July 13, 2011

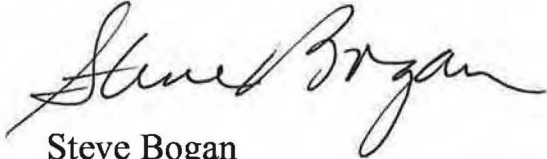

Jay Harris, Consultant  
Charter Schools Division

Dear Mr. Harris,

Crossroads Trade Tech Academy would like to site mitigating circumstance as the reasons for not meeting the 80% threshold of instructional supply spending for the 2010-2011 school year. There are two reasons:

One, the prior year second period average daily attendance was less than 100 units (students);

Two, facilities costs make it impossible to meet the 80% threshold.

Steve Bogan  
Superintendent  
Armona Union Elementary School District
