Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Directors
Vista Charter Public Schools, Inc.
Los Angeles, California

Report on Compliance for Each Major Federal Program

We have audited Charter School Template's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Vista Charter Public Schools, Inc.'s major federal programs for the year ended June 30, 2019. Vista Charter Public Schools, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Vista Charter Public Schools, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Charter School Template's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Charter School Template's compliance.

Opinion on Each Major Federal Program

In our opinion, Vista Charter Public Schools, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Vista Charter Public Schools, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Vista Charter Public Schools, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Vista Charter Public Schools, Inc.'s internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
Vista Charter Public Schools, Inc.
Los Angeles, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Vista Charter Public School, Inc.(a nonprofit organization), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities and cash flows for the year then ended, and the related Consolidated Notes to the Financial Statements, and have issued our report thereon dated December 16, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Vista Charter Public School, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Vista Charter Public School, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Vista Charter Public School, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Vista Charter Public School, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Criteria or Specific Requirement

Verify that students reported as only free or reduced priced meal eligible (FRPM) identified under the "NSLP Program" column (which means students are indicated as a "No" under the "Direct Certification" column, a "No" under foster column, a "No" under the "Homeless" column, blank under the "Migrant Ed Program" column, and "181 Free" or "182-Reduced" under the "NSLP Program" column) and verify there is supporting documentation such as a FRPM eligibility application under a federal nutrition program, an alternative household income data collection form that indicates the student was eligible for the designation, or a direct certification list obtained from the county welfare department, or COE, that matches enrolled students against those children/households receiving CalFresh (or CALWORKs) benefits.

Vista Charter Public Schools, Inc.
Schedule of Findings and Questioned Costs, Continued
Year Ended June 30, 2019

Verify that students that are both included in the "NSLP Program" column and the "ELAS Designation" column (which means students are indicated as a "181-Free" or "182-Reduced" under the "NSLP Program" column, and "EL" under the "ELAS Designation" column and verify that there is supporting documentation for at least one of the designations.

Condition
In our review of students reported as FRPM Only for Vista Heritage Charter School, we identified 5 out of 18 tested that were incorrectly designated on the report as eligible under the Free or Reduced Price Meal Program. The rounded extrapolated error rate for the population is 19. In our review of students reported as Both FRPM and EL (English Learner) on the Form "1.18 - FRPM/English Learner/Foster Youth - Student List" for Vista Heritage Charter School, we identified 2 out of 7 tested that were incorrectly designated on the report as either eligible under the Free or Reduced Price Meal Program or as an EL student. The rounded extrapolated error rate for the populations is 8

Effect
Supplemental and Concentration grants were over funded based on the additional students included in the unduplicated pupil counts.

Audit adjustments to the count are as follows:

	Certified Calpads 1.18	Audit Adjustments	Adjusted Count
Unduplicated Count of Pupils:	275		
Free & Reduced Meal Program (FRPM)	67	(19)	48
English Learners (EL)	1	-	1
Both FRPM & EL	25	(8)	17
Directly Certified	182	-	182
Total Unduplicated Count of Pupils	275	(27)	248

Context
Supplemental and concentration grant amounts (as part of the LCFF Funding) are calculated based on the percentage of "unduplicated pupils" enrolled in the LEA on Census Day (first Wednesday in October). The percentage equals:

1) Unduplicated count of pupils who (1) are English learners, (2) meet income or categorical eligibility requirements for free or reduced-price meals under the National School Lunch Program, or (3) are foster youth. "Unduplicated count" means that each pupil is counted only once even if the pupil meets more than one of these criteria (EC sections 2574(b)(2) and 42238.02(b)(1)).

2) Divided by total enrollment in the LEA (EC sections 2574(b)(1) and 42238.02(b)(5)).

All pupil counts are based on Fall 1 certified enrollment reported in the CALPADS as of Census Day.

Cause
The School's process to review documentation for students eligible under the different CALPADS designations was not consistently followed by the staff in charge of the program.

Vista Charter Public Schools, Inc.
Schedule of Findings and Questioned Costs, Continued
Year Ended June 30, 2019

Recommendation
Include in your process methods to ensure that proper documentation exists for all students claimed as unduplicated eligible on the Form 1.18 and ensure proper redesignation of any student without proper documentation .

LEA's Response
The School will review CALPADS throughout the year to ensure that the students' designation is accurately reflected in the system and match the Free and Reduced meal application status.

DISCLOSURE INFORMATION AND AGREEMENT UPDATES

Section 12.46 Statements, Notices and Checks

⊕ [NEW PARAGRAPH]

If you believe at any time that you have not received any monthly or transaction-specific account statement from the Bank, you agree that it is your sole obligation to so notify the Bank, and you further agree that it shall otherwise be properly assumed and deemed that you did receive the monthly or transaction-specific account statement in question, and that you shall be bound by the terms and disclosures therein.

Section 12.60 Fraudulent Requests for Information

⊕ [NEW SECTION]

Keep in mind that OUR BANK WILL NEVER ASK YOU FOR YOUR CONFIDENTIAL CREDENTIALS, ACCESS CODES OR OTHER SECURITY PROCEDURES. The Bank will also never request that any type of payment be remitted through Zelle®, Venmo®, PayPal®, or any other consumer-based payment system. If you receive an email that looks like it came from our Bank, but asks you for this type of information or requests a payment, you should not respond to the email and instead, immediately report the incident to the Bank's Customer Support Line at 888.228.2265. The sender is not our Bank, and is likely a fraudster.

