CAUTION! This email originated from outside the California Department of Education. Be careful of links and attachments.

Good Afternoon,

My name is Carl Carpenter. I am the Middle School Physical Education teacher and Athletic Director at Mission Preparatory Charter School in San Francisco.

I am writing to express my support for the adoption of the proposed regulations to Title 5, regarding the PFT. I will be working on August 2nd, so I cannot express the support in person in Sacramento. I read on the Notice of Proposed Rulemaking that submission to this email was also an acceptable method, so I am doing that here.

I support the elimination of the Body Composition subtest, and as it was not required this past year, we did not administer it at our school.

I support the change to score reporting to provide equity to non-binary students.

I support the third concern as it relates to students with physical disabilities and the way their scores are reported.

I also support the fourth and final concern as it relates to LEA's granting exemptions with student consent on a case by case basis.

Thank you

Good morning Carl,

Please read the new legislation and make a public statement in support.

Thank you.
