Santee	9580 Carlton Hills Blvd, Santee, 92071	Stand-alone building leased full- time; seven years left on lease of \$8700 per month	Santee	2013	40 of the 96 students who use center reside within district; 56 students who use the center reside outside district boundaries	Location is used to provide special education, EL, and intervention services. In addition, testing, small group instruction, parent meetings and parent classes are conducted. Failure to offer these services would put students at a disadvantage for receiving a free and appropriate education as many do not have transportation for longer distances. Employees whose duties include instruction would need to be terminated. Currently seeking SELPA approval which adds an extra hurdle to the transition plan School enrolls only 40 students from within Santee District which is not enough to support a separate charter school.
