

College/Career Indicator: Measures of Career Readiness

The College/Career Indicator (CCI) shows how well local educational agencies (LEAs) and schools are preparing high school students for success after graduation, whether in postsecondary education or in a career. For this reason, the CCI consists of both college- and career-readiness measures. This flyer contains the career-readiness measures. For college-readiness measures, please access the Measures of College Readiness document on the [California Department of Education \(CDE\) College/Career Indicator web page](#).

Career readiness means completing rigorous coursework and engaging in learning experiences that are designed to prepare students for the workforce. Several measures have been approved by the State Board of Education as indicating career readiness, as shown below. For each measure, specific criteria are used to determine whether a student is “Prepared” or “Approaching Prepared.”
