Independent Studies Coordinator must have thorough knowledge of school SIS (Student Identification Systems, e.g. PowerSchool) and its use for guiding Independent Studies as well as the ability to function independently and effectively. In this position it is essential to meet critical timelines and reporting timelines associated with Independent Study. This person must also have the ability to use technology effectively with regards to communication, record keeping and staff presentations associated with Independent Studies. The CICA Coordinator can communicate

effectively and clearly both orally and in writing with a diverse staff and student population.

Office Assistant (Independent Study)

CICA will employ an Office Assistant who plans and organizes the activities of assigned sections within the established office as directed. The Office Assistant is responsible for the maintenance of records, reports, and student filing procedures and analyzes assigned projects. At a minimum, the Office Assistant must possess prior experience, training, and education with prior experience. Experience working in a school setting is preferred, as is being bilingual, preferably in one or more of the following languages: Spanish, Farsi, or Slavic dialects.

Academic Coordinator (Independent Study)

A main duty of an Academic Coordinator is to help in the development and implementation of instructional materials and curriculum programs that will meet educational standards. The Academic Coordinator will have the proper credentials and/or the California teaching certificate, permit, or other documents required for certificated assignment pursuant to Education Code Section 47605(l)(1). The Academic Coordinator will have an Administrative Credential.

Counselor (Independent Study)

CICA *Counselor* will provide counseling and guidance services to students. The Counselors identify and counsel students with special needs and behavioral, social, and school adjustment problems. CICA Counselors refer students to other community resources, support groups and social service agencies as appropriate. At a minimum, CICA Counselors possess a Bachelor's Degree of Education or School Counseling with a 7-12th grade level certification, two (2) years of experience as a high school counselor, and a valid Pupil Personnel Services Credential with an academic school counseling emphasis.

ELD (English Language Development) Counselor

The ELD (English Language Development) Counselor oversees advising and/or academics program for the English Language Development Program. The minimum qualifications met by the CICA ELD Counselor are equivalent to a master's degree and experience in counseling, successful experience working in schools as an outside agent, demonstrated experience in developing and managing complex schedules and using effective interpersonal communication skills.

Teachers (Independent Study)

CICA will comply with all applicable laws in regards to employee qualifications. Teachers must hold the California teaching certificate, permit, or other document required for the teacher's certificated assignment pursuant to Education Code Section 47605(l)(1). These documents shall be maintained on file at CICA headquarters and shall be subject to periodic inspection by Twin Rivers Unified School District. Teachers shall be hired by the Board of Directors upon recommendation by the Principal.

Twin Rivers Unified School District reserves the right to review CICA hiring decisions to ensure compliance with applicable federal and State mandates.

Further, given that CICA's mission is to provide serves organize for adults, teachers may hold appropriate Adult Education or other Designated Subjects credentials (Walker, 2012a), or may hold a credential traditionally used in California high schools. Further, since "classes organized primarily for adults" is also one of the included categories of alternative curricula (Education Code Section 44865), CICA teachers must hold the California teaching certificate, permit or other document required for the teacher's certificated assignment pursuant to Education Code Section 47605(l)(1).

At CICA we know that teachers are the direct line for ensuring that our students are able to achieve the goals set forth in our mission and schoolwide learner outcomes. Therefore, we screen and hire only qualified teachers. Teachers are responsible for facilitating a learning environment supportive of California state educational standards and CICA philosophy. Teachers hold a minimum of a bachelor's degree from a degree granting institution and a valid authorization to serve as a California credentialed teacher from the California Commission on Teacher Credentialing (CCTC). Additionally, all teaching staff are well qualified under the Elementary and Secondary Education Act (ESEA), also known as the Every Student Succeeds Act (ESSA), formerly known as the No Child Left Behind Act (NCLB). Accordingly, CICA teachers have:

1. A bachelor's degree from a degree granting college or university,
2. A California State teaching credential, or a University Intern Credential while actively working toward completion of a California State teaching credential, or an appropriate Adult Education or other Designated Subjects credentials, and
3. Demonstrated subject matter competence. ,.

California Education Code 44253.3 requires all teachers with a Multiple or Single Subject Credential serving English Language Learner (ELL) students hold appropriate authorization: CLAD/CTEL/SB 395/AB 2913. While not all CICA teachers who have Multi and Single Subject credentials instruct ELL students, as a part of CICA' ongoing commitment to excellence, CICA will strives to prepare every certificated staff member to serve ELL/ELD students by properly equipping teachers with the tools and training needed to serve this growing demographic of CICA students. This commitment and opportunity for professional development is provided both to those holding CLAD certifications through their Multiple and Single Subject Credentials as well as those who are not required to possess it, such as those with CTE or Designated Subjects Credentials. Upon employment, all CICA certificated staff are offered ELD training and ongoing professional development throughout the year by working with ELD academic leaders and mentors to improve test scores, develop teaching instruction, and identify areas of strengths and weaknesses in student learning. CICA encourages all certificated staff to complete, update and maintain their ELL authorizations through ongoing education and training, both at the university level and through CICA professional development.

CICA key administrative staff will have training to assure understanding in determining the fulfillment of applicable ESEA/ESSA requirements. CICA teacher credentials are reviewed by the Director of Curriculum and Instruction, the Credentialing Specialist and the Human Resources Generalist annually and on an ongoing basis as needed. These documents shall be maintained on file at CICA headquarters and shall be subject to periodic inspection by CICA.

Information Technology/Data Technician

CICA IT technicians will support the technology needs for our staff and students, The IT technician will diagnose computer problems, monitor computer processing systems, install software and perform tests on computer equipment and programs. The technician may also set up computer equipment, schedule maintenance and teach staff and students to use different types of programs.

Element 6: Health and Safety Procedures

The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:
(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.
(ii) <u>For all schools,</u> the development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (M), inclusive, of paragraph (2) of subdivision (a) of Section 32282. For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (N) of paragraph (2) of subdivision (a) of Section 32282.
(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school. Education Code Section 47605(c)(5)(F).

Health, Safety, and Emergency Preparedness Plan

Charter School shall comply with all applicable federal, state, and local requirements related to school and student health, safety, and emergency preparedness.

If Charter School occupies and/or operates in a District facility, Charter School shall comply with all District health, safety, and emergency procedures and requirements applicable to District facilities and related operations, and shall be subject to inspection by the District's Facilities Services Division, Office of Environmental Health and Safety, and other District offices in the same manner as other Twin Rivers Unified School District campuses.

Charter School shall adopt, implement, and maintain at all times a current, comprehensive, and site-specific Health, Safety, and Emergency Preparedness Plan ("Plan"), which must include but is not limited to provisions for building and site emergency evacuation as well as the acquisition and maintenance of adequate onsite emergency supplies. The Plan must include Charter School's requirements and procedures for protecting student health and safety during off-campus school-sponsored activities, including but not limited to field trips and transportation. Charter School shall ensure that all staff members receive annual training on Charter School's health, safety, and emergency procedures, including but not limited to training on bloodborne pathogens, and shall maintain a calendar for, and conduct, emergency response drills for students and staff.

Charter School shall provide all employees and other persons working on behalf of Charter School who are mandated reporters with annual training on child abuse detection and reporting, which shall occur within the first six weeks of each school year, or within the first six weeks of a person's employment if employed after the beginning of the school year, in accordance with the requirements Education Code Section 44691.

The Charter School shall adhere to Education Code Section 49423 regarding administration of medication of school. The Charter School shall adhere to Education Code Section 49414 regarding epinephrine auto-injectors and training for staff members; per AB 1651 (2023), the Charter School shall store emergency epinephrine auto-injectors in an accessible location upon need for emergency use and include the location in annual notices required by law. To the extent the Charter School maintains a stock of albuterol inhalers to respond to respiratory distress in students, the Charter School shall comply with the requirements of Education Code section 49414.7, including with respect to training, notices, and the stocking of albuterol inhalers.

Charter School shall comply with the requirements of Education Code section 49475, with respect to any athletic program (as defined in Education Code § 49475) offered by or on behalf of Charter School, including but not limited to providing information to athletes regarding sudden cardiac arrest and annually providing each athlete an opioid factsheet for patients.

Charter School shall periodically review, update and/or modify as necessary, its Health, Safety, and Emergency Preparedness Plan, and keep it readily available for on-site use. Charter School shall provide a copy of the Health, Safety, and Emergency Preparedness Plan for review upon CSD request.

Family Educational Rights and Privacy Act (FERPA)

Charter School, including its employees, officers, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq. at all times.

Criminal Background Clearances and Fingerprinting

Charter School shall comply with all requirements of Education Code sections 44237 and 45125.1. Charter School shall designate and maintain at all times at least one Custodian of Records duly authorized by the California Department of Justice.

Charter School shall maintain on file and available for inspection evidence that (1) Charter School has performed criminal background checks and cleared for employment all employees prior to employment; (2) Charter School has obtained certification from each of its contracting entities/independent contractors that the entity/contractor has conducted required criminal background clearances for its employees prior to provision of school site services and/or any contact with students, and has requested subsequent arrest notification service; and (3) Charter School has performed criminal background checks and cleared for service all volunteers not directly supervised by staff and who may have contact with students. The Charter School shall not hire any person, in either a certificated or classified position, who has been convicted of a violent or serious felony except otherwise provided by law, pursuant to Education Code Section 44830.1 and 45122.1. Charter School shall also ensure that it requests and receives subsequent arrest notifications from the California Department of Justice for all employees and volunteers not directly supervised by staff. Upon request, Charter School shall provide a copy of Department of Justice confirmation of Custodian of Records status for each Custodian of Records. Charter School, including its administrators and officers, shall comply with the requirements of Education Code section 44030.5.

Immunizations and Health Screening Requirements

Charter School shall require all employees, and any volunteer or vendor/contracting entity employee who may have frequent or prolonged contact with students, to undergo a risk assessment and/or be examined and determined to be free of active tuberculosis (TB) within the period of 60 days prior to employment/service, or otherwise meet the requirements of Education Code section 49406. Charter School shall maintain TB clearance records and certificates on file.

Charter School shall comply with all federal and state legal requirements, including but not limited to the requirements of Health and Safety Code Sections 120325-120375, and Title 17, California Code of Regulations Sections 6000-6075 related to student immunization, health examination, and health screening, including but not limited to screening for vision, hearing, and scoliosis (Education Code Section 49450 *et seq.*), to the same extent as would be required if the students were attending a non- charter public school. Charter School shall maintain student immunization, health examination, and health screening records on file.

Suicide Prevention Policy

The Charter School shall maintain a policy on student suicide prevention in accordance with Education Code section 215. The Charter School shall review, at minimum every fifth year, its policy on pupil suicide prevention and, if necessary, update its policy. Pursuant to AB 58 (2021-22), the Charter School will also review and update its suicide prevention policy to incorporate best practices identified by the California Department of Education's model policy, as revised.

Custodian of Records

CICA designates the Executive Director to serve as the school's Custodian of Records per California Department of Justice requirements. The Executive Director is confirmed as the Custodian of Records by the California Department of Justice.

Promoting Student Health and Wellness

CICA will ensure the safety of the students and staff by complying with all applicable state and federal safety laws. CICA shall adhere to Board policies pertaining to the safety and health of all employees and students.

Health, Wellness, and Nutrition

CICA Health curriculum reflects California State Standards and teaches students about a fit and healthy lifestyle. With the diversity of cultural backgrounds we serve in each of our classrooms, it is essential that we put great effort into Health education in our classrooms. Many of our students need help navigating and utilizing community resources available to them to access basic health knowledge for developing a healthy lifestyle. Our teachers proudly emphasize health education for our students while our Student Support Services staff continually evaluate and address the needs of our students.

Social and Emotional Support and Guidance

Teachers, counselors, and all other staff who interact with students listen, support, empathize, and guide students towards healthy social and emotional development. Being open-minded, trustworthy, and respectful of our students is imperative to the social and emotional well-being. CICA also makes every effort possible to identify students in need of mental health services and to make community resource connections with community mental health organizations to offer additional support and services.

Academic, College, and Career Counseling

Counselors meet with students one-on-one throughout the school year to discuss academic progress and set SMART goals (specific, measurable, attainable, relevant and timely). English Language Development (ELD) students also meet with ELD Navigators in groups and individually to discuss general academic topics such as graduation requirements and promotion goals. Counselors offer college and career counseling through individual and group sessions.

Community Partners, Resources, and Referrals

We partner with a variety of community agencies to assist us in meeting our students' and families' varying needs from housing, financial, legal, and immigration services to medical and dental clinics. Our partners include International Rescue

Committee (IRC), Asian Resources, Inc (ARI), Lao Family Community Development, Inc. Greater Sacramento Urban League, and La Familia Counseling Center, Inc., to name a few.

Background Checks

CICA certifies that criminal record summary information has been obtained for all staff prior to employment. Classified staff submit fingerprints to a California and multi-state Live Scan prior to employment. The multi-state search should ensure all convictions are reported. Furthermore, CICA shall comply with the applicable state and federal laws regarding the fingerprinting and background clearance of employees, contractors, and volunteers prior to engaging in employment, volunteerism, or contract services or any other unsupervised contact with students of the Charter School. The CICA Executive Director or appointed confidential designee shall review California Department of Justice and Federal Bureau of Investigation reports on prospective employees, contractors, and volunteers to determine whether an individual may provide service within the charter school network, except with respect to reports relative to her or himself, in which case a confirmed member of the Governing Board or appointed confidential designee will review the respective report. The Executive Director or appointed confidential designee shall monitor compliance with this policy on a continuous and ongoing basis.

Mandated Child Abuse Reporting

In accordance with Education Code Section 44691 all CICA employees are mandated child abuse reporters and will follow all applicable reporting laws. CICA provides all employees, and other persons working on behalf of CICA who are mandated reporters, with annual training on child abuse detection and reporting, which shall occur within the first six weeks of each school year, or within the first six weeks of a person's employment if employed after the beginning of the school year.

Tuberculosis (TB) Testing

CICA shall adhere to existing state laws regarding tuberculosis testing of employees, in accordance with Education Code Section 49406. CICA requires tuberculosis testing of all employees working in direct contact with students. California Innovative Career Academy certifies that applicable health record information has been obtained for all relevant employees and volunteers prior to initial employment.

Immunizations

CICA adheres to all applicable laws and existing Board policy related to legally required immunizations and health related issues for both employees and entering students at CICA.

CPR/First Aid Training

All designated employees are CPR and First Aid trained.

Blood borne Pathogens

California Innovative Career Academy will adhere to state and federal standards for dealing with blood borne pathogens and other potentially infectious materials in the workplace. CICA will establish a written infection control plan designed to protect employees and students from possible infection due to contact with blood borne viruses, including human immunodeficiency virus (HIV) and hepatitis B virus (HBV). This plan includes the training of staff and will be included in the Charter School's comprehensive safety plan. Whenever exposed to blood or other bodily fluids through injury or accident, staff and students will be directed to follow the latest medical protocol for disinfecting and waste disposal procedures.

Drug Free/Alcohol Free/Smoke Free Environment

CICA maintains a drug, alcohol, and smoke-free environment (workplace and campus).

Integrated Complaint and Investigation Procedure

CICA shall utilize a complaint and investigation procedure to centralize all complaints and concerns coming into the school. Under the direction of the Board, the Executive Director shall be responsible for investigation, remediation, and follow-up on matters submitted through this procedure. All issues not resolved by the school site may be resolved at the executive level.

Prevention of Human Trafficking

In accordance with Education Code section 49381, the Charter School shall provide accessible information on human trafficking prevention resources for our adult learners, as well as parents and guardians of students in grades 6-12 in accordance with EC 49381.

Menstrual Products

The Charter School shall stock the Charter School's restrooms at all times with an adequate supply of menstrual products, available and accessible, free of cost, in all women's restrooms and all-gender restrooms, and in at least one men's restroom. The Charter School shall post a notice regarding the requirements of Education Code Section 35292.6 in a prominent and conspicuous location in every restroom required to stock menstrual products, as specified. This notice shall include the text of Education Code Section 35292.6 and contact information, including an email address and telephone number, for a designated individual responsible for maintaining the requisite supply of menstrual products.

All Gender Restrooms

In accordance with Education Code Section 35292.5, on or before July 1, 2026, the Charter School shall provide and maintain at least one all-gender restroom for voluntary student use at each of its schoolsites that has more than one female restroom and more than one male restroom designated exclusively for student use. The restroom shall have signage identifying the bathroom as being open to all genders, it shall remain unlocked, unobstructed, and easily accessible by any student, and be available during school hours and school functions when students are present. The Charter School shall designate a staff member to serve as a point of contact and to post a notice regarding these requirements.

School Meals

The Charter School shall provide breakfast and lunch free of charge during each school day to any pupil who requests a meal without consideration of the pupil's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. The meals provided under this paragraph shall be nutritionally adequate meals that qualify for federal reimbursement.

The Charter School shall provide each student adequate time to eat as determined by the Charter School in consideration of available guidance.

California Healthy Youth Act

The Charter School shall teach sexual health education and human immunodeficiency virus prevention education to students in grades 712, at least once in middle school and at least once in high school, pursuant to the California Healthy Youth Act (Education Code Section 51930, *et seq.*).

Mental Health Education

If the Charter School offers one or more courses in health education to students in middle or high school, the Charter School shall include in those courses instruction in mental health that meets the requirements of Education Code Section 51925, *et seq.*

Mental Health Information

The Charter School shall create and post a poster at the schoolsite identifying approaches and resources addressing student health in compliance with Education Code Section 49428.5. The poster shall be displayed in English and the primary language(s) spoken by 15 percent or more of the students enrolled at the schoolsite. The poster shall be prominently and conspicuously displayed in appropriate public areas that are accessible to, and commonly frequented by, students at the schoolsite. The poster shall also be digitized and distributed online to students through social media, internet websites, portals, and learning platforms at the beginning of each school year.

Workplace Violence Prevention Plan

The Charter School shall establish, implement, and maintain, at all times in all work areas, an effective workplace violence prevention plan consistent with the requirements of Labor Code Section 6401.9.

School Safety Plan

The Charter School shall adopt a School Safety Plan, to be reviewed and updated by March 1 of every year, which shall include, but not be limited to: (1) an assessment of the current status of school crime committed on Charter School facilities and at Charter School-related functions; and (2) identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the Charter School's procedures for complying with applicable laws related to school safety, which shall include the development of all of the following pursuant to Education Code Section 32282(a)(2)(A)-(O):

a. child abuse reporting procedures
b. routine and emergency disaster procedures
c. policies for students who committed an act under Section 48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
d. procedures to notify teachers of dangerous students pursuant to Education Code Section 49079
e. a discrimination and harassment policy consistent with Education Code Section 200
f. provisions of any schoolwide dress code that prohibits students from wearing "gang-related apparel," if applicable
g. procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
h. a safe and orderly environment conductive to learning
i. the rules and procedures on Charter School discipline adopted pursuant to Education Code Sections 35291, 35291.5, and 47605
j. procedures for conducting tactical responses to criminal incidents
k. procedures to prepare for active shooters or other armed assailants by conducting a drill, if this topic is covered in the School Safety Plan
l. procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a schoolbus serving the school
m. procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds
n. a protocol in the event a pupil is suffering or is reasonably believed to be suffering from an opioid overdose
o. Each comprehensive school safety plan shall contain procedures to notify pupils, parents and guardians of pupils, teachers, administrators, and school personnel when the school confirms the presence of immigration enforcement at any schoolsite. If a previously adopted school safety plan does not contain this information it shall be included at the next review, but no later than March 1, 2026.

Emergency Preparedness

Highlands Community Charter School's shall adhere to an Emergency Preparedness Handbook drafted specifically to the needs of the facility in conjunction with law enforcement and the Fire Marshal. This handbook shall include, but not be limited to the following responses: fire, flood, earthquake, terrorist threats, and hostage situations. If assuming a facility that was previously used as a school site, any existing emergency preparedness plan for the school site shall be used as a starting basis for updating the handbook for the Charter School.

Staff shall receive training in emergency response, including appropriate "first responder" training or its equivalent.

Disaster procedures included in the School Safety Plan shall address and include adaptations for students with disabilities. To the extent an employee, parent/guardian, educational rights holder, or student brings concerns regarding the procedures

to the principal and, if there is merit to the concern, the principal shall direct the School Safety Plan to be modified accordingly.

Discrimination and Harassment Policies and Procedures

CICA is committed to providing a workplace free of discrimination and sexual harassment. There are three components to this commitment. All employees receive and sign an employee handbook annually that informs them of CICA' sexual harassment policy. Additional site-based sexual harassment training is taught to all staff, and annual training is facilitated through "Safe Schools" an online program. CICA is also committed to providing a workplace free of discrimination and any harassment based upon such factors as race, religion, creed, color, gender, gender identity, gender expression, national origin, ancestry, ethnic group identification, age, medical conditions, marital status, sexual orientation, sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. CICA uses policies adopted by the Board regarding discrimination harassment (including employee to employee, employee to student, student to employee, and student to student misconduct). Misconduct of this nature is very serious and will be addressed in accordance with Board policies. Any complaint of unlawful harassment, discrimination, or sexual harassment is actively investigated by CICA, to include, where appropriate, the retention of outside investigators.

A copy of the policy shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired. The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code Section 231.6 and shall prominently and conspicuously display the poster in each bathroom and locker room at the schoolsite and in public areas at the schoolsite that are accessible to, and commonly frequented by, pupils.

School Facility Safety

California Innovative Career Academy complies with Education Code 47610 by either utilizing facilities that are compliant with the Field Act or facilities that are compliant with the California Building Standards Code. CICA adheres to laws specific to charter schools on the local and state level regarding facilities. CICA agrees to test sprinkler systems, fire extinguishers, and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times. The Charter School shall conduct fire drills as required as required under Education Code Section 32001. If CICA is not operating under the safety plan of the facility where it is housed, it will implement its own school safety and disaster preparedness plan.

Bullying Prevention

The Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying. The Charter School shall annually make available the online training module developed by the CDE pursuant to Education Code Section 32283.5(a) to certificated schoolsite employees and all other schoolsite employees who have regular interaction with children.

Supporting LGBTQ Students

Through the completion of the 2029-30 school year, the charter school shall use an online training delivery platform and curriculum at least one hour of required LGBTQ cultural competency training annually to teachers and other certificated employees and maintain records of such training as required by Education Code Section 218.

SAFETY Act

Pursuant to AB 1955 (2024), employees of the Charter School shall not be required to disclose any information related to a pupil's LGBTQ+ identity to any other person without the pupil's consent unless otherwise required by state or federal law. This provision shall not limit a parent's ability to request school records on behalf of their child.

Homicide Threats

The Charter School shall comply with all requirements under Education Code Sections 49390-49395 regarding mandatory

reporting in response to homicidal threats. All employees and Board members who are alerted to or who observe any threat or perceived threat in writing or through an action or a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement.

Gun Safety Notice

The Charter School shall comply with requirements of Education Code section 49392 to annually provide information about the safe storage of fire arms. Annually at the beginning of the first semester, the Charter School shall distribute a notice to each student addressing California's child gun access prevention laws and laws related to firearm safety, utilizing the most updated model language published by the California Department of Education.

Transportation Services

The Charter School shall comply with the requirements of Education Code Section 39875(c), if applicable, relating to background checks and testing for individuals providing transportation services to students.

Extreme Weather Policy

In accordance with Education Code section 33355, on or before July 1, 2026, the Charter School shall develop, adopt, and implement a weather policy that includes protocols for extreme weather conditions, and incorporate the standardized guidelines developed by the CDE.

SB 98, SB 495, SB 848, AB 727, AB 962, AB 772 Compliance

The Charter School safety plan and other policies of the Charter School shall comply with SB 98 (2025), SB 495 (2025), SB 848 (2025), AB 727 (2025), AB 962 (2025), and AB 772.

Element 7: Means to Achieve Student Population Balance

Governing Law: ***The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5 that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.***

--California Ed. Code § 47605(c)(5)(G)

Student Population Balance

California Innovative Career Academy strives, through recruitment and admissions practices, to achieve a racial and ethnic, special education, and English Learner balance among its students that is reflective of the general population residing within the territorial jurisdiction of the District. CICA will include an open enrollment policy. Students are considered for admission to the school regardless of ethnicity, national origin, gender, gender expression, gender identity, disability, sexual orientation or any of the characteristics listed in Education Code Section 220, including immigration status.

CICA will implement a coordinated advertising and recruiting strategy that ensures all students are notified about the educational opportunities we offer. These efforts will be on-going, throughout the year. As CICA is committed to serving all ethnic groups, we use various advertising techniques to recruit students from all backgrounds.

Each year CICA will conducts an analysis of enrollment trends in order to optimize our efforts to recruit and retain students. An informal designated committee, comprised of various stakeholders from the instructional, administrative, and operational sides of the school, meets regularly to discuss a problem solving plan. Using both quantitative and qualitative feedback from the previous year, the plan allows the team to work together to clearly identify enrollment trends and their root causes, determine potential solutions, and generate strategies to successfully implement and track solutions in the upcoming year. Some of valuable sources of data for this exercise come from student satisfaction surveys and non- mandatory exit interviews through which feedback is gathered.

Externally, CICA addresses retention and attrition through the development of school-based student engagement systems

and strong partnerships that support teaching, learning, and student achievement. These student engagements systems coordinate efforts to strengthen two-way communication between students and the school. Some of these systems include our ELD Navigators, Reclassification Specialist, Reading Specialist, Transition Specialist, and Student Engagement Liaison. This collaboration not only helps student relations, but also increases student achievement and, hopefully, retention.

CICA will actively recruit adult students from Sacramento County that reflect a diverse student population not only with regard to racial and ethnic diversity, but also with regard to socio-economic diversity, special education, and English Language Learners. CICA will implement a student recruitment strategy that includes, but is not necessarily limited to, the following elements to ensure a racial and ethnic, special education, and English Learner balance of students that is reflective of the District:

- An enrollment process that is scheduled and adopted to include a timeline that allows for a broad-based recruiting and application process.
- The development of promotional and informational materials that appeal to all of the various racial and ethnic, special education, and English Learner groups represented in the county.
- Distribution of informational materials to community organizations, community religious institutions, and other organizations that serve various racial and ethnic, special education, and English Learner populations, such as the libraries, recreation centers, local businesses, middle schools, and faith-based organizations.
- The appropriate development of promotional and informational materials in languages other than English to appeal to limited English proficient populations, including but not limited to Farsi, Spanish, Russian, and Arabic.
- The use of various advertising mediums that allow individuals whose first language is something other than English to obtain information relevant to programs at the school.
- Announcing enrollment and recruiting information in local newspapers, online news sources, and social media. CICA will continue to add sources to stay current with the latest technologies and trends.
- Presentations at various multicultural events, including community fairs and events.

Element 8: Admission Policies and Procedures

***Governing Law*: Admission policies and procedures, consistent with [Education Code Section 47605] subdivision (e)..**

-- California Education code Section 47605 (c) (5) (H)

California Innovative Career Academy (CICA) shall admit all students it is legally allowed to serve that do not possess a high school diploma who meet the exclusive WIOA agreement requirement of being age 22 or older, and who submit a timely application; unless CICA receives a greater number of applications than there are spaces for students, in which case attendance shall be determined by a public random drawing, with any preference given being consistent with state and federal laws.

All admissions shall be done in a non-sectarian manner. CICA shall not discriminate on the basis of the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics) [Ref. Education Code § 47605(e)(1)]. CICA shall comply with all laws establishing minimum and maximum age for public school attendance in charter schools.

No test or assessment shall be administered to students prior to acceptance and enrollment into the school, although assessments may be used in conjunction with other factors to appropriately determine which grade level a student will be enrolled in.

Student Recruitment

Recruiting Students with Low Academic Performance, Socioeconomic Disadvantages and Disabilities

Our recruitment efforts reflect our objective nature as a charter school and in no way favor or bias any demographic. When students with Individualized Education Plans (IEPs) enroll, it is the school's policy to collect any and all information

pertaining to the student's IEP and to assess whether the IEP is transferable to a 504 plan. CICA is committed to serving academically low-achieving and socioeconomically disadvantaged students to offer them a seamless path to success in employment, higher education, and life. CICA serves a community where a predominant number of students in our target population qualify for free or reduced-price meals according to federal guidelines. We are dedicated to making sure that all community members are equally aware of the alternative we are providing to students within the communities we intend to serve.

CICA conducts student outreach activities throughout the calendar year. A variety of techniques are utilized including postering, flyering, local school visits, community-based organization visits, presentations at various multi-cultural events, public business tabling (sitting outside markets and other businesses that allow us to pass out flyers to the public) and various advertising, including in local English, Spanish, Farsi, and Russian publications and radio stations. All promotional materials are in various languages, including Spanish, Farsi, Russian, and Arabic, to inform non-English speaking populations about our school.

In order to ensure we attract low-achieving, economically disadvantaged, and special education students, we conduct our outreach in the surrounding communities with similar demographics. Our marketing and recruiting materials highlight that our program is available to all students with a variety of needs and backgrounds. Our recruiting teams are trained to ensure all families are notified that our program currently serves a large population of economically disadvantaged students and that we accept students regardless of past academic performance.

Lottery Preferences and Procedures

Identification and Rationale of Admission Preferences

If CICA receives a number of applications that exceeds the number of available spaces, a single public random drawing/lottery will be used to select admit students, with the exception of existing students, who are guaranteed admission in the following school year. The following enrollment preferences and affirmative action preferences in the case of a public random drawing shall be as follows:

1. All students currently enrolled in CICA
2. Non-youth residents of the District; as defined by WIOA as those 22 years of age and older
3. All other residents of the District
4. All other applicants

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a waitlist according to their draw in the lottery. This waitlist will allow students the option of enrollment if an opening occurs during the current school year at their grade level. In no circumstance will the waitlist carry over to the following school year.

In accordance with Education Code Section 47605(e)(4)(A), the Charter School shall not discourage a pupil from enrolling or seeking to enroll in the Charter School for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Section 47605(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Section 47605(e)(4), and make this notice available to parents.

Communicating to All Interested Parties

Applications are available digitally online on the California Innovative Career Academy website and hard copies are available at all CICA sites. Our school advertises the open application period to the surrounding communities and also communicates the timeline, rules, and procedures for the lottery process if necessary. Typical methods for these communications include, but are not limited to, web advertising, newspaper and magazine ads, radio ads, home mailers, and fliers.

Ensuring Fair Execution of Lottery Procedures

The lottery will be coordinated by an individual designated by the Executive Director but moderated by an objective third party (usually a community leader or liaison) in a location open to the public and advertised to the school community. Given the native languages of the anticipated target community, all proceedings will be conducted in English, Spanish, Farsi, Russian, and Arabic, as needed.

The lottery is open to the public and students are encouraged to attend; however, students are not required to be present at the time of the drawing to be eligible for admission. Results are published in English, Spanish, Farsi, Russian, and Arabic, as needed. Results are mailed to all applicants and follow up phone calls are made by the designated Enrollment Team and/or school office staff.

The lottery will be made random through use of numbers assigned to each applicant. All applicant numbers will be published and provided to students before the lottery begins. When a student's number is drawn, both the number and student's name will be announced verbally, and the student will be added to a master list which will be projected for those in attendance. Once all available seats in a grade level have been filled, the designated Enrollment Team will announce to those present that all remaining applicants drawn will be placed on the waitlist for that grade level in the order that they are drawn.

Lottery Time and Location

The random public drawing (lottery) will be held in a public space in the community that is large enough to accommodate all interested students. The lottery process is open to the public. The public is notified of the random drawing through written notices posted at the school campus and on our website. The random public drawing (lottery) will be scheduled in the event that applications for enrollment exceed school capacity. The lottery will be held at a time that is determined to be convenient for the students in our school community to attend.

Waiting List Priorities

A waiting list will be implemented when the number of applications exceeds the enrollment capacity at each grade level. In the event of a lottery, admission to the school will be offered to applicants based on the results of the public random drawing until capacity is reached. All remaining names drawn after capacity for a grade level is reached will be placed on a waiting list in the order they are drawn. New applicants who register after the lottery deadline will be offered a seat if space is available in the grade level they have applied for or added to the waitlist in the order that the application was received. As seats become available in a grade level, the student with the lowest numerical ranking will be offered that seat.

Notifying Students of a Seat Offering

Once a seat becomes available for an applicant who has the lowest numerical ranking on the waiting list, the student will be notified of acceptance within a week of the lottery by the designated Enrollment Team and/or school office staff and must accept enrollment within two weeks of notification by confirming with the school staff their intent to complete the enrollment process and/or submitting a completed enrollment packet. Any families who decline an offered seat or who fail to confirm by the deadline will lose their position to the next applicant on the waiting list. The waiting list is kept on file at the school and is valid for the duration of the school year.

Documenting the Fair Execution of Lottery and Waitlist Procedures

Copies of all registration forms, lottery results, and waiting lists are readily available for inspection at the school office. These records will be maintained by the designated Enrollment Team.

Education Exclusively in Partnership with WIOA

Per Education Code §§ 47612.1 and 47605.1 (f), CICA shall provide instruction exclusively in partnership with the Workforce Innovation and Opportunity Act of 2014 through its partnership agreement with the Greater Sacramento Urban League (GSUL) or other WIOA organization. As such it may only legally serve students who are receiving WIOA

funded services, and do so under the terms of a Partnership Agreement.

Not Possessing a U.S. High School Diploma

Students who have a U.S. high school diploma (also known as a "regular high school diploma") will not be admitted to California Innovative Learning Academy. Students who possess a GED, CHSPE, foreign credential, or any other alternative degree that is not fully aligned with the academic standards of the State of California, may be admitted.

Application Period & Public Random Drawing

Applications will be accepted during a publicly advertised open application period each year for enrollment in the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this happens, the Charter School will hold a public random drawing to determine enrollment for the impacted grade level, with the exception of existing students who are guaranteed enrollment in the following school year. Returning students must affirm their intent to return.

The following enrollment preferences and affirmative action preferences in the case of a public random drawing shall be as follows:

1. All students currently enrolled in CICA
2. Non-youth residents of Twin Rivers Unified School District; as defined by WIOA as those 22 years of age or older
3. All other residents of Twin Rivers Unified School District
4. All other applicants

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a waiting list according to their draw in the lottery. This waiting list will allow students the option of enrollment if an opening occurs during the current school year at their grade level. In no circumstance will the waiting list carry over to the following school year.

Admission Process

The CICA admission process is comprised of the following:

- Completion of a student registration form Enrollment packets for students who are admitted will also gather the following:
- Proof of Immunization
- Proof of Withdrawal from Previous School (such as transcripts)
- Proof of Not Having a U.S. High School Diploma
- Home Language Survey
- Completion of Emergency Medical Information Form
- Proof of minimum age requirements, e.g., birth certificate or driver's license
- Release of records[1]
- Any forms required by the Greater Sacramento Urban League or other WIOA partner

Following the open enrollment period, applications shall be counted to determine whether any grade level has received more applications than availability.

In the event that this happens, CICA will hold a public random drawing to determine enrollment with the exception of existing students who are guaranteed enrollment in the following school year.

[1] In accordance with Education Code Section 47605(e)(4)(B), the Charter School shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the Charter School before enrollment.

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a waiting list according to their draw in the lottery. This waiting list will allow students the option of enrollment if an opening occurs during the current school year at their grade level. New students will be added to the waiting list on a first come, first served basis. If the waiting list is exhausted, then the school may hold additional random drawings.

CICA and *Twin Rivers Unified School District* mutually agree that the preferences in the public random drawing as listed above are consistent with Education Code Section 47605(e)(2) and applicable federal law and non-regulatory guidance; however, should the preferences require modification in order to meet requirements of the Public Charter Schools Grant Program (PCSGP), such modifications may be made at CICA's discretion without any need to materially revise the charter as long as such modifications are consistent with the law and written notice is provided by CICA to Twin Rivers Unified School District.

Element 9: Financial Audit, Quality Assurance and Improvement

Accreditation

CICA will apply for WASC ACS accreditation, produce a self-study report, and host a visiting committee as soon as it is possible to do so.

Annual Audits & Other Reporting

Governing Law: ***The manner in which an annual, independent, financial audit shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.***

-- California Education Code Section 47605 (c) (5) (I)

Financial Audit

An annual independent financial audit of the books and records of CICA will be conducted as required by Education Code Sections 47605(c)(5)(I) and 47605(m). The books and records of CICA will be kept in accordance with generally accepted accounting principles, and as required by applicable law and the audit will employ generally accepted accounting procedures. The audit will verify the accuracy of the School's financial statements, attendance and enrollment accounting practices, and review the School's internal controls. The audit will be conducted in accordance with applicable provisions within the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in any applicable Office of Management and Budget Circulars.

The CICA Board of Directors will form an audit committee each fiscal year to oversee selection of an independent auditor and the completion of an annual audit of the School's financial affairs. The auditor will have, at a minimum, a CPA license and experience with school and educational accounting requirements and practices, and be on the State Controller's published list as an approved educational audit provider. CICA shall be solely responsible for all costs associated with auditing services.

It is anticipated that the annual audit will be completed within six months of the close of the fiscal year. The annual audit will be completed and forwarded to the County Superintendent of Schools, the State Controller, and to the CDE by the 15th of December of each year. The Board of Directors will receive and review the audit each year. The CICA audit committee will review any audit exceptions or deficiencies and report to the School's Board of Directors with recommendations on how to resolve them. The Board of Directors will submit a report to Twin Rivers Unified School District regarding how the exceptions and deficiencies have been, or will be, resolved to the satisfaction of Twin Rivers Unified School District. Any disputes regarding the resolution of audit exceptions and deficiencies will be referred to the dispute resolution process contained in this charter agreement.

Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel ("EAAP") in accordance with applicable law.

The independent financial audit of CICA is public record to be provided to the public upon request.

Program Audit

CICA will compile and provide to Twin Rivers Unified School District an annual performance report. This report will, at a minimum, include the following data:

- A summary showing student progress toward the pupil outcomes using data from the assessment instruments.
- A summary of major decisions and policies established by the School's Board of Directors during the year.
- Data on the level of student involvement in the School and summary data from an annual student satisfaction survey.
- Data regarding the number of staff working at the School and their qualifications.
- A copy of the School's health and safety policies and/or a summary of any major changes to those policies during the year.
- An overview of the School's admissions practices during the year and data regarding the number of students enrolled, the number on waiting lists, and the number of students expelled and/or suspended.
- Analyses of the effectiveness of the School's internal and external dispute mechanisms and data on the number and resolution of disputes and complaints.

Budgets and Financial Reporting

***Governing Law*: The petitioner or petitioners also shall be required to provide financial statements that include a proposed first year operational budget, including startup costs, and cash flow and financial projections for the first three years of operation.**

--California Education Code Section 47605(h).

Attached, as *Appendix A*, please find the following documents:

- Financial projections for the first five years of operation

These documents are based upon the best data available to the petitioners at this time.
CICA shall provide reports to Twin Rivers Unified School District as follows as required by Education Code Section 47604.33, and may provide additional fiscal reports as requested by Twin Rivers Unified School District:

1. By July 1, a preliminary budget for the current fiscal year. For a charter school in its first year of operation, financial statements submitted with the charter petition pursuant to Education Code Section 47605(h) will satisfy this requirement.

2. By July 1, a local control and accountability plan and an annual update to the local control and accountability plan required pursuant to Education Code Section 47606.5.
3. By December 15, an interim financial report for the current fiscal year reflecting changes through October 31. Additionally, on December 15, a copy of CICA's annual, independent financial audit report for the preceding fiscal year shall be delivered to the State Controller, State Department of Education and County Superintendent of Schools.
4. By March 15, a second interim financial report for the current fiscal year reflecting changes through January 31.
5. By September 15, a final unaudited report for the full prior year. The report submitted to CICA shall include an annual statement of all CICA's receipts and expenditures for the preceding fiscal year.

For reports 1-3 above, CICA shall also provide with each financial report supporting and/or back up information including but not limited to: Multi-Year Projections for current and two subsequent years; Assumptions used for two subsequent years; Explanation for major variances by category between reporting periods; Enrollment projection; ADA P2 projection by grade level; COLA & Deficit percentage; Calculation used for determining general purpose funding; List of statutory benefit rates; List of H&W rates and number of participants; and Number of FTEs for certificated and classified employees for each year.

District Reports

Twin Rivers Unified School District agrees to file all reports specifically required by law to be filed with the California Department of Education or any other state or federal agency by a local educational agency on behalf of CICA and/or Twin Rivers Unified School District. CICA shall promptly provide Twin Rivers Unified School District with any information, data, or documentation necessary for Twin Rivers Unified School District to timely file such reports in accordance with law. CICA shall be solely responsible for the accuracy of all data submitted to Twin Rivers Unified School District. CICA shall be responsible for filing all other reports as may be required by law.

The CICA Board of Directors will form an audit committee each fiscal year to oversee selection of an independent auditor and the completion of an annual audit of the School's financial affairs. The audit will verify the accuracy of the School's financial statements, attendance and enrollment accounting practices, and review the School's internal controls. The audit will be conducted in accordance with generally accepted accounting principles applicable to the School. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in any applicable Office of Management and Budget Circulars.

It is anticipated that the annual audit will be completed within six months of the close of the fiscal year and that a copy of the auditor's findings will be forwarded to the chief financial officer of the California Innovative Career Academy. The California Innovative Career Academy's audit committee will review any audit exceptions or deficiencies and report to the School's Board of Directors with recommendations on how to resolve them. The Board of Directors will report to the Twin Rivers Unified School District in regarding how the exceptions and deficiencies have been, or will be, resolved. Any disputes regarding the resolution of audit exceptions and deficiencies will be referred to the dispute resolution process contained in this charter agreement.

