

Physical Education Framework for California Public Schools

Kindergarten Through Grade Twelve

Supported by current research, the framework emphasizes physical education based on the model content standards. The goal is to help students adopt a healthy and physically active lifestyle. Guidance is given on creating a safe learning environment, designing curriculum, assessing student learning, and selecting instructional materials and equipment for all learners. Sample lessons, illustrations, and appendixes make this framework essential to educators.

2009, 330 pp. \$23.95, Item 001696