Section 13.2 Processing Orders

⊕ [NEW PARAGRAPH]

Available Funds. We may refuse an Order if there are not sufficient collected and available funds in your account on the date we initiate the transaction or on the payment date. ACH credit transactions must be submitted two (2) business days prior to the settlement date. We may require you to maintain sufficient available funds in your account prior to our processing your Order. We may also place a hold on funds pending our processing of your Order. If we have reason to believe that you do not have adequate funds to cover an ACH Credit Order, we may delay execution of the Order until we receive adequate assurance from you that funds will be available. Nothing in this Agreement, the Order, the Wire Transfer Agreement appended to the Order, or any course of dealing between us, shall be construed as our commitment or contractual obligation to process your Order, make any wire transfer, or lend money to you.

TREASURY MANAGEMENT SERVICES AGREEMENT UPDATES

Agreement Definition (Beginning Paragraph)

⊕ [UPDATED PARAGRAPH]

This Agreement ("Agreement") sets forth the terms of the Treasury Management services, ***which would also include Online Banking services*** (the "Services" or "Service") offered by Citizens Business Bank ("we", "us", "our" or "the Bank"). By applying for any service, you agree to be bound by this Agreement. For purposes of this Agreement, "you" or "your" includes the Principal or Owner executing this Agreement and any user under this Agreement or who utilizes any Services governed by this Agreement. Your use of any Service will be additional evidence of your agreement to its terms. We will let you know when the Services you request become available. If you request additional Services in the future, they will be governed by this Agreement, unless we advise you otherwise.

Section 3 Security Procedures and User Guides (formerly Section 4)

[UPDATED PARAGRAPHS]

Digital or physical security tokens are required for use with Business Online Banking when initiating payment orders such as wire transfers and Automated Clearing House (ACH) transactions. Option #1 is the minimum allowable for transaction initiation. Each successive Option provides additional log-in authentication and transaction authorization protection, but you acknowledge and agree that no Option provides complete protection against fraud or error.

1. ***User ID, Password, and Secure Access Code (SEC) MFA at login. Security Token Code required at payment approval.***
2. ***User ID, Password, and Security Token Code (one-time passcode) at login. Security Token Code required at payment approval.***

Each time you make a transfer or payment with a Service, you warrant that our security procedures are commercially reasonable (based on the normal size, type, and frequency of your transactions). Some of our Services allow you ***or your User Administrator(s)*** to set transaction limitations and establish internal controls. Your failure to set such limitations and implement such controls increases your exposure to, and responsibility for, unauthorized transactions. You agree to be bound by any transfer, instruction or payment order we receive through the Services, even if it is not authorized by you, if it includes your Credentials or is otherwise processed by us in accordance with our security procedures.

Internal Security. You agree to establish, maintain and update commercially reasonable policies, procedures, equipment and software ("Internal Security Controls") that will safeguard the security and integrity of your computer system and information from unauthorized use, intrusion, takeover or theft, and prevent your Credentials from unauthorized discovery or use (collectively "Internal Security Breaches"). You bear all risk of fraudulent transfers and other losses arising from your Internal Security Breaches or from the interception of your communications prior to their receipt by us (collectively "Internal Security Losses"). We will not reimburse you in connection with Internal Security Losses. You agree that we are authorized to execute, and it is commercially reasonable for us to execute, any instructions received by us with your Credentials. You are encouraged to consider purchasing insurance to cover your Internal Security Losses. ***Please consult with your technology professional who should be knowledgeable of Internal Security Controls that would be necessary to protect your system(s) from any Internal Security Breaches.***

Section 4 Risk of Unauthorized Access and Mitigation Best Practices (formerly Section 5)

[UPDATED PARAGRAPH]

Keep in mind that OUR BANK WILL NEVER ASK YOU FOR YOUR CONFIDENTIAL CREDENTIALS, ACCESS CODES OR OTHER SECURITY PROCEDURES. ***The Bank will also never request that any type of payment be remitted through Zelle®, Venmo®, PayPal®, or other consumer-based payment system.*** If you receive an email that looks like it came from our Bank, but asks you for this type of information ***or requests a payment***, you should not respond to the email and instead, immediately report the incident to the Bank's ***Customer Support Line*** at ***888.228.2265***. The sender is not our Bank, and is likely a fraudster.

⊕ [NEW PARAGRAPH]

If you believe at any time that you have not received any monthly or transaction-specific account statement from the Bank, you agree that it is your sole obligation to so notify the Bank, and you further agree that it shall otherwise be properly assumed and deemed that you did receive the monthly or transaction-specific account statement in question, and that you shall be bound by the terms and disclosures therein.

Section 12.60 Fraudulent Requests for Information

⊕ [NEW SECTION]

Keep in mind that OUR BANK WILL NEVER ASK YOU FOR YOUR CONFIDENTIAL CREDENTIALS, ACCESS CODES OR OTHER SECURITY PROCEDURES. The Bank will also never request that any type of payment be remitted through Zelle®, Venmo®, PayPal®, or any other consumer-based payment system. If you receive an email that looks like it came from our Bank, but asks you for this type of information or requests a payment, you should not respond to the email and instead, immediately report the incident to the Bank's Customer Support Line at 888.228.2265. The sender is not our Bank, and is likely a fraudster.

Section 13.2 Processing Orders

⊕ [NEW PARAGRAPH]

Available Funds. We may refuse an Order if there are not sufficient collected and available funds in your account on the date we initiate the transaction or on the payment date. ACH credit transactions must be submitted two (2) business days prior to the settlement date. We may require you to maintain sufficient available funds in your account prior to our processing your Order. We may also place a hold on funds pending our processing of your Order. If we have reason to believe that you do not have adequate funds to cover an ACH Credit Order, we may delay execution of the Order until we receive adequate assurance from you that funds will be available. Nothing in this Agreement, the Order, the Wire Transfer Agreement appended to the Order, or any course of dealing between us, shall be construed as our commitment or contractual obligation to process your Order, make any wire transfer, or lend money to you.