Operations

CICA will have efficient and effective operations that ensure that students are served well and that taxpayer money is spent wisely.

Annual Operational Agreement

CICA and *Twin Rivers Unified School District* will negotiate in good faith on an annual basis to develop an Annual Operational Agreement/Memorandum of Understanding establishing the specific financial, operational and service relationship between the two parties. Additionally, it may address other matters of mutual interest not otherwise resolved within the terms of CICA's Charter.

Operational Powers and Liabilities

CICA shall be fiscally responsible for its own operations and shall manage its operations efficiently and economically within the constraints of its annual budget.
CICA shall have no authority to enter into a contract that would bind Twin Rivers Unified School District, or to extend the credit of Twin Rivers Unified School District to any third person or party without the express written consent of Twin Rivers Unified School District.

CICA shall clearly indicate to all vendors and other entities and individuals outside Twin Rivers Unified School District with which or with whom CICA enters into an agreement or contract for goods or services that the obligations of CICA under such an agreement or contract are solely the responsibility of CICA and are not the responsibility of Twin Rivers Unified School District.

To the extent not covered by insurance or otherwise barred by the California Tort Claims Act, CICA agrees to indemnify and hold Twin Rivers Unified School District and its officers, agents and employees harmless from all liability, claims or demands on account of injury, loss or damage, including, without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage or any other losses of any kind whatsoever which arise out of or are in any manner connected with the School's operations, or which arise from the provisions of this Charter itself, with the exception of the acts of Twin Rivers Unified School District, its officers, agents and employees in relation to any services provided by Twin Rivers Unified School District to CICA pursuant to this charter or any subsequent operational agreement.

The foregoing provision shall not be deemed a relinquishment or waiver of any kind of applicable limitations of liability provided by the California Tort Claims Act.

Administrative Services

***Governing Law*: The manner in which administrative services of the charter school are to be provided.**

--California Education Code Section 47605(h).

It is anticipated that CICA will provide or procure most of its own administrative services including, but not limited to, financial management, accounts payable/receivable, payroll, human resources, and instructional program development either through its own staff or through an appropriately qualified third-party contractor. CICA is interested in discussing the possibility of purchasing administrative services from Twin Rivers Unified School District. If Twin Rivers Unified School District is interested, the specific terms and cost for these services will be the subject of an annual memorandum of understanding between CICA and Twin Rivers Unified School District and subject to District availability and willingness to provide such services.

Pursuant to California law, the Twin Rivers Unified School District will be required to provide oversight and performance monitoring services, including monitoring school and student performance data, reviewing the school's audit reports, performing annual site visits, engaging in any necessary dispute resolution processes, and considering charter amendment and renewal requests. Requirements in addition to completing a career technical education program or equivalent can receive a certificate of primary education.

Element 10: Suspension and Expulsion Procedures

***Governing Law:* The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntary removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are consistent with the following:**

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian, or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a

suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, and other documents and related information.--California Education Code § 47605(c)(5)(J).

General Provisions

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students, of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g., truancy or excessive tardiness.

Element 11: Employee Benefits and Retirement

Governing Law: ***The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.***

-- California Education code Section 47605 (c) (5) (K).

Certificated, Classified, and Other Staff Members

All eligible, full time Certificated employees at California Innovative Career Academy participate in a qualified retirement plan including, but not limited to, California State Teachers Retirement System Cal(STRS) or the federal social security system based on their eligibility to participate. CICA teachers participate in STRS. Non-certificated/classified staff participate in a 401B defined contribution plan.

Employees may have access to other school-sponsored retirement plans and other benefit plans according to policies developed by the Board of Directors and adopted as CICA employee policies. In the event that the Internal Revenue Service adopts regulations barring non-profit entities from participating in the public-funded retirement plan (STRS), employees will be covered by federal social security and/or an employer-sponsored retirement plan as approved by the CICA Board of Directors. CICA will inform all applicants for positions within CICA of the retirement system options for employees of CICA and notify all applicants that accepting employment at CICA may exclude the employee from further coverage in their current retirement system. The Executive Director shall be responsible for ensuring that appropriate arrangements for retirement coverage are made. CICA will develop a mix of salaries and benefits commensurate with location and experience necessary to attract and retain well-trained teachers and staff.

Element 12: Public School Attendance Alternatives

Governing Law: ***The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.***

--California Education Code Section 47605(c)(5)(L).

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil's school district of residence in accordance with applicable law and that school district's policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school's charter. If Twin Rivers Unified School District is the pupil's school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

Element 13: Return Rights of Employees

Governing Law*: The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school and of any rights of return to the school district after employment at a charter school.*

--California Education Code Section 47605 (c) (5) (M).

No public school district employee shall be required to work at CICA. Persons employed by CICA are not considered employees of Twin Rivers Unified School District or other school district for any purpose whatsoever. Employees of Twin Rivers Unified School District or other school district who resign from employment to work at CICA and who later wish to return to Twin Rivers Unified School District or their previous district shall be treated the same as any other former employee seeking reemployment in accordance with agency policy, applicable law, and applicable bargaining agreements. CICA shall not have any authority to confer any rights to return on Twin Rivers Unified School District or other school district employees.

Employee Representation

Governing Law*: A declaration of whether or not the charter school shall be deemed the exclusive public school employer of the employees of the Charter School for the purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.*

--California Education Code Section 47605 (c) (6).

CICA shall be deemed the exclusive public school employer of the employees of CICA for the purposes of the Education Employment Relations Act ("EERA"). CICA shall comply with the EERA.

CICA is independent from Twin Rivers Unified School District and any District employees who choose to work at CICA shall resign their status as employees of Twin Rivers Unified School District or other school district and all of their rights

and benefits thereof. All persons employed by CICA shall not be deemed to be employees of Twin Rivers Unified School District for any purpose whatsoever. CICA employees shall have no employment rights of any kind with Twin Rivers Unified School District.

CICA will develop and maintain an Employee Handbook detailing the rights and responsibilities of all CICA employees and shall comply with all anti-discrimination and sexual harassment employment laws applicable to public agencies. On or before the first day of operation, and by August 1 of each subsequent year, CICA shall provide Twin Rivers Unified School District with two (2) copies of the Employee Handbook. CICA shall annually update and revise the Employee Handbook to reflect changes in the law and/or policies. CICA shall be solely responsible for the hiring and compensation of CICA employees, including but not limited to, salary, health benefits, sick leave, vacation, and retirement benefits. Twin Rivers Unified School District shall have no obligation to provide beginning teacher support or assessment to any CICA teacher or employee.

***Governing Law*: Except for the requirement that a pupil be a California resident, subdivision (b) of Section 47612 shall not apply to a charter school program that provides instruction exclusively in partnership with any of the following:**

(a) The federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 3101, et seq.).

(b) Federally affiliated Youth Build programs.

(c) Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.

(d) The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14406 or 14507.5 of the Public Resources Code.

-- California Education Code Section 47612.1.

***Governing Law*: Notwithstanding any other provision of law, the jurisdictional limitations set forth in this section do not apply to a charter school that provides instruction exclusively in partnership with any of the following:**

(1) The federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 3101 et seq.).

(2) Federally affiliated Youth Build programs.

(3) Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.

(4) The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14507.5 or 14406 of the Public Resources Code.

(5) Instruction provided to juvenile court school pupils pursuant to subdivision (b) of Section 42238.18 or pursuant to Section 1981 for individuals who are placed in a residential facility.

-- California Education Code Section 47605.1 (f).

CICA will provide all instruction exclusively in partnership with the Greater Sacramento Urban League (GSUL). Per Education Code, all education provided by CICA to GSUL will be provided at no cost to the partner or student. The Greater Sacramento Urban League will inform their clients about their ability to participate in CICA. The Partnership Agreement between CICA and GSUL will detail the terms required for clients of GSUL to join CICA.

Element 14: Dispute Resolution Procedures

***Governing Law*: The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.**

-- California Education Code Section 47605 (c) (5) (N).

Disputes Arising from within CICA

It is the intent of Twin Rivers Unified School District and CICA that complaints and disputes be resolved quickly and informally in an atmosphere of cooperation whenever possible. If employees are represented by a union, they must first exhaust their internal remedies before filing a grievance.

Complaints regarding the operation of CICA which do not involve Twin Rivers Unified School District liability or issues of student health or safety will be forwarded to CICA for processing according to procedures adopted by CICA, prior to being addressed by Twin Rivers Unified School District. CICA procedures shall include reasonably expeditious time lines and a full opportunity for parents/guardians of any students who are minors directly affected to express their concerns. Twin Rivers Unified School District will not address the dispute if CICA is able to fully resolve the problem unless CICA requests Twin Rivers Unified School District involvement.

Disputes between CICA and Twin Rivers Unified School District

CICA recognizes that it cannot bind *Twin Rivers Unified School District* to a dispute resolution procedure to which Twin Rivers Unified School District does not agree. The policy below is intended as a starting point for a discussion of dispute resolution procedures. CICA is willing to consider changes to the process outline below as suggested by Twin Rivers Unified School District. CICA and Twin Rivers Unified School District will be encouraged to attempt to resolve any disputes with CICA amicably and reasonably without resorting to formal procedures.

In the event of any dispute between CICA and Twin Rivers Unified School District, excluding revocation of the Charter but including audit exceptions and deficiencies, the complaining party shall prepare a written statement of the dispute which shall be simultaneously submitted to Twin Rivers Unified School District's Superintendent or designee, and the CICA Principal. The Principal and the Superintendent or designee shall meet and confer within five (5) business days from the date of receipt of the written statement and attempt to resolve the dispute. In the event the matter is not resolved, the parties shall identify two members of their respective governing boards who shall meet with the Superintendent or designee, and the Principal within ten (10) business days and attempt to resolve the dispute. If this meeting fails to resolve the dispute, either party shall, within five (5) business days following the meeting, submit the matter first to the Sacramento County Superintendent of Schools. The parties agree to be bound by the County Superintendent's decision and shall indicate as such when submitting the matter to the County Superintendent. If the County Superintendent declines to hear the matter, the parties may agree to submit their dispute to a mutually agreeable mediator, for resolution in accordance with any procedure determined and prescribed by the mediator and agreed to by the parties. Review by the County Superintendent or mediator to be held no later than forty-five (45) business days of receipt of the initial dispute statement. If the parties are unable to resolve the matter before a mutually agreeable mediator, they may pursue any other remedy available at law. The cost of the mediator shall be equally split between the parties.

CICA shall timely notify Twin Rivers Unified School District of any and all complaints filed against CICA by its employees, students, parents, and vendors, involving violations of the Charter, the MOU, state or federal law, or alleged financial mismanagement.

Revocation Protocol

CICA and Twin Rivers Unified School District agree that the dispute resolution procedure set forth above shall not apply to any matter that could lead to revocation of the Charter. Prior to revocation of the Charter, Twin Rivers Unified School District shall provide CICA with written notice of its belief and an opportunity to meet with and respond to Twin Rivers Unified School District within a reasonable time, which shall be not less than five (5) business days, prior to issuing a written notice to "cure and correct," unless Twin Rivers Unified School District determines in writing that the violation constitutes a severe and imminent threat to the health or safety of the pupils in accordance with Education Code section 47607(g) and its implementing regulations. Thereafter, if Twin Rivers Unified School District determines that revocation is warranted, it shall comply with the procedures set forth in Education Code section 47607.

Potential Civil Liability Effects

***Governing Law*: Potential civil liability effects, if any, upon the charter school and upon the school district.**

-- California Education Code Section 47605(h).

CICA shall be operated by a California nonprofit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code Section 47604(d), an entity that grants a charter to a charter school operated by a non-profit public benefit corporation shall not be liable for the debts or obligations of CICA or for claims arising from the performance of acts, errors or omissions by CICA if the authority has complied with all oversight responsibilities required by law. CICA shall work diligently to assist Twin Rivers Unified School District in meeting any and all oversight obligations under the law, including monthly meetings, reporting, or other District-requested protocol to ensure CICA shall not be liable for the operation of CICA.

Further, CICA and Twin Rivers Unified School District shall enter into a memorandum of understanding, wherein CICA shall indemnify Twin Rivers Unified School District for the actions of CICA under this charter.
The corporate bylaws of CICA shall provide for indemnification of the Twin Rivers Unified School District's Board, officers, agents, and employees, and CICA will purchase general liability insurance, Board Members and Officers insurance, and fidelity bonding to secure against financial risks.

As stated above, insurance amounts will be determined by recommendation of Twin Rivers Unified School District and the Twin Rivers Unified School District insurance company for schools of similar size, location, and student population. Twin Rivers Unified School District shall be named an additional insured on the general liability insurance of CICA.

The CICA Board will institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.

Element 15: Procedures for Closing

***Governing Law*: The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.**

-- California Education Code Section 47605 (c) (5) (O).

The following procedures shall apply in the event CICA closes. The following procedures apply regardless of the reason for closure. Closure of CICA shall be documented by official action of the Board of Directors of CICA. The action shall identify the reason for closure. The CICA Board shall promptly notify Twin Rivers Unified School District, within 10 business days, of the closure and the effective date of the closure. The official action shall also identify an entity responsible for closure-related activities. The entity responsible for implementing the closure procedures shall be experienced in dissolution and closure of public educational programs and shall comply with all legal requirements regarding the confidentiality of student records. The Chair of the Board of Directors shall serve as the official contact for purposes of implementing the closure protocol set forth in the Charter and its plan for maintaining and transferring student records and payment of debts and liabilities and distribution of remaining assets. The CICA Board of Directors shall also notify the County Office of Education, the Schools' SELPA, the retirement systems in which the School's employees participate (i.e., Public Employees Retirement System, State Teachers Retirement System, and federal social security), and the California Department of Education of the closure, as well as the effective date of the closure. This notice will also include the name(s) of and the contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the students' school districts of residence; and the manner in which parents/guardians (in the case of a minor) may obtain copies of student records, including specific information on completed courses and credits that meet graduation requirements.

The CICA Board of Directors shall also develop a list of students in each grade level and the classes they have completed, together with information on each student's districts of residence, which the Board shall provide to the entity responsible for closure-related activities. CICA Board of Directors shall ensure notification to the parents and students of the School of the closure and provide information to assist parents and students in locating suitable alternative programs. This notice shall

be provided promptly, within ten (10) business days following CICA's decision to close the School.

As applicable, CICA will provide parents, students and Twin Rivers Unified School District with copies of all appropriate student records and will otherwise assist students in transferring to their next school. CICA will ask Twin Rivers Unified School District to store original records of CICA students. All transfers of student records shall be made in compliance with the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g.

All state assessment results, special education records, and personnel records shall be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as is reasonably practical, CICA shall prepare final financial records. CICA shall also have an independent audit completed as soon as is reasonably practical, which period is generally no more than six months after closure. CICA shall pay for the final audit. The audit shall be prepared by a qualified Certified Public Accountant selected by CICA and shall be provided to Twin Rivers Unified School District promptly upon completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to CICA.

CICA will complete and file any annual reports required pursuant to Education Code section 47604.33.
On closure of CICA, all assets of CICA, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending CICA, after all payment of debts and liabilities and refunds to applicable agencies, shall be distributed to another charter school operating within Twin Rivers Unified School District or shall revert to Twin Rivers Unified School District. Any assets acquired from CICA will be promptly returned upon CICA closure to Twin Rivers Unified School District. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, CICA shall remain solely responsible for all liabilities arising from the operation of CICA.
As CICA is operated by a non-profit public benefit corporation, should the corporation dissolve with the closure of CICA, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

As specified by the Budget in the Appendix, CICA will utilize the reserve fund to undertake any expenses associated with the closure procedures identified above.

Occupational & Community Advisory Committees

CICA will have an occupational advisory committee composed primarily of potential employers of graduates, which will aid the school in curriculum and other relevant decision making. CICA will also have a general Community Advisory Committee to allow other community stakeholders to actively participate in the school.

Nine Facets of the School

Following the A to Z Model of Formal Education, CICA recognizes nine primary categories of components that are important for an educational institution to have to succeed, including:

- Organizational System and Structures
- Participants (Students, Teachers, Staff, other Stakeholders)
- Methods of Quality Assurance and Improvement
- Regulations, Laws, and Contracts the School Must Abide by
- Setting and Context of the School (This was included at the start of the petition)
- Technology Utilized by the School for Administrative and Educational Purposes

- Understanding and Research to Guide the School
- Physical Assets including Venues (Facilities), Vehicles, and Supplies
- Wealth in the form of Revenue and Finances
- We will utilize all these components in ways that will help optimize our ability for students to learn, and to be able to serve the most number of students who are in need.

Required Exclusive Partnership

Governing Law: ***Notwithstanding any other provision of law, the jurisdictional limitations set forth in this section do not apply to a charter school that provides instruction exclusively in partnership with any of the following:***

(1) The federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 2801 et seq.).

(2) Federally affiliated Youth Build programs.

(3) Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.

(4) The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14507.5 or 14406 of the Public Resources Code.

(5) Instruction provided to juvenile court school pupils pursuant to subdivision (b) of Section 42238.18 or pursuant to Section 1981 for individuals who are placed in a residential facility.

-- California Education Code Section 47605.1 (f).

CICA will provide all instruction exclusively in partnership with the Greater Sacramento Urban League (GSUL). Per Education Code, all education provided by CICA to GSUL will be provided at no cost to the partner or student. The Greater Sacramento Urban League will inform their clients about their ability to participate in CICA. The Partnership Agreement between CICA and GSUL will detail the terms required for clients of GSUL to join CICA**.**

Amendment of Charter

Any amendments to this charter shall be made by the mutual agreement of the governing boards of Twin Rivers Unified School District and CICA. CICA may present a petition to amend the charter at any time, and Twin Rivers Unified School District agrees to respond to such petitions pursuant to the process and timelines specified in Education Code Section 47605 or its successors.

Cooperation

Twin Rivers Unified School District agrees to cooperate with CICA in all matters related to the implementation of this charter and interactions with the California State Board of Education.

Severability

The terms of this charter are severable. In the event that any of the provisions are determined to be unenforceable or invalid for any reason, the remainder of the charter shall remain in effect, unless mutually agreed otherwise by the Twin Rivers Unified School District's Board of Trustees and CICA Board of Directors.

Annual Calendar

The school will offer instruction for at least 175 days a year using independent study contracts referred to as a Master Agreement, and following all applicable independent study laws (Education Code Section 51745-51749.3, and implementing regulations). The calendar will be similar to California Innovative Career Academy with a five track attendance calendar reflecting 175 instructional days broken into the 5 tracks.

Exclusive Partnerships

One way that we will meet the needs of our students is through community partnerships. We have exclusive partnerships

with Greater Sacramento Urban League (GSUL), Opening Doors, Asian Resources, Inc. (ARI), and Bach Viet. Our partners work to improve educational and employment opportunities in underserved urban communities to enhance the workforce and the local economy. At CICA we will provide instruction to students exclusively in partnership at no cost to our partners or our students. Our partners will notify students about opportunities to participate in our program and provide students with details of the terms required for participation. Through these partnerships, we will be able to reach more students and have a larger community impact.

Workforce Innovation and Opportunity Act (WIOA)

In 2014, the US Department of Labor signed the Workforce Innovation and Opportunity Act (WIOA), formerly known as the Workforce Investment Act (WIA), into law. It is designed to help job seekers gain access to education, training, and employment and to ultimately help unemployed and underemployed youth, dislocated workers, and workers with disabilities to successfully find jobs. California Innovative Career Academy will apply for a WIOA grant for the 2019-20 school year. Our plan is to use portions of the grant to fund positions such as the Reading Specialist and test proctors to assist our students in literacy and testing. The extra grant funding will allow us to fund in areas such as technology. It will provide us the opportunity to purchase laptops, laptop carts, and computers.

Responsibilities of all Employees

All employees have a responsibility to:

- take reasonable care for the health and safety of themselves and of any person who might be affected by their acts or omissions at work;
- co-operate with Administration and others in meeting statutory requirements;
- not interfere with or misuse anything provided in the interests of health, safety and welfare;
- make themselves aware of all safety rules, procedures and safe working practices applicable to their posts; where in doubt they must seek immediate clarification from Administration;
- ensure that tools and equipment are in good condition and report any defects to Administration;
- use protective clothing and safety equipment and ensure that these are kept in good condition;
- ensure that offices, general accommodation and vehicles are kept tidy;
- ensure that any accidents, whether or not an injury occurs, and potential hazards are reported to Administration.

WHENEVER AN EMPLOYEE IS AWARE OF ANY POSSIBLE DEFICIENCIES IN HEALTH AND SAFETY ARRANGEMENTS SHE/HE MUST BRING THESE TO THE ATTENTION OF ADMINISTRATION.
Please note the following:

It must be realized that newly appointed employees could be particularly vulnerable to any risk and it must be ensured that all relevant health and safety matters are brought to their attention at an early stage. Whilst it is an administrative responsibility to instruct all employees in safe working procedures in relation to their posts and workplaces, employees may from time to time find themselves in unfamiliar environments. In such cases, the employee concerned should be particularly alert for hazards and, whenever possible, ensure they are accompanied by a person familiar with the environment or that they are advised of specific hazards.
All volunteer helpers will be expected, as far as reasonably possible, to meet the same standards require of employees.
Responsibilities of Students
All students are expected, within their expertise and ability, to:

- exercise personal responsibility for the safety of themselves and their fellow students;
- observe standards of dress consistent with safety, hygiene and programmatic dress codes this would preclude unsuitable clothing and items considered dangerous;

- observe all the safety rules of the school and in particular the instructions of the teaching staff in the event of an emergency;
- use and not willfully misuse, neglect or interfere with items provided for safety purposes.

Visitors

Regular visitors and other users of the premises (e.g., contractors and delivery people) are expected, as far as reasonably possible, to observe the safety rules of the school.

Pupil Records

CICA shall at all times maintain pupil records in accordance with any pupil record system utilized by CICA, or as agreed upon by CICA (such agreement not to be unreasonably withheld) including but not limited to cumulative files, student work portfolios, immunization records, special education files, and/or attendance verification at the school site within CICA.

Notwithstanding Education Code section 47610, CICA shall voluntarily agree to comply with Education Code sections 49060 through 49079. Given that these sections do not apply to a charter school, should CICA seek an exception to these sections, it shall seek the same from CICA, and such agreement shall not be unreasonably withheld. Charter School pupil records maintained by CICA shall be made available for inspection by CICA at any time for purposes of verifying that CICA is in compliance with all state and federal laws, its Charter, and MOU, as applicable.

Impact Statement

Governing Law: Potential civil liability effects, if any, upon the charter school and upon the school district.
Education Code Section: 47605(h).

Fire Prevention Equipment

Arrangements are made to regularly monitor the condition of all fire prevention equipment. This would include the regular visual inspection of fire extinguishers and the fire alarm system.

HCCTS Site Closure & Facility Transition Procedures

December 1, 2025 – June 1, 2026

I. Purpose and Scope

This document outlines the procedures Highlands Community Charter and Technical Schools (HCCTS) will follow to close, terminate, renegotiate, sublease, or buy out identified facilities for the 2025–2026 school year. It ensures all site transitions occur safely, legally, efficiently, and in compliance with lease agreements, TRUSD expectations and transparency, and relevant state and county requirements.

II. Legal and Policy Framework

All facility transitions comply with:

- Lease terms and property management contracts
- Facilities MOUs with Twin Rivers Unified School District
- California Education Code requirements related to charter facility use
- Federal and state rules for disposition of equipment purchased with restricted funds
- Nonprofit operational and audit standards

Legal counsel will review buyouts, renegotiations, and subleases as needed.

III. Roles and Responsibilities

Executive Leadership

- Approves facility transitions
- Oversees authorizer notifications

Director of Operations / Facilities Manager

- Leads execution of all closure steps
- Coordinates with landlords, TRUSD, and internal departments

Business Office

- Manages lease buyout negotiations
- Tracks expense abatement and reconciles closeout costs
- Oversees asset disposition, surplus, and inventory control

IT Department

- Removes and redeploys all technology
- Terminates services
- Ensures secure data management

Facilities & Custodial Teams

- Handle repairs, cleaning, and turnover preparation
- Ensure each site meets exit condition standards

IV. Site Categories & Required Actions

A. Sites Issuing 30-Day Termination Notices December 2025 (MTM = Month to month)

Address	Name	Expense Abatement	Lease Status
9880 Jackson Rd., Sacramento	Jackson Rd.	$22,818	MTM
7720 24th Street	24th Street	$22,818	6/30/2028 – 30 Day
6853 65th Street	65th St.	$8,616	MTM

715 C Street, Marysville	Marysville	$35,724	6/30/2028 – 30 Day
431 Hayes Avenue	Hayes Ave.	$13,500	MTM
2300 Edison Avenue	Edison Ave.	$53,574	MTM
730 S Street	S Street	$18,066	6/30/2028 – 30 Day
1100 Fulton Avenue	Larkspur Ln.	$15,181	MTM
1100 Las Palmas Avenue	Las Palmas Ave.	$134,649	MTM
2310 Fair Oaks Blvd. (C Suites)	Fair Oaks	$64,325	8/31/26

Required Actions:

- Issue official 30-Day Notice on or before **12/31/25**
- Conduct inventory and technology removal
- Prepare site for turnover per lease
- Complete repairs, cleaning, and documentation
- Return space to landlord in compliant condition

B. Sites Requiring Negotiated Buyout or Sublease

Address	Name	Notes	Expiration Date
2310 Fair Oaks Blvd. (D Suite)	Fair Oaks	Negotiate buyout or sublease	8/31/26
1050 Fulton Avenue	Fulton Ave.	Buyout/sublease discussions underway	6/30/26

3600 American River Dr.	American River	Buyout/sublease options; marketing Nov. 2025	12/31/26
555 Capitol Mall	Capitol Mall	Two suites subleased; third suite in process	9/30/2027
229 Clark Ave., Suites Q & V	Clark Ave.	Negotiate Sublease or Buyout and turnover preparation	9/30/2026
560 South A Street	Oxnard 2	Negotiate Sublease or Buyout and turnover preparation	12/30/2026

Required Actions:

- Engage property management beginning **December 2025**
- Evaluate financial impact of buyout vs. sublease
- Initiate marketing campaigns for eligible properties
- Finalize agreements by **Spring 2026**
- Complete all turnover and asset removal activities

C. TRUSD-Related Facilities

Address	Name	Notes	Expiration Date
1333 Grand Avenue	Grand Ave.	Building H remediation; renegotiate TRUSD usage	6/30/27

Required Actions:

- Complete remediation in collaboration with TRUSD
- Review facility usage needs

- Adjust MOU as needed
- Prepare facility for continued or modified educational use

D. Closed or Previously Vacated Sites 2025-2026

Address	Name	Status
Rosemont	Rosemont	Closed
406 9th Avenue, San Diego	9th Ave.	Closed
328 West Third Street Third Street	Third Street	Final Walk Through and turnover preparation
8211 Bruceville Rd.	Bruceville Rd.	Closed
5411 Luce Ave.	Luce Ave.	Closed
3144 Palm Street	Palm St.	Closed
1964 Rumrill Blvd	Rumrill Blvd.	Closed
10121 Westminster Ave. (Garden Grove)	Westminster Ave.	Closed
3730 Marysville Blvd	Marysville Blvd	Closed
O Street	O St.	Closed
30 Seavey Circle	Seavey Circle	Closed

Required Actions:

- Confirm asset removal and storage
- Ensure financial abatement is properly tracked

V. Facility Readiness & Turnover Protocols

Before releasing any facility, HCCTS will ensure:

A. Site Condition & Remediation

- Conduct final walkthrough with documented condition reports
- Complete patching, painting, repairs, and cleaning
- Remove all signage, branding, and fixtures
- Meet all landlord/TRUSD return-condition requirements

B. FF&E (Furniture, Fixtures & Equipment)

- Full inventory of all assets
- Categorization:
    - Redeploy
    - Store
    - Surplus/donate/sell
- Follow federal/state rules for equipment purchased with grant funds
- Update asset ledger for audit

C. Technology

- Remove all computers, printers, networking gear, and phones
- Sanitize and secure data
- Terminate internet, utilities, and telecom contracts

D. Security & Documentation

- Collect and return all keys, badges, and access cards
- Deactivate alarms and digital access
- Remove all confidential materials
- File all closeout documentation with Business Office

VI. Closure Timeline: December 1, 2025 – June 1, 2026

December 1–31, 2025

- Issue all 30-Day Notices
- Begin negotiations for buyout/sublease sites
- Begin asset inventory and technology planning
- Notify TRUSD of transitions

January 2026

- Vacate all MTM and 30-Day sites
- Complete repairs, cleaning, and turnover for closed facilities
- Redeploy/store technology and FF&E

- Finalize and file landlord acceptance documentation

February–March 2026

- Finalize negotiating buyouts/subleases
- Market eligible sites for sublease
- Complete remediation at Grand Ave.

April–May 2026

- Complete all physical turnovers and documentation
- Submit updated site lists to TRUSD and authorizers
- Reconcile all financial obligations

June 1, 2026

- All identified facility transitions fully completed
- All assets accounted for, redeployed, stored, or surplused
- All landlord and TRUSD requirements finalized

Internal Protocols for Site Closures and Vacating Facilities

- Site closure tracker

RE: Final Decision to Revoke - California Innovative Career Academy

Dear HCCTS Board of Directors and Mr. Raymond:

The Twin Rivers Unified School District ("District") Board of Trustees ("Board") approved issuance of a Final Decision to Revoke the Charter of **California Innovative Career Academy** at its special meeting on January 30, 2026. A copy of the Board Resolution approving issuance of the Final Decision is enclosed.

Sincerely,

Steve Martinez, Ed. D
Superintendent
Twin Rivers Unified School District

Enclosure: Resolution No. 1612

McClellan Park, California

RESOLUTION NO. 1612

**RESOLUTION OF THE BOARD OF TRUSTEES
OF THE TWIN RIVERS UNIFIED SCHOOL DISTRICT
Approving Issuance of a Final Decision to Revoke the Charter of
California Innovative Career Academy**

WHEREAS, the Twin Rivers Unified School District ("District") initially approved the petition for the establishment of California Innovative Career Academy ("CICA") charter school on June 25, 2019, for a five-year term running through June 30, 2024, and per Education Code section 47607.4, CICA's Charter was automatically extended by operation of law through June 30, 2027. CICA is operated and governed independently by Highlands Community Charter and Technical Schools ("HCCTS") and its Board of Directors;

WHEREAS, the District and CICA entered into a Memorandum of Understanding ("MOU") on or about February 25, 2020, to document the arrangement and agreement between the parties regarding CICA's program, operation, structure, and obligations. Subsequent amendments to the MOU extended its term through June 30, 2027, and made clarifications regarding the process for approval of any new facility locations, facility safety expectations, and supervisorial oversight;

WHEREAS, as the charter authorizer of CICA, the District is responsible for overseeing CICA under Education Code 47604.32. This oversight responsibility includes monitoring whether CICA is operating in compliance with the conditions, standards, or procedures set forth in its Charter and MOU, meeting or pursuing the pupil outcomes identified in its Charter, failing to meet generally accepted accounting principles, or engaging in fiscal mismanagement, and complying with the law (Education Code section 47607(f));

WHEREAS, as a result of CICA's failure to remedy several areas of concern despite its receipt of multiple information requests and notices of concern from the District, and/or its failure to implement viable remedial plans to address these concerns, and since the District concluded that grounds for revocation existed, including material violations of the conditions, standards, or procedures of its Charter and MOU, failure to meet generally accepted accounting principles, or engaged in fiscal mismanagement, and violations of law, the District determined that the point has been reached where it was necessary to initiate the first step in the formal revocation process with the issuance of a Notice of Violation per Education Code section 47607 and Title 5, Cal. Code of Regulations, section 11968.5.2 ("Section 11968.5.2");

WHEREAS, on June 17, 2025, the Board unanimously approved issuance of a Notice of Violation ("NOV") to CICA pursuant to Education Code section 47607 based on findings that CICA materially violated the conditions, standards, and procedures of its Charter, failed to meet generally accepted accounting principles or engaged in fiscal mismanagement, and violated the law;

WHEREAS, the NOV also provided CICA with a reasonable opportunity to respond to and/or remedy the violations by September 26, 2025, and placed CICA on notice that if the violations were not addressed, the District may pursue further steps towards revocation of the Charter;

WHEREAS, at the conclusion of the remedy period, on September 26, 2025, CICA provided its response to the NOV, however, the supporting evidence was not provided to the District until September 29, 2025;

WHEREAS, District staff evaluated the response from CICA and all documentation produced with the response, and after conducting a thorough, objective, and data-driven review, District Staff determined that CICA failed to refute to the District's satisfaction, or remedy all of the violations identified in the NOV, and that significant violations continue to exist, including material violations of the conditions, standards, or procedures of its charter, fiscal mismanagement, and violations of law;

WHEREAS, based upon the substantial evidence demonstrating CICA's failure to refute and/or remedy multiple violations identified in the NOV, District staff recommended that the Board approve issuance of the a Notice of Intent to Revoke and notice of facts in support of revocation ("Notice of Intent to Revoke") to CICA pursuant to Education Code section 47607 and Section 11968.5.2, and the Board approved issuance of a Notice of Intent to Revoke at its meeting on November 4, 2025, supported by substantial evidence presented therewith, and further scheduled a public hearing on the issue of whether substantial evidence existed to revoke the Charter;

WHEREAS, on December 2, 2025, the Board of Trustees held a public hearing in compliance with Education Code section 47607, and took testimony from CICA representatives and the public on the issue of whether substantial evidence existed to revoke CICA's Charter based on the facts and conclusions in the Notice of Intent to Revoke;

WHEREAS, during a special Board meeting on January 27, 2026, District Staff presented their analysis of the measures taken by HCCTS to refute and/or remedy the violations identified in the Notice of Revocation. While the Board thoughtfully considered Staff's analysis and recommendation regarding revocation, it ultimately did not accept Staff's recommendation and no action was effectively taken regarding CICA's revocation; and

WHEREAS, the Board has convened on January 30, 2026, to consider whether to approve the issuance of a Final Decision to Revoke the Charter of CICA.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED AS FOLLOWS:

1. The Board finds the above-listed recitals to be true and correct and incorporates them herein by this reference.

2. In support of its Final Decision to Revoke CICA's Charter, the Board adopts the facts and findings contained in the Notice of Intent to Revoke and its exhibits, as initially set forth in the NOV, and as stated herein, as its written factual findings, supported by substantial evidence

specific to CICA, and incorporates such findings into this Resolution as though set forth fully herein; and in support of its decision to issue a Final Decision to Revoke CICA's Charter, the Board further finds that:

(A) Substantial evidence demonstrates that the violations initially identified in the NOV, and demonstrated in the Notice of Intent to Revoke and exhibits thereto, and as further stated herein, have in fact occurred;

(B) CICA failed to refute, remedy, or propose remedial action sufficient to remedy all of the violations identified in the NOV;

(C) The violations set forth in the NOV and Notice of Intent to Revoke, have not been sufficiently remedied by CICA, and attempts at further corrective actions taken by CICA, although considered by the Board, failed to sufficiently remedy the violations identified in the NOV and substantiated in the Notice of Intent to Revoke, and/or promised unsubstantiated and unreliable future performance and resulting uncertainty regarding future compliance.

3. The Board hereby approves issuance of a Final Decision to Revoke the Charter of California Innovative Career Academy revoking CICA's Charter effectively immediately. The Superintendent or designee is hereby authorized and directed to notify the Sacramento County Board of Education and California Department of Education regarding the revocation approval and to take any such other actions needed to effectuate the purpose of this Resolution.

PASSED and ADOPTED by the Board of Trustees of the Twin Rivers Unified School District on the 30th day of January 2026 by the following vote.

AYES: 7
NOES: 0
ABSTAIN: 0
ABSENT: 0

CICA Material Revision Presentation 12.02.2025

CICA
California Innovative Career Academy

Our Students

Our goal is to rebuild better, acting with integrity and urgency, always keeping students at the center of every choice.

CICA Sites

CICA is requesting approval to operate at the 17 locations listed below.

14 Student Serving Sites:

- 33rd St. (2520 33rd St, Sacramento, CA 95817)
- 37th Ave. (3301 37th Avenue, Sacramento, CA 95824)
- Boxwood St. (2260 Boxwood Street, Sacramento, CA 95815)
- Center Pkwy. (7839 Center Parkway, Sacramento, CA 95823)
- College Oak Dr. (4545 College Oak Drive, Sacramento, CA 95841)
- Folsom Blvd. (10013 Folsom Blvd, Sacramento, CA 95827)
- Franklin Blvd. (5961 Franklin Blvd, Sacramento, CA 95824)
- Hillsdale Blvd.(5655 Hillsdale Blvd, Sacramento, CA 95842)
- Howe Ave. (1111 Howe Avenue, Sacramento, CA 95825)
- Hurley Way (3205 Hurley Way, Sacramento, CA 95864)
- Industrial Pkwy. (8180 Industrial Parkway, Sacramento, CA 95824)
- Marconi Ave. (3727 Marconi Ave, Sacramento, CA 95821)
- Old Auburn Rd. (7817 Old Auburn Road, Citrus Heights, CA 95610)
- Todhunter Ave. (800 Todhunter Avenue, West Sacramento, CA 95605)

3 Administrative Support Locations:

- Arden Way (901 Arden Way, Sacramento, CA 95815
- Florin Rd. (3801 Florin Road, Suite 107, Sacramento, CA 95823)
- Hemlock St. (5537 Hemlock Street, Sacramento, CA 95841)

CICA Sites Continued

If TRUSD does not approve the proposed site list included in the CICA Material Revision, CICA respectfully requests to operate at the locations outlined in the MOU Amendment No. 3 executed on January 23, 2024. Please note some sites' leases previously approved in the MOU Amendment No. 3 have been terminated. Even though TRUSD previously approved sites outside of Sacramento County, those locations will no longer be operated by CICA. In addition, HCCTS has closed some of the sites inside the Sacramento County previously approved by TRUSD due to declining enrollment.

- 24th/St. Anne's (7720 24th Street, Sacramento, CA 95814)
- Auburn (4441 Auburn Blvd, Suite H, M and J, Sacramento, CA 95841)
- Bowling (7171 Bowling Drive, #1120, Sacramento, CA 95823)
- Del Paso/Cavalry (1100 Las Palmas Avenue, Sacramento, CA 95815)
- Florin Rd (3801 Florin Road, Suite 107, Sacramento, CA 95823)
- Grand Avenue (1333 Grand Avenue, Sacramento, CA 95838)
- Hillsdale (5655 Hillsdale Blvd, Suite 9, Sacramento, CA 95842)
- Hurley (3205 Hurley Way, Sacramento, CA 95864)
- Industrial (8180 Industrial Pkwy, Sacramento, CA 95824)
- Jackson/Bethany (9880 Jackson Road, Sacramento, CA 95827)
- Maple 2 (5961 Franklin Blvd, Sacramento, CA 95824)
- Marconi 2 (3727 Marconi Ave, Sacramento, CA 95821)
- Marysville (715 C Street, Marysville, CA 95901)
- North Laguna 2 (8211 Bruceville Rd.#125, Sacramento, CA 95823)
- Saint John's (Address redacted due to the privacy of our students)
- West Sac/Holy Cross (800 Todhunter Avenue,West Sacramento, CA 95605)

Administrative sites:

- Howe Avenue (1111 Howe Avenue, #630, Sacramento, CA 95825)

CICA Grade Levels

CICA's charter petition, which was approved by TRUSD for July 1, 2019 does not specify grades levels offered, however CICA is currently offering grades 9, 10, and 12 as outlined below.

Grades	Credits
Grade 9	0-50
Grade 10	51-149
Grade 12	150-180

CICA Grade Levels with Material Revision Approval

If the CICA material revision is approved	
Grades	Credits
Grade 9	0-50
Grade 10	51-100
Grade 11	101-149
Grade 12	150-180

- Create 11th grade in PowerSchool
- Modify master schedule
- Move students in PowerSchool from grade 10 to grade 11 if they have between 101-149 credits
- Contract with Charter Impact to support with the transition
- Implement CAASPP for all eligible grade 11 students
- HCCTS board approved the course outline for English 9-12
- CICA leadership sent a request to Charter Impact to identify grade 11 students
- CICA academic leadership has drafted a new master schedule which reflects these grades
- CICA leadership is revisiting the enrollment procedures for the updated grade levels

If the CICA material revision is not approved by TRUSD, CICA will conform to the existing charter and MOU sites by the Spring of 2026 and will continue offering grades 9, 10, and 12.

Proposed CTE Programs for 2025-2026 School Year

- Digital Literacy and Multimedia
- Medical Services
- Microsoft Office Specialist (MOS) Certification
- Personal Finance
- Real Estate
- Culinary Arts
- Early Childhood Education (ECE)

Updated Credential Qualifications

In the 2024-2025 school year, CICA modified credential requirements for teachers as required by the CTC and communicated by TRUSD. This material revision will align the charter document to the agreement made by the school to utilize K-12 credentials rather than adult credentials for its teachers.

