California Department of Education
Charter Schools Division
Created 05/2020

Appeal to the State Board of Education Petitioner Checklist

Instructions: The State Board of Education (SBE) requests the petitioner or its designee to complete this form when submitting an appeal for the establishment or renewal of a charter school petition to the SBE after district and county denial, pursuant to *Education Code* (*EC*) sections 47605(k)(2)(A) and 47607.5, respectively.

Note: The process for the review of an appeal of an SBE-authorized charter school and/or a school lacking an independent county board of education is different; this form does not apply.

Petition Information

Charter School Name: Vista Legacy Global Academy

Street Address: 2900 W. Temple Street

City: Los Angeles County: Los Angeles Zip Code: 90026

Establishment Appeal: ☒

Renewal Appeal, per the following *EC* Section:

☐ 47607(c)(2) ☐ 47607(c)(7)

☐ 47607.2(a) ☐ 47607.2(b)

Name of Denying District: Los Angeles Unified School District

Re: Vista Legacy Global Academy: Appeal of Charter Petition Denial

Dear Members of the County Board and Superintendent Duardo:

As petitioners for Vista Legacy Global Academy ("VLGA"), we respectfully submit this appeal of charter petition denial to the Los Angeles County Board of Education ("County Board") for review and approval pursuant to Education Code section 47605(k)(1) and 5 C.C.R. section 11967. Enclosed with this letter are all of the documents required for a charter appeal to the County Board and in the format we understand is required by the Los Angeles County Office of Education.

VLGA will be operated by Vista Charter Public Schools ("VCPS"), which has been successfully operating charter schools in Southern California for over a decade. Our program works, and we know what it takes to be successful serving our target student population of predominantly socioeconomically disadvantaged students, English learners, and other historically underserved student groups. This is evidenced by three separate district or county governing boards (the Orange County Board of Education, the Anaheim Elementary School District Board of Education, and the Los Angeles Unified School District ("LAUSD") Board of Education) fully approving and finding our VCPS charter petitions to be legally and substantively sufficient. We recently expanded to serving the high school grades in Orange County due to demand from parents for a full TK-12 grade span of VCPS schools. The same level of parent demand exists in the Echo Park community of Los Angeles, and we intend to meet that demand by opening VLGA.

Although the LAUSD Board cited three statutory findings in support of its denial of the VLGA charter, it appears the real driving force behind the denial is LAUSD's declining enrollment. Board Member Dr. George McKenna stated during the November 15, 2022 meeting that he could not vote in favor of opening a new school when LAUSD's declining enrollment is at the highest point in his career. This is completely unfair and is **not** an appropriate basis to deny a quality charter petition. If it were, LAUSD could systematically deny every single charter petition that comes before it, no matter how high quality and beneficial to students it might be. This *de facto* moratorium on new charter schools would deprive countless Los Angeles families of the opportunity to enroll their child in a quality school of their choice. As Board Member Melvoin highlighted during the November 15th meeting, the vast majority of the LAUSD schools in the Echo Park and surrounding communities are performing below the state

Collin Felch, Ed.D., Asst. Superintendent

average in **both** ELA and Math. The focus should be on supporting high quality schools where students can succeed, as opposed to simply supporting the status quo.

We urge the County Board to reject LAUSD's *de facto* moratorium on new charter schools in Los Angeles, and to approve the VLGA charter petition. Our families deserve the opportunity to choose where their child pursues their high school education.

THE VLGA CHARTER IS CONSISTENT WITH SOUND EDUCATIONAL PRACTICE AND NOT ONLY MEETS, BUT EXCEEDS THE CRITERIA FOR APPROVAL

In reviewing our charter petition, we understand the County Board is guided by the intent of the Legislature that charter schools are an integral part of the California educational system and that charter schools should be encouraged. The standard is that a County Board "shall grant" a charter petition if it is consistent with sound educational practice. A County Board "shall not deny" a petition unless it makes written factual findings to support one of the statutory grounds for denial. In this way, the default position under the law is for approval of a charter petition, absent specific findings to the contrary. We believe the County Board should be confident that the VLGA charter meets the legal standard for approval. The following paragraphs explain why each of the permissible statutory findings do not support denial of the VLGA charter petition:

47605(c)(1) **The VLGA charter petition presents a sound and proven educational program that has already been successful in Los Angeles.**

The State Board of Education ("SBE") has promulgated regulations establishing criteria for evaluating a charter under 5 C.C.R. section 11967.5.1.[1] What is considered to be an "unsound educational program" is narrowly defined. A program is considered "unsound" only if it is likely to cause physical, educational, or psychological harm to students or if it is likely to be of no educational benefit to the students who attend. (5 C.C.R. § 11967.5.1(b)(1)-(2).) None of those factors are relevant to the VLGA charter, and none were documented by LAUSD in its denial.

The mission of VLGA is to create a college and career preparatory learning environment that allows students to have power in developing their identity within personal, interpersonal, and educational realms as they pursue a pathway of study in Health Science, Business, or Climate Change. We will achieve our mission based on extensive research and the Framework for Student Engagement, through a unique combination of global competence, STEAM preparedness, and Social Emotional learning. At VLGA, we believe that if students are to successfully enter into college and career, they should be educated in a way that prepares them to be adaptable, creative, critical thinkers. Students must be equipped with the basic attributes and technological skills that will allow them to pursue current innovative occupations, and they must be nimble enough to take advantage of opportunities that may not

[1] The SBE's regulations do not apply to LAUSD's or the County Board's review of a charter petition, but they are often used by governing boards as guidance.

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

Collin Felch, Ed.D., Asst. Superintendent

even exist yet. VLGA will create an environment with high expectations for students to ensure they remain engaged and have the tools to succeed. There is no doubt that our unique program will be of educational benefit to the students who choose to attend.

47605(c)(2) Petitioners are demonstrably likely to successfully implement the sound educational program set forth in the VLGA charter petition.

Under the SBE's regulations, whether a petitioner is "demonstrably unlikely to successfully implement the program" refers to a charter operator's inability to run a successful school; *i.e.*, whether the operator has a history of running charters that have been revoked, whether the operator is unfamiliar with the charter or charter law, whether the operator's financial and operational plan is realistically able to be implemented, and whether the operators have an adequate educational background. (See 5 C.C.R. § 11967.5.1(c).)

VCPS is led by experienced, passionate, and qualified individuals with significant experience in charter schools and public education. VCPS has successfully operated in Los Angeles and Orange County for more than a decade, and we continue to attract hundreds of families each year who are interested in our unique educational program. The financial and operational plans for VLGA are solid and based on years of experience operating charter schools in this community and other similar communities. Petitioners are familiar with all of the various aspects of the charter petition and the charter laws that are applicable to them. This is not a proposal for a brand new educational program to be run by a novice group of educators. VCPS knows what it takes to be successful—we have been doing it for years.

47605(c)(3) The VLGA charter petition contains the number of signatures required by law.

This is a cut-and-dry requirement, and the charter petition for VLGA was signed by the required number of parents and by the required number of teachers.

47605(c)(4) The VLGA charter petition contains an affirmation of each of the conditions required by law.

The VLGA charter provides clear, unequivocal affirmations of each of the conditions under Education Code section 47605(e), as well as many other conditions. VCPS is fully committed to continue operating lawfully, transparently, and in the best interests of our community.

47605(c)(5) The VLGA charter petition contains reasonably comprehensive descriptions of all required elements.

A charter is "reasonably comprehensive" when it is "substantive," includes "essentially all aspects of the elements," is "specific to the charter petition being proposed," and describes how the

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street
Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

school will provide and improve learning, hold itself accountable, and compete with other public schools. (5 C.C.R. § 11967.5.1(f).) The 240-page VLGA charter does all this and much more. Each element of our charter was thoughtfully crafted by experienced educators to give the authorizer an accurate portrait of what VLGA will look like academically and operationally. The VLGA charter is much more detailed and comprehensive than many charters that have been approved by LAUSD and the County Board over the years.

47605(c)(6) The VLGA charter petition contains a declaration that the charter school shall be deemed the exclusive public employer of the employees of the school for purposes of the Educational Employment Relations Act.

This is also a cut-and-dry requirement, and the charter for VLGA provides the required affirmation in a clear and unequivocal manner.

47605(c)(7) VLGA <u>will</u> serve the interests of the entire community in which the school is proposing to locate.

A charter may only be denied with this finding if there are "demonstrable" facts supporting that the charter is unlikely to serve the interests of the entire community when viewing the totality of the circumstances. A charter cannot be denied for superficial reasons such as the district's own declining enrollment, or because the district decides that the charter school's program is not unique enough, or that the district plans to offer a similar program in future years. It cannot be denied simply because the charter school's program could theoretically be replicated, and it cannot be denied simply because there are other schools in the community with capacity for more students. If this were the law, it would allow a school district to arbitrarily and unilaterally shortchange parents by denying them quality schools of choice in every instance—a *de facto* moratorium on all new charter schools.

When analyzing this finding, the County Board must advance the state's fundamental constitutional, statutory, and administrative policy on public education: to prioritize and advance student learning and academic achievement, particularly for traditionally underserved students. Simply put, <u>all</u> decisions must consider what is best for students; not just the district's own financial bottom line. Public education dollars are not assured to school districts—the funds follow the students. There is a strong demand from parents in the Echo Park community for a full TK-12 grade span of VCPS charter schools, and we are ready and able to fulfill that demand by opening VLGA.

47605(c)(8) LAUSD is in a position to absorb the minimal, if any, fiscal impact of VLGA.

This finding is, for all practical terms, inapplicable. There is no doubt that LAUSD—a school district that served approximately 548,338 students in 2021-22[2]—is in a position to absorb the extremely minimal fiscal impact of VLGA.

Required Documents: Appeal of a Denied Charter Petition to Establish

Directions:

- Submit all documents within the submission package noted below simultaneously in a loose-leaf (3-ring) binder with numbered dividers inserted to match the sections noted below.
- Continuously page number (paginate) the entire document (excluding dividers) and ensure the pagination is accurately reflected within the Table of Contents.
- Also submit an electronic copy via Flash Drive of all items and sections to directly mirror the hardcopy.
  - Items 1 – 2 may be combined as one file.
  - Table of Contents and each section shall be submitted as separate files.
  - Submit Section III as three separate files (III.1, III.2, III.3).
  - Submit Section IV as ten separate files; budgets and projections must be submitted as unlocked spreadsheets in excel format (displaying formulas).

Submission Package: Submit one set of the following required documents to the Los Angeles County Office of Education (LACOE) Charter School Office (CSO).

Check items submitted and submit this form with petition documents

❒ 1. Completed and signed *Notice of Submission*: *Appeal of a Denied Charter Petition* Form

❒ 2. Completed and signed *Required Documents: Appeal of a Denied Charter Petition* Form

❒ **Table of Contents for Sections I – VII with page numbers**

Section I

❒ I.1 Evidence of the school board's action of denial (signed letter and/or stamped board minutes)

❒ I.2 School board's written Findings of Fact specific to the denied petition

❒ I.3 Petitioner's response to Findings of Fact (optional)

❒ I.4 Evidence the school's governing body approved submission of the petition appeal to the County Board

Section II

❒ A separate narrative containing a description of changes to the petition necessary to reflect the County Board as the authorizer (e.g., special education, dispute resolution, closure procedures, fiscal reporting). Indicate page numbers and elements of changes. *Do not submit as redline or "track-change" petition.*

Section III

❒ III.1 Complete copy of charter petition as denied by local school board (verified by the district)

❒ III.2 All supporting documents to the petition submitted to the district

❒ III.3 Signature page of interested parents or teachers with complete contact information

Section IV

❒ IV.1 Proposed first year operational, including start-up costs, cash-flow, budget narratives and assumptions as denied by the local district board

❒ IV.2 Financial projections for the first five years of operation (multi-year projection) in excel format
(1) Budget Narratives and Assumptions
(2) Three-Year Cash Flow
(3) Staffing Salary Schedule with object codes, position, salary and benefits

- ❒ IV.3 Organizational Chart including CMO (if applicable)
- ❒ IV.4 Copies of the three most recent Independent Financial Audit(s) of 501(c)(3) (if applicable)
- ❒ IV.5 Fiscal Policies with evidence that they were approved by the governing board
- ❒ IV.6 General Ledger for both the non-profit entity holding the charter and the school for the three months prior to petition submission to local district (if applicable)
- ❒ IV.7 Debt Schedule including total principal, interest due and term of debt (if applicable). Include all loans, bonds, lines of credit, inter-company borrowing or transfer agreements including repayment terms, and commitment letters (sale of receivables)
- ❒ IV.8 All Bank Statements including any related foundations such as Parent Teacher Organization (PTO), petty cash accounts with monthly reconciliation for the three months prior to petition submission to local district (if applicable)
- ❒ IV.9 Contracts (if applicable):
  - Board approved contract and share allocated costs agreement (i.e., CMO fees, indirect cost, or any fees charged by the non-profit entity holding the charter)
  - Signed Contracts exceeding $5,000 annually
- ❒ IV.10 Public Charter Schools Grant Program application and budget (if applicable)

Section V

- ❒ V.1 List of Board members and Resumes with contact information for all key individuals (petitioner(s), school leadership, etc.)

Section VI

- ❒ VI.1 Bylaws of 501(c)(3)
- ❒ VI.2 Current Approved and Stamped Articles of Incorporation of 501(c)(3)

Section VII

- ❒ VII.1 Lease/Rental Agreement(s) or Similar Documents (if site has been secured and not included in section III.1)
- ❒ VII.2 Certificate(s) of Occupancy (if site has been secured and not included in section III.1)

Petitioner's certification will provide an assurance that the petition submission is complete. Following the charter submission, LACOE will notify the petitioner in writing of charter submission receipt.

In preparation for a scheduled public hearing, the petitioner shall have no less than five working days to submit redacted versions of sensitive documents. All submission documents are made available to the public as well as the County Board and LACOE staff. It is the petitioner's responsibility to redact sensitive information (i.e, personal contact information, bank account numbers, etc.) and provide a digital version of these redacted documents.

LACOE may conduct a facilities inspection as part of the petition review process or prior to opening, if authorized.

Required Certification

Submission of a petition and this signed document certifies that:

1. The governing board has taken action to approve the submitted appeal of the denied petition, including budget and supporting documents to the County Board.
2. The governing board and lead petitioner(s) have **read, understand, and intend** to adhere to the requirements outlined in this document, the *Overview of the Process for Considering a Charter Petition Received on Appeal**; Los Angeles County Board Policies and Administrative Regulations regarding Charter Schools**; and the *Charter School Monitoring and Oversight Memorandum of Understanding* (MOU)***.
3. The governing board and lead petitioner(s) certify that this charter petition submission is deemed complete, true, and correct.

BOARD OF EDUCATION OF THE CITY OF LOS ANGELES
Governing Board of the Los Angeles Unified School District

REGULAR MEETING STAMPED ORDER OF BUSINESS
333 South Beaudry Avenue, Board Room
1:00 p.m., Tuesday, November 15, 2022

Roll Call

Pledge of Allegiance

Board President's Reports

Student Voices

Labor Partners

Committee Chair Reports

Consent Items

Items for action are assigned by the Board at the meeting to be adopted by a single vote. Any item may be pulled off of the consent calendar for further discussion by any Board Member at any time before action is taken.

Superintendent's Reports

General Public Comment (Approximately 4:00 P.M.)

Providing Public Comment
The Board of Education encourages public comment on the items for action on this Regular Board Meeting agenda and all other items related to the District. Any individual wishing to address the Board must register to speak using the Speaker Sign Up website: https://boardmeeting.lausd.net/speakers, and indicate whether comments will be provided over the phone or in person. Registration will open 24 hours before the meeting. Each action item will allow for seven (7) speakers, except those items for which a Public Hearing will be held will allow for 12 speakers, and 15 speakers may sign up for general Public Comment.

Public comment can be made in-person or by telephone, and members of the public must sign up on-line for either method, as described above. Members of the public can only make remote public comment by calling 213-338-8477 and entering the Meeting ID: **879 7060 8197**.

Each speaker will be allowed a single opportunity to provide comments to the Board, with the exception of public hearings, and shall be given three minutes for their remarks. **Speakers signed up to speak on an agenda item must constrain their remarks specifically to the item or items on the agenda or may be ruled out of order.**

Speakers addressing items not on the agenda will be heard at approximately 4:00 p.m. Speakers commenting on items on the consent calendar will be heard prior to the Board's consideration of the items, and speakers on items not on the consent calendar will be heard when the item is before the Board.

Speakers who do not register online to provide comments may use the following alternative methods to provide comments to Board Members:

- Email all Board Members at boardmembers@lausd.net;
- Mail comments via US Mail to 333 S. Beaudry Ave., Los Angeles, CA 90017; and
- Leave a voicemail message at (213) 443-4472, or fax (213) 241-8953. Communications received by 5 p.m. the day before the meeting will be distributed to all Board Members.

Speakers who have registered to provide public comments over the phone need to follow these instructions:

1. Call 1-213-338-8477 and enter Meeting ID: **879 7060 8197**.at the beginning of the meeting.
2. Press #, and then # again when prompted for the Participant ID.
3. Remain on hold until it is your turn to speak.
4. Call in from the same phone number entered on the Speaker Sign Up website. If you call from a private or blocked phone number, we will be unable to identify you.
5. When you receive the signal that your phone has been removed from hold and or unmuted, please press *6 (Star 6) to be brought into the meeting.

Please contact the Board Secretariat at 213-241-7002 if you have any questions.

Attending the Meeting
Please note there are three ways members of the public may watch or listen this Regular Board Meeting: (1) online (Granicus stream or join the zoom webinar) (2) by telephone by calling 213-338-8477 and entering the Meeting ID: **879 7060 8197**, or (3) in person. *Please note that due to the continued public health risks associated with COVID-19, the Board Room will be operating at reduced capacity.*

2. Board of Education Report No. 076 – 22/23 ADOPTED BY CONSENT VOTE
Procurement Services Division
(Procurement Actions) Recommends approval of actions executed within the delegated authority, including award of Professional Service Contracts; New Contracts; Contract Amendment(s); Low Value - Purchase Orders; Goods and General Services Contracts: Purchase Orders; Low Value - Purchase Orders; District Card Transactions; Rental of Facilities; Travel/Conference Attendance; General Stores Distribution Center; and Book/Instructional Material Purchase Orders; and approve Professional Service Contracts (exceeding $250,000): New Contracts; Contract Amendment; and Goods and General Services Contracts (exceeding $250,000): and New Contracts.

3. Board of Education Report No. 052 – 22/23 ADOPTED BY CONSENT VOTE
Procurement Services Division - Facilities Contracts
(Facilities Contract Actions) Recommends approval of actions executed within the delegated authority of the Superintendent including the approval of the award of one advertised construction contract for approximately $1.4 million; two job order contract amendments totaling $1 million; 23 change orders for approximately $3.5 million; the completion of 16 contracts; the award of 2 informal contracts for $26,674; the award of one professional services contract for $120,000; and extra services and amendments for architectural and engineering contract for $882,716.

Additionally, recommends approval of the contracts and amendments not under the delegated authority, as detailed in Attachment B, for authorization to enter into design-build contracts for comprehensive modernization projects for approximately $36.5 million.

4. Board of Education Report No. 071 – 22/23 ADOPTED BY CONSENT VOTE
Facilities Services Division
(Define and Approve 19 Board Member Priority and Local District Priority Projects and Amend the Facilities Services Division Strategic Executive Plan to Incorporate Therein) Recommends approval of an amendment to the Strategic Execution Plan to define and approve 27 Local District priority projects for a combined budget of $1,030,738.

5. Board of Education Report No. 072 – 22/23 ADOPTED BY CONSENT VOTE
Facilities Services Division
(Define and Approve Seven Projects to Provide Critical Replacements and Upgrades of School Building/Site Systems and Components and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends approval of an amendment to the Strategic Execution Plan to define and approve seven projects that address critical school repair needs for a total budget of $12,921,574.

6. Board of Education Report No. 073 – 22/23 ADOPTED BY CONSENT VOTE
Facilities Services Division
(Define and Approve Four School Cafeteria Upgrade Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends approval of an amendment to the Strategic Execution Plan to define and approve four school cafeteria upgrade projects to modernize food serving lines at Franklin High School, Griffith STEAM Magnet Middle School, Carnegie Middle School and Carson High School for a combined budget of $4,892,610.

7. Board of Education Report No. 074 – 22/23 ADOPTED BY CONSENT VOTE
Facilities Services Division
(Approve the Redefinition of Five Major Modernization Projects at 49th Street Elementary School, Canoga Park High School, Garfield High School, Irving Middle School, and Sylmar Charter High School and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends approval of an amendment to the Strategic Execution Plan to redefine the 49th Street Elementary School, Canoga Park High School, Garfield High School, Irving Middle School, and Sylmar Charter High School Comprehensive Modernization Projects to incorporate the full scopes, budgets, and schedules for a combined budget of $652,297,785.

8. Board of Education Report No. 088 – 22/23 ADOPTED BY CONSENT VOTE
Facilities Services Division
(Authorization to Negotiate and Execute an Agreement with El Camino Real Charter High School for the Facilities Renovation, Technology Upgrade and Marquee Replacement Project) Recommends authorization for District staff to negotiate and execute an agreement with the El Camino Real Charter High School for the Facilities Renovation, Technology Upgrade, and Marquee Replacement Project at the school for an estimated budget of $825,000.

9. Board of Education Report No. 089 – 22/23 ADOPTED BY CONSENT VOTE
Facilities Services Division
(Authorization to Accept Two Million Dollars from the City of Los Angeles for the Benefit of the Athletic Field at Abraham Lincoln Senior High School) Recommends authorization to accept funds from the City of Los Angeles for the exclusive use to provide capital improvements to the athletic field at Abraham Lincoln Senior High School; and Incorporation of the City Funds into the Lincoln High School Comprehensive Modernization Project; and authorize the Chief Facilities Executive and or his designee(s) to execute reasonable instruments for the City Funds and capital improvements to the athletic field at Lincoln including, but not limited to, the memorandum of understanding, design, construction, management, and inspection of the improvements.

10. Board of Education Report No. 093 – 22/23 ADOPTED BY CONSENT VOTE
Accounting and Disbursements Division
(Report of Cash Disbursements, Donations of Money [District], Donation of Money [Associated Student Body], Sponsorship Agreement, Report of Corporate Credit Card Charges) Recommends approval of warrants for things such as salary payments for a total value of $799,993,904.69; the acceptance of six donations to the District totaling $307,162.00; the acceptance of 1 donation to Bell Senior High School in the amount of $333,333.33; the acceptance of 3 donations for the sponsorship of the Superintendent's opening of schools' address totaling $165,000; and the report of charges made against funds of the District totaling $4,849.37 from the quarter ending September 30, 2022.

11. Board of Education Report No. 079 – 22/23 ADOPTED BY CONSENT VOTE
Office of Employee Support and Labor Relations
(Routine Personnel Actions) Recommends approval of 4,985 routine personnel actions such as promotions, transfers, leaves, terminations, etc.

12. Board of Education Report No. 080 – 22/23 ADOPTED
Human Resources Division
(Provisional Internship Permits) Recommends approval of the continuing employment of 58 teachers who are employed under the Provisional Internship Permit requirements, allowing the District to continue to staff subject field shortage classrooms.

13. Board of Education Report No. 087 – 22/23 ADOPTED BY CONSENT VOTE
Personnel Commission
(Reappointment of Devin Osiri to the Personnel Commission) Recommends the reappointment of Devin Osiri, SEIU nominee, to the Personnel Commission of the Los Angeles Unified School District for a three-year term, pursuant to California Education Code Section 45245.

Division of Instruction
(Strengthening Career Technical Education Act [Perkins V] Grant) Recommends ratification of the Strengthening Career Technical Education Act Grant for 2022-23 for $7,020,496.

18. Board of Education Report No. 085 – 22/23 ADOPTED BY CONSENT VOTE
Career Technical Education-Linked Learning
Division of Instruction
(Career Technical Education Incentive Grant 2021-22) Recommends ratification of the Career Technical Education Incentive Grant in the amount of $8,686,490 for the grant term of July 1, 2021 through December 31, 2023.

19. Board of Education Report No. 104 – 22/23 ADOPTED BY CONSENT VOTE
Office of the Chief Strategy Officer
(Renewal of the Partnership for Los Angeles Schools Memorandum of Understanding) Recommends adoption of a renewal Memorandum of Understanding (MOU) between the District and Partnership for Los Angeles Schools (PLAS) which includes additional language aligning PLAS accountability requirements to the new District Strategic Plan goals and increasing the annual accountability for all PLAS schools to undergo a data-driven review of school performance each year. Additional changes include incorporating prior MOU addendums into the master MOU and removing the detached service agreement for District staff employed by PLAS.

20. Board of Education Report No. 105 – 22/23 ADOPTED BY CONSENT VOTE
Division of Special Education
(Approval of the 2022 Comprehensive Coordinated Early Intervening Services [CCEIS] Action Plan) Recommends approval of the submission of the Significant Disproportionality Comprehensive Coordinated Early Intervening Services Plan for the Los Angeles Unified School District to the California Department of Education.

21. Board of Education Report No. 005 – 22/23 PUBLIC HEARING ADOPTED AS AMENDED
Charter Schools Division (Amended to Change the Recommendation from Denial to Approval of the WISH admissions preference for students with low incidence disabilities.)
(Proposed Material Revision for WISH Community) Recommends approval of the material revision of the charter for WISH Community to increase enrollment from 744 to 847 students and recommends denial for an admissions preference for students with low incidence disabilities.

22. Board of Education Report No. 065 – 22/23 PUBLIC HEARING ADOPTED AS AMENDED
Charter Schools Division (Amended to Change the Recommendation from Denial to Approval of the Proposed Material Revision for WISH Academy High.)
(Denial of the Proposed Material Revision for WISH Academy High) Recommends denial of the material revision of the charter for WISH Academy High for an admissions preference for students with low incidence disabilities.

23. Board of Education Report No. 101 – 22/23 PUBLIC HEARING ADOPTED
Charter Schools Division
(Denial of the Proposed New Charter Petition for Equitas Academy 7) Recommends denial of the new petition for Equitas Academy 7, proposed to be located in Board District 5 and Local District Central, and adoption of the attached Findings of Fact In Support of Denial of the Charter.

24. Board of Education Report No. 102 – 22/23 PUBLIC HEARING ADOPTED
Charter Schools Division
(Denial of the Proposed New Charter Petition for Vista Legacy Global Academy) Recommends denial of the new petition for Vista Legacy Global Academy, proposed to be located in Board District 2 and Local District Central, and adoption of the attached Findings of Fact In Support of Denial of the Charter.

Board Member Resolutions for Action

25. Ms. García, Ms. Goldberg, Ms. Gonez - Honoring a Social Justice Warrior by Naming the Mike García Learning Center at the School Site at 1215 Miramar Street in Los Angeles (Res-006-22/23) (Noticed November 1, 2022) ADOPTED AS AMENDED

Whereas, The Los Angeles Unified School District is committed to improving education outcomes for all children, in keeping with its goal for 100 percent graduation and all students being prepared for college, career and life;

Whereas, Mike García was born in April of 1951 in East Los Angeles, he was the son of a Mexican-American working-class family, his father was a factory worker and proud union member;

Whereas, As a student at California State University Northridge, Mike worked his way through

college as a janitor, a key experience that would come to shape his life and passion as a fierce advocate for working families;

Whereas, His career in labor began in 1980, organizing janitors in multiple cities such as San Jose, San Diego and Denver. He understood that immigrant janitors are among the workers most in danger of exploitation. Under Mike García's leadership, a union of immigrants rose to become one of the strongest voices for worker rights and social justice in the state of California;

Whereas, As the leader of Service Employees International Union (SEIU) Local 1877, Mike García led successful Justice for Janitors organizing campaigns for janitors at tech behemoths like Oracle and Apple. In 2000, Mike García led a three-week strike of janitors in Los Angeles, a bold action that led to dramatic gains for those workers and was the impetus for a powerful movement of low-wage workers in Los Angeles that continues to this day;

Whereas, Mike García recognized that investing in creating educational opportunities for his members and their kids was necessary to break the cycle of poverty, therefore he founded the Building Skills Partnership in 2007 to provide members and their families opportunities to comprehensively address the systemic barriers they face in realizing the benefit of social, civic and economic integration;

Whereas, Mike García served as the President of SEIU-United Service Workers West (USWW) between 1988 and 2014. Under his leadership Local 1877 expanded to a new 40,000-member strong statewide union representing property service workers, SEIU-USWW. He led janitors, security officers, and stadium, arena and airport workers in a Justice for All labor movement, a movement that helped workers achieve a more just way of living and working;

Whereas, Mike García's visionary leadership gifted the world a legacy of struggle and conviction rooted in social justice, inspiring generations of students, families, employees and Angelenos to serve and empower our most marginalized communities, including our immigrant community in the city of Los Angeles and beyond;

Whereas, The District-owned school site located at 1215 Miramar Street in the City of Los Angeles (Miramar) adjacent to the Miguel Contreras Learning Complex is in the possession of the District; and

Whereas, Pursuant to District policy and Board Rules, the District reserves the right to name or rename schools or buildings at the District's discretion; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District hereby names the school site at 1215 Miramar Street, Los Angeles as the Mike García Learning Center. We celebrate and commemorate the historical achievements of his life, his transformational leadership, and the inspiration he provides to our students and families~~.~~; and be it further

Resolved, That to honor Gloria García for her support of the Justice for Janitors movement, the Board dedicates the library at the 1215 Miramar school in her name and will be named the "Primera Dama de la Unión! Gloria García Library".

26. Ms. García - Name Change of Brooklyn Elementary School to Brooklyn Avenue School (Res-007-22/23) (Noticed November 1, 2022) ADOPTED BY CONSENT VOTE

Whereas, Brooklyn Elementary School has been a strong community school in East Los Angeles for over 100 years and became a span school over 12 years ago; and

Whereas, The Brooklyn Elementary School has requested an official name change to become Brooklyn Avenue School after a community engagement process; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District approves the name change of Brooklyn Elementary School to Brooklyn Avenue School.

27. Mr. Schmerelson, Dr. McKenna, Ms. Goldberg - Celebrating Substitute Educator's Day (Res-008-22/23) **(Waiver of Board Rule 72)** ADOPTED BY CONSENT VOTE

Whereas, The United States observes a Substitute Educator's Day, which was instituted by the National Education Association (NEA);

Whereas, The purpose of this day is to highlight the role and importance of the substitute teacher by providing information about, advocating for, and helping to increase appreciation and respect for this unique professional;

Whereas, Los Angeles Unified School District substitute school employees play an essential role in the maintenance and continuity of daily education for all students;

Whereas, The unmatched commitment of these professionals is evidenced by the fact that they are willing to be called early in the morning, take over lessons with short notice, and ensure that quality education is maintained in our classrooms;

Whereas, These professional educators provide a critical link in the education of public schoolchildren by serving as a bridge to provide continued quality education to children in the temporary absence of regular classroom educators;

Whereas, Our professional substitutes make a valuable and meaningful contribution to the success of our students by ensuring that the time they spend in school is productive;

Whereas, Substitutes are living examples of flexibility as they adapt to different teaching styles, varied levels of planning and diverse school environments to connect with the students they are called upon to teach on any given day;

Whereas, Substitute teachers are more than purveyors of knowledge in the classroom, they also serve our students as role models and mentors;

Whereas, Although the role of the substitute teacher may be different from that of the regular teacher in some aspects, it is equally demanding, essential and professional; and

Whereas, The District's mission is to provide our students with an education that prepares them to be college and career ready, which cannot be accomplished without our dedicated and hardworking substitute teachers; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District hereby recognizes and celebrates November 18, 2022 as Substitute Educator's Day; and, be it finally

Resolved, That the Board expresses their deep appreciation to all of our substitute educators for the amazing job they do to support our students and schools as integral members of the Los Angeles Unified School District.

Board of Education Report

File #: Rep-102-22/23, **Version:** 1

Denial of the Proposed New Charter Petition for Vista Legacy Global Academy [PUBLIC HEARING]
November 15, 2022
Charter Schools Division

Action Proposed:
Adopt the denial of the new charter petition for Vista Legacy Global Academy ("Charter School"), proposed to be located in Board District 2 and Local District Central, and adoption of the attached *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy*.

Background:
On August 18, 2022, Vista Legacy Global Academy submitted its charter school petition application to the Charter Schools Division seeking to open and operate an independent charter school. The 90-day statutory timeline for Board action on this petition runs through November 16, 2022.

A Public Hearing was held on October 11, 2022.

Vista Charter Public Schools currently operates two LAUSD-authorized independent charter schools: Vista Charter Middle and Vista Horizon Global Academy.
Based on a comprehensive review of the charter petition application and supporting documentation, staff has determined that the charter school petition has not met the requirements set forth in Education Code section 47605 and therefore recommends denial of the petition.

Due Diligence:
Current Vista Charter Public Schools governing board members completed questionnaires regarding conflicts of interest. A due diligence review of the charter school and its governing organization, school leader, and on-site financial manager, was performed by the Office of the Inspector General.

The petition is available for perusal in the Charter Schools Division and online at the District's Board of Education website at https://achieve.lausd.net/Page/18644

Statutory Framework:
Education Code section 47605(c) sets forth grounds for denying a new charter petition. Section 47605(c) states, in part, that "[t]he governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:"

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school. (Ed. Code, § 47605(c)(1).)

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code, § 47605(c)(2).)

(3) The petition does not contain the number of signatures required by subdivision (a) [of Section 47605]. (Ed. Code, § 47605(c)(3).)

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (e) [of Section 47605]. (Ed. Code, § 47605(c)(4).)

(5) The petition does not contain reasonably comprehensive descriptions of all of the [fifteen elements set forth in Section 47605, subdivision (c)(5)]. (Ed. Code, § 47605(c)(5).)

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. (Ed. Code, § 47605(c)(6).)

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. (Ed. Code, § 47605(c)(7).)

(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. (Ed. Code §47605(c)(8).)

Grounds for Denial:
Staff of the Charter Schools Division and the Office of the General Counsel reviewed the new charter petition application for Vista Legacy Global Academy and have assessed that the petition application does not meet the criteria for approval. As fully discussed in the attached *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy*, based on review of the petition and supporting documentation, staff has determined, in accordance with Education Code section 47605(c), the following:

(1) The Petitioners are demonstrably unlikely to successfully implement the program set forth in the petition;

(2) The Petition does not contain reasonably comprehensive descriptions of all required elements; and

(3) The Charter School is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate.

Expected Outcomes:
Denial will prevent the establishment of Vista Legacy Global Academy as an LAUSD-authorized charter school at this time.

Board Options and Consequences:
"Yes" - If the Board adopts the recommendation of denial and the attached *Findings of Fact in Support of Denial of the Charter Petition for Vista Legacy Global Academy,* Charter School would not be authorized to open or operate as a charter school. The petitioners may submit an appeal to the Los Angeles County Board of Education and if denied at the county level may appeal to the State Board of Education on limited grounds specified by law.

"No" - If the Board does not adopt the recommendation of denial and the attached *Findings of Fact in Support of Denial of the Charter Petition for Vista Legacy Global Academy*, and instead takes specific action to approve the new charter petition, Charter School would be authorized to operate as a charter school for the charter term beginning July 1, 2023. Within 30 days, the Board requires that the school submit to the Charter Schools Division a revised charter petition that meets all LAUSD requirements, including but not limited to a reasonably comprehensive description of all fifteen required elements and compliance with current Federal, State and District Required Language.

Policy Implications:
There are no policy implications at this time.

Budget Impact:
State income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure reduction may not occur in such cases. Under Education Code section 47604(d), a school district that grants a charter to a charter school to be operated by, or as, a nonprofit public benefit corporation is not held liable for the charter school's debts or obligations as long as the school district complies with all oversight responsibilities required by law. The District will continue to have monitoring and oversight responsibility for charter school finances, as specified in the Charter Schools Act. Any significant modifications to the charter school's petition or operations that raise financial implications would require a material revision prior to implementation. Petition approval is also contingent upon adequate liability insurance coverage.

If Charter School chooses a non-LAUSD SELPA and signs the applicable Memorandum of Understanding (MOU), the charter school may request specific special education and related services from the District through fee-for-service arrangements that will reflect the calculated cost of the requested services and will be contingent on the District's available resources.

Should Charter School elect to be part of the LAUSD SELPA, any Option election that occurs during the term of Charter School's petition period shall be mutually agreed upon and addressed in an MOU between the Charter School and the District. The Option election shall be effective on July 1 of the next school year with the corresponding fair share contribution.

Staff's fiscal impact analysis is calculated based on multiple sourced assumptions (as reflected below) to provide a projection of Vista Legacy Global Academy's potential fiscal impact to existing District schools in the proposed target community.

Assuming that approximately 30% of the students who plan to attend Vista Legacy Global Academy would have attended an existing LAUSD school, and assuming that Vista Legacy Global Academy meets 69% of its enrollment projections, the expected enrollment loss for the District's schools could be $636,544 (125 students) in the first year and increasing to $2,546,177 (500 students) by the proposed charter school's fifth year of operation (i.e., Fiscal Year 2027-2028). Staff estimates that the average revenue per student is $26,171 in the 2022-2023 academic school year. Multiplying 21% (30% x 69%) of the expected charter enrollment and approximately 94% District average daily attendance (ADA) ratio by this amount over the period of Charter School's proposed charter term equates to $8,911,618. Because District revenue is associated with ADA rather than enrollment (See 5 C.C.R § 402), the estimated revenue loss is not directly proportional to the number of students who would attend Charter School. As a result of lower enrollment to the District schools, any loss of revenue may be offset by possible reductions in expenditures, estimated at 10% of the loss of revenue. Based on the above analysis, Vista Legacy Global Academy's new petition, if approved by the LAUSD Board, could

File #: Rep-102-22/23, **Version:** 1

substantively impact (fiscally) existing District schools in the proposed target community.

Currently, there are fifteen (15) other charter schools serving the similar grade level(s) (Grades 9-12) within the community of Vista Legacy Global Academy's proposed location.

Student Impact:
As stated in the *LAUSD Policy and Procedures for Charter Schools*, "[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for all of its students and public schools," (*Policy*, p.3). Based on a comprehensive review and assessment of Charter School's new petition application, staff has determined that Charter School has not met the requirements for charter school approval and therefore recommends denial of the new petition.

Equity Impact:
Not applicable

Issues and Analysis:
Issues are outlined above and in more detail in the attached *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy*.

NEW CHARTER PETITION

Board of Education Report 102-22/23
November 15, 2022

School Name:	**Vista Legacy Global Academy**		BOARD IS REQUIRED TO TAKE ACTION BY: **November 16, 2022**
Type of Charter School:	**Start-Up Independent Charter School**		
Charter Operator	**Vista Charter Public Schools**		
Location Code:	**Not Available**		
Type of Site(s):	**Private**		
Proposed Site Address:	**2900 West Temple St., Los Angeles, CA, 90026**		
Board District(s):	**2**	Local District(s):	**Central**
Grade Levels Proposed to be Served:	**9-12**	Enrollment Proposed in Charter Petition:	**500**
CONSIDERATION:	**New Charter Petition**		
PROPOSED CHARTER TERM	**July 1, 2023 - June 30, 2028**		
STAFF RECOMMENDATION:	**Denial**		
SUMMARY OF STAFF FINDINGS:	Based on a comprehensive review of the new petition application, staff has determined that the proposed charter school has not met the standards and criteria for approval. ◆ The Petitioners are demonstrably unlikely to successfully implement the educational program set forth in the petition. ◆ The Petition does not contain reasonably comprehensive descriptions of all required elements. ◆ The Charter School is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Please see *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy* for further detail.		

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends Denial of the charter petition for Vista Legacy Global Academy ("Charter School"). The school is proposed to be located in Board District 2 and Local District Central, for five (5) years beginning July 1, 2023 – June 30, 2028, to serve 125 students in grade 9 in the first year of operation, and up to 500 students in grades 9-12 by the end of the charter term.

II. CRITERIA FOR NEW PETITIONS

District staff comprehensively reviews each charter petition application to determine whether the school has met the requirements set forth in Education Code section 47605. Staff must determine whether the submitted petition would be reasonably comprehensive, educationally sound, and demonstrably likely to be successfully implemented. The LAUSD Board shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school. (Ed. Code, § 47605(c)(1).)

2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code, § 47605(c)(2.)

3) The petition does not contain the number of signatures required by subdivision (a) [of Section 47605]. (Ed. Code, § 47605(c)(3).)

4) The petition does not contain an affirmation of each of the conditions described in subdivision(e) [of Section 47605]. (Ed. Code, § 47605(c)(4).)

5) The petition does not contain reasonably comprehensive descriptions of the 15 elements set forth in Section 47605, subdivision (c)(5). (Ed. Code, § 47605(c)(5).)

6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. (Ed. Code, § 47605(c)(6).)

7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. (Ed. Code, § 47605(c)(7).)

8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. (Ed. Code, § 47605(c)(8).)

Please see the *LAUSD Policy and Procedures for Charter Schools* for more information.

III. GENERAL SCHOOL INFORMATION

A. School History

	Vista Legacy Global Academy
Initial Authorization:	Not Applicable
Most Recent Renewal:	Not Applicable
Approved Material Revisions of Current Charter:	Not Applicable
Board Benchmarks in Current Charter Term:	Not Applicable
Submission of New Petition Application:	Vista Legacy Global Academy submitted its new petition application on August 18, 2022. The 90-day statutory timeline for Board action on the petition runs through November 16, 2022.

B. Educational Program

	Vista Legacy Global Academy
Key Features of Educational Program:	Vista Legacy Global Academy proposes to offer a 9-12 educational program, which includes the following features: ◆ A college and career preparatory program including Career Technical Education (CTE) pathways in Health Science, Business, and Climate Change and dual enrollment at colleges/universities ◆ Vista's "Framework for Student Engagement" that incorporates social emotional learning elements such as Way of Council, and instructional strategies such as Kagan strategies, project-based learning, and mastery grading ◆ A focus on teaching "global competencies" and Science, Technology, Engineering, Arts, and Math (STEAM) skills
Master Plan for English Learners and Standard English Learners:	Vista Legacy Global Academy plans to implement its own Master Plan for English Learners and Standard English Learners which includes the following features: ◆ Teachers will implement both integrated and designated English Language Development (ELD) instruction ◆ The school proposes to implement instructional strategies and resources for English Learners such as word walls, use of realia and manipulatives, and computer-based, interactive instructional materials
Special Education SELPA	Vista Legacy Global Academy has not indicated its intent regarding a Special Education Local Plan Area (SELPA) selection.

C. Student Enrollment and Population

Vista Legacy Global Academy proposes to serve students at 2900 West Temple St., Los Angeles, CA 90026, for the first year of the proposed term.

D. Charter School Operator

Vista Legacy Global Academy proposes to be operated by Vista Charter Public Schools, a California nonprofit public benefit corporation that also operates two other LAUSD-authorized charter schools. Vista Charter Public Schools also has four other charter schools authorized in Orange County, California.

IV. STAFF REVIEW AND ASSESSMENT

Based on a comprehensive review of the new petition application, staff has determined that the charter school has not met the standards and criteria for approval. Staff analysis includes the following:

A. Does the new petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition?

No, for reasons more fully set forth in the *Findings of Fact in Support of the Denial of the New Petition for Vista Legacy Global Academy*, petitioners have not fully met these criteria.

1. *Student Achievement and Educational Performance*

a. Summary

As a proposed new charter school, Vista Legacy Global Academy does not have a record of performance in this category.

b. Measurements of Academic Performance on the California School Dashboard

h. Suspension Rate Indicator

Not Available

i. Graduation Rate Indicator [HS Only]

Not Available

j. Chronic Absenteeism Indicator
Not Available

k. English Learner Performance
Not Available

2. ***Annual Oversight Results***

a. Student Achievement and Educational Performance
As a proposed new charter school, Vista Legacy Global Academy does not have a record of performance in this category. However, Vista Charter Middle, currently authorized by the LAUSD Board of Education, which serves grades 6-8, earned a rating of *Developing* on its Annual Performance-Based Oversight Reports in the area of Student Achievement and Educational Performance in 2020-2021. Due to the COVID-19 pandemic, state law suspended the reporting of state indicators on the 2021 Dashboard. Accordingly, a *No Rating* was issued in this category in 2021-2022.

Vista Horizon Global Academy, the organization's other school currently authorized by the LAUSD Board of Education, which serves grades TK-5, received a *No Rating* in the Student Achievement and Educational Performance category in 2020-2021 as the school's first year of operation was 2019-2020 and, thus, had no 2019 California School Dashboard data. Due to the COVID-19 pandemic, state law suspended the reporting of state indicators on the 2021 Dashboard. Accordingly, a *No Rating* was issued in this category in 2021-2022.

b. Governance
As a proposed new charter school, Vista Legacy Global Academy does not have a record of performance in this category. However, Vista Charter Middle and Vista Horizon Global Academy, both earned a rating of *Accomplished* in 2020-2021 and 2021-2022.

c. Organizational Management, Programs, and Operations
As a proposed new charter school, Vista Legacy Global Academy does not have a record of performance in this category. However, Vista Charter Middle earned ratings of *Unsatisfactory* and *Accomplished* in 2020-2021 and 2021-2022, respectively. The rating of *Unsatisfactory* in 2020-2021 was due to completion of Child-Abuse Mandate Reporter training for three staff members outside the legal timeline and one teacher providing instruction prior to obtaining a proper credential.

Vista Horizon Global Academy earned ratings of *Unsatisfactory* and *Developing* in 2020-2021 and 2021-2022, respectively. The rating of *Unsatisfactory* in 2020-2021 was due to completion of Child-Abuse Mandate Reporter training for one staff member outside the legal timeline. The rating of *Developing* in 2021-2022 was due to one teacher lacking appropriate authorization to provide instruction to English Learners.

i. Access and Equity
Not Available

ii. Special Education
Not Available

iii. Additional Information

Vista Charter Public Schools currently operates two charter schools authorized by the LAUSD Board of Education:

- Vista Charter Middle (6-8) which the state has identified as Middle performing (based on the CDE 2020 classification).
- Vista Horizon Global Academy (TK-5) does not have a performance classification.

Vista Charter Public Schools currently operates three charter schools authorized by the Orange County Department of Education:

- Vista Condor Global Academy (TK-5) which the state has identified as Middle performing (based on the CDE 2020 classification).
- Vista Heritage Global Academy (6-12) which the state has identified as Low performing (based on the CDE 2020 classification).
- Vista Meridian Global Academy (9-12) which is scheduled to commence operations in 2023-2024.

Vista Charter Public Schools currently operates one charter school authorized by the Anaheim Elementary School District:

- Palm Lane Global Academy (TK-6) which the state has identified as Middle performing (based on the CDE 2020 classification).

Internal Assessment Data

Vista Charter Public Schools provided 2021-2022 (fall to spring administration) i-Ready Diagnostic Growth reports in Reading and Math for Vista Charter Middle and Vista Horizon Global Academy for students in grades 6-8 and K-5, respectively.

Every Student Succeeds Act (ESSA) requires that all schools and student groups meet the 95 percent participation requirement for English language/arts/literacy (ELA) and Math. In reviewing the i-Ready data provided for Reading, the fall 2021 to spring 2022 i-Ready Diagnostic Growth reports show that Vista Horizon Global Academy's participation rate of 98.9% met the participation rate criterion, however, Vista Charter Middle's participation rate of 88.8% did not meet the participation rate criterion. Similarly, in Math, Vista Horizon Global Academy's participation rate of 98.9% met the participation rate criterion, but Vista Charter Middle's participation rate of 89.6% did not meet the participation rate criterion.

Based on Staff's research (i.e., review of state-level and i-Ready information, conferral with i-Ready representatives), a school that has more than 50% of its students achieving 100% of their Annual Typical Growth[1] targets is demonstrating growth above the norm (with the ultimate goal for a school to meet 100% of students meeting their Annual Typical Growth targets). Thus, Staff assessed the extent to which the charter school's results show at least 50% of all students achieving 100% of Annual Typical Growth.

[1] i-Ready's Typical Growth marks the annual growth of an average student at a given placement. Typical Growth values were derived using the median, or 50th percentile, of student growth at each grade and placement level on the i-Ready Diagnostic.

In reviewing the i-Ready data for Reading provided by Vista Charter Public Schools (notwithstanding the lower participation rate for Vista Charter Middle), the fall 2021 to spring 2022 i-Ready Diagnostic Growth reports show that the percent of students that met Annual Typical Growth was 56% for Vista Horizon Global Academy, and 39% for Vista Charter Middle.

In reviewing the i-Ready data for Math provided by Vista Charter Public Schools (notwithstanding the participation rate below 95% for Vista Charter Middle), the fall 2021 to spring 2022 i-Ready Diagnostic Growth reports show that the percent of students that met Annual Typical Growth was 61% for Vista Horizon Global Academy, and 40% for Vista Charter Middle.

Thus, a majority of Vista Horizon Global Academy's students achieved 100% of Annual Typical Growth. However, less than a majority of Vista Charter Middle's students achieved 100% of Annual Typical Growth (notwithstanding the participation rate below 95%).

Vista Charter Public Schools also provided i-Ready Diagnostic reports for two of its three schools operating in Orange County[2] (Vista Heritage Global Academy and Vista Condor Global Academy, both located in Santa Ana, California). In reviewing the i-Ready data provided for Reading, the fall 2021 to spring 2022 i-Ready Diagnostic Growth reports show that neither Vista Heritage Global Academy's participation rate of 93.6%, nor Vista Condor Global Academy's participation rate of 92.5% met the participation rate criterion. Similarly, in Math, neither Vista Heritage Global Academy's participation rate of 92.6%, nor Vista Condor Global Academy's participation rate of 93.7% met the participation rate criterion. Thus, neither Vista Heritage Global Academy nor Vista Condor Global Academy met the participation rate criterion in either Reading or Math.

In reviewing the i-Ready data for Reading provided by Vista Charter Public Schools (notwithstanding the lower participation rates), the fall 2021 to spring 2022 i-Ready Diagnostic Growth reports show that the percent of students that met Annual Typical Growth was 66% for Vista Heritage Global Academy, and 48% for Vista Condor Global Academy.

In reviewing the i-Ready data for Math provided by Vista Charter Public Schools (notwithstanding the participation rates), the fall 2021 to spring 2022 i-Ready Diagnostic Growth reports show that the percent of students that met Annual Typical Growth was 59% for Vista Heritage Global Academy, and 36% for Vista Condor Global Academy.

[2] Palm Lane Global Academy, serving grades K-6, was an existing charter school that came under the governance of Vista Charter Public Schools via a material revision to the school's charter (approved by the Anaheim Elementary School District Board of Education on 5/11/22). It is not clear whether the school collected internal assessment data in 2021-2022.

i-Ready Diagnostic Growth Results in Reading			
School	**Percent of Students that Met Annual Typical Growth**	**Students Assessed / Total**	**Participation Rate**
Vista Charter Public Schools Authorized by LAUSD			
Vista Charter Middle (data submitted for grades 6-8)	39.0%	316/356	88.8%
Vista Horizon Global Academy (data submitted for grades K-5)	56.0%	88/89	98.9%
Vista Charter Public Schools Authorized by Orange County Department of Education			
Vista Heritage Global Academy (data submitted for grades 5-8)*	66.0%	264/282	93.6%
Vista Condor Global Academy (data submitted for grades K-5)	48.0%	295/319	92.5%

Data Source: i-Ready Diagnostic Growth reports provided by Vista Charter Public Schools

i-Ready Diagnostic Growth Results in Math			
School	**Percent of Students that Met Annual Typical Growth**	**Students Assessed / Total**	**Participation Rate**
Vista Charter Public Schools Authorized by LAUSD			
Vista Charter Middle (data submitted for grades 6-8)	40.0%	319/356	89.6%
Vista Horizon Global Academy (data submitted for grades K-5)	61.0%	88/89	98.9%
Vista Charter Public Schools Authorized by Orange County Department of Education			
Vista Heritage Global Academy (data submitted for grades 5-8)*	59.0%	261/282	92.6%
Vista Condor Global Academy (data submitted for grades K-5)	36.0%	299/319	93.7%

Data Source: i-Ready Diagnostic Growth reports provided by Vista Charter Public Schools

*It is not clear why the school's Diagnostic Growth report included 5th grade data nor why it did not include data for the school's 9th grade students, given the school served students in grades 6-9 in 2021-2022.

d. Fiscal Operations
As a proposed new charter school, Vista Legacy Global Academy does not have a record of performance in this category. On the 2020-2021 and 2021-2022 Annual Performance-Based Oversight Reports, Vista Charter Middle (6-8) and Vista Horizon Global Academy (TK-5) both earned the ratings of *Proficient* and *Accomplished*, respectively.

3. ***Fiscal Management and Performance***
As a proposed new charter school, Vista Legacy Global Academy does not have a record of performance in this category.

a. Summary
Not Available

b. Fiscal Condition
Not Available

c. 2020-2021 Independent Audit Report
Not Available

d. Other Significant Fiscal Information
According to Vista Charter Public Schools' independent audit report for the fiscal year ended June 30, 2021, Vista Charter Public Schools, its related entities, and its charter schools reported positive net assets of $7,445,518 and net income of $2,572,709. Vista Charter Public Schools, without its related entities and its charter schools, reported $0 net assets and net income. Vista Charter Public Schools' 2020-2021 independent audit report reflects positive net assets as of June 30, 2021, for its existing Vista Charter Public Schools charter schools listed below:

(1) Vista Charter Middle[2] (first year of operation: 2010-2011)
(2) Vista Horizon Global Academy[2] (first year of operation: 2019-2020)
(3) Vista Heritage Global Academy[3] (first year of operation: 2015-2016)
(4) Vista Condor Global Academy (first year of operation: 2018-2019)

The following two Vista Charter Public Schools charter schools were not reflected in the Vista Charter Public Schools' 2020-2021 independent audit report:

(1) Palm Lane Global Academy[4] (first year of operation under Vista Charter Public Schools: 2022-2023)
(2) Vista Meridian Global Academy[3] (anticipated first year of operation: 2023-2024)

Currently, the charter schools in the Vista Charter Public Schools network pay no management fees. During 2021-2022, Vista Charter Public Schools charter schools each paid a portion of the actual expenses for shared costs and administrative services, including executive compensation (i.e., the charter organization's Superintendent, Database Administrator, and Director of Special Education and Pupil Services), consulting fees, professional developments, and legal costs that are related to the Vista Charter Public

[2] Currently authorized by LAUSD
[3] Currently authorized by the Orange County Department of Education
[4] Currently authorized by Anaheim Elementary School District

Schools organization as a whole. These costs are allocated based on the average daily attendance (ADA) for each of its schools.

Vista Legacy Global Academy's budget and cash flow projections submitted with its new petition project positive net income and cash balances for the first five years of operation. Vista Legacy Global Academy provided supporting documentation for the school's startup funds, which the petitioner indicates will consist of proceeds from an inter-school loan from Vista Charter Middle, in the amount of $750,000, as reflected in its budget submitted with the petition.

Additionally, it should be noted that Staff has reviewed information that the organization has plans to also provide intra-organizational loans from Vista Charter Middle to other schools in the organization, namely, Vista Horizon Global Academy ($350,000 in Fiscal Year 2022-2023) and Vista Meridian Global Academy ($1.2M in Fiscal Year 2023-2024). While Vista Charter Middle may have sufficient funds to cover these loans (i.e., ending net assets in Fiscal Year 2021-2022 of $6,017,132, based on the school's 2021-2022 Unaudited Actuals), Staff notes that Vista Charter Middle's current record of academic performance requires further attention and raises questions regarding the existing use of the school's resources and a potential need to revisit its resource allocation and intra-organizational lending practices.

Per the LAUSD Charter Schools Accounting Unit's record, as of the writing of this report, Vista Horizon Global Academy owed $141,404 Proposition 39 over-allocated space reimbursement fees to LAUSD (consisting of the $31,173 amount owed pertaining to Fiscal Year 2021-2022 that was due on or around September 12, 2022, and the $110,231 remaining amount owed prior to Fiscal Year 2021-2022 that is scheduled for payment in July 2023 per the school's payment plan with LAUSD). The Charter Schools Division will continue to monitor this matter through oversight.

B. <u>Does the Petition Contain a Declaration of Whether or Not the Charter School Shall Be Deemed the Exclusive Public Employer of the Employees of the Charter School Community?</u>
This criterion has not been determined to be a finding.

C. <u>Is the Charter School Demonstrably Likely to Serve the Interests of the Entire Community?</u>
No, for reasons more fully set forth in the Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy, petitioners have not met this criterion.

Pursuant to Education Code section 47605(c)(7) and the *LAUSD Policy and Procedures for Charter Schools*, this analysis considered the fiscal impact of the proposed new charter school; the extent to which the proposed new charter school would substantially undermine existing services and academic offerings or programmatic offerings; whether the proposed new school would duplicate a program currently being offered in reasonable proximity; and whether the school district is positioned to absorb the fiscal impact of the proposed new charter school.

<u>Community and Schools within the Community</u>
Per the *LAUSD Policy and Procedures for Charter Schools*, "community" includes families and individuals who reside, work, and/or are served in the identified geographical area, and all public schools (District and charter), serving similar grade levels as the proposed new charter school. The identified geographical area will be based on LAUSD Community of Schools and neighborhoods

within a three-mile radius from the location identified by the petitioners of the proposed new charter school. Thus, petitioners will consider the existing District and charter schools operating within the Community of Schools and three-mile radius.

Analysis of data provided by the Office of Master Planning and Demographics (MPD), reveals that there are 33 existing schools within the community as defined above (18 District schools and 15 charter schools).

1. ***Enrollment Trends of the Existing District and Charter Schools***
   For more information, please refer to the *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy*.

2. ***Fiscal impact***
   For more information, please refer to the *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy*.

3. ***Additional Considerations***
   a. Community Engagement
      Per the *LAUSD Policy and Procedures for Charter Schools*, the petitioners must provide documented evidence of transparent, inclusive, and active community engagement activities with parents in the community, existing public schools, neighborhood councils, community-based organizations, and elected representatives within the targeted community which the charter school seeks to locate. As part of the submitted materials, Petitioners are to include publicly disclosable information/documentation of the stakeholders' responses (to the extent possible) and a summary of the responses received from stakeholders as part of the petitioner's assessment of the impact to the community, which will be shared with the LAUSD Board.

      Staff's review of the materials submitted by Vista Legacy Global Academy revealed that the charter school conducted community outreach efforts, specific to the proposed new charter school, with parents, the general public, District and charter school leaders, LAUSD Community of Schools Leadership (Community of Schools Administrators for the Downtown Community of Schools and MacArthur Park Community of Schools), LAUSD Board Member offices, the Rampart Village Neighborhood Council, community-based organizations (including, but not limited to, the Silverlake Chamber of Commerce, Peace Over Violence, and El Centro del Pueblo), and elected officials. The documentation provided showed the charter school's outreach included emails, automated phone calls, flyer distribution, virtual meetings, and a "coffee with the principal" meeting at the organization's existing school within the community (Vista Charter Middle).

      The charter school provided documentation of stakeholder responses consisting of emails from three community-based organizations (Bresee, El Centro del Pueblo, and Peace Over Violence), and one existing independent charter school (Central City Value) within the community. The majority of the responses appear to be supportive of the proposed new charter school and/or appreciative of the information provided by the charter school.

      Overall, the charter school's community engagement was reasonable in scope based on the materials and response provided by the charter school.

b. Academic Performance

To assess the current academic performance levels of the existing Schools within the Community ("SWC"), consisting of 18 District schools and 15 charter schools that serve any of the same grade levels proposed to be served by Charter School, staff reviewed the record of performance on the applicable 2019 California School Dashboard indicators both schoolwide and for each numerically significant subgroup served as compared to state averages.

