## Pivot Charter School – North Bay

### Nonclassroom-Based Funding Determination Form – Fiscal Year 2022-23

At the CDE's request, the narrative below describes the school's plans for and usage of reserves:

The school aims to maintain a healthy, liquid reserve as a safety net in the event of financial hardship stemming from state funding decreases, deferrals, and/or under-enrollment. As recently as June 30, 2021 Pivot North Bay had \$1.326M in accounts receivable as a result of state-wide LCFF deferrals, and \$1M of that A/R was specifically State Aid. The established reserve was critical in allowing the school to maintain operations without making cuts to staffing or programs. The school has a relatively high proportion of State Aid in its LCFF mix, due to In-Lieu of Property tax funds being fairly low, and the school's cashflow is therefore particularly vulnerable to LCFF deferrals. The school continues to maintain reserves at a level that would allow it to weather economic hardships arising from the current economic landscape and trends of declining enrollment in California. Additionally, certain funding sources have been operating on a reimbursement basis, including ESSER II & III. It is necessary to maintain sufficient liquid reserves in order to pay for these program expenses on an ongoing basis, considering ESSER funds are not received until after the expenses have been incurred and paid. Lastly, as we move away from the immediacy of responding to the COVID-19 pandemic, and as the school continues transitioning to new iterations of its in-person offerings, reserves will be used to support long term strategic plans designed to improve outcomes for students. Some of these plans include facilities improvements which may require significant capital to complete, and the current reserve is planned to support these improvements.
