

How to View Test Results for Student Groups

- 1 Navigate to <https://caaspp-elpac.cde.ca.gov/>.
- 2 Select the **English Language Arts/Literacy and Mathematics** tile.
- 3 Search for an entity by entering a School, District, County, ZIP, or CDS Code.

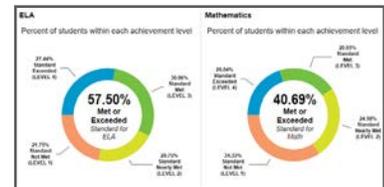

- 4 In the **Report Options** section, select the student group for which you want to view data.
- 5 Select the **Apply Filters** button.

i This will update all results on the page. Data displayed pertains only to the students in the student group selected.

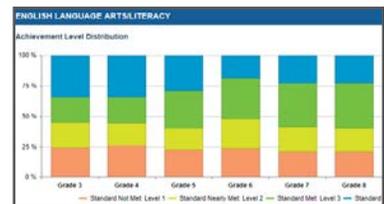

i Graphs are available that show the percentage of students within each achievement level for both English language arts/literacy (ELA) and mathematics.

6 Select the **View Detailed Test Results** button.

7 Select the triangle next to the student group name to expand specific sets of results.

i Bar charts that show the percentage of students in each of the four performance levels, by grade, are available for both ELA and mathematics. Hovering over any area of the bar chart will display the percentage of students in that level.

i **Data Detail** includes the following:

Overall Achievement: Includes the number of students enrolled, tested, and with scores; the mean scale score; and the percentage of students in each performance level.

Areas: Includes the percentage of students in the three levels for each claim area.

8 Select the **Achievement Level Descriptors** link, below the bar chart, to view information about the achievement level descriptors. Select the **Scale Score Ranges** link, below the **Data Detail** table, to view scale score ranges for each subject.
