District: LOS ANGELES UNIFIED
County: LOS ANGELES

"N/A" means a number is not applicable or not available due to missing data.

"*" means the school scored at or above the interim Statewide Performance Target of 800 in 1999.

Missing schools - some schools in the district may not appear on this list because 1999 or 2000 APIs were not generated for them. Small schools (fewer than 100 pupils with valid Stanford 9 test scores), county-administered schools, community day schools, alternative schools, continuation schools, and independent study schools are excluded from the API system. An alternative accountability system is to be developed for these schools.

Note: 1999-2000 Similar Schools Growth Ranks will be available in December 2000
