Multiple district special education local plan areas (SELPAs) must submit the Proportionate Share (PS) Calculation Worksheet and the allocation breakdown of the PS funds for the SELPA member local educational agencies (LEAs).

Pursuant to AO-400 grant condition 5, payment will be withheld from the grantee pending receipt of the PS Calculation Worksheet, Assurance, and allocation breakdown of the PS funds for its member LEAs receiving Individuals with Disabilities Education Act (IDEA) 611 Part B Resource 3310 funds.

SELPA Name:

SELPA Code

Step 1:

In order to perform an accurate PS calculation, please adhere to the following guidelines and complete the calculation below:

1. The LEA where the parentally-placed children with disabilities in private schools is located is responsible for child find and providing special education and related services.
2. LEAs must use the PS of their IDEA 611 Part B Resource 3310 funds to provide special education and related services to parentally-placed children with disabilities enrolled in private schools and who attend private schools located in the LEA. There is no exception for out-of-state parentally-placed children with disabilities attending private schools located in the LEA. Therefore, out-of-state parentally-placed children with disabilities must be included in the group of parentally-placed children with disabilities whose needs are considered in determining which parentally-placed private school children with disabilities will be served and the types and amounts of services to be provided.
3. LEAs must spend the entire PS of IDEA 611 Part B Resource 3310 funds on parentally-placed private school children with disabilities, regardless of the availability of state and local funds. In other words, state and local funds can no longer be used as a substitute for the PS of IDEA 611 Part B Resource 3310 funds.

Step 2:

The following PS calculations of IDEA funding are based on the California Longitudinal Pupil Achievement Data System (CALPADS) codes, as indicated in the items below:

Note: Item C will auto-sum Items A and B

<p>B. Indicate the CALPADS total child count for Code 200 and/or Code 700 children who are IDEA-eligible parentally-placed children with disabilities, enrolled in elementary or secondary private schools within the SELPA’s member LEA’s boundaries, between the ages of 3 and 21, and reported on the CALPADS End-of-Year 4 (EOY4) submission for the 2021–22 school year, child count. If the SELPA’s members LEA Item B child count is zero, then the grantee must complete and submit a copy of the PS Assurance.</p>	
<p>C. Combine Items A and B child count for the total child count of IDEA-eligible children with disabilities with an IEP and enrolled in the SELPA’s member LEAs and children who are IDEA-eligible parentally-placed children with disabilities enrolled in elementary or secondary private schools within the LEA’s boundaries, between the ages of 3 and 21.</p>