Performance Levels of Schools within the Community Compared to State Averages:

Comparison of the Schools within the Community to the state averages on the six applicable 2019 California School Dashboard indicators schoolwide, revealed the following performance:

- **ELA:** 16 of 31 SWC outperformed the state average DFS of -2.5
- **Math:** 8 of 31 SWC outperformed the state average DFS of -33.5
- **ELPI:** 12 of 32 SWC outperformed the state average of 48.3%
- **College/Career (CCI):** 17 of 30 SWC outperformed the state average of 44.1%
- **Graduation Rate:** 14 of 30 SWC outperformed the state average of 85.9%
- **Suspension Rate:** 30 of 32 SWC outperformed the state average of 3.4% (have a rate lower than 3.4%)

In summary, a majority of SWC outperformed the state on 3 of 6 applicable indicators (ELA, CCI, and Suspension Rate). Please see *Vista Legacy Global Academy Schools within the Community Data Set*.

SWC Subgroup Medians Comparison to State Averages:

The SWC's numerically significant subgroups include the Asian, Black or African American, English Learner, Filipino, Latino, Socioeconomically Disadvantaged, Students with Disabilities, Two or More Races, and White subgroups. Comparison of the SWC's numerically significant subgroup medians to the state averages on the five applicable 2019 California Schools Dashboard indicators, revealed the following: [ELPI is not included in this analysis, as it applies to only one subgroup and is already considered in the schoolwide analysis.]

SWC Medians	ELA		Math		CCI		Graduation Rate		Suspension Rate	
Subgroup	SWC	State	SWC	State	SWC	State	SWC	State	SWC	State
Asian	94.1	64.8	73.9	59.8	--	74.0%	--	93.9%	--	1.0%
Black or African American	-13.5	-47.6	-77.3	-87.9	--	23.7%	--	78.6%	--	8.8%
English Learner	-88.2	-45.1	-140.4	-68.6	--	16.8%	--	72.6%	0.5%	3.1%
Filipino	62.6	46.7	-9.2	18	--	64.5%	--	93.9%	--	1.3%
Latino	-10.6	-26.6	-90.7	-62.2	46.1%	36.1%	85.4%	83.7%	0.4%	3.5%
Socioeconomically Disadvantaged	-5.8	-30.1	-88.0	-63.7	46.8%	35.8%	85.9%	83.2%	0.5%	4.3%
Students with Disabilities	-99.5	-88.1	-157.3	-119.4	--	10.8%	--	70.6%	0.0%	6.2%
Two or More Races	64.4	30.3	23.1	2.5	--	49.7%	--	86.9%	--	3.3%
White	79.5	30.7	30.0	1.4	--	53.8%	--	89.1%	--	2.9%

-- Number of students counted for this indicator were less than 30, therefore total # of subgroups comparisons varied by indicator

As seen in the table above:

- **ELA:** 7 of 9 numerically significant subgroups medians outperformed their respective state subgroup average performance
- **Math:** 4 of 9 numerically significant subgroups medians outperformed their respective state subgroup average performance
- **College/Career (CCI):** 2 of 2 numerically significant subgroups medians outperformed their respective state subgroup average performance
- **Graduation Rate:** 2 of 2 applicable numerically significant subgroups medians outperformed their respective state subgroup average performance
- **Suspension Rate:** 4 of 4 applicable numerically significant subgroups medians outperformed their respective state subgroup average performance

In summary, a majority of the SWC's numerically significant subgroups outperformed their respective state subgroup averages in 4 of the 5 applicable indicators (ELA, CCI, Graduation Rate, and Suspension Rate). Please see *Vista Legacy Global Academy's Schools within the Community Subgroup Medians Data Set*.

c. Facilities Plan

Staff has reviewed the facilities plan and documentation provided by petitioners as part of its new petition application and determined it to be reasonable and appropriate pursuant to *LAUSD Policy and Procedures for Charter Schools*. The Petitioners have indicated their intent to serve students at 2900 West Temple St., Los Angeles, CA 90026, for the first year of the proposed term and has indicated an intent to secure a private site for subsequent years of the proposed term. The proposed site is the current site of Vista Charter Middle. Petitioners' Community Impact Assessment reports the proposed site will be shared between Vista Charter Middle and Charter School in the first year of the proposed term while the organization searches for an appropriate private site for Charter School to serve students in the subsequent years. The Petitioners presented a valid Certificate of Occupancy

(COO) issued by the applicable permitting agency (City of Los Angeles Department of Building and Safety). The presented COO indicates that the proposed site is appropriate for educational use and has an occupancy maximum load of 1,331, which accommodates the proposed charter school's projected enrollment of 125 in the first year and Vista Charter Middle's 2021-2022 norm enrollment of 339. Petitioners' Community Impact Assessment indicated that the facility can accommodate only 600 students. Petitioners indicated they are working with a real estate firm to secure a private site for years 2-5 of the proposed term, and further noted that they may also submit a request for facilities from the District, pursuant to Proposition 39.

4. ***Duplication of Programs***

Please see *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy* for further detail.

Community Impact Analysis Conclusion

Taken as a whole, balancing various factors, and for reasons more fully set forth in the *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy* Staff assesses that Vista Legacy Global Academy is demonstrably unlikely to serve the interests of the entire community in which it proposes to locate.

ATTACHMENT E

FINDINGS OF FACT IN SUPPORT OF DENIAL OF THE NEW CHARTER PETITION FOR VISTA LEGACY GLOBAL ACADEMY BY THE LOS ANGELES UNIFIED SCHOOL DISTRICT

BOARD OF EDUCATION REPORT 102-22/23
Date: November 15, 2022

I. BACKGROUND

On August 18, 2022, a petition ("Petition") and supporting materials for the establishment of Vista Legacy Global Academy ("Charter School" or "Petitioner") to be operated by Vista Charter Public Schools ("VCPS" or "the organization") was submitted to the Charter Schools Division ("Staff") of the Los Angeles Unified School District ("LAUSD" or "District") by Petitioner[1] seeking to start a new charter school within the geographic boundaries of LAUSD to serve 125 students in grade 9 in the first year and up to 500 students in grades 9-12 by the fifth year of Charter School's operations. Charter School seeks to serve students in and around ZIP code 90026, which is located in the Downtown Community of Schools and served by Board District 2 and Local District Central. The Petition proposes a five-year term from July 1, 2023 – June 30, 2028. *(See Exhibit 1, Charter School Petition.)*

In accordance with the Charter Schools Act (Ed. Code § 47600 et seq.) and the adopted *LAUSD Policy and Procedures for Charter Schools* ("District policy"), within 60 days of receipt of the new petition application, the LAUSD Board shall hold a public hearing for the LAUSD Board to consider the level of support for the petition by teachers employed by LAUSD, other employees of LAUSD, and parents, as directed by Education Code section 47605(b). Within 90 days of receipt of the new petition, the LAUSD Board shall hold a public hearing at which it will either grant or deny the new petition. Petitioner shall have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings. (Ed. Code, §47605(b).) The District will publish the Superintendent's recommendation, and any written findings required to support the recommendation, at least 15 days prior to the LAUSD Board meeting at which it will act on the new petition. (Ed. Code, § 47605(b).)

Based on review of the application for the new petition and supporting materials relating to Petitioner's request to establish a new school within LAUSD's boundaries, the District has substantial concerns with the Petition, as presented. The discussion below outlines the applicable law and criteria for evaluating new petitions and analysis concerning whether the Petitioner's request satisfies the requirements under the Charter Schools Act and District policy.

[1] "Petitioner" includes a lead petitioner or other authorized person(s) on behalf of the organization that submits a petition to the District seeking establishment of a charter school.

II. SUMMARY OF APPLICABLE LAW AND DISTRICT POLICY FOR EVALUATING NEW PETITIONS

In determining whether to grant or deny a new charter petition, the LAUSD Board must carefully review the proposed charter application, consider public input, staff's professional judgment, recommendations and reports, and criteria established by law, including the academic needs of pupils the school proposes to serve. (*See* Ed. Code, § 47605(c); *see also*, 5 C.C.R §11967.5.1.) The LAUSD Board shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the students to be enrolled in the charter school. (Ed. Code, § 47605(c)(1).)

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code, § 47605(c)(2.)

(3) The petition does not contain the number of signatures required by Education Code section 47605(a). (Ed. Code, § 47605(c)(3).)

(4) The petition does not contain an affirmation of each of the conditions described in Education Code section 47605(e). (Ed. Code, § 47605(c)(4).)

(5) The petition does not contain reasonably comprehensive descriptions of the 15 elements in a charter petition. (Ed. Code, § 47605(c)(5).)

(6) The petition does not contain a declaration as to whether or not the charter school shall be deemed the exclusive public school employer of the school's employees for purposes of collective bargaining pursuant to Government Code sections 3540-3549.3. (Ed. Code, § 47605(c)(6).)

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. (Ed. Code, § 47605(c)(7).)

(8) LAUSD is not positioned to absorb the fiscal impact of the proposed charter school. LAUSD satisfies this paragraph if it has a qualified interim certification pursuant to Section 1240 and the county superintendent of schools, in consultation with the Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 1240, has a negative interim certification pursuant to Section 1240, or is under state receivership. Charter schools proposed in LAUSD satisfying one of these conditions shall be subject to a rebuttable presumption of denial. (Ed. Code, § 47605(c)(8).).

III. BASIS OF FINDINGS OF FACT AND STAFF RECOMMENDATION

Based on a comprehensive review of the Petition and supporting materials and the Capacity Interview held with the Petitioner, Staff recommends that the LAUSD Board of Education deny the Petition and adopt these *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy* based on the following grounds:

- The Petitioners are demonstrably unlikely to successfully implement the educational program set forth in the petition.

- The Petition does not contain reasonably comprehensive descriptions of all required elements.

- The Charter School is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate.

The analysis below contains the findings assessing the sufficiency of the Petition. Staff identified multiple areas of concern, and for the reasons set forth in more detail below, recommends **denial** of the Petition.

A. Petitioners are Demonstrably Unlikely to Successfully Implement the Program Set Forth in the Petition

Pursuant to District policy, in evaluating whether the petitioner is demonstrably likely or unlikely to successfully implement the program set forth in a charter petition,[2] the LAUSD Board will assess a variety of factors, including but not limited to:

- Petitioner's past history of involvement in charter schools or other education agencies (public or private), as one the chartering agency would regard as unsuccessful.

- Evidence that petitioners are familiar with the content of the petition and the requirements of law that would apply to the proposed charter school.

- The financial and operational plan for the proposed charter school, including the structure for providing administrative services and criteria for selection of contractors.

- Insurance (e.g., general liability, workers' compensation, and other necessary insurance of the type and in the amounts required for an enterprise of similar purpose and circumstance). Specifically, petitioner must have the required insurance coverage and limits policy endorsing the Los Angeles Unified School District and Board of Education as named additional insureds.

- The types and potential location of facilities needed to operate the size and scope of educational program proposed in the charter.

- The petitioners' background and experience in areas critical to the charter school's success, including curriculum, instruction, assessment, finance, and the petitioner's plan to secure the services of individuals who have the necessary background and experience in these areas.

[2] The policy for "demonstrably unlikely to successfully implement the program" includes factors and guidance promulgated by the State Board of Education. (See 5 C.C.R § 11967.5.1.)

1. The Petition and Supporting Materials Omit or Fail to Disclose Significant Information/Facts Which Raises Concerns Regarding the Organization's Transparency with the District, Families, and/or Stakeholders.

The Petition includes Vista Meridian Global Academy in the list of schools currently operated by VCPS and states therein that Vista Meridian Global Academy, "opened in fall 2021." However, the facts below demonstrate that Vista Meridian Global Academy is not, in fact, currently operating and VCPS does not accurately describe its currently operated schools and programs to its families/stakeholders, and potential charter school authorizers:

Vista Charter Public Schools' Authorizers and Charter Schools

LAUSD	Orange County Department of Education	Anaheim Elementary School District
Vista Horizon Global Academy (TK-5)	Vista Condor Global Academy (TK-5) (approved on appeal after denial by Santa Ana Unified School District)	Palm Lane Global Academy (TK-6)**
Vista Charter Middle (6-8)	Vista Heritage Global Academy (6-12) (approved on appeal after denial by Santa Ana Unified School District and materially revised to expand to grade levels 9-12)	--
--	Vista Meridian Global Academy* (9-12) (Countywide Charter School)[3]	--

*Approved 6/1/22 and slated to open in 2023-2024
**Material Revision to come under governance of VCPS approved 5/11/22.

- Staff's review of publicly available documents revealed that Vista Meridian Global Academy was authorized by the Orange County Department of Education's (OCDE) Board of Education as a countywide high school for a five-year term beginning July 1, 2022. However, per supporting documentation provided to OCDE by VCPS, the organization delayed Vista Meridian Global Academy's opening to the 2023-2024 academic year. (*See Exhibit 2, Vista Meridian Budget Narratives and Exhibit 3, OCDE Board Materials 2022.*)

- VCPS uses the name "Vista Meridian Global Academy" to refer to its high school program offered at Vista Heritage Global Academy[4] ("Vista Heritage"), a separate

[3] Education Code section 47605.6 provides that a county board of education may grant a charter for the operation of a charter school only if it is satisfied that granting the charter is consistent with sound educational practice and that, "the charter school has reasonable justification for why it could not be established by petition to a school district pursuant to Section 47605."

[4] On July 1, 2020, the OCDE Board approved VCPS' material revision application to add grade levels 9-12 to Vista Heritage's charter. The transcript of the public hearing before the OCDE Board of Education held June 3, 2020, includes the organization's executive leadership's explanation of the process by which VCPS attempted to open a standalone high school by submission of a petition to the Santa Ana Unified School District, submitted and subsequently withdrew the same petition to OCDE, and finally sought a material revision of the Vista Heritage charter to add grade levels 9-12. VCPS then proceeded to refer to the 9-12 grades of the resulting span school (i.e., authorized to serve grades 6-12) as a high school with the Vista Meridian Global Academy name in several public-facing documents. *(See Exhibit 4, OCDE Board Materials 2020.)*

charter school currently authorized by the OCDE Board to serve grade levels 6-12. For example, publicly available documents including enrollment forms, a VCPS website, and the VCPS parent-student handbook use the "Vista Meridian Global Academy" name in reference to grades 9-12 rather than Vista Heritage. *(See Exhibit 5, Vista Meridian Enrollment Form, Website, and Stakeholder Handbook.*)

- In the Capacity Interview, Petitioner stated that current 9th and 10th grade students at Vista Heritage are not aware they attend Vista Heritage as part of the span school (i.e., grade levels 6-12). Petitioner shared that their stakeholders believe that these students attend a separate high school named, "Vista Meridian Global Academy."

- Additionally, VCPS listed Vista Meridian Global Academy as one of the schools operated by the organization in a presentation to the Anaheim Elementary School District (AESD) Board of Education on February 23, 2022 in support of a material revision request to manage Palm Lane Elementary Charter.[5] This reference to Vista Meridian Global Academy predates authorization of the countywide charter school (Vista Meridian Global Academy) on June 1, 2022. *(See Exhibit 6, AESD Board Materials 2022 and Exhibit 3, OCDE Board Materials 2022.)*

- The Petition and supporting materials do not disclose that VCPS currently manages Palm Lane Elementary Charter ("Palm Lane") and is considered part of its portfolio of schools. The Petition neither identifies the organization's governing relationship with Palm Lane, nor does it list Palm Lane among the schools currently operated by VCPS. *(See Exhibit 1, Charter School Petition, p. 10 and 15.)*

- The Articles of Incorporation submitted by Petitioner included an amendment dated 2014. However, Staff's research revealed the organization more recently amended the Articles of Incorporation in 2018, which they did not provide for review. As noted in more detail in the findings below, these documents differ in that the more recent document describes a more narrow scope of corporate purpose than indicated in the version submitted for review. *(See Exhibit 7, VCPS Articles of Incorporation.)*

The above facts raise questions and concerns about the veracity and accuracy of the information presented by the Petitioner to the public, stakeholders, and charter school authorizers about its schools and programs.

[5] Palm Lane is authorized by the AESD Board of Education. On February 15, 2022, VPCS submitted a request for a material revision to AESD seeking to update and revise the Palm Lane petition to reflect, among other things, the current operations of Palm Lane.

2. Petitioners Appear Unfamiliar with the Content of the Petition and Applicable Legal Requirements

a. Staff Identified Inconsistencies between the Petition, Supporting Documentation, and Statements Made by the Petitioner during the Capacity Interview

- The Petition's description of the school's proposed Career Technical Education (CTE) pathways states, "Primary pathway courses will be taught on VLGA's campus to ensure access among all of our students, with additional dual enrollment courses available off-site at LATTC [Los Angeles Trade Technical College] and other college/university partners" and, in reference to the proposed Climate Change pathway, "The program will include dual enrollment with UCI [UC Irvine] and local CSU schools…" *(See Exhibit 1, Charter School Petition, pp. 69, 94.)* However, during the Capacity Interview, in response to a question posed to the Petitioner regarding the proposed dual enrollment program, Petitioner stated that the Charter School will not offer dual enrollment courses in partnership with UC Irvine.

- The 5-year budget submitted with the Petition reflects a 0.26 Full Time Equivalence (FTE) allocation for the Principal position in Year 1. However, during the Capacity Interview, the Petitioner stated that the Charter School would employ a full-time Principal. *(See Exhibit 8, VLGA Budget Salary Positions Assumption.)*

b. Aspects of the Petition are Not Aligned with Applicable Legal Requirements

- The description of the Charter School's plan for providing Designated English Language Development does not align with applicable law regarding when English Language Development (ELD) instruction would occur, or be offered to its students, during the school day. (e.g., Ed. Code, §46148(a)(1).) Education Code section 46148(a)(1) states: "The schoolday for high schools, including high schools operated as charter schools, shall begin no earlier than 8:30 a.m." Here, the Petition states that the Designated ELD would occur between 7:30-8:30 a.m. during an instructional period called Zero Period. (*See Exhibit 1, Charter School Petition, pp. 106-107.)* Accordingly, the instructional period that ELD instruction would occur, or be offered to its students, would potentially violate the start time provisions expressed in Education Code section 46148.

3. VCPS' Existing Obligations and Current Record of Available Data Call into Question the Organization's Ability to Successfully Serve Additional Students in an Additional New Charter School.

As noted below, some of the current challenges VCPS must direct its resources to address include the following:

- Of the organization's five (5) currently operating charter schools, four (4) have California School Dashboard ("Dashboard") data:[6] Vista Charter Middle, Vista Heritage Global Academy, Vista Condor Global Academy, and Palm Lane Global Academy. Vista Charter Middle, Vista Heritage Global Academy, and Palm Lane Global Academy have underperformed the state on a majority of academic performance indicators for the three most recent years for which Dashboard data is available (2017, 2018, and 2019) and Vista Condor Global Academy underperformed the state on all academic performance indicators in 2019, the only year Dashboard data is available for the school. Additionally, Vista Heritage Global Academy is currently classified by the state as Low Performing. (See Ed. Code, §47607.2(a)(1).) *(See Exhibit 9, Vista Charter Middle Data Sets; Exhibit 10, Vista Heritage Dashboard Report; Exhibit 11, Vista Condor Dashboard Report; and Exhibit 12, Palm Lane Dashboard Report.)*

- 2022-2023 is the first year that the organization is operating Palm Lane Global Academy, which --as an existing school operated by AESD and another charter school operator -- has underperformed the state in academic performance indicators in 2017, 2018, and 2019. *(See Exhibit 6, AESD Board Materials 2022 and Exhibit 12, Palm Lane Dashboard Report.)*

- The organization's countywide charter school (Vista Meridian Global Academy) is slated to open in 2023-2024, which is the same first year as the proposed Charter School. *(See Exhibit 2, Vista Meridian Budget Narratives.)*

- Additionally, the organization's span school (Vista Heritage Global Academy) currently only serves students in grades 6-10 and will require the organization's resources to roll out the additional grade levels it is approved to serve (6-12).

B. The Petition Does Not Contain Reasonably Comprehensive Descriptions of all of the Fifteen Elements Set Forth in Education Code

A new petition must contain a reasonably comprehensive description of each of the 15 elements required by Education Code section 47605(c)(5). Reasonably comprehensive descriptions are expected to be substantive, address all aspects of the elements, and be specific to the petition being proposed.[7] The Petition does not contain reasonably comprehensive descriptions in compliance with the law, as discussed in greater detail below.

1. Description of the Charter School's Educational Program (Element 1)

The Petition does not contain a reasonably comprehensive description of the charter school's educational program.

[6] As the school's first year of operation was 2019-2020, Vista Horizon Global Academy (authorized by LAUSD) has no 2019 California School Dashboard data.

[7] The policy for "reasonably comprehensive" includes factors and guidance promulgated by the State Board of Education. (*See* Title 5 California Code of Regulations, section 11967.5.1.)

- The Petition does not contain a reasonably comprehensive description of how the Petitioner plans to deliver the proposed educational program. Specifically, Petitioner fails to provide a clear understanding of the scheduling and course offerings needed to satisfy the statutory requirements in Education Code section 47605 and the expectations outlined in the 2021-2022 *New Independent Charter Application Guide*[8] ("Application Guide"). As noted below, the Petition does not provide sample course schedules, course sequence of all grades, and the specific courses proposed to be offered to 9th grade students in the first year of operation:

    - As submitted, the bell schedules included in the Petition indicate that the Charter School's students would have seven (7) academic periods (in addition to "Zero Period" and "Advisory/Global Hour") but do not identify the subjects to be taught at each grade level. While Petitioner noted in the Capacity Interview that they may utilize current Vista Charter Middle teachers in the first year of operation to provide instruction to students, the Petition materials indicate there will only be six (6) teachers in Charter School's first year of operation, and the Petition does not make reference to any such arrangement with Vista Charter Middle, nor otherwise does it explain how the Charter School would offer students seven (7) academic courses with only six (6) teachers. (See Exhibit 1, Charter School Petition, p. 29, and Exhibit 8, VLGA Budget Salary Positions Assumption.)

    - Additionally, the Petition provides no clarity for how the Charter School's proposed dual enrollment program (proposed to be offered, at least in part, off campus at LATTC and "other college/university partners") would fit into the daily schedule, nor how a student might, "…pursue and complete an Associate's Degree from one of our college partners by the time they graduate from high school…" *(See Exhibit 1, Charter School Petition, p. 68-69.)*

- The Charter School's CTE pathways are not comprehensively described in the Petition in accordance with applicable statutory and District policy requirements, and the below provides examples of the Petition's lack of comprehensiveness:

    - The "Climate Change" pathway identified in the Petition presents no course description, aligned standards, etc., and as such, Staff is unable to assess Charter School's proposed program in this area. *(See Exhibit 1, Charter School Petition, p. 94)*

    - During the Capacity Interview, Petitioner represented that all the Charter School's students will take dual enrollment courses. Additionally, the Petition lists passing dual enrollment courses as one of the conditions by which students will meet the CDE's College/Career Indicator.[9] However, descriptions of dual enrollment

[8] Annually, the LAUSD Charter Schools Division publishes a New Independent Charter School Petition Application Guide to provide petitioners with information regarding what the District considers a "reasonably comprehensive" petition.

[9] The CDE's College/Career Indicator (CCI) is included in the California School Dashboard as an Academic Performance Indicator for schools serving students in grade 12.

courses are included for only one (Business) of the Charter School's three pathways (Health Science, Business, and Climate Change). As a result, it is unclear how students in the Health Science or Climate Change pathways would participate in the dual enrollment courses and inhibits Staff's ability to appropriately review this aspect of the proposed educational program. *(See Exhibit 1, Charter School Petition, p. 91-94.)*

- During the Capacity Interview, Petitioner also stated, "all CTE Pathways culminate in at least a certificate." However, the Petition fails to describe the means by which a student would earn any certification and does not identify any specific certifications students could earn. Further, while the Petition includes descriptions of programs and/or courses at LATTC that align somewhat with the Charter School's CTE pathways (e.g., the description of the Health Science pathway notes LATTC, "…offers the disciplines of Registered Nursing, Kinesiology & Health, Health Occupations and the Sciences of Anatomy, Physiology, Biology and Microbiology."), it is not clear whether these LATTC programs align with any specific professional certifications students could earn, nor whether Charter School students will have access to courses in these areas. *(See Exhibit 1, Charter School Petition, p. 68.)*

2. Description of the Charter School's Governance Structure (Element 4)
The Petition <u>does not</u> contain a reasonably comprehensive description of the Charter School's governance structure.

- **Articles of Incorporation**: The articles of incorporation must be executed and filed in order to form a nonprofit public-benefit corporation. Pursuant to California law, the articles must set forth a prescribed statement that the corporation is organized under the Nonprofit Public Benefit Corporation Law for a public or charitable purpose, or both. (Corp. Code, § 5130.) If the purposes include "public" purposes, the articles must include a further description of the corporation's purposes. (*Id*.) When VCPS was initially incorporated on December 7, 2007 as a nonprofit public benefit corporation, the "specific purposes for which [the] Corporation [was] organized are to manage, operate, guide, direct and promote Vista Charter School." However, VCPS amended its articles of incorporation (specifically its corporate purpose) on or about December 19, 2018, which failed to include Vista Horizon Global Academy as part of the purpose for which the corporation was organized. *(See Exhibit 7, VCPS Articles of Incorporation.)* Since VCPS currently operates Vista Horizon Global Academy, VCPS is operating beyond the limits of its approved corporate purpose given that the articles of incorporation do not describe this charter school as part of its corporate purpose.

C. <u>The Charter School is Demonstrably Unlikely to Serve the Interests of the Entire Community in which the School is Proposing to Locate</u>

Pursuant to Education Code section 47605(c)(7), Staff analyzed whether the Charter School is demonstrably likely or unlikely to serve the interests of the entire community in which the Charter School proposes to locate. Staff's analysis includes consideration of the fiscal impact of the

Charter School. Staff analyzed specific facts and circumstances and considered the following factors:

- The extent to which the Charter School would substantially undermine existing services, academic offerings or programmatic offerings; and

- Whether the Charter School would duplicate a program currently offered within LAUSD and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the Charter School intends to locate.

New charter school petitions are considered within the context of existing public school choices in communities. This includes consideration of factors that will help the LAUSD Board determine how best to meet the educational needs of all students, including but not limited to factors such as efforts to increase student achievement; trends in declining/increasing enrollment; effective use of district facilities and resources; and, needs to achieve adequacy of funding for public schools.

Pursuant to District policy, petitioners complete a Community Impact Assessment to address the following areas: identification of the community for the proposed Charter School; facilities plan; evidence of community engagement; assessment of duplication of existing services, academic offerings or programmatic offerings; consideration of academic performance in the community. Staff examined the reasonableness and comprehensiveness of the Petitioner's Community Impact Assessment and performed its own analysis.

Based on Staff's analysis of the Petition and the Petitioner's Community Impact Assessment, consistent with how best to meet the educational needs of all students, the below findings demonstrate that the Charter School is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate.

Staff examines the reasonableness and comprehensiveness of the Petitioner's Community Impact Assessment. Moreover, Staff also analyzes the impact of the proposed new charter school to existing District schools, and to the extent practicable, existing charter schools, in the proposed community. This may include but is not limited to impacts of birth rates, number of school-aged students, and migration in the community of interest, as data are available.

1. The Proposed Charter School Undermines/Impacts Existing Services, Academic Offerings or Programmatic Offerings by the District

As outlined below, the Charter School would substantially undermine/impact existing services, academic offerings, or programmatic offerings in the proposed targeted community.

a. Enrollment Trends within the Proposed Community

The Community Impact Analysis considers the enrollment trends of the existing District schools and charter schools in the proposed targeted community. Such analysis is necessary to help determine the need for a new school and the financial viability of the proposed charter school, as well as any impact to existing services, academic offerings or programmatic offerings. If the

petitioner submits an application for a new charter school in a community in which under-enrollment among existing District schools and/or charter schools is prevalent, this factor may constitute a significant fact in finding the proposed new charter school has a substantially undermining effect.

Staff's review of the 2021-2022 Norm Enrollment data provided by LAUSD's Master Planning and Demographics (MPD) office reveals that 28 of the 33 existing District and charter schools within the community in which Charter School proposes to locate are under-enrolled in comparison to their current capacity. Moreover, the enrollment data show that the majority of schools are under-enrolled by an average of 195 students (23 schools under-enrolled by 35.5 students or more; representing 82% under-enrolled schools). As a way to assess the materiality of the under-enrollment, Staff reviewed the extent to which the latest Norm Enrollment data reflects a majority of the existing schools are under-enrolled compared to their capacity at a level equal to or greater than the number required to staff a class according to applicable District Norms tables (i.e., in this case, 35.5:1 in grades 9-12). If a majority of schools fall within this category, Staff deems there to be prevalent under-enrollment in the community.

Enrollment data from Fiscal Years 2019-2020 and 2020-2021 indicate similar under-enrollment trends in the proposed community. Specifically, the enrollment data reflects that a majority of the schools within the community were under-enrolled by 35.5 students or more, representing 90% and 93% of under-enrolled schools for Fiscal Years 2019-2020 and 2020-2021, respectively.

Based on the data referenced above, the majority of schools within the community are under-enrolled at a level equal to or greater than the number that could impact programmatic offerings (i.e. staffing a class), which indicates prevalent under-enrollment. *(See Exhibit 13, Vista Legacy Global Academy Schools Within the Community List with Enrollment Data.)*

b. Fiscal Impact to the Community

The Charter School must be analyzed in terms of whether it has a fiscal impact to existing District schools in the proposed target community. Staff's evaluation of the fiscal impact of the Petition includes, but is not limited to, the following factors:

(1) Analysis of estimated total revenue losses for existing District schools; and

(2) Review of estimated impacts to staff positions for the District's services and programs (e.g., norm-based, custodial positions, teachers, and other school staff) that support the District's schools in the proposed community (e.g. use of the Electronic School Enrollment Forecast Process (E-CAST) information or the Norm Day enrollment information, whichever is the most current).

If the petitioner submits an application for a new charter school in which there is deemed a substantive fiscal impact to existing District schools in the proposed community, this factor may constitute a fact and circumstance in support of a finding leading to the denial recommendation of the petition.

Staff's fiscal impact analysis is calculated based on multiple sourced assumptions (as reflected below) to provide a projection of Charter School's potential fiscal impact to existing District schools in the proposed community.

Assuming that approximately 30%[10] of the students who plan to attend Charter School would have attended an existing LAUSD school, and assuming that Charter School meets 69%[11] of its enrollment projections, the expected enrollment loss for the District's schools could be $636,544 (125 students) in the first year and increasing to $2,546,177 (500 students) by the proposed charter school's fifth year of operation (i.e., Fiscal Year 2027-2028). Staff estimates that the average revenue per student is $26,171[12] in the 2022-2023 academic school year. Multiplying 21% (30% x 69%) of the expected charter enrollment and approximately 94%[13] District average daily attendance (ADA) ratio by this amount over the period of Charter School's proposed charter term equates to $8,911,618. Because District revenue is associated with ADA rather than enrollment (See 5 C.C.R § 402), the estimated revenue loss is not directly proportional to the number of students who would attend Charter School. As a result of lower enrollment to the District schools, any loss of revenue may be offset by possible reductions in expenditures, estimated at 10% of the loss of revenue.

Further, and using the same assumptions above, it is also projected/anticipated that correlative District staff reductions will result based on the data. The projected staff reductions for the District schools within the proposed community could be two teachers from the first year through Charter School's fifth year of its proposed charter term.

Based on the above analysis, Staff finds that the overall fiscal impact of Charter School on existing District schools in the proposed target community will be prevalent. Therefore, as established above, the Charter School will have a substantive fiscal impact on existing District schools in the proposed target community.

2. The Proposed Charter School Duplicates Programs Currently Offered in the District

The Petitioner is required to assess the duplication of existing programs currently offered by existing schools in LAUSD, as a whole. Such assessment must consider how the Charter School's proposed program would duplicate the current program offerings of existing schools. The enrollment trend analysis would inform the extent to which existing District programs (and charter schools) have sufficient capacity to serve the students in the community where the Charter School proposes to locate.

[10] Historical average enrollment decline % to District schools due to students transferring to charter schools (from 2010-2011 through FY 2021-2022), per LAUSD's "Final Budget 2022-23" (Link)(Pages 208-210 in the PDF or Section V-7 through V-9)
[11] Average enrollment realization ratio (as a percentage of the aggregate Norm Enrollment over the aggregate petition enrollment projections) for the new LAUSD-authorized independent charter schools in the most five recent years (Fiscal Years 2017-2018 through 2021-2022)
[12] Per Pupil Revenue Rate based on LAUSD's "Final Budget 2022-23" (Link)(Page 79 in the PDF or Section II-3)
[13] District school attendance rate of 94.3% represents the 3-year cumulative average ADA from 2019-2020 through 2021-2022 based on LAUSD's "Final Budget 2022-23" (Link)(Page 388 in the PDF or SACS Page 126)

As part of the analysis to determine if the proposed Charter School is demonstrably likely to successfully serve the interests of the entire community in which the school is proposing to locate, Staff reviewed the programs in the community for duplication. The Petitioner asserted in its Community Impact Assessment that the following programs are not duplicative in the community:

- Vista's Framework for Engagement[14]
- Partnership with and curricula from Community Catalyst Partners International Student Study Network (ISSN)
- CTE Pathways in Business (specifically an international business focus) and Climate Change, including Dual Enrollment options at LATTC and/or other colleges/universities
- Advisory/Global Hour for daily personalized targeted supports and daily tutoring during Zero Period.
- Full-time on-site School Psychologist and additional psycho-social supports and Social Emotional Learning (SEL) throughout the program, including Way of Council.

A comparison of the charter school's programs identified in its Community Impact Assessment with programs offered by the existing Schools within the Community (based on publicly available information and input from Local District and Community of Schools leaders) revealed some duplication of the majority of the programs identified by Charter School as non-duplicative.

For example, a number of Schools within the Community offer CTE pathways and/or psycho-social supports. Local District leaders noted that all, or nearly all, Schools within the Community incorporate some elements of Vista's Framework for Engagement, such as mastery learning, data-driven instruction, and project-based learning. Additionally, as noted in findings above, Petitioner did not provide a reasonably comprehensive description of the proposed Climate Change CTE pathway program and, as such, Staff did not have sufficient information to assess the degree to which the proposed program would or would not duplicate existing programs.

Staff also considered current capacity and academic achievement information as part of this analysis. Please see above regarding enrollment trends and the Staff Assessment and Recommendation Report (SARR) regarding existing performance of academic achievement in the community.

Based on the Petitioner's Community Impact Assessment and Staff analysis, there is some duplication of existing programs and the existing programs have sufficient capacity for the students proposed to be served by the Charter School. Moreover, while there are academic needs in the community, the available academic achievement data of the organization does not demonstrate that the proposed charter school is likely to meet said needs.

[14] Elsewhere in the Community Impact Assessment, Charter School describes "Vista's Framework for Engagement" as an instructional framework that incorporates social emotional learning elements, instructional strategies such as Kagan strategies, project-based learning, and mastery learning, and involves a shift in instructional practice towards teachers acting as coaches and facilitators of personalized learning experiences.

3. VCPS' Charter Schools (with available state data) Have Not Demonstrated Academic Achievement Sufficient to Meet Existing Needs Within the Community

As described in the SARR in more detail, the community proposed to be served by Charter School has existing academic needs as the Schools within the Community median performance levels underperform the state in three of six applicable indicators: Math, ELPI, and Graduation Rate. As detailed below, the performance data of the organization's existing schools does not demonstrate that the proposed Charter School is likely to meet existing needs, including both the Dashboard indicators listed above as well as the Dashboard indicators for which the Schools within the Community median performance levels outperform the state averages. *(See Exhibit 14, Schools Within the Community Data Set.)*

Staff reviewed the available Dashboard data (2019) of charter schools operated by VCPS. As noted above, VCPS operates four (4) schools with existing Dashboard data: Vista Charter Middle, Vista Heritage Global Academy, Vista Condor Global Academy, and Palm Lane Global Academy. However, as Palm Lane Global Academy was not under the governance of VCPS in 2019, the last year for which Dashboard data is available, Staff's analysis of the performance of the organization's existing schools was limited to Vista Charter Middle (authorized by LAUSD), Vista Heritage Global Academy (authorized by OCDE), and Vista Condor Global Academy (authorized by OCDE).

In English Language Arts (ELA), Vista Charter Middle's Distance from Standard (DFS) of -25.7 was lower than the state's DFS of -2.5. In Math, Vista Charter Middle's DFS of -56.7 was lower than the state's DFS of -33.5. In ELPI, Vista Charter Middle's percentage of English Learners making progress towards English language proficiency of 38.2% was lower than the state average of 48.3%. In Chronic Absenteeism, Vista Charter Middle's percentage of students who were chronically absent was 13.5%, which was higher than the state average of 10.1%. In Suspension Rate, Vista Charter Middle's percentage of students suspended at least once of 0.5% was lower than the state rate of 3.4%. *(See Exhibit 9, Vista Charter Middle Data Sets.)*

In English Language Arts (ELA), Vista Heritage Global Academy's Distance from Standard (DFS) of -31.4 was lower than the state's DFS of -2.5. In Math, Vista Heritage Global Academy's DFS of -85.3 was lower than the state's DFS of -33.5. In ELPI, the charter school's percentage of English Learners making progress towards English language proficiency of 41.4% was lower than the state average of 48.3%. In Chronic Absenteeism, Vista Heritage Global Academy's percentage of students who were chronically absent was 11.6%, which was higher than the state average of 10.1%. In Suspension Rate, Vista Heritage Global Academy's percentage of students suspended at least once of 0.0% was lower than the state rate of 3.4%. *(See Exhibit 10, Vista Heritage Dashboard Report.)*

In English Language Arts (ELA), Vista Condor Global Academy's Distance from Standard (DFS) of -62.3 was lower than the state's DFS of -2.5. In Math, Vista Condor Global Academy's DFS of -64.3 was lower than the state's DFS of -33.5. In ELPI, the charter school's percentage of English Learners making progress towards English language proficiency of 44.9% was lower than the state average of 48.3%. In Chronic Absenteeism, Vista Condor Global Academy's percentage of students who were chronically absent was 11.6%, which was higher than the state average of

10.1%. In Suspension Rate, Vista Condor Global Academy's percentage of students suspended at least once of 0.0% was lower than the state rate of 3.4%. *(See Exhibit 11, Vista Condor Dashboard Report.)*

In summary, Vista Charter Middle, Vista Heritage Global Academy, and Vista Condor Global Academy all underperformed the state in 4 of 5 applicable indicators (ELA, Math, ELPI, Chronic Absenteeism) and outperformed the state in one indicator (Suspension Rate).

At the subgroup level, a majority (2 of 3) of Vista Charter Middle's applicable numerically significant subgroups underperformed their corresponding state subgroup averages in ELA. A majority of (2 of 3) Vista Charter Middle's applicable numerically significant subgroups outperformed their corresponding state subgroup averages in Math. All (4 of 4) applicable numerically significant subgroups underperformed their corresponding state subgroup averages in Chronic Absenteeism. All (4 of 4) applicable numerically significant subgroups outperformed their corresponding state subgroup averages in Suspension Rate. Although a majority (2 of 3) of Vista Charter Middle's applicable numerically significant subgroups outperform their respective subgroup state averages in Math, this is also the case for the District and charter schools within the community serving any grades served by Vista Charter Middle (6-8). Further, a majority of these same District and charter schools' applicable subgroup medians also outperform Vista Charter Middle's respective subgroups in Math. *(See Exhibit 9, Vista Charter Middle Data Sets.)*

At Vista Heritage Global Academy, all (3 of 3) applicable numerically significant subgroups underperformed their corresponding state subgroup averages in ELA and Math, and a majority of (2 of 3) Vista Heritage Global Academy's applicable numerically significant subgroups underperformed their corresponding state subgroup averages in Chronic Absenteeism. All (3 of 3) applicable numerically significant subgroups outperformed their corresponding state subgroup averages in Suspension Rate. As noted in findings above, Vista Heritage is currently classified by the state as a Low Performing charter school. *(See Exhibit 10, Vista Heritage Dashboard Report.)*

At Vista Condor Global Academy, all (3 of 3) applicable numerically significant subgroups underperformed their corresponding state subgroup averages in ELA and Math. A majority (3 of 4) of Vista Condor Global Academy's applicable numerically significant subgroups outperformed their corresponding state subgroup averages in Chronic Absenteeism. All (4 of 4) applicable numerically significant subgroups outperformed their corresponding state subgroup averages in Suspension Rate. *(See Exhibit 11, Vista Condor Dashboard Report.)*

Additionally, as detailed in the SARR, Staff analysis also included consideration of i-Ready Diagnostic Growth reports provided by VCPS. Neither Vista Charter Middle, Vista Heritage Global Academy, nor Vista Condor Global Academy met the 95% participation rate criteria in Reading or Math. Notwithstanding the participation rate below 95%, a majority of Vista Heritage Global Academy's students (66% Reading and 59% Math) achieved 100% of Annual Typical Growth. However, less than a majority of Vista Charter Middle's students (Reading 39% and 40% Math) and Vista Condor Global Academy's students (48% Reading and 36% Math) achieved 100% of Annual Typical Growth (notwithstanding the participation rates below 95%). Moreover, as Vista Charter Middle serves the same community Vista Legacy Global Academy proposes to

serve and Petitioner has indicated an expectation that a significant number of Vista Charter Middle students would matriculate into Vista Legacy Global Academy, the most recent internal assessment data for Vista Charter Middle is relevant. *(See Exhibit 15, VCPS Internal Assessments.)*

In summary, the record of academic performance of VCPS' existing schools supports a conclusion that the proposed Charter School is demonstrably unlikely to meet the existing needs within the community proposed to be served by Charter School.

IV. CONCLUSION

In order to deny the Petition on the grounds set forth above, Education Code section 47605, subdivision (b), requires the Board to make "written factual findings, specific to the particular petition, setting forth specific facts to support one or more" grounds for denying the Petition. The recommendation for denial is based on Staff findings that: (1) Petitioner is demonstrably unlikely to successfully implement the educational program set forth in the Petition; (2) the Petition does not contain reasonably comprehensive descriptions of all of the fifteen elements; and (3) the Charter School is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Should the Board decide to deny the Petition, Staff recommends that the Board adopt these Findings of Fact as its own. Staff requests that pursuant to the above grounds for denial, the Board adopt these Findings of Fact in accordance with the statutory grounds for denial and deny the Petition for Vista Legacy Global Academy.

Re: Recommended Denial of the Charter Petition for Vista Legacy Global Academy, Board Report 102-22/23, Date: November 15, 2022

Dear Superintendent Carvalho and Members of the Board of Education:

On behalf of the Vista Charter Public Schools (VCPS or Vista) Board of Directors, staff, students and families who so eagerly seek a Vista charter high school in Los Angeles, I am writing to urge you to reject the staff recommendation for denial (*Board of Education Report 102-22/23, November 15, 2022*, (hereinafter Board Report)), which is based on an incorrect presentation of the facts for each of the three findings. We urge you to ***approve*** Vista's request to open a new high school, thereby creating a TK-12 pipeline for our families in Los Angeles, just as we have established in Orange County. The *Findings of Fact in Support of Denial of the New Charter Petition for Vista Legacy Global Academy* (Staff Findings) includes fundamental "facts" that are wrong. ***Once you correct the facts, the findings simply cannot be made and this charter petition must be approved under the law.***

As detailed in Education Code Section 47605:

> (c) In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the ***intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged***. The governing board of the school district ***shall grant*** a charter for the operation of a school under this part . . . . (Emphasis added.)

INTRODUCTION

On August 18, 2022, Vista, a long-time charter school operator within the Los Angeles Unified School District (LAUSD or District), submitted a new high school charter petition (Petition) to establish Vista Legacy Global Academy (VLGA or Charter School). Having gone through the charter petition process numerous times with

LAUSD, and believing our existing schools were in strong standing – ***as evidenced by an annual oversight visit report issued June 30, 2022 giving us all "4" scores/"Accomplished"*** – the highest possible rating – and believing we had a good relationship with the District, we fully anticipated a full and fair review by Charter Schools Division (CSD) and other LAUSD staff. Instead, we were stunned to receive the Staff Findings recommending denial, without even a full review. At no time did CSD staff afford Vista the opportunity to amend or revise purported deficiencies in the Petition, as has been its common past practice (both with Vista and with literally hundreds of other charter operators). Of greater concern, CSD has taken comments made during our Capacity Interview and twisted them and omitted crucial context, ignored several statements made during that interview that clarified key questions CSD had, and in a particularly stunning move, has accused Vista of lacking transparency and even seeking to mislead this Board, when the opposite is plainly true.

An accurate reading of the facts warrants authorization.

CSD Staff Have Not Properly Applied the New Law; VLGA's Petition Should Be Approved

CSD's Staff Findings indicate three bases for denial, out of eight possible statutory findings. We contend that each of these three findings is wrong, and that an accurate review of the record – and correct application of AB 1505 -- warrant that VLGA must be approved:

Criteria	Met/Not Met	Notes
(1) VLGA presents [a sound] educational program for the pupils to be enrolled in the charter school.	**Met**	See Elements 1-3, 6 and 10. Our research-based program will offer a rigorous, standards-aligned educational program for grades 9-12.

VISTA CHARTER PUBLIC SCHOOLS

T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

(2) VLGA demonstrably [is likely to successfully implement] the program set forth in the petition.	**Met** **(Staff Findings say Not Met, based on "facts" that are wrong; correct information – already provided to CSD – demonstrate this finding is untenable.)**	See Elements 4-5, Tabs 2, 5, 7, 8, 10, 11, 13; the Founding Team has extensive, diverse experience and expertise – including founding and leading the five existing Vista charter schools -- that will support the design, development and implementation of successful new charter school.
(3) The petition contains the number of signatures required by subdivision (a).	**Met**	See Tabs 1 and 5 (teacher signatures, credentials and resumes from five teachers, well in excess of the 50% required based on Y1 enrollment of 125 students with six teachers on staff); we also have attached some parent signatures collected to date.
4) The petition contains an affirmation of each of the conditions described in subdivision (e).	**Met**	See Assurances, Affirmations and Declarations (before Element I).

T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

(5) The petition contains reasonably comprehensive descriptions of Elements 1 through 15, as detailed in the Education Code.	**Met (Staff Findings say Not Met, in contradiction of their finding above that a "reasonably sound" educational program has been presented, and erroneously claiming minor points – that could easily have been remedied had an appropriate full review taken place – warrant denial, contrary to the requirements of the law.)**	See Elements 1-15.
(6) The petition contains a declaration that the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.	**Met**	See Assurances, Affirmations and Declarations (before Element 1) and Element 13.
(7) The charter school is [demonstrably likely to serve the interests] of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding [for denial] under this paragraph shall	**Met (Staff Findings say Not Met, based on a misunderstanding of this requirement such that ANY new charter would be denied based on their flawed reasoning, and a factually erroneous description of Vista's unique model and what currently is offered in this community.)**	See narrative just below this table; Tab 13 (Community Impact Assessment).

detail specific facts and circumstances that analyze and consider the following factors: (A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings. (B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

The school district [is positioned] to absorb the fiscal impact of the proposed charter school. A finding that the district cannot absorb the fiscal impact of the new charter school is satisfied if it has a qualified interim certification pursuant to Section 1240 and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 1240, has a negative interim certification pursuant to Section 1240, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.	**Met**	LAUSD has a positive certification, thus (8) does not apply.[1] [1] California Department of Education. Interim Status. Accessed on August 28, 2021. https://www.cde.ca.gov/fg/fi/ir/interimstatus.asp.

FINDING 1: THE DISTRICT CANNOT MEET THE FACTUAL THRESHOLD FOR ESTABLISHING THAT PETITIONERS ARE DEMONSTRABLY UNLIKELY TO SUCCESSFULLY IMPLEMENT THE PROPOSED NEW HIGH SCHOOL

CSD erroneously asserts that Vista – an accomplished, stable operator of two existing LAUSD charter schools and three charter schools in Orange County – lacks capacity to successfully implement VLGA. CSD's Staff Finding here is based on three things:

- First, CSD concludes that some innocent and easily fixable – although regrettable – *minor* errors in the Petition and their blatant mischaracterization of a joking informal comment in the Capacity Interview support a conclusion that we lack "veracity"; we find this conclusion offensive and totally inaccurate.
- Second, CSD claims our leadership team is "unfamiliar" with the unique and exciting high school program it has developed and already is operating in Orange County, based on two tiny (and again, easily remedied in a full review) lines in our Petition and <u>one</u> budget line item in a comprehensive five-year budget (which was explained during the Capacity Interview though that information is not provided in the Staff Findings). It is frankly disingenuous of CSD to highlight minor errors as a basis for finding we lack capacity – ***just a few months ago CSD itself has rated Vista Charter Middle School (VCMS) as "Accomplished"/"4", the highest rating, in all three categories: Governance; Organizational Management, Programs and Operations; and Fiscal Operations*** (Student Achievement & Educational Performance is not being rated while testing was suspended). Even CSD staff do not actually believe we lack either capacity or knowledge of applicable legal requirements.
- Third, in the most perplexing portion of the Staff Findings, CSD staff misrepresent our plans and ignore clear statements made during our Capacity Interview. The correct facts are that Vista will continue to operate <u>one</u> high school program in Orange County, expanding to 11th grade in 2023-24, and has abundant capacity to manage its existing schools – including the new addition of Palm Lane this year (with just 275 students in grades TK-6) – and launch a new high school in LAUSD in 2023-24.

Innocent Errors Do Not Support a Finding That Vista Lacks "Veracity"

<u>Palm Lane Elementary School</u>

In March 2022, Vista was ready to submit the VLGA petition to CSD with an intention of opening in 2023-24, given that it was also in the process of taking over Palm Lane for 2022-23. CSD staff had known since the fall of 2021 that the VLGA Petition was coming. Just before the intake however, Vista staff were told that LAUSD would not authorize a petition to open in 2023-24 until the 2022-23 fiscal/school year began. While Vista disagreed with this new requirement (and note that other authorizers across the state are happy to approve new charters with a "planning" year built in), it nevertheless relented and did not attempt to submit the petition until after July 1, 2022.

Unfortunately, in this interim, while we updated dates, demographics and the budget to reflect the planned launch of the charter now for 2023-24, we neglected to update the sole one paragraph portion of the petition that listed the schools we currently operate, and the fact that our Board had voted in May 2022 to take over Palm

VISTA CHARTER PUBLIC SCHOOLS

Collin Felch, Ed.D., Asst. Superintendent

Lane Elementary School (Palm Lane) in the Anaheim Elementary School District (AESD). ***This omission impacts just ONE brief reference in the written petition in the introduction (p. 10), and could easily have been remedied had a full review been provided.***

Contrary to CSD's mischaracterizations, this innocent error was hardly an attempt to "hide" something from LAUSD. ***To the contrary, Vista's assigned Specialist, Monique Galvez, was well aware what was happening with Palm Lane as it happened – she even monitors our VCPS Board meetings in addition to having regular conversations with our Superintendent and other lead staff***.[1] At the annual LAUSD Oversight of our two existing LAUSD schools in May 2022, CSD staff were able to review our Board Book and the minutes of all of our prior meetings and were informed about this takeover (and gave us the highest possible rating). Our submitted charter includes a Board Questionnaire for the new Board member we added from Palm Lane as part of the merger, and he has filed a Form 700, also provided to LAUSD. (We also note that CSD's emphasis on Palm Lane's performance data prior to the takeover is misleading, at best – VCPS did NOT operate Palm Lane until May 23, 2022.[2] It is precisely because Vista has a strong academic track record and solid and stable operations and finances that the Palm Lane leadership – initially chosen by parents under the Parent Trigger process several years earlier -- sought us out to take over their school.)

This inadvertent oversight in the written Petition is not valid grounds for denial.

Vista Meridian

As for Vista Meridian Global Academy (VMGA or Vista Meridian) in Orange County, again, CSD staff completely mischaracterize this situation and statements we made during our Capacity Interview; ***the "facts" they present are wrong***. We were very clear about this during our Capacity Interview. It was in fact an unusual situation that led to the Orange County Department of Education (OCDE) to authorize – during the pandemic's initial lockdown – Vista's expansion in Orange County to a full K-12 model with the addition of our first high school. As CSD knows, Vista attempted to submit the new Vista Meridian high school charter to the Santa Ana Unified School District (SAUSD) in May of 2020. Due to the pandemic, SAUSD unlawfully refused to accept any charter petition whatsoever. In order to resolve this unusual situation, OCDE agreed to amend the existing Vista Heritage Global Academy (Vista Heritage or VHGA) middle school charter through a Material Revision process in which the Vista Meridian charter was attached to the VHGA charter as an appendix. This was authorized on July 1, 2020.

Everyone – including OCDE, our parents and students, teachers and staff – have understood our ultimate intent to operate the high school distinctly from the middle school. From the start, while the high school was and currently is officially part of Vista Heritage, we have colloquially referred to the high school program separately and under the Vista Meridian identity. This is both consistent with the approved charter and applicable laws. We believe it is motivating for students to switch to a new school with a new identity as they mature and develop, which is why we submit separate petitions for our elementary, middle and high schools in both Orange County

[1] We understand that Ms. Galvez has been on a leave of absence from LAUSD for some time.
[2] We still are in the process of finalizing this merger with Palm Lane with the California Secretary of State and Attorney General.

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

and Los Angeles. Vista Meridian has had a dedicated principal and staff for the high school grades from day one. At ALL times, Vista has acted in accordance with the law and its authorizers' requirements. Notwithstanding a casual, joking comment made during our Capacity Interview (which we understood to be a friendly environment and not a "gotcha" attempt to trick us into saying things that would later be used against us), the parents of our students are fully aware that their 9th and 10th grade students are currently enrolled at Vista Heritage.

Last spring, Vista re-submitted the Vista Meridian petition as a free-standing school, and it was authorized by OCDE as a countywide benefit school on June 1, 2022. That petition includes a detailed narrative about our innovative plans in Orange County to operate small site-based learning pods that will facilitate dual enrollment with site-based classes on or near college campuses across the County. This authorization helped facilitate the development of a new facility for the high school program that will open in 2023-24. For a variety of reasons, including the availability of Covid-relief funds for existing schools, the decision was made to delay opening Vista Meridian as a separate school until 2023-24. Now that a separate, free-standing charter for Vista Meridian has been authorized by OCDE, we plan to submit a Material Revision to OCDE to revise the VHGA petition and remove 9-12th grades starting with 2023-24.[3]

CSD's Staff Findings contain two remarkably inaccurate statements that CSD knows are false:

- The organization's countywide charter school (Vista Meridian Global Academy) is slated to open in 2023-2024, which is the same first year as the proposed Charter School. (See Exhibit 2, Vista Meridian Budget Narratives.)
- Additionally, the organization's span school (Vista Heritage Global Academy) currently only serves students in grades 6-10 and will require the organization's resources to roll out the additional grade levels it is approved to serve (6-12).

(CSD Staff Findings, p. .)

CSD staff knows these statements are untrue, and that Vista will only operate <u>one</u> high school program – already serving grades 9 and 10 – in Orange County in the coming years. To the contrary, our students (and their teachers) in 9th and 10th grades will move to Vista Meridian (which has a specific one-year enrollment preference to facilitate this transition) and VHGA will no longer serve high school grades.

Given the actual facts at hand, this is not a valid basis for denial.

<u>Articles of Incorporation</u>

Here, CSD staff bizarrely accuse us of attempting to mislead them by not providing a copy of a document we already had provided to them with two prior charter petitions (one new, one renewal), and which they've been

[3] We held off on submitting that revision at the request of OCDE staff due to their internal capacity and plan to submit in January 2023.

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

able to review at their annual oversight visits! The entire argument about the Articles of Incorporation is much ado about nothing. This week, Vista plans to submit an amendment to our Articles (draft copy attached here) to change the purpose of the corporation to "operate one or more public charter schools and related educational services." This revision will easily resolve any outstanding issues in a matter of days.

Again, we are stunned that CSD's long-standing past practice of collaborating with its authorized charter operators in a cooperative and forward-moving way was not the case here. A simple phone call early on in this process would have alerted Vista to this mistake, and helped us remedy it quickly. Instead, CSD held back and launched an attack with its Staff Findings, released October 31, 2022.

The Claims We Are Unfamiliar with Our Own Program or That the Petition Is Not Aligned With Legal Requirements Are Both Simply Wrong

Yet again, CSD's Staff Findings conflate three minor errors in our Petition – that we had expected, if they existed, would be easily cured during the full review process – with a conclusion that our accomplished and experienced leadership team is unfamiliar with the high school it already operates in Orange County and/or plans for this new high school in LAUSD, or applicable legal requirements. We concede that the discussion of the exciting new Career Technical Education (CTE) Climate Change pathway we currently are developing in partnership with UC Irvine is a bit unclear as written. The points raised in the Staff Findings however were all addressed during the Capacity Interview, with our responses not included in the written Staff Findings.

UC Irvine and Vista are developing what will be *the first CTE pathway in Climate Change in the state*. We are honored and excited to be doing this work with UC Irvine. This is one of the most innovative, timely, and urgent CTE pathways that will eventually be used by schools in California and across the nation – we also already are partnering with the entire California State University network and its 23 campuses. UC Irvine's scientists are fully aware of A-G requirements and other requirements needed to ensure the Climate Change pathway is developed appropriately and with rigor. The curriculum is being developed by some of the most important minds working on climate change today. We have implemented the first course with our 10th graders in Orange County this fall (100% of whom are currently enrolled in a college course), and are on track to have the full curriculum available early in 2023. Dual enrollment courses will not be offered in Los Angeles until 2024-25 (starting with introductory courses the first year that already are developed).

CSD's claim that we should not be able to open a new high school because we haven't yet completed development of the entire curricula is both specious and nonsensical. Prior to joining Vista as its Superintendent in 2016, I served as an Instructional Director in the Intensive Support and Innovation Center under Superintendent Tommy Chang and as Instructional Director for Linked Learning. In this role, I supervised 20 schools ranging from elementary to high school. I am well aware that it is a common practice for schools to create pathways that address the needs of their community without shutting down the school while the pathway is created.

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street
Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

Instead of using our new Climate Change pathway as a point of attack, we wish instead that LAUSD would partner with us in this exciting and urgent pathway and help us bring it to Los Angeles. We remind this Board that one of the reasons the charter school movement was created was to allow for innovation, flexibility, and creativity in an attempt to move the needle on student achievement. This is a clear example of the type of innovation charters were intended to provide. We have both the financial and intellectual backing for this program and look forward to disseminating it widely.

In any event, this "finding" and its erroneous factual support is not a valid basis for denial that Vista's experienced leadership team lacks capacity to launch this new high school program, or does not have appropriate knowledge about this highly unique program that we have developed and already are operating in Orange County.

Similarly, CSD's Staff Findings note that the budget submitted with the Petition includes a Principal in Year 1 at just 0.26 FTE. We plainly explained to CSD during the Capacity Interview that our intention for the launch of the high school with 9th grade in Year 1 was that our middle school principal would oversee both co-located schools for that first year.[4] This strategy successfully has been used by many other small and growing CMOs as they launch new schools. This is not a valid finding for denial.

And finally, while there is currently some disagreement statewide about whether a "zero period" is still lawful after the change to the state law requiring start times for high school grades no earlier than 8:30 a.m., we already have modified our bell schedule in Orange County and could easily provide the same bell schedule here.

When a correct factual record is considered, the Petition must be approved.

Data From Vista's Existing Schools and Its Record of Performance Demonstrate Vista's Capacity to Successfully Launch a New High School

As CSD staff and this Board well knows, the entirety of LAUSD is well-below state average performance: in 2019, the year used by CSD in the Staff Findings, the District was 23.7 points below the state average in English Language Arts and 54.1 points below the state average in Math on the CA Dashboard.[5] For CSD staff to contend that Vista is unable to launch a new school simply because Vista's schools have performed below state average on various Dashboard metrics is a specious claim. Vista is firmly committed to serving those students who are among the most underserved – students who come from families struggling with severe poverty, housing and food insecurity, community and domestic violence, substance abuse, and more are all common life factors in our school communities. Holding schools like ours that serve a student population that is 93.1% socioeconomically disadvantaged (compared to the statewide average of 60.3%), predominantly Latino/a (85.9% across Vista's schools compared to 55.3% in the statewide average), with a significant percentage of English Learners (40.6% at

[4] Since we submitted the Petition however, changes in state funding streams have enabled us to now project that the new high school will have a full-time, dedicated Principal from day one.