COMMISSION ON TEACHER CREDENTIALING
ENSURING EDUCATOR EXCELLENCE

New Curriculum and Assessments

In 2025-2026 CICA will begin these new assessments as recommended by TRUSD:

- CAST Testing
- CAASPP Testing

- SAVVAS Curriculum was implemented in the beginning of the 2025-2026 school year to ensure that our curriculum is aligned to CCSS
- Professional Learning Communities (PLC) were implemented with professional development support from Savvas
- Professional Development for academic staff was planned in HCCS Academic Calendar for 15 days during the school year

~~Preface~~

~~Highlands Community Charter and Technical Schools (HCCTS), a California Public Benefit Corporation, is submitting this Charter Petition to start California Innovative Career Academy (CICA). This petition represents an opportunity for Twin Rivers Unified School District to have a greater number of its parents and other adult community members served, such that they can receive the opportunity to earn a high school diploma, and thus also help the children of the district. Since there is a limited amount of consortium dollars that are available to fund Twin Rivers Adult School, California Innovative Career Academy will further extend Twin Rivers' capability to serve these adult students without taking away resources from its own schools, just as California Innovative Career Academy has already extended Twin Rivers' ability to serve parents and other adults without losing resources.~~

~~The reason HCCTS wishes to start~~ Material revision submitted October 10, 2025

Preface

California Innovative Career Academy (CICA) respectfully submits this charter petition material revision request to the Twin Rivers Unified School District, seeking to continue the effective work of serving students in the District. This material revision is being submitted as the Charter School is requesting the following changes to the charter:

1. **Updated Number of Sites**
   CICA requests to maintain 14 sites as detailed in Element P the material revision.

2. **Updated Credential Qualifications**
   In the 2024-2025 school year, CICA modified credential requirements for teachers based on a May 2025 update from the CTC and additional guidance communicated by TRUSD. This material revision will align the charter document with our commitment to utilize K-12 credentials rather than adult credentials for its teachers.

3. **Proposed Career Technical Education (CTE) Programs for 2025-2026 School Year**
   CICA proposes to operate seven CTE programs in the 2025-2026 school year:
   - Culinary Arts
   - Digital Literacy and Multimedia
   - Early Childhood Education (ECE)
   - Medical Services
   - Microsoft Office Specialist (MOS) Certification
   - Personal Finance
   - Real Estate

4. **Addition of Grade 11**
   CICA proposes to add grade 11 in compliance with guidance from TRUSD.

5. **Addition of CAST and CAASPP Assessments**

CICA will test students in both CAST and CAASPP based on guidance from the California Department of Education and TRUSD. While these assessments are intended for students in traditional high school programs, and CICA serves adults, HCCTS has implemented this assessment to ensure compliance and accountability in its academic programs.

6. **Enhanced Curriculum for Improved English Learner Support**

The HCCTS Board has approved the Savvas curriculum for CICA. Implementation has begun with professional development support from Savvas in alignment with Professional Learning Community (PLC) structures.

7. **Lottery Procedures**

CICA respectfully requests approval to update its current lottery procedures to more accurately reflect the Charter School's existing admission practices. While maintaining full compliance with all applicable provisions of the California Education Code, CICA seeks to clarify and enhance its written policies and procedures to ensure greater transparency, accessibility, and alignment with the school's mission of serving adult learners. These updates will streamline the admissions process, reflect current operational structures, and better address the needs of the diverse student population.

With TRUSD's approval, CICA will continue to uphold equitable and compliant admission practices while refining procedures to ensure they are clear, consistent, and supportive of the school's commitment to access and inclusion.

GLOSSARY

Term	Definition
CICA	California Innovative Career Academy; an adult-serving independent study charter high school.
HCCTS	Highlands Community Charter and Technical Schools; the charter management organization that operates CICA.
TRUSD	Twin Rivers Unified School District; the charter authorizer for CICA.
WIOA	Workforce Innovation and Opportunity Act; federal legislation supporting workforce development programs, which CICA partners with.
SETA	Sacramento Employment and Training Agency; a WIOA-funded partner organization.
CAASPP	California Assessment of Student Performance and Progress; a statewide academic assessment system.
CAST	California Science Test; a science component of the CAASPP suite.
CASAS	Comprehensive Adult Student Assessment Systems; a nationally validated testing system for adult basic education.
COAAP	Civic Objective and Additional Assessment Plan; assessment modules for EL Civics programs, aligned to CASAS.
EL Civics	English Literacy and Civics Education; curriculum combining English acquisition with civic participation.
SBAC	Smarter Balanced Assessment Consortium; standardized tests in ELA and Math included in CAASPP.
Edcite	A digital assessment platform used by CICA for EL Civics, End of Level tests and state testing practice.
Newsela	An online platform providing leveled articles for reading comprehension and critical thinking.
Burlington English	An English language learning platform offering digital and printable content for all levels.
Reading with Relevance	A literacy program using novels to develop reading and social-emotional skills.

ABC English	A foundational English curriculum for beginning learners.
Theme Packets	In-house, theme-based curriculum aligned to CASAS standards for various proficiency levels.
CTE	Career Technical Education; hands-on training in specific career pathways.
DASS	Dashboard Alternative School Status; a CDE accountability model for alternative schools like CICA.
SOP	Standard Operating Procedure; internal guidelines, such as those for attendance.
LCAP	Local Control and Accountability Plan; a planning and accountability tool required by the state.
CALPADS	California Longitudinal Pupil Achievement Data System; state reporting system for student-level data.
Great Hall	A collaborative platform at CICA where educators share curriculum resources.
ELPAC	English Language Proficiency Assessments for California; not used at CICA because it serves only adult learners.
ADEL	Adult English Language Learner; CICA's designation for adult English learners, not assessed by ELPAC.
SELPA	Special Education Local Plan Area; CICA remains a "school of the district" for special education purposes rather than joining a SELPA.
SDAIE	Specially Designed Academic Instruction in English; strategies for teaching academic content to English learners.
CCSS	Common Core State Standards; academic content standards adopted by California.
ESSA	Every Student Succeeds Act; federal law governing K-12 public education.
ESEA	Elementary and Secondary Education Act; federal legislation reauthorized by ESSA.
FERPA	Family Educational Rights and Privacy Act; federal law protecting student education records.

Ralph M. Brown Act	California law ensuring public access to meetings of local government bodies.
CAEP	California Adult Education Program; not the model used at CICA, which provides more extensive support.
NRS	National Reporting System; the federal accountability system for adult education programs.
GOALS 2	CASAS Math and Reading assessments for higher-level learners in the HS program.
ABC (College)	Advanced Beauty College; a discontinued external CTE partner.
Unitek College	A former CTE partner offering medical assistant training (now discontinued).
Federico	A discontinued CTE partner offering cosmetology and barbering training.
MIXED Institute	An external CTE partner offering cosmetology-related training.

Assurances, Affirmations, and Declarations

~~California Innovative Career Academy separate from its existing California Innovative Career Academy is simple: the current charter school is classroom based, which means that all students must have at least 80% of their days of attendance within a classroom. However, most adults need to work, and even with a part-time job, they often cannot make the state mandated number of hours of classroom attendance. Thus, by having the Independent Study School, we would be able to help more of our community members, including many Twin Rivers Unified School District parents, succeed.~~

~~**Assurances, Affirmations, and Declarations**~~

As the authorized lead petitioner, I, ~~Murdock Smith,~~ hereby certify that the information submitted in this application for California Innovative ~~Learning~~Career Academy, located within the boundaries and authority limits of the Twin Rivers Unified School District, is true to the best of my knowledge and belief; I also certify that this petition does not constitute the conversion of a private school to the status of a public charter school. California Innovative Career Academy (also referred to herein as "CICA" and "Charter School") shall:

- California Innovative Career Academy will commence services prior to September 30, 2019. The target date for the beginning of instruction is July 8, 2019: which will ensure compliance with Education Code ~~Section~~§ 47652(c).

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter "Ed. Code") § 47605 (e)(1).)

- Not charge tuition. (Ed. Code § 47605 (e)(1).)

- Not discriminate against any pupil on the basis of the characteristics listed in Ed. Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code~~.~~

- ~~Except as provided in Education Code section 47605(d)(2), admission to a charter school shall not be determined according to the place of residence of the pupil within this state, except that~~, including immigration status, or association with an ~~existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils~~individual who ~~reside within~~ has any of the ~~former attendance area of that school.~~aforementioned characteristics). (Ed. Code § 47605(~~d~~e)(1~~).~~); Ed. Code § 220.)]

- Admit all pupils who wish to attend Charter School ~~and who submit a timely application,~~(Ed. Code § 47605(e)(2)(A).) unless CICA receives a greater number of applications than there are spaces for students, in which case ~~each application~~it will ~~be given equal chance of admission through~~hold a public random drawing ~~process.~~to determine admission. Except as required by Education Code Section 47605(~~d~~e)(2), admission to CICA shall not be determined according to the place of residence of the student or ~~his~~of that student's parent or ~~her parents~~legal guardian within the State. Preference in the public random drawing shall be given as required by Education Code Section 47605(~~d~~e)(2)(B)(i)-(iv). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of CICA in accordance with Education Code Section 47605(~~d~~e)(2)(C). (Ed. Code § 47605(~~d~~e)(2)(A)-(C).)

- ~~Notify~~Except for existing pupils of Charter School, determine attendance by a public

random drawing if the number of pupils who wish to attend Charter School exceeds Charter School's capacity. Preference shall be extended to pupils currently attending Charter School. (Ed. Code § 47605 (d) (2) (B).)

- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades ~~or report card,~~ and health information ~~if a~~. If the pupil is subsequently expelled or leaves ~~Charter School~~ the school district without graduating or completing the school year for any reason~~.~~, the school district shall provide this information to the Charter School within 30 days if the Charter School demonstrates that the pupil had been enrolled in the Charter School. (Ed. Code § 47605(e)(3).)

- Encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Ed. Code §47605(n).)

- The Charter School shall adhere to each of the conditions in Education Code § 47605(e)(4)(A)-(D), including: (A) not discouraging any student from enrolling, or seeking to enroll in the Charter School for any reason; (B) not requesting a student's records or requiring a parent, guardian, or student to submit the student's records before enrollment; (C) not encouraging a student currently attending the Charter School to disenroll or transfer to another school for any reason; and (D) providing a copy of the California Department of Education ("CDE") notice regarding the requirements in Education Code § 47605(e)(4)(A)-(D) to a parent/guardian or student if the student is 18 years of age or older: (i) when a parent/guardian or student inquires about enrollment, (ii) before conducting an enrollment lottery, or (iii) before disenrollment of a student. (Ed. Code § 47605(e)(4)(A)-(D)]

- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code ~~sections~~§ 60605 ~~and 60851~~ and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non- charter public schools. (Ed. Code § 47605(~~e~~d)(1).)

- Consult, on a regular basis, with Charter School's students and teachers regarding the school's educational programs. (Ed. Code § 47605(~~e~~d)(2).)

- Adhere to all provisions of federal law related to students with disabilities including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities in Education Improvement Act of 2004.

- Meet all requirements for employment set forth in applicable provisions of law, including, but not limited to credentials, as necessary.

- Ensure that teachers in the Charter School hold ~~a~~the Commission on Teacher Credentialing certificate, permit, or other document ~~equivalent to that which a teacher in other public schools is~~ required ~~to hold. As allowed by~~ for the teacher's certificated assignment. The Charter School may use local assignment options authorized in statute~~,~~ ~~flexibility will be given to non-core, non-college preparatory~~ and regulations for the purpose of legally assigning certificated teachers~~.~~, in the same manner as a governing board of a school district. (Ed Code § 47605(l)(1).)

- At all times maintain all necessary and appropriate insurance coverage.

- For each fiscal year, offer at a minimum, the number of minutes of instruction per grade level as required by ~~Education~~Ed. Code § 47612.5(a)(1)(A)-(D).

- Maintain accurate and contemporaneous written records that document all pupil attendance and make these records available for audit and inspection.

- On a regular basis, consult with ~~its~~Charter Schools students, parents and teachers regarding ~~CICA~~the school's education programs. (Ed. Code § 47605(~~e~~d)(2).)

- Comply with any applicable jurisdictional limitations to locations of its facilities.

- Comply with all laws establishing the minimum and maximum age for public school enrollment.

- Comply with all applicable portions of the ~~No~~Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by the Every Student ~~Left Behind~~Succeeds Act~~.~~ ("ESSA").

- Comply with the Brown Act and the Public Records Act.

- Comply with the Family Educational Rights and Privacy Act.

- Comply with Government Code Section 1090, et seq., as set forth in Ed. Code §47604.1.

- Comply with the ~~Ralph M. Brown~~Political Reform Act, Government Code Section 81000, et seq.

- Meet or exceed the legally required minimum of school days. (Title 5 California Code of Regulations § 11960.)

~~Murdock Smith,~~ 9/26/2025

~~Element 1: The Educational Program~~

~~Governing Law~~: A description of the

Element A: The Educational Program

"The educational program of the ~~*School*~~charter school, designed, among other things, to identify those whom the ~~*School*~~charter school is attempting to educate, what it means to be an ~~"~~"educated person~~"~~" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners~~.~~." (Ed. Code § 47605(c)(5)(A)(i).)
~~— California Education Code Section 47605 (b) (5) (A) (i)~~

In accordance with California Education Code ~~Sections~~§ 47605.1(~~g~~f) and 47612.1, all instruction with CICA will be provided exclusively in partnership with ~~the Greater Sacramento Urban League,~~ a WIOA-funded organization, or other legally allowed exclusive partnership. ~~-~~CICA currently has a Memorandum of Understanding with the Sacramento Employment and Training Agency (SETA), the workforce development board for Sacramento County. Adult students who meet the terms of the partnership agreement and statutory requirements may be served by CICA.

Education Program Overview
Highlands Community Charter and Technical Schools (Highlands) is one of California's largest public charter organizations dedicated to second-chance learners. Highlands operates two public charter high schools for second-chance learners: Highlands Community Charter School (HCCS), a classroom-based program established in 2014, and California Innovative Career Academy ~~will~~(CICA), an independent study school founded in 2019. Both schools provide adults with the opportunity to earn a high school diploma while building workforce skills and career pathways.

The need for this type of charter school is immense. More than four million adults in California have not completed high school, yet tuition-free options for returning learners remain scarce. Highlands fills this critical gap with a model that not only transforms individual students, but also strengthens families and uplifts entire communities. California cannot afford to leave millions of adults without a diploma and a workforce pathway—and Highlands exists to ensure that doesn't happen. Our model is creating generational change while directly fueling the state's workforce pipeline.

California Innovative Career Academy

California~~a sound~~ Innovative Career Academy (CICA) is one of Highland's two charter school programs. CICA provides a flexible independent study model designed for adults.

CICA serves:

- Adults aged 22 years old and older without a US high school diploma
- Parents who left school early to raise children
- Adults rebuilding after involvement with the justice system
- Immigrants and refugees seeking to learn English
- Working adults who left school for economic reasons

Reflecting Sacramento's international diversity, CICA enrolls students from dozens of countries and language groups, including large communities from Afghanistan, Ukraine, Russia, Mexico, and Vietnam. Students engage in individualized learning plans, meet regularly with teachers, and access in-person and online support designed around their schedules, languages, and goals. Instruction integrates English language development, diploma completion, and career training so that multilingual learners can strengthen academic and workforce skills simultaneously.

Mission and Vision Statement

CICA is a diverse community for social justice, serving the underserved, providing access to education, technology, communication, and employment for 21st-century achievers. Through community partnerships, CICA builds new legacies leading to self-sufficiency and generational change.

Vision

The vision of CICA is to eradicate educational ~~program that primarily serves unserved and underserved adults. We believe that~~inequality and promote workforce success.

Educational Philosophy

CICA believes the biggest challenge of the 21st century has been, and will continue to be, ~~how to~~ ensuring that all people have the opportunity to obtain the skills and knowledge ~~to be able to have a livable~~ necessary for sustainable living wage ~~job, which includes students learning to become~~jobs. To meet this challenge in a constantly changing technological, academic, and professional environment, students must:

- Become self-motivated, competent ~~in specific "hard" and "soft" skills, and recognize that they need to be~~, and lifelong learners.
- Build academic, workforce, and social-emotional skills.
- Engage in flexible, student-centered instruction tailored to ~~keep up~~individual needs.

CICA affirms that a well-educated person must not only demonstrate strong academic proficiency but also be equipped with ~~a changing landscape~~the habits of ~~technology and legal requirements.~~ mind and adaptability required to navigate an evolving global economy. Lifelong learning, problem-solving, and creative thinking are essential for building opportunity and transforming talent into true skill. These qualities enable students to contribute meaningfully to their communities and pursue personal and professional success. While ~~our school is a cohesive "whole," with all courses complementing each other, these courses can be configured in different permutations to build customized programs for different target populations.~~ CICA is committed to offering the same broad course of study to all students, it is grounded in the knowledge that flexible instruction tailored to meet the needs of individuals is essential to achieving positive outcomes for the diverse population it serves.

Impact

~~***Overview***~~

CICA is demonstrating measurable impact:

- **Graduation:** Nearly 580students graduated from CICA in 2024–25 alone.
- **Employment:** More than half (53%) of HCCTS graduates reported jobs averaging above $20/hour, and 40% pursued college.
- **Career pipeline:** One in four graduates at HCCTS completed a CTE program in fields like health care, transportation, IT, and skilled trades. In the 2024-2025 school year 370 students visited the Center for Workforce Solutions a total of 622 times.
- **Family transformation:** Parents returning to school model persistence and achievement for their children, breaking intergenerational cycles of poverty.
- **Justice and opportunity:** To date, Highlands has facilitated 24 expungements, helping returning citizens reenter the workforce with stability and dignity.

Student Population

CICA serves a uniquely diverse student population, with the majority being immigrants and Below you will find a table that shows all the locations where CICA teachers and staff are refugees. Some students arrive with advanced degrees from their home countries, having worked as engineers, teachers, or medical professionals. Others come with little or no formal education and are just beginning to learn to read, write, or speak English. Our model is designed to honor this full spectrum of lived experience—meeting students where they are and supporting them in reaching their goals.

CICA welcomes all adult learners over the age of 22, admitting students based on available capacity and through lottery procedures. At its core, the school is guided by the belief that every student—regardless of their starting point—deserves access to a high-quality education, a pathway to a brighter future, and the unwavering support of a community that sees and nurtures their potential.

Leadership

In July 2025, CICA entered a new era of reform and renewal under the leadership of Executive Director Jonathan Raymond, a former superintendent of Sacramento City Unified School District. With a sharpened focus on transparency, equity, and academic rigor, we are reimagining what second-chance education can be in California.

Our goal is to build back better with integrity, urgency, and a deep commitment to putting students first in every decision. We are raising standards across the board: ensuring every classroom has a credentialed teacher, implementing clear policies for fiscal responsibility, lowering class sizes, implementing a rigorous and standards-aligned curriculum, adjusting the bell schedules to expand professional learning for teachers, and broadening access to career training aligned with California's and Sacramento's workforce needs.

While the school is ~~being founded on the idea that giving~~currently operating with fewer staff and reduced enrollment due to recent layoffs, the reforms now underway are deep and structural. Each initiative reflects our commitment to rebuilding a school system that delivers on its promise to students, families, and the public.

Executive Leadership

The Executive Leadership at CICA provides high-quality leadership to create and sustain a meaningful learning environment that supports student academic progress. Under the direction of the Board, the Cabinet—comprising the Executive Director, Chief Academic Officer, Chief Operating Officer and Chief Business Officer—develops, implements, and evaluates key school systems and processes, including academic, human resources, finances, assessment, facilities, and accountability. Job descriptions and qualifications for each role are outlined below.

Leadership Team

Jonathan Raymond, Executive Director

Jonathan Raymond is a nationally respected education leader known for helping institutions navigate moments of deep crisis and emerge stronger, more accountable, and more student-centered. He most recently served as Senior Vice President and Superintendent in Residence at City Year, a national youth development and education nonprofit, where he oversaw education policy and provided strategic guidance to local and national systems working at the intersection of education, equity, and workforce development. As the Superintendent of the City School District of New Rochelle, he led the district through the final stages of the COVID-19 pandemic, investing in whole-child supports, accelerating learning recovery, and strengthening school-community partnerships. His leadership prioritized mental health, expanded after-school and summer enrichment, and delivered resources to students most impacted by the Pandemic.

Prior to that, Raymond served as Superintendent of Sacramento City Unified School District, where he guided one of California's largest urban districts through historic budget deficits, deep structural reform, and the early stages of a statewide shift toward equity-driven education.

Under his leadership, the district raised graduation rates, introduced whole-child support, launched early learning and summer programs, and transformed some of its most underserved schools into high-performing campuses — all while navigating one of the toughest fiscal climates in California history.

Raymond's crisis-tested leadership is grounded in a lifelong commitment to public service. He previously served as Executive Director of the Massachusetts COVID-19 Relief Fund, Chief Accountability Officer of the Charlotte-Mecklenburg Schools in North Carolina, and President of the Stuart Foundation, California's largest K-12 education philanthropy. He began his career as a labor law attorney and brings legal, nonprofit, and philanthropic expertise to every challenge. He is a graduate of the Broad Superintendents Academy, and holds a JD from George Mason University School of Law, an MA from The Fletcher School of Law and Diplomacy at Tufts University, and a BA from Tufts University. He also completed the Executive Management Program at Harvard Business School.

Throughout his work, Raymond has earned a reputation for putting students first, building trust in fractured environments and helping systems rise from instability to renewal. As the newly appointed Executive Director of Highlands Community Charter, he brings that same steady hand to a school community that is ready to rebuild and thrive.

Teresa Cummings, Chief Operations Officer

Teresa is a seasoned systems-level leader with nearly three decades of experience transforming education through strategy, accountability, and innovation. She has served as Chief of Staff and Chief Accountability Officer, bringing clarity, alignment, and execution to large-scale organizational priorities. Holding a Ph.D. from the University of Illinois, Chicago, Teresa's career spans the full spectrum of education—from PreK–12 classrooms to community colleges and universities—where she has excelled as a teacher, administrator, and author of mathematics curricula.

Her leadership portfolio includes extensive executive-level district administration, where she has shaped policy, accountability systems, and instructional improvement at scale. Beyond the district level, Teresa has advanced research and development efforts for non-profits, the Riverside County Office of Education, and the Stuart Foundation, where she co-developed an organizational health review now used to strengthen institutional performance.

Across every role, Teresa has been recognized for her ability to integrate research, practice, and policy into sustainable systems that drive student achievement and organizational excellence.

Eric Chapman, Chief Academic Officer

Eric Chapman holds a Master of Education from California State University, Sacramento, and has dedicated more than 25 years to the field of education. He began his career as a classroom teacher and instructional coach in the Del Paso Heights School District before moving into school leadership, serving as principal at four sites within the Sacramento City Unified School District. In these roles, he led transformative turnaround efforts in literacy, family engagement, and community school models, while guiding schools through continuous improvement cycles, professional learning, and student-centered restructuring initiatives. Since 2008, his leadership

has focused on building systems that foster equity, innovation, and academic achievement. Eric now serves as Chief Academic Officer for Highlands Community Charter and Technical Schools, where he directs efforts in career technical education, workforce alignment, and equity-driven systems that expand opportunities for adult learners. Recognized as a mentor and collaborator, he is deeply committed to advancing student success and harnessing the power of schools to strengthen communities.

Matthew Lemos, Chief Business Officer

Matthew Lemos brings more than two decades of leadership experience in finance, operations, and team management across both the education and hospitality sectors. He began his career in the gaming industry, serving as a floor supervisor, pit manager, and head trainer, where he developed expertise in staff development, customer service, and process improvement. Transitioning to the nonprofit and education fields, Matthew has spent the past six years directing financial services for charter schools in California and Nevada. He has overseen multimillion-dollar budgets, compliance with state and federal regulations, and the development of policies and systems that ensure fiscal stability and operational excellence.

Matthew currently serves as Chief Business Official for Highlands Community Charter and Technical Schools, where he provides strategic leadership in finance, operations, and risk management to support the school's mission of preparing career-ready graduates. Known for his strong communication skills, ethical leadership, and collaborative approach, he is dedicated to building sustainable systems that strengthen schools and expand opportunities for students and staff alike.

Melissa Roberson, Director of Accountability and Assessment

Melissa Roberson is the Director of Accountability and Assessment, bringing over a decade of experience in education with a strong foundation in teaching, leadership, and data-driven decision-making. She earned her Master's degree from the University of Southern California in 2016 and went on to serve as a principal for five years, where she championed student outcomes and teacher growth. With a background as an experienced ELD and ESL teacher, Melissa has deep expertise in instructional strategies and supporting English learners. In her current role, she oversees WASC accreditation, state reporting, and manages the relationship with the Twin Rivers Unified School District, ensuring compliance and alignment with school goals. Known for her integrity, student-centered approach, and sharp focus on data, Melissa is dedicated to building systems that elevate teaching and learning for all students.

Mayra Valdivia, Director of School Services

Mayra Valdivia is an educator and administrator dedicated to advancing student success through strategic leadership, community partnership, and program development. She began her career as a high school counselor, supporting students' academic, social-emotional, and career growth, and later served as Lead ELD Counselor, directing programs that expanded services for English learners. She went on to serve as Director of Student Services and Assistant Deputy Director at Highlands Community Charter and Technical Schools, overseeing counseling, student support, and departmental operations while strengthening community partnerships. In 2024, she was appointed Deputy Director of School Services, where she supervises directors, guides program

implementation, and represents the organization in legislative and community settings to advocate for policies benefiting students and families. Mayra holds a Master of Science in School Counseling from California State University, Sacramento, and earned her Preliminary Administrative Services Credential in 2024. She has also completed leadership and charter school business officer training through the Charter Schools Development Center. Fluent in English and Spanish, she is a strong advocate for equity and access, committed to expanding opportunities for diverse student populations.

Student Challenges and Needs

CICA incorporates several innovative features throughout its programming, anchored by a few distinct approaches that set it apart from other local schools and allow it to serve the whole student. CICA serves adult learners balancing complex lives. Many students juggle employment, family care, and basic needs, often without reliable transportation, devices, internet, or childcare – limiting the time they can devote to school.

Trauma and Life Experiences

A significant number of students have experienced displacement, poverty, homelessness, addiction, or justice-system involvement. Students who have experienced incarceration face additional barriers to re-entry and benefit from CICA's targeted academic and social-emotional supports.

Basic Needs

Many students lack access to fundamental necessities, including food, appropriate ~~education to students who have been previously unserved benefits~~clothing, school supplies, and stable housing. Refugee and immigrant students also navigate new cultural norms and technology while building English proficiency and seeking employment.

Student Goals and Motivations

Students enroll with interconnected goals: improving English proficiency, earning a long deferred high school diploma, developing career skills, supporting their families, and engaging more fully in their communities. For many, the diploma is both a dream realized and a gateway to economic stability and higher education. CICA recognizes that academic achievement must be pursued alongside students' broader life goals, creating pathways that honor both educational attainment and personal aspirations.

Characteristics of an Educated Person in the 21st Century

CICA defines an educated person in the 21st century as someone who:

- Masters core academics (English, mathematics, science, history/social science) and communicates effectively in English in college and workplace settings.
- Thinks critically and acts independently, applying problem-solving in academic and professional contexts.

- Collaborates and contributes, practicing empathy, constructive communication, and conflict resolution in diverse, multi-age, multicultural classrooms.
- Engages as a global citizen, understanding democratic principles and social, political, and environmental issues, and participating respectfully across cultures.
- Is digitally fluent, using technology confidently for learning, work, and civic life.
- Balances well-being, developing habits that sustain healthy, productive lives across family, work, and community.

Our students seek understanding and peace within multi-age, multicultural classrooms and respect the rights of others to do the same. We support students in developing personal habits for a healthy lifestyle—balancing academics, leisure, work, family, and community. Students who have limited access to technology learn to use digital tools for increased success in school, work, and civic life.

Our students are scholars who build proficiency in English, Mathematics, Science, and Social Studies/History. As members of the California community, they communicate effectively and contribute to the world around them. They are prepared to meet the expectations of college classrooms and to engage thoughtfully with new ideas.

Our students are community members who collaborate with others, contribute to projects, and manage and resolve conflicts using the communication tools learned in our classrooms. They are motivated to provide meaningful service and to apply their developing talents in real settings. We send our students into the workforce confident in the communication, collaboration, and competency they have developed.

Our students are citizens of the world who understand the foundations of constitutional democracy, the rights and responsibilities of all, and the importance of staying informed about political, social, and environmental issues. By learning together in diverse classrooms and on our campuses, students deepen their understanding of other political, social, and cultural systems and practice peaceful coexistence.

Our students are members of an increasingly technical and information-based world and are competent, comfortable users of a wide range of technologies. They view technology as an integral part of learning and life and remain open to new tools and approaches as they emerge.

Core Beliefs

CICA supports all adult learners 22 and older to have agency and to chart the path that will help them achieve their academic vision. We have research-based beliefs about learning in general, learning for adults, and learning for English Language Learners that inform our approach to teaching and learning. Our educational philosophy is grounded in three interconnected beliefs that recognize the complexity and humanity of adult learning. These principles guide every aspect of our instructional design, student support systems, and organizational culture.

CICA's instructional model is grounded in three beliefs that reflect the complexity and humanity of adult learning:

Learning Happens Within the Contexts of Safe and Trusting Relationships
Adult learners, particularly those who have experienced educational trauma or systemic barriers, require learning environments that prioritize psychological safety alongside academic rigor. Trust is not a luxury in adult education—it is a prerequisite for the kind of vulnerable, transformative learning that leads to lasting change.

- **Trauma-Informed Educational Practices.** Many of our students carry the impacts of various forms of trauma, including displacement or systemic oppression. Our approach recognizes that trauma affects learning by impacting memory, concentration, and the ability to take academic risks. We create predictable, supportive environments where students can rebuild their relationship with learning in contexts that feel safe and affirming.
- **Relational Pedagogy.** We understand that learning is fundamentally relational. Students are more likely to engage in challenging academic work when they feel seen, known, and valued by their instructors and peers. Our educators invest time in building authentic relationships with students, learning about their goals, interests, and concerns. This relational foundation allows for the kind of honest feedback and academic push that leads to growth.
- **Community Building and Peer Support.** We intentionally cultivate learning communities where students support each other's growth and success. This includes structured opportunities for peer collaboration, study groups, and mentoring relationships.

Instruction Meets Students Where They Are
Meeting students where they are is more than an instructional strategy—it is a fundamental stance that honors the diverse pathways that bring adult learners to our doors. Our students arrive with varying levels of formal education, different cultural approaches to learning, and unique combinations of strengths and areas for growth. This reality requires us to move beyond one-size-fits-all approaches toward responsive teaching that builds on what students already know and can do.

- **Support for students with interrupted or inconsistent formal education (SIFE).** We pair intensive foundational skill-building with access to grade-level content, explicitly teaching academic literacy (how to use texts, take notes, discuss, and present) while maintaining high expectations.
- **Asset-based assessment and design.** We start from each learner's full profile—schooling, work, community, and self-directed learning—to connect new knowledge to existing strengths.
- **Flexible pathways**. Multiple routes, paces, and modalities; choice in demonstrating learning; supports that fit adult schedules.
- **Responsive teaching.** Ongoing formative assessment drives just-in-time re-teaching or acceleration (see Professional Development for PD structures).
- **Cultural and linguistic responsiveness.** We leverage what students know—and how they know it—to make rigorous content accessible.

Adults Learn Best With Agency and Relevance.
Every student develops an Individual Learning Plan (ILP) that names short- and long-term goals

(education, work, family). During orientation, students learn pathways and requirements so they can make informed choices. Teachers and counselors help students write SMART goals, map required credits/certifications, and identify supports. Progress is revisited in regular check-ins using simple dashboards/trackers, and students complete brief reflections to build the metacognitive habits that sustain lifelong learning.

- **Choice and Flexibility in Learning.** Adult learners thrive when they have options in how they engage with content and demonstrate their learning. We provide multiple ways for students to explore topics of interest, pursue individual research projects, and showcase their growing knowledge and skills.
- **Real-World Connections and Application.** Learning feels most relevant when students can see immediate applications to their lives and goals. The curriculum we use has many opportunities to connect academic content to contemporary issues, workplace skills, and community engagement opportunities. Students might analyze historical patterns to understand current social issues or conduct scientific investigations related to health or environmental concerns in their communities.
- **Career and College Integration.** We explicitly connect academic learning to students' career and college goals, helping them understand how the skills they're developing will serve them in future educational and professional contexts. This includes developing academic habits of mind, communication skills, and critical thinking abilities that transfer across contexts.
- **Student Voice and Feedback.** Students have regular opportunities to provide feedback about their learning experiences and suggest improvements to courses and programs. Please see the student survey section below for more detailed information. We view students as partners in the educational process, recognizing that their insights about what supports their learning are essential for continuous improvement. This feedback loop helps students develop advocacy skills while ensuring our programs remain responsive to their needs.
- **Ownership of Learning Outcomes.** We support students in developing the ability to assess their own learning and set goals for improvement. This includes teaching students to use rubrics, reflect on their growth over time, and identify specific strategies that support their success.

These three foundational beliefs work together to create learning environments where adult students can achieve their educational goals while developing the skills, knowledge, and confidence they need for continued success in their academic, professional, and civic lives.

CICA supports all adult learners to have agency and to chart the path that will help them achieve their academic vision. We have research-based beliefs about learning in general, learning for adults, and learning for English Language Learners that inform our approach to teaching and learning. Our educational philosophy is grounded in three interconnected beliefs that recognize the complexity and humanity of adult learning. These principles guide every aspect of our instructional design, student support systems, and organizational culture.

Mental Health and Wraparound Services

We recognize that academic success is interconnected with students' overall well-being. Our

support systems include connections to mental health resources, basic needs support, and advocacy services that address the systemic barriers our students face. We work in partnership with community organizations to provide comprehensive support that allows students to focus on their learning.

Addressing the Social-Emotional Impacts of Educational Interruption

Students with interrupted formal education often experience complex emotions related to their academic journey, including shame about gaps in their knowledge, anxiety about academic performance, or frustration with the pace of progress. We create learning environments that normalize diverse educational pathways and celebrate the varied forms of knowledge students bring.

Supporting Students with Interrupted or Inconsistent Formal Education (SIFE)

A significant portion of our student population has experienced interruptions in their formal schooling due to migration, economic necessity, political instability, or family circumstances. These students bring rich life experiences and often sophisticated problem-solving skills, yet they may have gaps in traditional academic content or unfamiliarity with formal educational expectations. We reject deficit-based approaches that focus on what these students lack, instead building comprehensive support systems that honor their strengths while addressing their specific learning needs.

Our approach to supporting SIFE students includes intensive foundational skill development alongside grade-level content engagement, recognizing that these students need both remediation and acceleration. We provide explicit instruction in academic literacy skills—including how to navigate textbooks, online curricula resources, take notes, and engage in classroom discussions—while maintaining high expectations for critical thinking and complex problem-solving.

Asset-Based Assessment and Instructional Design

We begin by understanding each student's full educational profile, including formal schooling, work experience, community involvement, and self-directed learning. This comprehensive view allows us to design learning experiences that connect new knowledge to existing understanding while addressing genuine learning needs. Rather than focusing on deficits, we identify the multiple entry points through which students can engage with rigorous academic content.

Flexible Pathways and Differentiated Support

Meeting students where they are means creating multiple pathways through our curriculum that allow for different paces, learning styles, and life circumstances. Our new curriculum, which covers all disciplines, allows teachers to alter the reading level of the text to meet the student at their level and provide translated background text and videos that build background knowledge to enhance ELLs' access to the core grade-level curriculum and the grade 9-12 California State Standards. This includes offering content in various modalities, providing choice in how students demonstrate their learning, and designing support systems that accommodate working adults

with family responsibilities and other commitments.

Diagnostic and Responsive Teaching

Our teachers continuously gather information about student understanding and adjust instruction accordingly. This goes beyond initial placement to include ongoing formative assessment that reveals how students are making sense of new concepts and where additional support or challenge is needed. We create learning environments where struggle is normalized as part of the learning process, and where students receive the specific feedback they need to move forward. See more about this in the professional development section.

Cultural and Linguistic Responsiveness

Meeting students where they are requires a deep understanding of the cultural frameworks and prior educational experiences that shape how students approach learning. We work to understand not just what students know, but how they know it—the cultural tools and ways of thinking they bring that can be leveraged for new learning.

Self-Directed Learning and Goal Setting

We work with students to identify their short-term and long-term goals and help them understand how their coursework connects to these aspirations. This begins in orientation, where they learn the pathways and requirements so that students can make informed decisions about their academic path. Students participate in setting their own learning objectives within the framework of academic standards, and they regularly reflect on their progress toward these goals. This self-direction increases engagement and helps students develop the metacognitive skills essential for lifelong learning.

Foundational Research and Theories Supporting Our Approach

Adult Education Learning Theories
CICA applies research-based adult learning theories to design educational programs that recognize adult students have different needs than traditional K-12 students. The school incorporates adult learning theories, differentiated instruction, and student-centered approaches to meet diverse learner needs. Malcolm Knowles' foundational research (1980) identifies key differences between adult and child learners: adults are self-directed, bring rich life experiences, are problem-oriented, and are motivated by internal factors. Patricia Cross (1981) emphasizes that adult learners are typically voluntary participants who may feel insecure about learning but are motivated to solve real-world problems. Cross identifies multiple motivation sources including personal achievement, social factors, and career advancement.

Sociocultural Theories
According to Sociocultural Theory (SCT), social interaction is the foundation of all learning (Walqui, 2008). Sociocultural perspectives in language acquisition emphasize real-world participation with authentic language and activities that occur in everyday life (Zuengler &

Miller, 2006). Some of the primary assumptions of Sociocultural Theories are that learning occurs before development, that language is the primary tool for thought (Mitchell, Myles, & Marsden, 2013), that writing and speaking are connected (Lightbrown & Spada, 2012), that mediation is essential to learning (Walqui, 2008), and that concept-based instruction aids learning (Mitchell, Myles, & Marsden, 2013). The Zone of Proximal Development (ZPD) and Scaffolding are two very important concepts in Sociocultural Theory. The ZPD is the stage in which the learner can advance because of support (scaffolding) that's provided to them by an interlocutor (Lightbrown & Spada, 2012). Scaffolding is defined as "a process of setting up" the situation to make the student's entry easy and successful and then gradually pulling back and handing the role to the student so that the student becomes independent enough to handle it (Walqui, 2008). For example, in traditional Sociocultural Theory, meaningful interactions take place between an expert (teacher) and a novice (student), where the expert provides the learner with scaffolding during the learner's ZPD.

Differentiated Instruction

Each student arrives at a different level, with unique learning styles, interests, and abilities. Recognizing this diversity, differentiated instruction is utilized to ensure the needs of all students are met. Differentiated instruction (also known as differentiated learning) is a teaching framework in which the teacher works to simultaneously address the diverse learning needs of all students in one class (Maloy, Verock-O'Loughlin, Edwards, & Woolf, 2013). It is commonly used in multi-level classrooms to meet the needs of students with special educational needs, English language learners, and students who are advanced or in talented and gifted programs. It allows students the opportunity to learn through various avenues, and each student has different expectations based on learning styles and abilities. According to the U.S. Department of Education's Literacy Information and Communication System (2012), the design is intended to engage students at a range of different levels with various learning styles and to make learning meaningful for students at every level. According to Carol Ann Tomlinson (2003), differences in student learning exist in four categories: readiness (prior knowledge), interest (curiosity), learning profile (formal or informal), and affect (self-regard). Before teachers can differentiate their lessons, teachers must understand their students' levels, abilities, learning styles, interests, strengths, and challenges (Corley, 2005).

Content-Based Instruction (CBI)

CBI is particularly critical for high school English Language Learners because it addresses the dual challenge of mastering academic content while developing the academic language skills essential for school success. By embedding language development within meaningful content learning, CBI creates authentic contexts for language use, builds subject-specific vocabulary, and prepares students for college-level coursework. Research shows this empowering approach encourages learners to become independent, continuing their language development beyond the classroom while simultaneously meeting rigorous academic standards required for high school graduation and post-secondary success.

For students developing foundational language skills such as reading and writing, context plays a critical role in supporting both language and literacy development. Content-Based Instruction (CBI) provides context-rich materials through the curriculum, offering meaningful opportunities for students to build language skills while engaging with relevant academic topics. One of the

most critical challenges we face is the persistent and widening vocabulary gap, which can significantly impact the academic progress of learners across all age groups. CBI addresses this challenge.

Supporting our English Learner Population

CICA serves a population of older English learners who are not eligible for the English Language Proficiency Assessments for California (ELPAC) nor appear in the California Dashboard for purposes of the English Language Proficiency Indicator (ELPI).[1] Almost all of the students at CICA are classified in CALPADS as adult English Language Learners or ADELs. CICA goes to great lengths to serve the needs of our English Language Learners.

Language learning for adults can differ from traditional models of education. It is deeply personal work that builds on the rich linguistic and cultural assets that students bring with them. Because compulsory education requirements do not apply to adult students, myriad factors constantly pull them away from their educational goals. Our approach to supporting English Language Learners recognizes that language acquisition happens most effectively when it is meaningful, relevant, and connected to students' lived experiences and goals.

At CICA ~~only these~~ , we understand that our students are not empty vessels waiting to be filled with English. They are accomplished individuals ~~but benefits society as a whole. We~~ who have navigated complex systems, often in multiple languages, and bring sophisticated problem-solving skills and cultural knowledge that enrich our entire learning community. Our role is to create learning environments where students can leverage these strengths while building academic and professional English proficiency.

Our approach to English language learning is grounded in several research-informed principles that guide our instructional design and student support:

Language and Content Learning Are Interconnected.

Research consistently shows that students learn language most effectively when it is embedded in meaningful, content-rich contexts (see CBI explanation above). Our integrated approach ensures that students are simultaneously building language skills and engaging with rigorous, standards-aligned academic material relevant to their goals.

