

Local Performance Indicator Quick Guide

The standards for the local performance indicators are based on whether LEAs:

- Measure their progress on the local performance indicator based on locally available information.
- Report the results to the LEA's local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the evaluation rubrics.
- LEAs determine whether they have (Met, Not Met, or Not Met for Two or More Years) for each applicable local performance indicator. LEAs make this determination by using self-reflection tools included in the evaluation rubrics, which will allow them to measure and report their progress through the California School Dashboard.

This Quick Guide identifies the approved standards and self-reflection tools that LEAs will use to assess their progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

Standard: LEA annually measures its progress in meeting the *Williams* settlement requirements at 100 percent at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; and provides information annually on progress meeting this standard to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

Standard: LEA annually measures its progress implementing state academic standards and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Parent Engagement (LCFF Priority 3)

Standard: LEA annually measures its progress in: (1) seeking input from parents in decision making and (2) promoting parental participation in programs, and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

School Climate (LCFF Priority 6)

Standard: LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

Standard: COE annually measures its progress in coordinating instruction as required by California *Education Code* Section 48926 and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Standard: COE annually measures its progress in coordinating services for foster youth and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Self-Reflection Tools

LEAs will use the self-reflection tool included in the Dashboard to support their determination of whether they have “Met” the performance standard.

The self-reflection tools are designed support LEAs in measuring their progress on the local performance indicators. The self-reflection tools are also embedded in the web-based Dashboard system, which will assist LEAs in reporting the results to their local governing boards and to the public and stakeholders. The approved self-reflection tools are included below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC). In the future, for LEAs that use the CDE’s SARC template, this information will be auto-populated within the Web-based Dashboard system. LEAs that do not use the CDE’s SARC template will input this information in the Web-based Dashboard system.

Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

Optional Narrative

6. **Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.**

Parent Engagement (LCFF Priority 3)

LEAs will provide a narrative summary of their progress toward: (1) seeking input from parents/guardians in school and district decision making; and (2) promoting parental participation in programs.

The summary of progress must be based **either** on information collected through surveys of parents/guardians **or** other local measures. Under either option, the LEA briefly describes why it chose the selected measures, including whether the LEA expects that progress on the selected measure is related to goals it has established for other LCFF priorities in its Local Control and Accountability Plan (LCAP).

OPTION 1: Survey

If the LEA administers a local survey to parents/guardians in at least one grade within each grade span that the LEA serves (e.g., K–5, 6–8, 9–12), the LEA will summarize the following in a text box provided in the Dashboard:

- (1) the key findings from the survey related to seeking input from parents/guardians in school and district decision making;
- (2) the key findings from the survey related to promoting parental participation in programs; and
- (3) why the LEA chose the selected survey and whether the findings relate to the goals established for other LCFF priorities in the LCAP.

OPTION 2: Local Measures

Summarize in a text box provided in the Dashboard the following:

- (1) the LEA's progress on at least one measure related to seeking input from parents/guardians in school and district decision making;
- (2) the LEA's progress on at least one measure related to promoting parental participation in programs; and
- (3) why the LEA chose the selected measures and whether the findings relate to the goals established for other LCFF priorities in the LCAP.

Examples of measures that LEAs could select are listed below.

A. Seeking Input in School/District Decision Making

1. Measure of teacher and administrator participation in professional development opportunities related to engaging parents/guardians in decision making.
2. Measure of participation by parents/guardians in trainings that also involve school/district staff to build capacity in working collaboratively.
3. Measure of parent/guardian participation in meetings of the local governing board and/or advisory committees.

B. Promoting Participation in Programs

1. Measure of whether school sites have access to interpretation and translation services to allow parents/guardians to participate fully in educational programs and individual meetings with school staff related to their child's education.
2. Measure of whether school sites provide trainings or workshops for parents/guardians that are linked to student learning and/or social-emotional development and growth.
3. Measure of whether school and district staff (teachers, administrators, support staff) have completed professional development on effective parent/guardian engagement in the last two school years.

School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the Dashboard. Specifically, LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey that is particularly relevant to school safety and connectedness.