Vista compared to 17.7% statewide) – to meeting test scores and other metrics met by an average population that includes middle and high-income students without regard to students' life circumstances is, we believe, a major flaw in the current Dashboard system (the old Academic Performance Index (API) factored in demographics, unlike the new Dashboard). We urge this Board to look at all of the charter petitions it considers ***within the context and real perspective of the students and families served in each local community and across this District***.

In any event, the fact that our schools – like the overwhelming majority of schools within LAUSD – are still working to meet and exceed state standards is not a valid basis for denial of the Petition.

And again, correcting the misstatements in the Staff Findings: Vista will – and already does – operate one high school program (currently with 9th and 10th grades and total capacity of 500 students in 9-12) in Orange County, and has taken over operation in 2022-23 of Palm Lane (with just 275 students in grades TK-6). LAUSD claims that we have not shown that we can reasonably implement our program (despite giving us high marks on our oversight visits), yet that is exactly what we have done in Orange County and the OCDE has praised our program publicly at the Board level, as well as at the Division of Charter School Oversight where they have given us the highest possible evaluations eight years in a row.

Vista has added additional support such as Intervention Coordinators at each of our school sites, additional counseling staff, and other supports. The Staff Findings ignore expansion of Vista's home office and the addition of crucial support and leadership team members, including our new Assistant Superintendent, Director of Special Education and Pupil Services, and Chief Information Officer. We also plan to add additional central office staff (including another Assistant Superintendent) and site-based staff as we continue to grow.

Individually and collectively, the Staff Findings do not support a conclusion that Vista lacks capacity to operate this new school.

FINDING 2: THE VLGA PETITION CONTAINS COMPREHENSIVE DESCRIPTIONS OF ALL FIFTEEN REQUIRED ELEMENTS AND DOES NOT HAVE ANY DEFICIENCIES THAT ARE SUBSTANTIAL ENOUGH TO WARRANT DENIAL

Contrary to the Staff Findings' conclusion, VLGA's Petition is comprehensive, detailed and complete, including all required legal provisions.

CSD Found That VLGA Presents a "Sound" Educational Program, Thus it Cannot Contradictorily Find that the Petition is Deficient in Describing that Same Education Program

To support this finding, CSD staff first claim the "Petition does not contain a reasonably comprehensive description of the charter school's educational program." (Staff Findings, p. 7.) This finding is contradicted by another finding: CSD staff concluded "VLGA presents [a sound] educational program for the pupils to be enrolled in the charter school." (See above, potential first of eight findings to deny a charter petition….) CSD cannot

VISTA CHARTER PUBLIC SCHOOLS

www.vistacharterpublicschools.org

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

have it both ways.

Again, had CSD staff given us the courtesy of a full review as we anticipated, their questions could easily have been addressed. CSD's Staff Findings here first take issue with the level of detail provided about bell schedules and course offerings. We note that complete course descriptions for every course that has already been developed are included in the Petition, as is a sample bell schedule and indication of which courses are taken in 9th and subsequent grades. Cites. We note that in the Capacity Interview, we plainly stated that 9th graders will take ELA 9, Integrated Math 1, Biology, World History, Spanish 1 or Spanish for Spanish Speakers 1, PE, and an elective such as PLTW, Music, etc. (or ELD), along with their Advisory/Global Hour class. (See Petition, pp. 103-104.) This "finding" is thus based on erroneous or incomplete factual evidence and is illogical given the finding that our educational program is "sound"; this proposed finding must be rejected.

CSD next takes issue with the fact that we propose a schedule with seven academic periods, but only budget for six (6) teachers in Year 1. As the Petition clearly states, our plan in Year 1 is to co-locate the 9th grade with our existing middle school. We stated in the Capacity Interview that we anticipate that some teachers of subjects like P.E. or arts will teach at both schools because the one grade level does not sustain these positions full-time.[6] Similarly, if CSD staff desired more information about our Dual Enrollment program, now that we have 10th graders in Orange County (100% of whom are enrolled in a college course), we have built out more of this program and are preparing for the full launch in OC with 11th grade next year. These details need not be included in a charter petition in order to earn authorization.

CSD also, again, takes issue with our new Climate Change pathway. Please see page __ above; the fact that we do not yet have course descriptions for these newly developing courses is not a valid basis for denial when these courses will not even be implemented at VLGA until 2024-25.

We note that other charter petitions have been approved by LAUSD without details of an entire CTE pathway or dual enrollment program. This is not a valid basis for denial.

Finally, it also is not a valid basis for denial to cite a comment in the Capacity Interview that we are working on identifying and developing "certificates'' with our college partners for our dual enrollment program. This would simply be a beneficial addition for our students, and help to bolster our CCI indicator on the Dashboard, but by no means are these certificates required for a new charter high school nor does it in any way indicate that our Petition is deficient.

This Board simply cannot find that we have a Petition that is deficient in describing the same educational program that the Board finds is "sound" as part of its full analysis.

---

[6] Again, now that state funding has improved, a revised projection anticipates enough funding for seven full-time teachers starting in Year 1. We also plan to apply for start-up grant funding.

The Articles of Incorporation Oversight is Being Resolved

CSD next rehashes the issue with our Articles of Incorporation to support its finding that our Petition is not reasonably comprehensive. Again, this is not a valid basis for denial.

The correct factual record demonstrates that Vista has presented a comprehensive and thorough Petition that must be approved.

FINDING 3: VLGA IS DESIGNED TO SERVE THE COMMUNITY AND IS NOT DUPLICATIVE OF ANY LAUSD EXISTING PROGRAM; THE ACCURATE FACTS AND CORRECT APPLICATION OF THE LAW REQUIRE THAT THIS FINDING BE REJECTED

This analysis is based on a completely flawed application of the new law (AB 1505) and standard of review.

VLGA, With Just 500 Students at Capacity, Would Not "Substantially Undermine/Impact Existing Services, Academic Offerings, Or Programmatic Offerings In The Proposed Targeted Community

CSD claims that the District's declining enrollment indicates that VLGA will struggle to become fully enrolled. In fact, virtually every single one of our current middle school parents is eager to send their children to our new high school. The current 8th grade class has 125 students, the same projection for the number of students VLGA would have in its first year of operations with 9th grade. It is important to note that many families are fleeing from the existing high schools in the community because these high schools are underperforming, in some cases by dramatic margins below state averages, including graduation rates and A-G rates (See Petition, pp. 15-25, presenting the surrounding schools' data in a more detailed and illuminating way than CSD staff's cursory summary). These families want a small, high-performing high school, which VLGA will offer.

This is not a valid basis for denial.

CSD next claims in a "fiscal impact" analysis that a District that currently serves more than 600,000 students cannot weather the loss of approximately 150 more! This is ridiculous. CSD staff claim that 30% of the VLGA enrollment (150 students) will come from District-operated schools. This in an incorrect assumption in this context, given that many of the new start-up charter schools over an 11 year period were individual stand-alone schools that did not have an existing feeder school to supply enrollment from another charter. CSD's analysis here ignores the fact that Vista already has in place a strong and successful feeder school to the new high school, which will complete a K-12 cohesive model. In fact, the overwhelming majority of our graduates from VCMS in 8th grade go on to enroll in surrounding charter high schools. These families have long indicated a preference to have their children benefit from a full TK-12 span in the same model of instruction and development.

In any event, the 125 students that potentially could be lost from the District (over four years) represent approximately 0.02% of total District enrollment. This simply does not warrant a finding that the fiscal impact on

VISTA CHARTER PUBLIC SCHOOLS

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

LAUSD would be "substantive," as required by the law.

This is not a valid basis for denial.

VLGA is a Very Unique Model With A Signature Program Developed By Our Superintendent Part of His Doctoral Thesis; There is NO Support For Finding That VLGA Would in ANY Way "Duplicate" Existing Schools and CSD Mis-Applies the Law in This Case

Here, CSD staff reveal a clear misunderstanding of the new law. Under CSD's logic, any new charter school that proposes to offer project-based learning or a CTE Pathway must automatically be denied because LAUSD offers project-based learning and CTE Pathways too. That is not the law.

Instead, the law asks "Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate." Education Code Section 47605(c)(7). The law does not ask if a single element of a new school is already offered, it asks whether the new school will duplicate another existing "program."

CSD notes that we identified the following in our CIA as not duplicative in the community:

- Vista's Framework for Engagement
- Partnership with and curricula from Community Catalyst Partners International Student Study Network (ISSN)
- CTE Pathways in Business (specifically an international business focus) and Climate Change, including Dual Enrollment options at LATTC and/or other colleges/universities
- Advisory/Global Hour for daily personalized targeted supports and daily tutoring during Zero Period.
- Full-time on-site School Psychologist and additional psycho-social supports and Social Emotional Learning (SEL) throughout the program, including Way of Council.

We are rather perplexed by the Staff Findings' contention that "all, or nearly all, Schools within the Community incorporate some elements of Vista's Framework for Engagement, such as mastery learning, data- driven instruction, and project-based learning." (Staff Findings, p. 13.) The Staff Findings go on to drop in a footnote the other components of the comprehensive Framework for Engagement model – which work in collaboration with one another in a coordinated, intentional fashion – including " social emotional learning elements, instructional strategies such as Kagan strategies, project-based learning, and mastery learning, and involves a shift in instructional practice towards teachers acting as coaches and facilitators of personalized learning experiences." (Ibid.) The accurate fact is that this Framework for Engagement was designed by our Superintendent as part of his doctoral dissertation. ***It is unique to Vista.*** CSD does not – and cannot – identify a single school in LAUSD that is implementing our complete and intentional Framework for Engagement. Their attempt to claim the Framework is in place at other schools merely serves to highlight how this "finding" is factually unsupported.

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street
Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D., Superintendent
Collin Felch, Ed.D., Asst. Superintendent

As another example, while LAUSD used to have two schools that worked with the International Study School Network (ISSN), these schools no longer function within this framework and LAUSD no longer has any existing school that addresses global education with the unique focus of the ISSN/Community Catalyst framework. Our unique approach to global education includes cohesive and comprehensive students outcomes at grades K-12 which are students will demonstrate the "VLGA Global Competencies: (1) Investigate and research the world, (2) Recognize and weigh different perspectives, (3) Effectively communicate ideas, (4) take action to make a difference, and (5) Apply learning to real and relevant situations." (Petition, p. 142.)

As noted, currently no one in the state has a Climate Change pathway, nor does LAUSD have a Business pathway focused on international business in the community we will serve. Saying "we have CTE pathways too" is not sufficient to support a finding here.

While many schools offer some form of tutoring and/or a period during the day for small group instruction and targeted online learning, again, the complete structure of our Advisory/Global Hour is unique to Vista, and not replicated in the District.

Finally, while LAUSD schools do provide some level of psychiatric support, few to none have full-time psychologists on-site and most fall far short of meeting students' needs. LAUSD school psychologists work at multiple schools and are used mainly for special education support and compliance. In contrast, Vista's psychologists are deeply integrated into the daily life of our students and provide counseling and social/emotional support on a daily basis, including helping to lead our acclaimed Way of Council program. Way of Council is not offered by other high schools in our community.

Next, the Staff Findings acknowledge that "the community proposed to be served by Charter School has existing academic needs . . . [and] median performance levels underperform the state in three of six applicable indicators: Math, ELPI, and Graduation Rate." (Staff Findings, p. 14.) This analysis does not include details showing that several of the schools in the community are performing significantly below state standards. Families in our community are aware of the poor outcomes at their "neighborhood" high schools and are eager for an alternative.

The Staff Findings' analysis also fails to compare Vista's performance to the existing schools in the community we will serve – as part of this *Community* Impact Analysis – rather than looking at our performance against statewide proficiency levels. For example, on the 2019 CAASPP, VCMS outperformed all of the surrounding traditional middle schools in ELA and all but one in Math, with the exception of the Thomas Starr King Middle School, which is entirely comprised of magnet programs including a gifted magnet. This was detailed extensively in VCMS' most recent charter renewal petition as well, yet omitted from the Staff Findings:

School	2019

VISTA CHARTER PUBLIC SCHOOLS

	ELA	Math
Vista Charter	40.26	26.50
Liechty Middle	30.37	15.58
Sal Castro Middle	25.32	16.39
Le Conte Middle	31.32	17.63
King Middle	61.80	48.09
Virgil Middle	39.02	35.22

As noted above, Vista is firmly committed to serving those students who are among the most underserved, and we are doing it well. Vista has long evidenced performance that surpasses our surrounding schools, as evidenced in our previous charter petitions and especially renewal charters. We are quite confident that the completion of our TK-12 model in Los Angeles is supported by the correct contextual data for this community.

Again, looking at the actual factual record and a correct application of this *community* impact analysis of the new law, this is not a proper basis for denial.

CONCLUSION

Vista Legacy Global Academy is needed in this community. Our families have been asking us for years to launch a high school in Los Angeles. When a correct factual record is reviewed, it is clear that there is no basis on which this District can legally deny this new charter petition. We urge you to authorize VLGA and allow Vista to realize its plans for a full TK-12 span in Los Angeles.

Sincerely,

Dr. Don Wilson, Superintendent

Dec 9, 2022

Indra Ciccarelli, Director II
Charter School Office
Los Angeles County Office of Education
12830 Columbia Way
Downey, CA 90242

Re: Description of Changes to the Vista Legacy Global Academy Petition Necessary to Reflect the Los Angeles County Board of Education as the Authorizer

Dear Mr. Ciccarelli:

In accordance with California Code of Regulations, title 5, section 11967, subdivision (b)(4) and Los Angeles County Office of Education ("County") requirements, the following changes to the Vista Legacy Global Academy ("VLGA") charter petition are necessary to reflect the Los Angeles County Board of Education ("County Board") as the authorizer. This letter is submitted in order to meet legal and County requirements. Nothing contained herein is a new or different "material term" as defined under Education Code section 47605(k)(1)(A)(iii).

- **Charter Authorizer**

Throughout the charter, any text referring to the "Los Angeles Unified School District," "LAUSD," or "District" as the authorizer, including any requirements that VLGA submit documents or otherwise report to LAUSD, would be revised to read "Los Angeles County Board of Education," "County Board," or "County" as appropriate. Any text referring to the LAUSD "Charter Schools Division" or "CSD" as conducting oversight of VLGA would be revised to refer to the County's "Charter School Office" or "CSO" as appropriate.

- **Cover Page And Table Of Contents**

The cover page of the charter would be revised to reflect the date the charter was submitted on appeal to the County Board. The table of contents on pages 1-2 will need to be updated once all of the changes described in this letter are made.

- **Element 1 – English Learners ("EL")**

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street
Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D.,
Superintendent

Many sections of the charter contain LAUSD's mandatory District Required Language ("DRL") highlighted in gray. LAUSD requires the DRL to be copy-pasted into every charter. Some of the language only applies if LAUSD is the authorizer.

The charter would be revised on page 6 to remove the requirement to annually certify to CSD that VLGA is implementing the LAUSD Master Plan for English Learners and Standard English Learners or its own EL Master Plan, and to annually evaluate and report to CSD on the EL program. Instead, VLGA would implement the EL Master Plan submitted with the charter petition and make any necessary reports to the County.

- **Element 1 – Students With Disabilities**

As required by LAUSD, the students with disabilities section of the charter is entirely DRL, containing DRL language and LAUSD requirements that will be irrelevant if the school is authorized by the County Board, such as executing a LAUSD special education memorandum of understanding, potential membership as a school of the district in the LAUSD special education local plan area ("SELPA"), and complying with LAUSD's special education policies, procedures, and data systems. In order to reflect the County Board as the school's authorizer, this section of the charter must be revised.

The DRL on pages 7-9 related to students with disabilities would be removed and the charter would be revised to meet County requirements for special education. VLGA proposes to revise the charter under the heading "Students With Disabilities" on page 128 with the language attached to this letter as Exhibit A.

- **Element 4 – Governance**

Page 145-146 of the charter, in the "Legal and Policy Compliance" section of the DRL, requires the school to comply with LAUSD's various charter policies. This language would be removed.

On pages 146-147, the "Responding to Inquiries" section of the DRL, which references the LAUSD Office of Inspector General, should be removed. VLGA proposes it be replaced by the following language that reflects the requirements of Education Code section 47604.3:

> "VLGA shall promptly respond to all reasonable inquiries, including, but not limited to, inquiries regarding its financial records from the County or from the Superintendent of Public Instruction, and shall consult with the County or the Superintendent of Public Instruction regarding any inquiries."

On page 147, the "Notification of the District" section of the DRL would be revised to require the school to make reports to the County as required by California law and the County.

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street
Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D.,
Superintendent

- **Element 6 – Health And Safety Procedures**

On page 175, the DRL includes a paragraph about VLGA potentially locating on a District facility and complying with District procedures, requirements, and inspections. This paragraph would be removed.

- **Element 7 – Means To Achieve Racial And Ethnic Balance**

Page 183 of the charter includes language requiring compliance with the *Crawford* court order against LAUSD and the LAUSD Court-Ordered Integration Program. This language is inapplicable if the school is authorized by the County Board and would be removed.

- **Element 9 – Annual Financial Audits**

On page 191, the list of reports required by LAUSD will be removed and VLGA proposes it be replaced with the following language, as set forth in Education Code section 47604.33, as well as any other reports required by the County:

"The following reports will be submitted to the County Superintendent of Schools:

(1) On or before July 1, a preliminary budget.

(2) On or before July 1, an annual update required pursuant to Section 47606.5.

(3) On or before December 15, an interim financial report, which shall reflect changes through October 31.

(4) On or before March 15, a second interim financial report, which shall reflect changes through January 31.

(5) On or before September 15, a final unaudited report for the full prior year."

- **Element 10 – Suspension And Expulsion Procedures**

On page 193, language in the DRL requires compliance with LAUSD's Discipline Foundation Policy. This language would be removed.

On page 194, the DRL under the heading "Students with Disabilities" has unique procedures that would be inapplicable if authorized by the County Board, so the language would be removed.

On page 195, the DRL under the heading "Notification of the District" has LAUSD-specific procedures that would be inapplicable if authorized by the County Board, so the language would be removed.

As required by LAUSD, nearly the entire Element 15 on pages 225-231 is LAUSD-specific DRL. VLGA proposes that this Element be replaced with the language attached to this letter as Exhibit C.

- **Additional Provisions**

On pages 232-239, there is an "Additional Provisions" section of the charter that is all LAUSD DRL, which includes requirements about VLGA's use of LAUSD-owned and non-LAUSD-owned facilities, insurance, evidence of particular insurance, indemnifications, and fiscal oversight of the school. This language would be removed to the extent it is inapplicable if the school is authorized by the County.

- **Technical Amendments**

VLGA will comply with any additional, reasonable technical amendments to the charter as recommended by the County Board. For example, there are yellow highlights throughout the charter that were inadvertent, so the highlighting would be removed.

We appreciate your time and consideration. If you have any questions, please feel free to reach out to me directly.

Sincerely,

Dr. Donald S. Wilson
Superintendent
Vista Charter Public Schools

Enclosure

EXHIBIT A

STUDENTS WITH DISABILITIES

As an inclusive model school, VLGA is committed to meeting the needs of all of our students with disabilities, and pledges to work in cooperation with the Special Education Local Plan Area (SELPA) to ensure that a free and appropriate education is provided to all students with exceptional needs. VLGA will comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, and any other civil rights law enforced by the U.S. Department of Education Office of Civil Rights (OCR). Furthermore, VLGA will comply with SELPA guidelines and all California laws pertaining to students with disabilities.

The following description regarding how special education and related services will be provided and funded is being proposed by VLGA for the sole purpose of providing a reasonably comprehensive description of the special education program in the charter petition, in accordance with Education Code section 47605(b).

SELPA AFFILIATION

VLGA will be an independent Local Education Agency (LEA) member in the El Dorado Charter SELPA for purposes of special education, pursuant to Education Code Section 47641(a). A change in LEA status or SELPA membership shall not require a material revision of this charter.

As an independent LEA pursuant to Education Code Section 47641(a), VLGA will assume full responsibility for providing special education and related services to eligible charter school students, in accordance with state and federal law.

VLGA will follow policies and procedures of the El Dorado SELPA and shall utilize SELPA forms and information systems necessary to identify and serve students who qualify for special education. VLGA agrees to collaborate with the SELPA to respond to inquiries and request and provide access to information and records, as needed, and shall be responsible for maintaining confidentiality of student records.

CHILD FIND

VLGA understands its responsibility to ensure that all children with disabilities who need special education and related services are identified, located, and evaluated, regardless of the severity of the disability. No assessment or evaluation will be used for admission purposes.

As noted above, VLGA will implement a multi-tiered instructional and support framework (MTSS), prior to referring a student for an evaluation under IDEA. However, VLGA shall ensure that child find identification occurs in a timely manner and that no procedures or practices result in delaying or denying this identification. A parent/guardian or VLGA staff member may request an initial evaluation at any time to determine if the student is a student with a

disability, regardless of whether the student has participated in an MTSS framework. Special education referrals shall be made only after general education supports and interventions have been considered and provided, as appropriate. If the Student Study Team finds that the pre-intervention plan is not sufficient to meet the student's needs, they will recommend that student for a formal special education assessment. VLGA may also choose to refer a student for services through the provisions of a Section 504 Plan, if appropriate.

As an independent LEA for special education purposes, VLGA shall be solely responsible for compliance with state and federal Child Find requirements. VLGA shall implement policies and procedures of the SELPA in which it is a member to ensure timely identification and referral of students suspected of having a disability.

Referral for Assessment

The term "assessments" shall have the same meaning as the term "evaluation" in the IDEA, as provided in Section 1414, Title 20 of the United States Code. VLGA's internal method for referral for assessment will be the Student Success Team (SST). Parents/guardians will be informed that special education and related services are provided at no cost to them.

As an independent LEA for special education purposes, in the event that VLGA receives a written request for evaluation, it will be solely responsible for working with the parent/guardian to address the request and shall follow SELPA policies, procedures, and timelines. VLGA shall respond to a written request for assessment within 15 days.

If VLGA concludes that an assessment is appropriate, the parent/guardian will receive a written Assessment Plan within 15 days. The parent will be given at least 15 days to provide written consent to the Assessment Plan. Assessments will be done only upon receipt of written parent/guardian permission. The assessment will be completed and an Individualized Education Program (IEP) meeting held within 60 days of receipt of the parent's/guardian's written consent for assessment.

Assessment

As an LEA for special education, VLGA shall be solely responsible for conducting special education assessments deemed necessary and appropriate by VLGA. The Director of Special Education and Pupil Services will be responsible for gathering all pertinent information and arranging for assessments to be conducted in all areas of suspected disability.

Information gathered will be used as tools to determine the student's disability, eligibility for services, and determining the nature and extent of required services. The types of assessments that may be used for determining eligibility for specialized instruction and services will include, but not limited to:

- Individual testing;
- Teacher observations;

- Interviews;
- Review of school records, reports, and work samples; and
- Parent input.

VLGA will follow the following assessment guidelines. If a conflict with SELPA policies and procedures exists, then SELPA policies and procedures will govern.

- Parents or guardians of any student referred for assessment must give their written consent for the school to administer the assessment;
- The assessment will be completed and an Individualized Education Program (IEP) meeting held within 60 days of receipt of the parent's written consent for assessment;
- The student must be evaluated in all areas related to his/her suspected disability;
- Assessments must be conducted by a person with knowledge of the student's suspected disability, and administered by trained and knowledgeable personnel and in accordance with any instructions provided by the producer of the assessments; individually administered tests of intellectual or emotional functioning must be administered by a credentialed school psychologist;
- Assessments will be selected and administered so as not to be racially, culturally, or sexually discriminatory;
- Assessments will be delivered in the student's primary language, and a qualified interpreter will be provided if needed;
- Assessment tools must be used for purposes for which the assessments or measures are valid and reliable;
- Assessments will be adapted as necessary for students with impaired sensory, physical or speaking skills; and
- A multidisciplinary team will be assembled to assess the student, including a teacher knowledgeable in the disability.

Upon completion of the assessment, an IEP team will be assembled to review the results of the assessment and determine the student's eligibility for special education. VLGA will be responsible for scheduling, coordinating and facilitating the IEP meeting. Educators qualified to interpret test results will present the assessment data at the IEP meeting. Parents/guardians will be provided with written notice of the IEP meeting, and the meeting will be held at a mutually agreeable time and place.

DEVELOPMENT AND IMPLEMENTATION OF IEP

Every student who is assessed for special education will have an IEP that documents assessment results and eligibility determination for special education services.

As an LEA for special education, VLGA shall be solely responsible for ensuring that all aspects of the IEP and school site implementation are maintained. VLGA will provide modifications and accommodations outlined within each individual's IEP and serve each student in the Least Restrictive Environment (LRE).

Each student who has an IEP will have an IEP team that oversees the IEP Development, implementation and progress of the student. All decisions concerning the special education programs and services to be provided to a student with a disability are to be made by the IEP team. The IEP team will include all of the following members:

- The parent or guardian of the student for whom the IEP was developed;
- The Student, if appropriate
- The Principal;
- At least one special education teacher;
- A General Education teacher who is familiar with the curriculum appropriate to that student, if the student is, or may be, participating in the general education environment;
- A SELPA Special Education Representative, if appropriate;
- If the student was recently assessed, the individual who conducted the assessment or who is qualified to interpret the assessment results; and
- Others familiar with the student may be invited as needed.

VLGA will provide an interpreter if necessary to ensure that all parents and/or guardians understand and can participate in the IEP process. If a parent cannot attend the IEP meeting, the school will ensure his/her participation using other methods, such as conferencing by telephone or meeting at the parent's home.

A copy of the IEP will be given to the parent/guardian in accordance with state and federal laws. Upon the parent or guardian's written consent, the IEP will be implemented by VLGA. The IEP will include all required components and be written on SELPA forms.

The student's IEP will include the following:

- A statement of the student's present levels of academic achievement and functional performance;
- The rationale for placement decisions, including cogent and responsive explanations for the recommendations;
- The services the student will receive and the means for delivering those services;
- A description of when services will begin, how often the student will receive them, who will provide them, and where they will be delivered;
- Measurable annual goals and short-term objectives focusing on the student's current level of performance and appropriately ambitious for his/her circumstances;
- The goals and objectives will also be linguistically appropriate, as per Ed Code Section 56345(b).
- A description of how the student's progress toward meeting the annual goals will be measured and monitored and when reports will be provided;
- Accommodations necessary to measure the academic achievement and functional performance of the pupil on state and district assessments;

- For students 16 years of age and older, measurable postsecondary goals related to training, education, employment and independent living skills, along with transition services needed to assist the student in reaching those goals;
- A description of the means by which the IEP will be provided under emergency conditions; and
- The IEP shall be reasonably calculated to enable the student to make progress appropriate in light of his/her circumstances.

IEP meetings will be held according to the following schedule:

- Yearly to review the student's progress and make any necessary changes;
- Every three years to review the results of a mandatory comprehensive reevaluation of the student's progress;
- After the student has received a formal assessment or reassessment;
- When a parent or teacher feels that the student has demonstrated significant educational growth or a lack of anticipated progress (consistent with state and federal law, IEP meetings will be held within 30 days of a parent's request);
- When an Individual Transition Plan (ITP) is required at the appropriate age; and
- When VLGA seeks to suspend or remove the student for a period of 10 days or more for the same behavior, in order to determine if the student's misconduct was a manifestation of his/her disability.

IEP Review

The IEP team will formally review the student's IEP at least once a year to determine how the IEP is meeting his/her needs. In accordance with IDEA regulations, the IEP team will also conduct a formal review of the IEP once every three years, in which the student is reassessed and the IEP is reviewed as part of an overall comprehensive reevaluation of the student's progress.

As an LEA for special education, VLGA shall be responsible for conducting IEP reviews and determining necessary supports, services, placements, in accordance with SELPA policies and all applicable laws.

Unless otherwise specified on the student's IEP, parents will be informed three times per year (which is the same frequency as progress is reported to all students and parents) of the student's progress toward meeting annual goals and whether the student is expected to meet his/her annual goals. The Goals and Objectives section of the IEP will be an attachment to the general progress report. This will serve to document the method by which the student's progress toward achieving the annual goal is measured, the student's progress during the relevant period, the extent to which it is anticipated the student will achieve the annual goal prior to the next annual review, and where needed, the reasons the student did not meet the goal.

If a parent/guardian or faculty member feels the student's educational needs are not being met, they may request a reassessment or a review of the IEP by the IEP team at any time during the year via written notice to the school. Once the request is received, VLGA will have thirty days, not including school vacations greater than five days, to hold the IEP meeting.

Special Education Strategies for Instruction and Services

As an independent LEA for special education purposes, VLGA will offer a comprehensive inclusion program that includes co-teaching, individualized instruction with differentiation for all learners, and the myriad other programmatic aspects detailed above that are designed to support diverse learners' needs, including the needs of students with disabilities. Each student's IEP requires different kinds of accommodations and modifications for instruction and services; therefore, the educational strategies of the IEP will be built around the student's needs. If a student's IEP team determines that the student requires placement outside of a general education classroom, VLGA will to provide the necessary placement and/or services. The instruction outlined in each student's IEP will be delivered by personnel qualified to do so.

Interim and Initial Placements of New Charter School Students

VLGA shall comply with Education Code Section 56325 with regard to students transferring into the charter school within the academic school year.

As an independent LEA for special education purposes, VLGA shall provide transferring students with free and appropriate public education, including services comparable to those listed in the existing IEP.

For students transferring to the VLGA from another school within the same SELPA, VLGA, pursuant to Education Code Section 56325(a)(2), shall continue to provide services comparable to those described in the existing approved IEP, unless parents/guardians and VLGA agree to develop and implement a new IEP. For students transferring to the VLGA from another school within a different SELPA, VLGA, pursuant to Education Code Section 56325(a)(1), shall continue to provide services comparable to those described in the existing approved IEP for a period of up to 30 days, by which time VLGA shall adopt the previous IEP or, in consultation with parents/guardians, develop and implement a new IEP that is consistent with federal and state law.

For students transferring to VLGA from a school outside of California, VLGA shall provide the student with a free appropriate public education, including services comparable to those described in their existing IEP, until VLGA conducts an assessment pursuant to Section 1414 of Title 20 of the United States Code, if determined to be necessary by VLGA, and develops a new IEP, if appropriate, in accordance with federal and state law.

Staffing

As an LEA for special education purposes, it will assume responsibility for special education staffing and service delivery. VLGA will be responsible for hiring, training, and/or contracting with the staff necessary to provide special education services to its students. VLGA shall ensure that all special education staff hired or contracted by VLGA is qualified to provide services in accordance with all applicable laws, regulations, and SELPA policies.

VLGA will employ one special education teacher with specialization in mild/moderate disabilities. In partnership with the Principal, this teacher will ensure the implementation of IEPs and compliance with all special education policy, monitoring, and compliance procedures. As the school grows, VLGA will continue to employ a mix of special education teachers as appropriate for the student population it serves as dictated by the needs indicated on student IEPs.

It will be the duty of the Principal to oversee and ensure the following:

- Ensure that all aspects of the IEP are followed;
- Arrange for the teacher of the student to attend the team meetings;
- Communicate with parents about progress made toward attaining the goals stated on the student's IEP, and inform them of due process procedures and rights;
- Consult quarterly with the Director of Special Education and Pupil Services or designee to ensure that the objectives and goals of students with IEP's are being met;
- Complete the requisite paperwork, updating and filing of necessary information for initial referrals, triennial evaluations, ongoing monitoring of student progress, and appropriate provision of any/all test modifications as stipulated in the IEP;
- Maintain a central file with all special education evaluation material and IEP's in accordance with FERPA and IDEA guidelines; and
- Provide a report of student progress on the same schedule as students in general education).

All teaching staff at VLGA will also be involved in assuring that all IEPs and 504 plans are properly implemented.

Professional Development for Charter School Staff

VLGA administrators, general and special education teaching staff, as well as other appropriate faculty and staff members will attend professional development and/or training meetings necessary to comply with state and federal special education laws, including training sponsored by the County and/or SELPA.

As an independent LEA for special education, VLGA shall seek professional development opportunities for its staff through potential trainings facilitated by the County, SELPA, colleges and universities, and private companies or agencies to ensure compliance with state and federal special education laws as well as implementation of best practices for students with disabilities.

REPORTING

VLGA, in collaboration with the SELPA where appropriate, will collect and maintain the following information on disabled students as required by IDEA:

- A calculation of all school-age students with disabilities being provided special education services by age, grade, category of disability and the number of students with disabilities who are English Language Learners;
- The number of students provided with test modifications and the types and the number of students exempted from Statewide assessments;
- The settings in which students with disabilities receive their services, specifically including the portion of the school day they receive services with non-disabled peers and time away from the regular classroom;
- The number of students with disabilities suspended "in-school" and out of school, organized by disability and length of suspensions; and
- The basis of exit from VLGA of students with disabilities (i.e., attainment of diploma and type, declassified, moved, etc.).

All necessary procedures and practices to ensure confidentiality and accurate/timely reporting will be the responsibility of the Principal. The Education Specialist will ensure that a central file with all special education evaluation material and IEP's is maintained and that this file is locked and confidential, in accordance with IDEA guidelines. The Principal will oversee access to these records, and will be responsible for ensuring that all providers responsible for the implementation of a student's IEP will have access to a copy of the IEP and will be informed of their specific responsibilities in implementing the IEP.

PROCEDURAL SAFEGUARDS

Parents or guardians of students with IEP's at VLGA must give written consent for the evaluation and placement of their child, be included in the decision-making process when change in placement is under consideration, and be invited, along with teachers, to conferences and meetings to develop their child's IEP.

The school will provide the parent with a written Notice of Procedural Safeguards, which will include information on the procedure to initiate both formal and informal dispute resolutions, at least once per year. VLGA will utilize the Notice of Procedural Safeguards used by the SELPA in which it is a member.

As an LEA for special education purposes, concerns or disagreements raised by parents/guardians will be acknowledged by the school within five days. VLGA will work to arrange a meeting with the parents/guardians to seek resolution of the disagreement. If a disagreement or concern persists, parents or guardians have the right to initiate a due process hearing to challenge a decision regarding the identification, evaluation, or educational placement of their child.

Dispute Resolution

As an LEA for special education purposes, VLGA acknowledges its responsibility to resolve disputes or defend due process complaints arising as a result of VLGA's alleged failure to provide a free and appropriate public education ("FAPE") to students enrolled in the charter school. VLGA may also initiate a due process hearing or request for mediation with respect to a student enrolled in VLGA if it determines such action is legally necessary or advisable.

Complaint Procedures

Parents or guardians also have the right to file a complaint with the California State Department of Education if they believe that the school has violated federal or state laws or regulations governing special education.

Section 504 of the Rehabilitation Act

VLGA recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of VLGA. Any student, who has an objectively identified disability which substantially limits a major life activity including but not limited to learning, is eligible for accommodation by the school.

VLGA shall be solely responsible for its compliance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. All facilities of the VLGA shall be accessible for all students with disabilities in accordance with the ADA.

VLGA will designate one employee to coordinate the school's compliance with its responsibilities under Section 504. A 504 team will be assembled by the Principal or Principal-designated 504 Coordinator and shall include the parent/guardian, the student, a qualified staff member, and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team will review the student's existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate.

If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team who will evaluate the nature of the student's disability and the impact upon the student's education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.

- Tests and other evaluation materials include those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligent quotient.
- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student is eligible for services under Section 504 must be made by the 504 team. Written notice of the eligibility determination will be provided to the parent or guardian of the student in their primary language, along with notice of the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA will be made by the 504 team.

If the student is found by the 504 team to qualify for services and supports under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives FAPE. In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the School's professional staff.

The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary.

All 504 team participants, parents, guardians, teachers and any other participants in the student's education, including substitutes and tutors, must have a copy of each student's 504 Plan. The Principal will ensure that teachers include 504 Plans with lesson plans for short-term substitutes and that he/she review the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student's file. Each student's 504 Plan will be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

EXHIBIT B

ELEMENT 14 – MANDATORY DISPUTE RESOLUTION

"The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter." (Ed. Code § 47605(c)(5)(N).)

DISPUTES BETWEEN THE CHARTER SCHOOL AND THE COUNTY

VLGA and the County will be encouraged to attempt to resolve any disputes amicably and reasonably without resorting to formal procedures.

In the event of a dispute between VLGA and the County, the issue shall first be framed in written format ("dispute statement") that is sent to the County Superintendent and VLGA Superintendent, or their respective designees. In the event that the Los Angeles County Board of Education (County Board) believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, VLGA requests that this shall be noted in the written dispute statement, although it recognizes it cannot legally bind the County Board to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede or act as a prerequisite to the County Board's ability to proceed with revocation in accordance with Education Code Section 47607 and its implementing regulations.

The County Superintendent and VLGA Superintendent, or their respective designees, shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from receipt of the dispute statement. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two Board members from their respective boards who shall jointly meet with the County Superintendent and VLGA Superintendent, or their respective designees, and attempt to resolve the dispute within fifteen (15) business days from receipt of the dispute statement.

If this joint meeting fails to resolve the dispute, the County Superintendent and VLGA Superintendent, or their respective designees, shall meet to jointly identify a neutral third-party mediator to engage the parties in a mediation session designed to facilitate resolution of the dispute. The format of the mediation session shall be developed jointly by the County Superintendent and VLGA Superintendent, or their respective designees. Mediation shall be held within sixty (60) business days of receipt of the dispute statement. The costs of the mediator shall be split equally between the County and VLGA. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. All timelines and procedures in this section may be revised upon mutual written agreement of the County and VLGA.

INTERNAL DISPUTES

VLGA shall have an internal dispute resolution process to be used for all internal disputes related to the charter school's operations. VLGA shall also maintain a Uniform Complaint Policy and Procedures as required by state law. Parents, students, Board members, volunteers, and

staff at VLGA shall be provided with a copy of VLGA's policies and internal dispute resolution process. The County shall promptly refer all disputes not related to a possible violation of the charter or law to VLGA.

EXHIBIT C

ELEMENT 15 – CLOSURE PROCEDURES

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." **(Ed. Code § 47605(b)(5)(O).)**

The following procedures shall constitute the "Closure Protocol" and shall apply in the event VLGA ceases to be a charter school or otherwise closes for any reason.

Any decision to close VLGA as a charter school operating pursuant to this charter shall be documented by official action of the VCPS Board ("Closure Action"), and will identify the person or entity responsible for all closure-related activities and actions. The action will identify the reason for closure (e.g., decision not to renew as a charter school). The Closure Action shall be deemed to have been automatically made if any of the following occur: the Charter is revoked or non-renewed and VLGA has exhausted all appeal procedures, the VCPS governing body votes to close VLGA, or the charter lapses. In the event of a Closure Action, the following steps shall be implemented, which follow the procedures and requirements set forth in Education Code Section 47605(c)(5)(O) and the California Code of Regulations sections 11962 and 11962.1.

VLGA will promptly notify parents and students of VLGA, the home districts, the Los Angeles County Office of Education, VLGA's SELPA, the retirement systems in which VLGA's employees will participate (e.g., State Teachers' Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

VLGA will ensure that the notification to the parents and students of the charter school of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board's decision to close VLGA.

VLGA will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.

As applicable, VLGA will provide parents, students and the County with copies of all appropriate student records, and will otherwise assist students in transferring to other schools. All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act ("FERPA"), 20 USC §1232g. VLGA will ask the County to store as necessary original records of charter school students. All student records of VLGA shall be transferred to the County upon school closure, except when records are transferred to a student's new school in accordance with applicable legal requirements. If the County will not or cannot store the records, VLGA shall work with County to determine a suitable alternative location for storage.

As soon as is reasonably practical, VLGA will prepare final financial records. VLGA will also have an independent audit (which may also serve as the annual audit) completed by an independent auditor as soon as is reasonably practical, but in no case later than six months after closure. The audit must include at least the following (i) All information required of in an annual audit; (ii) An accounting of all assets, including cash and accounts receivable and an inventory of property, equipment and supplies; (iii) An accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans and unpaid staff compensation; (iv) An assessment of the disposition of any restricted funds received by or due to VLGA, and (v) A delineation of the disposition of all assets and liabilities. Any liability or debt incurred by VLGA shall be the responsibility of VLGA and not the County. VLGA understands and acknowledges that VLGA will cover the outstanding debts or liabilities of VLGA. Any unused special education related funds will be returned to the County or SELPA, as appropriate, and other categorical funds will be returned to the source of funds as required by applicable law.

On closure of VLGA, all assets of VLGA, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending VLGA, remain the sole property of the VCPS. Any assets acquired from the County or County property will be promptly returned upon charter school closure to the County. Upon the dissolution of VCPS, all assets shall be distributed in accordance with the Articles of Incorporation. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, VLGA shall remain solely responsible for all liabilities arising from the operation of VLGA.

As VLGA is operated by a non-profit public benefit corporation, should the corporation dissolve with the closure of the Charter School, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

For a minimum of six calendar months from the date of the Closure Action or effective date of the closure, whichever comes first, sufficient staff as may be allowed by the budget and remaining assets will maintain employment to take care of all necessary tasks and procedures required for smooth closing of VLGA and student transfers.

In addition to the final audit, VLGA shall also submit any required year-end financial reports to the California Department of Education and the Los Angeles County Superintendent of Schools,

in the form and timeframe required, including, but not limited to, those required by Education Code Section 47604.33.

VLGA shall use budget reserves normally maintained for contingencies and emergencies to fund closure proceedings.

ASSURANCES, AFFIRMATIONS, AND DECLARATIONS

Vista Legacy Global Academy (also referred to herein as "Vista Legacy", "VLGA", and "Charter School") shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter "Ed. Code") § 47605(e)(1).)

- Not charge tuition. (Ed. Code § 47605(e)(1).)

- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status. (Ed. Code § 47605(e)(1); Ed. Code § 220.)

- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)

- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(e)(2)(A).)

- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School's capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as "LAUSD" and "District"). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment. (Ed. Code § 47605(e)(2)(B).)

- Charter school shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code section 47605(e)(2)(B)(iii). (Ed. Code § 47605(e)(4).)

- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(e)(3).)

- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(d)(1).)

- Consult, on a regular basis, with Charter School's parents, legal guardians, and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School's employees for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific "Federal, State and District Required Language" (FSDRL), including the *Assurances, Affirmations, and Declarations* section above. The FSDRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the FSDRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the FSDRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the FSDRL contained in the addendum, the provisions of the FSDRL addendum shall control.

ELEMENT 1 – THE EDUCATIONAL PROGRAM

"The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." **(Ed. Code § 47605(c)(5)(A)(i).)**

"The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals." **(Ed. Code § 47605(c)(5)(A)(ii).)**

"If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A" to "G" admissions criteria may be considered to meet college entrance requirements." **(Ed. Code § 47605(c)(5)(A)(iii).)**

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(c)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School "shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan." (Ed. Code § 47606.5(d).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by *California Code of Regulations*, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

WASC ACCREDITATION

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

ENGLISH LEARNERS

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School's core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD Master Plan for English Learners and Standard English Learners *or* Charter School's own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School's EL program, and shall address the following:

- How Charter School's EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELs) with an effective English language acquisition program as well as meaningful and equitable access to Charter School's core academic curriculum
- How English Learners' specific needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.

Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.

Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

STUDENTS WITH DISABILITIES

Federal Law Compliance

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

Special Education Program

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School's inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a "school of the district" for special education services, Charter School shall execute a Memorandum of Understanding ("MOU") by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education and shall be considered a "public school of the District" for purposes of Special Education pursuant to Education Code section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b). In this instance, Charter School will execute a MOU with LAUSD on provisions of special education as a member of a non-LAUSD SELPA.

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each

charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Use of District's Special Education Policies and Procedures and Data Systems

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of orders imposed upon the District pertaining to special education. All charter schools are required to use the District's Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

All charter schools are required to interface with My Integrated Student Information System (MiSiS) via a web based Application Programming Interface (API). MiSiS is a suite of applications which is designed to capture all student data.

***As documented in the Community Impact Assessment and in the petition, as appropriate, the petitioner's facilities plan regardless of whether it identifies any private or public site(s), the petitioner must include a specific description, with supporting documentation, of each identified site's ability to accommodate the petitioner's in-district classroom average daily attendance (ADA) projection in its first year of operation and each subsequent year until reaching full enrollment capacity. The petitioner shall provide written evidence of its facilities research in the target community, including, but not limited to, the specific address of any private or public site(s); the extent to which site(s) is/are approved for the specific use in accordance with requirements of applicable building authorities, applicable laws, and expectations set forth in this Policy and Procedures; and the petitioner's capacity and resources to address any construction related activities or other facilities improvements required to prepare the site(s) for use by the petitioner within a specified timeframe.**

***Unless otherwise exempted by law, all charter schools authorized by LAUSD shall identify in their charter petition a single school site where the charter school will operate within the geographic boundaries of LAUSD. (See Ed. Code §47605(a)(1).)**

****As defined by *LAUSD Policy and Procedures for Charter Schools,* a "community" includes all public schools (District and charter), serving similar grade levels as the proposed new charter school, and families and individuals who reside, work, and/or are served in the identified geographical area. The identified geographical area will be based on LAUSD Community of Schools and neighborhoods within a three-mile radius from the location identified by the petitioners of the proposed new charter school.**

****If a new charter school is approved by the LAUSD Board and subsequently seeks to locate in a community different from the community the charter school was originally authorized to serve, the**

charter school operator must submit a material revision for approval with an updated Community Impact Assessment prior to a change in location.

****Charter Schools that seek to expand to additional locations or move to a different community must undergo community interest and fiscal impact analysis pursuant to Education Code section 47607(a)(3).**

GENERAL INFORMATION

General Information Table	
• The contact person for Charter School is:	*Dr. Don Wilson, Superintendent*
• The contact address for Charter School is:	*2900 W. Temple St., Los Angeles CA 90026*
• The contact phone number for Charter School is:	*(213) 201-4000*
• The proposed address (site/location) of the Charter School is (must be aligned in the charter petition and the Community Impact Assessment facilities section; will beused to inform a 3-mile radius as consistent with District Policy) *:	*2900 W. Temple St., Los Angeles CA 90026*
• The proposed Community of Schools to be served**:	*Downtown; MacArthur Park*
• This location is in LAUSD Board District:	*2*
• This location is in LAUSD Local District:	*Central*
• The grade configuration of Charter School is:	*9-12*
• The number of students in the first year will be:	*125*
• The grade level(s) of the students in the first year will be:	*9*
• Charter School's scheduled first day of instruction in 2023-2024 is:	*August 14, 2023*
• The enrollment capacity at full roll out is: (Enrollment capacity is defined as the total number of students who may be enrolled in Charter School regardlessof student residency.)	*500*
• The type of instructional calendar (e.g. traditional/year-round, single track/multi-track, extended day/year) will be:	*Traditional*
• The bell schedule for Charter School will be:	*8:30AM – 3:30PM; early release every other Friday at 2:00PM*
• The term of this Charter shall be from:	July 1, 2023 to June 30, 2028

COMMUNITY NEED FOR PROPOSED CHARTER SCHOOL

Vista Legacy Global Academy (VLGA) is a proposed new charter high school that intends to transform the school experience, meet the evolving needs of students in Los Angeles, and ensure that every student in attendance receives a rich, individualized, rigorous and joyous education that prepares him or her to be college and career-ready as a productive and successful global citizen rich in humanity. VLGA will be the sixth school operated by Vista Charter Public Schools, Inc. (VCPS):

- **Vista Charter Middle School** (VCMS), authorized by the Los Angeles Unified School District (LAUSD), opened in September 2010; in 2021-22 served 351 students in grades 6-8: 85% Hispanic/Latino, 5% Filipino, 2% African American; 92% of students qualified for Free or Reduced Price Lunch (FRPL), 27% English Learners (EL), and 8% Students with Disabilities (SWD).
- **Vista Heritage Global Academy** (VHGA), authorized by the Orange County Department of Education (OCDE), opened in 2015, and in 2021-22 served 278 students in grades 6-8: 97% Hispanic/Latino; 1% African-American, 99% FRPL, 44% EL, 13% SWD and 0.5% foster/homeless youth.
- **Vista Condor Global Academy** (Vista Condor), also authorized by OCDE, opened fall 2018, and in 2020-21 served 319 students in grades TK-5: 97% Hispanic/Latino,1% African American, 1.5% White, 95% FRPL, 50% EL, and 12% SWD.
- **Vista Horizon Global Academy** (Vista Horizon), authorized by LAUSD, opened in 2019 in the Koreatown neighborhood of Los Angeles and today serves 80 students in TK/K-5: 68% Hispanic, 25% Asian, 1% Filipino,0.3% African American;1.6% White, 59% FRPL, 51% EL, and 7.5% SWD.
- **Vista Meridian Global Academy** (Vista Meridian), authorized by OCDE, opened fall 2021, and in 2020-21 served 66 students in grade 9, with plans to expand one grade level each year to reach 500 students in grades 9-12. Enrollment is 97% Hispanic/Latino, 3% African American/other; 97% FRPL, 44% EL and 12% SWD.

In recent years, our schools collectively (Vista Schools) have garnered the following recognitions and success:

- While not required, both of our middle schools have full accreditation from the Western Association of Schools and Colleges (WASC). VCMS received a full six-year accreditation in 2017/18, and VHGA earned a three-year accreditation in 2017/18, the highest accreditation possible for a first-time award. (The visit for the next cycle of accreditation is scheduled for February 2023).
- Vista Schools has established collaborative partnerships to benefit our students and their families:
  - *Community Catalyst Partners (formerly known as Asia Society)* and their *International Studies Schools Network*: As a part of this network, we are provided resources and opportunities to enrich the educational experience for our students through their framework of educating for global competence.
  - *Ojai Foundation and Circle Ways:* Provides mentoring and coaching support for our Way of Council program.
  - *CSU Long Beach School of Education:* Educational Affiliation Agreement to support CSULB's Early Fieldwork and Credentialing Program through student observers, student teachers, and the opportunity for Vista staff to guest lecture in certain CSU Long Beach courses.

- *CSU Fullerton Center for Economic Education*: CSU Fullerton students guest teach financial literacy concepts at VHGA, and for VHGA students participate in their annual Stock Market Olympiad and Titan Fast Pitch events.
- *Pepperdine Graduate School of Education and CSU Northridge School of Education*: Vista LA schools host and mentor student teachers.
- *IFA-China:* Partnership agreement to create sister schools and educational exchanges with schools in China.
- *Easter Seals:* partners with our SWD team to help prepare our students with workforce skills.
- *Healthy Smiles for Kids of Orange County*: provides dentists and dental services to VHGA students at the school site free of charge to their families.
- *Loaves & Fishes X10:* provides food bank with free food and basic supplies to families in need at Vista.
- *Olive Crest:* provides parenting classes for VLGA parents free of charge.
- *Future Generations Now:* provides all Vista students with free tutoring and other services. It also provides service opportunities for our students.
- *Blessings in a Backpack:* provides weekend meals to our students who might not have access to healthy meals during the weekend. We receive shipments of foods weekly and these are distributed to students.
- *California Policy Center*: provides parents classes on how the educational system works, called the "Education Commandments."
- *Los Angeles Chamber of Commerce, Silverlake Chamber of Commerce:* VHGA is a member of the Los Angeles Chamber of Commerce, and VCMS is a member of the Silverlake Chamber, which both provide a multitude of networking opportunities to local businesses and community organizations as VHGA and VCMS establish a greater presence in the Los Angeles community.
- *Search to Involve Pilipino Americans Organizations*: provides educational opportunities and workshops for our students and families
- *El Centro del Pueblo*: provides our students and families with resources, food pantry, counseling, drug and gang prevention and intervention and summer jobs for our youth.
- *Saban Clinic*: provides health resources to our families.
- *Koreatown Youth Community Center*: provides our students and families with resources, counseling, education, drug and gang prevention and intervention and summer jobs for our youth.
- *Central City Neighborhood Partners*: provides tutoring for our students and financial literacy classes for our families. They also have immigration support services.
- *Bresee Foundation*: provides athletics participating opportunities for our students.

- MTSS SWIFT FIT – The SWIFT Center for Education at the University of Kansas, a partner with OCDE on their Multi-Tiered Support System (MTSS) Initiative, rated VHGA with a 90% composite overall score in just our second year of the program (2018-19), up from a 75% in our first year of MTSS implementation (2017-18). The SWIFT-FIT is a "Fidelity of Implementation" tool to evaluate the effectiveness of the implementation of MTSS programs. This assessment contains 51 features within 5 domains (Administrative Leadership, Multi-Tier Support, Integrated Education, Family Engagement, and Inclusive Policy).

Coronavirus School Closures

We wish to note that during these unprecedented times of worldwide impact from the global Covid-19 pandemic, Vista Schools has responded swiftly, flexibly and adaptably to the transition to offsite learning. We are quite proud that by the time we closed school on March 16, 2020, all of our students at all sites were provided Chromebooks and, if needed, free Wi-Fi hotspots to use at home to participate in online learning, meaning that not one student lost learning time due to a lack of access to appropriate technology or Wi-Fi connection.

During distance learning, practices were established that will be employed again in the future if we need to provide distance learning due to the pandemic. All students, parents/guardians and teachers had access to online tools that provide students with access to course materials at home. To ensure quality teaching is being planned and provided, our Superintendent met (virtually) each day with the Principals, who in turn each held daily morning meetings with their faculty. Principals also issued daily emails with parents/students, posted daily office hours for live communications with parents/families, and scheduled video conferences as needed. Parents/guardians were provided detailed information about online curricular resources, IT support for computer and internet issues, counseling support, Coffee with the Principal (virtually) and other opportunities to connect, and much more. The Superintendent and Principals also communicated weekly with families via our website, social media and other platforms.

Rather than employ an online bell schedule in which students sit staring at their screen as teachers lecture for an entire school day, we chose a more asynchronous model in which secondary level teachers record 8-15 mini-lessons and post daily assignments, and then hold scheduled meetings/office hours with their classes at designated times in Google Classroom.

Our Special Education Coordinator ensured continued services, including contracted services, for students with disabilities. Our paraprofessionals continued to provide RSP through Google Meets or one-on-one phone calls. Our School Psychologist hosted small group and one-on-one counseling sessions through Google Meets and by phone. 100% of our students with IEPs received services and our coordinator was in communication with families weekly. Similarly, our instructional aides continued to provide designated ELD instruction online to our EL students.

Vista Schools also provided meals (breakfast and lunch) for students on a daily basis, distributed daily between 11:00am-1:00pm, with weekend meals also provided every Friday.

Vista Charter Public School Governing Board has and will continue to meet for regularly scheduled meetings through Zoom. Vista Schools has used Boarddocs for four years and quick access buttons and links are on all websites. Agendas are posted on our website and on Boarddocs 72 hours prior to meetings with Zoom access codes for board members and members of the public. All meetings are recorded and videos are posted of the meeting on Boarddocs. Vista Schools has always provided the option for remote participation in our board meetings through Zoom and/or video conferencing programs and board meetings have always been live streamed. This remains the norm for our board meetings.

In the event VLGA would need to close due to the Coronavirus, similar plans would be followed to continue learning and ensure all students receive a reasonable degree of teacher led instruction.

Leadership Team

Donald S. Wilson, Ed.D., Superintendent
Prior to joining Vista Public Charter Schools in 2016, Don Wilson worked for OCDE for almost 30 years. He most recently served as an Instructional Director in the Intensive Support and Innovation Center under Superintendent Tommy Chang and as Instructional Director for Linked Learning. In this role, he supervised 20 schools ranging from elementary to high school. Prior to that he served as the principal at Wonderland Avenue Elementary School, where he increased student achievement five years in a row, making Wonderland one of the highest ranking schools in the state. He also served as APEIS at 3rd Street Elementary School, Administrative Coordinator at Santa Monica Blvd. Community Charter, and ELD/Title I Coordinator at Manchester Ave Elementary. He has 17 years of classroom experience as an elementary school teacher. Dr. Wilson completed a double Bachelor's Degree at Brigham Young University in English and Spanish Literature and received his Master's in Educational Leadership and Curriculum Design from Cal State Northridge. In 2011 he received the California Distinguished School Award for his work with Arts in Education and Way of Council, an innovative program that increases the social/emotional intelligence of students while focusing on oral language development. He also received the ACCIPIO Administrator of the Year Award for his work with diversity in education. In 2013 he was accepted into and completed the highly regarded SUPES Academy, a program designed to promote and train future superintendents.

Collin Felch, Ed.D., Assistant Superintendent
Dr. Felch started his career as a math teacher at the Ambassador School of Global Leadership in Los Angeles. In 2013, Dr. Felch was named an LAUSD and Los Angeles County Teacher of the Year. Also in 2013, Dr. Felch served as an International Judge on the English Talent Television Show in China, Star of Outlook. In 2014, Dr. Felch served as a Math Instructional Coach for the Intensive Support and Innovation Center (ISIC) of LAUSD where he worked directly with 26 different schools to support math teachers, provide professional development, and enhance instruction in math. The following year, Dr. Felch was promoted again to become Assistant Principal at the Communication and Technology School to lead and serve youth in South Los Angeles. In 2016, Dr. Felch completed his Ed.D. at the University of Southern California. His dissertation was on "How Principals of International Studies High Schools Promote Global Competence." In 2017, Dr. Felch became the Principal of Vista Heritage, and he helped open Vista Condor in 2018 as its founding Principal. Then, Dr. Felch helped open Vista Meridian in 2021 as its founding Principal. In 2022, Dr. Felch was promoted to Assistant Superintendent of Vista Charter Public Schools and is thrilled to continue to serve the Vista Family and each of its school communities.

<u>Board of Directors</u>

Paul Vieyra, Board President, Residential Real Estate Agent
Mr. Vieyra has been a Residential Real Estate agent serving Los Angeles, San Gabriel Valley, and North Orange County for the past 10 years. Prior to real estate, Mr. Vieyra worked in Middle Market Commercial Banking for more than 15 years, focused on relationship banking and contributing to a "Critical Thinking Group" that worked on improving core processing and compliance reporting for federal and state regulators. Mr. Vieyra earned an Associate's degree from East Los Angeles College.

Mimi Kim, Board Treasurer, CEO, ChefDance LLC
Ms. Kim is CEO of ChefDance, a world-class culinary event company that started in Park City in 2004 during the Sundance Film Festival. Prior to founding ChefDance, LLC, Ms. Kim financed and operated as a financier of various entertainment properties in Los Angeles, including the Highlands, Mint and

Lure. She co-founded and served as the CEO of a software company, World Streaming Networks, which was sold in June 2001. Prior to World Streaming Networks, Ms. Kim founded Hunter Global Ventures in 1997; she currently facilitates both public and private investments in the technology, communications, retail and real estate sectors. Earlier in career, she worked as a strategic planner in the syndication and acquisition department for FX, a Fox cable network, and on Wall Street for six years as a corporate bond trader at Goldman, Sachs & Co.; as a vice president in corporate bond product management at Lehman Brothers; and as a corporate analyst at Merrill Lynch, all in New York. She has a B.A. in Economics and East Asian Studies from Barnard College and Master's in Finance and International Banking from Columbia University.

Michele Bauer-Bean, Board Secretary, Principal, Seaside Elementary School (Torrance)
Ms. Bauer-Bean is a highly experienced educator who currently is the Principal of Seaside Elementary School in the Torrance Unified School District. She has been involved with education since her freshman year in college, when she was awarded a Graduate Fellowship as an undergraduate student for her work at the USC Nursery School. Ms. Bauer-Bean has worked in a variety of educational settings including a Korean community school, OCDE, The Buckley School, The Mirman School for Highly Gifted Students, Pomona Unified School District and the Torrance Unified School District.