Students' Home Languages Are Resources, Not Barriers.

Multilingualism is an asset that enhances cognitive flexibility and cross-cultural communication skills. We create space for students to use their full linguistic repertoire as they build English proficiency, recognizing that translanguaging—the fluid use of multiple languages—is a natural and effective learning strategy. We also believe that ~~California needs more "tax makers" not "tax takers," and that well~~ our students bring life experience, motivation, and clear goals that can accelerate their learning when properly supported.

[1] Education Code section 306, section (a), defines "English learner" for ELPAC and ELPI requirements by incorporating the definition of 20 U.S.C. 7801 (20)(A), i.e. "the term 'English learner', when used with respect to an individual, means an individual who is aged 3 through 21."

Language Assessment Upon Enrollment

As a WIOA partner, CICA assesses all students during the admissions process and monitors their progress through CASAS testing. The first assessment, administered during registration, is the placement exam, which evaluates students' reading, writing, listening, speaking, and grammar skills. This exam is scored with an internally developed rubric.

During orientation, students also complete CASAS reading and listening assessments. CASAS provides standardized progress testing designed ~~schools, particularly for adults, will make this a reality such that the overall tax burden of California will go down, and the overall well-being of all residents of California will go up.~~to measure learning along a continuum, from beginning literacy and English language acquisition through the completion of secondary-level skills. Several test series monitor student progress, with difficulty levels ranging from below Level A through Level E. Administering CASAS at enrollment establishes a baseline, followed by post-testing after 70–100 hours of instruction to track student progress over time.

If a teacher determines that a placement is inaccurate, a reassessment may be requested. If the reassessment results in a different level placement, the placement team updates the student's record in PowerSchool and informs the teacher of the revised placement.

The placement rubric is updated annually based on teacher and student feedback. Updates are shared with the curriculum team to confirm alignment with CICA level objectives. Any additional feedback is integrated before the rubric is finalized for use in the upcoming school year.

Reclassification

CICA serves English Language learners who must be designated in CALPADS as Adult English Language Learners (ADEL). ADEL students do not participate in ELPAC testing and do not appear as English Language learners on the California Dashboard for purposes of the English Language Proficiency Indicator (ELPI). We track and report ESL advancement as determined by CASAS testing.

Enrollment

CICA's enrollment continually increased from its establishment in 2019 through the 2024-2025 school year. While interest in enrollment remains sky-high, CICA expects to see a flattening or potential decrease in enrollment this year due to compliance with newly clarified requirements for credentialing and class-size ratios. CICA's commitment to continuous improvement has required updates to enrollment policies and procedures that have temporarily reduced its total enrollment capacity for the 2025-2026 school year.

Five-Year Enrollment Rollout Plan

As of September 2025, CICA has 900 students enrolled and will implement a steady, sustainable growth plan over the next five fiscal years. CICA is in the process of reviewing teacher case loads and enrollment in order to enroll more students at CICA to meet the expected enrollment of 1500. Growth will remain aligned with the school's capacity to hire and develop additional K-12 credentialed teachers. The planned five-year enrollment rollout is as follows:

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Academic Year	Students enrolled
2025-2026	1,500
2026-2027	1,650
2027-2028	1,815
2028-2029	1,997
2029-2030	2,196

- Enrollment Caps: Each class will have an enrollment cap of 25:1 to ensure compliance with Independent Study requirements under Education Code section 51745.6, subdivision (d).
- Monitoring and Rebalancing: CICA Principals will regularly monitor enrollment and class sizes, making adjustments as needed to maintain educational quality and compliance with capacity guidelines.

Admission Process

CICA has implemented a comprehensive admission process to prepare and place incoming students. This process includes registration, grade level placement, an overview of student expectations and services, and covers any technology-related needs. This enrollment process ensures students are fully supported from registration to their first day, setting them up for success at CICA.

[CICA's Program Goals and Student Learning Outcomes]

CICA has established three Schoolwide Learner Outcomes (SLOs):

- **Academic Growth:** Students demonstrate measurable achievement each term through standards-aligned assessments and performance tasks.
- **Career Progress:** Students make documented advancement toward their individualized education and career goals.
- **Digital Communication:** Students use technology effectively and responsibly for personal, academic, and workplace communication.

Many students enter CICA with significant gaps in English language proficiency, academic skills, communication, and technology use. These SLOs are designed to close those gaps and set students on a path to long-term college, career, and community life. To implement these goals in our classrooms and bridge individual goals to content standards, we embed Integrated English Language Development supports within the facilitation of learning across all content areas. We monitor progress through course and credit completion, common formative assessments, and CASAS progress monitoring data.

By offering adult education to students aged 22 and older who have not yet earned a U.S. high school diploma, we work to reduce educational inequity. Our programs are anchored in K-12 state standards shaped by the needs of our students and community and grounded in a deep commitment to equity and social justice. We emphasize technology fluency, workforce readiness, and supportive services that remove barriers to persistence and completion. At CICA, we believe in our students, we believe in our community, and we believe that it's never too late to achieve one's goals.

CICA Satisfactory Student Progress

CICA has established a Satisfactory Academic Progress (SAP) policy (BP 5120) to ensure that students are consistently advancing toward their academic and career goals. This policy applies to all students enrolled in high school education. To remain enrolled, students must meet SAP standards, which include maintaining a minimum GPA, earning required credits, making measurable progress in English language acquisition (for ELD students), and fulfilling the specific SAP criteria of their CTE programs. SAP is evaluated every six weeks, and students who do not meet the requirements may be placed on Academic Notice. Continued noncompliance will result in disenrollment.

Attendance and engagement are also key components of SAP evaluation, with manual attendance records retained for at least three years in accordance with California regulations. Students who do not meet SAP in their CTE program may appeal by submitting a written reflection and evidence of corrective actions. Approved appeals result in a probationary period during which students must meet SAP standards to maintain enrollment. The policy aligns with state and federal regulations and is reviewed regularly to ensure legal compliance and support for student success.

The Instructional Leadership Team: Stewards of CICA's Academic Goals

CICA's program goals are guided and supported by the Instructional Leadership Team (ILT), a cross-functional leadership team that ensures academic excellence and coherence. The ILT is composed of the Chief Academic Officer, principals, teacher leaders, the Director of Professional Learning, the CASAS Coordinator, and the Director of Curriculum. Meeting biweekly, the ILT reviews student learning data, designs responsive professional learning, and incorporates teacher feedback to continuously improve instruction. The team works to align goals, accountability measures, and instructional priorities, providing instructors with a roadmap of how these efforts intersect to form CICA's core academic vision.

Common Core Standards

CICA is committed to providing a rigorous, standards-based education that meets the unique needs of adult English language learners while ensuring students progress toward California State Standards across all subject areas. Our curriculum design and instructional practices are systematically aligned with the California Common Core State Standards for English Language Arts and Mathematics, the Next Generation Science Standards, and the California History-Social Science Standards. We integrate English Language Development (ELD) standards with content area instruction, utilizing sheltered instruction strategies and culturally responsive teaching practices that honor students' diverse linguistic and cultural backgrounds. Teachers employ scaffolded approaches to make grade-level content accessible, incorporating visual supports, collaborative learning structures, and native language resources when appropriate to support comprehension and academic language development. Through regular assessment of both English proficiency growth and content mastery, we continuously monitor student progress, adjusting instruction to meet learners where they are while maintaining high expectations for academic achievement.

Core Subjects

CICA offers students access to an A-G curriculum in English Language Arts, Mathematics, Science, History/Social Studies, and a range of electives.

English Language Arts

The English Language Arts sequence moves students through a progressive sequence from foundational grammar and language skills to advanced writing, research, and literary analysis. Rooted in Common Core standards, the curriculum emphasizes critical thinking, effective communication, and collaboration. Students engage with diverse fiction and nonfiction texts from various cultures centered on Social-Emotional Learning themes. Students develop skills in reading comprehension, argumentation, and narrative writing. The program culminates in advanced coursework focused on research proficiency, source evaluation, and multimedia presentations, preparing learners for academic and professional communication success.

Mathematics

Mathematics courses build essential numeracy and problem-solving skills through a sequence aligned with the California Common Core standards, beginning with Pre-Algebra and progressing through Algebra 1 and Geometry. Students gain proficiency in fractions, decimals, ratios, proportions, equations, and geometric concepts, with an emphasis on applying

mathematical reasoning to real-world contexts such as financial literacy. Instruction develops critical thinking and multiple forms of representation—numerical, graphical, verbal, and symbolic—preparing students for higher-level math and everyday applications.

History and Social Science

The History-Social Science courses provide students with a comprehensive understanding of civics, U.S. history, world history, government, economics, and ethnic studies. Instruction integrates literacy and critical thinking while connecting academic content to students' lived experiences. Students explore foundational principles of democracy, historical events, cultural diversity, and economic systems, emphasizing analytical skills through document analysis and inquiry-based learning. The curriculum prepares students to engage as informed citizens, fostering cultural awareness, social justice, and active participation in society.

Science

The Science courses offer foundational courses in Earth Science and Life Science, fulfilling graduation requirements while building scientific literacy and critical thinking. Earth Science introduces students to the dynamics of Earth and space systems, climate, natural phenomena, and human environmental impact. Life Science covers biological concepts such as chemistry, biodiversity, population dynamics, genetics, and environmental interactions. The curriculum emphasizes conceptual understanding and real-world application of scientific principles.

Visual and Performing Arts

The Visual and Performing Arts courses introduce students to fundamental concepts in stage performance, music theory, and vocal technique. Courses cover stage presence, character development, and the structure of the music industry, alongside foundational music theory, history, and vocal training. Students develop confidence and skills for performance and gain an understanding of music's cultural significance, preparing those interested in careers in music, theater, or entertainment.

Electives

CICA's Elective offerings allow students to strengthen literacy, communication, critical reading, and public speaking skills. Courses like Reading for Pleasure foster a love of reading through engagement with socially relevant themes, enhancing comprehension and analytical abilities. Public Speaking electives build students' rhetorical knowledge, speech planning, and presentation skills while promoting ethical communication and confidence. These courses enrich students' academic experience and prepare them for effective expression in various personal and professional contexts.

English for Work and Life Series

The English for Work and Life Series supports students at all stages of English acquisition, from emerging literacy to intermediate fluency. Courses emphasize systematic instruction in phonics, vocabulary, grammar, and real-world communication. Students progress from recognizing letters and sounds to composing organized paragraphs and participating in workplace and academic conversations. Through engaging, high-interest content and digital literacy tasks, learners gain the language and confidence needed to succeed in academic, personal, and professional settings.

Curriculum Adoption

In 2025, Highlands followed an articulated curriculum adoption process to procure Savvas, a standards-aligned curriculum for CICA courses. We received guidance from our UMass Global partner, which has extensive experience with curricular materials that best serve English Language Learners. The process was guided by UMass Global experts and included EdReports recommendations, analysis of materials used by surrounding districts, vendor demonstrations, and structured teacher feedback. We sought teacher feedback around our top choices and delivered our final proposal to the board, which approved our recommendation. We selected Savvas for its single, user-friendly platform for teachers and students, high ratings on EdReports, and adoption by large districts such as TRUSD, EGUSD, and LAUSD. To support strong implementation, the start of classes was delayed to August 14, 2025, allowing teachers to gain familiarity and comfort with the new curriculum. Teachers met in PLCs to build their knowledge of the standards-aligned curriculum. The Savvas adoption includes access to both an online digital curriculum, teacher edition textbooks, and student workbooks.

Supports for English Learners Level 0-1

ABCEnglish: A curriculum provided by an external agency, ABCEnglish offers literacy-level lessons ideal for students who are new to learning English. Lessons are presented through accessible slides and worksheets designed for classroom delivery.

Burlington English: An online English language learning platform offering both teacher-led lessons with presentations and printable materials, as well as self-paced student lessons accessible by phone or computer. The program integrates reading, writing, listening, and speaking skills, and includes thematic content, short stories, citizenship, and Workplace English and CASAS practice modules.

EL Civics Curriculum: Thematic packets intended to support English Language Learners with English language acquisition, civic participation, and workforce skills. Aligned to ESL objectives from CASAS and NRS ESL levels.

Standards-Based Instruction

To ensure alignment with educational standards and to support student achievement, CICA's curriculum has been developed, adapted, or adopted in accordance with the following:

- California Common Core State Standards (CCSS)
- WIOA English Literacy
- Literacy (EL) Civics Objectives
- Comprehensive Adult Student Assessment Systems (CASAS) Reading Standards
- CASAS Competencies

Instructional Methods

As an independent study school, CICA provides flexible, individualized learning supported by a range of online curricular resources. The nature of independent study and learning allows students to progress as quickly as they like with self-paced learning opportunities. Teachers meet with each student a minimum of once per week – synchronously via Zoom or in person- to monitor progress, review work, and adjust support. While most coursework is asynchronous, English Learners receive targeted, synchronous support (Zoom and in person) using content-

based instruction (CBI). Instruction includes both designated English language development and integrated approaches aligned with Common Core State Standards.

Independent Study Legal Compliance

The Charter School will comply with all applicable independent study laws and regulations, including but not limited to Education Code Sections 51745, et seq.; 47612.5; 47634.2; Title 5, California Code of Regulations, Sections 11700-11705; and 19850-19854. These laws require, that the Charter School will operate pursuant to an adopted independent study Board policy; each student will have a master agreement as required by law; and the Charter School will receive an approved funding determination by the State Board of Education as a condition of funding.

Assessment to Advance CICA Goals

CICA Employs Multiple Measures to Monitor Learning and Inform Instruction.

- **Formative Assessments:** These include ongoing evaluation through teacher observation, projects, presentations, and performance tasks.
- **Summative Assessments:** End-of-unit and semester evaluations measuring mastery of learning objectives. These assessments are part of the core curriculum.
- **Portfolio Assessments:** Student-led self-assessment using assignments of choice to demonstrate learning in students' focal areas. The ILT is currently mapping the implementation of the portfolio project.
- **Student Surveys:** Self-perception data helps us to understand the student experience.
- **CASAS Testing:** Comprehensive Adult Student Assessment System, a competency-based adult assessment program validated by the U.S. Department of Education for use in adult education conducted after 70-100 hours of instruction time. The assessment is administered every 6-8 weeks.
- **CAST:** California Science Test, a state assessment mandated for those in high school.
- **CAASPP:** California Assessment of Student Performance and Progress, a state assessment mandated for those in high school grade 11.
- **EL Civics Assessments:** Administered three times per program year
- **ELD Level Placement Test:** Placement at enrollment
- **ELD Level Exit Test:** Administered to determine readiness to advance to the next ELD level

Professional Development That Drives Improvement

High-quality professional learning at CICA is about creating a learning system, not just training. It is more than training staff in best practices; it is about creating a culture of curiosity that acknowledges the uncertainty that is inherent in teaching and learning. Central to our revised professional learning program is creating a practice of inquiry at the leadership level that focuses its interest on the practitioners working most closely with the students. What are teachers learning about their students' learning? Where are teachers' gaps in knowledge and capacity? These are the questions that inform the design and goals of the professional learning offerings.

CICA leadership works in partnership with CICA principals and teacher leaders through the ILT

to take a partnership approach to designing professional learning. Core beliefs about practitioner-based learning that inform the CICA approach to professional learning include:

- Teaching is complex and uncertain work that requires an inquiry stance to ensure that students' needs are at the center.
- Adult learning thrives on agency and relevance with clear goals and progress markers
- For instruction to be changed and improved, the learning experience of students must be visible
- Educators (teachers and leaders) are professionals engaged in important work, and they deserve a level of professional support and care that takes their work seriously.
- Pursuing collective goals is essential to supporting systems transformation

Professional Development Focusing on Language Acquisition

Central to CICA professional development is continuously developing strong instructional strategies to meet the needs of our ELLs. Supporting English Language Learners effectively requires ongoing professional learning and reflection. All CICA educators engage in continuous inquiry about how to better serve our multilingual learners.

Language-Responsive Teaching Practices

Our professional learning focuses on developing instructional strategies that make content accessible while maintaining high expectations. This includes training in visual supports, collaborative learning structures, and formative assessment techniques that help teachers understand what students know and can do.

Cultural Responsiveness and Asset-Based Thinking

We work to examine our own assumptions about language learning and ensure that our instructional practices build on students' cultural and linguistic strengths. This includes learning about our students' educational backgrounds and understanding how different cultural approaches to learning can inform our teaching.

Data

~~We believe that education needs to target the ultimate needs of students, such that they gain relevant skills and knowledge to be successful in their lives. We believe different students have different needs, so following a Theory of Constraints model, it is critical to have education that targets those specific needs, otherwise success will not occur. We recognize that all 21st century careers require technical skills and the ability to apply theory and academics to support those skills.~~

~~We believe that we must strive for greater efficiency and productivity in the learning process to help students to succeed, but that efficiency and effectiveness are only gained when students can retain and apply what they learn, and any "accelerated" program in which students can not apply the skills and knowledge they learned is actually decelerated learning, or worse.~~

~~We believe in making data-driven decisions in line with the scientific method, such that strategies are clearly planned for the long-term, but that logistics are only detailed for the short-~~

~~term, with the understanding that the future is unknown, partly unknowable, and schools must have the ability to be flexible and adapt to an ever changing environment.~~

~~We believe in accountability to accurate principles. We believe there are mutually exclusive philosophies of either falsely believing we already know all the answers, or truly knowing that we can determine the answers as we gain more knowledge. We recognize that all forms of evaluation, whether of student learning, faculty teaching, accuracy and relevancy of content, or effectiveness of methodology will always have error, and that it is our job to reduce the error, and determine which direction is best for the system as a whole. We believe in sharing what we have learned and developed with others, such that we support open content, open source software, and open access to information.~~

~~It is on this strong foundation of principles that our petition for a multi-campus adult serving charter school is being submitted, and from which we believe success will result.~~

~~***Community Characteristics and Need***~~

-Informed Decision Making

As part of our inquiry-based PLCs, we develop systems for collecting and analyzing data about student language development that go beyond test scores. This includes documentation of student growth in academic discussions, writing development over time, and students' own reflections on their learning progress through portfolios.

Our commitment to English Language Learners extends beyond language acquisition to encompass the full development of students as confident, capable learners who can succeed in their chosen academic and professional pathways. Ultimately, we measure our success not just by English proficiency gains, but by our students' ability to use their multilingual skills to contribute meaningfully to their communities and achieve their educational goals.

CICA Professional Learning Structures

Bi-Weekly Friday PD

Our bi-weekly Friday afternoon professional learning sessions are designed as both collaborative inquiry spaces where educators engage in job-embedded learning directly connected to their daily practice, and also an opportunity to receive specialized instructional support that they or the Instructional Leadership Team (ILT) has requested. These sessions follow a flexible structure that can shift between collective inquiry—examining student work and learning data to collaboratively problem-solve around specific instructional challenges—and targeted professional development that addresses identified needs such as trauma-informed pedagogy, advanced strategies for supporting students with interrupted formal education, or innovative approaches to integrated content-language instruction.

Teachers work in cross-disciplinary teams when engaging in inquiry cycles, analyzing how their students are navigating rigorous academic content and sharing effective practices for maintaining high expectations while providing comprehensive support. When focused on specialized instruction, sessions might feature expert facilitators, peer observations with feedback, or deep

dives into research-based strategies that teachers have specifically requested to strengthen their practice. This dual approach ensures that professional learning is both responsive to emerging classroom needs and proactive in building the specialized expertise our diverse adult learner population requires, while maintaining our commitment to practitioner-centered learning that directly impacts student success.

Bi-Monthly Principal PLC

Led by the Chief Academic Officer, principals analyze school-level data, align support systems for ELLs and students with interrupted formal education, and develop coordinated systems responses. This principal learning community operates as a space for collaborative problem-solving where school leaders can examine challenges, share effective practices, and develop coordinated approaches to supporting their unique adult learner populations. Sessions focus on analyzing school-level data to understand how students are progressing toward their educational goals, discussing instructional leadership strategies that support teachers in serving English Language Learners and students with interrupted formal education, and developing systems-level responses to emerging needs within their school communities. The Chief Academic Officer facilitates these meetings using the same inquiry-based approach that guides teacher professional learning, encouraging principals to bring real dilemmas from their practice, examine multiple perspectives, and test solutions collaboratively. This structure ensures that leadership decisions are grounded in evidence and aligned across both school sites, while providing principals with the professional support and intellectual partnership they need to lead effectively in the complex landscape of adult education. The PLC also serves as a space for principals to reflect on their own growth as instructional leaders and to coordinate their efforts in supporting teacher development and student success.

Twice Weekly Teacher PLCs

Teachers engage in professional learning community work twice weekly, with sessions strategically designed to strengthen both instructional planning and data-informed decision making. One session each week is dedicated to collaborative planning time where teachers work in grade-level or content-area teams to design learning experiences that integrate rigorous academic content with the specific supports their English Language Learners and students with interrupted formal education need to succeed. These co-planning sessions allow educators to share strategies, align expectations across courses, and ensure that assessment practices accurately capture student growth while maintaining high standards. The second weekly session follows protocols and practices that focus on collaborative examination of student work and performance data to understand learning patterns, identify instructional adjustments, and develop targeted interventions. During these data inquiry sessions, teachers bring actual student artifacts—writing samples, project work, assessment results—and engage in structured conversations that move beyond simply identifying which students are struggling to understand why certain approaches are or aren't working and what specific instructional moves might better support student learning. This dual structure ensures that teachers have dedicated time for both proactive planning and reflective analysis, creating a continuous cycle of improvement that keeps student learning at the center of all professional practice.

Teacher Coaching

CICA is launching Phase 1 of on-the-ground coaching by October 15, 2025. This will include the opportunity to observe instructional models, to co-plan with professionals with expertise in supporting students with interrupted formal education, and to engage in guided reflection on the impact of instruction.. Principals, the Director of Professional Learning, the Curriculum Coordinator, and teacher leaders will participate in a rigorous train-the-trainer model to enable sustained on-the-ground support of teachers' ongoing development.

The Role of Data and Assessments in Informing Instructional and Systems Improvement

Assessment is a core to instructional improvement at CICA. Not only does assessment tell us where our students are in their learning, but patterns in the data reveal where we need to focus our professional learning efforts. CICA is committed to creating a system that is responsive to what we are learning about our students and their needs. Leadership is curious about what is happening between the teacher and the student and rests its instructional improvement design on the data that comes from the classroom.

Formal Assessment and Improvement

The ILT will review CASAS data to understand students' academic progress and to track areas where we need to improve our instructional approach. In addition, the ILT will use CAASPP and CAST data to understand the general themes in improvement and then support teachers to use more granular classroom data to understand what is getting in the way of students making progress.

Informal Assessments and Improvement

Working in their PLCs teachers will use classroom-based data– both qualitative and quantitative to determine the areas of their practice where they would like more support. This is one source of the design for the content input on PL Fridays. The ILT will use classroom observation data to help determine the focus of improvement efforts.

Student Climate Surveys and Systems Improvement

Centering the students' experience as core to our approach to improving the learning experience The CICA instructional improvement process involves looking at both student mastery data and student perception data. One important source of student perception data is the student climate surveys. While we do not rely on this self-report data to give us the whole picture of the student learning experience, the data provides valuable insights into CICA's social and emotional conditions for learning. Annual anonymous surveys are administered in multiple languages (e.g. English, Arabic, Spanish, Persian, Armenian, Pashto, Russian, Turkish, Ukrainian, Vietnamese, Chinese). Students access surveys via QR codes, push notifications, in-class support, and the Brain app; paraeducators provide language assistance. Survey domains include relationships, classroom climate, resources, goals/progress, safety/facilities, CTE/workforce, and curriculum/instruction.

Students have access to completing these surveys via QR codes, push notifications sent to their cell phones, with the support of their teachers in their classrooms, and via the Brain app. Teachers encourage and support student participation by engaging students in lessons that have practice surveys. Paraeducators are also utilized to provide language support during this process.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

The purpose of these surveys is to understand the following:

- Relationships
- Classroom Climate
- Classroom Support and Access to Resources
- Goal Setting & Student Progress
- Safety, Maintenance, and Facilities
- Workforce and CTE Programs
- Lessons, Instruction, and Curriculum

CICA students are asked to read each statement and indicate their level of agreement with the statement from the following options:

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly Disagree

The table below shows the percentage of CICA students who agree or strongly agree with each statement for the year indicated for the last three years.

Question	22-23	23-24	24-25
Lessons help me in my daily life.	87%	84%	93%
Lessons are interesting.	87%	86%	93%
I know what I need to do to make progress in my classes.	90%	90%	93%
The lessons (in person or online) help me learn (My teacher offers me an opportunity to learn everyday).	93%	89%	95%
I have the learning materials (pencils, notebooks, binders, books) I need to learn.	90%	84%	89%
I have the technology I need to learn.	91%	91%	95%
The school, classrooms, and buildings are clean and in good condition.	92%	93%	89%
The school tells me important information regularly (holidays, school announcements, events).	95%	95%	96%
All students from different backgrounds and countries are treated kindly (the same).	95%	97%	96%
All students from different cultural backgrounds, races, or ethnicities respect each other at school.	98%	96%	94%
My teacher really cares about me and respects me.	98%	98%	98%
My counselor really cares about me and respects me.	94%	92%	90%
The school helps me turn my college and career goals into a plan.	85%	82%	88%

I know how to get help if I feel sad, stressed, lonely, or depressed.	82%	81%	87%
I want to learn more about mental health and how to deal with stress.	48%	49%	59%
I feel connected to the school, my classmates, and teacher.	80%	77%	86%
I feel safe at school (I trust our leaders to make our school safe).	93%	93%	90%
I know how to log in and check my student email.	95%	96%	97%
I know how to log in to my online learning tools	89%	92%	96%
CICA helps me learn to use technology by giving mobile devices and digital literacy training.	89%	88%	94%
I use my school phone, Chromebook, or hotspot 5 or more days a week	ND	ND	73%

**ND denotes that there was no data available for that school year*

Student Academic Supports

Many of our students have little prior education in their native language and, for many of them, they come in with low levels of English, CICA provides extra support to ensure students' academic success. Teachers are available to meet with students by appointment to support students who are struggling academically.

Paraeducators

Paraeducators who work with credentialed teachers play an important role in supporting translation for our Level 0 students. There are wide variations in English learner levels and growth patterns among these students. Paraeducators work with our credentialed teachers to provide the individualized support needed to address varied student needs and learning patterns. They provide crucial language scaffolding by offering clarification in students' native languages when needed and creating more opportunities for meaningful language practice. Additionally, paraeducators who share students' cultural backgrounds create a more comfortable environment that reduces the anxiety often experienced by newcomers. While teachers focus primarily on academic instruction, paraeducators can provide crucial social-emotional support that newcomers need to navigate their new educational environment successfully. To improve student support with the CICA systems and academic support, CICA is looking to rebuild its paraeducator staff.

Literacy Support

During the 2025-2026 school year, CICA has budgeted for staff to provide literacy support to help English learners. This will focus on building literacy through phonemic awareness, phonics, vocabulary building, pronunciation, and writing skills.

Tutoring Program

CICA is currently redesigning a tutoring program for students. In prior years, the tutoring was delivered online. Based on feedback from students and staff, online tutoring did not effectively

meet the needs of our student population. Key challenges, detailed below, included a lack of digital literacy skills, low student engagement, and limited availability of support. The new tutoring program will be responsive to these findings. As of this material revision, the CAO of HCCTS is conducting a review of potential tutoring approaches and Phase 1 of implementation will occur by October 25, 2025.

CICA Students & Devices

All CICA students are provided Chromebooks and hotspots so they are able to access their online learning tools, including their online curriculum.

Challenges for Students Accessing Online Tutoring

- Cultural Barriers: Afghan Women
  - Afghan women have the most urgent needs of all the populations we serve
  - Afghan women will not work one-on-one with male tutors
  - Afghan women typically have low technical skills
  - Afghan women typically have low literacy skills
  - In-person, woman-to-woman support by Dari- and Pashto-speaking academic staff is needed for this population
- Technology Accessibility
  - Students with low tech skills may not be able to access online tutoring that requires an online login
  - Students without internet access at home
  - Students without computers or laptops at home
  - Most online tutoring is chat-based
- Linguistic Barriers
  - Top 5 languages are: Dari, Pashto, Ukrainian, Russian, and Spanish
  - English-speaking tutors cannot effectively support students with low English proficiency

Instructional Days and Minutes Calculations

As a traditional independent study school, CICA ensures it meets instructional time requirements by documenting daily student engagement, evaluating work products for time value, and offering synchronous and asynchronous learning opportunities. Time value-earned depends on the certified teacher's judgment of individual work products and the time value that the teacher deems appropriate based on the teacher's assessment of the pupil's individual needs and capacities.

Engagement with the instructional program and time-value earned per student is tracked by the Assigned Work Record. The Assigned Work Record contains a record of daily engagement and documentation of the time value of each completed assignment. Students may only earn time value by engaging on days indicated as instructional days in the HCCTS Academic Calendar.

Graduation Requirements

A diploma requires 180 high school credits: 110 Academic (including 10 Workforce Readiness credits) and 70 Elective/CTE credits. Transfer and verified employment credits may apply. Once

180 credits are verified, students may apply for the diploma and are invited to the graduation ceremony.

Counselors develop graduation plans, conduct regular check-ins with progress reports, and—beginning **2024–25**—advise on **A–G** pathways for college readiness.

Statutory compliance:

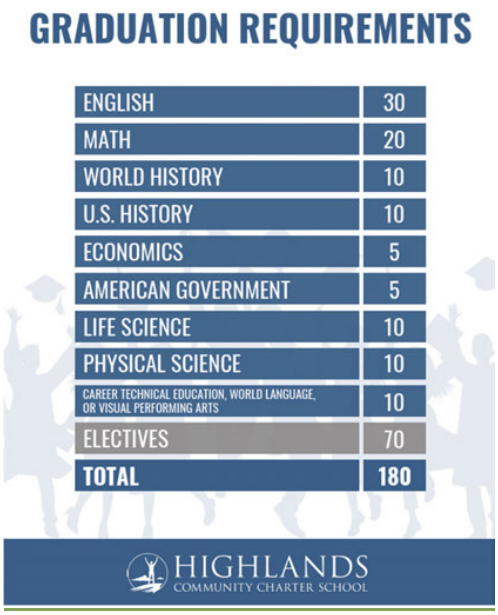
- **AB 101 (Ethnic Studies):** Offer a one-semester course; required for students graduating in **2029–30** and beyond (subject to appropriations).

- **AB 2927 (Personal Finance):** Offer a one-semester course by **2027–28**; required for students graduating in **2030–31** and beyond.

Counselors help ensure students meet graduation requirements by developing graduation plans and conducting regular check-ins. During check-ins, counselors update students on their academic progress, including credit attainment and requirements remaining to meet graduation requirements. Each student is provided with an academic progress report. Beginning in the 2024–2025 school year, we have adopted A–G approved courses to expand college readiness opportunities for our students. As part of this effort, counselors engage students in conversations about their aspirations for higher education as they approach the high school program.

Subject to appropriations by the State, the Charter School will comply with requirements under AB 101 to offer a one-semester course in ethnic studies and require that students complete the same as a graduation requirement commencing with students graduating in the 2029-30 school year.

The Charter School will comply with requirements under AB 2927 to offer a one-semester course in personal finance by the 2027-28 school year and require that students complete the same as a graduation requirement commencing with students graduating in the 2030-31 school year.



Attendance Policy

CICA maintains SOPs compliant with Board Policies and **EC §§ 51749.5–51749.6**. Daily engagement with assignments and synchronous instruction is tracked and retained for at least **three years**. With the approval and oversight of the District, CICA will establish and maintain attendance SOPs compliant with Board Policies and EC § s 51749.5 and 51749.6. At all times, students' daily engagement with assignments and synchronous instruction will be tracked and recorded, and the records will be maintained for a minimum of three years. The time value of all attendance awarded will be at the judgment of a certified teacher. In any instance where in-person attendance is a requirement, such as participation in CTE programs, in-person attendance will be recorded by a certified teacher, and attendance records retained for a minimum of three years.

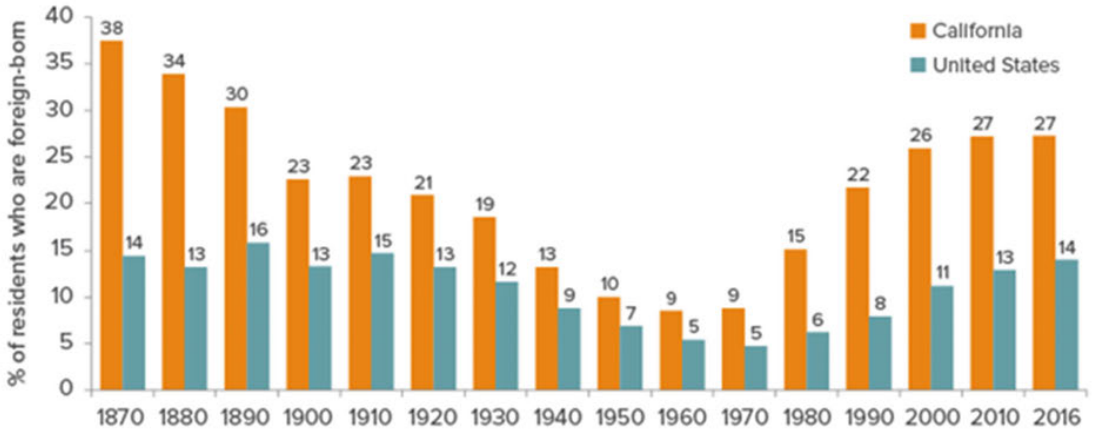
Engagement with the instructional program and time-value earned per student is tracked by the Assigned Work Record. The Assigned Work Record contains a record of daily engagement and documentation of the time value of each completed assignment. Students may only earn time value by engaging on days indicated as instructional days in the HCCTS Academic Calendar.

~~California~~

~~Immigrants in California (A Community of Immigrants)~~

~~According to the Public Policy Institute of California (PPIC), there are approximately 10 million immigrants in California, which is about one quarter of our state's total population. We have more immigrants in California than in any other state in the nation. According to the US Census, half of all children in California have at least one immigrant parent. Of those immigrants, almost 80% of them are working age adults, and approximately 34% of them do not have a high school~~

~~diploma. Although immigrants are just as likely to work as Americans, they tend to make 24% less money. It is imperative that these immigrants have the opportunity to access education, learn English, complete their high school diploma, and attend vocational training and/or college. Research shows that many foreign-born immigrants and minorities have lower high school graduation rates. Below is a graph that shows immigrants living in California and the United States by year from 1870-2016.~~



~~(Source: US Census Bureau, Decennial Censuses, and the American Community Survey)~~

~~Sacramento's Demographic Information~~

~~In 2002, the Civil Rights Project at Harvard University labeled Sacramento the most diverse city in the United States. According to the US Census Bureau as of July 2017, the population of Sacramento is 45% white, 23% Hispanic, 16% Asian, 11% black, and 6% are two or more races. Demographers expect the minority population to continue to grow in Sacramento and it is estimated that by 2050 Sacramento will grow by 54%. It is estimated that in Sacramento 62% of the population speaks English as a first language while 38% are English learners. In Sacramento, our minority populations are more likely to experience poverty than the white population. In Sacramento only 14% of the white population is socioeconomically disadvantaged, compared to 28% of the black population, 27% of the Hispanic population, 26% of the Native population, and 23% of people who identified as two or more races.~~

~~Sacramento's Workforce~~

~~Approximately 62% of people living in Sacramento are participating in the workforce with employment at 56% and unemployment at 10.5%. Minority groups have higher rates of unemployment with 17% unemployment for our black population, 15% for people who identified as two or more races, and 14% for Native Americans. Level of education is directly related to employment with a positive linear relationship. As of 2017, the median income in Sacramento was $60,239 with just over 14% of people in Sacramento living in poverty.~~

~~Sacramento's Education~~

~~For people living in Sacramento without a high school education, only 56% of them are employed compared to 70% of high school graduates, 78% with some college, and 87% for those~~

~~with a bachelor's degree or higher. Within the Twin Rivers Unified School District, 31.7% of students drop out between ninth and twelfth grade with nearly 500 more students who stay enrolled through twelfth grade but do not graduate. According to the 2010 Census, up to 20% of adults living in the Twin Rivers Unified School District do not have a high school diploma or equivalent (Public Policy Institute of California, 2012). According to the US Census data in 2017, approximately 30% of people living in Sacramento have a bachelor's degree, while the remaining 70% do not.~~

The Need for California Innovative ~~*Learning*~~Career Academy

The area covered by the Twin Rivers Unified School District has tremendous educational needs. While some of these needs were met in the past by the adult education program of Twin Rivers Unified School District, with budget cuts, most of these opportunities have gone away for those who do not have a U.S. high school diploma. ~~-~~This has greatly impacted student access to dropout recovery, as well as programs serving ex-offenders and immigrants. ~~–~~All of these groups not only have a direct need for services, but by helping them, ~~we~~CICA also ~~help~~helps the state of California by reducing welfare services, reducing recidivism, increasing the tax base, and increasing the cohesiveness of our society.

The Need for Dropout Recovery

Research has demonstrated that within a school year, a student drops out of high school every 9 seconds in the United States (Lehr, Johnson, Bremer, Cosio, & Thompson, 2004). Further, according to the California State Legislature, "Research suggests that fewer than 70 percent of 9th grade pupils in California, and in some school districts, fewer than 50 percent, graduate from high school" (Carter, 2011).

The Need to Educate Ex-Offenders

High school dropouts are much more likely to become incarcerated, and many families in the Twin Rivers district are affected by having a family member who is an ex-offender. California Innovative Career Academy will be able to help rehabilitate these ex-offenders and provide them with real job skills. ~~-~~By being able to provide for their family ~~in a legitimate manner, the~~through legal employment, children of ~~the~~ ex-offenders will have better role models and be more likely to break the cycle of crime. ~~Without serving this unserved population, the problem will just continue to grow in the Twin Rivers district.~~

~~Beyond the family, the community benefits when ex-offenders gain the skills needed to get a livable-wage job. For example, in our Truck Driving program, Linda Fowler (Site Administrator) has had as low as a 7% recidivism rate (California Performance Review Panel, 2004). This lowers the tax-burden to the community and California by these "tax-takers becoming tax-makers," to quote County Supervisor Phil Serna.~~

~~***The Need to Educate and Acclimate Immigrants***~~

~~Sacramento has been labeled "America's Most Diverse City" (Stodghill & Bower, 2002), with many first generation immigrants. It is critical that new immigrants are able to learn the most common language and cultural norms of the United States to integrate and identify with being part of our nation. Without having this opportunity, immigrants tend to stay in their own ethnic~~

~~communities, which then makes our nation becomes less of a United States of America. CICA will provide educational opportunities for immigrants to learn English, obtain U.S. Citizenship, and get a U.S. high school diploma.~~

Benefits and Potential Impact on Twin Rivers Unified School District

CICA will have a positive benefit to the Twin Rivers Unified School District. ~~-~~Given that CICA will serve adults, no students will come from existing Twin Rivers traditional K-12 schools. Further, by educating the parents of students in the Twin Rivers traditional K-12 schools, these younger students will likely have greater academic success. ~~-~~By ~~being~~authorizing CICA as an independent charter school, Twin Rivers Unified School District will not take on any ~~risk and~~additional risks or insurance costs of the charter school. ~~The general benefits of having an adult serving charter school can be found in "Reasons and Methods for California School Districts to Transfer Adult Education Services to Adult Serving Charter Schools" (Walker, 2013a).~~

~~***Aims and Vision of Our School***~~

~~Our mission is simple: *To Serve the Unserved*.~~

~~This petition contains an ambitious proposal that is quite achievable to build a charter school that targets key unserved groups of adult students and can provide the appropriate primary and secondary career technical education to help students from these groups to succeed.~~

~~**CICA will serve those who don't have a U.S. high school diploma and within this set we'll focus on general high school dropouts, parents, immigrants, and ex-offenders.**~~**Workforce Readiness**

The Workforce Readiness program equips students with essential career skills and technical knowledge across multiple pathways, preparing them for success in the modern workforce and further education. The *Workforce Readiness* course emphasizes digital literacy, career exploration, employability skills, and professional communication, supported by practical experiences such as resume building and mock interviews.

CTE Programs

CICA is currently in the process of developing the CTE program. To grow capacity and course offerings, our CTE program is entering a redesign. During the 2025-26 school year, we are thoughtfully using labor market data, community partnerships, and teacher input to shape offerings that will set our learners up for success. The plan emphasizes clear pathways, flexible schedules, strong language supports, and meaningful work-based learning. Courses will be carefully vetted and released in phases based on sustainable capacity and resources.

CICA will have seven CTE programs in the 2025-2026 school year:

1. Culinary Arts
2. Digital Literacy and Multimedia
3. Early Childhood Education (ECE)
4. Medical Services

5. Microsoft Office Specialist (MOS) Certification
6. Personal Finance
7. Real Estate

Culinary Arts

Culinary Overview
Introductory culinary skills with emphasis on safety, sanitation, knife skills, basic cooking methods, menu planning, and kitchen teamwork.

Culinary Target Certifications
- ServSafe Food Handler (all students)
- ServSafe Manager offered where feasible and appropriate

Culinary Program Requirements
- Safety routines, lab participation, and recipe labs portfolio
- Food handler exam completion; uniform and non slip shoes for lab days

Work-based Learning
- Guest chefs, site tours, catering practice for school events, community tastings
- sites
- Instructor recruitment plan prepared (internal posting or partner hire)

Digital Literacy and Multimedia

Digital Literacy and Multimedia Overview

Practical digital storytelling with emphasis on device basics, file management, online collaboration, visual design, audio and video basics, and portfolio building.

