

RESTART GRANT - INITIAL LEA NEEDS ASSESSMENT

Table 1: Public and Non-Public Schools Data

Please include in an appendix a chart providing a school-by-school breakdown supporting the data in the table below. Please note that numbers 2 and 3 are non-duplicative counts.

Data for Public Schools	Totals
1(a). How many public schools were closed as a result of a covered disaster?	
1(b). How many students were enrolled during the school year prior to the covered disaster or emergency in elementary and secondary schools that were closed as a result of the covered disaster or emergency?	
2(a). How many public schools were closed for 10–29 school days as a result of a covered disaster or emergency?	
2(b). How many students were enrolled during the school year in those schools?	
3(a). How many public schools were closed for 30 school days or more as a result of a covered disaster or emergency?	
3(b). How many students were enrolled during the school year in those schools?	

Data for Non-Public Schools	Totals
4(a). How many non-public schools were closed as a result of a covered disaster or emergency?	
4(b). How many students were enrolled during the school year prior to the covered disaster or emergency in non-public elementary and secondary schools that were closed as a result of the covered disaster or emergency?	
5(a). How many non-public schools were closed for 10–29 school days as a result of a covered disaster or emergency?	
5(b). How many students were enrolled during the school year in those schools?	
6(a). How many non-public schools were closed for 30 school days or more as a result of a covered disaster or emergency?	
6(b). How many students were enrolled in the school year in those schools?