Ms. Bauer-Bean briefly left education to attend Pepperdine University School of Law in the late 1990's. While there, she was awarded a Darling Foundation Scholarship for her work in public service. After earning her law degree and license, she returned to education as a school administrator. She has secured grants for building libraries, computer labs and music classes, secured free services by creating partnerships with local universities in the area of health screenings, counseling, and academic tutoring and helped sites implement intervention systems and gain Gold Ribbon Award recognition. Ms. Bauer-Bean holds a Bachelor's of Science in General Studies from the University of Southern California and a J.D. from Pepperdine.

Jody Molodow, (Retired) Special Education Coordinator for Charter Schools, OCDE
Ms. Molodow worked for over 40 years with OCDE, where her responsibilities included teaching special education students with challenges ranging from physical to severe educational needs. She also worked as a Coordinator for Gifted and Talented students and an Advisor in both the Early Education and Infant and Toddler programs. For the last six years of her administrative career with OCDE, she served as the Special Education Coordinator for Charter Schools. Starting when she was a teenager, Ms. Molodow has volunteered with groups such as Los Angeles Blind Children's Center and Special Olympics. Ms. Molodow is a graduate of the University of Southern California with a B.S in Social Science/English and an M.S. in Education/Special Education.

Dr. Suzie Oh, Educational Consultant and Adjunct Professor, California State University, Los Angeles and Fullerton
Dr. Oh has a wide arrange of educational experience as a Principal, Assistant Principal, Central District Administrator (Specialist), Instructional Advisor, School Site Program Coordinator, and Classroom Teacher. She has supervised student teachers at CSU LA, Fullerton and Long Beach as well as the University of Southern California. Dr. Oh has been invited to Korea for two decades for numerous speaking engagements at universities, school districts and schools to train principals, teachers and parents. She has written and co-authored several books and articles including *Handbook for Teaching Korean-American Students by California State Department of Education,* and the *California Department of Education Foreign Language Framework (Curriculum Framework and Criteria Committee Member).* Her areas of expertise include leadership for school principals and CEOs, literacy, the teaching and

learning framework, multicultural education, English education, and thinking maps. She has been honored with several awards including 'Principal of the Year' by the Association of California Schools Association, Region XVI, and the Susan B. Anthony Award by Hollywood Business & Professional Association. Dr. Oh holds an Ed.D. and Master's Degree in Education from the University of Southern California.

Geronimo Gaytan, Parent Founder, Palm Lane Elementary Charter School
Mr. Gaytan is a founding parent of Palm Lane Elementary Charter School, the second parent trigger school in the State of California. Mr. Gaytan worked tirelessly to help the parents of Palm Lane convert the school into a charter school. He has served with dedication and loyalty on the school board since that time and continues to be a powerful advocate for parents. Mr. Gaytan is a proud employee of Disneyland where he has worked for many years and is held in high regard by his supervisors and employees in the food services division.

STUDENT POPULATION TO BE SERVED

TARGET POPULATION

VLGA will be located in Los Angeles in the 90026 zip code, where the population is 57% Hispanic/Latino, 17% Asian, 2.6% Black, and 21% White. According to Census data, 29% of adult residents over age 25 have less than a 9th grade education, almost half (44%) have not earned a high school diploma, and only 21% of residents hold a Bachelor's degree or more.[1] An overwhelming majority of the population (76%) speak a language other than English at home, with 26% of the population speaking English "less than well." A third of the families (34%) with children under the age of 18 are living in poverty, and half (54%) the population is foreign-born.[2] Median income is $27,563 with 34% of families with children under 18 were living below the federal poverty line in the past 12 months;[3] **in 2022, the federal poverty line for a family of four is $27,750.**[4] Notably, according to Living Wage Calculator, a project of Dr. Amy K. Glasmeier, Professor of Economic Geography at MIT, a family of four in Los Angeles County with two full-time working adults needs each adult to earn $30.73/hour to be self-sustaining (not needing public assistance).[5] The federal poverty line rate equates to just $6.37/hour. In other words, significantly more than 34% of families in our community are living in poverty based on the economic realities of the area.

Currently within three miles of our planned location for VLGA and/or the two LAUSD Communities of Schools (Downtown and MacArthur Park[6]) that include the three mile distance from our planned site, there are five large traditional public high schools:

Downtown Community of Schools:
Belmont HS (3 academies):
Los Angeles Academy of Medical and Public Service (LAAMPS):
Belmont Multimedia Academy (Multimedia):

[1] https://factfinder.census.gov/faces/tableservices/jsf/pages/productview.xhtml?src=CF
[2] https://factfinder.census.gov (2017 American Community Survey)
[3] https://factfinder.census.gov/faces/tableservices/jsf/pages/productview.xhtml?src=CF
[4] https://aspe.hhs.gov/poverty-guidelines
[5] http://livingwage.mit.edu/counties/06037; the calculator uses "a market-based approach that draws upon geographically specific expenditure data related to a family's likely minimum food, childcare, health insurance, housing, transportation, and other basic necessities (e.g. clothing, personal care items, etc.) costs.
[6] We note that in some places, LAUSD refers to these as a single Community of Schools yet in other places they are separate.

School of Science, Art and Green Engineering (SAGE)
Cortines School of Visual and Performing Arts
Downtown Magnets HS (2 magnets and an IB programme):
Downtown Business Magnet: Academy of Finance and Academy of Fashion Design and Merchandising
Computer Science/Engineering/Multimedia
IB Programme
Roybal Learning Center (4 academies):
Sustainable Business Finance Academy (BFA)
Academy of Educational Empowerment: School of Medicine and Law (AEE)
Computer Science Academy (CSA)
Academy of Social Work & Child Development (SWCD)

MacArthur Park Community of Schools:
Miguel Contreras Complex (4 academies)[7]:
Contreras Learning Center-School of Social Justice
Contreras Learning Complex-School of Business and Tourism
Contreras Learning Center-Academic Leadership Community
Contreras Learning Center-Los Angeles School of Global Studies

There also are six charter schools serving grades 9-12 within 3.0 miles of VLGA:

Alliance College Academy HS #16 (Alliance Ted K. Tajima)
Camino Nuevo Charter HS
Central City Value
Larchmont Charter (Lafayette Campus)
LA Academy of Arts and Enterprise
Rise Kohyang HS[8]

Demographics at the traditional public high schools are pretty consistent, though the magnet programs are more racially and economically diverse. On average, the high schools in these two CoS's are 93% SED, 21% EL with another 50% RFEP, 11% SpEd and 2% Foster/Homeless. The overwhelming majority of students are Hispanic/Latino (87%), 3% Black, 6% Asian, 3% White and 1% Two+ Races.

At the area charter schools, demographics are largely similar, though Rise Kohyang has a larger Asian population (26%) with 67% Hispanic/Latino, more accurately reflective of the zip code's demographics. Larchmont Charter (whose K-8 campuses are in different zip codes with different demographics) is just 37% FRPL, 26% Hispanic/Latino, 4% Black, 20% Asian, 37% White and 11% Two+ Races, with fewer EL's (8%+19% RFEP) than other schools in the area. On average, the charter schools combined are 85% SED, 22% EL with another 51% RFEP, 14% SpEd and 3%

[7] It is unclear why Contreras' four academies have separate reporting of state test data, enrollment, etc., while Belmont, Downtown Magnets and Roybal all report as a single school, despite also having smaller academies/schools-within-the-school.
[8] We have omitted McAlister HS (part of the MacArthur Park Community of Schools) and New Village Girls Academy from this analysis as both are very small (100-ish students) Dashboard Alternative (DASS) schools that serve a special population of pregnant and parenting teen girls (or other at-risk girls); McAlister HS includes multiple sites throughout LAUSD

Foster/Homeless. The majority of students are Hispanic/Latino (76%), 2% Black, 7% Asian, 6% White and 2% Two+ Races.

Source: caschooldashboard.org

The most recent CA Dashboard reports show that Belmont HS in particular is significantly under-performing, with "red" ratings – the lowest of the five tiers – for ELA, Math, and Graduation Rate, an "orange" – the second lowest tier – for College Career Indicator (CCI), and one bright spot "blue" – the highest tier – for suspension rate. The four Contreras Learning Community (CLC) academies – the sole "resident" school for all students in the MacArthur Park Community of Schools – have all orange and red in the academic categories (ELA, Math and graduation rate), though CLC's Business and Tourism Academy earned "green" – the second highest tier – for CCI and graduation rate. Roybal, another traditional high school in the Belmont Zone of Choice (BZOC), earned green for Math, CCI and graduation rate, with a "yellow" – middle tier – for ELA. Cortines School of Visual and Performing Arts, an arts-themed high school open to students outside the BZOC, earned yellow in ELA, orange in Math, green in CCI and blue in graduation rate. And finally, Downtown Magnets, a selective admission magnet program, is the highest performer of the traditional district schools, earning all blue – the highest tier – except for ELA being green, but still well above the state average scores.[10]

For the charter schools within a three mile radius of our planned location, the outcomes are mixed. Larchmont Charter, which is a TK-12 school (so the younger students' outcomes are included), has all blue and green, with the exception of a yellow for suspension rate. Alliance Ted Fajima has yellow for math, but green for ELA and blue for both CCI and graduation rate. Central City Value is struggling with math with an orange, but green for ELA and CCI, and a yellow for graduation rate. Camino Nuevo HS has an orange in ELA (even though their score, -8.4 DFS is close to the state average – as you can see in the above chart, the other orange ratings have much lower scores). Camino Nuevo HS also has orange in CCI and graduation rate, with a yellow for Math. Finally, LA Academy of Arts and Enterprise has the charter school group's only red rating, in Math, with yellow for ELA and graduation rate, and orange for CCI.[11]

FOUR-YEAR ADJUSTED COHORT GRAD RATES (2019-20)

Data shows that there are stark differences in graduation rates between the traditional high schools and the magnet/choice and charter schools. Downtown Business Magnet boasts a 99.6% graduation rate in 2021 (the most recent year data is available), with Cortines (not exactly a magnet but similar selective process of admissions) at 95%. At the low end of the spectrum, Contreras Learning Center's School of Global Studies graduation rate for 2021 was just 63%, with Belmont HS

[10] All data sourced from CAschooldashboard.org. See also, the CIA Form and attached "evidence" files which have pdfs of each school's CA Dashboard report from 2019.
[11] All data sourced from CAschooldashboard.org.

at 64%. At the charter schools, graduation rates are higher: Alliance Tajima, Rise Kohyang and Larchmont all had impressive rates above 95%, with and Camino Nuevo at 86% and Central City at 84%; LA Arts and Enterprise is lower at 71%.

	Traditional Schools								Averages
	Belmont HS	Cortines School of VAPA	Downtown Business	Roybal Learning Center	CLC-School of Social Justice	School of Business and Tourism at CLC	CLC-Academic Leadership Community	CLC-LA School of Global Studies	
2019	58.9%	95.0%	96.4%	82.9%	74.7%	82.9%	62.3%	67.9%	77.6%
2020	57.9%	95.3%	98.2%	80.5%	65.4%	80.0%	73.9%	53.6%	75.6%
2021	64.3%	94.6%	99.6%	85.7%	72.3%	74.0%	88.3%	62.9%	80.2%

	Charter Schools						Averages
	Alliance Ted K. Tajima	Camino Nuevo Charter HS	Central City Value	LA Academy of Arts and Enterprise	Larchmont Charter	Rise Kohyang HS	
2019	96.6%	89.1%	94.7%	73.3%	97.3%	N/A	90.2%
2020	95.3%	81.7%	89.0%	76.0%	97.1%	97.5%	89.4%
2021	96.6%	86.0%	84.0%	70.6%	95.6%	98.0%	88.5%

Source: https://data1.cde.ca.gov/dataquest/

On average, the traditional schools had a 2021 graduation rate of 80%, while the charter schools in the area had an average graduation rate of 89%, higher than the LAUSD average of 81% and the statewide average of 88%.[12]

A-G Completion Rates

A comparison of the percentage of graduates who have completed the A-G requirements for admission to the UC/CSU system shows a broad disparity between the traditional schools and charter schools in the community. CLC's ALC made a huge jump in 2021, doubling their A-G rate to 81.6%, compared to 40.2% the prior year. Downtown Business had 73.4% A-G completion, while CLC's Global Studies had just 47.5% A-G (their rate also almost doubled, from 26.9% the prior year). Conversely, two of the six charter schools had 100% A-G completion in 2021 (and we assume Rise Kohyang has a reporting error as they show 0% for 2021, when they had 100% the prior year), a fourth charter school had 98.8% and the last at 84.8%.

	Traditional Schools								Averages
	Belmont HS	Cortines School of VAPA	Downtown Business	Roybal Learning Center	CLC-School of Social Justice	School of Business and Tourism at CLC	CLC-Academic Leadership Community	CLC-LA School of Global Studies	
2019	61.2%	74.4%	78.3%	61.1%	75.7%	70.7%	64.8%	50.9%	67.1%
2020	46.4%	54.7%	67.8%	44.2%	57.5%	46.4%	40.2%	26.9%	48.0%
2021	60.10%	66.3%	73.4%	61.4%	66.7%	59.2%	81.6%	47.5%	64.5%

[12] https://data1.cde.ca.gov/dataquest/dqcensus/CohRate.aspx?agglevel=district&year=2020-21&cds=1964733.

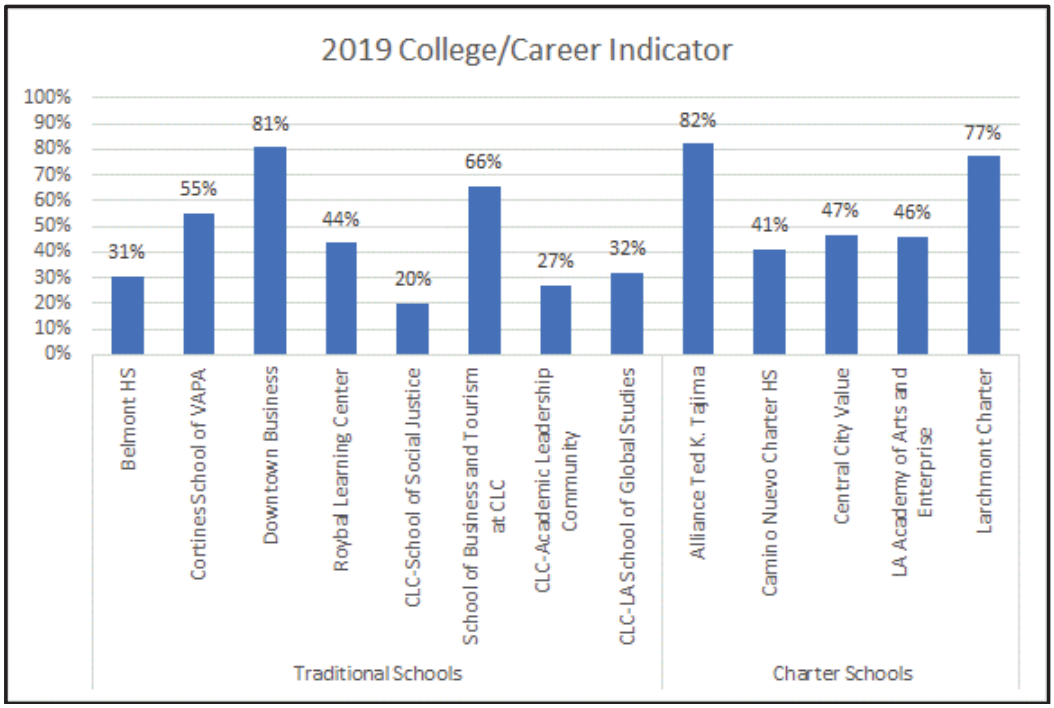
	Charter Schools						Averages
	Alliance Ted K. Tajima	Camino Nuevo Charter HS	Central City Value	LA Academy of Arts and Enterprise	Larchmont Charter	Rise Kohyang HS	
2019	98.2%	100.0%	73.8%	97.7%	100.0%	N/A	93.9%
2020	100.0%	100.0%	72.2%	97.4%	84.2%	100.0%	92.3%
2021	98.8%	100.0%	84.8%	100.0%	90.8%	0.0%	79.1%

Source: https://data1.cde.ca.gov/dataquest/

On average, only 64.5% of traditional high school students in the area completed A-G requirements to be eligible for admission to the UC/CSU system. This is compared to 79.1% of charter school students in the area – or, if Rise Kohang is assumed to be at 100% like the prior year, then the *charter school average is 95.7% A-G completion*, well above the LAUSD rate of 58.5% and statewide A-G rate of 51.8% in 2021.

COLLEGE/CAREER INDICATOR (2019)

On the 2019 California Dashboards, the College/Career Indicator (CCI) indicates that many of the schools are struggling to achieve strong outcomes for their students' college and career preparedness. Only three of the eight traditional schools (Downtown Business, CLC School of Business and Tourism and Cortines) and two of the charters (Alliance Tajima and Larchmont) have achieved >50% CCI. At the CLC School of Social Justice, only 20% of students measure as college/career ready.

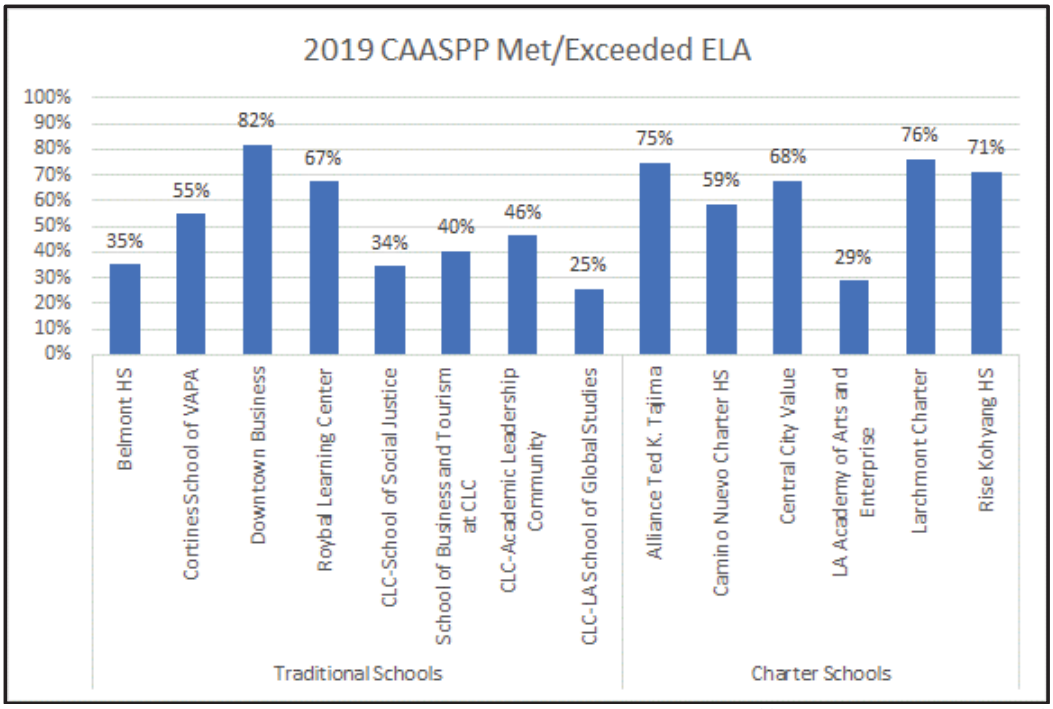


**No 2019 CCI scores for Rise Kohyang Source: https://www.caschooldashboard.org/*

On the 2019 CAASPP exams (the most recent data available due to the pandemic), Downtown Magnet is again the strongest performer across all schools with 82% Met/Exceeded in ELA – the

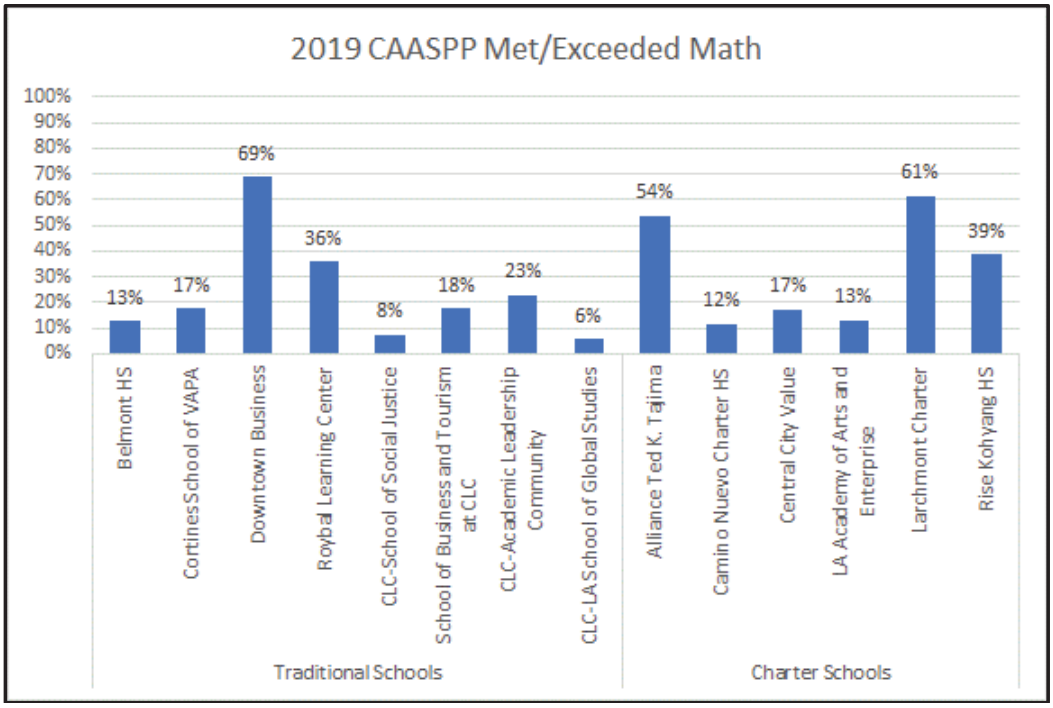
next closest traditional high school is Roybal at 67%, a 15 percentage point difference. The remaining traditional schools range from 25% to 55% Met/Exceeded in ELA. The highest performing charter is Larchmont (though this includes K-12) at 76% Met/Exceeded in ELA, followed closely by Alliance Tajima with 75% Met/Exceeded; LA Arts and Enterprise is an outlier among the charters and approximately half the next lowest score, with just 29% Met/Exceeded in ELA (compared to Camino Nuevo at 59%).

CAASPP



Source: https://caaspp-elpac.cde.ca.gov/caaspp/

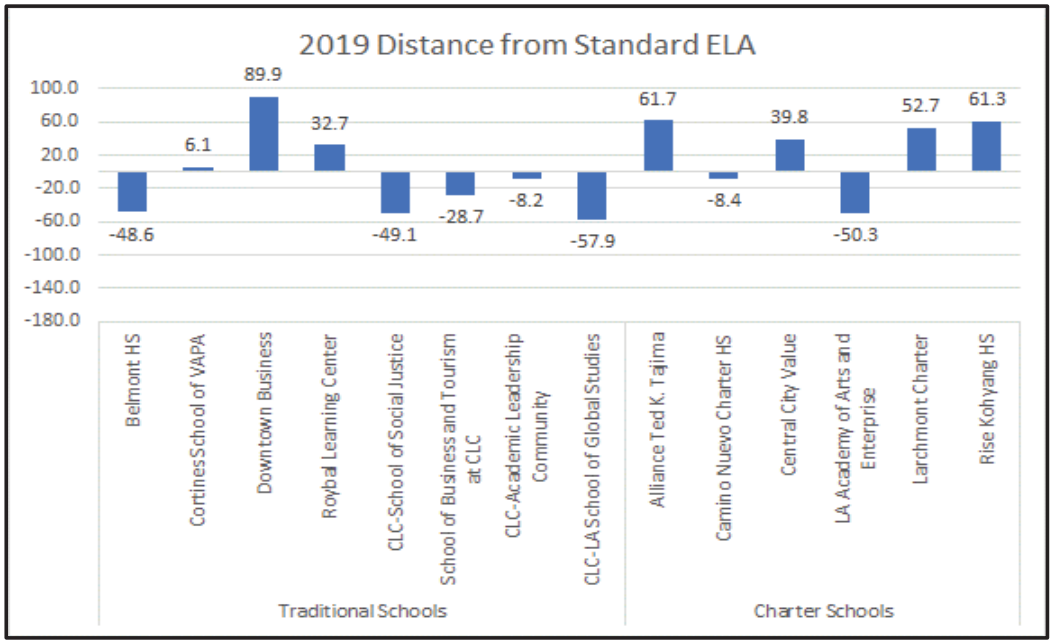
In Math, similarly, Downtown Magnet was 69% Met/Exceeded – almost double the next highest traditional school, Roybal, at 36% Met/Exceeded. The remaining traditional schools range from 6% Met/Exceeded in Math (CLC School of Global Studies) to 23% (CLC Academic Leadership Community). For the charters, Met/Exceeded rates in Math range from 12% (Camino Nuevo) to 61% (Larchmont, though again this is K-12).



Source: https://caaspp-elpac.cde.ca.gov/caaspp/

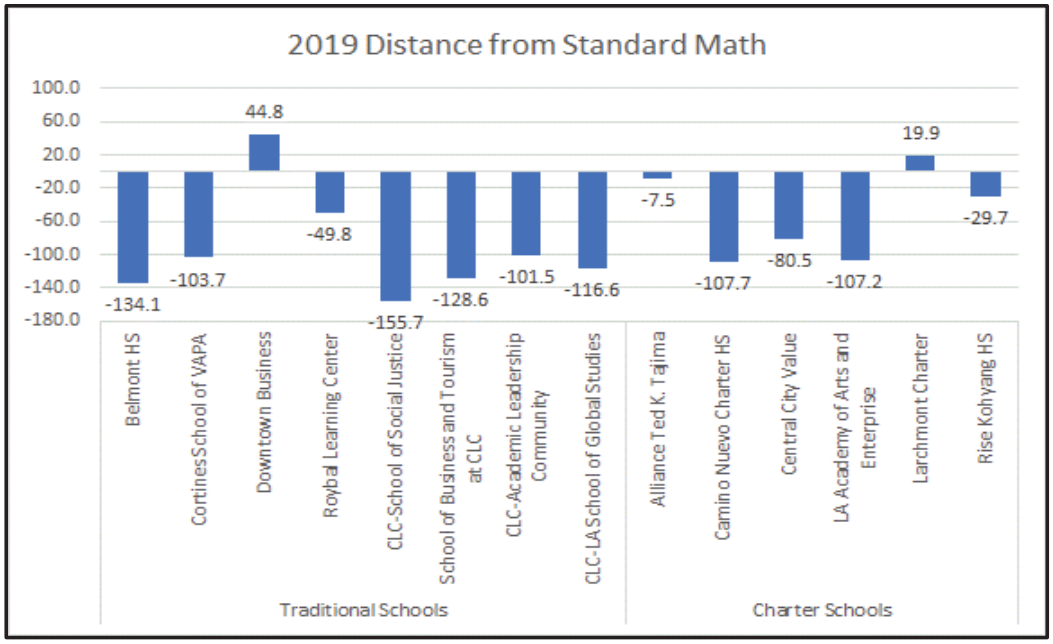
Looking at CAASPP scores using Difference From Standard (DFS), used on the California Dashboards, shows that three of the eight traditional schools (Downtown Magnet, Roybal and Cortines) were "above standard" in ELA, while four of the six charter schools (Alliance Tajima, Central City, Larchmont and Rise Kohyang) were above standard.

DFS



Source: https://www.caschooldashboard.org/

In Math, just one of the traditional schools (Downtown Business) and one charter (Larchmont) are "above standard."



Source: https://www.caschooldashboard.org/

VLGA will offer students and families in this community another option for a small, high-performing high school.

VLGA Will Meet the Specific Education Interests, Backgrounds and Challenges of Students in Los Angeles

Beyond the demographic characteristics of the target community in Los Angeles that are detailed above, and the demographics and performance of the existing traditional public schools in the target neighborhood, the specific educational interests, backgrounds or challenges of students in the community are well-known to VLGA as we have been serving this community with Vista Charter Middle School since 2010, and Vista Horizon Global Academy (TK/K-5) since 2019. We know our students experience high rates of childhood trauma borne out of their experiences with poverty, including strains on the family such as housing and food instability.

Notably, all of the foregoing data is pre-pandemic; we are only beginning to learn the full impact of the pandemic on our youth. An *L.A. Times* October 2021 analysis of data showed:

- The gap in grades that existed before the pandemic between Black and Latino students and white and Asian counterparts widened to as much as 21 percentage points.
- Elementary school reading scores dropped 7 percentage points overall, while gaps between Black and Latino students and white and Asian classmates grew to 26 percentage points or more.
- More than 200,000 students are not meeting grade-level goals in math and reading.[13]

Chronic absenteeism has skyrocketed, from an already-high 19% prior to the pandemic to 46% in 2021-22 as of March 2022.[14] "In addition to surging COVID-19 cases at the end of 2021, schools have faced severe staff shortages, high rates of absenteeism and quarantines, and rolling school closures. Furthermore, students and educators continue to struggle with mental health challenges, higher rates of violence and misbehavior, and concerns about lost instructional time."[15] One study from March 2021 concluded that:

- More than 13,000 middle and high school students consistently disengaged in fall 2020. An additional 56,000 did not actively participate on a daily basis.
- Two in three students are falling behind in literacy and math.
- Black and Latino students have been disproportionately affected.[16]

Especially alarming is the "warning flag" raised by the study's authors: "'Within the next four years alone, 40,000 current LAUSD high school students or more are at risk and could potentially not earn

[13] Esquivel, P., Lee, I., *Falling grades, stalled learning. L.A. students 'need help now,' Times analysis shows*, L.A. Times, October 21, 2021, https://www.latimes.com/california/story/2021-10-21/covid-era-learning-challenges-lausd-after-school-closures

What will it take to help students catch up?*, Brookings, March 3, 2022; https://www.brookings.edu/blog/brown-center-chalkboard/2022/03/03/the-pandemic-has-had-devastating-impacts-on-learning-what-will-it-take-to-help-students-catch-up/

[16] Blume, H. *LAUSD students suffered 'alarming' academic harm during pandemic, report says*, L.A. Times, March 31, 2021. Retrieved from https://www.latimes.com/california/story/2021-03-31/lausd-covid-data-show-alarming-learning-harm-report on December 15, 2021.

their high school diploma.'"[17] The National Alliance on Mental Illness has also collected data and reporting on the impacts of the pandemic on our children and youth,[18] including this, from the New York Times:

> The shuttering of the American education system severed students from more than just classrooms, friends and extracurricular activities. It has also cut off an estimated 55 million children and teenagers from school staff members whose open doors and compassionate advice helped them build self-esteem, navigate the pressures of adolescence and cope with trauma….mental health experts worry about the psychological toll on a younger generation that was already experiencing soaring rates of depression, anxiety and suicide before the pandemic….[19]

According to the *2021 County Health Rankings for California*, Los Angeles County ranks 58 out of 58 counties for Physical Environment, which includes Housing, transit, air and water quality factors; 33% of Los Angeles County residents experience "severe housing problems," which means they experience at least one of four housing problems: overcrowding, high housing costs, or lack of kitchen or plumbing facilities.[20] Lack of appropriate access to health care and other supports, drug and alcohol abuse, teen pregnancy, gang involvement and other factors contribute further to childhood trauma, as children witness and experience violence and these other challenges in their neighborhood and even their own homes.

Unsurprisingly, with the economic and other stressing impacts of the pandemic, crime rates across Los Angeles have increased. After increases in 2020 and 2021, the homicide rate during just the first half of 2022 has set records, with homicides up 35% in Los Angeles in just two years.[21] Overall, violent crime has increased 8% across the city. Gang-related crime, domestic violence, and crime among the homeless have all increased.[22] In our neighborhood, the statistics – and their very real impact on our students and families -- are a concern.

The impact of traumatic events on a child's ability to learn and develop is a common challenge and impediment to accessing opportunity for students. National data indicates that one in four children experience a traumatic event in their lifetime that can affect learning and development;[23] one study on the mental health of students in LAUSD (*pre-pandemic)* revealed that *98% of students* reported experiencing at least one traumatic event over the past 12 months and around 50% suffered moderate-to-severe PTSD from family and neighborhood traumas like the death of a loved one, poverty, a parent suffering addiction or incarceration, or gang violence.[24] In a 2013-2014 screening of 572 Los Angeles students, 88% reported experiencing *three or more* traumatic events.[25] We expect similar rates for the

students we will serve at VLGA. Research supports that even *one* traumatic event influences the brain enough to alter development, such as increasing symptoms of depression, irritability, aggressive behaviors, and anxiety while decreasing attention/focus, short- and long-term memory, communication and language skills.[26]

Lack of affordable, quality child care means most of these children arrive in public elementary schools without the having had the benefits of quality early learning programs and are thus already behind their peers across the State. VCPS are designed quite intentionally to serve these students. At VCPS, teachers, students, and families are all united around the same goal - college and a choice-filled life.

Based on our years of experience working with this community, and our success in achieving strong outcomes for these students, we are confident that VLGA will offer families who reside in LAUSD an option for their students to attend a high-performing public high school that is carefully designed to meet their needs, developed from the strong foundation that VCPS has established. VCPS is founded on the vision of improving educational and life outcomes for students in communities where poverty and crime rates are high, and educational attainment and outcomes in local public schools are low.

VLGA Will Meet the Intent of the CA Charter Schools Act of 1992 and LAUSD Priorities

Building on the success VCPS has established over the past decade, the new Charter School will operate in accordance with the Charter Schools Act of 1992, and consistent with the intent of the California Legislature "to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following":[27]

> *(a) Improve pupil learning:* through extensive research and the Framework for Student Engagement (explained below), through a unique combination of global competence, STEAM preparedness, and Social Emotional learning.
> *(b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving*: led by the Student Support Team, the Charter School will provide a Multi-Tiered System of Supports for all learners, including those who are academically low achieving, with targeted intervention and support including flexible class grouping, adaptive online learning programs, extended days and intervention/enrichment groups in order to increase learning opportunities for all students.
> *(c) Encourage the use of different and innovative teaching methods*: by providing comprehensive and ongoing professional development and coaching to all of our instructional staff, teachers will be encouraged to differentiate instruction for all students using a variety of instructional strategies rooted in the work and research of experts.
> *(d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site*: by providing teachers with the time and support to collaborate and select specific curriculum for lessons and plan differentiated learning based on student data to ensure each individual student's needs are met.
> *(e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system*: VLGA will offer families in the Los Angeles community a choice to enroll their grades 9-12 children a small school alternative to the

[26] How Does Trauma Affect Children? Retrieved from http://traumaawareschools.org/impact on 4/4/19
[27] CA Ed. Code § 47601.

neighborhood resident schools, with a global and STEAM focus that includes CTE Pathways in Health Science, Business and Climate Change.
*(f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability system*s: with the Charter School striving to meet ambitious goals each year for student achievement and success detailed in the charter petition and annual Local Control and Accountability Plan (LCAP), with transparent accountability to the VCPS Board of Directors, the charter authorizer, and all stakeholders.
(g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools; while we do not subscribe to "competition" between public schools, VCPS is committed to collaboration with other schools in LAUSD to disseminate our best practices in meeting the needs of underserved students. (Cal. Ed. Code Section 47601.)

VLGA MEETS THE REQUIREMENTS OF THE CHARTER SCHOOLS ACT AND THIS CHARTER MUST BE APPROVED

In accordance with the recently amended provisions of the California Education Code, we respectfully submit that the Board of LAUSD should find that this charter petition to establish VLGA for a five-year charter term must be approved. As detailed in the Education Code:

> (c) In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings . . . .[28]

We address each of the eight potential findings[29] in turn:

Criteria	Met/Not Met	Notes
(1) VLGA presents [a sound] educational program for the pupils to be enrolled in the charter school.	**Met**	See Elements 1-3, 6 and 10. Our research-based program will offer a rigorous, standards-aligned educational program for grades 9-12.
(2) VLGA demonstrably [is likely to successfully implement] the program set forth in the petition.	**Met**	See Elements 4-5, Tabs 2, 5, 7, 8, 10, 11, 13; the Founding Team has extensive, diverse experience and expertise – including founding and leading the five existing Vista charter

[28] Education Code §47605(c).
[29] Education Code §47605(c)(i)-(viii).

		schools -- that will support the design, development and implementation of successful new charter school.
(3) The petition contains the number of signatures required by subdivision (a).	**Met**	See Tabs 1 and 5 (teacher signatures, credentials and resumes from five teachers, well in excess of the 50% required based on Y1 enrollment of 125 students with six teachers on staff); we also have attached some parent signatures collected to date.
(4) The petition contains an affirmation of each of the conditions described in subdivision (e).	**Met**	See Assurances, Affirmations and Declarations (before Element I).
(5) The petition contains reasonably comprehensive descriptions of Elements 1 through 15, as detailed in the Education Code.	**Met**	See Elements 1-15.
(6) The petition contains a declaration that the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.	**Met**	See Assurances, Affirmations and Declarations (before Element 1) and Element 13.
(7) The charter school is [demonstrably likely to serve the interests] of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding [for denial] under this paragraph shall detail specific facts and circumstances that analyze	**Met**	See narrative just below this table; Tab 13 (Community Impact Assessment).

and consider the following factors: (A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings. (B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.		
(8) The school district [is positioned] to absorb the fiscal impact of the proposed charter school. A finding that the district cannot absorb the fiscal impact of the new charter school is satisfied if it has a qualified interim certification pursuant to Section 1240 and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 1240, has a negative interim certification	**Met**	LAUSD has a positive certification, thus (8) does not apply.[31]

[31] California Department of Education. Interim Status. Accessed on August 28, 2021. https://www.cde.ca.gov/fg/fi/ir/interimstatus.asp.

pursuant to Section 1240, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.[30]		

Regarding the seventh criteria considering the "fiscal impact" of VLGA on the District, while we reserve the option to apply for a Proposition 39 co-location, our intent is to occupy a private facility, first at 2600 W. Temple Street, Los Angeles, CA 90026, the current location of Vista Charter Middle School. For our long-term facilities' needs, we are working with Red Hook Capital to identify a suitable property in the community to develop. As a matter of facilities or operations, VLGA will have a negligible impact on LAUSD.

While many authorizing districts may have concerns about the fiscal impact of new charter schools on their own bottom line as they face declining enrollment, our enrollment of 500 high school students by the time we reach full capacity in Y4 should not have a negative impact on a school district that has more than 600,000 students.

As detailed in the District's required Community Impact Assessment (CIA), which is attached at Tab 13 -- along with 156 separate pieces of "evidence" *totaling several thousand pages* – the addition of VLGA to the community will not impact any single school's enrollment or negatively undermine their programs. (See Section 6 of the CIA). Moreover, the existing traditional and charter high schools in the community are not providing the type of services, academic offerings and programmatic offerings that VLGA will provide. As detailed in Section 5.c. of the attached CIA:

> Across the five traditional public high schools (which include 14 different smaller learning academies) and six charter schools detailed above, VLGA of course shares some common traits: some of the schools offer some PBL and hands-on learning, some offer interdisciplinary learning, some offer PLTW, many have partnerships with community service organizations and businesses; some offer CTE pathways and some offer dual enrollment options; all offer some degree of psycho-social and college counseling (with widely varying capacity), parent engagement (in varying degrees), and student clubs and a variety of electives. Yet <u>none</u> of these schools offers:
>
> - Vista's Framework for Engagement
> - Partnership with and curricula from Community Catalyst Partners International Student Study Network (ISSN)
> - CTE Pathways in Business (similar pathways focus more on finance/accounting – e.g., Downtown Magnets and Roybal -- or business and tourism (Contreras), rather than our international business focus), or especially our exciting new Climate Change pathway that is currently being developed with university partners. (Roybal's School of Law and Medicine does offer PLTW courses in bio-med). Based on our research, none of the area charter schools offers CTE Pathways and only one, Alliance Tajima, offers dual enrollment classes.
> - Advisory/Global Hour for *daily* personalized targeted supports and *daily* tutoring during Zero Period.

[30] Education Code § 47605(c).

- Full-time on-site School Psychologist and additional psycho-social supports and SEL throughout the program, including Way of Council.

Nor do any of these schools (traditional or charter) offer VLGA's particular combination of approaches for engaging, personalized, data-driven instruction with a focus on global competencies, STEAM integration, MTSS, integrated and designated ELD, intensive parent engagement strategies including home visits, and intensive teacher PD and coaching with Formal PD, Collaborative Planning Time, PLCs, Coaching, Instructional Rounds, etc. VLGA will build upon the success of our elementary and middle school programs to offer a seamless TK-12 learning experience (only one other nearby school, Larchmont Charter, offers a TK-12 model, though their elementary and middle grades campuses are located well outside our target community). (Tab 13, CIA Form and Evidence.)

Finally, we note that most of the existing LAUSD high schools available to students in the Downtown and MacArthur Park Communities of Schools are struggling to realize strong academic outcomes for the students they serve, as indicated by the data shown here and in Section 6 of the CIA. We are confident that this charter petition to establish VLGA in Los Angeles presents an exemplary public school option for families of children in grades 9-12, and we look forward to partnering with LAUSD to offer an important option for families in the District.

Enrollment Plan

While we cannot with 100% accuracy predict enrollment for each year, for purposes of planning our budgets and operations conservatively, the following are our enrollment projections for the term of this charter.

Grade	Year 1 2023-24	Year 2 2024-25	Year 3 2025-26	Year 4 2026-27	Year 5 2027-28
9	125	125	125	125	125
10		125	125	125	125
11			125	125	125
12				125	125
Total Enrollment	125	250	375	500	500

GOALS AND PHILOSOPHY

VLGA believes that all cultures matter. Our unique global perspective combined with a STEAM focus will teach students to honor other cultures and perspectives, to fully embrace their own cultural heritage and, and to build the technical skills to compete in the 21st Century.

Mission and Vision

The mission of VLGA is to create a college and career preparatory learning environment that allows students to have power in developing their identity within personal, interpersonal and educational realms as they pursue a pathway of study in Health Science, Business or Climate Change. We will provide a quality education for all students by creating a learning community that involves students in

their development of the knowledge, skills, attitude, behaviors, aspirations, and beliefs needed to be successful in college and careers as well as the development of life-long learning skills.

VLGA's students will have power in the establishment of their identities. They will create the vision of who they are, the path that they choose in life, and the reason they have chosen it. They will be considered critical constructors of knowledge in an ever-changing and interconnected society. Their learning and development will be constructed and fostered in an environment that focuses on individual strengths, need, and desires through a differentiated approach.

We will achieve our mission and vision based on extensive research and the Framework for Student Engagement (explained below), through a unique combination of global competence, STEAM preparedness, and Social Emotional learning. We see these areas not as separate foci, but rather as a nested symbiotic grouping that works together to transform the school experience.

The Framework for Engagement has been developed by our Superintendent, Dr. Donald Wilson, and a team of USC scholars as an important lens through which all programs and practices are developed and selected. This framework necessitates that a shift in instructional practice is required to ensure the personalized learning experience is created to develop globally competent students. This shift in practice is commonly referred to as a move away from the "sage on the stage" model, in which the teacher directly delivers instruction through lecturing, to the "guide on the side," in which teachers act as a coach and facilitate a more personalized learning experience and is based on a constructivist view in which, optimally, the classroom provides a series of experiences that prompt students to actively construct their own knowledge and learning.[32] At VLGA, we will use this as an important lens through which all programs, processes, and practices are chosen and developed.

The VCPS global educational approach combines teaching global competencies through Asia Societies International Study Schools Network.[33] We believe that globally competent students have broad skill sets with the disciplines that are becoming increasingly important to access the American dream: science, technology, engineering, and math. The arts allow students to access the creative heart of these disciplines and are an important part of developing a world-consciousness and ethos that keeps the needs of humanity at the center of our students' "why" questions. When students are given a context for their learning (global education), and the tools to excel and apply them to the real world (STEAM), the outcome is deep engagement and a life-long love of learning.

Finally, through carefully designed school structures, policies and programs, VLGA will provide our students with a learning environment and social-emotional learning to help them develop into self-motivated, competent, global citizens. Kagan strategies,[34] Way of Council[35] and other acclaimed programs help engage our students and develop their capacity for success.

AN EDUCATED PERSON IN THE 21ST CENTURY

Developed at the turn of the 20th century, our current educational system was designed to meet the needs of the industrial revolution, with its emphasis on factory and assembly-line production jobs.[36] Unfortunately, a person time-traveling from 1918 to 2018 would feel too much at home, too familiar with the classroom culture at many schools across California and our nation. Too many students are still asked to sit quietly for six hours each day, as their teachers lecture, or they are asked to work silently on isolated skills and have faith that these will somehow be relevant in their adult lives.

This pedagogical style may have been appropriate when our country needed workers able to do the same task, over and over, on one part that would eventually be one piece of a car, boat, or machine. Those jobs met the needs of an industry-based society; workers today need the technical skills to manage—and succeed—in an increasingly complicated high-tech and automated world. On a daily basis, the media reports on the effects of this new economy and what it means to be a qualified worker today.[37] Workers in traditional occupations are experiencing some of the most profound impacts, as car manufacturing plants, factories, and coalmines close, giving way to innovations in manufacturing and energy development. A 2013 Oxford University study predicted that roughly 700 common jobs are susceptible to future automation.[38] Another recent study out of University of Redlands' Institute for Spatial Economic Analysis showed that approximately 60% of the Southern California workforce is vulnerable to being replaced by automation in the next 10 to 20 years.[39] The world around us is rapidly evolving, and so our schools must also evolve.

Mastery on standardized tests and traditional approaches to the acquisition of knowledge are not sufficient for today's youth. With an ever-widening opportunity gap preventing youth from contributing meaningfully in today's society and economy, we must step back and reassess both *how* children at different stages of development learn and the environments that best nurture learning. Schools with experiential and hands-on learning models – *that is, where students are building the independence to think deeply, test ideas, solve problems, and reflect on their own learning and growth*– are teaching us something profound about student learning and potential. It is increasingly clear that both academic (up to and through college) and life success in the 21st century demands the development of deeper learning, cultural competency, and social emotional skills that develop both our humanity and our career-readiness.[40]

At VLGA, we believe that if students are to successfully enter into college and career, they should be educated in a way that prepares them to be adaptable, creative, critical thinkers; they must be equipped with the basic attributes and technological skills that will allow them to pursue current innovative occupations, and they must be nimble enough to take advantage of opportunities that may not even exist yet. VLGA's unique educational approach will combine teaching global competencies in tandem

with a STEAM curriculum, thus providing our students both the social capital and technological skills to ethically compete in rigorous post-secondary schools and a global economy.

We believe that 21st century competence starts with global competence.[41] Preparing all students for college, work and civic roles requires the ability to compete, connect, and cooperate on an international scale. Global competence starts by being aware, curious, and interested in learning about the world and how it works.[42] Students will be able to ask globally significant questions, analyze evidence from multiple sources, and develop an argument that draws defensible conclusions. Students will recognize that because they have a unique perspective that someone else may not share, it is essential to listen and consider views that are divergent from their own.

Students who are 21st century-ready and globally competent effectively communicate their ideas with diverse audiences, often through the use of appropriate technology.[43] By applying what they have learned, our students will translate their ideas into appropriate actions to discover solutions to local and global challenges.

Virtually every major issue in the 21st century—from climate change to national security to public health—has a global dimension. In this age of technology, information is shared globally almost instantaneously. And, with over 200 million migrants worldwide, migration and immigration are creating societies that are enormously diverse, linguistically and culturally. More than ever, people, cultures, and nations are interdependent. Schools must therefore prepare students to solve problems on a global scale and participate effectively in a global economic and civic environment. Put simply, schools must prepare students to be *globally competent.*

VLGA, as a part of the VCPS organization, will be a member of the Community Catalyst Partners' International Student Study Network (ISSN), which will serve as a foundation for our global studies. Community Catalyst Partners is the leading educational organization dedicated to promoting mutual understanding and strengthening partnerships among peoples, leaders, and institutions of Asia and the United States in a global context. Since its inception, Community Catalyst Partners' ISSN has built a broad network of high-performing, globally oriented schools that demonstrate what a rigorous global education can do for a largely low-income, urban student population. VLGA will work with the ISSN to provide a rich, global curriculum that engages students by helping them to investigate and address real-world problems, communicate ideas, and weigh diverse perspectives.[44] Community Catalyst Partners and the ISSN schools have designed a robust approach to performance-based learning and assessment that has implications well beyond the network, offering lessons for policymakers and practitioners concerned about preparing students to live and work in an increasingly complex world.

Supported by a foundation of knowledge and understanding developed through rigorous disciplinary and interdisciplinary study, the 21st century learner is globally competent and able to do the following:

Investigate the World. Globally competent students ask and explore critical questions and "researchable" problems that are *globally significant*, addressing important phenomena and events that

[41] Deardorff, D. K. (Ed.). (2009). *The SAGE handbook of intercultural competence*. Sage.
[42] Pusch, M. D. (2009). The interculturally competent global leader. *The SAGE handbook of intercultural competence*, 66-84.
[43] Hutchison, A., & Beschorner, B. (2018). Mobile Devices and Multimodal Textual Practices. In *Mobile Technologies in Children's Language and Literacy: Innovative Pedagogy in Preschool and Primary Education* (pp. 83-97). Emerald Publishing Limited.
[44] Asia Society. Center for Global Education International Studies Schools Network. Accessed from https://asiasociety.org/international-studies-schools-network.

are relevant in their own communities and communities across the globe. Globally competent students can articulate the significance of their questions and know how to respond to questions by identifying, collecting, and analyzing credible information from a variety of local, national and international sources. They can connect the local to the global, for example, by explaining how a local issue like their school recycling program is one part of a global process with economic, social, and environmental relevance.[45]

Weigh Perspectives. Globally competent students recognize that they have a particular perspective to which others may or may not subscribe. Importantly, such students are able to articulate and explain the perspectives of other people, groups, or schools of thought and identify influences on these perspectives, including how differential access to knowledge, technology, and resources can affect people's views. Their understanding of others' perspectives is deeply informed by historical knowledge about other cultures as well as by contemporary events. They can compare and contrast their perspectives with others, and, where appropriate, integrate these diverse viewpoints to construct a new, deeply considered one.[46]

Communicate Ideas. Globally competent students understand that audiences differ on the basis of culture, geography, faith, ideology, wealth, and other factors, and that they may see different meanings in the same information. They can effectively communicate, verbally and non-verbally, with diverse audiences. Globally competent students are able to situate themselves in a variety of cultural contexts, organize and collaboratively participate in diverse groups, and work effectively toward a common goal. Globally competent students are media and artistically savvy; they know how to choose and effectively utilize appropriate technology and media to communicate with disparate audiences, including through respectful online social networking. While English remains the dominant language of business and trade, speaking another language is important for collaborating across borders. Students receive Spanish language instruction as well as literacy in English. Building literacy in English and Spanish reinforces pride in our students' primary language (mostly Spanish) and validates the diverse cultures they come from. VLGA will also provide access to language instruction for an Asian language once enrollment increases to capacity.

Take Action. What skills and knowledge will it take to go from learning *about* the world to making a difference *in* the world? First, it takes seeing oneself as capable of making a difference. Globally competent students see themselves as players, not bystanders. They're keenly able to recognize opportunities-- from targeted human rights advocacy to creating the next out-of-the-box, must-have business product we don't even know we need. Globally competent students ethically and creatively envision and weigh options for action, assess the potential impact of that action, take into account diverse opinions and potential consequences of the action, and show courage to execute a plan and reflect on it later.

Apply Disciplinary and Interdisciplinary Expertise. Global competence requires that students master content knowledge detailed in the California Common Core State Standards and apply appropriate methods of inquiry within and across disciplines as historians, scientists, and artists. Global competence also requires being equipped to understand prevailing world conditions, concerns, and trends through an interdisciplinary lens. A competitive advantage will go to those students who are aware of global events, can comprehend the intersections of environmental, financial, social, and other systems, and

[45] Mansilla, V. B., & Jackson, A. (2013). Educating for global competence: Learning redefined for an interconnected world. *Mastering Global Literacy (5-27). New York: Solution Tree*.
[46] Ibid.

understand how the balance of power between societies and cultures has significant short- and long-term consequences. Globally competent students are life-long learners. They are able to adapt, contribute knowledge, and participate in dialogues about a rapidly evolving world.

Finally, we note that the three college/career pathways offered by VLGA (Health Science, Business and Climate Change) are each of critical importance and relevance in real time world events. The current Covid-19 pandemic, global challenges relating to climate change, and debates over international trade and business are all receiving heightened attention in the media and public eye. Our students will be able to engage in meaningful, dynamic learning that motivates them to see a role they can play in participating in these ongoing debates and discussions and having a real impact on the world around them.

HOW LEARNING BEST OCCURS

At VLGA, we believe that learning best occurs when students are engaged academically, socially and emotionally. Student engagement will be at the heart of the VLGA learning experience. We see engagement as an act that connects us to each other and to the physical world. Engaged students are focused, actively involved in school's social and educational opportunities, and academically successful.[47]

While there have been some overall improvements for all students of all races, the achievement gap has persisted, with a majority of Black and Latino students across the United States still lagging far behind their White counterparts.[48] There is increasing academic interest and emphasis on the importance of supportive instructional strategies such as scaffolding and formulating safety nets for at-risk students.[49] Research has increasingly demonstrated that engagement is a critical factor in positive student outcomes.[50] This is crucially important as many researchers regard the opposite of engagement as disengagement,[51] which is a primary factor in poor performance, dropout rates, and even prison for Black and Latino boys.[52] Multiple studies have shown a significant correlation between engagement and achievement.[53] With researchers suggesting that between 25% and 66% of students may be disengaged,[54] engagement may be the North Star for promising practices that address the needs of at-risk students.

A priority for VLGA is to close the achievement gap for our target student population, historically underrepresented students. Research that drives the design for our educational program is based on conclusions for how learning best occurs for these at-risk student populations.[55] Research identifies the lack of students' social capital as one of the main factors that contributes to performance gaps for urban students. Stanton-Salazar (1997) defines social capital as institutional resources and opportunities, such as knowledge of school programs, academic tutoring and mentoring, and how to access assistance with career decision-making and college admission.[56] For a great number of economically disenfranchised students attending urban schools, access to social capital is severely limited, if not completely absent from their social context.[57] Therefore, VLGA will prioritize increasing our students' social capital within the design of our educational program.

VLGA will use a framework applied in recent studies examining the role of engagement in outperforming urban schools. This framework consists of three separate but interrelated types of student engagement: (a) emotional, (b) behavioral, and (c) cognitive.[58] The researchers found that when emotional, behavioral, and cognitive engagement are optimized, students can experience a state of "flow" wherein students are profoundly absorbed in a task to the point of losing awareness of time and space.[59]

Behavioral engagement. Behavioral engagement is generally defined quantitatively through attendance rates, office referrals, suspensions, and expulsions.[60] It may also be measured qualitatively and includes paying attention, responding to teacher's questions, asking for help, and discipline issues such as following rules and acting respectfully toward teachers and classmates.[61] Research is clear that behavioral engagement has a significant effect on achievement.[62] This strong correlation to achievement gives hope to the idea that learning how to manipulate engagement behaviors may provide important pathways to narrowing or closing the achievement gap.

(2011). Improving student engagement. *Current issues in education*, *14*(1).

Emotional engagement. There is a strong correlation between behavior and emotional engagement, which is commonly defined as identification and students' feeling a part of school or class community.[63] Multiple studies affirm the connection between student attitudes about school and participation rates; students rated their engagement higher in schools and classrooms where mutual respect was fostered, strong discipline policies guided cultural norms, and teachers actively sought to build strong relationships with students.[64]

Cognitive engagement. Cognitive engagement is generally seen as a student's investment in learning.[65] In this way, teachers may perceive students to be engaged due to their behavior, but still not achieving due to an overall lack of cognitive engagement in the work. Cognitive engagement is demonstrated through student behaviors such as persistence, going the extra mile, extending learning on their own, and using self-regulation strategies to accomplish tasks and guide learning.[66]

Theory of Flow and Engagement. Research on Flow Theory is a critical philosophical component of the VLGA experience. Flow Theory was first proposed by Csikszentmihalyi (1990) in *Flow: The Psychology of Optimal Experience*.[67] A state of flow can best be described as total absorption and immersion in an activity. A student in flow exhibits intense concentration, interest, and enjoyment.[68] When a person is in flow, he or she can stay engaged in an activity and disregard time, food, and other interests or needs. In flow, a student feels not only pleasure in the activity, but more importantly, and for educational implications, successful and competent.[69]

One of the main principles of Flow Theory is that students feel a deep sense of success about an activity that forces them to stretch themselves just beyond their limit.[70] This state of optimal engagement can be traced to the work of Lev Vygotsky, a psychologist who introduced the notion of the Zone of Proximal Development (ZPD).[71] ZPD is described as the bridge between what a student cannot do and what a student could do with a little help, a theory reflected in the VLGA experience. Self-efficacy also has a positive effect on engagement, which in turn affects overall achievement. VLGA will help students achieve this state by providing them with mastery experiences that scaffold key information and modeling by those that have already been successful in a given task.[72] Further, we recognize the

importance of understanding which instructional practices show the strongest promise in helping students achieve a state flow in their learning.

Nowhere is this capacity to engage deeply in a task or endeavor more critical than in the high school years. Their experience with flow will empower VLGA's high school students to engage in rigorous tasks independently and fully. The capacity to experience flow can also be defined as a set of critically important executive functioning skills that will serve our graduates well at the post-secondary level where their learning will be largely self-directed.

At VLGA all programs, processes, and procedures will be evaluated using the Framework for Engagement before adoption, with the belief that increasing engagement in the three domains drives increases in our students' joy and passion in their education, develop a life-long love of learning, and, ultimately, bridge the achievement gap. This framework is based on the work of our Superintendent, Dr. Donald Wilson, and a team from the University of Southern California that conducted an extensive review of the literature on engagement and achievement, with a close look at the work of Urie Bronfenbrenner (Neal & Neal, 2013).[73] Bronfenbrenner's *Ecological Systems Theory* explores the interrelated nature of nested systems in human development.[74] Bronfenbrenner's Ecological Systems Theory includes the macrosystem, exosystem, meso- and microsystems. These systems and their influence on human development are included in the conceptual framework (see chart below). The macrosystem, or attitudes and ideologies of the culture, combine with a student's microsystem in which emotional, behavioral, and cognitive engagement plays a significant role in his or her academic achievement. The flow chart below presents a visual representation of this theory.

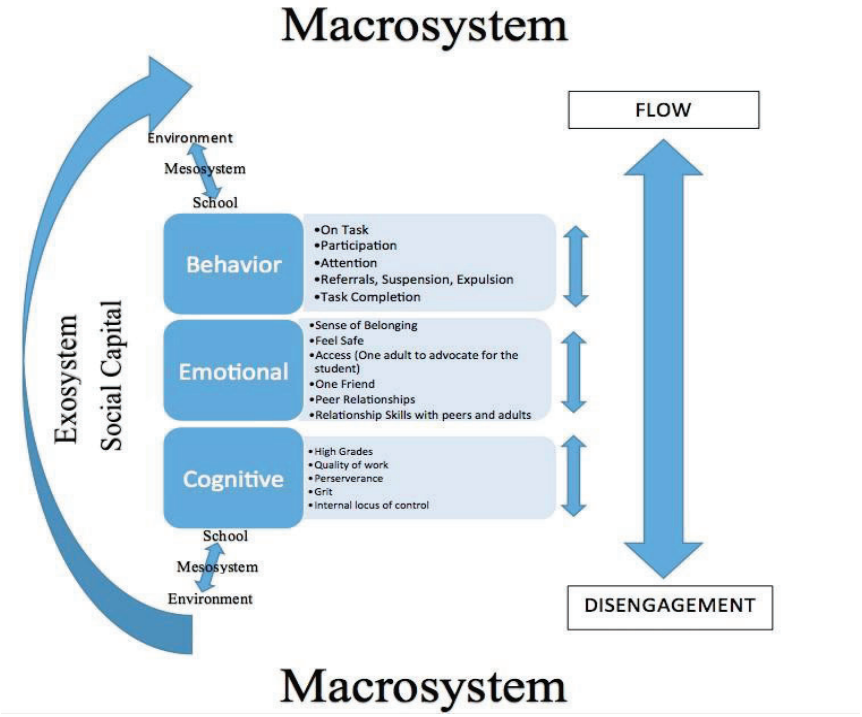
Framework for Engagement



In short, the framework provides the bases of the pedagogical stance that our school must provide instruction that gives students the opportunity to build social and emotional capital, as well as acquire strong academic and technical skills. The three domains of engagement must be present to increase student engagement and increase social capital for our students. Students learn best with programs that provide engagement in multiple domains. For instance, while Kagan Cooperative Strategies provides structures to increase cognitive engagement, they are embedded in social/emotional strategies like complimenting a partner, greetings, and thanking teams and partners after working together. Further, they address behavioral issues of staying on task, participation, and attention. Another example of how VLGA will support high student engagement is through Way of Council, which grants students many opportunities to reflect about how their own thinking affects outcomes, and thus, increases cognitive engagement.[75] Importantly, Way of Council has been shown to decrease behavioral issues and give students the tools to solve interpersonal issues.