Digital Literacy Target Certifications

- IC3 Digital Literacy certification where available
- Adobe Certified Professional exam prep in tools such as Photoshop, Illustrator, or Premiere Pro when feasible
- School issued certificate of completion with project portfolio

Digital Literacy Progress

- Curriculum outline drafted; equipment and facility scheduling in planning with partner

Program Requirements
- Completion of project based modules and a curated digital portfolio
- Regular practice in productivity and creative apps; responsible use and digital citizenship modules

Digital Literacy Work-based learning

- School communications projects, partner briefs, social media content labs, guest designers and media professionals

Digital Literacy Progress

- Curriculum outline drafted; device and software access plan in place with partner sites
- Instructor recruitment plan prepared (internal posting or partner hire)

Early Childhood Education (ECE)

ECE Overview

Prepares students for entry roles in preschool and childcare settings with a focus on child development, safety, learning environments, and family partnerships. Strong language support embedded for multilingual learners.

ECE Target Certifications

- Pediatric CPR and First Aid
- California Mandated Reporter Training
- California Child Development Permit pathway awareness; assistance with Assistant or Associate Teacher permit application where eligible

ECE Program Requirements

- Attendance and completion of coursework and practicum tasks
- Readiness for site requirements when applicable (background clearance, TB test, immunizations per host site; program will help students navigate)
- Portfolio with lesson snapshots, observation notes, and reflections

ECE Work-based Learning

- Classroom observations, lab hours, guest talks with site directors, optional short externship when available

ECE Progress

- Currently in the process of hiring ECE teachers
- Curriculum map drafted using English for Work and Life for integrated language routines
- Site partner list in development for observations and talks

Medical Services

Medical Services Overview

Entry-level health care skills with emphasis on patient safety, infection control, vital signs, medical terminology, front office workflows, and team communication.

Medical Services Target Certifications

- American Heart Association BLS, CPR, and First Aid

- OSHA Bloodborne Pathogens awareness
- HIPAA privacy and security training
- Where feasible and appropriate: NHA Certified Medical Administrative Assistant exam prep

Program Requirements

- Safety routines, lab skills checklists, and a skills and reflections portfolio
- Completion of required CPR and safety training; appropriate attire for lab days

Work-based Learning

- Guest talks by medical assistants and clinic managers, site tours, mock front desk scenarios, community health events

Microsoft Office Specialist (MOS) Certification Prep

MOS Overview

Hands-on prep for industry-recognized Microsoft Office Specialist exams. Focus on Word, Excel, and PowerPoint with options to extend to Outlook or Access based on student goals.

MOS Target Certifications

- Microsoft Office Specialist Associate exams (Word, Excel, PowerPoint)
- Option to pursue additional exams for Expert level where appropriate

MOS Program Requirements

- Regular practice in Office applications; completion of scenario-based projects
- Exam readiness checks; testing through a Certiport Authorized Testing Center (onsite or partner)

MOS Work-based Learning

- Real-world admin projects, resume and report formatting, data dashboards for career pathways

MOS Progress

- Two MOS CTE teacher positions posted
- Certiport testing access plan underway (site authorization or partner center)

Personal Finance

Personal Finance Overview

Practical money skills for work and life: banking, budgeting, credit, debt, insurance, taxes, benefits, and introductory investing. Currently offered; will continue within CTE to strengthen career readiness.

Personal Finance Target Certifications

- Local certificate of completion with portfolio evidence
- Optional third-party exam (for example, W!se Financial Literacy Certification) if adopted by the school

Personal Finance Program Requirements

- Completion of unit tasks and a capstone budget and benefits plan
- Demonstration of digital skills for online banking simulations and tax prep scenarios

Personal Finance Work-based Learning

- Speakers from banks and credit unions, mock benefit selection, VITA site visit when available

Personal Finance Progress

- Running now; pacing and assessments aligned to power standards are being finalized for 2025–2026
- Curriculum outline drafted; lab equipment and site visit scheduling in planning with partner clinics
- Instructor recruitment plan prepared (internal posting or partner hire)

Real Estate

Real Estate Overview

Foundations of residential real estate with emphasis on California practice and principles, ethics, property types, basic finance, contracts, and client communication.

Real Estate Target Certifications

- Preparation for the California Real Estate Salesperson license pathway
  - Completion of required coursework hours and state application steps
  - Exam readiness checks and study support

Real Estate Program Requirements

- Completion of course modules and case studies; portfolio of forms, disclosures, and client communication samples
- Attendance at exam prep sessions; Live Scan and state application guidance provided

Real Estate Work-based Learning

- Guest brokers and agents, office tours, open house observations, neighborhood property walks, mock client meetings

Real Estate Progress

- Curriculum outline drafted; broker partner interest meetings underway
- Instructor recruitment plan prepared (internal posting or partner hire)

CTE Program Accountability And Progress Indicators

- Access: enrollment by site and pathway; ELD levels served
- Engagement: attendance and weekly progress submissions

- Learning: pass rates on unit performance tasks and portfolios
- Credentials: number of certifications earned (ServSafe, MOS, CPR/First Aid, Mandated Reporter, optional personal finance cert)
- Work-based learning: hours, site visits, guest speakers, externship participation
- Placement and advancement: students moving into jobs, internships, capstone, or next-level training

Transferability of Courses

~~Content *of Curriculum*~~

~~It is clear that in the 21st century, being an "educated person" means more than learning traditional academics. Statistics usually slice the population into categories based solely on level of academic attainment, showing that college graduates tend to do better in the job market than those with only a diploma, who in turn tend to do better than high school dropouts.~~

~~But these statistics can be misleading, because surveys of employers show that they want skills and experience in their employees. This is why graduates with career focused degrees, such as engineering, law, or health care degrees, do better in the job market than those who have English or philosophy degrees. Further, it is why "blue collar" workers who are highly skilled generally do just as well, if not better than, college graduates. We believe that the elitism of believing that the only path to success is through a college degree needs to end. This is why CICA will be a career technical education (CTE) focused school, which will work to ensure that all graduates have the knowledge and skills in a specific career pathway, such that they are sufficiently competent to gain employment upon graduation, and also to be prepared to enter a community college or postsecondary vocational school, if they so choose.~~

~~This is clearly in line with the eight (8) state priorities, as the mission statement for the Common Core State Standards states: "The standards are designed to be robust and relevant to the real world, reflecting the knowledge and skills that our young people need for success in college and careers." CICA believes that there is no better way to teach to the standards and accomplish this goal of preparing students for success in their real-world careers than through teaching the standards in line with career technical education (CTE).~~

~~We believe that it is critical to link academic topics to experiences that are relevant to students. This can clearly be seen in a study of high school dropouts which showed that 81 percent of dropouts said there should be more opportunities for real-world learning. This study also gave evidence that many dropouts want more experiential learning and want to see a connection between school and getting a good job (Bridgeland, DiIulio, Jr., & Morison, 2006).~~

~~As an example of how we will accomplish this, one of the industry sectors that our school will focus on is that of transportation, initially including truck and bus driving, and later having have both a Diesel Mechanic and Auto Body Repair program. In these career pathways, we plan to offer a course in the Algebra and Physics of Transportation, in which students will learn to apply the Common Core High School Algebra Standards through learning the Physics of how Vehicles~~

~~work, aligned with the California Science Standards. Similar integrated academic courses will exist with English Language Arts, where Common Core emphasizes reading and writing technical documents.~~

~~Other industry sectors that CICA plans to provide career pathways within include transportation (Truck & Bus Driving, Diesel Mechanic, Auto Body Repair), building and construction trades (HVAC/R, Metal Fabrication, and other construction trades), education (Vocational Parent Education Program), information and communication technologies (Office Technician), and marketing, sales, and services (Entrepreneurship).~~
~~In addition to integrated academics that are career focused, we plan on using curriculum developed by Five Keys Adult Charter School that helps relate academic topics to the lives of our students. For example, in our U.S. History course we will have a component of "Forced and Voluntary Migration in the U.S.," in which students can understand the history of African American migration to and through the United States. Another example includes English and Civics curriculum which focuses on Restorative Justice, to help ex-offenders and family members of ex-offenders understand the importance of attempting to make up to society for the deeds that have been done.~~

~~For some of our students who are immigrants, they may already have gained sufficient job skills and experience previous to immigrating to the United States, but lack the necessary level of English to obtain employment. Many of these students will have completed part of their education from their homeland, and CICA will use well-established methods to translate and evaluate their prior learning to grant credit.~~

~~CICA will offer some traditional academic content where it is appropriate. For this content, we will often utilize open resources like Khan Academy, which is aligned to Common Core and other standards. Their freely available videos and practice problems have been praised by Bill Gates and others, and allow students to learn at their own pace, with both classroom work, and homework.~~

~~Delivery of Content~~
~~There are several factors that CICA instructors will take into account for learning to best occur with their students. First and foremost, the method of instruction must correspond with the content that must be learned. For example, psychomotor skills such truck driving or typing cannot be learned by only reading a book and taking tests. Learning these skills will require practice, making small mistakes, and learning from mistakes. Doing this continual practice requires motivation, but the desire for a job to support their families, is a strong motivator for many adults.~~

~~For cognitive learning, motivation is equally important. There are multiple methods of motivating students, and CICA instructors will strive to make the material interesting to students. Further, studies show that without sufficient prior knowledge, students have gaps in their learning that prevent them from gaining new knowledge. CICA will use the CASAS assessment along with other assessment tools for new students, to determine which areas the student needs the most help with. Students often need to be able to review a topic and tackle it from different~~

angles in order to comprehend an idea. Further, just as with psychomotor skills, practice makes permanent.

For affective learning, such as acting in an ethical manner or having a good work ethic, different students can be reached in different ways. For instance, most students can have a sense of empathy for others, and by role playing situations, they can start to understand the feelings of others and gain these values in an innate manner. However, psychologists have demonstrated that there are students who will be on the autism spectrum or have another psychological disorder and they may not have a natural sense of empathy. For these types of students, emphasizing human rights and the logic of ethics may be more effective.

After the specific type of learning is considered, instructors with CICA will assist students in learning best through considering individual differences between students. By having courses set in a more flexible and differentiated manner, students will be able to generally focus on the areas they have the most challenges in, and instructors will use multiple strategies to assist students in understanding a topic, with additional practice assignments for students to help them retain their knowledge. This also allows for the teachers to build a solid relationship with the students.

Since careers, by definition, require students to apply what they have learned, much of the education of CICA will exist at the higher levels of Bloom's Taxonomy, including analysis, synthesis, and evaluation of options. Project-based learning, simulations, and workplace learning will all be used for students to gain the skills necessary to succeed on the job and learn to apply the academic knowledge gained. For example, since some of the very large trucking companies have high turnover, and do not compensate newer drivers at a high wage, we have concluded that as part of Truck Driving, students will create a business plan to be an "owner-operator" of their own truck, including determining the cost of purchasing a truck (and interest for the loan), determining the fuel cost for hauling loads, and determining the regulations, taxes and fees they would be required to pay, in order to determine what their profit level and thereby their equivalent hourly wage would be.

CICA course structures will generally either be more set-paced or more self-paced in nature. Instructors with CICA recognize that there is a need for all students to be able to learn at an appropriate pace, such that they have sufficient time and differentiation of instruction to truly learn something before going on to a new topic, but that there is also value in students being pushed towards accomplishment and having sufficiently high expectations for students to achieve. Instructors are also cognizant of workplace expectations and ensuring students can work at a pace that would be acceptable in the workplace.

Individualized Learning Labs

It is CICA's preference to have courses structured as self-paced individualized learning labs, such that students may work mostly at their own pace, within certain time guidelines, set cooperatively by the instructor and student.

This course structure will commonly be used for core subjects; Individualized High School Learning Labs will be taught by ESEA highly qualified teachers who hold an appropriate

California Teaching Credentials, such as an Adult Education Credential in Elementary and Secondary Basic Skills. In these Individualized Learning Labs, students will be in a classroom setting, and work individually on coursework, from a textbook or Internet resource, such as the KhanAcademy. The classes will follow a "flipped" model, and the teacher will act more "in a flip" model as the "guide by the side," helping to answer questions, give guidance on particular topics, and evaluate student work. Some CTE courses and applied academic courses will also be structured in a similar fashion.

Set-Paced Courses

In some cases, there are benefits of the entire class following the same basic curriculum at the same time. This is often the case in CTE programs where group work may be common and where it may not be practical for an instructor to supervise multiple activities simultaneously (especially if there are safety hazards such as soldering, etc. that require close supervision).

Mixed-Paced Courses

Many of the applied academic courses and some CTE courses may take a mixed approach where students partly work in an individualized manner at their own pace, and also attend lectures by the instructor and participate in other set-paced projects.

Workplace Learning

According to a 2012 nationwide study of employers, conducted in part by The Chronicle of Higher Education, "An internship is the single most important credential for recent college graduates to have on their resume in their job search among all industry segments" (Reid, 2012). As such, California Innovative Career Academy will work to include Workplace Learning (internship) opportunities every career technical program that it conducts.

All Workplace Learning activities will be evaluated for their safety, qualified supervision, and learning opportunities. To comply with the Federal Fair Labor Standards Act, all Workplace Learning courses and activities for "for profit" businesses will meet the following six criteria:

- The workplace learning, even though it includes actual operation of the facilities of the employer, will be similar to training which could be simulated in a classroom-based course.
- The workplace learning experience is for the benefit of the student, and will enable the student to accomplish meaningful learning objectives. [Title 5 § 10072]
- The student will not displace regular employees, but works under close supervision of existing staff.
- The cost/benefit ratio to the employer will be neutral. This means that the cost of providing educational opportunity to students and the opportunity cost of the lower performance that a student has compared to an experienced employee will be equal or slightly greater than the economic benefit of the student help. Thus, the employer that provides the training derives no immediate advantage from the activities of the student; and on occasion its operations may actually be impeded.

- The student is not necessarily entitled to a job at the conclusion of the workplace learning.
- The employer and the student understand that the student is not entitled to wages for the time spent in the workplace learning

Unpaid Workplace Learning in the public sector and for non-profit charitable organizations, where the student volunteers without expectation of compensation, is generally permissible without needing to meet all six of the above criteria.

During the course of the pupil's enrollment in a Workplace Learning course, the student will receive a minimum of one hour per week of classroom instruction or counseling by the Coordinating Instructor, which may be offered in sessions scheduled intermittently throughout the course [EDC § 51760.3].

All Workplace Learning courses will have a formal training agreement with each employer involved. The written agreement shall identify the responsibilities of the student, employer, and parent and CICA shall outline the objectives that the student is to accomplish at the training site.

The Training Agreement will either include the purchase liability insurance for pupils enrolled in programs of study involving work experience, which may include work-based learning, or vocational education at locations off school grounds approved by the governing board, or require pupils to purchase insurance and to pass on the costs to CICA [EDC § 51760].

Each Workplace Learning activity will have a written instructional plan for students specifying the particular objectives, experiences, competencies, and evaluations that are required [COE 2-C-14].

This instructional plan will designate the on-site employer representative responsible for guiding and overseeing the students' learning experiences and participating in the students' written evaluations
[COE 2-C-15].

A Student's Instructional Plan will include [EDC § 51760.1]:

- Emphasis on learning in the workplace.
- Appropriate sequencing of experiences based upon the student's needs.
- Explicit aim to supplement, or systematically reinforce, classroom instruction in technical courses, academic courses, or both.
- Systematic attention to the development of 21st century skills, such as communication, problem-solving, teamwork, project planning, and critical thinking.
- Built-in regular assessment and feedback.

- ~~Appropriate involvement of students in choosing and structuring the experience.~~
- ~~Clear and measurable learning outcomes.~~

~~Evaluation of Student Learning~~

~~The evaluation of student learning has three goals, in the following priority:~~

1. ~~To assist student learning as a diagnostics tool by determining which specific content areas a student has not mastered so they can improve their learning in that specific area.~~
2. ~~To use aggregated measurements of student learning as part of the measurement of how the school as a whole is performing. (See Measuring Pupil Outcomes)~~
3. ~~To determine if a student has met or exceeded the necessary level of competency such that they should gain formal recognition, such as a diploma, licensure, certification, etc.~~

~~Student learning will be individually evaluated through both professional judgment (grading) and standardized assessment. Students will be primarily graded based upon assessments related to their desired outcome. For courses that contain traditional academic curriculum, exams will be used. CTE courses will generally use authentic assessment methods, utilizing rubrics to determine the student's competence compared to the needs of industry.~~

~~Student learning will also be evaluated through standardized assessments, including regular CASAS testing that will help determine the students' gains in learning. CICA will apply for the The Dashboard Alternative School Status (DASS) which, if accepted, would allow CICA to solely use the CASAS to assess student learning. If CICA is not accepted for ASAM, it will conduct appropriate California standardized testing (STAR Testing or upcoming Common Core based assessment).~~

~~Feedback to Students and Growth in Student Learning~~

~~CICA will have a philosophy of Mastery Learning, such that in courses that are more self-paced, students will receive qualitative feedback and will have the opportunity to improve based upon this feedback so that their learning can grow. In courses that are more set-paced, students will have the opportunity to redo specific assignments that the teacher allows and will have the opportunity to retake the course if they are not satisfied with their level of achievement.~~

~~Students Transferring to Another School or College~~

Governing Law: If the proposed charter school will serve high school pupils, ***~~a description of~~*** the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable, and courses approved by the University of California or the California State University as creditable under the "A ~~-~~to~~-~~ G" admissions criteria may be considered to meet college entrance requirements. (California Education Code § 47605 (c) (5) (A) (iii).)

~~California Education Code Section 47605 (b) (5) (A) (ii)~~

~~Any information given to students will include information~~ Information about WASC

accreditation ~~(when obtained). As~~ can be found at CICA's website. CICA is currently WASC-accredited through June 30, 2030.

Technology

Technology is integral to academic success and workforce readiness. Given varied digital literacy levels, CICA provides structured exposure to tools (Microsoft Office, Google Classroom, web-based reading programs, tutorials) and models tech use in instruction. The IT Department (five FTE) supports teachers and students and has standardized classroom access across sites.

Equipment available upon request: Chromebooks, headphones/earbuds, projector screens.

CICA ~~not a college prep charter school, it will inform~~seeks to truly integrate technology into students' lives via classroom lessons, relevant examples, classwork, projects, and practical experience communicating in the modern world. Technology standards and objectives are integrated into the curriculum and are clearly defined for the teachers. Across varying sites, the teachers incorporate technology into their lessons. Teachers use educational learning videos, tutorials, web-based reading programs, Microsoft Office, and Google Classroom. Teachers model the use of technology in their classrooms and show students how to access and utilize Google Docs, emails, etc. CICA's goal is to have all teachers using and adapting technology to accommodate the students' levels and needs.

In recent years, CICA has overcome a complex challenge with technology. Previously, not all of the students, teachers, and sites had the same level of access to technology, nor was the same level of technological access possible at all sites. The IT Department has resolved the disparity issues among classrooms, and currently, all classrooms have access to the same equipment.

Through consistent exposure to digital tools across courses and targeted instruction in digital literacy, the program ensures that ~~as a graduate~~students develop the technological competencies necessary for academic advancement, workplace readiness, and full participation in modern society.

Technology, academic success, career goals, and social engagement are all important for students, and we believe that in order for students to be fully successful in the 21st century, they ~~may enroll in a~~ must become digitally literate.

Student Services

CICA has the unique opportunity to work with adult learners who have faced many challenges and require both academic and personal support to successfully meet their academic and career goals. In the 2025-26 school year, the support staff was greatly reduced, and CICA continues to work to rebuild some of those services. At the time of this material revision, there is an Intervention Coordinator position being developed to support partnerships with community agencies. These agencies provide essential support well beyond what CICA can offer including dental services, food, housing support, etc.

Orientation/Student Onboarding

Student Services holds an orientation at the beginning of each year to support students in becoming fluent in the CICA system and help them make informed decisions about their academic plan. In August 2025, orientation was extended to cover new attendance requirements, a five-period bell schedule, and the Savvas curriculum.

Navigators~~college,~~
Dedicated staff are needed to ensure every student understands all of the services available to them. With students who speak over 39 languages, often with limited English proficiency, Navigators serve a critical role by communicating with students and providing academic and career support and access to community resources. CICA Navigators speak English, Farsi/Dari, Spanish, Russian, Armenian, and Pashto, and travel to all campuses to present on services and programs. In June 2025, the Navigators were released from their positions. As of the writing of this material revision, HCCTS is working to rebuild the Navigator program for implementation in January of 2026.

Student Advisory Council
CICA is in the foundational stage of assembling a student advisory council. In September and October, the Chief Academic Officer will meet with students who are recommended by their teachers as possible advisory members. The first student advisory council meeting is set for mid-November and will meet quarterly. The intention for this group is to support increased agency, belonging, and leadership, as well as bring the student perspective to CICA initiatives. The quarterly meetings provide consistent opportunities for students to share their experiences, identify challenges, and contribute to solutions that enhance the educational environment for all newcomers, ultimately supporting their academic success and social-emotional well-being.

Community Partnerships
CICA serves a very high-need student population and has developed multiple partnerships with external organizations to address those needs. Since opening in the 2019-2020 school year, 13 partnerships have been established. These partnerships expand the school's reach within the community and increase student access to the tools necessary to achieve their goals. Partnership refers to a collaborative relationship between Highlands Community Charter and Technical Schools (HCCTS) and an external agency that supports students by facilitating access to essential services. These partnerships may be formalized through a Memorandum of Understanding (MOU) or ~~other college that does not require "A to G."~~remain informal and often involve the exchange of resources, services, and information aligned with shared goals to improve student outcomes and well-being. In some cases, partnerships include agreements related to shared locations, supporting educational efforts by expanding access to instruction and services in settings where students already utilize essential resources.

These partnerships include the following organizations:

- SALAM Islamic Center
- SHRA
- La Familia Counseling Center
- CalAsian Chamber of Commerce

Lao Family Community Development

-

- Department of Human Assistance
- Sacramento Employment and Training Agency (SETA)
- Mack Road Partnership

Many of these community partners provide support that is beyond the scope of CICA services. This includes connecting students to dental services, food banks, clothing, etc.

Student Support and Counseling
We are proud to have highly trained, compassionate counselors who support every student. Our counselors provide assistance and information on many issues, including:

- Family issues
- Personal issues
- Conflict management
- Substance abuse and recovery
- Student support groups
- Homeless services
- Accessing government programs
- FAFSA
- Parenting and family resources

Our students face many challenges and have many barriers to completing their education and accomplishing their goals. At CICA, our counselors understand our students' needs and assist them by addressing barriers because we want our students to complete their classes and graduate. We believe that by meeting our students where they are, they are more likely to continue and complete their programs to graduate.

Plans for Specific Populations

English Learner (EL) Services and Newcomer Supports:
CICA provides comprehensive support for newcomer students and English language learners. CICA student services staff provide comprehensive orientation services to new and veteran students to support them in being able to "read their environment" and develop a fluency in navigating the CICA system. The academic supports are listed in the educational philosophy section. CICA also provides native language support when available, along with cultural transition assistance. Specialized programming for recently arrived immigrant students, including orientation to U.S. school systems, technology setup support, accelerated English language acquisition, academic skill building, and social-emotional support to ease cultural transitions. We provide translation services and family engagement programs to support the entire family's integration into our school community. Teachers adapt content, assignments, and assessments to match students' language levels, ensuring they can access and engage with core academic material. English learners receive targeted language support embedded within subject-area instruction, allowing them to build both academic and linguistic skills simultaneously. This approach supports students in progressing toward English fluency while also earning high school credits toward graduation.

Plan for Students Who Are Academically Low Achieving
~~It is recognized that most of CICA~~Independent Study labs allow students ~~will not have~~

~~succeeded in high school. This does not necessarily mean that they are academically low achieving, but statistically many will likely fit into this category. By having individualized learning labs, students can~~ to complete required work in ~~more of~~ a self-paced fashion, allowing them additional time to master a subject before proceeding.~~-~~ Further, courses that are more set-paced will be designed to incorporate multiple modalities of learning to assist all students to success, including those who may be academically low achieving in a traditional school setting. This includes the use of more frequent one-on-one meetings and first language support to ensure content accessibility. Instructional pacing and support will be responsive to student needs, creating an inclusive environment where all learners have a pathway to mastery.

Plan for Students Who Are Academically High Achieving

~~Individualized learning~~ Independent Study labs will allow students who are academically high~~-~~achieving to learn in an accelerated manner, so that they can complete their diplomas quickly. Because CICA serves adults aged 22 and older who do not possess a U.S. high school diploma ~~quicker.~~

~~Plan for English Learners~~

~~CICA will offer courses in English~~, we often enroll immigrants with professional expertise from their home countries. For example, a student from Russia who previously worked as a ~~Second Language (ESL) at various levels,~~doctor before immigrating to ~~serve English Learners (EL). Further, as many of these~~the U.S. would benefit from an accelerated rate in a life science class. The flexibility of the independent study model honors prior knowledge and experience, enabling students ~~will be immigrants,~~ to move efficiently through material they already understand. This approach helps students re-enter the workforce or pursue higher education without unnecessary delays.

Students with Disabilities

Overview

As a charter school, CICA ~~plans to offer an integrated citizenship program, which will give civics and U.S. history credit.~~

~~Plan for~~ does not plan to join a Special Education Local Plan Area (SELPA) and will remain a "school of the district" for SELPA purposes. CICA will make all necessary arrangements to serve students with disabilities and comply with all applicable federal, state, and school district mandates serving students with disabilities, including ~~providing~~ but not limited to § 504 of the Rehabilitation Act ("Section 504"), the Americans with Disabilities Act ("ADA") and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA"). CICA enrolls all eligible students and provides FAPE through 504 plans and appropriate accommodations~~, having appropriately credentialed instructors (such as those who hold a credential for adults with disabilities) and follow all other requirements of California Education Code. For those students in which an Individualized Education Plan is legally mandated, CICA will follow the plan, providing services as necessary. Given the flexibility of curriculum and instruction, most IEP goals and objectives are met within the general education course of study. All special education students enrolled in CICA will receive a personalized learning plan that directs their academic course to achieve their goals for the year.~~ in compliance with § 504, ADA, and IDEIA.

~~***The 5 Stages of School***~~

~~In order for students to succeed in any school, there are five fairly distinct stages that a student goes through. First, they must become aware of the school, which the A to Z Model refers to as "Inviting Students to Join the School." They next must join, including going through registration and any assessments for placement. Next the student must be persistent with completing their studies, which the A to Z Model refers to as "Keeping Students." At the end, the students will leave the school, preferably through graduation. Last, the students will use what they have learned after graduation, and the school is responsible for measuring the pupil outcomes.~~

~~Elements 2 & 3: Measuring Pupil Outcomes~~

~~***Governing Law: A description, for the charter school, of annual goals, for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.***~~

~~California Education Code Section 47605 (b) (5) (A) (ii)~~

~~***Governing Law:***~~ IDEIA applies to children with disabilities and does not apply to adult students over the age of 21.[2] California likewise requires special education services for students until age 21. CICA integrates IDEIA compliance principles as part of its mission to provide K-12 educational opportunities to adult students according to all applicable laws.

Disabled students with or without a previous IEP may request a reasonable accommodation by contacting their teacher, counselor, or administrator. CICA does not require students to provide detailed medical records to document a disability. A doctor's note or other documentation of impairment, including records of academic impairment, may support an accommodation need. Students also have the right to refuse accommodation solutions offered by the school or propose a different alternative as part of the interactive process.

Any decision to deny or grant a request for reasonable accommodation by the SST shall be made in accordance with applicable federal and state law, including IDEIA, ADA, and the California Education Code. Reasonable accommodation can include, but are not limited to, modifications to school policies, practices, or procedures; auxiliary aids for classroom learning such as transcripts, readers, or modified equipment; altered testing conditions; presence of a student's trained service animal; or other measures necessary to ensure equal access to CICA's educational programs, as required by 304 C.F.R. 104.44. CICA may deny accommodation requests by a person with a qualifying disability and documented need if the requested accommodation imposes an undue financial, operational, or administrative burden, or fundamentally alters its educational program, provided no reasonable alternative can be found to meet the student's needs.

[2] 20 U.S.C. 1412(a)(1)(A): "A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive..."

Element B Measurable Student Outcomes and Element C Student Progress Measurements

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all ~~groups of pupils~~pupil subgroups served by the charter school, as that term is defined in subparagraph (~~B) of paragraph (3) of subdivision (~~a) of Section ~~47607~~52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served~~, or the nature of the program operated,~~ by the charter school~~.~~." (Ed. Code § 47605(c)(5)(B).)

~~California Education Code Section 47605 (b) (5) (B)~~

~~Governing Law:~~ **"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card~~.~~." (Ed. Code § 47605(c)(5)(C).)**

~~California Education Code Section 47605 (b) (5) (c)~~

Measurable Goals of the Educational Program

CICA (California Innovative Career Academy) was founded to serve historically disadvantaged populations. It has always served a larger than 90% socially and economically disadvantaged student population. The founding philosophy of CICA demands that it offer extensive support beyond that which would normally be available to students in a traditional high school setting and far beyond that available in CAEP settings. To that end, all support services are available to all students. This, along with the radically different makeup of the CICA student population compared to most schools, has led CICA to set its performance targets for all students rather than for traditionally designated subgroups.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Alignment with State Priorities

STATE PRIORITY #1— BASIC SERVICES The degree to which teachers are appropriately assigned (E.C. §44258.9) and fully credentialed, and every pupil has sufficient access to standards-aligned instructional materials (E.C. § 60119), and school facilities are maintained in good repair (E.C. §17002(d))	
Subpriority A: Fully Credentialed Teachers	
Goal	100% of core teachers will hold an appropriate and valid California Teaching Credential. These teachers may be fully credentialled or hold intern or emergency credentials as is appropriate to the teaching assignment.
Method	In addition to hiring credentialed teachers CICA will support teachers in the credentialing process including obtaining Intern credentials and the completion of any necessary credentialing program.
Measurement	Initial and annual verification of core teacher credential as reported by the CA Commission on Teacher Credentialing; CALPADS Report 3.5 NCLB Core Course Section Compliance; Annual publication of the School Accountability Report Card.
Subpriority B: Access to Standards Aligned Instructional Materials	
Goal	100% of pupils will have access to standards-aligned materials and additional instructional materials as outlined in the charter petition.
Method	All instructional materials will be assessed for alignment with state common core standards, CASAS standards and ELP objectives.
Measurement	Executive Director or designee will review all instructional materials before purchase pursuant to E.C. § 60119.

STATE PRIORITY #2— IMPLEMENTATION OF COMMON CORE STATE STANDARDS Implementation of Common Core State Standards, including how EL students will be enabled to gain academic content knowledge and English language proficiency	
Subpriority A: Implementation of Standards	
Goal	At CICA 100% of core academic classrooms will offer curriculum aligned to common core state standards.
Method	Offer a wide range of standards-aligned materials to ensure teachers have

	access to diverse standards-aligned methods and modalities and individual student needs can be met through access to multiple aligned curricula.
Measurement	Engagement with curricula will be tracked for engagement and impact and assessed by the Executive Director, Senior Director of Instruction, Curriculum Coordinator or other designee.
Subpriority B: EL Student Access to Academic Content	
Goal	100% of English Language Learners will gain academic content knowledge through implementation of Common Core State Standards.
Method	EL students will be offered differentiated instruction in contexts integrating Common Core State Standards with ELP objectives such as English for Work and Life and EL Civics courses.
Measurement	Student progress will be measured through course completion, level exit tests, EL Civics tests and applicable state testing including CAASPP and CAST.
Subpriority C: EL Students and English Language Proficiency	
Goal	100% of English Language Learners will make measurable progress towards English language proficiency.
Method	EL students participate in English Language Arts/Literacy instruction with appropriate in-class instructional support which includes structured English language development, small group teacher support, paraeducator support, and usage of SDAIE strategies.
Measurement	The school will track annual metrics including the rate of redesignation from Intermediate ESL to Adult Basic Education, measurable skills gains, and CASAS reading gains.

STATE PRIORITY #3— Educational partner involvement. State priority 3 references parental involvement, including efforts to seek parent input for making decisions for schools, and how the school will promote parent participation. However as all CICA students are 22 years and over CICA will focus instead on engaging the feedback of educational partners including but not limited to students and community partners.	
Subpriority A: Educational partner engagement	
Goal	Promote student involvement in setting schoolwide priorities and implementing academic programs and student services through hosting at least five educational partner events.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Method	Engage students in community partner events to solicit and gather student feedback.
Measurement	Student feedback will be recorded, collated, and analyzed by CICA staff incorporating both qualitative and qualitative methodologies. Student feedback will be incorporated into the annual LCAP.
Subpriority B: Student Participation	
Goal	Survey students in 10 more languages to promote engagement with school culture and receive actionable quantitative feedback, with at least 50% student participation.
Method	Each year CICA will circulate a student satisfaction survey.The survey will be made available in not less than the 5 most widely spoken languages among the student population.
Measurement	CICA will track the number and percentage of students participating in the survey. Before and after each survey period CICA staff will discuss and implement strategies to increase student participation.
Subpriority C: Community Partner Engagement	
Goal	Maximize the opportunity for CICA students and staff to meaningfully engage with community partners by hosting at least 5 events accessible to CICA students remotely (i.e. through Zoom).
Method	Community partner events will be held throughout the year including job fairs, immigrant resource presentations, Know Your Rights presentations from local agencies, and cultural events celebrating diverse student backgrounds.
Measurement	All community partner events will be assessed for engagement and impact including number of students engaged. This will be documented in the LCAP.

STATE PRIORITY 4: Student Achievement **Academic Achievement Metrics, performance on standardized tests, progress of English Language Learners**	
Subpriority A: Academic Achievement Metrics	
Goal	Schoolwide academic achievement metrics will meet targets as agreed upon with our Authorizer as quantified below in CICA Academic Achievement Metrics.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Method	All CICA students take regular CASAS tests every 6-8 weeks. All 12th grade students have regular meetings scheduled with counselors and are provided a personalized graduation plan to ensure they graduate within the same program year as admission to the 12th grade.
Measurement	All Academic Achievement measurements are reported to the Authorizer yearly in an annual report.
Subpriority B: Standardized Tests (SBAC)	
Goal	Implement two mandatory trainings on Smarter Balanced assessment for teachers and paraeducators.
Method	CICA will begin implementation of Smarter Balanced (SBAC) for 11th grade in the 2025-2026 school year. The designated LEA CAASPP coordinator will coordinate training and implementation.
Measurement	The designated LEA CAASPP coordinator will report CAASPP results to CICA and TRUSD.
Subpriority C: Progress of English Language Learners	
Goal	English Language Learners will see consistent growth including average CASAS Reading STEPS gains of 2 points or greater per program year and Measurable Skills Gains as reported to NRS meeting or exceeding the state average.
Method	CASAS tests will be taken by all students every 8 weeks at a minimum, the percentage of students with pre and post test scores will meet or exceed 55%.
Measurement	The CASAS coordinator will review monthly progress reports

STATE PRIORITY #5— STUDENT ENGAGEMENT Pupil engagement, as measured by all of the following, as applicable: A. School attendance rates B. Chronic absenteeism rates C. Middle school dropout rates (EC §52052.1(a)(3)) D. High school dropout rates E. High school graduation rates	
Subpriority A: Student Attendance Rates	
Goal	CICA will ensure an 80% attendance rate.
Method	Attendance with sufficient academic progress will be a requirement of continued enrollment at CICA. Students not meeting requirements will receive academic support and intervention.

Measurement	Monthly, quarterly and annual attendance reports. Periodic attendance rates will be visualized in Schoolytics.
Subpriority B: Chronic Absenteeism	
Goal	CICA will reduce chronic absenteeism by 5% yearly.
Method	CICA will enforce mandatory attendance policies designed to promote attendance. See the attendance SOP attached in the appendix.
Measurement	As reported in Dataquest.
Subpriority C: Graduation Rates	
Goal	The CICA DASS 1-Year graduation rate will meet or exceed 20%
Method	All CICA 12th graders will be prepared for graduation with personalized graduation plans and extensive academic and counseling support.
Measurement	The reported number of graduates in CALPADS will be compared against the enrolled population of 12th grade students with business rules as supplied by California Dashboard.

STATE PRIORITY #6— SCHOOL CLIMATE School climate, as measured by all of the following, as applicable: A. Pupil suspension rates B. Pupil expulsion rates C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness	
Subpriority A: Pupil Suspension Rates	
Goal	CICA will maintain a suspension rate of less than 2%
Method	CICA will train teachers, principals, and counselors in social-emotional learning techniques and behavior management.
Measurement	CALPADS data
Subpriority B: Pupil Expulsion Rates	
Goal	CICA will maintain an expulsion rate of less than 2%
Method	CICA will train teachers, principals, and counselors in social-emotional learning techniques and behavior management.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Measurement	CALPADS data
Subpriority C: School Climate	
Goal	CICA will ensure 90% of enrolled students respond to the student climate survey.
Method	As part of CICA community partner engagement, the yearly student climate surveys will be distributed to all students by teachers. Teachers will be trained on the survey and participation incentivized.
Measurement	The accountability department will collate and analyze student survey results and present the results to the HCCTS Board of Directors.

STATE PRIORITY #7— COURSE ACCESS The extent to which pupils have access to, and are enrolled in, a broad course of study, including programs and services developed and provided to unduplicated students (classified as EL, FRPM-eligible, or foster youth; E.C. §42238.02) and students with exceptional needs. "Broad course of study" includes the following, as applicable: Grades 9-12: English, social sciences, science, mathematics, visual and performing arts, applied arts, and career technical education.	
Goal	100% of students will have access to all content areas. As a school with many credit recovery students, not all students will be enrolled in all subjects, however all students will have access to the courses needed to graduate high school with a broad course of study.
Method	CICA students with limited English proficiency are enrolled in classes with designated English support which offer integrated access to all content areas.
Measurement	Yearly review of course outlines, descriptions, ELP objectives, and EL Civics content areas.

STATE PRIORITY #8— Pupil Outcomes	
Subpriority A: English	
Goal	All students will demonstrate an increase in proficiency in English Language Arts/Literacy
Method	All English learners will receive English language instruction integrated with ELA standards. All English proficient high school students will demonstrate mastery through course completion. All students will receive regular CASAS

	reading testing
Measurement	Average CASAS reading tests will meet or exceed 2 points per program year. Yearly the program will meet or exceed California state targets for Measurable Skills Gains.
Subpriority B: Social Science	
Goal	All English language learners will participate in Civics education.
Method	Students will take 3 yearly EL Civics Civics exams.
Measurement	The school will maintain an 85% passing rate for Civics exams.
Subpriority C: Mathematics	
Goal	All students enrolled in Mathematics will make measurable progress.
Method	Math students will receive pre and post CASAS testing to evaluate the effectiveness of the program.
Measurement	All math students will meet or exceed a 2% CASAS Math Goals gain on average.

Determining Academic Standing (Grade Level)
Upon admission to CICA, a student's grade level ~~will be~~is determined based ~~upon~~ on the evaluation of transcripts of ~~their past coursework, their assessment from the CASAS test, and their age.~~ any previous schooling. Students ~~who are at~~enroll with a ~~high school level (9th through 12th grade) based upon credits and assessment will be assigned to their grade level based upon age. Students who are at a primary school level (8th grade or below) based upon a lack of credits or low assessment scores, will be assigned to a grade level based primarily upon assessment.~~

~~***Assessments***~~very wide
~~At CICA we use a~~ variety of ~~formal and informal testing measures and~~educational attainment, academic skills, credits, and English language proficiency. Students are placed in grade levels based on credit attainment.

Grade Level	
Grade 9	0-49 credits
Grade 10	50-99 credits
Grade 11 (proposed addition)	100-149 credits

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Grade 12	150-200 Credits

Assessment

CICA uses a variety of formative and summative assessments to evaluate our students. ~~We begin our assessments during~~During enrollment ~~when~~, students ~~are given a diagnostic test and a~~participate in placement testing to determine English proficiency, including CASAS testing. Students participate in content knowledge and skills-based assessments in their lessons. CASAS ~~test. At the end of every academic unit, teachers use formal~~ assessments ~~and enter grades. CASAS assessments are also used as a measurement of progress and~~ are administered to all students every six to eight weeks. EL Civics assessments are administered each term.

The evaluation of student learning has four goals in the following priority:

1. To assist student learning as a diagnostic tool by determining which specific content areas a student has not mastered so they can improve their learning in that specific area.
2. To use aggregated measurements of student learning as part of the measurement of how the school as a whole is performing.
3. To determine if a student has met or exceeded the necessary level of competency to gain formal recognition, such as to complete a level or receive a diploma, licensure, or certification.
4. To determine if the student is underperforming in relation to their peer group and evaluate if intervention supports are required.