[UPDATED PARAGRAPHS]

Digital or physical security tokens are required for use with Business Online Banking when initiating payment orders such as wire transfers and Automated Clearing House (ACH) transactions. Each successive Option provides additional log-in authentication and transaction authorization protection, but you acknowledge and agree that no Option provides complete protection against fraud or error.

1. ***User ID, Password, and Secure Access Code (SEC) MFA at login. Security Token Code required at payment approval.***
2. ***User ID, Password, and Security Token Code (one-time passcode) at login. Security Token Code required at payment approval.***

Each time you make a transfer or payment with a Service, you warrant that our security procedures are commercially reasonable (based on the normal size, type, and frequency of your transactions). Some of our Services allow you ***or your User Administrator(s)*** to set transaction limitations and establish internal controls. Your failure to set such limitations and implement such controls increases your exposure to, and responsibility for, unauthorized transactions. You agree to be bound by any transfer, instruction or payment order we receive through the Services, even if it is not authorized by you, if it includes your Credentials or is otherwise processed by us in accordance with our security procedures.

Internal Security. You agree to establish, maintain and update commercially reasonable policies, procedures, equipment and software ("Internal Security Controls") that will safeguard the security and integrity of your computer system and information from unauthorized use, intrusion, takeover or theft, and prevent your Credentials from unauthorized discovery or use (collectively "Internal Security Breaches"). You bear all risk of fraudulent transfers and other losses arising from your Internal Security Breaches or from the interception of your communications prior to their receipt by us (collectively "Internal Security Losses"). We will not reimburse you in connection with Internal Security Losses. You agree that we are authorized to execute, and it is commercially reasonable for us to execute, any instructions received by us with your Credentials. You are encouraged to consider purchasing insurance to cover your Internal Security Losses. ***Please consult with your technology professional who should be knowledgeable of Internal Security Controls that would be necessary to protect your system(s) from any Internal Security Breaches.***

Client agrees to engage ICON to perform the Services in accordance with the applicable SOP and these Terms and Conditions. This Master Services Agreement and all SOP are collectively referred to as this "Agreement."

1.2 Client Responsibilities. Client will provide safe and adequate working space and facilities, equipment and supplies, system access, and information (including all data, files, documentation, or other information necessary or appropriate for ICON's performance of Services). Client will also fulfill any additional obligations as defined in any applicable SOP. Client will be responsible for the collection and accuracy of all data necessary or appropriate for ICON to render the Services in any applicable SOP. Client understands that ICON's performance is dependent and conditioned upon Client's timely and effective performance of all responsibilities under this paragraph. Client's failure to fulfill any obligations under this paragraph will not relieve Client of any obligations to pay ICON under Section 3 of this Agreement or any other equivalent provisions of any SOP. ICON is entitled to rely on all information, decisions, and approvals provided by Client.

1.3 Independent Contractor Status. ICON is an independent contractor under this Agreement, and nothing herein will be construed to create a partnership, joint venture, agency or employment relationship between ICON and Client. Neither party will have authority to enter into agreements of any kind on behalf the other party, or otherwise bind or obligate the other party in any manner to any third party, by virtue of the relationship contemplated by this Agreement.

1.4 Method of Performance. Except as otherwise provided in the applicable SOP, ICON will have the right to determine the method and means of performing the Services.

1.5 Taxes. Client will be responsible for all applicable state and local sales, service and use taxes incurred during the performance of any Services.

SECTION 2. STATEMENTS OF PERFORMANCE

2.1 Generally. Client and ICON will, from time to time, enter into a SOP during the term of this Agreement, and each SOP will be effective only when signed and delivered by authorized representatives of Client and ICON and will become effective as of the latter of the parties' signature dates on the SOP. Each SOP will be subject to all provisions of these Terms and Conditions. If any provision contained in a SOP conflicts with any provision contained in these Terms and Conditions, the provision contained in the SOP will govern.

2.2 Changes. Client may from time to time propose changes in the Services to be performed pursuant to a SOP. Any material change to a SOP, including changes that will affect the compensation payable to ICON, will be made by an amendment to the SOP agreed by both parties in accordance with Section 9.6 of these Terms and Conditions.

2.3 Termination. A SOP will terminate upon completion of the Services unless earlier terminated at any time upon mutual written agreement of both parties. In addition, all SOP will terminate upon termination of this Agreement in accordance with Section 5.

SECTION 3. COMPENSATION, EXPENSES AND PAYMENT

3.1 Compensation. In consideration of the Services performed, Client will pay ICON compensation in the amount, and payable at the times and in the manner, set forth in this Agreement and the applicable SOP.

3.2 Reimbursement of Expenses. Client will reimburse ICON for or pay any charge, cost or expense incurred by ICON in furtherance of its performance of Services or otherwise unless specifically excluded in the applicable SOP.

3.3 Invoices. ICON will submit to Client invoices for Services rendered on a periodic basis as set forth in the applicable SOP. If the SOP does not provide a schedule for the submission of invoices by ICON, invoices will be submitted monthly. The invoices will describe the Services rendered and will list all reimbursable charges, expenses and costs. Client will pay all invoices within 30 days. Invoices not paid within 30 days of receipt are subject to the lesser of 1.5% interest or the highest rate allowed by law.

