

Reading/Language Arts Framework for California Public Schools

Kindergarten Through Grade Twelve

When students become fluent readers and use and enjoy language, they are on their way to becoming enthusiastic, lifelong learners. This framework emphasizes that students must be fluent readers by the end of grade three; describes the skills, concepts, and strategies students must be able to use after grade three; and focuses on research-based discourse, the incorporation of technology as a learning tool, and the evaluation of a variety of media at the high school level. This edition includes the document "Criteria for Evaluating Instructional Materials: Kindergarten Through Grade Eight."
