

Title 5, Article 4. Standards, Planning, and Approval of School Facilities

§ 14030. Standards for Development of Plans for the Design and Construction of School Facilities.

The following standards for new schools are for the use of all school districts for the purposes of educational appropriateness and promotion of school safety:

b. Site Layout. Parent drop-off, bus loading areas, and parking shall be separated to allow students to enter and exit the school grounds safely unless these features are unavailable due to limited acreage in urban areas or restrictive locations, specifically:

2. Parent drop off area is adjacent to school entrance and separate from bus area and parking.

ACCEPTABLE

① PARENT DROP-OFF ADJACENT TO SCHOOL ENTRANCE AND SEPARATE FROM BUS DROP-OFF

RAISES CONCERNS

② PARENT DROP-OFF NOT AT SCHOOL ENTRANCE

UNACCEPTABLE

③ PARENT/BUS DROP-OFF COMBINED