3.4 Payroll Fee. Client will pay all payroll fees directly to the payroll agency and the fee is not included in ICON School Management's compensation.

SECTION 4. TERM

This Agreement is effective commencing on the latter of the parties' signature dates to this Agreement, and, unless otherwise provided in the SOP, will continue until terminated pursuant to Section 5 below.

SECTION 5. TERMINATION OF AGREEMENT

5.1 Termination upon Breach. This Agreement may be terminated by either party upon written notice to the other party, in the event the other party materially breaches any obligation hereunder and the breaching party fails to cure within 30 days after written notice of the breach.

5.2 Termination upon Insolvency. This agreement will automatically terminate if Client ceases doing business as a going concern, is insolvent, makes an assignment for the benefit of creditors, and fails to pay its debts as they become due, offers a settlement to creditors or calls a meeting of creditors for any such purpose, files a voluntary petition for bankruptcy, is subject to an involuntary petition for bankruptcy, is adjudicated bankrupt or insolvent, or has filed against it a petition seeking reorganization, arrangement or composition under any law or regulation.

5.3 Effect of Termination. Upon any termination of this Agreement, any and all rights and obligations of the parties under this Agreement will terminate, provided that all rights or obligations for payment of compensation earned and unpaid prior to termination, or reimbursement of reimbursable charges, expenses and costs incurred prior to termination, and that Sections 3, 5, 6, 7, 8 and 9, and any other right or obligation which by its nature or express duration extends beyond the termination of this Agreement, will survive termination and continue in effect indefinitely. The provisions of this Agreement that do not survive termination will nonetheless be controlling on, and will be used in construing and interpreting the rights and obligations of the parties with regard to any dispute, controversy or claim which may arise under, out of, in connection with, or relating to this Agreement.

JUDGMENT

On August 23, 2022, in Department 82 of the Los Angeles County Superior Court, the Honorable Mary H. Strobel presiding, the Court heard the Verified Petition for Writ of Mandate filed by Petitioner Equitas Academy Charter School, Inc., a California nonprofit public benefit corporation ("Equitas" or "Petitioner"), against Respondents Los Angeles Unified School District ("LAUSD"), the Board of Education of the Los Angeles Unified School District ("LAUSD Board"), and Alberto Carvalho, in his capacity as Superintendent (collectively, the "Respondents").

John C. Lemmo, Esq. of Procopio, Cory, Hargreaves & Savitch LLP appeared on behalf of Petitioner. Erin Marie Hamor, Esq., Courtney de Groof, Esq., and Edward Sklar, Esq. of Lozano Smith appeared on behalf of Respondents. After hearing the evidence and arguments presented by counsel, and the cause having been argued and submitted for decision, the Court adjudges as follows:

IT IS ORDERED, ADJUDGED AND DECREED:

1. The Verified Petition for Writ of Mandate is GRANTED IN PART, in accordance with the Court's Minute Order attached hereto and incorporated herein. Education Code Section 47605(b) imposed a mandatory duty on the LAUSD Board to deem the petition to establish Equitas Academy 7 as a charter school (the "EQ7 Charter Petition") received on March 30, 2022. Any contrary local policy of Respondents under which Respondents did not have a mandatory duty to deem the EQ7 Charter Petition received conflicts with state law, and is preempted and void.

2. Respondents shall receive Equitas's EQ7 Charter Petition and certification of completeness in accordance with Education Code section 47605(b), which are deemed received on March 30, 2022. The statutory timelines set forth in section 47605(b) will commence on the date the Writ of Mandate is issued by this Court, as follows:

   a. Within sixty (60) days of issuance of the Writ of Mandate, the LAUSD Board shall hold a public hearing on the provisions of Equitas's EQ7 Charter Petition in accordance with Education Code section 47605.

b. Within ninety (90) days of issuance of the Writ of Mandate, the LAUSD Board shall either grant or deny Equitas's EQ7 Charter Petition in accordance with Education Code section 47605.

3. The Verified Petition for Writ of Mandate's prayer for a writ directing Respondents to "set aside any District-promulgated requirement, restriction or limitation inconsistent with or contrary to the mandate of Education Code section 47605(b) requiring that a charter petition is received by the District Board in accordance with that statute" is forfeited for purposes of this writ petition, and is therefore denied.

4. The Court shall exercise continuing jurisdiction over this action to ensure that the Respondents comply with this Judgment and Writ of Mandate.

5. Petitioner is the prevailing party in this action for the purpose of recovery of costs pursuant to Code of Civil Procedure sections 1032 and 1033.5.

Judgment is entered in favor of Petitioner and against Respondents. A writ shall issue ordering Respondents to ta e action in accordance with paragraph 2 above.

Background and Procedural History

Education Code Section 47605(b)

This petition concerns the statutory process by which the governing board of a school district "receives" and acts upon a petition for establishment of a charter school within the school district. The central statutory provision is found in Education Code section 47605(b), which provides in pertinent part:

(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. A petition is deemed received by the governing board of the school district for purposes of commencing the timelines described in this subdivision on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete. (bold italics added.)

"[S]ection 47605 establishes a comprehensive process for approval of charter petitions, spelling out precisely what is expected of a charter applicant." (United Teachers of Los Angeles v. Los Angeles Unified School Dist. (2012) 54 Cal.4th 504, 526.)

in accordance with Education Code section 47605. (Ford Decl. ¶ 2.) Petitioner planned to open Equitas Academy 7 ("EQ7") as its seventh school in time for the 2022-2023 school year. Petitioner's charter petition for EQ7 is the subject of this action. (Id. ¶ 5.)

