How to View Test Results

1. Navigate to [https://caaspp.cde.ca.gov](https://caaspp.cde.ca.gov).

2. Select the California Alternate Assessment (CAA) Summary Results link.

3. Select a year from the Select Year drop-down menu.

4. Select the Apply Selections button.

5. Select the county, district, and/or school for which you want to view results.

6. Select the View Test Results button.

7. Review data as needed.

### County, district, or school search fields

- If only a county is selected, countywide results will be displayed.
- If county and district are selected, districtwide results will be displayed.
- If all three are selected, schoolwide results will be displayed.
- If no options are selected, statewide results will be displayed.

### Keyword search box

A keyword search box is available. Enter the name, county-district-school code, or zip code and select the Keyword Search button to display available options. Then select the View Test Results link next to the county, district, and/or school for which you want to view results.

### Graphs and tables

Graphs and tables are available for both English language arts/literacy and mathematics that show the percentage of students in each of the four performance categories, by grade.

- Hovering over any area of the bar chart will display the percentage of students in that level.
- Additional information for each grade, including the number of students enrolled and tested, the mean scale score, and the percentage of students in each performance level, can be viewed by selecting on the triangle to expand any sections in yellow.
- Hovering over the row labels will display additional information about the data in that row.