THE REQUIREMENTS OF CALIFORNIA EDUCATION CODE § 47605(B)(5)(A)(II)

VLGA will pursue the following school-wide and subgroup outcome goals, based on the state priorities detailed in California Education Code § 52060(d). Student performance and achievement of school-wide, subgroup and individual student progress will be measured by multiple and varied summative and formative assessments that are aligned to state and federal standards (including the new Common Core) and reflect proficiency measures required by the CAASPP, as well as state priorities detailed in California Education Code § 52060(d).

[75] Ways of Council. The Council Path. Accessed from https://waysofcouncil.net/the-council-path/.

The following chart details the Charter School's goals as of this petition submission, for all pupils (including statistically significant subgroups) pursuant to California Education Code § 52052, for each of the eight (8) state priorities identified in California Education Code § 52060(d), including specific annual actions the school will take to achieve each of the identified annual goals. We note that as required under the California Education Code, VLGA's stakeholders will engage in a collaborative process each year to update and prepare an annual Local Control and Accountability Plan (LCAP) as a basis for prioritizing allocation of funds. The following is intended to be illustrative of the goals and actions we anticipate at this point in time.

LCFF STATE PRIORITIES	
GOAL #1	
CONDITIONS OF LEARNING **All VLGA students will have access to a high-quality education program taught by qualified teachers.**	Related State Priorities: ☒ 1 ☐ 4 ☒ 7 ☒ 2 ☐ 5 ☐ 8 ☐ 3 ☐ 6 Local Priorities: ☐: ☐:
Specific Annual Actions to Achieve Goal	
Priority 1 (Basic Services) *Priority 1 Outcome 1 - Degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching.* - *VLGA will hire, supervise, evaluate and retain qualified teaching staff.* - *VLGA will ensure verification of proper credentials and DoJ clearance prior to start of employment.* - *VLGA will actively recruit qualified teachers reflecting student ethnic demographics* *Priority 1 Outcome 2 - Pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119.* - *VLGA will provide appropriate, standards-aligned (including CA CCSS and the academic content and performance standards) textbooks/curriculum materials.* - *VLGA will review alignment of instructional materials to standards.* - *VLGA will maintain an annual inventory of instructional materials and respective purchase of materials.* - *VLGA budget will be reviewed every year to ensure adequate budget for instructional materials is in place.* *Priority 1 Outcome 3 - School facilities are maintained in good repair pursuant to Education Code section 17002(d).* - *VLGA facilities will be maintained and cleaned by custodial staff* - *VLGA will do annual and monthly facility inspections to screen for safety hazards.* - *VLGA will utilize Site Inspection Lists and provide daily general cleaning and spot checks by custodial staff* ***Priority 2 (Implementation of State Standards)***	

Priority 2 Outcome 1 - Implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners.

- *VLGA will participate in ongoing professional development on the implementation of CCSS and new CCSS-aligned assessments.*
- *VLGA will provide CCSS-aligned ELA and math instruction using integrated ELD and designated instructional strategies to all students, including ELs.*
- *VLGA will provide PD to teachers examining CAASPP, Renaissance, and other state and internal assessment scores, into reports and regularly review progress to build on our data driven decision making.*

Priority 7 (Course Access)

Priority 7 Outcome 1 - Pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable, including A-G approved courses, AP courses, and programs and resources as needed to support progress toward graduation. (Priority 7)

- *VLGA will ensure all academic areas will be available to all students, inclusive of all subgroups, and all grades.*
- *VLGA will provide 1:1 technology (Chromebooks) to ensure access to web resources and curriculum tools.*
- *VLGA will hire, train, supervise and evaluate qualified counseling staff to ensure students have equitable access to A-G courses and make annual progress toward graduation.*
- *VLGA staff and administration will review student enrollment in AP courses and ensure all students have equitable access to enroll in AP courses*

Expected Annual Measurable Outcomes

Priority 1 Outcome 1: All teachers will be properly certified and assigned.

Metric/Method for Measuring: % of courses and Teachers at VLGA appropriately assigned and with appropriately credentialed personnel.

Applicable Student Groups	Baseline	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028
All Students	100%	100%	100%	100%	100%	100%
Hispanic/Latino	100%	100%	100%	100%	100%	100%
English Learner	100%	100%	100%	100%	100%	100%
Socioeconomically Disadvantaged	100%	100%	100%	100%	100%	100%
Students with Disabilities	100%	100%	100%	100%	100%	100%

Priority 1 Outcome 2: All VLGA students (including all statistically significant subgroups) will have access to standards-aligned materials and technology

Metric/Method for Measuring: % of VLGA students who will have sufficient access to standards-aligned instructional materials.

Applicable Student Groups	Baseline	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028
All Students	100%	100%	100%	100%	100%	100%
Hispanic/Latino	100%	100%	100%	100%	100%	100%
English Learner	100%	100%	100%	100%	100%	100%
Socioeconomically Disadvantaged	100%	100%	100%	100%	100%	100%

Students with Disabilities	100%	100%	100%	100%	100%	100%

Priority 1 Outcome 3: VLGA facilities will be maintained and cleaned through a contract with custodial staff and include daily spot checks and Site Inspection Lists, pursuant to Education Code section 17002(d).

Metric/Method for Measuring: % of items on the Site Inspection Lists and daily spot checks that are in compliance/good standing

APPLICABLE STUDENT GROUPS	Baseline	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028
All Students	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*
Hispanic/Latino	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*
English Learner	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*	*≥ 90%*

LCFF STATE PRIORITIES
GOAL #2

PUPIL OUTCOMES **Every VLGA student will have the right to a personalized and individualized education.**	Related State Priorities: ☐ 1 ☒ 4 ☐ 7 ☐ 2 ☐ 5 ☒ 8 ☐ 3 ☐ 6 Local Priorities: ☐: ☐:

Specific Annual Actions to Achieve Goal

- *Priority 4 (Pupil Achievement)*

- *Priority 4 Outcome 1 – Performance on standardized tests and overall schoolwide assessments such as the new CA Dashboard*
- *VLGA will provide highly qualified instructional personnel and Education Specialists to implement high-quality instruction with continuous monitoring by the Principal and central office personnel.*
- *VLGA will provide comprehensive professional development to support student achievement.*
- *VLGA will analyze CAASPP and other state and internal assessment scores at least quarterly to review progress towards annual targets.*

- *Priority 4 Outcome 2 – Share of English learners that become English proficient*
- *See above; plus: VLGA will implement the Vista Public Schools English Learner Master Plan.*
- *VLGA will provide high qualified and experienced teachers with appropriate EL authorization who will continuously monitor instruction and achievement of ELs*
- *VLGA will identify English Learners by proficiency level, ensure ELD instruction is aligned to the new standards, and monitor student progress in program implementation.*
- *VLGA will provide professional development related to EL support, including ELPAC training and re-designation criteria.*
- *VLGA will ensure re-designated ELs will continue to be supported via a multi-tiered system including support for struggling readers.*
-
- *Priority 4 Outcome 3- English learner reclassification rate*
- *Same as Priority 4 Outcome 2 above, plus:*
- *VLGA budget will be reviewed every year to ensure adequate budget for appropriate EL instructional materials is in place.*
- *VLGA will add additional supports for our EL students through exam preparation, differentiation, teacher coaching, and additional tutoring to meet EL student instructional needs*
-
- *Priority 4 Outcome 4 - All high school students, including all subgroups, will make adequate progress on the standardized assessments.*
- *All teachers will engage in ongoing professional development and training in instructional strategies, along with targeted intervention for students needing additional support in reading improvement and math, including EL and SWD, for CCSS in ELA/ELD, math, NGSS and prep test support*
- *All teachers will review standardized and internal benchmark assessments to identify areas of strength and growth and implement instructional strategies accordingly*
-
- *Priority 4 Outcome 5 – All students, including all subgroups, will make adequate progress toward A-G completion*
- *VLGA will ensure all high school students enroll in courses that meet A-G completion requirements through individualized student counseling and progress reviews periodically throughout the year.*
-

- *Priority 4 Outcome 6 – All students, including all subgroups, will make adequate progress toward AP course completion and passing the AP exam and/or CTE Pathway completion.*
- *VLGA will ensure all students will have access to enroll in a variety of AP/CTE Pathway courses in their chosen Pathway.*
- *VLGA will provide ongoing professional development for AP/CTE Pathway courses and ensure rigorous instruction to promote proficiency and improve pass rates on AP exams and final course grades.*

- *Priority 8 (Other Pupil Outcomes)*
- *Priority 8 Outcome 1 - VLGA will offer all students, including all subgroups, a rigorous, high-quality STEAM curriculum.*
- *VLGA will provide three CTE pathways in Health Science, Business and Climate Change for students to complete dual enrollment and work-based learning experiences.*
- *VLGA will provide resources, professional development, time and materials for all students to engage in meaningful, hands-on learning in STEAM activities via PLTW curriculum and other "best practices" STEAM learning opportunities.*
- *VLGA will educate its students to be globally competent through its partnership and resources with Community Catalyst Partners' International Studies Schools Network. Through this model students will learn to 1) Investigate the World, 2) Recognize taking actions*
- *, 3) Communicate their ideas, and 4) Take Action.*

Expected Annual Measurable Outcomes

Priority 4 Outcome 1: VLGA students, including all significant subgroups, will meet or exceed state averages, or nearby similar comparison schools, along with annual targets for growth on the CAASPP (and comparable assessments for students with special needs) in the areas of ELA and Mathematics.
Metric/Method for Measuring: Scale scores and proficiency/growth targets for all students, including all numerically significant student subgroups, in ELA and Math on the CAASPP assessment system based on prior year data.

Applicable Student Groups	Baseline	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028

LCFF STATE PRIORITIES

GOAL # 3

ENGAGEMENT

VLGA student academic achievement is supported by parents.

Related State Priorities:
☐ 1 ☐ 4 ☐ 7
☐ 2 ☒ 5 ☐ 8
☒ 3 ☒ 6

Local Priorities:
☐:
☐:

Specific Annual Actions to Achieve Goal

Priority 3 (Parental Involvement)
Priority 3 Outcome 1 –Efforts to seek parent input in decision making.

- *VLGA will engage parents in a series of relevant and interesting workshops related to their student's success, including workshops pertaining to A-G and financial aid for college-bound students.*
- *VLGA will maintain school website as a communication tool for the community.*

- *VLGA will communicate the most important website items via a monthly newsletter that is sent to their home via a hardcopy.*
- *The VLGA Principal will hold monthly Coffee with the Principal meetings to engage and inform parents of important and relevant school-based items and events.*

Priority 5 (Pupil Engagement)

Priority 5 Outcome 1 – School attendance rates and Chronic absenteeism

- *VLGA parent outreach and communications will stress the importance of attendance and arriving at school on time each day*
- *VLGA's School Psychologist will oversee student attendance and works with the Office Manager and Administrative Team* to *help improve attendance and decrease habitual truants through home calls, meetings with students and families, home visits, and positive reinforcement incentives.*

Priority 5 Outcome 2 – Dropout rates

- *VLGA will offer an engaging and meaningful program that motivates students to stay in school, including electives in the arts, technology and World Languages, and an engaging after-school program and clubs.*
- *VLGA's Principal and the MTSS team will carefully monitor student achievement data on a continuous basis and will identify students who are at-risk of dropping out in order to provide comprehensive intervention and support via our MTSS program.*

Priority 5 Outcome 3 – Graduation Rates

- *VLGA will maintain a high annual graduation rate See Specific Annual Actions above for Priority 5 Outcome 2, Dropout Rates.*

Priority 6 (School Climate)

Priority 6 Outcome 1 - pupil suspension rates

- *VLGA will provide training and support for restorative justice practices and Way of Council*
- *VLGA will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.*

Priority 6 Outcome 2 – pupil expulsion rates

- *VLGA will provide training and support for restorative justice practices and Way of Council*
- *VLGA will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.*

Priority 6 Outcome 3 – other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness

- *VLGA will implement annual surveys to assess stakeholder satisfaction*

Expected Annual Measurable Outcomes

Priority 3 Outcome 1: VLGA will increase the number of parents who attend at least 2 events each year (specific goal to be set annually in LCAP).
Metric/Method for Measuring: # of parents attending 2+ events annually

Applicable Student Groups	Baseline	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028

Students with Disabilities	*N/A*	*Establish high rate of participation (overall and by stakeholder group) (estimated target 75% annually); Establish stakeholder approval ratings on school climate (estimated target 80% annually)*	*Increase rate of participation (overall and by stakeholder group) as needed over previous year (estimated target 2-3% annually); Increase stakeholder approval ratings as needed on school climate (estimated target 2-3% annually)*	*Increase rate of participation (overall and by stakeholder group) as needed over previous year (estimated target 2-3% annually); Increase stakeholder approval ratings as needed on school climate (estimated target 2-3% annually)*	*Increase rate of participation (overall and by stakeholder group) as needed over previous year (estimated target 2-3% annually); Increase stakeholder approval ratings as needed on school climate (estimated target 2-3% annually)*	*Increase rate of participation (overall and by stakeholder group) as needed over previous year (estimated target 2-3% annually); Increase stakeholder approval ratings as needed on school climate (estimated target 2-3% annually)*

GOALS FOR ENABLING PUPILS TO BECOME AND REMAIN SELF-MOTIVATED, COMPETENT, AND LIFELONG LEARNERS

VLGA has been designed to ensure that our underserved students are equipped with the skills and attitudes to become self-motivated, competent, lifelong learners. Our emphasis on engagement helps to develop students' intrinsic self-motivation to learn and succeed. VLGA will teach our students to learn *how to learn* as they actively participate in their own learning, appreciating the relevance of their learning not only in their daily lives but also the broader world around them.

Through ongoing professional development focused on how people learn, our teachers will continuously adapt their lessons and classroom experiences to meet students' needs and develop competent, skilled students in alignment with the state content standards. Through project-based learning and our emphasis on STEAM, our students will be continuously refining problem-solving and critical thinking and reflect on both their successes and "failures" as they adapt to a rapidly changing world. These habits of learning will establish a solid foundation for lifelong learning.

INSTRUCTIONAL DESIGN

CURRICULAR AND INSTRUCTIONAL DESIGN OF THE EDUCATIONAL PROGRAM: KEY EDUCATIONAL THEORIES AND RESEARCH

At VLGA we are committed to transforming the school experience. Teachers who push students academically and demand high standards not only increase engagement, but also cultivate students' sense of being cared for and, ultimately, raise student achievement.[76] At VLGA, our pedagogical practices and programmatic choices will form the conditions for rigorous academics and warm supportive mentoring in symbiotic relation. The VLGA approach is one in which our adolescent students will learn by doing under the guidance of a strong mentor/teacher. We are dedicated to hiring successful teachers who balance high standards and academically rigorous expectations with constant availability for help and academic guidance.

As students move through each high school grade, they will experience a well-rounded, holistic, and global curriculum with a STEAM focus. Mastery of basic academic standards is important and necessary, but in and of itself is an insufficient goal for our students. Low-income students of color, perhaps more than any other group of young people, benefit from an intellectually engaging, rigorous curriculum designed to cultivate flexible thinking and broad knowledge of the world on a global scale. Our students must break barriers of discrimination that too often define who we are. VLGA will adhere to the guiding principles of the traditional Japanese holistic approach "Chi-Toku-Tai" which espouses: academic prowess, moral, physical, and mental health. When the needs of the "whole child" are addressed, a zest and love for life and all its possibilities is the
outcome.

At VLGA, we will create social-emotional and educational conditions and structures that are strictly aligned with the research on engagement (see above). Research on the positive correlation of strong student engagement with higher student achievement is clear and drives our instructional design. While engagement is "easily understood by practitioners as being essential to learning,"[77] the bridge from theory to application is often difficult. At VLGA our instructional foci are based on our deep research on engagement and represent a unique combination of global competence and STEAM preparedness. We see these two areas not as separate foci, but rather as a nested symbiotic grouping that works together to address the needs of the 21st century learner.

GLOBAL COMPETENCY

VLGA will be distinguished by its collaboration and partnership with Community Catalyst Partners' International Studies Schools Network (ISSN), with the goal of becoming an ISSN-certified school by the end of the first five years. The ISSN currently includes a variety of different grade levels and types of schools serving approximately 16,000 students in eight states. In keeping with the Community Catalyst Partners' original mission to serve traditionally underserved populations, the majority (63%) of ISSN students are low-income, and 73% are students of color. Four-year graduation rates and student performance rates exceed those in comparable schools. In 2011, ISSN schools had an average four-year graduation rate of 89%. In addition, evaluators found that ISSN schools outperformed their peers on 71 of 107 total measures (66.4%).[78]

The Community Catalyst Partners does not promote a single, prescriptive school design. The starting point for all of its schools is a shared definition of a college-ready, globally competent graduate. The ISSN Graduate Profile describes a student who has mastered the knowledge and skills required for college, has expertise in core content areas from a global perspective, is a proficient thinker and problem solver, can view and analyze issues and events from varying perspectives, can communicate in more than one language and collaborate across cultural boundaries, and fulfills the responsibilities of global citizenship.

VLGA will work with ISSN to develop globally competent students. To help facilitate this effort, the Community Catalyst Partners has developed a flexible ISSN School Design Matrix, adaptable to a range of school conditions. The matrix is clearly aligned with the VLGA vision and mission and sets a trajectory for our school's development across six domains:

Vision, Mission, Culture	This domain addresses the school's vision, mission and culture of the school as well as the schools' expectations for all students to be ready for college and postsecondary school success.
Student Outcomes	This domain examines the progress being made by all students toward achieving the characteristics defined in the ISSN Graduate Profile.
Curriculum, Instruction, Assessment	This domain describes a consistent global focus throughout the curriculum and across all academic activities. It examines teaching strategies to meet the needs of all students. It also highlights ongoing, performance-based measures of student learning.
School Organization and Governance	This domain considers the degree to which the school is structured to support teaching and learning.
Professional Learning Community	This domain focuses on the systems of collaborative communication and professional development established to improve teaching and learning.
Family and Community Partnerships	This domain explores the family engagement in the school's educational mission and the connections established with local organizations and institutions.

The detailed matrix includes quality criteria for each domain, with benchmarks that describe beginning, emerging, proficient, and exemplary implementation. Many of the quality criteria describe practices that are common to the small schools movement in general— for example, implementing a student advisory/homeroom program—or that are good practice in any setting— for example, establishing a clear and consistent grading policy. Other criteria, while not necessarily exclusive to the ISSN, exemplify the international studies approach:

Global content, skills, and perspectives are embedded in the core content areas. Students explore global topics in all of their classes. Curriculum units are often organized around global themes, supporting students to make connections across disciplines.

World languages are part of the experience. Students are highly proficient in English, have opportunities to strengthen home languages, and are introduced to new languages.

Curriculum is student-centered, authentic, globally significant, and connected to real audiences. Students engage in solving real-world, internationally important problems and present their solutions to experts. They are empowered to make decisions about what and how they learn.

Global learning extends beyond the classroom. Students participate in service learning that immerses them in local and global issues, exposes them to professional opportunities, and prepares them as global citizens.

Service Learning at VLGA will be linked to the Global Performance Outcomes (GPO's) described in the section above regarding ISSN. Service learning directly addresses two of the GPO's: "Recognizing Different Perspectives" and "Taking Action." The curriculum is designed to allow students to apply learning to solving real world and local problems with an emphasis relevant global issues outlined in the United Nations Goals for Sustainability and other school identified world problems. Some examples of this might be students applying principles and learning from STEAM in project-based learning to address the issues of water scarcity, climate change, overuse of plastics, sustainable agriculture, etc. Model UN is another example of how students participate in Service Learning. Additionally, classrooms are equipped with the technology (Smart Board type technology and 1:1 Chromebook program) for online learning and exchanges with other students and classrooms around the world to collaboratively take action on relevant global issues. VLGA will seek partnerships with schools in Mexico, Guatemala, Indonesia, and Korea.

Opportunities for field trips are an integral part of the Vista experience and are planned according to grade level content and age appropriateness for length of time.

VLGA will work with the Community Catalyst Partners ISSN to further develop or revise (as needed) its curriculum according to the "SAGE" framework and VLGA guiding principles.

- **S**tudent choice: Students have a say in what they learn and how they learn it.
- **A**uthentic tasks: Students perform tasks and investigate questions that adults would perform or study in the real world.
- **G**lobal significance: Students study topics, issues, and phenomena of global importance, and gain deep knowledge of countries and cultures other than their own.
- **E**xhibition to a real-world audience: Students share their work—and receive feedback—from audiences with relevant expertise, in person and on the web.[79]

[79] Asia Society. Center for Global Education. SAGE Advice. Accessed from: https://asiasociety.org/education/sage-advice.

VLGA students can show how their learning experiences helped them achieve global competency in four domains, as detailed more fully above in the section on An Educated Person in the 21st Century:

1. Investigate the world beyond their immediate environment, framing significant problems and conducting well-crafted, age-appropriate research.
2. Recognize perspectives, including one's own and those of others, explaining the nature and origin of these perspectives thoughtfully and respectfully.
3. Communicate ideas effectively with diverse audiences, bridging geographic, linguistic, ideological, and cultural barriers.
4. Take action to improve conditions, viewing themselves as players in the world and participating reflectively.

The ISSN framework does not tell teachers what to teach or when to teach it; rather, it provides both teachers and students with the frameworks and the tools to make good choices. The primary purpose of the curriculum is to enhance teachers' capacity to develop and transform their own curriculum, a key component of teacher autonomy and job satisfaction. VLGA will integrate four quality components, in alignment with our vision and mission, into our curricular design:

1. **Clear expectations**: Tasks are linked to specific Global Performance Standards outcomes, Common Core State Standards, and/or other standards like ISTE. These targets provide teachers and students with a shared understanding of what proficient work looks like.

2. **Authentic learning experiences**: Students explore topics and issues that represent the work of real-world professionals.

3. **Student-centered learning:** Teachers and students share ownership for learning. With feedback from frequent formative assessments, students understand where they are going and how to get there. They also make decisions about what they're learning and how they're learning it.

4. **Multiple opportunities to reach mastery**: With multiple assessments embedded in each unit and leading to graduation, students have many opportunities.[80]

SCIENCE, TECHNOLOGY, ENGINEERING, ARTS, MATHEMATICS (STEAM)

VLGA will incorporate STEAM instruction into the ISSN framework to build globally competent, 21st century learners. STEAM is an acronym that represents how all topics in subject areas relate to each other and to the real world: science and technology, interpreted through engineering & the arts, all based in mathematical elements. STEAM education naturally aligns with VLGA's framework for teaching that is based on natural ways of learning and is customizable for all types of students and programs. Significantly, it adds relevancy to learning, and increased engagement for students.

A STEAM education aligns with the VLGA guiding principles in which projects have clear expectations, provide authentic learning experiences, are hands-on and student-centered, and provide myriad authentic ways to demonstrate mastery. Globally, schools are having success with STEAM, teaching

[80] Asia Society. Center for Global Education International Studies Schools Network. Accessed from https://asiasociety.org/international-studies-schools-network.

academic and life skills in standards-backed, reality-based, personally relevant exploratory learning environments.[81]

VLGA teachers will use the ISSN rubrics to create STEAM projects that address the four domains of global competence in line with the California Common Core Standards and the Next Generation Science Standards. STEAM is not a separate effort, but a naturally integrated focus that clearly addresses 21st learning in a global context. *STEAM provides the skills, while the global outcomes provide the context, through the structure of rubric-based portfolios and process work.* Our teachers can better match their learning objectives and goals to the variety of learners they encounter. Embedded within the larger guiding principles of the Framework for Engagement, STEAM at VLGA supports well-balanced and deeply cooperative teams among educators and students based on a variety of characteristics. STEAM provides another way for both teachers and students to use their skills for leading in some areas, while other areas are strengthened through observing and assisting. VLGA educators instruct within their specialty with co-planned thematic units to which everyone contributes, in projects related to the required benchmark concepts and skills.

Project Lead the Way. At VLGA, in addition to teacher-created projects and lessons, STEAM will be taught through the acclaimed Project Lead the Way 9-12 program.[82] PLTW is aligned to Next Generation Science Standards and the California Common Core State Standards for math and English Language Arts. PLTW provides students opportunities to learn through exploration and discovery. Through PLTW, students become hands-on problem solvers and learn to collaborate with their fellow students. PLTW will form the introductory backbones of the school's Health Science pathway. Teachers and students begin each module with an engaging e-book story that introduces the challenge students will collaborate on to solve. Then, in a series of activities that build upon each other, students are challenged to become confident in trying new things, to learn from mistakes, and to apply what they do know to find solutions. Instructional staff will receive training in PLTW during the summer.

Student Use of Technology. VLGA believes that, to be a globally educated, 21st century student and citizen, students must have technology infused throughout the curriculum. Thirty-five years ago, education responded to *A Nation at Risk*,[83] which argued that knowledge of the New Basics is the foundation of success after graduation. The world has dramatically changed, and our low-income and at-risk students now face a Digital Divide that, if not addressed, will widen the achievement gap. Technological literacy is now an essential element in our students' futures. Our students must be able to use technology as an integrated life skill, not as a separate subject or in isolation.

While technology offers extraordinary potential for learning and bringing global awareness, research has clearly indicated that technology is not, and cannot be, treated as the be-all-end-all, but rather becomes a powerful tool when used to support learning through collaborative projects and other authentic learning experiences.[84] This is why, at VLGA, we will work to find the most effective ways to harness the potential of technology as a comprehensible, yet powerful, tool for students.

[84] See, e.g., Ahmed Kahn, T., How Technology Can (And Does) Improve Education, TrustRadius, March 28, 2019 https://www.trustradius.com/buyer-blog/how-technology-improves-education; Towns, S. Technology is Not Cure-All for

At VLGA, technology integration will be based upon the International Society for Technology in Education's National Educational Technology Standards for Students.[85] The ISTE Standards are *the* benchmarks for learning, teaching, and leading in the digital age, and are widely recognized and adopted worldwide. They work in concert to transform education with a uniquely global perspective. The standards are designed around age band articulation that is in alignment with the VLGA developmental and student-centered approach. Students will utilize a variety of technology tools to access, manipulate, exchange and create information, and demonstrate learning. Tools such as the Internet, word processors, databases, spreadsheets, publishing software, and media editors are integrated into the curriculum. Students are required to utilize technology as an outcome in their coursework. They will also be equipped to determine in their Digital Portfolio, what tools they are interested in learning and incorporating into their class projects. Through online learning and benchmark assessments, students will be prepared to take computer-based CAASPP and other assessments.

At all VCPS, the Google Classroom (LMS) has been adopted to create a safe cyber environment where these important modern relationships can happen without fear of abuse. Through Google Classroom, teachers safely communicate with students and parents through a platform that is monitored for abuse and is private to the school community. Parents and school administrators monitor daily activity and keep abreast of their students' progress and important issues that might arise. Further, through this system, the school can easily check for any cyber-abuse or bullying that may occur.

Moreover, Google Classroom can serve as a powerful tool in the event of a community emergency precipitating school closure such as, for example, the 2020 statewide closures due to the Covid-19 pandemic. As a platform, Google Classroom is ideally configured to enable high school teachers to pivot quickly to online instruction if necessitated.

Finally, Google Classroom mirrors, in many ways, the learning management systems that our graduates will utilize at the college level to access their course materials and assignments and to engage with their professors. Building our high school students' familiarity with and propensity to fully engage with a comprehensive LMS will therefore prepare them for their next chapter at the post-secondary level.

COLLEGE AND CAREER PATHWAYS

Each student at VLGA will be expected to complete one of three Career Technical Education (CTE) pathways consisting of a minimum of three year-long courses, with the option to pursue and complete an Associate's Degree from one of our college partners by the time they graduate from high school through our dual enrollment program. Pathway options include:

- **Health Science**: a Project Lead the Way pathway that will be offered in partnership with Los Angeles Trade Technical College (LATTC), which offers the disciplines of Registered Nursing, Kinesiology & Health, Health Occupations and the Sciences of Anatomy, Physiology, Biology and Microbiology. http://www.lattc.edu/academics/pathways/hrs
- **Business**: also in partnership with LATTC, this pathway offers career-technical education in a variety of programs leading to entry-level positions or on-the-job promotions in the dynamic world of business. Programs include accounting, management/supervision, small business entrepreneurship, retail management, marketing and public relations, and real estate

Education's Problems, Governing, March 2011 https://www.governing.com/columns/tech-talk/col-technology-not-cure-all-solution-to-educations-problems.html

[85] International Society for Technology in Education. ISTE Standards. Accessed from: https://www.iste.org/standards.

(including all of the coursework required to sit for the California Bureau of Real Estate Salesperson License and most of the coursework required for the California Bureau of Real Estate Broker's License). http://www.lattc.edu/academics/pathways/bce

- **Climate Change:** in partnership with University of California, Irvine, Vista has received a grant to collaboratively develop this crucial new pathway.

During the 9th grade Advisory/Global Hour, students will learn about each pathway and explore different college majors and careers applicable to the different pathways. Primary pathway courses will be taught on VLGA's campus to ensure access among all of our students, with additional dual enrollment courses available off-site at LATTC and other college/university partners.[86] VLGA's College Counselor and students' Advisory teachers and other teachers will support students' success in these dual enrollment courses by helping to develop students' study skills and time-management skills.

During 11th grade Advisory/Global Hour, students will devote significant time to preparing for work-based learning experiences, including resume development, interview skills, job seeking skills and more. Where feasible, VLGA will off job shadowing, internship and other opportunities for students both during the summer between 11th and 12th grades and during the school year, including on Fridays (early release) during 12th grade for students who have sufficient credits to graduate on time.

During 12th grade Advisory/Global Hour, seniors will work intensively with VLGA's College Counselor to navigate the college admissions, financial aid and match process. Our College Counselor will oversee 11th grade students' development of target college lists, then in 12th grade, their crafting of application essays and short answer responses, and their timely submission of all application materials. The College Counselor will also work hand-in-hand with students through the Advisory/Global Hour curriculum to develop their financial acumen, helping them – and their families – complete the FAFSA, interpret financial aid letters in the spring, and reach informed, financially sensible decisions regarding where to matriculate.

SCHOOL STRUCTURE TO PROMOTE A POSITIVE LEARNING ENVIRONMENT

At VLGA, the key to teacher and student happiness is promoting a culture of joyous learning. It is not confined to the classroom, but concerns the entire physical environment, the social system, the atmosphere, and norms and values.[87] Research on emotional engagement suggests school climate is of paramount importance to a student's academic achievement.[88] The research conducted on outperforming urban schools has demonstrated that they have been successful at creating a sense of connectedness and belonging that is pervasive throughout the school's organizational culture. These caring relationships exist not only among teachers and students, but among the faculty members of the school and are often included as part of the school's mission statement. Teachers at such schools are

[86] The first dual enrollment courses will not be offered until Y2; VLGA staff will work closely with LATTC, UCI and other potential partners to ensure registration/administrative and academic supports are in place for students prior to the first dual enrollment course offerings.

[88] See, e.g., *Jonathan Cohen on School Climate: Engaging the Whole Village, Teaching the Whole Child,* The Challenge: A Publication of the U.S. Dept. of Education Office of Safe and Drug-Free Schools, https://www.schoolclimate.org/themes/schoolclimate/assets/pdf/cohen_onschoolclimate_iv1%20copy.pdf ("Over the last 30 years a growing body of empirical research has shown that a positive and sustained school climate is associated with and may be predictive of positive youth development, effective risk prevention and health promotion efforts, student learning and academic achievement, increased student graduation rates, and teacher retention.")

perceived by students to have a caring personality, and in turn, this motivates students to work harder for them. At VWGA, a school-wide focus on connectedness and cultural relevance will be sustained through the teacher-student interactions in classrooms both in instruction and in management as well as school-wide discipline policies and practices.[89] Innovative features of our school design are enumerated below.

Small and Safe Learning Communities. Extensive research has looked at the implications of school size.[90] Research suggests that small to medium-size schools provide greater opportunities for deeper interpersonal relationships between students and teachers and among peers, for enhanced student participation, and for increased attendance. All of these are leading factors in student engagement.[91] Smaller schools promote conditions for higher levels of student engagement. Our school will never exceed 500 students in grades 9-12, and class size will remain an average of 24.9 to 1. This model is ideal in sustaining a small community, and is an economically sound ratio allowing the school financial flexibility and strength to accomplish its extensive goals. The physical design of the school prioritizes flexibility and creates multifaceted spaces that allow students to drive their own learning, exhibit agency and choice, and feel safe and welcome at school each and every day.

Central to the teacher-student relationship is the teacher's commitment to creating a safe atmosphere that allows students to take academic risks and reach beyond their current ability.[92] A supportive environment that pushes students not only fosters motivation, but also helps students feel competent, take ownership of their learning, and serves as a positive predictor of interest in classes and even pursuing academic goals.[93]

School discipline and safety. While school culture and discipline have a strong regulatory role in facilitating engagement, they can also play an environmental role in student behaviors such as disrespect, poor attendance, fighting, and other disruptive and problem behaviors. Attentive and constructive culture and discipline facilitates engagement by focusing on services, interventions, and program development, and identifying at-risk students who would benefit from those programs.

Significantly, even the perceptions of unsafe school environments can lead to student dissatisfaction and disengagement.[94] Marks notes that "a positive school environment is favorable to learning by being normed for respect, fairness, safety, and positive communications."[95] In another study, strong school discipline was found to have a significant impact on school engagement, but that arbitrary or overly strict policies like our current trend towards zero tolerance actually have a negative overall effect on engagement and achievement.[96] These policies are perceived as unfair and can lead to even higher dropout rates.

At VLGA, creating a safe environment with structured discipline policies is essential. Too many at-risk students start down the school-to-prison pipeline precisely because of overly punitive policies that undermine student self- worth and are not aligned with the stages of child development.[97] We will use Way of Council to foster conditions of empathy, respect, kindness, and love in the classroom and the school itself. VLGA will also use principles of Restorative Justice to teach students how to grow and learn from a mistake. The humanity and dignity of every student is paramount and the discipline and safety policies will always reflective of this deeply held belief.

Way of Council. The Way of Council encourages deep and honest communication. Based on indigenous, worldwide "cultural dialogical" practices including Native Americantraditions observed and recorded by Benjamin Franklin, as well as contemporary organizational management practices, Council is a formal, structured process of sitting in a circle and passing a talking piece in response to a prompt from the facilitator. At VLGA, we will teach students the "four intentions" of council – to speak from the heart, to listen from the heart without judgment, to speak spontaneously without planning, and to keep it lean so everyone has time with the talking piece. Council is a non-hierarchical forum for discussion. Instead of standing at the board delivering instruction, teachers sit with students in the circle. This allows participants to hear each other in a way that is sorely lacking in the traditional school and classroom culture.

Council is the best tool we have found to help students appreciate the diverse backgrounds, experiences, and opinions of their classmates. Regular use of council promotes a classroom culture where students learn to connect meaningfully with their peers and with adults. Being "in council" helps students develop attention, concentration, and listening skills; to express themselves fully and appropriately; and to "suspend" preconceptions.

Importantly, at VLGA, Council will be contained to the classroom, but is used as a tradition and protocol for increasing teacher, parent, and community buy-in and engagement. Participating in council has the same benefits for adults in a school community – at staff, committee, teacher/parent, or community meetings. Governing the school using Council as a tool helps us model the adult behaviors we wish to encourage in students.

[97] Salole, A. T., & Abdulle, Z. (2015). Quick to punish: An examination of the school to prison pipeline for marginalized youth. *Canadian Review of Social Policy*, (72/73), 124.

In simple terms, what we have at VLGA in Council will be a systemic, community- building practice, one that moves toward the State's priorities for personalization and creating safe, caring environments. Council provides a structured dialogic practice that creates opportunities for the voices of all school stakeholders to be heard, considered, and acted upon: students, staff, parents, and community members. In classrooms, along with creating community by providing students opportunities to acknowledge their commonalities and celebrate differences, Council practice facilitates the development of social-emotional skills—such as self-expression, empathy, and cooperation—as it brings relevance, connection, and meaning to academic curriculum and standards.

At VLGA, Way of Council will be supported by:

- Continuous Training from Ojai Foundation Council in Schools program and Circle Ways
- Experienced council mentors to all participating teachers
- Monthly professional developments linking council to state learning standards in all academic disciplines and to Restorative Justice policies and practices
- Monthly staff councils
- Parent presentations and parent council facilitation
- Yearly retreat at the Ojai foundation or other similar facility in conjunction with all VCPS

Student Clubs and Enrichment. Students who participate regularly in enriching, engaging student clubs have been found to have a heightened sense of belonging and overall, were more engaged in school. Interestingly, clubs that have an academic focus were found to raise engagement, but athletic and social clubs had a negligible effect unless students participated in both simultaneously.[98] Even then, the role of non- academic clubs did not show a big impact. This is not surprising given the correlation of academically intense activities to engagement found in the research.[99]

Faculty-advised student clubs will meet during "Zero Period" in the mornings before school starts, or after-school. Clubs will be formed based on student interest and faculty expertise, and may include such things as performance groups (bands, choirs, drama club, dance groups), sports clubs, arts activities, support groups (LGBTQ, etc.) and more. As enrollment grows, VLGA will consider CIF participation for competitive sports activities.

Uniforms. At VLGA, we believe that uniforms provide a unifying factor that increases identification with the school and with each other. Further, a uniform eliminates the outward appearance of economic disparities found in schools, thus removing one potential cause of bullying activities. Thus, students at VLGA will be expected to wear school-approved uniforms.

PROMOTING SOCIAL EMOTIONAL STUDENT HEALTH & WELLNESS

[98] Finn, J. D., & Zimmer, K. S. (2012). Student engagement: What is it? Why does it matter?. In *Handbook of research on student engagement* (pp. 97-131). Springer, Boston, MA.
[99] Shernoff, E. S., Kratochwill, T. R., & Stoiber, K. C. (2003). Training in Evidence-Based Interventions (EBIs): What are school psychology programs teaching?. *Journal of School Psychology*, *41*(6), 467-483.

Quality of student-teacher relationship. Researchers agree that the role of the teacher is key to student engagement.[100] George Kuh situated the teacher at the center of all engagement,[101] whereas Furlong described the teachers as fundamental to a learning environment that promotes engagement.[102] This assertion is significant in its direct application to environmental factors that are within the control of the teacher and school community. A warm and supportive approach is also linked to engagement and is demonstrated through listening to students' points of view, believing in their abilities, showing respect, holding the class to high standards of behaviors, and helping students when they do not understand something.[103] Not surprisingly, the role of teacher engagement seems to have a contagious effect: students who perceive their teachers as engaged in the subject and excited about teaching also feel cared about, a view that raises student engagement and forms a deep sense of belonging.[104]

At VLGA, we will strive to transform the student experience and hire teaching and support personnel that embody a deep sense of excitement and passion for students and their learning.

Student-centered classrooms emphasize supportive relationships between students and teachers in academic environments that are challenging, relevant, collaborative, student-directed, and connected to real-life situations. Students are assessed on their mastery of knowledge and skills and have multiple opportunities to demonstrate that mastery. Educators are supported in creating a student-centered learning environment through opportunities for reflection, collaboration, and leadership. Research has shown that such settings are necessary for students to develop the skills to succeed in college, career, and life.

Student-centered practices are more often found in schools that serve affluent and middle-class students than those located in low-income communities. Creating student-centered learning environments is one way to effectively address the opportunity gap for these students.

VLGA firmly believes that students learn best by doing and not in passive lecture style settings. The student-centered classroom will provide targeted instruction based on personalized learning goals with ample time for practice.

Our current educational system is based on the antiquated notion that students should sit quietly and still for six hours each day, while their teacher is the holder of knowledge and conveys that knowledge through lectures. However, we learn a language by speaking it, to read and write by reading and writing, and we develop 21st century skills and attributes by regularly using them in our daily lives. The VLGA experience will put students at the center of learning with teachers acting as a coach and facilitating a more personalized learning experience. This shift from vertical to horizontal classrooms is based on a

constructivist view wherein, optimally, the classroom provides experiences that prompt students to actively construct their own knowledge and learning.[105]

Student belonging. The research on engagement makes clear that a sense of belonging is a crucial factor in engagement. Emotional engagement has been deemed fundamental to human motivation[106] and is described as a sense of belonging, relatedness, and identification with school. This state of belonging requires "frequent, affectively pleasant or positive interactions with the same individuals, and they need these interactions to occur in a framework of long-term, stable caring, and concern."[107] According to the research, emotional engagement plays a role in academic and cognitive engagement, which has a direct link to learning.[108] In one study, students who reported high levels of belonging outperformed their peers, while those who reported low levels of belonging often displayed negative and anti-social behaviors, including cheating, drug and alcohol use on school grounds, and even suicidal feelings.[109] It has also been shown that identification with school develops over time and is affected, positively or negatively, by a lifetime of academic successes or failures.[110]

While VLGA will carefully attend to the interpersonal relationships and factors of engagement that fall within the locus of control of students and teachers, it will also recognize the school-controlled factors that affect student identification with their school and the value of overall satisfaction within the students' daily routines. Most research makes evident that school-controlled factors play a role. One study found a strong connection between school engagement and school climate, and identified two distinct elements: *Physical environment*, which it described in terms of size and racial/ethnic populations, and *regulatory environment,* which consists of school discipline policies.[111]

Family Engagement. Research has long been clear about the important role that families play in their children's academic success.[112] At VLGA, parents, guardians, and extended family are integral parts of the school community. Teachers and administrators will be committed to welcoming and working with all families to engage them in their child's education. Communicating with families is crucial to this relationship, and there will be frequent communication between the school and families. At VLGA, we are committed to using a variety of means to communicate with our families. Our families will have

[112] NEA. Parent, Family, Community Involvement in Education. Accessed from: https://www.nea.org/assets/docs/PB11_ParentInvolvement08.pdf. Families and Schools Together. (2016). The Importance of Parent Engagement: A List of Research and Thought Partnership. Accessed from: https://www.familiesandschools.org/blog/the-importance-of-parent-engagement//

access to a state-of-the-art learning management system, an up-to-date website, emails, and hard-copy newsletters. However, we know that many of our families do not have access to the internet and don't use email regularly. Based on parent surveys and parent focus groups conducted by Dr. Wilson, we understand that most of our families have texting capability and prefer to be communicated with by text. At VLGA, we will use our learning management system to ensure that families receive communication in their preferred format. Teachers send home regular reports of student progress, and follow-up as needed in person and via phone to ensure that families are fully equipped to support their student's learning at home. Finally, VLGA will host a variety of social and educational events to promote community-building and family involvement.

These may include back-to-school events, parent educational seminars, exhibitions of student work, student performances, and our special awards night, Noche de Estrellas. Families accompany their son/daughter to student-led conferences bi-annually to stay informed of their child's progress, and to ensure parents know how to support their student's learning and personal growth at home.

Our three areas of family support revolve around helping parents be an integral part of their teenager's academic life:

- Home – School Relationships: VLGA will foster youth's developmental needs, parents' attitudes and practices, and schools' expectations and support of family involvement by maintaining a strong relationship between home and school.
- Responsibility for Learning: VLGA parents will be involved in their child's learning plan. Their responsibility in the plan will be to support their student's goals.
- Parenting: VLGA will assist, when necessary, parents in developing attitudes, values, and practices of parents in raising adolescents.

These three areas will strengthen VLGA students' abilities to develop in their academic, personal and long-term goals, through the creation of a "full circle" of expectations and communication among the student, family and school. To ensure success in maintaining the "full circle," parents who need additional assistance are provided with, or directed to, additional resources within the school and community in order to fulfill areas of need (e.g., ESL classes, parenting classes, counseling services, job centers, etc.). The Digital Portfolios enhance parent involvement, as they have components in which the parents are a part of their son/daughter's development of college awareness, personal aspirations and planning for the future.

CURRICULUM AND INSTRUCTION

The curriculum for VLGA is based on the California Content Standards, including the Common Core Standards, the Next Generation Science Standards, ELD Standards, and the California Curriculum Frameworks. VLGA will implement the new *2019 California Arts Standards for Public Schools, Prekindergarten Through Grade Twelve* (Arts Standards), *2019 California World Languages Standards for Public Schools, Prekindergarten Through Grade Twelve* (when published) and *2019 Health Education Curriculum Framework for California Public Schools, Transitional Kindergarten Through Grade Twelve* (Health Education Framework).

ENGLISH LANGUAGE ARTS

The ELA curriculum is based on California Common Core State Standards for English Language Arts, along with the California English Language Arts/English Language Development Framework: Reading, Writing, Listening and Speaking.[113] At VLGA we believe in a Balanced Literacy approach. This approach is a curricular methodology that integrates various modalities of literacy instruction, aimed at guiding students towards proficient and lifelong reading. The balanced literacy approach is characterized by explicit skill instruction and the use of authentic texts. To this end, we will create a learning environment in which our students see themselves as readers and writers, thinkers, listeners, and speakers. This research-based program emphasizes phonemic awareness and phonics, fluency, vocabulary, comprehension and writing.

VLGA will use *my*Perspectives English Language Arts materials and guidelines to provide students cohesive support and practice as they grow their skills in reading, writing, speaking and listening, and language. Students will encounter authors' perspectives through whole-group learning and small-group learning as they read literature from across time periods and cultures. Students will listen to the perspectives of their peers through conversations and collaborative activities.

In each unit of study, students will read classic and contemporary fiction and nonfiction texts, and view/listen to media selections, all related to an Essential Question. Students will use technology to interact with texts and activities to promote student ownership of their learning through goal setting, student choice, and reflection; encourage social collaboration; link together knowledge, skills and learning behaviors. *my*Perspectives is backwards designed from defined learning outcomes with learning activities, instruction and assessment, and provides opportunities to personalize for learning in response to student performance and need.

The materials include texts that reflect the appropriate demand and rigor required by the standards for the grade band. Students will develop meaning and language through close reading, text analysis that focuses on craft and structure, concept vocabulary and word study, and close inspection of the author's style. Each unit will end with a performance-based assessment.

English Language Arts 9 (College Prep)

ELA 9 will analyze literature and expository text and produce complex writing assignments. Students will apply the knowledge and skills acquired in middle grades with more refinement, depth, and sophistication with grade-appropriate material. Students will apply and refine their command of the writing process and writing conventions to produce original narrative, persuasive, expository and descriptive texts of at least 1,500 words each. A focus on persuasion, exposition, literary analysis will integrate skills of reading as students move through themed units aligned to other core content learning. Unit themes are: American Voices, *"What does it mean to be 'American?"';* Survival, *"What does it take to survive?";* The Literature of Civil Rights, *"How can words inspire change?";* Star-Crossed Romances, *"Do we determine our own destinies?";* Journey of Transformation, *"What can we learn from a journey?",* and World's End, *"Why do we try to imagine the future?".*

English Language Arts 10 (College Prep)

ELA 10 will emphasize analyzing literature in greater depth, analyzing expository text, and producing more complex writing assignments. Students will apply and refine their command of the writing process

[113] http://www.cde.ca.gov/ci/rl/cf/elaeldfrmwrksbeadopted.asp

and writing conventions to produce original narrative, persuasive, expository and descriptive texts of at least 1500 words each. Students will use primary and secondary sources accurately, distinguish between information and the significance of the data, be aware of audience, anticipate misunderstandings, and use subject-specific terms accurately as they move through themed units aligned to other core content learning. Unit themes are: Inside the Nightmare, *"What is the allure of fear?";* Outsiders and Outcasts, *"Do people need to belong?";* Expanding Freedom's Reach, *"What is the relationship between power and freedom?"*, All that Glitters; *"What do our possessions reveal about us?"*; Virtue and Vengeance, *"What motivates us to forgive?"*; Blindness and Sight, *"What does it mean to see?"*

English Language Arts 11 (College Prep)

ELA 11 is a reading and writing course that includes standards-based instruction centered on recurrent themes and genres in United States literature from the colonial period to the present and reflects on the diversity of American life. Students will read and respond to historically or culturally significant works of literature that reflect and enhance their studies of history and social science. Students will analyze the philosophical arguments presented in literary works to determine whether the authors' positions have contributed to the quality of each work and the credibility of characters. As a means of developing the critical thinking and communication skills necessary for the demands of college and work, students will engage in discussion to prepare oral and written arguments that provide all relevant perspectives and consider the validity and reliability of sources as they move through themed units aligned to other core content learning. Unit themes are: Writing Freedom, *"What is the meaning of Freedom?";* The Individual and Society, *"What role does individualism play in American society?"*; Power, Protest, and Change; *"In what ways does the struggle for freedom change with history?"*; Grit and Grandeur; *"What is the relationship between literature and place?"* ; Facing our Fears; *"How do we respond when challenged by fear?"*; Ordinary Lives, Extraordinary Tales; *What do stories reveal about the human condition?"*

English Language Arts 12 (College Prep)

ELA 12 is an expository reading and writing course designed to develop advanced proficiency in rhetorical and analytical reading, writing, and thinking. Key principles of Expository Reading and Writing Curriculum ("ERWC") include the integration of interactive reading and writing processes; a rhetorical approach to texts that fosters critical thinking and engagement through a relentless focus on texts; materials and themes that engage student interest; classroom activities designed to model and foster successful practices of fluent readers and writers; research-based methodologies with a consistent relationship between theory and practice; built-in flexibility to allow teachers to respond to varied students' needs and instructional contexts; and alignment with the CA CCSS for ELA and Literacy.

The cornerstone of the course—the ERWC Assignment Template—presents a scaffolded process for helping students read, comprehend, and respond to nonfiction and literary texts. Modules also provide instruction in research methods and documentation conventions. Students will be expected to increase their awareness of the rhetorical strategies employed by authors and to apply those strategies to their own writing. They will read closely to examine the relationship between an author's argument or theme and his or her audience and purpose; to analyze the impact of structural and rhetorical strategies; and to examine the social, political, and philosophical assumptions that underlie the text. By the end of the course, students will be expected to use this process independently when reading unfamiliar texts and writing in response to them.

AP English Language and Composition (College Prep)

In ***AP English Language and Composition***, students will cultivate their understanding of writing and rhetorical arguments through reading, analyzing, and writing texts as they explore topics like rhetorical situation, claims and evidence, reasoning and organization, and style. For each of the nine units that scaffold student development of the analysis and composition skills, the teacher will select a theme or topic and then a text -- typically short nonfiction pieces – that will enable students to practice and develop the reading and writing skills for that unit.

Students will learn how to explain how writers' choices reflect the components of the rhetorical situation; make strategic choices in a text to address a rhetorical situation; identify and describe the claims and evidence of an argument; analyze and select evidence to develop and refine a claim; describe the reasoning, organization, and development of an argument; use organization and commentary to illuminate the line of reasoning in an argument; explain how writers' stylistic choices contribute to the purpose of an argument; and select words and use elements of composition to advance an argument.

AP English Literature and Composition (College Prep)

In ***AP English Literature and Composition,*** students will cultivate their understanding of literature through reading and analyzing texts as they explore concepts like character, setting, structure, perspective, figurative language, and literary analysis in the context of literary works. Through three genre-based, recurring units – short fiction, poetry, longer fiction or drama – this course will scaffold skills and knowledge to provide students the distinct skills they need to learn to read texts critically.

Students will learn how to explain the function of character; plot and structure; the narrator or speaker; word choice, imagery, and symbols; and comparison; and will learn how to develop textually substantiated arguments about interpretations of a part of all of a text.

ENGLISH LANGUAGE DEVELOPMENT

As detailed more fully in the section on English Learners, below, the ELD program implements both the California ELD Standards and the new English Language Arts/English Language Development Framework for California Public Schools (ELA/ELD Framework). The school's ELD goals are directly aligned with the goals detailed in the ELD Standards and Framework to "ensure that ELs are fully supported as they:

- Read, analyze, interpret, and create a variety of literary and informational text types;
- Develop an understanding of how language is a complex, dynamic, and social resource for making meaning;
- Develop an understanding of how content is organized in different text types across disciplines using text organization and structure, language features, and vocabulary depending on purpose and audience;
- Become aware that different languages and varieties of English exist;
- Recognize their home languages and cultures as resources to value in their own right and to draw upon in order to build proficiency in English;
- Contribute actively to class and group discussions by asking questions, responding appropriately, and providing useful feedback;
- Demonstrate knowledge of content through oral presentations, writing, collaborative conversations, and multimedia; and

- Develop proficiency in shifting registers based on task, purpose, audience, and text type" (ELA/ELD Framework p. 9-10).

EL students, like their English-fluent counterparts, are expected to gain progress in each of the ELA strands -- Listening, Speaking, Reading, and Writing. As detailed more fully below, through both integrated and designated ELD instruction, including use of the Lexia curricular program, EL students are supported in developing EL proficiency and reclassification as they master content standards. The Principal or designee monitors EL progress through formal and informal assessments including grades, standardized test scores, and ongoing communications with classroom teachers and the student's parents/guardians. (See below, for more details about support/ELD instruction, assessment, reclassification and monitoring of ELs.)

ELD 1-4 (College Prep)

In ***ELD 1-4***, VLGA will use *my*Perspectives *ELD Companion*. Unit-by-unit, the ELD Companion texts build on the same theme, multi-genre approach and essential question as in *my*Perspectives. *ELD Companion* will focus on the same set of grade-level ELA standards that are being developed in the core program, including the writing instruction, aligned writing modes and essays. In each lesson, student objects are aligned to five ELA/ELD themes; the lesson overview narrative outlines the content of each lesson at a glance; and standards show the alignment to CCS. New vocabulary and expressions are introduced in context – typically both visual and conversation – before being directly taught. Phonics, spelling, grammar, and language skills are introduced in context and then directly taught. For every skill, there is instruction and practice. The practice will be done either as guided practice or as independent practice, depending on the language proficiency of the student.

Language Acquisitions, *Vocabulary and Foundational Skills*

- **Academic Vocabulary** lessons will focus on vocabulary for success in school.
- **Multi-faceted** instructional approach will combine direct instruction with oral language development and generative vocabulary.
- **Vocabulary** lessons will allow teachers to assess students' word knowledge.
- **Direct Instruction** will be utilized to teach unfamiliar words.
- **Knowledge Checks** will help assess students' mastery of language and vocabulary.
- **Phonics and Word Reading** lessons will provide support for English learners who need support on the sounds and spellings of English
- **Language Fluency** practice will be provided.

As students read familiar texts, skills will be taught directly and practiced in both isolation and in context. Students' fluency will be evaluated for rate, accuracy, and expression.

Language Production

- **Collaborative conversation** will be a regular feature
- **Conversation starters** will adjust to the level of language support required by students
- **Observation forms** will be available to use in evaluating students' language development and participation
- **Peer conversation** is a regular feature of the program.
- During **core instruction**, students have the opportunity to interact with classmates.

Language Use, *Reading Texts*

- Texts are tied to the *my*Perspectives unit **themes** and **essential questions.**
- Students will apply language, vocabulary, and reading skills and strategies in the context of text reading
- Text reading will **integrate** all aspects of language development
- Texts will focus on **skills development** including vocabulary, language, and general knowledge
- Texts and instruction will **integrate** reading, writing, speaking and listening.
- In **Time to Read**, students will read **independently** from self-selected texts.
- Reading and writing will be **integrated** as students respond in writing to prompts.
- Response prompts will provide scaffolded support of language structure and usage
- **Book clubs** will be available for small groups to engage in a shared reading and language development experience.
- **Book clubs** will be **student-directed** or **teacher-led,** and will include questions and prompts

Language Use, *Writing*

- Every level of *ELD Companion* will have students produce three essays
- Instruction and support will be provided in **Whole Group instruction**
- Students writing interface will provide instruction within the assignment to support students
- Students will receive feedback on the quality and correctness of their writing
- **Scaffolding** and support will be provided for students in all stages of writing
- Speaking, listening, and reading will all be **integrated** with writing.

MATHEMATICS

As a STEAM-focused school, mathematics and quantitative reasoning skills are central to the curriculum at VLGA. At all grade levels, students participate in engaging, hands-on math activities that require critical thinking, problem-solving, and conceptual understanding. VLGA holds high expectations for all students in math development and provides ample support for students to reach these expectations. California's Common Core Content and Practice Standards and the Mathematics Framework for California Public Schools, A Look At Kindergarten Through Grade Twelve in California Public Schools, provides a foundation for work in math.

A cohesive math curriculum promotes math fluency and accuracy as well as conceptual understanding of important mathematical ideas and mathematical reasoning. Hands-on activities and materials in the classroom, as well ties to Project-Based Learning (PBL), helps students to recognize the connections between math concepts and the world around them.

VLGA will use Agile Mind, a program grounded in research on educational practices that produce meaningful learning gains for all students, as its integrated math curriculum. The Agile Mind curriculum connects abstract concepts with students' every day realities in ways and provides embedded teacher supports offer planning and teaching guidance. Agile Mind's comprehensive, standards-centered curriculum provides engaging, dynamic lessons, resources and tools for teachers, practice and application, assessment and reporting, supports for differentiation, and supports for English Language Learners.

Integrated Math I (College Prep)

In ***Integrated Math I,*** students will learn to use basic algebraic tools (graphs, tables, and symbols) to represent problem situations); develop a solid a solid understanding of rate of change; formalize their understanding of the concept of a function; model and solve important problems with linear and exponential functions and related equations; represent and analyze univariate and bivariate data, including understanding the difference between correlation and causation; understand and apply the structure of – and relationships within – an axiomatic system; become adept with the tools central to the study of space and spatial relationships; develop spatial reasoning ability, including the capacity to represent and transform shapes and figures concretely, pictorially, algebraically, and through the use of coordinate systems; use geometric representations and symbols to solve problems and prove theorems; and strengthen their knowledge and the connections between algebra and geometry.

Integrated Math II (College Prep)

In ***Integrated Math II,*** students will learn to solve real-world problems using a variety of tools; model and solve important problems with absolute value and quadratic functions and related equations; extend their understanding of exponents to rational exponents; develop an understanding of inverse relations; use the classical methods of finding the area of two-dimensional shapes, including quadrilaterals and circles; learn basic geometry of three-dimensional shapes including methods of finding simple volumes and surface areas; investigate and solve problems involving the trigonometry of right triangles; explore relationships related to lines, segments, arc length, and sectors of circles; use geometric representations and symbols to solve problems and prove theorems; continue to strengthen their knowledge of the connections between algebra and geometry; and extend their understanding of probability as they investigate conditional probability and independence.

Integrated Math III (College Prep)

In ***Integrated Math III,*** students will deepen their understanding of exponential functions and equations; develop the concept of a logarithmic function as the inverse of an exponential function; model and solve problems with exponential, logarithmic, relational, square root, and cube root functions and related equations; investigate key characteristics of trigonometric functions and use these functions to model real-world phenomena; model and solve problems with quadratic and square root inequalities; investigate key characteristics of polynomial functions, and model connections to linear and exponential functions; analyze connections between 2-dimensional and 3-dimensional representations; and model with geometry; investigate and model real world problems with conic sections.