Key Measurement Methods

Measurement Outcome	Method of Measurement	Frequency of Assessment
CASAS Gains	CASAS Reading, Listening, and Math assessments	Every 6 to 8 weeks
English Language Proficiency Progress	Internally developed ESL Level placement / exit test	At Enrollment, End of Term
EL Civics Assessments	CASAS approved assessment plans (COAAPS)	Three times each year in the following months: November, March, June
High School Content Mastery	Course assessments and course grades Savvas imbedded assessments	At the end of every high school course Savvas: mid-unit assessments; formal and informal evaluations
ELA and Math Achievement	Smarter Balanced (CAASPP) Savvas imbedded assessments	CAASPP: Once in grade 11. Savvas: mid-unit assessments; formal and informal evaluations

Science Achievement	CAST Savvas imbedded assessments	Once in high school grades 10 or 12. Savvas: mid-unit assessments; formal and informal evaluations

English Language Proficiency Placement

CICA assesses all students as part of the enrollment process through CASAS testing to establish a baseline for academic achievement. Additionally, students of limited English proficiency will participate in an English Learner Assessment (ELA) placement test to determine English proficiency.

State Testing

In compliance with California Education Code requirements, CICA will offer the CAASPP Smarter Balanced Assessments Consortium (SBAC) to all students in 11th grade. CICA also offers California Science Tests (CAST) to all 12th-grade students who have not previously taken the science test in high school. Testing will be coordinated by the Assessment Coordinator with academic staff and test proctors. Because CAASPP testing is new to CICA, the determination of the details of testing windows and procedures will be an ongoing process by academic and assessment staff.

Student Growth

CICA uses the Comprehensive Adult Student Assessment System (CASAS), a competency-based adult assessment program validated by the U.S. Department of Education for use in adult education. While CICA is a K-12 institution, there are few assessment programs designed to evaluate the growth of adult students. Consequently, CASAS is an essential tool for the evaluation of student progress at CICA. The test series used by CICA is listed below.

Test Series
CASAS Reading STEPS
CASAS Listening STEPS
CASAS Reading GOALS 2
CASAS Math GOALS 2

Students receive CASAS testing every 7 weeks. Testing is conducted via a kiosk application installed on CICA chromebooks. Testing can only occur in a proctored environment and is conducted by test proctors or teachers.

All students receive CASAS reading tests. CASAS Math assessments are administered to all students enrolled in math courses to evaluate the effectiveness of the instruction they receive.

Schoolwide CASAS outcomes include average point gain, measurable skills gains, and pre and post testing rates. Below are the average point gains for the previous three program years.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Average Point Gain per Program Year			
	2022-2023	2023-2024	2024-2025
ELL			
CASAS Reading	5.8	3.9	6.2
CASAS Listening	8.4	4.7	6.2
ABE			
CASAS Reading	5.0	4.9	5.6
CASAS Math	2.5	4.9	6.4

The data shows consistent improvement in student outcomes. particularly in the 2024–2025 school year. For ELL students, both CASAS Reading and Listening scores rebounded after a dip in 2023–2024, each rising to 6.2 points—the highest gains observed over the three-year span—indicating renewed effectiveness in language instruction. In the HS program, CASAS Math scores saw the most notable growth, more than doubling from 4.9 to 6.4, which suggests that recent changes in math curriculum or support have had a strong impact. ABE Reading scores also increased steadily, climbing each year from 5.0 to 5.6, pointing to sustained literacy development. These trends highlight encouraging progress in both foundational literacy and numeracy across programs.

Measurable skills gains represent the number of students progressing in an Educational Functioning Level as defined by the National Reporting System (NRS), the federal accountability system. Measurable skills gains are an important indicator of both English language and academic progress.

Percentage of students with pre and post test achieving a measurable skills gain				
ESL Educational Functioning Level		2022-2023	2023-2024	2024-2025
Level 1	Achieved	65.00%	78.90%	71.76%
	CA State target	30.50%	34.00%	TBD
Level 2	Achieved	58.33%	84.55%	84.52%
	CA State target	30.50%	40.00%	TBD
Level 3	Achieved	53.49%	77.53%	82.19%
	CA State target	34.50%	37.00%	TBD
Level 4	Achieved	61.67%	68.36%	78.18%

Element B Measurable Student Outcomes and Element C Student Progress Measurements

	CA State target	30.50%	34.50%	TBD
Level 5	Achieved	58.62%	75.10%	76.24%
	CA State target	31.50%	34.50%	TBD
Level 6	Achieved	0%	75.34%	58.70%
	CA State target	21.50%	25.00%	TBD

Percentage of students with pre and post test achieving a measurable skills gain				
ABE Educational Functioning Level		2022-2023	2023-2024	2024-2025
Level 1	Achieved	85.71%	65.22%	76.47%
	CA State target	40.00%	44.00%	TBD
Level 2	Achieved	58.33%	63.21%	70.93%
	CA State target	42.50%	44.00%	TBD
Level 3	Achieved	53.49%	55.56%	63.76%
	CA State target	38.00%	43.00%	TBD
Level 4	Achieved	61.67%	64.41%	75.47%
	CA State target	40.50%	43.00%	TBD
Level 5	Achieved	58.62%	54.19%	59.18%
	CA State target	35.50%	42.00%	TBD
Level 6	Achieved	0%	0%	21.33%
	CA State target	36.50%	43.50%	TBD

CICA Measurable Skills Gain for all learners compared to state average

	2022-2023	2023-2024	2024-2025
CICA	68.9%	69.8%	73.0%
CA State Average	44.36%	44.8%	TBD

CASAS pre and post tests are essential for measuring student progress but also serve as an important measure of student engagement.

Percentage of Learners with Pre and Post CASAS Test

2022-2023	2023-2024	2024-2025
57%	66%	71%

The data above reflects a clear upward trend in the percentage of students who received both a pre- and post-test over the past three years. In 2022–2023, 57% of students received both tests. This increased to 66% in 2023–2024 and rose again to 71% in 2024–2025. This steady improvement demonstrates CICA's growing commitment to data-driven instruction and collective efforts to ensure more students are assessed consistently, allowing CICA to better capture and respond to their academic development.

Teachers, counselors, and proctors at CICA work diligently to ensure that all students complete both the CASAS pre- and post-tests; however, reaching 100% participation remains a challenge. To address this, CICA is implementing several strategic measures, including hiring additional proctors, expanding staff training, purchasing more laptops to support testing, and developing a more structured and comprehensive testing schedule. Additionally, the recent hiring (August 2024) of a dedicated CASAS Coordinator has provided focused leadership to further strengthen the assessment processes. Through these efforts, CICA is committed to increasing the percentage of students completing both assessments in the coming years.

EL Civics Civic Objective and Additional Assessment Plan Data (COAAP)

Integrated English Literacy and Civics (IELCE/EL Civics) programs provide English learners with literacy instruction while developing the civic knowledge and workforce skills needed to participate fully in U.S. society. Assessments are developed according to COAAPs supplied by CASAS and reported to the state via TOPSpro Enterprise.

For the past five years, CICA administered EL Civics assessments through Google Forms, collating results via automated Google API scripts. While cost-effective, this approach became unsustainable as the dataset expanded. In 2025, CICA piloted the use of Edcite, which streamlined reporting, improved assessment quality, and enabled more detailed tracking of student outcomes.

Program Data

Results from the past two program years demonstrate both the scale of participation and consistently strong pass rates:

- 2023–24: Students attempted 1,455 assessments, with 1,045 passes (72% pass rate). Themes included Employment, Personal Finance, and DMV readiness.
- 2024–25: Participation expanded significantly, with 2,837 assessments attempted and 2,027 passes (71% pass rate). Themes included Employment, Health and Nutrition, and Education.

These results indicate both growth in student participation and stable success rates, demonstrating that English learners are not only engaging in EL Civics instruction but are mastering key competencies in employment readiness, financial literacy, health, and civic

education. The expansion from 1,455 to 2,837 attempted assessments in just one year reflects increased system capacity, improved reporting structures, and the successful adoption of Edcite as a platform.

EL Civics Assessment Data				
Program Year	Theme	COAAP #	Attempted Assessments	Passed Assessments
2023-2024	Employment	33.9	176	156
2023-2024	Personal Finance	1.8	633	394
2023-2024	DMV	12.7	646	495
2023-2024	Total		1455	1045
2024-2025	Employment	33.8	940	628
2024-2025	Health and Nutrition	46.7	1158	854
2024-2025	Education	13.6	545	739
2024-2025	Total		2837	2027

High School Graduation

Graduation is the most powerful marker of student success at CICA. For our adult learners, graduation is more than a diploma—it represents years of determination, resilience, and perseverance in the face of significant challenges. Many students have overcome interrupted education, displacement, language barriers, and personal hardships to reach this milestone. At CICA, graduation is treated as a holiday: a joyful celebration for students, families, and staff alike.

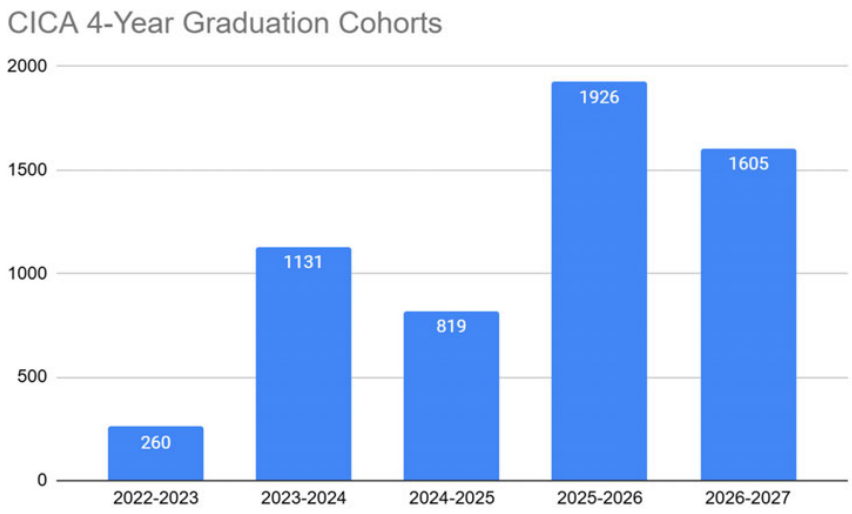
Because its students complete credits throughout the year, CICA offers multiple graduation ceremonies annually—in both summer and winter—so every student has the opportunity to "walk the stage" in front of their community. Each year, the ceremony has grown in size and prominence, with venues expanding to accommodate the increasing number of graduates.

CICA Cohort Graduation

CICA faces unique challenges in relation to traditional 4- and 5-year cohort graduation rates. Before 2021, English learners were designated as primary students in grades 1–2. In 2020–21, all CICA students were redesignated as high school students to better reflect their adult status. This redesignation dramatically increased the size of the 4-year cohort, even though over 80% of entering students began with limited secondary education skills and required extended time in grade 9 to develop English and academic foundations.

Conversely, some students—such as immigrants arriving with stronger English proficiency and prior academic backgrounds—graduate much more quickly. For example, Winter 2025 graduates averaged 2.5 years of enrollment, well outside the traditional 4-year window. These dynamics lead to artificially low cohort rates that do not accurately represent student success.

The chart below illustrates these complexities:



CICA 4-Year Cohorts: While the 4-year cohort count grew from 260 (2022–23) to 1,605 projected in 2026–27, only a fraction of actual graduates appear in these rates. In 2024–25, for instance, just 76 of 300+ graduates were captured in the 4-year outcome.

CICA 1-Year Graduation Rate

To better reflect the reality of adult education, CICA also tracks and reports the 1-Year DASS Graduation Rate, which measures the percentage of 12th graders completing a diploma within the same program year.

- Growth: The 1-year rate nearly doubled in 2024–25, reaching 43.2%, compared to 22.6% in 2023–24.
- Raw Numbers: Graduates reported in CICA's LCAP also increased steadily from 200 (2022–23) to 323 (2024–25).

CICA students must work to overcome a wide variety of barriers to participate in education and achieve academic success. An adult learner is engaged with responsibilities and demands that pay no respect to their academic journey, making them inherently at very high risk of not completing their education. In every sense, these are alternative students. In recognition, CICA

continues to track and report the 1-year graduation rate. The 1-Year graduation rate is calculated as follows:

$$\frac{\text{\# graduates as reported in CALPADS - (all students without 90 days cumulative enrollment)}}{\text{All students enrolled in 12th grade for the program year - (all students without 90 days cumulative enrollment)}}$$

This metric, combined with raw graduate counts, provides a more accurate picture of CICA's impact, capturing the success of students who accelerate or extend their time beyond traditional cohorts. The upward trend in both rate and number of graduates demonstrates the effectiveness of CICA's academic model and support systems.

2022-2023	2023-2024	2024-2025
23.5%	22.6%	43.2%

ELL Level Progress

English Language learners progress through courses designed to advance their English Language skills while allowing them to engage with increasingly in-depth standards-aligned content.

Graduation outcomes are directly tied to English Learner advancement. Reaching Level 3 (Intermediate) in ELD marks a pivotal milestone: students transition into the full high school program, where they engage with core academic standards while continuing to receive integrated English language support. This bridge ensures that English acquisition and diploma attainment are inseparable parts of student success.

Alternative School Status

CICA is fully accountable to the California Department of Education (CDE) to ensure that students meet state standards. California adopted the Local Control Funding Formula (LCFF) in 2013, creating the California School Dashboard to monitor performance across schools. However, these traditional accountability measures were designed for K–12 systems and often fail to capture the unique realities of adult and alternative learners.

To address this gap, the CDE created the Dashboard Alternative School Status (DASS) system, which provides alternative schools with more appropriate accountability metrics. When CICA opened its main hub in Sacramento in August 2019, it adopted DASS and has consistently complied with its requirements. In November 2024, CICA worked with Twin Rivers Unified to

finalize a set of DASS-aligned metrics. While CICA was notified in December 2025 that it would lose official DASS status, the school remains deeply committed to accountability. We continue to track these measures internally—now reported as CICA Academic Achievement Metrics—to ensure transparency, rigor, and continuous improvement.

CICA Academic Achievement Metrics
Academic Achievement
ESL
1. The percentage of CICA English Language learners with a pre and post-test achieving a Measurable Skills Gain in the National Reporting System will meet or exceed California state targets, as reported by NRS Performance in TOPSpro Enterprise (TE).
ABE
1. The percentage of CICA high school learners with a pre and post-test, achieving a Measurable Skills Gain in the National Reporting System will meet or exceed California state targets, as reported by NRS Performance in TOPSpro Enterprise (TE).

Academic Improvement
ESL
1. The average Comprehensive Adult Student Assessment Systems (CASAS) Reading Gains for English Language Learners at CICA enrolled in International High School will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSpro Enterprise.
2. The percentage of CICA English Language Learners in International High School Level 3 students moving to high school will meet or exceed 5%, as reported by Student Level Gains in PowerSchool.
ABE
1. The average CASAS Reading Gains for learners enrolled in high school at CICA will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSpro Enterprise.
2. The average CASAS math gains for learners enrolled in high school at CICA will meet or exceed an average 2-point gain, as measured by Learning Gains Summary in TOPSPro Enterprise.

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Academic Improvement
3. The 1-year Graduation Rate for CICA learners will meet or exceed 20% as reported in California School Dashboard.

Student Engagement
All Levels
1. The percentage of CICA students with a CASAS pre and post-test will meet or exceed 55% as measured by NRS Data Integrity in TOPSpro Enterprise.

CAREER TECHNICAL EDUCATION (CTE) & WORKFORCE
ABE
1. The percentage of 12th grade CICA high school students who are enrolled in a CTE program will meet or exceed 10% as measured by CTE Enrollment Percentage in PowerSchool.
2. The percentage of CICA high school graduates who complete a CTE program will meet or exceed 4% as measured by Graduate CTE Completers in PowerSchool.

Teacher-Designed Formative Assessments

CICA teachers employ a wide range of **informal and formative assessment strategies** to monitor student learning and ensure mastery across subjects, including reading and vocabulary, writing and grammar, speaking and pronunciation, listening, digital literacy, mathematics and consumer economics, science, history/social science, government and law, health, and independent living.

Formative assessments are integrated into daily instruction and provide timely feedback to guide both teaching and learning. Common tools include:

- Benchmark assessments to measure progress against standards
- Oral and multimedia presentations to assess communication and digital skills
- Written assignments such as journals, essays, research projects, and book reports
- Performance-based tasks, including independent projects, portfolios, and demonstrations
- Traditional measures such as tests, quizzes, grammar diagnostics, and comprehension checks
- Daily learning artifacts such as homework, workbook activities, and applied practice

Through this comprehensive approach, teachers are able to monitor progress continuously, adjust instruction responsively, and ensure that students are building the knowledge and skills required for academic advancement and real-world success.

Grading and Progress Reporting Systems

CICA maintains a rigorous and transparent grading and reporting system designed to hold students to high standards while providing multiple opportunities for mastery. The school uses a traditional A–F grading scale, with GPA points assigned as follows: A = 4.0, B = 3.0, C = 2.0, D = 1.0, and F = 0.0. Although teachers may add plus or minus designations, these do not alter the GPA value. To ensure deep learning and persistence, CICA requires that students earn at least a "B" (80%) or higher to receive credit for a course. Students who earn below a "B" must revise or redo work and demonstrate mastery before credit is awarded.

Grades are issued at multiple points—upon course completion, partial completions, or at the end of the term—ensuring timely feedback to students and counselors. In addition to letter grades, teachers provide narrative feedback and individualized support, fostering a growth mindset and continuous improvement.

Evaluation Methods

CICA uses a multi-method evaluation system to measure whether students meet academic expectations and mastery standards. Methods include:

- Teacher-designed assessments (benchmarks, unit tests, projects, and presentations)
- Student self-assessments and reflection
- Publisher-embedded assessments (e.g., Savvas, Burlington English, CASAS-aligned resources)
- Portfolios of student work (writing samples, research projects, digital artifacts)

High school course completion is directly tied to end-of-unit and end-of-course assessments, with a minimum passing threshold of 80%. This ensures both rigor and consistency across the curriculum.

Plan to Collect, Analyze, Use, and Report Academic Performance and Other Data

CICA uses assessment data in four primary ways. First, assessment serves as a diagnostic tool to identify content areas a student has not yet mastered. This allows instructional staff to gain a clear understanding of each student's gaps in content knowledge and skill development, enabling targeted intervention and personalized instruction.

Second, aggregated student learning data are used to evaluate overall school performance. A dedicated team of professionals at CICA analyzes a broad range of academic indicators, including enrollment trends, placement assessments, demographic data, CASAS assessments and gains, course grades, graduation rates, and student retention. By examining student outcomes

over time, the school is able to assess performance by teacher, course, program, and schoolwide, and compare results to those of similar institutions.

Third, assessment data informs decisions regarding student progression and formal recognition, such as level completion, graduation, licensure, or certification.

Finally, assessments are used to identify students who may be underperforming relative to their peer group, prompting review of placement and potential intervention supports. In cases where a student is not adequately progressing in a course, reassignment to a remedial course or additional instructional support from teachers, paraeducators, or specialists may be required to ensure the student is able to complete course materials and meet academic expectations.

This cycle is led by the Instructional Leadership Team (ILT) and supported by counselors, paraeducators, and assessment staff, ensuring that data directly shape instruction and student support.

Retention

CICA addresses student retention through the development of school-based student engagement systems and strong partnerships that support teaching, learning, and student achievement. These student engagement systems coordinate efforts to strengthen two-way communication between students and the school. Retention is supported by a team of professionals, including counselors and academic staff. This collaborative approach enhances student relationships and contributes to increased achievement and retention.

Program Audit

CICA provides TRUSD with a comprehensive annual performance report that includes, at a minimum, the following data:

- A summary showing student progress toward the pupil outcomes using data from the assessment instruments.

A summary of major decisions and policies established by the ~~When we assess our students it is to better understand what they know. When we have students who cannot pass a class, we find alternative solutions for them. We understand that some students need remedial support and others may need more challenges and opportunities for growth. When our students have not mastered level appropriate standards or objectives, we find alternative teaching methods to deliver the same content. Our teachers understand the importance of both formative and summative assessment in gauging student comprehension.~~

- ~~CICA will develop a~~HCCTS Board of Directors during the year.
- Data on the level of student involvement in CICA and summary data from an annual student satisfaction survey.
- Data regarding the number of staff working at CICA and their qualifications.

- A copy of the CICA health and safety policies and/or a summary of any major changes to those policies during the year.
- An overview of CICA admissions practices during the year and data regarding the numbers of students enrolled, the number on waitlists, and the number of students expelled and/or suspended.
- Analyses of the effectiveness of CICA's internal and external dispute mechanisms and data on the number and resolution of disputes and complaints.

Local Control and Accountability Plan (LCAP)

CICA develops its Local Control Accountability Plan (LCAP) in accordance with the template adopted by the ~~state board.~~ State Board of Education. The LCAP serves as the school's comprehensive planning and accountability tool, integrating academic goals, fiscal priorities, and stakeholder input. Previous to the adoption of a state board template, CICA will follow the basic methods used for the ~~school accountability report card. The Local Control~~School Accountability ~~Plan will include~~Report Card. The plan includes measurable pupil outcomes ~~based upon~~ aligned to the state priorities~~, which apply to the nature of the program we will operate, as defined~~ outlined in California Education Code ~~Section~~§ 52060(d), as well as local priorities ~~defined by the school itself.~~

~~Given the learning curve of any startup organization, the initial annual goals in this petition aim to meet the current standards set by authorizing District. Thus the initial annual goals were derived from the baseline of current rates of Twin Rivers Unified School District's K-12 schools, and Twin Rivers Adult School (TRAS), as appropriate (Walker, 2013b). CICA will measure each applicable goal for each California recognized subgroup, including: ethnic subgroups, socioeconomically disadvantaged pupils, English learners, students with disabilities, and foster youth. We have also defined the ultimate goal we wish to reach, which we will strive to have all subgroups reach equally. As we meet~~identified by CICA to address the specific needs of adult learners. These priorities encompass academic achievement, student engagement, school climate, access to a broad course of study, and workforce readiness. The LCAP is updated annually through a collaborative process that engages students, staff, and community partners. Each year, CICA presents both the annual ~~goals, we will raise our standards toward these ultimate goals~~update to the LCAP and the Local Control Funding Formula (LCFF) budget overview for parents at a public meeting of the Board of Directors, no later than February 28. This presentation ensures transparency, provides opportunities for feedback, and demonstrates the school's commitment to continuous improvement and fiscal responsibility.

~~Element 4: Organizational System and Governance Structures~~

~~*Governing Law:*~~ .

Element B Measurable Student Outcomes and Element C Student Progress Measurements

Element D Governance

"The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

~~California Education.~~" (Ed. Code ~~Section~~§ 47605 ~~(b) ((c)(5) ()(D)).~~)

~~Highlands Community Charter and Technical Schools Nonprofit Corporation~~

~~California Innovative Career Academy(CICA) will be operated under~~ California Innovative Career Academy (CICA) operates as a directly funded independent charter school under Highlands Community Charter and Technical Schools, a California nonprofit public benefit corporation, in compliance with applicable California law and federal law. CICA commits to maintaining its nonprofit status in good standing and "active" status throughout the term of its Charter.

The Charter School is governed by the Highlands Community Charter and Technical ~~School (HCCTS) public benefit corporation. CICA will operate~~School's Board of Directors (the "Board"), which is the governing authority for CICA and is ultimately responsible for ensuring that the school remains faithful to its mission, operates in compliance with its charter, and maintains fiscal viability. The Board functions in accordance with its bylaws, California nonprofit law, and applicable provisions of the Education Code. While the Board maintains fiduciary responsibility and ultimate decision-making authority, it delegates day-to-day management to CICA's Executive Leadership Team.

CICA operates autonomously ~~501(c)3, although in close harmony~~while maintaining a cooperative relationship with Twin Rivers Unified School District~~,~~ (TRUSD), with ~~the exception of the~~ supervisory oversight as required by statute and other contracted services as negotiated between CICA and ~~Twin Rivers Unified School District.~~ TRUSD. Pursuant to California Education Code ~~Section~~§ 47604(~~c), Twin Rivers Unified School District shall~~d), TRUSD will not be liable for the debts and obligations of CICA, ~~which is~~ operated by a California public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by CICA as long as ~~Twin Rivers Unified School District~~TRUSD has complied with all oversight responsibilities required by law~~. The CICA board will comply with the Brown Act and all other necessary laws~~.

~~Board of Directors~~

~~CICA~~ Governance Procedures and Operations

Meeting Requirements and Procedures

All meetings of the CICA Board of Directors are conducted in full compliance with the Ralph M. Brown Act and Education Code § 47604.1(c). Meetings are open to the public, and each agenda includes an opportunity for community input regarding the California Innovative Career Academy.

Agendas are posted prominently at the school's main office and on the CICA website at least 72 hours in advance of regular meetings and 24 hours in advance of special meetings. Emergency meetings may be called without standard notice when immediate action is required, consistent with the Brown Act.

Meetings are held at the principal office of CICA or at other publicly accessible, non-discriminatory locations within California as designated by Board resolution or meeting notice. Teleconferencing is permitted, provided that the public may attend from all listed locations and all votes are conducted by roll call. Pursuant to AB 2449 (effective through January 1, 2026), Board members may also participate remotely under specific conditions without disclosing their physical location, provided public access requirements are maintained.

Approved minutes are posted to the CICA website within 72 hours and are made available to the public upon request. The Board meets regularly—typically monthly during the school year—and adopts an annual calendar of meetings, with adjustments made as needed to accommodate holidays or other scheduling conflicts.

Decision-Making Procedures

CICA retains General Counsel to ensure Brown Act compliance in all CICA board activities, including decision-making procedures. Board members have also been provided with Brown Act reference materials and may participate in yearly meetings held by California Charter Schools Association ("CCSA") and/or Charter Schools Development Center ("CSDC"), which feature ethics presentations, including Brown Act and conflict of interest reviews. All Board members are encouraged to participate in such presentations.

A majority of all voting Board members constitutes a quorum for all business transactions except adjournment. Every action taken or decision made by a majority of Board members present at a duly held Board meeting is considered an act of the Board, subject to more stringent provisions of the California Nonprofit Public Benefit Corporation Law, including, without limitation, those provisions relating to:

- Approval of contracts or transactions in which a director has a direct or indirect material financial interest,
- Approval of certain transactions between corporations having common directorships,
- Creation of and appointments to committees of the board, and
- Indemnification of directors.

Meetings may be held by telephone or other telecommunications equipment pursuant CICA Bylaws and in accordance with the terms and provisions of the Ralph M. Brown Act, California Government Code Sections 54950, et seq., as said chapter may be modified by subsequent legislation.

Board Composition and Membership

Board of Directors

Sharon Rocco (Corporate Vice-President)

Sharon Rocco was born in Oregon and moved to California in 1959. In 1967, Rocco moved to Manila, Republic of the Philippines, and graduated high school from Brent Episcopalian Boarding School in Baguio City. In 1969, she returned to Sacramento, California and completed college at California State University, Sacramento with a Bachelor's degree in Social Work and Corrections. Sharon began her career in 1975 with the California Department of Corrections as a Parole Agent and served both in rank and file and administrative positions until she retired in 2005. Sharon was elected to Highlands Community Charter and Technical Schools' Board of Directors in July 2015.

Mary DeChance (Corporate Treasurer)

Mary DeChance is an educational leader who began her career as a Resource Specialist and later made meaningful impacts as a Principal, District Director of Special Education, District Director and Interim Coordinator for Early Childhood Education. Mary most recently was Faculty Lead at National University serving from 2005 until her retirement in 2016. Mary holds a BA in Behavioral Science and a Master's Degree in Special Education from the National University. Mary was appointed to the Highlands Community Charter and Technical Schools board in November 2020 where she will be ~~governed by~~a welcome addition to the nine-person board.

Mike Reid (Corporate President)

Mike Reid is a Board Member for Highlands Community Charter and Technical Schools. He has been an educator for over 38 years and has served in various roles throughout his career, including teacher, Vice-Principal, Principal, and Schools Superintendent. He has had the opportunity to assist and be recognized for three California Distinguished Schools.

His work in charter schools spans over nine years, during which he oversaw the development of a new charter school and served as the Learning Analyst for another. He also served as a consultant for the state of Hawaii for nearly three years, focusing on school academic improvement.

Board Member Selection Process

The Board of Directors shall consist of a minimum of three and a maximum of eight members; however, following the resignation of any director serving as of September 20, 2024, the maximum number of members shall be reduced to seven. To mitigate the occurrence of tie votes, the Board endeavors to maintain an odd number of members. Furthermore, school districts or county offices authorized to oversee HCCTS schools are entitled to appoint one voting representative to the Board.

Candidates for Board membership are sought from diverse professional backgrounds, including education, finance, law, public policy, human resources, and community leadership. Ideal candidates demonstrate alignment with CICA's mission, a commitment to its success, and the ability to provide expertise or resources in support of the school.

People who work for the school (or have close family ties to someone who does) cannot serve on the Board. Each director serves a 3-year term and stays in the role until a new director is chosen. If a director leaves—due to resignation, death, legal issues, or missing three meetings—the Board can fill that spot by majority vote. Chartering authorities can fill or remove their own representatives.

In accordance with Education Code § 47604.2(b)(2), the Board may, upon receipt of a qualifying petition, choose to include at least one student member. If appointed, the student member may be granted preferential voting rights as provided by law.

Board members may resign at any time by submitting written notice. However, no resignation shall be effective if it would reduce the Board below the minimum required membership, unless the Attorney General is notified. Should a vacancy arise due to resignation, death, legal disqualification, or failure to attend three consecutive meetings, the Board may fill the position by majority vote. Chartering authorities retain the right to appoint or remove their own representatives. Reductions in the Board's authorized size will not prematurely terminate current directors' terms.

CICA will not make contracts or approve actions where a director or key employee have a potential financial interest in the contract or action that precludes CICA from approving the same pursuant to Section 1090, the PRA, or other statutory, regulatory, or common law preclusions of conflicts of interest. It also will not loan money or property to any director or officer, except it can advance money for work-related expenses that will be reimbursed. Lastly, CICA promises to protect and cover legal costs or damages for its directors, officers, employees, and certain others if they face lawsuits or legal actions related to their role, as allowed by law. If someone asks for this protection, the Board will quickly decide if they qualify and approve it if they do.

Officers of the Corporation: Roles, Responsibilities, and Appointments

The Corporation is required to have a Chair of the Board, President, Secretary, and Treasurer, with the option to appoint additional officers as needed. Officers are appointed by the Board, report to the Board, and may have duties outlined in employment contracts. One person can hold multiple officer roles, except that the same person cannot be both Chair/President and Secretary/Treasurer. Officers may be removed by the Board or resign with written notice.

Vacancies are filled following the same process as original appointments. The Chair leads Board meetings; the Vice-Chair fills in when the Chair is absent. The President (also called Executive Director) manages the Corporation's daily operations. The Secretary keeps records of Board meetings and official documents, while the Treasurer manages the Corporation's finances, provides reports, and may be required to give a bond to ensure proper handling of funds.

All Board Members are required to complete annual training in the Brown Act, conflict of interest compliance, sexual harassment prevention, mandated reporting, and any other state-mandated governance trainings. This ensures that directors remain fully informed of their legal responsibilities, ethical obligations, and best practices for charter school governance.

Roles of the Board

The Board of Directors is responsible for managing the Corporation's activities and has the authority to make key decisions. This includes hiring and removing staff, setting their duties and pay, relocating offices, operating in or outside California, borrowing money, using a corporate seal, and seeking outside funding to support and expand the organization's services. All actions must follow applicable laws and the Corporation's governing documents. For more information, see the bylaws in the appendix.

The Board may initiate and carry out any program or activity that is not in conflict with or inconsistent with any law and which is not in conflict with the purposes for which charter schools are established, and consistent with the Articles of ~~Board of Directors ("Board" or "Board of Directors") in accordance with its~~ Incorporation. The Board may execute any powers delegated to it by law, and shall discharge any duty imposed by law upon it, and may delegate to an employee of the Charter School any of those duties except for budget approval or revision, approval of the fiscal audit and performance report, and the adoption of Board policies. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated. Other key and Executive employee roles and positions seen in the following organizational charts are described below.

Executive Leadership

The Executive Leadership Team at California Innovative Career Academy (CICA) provides the vision, expertise, and operational management necessary to sustain a high-quality learning environment that advances student achievement. Working under the authority of the Board of Directors, the Executive Cabinet—which includes the Executive Director, Deputy Directors, Director of Executive Services, Chief Business Officer, Director of Accountability and Assessment, and Director of Human Resources—oversees the development, implementation, and continuous evaluation of the school's core systems and policies.

The Cabinet is responsible for ensuring excellence across all operational and instructional domains, including finance, assessment, curriculum and instruction, facilities, human resources, compliance, and organizational accountability. Through collaborative leadership and data-driven decision-making, the Executive Leadership Team ensures that CICA remains faithful to its mission, responsive to student and community needs, and aligned with state and federal accountability requirements.

Governance Structure

CICA affirms that its Board of Directors serves as the sole governing authority of the Charter School. The Board holds ultimate responsibility for the governance and oversight of CICA, with each member carrying a fiduciary duty to safeguard the long-term success and sustainability of the organization. The Board is charged with addressing all major governance and operational matters in accordance with applicable laws, Board policies, and the terms of the Charter. Key responsibilities include overseeing the school's financial health, ensuring proper expenditure and accountability of public funds, establishing general and curriculum-related policies, approving and monitoring the annual budget and financial procedures, and engaging in strategic planning and fundraising efforts. The Board is also responsible for the selection, evaluation, and, if necessary, dismissal of the Executive Director, as well as the approval and oversight of personnel policies. In addition, the Board works to build broad-based support and strategic partnerships that further the mission of the school. To fulfill its oversight role, the Board meets regularly to review academic and operational data, financial reports, and compliance documentation. Through these processes, it ensures alignment with the school's mission, holds leadership accountable, and monitors key performance indicators to drive continuous improvement.

CICA has adopted ~~corporate bylaws, which shall be consistent with the terms of this charter. The Board consists of at least 5 directors, with a maximum of 11 directors. All directors are designated by the existing Board of Directors. Board members serve a term of 3 years. CICA has adopted a conflicts~~a conflict of interest code ~~which~~that complies with the Political Reform Act, Corporations Code Conflicts of Interest rules, and any charter school-specific conflicts of interest regulations~~ (see Appendix D – Board Bylaws). As required, the Conflicts Code will be submitted to the County Board of Supervisors for approval.~~. Notwithstanding any rule, regulation, provision, or Corporation Bylaw to the contrary, CICA's Board of Directors and the Charter School shall at all times and in all respects comply with all conflict of interests laws generally applicable to the District's Board of Trustees, including but not limited to Government Code section 1090 and the Political Reform Act. The Board further acknowledges and abides by governance requirements under the Brown Act, Public Records Act, and other applicable state laws. The responsibilities of the CICA Board as further outlined in the Bylaws include but are not limited to:

~~The Board meets on a regular basis (e.g., monthly during the school year and as appropriate at other times). The responsibilities of the CICA Board as further outlined in the bylaws include but are not limited to:~~

- Uphold the Vision of the Charter School.
- Oversee the implementation of the ~~School's~~CICA's charter.
- Provide notice and hold meetings in compliance with the Brown Act.
- Create and implement goals for the Charter School~~ and staff~~.
- Ensure compliance with applicable ~~laws~~law, such as the Public Records Act, and policies such as the Conflict of Interest~~. Compliance with 1090~~ Code.
- Provide oversight of instructional programs and materials.
- Approve and provide input for student policies.

- Monitor management of school liabilities, insurance, health, safety, and risk-related matters.
- Receive and review ~~monthly~~quarterly financial reports and the yearly financial audit.
- Work with ~~chief administrator~~the Executive Director to set goals.
- Enact policies to support the successful operation of CICA.
- Attend ethics training (AB 2158).

Board Committees

To deepen partner input into governance,

~~The Board may initiate and carry out any program or activity that is not in conflict with or inconsistent with any law and which is not in conflict with the purposes for which charter schools are established, and consistent with the Articles of Corporation. The Board may execute any powers delegated to it by law, and shall discharge any duty imposed by law upon it and may delegate to an employee of the School any of those duties. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated.~~

~~In accordance with Education Code Section 47604(b), Twin Rivers Unified School District may appoint a representative to sit on~~ the Board of Directors~~. If Twin Rivers Unified School District chooses to do so,~~ may form standing or ad hoc committees, in accordance with bylaws and applicable law. Committees may include representatives from staff, students, or community partners where appropriate, ensuring the school's governance remains inclusive and mission-aligned.

Educational Partner Involvement

Educational Partner Involvement Plan and Process

CICA ~~may appoint an additional member~~affirms that the perspectives of students, staff, and community partners are essential to strong governance and continuous improvement. As an adult-serving charter school, student voice is central to shaping program design and school culture. The Board and leadership team actively solicit, value, and incorporate feedback from educational partners to ensure ~~that~~ decisions remain responsive to the needs of CICA's diverse learning community.

As part of its continuous improvement efforts, California Innovative Career Academy (CICA) conducts Educational Partner (EdPartner) events throughout the year, beginning each fall with the distribution of staff and student climate surveys. Starting in the 2024–2025 school year, both surveys are administered via SurveyMonkey to enhance anonymity and encourage honest, constructive feedback.

The staff survey is distributed first and has seen steadily increasing participation, with 346 CICA staff and 13 Equity Initiatives staff responding in 2024–2025—up from 223 respondents the previous year—resulting in a participation rate of 92.76%. The survey includes questions across several key areas: mission, vision, and schoolwide goals; communication and leadership; workplace culture and environment; onboarding and support; compensation and benefits; digital tools and technology; professional development and growth; and curriculum and instruction. These categories are designed to assess organizational strengths and identify areas for growth.

Survey results are presented to the HCCTS Board of Directors and shared with all staff through infographic posters displayed at every school site to promote transparency and engagement.

The student climate surveys are sent out to all students in eleven different language options. In the 2024-2025 school year, the survey was hosted on Survey Monkey which allowed for ease of use for students as well. Teachers are encouraged to have their students take the survey during class to increase participation.

CICA's student survey was available to students in 12 languages, including English, Spanish, Russian, Ukrainian, Dari, Pashto, Arabic, Chinese, Vietnamese, Armenian, Turkish, and Hmong, and resulted in 3,610 student responses, compared to 2,169 last year. In February 2024, CICA held the Reading with Relevance event to gather information on the curriculum and its impact. CICA engaged 36 educational partners during this event and had them participate in the Reading with Relevance Book Fair Impact Survey afterward.

During the Black History event in February 2024, CICA focused on engaging educational partners and collecting feedback. The Black History Month Assembly Feedback Form from February 2024 garnered 27 responses from educational partners.

During the Building a Community School Lunch and Dinner sessions, CICA concentrated on gathering suggestions for improvements in the domains of wellness, health, social-emotional support, additional academic opportunities, CTE, and community enhancements. CICA held discussions with educational partners, which resulted in 22 summarized responses on the Building a Community School survey.

In March 2024, CICA hosted a meeting with principals to gather their insights on the key challenges and opportunities for growth. Following the discussions, participants were requested to complete the Principal Feedback Survey, which provided subsequent data from 6 principals.

In April 2024, CICA sent out the Leadership Survey to collect the directors' feedback on the following categories: communication, job and role clarity, work environment, recognition, relationships, curriculum, and professional development. CICA has gathered responses that highlight the enhancements across the categories, alongside some challenges. Seven of the directors participated in the Survey.

In April 2024, CICA facilitated a Your Voice Matters event for CTE programs at the Grand Avenue campus. CICA engaged 42 educational partners and gathered feedback on strengths, improvement areas, and solutions.

In the 2023-2024 school year, CICA hosted four (4) educational partner events titled Your Voice Matters, compared to one in the previous year. The purpose of visiting more sites was to get more feedback from students with different needs at various school locations. For the 2023-2024 school year, CICA gathered educational partner feedback from a total of 830 including 26 responses from students who enrolled in the Equity Initiatives program at the "Your Voice Matters" events compared to 270 in the 2022-2023 school year. Combined with the all-staff climate surveys and student surveys, the principal meeting, leadership feedback survey, and

other educational partner events, CICA engaged 4,926 while gathering educational partner feedback.

Each educational partner event had a facilitator and notetaker who led the discussion in three areas: school strengths, opportunities for growth, and possible solutions for improvement. The responses were recorded in Google Forms. CICA analyzed the data to identify growth areas and build the LCAP goals and actions. CICA found a high level of consistency in climate surveys and educational partner responses. After careful review, CICA used this feedback to determine where to increase and decrease spending.

CICA encourages students and staff to attend, speak, and present at Board meetings; CICA requests that students and staff complete various surveys. CICA proactively reaches out to students regularly to encourage them to meet with the counselors to continue discussing their goals and needs; and CICA is ~~maintained~~proudly responsive to the feedback CICA receives.

CICA encourages and teaches the students how to maintain direct influence over the direction of their educational process. Students have equal say, and sometimes, greater say, in their learning according to their academic needs. Teachers collaborate with students, other teachers, staff, administration, and community partners to determine what new programs and resources would be most beneficial to student achievement and well-being.

In planning to draft the LCAP, leadership consults with teachers, administrators, other school personnel, partners, and students in developing the annual update. This feedback is provided during EdPartner events. Following these events, the data is reviewed, proposals for a new funding formula are created and presented to the board of directors as well as the executive cabinet. Goals are then amended based on recommendations provided from the school community. Amended plans are then presented for feedback to staff, students, and all other interested parties at regularly scheduled meetings. All stakeholders are invited to submit public comments and final plans are approved at a public board meeting. CICA will consider TRUSD recommendations and comments when drafting its LCAP. The Charter School shall present a report on the annual update to the LCAP and the local control funding formula budget each year as part of a nonconsent item at a regularly scheduled Board meeting.

