### CONCEPT 6: CONCLUDING REPORT

The District is pleased to inform the California Department of Education that as of the academic school starting on or after July 1, 2012, the LAUSD has removed all Concept 6 operations from the schools identified in its comprehensive action plan and subsequent reports, thereby fulfilling all requirements established by § 37687, § 37687 (a) and (b).

Education Code § 37687 required that all districts operating a Concept 6 program submit to the Superintendent of Public Instruction a comprehensive action plan outlining the elimination of Concept 6 programs no later than July 1, 2012. Each January thereafter, the LAUSD has submitted to the California Department of Education its annual progress in reaching the annualized numerical goals established in its comprehensive action plan, as required by § 37687 (a). Additionally, the District has submitted mid-year progress reports, as established by § 37687 (b). LAUSD's last annual progress report dated January 27, 2012 reported that only 14,433 students remained on Concept 6 operations during the 2011-2012 academic year.

While a concluding report is not required by the Education Code requirements, this letter provides the opportunity for the District to report our complete compliance and thank the CDE staff for their assistance throughout.

If you have any questions, or need clarification, on items included in the report please get in touch with Shahid Lakha at [shahid.lakha@lausd.net](mailto:shahid.lakha@lausd.net) , or at (213) 241-4940.

Thank you.