Pre-Calculus (College Prep)

In ***Pre-Calculus,*** students will use functions, equations, sequences, series, vectors, and limits as tools to express generalizations and to analyze and understand a variety of mathematical relationships and real-world phenomena; expand and develop their use of functions and their properties to choose appropriate models for real-world problem situations to answer meaningful questions; build on and expand their experiences with functions as they continue to explore the characteristics and behavior of functions (including rate of change and limits), and the most important families of functions that model real-world phenomena, especially transcendental functions; extend their work in functions, including polynomial, rational, radical, exponential, power, logarithmic, and trigonometric function; and continue to work with operations on functions, including composition of functions.

AP Calculus AB (College Prep)

In ***AP Calculus AB,*** students will explore the concepts, methods, and applications of differential and integral calculus, working with the theoretical basis to solve problems by applying knowledge and skills. Students will learn how to determine expressions and values using mathematical procedures and rules; connect representations; justify reasoning and solutions; and use correct notation, language, and mathematical conventions to communicate results or solutions. Units include limits and continuity; differentiation - definition and fundamental properties; differentiation – composite, implicit, and inverse functions; contextual applications of differentiation; analytical applications of differentiation; integration and accumulation of change; differential equations; and applications of integration.

SCIENCE

The science program at VLGA will emphasize inquiry, curiosity, collaboration, scientific literacy, and especially, relevance and application to real-world problems. VLGA will use the Next Generation Science Standards (NGSS), which emphasize and align to our goals through inquiry-oriented investigations, real-life application, and interdisciplinary thinking about scientific concepts (www.nextgenscience.org). VLGA will use the 9-12 Project Lead the Way curriculum and *Cengage* programs, which are aligned with NGSS standards and VLGA's guiding principles and goals. Students have many opportunities to explore their own science and engineering ideas in labs, on field trips, and in an on-campus maker-space.

The implementation of our standards-based Science curriculum is driven by the constructivist belief that students learn best in an inquiry-based, hands-on, investigative environment that builds upon the knowledge of previous learning. Our students will work in cooperative groups to advance through the stages of the scientific process. It is through these cooperative groups that our students will learn how to work together to solve a problem.

The VLGA project-based/constructivist-driven science instructional program will encourage students to learn content at higher levels of Bloom's Taxonomy, as students have opportunities to apply their knowledge as well as analyze, synthesize, evaluate and create information and ideas. While NGSS set the learning foundation, the actual project is the framework through which all of the teaching and experiential learning take place. Students learn concepts via active engagement in the project. Projects may be problem-, inquiry-, experiment-, or design- focused ultimately making the learning more authentic and student-centered. Projects also focus on "real-life", current, possibly community- based problems (i.e. understanding, responding to, and designing a solution for the water drought). Students are responsible for presenting their project outcomes in front of their peers and sometimes the larger school community.

Students follow the eight practices of science and engineering that the NGSS Framework identifies as essential for all students:

- Asking questions (for science) and defining problems (for engineering)
- Developing and using models
- Planning and carrying out investigations
- Analyzing and interpreting data
- Using mathematics and computational thinking
- Constructing explanations (for science) and designing solutions (for engineering)
- Engaging in argument from evidence

- Obtaining, evaluating, and communicating information

Two primary curricular resources support our students' science learning: Project Lead the Way's Gateway program and National Geographic's *Cengage*.

PLTW Gateway PLTW Gateway is aligned to Next Generation Science Standards, Common Core State Standards for Math and English Language Arts, and other national and state standards for grades 9-12. The program's 10-hour modules are flexible and customizable: They can be implemented independently or in tandem with one another, at the grade level, at any time. Both formative and summative assessments are embedded in the program. Assessments for learning and of learning play a critical role by providing meaningful feedback to students, teachers, and administrators. PLTW is renowned for helping high schoolers develop as strong STEM thinkers and for its capacity to help high school graduates reach college with the skills and confidence to navigate college level science lab settings.

VLGA will also use National Geographic's *Cengage*, a dynamic, active and personalized science curriculum that better prepares students to evaluate scientific content and understand rapid changes and developments that occur in the field of science. Each chapter is explored in a series of concepts (including relevant research), with learning objectives associated with each concept that align with end-of-unit activities. Curriculum focuses on real world applications, including social issues arising from new research and developments – particularly the many ways in which human activities are continuing to alter the environment and threaten both human health and Earth's biodiversity. Each chapter ends with an *Application* section that explains a current topic in light of the chapter content, and also illustrates one of the core competencies listed above.

Biology (College Prep)

Whether or not students have studied biology, they have an intuitive understanding of life on Earth because they are a part of it. Every experience with the natural world – from the warmth of the sun on their skin to their love of pets – contributes to that understanding. In ***Biology*****,** students will learn about the scientific method, scientific research, and sampling error, bias and objectivity though the science of biology. Students will uncover the emergent properties, unity and diversity of life through *Principles of Cellular Life*; *Genetics*; *Principles of Evolution*; *Evolution and Biodiversity*; *How Plants Work*; *How Animals Work*; and *Principles of Ecology*.

Chemistry (College Prep)

In ***Chemistry*****,** students will understand how a knowledge of chemistry is useful to almost everyone because chemistry occurs all around us all of the time, and it lies at the heart of human effort to produce new materials that make our lives safe and easier, to produce new sources of energy that are nonpolluting, and to understand and control the many diseases that threaten our food supplies. Students will learn about chemistry through studying *Measurements and Calculations, Matter, Nomenclature, Reactions in Aqueous Solutions, Chemical Composition, Gases, Liquids, and Solids, and more.*

Physics (College Prep)

In ***Physics*****,** students will learn about the most fundamental physical science, concerned with the fundamental principles of the Universe. Physics is the foundation upon which the other sciences –

astronomy, biology, chemistry, and geology – are based. It is also the basis of a large number of engineering applications. Students will study physics as it can be divided within six main areas: *classical mechanics, relativity, thermodynamics, electromagnetism, optics,* and *quantum mechanics*.

HISTORY/SOCIAL STUDIES

The Social Studies curriculum is globally focused and build students' understanding of themselves and the world around them. Using investigation, thematic units, and essential questions, the Social Studies curriculum naturally builds upon students' prior knowledge and experience, honor and celebrate their diverse backgrounds and cultures, and deepen their self-awareness and sense of place in an ever-increasingly global society.

The California Common Core State Standards and the recently adopted California State Framework for Social Studies and History (2016) provide a foundation for students' learning, and are supplemented by teacher-created lessons to ensure that history and social sciences reflect students' cultures and identities. The curriculum includes four main social science disciplines: (1) History, (2) Geography, (3) Civics, and (4) Economics. Students learn to distinguish fact from opinion, connect cause and effect, and examine history through a variety of lenses and perspectives.

Social studies is presented in four interconnected formats:

- Within the reading program through informational texts
- Through personal and informational writing and research in the writing program
- Via integrated, thematic units of instruction
- Through interdisciplinary project-based learning

VLGA's history and social sciences curriculum is rooted in the curriculum standards specified in the History-Social Sciences Content Standards for California Public Schools: Kindergarten through Grade Twelve, CCSS for English Language Arts and Literacy in History/Social Studies, Science, and Technical Subjects (CA CCSS for ELA/Literacy), and 2014 ELA/ELD Framework. We will adopt new history/social studies standards as they are released. Our curriculum shares the same three goals as the Framework: Knowledge and Cultural Understanding, Democratic Understanding and Civic Values, and Skills Attainment and Social Participation. Students will gain an understanding of human history and of how our society and the world work. The curriculum will not only support student acquisition of core knowledge of the world's eras and civilizations, but will also develop the critical thinking skills that historians and social scientists employ to distinguish the important from the unimportant, to recognize vital connections between the present and the past, and to appreciate universal historical themes and dilemmas.

World History (College Prep)

World History is a course concerning the nations and peoples of the world. Included with the history and geography are cultural development, political and economic systems and social structures. The student will be challenged to think critically about international relations, human commonalities and differences and their impact on the student's own life. This course begins with an introduction into history, geography, and anthropology to give students a framework for understanding the course as a whole. The course explores the four primary ancient civilizations and works its way through present day. This course

encourages critical thinking about the development of history as it relates to our present- day cultures and situations.

U.S. History (College Prep)

U.S. History will focus on United States history from Reconstruction to the present day. Students will be exposed to the historical, geographic, political, economic, and sociological events which influenced the development of the United States and the resulting impact on world history. To clearly see the relationship between cause and effect in historical events, students will also review the fundamental ideas and events which occurred before the end of Reconstruction.

AP U.S. History (College Prep)

In ***AP U.S. History,*** students will explore and analyze the economic, political, and social transformation of the United States since the time of the first European encounters. Students will be asked to master not only the wide array of factual information necessary to do well on the AP exam, but also to practice skills of critical analysis of historical information and documents. Students will read primary and secondary source materials and analyze problems presented by historians to gain insight into challenges of interpretation and the ways in which historical events have shaped American society and culture.

United States Government (College Prep) – one semester

The ***United States Government*** course is a thought-provoking exploration of American government and politics. This course is designed to provide students with a basic knowledge of the purpose, structure, and operation of the national and state governmental systems. Students will study the Federal system and its underlying principles as they are related to national, state, and local levels. Topics will include the constitution, civil rights, interest groups, politics, voting, congress, the presidency, the judiciary, laws, public policies, state and local government, and current events.

Economics (College Prep) – one semester

In ***Economics*****,** students will study the important relationship between economics and our social and political systems. The course emphasizes the philosophy, development, and operation of our American economic system and its important influence upon the individual and society, and provides an overview of business, finance, banking, investment, government's role in the economic system, labor-management relations, foreign trade, income inequality, and related fields. The knowledge and skills acquired will help the student make career decisions and make wise choices for further study at a college or vocational school. Students will gain insights into the advantages, disadvantages, and strategies of starting a business of one's own.

PHYSICAL EDUCATION

Physical Education (PE) is considered critical for student learning and for maintaining personal well-being. The physical education program at VLGA is an integral part of our mission to address the needs of the "whole child" and to develop life- long habits of fitness and wellness. Students will be exposed to a variety of physical movement activities that suit diverse learning styles and skills, based on the *Physical Education Framework for California Public Schools: Kindergarten through Grade Twelve*.

Physical Education in grades 9-12 will be performed through non-traditional physical activities, teambuilding activities, and journaling of progress following the California Standards for Physical Education. Students learn the skills and mechanics necessary to participate in physical activity for the rest of their lives, while independently tracking their progress, and developing positive lifelong healthy habits. There are 5 critical areas Physical Education addresses:

- Demonstrate motor skills and movement patterns needed to perform a variety of activities
- Demonstrate knowledge of movement concepts, principles, and strategies as they apply to learning and performance of physical activities
- Assess and maintain a level of physical fitness to improve health and performance
- Demonstrate knowledge of physical fitness concepts, principles, and strategies to improve health and performance.
- Demonstrate and utilize knowledge of psychological and sociological concepts, principles, and strategies as applied to learning and performance of physical activity.
- Students also learn and understand concepts of health, nutrition and the importance of staying healthy through a variety of academic course settings.

With the addition of experiential education philosophies and activities, along with language development that supports Emotional Intelligence and Literacy, VLGA will integrate social/emotional training with physical activity. PE activities contribute to an integrated social-emotional program as students practice and demonstrate greater capacity with communication skills, cooperation, empathy, purposeful inclusion, fairness, teamwork, increased confidence, and growth in resilience and self-efficacy.

WORLD LANGUAGES

Spanish I (College Preparatory)

Spanish I is an introduction to Spanish emphasizing communicative-based competencies and Spanish language culture. Correlated to the curriculum are the broad Goals of the *Standards for Foreign Language Learning in the 21st Century* (Communication, Cultures, Connections, Comparisons, and Communities), which define the essential skills and knowledge that all students need to acquire. Students actively practice and learn to greet others, tell date and time, express likes and dislikes, and ask and answer simple questions on a variety of topics. They also learn to read, write, and conjugate verbs in different tenses in Spanish. This offers more time in their high school schedule to take other courses, electives, and even community college courses. Students also begin to read fiction and nonfiction literature in Spanish and present projects that demonstrates their language development.

Spanish II (College Preparatory)

Spanish II builds on the communicative-based competencies, grammar, and Spanish language culture learned in Spanish I. Correlated to the curriculum are the broad Goals of the *Standards for Foreign Language Learning in the 21st Century* (Communication, Cultures, Connections, Comparisons, and Communities), which define the essential skills and knowledge that all students need to acquire. Students express themselves using the present, past, and future tenses on a variety of topics. Students also begin to read more sophisticated literature in Spanish and present projects that build language development.

Spanish III (College Preparatory)

Spanish III builds on the communicative-based competencies, grammar and the Spanish language culture learned in Spanish II. Correlated to the curriculum are the broad Goals of the *Standards for Foreign Language Learning in the 21st Century* (Communication, Cultures, Connections, Comparisons, and Communities) which define the essential skills and knowledge that all students need to acquire. Students at this level speak Spanish conversationally and/or fluently. They can express themselves using the present, past and future tenses on a variety of topics, but also they learn how to conjugate in the imperfect tense; differentiate between the use of the preterit and imperfect tenses; conjugate in the future/conditional tenses; employ prepositional pronouns; form commands using the formal you (usted); differentiate between the two verbs "to be" ser and estar; employ double object pronouns, etc. Students also read literature in Spanish and present projects on their novel of choice in Spanish. This course is instructed exclusively in Spanish. Students who have successfully fulfilled the course requirements for Spanish III will be on track to take AP Spanish Language & Culture the next academic year

Spanish I for Native Speakers (College Preparatory)

Spanish I for Native Speakers is an intensive and accelerated introduction to Spanish offered to best serve those students who Speak Spanish at home and/or have had significant native language exposure. Spanish I for Native Speakers emphasizes communicative-based competencies and Spanish language culture. Correlated to the curriculum are the broad Goals of the *Standards for Foreign Language Learning in the 21st Century* (Communication, Cultures, Connections, Comparisons, and Communities), which define the essential skills and knowledge that all students need to acquire. Students actively practice and learn to greet others, tell date and time, express likes and dislikes, and ask and answer simple questions on a variety of topics. They also learn to read, write, and conjugate verbs in different tenses in Spanish. This offers more time in their high school schedule to take other courses, electives, and even community college courses. Students also begin to read fiction and nonfiction literature in Spanish and present projects that demonstrates their language development.

Spanish II for Native Speakers (College Preparatory)

Spanish II for Native Speakers builds on the communicative-based competencies, grammar, and Spanish language culture learned in Spanish I for Native Speakers. Correlated to the curriculum are the broad Goals of the *Standards for Foreign Language Learning in the 21st Century* (Communication, Cultures, Connections, Comparisons, and Communities), which define the essential skills and knowledge that all students need to acquire. Students express themselves using the present, past, and future tenses on a variety of topics. Students also begin to read more sophisticated literature in Spanish and present projects that build language development. Students who have successfully fulfilled the course requirements for Spanish II for Native Speakers will be on track to take AP Spanish Language & Culture the next academic year.

AP Spanish Language & Culture (College Preparatory)

AP Spanish Language & Culture covers the equivalent of a fourth-year college course in advanced Spanish composition and conversation. Students may opt into this course and must have successfully completed Spanish III or Spanish II for Native Speakers or equivalent courses at other high schools. AP Spanish at Collegiate encompasses aural/oral skills, reading comprehension, grammar, and

composition. The course seeks to develop language skills that are useful in themselves and that can be applied to various activities and disciplines rather than to the mastery of any specific subject matter. Extensive training in the organization and writing of compositions must be an integral part of the AP Spanish Language course. Students who enroll should already have a basic knowledge of the language and culture of Spanish-speaking peoples and should have attained a reasonable proficiency in listening comprehension, speaking, reading and writing.

Mandarin 1 (College Prep)

Mandarin 1 is designed for beginners of the language. The course aims for acquisition of the usual basic language skills of listening, speaking, reading and writing. Included in the course is the presentation of basic grammar and an introduction to Chinese culture. Pinyin (the most widely used Chinese phonetic system) will be taught as a tool to learn the spoken language. Students will also learn Chinese characters in order to be able to communicate in Mandarin on a limited range of topics related to everyday situations. Students practice listening and speaking in real-life situations, learn to read and write Chinese characters, and examine how culture and language interact in China. In-class activities and course assignments aim to assist students as they develop the oral proficiency and confidence necessary to initiate simple conversations.

Students will be introduced to the Chinese language and culture through focused instructions in the areas of listening/speaking, reading, writing, grammar, vocabulary, and writing characters. VLGA will use *Encounters* (Yale University Press) as its primary curricular materials.

Mandarin 2 (College Prep)

Mandarin 2 will be for students who, having successfully developed strong basic skills, are ready to increase proficiency in oral comprehension and in the speaking, reading and writing skills of Mandarin Chinese. Readings are real-life dialogues emphasizing proper use of Mandarin with the goal of developing vocabulary and fluency. Written and oral precision will be emphasized. Authentic materials will be studied. Culture content is incorporated into instruction. Students can write short articles by either hand writing or typing Chinese characters. Students will continue their progress and build on the proficiency they attained in Mandarin 1.

AP Chinese Language and Culture (College Prep)

Students will develop their Mandarin Chinese language skills and learn about Chinese culture. Students will practice communicating in Chinese and engage with real-life materials such as newspaper articles, films, music, and books. Students will learn to understand Chinese when they hear and read it; hold conversations in real-life situations; and write stories, letters, emails, essays, and other texts.

MISSION-DRIVEN ARTS EDUCATION

From the earliest renderings found in the caves of Lascaux, France, to the installations of Rauschenberg, human beings have been using artistic expression to find meaning, express self, communicate messages and seek answers. All cultures and peoples have participated in the arts, conveying significant meaning through their artifacts and artistic traditions in music, dance, visual arts, literature, and drama. Art is a universal language that provides all students with connections to other civilizations. It provides factual, interpretive, and emotive contexts for historical events. Art is more than an act or artifact; it is a bridge

that integrates the various, and often disparate, compartments of our lives. It develops sensitivity to one's surroundings and the intricacies that enable self-discovery and understanding of the human condition.

At VLGA, we do not view art only as an independent activity with a subset of standards and skills, but rather as a humanistic strand that runs throughout our curriculum. Incorporating "Art" into STEM learning is deliberate and important. This will allow us to reach across the cultural, financial, and digital divides that separate our students from the "wider class." Through the arts, we develop a sense of self in our students and a respect for the many cultures from which they come, while providing valuable links to new cultures. The arts also allow us to make academic connections across the curriculum and provide cohesiveness to thematic planning that gives our second language learners one of the major scaffolds to gaining content and academic understanding.

VLGA strives to provide our students with the tools they need to produce meaning within artistic endeavors. These skills will be embedded throughout the day and placed in the context of meaningful experiences. For instance, while geometric concepts in Integrated Math II, our students might learn about proportion and symmetry in various art media, such as drawing, painting, collage, and installation. Likewise, students might create short video vignettes of scenes acted and performed to enhance understanding through in-depth, cross-curricular and thematic studies of literary works.

At VLGA, we are committed to music education and its cross-curricular implications, providing a systematic approach to the skills it requires. As our enrollment increases, we will have a full-time music teacher who delivers instruction to our students on a weekly basis. This opportunity is extremely important, as many of our students do not have access to these skills outside of the school setting. Through our music program, our students acquire basic knowledge of musical history, composers, theory, reading musical notation and the skills and mechanics of singing. These skills are advanced with a school-wide choral program.

Instrumental music programs are sequential instrument method courses for beginner, intermediate, and advanced instrumental music students. Students learn beginning to advanced music theory (rhythms, note names, expressions), music history, performance techniques, and cultural diversity through music. Students develop a basic structure to learn required music performing skills needed to rehearse and perform concert sheet music. Sheet music is chosen based on its difficulty level relative to the performance level of the student musicians.

Beginning Band (College Prep)

Beginning Band will offer the band experience at the beginning level. The instruments taught will include flute, clarinet, saxophone, trumpet, trombone, tuba and percussion. No experience is necessary – only the will and desire to play an instrument. Musical topics will be introduced such as reading, music notation, analyzing and evaluating music, as well as composing and improvising simple melodies. The students present a Winter and Spring Concert.

Advanced Band (College Prep)

Advanced Band will cover advanced topics in ensemble performance and expands upon previously learned skills and concepts and explore different genres, periods and cultures. Through the use of a wide variety of music students will develop aesthetic judgment, independence and a greater musical

understanding. Numerous concerts, contests and public performances are required throughout the year.

Beginning Choir (College Prep)

Beginning Choir will prepare each student to understand the fundamentals of singing as an ensemble. Students will improve their ability to cooperate with their peers, work as a team to achieve goals, and actively analyze and compose music. Students will develop, through an emphasis on musical fundamentals, into musicians who make good musical decisions.

Advanced Choir (College Prep)

Advanced Choir will provide students with a positive musical and educational experience through the process of singing fundamentals, rehearsals, and performances. Students will study and perform choral literature selected from a variety of periods in music history. Students will be introduced to advanced singing techniques and sight-reading skills. This group will perform in concert eight times per year.

Additional arts courses may be offered as VLGA reaches capacity, pending budgets and staffing, or students may be able to take additional arts courses as dual enrollment courses in partnership with Los Angeles College or Coastline Community College.

ASB Leadership (College Prep)

In ***ASB Leadership***, students will learn what makes an effective leader and how to develop their own leadership style. Students will have a direct role in planning and operating student activities at VLGA, and learn and apply the skills needed for organizing and planning VLGA activities and problem-solving, both individually and in groups. Students will learn how to set and meet goals, how to communicate effectively, and how to critically self-evaluate their work in order to improve their leadership skills.

Journalism (College Prep)

In ***Journalism,*** students will be introduced to the historical importance of journalism in America. They will study the basic principles of print and online journalism as they examine the role of printed news media in our society. They will learn investigative skills, responsible reporting, and journalistic writing techniques as they read, respond to, and write their own news and feature articles. Students will conduct interviews, research, write, and design their own publications.

Speech and Debate (College Prep)

Speech and Debate will be an introductory course that covers a variety of styles of public speaking and formal debate through research, instruction and practice. Each unit will culminate in performance assignments that require students to demonstrate their knowledge and abilities within the classroom setting. This course will help students gain confidence and experience in public speaking, incorporate sources into speeches and conversations in order to support a position, increase their working knowledge of current events, and differentiate between fact, opinion, and fact-driven opinion.

ADVISORY/GLOBAL HOUR

All VLGA students will participate in an advisory period equivalent to an 8th period. Many narrative accounts attest to advisory's positive impact. Generally, studies have shown that students who do not feel an attachment to school staff are likely to have poorer attendance and to drop out more than students who feel that they are part of a supportive school environment. In addition, healthy relationships between teachers and students appear to facilitate academic achievement.

In Advisory/Global Hour, **study skills**, **college and career knowledge/readiness, life skills** and **social-emotional development** are key areas of focus for all students. Students will be guided through the information required to successfully navigate the complex information surrounding the college admissions and financial aid processes, workplace behavior and "adulting" while they build non-cognitive skills such as self-awareness, self-monitoring, self-control, study skills, work habits, time management, social problem-solving skills and help-seeking behavior. Focus topics will include:

Transition to High School (1st Semester 9th Grade)
Career/Pathways Exploration (2nd Semester 9th Grade)

Study Skills/Test Prep (1st semester 10th Grade)
Financial Literacy (2nd Semester 10th Grade)

Life Skills – resume/interview (1st semester 11th Grade)
Investigating Colleges - Understanding college app process, financial aid, etc. (2nd semester 11th Grade)

College Prep/Applications (1st semester 12th Grade)
Digital Portfolio Capstone (2nd semester 12th Grade)

Council also will be held during the Advisory/Global Hour. As detailed above, Council is a practice that cultivates heartfelt and meaningful communication skills, encourages mutual understanding and respect, and enhances community cohesion. Inspired and informed by the commonalities inherent in worldwide cultural and organizational dialogue practices, Council elements include the use of circular seating, defined intentions, focusing tools (such as a "talking piece"), clear beginnings and endings, and "witnessing," a process of summarizing and acting upon what is shared in the session. Participation in Council engenders receptivity, authentic expression, and creative spontaneity as it builds positive relationships in classrooms and the Vista communities. In Advisory/Global Hour, students will form bonds with their advisory groups, feeling accepted and valued by their teachers and peers, as they prepare for life beyond VLGA.

PATHWAYS COURSES

During 9th grade Advisory, students will engage in exploration of different careers and applications of learning across the three pathways offered by VLGA: Health Science, Business and Climate Change. Starting in 10th grade, students will take a minimum of three courses in their chosen pathway. In most cases, these courses will be offered in partnership with local colleges, including LA Trade Tech College, enabling students to earn college credits while they are still in high school.[114] These foundational

[114] With the Climate Change pathway still in development, courses may be offered in partnership with UCI, LATTC or another local community college or CSU/UC.

courses in each pathway will be offered on-site at VLGA. VLGA will also work with our college partners over the coming years for qualifying students to deepen their learning in their chosen pathway and pursue additional college courses at the partner college campus, potentially earning a full Associate's degree or professional certification by the time they graduate from VLGA.

Health Science Pathway

PLTW: Principles of Biomedical Science (College Prep)

In ***Principles of Biomedical Science***, the introductory course of the PLTW Biomedical Science program, students will explore concepts of biology and medicine to determine factors that led to the death of a fictional person. While investigating the case, students will examine autopsy reports, investigate medical history, and explore medical treatments that might have prolonged the person's life. The activities and projects will introduce students to human physiology, basic biology, medicine, and research processes while allowing them to design their own experiments to solve problems.

PLTW: Human Body Systems (College Prep)

In ***Human Body Systems,*** students will examine the interactions of human body systems as they explore identity, power, movement, protection, and homeostasis. Exploring science in action, students will build organs and tissues on a skeletal Maniken®; use data acquisition software to monitor body functions such as muscle movement, reflex and voluntary action, and respiration; and take on the roles of biomedical professionals to solve real-world medical cases.

PLTW: Medical Interventions (College Prep)

In ***Medical Interventions,*** students will follow the life of a fictitious family as they investigate how to prevent, diagnose, and treat disease. Students will explore how to detect and fight infection; screen and evaluate the code in human DNA; evaluate cancer treatment options; and prevail when the organs of the body begin to fail. Through real-world cases, students will be exposed to a range of interventions related to immunology, surgery, genetics, pharmacology, medical devices, and diagnostics.

PLTW: Biomedical Innovation (College Prep)

In ***Biomedical Innovation,*** the final course of the PLTW Biomedical Science sequence, students will build on the knowledge and skills gained from previous courses to design innovative solutions for the most pressing health challenges of the 21st century. Students will address topics ranging from public health and biomedical engineering to clinical medicine and physiology. Students will have the opportunity to work on an independent design project with a mentor or advisor from a university, medical facility, or research institution.

BUSINESS PATHWAY

International Relations (College Prep)

International Relations will provide a framework for students to study the complexities of timely international issues and examine United States foreign policy, with a particular focus on how these complexities impact global business and trade. In this course, students will pay close attention to current events, global problems, and their historical context. Students will be expected to participate in

regularly held discussions, debates, and simulations related to international relations and global business. This course will help students identify the causes and consequences of global events, explain how foreign trade and economic policy is formulated, and identify and describe the major actors in international relations, including states, intergovernmental organizations, and nongovernmental organizations.

Business Management (College Prep)
Business Management introduces the processes and activities involved in business. The course provides core content applicable to all aspects of business and encompassesthe pr actical applications of management theory. Students will be introducedto the fundamental management functions including planning, organizing, leading and controlling from multiple perspectives. The course is designed with a skills-based approach and focuses on communication, problem solving, teamwork, decision-making, conflict resolution, and critical analysis.

Business Finance (College Prep)
This course provides instruction in the fundamental micro and macro-economic principles as they relate to business financial activities and outcomes. Students will gain an understanding of how business and the local, national, and international economy interact to produce a profit or loss. Economic, financial, and accounting concepts taught in this course will enable students to understand key elements involved in planning and managing business financial success.

Business Law (College Prep)
This course is designed to offer an introductory view of our legal system and its laws. It examines our court systems and trial procedures as well as other aspects of legal activities which influence the operation of a business and personal life activities. Emphasis is also placed on the following topics: internet law, ethics, product warranties, consumer protection, employment conditions, family law, and contracts.

Intro to International Business (College Prep) (one semester)
(Dual Enrollment with LATTC)

Intro to International Business is a survey course previewing international marketing, finance, law and logistics. Students will study how a company decides to go global and how products are made, transported and sold around the world. Topics include international business basics such as trade, tariffs, exchange rate regimes, and capital markets. Students will focus on assessing the international business environment, international strategy, and investment and development.

Culture and International Business (College Prep) (one semester)
(Dual Enrollment with LATTC)

Culture and International Business covers how countries join together to create trade, including NAFTA, GATT, the EU and other trade agreements around the world. Students will explore law in different legal systems as well as U.S. export regulations. Students will study the comparative theoretical frameworks for establishing international business enterprises, including trade and investment theory, including the effects of international business decisions of cultural, political, legal, and economic forces.

Business Communications (College Prep) (one semester)

(Dual Enrollment with LATTC)

In ***Business Communications,*** students will learn how to adapt marketing techniques to international markets, how to develop marketing strategies, and how to target markets based on the cultural, political and economic environments. Students will learn how to create forecasts and budgets for international markets. Additionally, students will study the principles, methods, and procedures essential to the successful management of human and financial resources, including planning, decision making, staffing, directing, motivating, leading, communicating, controlling, and the application of managerial skills.

CLIMATE CHANGE PATHWAY

Vista Charter Public Schools is proud to be partnering with the University of California and California State University systems to create the first Climate Science Pathway in California with an emphasis on climate change leadership. The partnership is under the direction of Dr. Richard Arum and in conjunction with ECCLP (Environmental and Climate Change Literacy Program, pronounced "Eclipse"). The program will include dual enrollment with UCI and local CSU schools. VCPS received a $100,000 grant from the Croul Family Foundation for early planning and development of the program. The course work being developed will be in compliance with A-G requirements and dual enrollment with the UCI and USC systems.

INNOVATIVE CURRICULAR COMPONENTS OF THE EDUCATIONAL PROGRAM

As detailed throughout the previous sections, VCPS is distinguished by its collaboration and partnership with Community Catalyst Partners' International Studies Schools Network (ISSN), with the goal of becoming an ISSN-certified school by the end of the first five years, along with our emphasis on STEAM. Our focus on the varying elements of student engagement, personalized and differentiated learning, active learning strategies and more are all based on research about how learning best occurs. Our program is carefully designed, based on our years of experience in this community, to prepare students to succeed in post-secondary school and beyond.

INTERVENTION AND ENRICHMENT PROGRAMS

As detailed more fully below, in all VCPS, we implement a Multi-Tiered Systems of Support (MTSS) approach prevent academic and behavioral problems and to intervene early and strategically.

The MTSS process begins with high-quality instruction and universal screening of all students in the general education classroom. Struggling learners may participate in interventions at increasing levels of intensity to accelerate their rate of learning. Advisory/Global Hour is built into the daily schedule to facilitate student time on intervention programs such as Lexia, Fountas & Pinnel, Khan Academy and more, with small group targeted instruction. These services may be offered by a variety of personnel, including general education teachers, special educators, and specialists. Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the intensity and duration of interventions are based on individual student response to instruction. MTSS is designed for making decisions in both general education and special education, creating a well-integrated system of instruction and intervention guided by student outcome data.

Enrichments are broad and engaging, including physical education, the arts, technology and opportunities outside of the classroom including field trips, as detailed above.

CURRICULAR AND INSTRUCTIONAL MATERIALS

The following table outlines the initial textbook adoptions planned for grades 9-12 in the core content areas of English Language Arts, Mathematics, Social Science and Science.

History Social Science
World History (9-12) - HMH - World History
US History (10-12) - HMH - American History: Reconstruction to the Present
AP US History (10-12) - HMH - American History: Reconstruction to the Present (will use more in-depth compared to regular US History course and aligned to AP test)
Government (11-12) - HMH - United States Government
Economics (11-12) - HMH - Economics

English
ELA 9 (9-12) - myPerspectives Grade 9
ELA 10 (10-12) - myPerspectives Grade 10
ELA 11 (11-12) - myPerspectives Grade 11
ELA 12 (12) - CSU Expository Reading and Writing Curriculum (ERWC)
AP Language (11-12) - Perrine's Literature: Structure, Sound, and Sense
AP Literature (12) - Perrine's Literature: Structure, Sound, and Sense
ELD 1-4 (9-12) - Designated ELD - myPerspectives ELD Companion

Math
Integrated Math I (9-12) - Agile Mind Integrated Math 1
Integrated Math II (9-12) - Agile Mind Integrated Math 2
Integrated Math III (10-12) - Agile Mind Integrated Math 1
Pre-Calculus (11-12) - Agile Mind PreCalculus
AP Calculus AB (12) - Agile Mind Calculus AB

Science
Biology (9-12) - Cengage - Biology: The Unity and Diversity of Life (15th Edition)
Chemistry (10-12) - Cengage - Chemistry: An Atoms First Approach (3rd Edition)
Physics (11-12) - Cengage - Modern Physics for Scientists and Engineers (5th Edition)

World Languages
Spanish 1 (9-12) - Descubre Level 1 (3rd Edition)
Spanish 2 (10-12) - Descubre Level 2 (3rd Edition)
Spanish 3 (10-12) - Descubre Level 3 (3rd Edition)
Spanish for Spanish Speakers 1 (9-12) - Descubre Level 1A (3rd Edition)
Spanish for Spanish Speakers 2 (9-12) - Descubre Level 1A (3rd Edition)
AP Spanish Language and Culture (10-12) - Temas: AP Spanish Language and Culture
Mandarin 1 (9-12) - Yale University Press - Encounters: Chinese Language and Culture Level 1
Mandarin 2 (10-12) - Yale University Press - Encounters: Chinese Language and Culture Level 2
AP Chinese Language and Culture (10-12) - Integrated Chinese: Level 2, Part 1 (Chinese Edition) 3rd Edition

VAPA: Teacher created

P.E./Health: Teacher-created, Health Smart

CTE: PLTW curricula; college/university partner curricula

INSTRUCTIONAL METHODS AND STRATEGIES

At VLGA, we use the Framework for Engagement as the lens through which all instructional programs and practices will be implemented. Communication and relationships that extend beyond the classroom and incorporate a widening circle of adult influence and interaction necessitate a major shift from the current instructional practice of "stand and deliver" that dominates classrooms across America. Studies conducted by Csikszentmihalyi, the creator of Flow Theory and his team, found that students spent approximately 86% in passive lecture style or independent activities.[115]

This framework necessitates that a shift in instructional practice is required to ensure the personalized learning experience is created to develop globally competent students. This shift in practice is commonly referred to as a move away from the "sage on the stage" model, in which the teacher directly delivers instruction through lecturing, to the "guide on the side," in which teachers act as a coach and facilitate a more personalized learning experience and is based on a constructivist view in which, optimally, the classroom provides a series of experiences that prompt students to actively construct their own knowledge and learning (Taylor & Parsons, 2011; Vygotsky, 1987; Zepke & Leach, 2010). At VLGA we use this as an important lens through which all programs, processes, and practices are chosen and developed. Professional development extends to core instructional models that are critical to the success of the educational program. The following processes and procedures are considered integral to the VLGA learning experience:

Problem-based pedagogy. This model is described as "an atmosphere where there is a dialectic tension and conflict that can promote a learning environment through a process of inquiry and understanding (that) includes concrete experiences, opportunities for reflection, abstract conceptualization, and active experimentation."[116] *VLGA will strategically use this approach with a global and STEAM curriculum that focuses on relevant application by applying learning to solving both local and global issues our students are facing today.* This also provides students the opportunity for active exploration of issues based on real life scenarios and problems.

Project-based learning (PBL). Project-based learning strives to increase relevance by applying real-life problems and issues to a final project outcome that function as an authentic assessment of student learning. Elucidating the relevance of a project has been linked to deeper engagement.[117] Providing students opportunities to explore issues that are meaningful in their circumstances and lives motivates them to learn and show more willingness to work through difficult ideas and learning.[118]

---

[115] Shernoff, E. S., Kratochwill, T. R., & Stoiber, K. C. (2003). Training in Evidence-Based Interventions (EBIs): What are school psychology programs teaching?. *Journal of School Psychology*, *41*(6), 467-483.

[118] Samson, P. L. (2015). Fostering student engagement: Creative problem-solving in small group facilitations. *Collected Essays on Learning and Teaching*, *8*, 153-164.

Because we choose to focus on solid implementation of our core curriculum in the first two years (literacy, math, science, and social studies), VLGA teachers will receive training on PBL through our partnership with the International Schools Study Network (ISSN). The ISSN, in partnership with the Buck Institute, provides on-going professional development and coaching for project-based learning. The eventual expectation is for all grade levels to have one major PBL project their second year, and two projects (one each semester) by our third year and beyond. Although teachers are required to facilitate two projects each year, they are encouraged to create multiple, interdisciplinary projects beyond the requirements.

Kagan Cooperative learning and strategies. One key component of experiential or problem-based learning that repeatedly stands out in the literature, as a factor in engagement is the use of cooperative learning strategies. Although some research has indicated that teacher-student relationships are possibly the most important factor in increased student engagement,[119] another study that examined the difference in impact of student-teacher relationships, quality of student effort, and peer- to-peer interaction found that "peer interaction had the strongest predictive capacity for engagement and outcomes."[120] The Heritage development team has recognized the importance of both teacher-student and peer-to-peer interactions in designing the school's instructional approach. Clearly, both are important and are constantly considered when designing Heritage pedagogy. Student interaction and collaborative learning promotes dialectic practices that support student viewpoints and interests. Cooperative learning has also been found to increase motivation, positive classroom behaviors, social networks, and academic improvements.[121]

At VLGA, all teachers will receive Kagan Cooperative Learning training. Already, embedded into all VCPS schools, Kagan Cooperative Learning strategies are designed for implementation across all content and curriculum. Kagan structures involve cooperative interaction, and are designed to efficiently produce engagement, positive social interactions, and achievement because they incorporate four basic principles, the PIES principles:

- **P**ositive Interdependence: We are positively interdependent when a gain for one is a gain for another. This dynamic produces a sense of belonging to the same team. In a traditional setting, students are set against each other in competition to answer questions. With Kagan structures, students work together and learn global attributes of sharing, caring, helping, and empathy.
- **I**ndividual Accountability: All students are held accountable for learning-- not just the student who raises her hand.
- **E**qual Participation: Because the structures involve every student, each student participates equally throughout the day.
- **S**imultaneous Interaction: All students have an opportunity to verbalize answers and thinking-- as opposed to a traditional class where only one or two students answer any given question.

[120] Zepke, N., & Leach, L. (2010). Improving student engagement: Ten proposals for action. *Active learning in higher education*, *11*(3), 167-177.
[121] Finn, J. D., & Zimmer, K. S. (2012). Student engagement: What is it? Why does it matter?. In *Handbook of research on student engagement* (pp. 97-131). Springer, Boston, MA.
Shernoff, E. S., Kratochwill, T. R., & Stoiber, K. C. (2003). Training in Evidence-Based Interventions (EBIs): What are school psychology programs teaching?. *Journal of School Psychology*, *41*(6), 467-483.

Kagan Structures are bridges that allow teachers to pass easily from principles to practices, implementing basic principles and visions as part of any lesson, at any grade level, with any curriculum. At VLGA, teachers will learn to use a Kagan structure every time they ask the class a question, thus ensuring equal engagement for all.

Cooperative Learning follows our principles of engagement, is brain compatible, learner centered, and has real-life transfer because they enforce our belief that you learn by doing.

Mastery learning. Mastery experiences develop self-efficacy by allowing students to reflect on where their skill level is at any given time and by using success, partial success, and even failure to point the way toward mastery of a subject or skill.[122] Currently, most classrooms see failure as an end in itself--which results in a failing grade. By allowing students to fail on a task and then reflect on that experience as a stepping-stone to a learning goal fosters a growth mindset, increases resilience, and promotes life-long learning.[123] At VLGA teachers will receive professional development on the latest developments and research on Master Learning. One site that will be used by VLGA staff to understand and implement Mastery Grading is http://www.gradingforlearning.wordpress.com. Developed by Dr. Derrick Chau, he and his team have created a system in tandem with the website to help teachers and schools make the emotional and pedagogical shifts needed to honor student centered learning in developmentally appropriate ways.

Relevance. A recent study on student learning and engagement conducted at four out-performing urban schools in Southern California with a majority of at-risk students indicated that the relevance of instruction was continually and clearly drawn to the students' immediate and future lives. The study showed that student engagement occurred when students took ownership, invested in learning, and internalized curricula to incorporate—and purposefully use—it in their lives.[124] When they recognized the purpose of what they were learning, the students were motivated to persevere through difficult and rigorous lessons and projects.

- VCPS believe that when students have a clear understanding of the value, purpose, and procedures for learning activities and the logic by which teachers arrived at their design, they are more likely to see the value of what they are being asked to learn and consequently participate more eagerly in their learning with greater achievement levels.

We take an approach to education based on the idea that students work harder and dream bigger if their education is relevant to them. Every teacher and every parent has heard a student or child ask, "Why do I have to learn or do this?" When students don't see the connection between the content and activities of the classroom and their future lives, they question what's happening and what we ask them to do. Research has confirmed that perceived relevance is a critical factor in maintaining student interest and motivation.

To ensure VLGA relevancy for VLGA students, every lesson at VLGA will start by answering the *What? Why?* and *How?* before instruction begins

- **What?** What is our learning objective for this lesson? What are we doing in class today? What questions will we try to answer? What concepts will we address? What activities will we do?
- **Why?** Why are we studying this? How are today's content and activities tied to the learning outcomes? What should I know or be able to do after today's class? How can the information and skills be used in everyday life?
- **How?** How are we going to address the content? What are the discrete steps we will need to take to reach our learning objective? What activities, discussions, and projects will we be using? How will I know that I have mastered the learning objective?

At VLGA, teachers will be expected to answer those questions for all learning. They will do so through clear objectives connected to real-world application, clear instruction, student-driven rubrics, and multiple opportunities and ways to demonstrate mastery of learning. At VLGA, we will believe that when students have a clear understanding of the value, purpose, and procedures for learning activities and the logic by which teachers arrived at their design, they are more likely to see the value of what they are being asked to learn and consequently participate more eagerly in their learning with greater achievement levels.

Digital Portfolios. Because students develop and grow in their desire for autonomy and independence, but at the same time, continue to rely on guidance from parents and other adults, VLGA students will develop Digital Portfolios upon enrollment They have opportunities to reflect on their learning, make appropriate choices, and receive assistance with their learning plan in their pursuit of academic, personal, and career goals. Guidance from VLGA staff will occur on a frequent basis as they regularly conference and meet with students throughout the week.

Students will clarity of purpose by creating a Digital Portfolio that considers their current level of progress and long-term goals. VLGA faculty and parents will assist students as they map out their learning needs. The learning management system, weekly student/teacher conferences during workshop time, and regularly scheduled parent/teacher conferences provide a structured time during which students and families are able to monitor their own progress, review academic decisions, present problems or conflict, and revise goals as they learn and achieve. At VLGA, we will prepare our students to be fully participatory in their own educational journey, which extends to college and beyond.

The Digital Portfolio is a key tool for helping students' development of metacognition. This is built by giving students ownership over their learning and allowing them to think about how they learn. As students reflect on their plan, progress, achievements, and continued areas of work, they can take that understanding and apply it to learning in the classroom. Digital Portfolios also review assessments results in order to best prepare students for the Smarter Balanced Assessment Consortium (SBAC).

Another area that supports Digital Portfolios and student metacognition are student-led conferences. As parents, faculty, and students meet regarding a student's academic, personal, and career goals, the student presents his/her understandings about his/her development, challenges, strengths, and joys. As discoveries are made, steps on how parents and faculty can support further development are articulated.[125]

[125] Marzano, R. J. (2011). *Formative assessment & standards-based grading*. Solution Tree Press.

Differentiated Instruction. VLGA staff will utilize its knowledge of the "whole child" in order to effectively implement differentiation of instruction. Evidence has suggested that students are more successful in school and find it more satisfying if they are taught in ways that are responsive to their readiness levels.[126]

To effectively implement differentiation, students have multiple routes to demonstrate their understandings; use a variety of materials that address learning at their level of instruction and with their learning modality; work in small, flexible learning groups for instruction that are based on a variety of learning needs; work within a flexible pacing structures, which allows for learner variance; engage in lessons that are knowledge- centered and structured around essential learning; and have work that considers their learner traits so that students can learn successfully.

Individualized work is at an appropriate level of challenge; tasks and questions link to students' interests, and address thestudents' learning profiles (e.g., learning modality, culture, language). Hence, by giving them choices regarding topics of study, ways of learning, and presenting information, students are able to determine the best access points for their own learning and build upon areas strength. In a VLGA classroom, differentiation will provide students emotional safety, as similarities and differences, strengths and weaknesses, cooperation and respect are all valued. Selection of programs at VLGA will be based, in part, on their ability to meet these criteria. Readers and Writers Workshop, ISTE, Project Lead the Way, Cengage and other similar programs have mastery learning as a core value and are considered for implementation at VLGA.

Data-Driven instruction. The instructional path is paved through the CCSS and the use of Curriculum Maps. Throughout the week, teachers use a variety of formative assessments to understand where their students are successful and where they need more support. A full explanation of our assessments is provided later in this document. The results of these assessments drives follow-up instruction, support, and/or intervention. Grade-level staff groups create assessment calendars in conjunction with their curriculum. All students are assessed regularly to ensure clear progress. Teachers review their students' scores, meet with grade-level teams and administration to review the results, and together determine what the next steps of action may be. Similarly, quarterly assessments are reviewed in order to determine learning directions. The Quarterly Assessment have more weight, as it will cover nine weeks of instruction. The Quarterly assessments are aligned to the SBAC. Possible outcomes may include a need for an SST and a review of any other types of interventions that would help the student; an online assessment tool and learning management system is the tool utilized to assess students and to create the assessments. Also, teachers have regular opportunities to discuss "data" and learning growth with students so that students are aware of their achievement level/mastery and what they need to do to grow.

Online assessment and learning management systems allow teachers and administrators the opportunity to gather and organize data that guides next steps. Edulastic, PowerSchool, and Google Classroom are examples of online assessment programs that are utilized by teachers to create assessments, and also for administration to support in writing of quarterly assessments. Currently, VCPS has recently adopted a Learning Management System, Google Classroom. VLGA will use the same online assessment and learning management system as all schools in VCPS system.

[126] Vygotsky, L. S. (1986). Thought and language (A. Kozulin, trans.).

Homework. At VLGA, our approach to homework is research-based and in alignment with our core values of honoring the development of the "whole child." The most comprehensive research on homework comes from a 2006 meta-analysis by Duke University psychology professor Harris Cooper, who found a positive achievement correlation for homework starting in the seventh grade, but a weak relationship for those in younger grades.

At VLGA, we believe that limited, but thoughtfully scheduled homework can teach important learner skills such as study habits, self-discipline, inquisitiveness, and independent problem-solving skills. The Charter School's homework policy espouses general guidelines that allow for teacher flexibility and individualized student learning plans:

1. Homework is an extension of classroom learning and **not a replacement for teacher direct instruction.** Students might be asked to explore ideas, stories, and additional information related to a classroom theme, writing project, or science inquiry.
2. Teachers must ensure that **students understand basic concepts before assigning extended work**. We do not want students creating life-long bad habits from the repetition of incorrect concepts. Students should be able to complete the work primarily on their own without the need for extensive parental guidance.
3. Homework completion is not included as part of a student achievement grade. Our purpose is to create self-motivated learners that love exploration.
4. Homework should be developmentally appropriate and not create a burden on family time or resources.
5. Cooperative and shared learning projects may be assigned from time to time and needs to be completed from home with the help of a parent. For example, writing a narrative about one's family may necessitate interviewing family members, and the parent is expected to support and facilitate this activity outside of school.[127]

CTE Pathways. It is not enough that students are exposed to their chosen pathway in their academic lives. At VLGA, we want our students to take an interdisciplinary approach to their studies. That means they should understand the power of effective communication in conveying health information to a general population for purposes of public health and safety, the math that drives business principles, and the geopolitical and environmental issues at stake in as they work to develop climate change solutions.

We see interdisciplinary learning as a way to tie classes together so that they truly cross over. While our teachers implement Community Catalyst Partners ISSN's GPO-aligned thematic units in their classrooms, interdisciplinary learning projects will take those units one step further. Students will focus on individual components of a greater whole in their day-to-day work. By the time the project is completed and ready to be presented, students can look back to see how each piece, and each class, relates to the finished product.

Interdisciplinary learning projects reflect real-world applications. It is another way to look at the problems facing today's world.

[127] Cooper, H., Robinson, J. C., & Patall, E. A. (2006). Does homework improve academic achievement? A synthesis of research, 1987–2003. *Review of educational research*, *76*(1), 1-62.

How the Instructional Program Will Support Student Development of Technology-Related Skills and Student Use Of Technology

Technology is an important global strand that runs throughout our curriculum. It allows us to reach across the cultural, financial, and digital divides that currently separate our students from gaining full access to the American dream. Most of our students do not have full Internet and computer access in their homes. To level the playing field, *VLGA students will be provided a Chrome Book or similar device*. All classrooms will have a class set of Chromebooks for students to check in and out each period for academic use. Students will also be allowed to take devices home for select projects.

VLGA will extensively utilize Google Classroom and Google Apps for Education for students and teachers. These Google services are provided free of charge to the school. Students and families will also have access to the school's Learning Management System and online portfolio. In addition to investing in Chromebooks for the students, the school provide WIFI access in all areas of the campus and implement Internet security software that complies with the Child Internet Protection Act (CIPA).

In addition to integrated technical skills, VLGA is committed to digital safety. Students will receive instruction in developing digital literacy skills, including self-regulation, curiosity, and responsibility in an extraordinarily connected world. Cyber-bullying and cyber-safety will be addressed yearly for all VLGA students. VLGA will ensure that students understand and exercise good judgment as they navigate the infinite amount of information that exists online. This approach is in line with our focus on social-emotional skills, as students must learn how, when, and why the Internet can support their personal and academic growth.

Graduation Requirements

As a public charter school and as a Local Educational Agency, VLGA has set graduation requirements that will best support our students. To earn a high school diploma from VLGA, a student must complete 220 credits of the following course of study.[128] A student must earn a score of 2 or higher in each course in order to earn credit for the course:

- *40 credits of core English Language Arts coursework*
- *30 credits of core Math coursework to and through Common Core Integrated Math III*
- *30 credits of History and Social Sciences including at least one year of World History, at least one year of US History, and at least one semester U.S. Government*
- *20 credits of Lab Sciences*
- *20 credits of a Language Other than English fulfilled by completing at least two sequential years of the same language*
- *10 credits of Visual and Performing Arts*
- *10 credits of Physical Education*
- *40 credits Advisory/Global Hour*
- *50 total credits of electives (including CTE Pathways courses)*
- *VLGA Senior Defense*

[128] VLGA will comply with California Education Code Section 51225.1 and ensure that students who qualify (i.e., foster youth, homeless youth, former juvenile court school pupil, child of military family, newcomer, or migratory child) will be provided exemption from local graduation requirements and/or be given a fifth year to complete the requirements for graduation.

The table below describes VLGA's required course of study's alignment to the A-G requirements, as well as to the California State Department of Education's graduation requirements.

VLGA GRADUATION REQUIREMENTS ALIGNMENT TO A-G

	California State Mandated Requirements [129]	UC Requirements for Freshman Admissions[130]	VLGA Requirements for Graduation[131]	Collegiate course sequences fulfilling requirements	Course credits
ELA	Three Years	Four years of approved courses	Four years of approved courses (40 credits)	ELA 9	10
				ELA 10	10
				ELA 11 **OR** ELA 11 Honors **OR** AP English Language and Composition	10
				ELA 12 **OR** AP English Literature and Composition	10
Mathematics	Two years, including Algebra I, beginning in 2003–04.	Three years, including algebra, geometry, and intermediate algebra. (Four years recommended.)	Three years including Common Core Integrated Math I, II & III (30 credits) (Four years recommended.)	Common Core Integrated Math I	10
				Common Core Integrated Math II	10
				Common Core Integrated Math III	10
				Pre-Calculus	10
				Advanced Placement Calculus AB	10
History/Social Science	Three years including World History, U.S. History and 1 semester each of American Gov't and Economics	Two years including World History and U.S. History or Gov't	Three years (30 credits)	World History	10
				US History **OR** Advanced Placement US History	10
				Government	5
				Economics	5
Science	Two years, including biological and physical sciences.	Two years with lab required, chosen from biology, chemistry, and physics. (Three years recommended.)	Minimum two years (20 credits); three years recommended	Biology	10
				Chemistry	10
				Physics	10
La ng ua	One year of either visual and	Two years in same language		Spanish I **OR** Spanish for Native Speakers I	10

					5
					5
Advisory/ Global Hour	Not Applicable	Not Applicable	Four years (40 credits)		
				Advisory 9	10
				Advisory 10	10
				Advisory 11	10

[132] These are just the initial courses identified with our partners at Los Angeles College and Coastline Community College. Over the next few years as the program is developed, we will work with our partners to identify an appropriate sequence of courses, including advanced courses that will lead to an Associate's degree.

				Advisory 12	10

Credit Recovery Opportunities and Support

Students who fall short of grade level promotion requirements within the course of the regular school year will have the opportunity to retake courses through APEX, online courses approved by the UC system and are accepted for A-G credit. The courses will be offered through our after school program; a credentialed teacher will oversee the course completion and grading of their content specific class. If a student is using APEX to make up a class that has a lab, the teacher or qualified administrator will ensure the lab work is equivalent to lab work expected of an in-person lab class and meets any A-G requirements.

Ensuring Transfer Students Can Meet Graduation and College Entrance Requirements

We will provide a pathway for transfer students into the school whereby they can access VLGA's program, meet VLGA's promotion requirements, and graduate on time. We will accept credits from other high schools. Credits from other high schools will be recognized according to their A-G distinction. Students entering VLGA in grades 10 through 12 will complete an alternate path toward graduation that recognizes any discrepancies in credits earned in previous years versus previous years' promotion requirements at VLGA but that still supports the student to meet the A-G requirements. The student would be granted the requisite credits to be placed in the grade level appropriate to his/her accumulation of A-G core credits.

Ensuring Students Meet the CDE's College/Career Indicator

VLGA will work to ensure that all students meet the "Prepared" level on the CDE's new College/Career Indicator. We will work to meet this state metric with our students achieving a High School Diploma and any one of the following:

- Career Technical Education (CTE) Pathway Completion plus one of the following criteria:
  - CAASPP: At least a Level 3 "Standard Met" on ELA or Mathematics and at least a Level 2 "Standard Nearly Met" in the other subject area
  - One semester/two quarters of Dual Enrollment with passing grade (Academic/CTE subjects)
- At least a Level 3 "Standard Met" on both ELA and Mathematics on CAASPP
- Completion of two semesters/three quarters of Dual Enrollment with a passing grade (Academic and/or CTE subjects)
- Passing Score on two Advanced Placement (AP) Exams or two International Baccalaureate (IB) Exams
- Completion of courses that meet the University of California (UC) or the California State University (CSU) a-g criteria **plus one** of the following criteria:
  - CTE Pathway completion
  - CAASPP: At least a Level 3 "Standard Met" on ELA or Mathematics and at least a Level 2 "Standard Nearly Met" in the other subject area
  - One semester/two quarters of Dual Enrollment with passing grade (Academic/CTE subjects)
  - Passing score on one AP Exam **OR** on one IB Exam.[133]

[133] CollegeBoard. AP Students. Retrieved from https://apstudent.collegeboard.org/home.

With graduation requirements that exceed UC A-G requirements, a rigorous, mastery-based program of instruction that prepares students to excel on the CAASPP exams, and an array of AP course offerings and opportunities for dual enrollment, we are confident all of Collegiate's students can and will meet this college/career readiness indicator criteria.

Western Association of Schools and Colleges (WASC) Accreditation

VLGA will complete all necessary steps and apply for WASC accreditation. We note that both of VCPS' middle schools have voluntary WASC accreditation.

ACADEMIC CALENDAR AND SCHEDULES

Academic Calendar

The academic calendar complies with the annual instructional minutes requirements set forth in Education Code Section 47612.5(a). The proposed school calendar for 2023–2024 includes 180 instructional days and 190 teacher workdays (180 instructional, four summer Professional Development, six school-year Professional Development). First year teachers and teachers at new VCPS schools also are required to do additional Professional Development in all programs that pertain to their school and grade levels up to three additional weeks prior to the start of the first day of school.

Sample Daily Schedules

VLGA will offer 390 minutes of instruction for all grades per regular day and 290 minutes for all grades on "early release" days on Friday. Teachers will have professional development (PD) and collaborative time for two hours each Friday after early release. During Zero Period, students in need of additional support and intervention will be able to receive targeted intervention and support with core teachers leading small group instruction and tutoring. Designated ELD will also occur during Zero Period with ELs

working with our ELD Coordinator on focused proficiency development. After-school tutoring and support also will be available, pending funds availability.[134]

Monday/Wednesday
7:30-8:30 - Period 0/Club Time
8:30-10:05 - Period 1
10:10-11:45 - Period 3
11:45-12:20 - Lunch
12:25-2:00 - Period 5
2:05-3:40 - Period 7
Instr. Minutes = 390

Tuesday/Thursday
7:30-8:30 - Period 0/Club Time
8:30-10:05 - Period 2
10:10-11:45 – Advisory/Global Hour
11:45-12:20 - Lunch
12:25-2:00 - Period 4
2:05-3:40 - Period 6
Instr. Minutes = 390

Friday (PD Day) - Alternating Weeks
7:30-8:30 - Period 0/Club Time
8:30-9:40 - Period 1/2
9:45-10:55 - Period 3/Advisory/Global Hour
11:00-12:10 - Period 5/4
12:10-12:45 - Lunch
12:50-2:00 - Period 7/6
Instr. Minutes = 290

INSTRUCTIONAL DAYS AND MINUTES

VLGA will offer more than the 64,800 instructional minutes per year required for grades 9-12.

[134] Our charter petition budget is conservatively planned and does not include some start-up funds which we plan to secure, such as grants from the CA Department of Education (Public Charter Schools Grant Program) and various foundations, as well as after-school funding that is available after our first year of operations. As with our existing schools, we assume that we will be able to offer an engaging after-school program of enriching club and sports activities as well as academic support, pending funds availability.

PROFESSIONAL DEVELOPMENT

TEACHER RECRUITMENT

VLGA will utilize multiple search methods to attract and recruit qualified teachers to deliver our instructional program. Some of these will include EdJoin, VLGA job fairs and its website, advertisements at colleges and universities, and word of mouth. Selection of teachers is based on their teaching experience and ability to demonstrate effective instructional capabilities in the classroom. VLGA will recruit ESSA-compliant teachers holding a CLAD or BCLAD credential with experience in planning and implementing an engaging, differentiated instructional program. Teachers need to be well versed in SDAIE and English Language Development (ELD) techniques. (See full job description in Element 5.)

The Superintendent and Principal will review the qualifications of applicants' resumes and VLGA employment applications. The Superintendent and Principal will screen promising applicants by speaking with previous employers prior to selection for an interview. VLGA's administrators and Instructional Leadership Team (ILT) will conduct interviews with candidates. From the first interview, teachers who meet federal and state requirements are asked to come back for a demonstration lesson with the ILT. The Principal ultimately selects teachers based on teaching experience, subject matter/grade level expertise, and demonstrated classroom capabilities. The Principal will notify each person of his or her status once a decision is made. Candidates who are offered employment will receive written notice from VLGA.