Additionally, CICA uses the school website to keep the students informed of all upcoming activities, important calendar items, and Board meeting minutes. CICA promotes student involvement by encouraging students to contribute to and drive website content through the sharing of their personal stories which are connected to the website via an Instafeed of social media content.

Element E Employee Qualifications

"The qualifications to be met by individuals to be employed by the charter school." (Ed. Code § 47605(c)(5)(E).)

California Innovative Career Academy (CICA) is committed to recruiting and retaining professional, effective, and qualified personnel for all administrative, instructional, instructional support, and non-instructional roles. All employees must align with the school's instructional philosophy, mission, and vision and demonstrate the expertise and commitment necessary to support student success.

In accordance with Education Code §47605(e)(1), CICA shall remain nonsectarian in its employment practices and operations. The Charter School shall not discriminate against any individual (employee or pupil) based on actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, immigration status, or any other characteristic contained in the definition of hate crimes set forth in Penal Code §422.55, or based on association with an ~~odd number of Directors~~individual who has any of the aforementioned characteristics.

~~Element 5:~~Employee Positions And Qualifications

Hiring and Selection Process

CICA recognizes that excellent schools are built on excellent employees. All positions are filled through a recruitment and hiring process that ensures alignment with CICA's mission, compliance with state and federal law, and adherence to Board-adopted personnel policies.

- Job Descriptions: Every position is defined by a detailed, Board-approved job description outlining required qualifications, duties, and reporting structures.
- Applicant Screening: Human Resources (HR) prescreens all applicants via EdJoin.org to verify minimum qualifications. Only qualified applicants are advanced for interviews.
- Interviews and Recommendations: Panels may include administrators, staff, or community representatives, and applicants are evaluated using a structured rubric.
- Final Approval: HR and hiring managers recommend candidates to the Executive Director, who makes final hiring decisions.
- Nepotism Policy: Consistent with Board Policy 4212.8, relatives may not participate in hiring or evaluation processes where family members are involved.

Recruiting Qualified Teachers

CICA recruits well-qualified educators to our community by posting vacant teaching positions on the recruitment website www.edjoin.org, a third-party employment entity used throughout California and the greater United States as a central advertising location for many different educational organizations. Additionally, we attend the annual Teacher Recruitment Fair held

each spring at Sacramento State University in order to meet with new teachers beginning their careers. This allows us to market our charter school as a competitive organization in which to work. We also send out recruitment flyers to additional institutes of ~~Employment~~ higher education in the surrounding area, per the school's staffing needs.

Employees

CICA recognizes that to have an excellent school, ~~that you~~it must have excellent employees. CICA will draw upon the pool of excellent adult education teachers ~~who were~~ previously ~~laid off from~~ employed by Twin Rivers Adult Education. Proposed salaries and benefits for administrators, certificated faculty, and classified staff have all been modeled after the Twin Rivers' salary scales and employee contracts.

~~***Employee Qualifications***~~
~~***Governing Law: The qualifications to be met by individuals to be employed by the school.***~~

~~California Education Code Section 47605 (b) (5) (E)~~

Employee **Overview**

All employees of CICA ~~will be~~are committed to developing the social, civic, character, and academic potential of each student. All staff members ~~will~~ possess experience and expertise appropriate for their position according to the CICA adopted personnel policies, and federal and state statutes applicable to charter schools. Selection and appointment of employees at CICA will be the exclusive prerogative of CICA.

CICA ~~will~~does not discriminate against any applicant on the basis of his/her race, creed, color, national origin, age, gender, gender expression, gender identity, disability, or any other basis prohibited by Education Code ~~Section~~§ 220. CICA shall comply with all applicable laws regarding criminal background checks, including Education Code ~~Sections~~§ s 45125.1 and 44237.

Executive Team
~~The executive team at California Innovative Career Academy plays a critical role in creating, improving, and maintaining a meaningful learning environment that promotes the academic progress of our students. Through high quality leadership, our executive team successfully develops, implements, and evaluates school systems and policies, including but not limited to finances, assessment, facilities, and accountability measures under the direction of a school board. Our CICA executive team job descriptions and qualifications are outlined below.~~

~~***Executive Director***~~

The Executive Leadership Team provides the vision, management, and accountability systems necessary to ensure CICA's academic and operational success. Under the authority of the Board of Directors, the Executive Team designs and oversees schoolwide policies, systems, and compliance.

2025–2026 Executive Team

- Jonathan Raymond – Executive Director
- Mathew Lemos – Chief Business Official
- Teresa Cummings – Chief Operations Officer
- Eric Chapman – Chief Academic Officer

Job descriptions and resumes of the Executive Team are included in the Appendix.

Executive Director: Serves as the chief administrator responsible for the planning, operation, supervision, and evaluation of all educational programs, services, and facilities; hiring and performance management of personnel; oversight of finances and compliance reporting; and partnership development.

For more information on the resumes of each of the cabinet members and their job descriptions, see the appendix.

Executive Director

Our Executive Director assumes administrative responsibility and leadership for the planning, operation, supervision, and evaluation of the education programs, services, and facilities of CICA and for the performance appraisal of the staff. It is the responsibility of our Executive Director to oversee the school facilities, selection and employment of CICA personnel, evaluation, promotion, termination, or discipline of CICA personnel, and the preparation and ~~submittal~~submission of reports as directed by the Board, to include regular goals and forecasts as directed. The CICA Executive Director manages the day-to-day operations of CICA by preparing and submitting required budgets and reports as required by a charter school. Our Executive Director develops partnerships for providing educational services by CICA, interacts with CICA accountants and attorneys, and performs other duties lawfully assigned by action of the Board. Our CICA Executive Director must minimally possess a bachelor's degree or any experience directly related to the field of work equivalent to a ~~(4)~~ four- year degree and program administration and planning experience, preferably with experience in management as an executive officer.

~~***Director of***~~ **Independent Study** **Compliance Coordinator**

~~The *Director of Independent Study* is responsible for overseeing the Independent Study instructional model, including program compliance regarding attendance, CALPADS reporting, instructional assignment and assumes administrative responsibility and leadership for the planning, operation, supervision, and evaluation of the education programs and services for CICA and for the performance appraisal of the Independent Study staff. It is the responsibility of our Independent Study Director to oversee selection and employment of CICA personnel, evaluation, promotion, termination or discipline of CICA personnel, and the preparation and submittal of reports as directed by the Executive Director to include regular goals and forecasts~~

~~as directed. The CICA Independent Study Director manages the day-to-day operations of CICA by preparing and submitting required budgets and reports as required by a charter school. The Director of Independent Study develops partnerships for providing educational services by CICA, works closely with the Executive Director, interacts with CICA accountants and attorneys, and performs other duties lawfully assigned by the Executive Director. Background knowledge of Independent Study and its components related to state and local measures for accountability are essential. The Director of Independent Study must have a thorough knowledge of schools SIS (Student Identification Systems, e.g. Powerschool) and its use for guiding Independent Studies as well as the ability to function independently and effectively. The CICA Independent Study Director must minimally possess a bachelor's degree or any experience directly related to the field of work equivalent to a (4) four year degree and program administration and planning experience, preferably with experience in management as an executive officer.~~

~~Independent Study Coordinator~~

~~The CICA *Independent Study Coordinator* is responsible for overseeing the Independent Study program and compliance including attendance. The IS Coordinator has the ability to coordinate the Independent Study (IS) Program. This is a classified administrative position. The CICA Independent Study~~The CICA Independent Study Compliance Coordinator is responsible for overseeing the Independent Study (IS) Program and program compliance, including attendance accounting, documentation, and reporting. This is a classified administrative position. The CICA Independent Study Compliance Coordinator should possess a BS or BA degree from a recognized college institution, or a degree of a similar nature that is in alignment ~~to~~with the job of being an Independent Studies Supervisor. Background knowledge of Independent Study and its components related to State and local measures for accountability ~~are~~is essential. The Independent Studies Coordinator must have thorough knowledge of ~~school~~the school's SIS (Student Identification Systems, e.g~~.~~., PowerSchool) and its use for guiding Independent Studies, as well as the ability to function independently and effectively. In this position, it is essential to meet critical timelines and reporting timelines associated with Independent Study. This person must also have the ability to use technology effectively with ~~regards~~regard to communication, record keeping, and staff presentations associated with Independent Studies. The CICA Coordinator can communicate effectively and clearly both orally and in writing with a diverse staff and student population.

~~Office Assistant (Independent Study)~~

~~CICA will employ an Office Assistant who plans and organizes the activities of assigned sections within the established office as directed. The Office Assistant is responsible for the maintenance of records, reports, and student filing procedures and analyzes assigned projects. At a minimum, the Office Assistant must possess prior experience, training, and education with prior experience. Experience working in a school setting is preferred, as is being bilingual, preferably in one or more of the following languages: Spanish, Farsi, or Slavic dialects.~~

~~Academic Coordinator (Independent Study)~~

~~A main duty of an Academic Coordinator is to help in the development and implementation of~~

~~instructional materials and curriculum programs that will meet educational standards. The Academic Coordinator will have the proper credentials and/or any California teaching certificate, permit, or other documents equivalent to that which a teacher in other public schools would be required to hold pursuant to Education Code Section 47605(l). CICA teachers shall meet or exceed all "highly qualified requirements" under the No Child Left Behind Act ("NCLB") or other relevant federal act, as applicable to charter schools. The Academic Coordinator will have an Administrative Credential.~~

Counselor (Independent Study)

CICA Counselor will provide academic, college/career, and social-emotional counseling ~~and guidance services to students~~tailored to adult learners in an Independent Study environment. The Counselors identify and counsel students with special needs and behavioral, social, and school adjustment problems. CICA Counselors refer students to other community resources, support groups, and social service agencies as appropriate. At a minimum, CICA Counselors possess a Bachelor's Degree ~~of~~in Education or School Counseling with a 7-12th grade level certification, two (2) years of experience as a high school counselor, and a valid Pupil Personnel Services Credential with an academic school counseling emphasis.

~~***ELD (English Language Development) Counselor***~~

~~The ELD (English Language Development) Counselor oversees advising and/or academics program for the English Language Development Program. The minimum qualifications met by the CICA ELD Counselor are equivalent to a master's degree and experience in counseling, successful experience working in schools as an outside agent, demonstrated experience in developing and managing complex schedules and using effective interpersonal communication skills.~~

Teachers (Independent Study)

CICA will comply with all applicable state and federal laws ~~in regards to employee~~regarding teacher credentialing and qualifications. ~~Teachers for core, college preparatory classes~~In accordance with Education Code §47605(l)(1), all CICA teachers must hold a valid California teaching certificate, permit, or other ~~documents equivalent to that which a teacher in other public schools would be required to hold pursuant to Education Code Section 47605(l). CICA teachers shall meet or exceed all "highly qualified requirements" under the No Child Left Behind Act ("NCLB") or other relevant federal acts, as applicable to charter schools. These documents shall be~~ credential appropriate to their assignment, as issued by the California Commission on Teacher Credentialing (CCTC). Credential documentation will be maintained on file at CICA headquarters and ~~shall be subject to periodic~~ made available for inspection by Twin Rivers Unified School District~~. Teachers shall be hired by the Board of Directors upon recommendation by the Principal.~~

~~No later than September 1 of each year, CICA shall provide Twin Rivers Unified School District proof of employment of appropriately credentialed, "highly qualified" full-time equivalent teachers at CICA for that school year consistent with the qualification requirements. CICA agrees to employ teachers according to the applicable "highly qualified," criteria in federal and state law. Twin Rivers Unified School District reserves~~, which retains the right to review ~~CICA~~ hiring decisions to ensure compliance with ~~applicable~~ federal and ~~State~~state mandates ~~regarding~~

~~highly qualified teachers and to determine whether a teacher is deemed to be appropriately credentialed and "highly qualified." Flexibility will be given to teachers hired by CICA for non-core courses as permitted by Education Code section 47605(l).~~.

~~Further, given that CICA's mission is to provide serves organize for adults, teachers may hold appropriate Adult Education or other Designated Subjects credentials (Walker, 2012a), or may hold a credential traditionally used in California high schools. Further, since "classes organized primarily for adults" is also one of the included categories of alternative curricula (Education Code Section 44865), CICA teachers may fulfill their highly qualified status via California's Verification Process for Special Settings (VPSS), or through traditional means such as the California High Objective Uniform State Standard of Evaluation (HOUSSE).~~

~~At CICA we know that teachers are the direct line for ensuring that our students are able to achieve the goals set forth in our mission and schoolwide learner outcomes. Therefore, we screen and hire~~
CICA teachers must hold the California teaching certificate, permit or other document required for the teacher's certificated assignment pursuant to Education Code § 47605(l)(1).
CICA hires only ~~highly~~ qualified teachers. Teachers are responsible for ~~facilitating~~creating and sustaining a learning environment ~~supportive of~~that supports California state ~~educational~~ standards and ~~CICA~~ reflects CICA's educational philosophy~~.~~, with a strong emphasis on meeting the unique needs of adult learners. Teachers hold a minimum of a bachelor's degree from a degree-granting institution and a valid authorization to serve as a California credentialed teacher from the California Commission on Teacher Credentialing (CCTC). Additionally, all teaching staff ~~meets the highly~~are qualified ~~requirements of~~under the Elementary and Secondary Education Act (ESEA), also known as the Every Student Succeeds Act (ESSA), formerly known as the No Child Left Behind Act (NCLB). Accordingly, CICA teachers ~~of core academic subjects~~ have:

1. A bachelor's degree from a degree-granting college or university~~.~~.
2. A California State teaching credential, or a University Intern Credential while actively working toward completion of a California State teaching credential, or ~~an appropriate Adult Education or~~ other Designated Subjects credentials~~, and~~.

~~1. Demonstrated core academic subject matter competence. Demonstrated core academic subject competence for elementary grades is done through a California Commission on Teacher Credentialing (CCTC) approved subject matter examination or by completing the California High Objective Uniform State Standard of Evaluation (HOUSSE) certification process. Alternatively, as our classes are organized primarily for adults and constitute alternative curricula in Education Code Section 44865, CICA teachers may fulfill their highly qualified status via California's Verification Process for Special Settings (VPSS). High school teachers teaching in multiple subjects environments are subject to the same requirements. High School teachers working in specific subject matter areas are held to the middle/high school requirements of the ESEA/ESSA as follows:~~
~~1. Successful completion of the applicable CCTC approved subject matter examination~~
~~2. Completion of a coursework option such as:~~
~~1. a CCTC approved subject matter program;~~

3. ~~a major coinciding with the assigned area of~~ Demonstrated subject matter competence.

Teacher Credentialing

~~2.~~ HCCTS affirms that all classroom instruction~~;~~
~~3. a major equivalent (32 semester units); or~~
~~4. possession of a graduate degree in the core academic subject area to~~ must be ~~taught~~
~~3. Normal Board certification in the core academic subject to be taught~~
~~4. Completion of the HOUSSE certification process.~~

~~California Education Code 44253.1 requires all teachers with a Multiple or Single Subject Credential serving English Language Learner (ELL) students hold appropriate authorization: CLAD/CTEL/SB 395/AB 2913. While not all CICA~~ provided by teachers who ~~have Multi and Single Subject~~ hold valid California teaching credentials ~~instruct ELL students, as a part of CICA' ongoing commitment to excellence, CICA will strives to prepare every certificated staff member to~~, and that paraeducators may not serve ~~ELL/ELD students by properly equipping teachers with the tools and training needed to serve this growing demographic of CICA students. This commitment and opportunity for professional development is provided both to those holding CLAD certifications through their Multiple and Single Subject Credentials as well as those who are not required to possess it, such as those with CTE or Designated Subjects Credentials. Upon employment, all CICA certificated staff are offered ELD training and ongoing professional development throughout the year by working with ELD academic leaders and mentors to improve test scores, develop teaching instruction, and identify areas of strengths and weaknesses in student learning. CICA encourages all certificated staff to complete, update and maintain their ELL authorizations through ongoing~~as the teacher of record. In prior years, teachers at CICA held adult education ~~and training, both at the university level and through CICA professional development.~~

~~CICA key administrative staff will have training to assure understanding in determining the fulfillment of ESEA/ESSA's highly qualified requirements. CICA teacher~~ credentials ~~are reviewed by the Director of Curriculum and Instruction, the Credentialing Specialist and the Human Resources Generalist annually and on an ongoing basis as needed. These documents shall be maintained on file at CICA headquarters and shall be subject to periodic inspection by CICA.~~as recommended by the CTC and the San Diego County Office of Education. In February 2025, the CTC decided to enforce K-12 teaching credentials.

CICA has already implemented the following to improve compliance and accountability. In the 2024–2025 school year, HCCTS significantly changed its credentialing and staffing procedures. The school established a credentialing support team of internal staff and credentialing consultants and reviewed more than 300 staff profiles. Individual credential pathway plans were developed, and 269 one-on-one consultations were held with teachers. HCCTS launched a partnership with UMass Global to create an intern credential pathway with tuition coverage for staff and offered reimbursement for credential exam fees and coursework through Board Policy 4112.3: Teacher Credentialing Reimbursements. All staff with noncompliant assignments were notified, and instruction in July 2025 was suspended to allow credential corrections before the next school year.

Board Policy 4112.2 now requires all certificated staff to hold valid and appropriate credentials at the time of hire and to submit timely proof of renewal. In alignment with updated guidance from the CTC and CDE—and following the loss of DASS status—HCCTS has transitioned away from Adult Education credentials. All teachers are now required to hold single-subject or multiple-subject credentials.

To support compliance, HCCTS created a centralized credentialing dashboard and updated its use of Frontline to track credential status, staff evaluations, and assignment alignment.

Per Board Policy 4112.2, certificated employees must:

- Hold the appropriate credential for their assignment upon hire;
- Maintain active credentials and complete renewals as required;
- Adhere to applicable state and federal regulations;
- Submit proof of credential validity and renewal to Human Resources within required timelines.

For more information from the Board Policy 4112.2: Credentialing Requirements Communications, see the appendix.

Information Technology/Data Technician

~~CICA~~CICA's IT technicians ~~will support the~~provide critical technology ~~needs~~support for ~~our staff and~~ students~~, The IT technician will diagnose~~ and staff by diagnosing computer problems, ~~monitor computer processing~~monitoring systems, ~~install~~installing software~~ and perform tests on computer equipment and~~ , and maintaining digital tools. They also train staff and students to use instructional and administrative technology effectively.

Administrative Services Credentials

CICA encourages leaders to pursue Administrative Services Credentials through the Sacramento COE and San Diego COE. As of June 2025, fourteen (14) HCCTS employees have completed or enrolled in preliminary/clear administrative programs~~. The technician may also set up computer equipment, schedule maintenance and teach staff and students to use different types~~, including:

- Eric Chapman, Chief Academic Officer
- Teresa Cummings, Chief Operations Officer
- Mayra Valdivia, Senior Director of School Services
- Christina Martinez, Director of CTE, Workforce & Adult Education
- Andrew Michaud, Director of Instruction and Professional Learning
- Isa Cacho, Director of Student Services
- Melissa Roberson, Director of Accountability and Assessment
- Carol Zheng, Curriculum Coordinator
- Niccole Scrogins, Admin on Special Assignment
- Maya Freeman-Perry, CICA Principal
- Maria Pile, CICA Principal

Additionally, Catherine Thirkill (CASAS Coordinator) has been accepted into the next Sacramento COE cohort.

CICA has developed and adopted Board Policy 4331 – Administrative Credential Reimbursement, which outlines the reimbursement procedures for participation in approved credentialing programs. Additional details are provided in the appendix.

~~Element 6: Health and Safety Procedures~~

Evaluations

In the 2024–2025 school year, CICA adopted Board Policy 4115: Personnel Evaluation and Supervision, establishing a comprehensive evaluation system designed to promote continuous improvement, accountability, and alignment with the school's mission and goals. The policy applies to all certificated and classified staff and sets forth clear expectations for professional conduct, job performance, stakeholder engagement, and compliance with applicable laws and policies.

Evaluations are conducted annually and may include classroom observations, self-assessments, formal performance appraisals, and collaborative goal-setting, depending on the employee's role. Supervisors are responsible for providing timely, constructive feedback, maintaining accurate documentation, and supporting employee growth through individualized development plans. All evaluation records are treated as confidential and maintained in personnel files in accordance with state and federal privacy requirements. (See Appendix for full Board Policy 4115: Personnel Evaluation and Supervision.)

To support this process, CICA uses Frontline, an integrated platform for payroll, employee evaluation, and professional learning management. Frontline enables the secure storage of all employee evaluations, monitors performance trends over time, and standardizes evaluation practices across the organization. The system also issues automated reminders to supervisors regarding evaluation deadlines, ensuring timely completion. All employees are required to review and electronically acknowledge their evaluations within the system, reinforcing accountability and transparency.

Instructional Paraeducators

Instructional paraeducators at California Innovative Career Academy (CICA) play a vital role in supporting certificated teachers by providing instructional assistance, linguistic support, and translation services for students. To ensure all paraeducators meet minimum qualifications, CICA requires a high school diploma or equivalent, successful completion of an English proficiency exam with a score of 70% or higher, and the ability to communicate effectively with diverse student populations. In alignment with state and federal requirements, CICA verifies educational qualifications and exam results during the hiring process and maintains documentation to ensure compliance.

Applicant Screening

All job applicants at CICA go through a rigorous pre-employment screening process to ensure they meet all requirements and qualifications for the role they are applying for. CICA uses the

website Edjoin to post job openings. This is also where new applicants apply for positions. Within Edjoin, Human Resources is able to filter applications based on minimum qualifications before forwarding candidates to hiring managers. Only employees who meet these requirements are eligible for interviews. In alignment with Board Policy 4111, as part of the pre-employment job application, candidates must disclose any family relationships with existing employees to ensure that no relatives are involved in hiring decisions or placed in reporting relationships.

HCCTS Hiring and Anti-Nepotism Policy

To safeguard against nepotism or favoritism, HCCTS adopted Board Policy 4212.8, which prohibits relatives from participating in hiring or evaluation processes involving family members. Interviewers must complete disclosure forms, and all job postings, evaluations, and offers are now centrally tracked and reviewed by the HR department to ensure consistency and equity across the organization.

Organizational Chart & Job Descriptions

HCCTS maintains an up-to-date organizational chart that reflects current roles and reporting lines (See Org Chart). The organizational chart is reviewed and updated at least annually. During the 2024-2025 school year, HCCTS drafted and revised a total of 25 job descriptions. The purpose is to ensure role clarity for all employees and ensure there is consistency between the work performed, role requirements, and appropriate pay.

Hiring Process

1. **Position Authorization (Requisition Control)** The hiring process at California Innovative Career Academy (CICA) is designed to ensure consistency, transparency, and alignment with organizational needs and compliance standards. It begins with the submission of a Position Control Form (PCF) whenever a position needs to be backfilled or newly created. The PCF includes essential details such as the job description and a designated leadership contact and is reviewed weekly by the Executive Cabinet.

2. **Posting and Sourcing.** Upon approval and required signatures, the Human Resources team posts the position on EdJoin.org and other recruitment channels and also leverages partnerships with university preparation programs to broaden applicant pools.

3. **Screening.** Once posted, hiring managers review applicants within EdJoin by evaluating qualifications in relation to the job description. Candidates are categorized as prescreened, interviewed, or removed, providing a clear record of each applicant's status. Notes from prior interviews are required for third interview requests and must be documented either via email or directly in the EdJoin system. For current staff changes, such as promotions or changes in FTE, an EE Update—rather than a PCF—is submitted to accurately reflect the employee's new assignment. Altogether, this structured process supports effective hiring decisions while maintaining clarity, documentation, and compliance across the organization.

4. **Multi-step Interviews and Performance Tasks.**
   Qualified candidates proceed through multiple interviews (phone and panel). For instructional roles, candidates complete a demo lesson (live or video) to assess content

knowledge, pedagogy, and responsiveness to feedback; stakeholder participation (e.g., administrators/teachers, and, when feasible, students or parents) may be included, with the Principal retaining final hiring authority.

Employee Positions
See appendix for the 2025 Organizational Chart.

Professional Development
In the 2024–2025 school year, CICA adopted Board Policy 4131: Professional Development to support the continuous growth of all staff. Professional learning is mission-aligned, equity-centered, and outcomes-focused, with explicit attention to legal and regulatory requirements. Offerings include in-service training, workshops, online modules, and compliance sessions. In accordance with Education Code 47605.1(f) and our WIOA partnership, HCCTS may conduct professional development at any location in California.

The Executive Director oversees alignment to the mission, vision, and strategic goals; the Chief Academic Officer (or designee) coordinates systemwide implementation. Department leaders and site teams co-design contextualized, job-embedded sessions that meet local needs while advancing CICA's strategic priorities. All staff are expected to engage actively in PD and apply their learning in practice. Participation is supported by funding priorities and travel reimbursement per Board Policy 350.

Annual Professional Development

Professional Development
In the 2024–2025 school year, CICA adopted a Professional Development Policy to support the continuous growth of all staff: 4131 BP Professional Development. The policy aligns professional learning with CICA's mission, vision, and strategic goals, with a focus on improving student outcomes and meeting legal and regulatory requirements.

CICA offers a variety of professional development opportunities, including in-service training, workshops, online modules, and compliance-focused sessions. In accordance with Education Code 47605.1(f) and its WIOA partnership, CICA may conduct professional development at any location in California.

The Executive Director oversees alignment and implementation, while leadership identifies needs and encourages staff participation. Employees are expected to engage actively and apply their learning. Funding is provided in line with organizational priorities, and travel is reimbursed per Board Policy 3350. CICA evaluates professional development effectiveness through staff feedback, performance data, and evidence of improved practice, with a commitment to equity and access for all staff.

In 2024-2025, CICA offered extensive internal and external professional development, covering topics like CPR, active shooter response, equity, SEL, and leadership. CICA provides two all-staff mandatory Professional Development opportunities throughout the year: three days in August and two days in May. All staff training includes Title IX training, Mandatory Reporter &

Child Abuse Prevention Training, Sexual Harassment Prevention Training, FERPA, Workplace Violence Prevention Training, and Comprehensive School Site Safety Training.

Teachers and paraeducators receive training on assessments such as the California Science Test (CAST) and English Literacy and Civics (EL Civics) assessments, end-of-level assessments, and CASAS assessments. Additionally, teachers and paraeducators receive training on any curriculum updates and curriculum instructional strategies. Teachers in the process of getting their credential or who have their preliminary credential are assigned a mentor teacher and must meet with them regularly.

CICA recognizes the critical role of targeted professional development in fostering staff effectiveness and advancing organizational goals. While CICA offers all-staff professional development days to promote schoolwide alignment and collaboration, a dedicated portion of these days is intentionally reserved for department-specific professional development. This approach ensures that staff receive training that is both relevant to their roles and responsive to the unique needs of their departments.

To coordinate these efforts across departments, the Chief Academic Officer—or their designee—works collaboratively with department directors or lead team members to plan and implement tailored professional development sessions. This decentralized model promotes professional learning that is contextualized, job-embedded, and aligned with departmental objectives, while still supporting the broader mission and strategic priorities of CICA. For more information on department professional development, see the appendix.

Element F Health and Safety Procedures

"The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall ~~include~~require all of the ~~requirement that~~following:

That each employee of the charter school furnish ~~#~~the charter school with a criminal record summary as described in ~~Section~~§ 44237~~."~~.

For all schools, the development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (M), inclusive of paragraph (2)of subdivision (a)of § 32282. For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (N) of paragraph (2) of subdivision (a) of § 32282.

That the school safety plan be reviewed and updated by March 1 of every year by the charter school." (Ed. Code § 47605(~~b~~c)(5)(F~~).~~).

General Health~~,~~ and Safety~~, and Emergency Preparedness Plan~~ Compliance

~~Charter School~~ California Innovative Career Academy (CICA) shall comply with all applicable federal, state, and local laws relating to student and staff health, safety, and emergency preparedness. If CICA occupies or operates in a Twin Rivers Unified School District (TRUSD) facility, it shall adhere to all TRUSD health, safety, and emergency procedures and remain subject to inspection by relevant district offices.

Emergency Preparedness

Emergency Operations Guide

CICA's Emergency Operations Guide outlines protocols and responsibilities for responding to emergencies such as natural disasters, active shooter incidents, and hazardous material releases. The guide aligns with state law, assigns roles through the Incident Command System principles, and identifies all staff as disaster service workers and alternates. Staff must review the guide annually.

Emergency Drills and Staff Training

CICA conducts regular fire, lockdown, and evacuation drills at all campuses, in accordance with state regulations. All staff receive annual training in:

- Emergency response procedures
- Active shooter protocols
- CPR and First Aid certification
- Bloodborne pathogen exposure response

Staff agreements include a commitment to comply with emergency and safety procedures.

Emergency Safety Procedures

CICA shall adhere to the School Emergency Safety Procedures Handbook, drafted specifically for the needs of its facilities. This handbook includes, but is not limited to, the following responses: fire, flood, earthquake, active shooter, and hostage situations.

Staff shall receive training in emergency response, including appropriate "School-wide Safety Plan" training or its equivalent.

Disaster procedures included in the School Safety Plan shall address and include adaptations for students with disabilities. To the extent an employee, parent/guardian, educational rights holder, or student brings concerns regarding the procedures to the principal and, if there is merit to the concern, the principal shall direct the School Safety Plan to be modified accordingly.

Student Health and Medical Services

Administration of Medication
CICA complies with Education Code §49423 for administering medications. The school will:

- Maintain trained staff to administer medication
- Store emergency epinephrine auto-injectors per §49414 and AB 1651 (2023)
- Include injector locations in annual legal notices

If albuterol inhalers are stocked, CICA will meet all requirements under §49414.7, including storage, access, and staff training.

Health Screenings and Immunizations
CICA complies with all student health requirements, including:

- Tuberculosis (TB) clearance per §49406 for employees, volunteers, and vendors in

frequent contact with students
- Immunizations and screenings per Health and Safety Code §§120325–120375 and Education Code §§49450 et seq.
- Maintenance of all health records on file

Suicide Prevention

CICA maintains and implements a pupil suicide prevention, intervention, and postvention policy pursuant to Education Code §215 and AB 58 (2021–22). The policy is developed and reviewed in consultation with stakeholders and school-employed mental-health professionals, reviewed and updated at least every five years, and aligned to current CDE guidance and best practices.

Mandated Reporting and Child Safety

Mandated Reporter Training

All CICA employees and individuals working on behalf of the Charter School are mandated reporters. As such, employees must complete annual child-abuse detection/reporting training annually that must occur:

- Within the first six weeks of each school year, or
- Within six weeks of employment for new hires

Training complies with Education Code §44691.

Criminal Background ~~requirements~~ Checks and Custodian of Records

- CICA complies with Education Code §§44237, 45125.1, 44830.1, 45122.1, and 44030.5 by: Fingerprinting and clearing all employees prior to employment;
- Ensuring contracting entities certify required clearances for any staff with student contact;
- Clearing unsupervised volunteers have cleared background checks;
- Requesting and receiving subsequent arrest notification from DOJ;
- Maintain evidence of compliance on file

The Executive Director is designated and confirmed as the Custodian of Records with the California Department of Justice.

Facilities, Restrooms, and Hygiene

Menstrual Products

Per Education Code §35292.6, CICA shall stock menstrual products in all women's restrooms, all-gender restrooms, and at least one men's restroom. Required notices will be posted prominently in each location.

All-Gender Restrooms

By July 1, 2026, each school site with multiple gender-specific restrooms will maintain at least one all-gender restroom that is:

- Clearly identified and designated with appropriate signage;
- Accessible during school hours and school-sponsored functions; and
- Equipped to protect privacy and safety (e.g., appropriate partitions/fixtures and disposal receptacles).

Implementation is underway during the 2025–26 school year to ensure full compliance by the statutory deadline. Students and staff may use facilities consistent with their gender identity and are protected from discrimination and harassment in all restrooms.

Drug-, Alcohol-, and Smoke-Free Environment
CICA maintains a drug-free, alcohol-free, and smoke-free environment for all students, staff, and visitors. This prohibition includes tobacco, nicotine, and vaping/e-cigarette devices on all school property, in school vehicles, and at all school-sponsored events.

Counseling and Student Support

CICA provides comprehensive counseling that is proactive, data-informed, and aligned to student goals.

Academic, College, and Career Counseling

- *Individual & Small-Group Advising:* Counselors meet with students for graduation planning, credit audits, and SMART goal setting; progress is reviewed at scheduled checkpoints each term.
- *College & Training Pathways*: Support includes application timelines, FAFSA/CADAA, placement options (noncredit, certificate, AA/AS, transfer), prior-learning/experience credit where applicable, and navigation of supports for adult learners.
- *Career Readiness:* Counselors connect students to CTE pathways, industry certifications, résumé and interview prep, and work-based learning; plans are aligned to local labor-market information.
- *Access & Equity:* Flexible appointment windows (in-person/virtual, multilingual) and outreach ensure working adults and caregivers can participate.

Social-Emotional Support
Staff across roles foster student social-emotional development through empathy, listening, and proactive referrals. Students needing additional support are connected to external mental health services when appropriate.

Legal Compliance Procedures

FERPA
CICA and its representatives comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code §49060 et seq

Unified Complaint Investigation Procedure

The Executive Director shall oversee the complaint and investigation process. Complaints unresolved at the site level will be addressed at the executive level.

CICA utilizes an anonymous complaint process through a third-party vendor called Navex. In the 2024-2025 school year, HCCTS partnered with Navex One to augment—not replace—the UCP, for anonymous or named reporting of concerns. Reports may be submitted via phone, web, or QR code. All Navex cases are logged, routed to HR for investigation, and closed with documented actions. Retaliation for good-faith reports is prohibited. (Internal practice statement.)

Human Trafficking Prevention

In accordance with Education Code requirements, CICA will inform parents/guardians of students in grades 6–12 about human trafficking prevention resources using the most appropriate methods.

Workplace Violence Prevention Plan

The Charter School shall establish, implement, and maintain, at all times in all work areas, an effective workplace violence prevention plan consistent with the requirements of Labor Code Section 6401.9.

Reference to Board Policies

CICA adheres to the following adopted Board Policies related to ~~school and~~ student health, safety, conduct, and ~~emergency preparedness.~~ non-discrimination:

~~If Charter School occupies and/or operates in a District facility, Charter School shall comply with all District health, safety, and emergency procedures and requirements applicable to District facilities and related operations, and shall be subject to inspection by the District's Facilities Services Division, Office of Environmental Health and Safety, and other District offices in the same manner as other Twin Rivers Unified School Districtcampuses.~~

~~Charter School shall adopt, implement, and maintain at all times a current, comprehensive, and site-specific Health, Safety, and Emergency Preparedness Plan ("Plan"), which must include but is not limited to provisions for building and site emergency evacuation as well as the acquisition and maintenance of adequate onsite emergency supplies. The Plan must include Charter School's requirements and procedures for protecting student health and safety during off-campus school-sponsored activities, including but not limited to field trips and transportation. Charter School shall ensure that all staff members receive annual training on Charter School's health, safety, and emergency procedures, including but not limited to training on bloodborne pathogens, and shall maintain a calendar for, and conduct, emergency response drills for students and staff.~~

~~Charter School shall provide all employees and other persons working on behalf of Charter School who are mandated reporters with annual training on child abuse detection and reporting, which shall occur within the first six weeks of each school year, or within the first six weeks of a person's employment if employed after the beginning of the school year, in accordance with the requirements of AB 1432 (2014).~~

~~Charter School shall stock and maintain the required number and type of emergency epinephrine auto-injectors onsite and provide training to employee volunteers in the storage and use of the epinephrine auto-injector as required by Education Code section 49414 and section 4119.2 of the Business and Professions Code, as they may be amended from time to time.~~

~~Charter School shall comply with the requirements of Education Code section 49475, with respect to any athletic program (as defined in Education Code § 49475) offered by or on behalf of Charter School.~~

~~Charter School shall periodically review, update and/or modify as necessary, its Health, Safety, and Emergency Preparedness Plan, and keep it readily available for on-site use. Charter School shall provide a copy of the Health, Safety, and Emergency Preparedness Plan for review upon CSD request.~~

~~***Family Educational Rights and Privacy Act (FERPA)***~~
~~Charter School, including its employees, officers, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq. at all times.~~

- -5125 BP Student Records
- 5131 BP Student Conduct
- 5132 BP Student Dress Code
- 3542 BP Vehicle Use
- 5144 BP Student Discipline
- 5131.6 BP Alcohol and Other Drugs
- 5144.1 BP Suspension and Expulsion
- 5145.2 BP Student Freedom of Expression
- 5131.7 BP Weapons and Dangerous Instruments
- 1250 BP Registration of Visitors, Guests, and Outsiders
- 5142 BP Children on Campus and the Early Learning Center
- 3516 BP School Safety & Emergency Preparedness Plan
- 4212.8 BP - Anti-Nepotism and Employment of Relatives
- 4119.12 BP - Title IX Policy Prohibiting Discrimination on the Basis of Sex
- 5145.71 BP - Title IX Policy Prohibiting Discrimination on the Basis of Sex

5141.31 BP Health Examinations,
~~Criminal Background~~ ~~***Clearances and Fingerprinting***~~
~~Charter School shall comply with all requirements of Education Code sections 44237 and 45125.1. Charter School shall designate and maintain at all times at least one Custodian of Records duly authorized by the California Department of Justice.~~

~~Charter School shall maintain on file and available for inspection evidence that (1) Charter School has performed criminal background checks and cleared for employment all employees prior to employment; (2) Charter School has obtained certification from each of its contracting entities/independent contractors that the entity/contractor has conducted required criminal background clearances for its employees prior to provision of school site services and/or any contact with students, and has requested subsequent arrest notification service; and (3) Charter School has performed criminal background checks and cleared for service all volunteers not~~

~~directly supervised by staff and who may have contact with students. Charter School shall also ensure that it requests and receives subsequent arrest notifications from the California Department of Justice for all employees and volunteers not directly supervised by staff. Upon request, Charter School shall provide a copy of Department of Justice confirmation of Custodian of Records status for each Custodian of Records. Charter School, including its administrators and officers, shall comply with the requirements of Education Code section 44030.5.~~

- Immunizations, and Oral Health ~~***Screening Requirements***~~Assessments

~~Charter School shall require all employees, and any volunteer or vendor/contracting entity employee who may have frequent or prolonged contact with students, to undergo a risk assessment and/or be examined and determined to be free of active tuberculosis (TB) within the period of 60 days prior to employment/service, or otherwise meet the requirements of Education Code section 49406. Charter School shall maintain TB clearance records and certificates on file.~~

~~Charter School shall comply with all federal and state legal requirements, including but not limited to the requirements of SB 277 (2015), related to student immunization, health examination, and health screening, including but not limited to screening for vision, hearing, and scoliosis, to the same extent as would be required if the students were attending a non-charter public school. Charter School shall maintain student immunization, health examination, and health screening records on file.~~

~~***Safe Place to Learn Act***~~
~~Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 et seq.~~
~~-~~5145.3 BP Harassment, Discrimination, Intimidation, and Bullying

- ~~Suicide~~ Prevention ~~***Policy***~~

~~If Charter School serves students in grades 7-12, Charter School shall comply with the requirements of AB 2246 (2016), codified in Education Code section 215, including but not limited to the requirement that the school's pupil suicide prevention policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts. Charter School shall provide the CSD with a copy of its pupil suicide prevention policy for review upon request.~~

~~***Custodian of Records***~~
~~CICA designates the Executive Director to serve as the school's Custodian of Records per California Department of Justice requirements. The Executive Director is confirmed as the Custodian of Records by the California Department of Justice.~~

~~***Promoting Student Health and Wellness***~~
~~CICA~~
Comprehensive School Safety Plan
The Charter School shall adopt a School Safety Plan, to be reviewed and updated by March 1 of every year. The CSSP will ~~ensure the safety of the students and staff by~~ identify strategies and programs that maintain a high level of school safety and document CICA's procedures for complying with all applicable ~~state and federal safety~~ laws. ~~CICA shall adhere to Board policies pertaining to the safety and health of all employees and students.~~

~~***Health, Wellness, and Nutrition***~~
~~CICA Health curriculum reflects California State Standards and teaches students about a fit and healthy lifestyle. With the diversity of cultural backgrounds we serve in each of our classrooms, it is essential that we put great effort into Health education in our classrooms. Many of our students need help navigating and utilizing community resources available to them to access basic health knowledge for developing a healthy lifestyle. Our teachers proudly emphasize health education for our students while our Student Support Services staff continually evaluate and address the needs of our students.~~

~~***Social and Emotional Support and Guidance***~~
~~Teachers, counselors, and all other staff who interact with students listen, support, empathize, and guide students towards healthy social and emotional development. Being open-minded, trustworthy, and respectful of our students is imperative to the social and emotional well-being. CICA also makes every effort possible to identify students in need of mental health services and to make community resource connections with community mental health organizations to offer additional support and services.~~

~~***Academic, College, and Career Counseling***~~
~~Counselors meet with students one-on-one throughout the school year to discuss academic progress and set SMART goals (specific, measurable, attainable, relevant and timely). English Language Development (ELD) students also meet with ELD~~ At minimum, the CSSP will address the safety topics by Education Code § 32282(a)(2)(A)-(N) including:
~~**Navigators** in groups and individually to discuss general academic topics such as graduation requirements and promotion goals. Counselors offer college and career counseling through individual and group sessions.~~

~~***Community Partners, Resources, and Referrals***~~
~~We partner with a variety of community agencies to assist us in meeting our students' and families' varying needs from housing, financial, legal, and immigration services to medical and dental clinics. Our partners include International Rescue Committee (IRC), Asian Resources, Inc (ARI), Lao Family Community Development, Inc. Greater Sacramento Urban League, and La Familia Counseling Center, Inc., to name a few.~~

~~***Background Checks***~~
~~CICA certifies that criminal record summary information has been obtained for all staff prior to employment. Classified staff submit fingerprints to a California and multi-state Live Scan prior to employment. The multi-state search should ensure all convictions are reported. Furthermore, CICA shall comply with the applicable state and federal laws regarding the fingerprinting and background clearance of employees, contractors, and volunteers prior to engaging in employment, volunteerism, or contract services or any other unsupervised contact with students of the Charter School. The CICA Executive Director or appointed confidential designee shall review California Department of Justice and Federal Bureau of Investigation reports on prospective employees, contractors, and volunteers to determine whether an individual may provide service within the charter school network, except with respect to reports relative to her or himself, in which case a confirmed member of the Governing Board or appointed confidential~~

~~designee will review the respective report. The Executive Director or appointed confidential designee shall monitor compliance with this policy on a continuous and ongoing basis.~~

- ~~***Mandated*** Child ~~***Abuse Reporting***~~abuse reporting procedures

~~All CICA employees are mandated child abuse reporters and will follow all applicable reporting laws. CICA provides all employees and other persons working on behalf of CICA who are mandated reporters with annual training on child abuse detection and reporting, which shall occur within the first six weeks of each school year or within the first six weeks of a person's employment if employed after the beginning of the school year.~~

- Routine and emergency disaster procedures
- Policies for students who committed an act under Education Code §48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
- Procedures to notify teachers of dangerous students pursuant to Education Code Education Code §49079

Anti-
~~Tuberculosis (TB)~~ ~~***Testing***~~

~~CICA shall adhere to existing state laws regarding tuberculosis testing of employees. CICA requires tuberculosis testing of all employees working in direct contact with students. California Innovative Career Academy certifies that applicable health record information has been obtained for all relevant employees and volunteers prior to initial employment.~~

~~***Immunizations***~~

~~CICA adheres to all applicable laws and existing Board policy related to legally required immunizations and health related issues for both employees and entering students at CICA.~~

~~***CPR/First Aid Training***~~

~~All designated employees are CPR and First Aid trained.~~

~~***Blood borne Pathogens***~~

~~California Innovative Career Academy will adhere to state and federal standards for dealing with blood borne pathogens and other potentially infectious materials in the workplace. CICA will establish a written infection control plan designed to protect employees and students from possible infection due to contact with blood borne viruses, including human immunodeficiency virus (HIV) and hepatitis B virus (HBV). This plan includes the training of staff and will be included in the Charter School's comprehensive safety plan. Whenever exposed to blood or other bodily fluids through injury or accident, staff and students will be directed to follow the latest medical protocol for disinfecting and waste disposal procedures.~~

~~***Drug Free/Alcohol Free/Smoke Free Environment***~~

~~CICA maintains a drug, alcohol, and smoke-free environment (workplace and campus).~~

~~***Integrated Complaint and Investigation Procedure***~~

~~CICA shall utilize a complaint and investigation procedure to centralize all complaints and concerns coming into the school. Under the direction of the Board, the Executive Director shall be responsible for investigation, remediation, and follow-up on matters submitted through this~~

~~procedure. All issues not resolved by the school site may be resolved at the executive level.~~

~~Discrimination and Harassment Policies and Procedures~~

- ~~CICA is committed to providing a workplace free of~~ discrimination and ~~sexual~~ harassment~~. There are three components to this commitment~~ policy consistent with Education Code § 200
- Provisions of any school wide dress code that prohibits students from wearing "gang-related apparel," if applicable
- Procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
- A safe, orderly environment conductive to learning
- Rules and procedures on school discipline pursuant to Education Code §35291, 35291.5, and 47605
- Procedures for conducting tactical responses to criminal incidents
- Procedures to prepare for active shooters or other armed assailants by conducting a drill, if this topic is covered in the School Safety Plan
- Procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a school bus serving the school
- Procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds
- A protocol in the event a pupil is suffering or is reasonably believed to be suffering from an opioid overdose

Discrimination and Harassment Policies and Procedures

CICA provides a workplace and school environment free from discrimination, harassment, intimidation, and bullying. All employees receive and sign an employee handbook annually that informs them of CICA' sexual harassment policy. Additional site-based sexual harassment training is taught to all staff, and annual training is facilitated through "Safe Schools" an online program. CICA is also committed to providing a workplace free of discrimination and any harassment based upon such factors as race, religion, creed, color, gender, gender identity, gender expression, national origin, ancestry, ethnic group identification, age, medical conditions, marital status, sexual orientation, ~~or~~sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. CICA uses policies adopted by the Board regarding discrimination harassment (including employee to employee, employee to student, student to employee, and student to student misconduct). Misconduct of this nature is very serious and will be addressed in accordance with Board policies. Any complaint of unlawful harassment, discrimination, or sexual harassment is actively investigated by CICA, to include, where appropriate, the retention of outside investigators.