Petitioner met with LAUSD staff on March 30, 2022, at an intake appointment, and submitted its petition to establish EQ7 as a charter school within LAUSD ("EQ7 Petition" or "petition"). Petitioner submitted a signed certification of completeness stating that Petitioner deemed the petition to be complete. Petitioner also submitted thousands of pages of additional documentation in support of the petition. (Ford Decl. ¶ 4; see AR 324 [certificate of completeness]; AR 146-12329 [entire petition].) Petitioner utilized a LAUSD-required template for the certificate of completeness. (Ford Decl. ¶ 4.)

LAUSD staff conducted the March 30 intake appointment via Zoom. Over several hours, LAUSD staff assessed the completeness or sufficiency of the EQ7 Petition. Ultimately, LAUSD staff notified Petitioner (via Zoom) that, in staff's opinion, a portion of the submittal supporting the EQ7 Petition was incomplete. Therefore, LAUSD staff informed Petitioner that the EQ7 Petition was not "received" by LAUSD or the Board. (Ford Decl. ¶¶ 4-5; Aguilar Decl. ¶¶ 9-15.)

After the March 30 intake appointment concluded, LAUSD staff sent Petitioner a copy of its "2021-2022 New Independent Charter School Petition Application Intake Checklist" (the "Checklist") concerning the EQ7 Petition. The Checklist states that the EQ7 Petition was deemed an "Incomplete petition – not accepted for review." (Ford Decl. ¶ 6; AR 10.)

Luis Aguilar, a LAUSD specialist in the LAUSD Charter School Division ("CSD"), was assigned to the team that reviewed the EQ7 Petition. (Aguilar Decl. ¶ 15.) The Checklist states that Aguilar conducted the "intake" for the EQ7 Petition. (AR 10.) In a declaration, Aguilar describes LAUSD's determination that the petition was incomplete, as follows: [T]he EQ7 Petition submission did not completely address the requirement to include evidence of community engagement with all required stakeholder groups. Therefore, pursuant to the District's Charter School Policies, the EQ7 Petition did not include all required components for a complete charter petition submission to the District, thus the statutory timelines described in Education Code section 47605, subdivision (b) did not commence on March 30, 2022." (Aguilar Decl. ¶ 15.)

In his declaration, Aguilar also describes the LAUSD policies and procedures that apply to

LAUSD's review of charter school petitions. He further summarizes certain communications between Petitioner and LAUSD staff, starting March 15, 2022, related to Petitioner's EQ7 Petition. Where relevant, this evidence is discussed in the Analysis section below. (Aguilar Decl. ¶¶ 1-9.)

LAUSD Confirms Refusal to Receive EQ7 Petition in Legal Correspondence

On April 4, 2022, through counsel, Petitioner requested that LAUSD reconsider its position and confirm that the EQ7 Petition was "received" and will be acted upon by the District Board pursuant to Education Code section 47605(b). (AR 13.)

On April 8, 2022, LAUSD's General Counsel, Devora Navera Reed, responded to Petitioner and reiterated LAUSD's position that the EQ7 Petition was "not considered received for purposes of starting the statutory timelines outlined in Education Code section 47605(b)." (AR 15.) Reed explained LAUSD's legal position as follows:

Contrary to the assertions made in the Equitas Letter, the Policy intake appointment requirements adopted by the LAUSD Board of Education are consistent with all applicable legal requirements including the Charter Schools Act (Ed. Code § 47600 et seq.) and made pursuant to the District's discretionary control over the adoption and implementation of the policies and procedures governing charter schools.

The Policy enshrined specific intake requirements, among other things and as referenced below, for all LAUSD authorized and prospective charter schools to ensure that LAUSD consistently, effectively and meaningfully considered and processed each petition application accordingly.

(AR 14-15.)

Reed quoted an LAUSD policy, which states in pertinent part: "At the intake appointment, CSD staff will determine if the petition is complete…. If the petition is deemed complete at the intake appointment, the CSD will commence its review and analysis of the petition in accordance with the standards and criteria set forth in the Charter Schools Act. (Ed. Code, § 47605.)." (AR 15 [bold italics in original].)

Reed then explained LAUSD's staff's decision not to receive the EQ7 Petition as follows:

Consistent with the authority above that empowers the District with control of the application approval process, the District's Charter Schools Division reviewed Equitas 7's petition application at the intake appointment and made an appropriate determination regarding the petition's completeness for purposes of proceeding with the review and analysis under Education Code section 47605. The District's Charter Schools Division specifically determined that Equitas 7's petition application was deemed incomplete because Equitas 7 failed to include all the necessary components of the Community Impact Assessment section of the New Independent Charter School Petition Application Intake Checklist ("Checklist"). (AR 15 [bold italics and italics in original].)

Writ Proceedings

On April 29, 2022, Petitioner filed its verified petition for writ of mandate. Respondents have answered. On July 8, 2022, Petitioner filed its opening brief in support of the petition and supporting declaration. The court has received Respondents' opposition brief and supporting declarations, Petitioner's reply, the joint administrative record (hereafter cited as "AR"), and the joint appendix.

Standard of Review; and Summary of Applicable Law

The petition for writ of mandate is brought pursuant to CCP section 1085. There are two essential requirements to the issuance of an ordinary writ of mandate under Code of Civil Procedure section 1085: (1) a clear, present, and ministerial duty on the part of the respondent, and (2) a clear, present, and beneficial right on the part of the petitioner to the performance of that duty. (California Ass'n for Health Services at Home v. Department of Health Services (2007) 148 Cal.App.4th 696, 704.) "An action in ordinary mandamus is proper where … the claim is that an agency has failed to act as required by law." (Id. at 705.)