PROFESSIONAL DEVELOPMENT

At VLGA, professional development will be critical to the success of our students. At VLGA, we understand that effective professional development needs to be consistent; the one-time professional development approach traditionally used by school districts has been shown to be less effective than ongoing professional development.[135] At VLGA, professional development will be directly applicable to

[135] Castillo, R. L. (2011). *Effective implementation of professional development and student achievement*. California State University, Fresno. Coleman, J. C. (2014). A study of a professional development initiative to increase cultural competency.

classroom practices (such as promoting global competence) in order for teachers to maximize the usefulness of the training, learning Kagan strategies to increase collaborative processes, and Way of Council training to ensure rich social/emotional environments for our students.[136]

VLGA has both short-term and long-term professional development plans that will promote deep learning and strong implementation of its programs.

VLGA will utilize several specific structures to ensure that teachers are continuously learning and growing their practice. Below are the key structures that contribute toward professional learning:

***All Vista Days*:** VLGA will participate in All Vista Days, which are dedicated to professional development common to all Vista schools. This training includes such topics as: the ISSN framework, Kagan Cooperative training, Way of Council, integrated technology, integrated English Language Learning, and similar initiatives.

***Collaborative planning time*:** Teachers will have weekly common planning time during the week for deliberate collaboration with grade-level teams. This structure will ensure that grade-level teams have regular time to discuss trends of particular students and to jointly develop projects and lesson plans. The weekly time allotted to teachers will increase as the school grows and adds additional teachers for PE, music, art and other enriching activities.

Professional Learning Communities: VLGA faculty works as a professional learning community in order to deliver the type of focus, differentiation, and rigor required by the educational program. A professional learning community is characterized by a collective focus on student learning, shared norms and values, collaboration, de-privatization of practice, data-driven decisions, and reflective dialogue.[137] Not unlike the students, the faculty at VLGA will meta-cognitively process their instruction. The focus questions rely not upon what was taught, but rather upon what was learned. The staff and structures of the school must be responsive to student needs, whether through professional development in new areas of practice, improvement of instruction using peer coaching, realignment of time and resources to meet the greatest areas of need. Faculty analyze student data from assessments and adapt their instructional plans to meet deficit areas by collaborating twice a month in both content and grade-level teams. Faculty receive Professional Development support during minimum days (currently set for Fridays). This support enhances the Professional Learning Community.

***Peer coaching*:** Grade-level teams will be given time to meet with and observe one another frequently. These teams will utilize a protocol to provide each other with targeted feedback and personal growth support.

***Instructional rounds*:** Instructional rounds are a powerful collaborative structure in which a group of teachers or the school identifies a shared struggle or concern of practice and then conducts classroom walkthroughs to intentionally learn from the instructional practices of the observed teacher. The premise of instructional rounds is that many of our teachers are already implementing successful strategies that may not be widely known or shared. Another underlying purpose of instructional rounds is for a community of teachers, or network, to collaboratively identify and solve a problem of practice by

[136] Ibid.
[137] Marzano, R. J. (2011). *Formative assessment & standards-based grading*. Solution Tree Press.

implementing and modeling different solutions. Additionally, instructional rounds provide a non-threatening method for a school community to review yearly goals and program implementation.

Teacher growth and development: VLGA will use the Dr. Charlotte Danielson Evaluation Instrument[138] as a way to measure and support teacher growth and development. The Danielson framework is a structured program that allows teachers to self-analyze using rubrics to distinguish, in any area, whether they are proficient, below, or can work toward reaching new heights. It provides clear examples, enabling teachers to differentiate between levels of performance. The Danielson Framework was not intended as a tool for evaluation, but provides a framework that is clear and growth oriented. The framework covers four major domains: Planning and Preparation, Classroom Environment, Instruction, and Professional Responsibilities. Within those domains are the different components listed below:

Domain 1: Planning and Preparation

- 1a Demonstrating Knowledge of Content Pedagogy
- 1b Demonstrating Knowledge of Students
- 1c Setting Instructional Outcomes
- 1d Demonstrating Knowledge of Resources
- 1e Designing Coherent Instructions
- 1f Designing Student Assessments

Domain 2: The Classroom Environment

- 2a Creating an Environment of Respect and Rapport
- 2b Establishing a Culture for Learning
- 2c Managing Classroom Procedures
- 2d Managing Student Behavior
- 2e Organizing Physical Space

Domain 3: Instruction

- 3a Communicating with Students
- 3b Using Questioning and Discussion Techniques
- 3c Engaging Students in Learning
- 3d Using Assessment in Instruction
- 3e Demonstrating Flexibility and Responsiveness

Domain 4: Professional Responsibilities

- 4a Reflect on Teaching
- 4b Maintaining Accurate Records
- 4c Communicating with Families
- 4d Participating in a Professional Community

[138] The Framework for Teaching Evaluation Instrument. Accessed from: http://www.loccsd.ca/~div15/wp-content/uploads/2015/09/2013-framework-for-teaching-evaluation-instrument.pdf.

ISSN Professional Development: Our partnership with ISSN includes collaboration with other network schools and additional services. Administrative and instructional staff participate in professional development that include the following:

Site visits: VLGA will host an ISSN site visit during its first and third years in the network.[139] Visits will be conducted by a group of four to six network principals and consultants, who spend two and a half days at a school, visiting classrooms, conducting focus groups and interviews, and reviewing curriculum maps, student and staff handbooks, and other artifacts that capture the work of the school. At the end of the visit, the host school receives a 40-page report with feedback on each area of the ISSN School Design Matrix. That report becomes a tool to guide strategic planning and ongoing improvement efforts. The visits also serve as a rich professional development opportunity for the visiting principals.

National network meetings: Community Catalyst Partners hosts biannual meetings for ISSN school leaders, where they conduct a study tour of a network school, participate in targeted learning activities, and have time to connect and share ideas. These meetings provide a rare opportunity to connect with peers, exchange ideas, solve common challenges, and learn together in a safe community.

Regional events: Regional ISSN coordinators offer additional trainings and events for ISSN educators to connect within a geographic region. These are opportunities for teachers to share feedback on curriculum, for administrators to support each other in solving common problems of practice, and for all staff to gain new skills and knowledge relevant to the global studies mission.

MEETING THE NEEDS OF ALL STUDENTS

VLGA is committed to meeting the needs of each and every student and helping them to succeed. All members of our faculty and our instructional leaders will assist each family to ensure the educational success of their teenager, including making appropriate referrals to community organizations.

By providing highly differentiated and scaffolding supports for each learner, all students are capable of thriving academically, socially and emotionally at VLGA. The educational program is appropriate for students of various backgrounds, including students who are academically low achieving, students who are academically high- achieving, English Learners, and students with disabilities. As described below, VLGA will use a variety of assessment tools to identify students who fit into these categories and in turn, implements a variety of effective strategies to target the unique needs of each student. Through transparent and continuous communication with their families, we ensure that students' needs are being met in the school community and also supported at home.

After a student has enrolled in VLGA, baseline assessments will be given to each student. Included in the baseline assessments are the following:

- An enrollment form collected after admission that asks families to provide information they wish to share including student's interests/strengths, areas of growth, learning preferences and other pertinent background information.
- Renaissance STAR 360 and Agile Math diagnostic assessments will be administered for all entering high school students to assess course placement and identify any needed support, intervention or remedial needs. (VLGA also will administer a variety of formative and summative assessments throughout the high school years as detailed in Elements 2 and 3.)

MULTI-TIERED SYSTEMS OF SUPPORT (MTSS)

As in all VCPS, VLGA will implement a Multi-Tiered Systems of Support (MTSS) approach to ensure students are monitored regularly to determine progress. This diagnostic approach helps inform teachers in a timely manner to ensure all students are identified and supported in their learning. The goal is to prevent academic and behavioral problems and to intervene early.

The MTSS process begins with high-quality instruction and universal screening of all students in the general education classroom. Struggling learners may participate in interventions at increasing levels of intensity to accelerate their rate of learning. These services may be offered by a variety of personnel, including general education teachers, special educators, and specialists. Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the intensity and duration of interventions are based on individual student response to instruction. MTSS is designed for making decisions in both general education and special education, creating a well-integrated system of instruction and intervention guided by student outcome data. The chart below details the MTSS Tiers for academic and behavioral interventions.

MTSS for Academic and Behavioral Interventions

Tier 1 – Proactive Prevention through high-quality first instruction and pedagogy

- Diagnostic and ongoing assessment
- CCSS-driven instruction
- Integrated ELD in all subjects
- Close school-to-home communication
- Progress reports
- Differentiation through PBL, Kagan strategies
- Way of Council

Tier 2 – Targeted Intervention

- Family and school communication
- Learning Management System updated regularly
- Parent conferences, phone calls, and home visits.
- Targeted small group Literacy instruction using Fountas and Pinnell Leveled Literacy intervention (LLI) and Ready Math intervention strategies
- Advisory/Global Hour (daily intervention period with students receiving small group, targeted support)

Tier 3 – Intensive Intervention

- Administrative involvement
- Student Success Team

- Administration, teacher, student interventions (e.g., Way of Council and other restorative student to student practices)
- Counseling
- Possible referral for an IEP

Student Success Team

The Student Success Team (SST) is centered on the student, and reviews individual student strengths and areas of concern in academics, behaviors, or other areas. The SST is the main vehicle for Tier 3 MTSS strategies. The SST is comprised of one administrator, one Special Education teacher or Specialist, the current teacher(s), parents of the student being discussed, and other staff or personnel such as teaching assistants that may have valuable information regarding the strengths and needs of the student. The SST plans strategies and organizes resources to assist students, parents, administrators, and teachers with concerns that are interfering with success. The SST is a general education function, and all students can benefit from an SST, including, but not limited to, those students achieving below or above grade level, English Language Learners, students with educational needs, and students who have experienced emotional trauma or behavioral issues.

Any VLGA family member or staff member who has a concern for a student can refer that student to SST for consideration. Anyone who is connected to that student can be included in the SST to share about the student's strengths as well as concerns and strategies that may or may not have been used in the past. People who may be included in an SST meeting might be, for example, teachers, parents, counselors, doctors, administration, social workers, and law enforcement representatives. The meeting is designed to convene a supportive team in a positive atmosphere to determine and implement best strategies to support VLGA students in finding success.

The VLGA SST meetings shall include the following steps:

1. Introduction of SST team members and participants
2. Meeting purpose and process
3. Timekeeper appointed to track SST meeting minutes
4. Identification of Student Strengths
5. Concern areas are listed, discussed, clarified, and brainstormed
6. Pertinent information and modifications are listed
7. Concerns are synthesized with one or two chosen for focus
8. Strategies to deal with are brainstormed or chosen
9. Identification of actionable strategies
10. Individual commitments to actionable strategies
11. Person responsible and timelines for all actions are recorded
12. Follow-up date is set

After implementation of an SST plan and follow-up, if the problem continues, revisions to the plan are discussed and implemented; however, if deemed necessary by the SST, a referral for special education or Section 504 assessment might be made.

The following subsections explain the ways in which VLGA will identify and addresses the needs of diverse learners.

ENGLISH LEARNERS

Approximately one third of our students are English Learners (ELs), with the vast majority being Spanish speaking. We have structured our program to meet the needs of ELs with a goal that they gain fluency in English as quickly as possible in a supportive setting. VLGA teachers, staff and school leaders will communicate to parents in their home language as needed—but use English instruction for the content areas in the classroom.

We have structured our program to meet the needs of ELs with a goal that they gain fluency in English as quickly as possible in a supportive setting. VLGA teachers, staff and school leaders will communicate to parents in their home language as needed—but use English instruction for the content areas in the classroom.

IDENTIFICATION OF ENGLISH LEARNERS

VLGA's EL program will adopt the VCPS English Learner Plan (as approved by LAUSD). VLGA's EL program is designed to ensure English Learners (including those who are reclassified) have equal access to instructional materials and supports in order to achieve grade-level content mastery and English-language proficiency.

In order to identify EL students in a timely fashion and to provide appropriate instructional support and services, all parents are required to complete a *Home Language Survey* upon enrollment at the Charter School. (Cal. Education Code § 52164.1) Students whose primary language is not English are assessed using the English Language Proficiency for California (ELPAC) assessment aligned to the CA ELD Standards if he or she has not previously been identified as an English learner by a California public school or if there is no record of prior ELPAC test results. The ELPAC assessment will take place within 30 days of the start of the Charter School year or within two (2) weeks after the date of the student's first enrollment at VLGA.

The ELD Coordinator (the Assistant Principal) will assess English language proficiency of all enrolled English Learners in accordance with California Education Code guidelines. Students with disabilities will be permitted to take the test with the accommodations listed in the Education Code if they are specified in the student's IEP or Section 504 plan. An alternate assessment for English language proficiency will be administered to students who are unable to participate in the ELPAC, according to the guidelines set forth in the student's IEP. The Charter School will notify parents of the Charter School's responsibility to conduct ELPAC testing and inform parents of ELPAC assessment results within 30 calendar days following receipt of results from the test contractor.

Students will be monitored in conjunction with the ELPAC General Performance Level Descriptors (PLDs):

Level	Description
4	English learners at this level have **well developed** oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful

	ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the "Bridging" proficiency level as described in the 2012 California English Language Development Standards, Kindergarten Through Grade 12 (CA ELD Standards).
3	English learners at this level have **moderately developed** oral (listening and speaking) and written (reading and writing) skills. They can sometimes use English to learn and communicate in meaningful ways in a range of topics and content areas. They need light-to-minimal linguistic support to engage in familiar social and academic contexts; they need moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the "Expanding" proficiency level through the lower range of the "Bridging" proficiency level as described in the CA ELD Standards.
2	English learners at this level have **somewhat developed** oral (listening and speaking) and written (reading and writing) skills. They can use English to meet immediate communication needs but often are not able to use English to learn and communicate on topics and content areas. They need moderate-to-light linguistic support to engage in familiar social and academic contexts; they need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the low- to mid-range of the "Expanding" proficiency level as described in the CA ELD Standards.
1	English learners at this level have **minimally developed** oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the "Emerging" proficiency level as described in the CA ELD Standards.

(https://www.cde.ca.gov/ta/tg/ep/elpacgpld.asp)

Parents are notified of their rights and their child's ELPAC scores each year and are encouraged to participate in the reclassification process. Parents are notified when a student is being considered for reclassification and again when they are officially reclassified.

EDUCATIONAL PROGRAM FOR ENGLISH LANGUAGE ACQUISITION

All EL students learn with all other students in the classroom during instructional time. In addition, EL students have designated ELD instruction during an ELD class in their course schedule. All students participate in the general education classroom during instructional time where teachers implement

strategies to support "integrated" academic language acquisition. Teachers use modeling, graphic organizers and visuals to support students' recognition of essential information in all academic subjects. Teachers are mindful of the stages of language acquisition and differentiate instruction within the classroom to meet the needs of each student.

During designated ELD, students will complete curricular tasks in Reading Comprehension, Grammar, Word Meaning and Writing at their level of English, using the Lexia platform. Upon completion of weekly tasks student data is analyzed to track progress of language acquisition. The Lexia Platform also provides a norm-referenced test that students take three times a year to track progress and standards mastery. When a student is identified as to having difficulties mastering a concept, students are pulled out for targeted intervention on the specific content necessary.

All VLGA teachers will be trained to use Specially Designed Academic Instruction in English (SDAIE) techniques to meet the needs of ELs. The instructional design model that will be used by VLGA places a heavy emphasis on differentiating instruction to meet the needs of ELs based on their academic and language readiness. VLGA's philosophy of personalizing instruction for all students also benefits ELs by providing entry points learning tasks and outcomes that are tailored to the student's needs.

Sheltered instruction/SDAIE is grounded in a pedagogical commitment to meeting the needs of diverse learners, in this case particularly those students who are English learners. Teachers engage in the following practices to support universal access of subject matter content for all students:[140]

- During lesson planning and preparation, teachers identify lesson objectives aligned with state and local standards.
- Teachers link new content to students' background experiences and introduce unfamiliar vocabulary to facilitate comprehension.
- Teachers use controlled vocabulary, sentence structure, visuals, and gestures as necessary and appropriate to make the presentation of content comprehensible.
- Teachers provide students with a variety of strategies for organizing and retaining information associated with effective learning, such as graphic organizers and note taking.
- Teachers provide students with regular opportunities to interact with their peers through collaborative learning activities, such as think/pair/share, partner and group projects.
- Teachers provide students with regular opportunities to use new language skills in context.
- Teachers pace lessons appropriately to allow for the participation and active engagement of all students.
- Teachers utilize language-based as well as content-based assessments.

SDAIE instruction also focuses on strategies for taking students Into, Through, and Beyond the topics covered. For example, SDAIE-enhanced instruction might proceed as follows:

I. **Into:** Determining what the students know about the topic of study. Possible SDAIE strategies for "Into":

[140] Based on the eight broad elements of sheltered instruction described by Echevarria, Vogt, and Short. *Making content comprehensible for English language learners: The SIOP model*. Boston: Allyn and Bacon (2004).

Anticipatory Guide: Students are given a series of statements that relate to concepts they are studying in their unit on Ancient Greece. Students indicate AGREE or DISAGREE. After the information has been presented, students check to see if they were correct.
Brainstorming - Students work in small groups. Each group begins with a stimulus such as a word, phrase, picture, or object related to the topic of Ancient Greece. A recorder records all responses to that stimulus and ideas from each group are shared with the class.

II. **Through**: The teacher enhances direct instruction on the topic by utilizing realia, manipulatives, visuals, graphic organizers, and various modes of interaction between students. In addition to reading the text and listening to information presented by the teacher, students takes responsibility for learning by participating in group-work and sharing understanding with others. Possible SDAIE strategies for "Through":
Graphic Organizers – Students complete a variety of graphic organizers as they read or listen to information. Graphic organizers used might include:
- Comparison-Contrast Matrix-Students determine similarities and differences between two topics studied
- Flowcharts – Students sequence important events in the content studied.
- Cause and Effect Chart – Students chart the ways in different characteristics effect change and impact others.

Reciprocal Teaching - Two students work together to read a passage in the social science text. Student A reads one paragraph aloud, then asks Student B one or two good questions based on the reading. Student B answers. Students A and B discuss questions and answers and repeat the process.
Picture This – Following the introduction of several key vocabulary terms related to the unit, a blank paper is divided into eight sections. Students draw pictures or symbols to represent words or major concepts. They then exchange papers with a partner and try to correctly label each other's drawings.
Reading Guide - Students work in small groups to read a longer section of the social science textbook. Students first take turns reading the headings of the reading. Then, with their group, students predict what will be discussed in those sections. Students write their answers on a prediction chart. In their groups, students take turns reading the first page aloud, and finish reading the selection in silence. They write "yes" or "no" on the prediction chart to indicate whether or not their predictions were correct. Finally, students write one thinking question (Why..., How..., Compare..., What if...), and exchange papers to answer each other's questions.

III. **Beyond:** To create further understanding, students go beyond rote memorization and demonstrate real-world application of the learned information. This process requires higher-level critical-thinking skills. Possible SDAIE strategies for "Beyond":
Roam the Room - In groups, students write down their individual answers to a higher-level question posed by the teacher (e.g. if only one idea or invention from the Greek culture could be passed on to subsequent cultures, what should it be and why?). Students share their answers within their group and the group comes up with and records on chart paper one "best" answer for their group. Groups then walk around to view other groups' answers.
Quotes – Students identify quotes from a fictional text related to the unit. They create a chart listing the quote and the point they feel the quote illustrates.

How the Program Will Meet the New State ELD Standards and Use the Results of the ELPAC

VLGA has based its English Learner support program on the 2012 California ELD Standards. As guided by the CA ELD Standards, VLGA teachers will provide instruction grounded in the best available research on supporting ELs in an English Immersion environment. Students are expected to advance at least one ELD level annually. Our ELD Coordinator (the Assistant Principal) partners with the classroom teachers to include ELD goals on students' learning plans, including specific goals to meet during dedicated ELD instruction. Additionally, our ELD Coordinator assesses student progress towards attainment of the standards using standards-based portfolios.

If students are not making sufficient academic progress as indicated through ELPAC data, we will modify our EL program as needed.

VLGA will ensure that teachers meet all state and federal requirements and are supported to meet the needs of ELs. We hire teachers that are CLAD/BLAD certified and place a priority on hiring teacher(s) that speak Spanish and English and can provide strong instruction within a structured immersion classroom. We also support teachers by providing professional development on structured immersion instruction, specially designed academic instruction in English (SDAIE) teaching strategies, language development, monitoring, and assessment of ELs. We commit to monthly professional development specifically addressing the instructional effectiveness, reviewing assessment data and revising curriculum to meet our EL students' needs.

Parents are notified regarding their student's English Language Development along with ELPAC scores every progress report or every semester and/or as often as needed.

Services and Supports For English Learners, Including Instructional Strategies And Intervention

See above. Teachers will have access to ELD assessment results to inform program placement, reclassification, and instruction. VLGA will use assessment interpretation resources to help teachers and administrators use student results to inform English Learners and their parents or guardians about student progress.

VLGA will provide high quality professional learning opportunities for all of its educators to ensure that every English Learner has access to teachers who are prepared to accommodate individual instruction to meet the levels of rigor and depth required by the CA ELD Standards. Professional development will focus on enhancing teacher's knowledge of how to teach English learners to read and write as well as how to address the achievement gap by providing pedagogical tools to ensure that all ELs can meet the CA ELD Standards. All teachers will be authorized to teach English Learners and receive training in the effective implementation of techniques such as SDAIE, scaffolding and Sheltered Instruction Observation Protocol (SIOP) model. Our ELD Coordinator will also communicate the specific language needs of our EL students. Strategies such as front-loading content, using visuals and other means of organizing information, and pairing ELs with more capable peers will further ensure student access to academic content.

Process For Annual Evaluation Of The School's English Learner Program

The Principal at VLGA will be responsible for ensuring the quality and success of all instructional programs and will report to the VCPS Superintendent and Board on progress towards academic goals, including serving EL students. The Principal will conduct regular classroom observations and provide feedback and coaching. In addition, the Principal will work with relevant staff annually to review summative data on student progress, including our annual ELPAC scores. This data analysis will be followed by conversation and, if necessary, additional staff training. We expect our English Learners to show proficiency in content areas and that our ELs improve at least one ELD level annually as measured by the ELPAC.

Teachers will be expected to regularly evaluate student progress by reviewing EL data from formative and summative assessments. Teachers will use the results of this data to change their instructional practices to better serve each student. In order to document progress, all teachers will receive an ELD folder for each of their EL students that is used to monitor individual progress at their targeted ELD level. These folders include the new ELD standards by level 1-4. Teachers will use these folders to collect student work samples, and check of mastery towards each ELD standard.

Process and Specific Criteria for Reclassification

VLGA will monitor student mastery of the ELD standards through the use of ELD folders. The ELD folder will be used as a guide that, when implemented systematically and consistently, ensures the implementation of a quality ELD program. Teachers will select assessments and work samples that accurately represent the student's current level of performance in listening, speaking, reading, writing and language.

As English Learners progress, work samples that no longer characterize the student's best work will be replaced with more representative samples. By the time an ELD portfolio is complete, it will contain at least one sample for each domain. The ELD Coordinator will review ELD folders at the end of each reporting period and EL students will receive ELD grades in addition to ELA grades in reading, writing, listening, and speaking.

The following assessments are examples of ELD folder evidence:

- Publisher ELD assessments
- End-of-unit assessments from state-adopted ELD programs
- Teacher/grade-level created performance tasks
- Checklists to informally observe student performance in everyday activities
- Core content area assignments scored using an ELD standards-based scoring rubric

It is the responsibility of the Principal, collaborating with the ELD Coordinator, to work with classroom teachers to carry out the EL Master Plan. The ELD Coordinator will maintain ELD portfolios, monitor classroom instruction, update ELD levels in the EL Student Information System (Power School), place ELs according to ELD level, review EL monitoring rosters to ensure ELs are advancing a minimum of one ELD level per year, review ELD grades to ensure that students and parents receive updated information of ELD progress at each reporting period, and check readiness for promotion, reclassification or need for intervention. The ELD Coordinator will work with teachers to make the final decision regarding progression to the next ELD Proficiency Level.

EL student classification will use the 2012 California English Language Development Standards' three Proficiency Level Descriptors -- Emerging, Expanding, and Bridging -- in conjunction with the more recently approved (2016) ELPAC four Performance Level Descriptors (Levels 1-4) as described above.

The three levels represent the stages of English language development, describing expectations for how well students can understand and use the English language at each level – knowledge, skills, and abilities across a continuum -- as they will continue to build on existing language skills and knowledge.[141]

Emerging: Students at this level typically progress very quickly, learning to use English for immediate needs as well as beginning to understand and use academic vocabulary and other features of academic language.

Expanding: Students at this level are challenged to increase their English skills in more contexts and learn a greater variety of vocabulary and linguistic structures, applying their growing language skills in more sophisticated ways that are appropriate to their age and grade level.

Bridging: Students at this level continue to learn and apply a range of high-level English language skills in a wide variety of contexts, including comprehension and production of highly technical texts. The "bridge" alluded to is the transition to full engagement in grade-level academic tasks and activities in a variety of content areas without the need for specialized ELD instruction. However, ELs at all levels of English language proficiency fully participate in grade-level tasks in all content areas with varying degrees of scaffolding in order to develop both content knowledge and English.

Both teachers and administration monitor the progress and performance of each student identified as an English Learner with the goal of helping these students reclassify to Re-designated Fluent English Proficient (RFEP) status. Once the Charter School receives ELPAC results, the EL Coordinator begins to analyze the data and determine the eligibility for re-designation of each student within 30 days of receiving the scores. The reclassification criteria are as follows:

Reclassification Criteria
Annual ELPAC Scores *Overall annual ELPAC score of 3 or 4 (with skill area scores of 3 or higher in Oral and Written language)* **Teacher Evaluation** The teacher judges the student will be successful in a Mainstream English Program based on a review of: **Report Card** Report card grade marks of C or higher in English Language Arts **CAASPP (11th grade) or Scholastic Reading Inventory (SRI) for other grades**

[141] California Department of Education. California English Language Development Standards, K-12 (Nov. 2012). http://www.cde.ca.gov/sp/el/er/documents/eldstndspublication14.pdf). Accessed on August 6, 2018.

The student has demonstrated basic grade-level skills on the Assessment by performing in the Nearly Met band or above

Parent Opinion/Consultation

Students scoring Level 3 or 4 on the ELPAC are considered for possible reclassification. If a student scores below Level 3 on any subtest (Listening, Speaking, Reading, Writing), he/she will no longer be considered for reclassification despite an overall score of Level 3 or Level 4. Teachers submit ELD folders and work samples for each student that was administered the ELPAC regardless of score.

Annual Review of Student Progress begins mid spring, after ELPAC scores become available and just after the second submission of ELD folders and work samples. All student ELD folders are initially reviewed by the ELD coordinator. If the standards check off sheet and work samples indicate Average Progress or Advanced Progress for their identified ELD level and ELPAC scores also meet the requirements listed above, the student moves forward on to the second step of the Reclassification process.

The reclassification team (which includes the teacher, an Administrator, and may include a parent) reviews the information listed above as well as teacher recommendations and overall successful classroom performance in academic areas as indicated by report cards, and benchmark/summative assessment type tests. The reclassification team also discusses if the student has met sufficient goals. If a student has satisfied all of these requirements, they can then be recommended for reclassification pending the release of CAASPP scores for that year (for 11th graders); and SRI scores and ELA course grades (for 9th,10th, and 12th graders). If a student Meets or Exceeds standards on the ELA test, he/she is officially reclassified, and their file will be updated to reflect Reclassified Fluent English Proficient in that academic year. A student continues to be monitored by the reclassification team for two years after official reclassification, as required by ESSA.

Process For Monitoring Progress Of English Learners And Reclassified (RFEP) Students

In order to meet the individual needs of each English learner, the ELD Coordinator will carefully monitors student performance on both classroom assignments and standardized testing. Students scoring at the lowest levels of the ELPAC will be provided supplemental English Instruction focusing on skills, vocabulary and information that support both their oral and written English language acquisition. The goal is to ensure a quality instructional program that enables English Learners to attain English proficiency, achievement of all learning plan goals, and to have full access to the range of educational opportunities that VLGA will provide for all students.

Students will be monitored in conjunction with the new CA ELD Standards Proficiency Level Descriptors (PLDs). The PLDs describe student knowledge, skills, and abilities across a continuum, identifying what ELs know and can do at early stages and at exit from each of three proficiency levels: Emerging, Expanding, and Bridging. These descriptors will guide VLGA teachers as they provide ELs with targeted instruction in English language development as well as differentiated instruction in academic content areas[142]:

[142] http://www.cde.ca.gov/sp/el/er/documents/sbeoverviewpld.pdf

Emerging: Students at this level typically progress very quickly, learning to use English for immediate needs as well as beginning to understand and use academic vocabulary and other features of academic language.
Expanding: Students at this level are challenged to increase their English skills in more contexts and learn a greater variety of vocabulary and linguistic structures, applying their growing language skills in more sophisticated ways appropriate to their age and grade level.
Bridging: Students at this level continue to learn and apply a range of high-level English language skills in wide variety of contexts, including comprehension and production of highly technical texts. The "bridge" alluded to is the transition to full engagement in grade-level academic tasks and activities in a variety of content areas without the need for specialized ELD instruction. However, ELs at all levels of English language proficiency fully participate in grade level tasks in all content areas with varying degrees of scaffolding in order to develop both content knowledge and English.

English learners will continue to be re-evaluated annually using the ELPAC assessment until such time as they have demonstrated that they are able to compete effectively with English-speaking peers in mainstream classrooms and are reclassified as fluent English proficient (RFEP). VLGA will set a demanding reclassification target annually as part of the Local Control Accountability Plan (LCAP) goal setting process. The ELD Coordinator will serve as the ELPAC testing coordinator and meet periodically with teachers to discuss the progress of English learners toward mastery of the CA ELD standards. The testing coordinator will continue to monitor students who are re-designated as RFEP during a period of two years, by meeting regularly with their teachers and reviewing their benchmark assessments and standardized testing results to ensure that they are able to keep up with their peers.

Process for monitoring progress and supports for Long Term English Learners (LTELs)

Under California law, Long Term English Learners (LTELs) are defined as those students who are enrolled in grades 6 to 12, have been enrolled in schools in the United States for six years or more, have remained at the same English language proficiency level for two or more consecutive prior years, or have regressed to a lower English language proficiency level, and, for students in grades 6-9, have scored Far Below Basic or Below Basic (or new equivalent) on the state testing in ELA. (Cal. Ed. Code § 313.1) VLGA will closely monitor each EL's progress and any instances in which a student is not making sufficient progress towards reclassification. The ELD Coordinator and classroom teachers will work together to identify the reasons why a student has not acquired English at an expected rate and determine the best support system for that student moving forward. VLGA will prioritize resources (e.g. curriculum for ELD instruction) for students at risk of being identified as LTELs. Students and parents will be made aware of the risks associated with LTEL status, as well as specific barriers to reclassification and ways to address them.

GIFTED AND TALENTED STUDENTS AND STUDENTS ACHIEVING ABOVE GRADE LEVEL

Identification

Gifted and high-achieving students are among the most underserved populations in schools with high levels of economically disadvantaged students. Gifted students in underachieving schools are often misdiagnosed based on behavioral issues and misplaced in Special Education classrooms. At VLGA, we are committed to seeking out and identifying our gifted and high-achieving students (GATE). Research has indicated that approximately 10% of any given school population is gifted. Students will be identified

as possible high achievers and/or gifted when demonstrating abilities significantly beyond their peers or developmental stages through teacher observation, internal assessments, and CAASPP/SRI, and ELA course data.

Students must meet at least 4 of the criteria below; one of the criteria must include Cognitive Ability of Standardized Achievement.

Criteria	EO/RFEP	EL
Cognitive (TONI)	Verbal - 85%+ Non-Verbal - 85%+	Verbal - 85%+ Non-Verbal - 85%+
SBAC	ELA - 4 Math – 4	ELA - 4 Math - 4
Renaissance 360	ELA - 85%+ Math - 85%+	ELA - 85%+ Math - 85%+
Reading Level (Brigance)	2+ grades above	2+ grades above
Report Card	Condor - 50%+4s in ELA or Math Heritage - GPA 3.5+	Condor - 50%+ 4s in ELA or Math Heritage - GPA 3.5+
Teacher Recommendation (SRBSS)	Elevated in 2 or more domains	Elevated in 2 or more domains
Environmental	McKinney-Vento, Foster Migrant, SWD	McKinney-Vento, Foster Migrant, SWD
EL Reclassified	By 4th grade	N/A
ELPAC	N/A	+2 levels in one year

Notes: Students with Cognitive ability 90%+ will automatically qualify. Students with high achievement score must also have Cognitive ability of at least 50%. Students who have been identified as possible achievers and/or gifted will be tested for giftedness. VLGA will continually evaluate students' achievement level to ensure that high-achieving students can be quickly identified and served.

Parent Notification and Involvement

Just as in the case with low-achieving students, the classroom teacher will contact parents of academically high-achieving students to discuss student performance and strategies for deeper engagement that adequately challenge the gifted or high-achieving learner. Parents will be notified in writing or by phone to set up a conference. Family members provide rich information about their child's strengths, needs, and learning styles– which informs the supports the learner receives at school. The

Digital Portfolios will enhance parent involvement, as they have components that involve parents in their student's development, personal aspirations, and specific needs. Family conferences will be held for all students in the fall and spring to discuss student progress and set learning goals. This is just as important for gifted and high-achieving students as it is for low-achieving students. Progress toward these goals will be communicated through regular progress reports, calls and emails home, and in-person meetings with parents, teachers, and administrative staff. Constant communication between the school and families builds stronger partnerships to support youth of all abilities.

Meeting Gifted and High Achieving Students' Needs

The VLGA model of instruction and focus on student engagement includes differentiation, student choice and autonomy, all key factors in serving gifted and high-achieving students. The curriculum and programmatic choices at VLGA will provide ample opportunities for high-level thinking and problem solving. Our focus on global outcomes and competencies will provide real-life application and a deep sense of relevance that serves gifted learners.

- All students will have access to a Chromebook or similar device and can access online libraries, supplemental programs, Kahn Academy, and other similar programs and apps
- Way of Council leadership opportunities
- Individual and small group projects developed to challenge the academically high-achieving students and extend learning beyond the classroom.
- Guiding students to develop their own learning goals and objectives.

Monitor Progress of Gifted Students and Students Achieving Above Grade Level

High-achieving and gifted students will be closely monitored by teachers and through family outreach. Students will also be able to articulate their needs and goals when developing their Digital Portfolios. The school will also monitor the percentage of identified students and gauge it against the average of 10% students being gifted or high-achieving at most schools. Student behavioral issues will be identified and looked at as possible identifying markers of gifted or high-achieving students not being sufficiently challenged.

STUDENTS ACHIEVING BELOW GRADE LEVEL

Assessment and Identification

VLGA anticipates serving a population that traditionally has struggled to bridge the achievement gap and often faces significant challenges to achieve grade-level competency. While students may be achieving at significantly below grade level in some, or all, academic areas, when they enroll at VLGA, it is our responsibility to ensure that each student is properly assessed and supported in rising to his or her potential. We firmly believe that all students have the potential to thrive academically given the right conditions for learning. At VLGA, we will create the conditions for learning through classroom and school environments that are emotionally safe and developmentally appropriate.

Our goal, at VLGA, is to ensure that every student is performing at or above grade-level academically. To ensure that our students meet their goals, our teachers and staff will provide on-going and continuous assessments in our efforts to seek out and support students who are academically low-achieving and

might be facing a special learning need or experiencing extenuating circumstances outside of school. We are dedicated to providing the additional academic and social emotional support such students need to succeed.

VLGA will enlist a variety of assessment tools to identify students who are achieving at lower academic levels. All incoming students will take a diagnostic reading and math assessment through Renaissance STAR 360, as well as Agile Mind for Math. Additionally, diagnostic assessment in English Language Arts and mathematics will be administered to all students multiple times each year to track growth and progress.

Parent/Guardian Notification and Involvement

The classroom teacher will contact the parents of academically low-achieving students to discuss student performance and strategies for improvement. Parents will be notified in writing, email or phone to set up a conference. Parents are considered key partners in helping us understand their son/daughter and what strategies might best fit the needs of their child. Family members provide rich information about their child's strengths, needs, and learning styles – which, in turn, shapes the supports that the learner receives at school. The Digital Portfolios will enhance parent involvement, as they have components that allow the parents to be a part of their student's development, personal aspirations,and specific needs. Family conferences will be held for all students in the fall and spring to discuss student progress and to set learning goals. Progress toward these goals will be communicated through regular progress reports each semester and more often as needed, calls and emails home, and in-person meetings with parents, teachers, and administrative staff as needed. Constant communication between the school and families will enable stronger partnerships to support the students.

Supports and Interventions

Academically low-achieving students will be fully integrated into the entire student body. The engaging and active educational program at VLGA is designed to accommodate the full range of students, including academically low-achieving students. Specific practices that will support academically low-achieving students include the following:

- Hands-on, workshop- and project-based curriculum provides concrete experiences to help students access content through a range of modalities.
- Kagan cooperative strategies are used throughout the day and provide concrete structures that allow all students to engage and be held accountable for their learning in any subject
- Teachers may meet with struggling readers for more time in small groups or individually during workshop. Students will be regularly paired up with stronger readers and writers during workshop, which provides peer support and modeling.
- Advisory/Global Hour will be a flexible intervention/enrichment period during the school day where teachers get to select appropriate skill-based interventions for each specific students' needs. Students may also self-select into intervention or enrichment classes. This will allow for intensive, targeted interventions with reduced class sizes, while also giving students who are displaying mastery the ability to participate in enrichment classes that they would not be able to take otherwise.
- Students who are struggling with math or not mastering standards will receive tiered intervention to support with learning. At the first level of support, teachers will provide

differentiated instruction in small groups in the classrooms. These groups will be informed by data as well as the skills and concepts. If students continue to struggle they will be provided with more intensive interventions such as small group or one-on-one pull out interventions. In these small groups, the support provider would model procedural knowledge and provide time for them to develop conceptual understanding. Students might also engage with web-based adaptive programs for fluency and automaticity (i.e., Khan Academy etc.).

Monitoring Progress

Student progress will be monitored on an ongoing basis through a combination of teacher observation, classroom assessments, and benchmark assessments. If intervention supports do not lead to sufficient progress, as previously stated, a Student Success Team (SST) will convene to consider alternative intervention strategies. Prior to monthly meetings, the case manager will consult with all referring teachers to gather more data and information about the referred student. At the meeting, referrals will be reviewed and next steps to support students are taken based on the data and information collected. Academic supports can include small group pull-out intervention, one-on-one intervention, accommodation of student work, counseling, participating in peer counseling groups, parent consult/involvement, wrap around services if necessary, or referral for evaluation.

Should the SST process fail to yield adequate progress, additional steps, such as a referral for a special education evaluation and/or 504 services will be taken. Additionally, Kagan strategies and Way of Council will provide a framework for continual and ongoing observation and assessment. Teachers at VLGA will meet on a monthly basis to analyze student data and make data-driven decisions to identify student needs and adjust instruction accordingly.

Socio-Economically Disadvantaged/Low Income Students

As detailed above, we anticipate that virtually all of our students will come from socio-economically disadvantaged families; in many cases we expect our students will have experienced extreme poverty including homelessness and housing instability and food instability. In order to support these students, our engaging, differentiated instructional program will provide them with support and resources to ensure success. A small school environment, small class sizes, supplemental supports including tutoring and more all ensure these students are well-known and supported. Teachers will receive training on identifying students with significant needs/students in crisis and referrals to appropriate child and family supports.

We will minimize financial challenges for students by offering free uniforms and providing meals, including Friday take-home meals for our neediest students and meals via Blessings in a Backpack on weekends. A comprehensive meal and snack program and free before and after school care will help support working families.

As with all student subgroups, the Principal and Superintendent will monitor subgroup data through state testing, benchmark testing and ongoing monitoring of students' progress.

Students with Disabilities

Please see FSDRL at beginning of Element 1.

STUDENTS IN OTHER SUBGROUPS

VLGA will offer a variety of support for students with extraordinary needs, such as foster youth and homeless students. The Principal will serve as the designee for foster and homeless youth and monitor their performance and progress. Our extensive intervention program provides several levels of guidance depending on the need of the student, including counseling, and referrals to outside resources.

VLGA will identify homeless youth through initial enrollment forms, as well as drops in grades, hunger, fatigue and other signs of stress. If a parent or student indicates they are living in a situation that would qualify as homeless the school will inform them of their rights under the McKinney-Vento Act. VLGA will adhere to the McKinney-Vento Act and provides all required supports to its homeless youth.

VLGA will screen for foster youth via possible visits from social services; non-parent enrolling student in school; home arrangements (group home) and self-identification. As needed, foster youth can be referred to the SST process to determine the individual supports and interventions needed to help them succeed in their classes. Our foster youth will be provided counseling services or referred to free or reduced cost mental health clinics if signs of emotional concerns present themselves.

As detailed above, our SST process and teacher training ensure that all students with special needs are promptly identified and provided the supports they need, including referrals for students and their families to outside support organizations.
Students in all subgroups will be monitored through performance on state assessments, internal benchmark exams, and grades. Continued support will be provided to students based on their performance on each indicator.

"A TYPICAL DAY"

Part of a week in the life of a student at Vista Legacy Global Academy:

The following provides an example of what part of a week in the life at VLGA might look and feel like for a student. Schools are dynamic, human-centered organizations and, while schedules and basic routines will have consistency, no two weeks will look exactly alike. The following description strives to highlight unique features of a VLGA week but is solely demonstrative. Times and the actual bell schedule have been manipulated to showcase innovative programs, approaches, and signature practices.

Miguel, a tenth-grade student, hops off the bus with two of his buddies, Jesse and Julian, and the three boys walk towards the entrance of their high school, VLGA. As they cross the parking lot Miguel sees a few familiar sights. A few cars pull up and some of his classmates jump out of their parents' cars, and simultaneously wave goodbye to their parents and wave hello to Miguel and his friends. Mr. Bailey, the Assistant Principal, is there to greet the students being dropped off, as he always is, and he offers his fist for Miguel to "fist bump" as Miguel walks by.

"Happy Wednesday gentlemen. Let's make this a terrific day. Make sure you have spoken to Ms. Creed and registered for the PSAT."

Miguel silently nods. He already has his appointment with Ms. Creed, the school's counselor, later this afternoon. Ever since beginning 10th grade, Miguel and Ms. Creed have held numerous conversations about his grades, goals and future plans.

Miguel smiled as he reflected on being one of the students who began at Vista in Kindergarten and made it all the way through to the high school and will be in the school's first ever graduating class. "You will be the ones who show future classes the Vista way." The message was burned into Miguel's memory. He burned to be one to show his classmates, his community, and the world "the Vista way." Miguel feels enormous pride in being in this graduating class, even if it is corny.

The boys are asked for their school lanyard by the supervision aide standing at the door. She also checks each student for proper uniform, and having no issues with his dress, Miguel enters the school, and proceeds to the cafeteria to grab a hot breakfast. He finds a group of his closest friends, and they share gossip and laughter as Miguel eats his food. He eats hurriedly because he wants to ensure he has time to hit the gymnasium to fit in a short basketball game during morning club time before class begins. Even before he swallows his last bite, a group of the boys, Miguel included, jump up, collect their bags, toss their trash in the bin, and head towards the gym.
The gym is bustling with activity. He sees Mr. Jimenez, the PE teacher, setting up for his day while various groups of kids play soccer, or basketball. Other students sit along the perimeter of the gym, listening to music, or pointing and laughing at the students playing. Miguel and his buddies collect a basketball from the rack supplied by Mr. Jimenez. They find an empty net and play a quick, sloppy, and brag filled game of half-court basketball.

At 8:20, precisely ten minutes before the start of period 1, Mr. Jimenez blows his whistle and students slowly begin to return equipment and collect their belongings. It is time for period 1, and for Miguel that means it is time for Chemistry. He says goodbye to his basketball friends, who linger in the gym, and walks down the hall towards his classes.
Late in his 9th grade year Miguel and his classmates each selected which of the three academic pathways offered at Legacy that he would pursue. He was provided information about each pathway: a Health Science pathway and a Business pathway. Miguel's mom reminded him that he always has said that he wanted to be a doctor when he grew up. By selecting the Health Science pathway, Miguel will have the opportunity to take classes at nearby Los Angeles Trade Tech College, and maybe even earn his Associate's Degree while he is still in high school. Nobody in his family has yet attended college and he could earn a degree while still in high school! Miguel is determined to make that happen.

Wednesday 8:30 a.m. Period 1: CHEMISTRY
Miguel is greeted at the door by his teacher Ms. Sotero. She smiles and says, "Good morning, Miguel," as she hands him a sheet of paper, and adds, "This is the goals sheet for your group for today. Your group is here already." Miguel knows that is Ms. Sotero's way of warning him about almost being tardy, so he quietly joins his group of 4 to work on the goal sheet.

After 5 minutes, Ms. Sotero dings her bell, and calls the class to attention. She then introduces the day's teaching point, which she presents using Legacy's WHAT, HOW, and WHY template. Pointing to the smart board she explains, "Okay Chemists, we've been becoming experts on the chemical processes of how viruses do their dirty work. You've all learned many things about what chemicals destroy different viruses and why. Eddie, head up please," she says. Eddie's head pops up across the room. "Today, chemists, I want to teach you how knowledge of chemistry, and chemists themselves, can be a benefit to the general public. I am going to demonstrate that by walking your groups through how to use your computers to create an infographic for use in public spaces all around the community, which can share a great deal of important information quickly in an engaging way. We are going to learn this because globally competent scientists use their knowledge to inform the public about possible health hazards when they can." She scans the room, and continues, "Make sure you have the essay you are writing in

ELA handy because you will want to make sure that the same points you are arguing in the essay will also be on your infographic."

Miguel reaches into his bag and pulls out his English folder. The teachers in Miguel's 4 core classes (Chemistry, English, Integrated Math II and U.S. History) had worked together during their preparation periods and during professional development meetings to craft a multidisciplinary unit on "Infectious Disease." Every class had spent the last three weeks learning about infectious diseases through the lenses of different courses. Miguel enjoyed learning about the topic so much that he often forgot he was really learning chemistry or math or writing. His teachers made his schoolwork feel so authentic that it was easy to get lost in the flow of his work. To Miguel, what he was doing at school felt important.

Ms. Sotero continues class with a fast ten-minute lesson where she uses her own computer to demonstrate a way the students might create their infographics. As she does so she shares her thinking. "The first thing I need to decide is what facts and information I will include in my infographic. I know this infographic will be used inside laboratories and universities where scientists work. So on this infographic I am going to make sure I am using scientific terminology. Instead of "clean" I might say "use anti-viral solutions." I know that part of the assignment will be to create a second infographic for lay people, so I can use the informal language there." She pauses slightly. "Now look through your essays. Each of you find one fact or piece of information you think you must include in your infographic." Students across the room rifle through their papers. Miguel scans his own essay and selects the fact "one virus alone killed over 675,000 Americans in 1918."

"Now share your one fact with your team and explain why you feel this fact must be included in your infographic. What makes your fact so important? I will set the timer for 5 minutes." She sets her timer and walks among the teams. Miguel and his team take turns sharing their ideas.

When it is his turn, Miguel shares his fact, adding, "We need to include this because it shows how bad this can get."

"How bad can what get?" asks Ms. Sotero, who has walked up while Miguel was focused on listening to his teammate.

"How bad an...infectious...outbreak...could be?" Miguel offers hopefully.

"Well that is a little better, but I think you and your team will need to work on being very specific in your explanations. It does not help to be vague and general when you are using science to save the world." She moves on to the next group. Miguel cannot help but smile for two reasons. The first reason is that he thinks Ms. Sotero is funny. She is firm, and she can be weird, but Miguel loves her warmth and gentle guidance. The second reason he is smiling is because the goal his group wrote down during the warmup was "Try to be as clear about what we say and mean as possible." When he looks back at his team, he sees they are smiling too.

When the timer goes off, Ms. Sotero asks, "What questions might there be?" When no one asks a question she quips, "Oh, there will be questions. Ok. You know what to do. You have 40 minutes. Get cracking. I will come around."

The room erupts in energy and action as groups pull out their Chromebooks and notebooks and get down to work. His team begins its work by everyone assuming their previously chosen role. Miguel is the timekeeper. His job is to move the team along if it gets stuck and he is also responsible for letting the team know how much time is left. He had requested this role, because he often found himself forgetting how much time was left when he was in the middle of working with his team. By the time 40 minutes had passed, his team had chosen their 8 facts, and their visual theme and had begun laying out the infographic using the application Ms. Sotero had shared.

Ms. Sotero once again calls the class to attention and begins the routine of class progress share out. She begins, "Today I taught you how knowledge of chemistry, and chemists themselves, can be a benefit to the general public. We demonstrated this by working on creating infographics which can share a great deal of important information quickly in an engaging way. So, let's go around the room and can I have each facilitator share today's progress with the class? Team Alpha?"

Angie, the facilitator of Miguel's group shares, "We chose our 8 pieces of information, and then we decided on our theme. We are now in the middle of designing the first one."

Ms. Sotero thanks her and asks the other groups to share their progress. Miguel tries hard to listen to each group but he keeps drifting off and thinking about his next class, English. He feels nervous.

As the last team finishes, Ms. Sotero says, "Today's exit ticket is a review. Everyone should get this one. What are the 6 most common types of chemical reactions? List them."

Miguel quickly scribbled, *combination, decomposition, combustion, single and double something* on the paper and hung his head as he handed his paper in. He is frustrated he couldn't remember the last three names. It annoys him until he bumps into Julian who asks, "Are you ready man. You go today, right?"

"Yeah, I go," Miguel says.

"I can't wait to hear your speech, bro."

By this time the boys have reached their next class.

Wednesday 10:10 a.m. Period 3: ENGLISH 10
As Miguel and Julian enter the room, Miguel notices the shelves of books along the far wall. He has read eight full books so far this year, during his independent reading time, and Miguel has spent a significant amount of time "book shopping" in those bookshelves.

The second thing he notices is that his teacher, Mr. Aguilar, has arranged the seats in a circle, which could only mean one thing.

"Socratic Seminar," says Miguel excitedly. He loves Socratic Seminar. When teachers and students hold deep conversations about what they are reading and writing Miguel feels much more connected to his classmates. He enjoys sharing ideas about great authors, and classic books, and debating controversial ideas in the safe structure the Seminar provides.

Mr. Aguilar waits until the last student has settled into the circle before addressing the class. "Good morning Writers! One thing that strong writers do to strengthen their writing is to talk about their writing with other writers. Sharing struggles and ideas helps all writers because by sharing these things writers can gain different perspectives on their work. Other writers may have solutions to our writing problems, or they may offer a differing viewpoint which forces you to fortify your own thinking and of course writing. So if everyone looks at the agenda for the day..."

Heads turn to view the white board.

Mr. Aguilar continues, "So today we will begin class with a Socratic Seminar. I will ask you open-ended questions about your Infectious Disease Position Papers and we will see if we can't assist one another as we get ready for final edits on Friday. After Seminar we will have Independent time, where most of you will be revising your drafts, or rehearsing for round one of your speeches. During that time, I will be finishing up the last couple of writing conferences. Miguel, I think we have a conference today, and Amy, Luis, and Giovanny. Then we will close class with the first round of Speech rehearsal and feedback. Look at the sign up on the board. Today's speakers shall be Miguel, wow, Miguel, it is a busy day for you." Miguel knows that. That's why he feels nervous.

"Ok, writers, you all have been working and researching different aspects of the topic infectious Disease. We've read and analyzed parts of Journal of the Plague Year by Daniel Dafoe..." A moan ripples through the room. "Yeah, yeah, you loved it. We looked at part of Pale Horse, Pale Rider by Katherine Anne Porter. We've read a few articles about COVID 19 and the Spanish Flu. All that in addition to whatever research you've done on your topics. Wow, you must really be experts on disease by now." Miguel feels like he is far from an expert but he is learning so much about this topic through the way his teachers organize their lessons. If this is what Health Science looks and feels like, he is all in.
"So, my first question is what part of writing up your findings in your position paper is challenging you the most? Share your specific topic and then share what you find most challenging."

Following an engaging Socratic Seminar discussion, the class is given time to work on their writing.

"We have three speakers today. I want to remind everyone about our Rules for the Audience. These are not finished speeches. After each speech we will provide 3 pieces of feedback. Miguel, are you ready?"

Miguel slowly walks to the front of the class. He fights the butterflies off and clears his throat. Then he begins, "In an increasingly interconnected world, the issues of global health and infectious disease have a real impact on us all. Malaria kills more than half a million children each year. The most frequent cause of death in developing nations are infectious diseases, such as malaria and tuberculosis, which are virtually nonexistent in developed nations. Millions of children under five die from preventable infectious diseases. This is why, although the economy was harmed, closing down businesses and forcing people to stay home was the right thing to do, because it saved lives and prevented our hospitals from being crowded ..." As Miguel continues, his breathing becomes more steady.

Miguel finishes his speech and takes a deep breath. Public speaking always makes him nervous, and almost every class requires some kind of speaking. He knows that even though he is not the best speaker, he is getting better each time. Mr. Aguilar asks the class for feedback.

"Slow down. You speak quickly," one student offers.

"Towards the end, when you stumbled, you almost let it throw off the rest of the speech. The audience does not know when you make a mistake. Just keep going."

"Eye contact. You never looked up from your paper."

Miguel thanks the class for their polite applause and returns to his seat to listen to the next two speakers. Miguel feels jealous that they seem to be so comfortable, but he knows he can get to the same place if he keeps on working. It worked in Math when he struggled, and it will work here.

Once the speakers receive their feedback, Mr. Aguilar reminds them what is due Friday when they meet again and dismisses the class. Miguel collects his belongings and as he leaves, Mr. Aguilar says, "Miguel, your speech was so much improved. I can tell you have been putting effort into this." Miguel thanks him. He has been working hard on this.

As he steps into the hall, Miguel realizes that he is hungry. Good thing it is lunch time. He waits for his boys outside their class before heading to the gym for pre-lunch recess. At Legacy, students are given their recess before they eat. It helps them build an appetite, and more students seem to eat the healthy and tasty school lunches when they aren't rushing off to play.

11:45 a.m. Lunch

When he arrives, the gym is already alive with activity. He sees the campus supervision team stationed around the gym watching the games of soccer, basketball, and volleyball being played. Scattered around the gym are clusters of students. He finds his buddies and joins the basketball game already in progress. Miguel hopes that by next year, when he is a Junior, he will be able to play on the school's basketball team. He badly wants to represent his school as a Legacy Eagle by playing his favorite sport. If he continues to practice, and listen to Coach Jimenez, he knows he will improve in basketball just as he has improved in Math and Writing.

Fifteen minutes pass too quickly, and the whistles blow alerting the students that it is time to join the cafeteria line. He grabs his lunch, chicken quesadillas, his favorite, and sits in his usual spot. He gobbles his food down and spends the remainder of lunch time chatting and laughing with his friends. Once the signal is given to dismiss by table, Miguel and his table throw out their trash and head on to their next class. For Miguel, that is Integrated Math II.

12:25 p.m. Period 5: Integrated Math II

Miguel knows the routines of Math class like the back of his hand. Upon being greeted by his teacher Ms. Penate, he joins the other students at his assigned table, as they all take out their Chromebooks and log in to Google classroom. There he finds his Math Goals Tracker form. On this form he reviews the work he accomplished during the last class, this past Monday. He reminds himself that he was in the middle of practicing translating the information included in word problems into an appropriate equation that Ms. Penate had taught him and his group at the teacher's table.

Miguel understands that he still needs to practice this skill today, because on Monday he did not reach his goal: *I will select the best equation to solve a problem, based on the information contained in the word problem in at least 4 out of 5 tries.* Shaking his head, Miguel remembers how he struggled on Monday. He reassures himself by recalling what Ms. Penate said to him then, when she saw his scrunched-up face. "Remember, Miguel, what I always say. Fail early and fail often. As long as you keep your Growth Mindset, you will get better. Don't give up on yourself. I'm here when you need my help."

Smiling with confidence, Miguel decides he will continue to work on the same goal. He is not going to give up on himself.

“What’s your daily goal, Miguel?” asks Anahi, his elbow partner.

“I’m still going to practice word problems,” he responds. He glances at Anahi’s tracker and sees that she has a completely different goal. Anahi will be using Khan Academy for independent practice on inequalities. Miguel practiced his inequalities last week and feels the pride that comes from accomplishing a goal one sets for oneself. He submits his daily goal tracker online and finds the Word Problem practice that Ms. Penate has uploaded.

Just as he is about to begin, Ms. Penate calls the class to attention. “By now, you all should have submitted your daily goals...Anahi, it looks like I still don’t have yours.” Miguel notices Anahi quickly hit a button on her keyboard. Soon after Ms. Penate says, “Ahh, there we go. Thank you, Anahi, my friend.

“I noticed on Monday that a few of you still had some questions about how to pick the proper equation for word problems. So today I will start by meeting with you at the Teacher’s Table. So can I see Eduardo, Miguel, Daniella, Hector and Estrella up here with me? In the second rotation I would like to see Angel, Ashley, Raymond, and Sissi at the teacher’s table, and we will review ratios, okay? Raise your hand if you would like to begin with continuing working on your Cost-Benefit analysis of the COVID 19 shutdowns.” Miguel sees the hands of seven classmates go up in the air. He is anxious to work on his analysis, but he knows he must meet the teacher at the teacher table first. “Great. You all start the rotation at the back tables. Who is ready for an assessment?” Only two hands go up. “Okay, Jesse and Maribel, do you know what standards you are assessing?” They nod in the affirmative. “Okay, all the assessments are already in Google classroom listed by standards. Take your time. I suppose the rest of you are looking to begin with peer study partners?” Many head nods. “Ok then, get to it.”

The classroom explodes with movement as students pack and stack their belongings and move to the appropriate table. The students in the back at the independent practice table pop earbuds in and begin intently watching the Khan Academy videos their teacher had linked to their accounts. Other students paired off and began to hold quiet “six-inch voice” conversations about their Math assignments. Jesse and Maribel transitioned to the assessment corner. Miguel was impressed as he looked at Jesse, who had an eager and determined look on his face. Miguel could remember a time where Jesse hated Math class and would spend most of his time misbehaving or checking his cell phone. However, ever since joining Ms. Penate’s class, with her way of teaching, Jesse has changed completely. It seems to Miguel that Jesse actually enjoys Math class.

Miguel knows why. In the past, the entire class had to sit quietly while the teacher would speed through practice problems on the board, assign the same practice problems for homework, and give the same exam to everyone on Friday. Now, in Ms. Penate’s class, students are given the choice to work on the things that they want and need to work on. No longer is the Math lesson one-size-fits-all. Ms. Penate meets with small groups of students and teaches them the standards they still have to Master. Miguel finds it much more exciting and fun because he knows he is learning exactly what he needs to know, and he is ready to learn it, and eager to demonstrate when he masters a new idea.

By the end of this class, Miguel has revised his weekly goals for word problems and he has collaborated with Anahi on his COVID Cost Benefit analysis. Again, class was dismissed before he knew it. Miguel was very satisfied with the work he had completed.

Ms. Penate refers students to today's exit ticket on google classroom. Miguel types in his reply and waits to be dismissed.

The hallways are bustling, as Miguel walks towards his final class of the day, Physical Education. That means he is headed back to the gymnasium.

2:05 p.m. Period 7: PHYSICAL EDUCATION
Most students entered the gym and walked immediately to the appropriate locker room to change into their PE uniforms, with "Vista Athletics" boldly printed across the front, with a small Eagle on the sleeve. Miguel instead walks to Coach Jimenez, who is laying out traffic cones at each corner of the gym in preparation for the mile run which is held every Wednesday.

"Hi Coach."

"What is going on, Miguel? Go get your uniform on."

"I have an appointment with Ms. Creed at 2:10 and I wanted to tell you first. I am not ditching."

