Questions: State Board of Education | 916-319-0827

Last Reviewed: Thursday, August 04, 2011
The California Department of Education (CDE) recommends that the State Board of Education (SBE) assign charter numbers to the charter schools identified on the attached list.

SUMMARY OF PREVIOUS STATE BOARD OF EDUCATION DISCUSSION AND ACTION

The SBE is responsible for assigning a number to each approved charter petition. On the advice of legal counsel, CDE staff presents this routine request for assignment of charter numbers as a standard action item.

Since the charter school law was enacted in 1992, the SBE has assigned numbers to 752 charter schools, including some approved by the SBE after denial by the local educational agencies. There are also eight all-charter districts. Of the 752 schools numbered, 575 are actually operating in the 2005-06 school year.

SUMMARY OF KEY ISSUES

A charter school typically is approved by a local school district or county office of education. The entity that approves a charter is also responsible for ongoing oversight. A charter school must comply with all the provisions of its charter, but is exempt from many statutes and regulations governing school districts.

*Education Code* Section 47602 requires the SBE to assign a number to each charter school that has been approved by a local entity in the chronological order in which requests for numbering are received. This numbering ensures that the state remains within the cap on the total number of charter schools authorized to operate, which in 2005-06 is 950. This cap may not be waived. This item proposes assignment of numbers to three charter schools recently approved by local educational agencies. Copies of the charter petitions are on file in the Charter Schools Division.
FISCAL ANALYSIS (AS APPROPRIATE)

There is essentially no fiscal impact directly resulting from the assignment of numbers to recently authorized charter schools. To the extent numbered schools serve students, they report average daily attendance and receive funding from certain federal, state, and local sources.