"Generally, mandamus is available to compel a public agency's performance or to correct an agency's abuse of discretion when the action being compelled or corrected is ministerial." (AIDS Healthcare Foundation v. Los Angeles County Dept. of Public Health (2011) 197 Cal.App.4th 693, 700.) "Mandamus does not lie to compel a public agency to exercise discretionary powers in a particular manner, only to compel it to exercise its discretion in some manner." (Ibid.)

"A ministerial act is an act that a public officer is required to perform in a prescribed manner in obedience to the mandate of legal authority and without regard to his own judgment or opinion concerning such act's propriety or impropriety, when a given state of facts exists." (Kavanaugh v. West Sonoma County Union High School Dist. (2003) 29 Cal.4th 911, 916.)

"Even if mandatory language appears in [a] statute creating a duty, the duty is discretionary if the [public entity] must exercise significant discretion to perform the duty."' (AIDS Healthcare Foundation v. Los Angeles County Dept. of Public Health (2011) 197 Cal.App.4th 693, 701.) "While a writ of mandate may issue to compel compliance with a ministerial duty - an act the law specifically requires - it may not issue to compel an agency to perform that legal duty in a particular manner, or control its exercise of discretion by forcing it to meet its legal obligations in a specific way." (Marquez v. State Dept. of Health Care Services (2015) 240 Cal.App.4th 87, 118-119.)

"'On questions of law arising in mandate proceedings, [the court] exercise[s] independent judgment'…. Interpretation of a statute or regulation is a question of law subject to independent review." (Christensen v. Lightbourne (2017) 15 Cal.App.5th 1239, 1251.)

Petitioner bears the burden of proof and persuasion in a mandate proceeding brought under CCP section 1085. (California Correctional Peace Officers Assn. v. State Personnel Bd. (1995) 10 Cal.4th 1133, 1154.)

Analysis

Petitioner contends that LAUSD's Board has a ministerial duty to "receive" a charter petition "on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete." (Opening Brief ("OB") 13, citing § 47605(b).) Because Petitioner submitted the EQ7 Petition to LAUSD and a signed certification that it deemed the petition to be complete (Ford Decl. ¶ 4; AR 324), Petitioner contends that Respondents had no discretion to refuse to receive the EQ7 Petition. (OB 13-14.) Respondents contend that the relevant language from section 47605(b) is not mandatory and that "District retains some discretion over charter petition receipt—namely, what constitutes a complete charter petition application to LAUSD." (Oppo. 12.) The court agrees with Petitioner that section 47605(b) imposed a mandatory duty on Respondents to deem the EQ7 Petition "received" on March 30, 2022, the date it was submitted to LAUSD with a signed certificate of

completeness. The court will grant the petition.

Rules of Statutory Interpretation

The petition raises questions of statutory interpretation. "The rules governing statutory construction are well settled. We begin with the fundamental premise that the objective of statutory interpretation is to ascertain and effectuate legislative intent. [Citations.] To determine legislative intent, we turn first to the words of the statute, giving them their usual and ordinary meaning. [Citations.] When the language of a statute is clear, we need go no further. However, when the language is susceptible of more than one reasonable interpretation, we look to a variety of extrinsic aids, including the ostensible objects to be achieved, the evils to be remedied, the legislative history, public policy, contemporaneous administrative construction, and the statutory scheme of which the statute is a part." (Nolan v. City of Anaheim (2004) 33 Cal.4th 335, 340.)

When interpreting a statute, the court must construe the statute, if possible to achieve harmony among its parts. (People v. Hull (1991) 1 Cal. 4th 266, 272.) The court "must select the construction that comports most closely with the apparent intent of the Legislature…." (People v. Jenkins (1995) 10 Cal.4th 234, 246.)

The Plain Language of Section 47605(b)

Section 47605(b) imposes timelines by which a governing board "shall" hold a public hearing and "shall" either grant or deny a charter petition. These timelines are triggered by the date the governing board receives a petition. The statute specifies when a charter petition is considered received. "A petition is deemed received by the governing board of the school district for purposes of commencing the timelines described in this subdivision on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete."

The statute defines when a charter petition is "deemed received." The Legislature identified only two requirements for a petition to be deemed received: (1) the petitioner submits the petition to the district office; and (2) the petitioner submits a signed certification that the petition deems the petition to be complete. Notably, the Legislature did not state that the district board or district office may determine whether a petition is complete. Nor did the Legislature set forth any factors or legal standard for a district board to apply to determine whether a petition is "complete."

Rather, the Legislature only required a signed certification of completeness from the petitioner.

The only reasonable interpretation of this statutory language is that a charter petition is conclusively presumed to have been received by the district board on the day the petitioner submits the petition to the district office, along with a signed certificate of completeness. "[C]ases construing the term 'deemed' have held … that the meaning of 'deemed' is that the deemed state of affairs is conclusively presumed to exist." (Parmett v. Sup.Ct. (1989) 212 Cal.App.3d 1261, 1266.)

Respondents contend that section 47605(b) is ambiguous in that the Legislature used the verb "is" rather than "shall be" or "may be" prior to the word "deemed." Respondents point out that the Legislature used the mandatory verb "shall" in the same subdivision at issue, but not in the sentence defining when a petition is complete. (Oppo. 12.) The court is not persuaded by either argument.

