

## Sample Student Interview Form Data Collection on Use of Accessibility Resources

This form could be used in an interview/conversation between the teacher and student following the use of selected accessibility resources on classroom assignments or assessments. It might also be completed by the student and then discussed with the teacher.

1. Which accessibility resources did you use for this assignment or assessment?

---

---

---

2. Were there any accessibility resources available to you that you chose not to use?  
If so, why?

---

---

---

3. In what ways were the resources you used helpful?

---

---

---

4. Did you have trouble using any of the resources?

---

---

---

5. Which of the resources do you think you would use again on future assignments or assessments? Why?

---

---

---
