Attachment I: High-Quality Career Technical Education Program Evaluation & Plan

Directions: The metrics in this rubric apply to students that are enrolled in career technical education (CTE) programs, programs of study, and pathways. Read each of the 10 Minimum Eligibility Standards (criteria). Reviewing all of your CTE programs, check the box that best corresponds to the current practice of your programs and for which you can provide evidence. List evidence of your practice that is currently on file at your LEA and make comments that the grant reader may take into consideration in the corresponding boxes.

*All responses must specifically address CTE programs and services rather than general services offered to all students.

Minimum Eligibility Standard 4. Provides for system alignment, coherence, and articulation, including ongoing and structural regional or local partnerships with postsecondary educational institutions, documented through formal written agreements. **Essential Element:** Cross-System Alignment.

Not Yet in Practice (0 points)	 Kindergarten through grade twelve (K–12) and postsecondary core CTE pathway faculty do not coordinate or collaborate. There is no established program of study for CTE pathways.
Emerging Practice (1 Point)	 K–12 and postsecondary core CTE pathway faculty are members of an advisory committee that represents some CTE pathways. Curriculum, instruction, transitions, and outcomes are reviewed at Advisory Committee meetings. There are no formal agreements other than advisory committee responsibilities. Programs of study need revision or improvement.
Quality Practice (2 points)	 K-12 and postsecondary core CTE pathway faculty meet regularly to plan and review curriculum and instruction across levels of education, to plan program and support services for smooth transitions, and to develop or update and improve articulation/dual credit agreements for most CTE pathways. Formal agreements are developed that define participants, roles, activities, products, and timeline. Programs of study are complete for most pathways.
Exemplary Practice (3 points)	 K-12 and postsecondary core CTE pathway faculty meet regularly to plan and review curriculum and instruction across levels of education, to plan program and support services for smooth transitions, and to develop or update and improve articulation/dual credit agreements for all CTE pathways. K-12 and postsecondary educational institutions collaborate to create transition agreements, guides, and plans for each CTE pathway. Articulation/dual credit agreements apply to all participating educational institutions. Formal agreements define participants, roles, activities, products, and timeline. Programs of Study are accurate and complete for all pathways.
Potential Tools/ Examples of Evidence	 Transition guide showing secondary and postsecondary pathway courses for each pathway, industry-recognized certifications at each level, and degree and employment options. Memoranda of Understanding (MOUs) and other agreements between K–12 and postsecondary education that are updated annually. Minimum Eligibility Standard 5.A. Form ongoing and meaningful industry and labor partnerships, evidenced by written agreements and through participation on advisory committees and collaboration with business and labor organizations to provide opportunities for pupils. **Essential Element:** Appropriate Use of Data and Continuous Improvement.

Not Yet in Practice (0 points)	 There are no industry/labor partnership agreements. An advisory committee representing every sector offered by the LEA has not been formed.
Emerging Practice (1 Point)	 Agreements with labor/industry partners are informal and verbal. An advisory committee representing every sector offered by the LEA is established, but only represents a limited number of stakeholders and employers.
Quality Practice (2 points)	 Most partnerships are solidified through written agreements, and some are made as verbal agreements. An advisory committee representing every sector offered by the LEA, is composed of a variety of stakeholders (including industry and labor, secondary and postsecondary leaders, faculty, parents, and students) meets at least once a year to evaluate program progress and to engage in continuous improvement activities.
Exemplary Practice (3 points)	 All partnerships are solidified through written agreements that detail the responsibilities and roles of each party. An advisory committee representing every sector and pathway offered by the LEA, is composed of a variety of stakeholders (including industry and labor, secondary and postsecondary leaders, faculty, parents, and students) meets two or more times to address program progress and program/industry needs and opportunities for pupils. The advisory committee is integral to the operation of the CTE pathway(s).
Potential Tools/ Examples of Evidence	 MOUs, written agreements, contracts, description of verbal agreements. Copy of Advisory Committee meeting minutes with a list of advisory committee members, the organization they represent, and their position in that organization. Minimum Eligibility Standard 7.A. CTE pathway program reflects regional and/or local labor market demands and focuses on current or emerging high-skill, high-wage, or high-demand occupations.

Essential Element: Appropriate Use of Data and Continuous Improvement.

Not Yet in Practice (0 points) Emerging Practice (1 Point)	 There is no evidence that the CTE pathway is aligned with economic needs and labor market information. CTE pathway does not appear to lead to high-skill, high-wage, or high-demand occupations. There is minimal alignment of CTE pathway design, delivery, and outcomes with current and projected labor market needs Evidence minimally identifies a need in the industry sector or general category of employment, but not for any specific CTE pathway.
Quality Practice (2 points)	 There is general alignment of CTE pathway design, delivery, and outcomes with current and projected labor market needs. There is correlation between the specific high-skill, high-wage, or high-demand occupations which are the focus of the CTE pathway and the labor market information provided for some sectors and pathways.
Exemplary Practice (3 points)	 There is clear and specific alignment of all CTE pathway design, delivery, and outcomes with current and projected labor market needs. Evidence provides a clear case for all current and projected labor market needs for the CTE pathways for all sectors and pathways. A projection of the number of students from this CTE pathway that will be qualified to enter high-skill, high-wage, or high-demand occupations in this field at entry and technical levels is provided.
Potential Tools/ Examples of Evidence	 K-12 Strong Workforce Program (SWP) Deputy Sector Navigator reports. Labor market reports from valid sources, correlated with CTE sequence of courses. Letters from industry and labor partners indicate how their participation in the CTE pathway will prepare and encourage future workers in this field.

Emerging Practice (1 Point)	The CTE pathways are aware of the regional plan of the local SWP consortium, but LEA is beginning to collaborate or seek to align with the regional plan of the local SWP.
Quality Practice (2 points)	 The CTE pathways are involved in the regional SWP consortium, and LEA is aware of the regional plan. The CTE pathways are aligned with the SWP plan where it complements the CTEIG requirements.
Exemplary Practice (3 points)	 The CTE pathways are involved in the development and implementation of the regional plan of the SWP consortium. The CTE pathways are aligned with both CTEIG and SWP goals and desired outcomes.