Unlike the auxiliary verb "may," the auxiliary verb "is" does not express the possibility of an event or action. Rather, "is" connotes a present or existing condition. Thus, the phrase "is deemed received" connotes a conclusive standard of completeness if the two statutory requirements discussed above are met. The Legislature's use of the mandatory verb "shall" to define certain duties of the district board, but the phrase "is deemed received" to trigger the timelines for board action, does not suggest that the Legislature intended to create a discretionary duty to determine the date on which a petition was filed. Rather, the statutory language shows that the Legislature sought to establish a clear and consistent standard of when a charter petition is "received" "for purposes of commencing the timelines" under which the board must act on the petition.

As argued persuasively by Petitioner, Respondents' interpretation of section 47605(b) improperly ignores language in the statute and inserts language not present. (Reply 3-6; see also OB 9-13.) "When interpreting statutory language, we may neither insert language which has been omitted nor ignore language which has been inserted." (See People v. National Auto. and Cas. Ins. Co. (2002) 98 Cal.App.4th 277, 282.) Respondents contend that, pursuant to section 47605(b), "the District must logically exercise discretion, per the Act and its Charter School Policies, to determine whether a charter petition application does, in fact, contain all necessary components, before commencing to process it." (Oppo. 13.) Respondents make clear that they believe school district staff have such discretion. (See Oppo. and Aguilar Decl. generally.)

However, section 47605(b) includes no language imposing duties or conferring discretion on school district staff. The statute speaks exclusively of the mandatory duties of the "governing board." Moreover, the statute includes no language suggesting that the even the board may "exercise discretion" with respect to the date of receipt of a charter petition.

Respondents also construe section 47605(b) in a manner that would render statutory language superfluous. If school districts have discretion under section 47605(b) to determine whether a charter petition is "compete," that would render the second requirement in section 47605(b)—the petitioner's certification of completeness—meaningless. As discussed below, the Legislature specifically amended the statute in 2019 to add the requirement of a certification of completeness. "[I]nterpretations which render any part of a statute superfluous are to be avoided." (Young v. McCoy (2007) 147 Cal.App.4th 1078, 1083.)

Based on the foregoing, the court finds the plain language of section 47605(b), as applied to this case, to be unambiguous. The Legislature identified only two requirements for a petition to be deemed received: (1) the petitioner submits the petition to the district office; and (2) the petitioner submits a signed certification that the petition deems the petition to be complete. The statute confers no discretion on the district board or district staff to determine whether the petition is "complete" or to refuse to receive the petition if the statutory requirements are met. It is undisputed that Petitioner satisfied these two requirements when it submitted the EQ7 Petition and a signed certificate of completeness to LAUSD on March 30, 2022. (See Ford Decl. ¶ 4; Aguilar Decl. ¶ 14; AR 324 [certificate of completeness]; AR 146-12329 [entire petition].) Pursuant to statute, the EQ7 Petition is conclusively "deemed received" on that date. Respondents lacked discretion to refuse to receive the petition.

Legislative History of Section 47605(b) and Public Policy

"If the statutory language is unambiguous, we presume the Legislature meant what it said, and the plain meaning of the statute controls." (Conservatorship of Whitley (2010) 50 Cal.4th 1206, 1214; see also Friends of Juana Briones House v. City of Palo Alto (2010) 190 Cal.App.4th 286, 303-304 ["If the language "is clear and unambiguous our inquiry ends".]) Because section 47605(b) is unambiguous as applied to this case, the plain language controls and the court need not consider extrinsic aids, including legislative history.

Even if the court were to consider legislative history, the court would reach the same conclusion.

Prior to 2020, section 47605(b) stated that the timeline for the board to act on the petition commenced when the board received the petition, but it did not specify how or when the board received it. Thus, the prior version of section 47605(b) was ambiguous with respect to when a board "receives" a charter petition. That ambiguity was clarified through a legislative amendment in 2019, which enacted the operative language analyzed above. (See 2019 Cal. Legis. Serv. Ch. 486 (A.B. 1505) (WEST).) Consistent with the court's analysis of the plain language, the legislative history shows intent by the Legislature to establish a clear standard governing receipt of a charter petition by a district board.

Respondents point to a senate committee report which describes how a proposed version of Assembly Bill 1505 would amend the Charter Schools Act to give school districts "greater authority to choose which charter schools are approved in their community." (Oppo. 15, citing RJN Exh. A at 5.) This legislative history is inapposite. Respondents cite no language from this report suggesting that the amended provision regarding the date of receipt of the petition (i.e., "is deemed received") was intended to confer discretion on the district to determine when a petition is received. Notably, the report also states that petitioners "interested in creating a charter school must adhere to a state prescribed application process," not a local one. (RJN Exh. A at 6 [bold italics added].) This report does not support Respondents' interpretation of section 47605(b).

Respondents make public policy arguments why LAUSD staff should have discretion under section 47605(b) to determine whether a charter petition is "complete" and should be deemed received. (Oppo. 13-20.) While these policy arguments are debatable, they are in any event misdirected given the clear and unambiguous language of the statute. These arguments are best made to the Legislature.

Based on the foregoing, section 47605(b) imposed a mandatory duty on Board to deem the EQ7 Petition received on March 30, 2022 and to commence the statutory process specified in section 47605(b) on that date.

LAUSD's Policy Conflicts with Section 47605(b) and is Preempted

Despite the mandatory duty imposed by state law to deem the EQ7 Petition received on March 30, 2022, Respondents contend that LAUSD has promulgated lawful policies and procedures governing the "receipt" of charter petitions and that LAUSD complied with those policies in this case. (Oppo. 14-16.) Respondents contend that these policies are not preempted by state law,

including section 47605(b). (Id. 16-20.) Petitioner contends that any contrary policies of LAUSD are preempted by state law. (OB 11-14.)