A copy of the policy shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the

support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired. The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code § 231.6 and shall prominently and conspicuously display the poster in each bathroom and locker room at the schoolsite and in public areas at the schoolsite that are accessible to, and commonly frequented by, pupils.

School Facility Safety

California Innovative Career Academy complies with Education Code §47610 by either utilizing facilities that are compliant with the Field Act or facilities that are compliant with the California Building Standards Code. CICA adheres to laws specific to charter schools on the local and state level regarding facilities. CICA agrees to test sprinkler systems, fire extinguishers, and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times. The Charter School shall conduct fire drills as required under Education Code § 32001. If CICA is not operating under the safety plan of the facility where it is housed, it will implement its own school safety and disaster preparedness plan.

Bullying Prevention

The Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying. The Charter School shall annually make available the online training module developed by the CDE pursuant to Education Code § 32283.5(a) to certificated school site employees and all other school site employees who have regular interaction with children.

Supporting LGBTQ Students

Through the completion of the 2029-30 school year, the charter school shall use an online training delivery platform and curriculum for at least one hour of required LGBTQ cultural competency training annually to teachers and other certificated employees and maintain records of such training as required by Education Code § 218.

SAFETY ~~Element 7: Means to Achieve Racial and Ethnic Balance~~

~~*Governing Law:*~~ Act

Pursuant to AB 1955 (2024), employees of the Charter School shall not be required to disclose any information related to a pupil's LGBTQ+ identity to any other person without the pupil's consent unless otherwise required by state or federal law. This provision shall not limit a parent's ability to request school records on behalf of their child.

Homicide Threats

The Charter School shall comply with all requirements under Education Code § §49390-49395 regarding mandatory reporting in response to homicidal threats. All employees and Board members who are alerted to or who observe any threat or perceived threat in writing or through an action or a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement immediately.

Gun Safety Notice
At the beginning of the first semester, the Charter School shall distribute a notice to the parents/guardians of each student addressing California's child gun access prevention laws and laws related to firearm safety, utilizing the most updated model language published by the California Department of Education.

Athletic Programs
The Charter School shall comply with all applicable laws related to health and safety policies and procedures surrounding athletic programs at charter schools, including but not limited to providing information to athletes regarding sudden cardiac arrest and annually providing each athlete an Opioid Factsheet for Patients.

Transportation Services
The Charter School shall comply with the requirements of AB 88 (2023-24) if applicable, relating to background checks, testing, and other requirements for individuals and firms providing transportation services to students.

Extreme Weather Policy
On or before July 1, 2026, the Charter School will develop, adopt, and implement a weather policy that includes protocols for extreme weather conditions, and incorporate the standardized guidelines developed by the CDE.

Title IX
CICA complies with Education Code § 221.61 by posting in a prominent and conspicuous location on its web site the following information related to the federal regulations implementing Title IX of the Education Amendments of 1972:

The name and contact information of the Charter School's Title IX Coordinator, including the Title IX Coordinator's phone number and email address.

The rights of the pupil and the public and the responsibilities of the Charter School, which includes, but is not limited to, internet web links to information about those rights and responsibilities located on the website of the Office for Equal Opportunity and the U.S. Department of Education Office of Civil Rights (OCR), and the list of rights specified in Education Code § 221.8.

A description of how to file a complaint under Title IX, which shall include all of the following:

A. An explanation of the statute of limitations within which a complaint must be filed after an alleged incident of discrimination has occurred, and how a complaint may be filed beyond the statute of limitations.
B. An explanation of how the complaint will be investigated and how the complainant may further pursue the complaint, including, but not limited to, web links to this information on the U.S. Department of Education OCR website.
C. A link to the U.S. Department of Education OCR complaint form, and the contact information for the office, including the phone number and email address for the office.

Element G Balanced Enrollment

"The means by which the charter school will achieve a balance of racial and ethnic ~~balance among its~~ pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted~~.~~." (Ed. Code § 47605(c)(5)(G).)

~~California Ed. Code § 47605(b)(5)(G)~~

Assurances

CICA shall:

- Be nonsectarian in all programs, admission policies, employment practices, and operations; not charge tuition; and not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any characteristic listed in Penal Code § 422.55.
- Admit all pupils who wish to attend to the extent that space allows; admission shall not be determined by place of residence except as otherwise required by law; and, if applications exceed capacity, offers of admission shall be made by public random drawing (lottery) consistent with Ed. Code § 47605(d)(2).
- **Apply any enrollment preferences** only as permitted by law and as stated in the charter; **preferences will not require mandatory parent volunteer hours** as a condition of admission (Ed. Code § 47605(e)(2)(B)(iv) **shall not limit access** for pupils protected by Ed. Code § 47605(e)(2)(B)(iii).
- Preferences, if given, shall not result in limiting enrollment access for pupils based on nationality, race, ethnicity, or sexual orientation; and shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, foster youth. (Education Code § 47605(e)(2)(B)(iii)).
- The charter school shall not discourage enrollment in the charter school, or encourage disenrollment/ transfer of a student from the charter school, for any reason, including but not limited to academic performance or any characteristics of the student listed under Education Code § 47605(e)(2)(B)(iii).
- Not request or require submission of a student's IEP, Section 504 plan, or other records prior to admission, participation in any lottery, any pre-enrollment event, or as a condition of enrollment; CICA may request only the information necessary to apply any admissions preferences stated in the charter.

Plan for Achieving and Maintaining Student Population Balance & How to Reach This Goal
(Racial ~~and~~ /Ethnic ~~Balance~~, Students with Disabilities, and English Learners)

California Innovative Career Academy (CICA) strives, through its recruitment and admissions practices, to achieve a racial and ethnic, special education, and English Learner balance among its students that ~~is reflective of~~reflects the general population residing within the territorial jurisdiction ~~that it serves.~~of the District. CICA ~~will include~~maintains an open enrollment policy~~.~~ and does not discriminate based on any protected characteristic, including disability, gender, gender identity/expression, nationality, race/ethnicity, religion, sexual orientation, immigration status, or association with a protected class (Ed. Code §§220, 47605(e)). Students are considered for admission ~~to the school regardless of~~without regard to ethnicity, national origin, gender, gender expression, gender identity, disability, sexual orientation, or any of the characteristics listed in Education Code ~~Section~~ §220. These characteristics include actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, immigration status, or association with an individual who has any of these characteristics, as defined in Ed. Code § 422.55 of the Penal Code.

CICA will implement a coordinated advertising and ~~recruiting~~recruitment strategy to ensure that ~~ensures~~ all students are ~~notified~~informed about the educational opportunities ~~we offer~~available. These efforts ~~will be on going,~~are ongoing throughout the year~~. As CICA is committed~~ and are designed to reach a broad and diverse audience. In alignment with CICA's commitment to serving students from all ethnic ~~groups, we use various~~and cultural backgrounds, a variety of advertising ~~techniques to recruit students from all backgrounds~~methods are used to promote equitable access and inclusive outreach.

Each year, CICA ~~will conducts an analysis of~~analyzes enrollment trends in order to optimize ~~our~~ efforts to recruit and retain students. An informal designated committee, comprised of various stakeholders from the instructional, administrative, and operational ~~sides~~areas of the school, meets regularly to ~~discuss~~develop a ~~problem solving~~ plan. Using both quantitative and qualitative feedback from the previous year~~, the plan allows~~ —including student satisfaction surveys and non-mandatory exit interviews—the team ~~to work together to clearly identify~~identifies enrollment trends and their root causes, ~~determine~~determines potential solutions, and ~~generate~~generates strategies to ~~successfully~~ implement and ~~track~~monitor those solutions in the ~~upcoming~~following year~~. Some of valuable sources of data for this exercise come from student satisfaction surveys and non-mandatory exit interviews through which feedback is gathered~~.

Externally, CICA addresses retention and attrition through the development of ~~school based~~ student engagement systems and ~~strong~~strategic partnerships that support teaching, learning, and student achievement. ~~These student engagements systems coordinate efforts to strengthen two-way communication between students and the school. Some of these systems include our ELD Navigators,~~ The school's ~~Reclassification Specialist, Reading Specialist, Transition Specialist, and Student Engagement Liaison. This collaboration not only helps student relations, but also increases student achievement and, hopefully, retention.~~

~~CICA will actively recruit adult students from Sacramento County that reflect a diverse student population not only with regard to racial and ethnic diversity, but also with regard to socio-economic diversity and English Language Learners. CICA will implement a~~ student recruitment strategy ~~that~~ includes, but is not ~~necessarily~~ limited to, the following elements to ensure a ~~racial and ethnic balance of students~~student population that ~~is reflective of~~reflects the ~~county~~District's diversity:

- An enrollment process ~~that is scheduled and adopted to include a~~ with a clearly defined timeline that ~~allows for a~~supports broad-based ~~recruiting~~recruitment and application ~~process~~opportunities.
- ~~The development~~Development of promotional and informational materials ~~that~~designed to appeal to ~~all~~a range of ~~the various~~ racial ~~and~~, ethnic, special education, and English Learner groups represented in the ~~county~~County.
- Distribution of ~~informational~~ materials to a variety of community organizations, ~~community~~including religious institutions, ~~and other organizations that serve various racial and ethnic populations, such as the~~ libraries, recreation centers, local businesses, middle schools, and faith-based ~~organizations~~groups that serve diverse populations.
- ~~The appropriate development~~Production of promotional and informational materials in multiple languages ~~other than English to appeal to limited English proficient populations~~, including but not limited to Farsi, Spanish, Russian, and Arabic, to ensure accessibility for limited English proficient populations.
- ~~The use~~Use of ~~various~~ advertising ~~mediums~~platforms that ~~allow~~provide information to individuals whose ~~first~~primary language is ~~something other than English to obtain information relevant to programs at the school~~not English.
- ~~Announcing~~Publicizing enrollment and ~~recruiting information in~~ recruitment through local newspapers, online ~~news sources~~media, and social media~~. CICA will continue to add sources to stay current with the latest~~ platforms, with continuous updates to reflect evolving technologies and communication trends.
- Presentations at ~~various~~ multicultural events, including community fairs and ~~events~~other local gatherings.

Marketing: Advertising and Sponsorship to Increase Student Enrollment

Board Policy 1325, adopted in the 2024-2025 school year, establishes clear guidelines for how HCCTS/CICA uses marketing and sponsorships solely to inform prospective students about public, tuition-free educational opportunities and to advance equitable access to our programs. All advertising expenditures must align with the school's mission and strategic goals and demonstrate a meaningful return on investment. Advertising is intended to raise awareness of HCCTS programs, highlight the benefits of enrollment, and promote the school's values to prospective students in the broader community.

Annual Marketing Plan prepared by staff, aligned to mission and enrollment targets, and reviewed with the Executive Director; major spending and any sponsorships follow procurement rules and board-approved thresholds.

Advertising budget is reviewed annually; any campaign exceeding the internal threshold (e.g., $100,000) requires explicit Board authorization.

All materials must reflect our non-discrimination and open-enrollment assurances and may not request or imply a requirement to provide student records prior to admission (e.g., IEP/504).

Advertising efforts must clearly communicate the educational opportunities HCCTS offers—including adult high school diplomas, career preparation, and hands-on skill development—and use platforms that are cost-effective and aligned with the school's target audiences. All advertising must also comply with legal and ethical standards and adhere to brand identity guidelines to build recognition and trust within the community.

Additionally, advertising effectiveness is monitored and reviewed annually to ensure alignment with HCCTS's enrollment and engagement objectives, with quarterly reporting to the Executive Director and an annual summary to the Board. Board Policy 1325 codifies the outreach rigor and equity safeguards common to high-performing charters—multilingual, community-based recruitment; documented, transparent admissions; and routine Board oversight—while adding HCCTS's budget controls and ROI monitoring to ensure responsible stewardship of public funds. For full policy language and implementation procedures, see the appendix.

Element H Admissions Policies and Procedures

"Admission policies and procedures, consistent with [Education Code § 47605] subdivision." (e). (Ed. Code § 47605(c)(5)(H).)

Admission

~~**Element 8: Admissions**~~and Enrollment **Requirements**
~~***Governing Law: Admission requirements, if applicable.***~~

~~California Education code Section 47605 (b) (5) (H)~~

~~California Innovative Career Academy (CICA) shall admit all students it is legally allowed to serve that do not possess a high school diploma who meet the exclusive WIOA agreement requirement of being age 22 or older, and who submit a timely application; unless CICA receives a greater number of applications than there are spaces for students, in which case attendance shall be determined by a public random drawing, with any preference given being consistent with state and federal laws.~~

~~All admissions shall be done in a non-sectarian manner.~~California Innovative Career Academy is nonsectarian in its programs, admission policies, and all other operations. CICA will not discriminate on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, or association with an individual who has any of the aforementioned characteristics [~~Ref. Education~~Ed. Code § 47605(~~d~~e)(1)]. ~~-~~CICA ~~will~~shall comply with all applicable laws ~~establishing~~governing minimum ~~and maximum~~ age requirements for ~~public school attendance~~registration in charter schools. The school shall not use any test, assessment, or interview to determine a student's eligibility for admission. However, following registration, all students may be administered diagnostic assessments, dubbed "placement tests," solely for the purpose of determining appropriate instructional placement. These assessments are used to inform grade-level placement and have no bearing on a student's eligibility for admission.

~~No test or assessment shall be administered to~~ CICA admits all students ~~prior to acceptance and enrollment into~~who meet the following criteria:

- Demonstrate a desire to enroll in the academic program
- Fall within the categories the school~~, although assessments~~ is legally authorized to serve

- Meet the eligibility requirement of being age 22 or older under the exclusive WIOA agreement
- Students do not have a U.S. high school diploma
- Submit a timely application

Required Documents

- Proof of Identification
- Proof of California Address (may be ~~used in conjunction with other factors to appropriately determine~~covered by proof of identification)
- CICA Online Registration, which includes but not limited to the following:
  - Emergency Consent and Contact Information
  - National School Lunch Program Form (NSLP)
  - Home Language Survey
- CalJOBS Registration (Any forms required by a WIOA partner

Enrollment Period

Initial applications are accepted at any time during the school year. The CICA admission process consists of the completion of an online student registration form. The admission process also includes students to participate in orientation, grade level ~~a student will be enrolled in.~~ placement, and academic planning.

Education Exclusively in Partnership with the Workforce Investment Opportunity Act (WIOA)

Per Ed. Code §§ 47612.1 and 47605.1(f)(1), CICA provides instruction exclusively in partnership with the Workforce Investment Opportunity Act of 1998 through its partnership agreement with the Sacramento Employment and Training Agency (SETA) or other WIOA organization. As such, CICA only legally serves students who are receiving WIOA-funded services and does so under the terms of a Partnership Agreement. CICA will provide a copy of the Partnership Agreement to the District on or before July 1, 2019.

The SETA or other WIOA service provider will provide CICA students with the services specifically outlined in and attached hereto under "Tab 9—Workforce Agreements." CICA will provide the District with documentation that confirms SETA or other WIOA service provider is qualified and authorized to provide such services contemplated in the Partnership Agreement.

Not Possessing a U.S. High School Diploma

Students who have a U.S. high school diploma (also known as a "regular high school diploma") will not be admitted to Highlands Community Charter School. Students who possess a GED, CHSPE, foreign credential, or any other alternative degree that is not fully aligned with the academic standards of the State of California may be admitted.

CICA Proposed Lottery Process

If CICA receives registrations in excess of its enrollment capacity, the lottery process will be used to select admitted students. CICA will conduct a public random drawing facilitated by PowerSchool Enrollment School Choice, a third-party platform. The drawing will take place in a

public setting at our Howe Campus, located at 1111 Howe Ave, Sacramento, CA 95842. The lottery will be held up to two weeks before the start of the school year. Notice of the random drawing will be provided through written postings at the school site and on the school's website.

The lottery is open to the public, and prospective students are encouraged to attend; however, they are not required to be present at the time of the drawing to be eligible for admission. Results will be communicated to prospective students.

The lottery will be conducted using student numbers assigned to each prospective student. As numbers are drawn, they will be displayed for everyone in attendance to see. Once all available seats for a specific grade level, site, and schedule preference (regular daytime or evening) have been filled, the designated staff member will announce that any additional students drawn will be placed on the waitlist. Students will be added to the waitlist for that grade level, site, and schedule preference (regular daytime or evening) in the order their numbers are drawn.

Waiting List Priorities

A waiting list will be implemented when the number of applications exceeds the enrollment capacity for a specific grade level, site, and schedule preference (regular daytime or evening). In the event of a lottery, admission will be offered to prospective students based on lottery results until capacity is reached. Once capacity is met, all remaining names drawn will be placed on a waiting list in the order they were selected.

New applicants who register after the lottery deadline will be offered a seat if space is available in their grade level, site, and schedule preference (regular daytime or evening), or they will be added to the waiting list in the order the application was received. As seats become available, they will be offered to students starting with the lowest numerical ranking on the waiting list.

Notifying Students of a Seat Offering

Once a seat becomes available for an applicant who has the lowest numerical ranking on the waiting list, the student will be contacted by the Registration department to confirm their seat. Any admitted students who decline an offered seat or who fail to confirm by the deadline will lose their position to the next applicant on the waiting list. The waiting list is kept on file at the school and is valid for the duration of the school year.

Documenting the Fair Execution of Lottery and Waitlist Procedures

~~***Student Recruitment***~~

~~*Recruiting Students with Low Academic Performance, Socioeconomic Disadvantages and Disabilities*~~

~~Our recruitment efforts reflect our objective nature as a charter school and in no way favor or bias any demographic. When students with Individualized Education Plans (IEPs) enroll, it is the school's policy to collect any and all information pertaining to the student's IEP and to assess whether the IEP is transferable to a 504 plan. CICA is committed to serving academically low-achieving and socioeconomically disadvantaged students to offer them a seamless path to success in employment, higher education, and life. CICA serves a community where a predominant number of students in our target population qualify for free or reduced price lunch according to federal guidelines. We are dedicated to making sure that all~~

~~community members are equally aware of the alternative we are providing to students within the communities we intend to serve.~~

~~CICA conducts student outreach activities throughout the calendar year. A variety of techniques are utilized including postering, flyering, local school visits, community based organization visits, presentations at various multi cultural events, public business tabling (sitting outside markets and other businesses that allow us to pass out flyers to the public) and various advertising, including in local English, Spanish, Farsi, and Russian publications and radio stations. All promotional materials are in various languages, including Spanish, Farsi, Russian, and Arabic, to inform non-English speaking populations about our school.~~

~~In order to ensure we attract low achieving, economically disadvantaged, and special education students, we conduct our outreach in the surrounding communities with similar demographics. Our marketing and recruiting materials highlight that our program is available to all students with a variety of needs and backgrounds. Our recruiting teams are trained to ensure all families are notified that our program currently serves a large population of economically disadvantaged students and that we accept students regardless of past academic performance.~~

~~*Lottery Preferences and Procedures*~~

~~***Identification and Rationale of Admission Preferences***~~

~~If CICA receives a number of applications that exceeds the number of available spaces, a single public random drawing/lottery will be used to select admit students, with the exception of existing students, who are guaranteed admission in the following school year. The following enrollment preferences and affirmative action preferences in the case of a public random drawing shall be as follows:~~

~~All students currently enrolled in CICA~~Copies of lottery results and waiting list(s) are readily available for inspection at the school office. These records will be maintained by the Registration department.

~~1. Non-~~ ~~youth residents of the District; as defined by WIOA as those 22 years of age and older~~
~~2. All other residents of the District~~
~~3. All other applicants~~

~~At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a waitlist according to their draw in the lottery. This waitlist will allow students the option of enrollment if an opening occurs during the current school year at their grade level. In no circumstance will the waitlist carry over to the following school year.~~

Communicating to All Interested Parties

Applications are available digitally online on the ~~California Innovative Career Academy~~ CICA website~~ and hard copies are available at all CICA sites. Our school~~. CICA advertises the open application period to the surrounding communities and also communicates the timeline, rules, and procedures for the lottery process if necessary. Typical methods for these communications include, but are not limited to, web advertising, newspaper and magazine ads, radio ads, home mailers, and ~~fliers~~flyers.

Ensuring Fair Execution of Lottery Procedures

The lottery will be coordinated by an individual designated by the Executive Director but moderated by an objective third party (usually a community leader or liaison) in a location open to the public and advertised to the school community. Given the native languages of the anticipated target community, all proceedings will be conducted in English, Spanish, Farsi, Russian, and Arabic, as needed.

The lottery is open to the public and students are encouraged to attend; however, students are not required to be present at the time of the drawing to be eligible for admission. Results are published in English, Spanish, Farsi, Russian, and Arabic, as needed. Results are mailed to all applicants and follow up phone calls are made by the designated Enrollment Team and/or school office staff.

The lottery will be made random through use of numbers assigned to each applicant. All applicant numbers will be published and provided to students before the lottery begins. When a student's number is drawn, both the number and student's name will be announced verbally, and the student will be added to a master list which will be projected for those in attendance. Once all available seats in a grade level have been filled, the designated Enrollment Team will announce to those present that all remaining applicants drawn will be placed on the waitlist for that grade level in the order that they are drawn.

Lottery Time and Location

The random public drawing (lottery) will be held in a public space in the community that is large enough to accommodate all interested students. The lottery process is open to the public. The public is notified of the random drawing through written notices posted at the school campus and on our website. The random public drawing (lottery) will be scheduled in the event that applications for enrollment exceed school capacity. The lottery will be held at a time that is determined to be convenient for the students in our school community to attend.

Waiting List Priorities

A waiting list will be implemented when the number of applications exceeds the enrollment capacity at each grade level. In the event of a lottery, admission to the school will be offered to applicants based on the results of the public random drawing until capacity is reached. All remaining names drawn after capacity for a grade level is reached will be placed on a waiting list in the order they are drawn. New applicants who register after the lottery deadline will be offered a seat if space is available in the grade level they have applied for or added to the waitlist in the order that the application was received. As seats become available in a grade level, the student with the lowest numerical ranking will be offered that seat.

Notifying Students of a Seat Offering

Once a seat becomes available for an applicant who has the lowest numerical ranking on the waiting list, the student will be notified of acceptance within a week of the lottery by the designated Enrollment Team and/or school office staff and must accept enrollment within two weeks of notification by confirming with the school staff their intent to complete the enrollment process and/or submitting a completed enrollment packet. Any families who decline an offered seat or who fail to confirm by the deadline will lose their position to the next applicant on the waiting list. The waiting list is kept on file at the school and is valid for the duration of the school year.

Documenting the Fair Execution of Lottery and Waitlist Procedures

Copies of all registration forms, lottery results, and waiting lists are readily available for inspection at the school office. These records will be maintained by the designated Enrollment Team.

Education Exclusively in Partnership with WIOA

Per Education Code §§ 47612.1 and 47605.1 (g), CICA shall provide instruction exclusively in partnership with the Workforce Innovation and Opportunity Act of 2014 through its partnership agreement with the Greater Sacramento Urban League (GSUL) or other WIOA organization. As such it may only legally serve students who are receiving WIOA funded services, and do so under the terms of a Partnership Agreement.

Not Possessing a U.S. High School Diploma

Students who have a U.S. high school diploma (also known as a "regular high school diploma") will not be admitted to California Innovative Learning Academy. Students who possess a GED, CHSPE, foreign credential, or any other alternative degree that is not fully aligned with the academic standards of the State of California, may be admitted.

Application Period & Public Random Drawing

Applications will be accepted during a publicly advertised open application period each year for enrollment in the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this happens, the Charter School will hold a public random drawing to determine enrollment for the impacted grade level, with the exception of existing students who are guaranteed enrollment in the following school year. Returning students must affirm their intent to return.

The following enrollment preferences and affirmative action preferences in the case of a public random drawing shall be as follows:

1. All students currently enrolled in CICA
2. Non-youth residents of Twin Rivers Unified School District; as defined by WIOA as those[1] 22 years of age or older
3. All other residents of Twin Rivers Unified School District
4. All other applicants

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a waiting list according to their draw in the lottery. This waiting list will allow students the option of enrollment if an opening occurs during the current school year at their grade level. In no circumstance will the waiting list carry over to the following school year.

Admission ***Process***

The CICA admission process is comprised of the following:

- Completion of a student registration form Enrollment packets for students who are admitted will also gather the following:

- ~~Proof of Immunization~~
- ~~Proof of Withdrawal from Previous School (such as transcripts)~~
- ~~Proof of Not Having a U.S. High School Diploma~~
- ~~Home Language Survey~~
- ~~Completion of Emergency Medical Information Form~~
- ~~Proof of minimum age requirements, e.g., birth certificate or driver's license~~
- ~~Release of records~~
- ~~Any forms required by the Greater Sacramento Urban League or other WIOA partner~~

~~Following the open enrollment period, applications shall be counted to determine whether any grade level has received more applications than availability.~~

~~In the event that this happens, CICA will hold a public random drawing to determine enrollment with the exception of existing students who are guaranteed enrollment in the following school year.~~

~~At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a waiting list according to their draw in the lottery. This waiting list will allow students the option of enrollment if an opening occurs during the current school year at their grade level. New students will be added to the waiting list on a first come, first served basis. If the waiting list is exhausted, then the school may hold additional random drawings.~~

~~CICA and *Twin Rivers Unified School District* mutually agree that the preferences in the public random drawing as listed above are consistent with Education Code Section 47605(d)(2) and applicable federal law and non-regulatory guidance; however, should the preferences require modification in order to meet requirements of the Public Charter Schools Grant Program (PCSGP), such modifications may be made at CICA's discretion without any need to materially revise the charter as long as such modifications are consistent with the law and written notice is provided by CICA to Twin Rivers Unified School District.~~

~~Element 9: Financial Audit, Quality Assurance and Improvement~~

~~**Accreditation**~~
~~CICA will apply for WASC ACS accreditation, produce a self-study report, and host a visiting committee as soon as it is possible to do so.~~

~~***Annual Audits & Other Reporting***~~
~~***Governing Law:***~~

Element I Annual Financial Audits

"The manner in which ~~an~~ annual, independent~~,~~ financial ~~audit~~audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority~~.~~." (Ed. Code § 47605(c)(5)(I).)

Accreditation

~~California Education Code Section 47605 (b) (5) (I)~~

~~***Financial Audit***~~

~~An annual independent financial audit of the books and records of CICA will be conducted as required by Education Code Sections 47605(b)(5)(I) and 47605(m). The books and records of CICA will be kept in accordance with generally accepted accounting principles, and as required by applicable law and the audit will employ generally accepted accounting procedures. The audit will verify the accuracy of the School's financial statements, attendance and enrollment accounting practices, and review the School's internal controls. The audit will be conducted in accordance with applicable provisions within the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in any applicable Office of Management and Budget Circulars.~~

~~The CICA Board of Directors will form an audit committee each fiscal year to oversee selection of an independent auditor and the completion of an annual audit of the School's financial affairs. The auditor will have, at a minimum, a CPA license and experience with school and educational accounting requirements and practices, and be on the State Controller's published list as an approved educational audit provider. CICA shall be solely responsible for all costs associated with auditing services.~~

~~It is anticipated that the annual audit will be completed within six months of the close of the fiscal year. The annual audit will be completed and forwarded to the County Superintendent of Schools, the State Controller, and to the CDE by the 15th of December of each year. The Board of Directors will receive and review the audit each year. The CICA audit committee will review any audit exceptions or deficiencies and report to the School's Board of Directors with recommendations on how to resolve them. The Board of Directors will submit a report to Twin Rivers Unified School District regarding how the exceptions and deficiencies have been, or will be, resolved to the satisfaction of Twin Rivers Unified School District. Any disputes regarding the resolution of audit exceptions and deficiencies will be referred to the dispute resolution process contained in this charter agreement.~~

~~Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel ("EAAP") in accordance with applicable law.~~

~~The independent financial audit of CICA is public record to be provided to the public upon request.~~

~~***Program Audit***~~
~~CICA will compile and provide to Twin Rivers Unified School District an annual performance report. This report will, at a minimum, include the following data:~~

- ~~A summary showing student progress toward the pupil outcomes using data from the assessment instruments.~~
- ~~A summary of major decisions and policies established by the School's Board of Directors~~CICA has achieved a full six-year WASC accreditation through June 2030 with a mid-cycle visit scheduled during the ~~year.~~

~~Data on the level of student involvement in the School and summary data from an annual student satisfaction survey.~~2026-2027

- ~~Data~~ ~~regarding the number of staff working at the School and their qualifications.~~
- ~~A copy of the School's health and safety policies and/or a summary of any major changes to those policies during the year.~~
- ~~An overview of the School's admissions practices during the year and data regarding the number of students enrolled, the number on waiting lists, and the number of students expelled and/or suspended.~~
- ~~Analyses of the effectiveness of the School's internal and external dispute mechanisms and data on the number and resolution of disputes and complaints.~~

~~***Budgets and Financial Reporting***~~
~~***Governing Law: The petitioner or petitioners shall also be required to provide financial statements that include a proposed first year operational budget, including startup costs, and cash flow and financial projections for the first three years of operation.***~~

~~California Education Code Section 47605(g).~~

~~Attached, as *Appendix A*, please find the following documents:~~

- ~~Financial projections for the first five years of operation~~

~~These documents are based upon the best data available to the petitioners at this time.~~
~~CICA shall provide reports to Twin Rivers Unified School District as follows as required by Education Code Section 47604.33, and may provide additional fiscal reports as requested by Twin Rivers Unified School District:~~

~~By~~ ~~July 1, a preliminary budget for the current fiscal year. For a charter~~ school ~~in its first year of operation, financial statements submitted with the charter petition pursuant to Education Code Section 47605(g) will satisfy this requirement.~~year.

1. ~~By December 15, an interim financial report for the current fiscal year reflecting changes through October 31. Additionally, on December 15, a copy of CICA's annual, independent financial audit report for the preceding fiscal year shall be delivered to the State Controller, State Department of Education and County Superintendent of Schools.~~

2. By March 15, a second interim financial report for the current fiscal year reflecting changes through January 31.
3. By September 15, a final unaudited report for the full prior year. The report submitted to CICA shall include an annual statement of all CICA's receipts and expenditures for the preceding fiscal year.

For reports 1-3 above, CICA shall also provide with each financial report supporting and/or back up information including but not limited to: Multi-Year Projections for current and two subsequent years; Assumptions used for two subsequent years; Explanation for major variances by category between reporting periods; Enrollment projection; ADA P2 projection by grade level; COLA & Deficit percentage; Calculation used for determining general purpose funding; List of statutory benefit rates; List of H&W rates and number of participants; and Number of FTEs for certificated and classified employees for each year.

District Reports

Twin Rivers Unified School District agrees to file all reports specifically required by law to be filed with the California Department of Education or any other state or federal agency by a local educational agency on behalf of CICA and/or Twin Rivers Unified School District. CICA shall promptly provide Twin Rivers Unified School District with any information, data, or documentation necessary for Twin Rivers Unified School District to timely file such reports in accordance with law. CICA shall be solely responsible for the accuracy of all data submitted to Twin Rivers Unified School District. CICA shall be responsible for filing all other reports as may be required by law.

The CICA Board of Directors will form an audit committee each fiscal year to oversee selection of an independent auditor and the completion of an annual audit of the School's financial affairs. The audit will verify the accuracy of the School's financial statements, attendance and enrollment accounting practices, and review the School's internal controls. The audit will be conducted in accordance with generally accepted accounting principles applicable to the School. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in any applicable Office of Management and Budget Circulars.

It is anticipated that the annual audit will be completed within six months of the close of the fiscal year and that a copy of the auditor's findings will be forwarded to the chief financial officer of the California Innovative Career Academy. The California Innovative Career Academy's audit committee will review any audit exceptions or deficiencies and report to the School's Board of Directors with recommendations on how to resolve them. The Board of Directors will report to the Twin Rivers Unified School District in regarding how the exceptions and deficiencies have been, or will be, resolved. Any disputes regarding the resolution of audit exceptions and deficiencies will be referred to the dispute resolution process contained in this charter agreement.

Operations

CICA will have efficient and effective operations that ensure that students are served well and that taxpayer money is spent wisely.

Annual ~~***Operational Agreement***~~

~~CICA and *Twin Rivers Unified School District* will negotiate in good faith on an annual basis to develop an Annual Operational Agreement/Memorandum of Understanding establishing the specific financial, operational and service relationship between the two parties. Additionally, it may address other matters of mutual interest not otherwise resolved within the terms of CICA's Charter.~~

~~***Operational Powers and Liabilities***~~

~~CICA shall be fiscally responsible for its own operations and shall manage its operations efficiently and economically within the constraints of its annual budget.~~
~~CICA shall have no authority to enter into a contract that would bind Twin Rivers Unified School District, or to extend the credit of Twin Rivers Unified School District to any third person or party without the express written consent of Twin Rivers Unified School District.~~

~~CICA shall clearly indicate to all vendors and other entities and individuals outside Twin Rivers Unified School District with which or with whom CICA enters into an agreement or contract for goods or services that the obligations of CICA under such an agreement or contract are solely the responsibility of CICA and are not the responsibility of Twin Rivers Unified School District.~~

~~To the extent not covered by insurance or otherwise barred by the California Tort Claims Act, CICA agrees to indemnify and hold Twin Rivers Unified School District and its officers, agents and employees harmless from all liability, claims or demands on account of injury, loss or damage, including, without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage or any other losses of any kind whatsoever which arise out of or are in any manner connected with the School's operations, or which arise from the provisions of this Charter itself, with the exception of the acts of Twin Rivers Unified School District, its officers, agents and employees in relation to any services provided by Twin Rivers Unified School District to CICA pursuant to this charter or any subsequent operational agreement. The foregoing provision shall not be deemed a relinquishment or waiver of any kind of applicable limitations of liability provided by the California Tort Claims Act.~~

~~***Administrative Services***~~
~~***Governing Law: The manner in which administrative services of the school are to be provided.***~~

~~- California Education Code Section 47605(g).~~

~~It is anticipated that CICA will provide or procure most of its own administrative services including, but not limited to, financial management, accounts payable/receivable, payroll, human resources, and instructional program development either through its own staff or through an appropriately qualified third-party contractor. CICA is interested in discussing the possibility of purchasing administrative services from Twin Rivers Unified School District. If Twin Rivers Unified School District is interested, the specific terms and cost for these services will be the subject of an annual memorandum of understanding between CICA and Twin Rivers Unified School District and subject to District availability and willingness to provide such services. Pursuant to California law, the Twin Rivers Unified School District will be required to provide oversight and performance monitoring services, including monitoring school and student~~

~~performance data, reviewing the school's audit reports, performing annual site visits, engaging in any necessary dispute resolution processes, and considering charter amendment and renewal requests. Requirements in addition to completing a career technical education program or equivalent can receive a certificate of primary education.~~

~~Element 10: Suspension and Expulsion~~Audit Procedures

Contracting with an Independent Auditor

California Innovative Career Academy (CICA) conducts an annual independent fiscal audit in compliance with Education Code § 47605(c)(5)(I) and 47605(m). All financial records are maintained in accordance with Generally Accepted Accounting Principles (GAAP), and audits are conducted in accordance with generally accepted auditing standards and the State Controller's K–12 Audit Guide.

In the 2024–2025 school year, the CICA Board of Directors adopted Board Policy 3581 – Data Retention and Record Management, which provides a comprehensive framework for the classification, retention, and secure disposal of records by staff, contractors, and affiliates. The policy applies to all administrative, financial, personnel, student, and instructional records, including communications in paper, digital, audio, or video format. This policy ensures that all audit-related documentation is properly maintained and readily accessible. For additional details, refer to the appendix entry for BP 3581.

Audit Timeline Overview

In alignment with Board Policy 3100 – Budget Development and Oversight, audit procedures are embedded in the school's annual budget cycle and financial governance structure. Each spring, the Executive Director and Chief Business Official (CBO) recommend an independent auditor for approval by the Board of Directors. Following the close of the fiscal year, the CBO finalizes and closes the books, compiles the necessary financial documentation, and coordinates with the independent auditor to conduct the audit.

Upon completion, the auditor prepares a report, which is formally presented to the Board of Directors. The Executive Director and CBO review any audit findings or exceptions and coordinate the necessary corrective actions. In accordance with statutory deadlines, the finalized audit report is submitted to the charter authorizer (Twin Rivers Unified School District), the Sacramento County Superintendent of Schools, the State Controller's Office, and the California Department of Education (CDE) by December 15 of each year. For additional detail, see appendix reference BP 3100.

Audit ~~*Governing Law:*~~ Completion Timeline

The audit is expected to be finalized within six months of the fiscal year's end. The Board of Directors formally reviews each year's audit findings and takes appropriate action to ensure full compliance with state and federal requirements.

Selection Criteria for Independent Auditors