"'Under article XI, section 7 of the California Constitution, '[a] county or city may make and enforce within its limits all local, police, sanitary, and other ordinances and regulations not in conflict with general laws.' If otherwise valid local legislation conflicts with state law, it is preempted by such law and is void. A conflict exists if the local legislation duplicates, contradicts, or enters an area fully occupied by general law, either expressly or by legislative implication. Local legislation is 'duplicative' of general law when it is coextensive therewith. Similarly, local legislation is 'contradictory' to general law when it is inimical thereto. Finally, local legislation enters an area that is 'fully occupied' by general law when the Legislature has expressly manifested its intent to 'fully occupy' the area, or when it has impliedly done so in light of one of the following indicia of intent: '…." (San Diego Gas & Electric Co. v. City of Carlsbad (1998) 64 Cal.App.4th 785, 792-793.)

Similarly, Education Code section 35160 states: "On and after January 1, 1976, the governing board of any school district may initiate and carry on any program, activity, or may otherwise act in any manner which is not in conflict with or inconsistent with, or preempted by, any law and which is not in conflict with the purposes for which school districts are established."

"A local ordinance contradicts state law when it is inimical to or cannot be reconciled with state law." (O'Connell v. City of Stockton (2007) 41 Cal.4th 1061, 1068.)

For the specific issue raised by this writ petition, the preemption analysis is straightforward and requires only a brief discussion. As discussed above, section 47605(b) imposed a mandatory duty on Board to deem the EQ7 Petition received on March 30, 2022. Contrary to Respondents' assertion, section 47605(b) conferred no discretion on LAUSD staff to determine if the EQ7 Petition was complete or to refuse to "receive" the petition. Respondents cite LAUSD Policy and Procedures for Charter Schools, last amended January 25, 2022. (Oppo. 15, citing AR 27.) The Policy and Procedures state, inter alia, that "[a]t the intake appointment, CSD staff will determine if the petition is complete." (AR 27.) To the extent the Policy and Procedures can be interpreted to confer discretion on LAUSD staff to refuse to receive a charter petition that satisfies the two requirements of section 47605(b) discussed above (i.e., submission to district office and signed certificate of completeness), the Policy and Procedures directly contradict section 47605(b) and are inimical thereto. Section 47605(b), as interpreted by the court, cannot

be reconciled with a LAUSD policy that confers discretion on CSD staff to refuse to "receive" a charter petition that complies with the two submission requirements discussed above. "If otherwise valid local legislation conflicts with state law, it is preempted by such law and is void." (San Diego Gas & Electric Co., supra, 64 Cal.App.4th at 792-793.)

Respondents contend that the relevant part of the LAUSD Policy and Procedures is "reasonable"; that the Policy and Procedures were lawfully promulgated; and the Charter Schools Act did not fully occupy the field with respect to the application process for charter schools. (Oppo. 16-19.) The court need not analyze these contentions. As discussed, section 47605(b) imposes a mandatory duty on Board to deem the EQ7 Petition received on March 30, 2022. Any contrary policy of LAUSD under which LAUSD did not have a mandatory duty to deem the petition received conflicts with state law and is preempted.

Based on the foregoing, section 47605(b) imposed a mandatory duty on Board to deem the EQ7 Petition received on March 30, 2022. Any contrary local policy of LAUSD is preempted and void.

Remedy

Writ Directing Board to Receive Petition and Commence Statutory Process

Board has a clear, present, and ministerial duty to deem the EQ7 Petition received as of March 30, 2022, and to hold a hearing on the EQ7 Petition, to grant or deny the charter, and perform other duties within the deadlines specified in section 47605(b). Since the petition was deemed received on March 30, 2022, the court agrees with Petitioner that Respondents should be ordered to immediately commence the statutory process and timelines set forth in section 47605(b). (OB 14-15.) The statutory timelines will commence on the date the writ is issued by the court. Accordingly, the court will grant the requested relief in paragraph 1(a)-(c) of the prayer and at page 15 of the opening brief. (See OB 15:10-18.)

Writ Directing Respondents to Set Aside a Policy

In addition to the writ requiring Respondents to receive the EQ7 Petition, Petitioner also requested in the prayer a writ directing Respondents to "[s]et aside any District-promulgated requirement, restriction or limitation inconsistent with or contrary to the mandate of Education

Code section 47605(b) requiring that a charter petition is received by the District Board in accordance with that statute." (Pet. Prayer ¶ 1.)

However, Petitioner did not address this prayer for relief in the opening brief or reply. The court considers the issue forfeited for purposes of this writ petition. (Nelson v. Avondale HOA (2009) 172 Cal.App.4th 857, 862-863 [argument waived if not raised or adequately briefed]; Pfeifer v. Countrywide Home Loans, Inc. (2012) 211 Cal.App.4th 1250, 1282 [same].)

Conclusion

The petition is GRANTED IN PART. The court will grant the requested relief in paragraph 1(a)-(c) of the prayer and page 15 of the opening brief. Specifically, the court will grant a writ directing Respondents to "(1) receive Equitas's EQ7 Petition and certification of completeness in accordance with Education Code section 47605(b); (2) commence the 60-day timeline for the District Board to hold a public hearing on the provisions of the charter, and in fact hold that public hearing in accordance with Education Code section 47605; and, (3) commence the 90-day timeline for the District Board to either grant or deny the charter, and in fact take that action one way or the other in accordance with Education Code section 47605." (OB 15:10-18.) The statutory timelines in section 47605(b) will commence on the date the writ is issued by the court.