"Thank you for telling me. When you get back you are still doing the mile."

"Yes, coach." Miguel walks to the front office, and speaks to Ms. Ruth, the office manager. "Hi Ms. Ruth, I have a meeting with..."

"...Ms. Creed. I know, Miguel. You can go in. She is waiting for you." Miguel is always amazed that Ms. Ruth seems to know everything that is going on at Legacy. She knows every student, and most of their parents by name.

Miguel enters Ms. Creed's office and already she has a few documents spread out on the table. She welcomes Miguel and closes her door.

"Thanks for coming on time, Miguel. There are a few things I would like to run through with you. The first thing I want to do is make sure you have registered for the PSAT next month. Have you registered yet?"

"No ma'am. I want to register now."

She hands him the school registration form, and he carefully fills it out. Ms. Creed accepts the registration and hands him a reservation ticket. "You will be in group 3. Do not lose that ticket. We won't allow you to test in your session without it."

"OK."

"Now let's go over your Individual Graduation Plan. I was reviewing this earlier, and I am impressed. You are all caught up on your credits, and so far your grades look good for this semester. I do want to ask what is going on in English class?"

Miguel's lowest grade was in English. It was always the lowest in English. "Yeah, I am not a great writer, but Mr. Aguilar and I have been really working to improve it. I should raise that to a B with my next project."

"I am glad to hear that you and Mr. Aguilar are working on it, but how would you feel if we could get you some additional support? If I can arrange for a tutor during Zero Period, would you be open to working with them?"

Miguel understood that hard work and practice pays off. That is the Vista way. He agreed to working with a tutor to raise his grade.

"Excellent. Now let's talk about your progress in your Pathway. How is that going?" Miguel says it is going well, and that his family is so proud of him for being the first in their family to earn college credits.

Miguel's time at Vista had taught him how to maintain a Growth Mindset. He had learned over time to relish challenges. He understands that growth comes through hard work and discomfort.

"Ok, Miguel. Good meeting. Let's schedule our next meeting. How about one month from today? Does this time work for you?"

Ms. Creed smiles her warm smile, as he leaves her office. Miguel wonders if he would be doing as well as he is without the support of his counselor. Miguel was grateful for all the adults at Legacy who care so deeply. Teachers come early and stay late to offer additional support and practice. The counselors maintain regular meetings with all students to monitor their progress. Even the Principal, Dr. Felch, runs the school with a kind heart, and tremendous pride in all his students.

Miguel could no longer delay. He changes in the locker room and walks to the starting line. By now the rest of the class are split off. Some are working with the Teacher's Assistant on plyometric exercises. Others are huddled around Coach Jimenez who is demonstrating the proper grip on a golf club. Coach Jimenez sees Miguel on the starting line, and calls, "Miguel, 25 laps. Hit it!" Miguel is off and running. As he runs, he goes through the day's events in his mind. Dismissal time is coming soon, and it does not even feel to Miguel as though he has been doing schoolwork all day. He is proud of his infographic, glad his speech went well, and is satisfied with the progress he made in Math today, and happy with his time with Ms. Creed. He then thinks ahead to tomorrow and what it will bring. He will engage in a debate in U.S. History over the U.S. response to the 1918 Spanish flu epidemic. One more challenge: 23 more laps and he takes off.

Coach Jimenez dismisses the class at 3:30 to change back into their school clothes.

When his mother arrives to give him a ride home from school, Miguel is shiny with sweat, and exhausted from the day. She asks him, "So how was your day? I know you were nervous about your speech?"

Miguel thinks for a minute, then replies, "Oh you, know, it was a regular day at VLGA."

"So, was it good?" Mom pushes.

"It was a great day," Miguel says, looking out at the school logo as they drive away home. *Tomorrow I get to do it again,* he thinks as the school recedes in the distance.

ELEMENT 2 – MEASURABLE PUPIL OUTCOMES AND ELEMENT 3 – METHOD BY WHICH PUPIL PROGRESS TOWARD OUTCOMES WILL BE MEASURED

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school." **(Ed. Code § 47605(c)(5)(B).)**

"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card." **(Ed. Code § 47605(c)(5)(C).)**

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(d)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

VLGA will meet all statewide content and performance standards and targets. Ed. Code §§ 47605(c)(1), 60605.VLGA will comply with all applicable laws and regulations related to AB 97 (Local Control Funding Formula) and AB 484, and will continue to as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

The Charter School incorporates herein by reference its "LCFF State Priorities" table from Element 1.

MEASURABLE PUPIL OUTCOMES: SUMMATIVE ASSESSMENT PERFORMANCE TARGETS

PERFORMANCE TARGETS ALIGNED TO STATE PRIORITIES

The Charter School incorporates herein by reference its "LCFF State Priorities" table from Element 1

OTHER PERFORMANCE TARGETS

The Charter School incorporates herein by reference its "LCFF State Priorities" table from Element 1.

METHOD FOR MEASURING PUPIL PROGRESS TOWARD OUTCOMES: FORMATIVE ASSESSMENT

VLGA will implement a comprehensive assessment system to measure progress toward our vision for student success, which includes tracking student mastery of grade-level standards and requisite skills in each subject area. We believe strongly that teaching to deep understanding and mastery is complex and that teachers cannot approach this task formulaically. The following chart illustrates the types of assessments that will be administered by subject, grade level, and frequency. VLGA affirms that its methods for measuring pupil outcomes for the Eight State Priorities shall be consistent with the way information is reported on a school accountability report card in accordance with Education Code Section 47605(b)(5)(C).

ASSESSMENT, PURPOSE, GRADE LEVELS AND ADMINISTRATION TIMELINE

Assessment	Purpose	Grade	Administration Timeline
Internally-Created Tests and Rubrics and Performance-Based Tasks	Measure standards mastery in each subject and progress against IIP and IEP goals (as applicable)	9-12	Daily and /or weekly.
Publisher-Designed Assessments (Online and paper-based)	Assess standards mastery and progress against digital portfolio goals	9-12	End of each unit
Writing Rubrics	Assess mastery of grade-level writing standards	9-12	Daily and/or weekly
CAASPP	State Criterion-Based Assessment in ELA and Math	11	Once a year
California Science Test (CAST)	State Assessment in Science	once in grades 9-12	Once a year
California Alternative Assessment (CAA)	Alternative assessment in ELA, Math and Science	11	Once a year
CAASPP Interim Assessments (IABs and ICAs)	Determine standards mastery in ELA and Math	11	Interim comprehensive administered at beginning and middle of year. The Interim Blocks are used 4 times per year at end of instructional units

Renaissance STAR 360, Agile Math	Diagnostic Reading and Math Assessment	9-12	Beginning, middle and end of year
ELPAC	Measure English language acquisition	9-12	Upon enrollment and once annually for all ELs
Physical Fitness Test (FitnessGram)	Comprehensive state physical fitness exam	9	Once a year
AP Exams	Measure content and skills of AP courses.	10th-12th	Once a year
Portfolio Presentations	Presentation of work samples from across the school year.	9-12	9th, 10th, and 11th grades present to their classrooms more informally; 12th graders present more formally to a panel of VLGA staff.
Senior Defense Portfolio	The VLGA Senior Defense is an end of the year cumulative assessment of an individual's journey through education, life, and adversity	12	12th graders present formally to a panel of VLGA staff, and may include additional guests selected by student including family, loved ones and friends

DATA ANALYSIS AND REPORTING

VLGA's teachers and administrators will analyze trends, significant changes, apparent conflicts, and anomalies to track individual student growth over time, evaluate specific aggregated and disaggregated groups of students, measure performance on the state tests and school-based growth data and authentic assessments to gauge the whole school from year to year. Our data analysis will also include attendance rates and comparative data, as appropriate. School leaders and staff will use this data analysis to address challenges and areas of improvement. All results will be reported to the Board and school community to ensure transparency and accountability.

Access to information and transparency will be key for all stakeholders. Parents/guardians and students will have access to a comprehensive Student Information System (SIS) Power School, to house student and family data, track student growth and learning, and make information available in real-time to all appropriate stakeholders. As such, students and their families may access up-to-date information at school or at home through email and on the school website. Recognizing that not all families have internet access at home, VLGA also sends regular paper communication home to families, makes phone calls home to discuss concerns with families, and regularly discuss learning and growth with students in their classes. The Vista's Superintendent, in collaboration with the Vista's District Data Coordinator (home office) and all school staff, are responsible for maintaining the SIS in accordance with the school's mission and vision.

As part of this inquiry process, teachers and administrators at VLGA will be engaged in an ongoing process of data review, analysis, and evaluation in connection with student learning outcomes. Teachers will analyze data both individually, and do so regularly in teams to build their knowledge and

understanding of student needs and progress. Data helps to inform teachers about student performance and to identify areas of focused instruction and potential intervention for individual students and entire classes.

Grade-level teams will meet regularly to discuss data with each other as well. Student achievement data will be disaggregated annually to clearly identify the academic performance of students by subgroups (e.g., ethnicity, gender, English Learners, socioeconomically disadvantaged students, and students with disabilities.)

VLGA will compile the necessary data to create a SARC at the end of each school year. State law requires that the SARC contain all of the following information:

- Demographic information
- School safety and climate for learning information
- Academic data
- School completion rates
- Class sizes
- Teacher and staff information, including data about Highly Qualified Teachers
- Curriculum and Instruction descriptions
- Postsecondary preparation information
- Fiscal and expenditure data

GRADING, PROGRESS REPORTING AND PROMOTION/RETENTION

VLGA will commit strongly to creating a two-way dialogue between the school staff and our parents/guardians. Parental involvement and commitment to the school is necessary if their children are to succeed. We will expect, encourage, and train them through parent seminars to be actively involved in supporting their children's education. Dialogue with the teacher and Principal will be ongoing for parents/guardians as they support their child through each academic year. At student-led conferences, parent/guardians review the progress of their child, sharing and discussing test scores, projects, schoolwork and areas for improvement. At these meetings, home and school strategies will be discussed so that the student has the best chance of continuously improving his/her performance.

PORTFOLIO ASSESSMENTS & STUDENT-LED CONFERENCES

In addition to subject-area specific assessments and state-mandated tests, VLGA will use Portfolio Assessments to assess student learning in content knowledge as well as deeper learning skills and non-cognitive skills. Portfolio Assessments will require students to compile a variety of work products in various subjects throughout the year and then make a presentation of their work: in 12th grade, this is a formal presentation to a panel of VLGA staff, while in 9th, 10th and 11th grades, the presentations will be more informally made to their classroom. The portfolio work will product represent a sample of students' accomplishments, academic progress, interests, and reflections. In addition to content, portfolio assessments will allow for the assessment of more complex learning skills such as critical thinking, problem solving, communication, and agency. They will also allow a teacher to understand the student's growth over time versus their performance on a given day.

VLGA will use an online student portfolio for organizing and archiving student achievements from each grade. At the end of 12th grade, students participate in a Portfolio Defense and choose work samples

from the portfolio that highlight their progress toward the student global outcomes outlined earlier in the petition.

Student-led parent/teacher/student conferences will take place twice a year at the end of each semester, and portfolios are the basis for discussion in each student's conference. Before each conference, students will compile their work for the semester, reflect on their learning successes, challenges, and goals, create new goals moving forward, and prepare to lead their family member(s) and teacher through that work. Class instruction will allow preparation time for student-led conferences, so students are ready for the conference and derive meaningful learning from the experience.

Senior Defense

The VLGA Senior Defense is an end of the year cumulative assessment of an individual's journey through education, life, and adversity. Satisfactory completion of the defense will often be the final requisite a Vista Senior clear to allow them to walk the stage at graduation.

Seniors will begin preparation for the defense at the end of the Fall semester, following the application period for Cal State and UC schools. Students will receive an assignment rubric with clear grading guidelines and instructions, free to construct their arguments to best reflect their growth and personal narrative. They must include three pieces of work to best reflect their change over time, one of which must be drawn from their pathway concentration.

The defense will be delivered to a panel of three adults, and may include guests selected by the student. We will invite students to ask their parents, loved ones, and (when possible) friends to be in attendance to provide support and encouragement.

Report Cards

Twice annual student report cards summarize student performance, progress, and assessment at the end of each semester. VLGA report cards are designed to give meaningful feedback to students and capture their progress regularly. They capture content-specific mastery, as well as skills and dispositions aligned to the VLGA Global Competencies: (1) Investigate and research the world, (2) Recognize and weigh different perspectives, (3) Effectively communicate ideas, (4) take action to make a difference, and (5) Apply learning to real and relevant situations.

Report cards contain numerical scores (1 to 4) based on key measurable outcomes:

Indicates student *progress* towards achievement of grade-level California content standards thus far in the school year.

4 = Exceeds grade-level standards
3 = Meets grade-level standards
2 = Progressing toward meeting grade-level standards
1 = Minimal progress toward grade-level standards
N/A = Not assessed in current reporting period*
✓ = Assessed during reporting period

They also contain narrative sections where teachers detail examples of a student's level of development and mastery based on observations, student-work, portfolio submissions, project rubrics, and/or various

classroom-based and school-wide assessments. Report cards act as a teacher's commentary on a student's holistic accomplishments, performance, and growth areas for a given semester, and students have an opportunity to comment and reflect on them during their student-led conference.

VLGA will meet with families during orientation each year to share the school's assessment philosophy and to show families how to access information independently. Families will have access to standardized testing data and ongoing formative assessment and portfolio assessment results through the SIS. Additionally, they will receive formal updates regarding SARC data and be consulted regarding the development of the annual LCAP update, as required by Education Code Section 47606.5. Families will also have regular and meaningful contact with their child's teacher through phone calls, emails, and by receiving materials their children.

Honors/AP/Dual enrollment courses will be weighted an extra grade point.

Retention

Despite various interventions and extra supports, if scholars are still far below grade level, another possible intervention is retention. Parents will be an integral part of the decision-making process for retaining their child through the Student Success Team meetings and in written reports of scholar progress and the possibility of retention by the end of March). Although parents will be informed throughout the process, the final decision for retention rests with the administration.

ELEMENT 4 – GOVERNANCE

"The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement." **(Ed. Code § 47605(c)(5)(D).)**

GENERAL PROVISIONS

As an independent charter school, Charter School, operated as or by its nonprofit public benefit corporation, is a separate legal entity and shall be solely responsible for the debts and obligations of Charter School.

Charter School shall not be operated as, or be operated by, a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Ed. Code § 47604.)

Charter School shall ensure that, at all times throughout the term of the Charter, the bylaws of its governing board and/or nonprofit corporation are and remain consistent with the provisions of this Charter. In the event that the governing board and/or nonprofit corporation operating Charter School amends the bylaws, Charter School shall provide a copy of the amended bylaws to CSD within 30 days of adoption.

Charter School shall comply with the Ralph M. Brown Act ("Brown Act"). All meetings of the Charter School's governing board shall be called, held and conducted in accordance with the terms and provisions of Education Code section 47604.1 and the Brown Act including, but not limited to, those related to meeting access and recording, notice, agenda preparation, posting and reporting.

Charter School shall send to the CSD copies of all governing board meeting agendas at the same time that they are posted in accordance with the Brown Act. Charter School shall also send to the CSD copies of all board meeting minutes within one week of governing board approval of the minutes. Timely posting of agendas and minutes on Charter School's website will satisfy this requirement.

The District reserves the right to appoint a single representative to the Charter School governing board pursuant to Education Code section 47604(c).

LEGAL AND POLICY COMPLIANCE

Charter School shall comply with all applicable federal, state, and local laws and regulations, and District policies as it relates to charter schools adopted through Board action.

Charter School shall comply with all applicable federal and state reporting requirements, including but not limited to the requirements of CBEDS, CALPADS, the Public Schools Accountability Act of 1999, and Education Code section 47604.33.

Charter School shall comply with the Brown Act and the California Public Records Act.

The Charter School shall comply with Government Code Section 1090, et seq., as set forth in Education Code section 47604.1.

Charter School shall comply with the Political Reform Act of 1974. (Gov. Code § 81000 et seq.)

Charter School and all employees and representatives of Charter School, including members of Charter School's governing board, members of Charter School or governing board committees and councils, Charter School administrators, and managers, shall comply with federal and state laws, nonprofit integrity standards, and LAUSD charter school policy, regarding ethics and conflicts of interest. Charter School shall enter into all transactions and conduct business with all persons and entities at arm's length or, in the case of otherwise permissible related party transactions, in a manner equivalent to arm's length.

Charter School shall notify parents, guardians, and teachers in writing within 72 hours of the issuance of a Notice of Violation, Notice of Intent to Revoke, Final Decision to Revoke, Notice of Non-Renewal, or equivalent notice, by the LAUSD Board of Education.

TITLE IX, SECTION 504, AND UNIFORM COMPLAINT PROCEDURES

Charter School shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title IX of the Education Amendments of 1972 (Title IX) and section 504 of the Rehabilitation Act of 1973 ("Section 504"), including any investigation of any complaint filed with Charter School alleging its noncompliance with these laws or alleging any actions which would be prohibited by these laws. Charter School shall notify all of its students and employees of the name, office address, and telephone number of the designated employee or employees.

Charter School shall adopt and publish complaint procedures providing for prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX or Section 504.

Charter School shall adopt and implement specific and continuing procedures for notifying applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with Charter School, that Charter School does not discriminate on the basis of sex or mental or physical disability in the educational programs or activities which it operates, and that it is required by Title IX and Section 504 not to discriminate on any such basis.

Charter School shall establish and provide a uniform complaint procedure in accordance with applicable federal and state laws and regulations, including but not limited to all applicable requirements of *California Code of Regulations*, title 5, section 4600 et seq.

Charter School shall adhere to all applicable federal and state laws and regulations regarding pupil fees, including Education Code sections 49010 - 49013, and extend its uniform complaint procedure to complaints filed pursuant to Education Code section 49013.

Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the Local Control Funding Formula legislation provisions set forth in Education Code section 52075.

RESPONDING TO INQUIRIES

Charter School, including its nonprofit corporation shall promptly respond to all reasonable inquiries, including but not limited to inquiries regarding financial records from the District, and shall cooperate with the District regarding any inquiries. Charter School acknowledges that Charter School, including but not limited to its nonprofit corporation, is subject to audit by LAUSD, including, without limitation, audit by the District Office of the Inspector General. Charter School shall provide the District with current, complete, and accurate contact information for Charter School, Charter School administrators, and Board members.

If an allegation or other evidence of waste, fraud, abuse, or other material violation of law related to Charter School's operations, or breach of the Charter, is received or discovered by the District, Charter School, including but not limited to its nonprofit corporation, employees, and representatives, shall cooperate with any resulting inquiry and/or investigation undertaken by the District and/or the Office of the Inspector General Investigations Unit.

Charter School acknowledges and agrees that persons and entities that directly exercise control over the expenditure of Charter School's public funds shall be subject to all necessary and appropriate District charter school oversight.

NOTIFICATION OF THE DISTRICT

Charter School shall notify the Charter Schools Division (CSD) in writing of any citations or notices of workplace hazards, investigations by outside governmental regulatory or investigative agencies, lawsuits, changes in corporate or legal status (e.g., loss of IRS 501(c)(3) status), or other formal complaints or notices, within one week of receipt of such notices by Charter School. Unless prohibited by law, Charter School shall notify the CSD in writing of any internal investigations within one week of commencing investigation. Charter School shall notify the CSD within 24 hours of any dire emergency or serious threat to the health and safety of students or staff.

STUDENT RECORDS

Upon receipt of a student records request from a receiving school/school district, Charter School shall transfer a copy of the student's complete cumulative record within ten (10) school days in accordance with Education Code section 49068 and all student confidentiality and privacy laws including compliance with the Family Educational Rights and Privacy Act (FERPA). Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records. In the event Charter School closes, Charter School shall comply with the student records transfer provisions in Element 15. Charter School shall comply with the requirements of Education Code section 49060 et seq., which include provisions regarding rights to access student records and transfer of records for youth in foster care.

PARENT ENGAGEMENT

Charter School shall not require a parent or legal guardian of a prospective or enrolled student to perform volunteer service hours, or make payment of fees or other monies, goods, or services in lieu of performing volunteer service, as a condition of his/her child's admission, continued enrollment, attendance, or participation in the school's educational activities, or otherwise discriminate against a student in any manner because his/her parent cannot, has not, or will not provide volunteer service to Charter School.

The Charter School may encourage parental involvement, but shall notify the parents and guardians of applicant students and currently enrolled students that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Ed. Code § 47605(n).)

FEDERAL PROGRAM COMPLIANCE

As a recipient of federal funds, Charter School has agreed to meet all applicable programmatic, fiscal and other regulatory requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) and other applicable federal programs. Charter School understands that it is a local educational agency (LEA) for purposes of federal compliance and reporting purposes. Charter School agrees that it will keep and make available to the District any documentation necessary to demonstrate compliance with the requirements of ESEA and other applicable federal programs. Charter School also acknowledges that, as part of its oversight of Charter School, the District may conduct program review for federal as well as state compliance.

GOVERNANCE STRUCTURE

VLGA will be a directly-funded independent Charter School operated by Vista Charter Public Schools, Inc. (VCPS or the Corporation) a California non-profit public benefit corporation, pursuant to California law. VLGA will be governed by the VCPS Board of Directors ("Board") in accordance with the Charter Schools Act, California law, the VCPS Bylaws, and the terms of this charter. VCPS shall comply with the Brown Act (Government Code §54950 et seq.), the Public Records Act (Government Code 6250 et seq.), the Political Reform Act (Govt. Code §81000 et seq.) and Govt. Code §1090 et seq. Copies of the VCPS Articles of Incorporation, Bylaws and Conflict of Interest Code are in Appendix 2.

VLGA will operate autonomously from LAUSD with the exception of the supervisory oversight as required by statute and other contracted services as negotiated between LAUSD and VLGA.

Pursuant to Education Code Section 47604(c), LAUSD shall not be liable for the debts and obligations of VLGA, nor will LAUSD be liable for claims arising from the performance of acts, errors, or omissions by VLGA as long as the LAUSD has complied with all oversight responsibilities required by law.

Pursuant to Ed. Code section 47605(n), the charter school may encourage parental involvement but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school.

All of the VCPS corporate officers shall serve in a volunteer capacity and shall not be compensated for their services as an officer. The VCPS Superintendent shall serve as the President of the corporation, but no other VCPS employees shall serve as corporate officers. All of the other officer positions may be filled either by members of the Board or other volunteers, with a preference for non-Board members in order to ensure that the Board has oversight over the officers. The roles and duties of the officers are as established in the Bylaws and in any resolutions adopted by the Board of Directors.

VCPS and its Board of Directors shall comply with the Charter, the Articles of Incorporation, Bylaws and the California Corporations Code, and all laws controlling charter schools. VCPS, its Board of Directors, administrators, managers and employees, and any other committees of the Board, shall comply with all applicable federal and state laws and nonprofit integrity standards regarding ethics and conflicts of

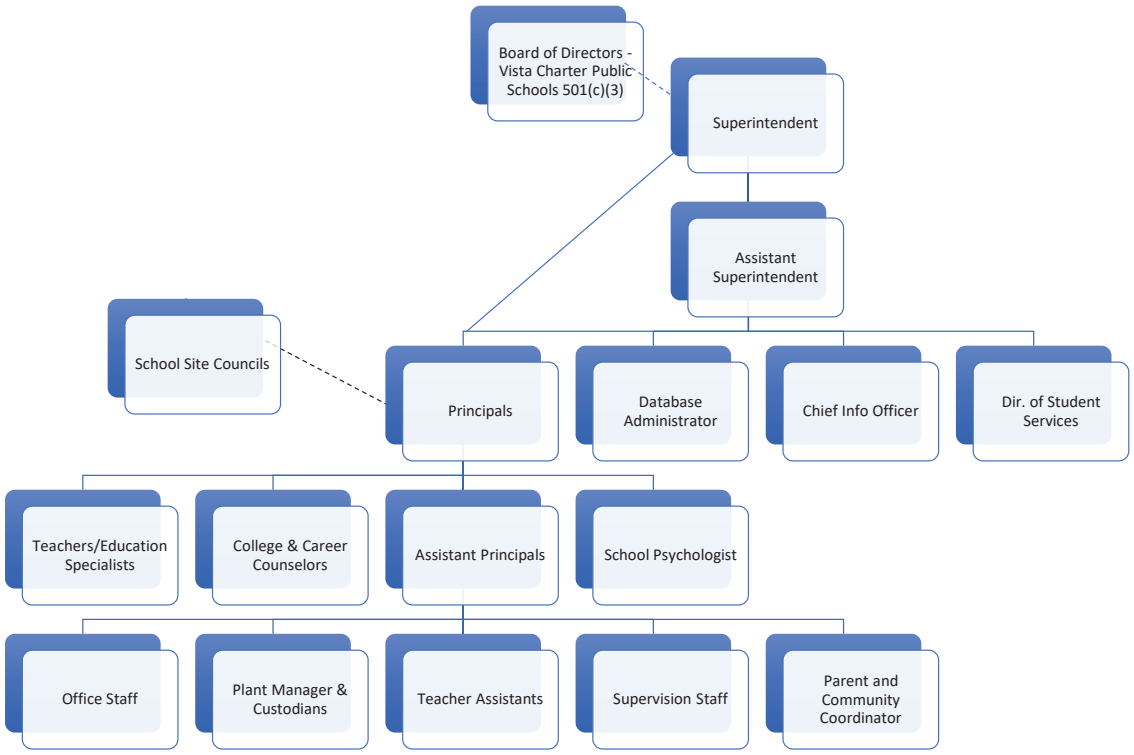
interest, including the Public Records Act (Government Code section 6250 et seq.), the Political Reform Act of 1974 (Gov. Code Section 81000 et seq.), the Brown Act (Government Code sections 54950 et seq.), and the requirements described at Government Code Section 1090 et seq. and any attendant regulations as they may be amended from time to time, and any other applicable conflict of interest prohibitions. VCPS shall not have any employees on its Board of Directors. By the terms of its Charter, VLGA is obligated to comply with the requirements of the Public Records Act, the Brown Act, Government Code Section 1090 et seq. and the Political Reform Act to the same extent as if VLGA were a non-charter California public school district, regardless of any arguments regarding the applicability of those laws to California charter schools. However, should a law, regulation, or applicable court decision clarify which conflicts of interest laws apply to charter schools, the LAUSD and Charter School agree to comply with the updated law or decision.

VCPS has adopted a Conflict of Interest Code, pursuant to California Code of Regulations, title 2, Section 18730, including the formal designation of reporters and reporting categories and the forms to be filed thereunder. VCPS shall review, revise and maintain that Code as current throughout the term of the Charter, and shall require all affected VCPS officers, employees, representatives, consultants, and governing board members to comply therewith.

VLGA shall comply with the provisions of Education Code Section 52176(b) for the establishment and operation of an English Language Advisory Committee (ELAC), as applicable to the Charter School.

In the case of a conflict between the requirements of this Charter and provisions of the Articles of Incorporation and/or Bylaws, action taken in accordance with such Articles or Bylaws which conflicts with or is inconsistent with the requirements of the Charter shall be deemed a violation of this Charter. Should the provisions of the Charter conflict with the policies, practices, or terms of any collective bargaining agreement or other agreement of VCPS, the provisions of the Charter shall prevail.

ORGANIZATIONAL CHART



MAJOR ROLES AND RESPONSIBILITIES

Board Responsibilities

The VCPS Board of Directors ("Board") is fully responsible for the operation and fiscal affairs of VLGA including, but not limited to, the following:

- Hire and evaluate the Superintendent
- Approve all contractual agreements and purchases over $25,000. The Superintendent approves invoices and purchases for $25,000 or less.
- Approve and monitor the implementation of general policies of VLGA.
- Approve and monitor VLGA's annual budget.
- Act as a fiscal agent. This includes the receipt of funds for the operation of Charter School in accordance with its laws and the receipt of grants and donations consistent with the mission of VLGA and the establishment of investment procedures.

- Contract with an external auditor to produce an annual financial audit according to generally accepted accounting practices. An Audit Committee may be convened for this purpose.
- Regularly review progress of both student and staff performance. Develop, review, or revise VLGA's accountability and mission.
- Approve the school calendar and schedule of Board meetings.
- Develop Board of Directors policies and procedures.
- Participate in the dispute resolution procedure and complaint procedures when necessary.
- Approve charter amendments.
- Approve annual fiscal audit and performance report.
- Appoint an administrative panel to act as a hearing and determining body on recommended student expulsions.
- Execute all other responsibilities provided for in the California Corporations Code.

The Board may initiate and carry on any program or activity or may otherwise act in a manner which is not in conflict with or inconsistent with or preempted by any law and which is not in conflict with the purposes for which VLGA is established.

The VCPS Board of Directors attends an annual in-service for the purposes of training individual Board members on their responsibilities, including compliance with the Brown Act, Conflicts of Interest, and fiscal and academic oversight.

The implementation of the Board's decisions is carried out by the Superintendent and Principal.

The Superintendent reports to the Board and is specifically responsible for:

- Recruit, hire, prepare and support school leaders meeting all state and federal requirements
- Oversee HR practices
- Develop and maintain a cohesive culture
- Develop clear decision-making guidelines to support the administrative team and the Board in securing focused and well-informed decisions
- Assist in student recruitment and community outreach
- Evaluate school administrators
- Develop annual budgets with school site stakeholders for Board approval, oversee finance, payroll and other fiscal operations
- Support annual audit
- Negotiate all service providers' contracts (with Board approval over $25,000)
- Oversee compliance including special education, insurance, HR and more
- Oversee securing and maintaining facilities
- Charter advocacy
- Serve as SELPA liaison
- Lead organizational PR/Media and partnerships with community members, stakeholders and organizations
- WASC Accreditation support
- Develop and manage strong business functions (finance, operations, budgeting, compliance, human resources, facilities management, marketing, IT)
- Develop and manage school programs, procedures, and policies in alignment with organizational mission

- Build and manage a growing team of staff and school leaders

The Principal's primary responsibility will be the strategic development, implementation, and management of all aspects of the Charter School's performance and operations.

The Principal reports to the Superintendent and is responsible for:

- Implementing, motivating, leading and mentoring teachers to better instructional practices and increase content expertise, performance and rigor or lesson implementation
- Providing teachers professional and instructional support through reviewing instructional documents, observing and providing feedback for classroom observations, designing and reviewing professional growth plans and facilitating weekly professional development/staff meetings
- Developing and implementing a plan that ensures student achievement which is supported by evidence through assessments such as benchmarks, classroom data, parent and student feedback and a plan to address students who are struggling
- Collaborating with the Assistant Principal and Committee Chairs to use appropriate data to establish rigorous and concrete goals in the context of student achievement and instructional programs.
- Providing individual student support by designing and evaluating student intervention plans, attending IEPs and designing a process for measuring and evaluating student growth
- Working to build and maintain a strong, positive, results-oriented school culture
- Developing a plan that fosters the relationships and ensure all stakeholders are addressed based on the clear vision of the desired culture for the school
- Planning, facilitating and attending school functions such as parent meetings, open house, parent teacher conferences, fundraisers, etc.

Full job descriptions and Qualifications for each position are included in Element 5, below.

GOVERNING BOARD COMPOSITION AND MEMBER SELECTION

The Board of Directors are composed of highly qualified individuals who, first and foremost, actively support and promote VCPS and who are dedicated to its educational outcomes. The Board includes individuals with diverse expertise, experience and ethnic backgrounds. Each year, the Board participates in training on fiscal oversight and legal compliance issues (Brown Act, Conflicts of Interest, any changes in relevant laws, etc.).

Officers are elected by the Board of Directors. Neither the secretary nor the treasurer may serve concurrently as the president.

The VCPS Board consists of 5-9 directors, each serving a two-year term; terms are staggered in alternating years. In addition, the District reserves the right to appoint a single representative to the VCPS governing board pursuant to Education Code section 47604(b). No employees of VCPS will serve on the Board and no persons serving on the Board may be an "interested person" as specified in the bylaws. All directors shall have full voting rights, including any representative appointed by the District as consistent with Education Code Section 47604(b). If the District appoints a representative to serve on the Board of Directors, the Board may appoint an additional director to ensure that the Board is maintained with an odd number of directors. All directors, except for the representative appointed by the District, shall be designated by the existing Board of Directors.

VCPS Board of Directors

Board Member	Position	Professional Expertise
Paul Vieyra	Board President	Real estate, commercial banking
Judy Molodow	Member	Special education
Michele Bauer-Bean	Secretary	Elementary Education and Lawyer
Mimi Kim	Treasurer	Entrepreneur, Finance
Dr. Suzie Oh	Member	Education Consultant
Geronimo Gaytan	Member	Parent organizer

Directors shall be selected at an annual meeting of the Board of Directors. When a vacancy occurs, as detailed in the VCPS Bylaws, a Nominating Committee, comprised of two or more directors, will be appointed by the Chairman of the Board at least thirty days prior to the election date, to identify qualified candidates from the community. Any member of the community may recommend a candidate for consideration to the Nominating Committee. The Nominating Committee shall review the qualifications of candidates, interview them, and determine if the candidate's qualifications meet the current needs of the Board. The Nominating Committee will present a report to the Board with qualifying candidates no later than seven days prior to the Board election. Directors shall hold office for terms prescribed in the Corporation's Bylaws, or until a successor has been elected, unless the director has been removed from office. Additional information on the Board Member Selection is found in the VCPS Bylaws.

The qualifications for directors are generally: the ability to attend Board meetings, a willingness to actively support and promote VCPS, and a dedication to the VCPS educational goals. Board members must also bring a desired strength to the Board, which the Board of Directors may identify (i.e. experience in educational leadership, a background in law, finance or business, organizational management or experience with non-profit organizations).

GOVERNANCE PROCEDURES AND OPERATIONS

Board meetings shall be held using real-time video communication at each of the VCPS charter school sites to ensure community, stakeholder and parent participation and attendance at the meetings. This technology allows participants at all school sites to see, hear and speak to each other.

All meetings (regular and special) of the Board and its committees shall be called, noticed, and held in compliance with the Brown Act. The Board sets its regular calendar of meetings at the Board's annual

meeting. The regular board meeting dates are posted on the Charter School's website, as well as in the Charter School's main office. The Board's regular meeting shall occur on the last Monday of each month, unless otherwise specified in the Board's annual calendar.
As such, the following takes place prior to a Board meeting:

1. An agenda is created and reviewed by the Superintendent and Board President, generally one week prior to the scheduled board meeting.

2. The agenda is prepared in full compliance with the Brown Act and includes, but is not limited to, a brief description of each item the Board will consider for action or discussion, the location address for the public meeting, instructions regarding how to request any special accommodations, and a notice whether any member will participate by teleconference. Teleconference participation by any board member will be conducted in full compliance with the Brown Act.

The agenda shall be posted at least 72 hours prior to any regular board meeting at **VLGA and each VCPS school site** (in locations, including each school's main office, where it is visible to parents, visitors, students, and staff), and on the school's web site.

1. An e-mail with the agenda and all pertinent attachments is sent to all VCPS Board Members and all VLGA employees. Hard copies of the agenda and meeting materials are made available at the meeting location.

2. The specific procedure for calling a Special Board meeting with 24-hours advance notice is outlined in VCPS's Bylaws and is in compliance with the Brown Act.

BOARD DECISION MAKING PROCESS

A majority of the board members in office shall constitute a quorum. Every decision made by a majority of the board members present at a meeting, duly held, at which a quorum is present is an act of the Board. Board members may take action by voting yes, no, or abstaining from voting.

To the extent permitted under the Brown Act, members of the Board may participate in a meeting through the use of conference telephone, electronic video screen communication, or other communications equipment. Participation in a meeting through use of conference telephone constitutes presence in person at that meeting, so long as all members participating in the meeting are able to hear one another. Teleconference participation complies with all requirements of the Brown Act (i.e., agendas specifying location of teleconference participants and providing opportunity for the public to address the Board, posted at publicly accessible location with teleconference capabilities, at least a quorum of directors must participate from within LAUSD boundaries, all votes must be by roll call).

BOARD PROFESSIONAL DEVELOPMENT

Board members receive training during the board recruitment and orientation process, as well as annual refresher training in the following topics:

- The Ralph M. Brown Act
- California State Accountability Dashboard

- School budget and compliance
- Reading and understanding financial reports
- Roles and responsibilities of board members and school staff

STAKEHOLDER INVOLVEMENT

VLGA believes that parent involvement translates into increased student achievement. VLGA will encourage, honor, and respect parent voice. Parent involvement and the inclusion of the parent voice are essential and will be ensured in the following ways:

School Site Council

The School Site Council (SSC) will be composed of:

- 3 students (from ASB)
- 3 Parents
- 3 Teachers
- VLGA Principal
- 1 out-of-classroom staff member
- 1 community member

VLGA's SSC will assist in developing, reviewing and making annual updates to the Charter Schools' Single Plan for Student Achievement (SPSA). The SSC will participate in developing recommendations for school policies and share in efforts to engage the support of the community. The SSC will make recommendations about issues related to the school and participate in reviewing parental and community concerns, especially as it relates to categorical funding as described in the SPSA. The Principal will be responsible for submitting the minutes of each SSC meeting to the VCPS Board. All SSC members, along with all employees and community members, will be encouraged to attend and voice their desires and opinions at the school's governing board meetings.

School Site Council teacher representatives will be selected by the teaching staff on an annual basis. The classified representative and the parent representatives will be selected on an annual basis by vote of their respective peers.

School Site Council meetings will be scheduled in advance for the entire year, and will be held monthly.

Each year, the Site Administrator will also engage parents, teachers and staff in formulating the school's annual LCAP updates and goal setting through focus groups, surveys and open meetings in which stakeholders are invited to participate in reviewing the school's annual progress and establishing goals – and allocating resources – for the coming years. The Charter School will solicit feedback from parents, teachers and staff via annual surveys, meetings regarding the LCAP, SARC and other reports of progress, and a variety of web-based applications like PowerSchool. The Charter School website will house all-important documents (LCAP, SARC etc.) providing 24/7 access.

English Learner Advisory Committee (ELAC)

State law mandates each school site with 21 or more students of Limited English Proficiency in attendance, regardless of language, to form a functioning English Learner Advisory Committee. The ELAC

will be formed at VLGA when the site has 21 or more students of LEP. The ELAC membership will include: Parents of ELs (at least the same percentage of the ELAC membership as ELs constitute of the Charter School's total student population), Charter School staff, and /or community members as long as the minimum percentage requirement for EL parents is maintained. The ELAC will advise the Principal and staff on programs and services for English Learners, and participate in annual goal setting and evaluation of EL achievement and needs (including the LCAP).

Parent Meetings

School-parent meetings will be held regularly while the school is in session, and more frequently, as necessary, in order to facilitate the communication process between parents and the governing board. We will have monthly standing Coffee with the Principal meetings and hold additional meetings, as necessary.

Parents will meet with staff and administrators for report card conferences three times throughout the year (November, February, June). Parents will be advised that the administrators and teaching staff are available for additional conferences as needed or as requested by parents. Parents will be encouraged to serve on the School Site Council. Parents will be consulted and advised through meetings and informational bulletins regarding the school's educational programs and student progress on an ongoing basis.

Workshops

VLGA will provide parent workshops and education classes in English and Spanish to help parents feel connected to the school community. The content of these workshops are designed to assist parents in the educational development of their children. The Principal, teachers, and staff will maintain open lines of communication at all times with all parents.

Workshop topics may include the following:

- English as a Second Language
- Helping Your Teenager Engage in Healthy Online Habits
- Child Psychology and Behavior
- Cultivating Strong Study Habits at Home
- Transitioning to College for Parents of High School Students with IEPs College Admissions 101 for Parents & Guardians
- FAFSA Workshop for Senior Parents & Guardians

Surveys

An annual parent survey will be sent home and collected to inform the development of VLGA programs for the Local Control Accountability Plan and to obtain a senseof parent and student satisfaction. The results of this survey will be made available to all VLGA stakeholders including: students, parents, VLGA staff, the School Site Council, and the Board of Directors.

Volunteer Opportunities

No parent or guardian of a VLGA student will ever be required to perform volunteer hours as a condition of their student's attendance at VLGA. Parents, however, will be provided many opportunities for volunteering at VLGA. Service opportunities will include but will not be limited to clerical support, supervision of student field trips, and supporting and organizing parent meetings. Parents can determine the type of service they contribute to VLGA based on their particular interests, strengths, and availability.

VLGA will comply with the requirements of Ed. Code section 52064.1 that requires all charter schools to provide a local control funding formula budget overview for parents based on the State Superintendent's template.

ELEMENT 5 – EMPLOYEE QUALIFICATIONS

"The qualifications to be met by individuals to be employed by the charter school." **(Ed. Code § 47605(c)(5)(E).)**

EQUAL EMPLOYMENT OPPORTUNITY

Charter School acknowledges and agrees that all persons are entitled to equal employment opportunity. Charter School shall not discriminate against applicants or employees on the basis of race, color, religion, sex, gender, gender expression, gender identity, sexual orientation, pregnancy, national origin, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, genetic information, military and veteran status, or any other characteristic protected by California or federal law. Equal employment opportunity shall be extended to all aspects of the employer-employee relationship, including but not limited to recruitment, selection, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and dismissal from employment.

ESEA/ESSA AND CREDENTIALING REQUIREMENTS

Charter School shall adhere to all requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) that are applicable to teachers and paraprofessional employees. Charter School shall ensure that all teachers are appropriately assigned and fully credentialed in accordance with applicable state requirements for certificated employment, including but not limited to the provisions of Education Code section 47605(l). Charter School shall maintain current copies of all teacher credentials and make them readily available for inspection.

Teachers and all paraprofessionals will meet the requirements for employment of California Education Code section 47605(l) and the applicable provisions of federal law. All teachers at VLGA will be required to have credentials equivalent to those required by the District as applicable and required by law for Core and College-preparatory courses.

VLGA prohibits discrimination and harassment based on race, color, religion, sex, gender identity, pregnancy, national origin, immigration status, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, sexual orientation, genetic information, or any other characteristic protected by state or federal law. VLGA is a School of Choice and no employee will be forced to work at the Charter School. VLGA will comply with all applicable state and federal laws regarding background checks and clearance of all personnel and will comply with all State and federal laws concerning the maintenance and disclosure of employee records. VLGA will comply with all State and federal mandates and legal guidelines relative to ESSA.

Notwithstanding Ed. Code section 47605(l), teachers employed by charter schools during the 2019–20 school year shall have until July 1, 2025, to obtain the certificate required for the teacher's certificated assignment. By July 1, 2020, all teachers in charter schools shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Sections 44339, 44340, and 44341.

EMPLOYEE POSITIONS AND QUALIFICATIONS

Staffing Plan

School-site staff will further be supported and overseen by the VCPS Superintendent and Database Administrator along with additional contracted services such as a speech therapist, physical therapist, etc.

Superintendent (Certificated)

The Superintendent's primary responsibility is the strategic development, implementation, and management of all aspects of the Charter School performance and operations including the administration of the Charter School. The Superintendent fosters a collaborative and stimulating community culture for a diverse group of stakeholders including students, parents, faculty members, board members, and community partners.

Responsibilities:

Leadership and Human Resources

- Recruit, hire, prepare and support school leaders
- Develop and maintain a cohesive culture which reflects VCPS's Values
- Develop clear decision-making guidelines to support the administrative team and the Board in making focused and well-informed decisions.
- Oversee Student Recruitment
- Evaluate the on-site administrator (Principal)

External Responsibilities

- Oversee Budget development and school finance
- Oversee Audit Procedures
- Negotiate all service provider contracts; secure Board Approval as required
- Manage Legal matters (District/Authorizer, Personnel, Special Education, Insurance, etc.)
- Oversee maintenance of facilities
- Implement Charter advocacy & policy legislation
- Oversee PR-Media for VLGA
- Oversee Payroll
- Develop relationship with media to support strong, positive local presence in the community

Strategic Planning

- Provide support through WASC Accreditation processes
- Develop partnerships with community organizations
- Develop strong partnerships to ensure sustainability
- Develop and manage strong business functions (finance, operations, budgeting, compliance, human resources, facilities management, marketing, IT)
- Develop and manage school programs, procedures, and policies in alignment with organizational mission
- Build and manage a growing team of staff and school leadership

Qualifications:

- 5 years of experience as a senior leader in a charter school or in an educational organization
- Experience in guiding school processes and procedures
- Experience in creating and delivering compelling presentations to diverse groups of

stakeholders.
- Experience in leading an organization through strategic planning
- Entrepreneurial, positive problem-solving, ability to see opportunity in challenges
- Clear judgment, a mature interpersonal style and the ability to drive collaborative decision-making process

Assistant Superintendent (Certificated)
As a Leader within the Executive Team, the Assistant Superintendent leads and supports the implementation of the Vista's Signature Practices focusing on Educational Excellence and Innovation for Learning, Professional Development, Assessment, and Improved Student Achievement. Reports to: Superintendent

Responsibilities:

- Oversees the development of a clear vision for the Curriculum and Instruction department to work collaboratively and productively toward the achievement of Academic Excellence for students and in fulfillment of the District's Blueprint for Educational Excellence and Innovation, the LCAP, Board Goals, and the District's Vision, Mission, and Values.
- Ensures for the implementation of the California Common Core State Standards.
- Ensures appropriate resources are provided to support the implementation of the Common Core State Standards.
- Ensures appropriate, high-quality professional development is offered to support certificated and classified efforts to ensure students are proficient in the Common Core State Standards.
- Supports a district culture of college and career preparedness.
- Supports student success through formative and summative assessment practices and programs that are in alignment with the Common Core State Standards.
- Prepares for and present progress reports to the Board of Directors.
- Facilitates Task Force teams and report progress to the Board of Directors.
- Supports, through vision, resources, and professional development, enrichment programs, and intervention programs, including but not limited to Global Education, Mastery Learning, Reader's and Writer's Workshop, STEAM, Career Technical Education (CTE), Project-Based Learning, Way of Council, and Kagan Structures.
- Partners with universities and organizations that have been approved to collaborate with the District in support of learning initiatives.
- Visits school sites and classrooms, engaging with certificated and classified employees and students, on a regular basis.
- Supports the implementation of technology that improves student achievement.
- Develops and coordinates community partnerships that actively promote the District's vision, mission and values.
- Evaluates effectiveness of programs on a regular basis to ensure allocated resources and practices are resulting in student achievement.
- Oversees the development of Single Plans for Student Achievement (SPSA) and Local Control Accountability Plans (LCAP).
- Oversees charter school compliance in the District pursuant to state law and Board Policy.
- Oversees and supports secondary schools with accreditation (WASC).
- Collaborates with the Back Office to ensure budgetary resources and highly qualified staff appropriately support student achievement.

- Oversees all after-school programs, including AM/PM, ASES, intersession, and summer school.
- Supports Site Administrators with recruitment and enrollment strategies.
- Performs other related duties as assigned by the Superintendent.

Qualifications:

- At least ten (10) years of increasing responsibility in teaching and administrative experiences in education
- Experience as a site principal and/or district-level leader experience preferred
- Knowledge of National, State, and local educational goals, initiatives, and objectives
- Experience supervising, evaluating, and supporting employees, certificated and classified
- Experience as a collaborative effective communicator (writing, speaking, listening) public speaker, facilitator, and presenter
- Valid Clear Administrative Credential and Master's Degree required

Database Administrator (Classified)

The Database Administrator reports to the Superintendent. The Database Administrator's primary responsibility is the strategic development, implementation, and management of all aspects of the charter school's data and informational systems. The Database Administrator is passionate about the mission and commitments of VCPS and exhibits this through his/her execution of all their responsibilities and relations with all stakeholders. The Database Administrator fosters a collaborative and stimulating community culture for a diverse group of stakeholders, including administration, faculty members, board members and community partners.

Responsibilities:

- Assist in the installation and testing and operational maintenance of the student information system for the purpose of ensuring expected results. This includes the management of CALPADS: SSID, Students Enrollments and information, Courses, Staff, Reports, Certifications
- Communicate with district personnel, outside software vendors and contractors for the purpose of serving as a main point of contact for obtaining information, resolving problems and ensuring accurate management of student demographic data for the completion and submission of various mandated reports and information requests.
- Coordinate with district staff and departments for the purpose of ensuring the integrity and accuracy of student demographic data.
- Work with administration to meet testing and assessment compliance requirements for the purpose of ensuring appropriate and safe testing protocols.
- Work with administration to meet master schedule requirements for the purpose of ensuring appropriate student scheduling.
- Work with office staff to provide an efficient and accurate enrollment process for incoming and outgoing students.
- Develop a variety of user support materials for the purpose of providing unified protocols.
- Maintain and manage user security for student demographic data to ensure security and data integrity.
- Maintain student attendance data collection in coordination with the District to ensure compliance with state attendance regulations.

- Manage student information system database (e.g. integrate data systems, update system design, complete dataset extraction, etc.) to achieve optimal use of student data and maintaining data integrity.
- Manage user accounts and access privileges for the student information system for the purpose of establishing security of data.
- Research trends, products, equipment, etc. in order to recommend procedures and/or purchases.
- Remain current in state and federal student data reporting requirements and district testing and assessment data requirements to ensure accurate and compliant data submission.
- Work with administration to ensure proper and efficient system usage and system changes.
- Works with IT staff on system integrity and maintenance functions to ensure student data security and access.
- Performs other related duties as assigned to ensure the efficient and effective functioning of optimal learning conditions.

Qualifications:

- B.A./B.S. degree preferred
- Must have knowledge in the use of a copier and fax machine
- Ability to communicate effectively (verbal and written)
- Must be computer literate and have extensive experience with various information systems specific to the school site.
- Bilingual in Spanish preferred
- Must have excellent organizational skills and a positive attitude

IT Coordinator (Classified)

The IT Coordinator is responsible for supervising school site IT coordinators and school site IT operations. Ensure stability of site networks and educational software – hosted licensed applications and on-site purchased applications as well as ensuring all IT equipment is in excellent working condition. Address various site issues as directed by School Site Principals/Superintendent and assist educational staff as needed to implement and administer software programs.

Responsibilities:

- Supervise School Site IT Coordinators in their job of supporting site IT operations
- Ensure all site Principal and educational staff issues are addressed
- Ensures consistency and stability of all working IT services at school sites and district office
- Work with community partners to create school site collaborations and partnerships
- Assist school site coordinators in creating parent and student classes, clubs, field trips, and educational opportunities
- Assist in district website updates
- Co-chair VCPS Technology Committee and assist with strategic planning

Qualifications:

- Bachelor's Degree preferred
- Working knowledge of Microsoft Windows operating system
- Working knowledge of MS Office products and applications as applies to education
- Working knowledge of Google domain and all related applications
- Knowledge of internal network operations & Microsoft Windows Server Operating system
- Classroom and instructional experience beneficial

- Comfortable in educational environment
- Clear communications ability to both classified and certificated staff
- Supervisory experience preferred
- Google and Microsoft certifications beneficial

Principal (Certificated)
The Principal reports to the Superintendent and his/her primary responsibility is the strategic development, implementation, and management of all aspects of the Charter Schools' performance and operations. The Principal is passionate about the mission and commitments of VCPS and exhibits this through his/her leadership and execution of school culture, staff development, student rigor, and operational responsibilities. The Principal fosters a collaborative and stimulating community culture for a diverse group of stakeholders, including students, parents, faculty members, board members and community partners.

Responsibilities:

Staff Leadership & Development
The Principal implements, motivates, leads, and mentors teachers to strengthen instructional practices and increase content expertise, performance, and rigor.

The Principal provides teachers professional and instructional support. The Principal:

- Reviews instructional documents
- Observes and provide feedback for classroom observations
- Designs and review professional growth plan goals
- Facilitates weekly professional development/staff meetings.

Academic Rigor

The Principal:

- Develops and implements a plan that ensures high levels of student achievement for all students and includes: benchmarks, assessments, classroom data, parent and student feedback.
- Develops and implement a plan to address students who are struggling.
- Collaborates with others to use appropriate data to establish rigorous, concrete goals in the context of student achievement and instructional programs.
- Provides individual student support by designing and evaluating student intervention plans, attending IEP's, and designing a process for measuring and monitoring individual student growth.

School Culture

The Principal:

- Works to build and maintain a strong, positive, results-oriented school culture where teachers believe and reflect in action that all students can achieve.
- Leads via assessing and developing processes for improving the VLGA school climate and culture.
- Develops a plan based on the vision of the desired culture of VLGA that fosters strong

relationships and meets the needs of all stakeholders (students, parents, and teachers) as it pertains to the VLGA culture.
- Plans, facilitates, and attends school functions such as parent meetings, open house, parent teacher conferences, sporting events, fundraisers, etc.

Qualifications:

- 5 years' teaching experience
- Proven record of improving urban schools by increasing student achievement
- A current California teaching credential. Master's degree, and an Administrative credential are desired
- Previous leadership experience (department chair, assistant principal, dean, etc.).
- Proven leadership and team building skills.
- Excellent interpersonal communication and writing skills.

Assistant Principal (Certificated)

The Assistant Principal reports to the Principal and Superintendent. His/her primary responsibility is to aid the Principal in the strategic development, implementation, and management of all aspects of the Charter School's performance and operations. The Assistant Principal is passionate about the mission and commitments of VCPS and exhibits this through his/her leadership and execution of school culture, staff development, student rigor, and operational responsibilities. The Assistant Principal helps foster a collaborative and stimulating community culture for a diverse group of stakeholders, including students, parents, faculty members, board members and community partners.

Responsibilities:

- Implement, motivate, lead and mentor teachers to better instructional practices and increase content expertise to improve student performance and rigorous expectations.
- Provide teachers professional and instructional support through reviewing instructional documents, observing and providing feedback for classroom observations, designing and reviewing professional growth plan goals and facilitate weekly PD/staff meetings.
- Implement a plan that ensures student achievement, which is supported by evidence through assessments such as benchmarks, classroom data, parent and student feedback and a plan to address students who are struggling.
- Collaborate with others to use appropriate data to establish rigorous, concrete goals for student achievement.
- Provide individual student support by designing and evaluating student intervention plans, attending IEP's and designing a process for measuring and monitoring individual student growth.
- Work to build and maintain a strong, positive, results- oriented school culture where teachers believe and promote that all students can achieve by providing leadership for assessing and developing processes for improving climate and culture.
- Develop a plan that fosters the relationships and ensure all stakeholders (students, parents, and teachers) are addressed based on the clear vision of the desired culture for the school.
- Plan, facilitate and attend school functions such as parent meetings, open house, parent teacher conferences, sporting events, fundraisers, etc.

Qualifications:

- 5 years' teaching experience with a history of improving urban schools, increasing student achievement and demonstrating a passion for education reform.
- Must have a current California credential.
- Master's degree & an Administrative credential preferred
- Previous leadership experience (e.g., department chair, assistant principal, dean).
- Proven leadership and team building skills.
- Detail-oriented, multi-tasking and problem-solving skills.

School Psychologist (Certificated)

The School Psychologist reports to the Principal and provides psychological services to general education students and students with disabilities; develops individual case studies of students to determine eligibility for special programs; assists in the development of behavior support plans and functional behavior assessments; consults with school personnel, parents, and others concerned with the progress of students; and provides both individual and group counseling as well as case management for counseling services. The School Psychologist integrates the educational program to fit a fully inclusive special education program.

Responsibilities:

- Conduct psychological assessments and develop case studies of individual students to determine educational needs, learning characteristics, and social behavior relevant to educational placement and instructional planning.
- Interpret the findings of individual case studies to the IEP team.
- Participate in the process required by federal, state, and local regulations for the identification, placement, and review/re-evaluation of students with special needs.
- Assist in developing a written individual educational plan for students who are determined eligible for special education placement and/or service; assist in developing recommendations regarding eligibility and program placement.
- Assist in developing behavioral objectives for individual students and special class groups; suggest implementation strategies as appropriate; confer with teachers and parents regarding strategies for the solution or amelioration of individual learning or adjustment problems of students.
- Counsel students individually and in groups to assist them in educational achievement and personal or social adjustment. Assist with implementing school-wide social emotional programs (Way of Council).
- Assist with the organization of, and serve as a leader in, staff development activities in the field of psychological services.
- Participate in Student Study Team meetings and the MTSS process as needed.
- Other duties as assigned

Qualifications:

- An earned Bachelor's degree from an accredited university, and
- An earned Master's degree in School Psychology from a regionally accredited university, OR
- Current enrollment in a School Psychology Master's degree program in a regionally accredited university with Internship eligibility.

- One of the following California credentials or combination of credentials authorizing K-12 service must be in force and on file:
  - General Pupil Personnel Services Credential authorizing service as a school psychologist;
  - Service Credential with a specialization in pupil personnel services designating service as a school psychologist;
- Knowledge of the growth and development of youth and adolescents, learning theory, and mental health concepts.
- Sensitivity to, and understanding of, the unique differences and needs of disabled students and their parents.
- Knowledge of uses and limitations of standardized individual and group tests, and semi-projective devices.
- Ability to assume leadership in teacher/staff development activities.
- Understanding of the relationship between the total education program as well as counseling and psychological services.
- Facility in oral and written communication.
- Appropriate manner including poise, tact, good judgment, and ability to work effectively with VCPS personnel, community representatives, and students.

College and Career Counselor

The College and Career Counselor oversees the college office for the Charter School and leads all work to foster a strong college-going culture across all grade levels and all facets of the Charter School.

Leadership of Program

Build and operate best-in-class systems and protocols for various facets of the School's college awareness/application/enrollment, dual enrollment and pathways programs:

- Leveraging research-proven best practices for college access work nationally, develop and implement a comprehensive college counseling and financial aid program for the school to ensure that 100% of VLGA's students match at selective or highly selective colleges and/or universities
- Develop and support partnerships with college and university partners including dual enrollment/pathways relationships and student support for success in enrolling in and completing college courses while still enrolled at VLGA
- Oversee ongoing tracking and communication with students and their parents/guardians of graduation requirements and progress towards completion, and credit recovery options;
- Support school-wide culture initiatives (lead assemblies, discipline meetings, academic intervention meetings, etc.)
- Monitor scholar achievement and culture data and develop and implement a data-driven process for setting grade level and whole-school culture and achievement goals
- Design, oversee, and implement the school's alumni support initiatives to track and support high levels of college persistence and graduation among all VGMA alumni

Qualifications

- At least 2 years of college/career counseling experience with a track record of success supporting first generation students' admission to selective and highly selective colleges and universities
- Demonstrated passion for and commitment to VLGA's mission and educational model

- Comfort level with helping families navigate college financial aid
- Willingness to work autonomously, collaboratively, and/or under as needed
- Acute attention to detail coupled with the ability to think and act strategically
- Flexible and able to multi-task; can work within an ambiguous, fast-moving environment, while also driving toward clarity and solutions
- Demonstrated resourcefulness in setting priorities and guiding investment in people and systems
- Personal qualities of maturity, humility, strong work ethic, sense of humor, and a "roll-up-my-sleeves attitude"
- Bachelor's degree
- Strong written and oral Spanish language skills preferred

Classroom Teachers (Certificated)

The teacher reports to the site administrator and is responsible for the development and performance of the courses they instruct. The teacher fosters a collaborative and stimulating classroom environment for a diverse group of students, as well as foster a strong collaboration between parents, faculty members, board members and community partners.

Responsibilities:

- Foster a safe and nurturing learning environment
- Organize classroom systems/procedures and manage student behavior to ensure that all students are fully engaged in learning
- Establish an environment where students are excited about learning
- Develop lesson plans according to the CA CCSS and CA State Content Standards
- Build strong relationships with students and parents
- Identify students' areas for improvement and be able to work with students, families, and internal resources to suggest options for improvement
- Provide continual assessment of student progress, maintain student records, and complete assigned paperwork in provided timeframes
- Collaborate with the Resource Specialist to meet the needs of all students
- Attend and implement professional development training throughout and beyond the school year
- Demonstrate support and knowledge of school's goals and mission
- Attend and participate in school-based meetings and activities

Qualifications:

- Bachelor's degree from an accredited college or university
- Master's degree in subject matter field or Education (strongly preferred)
- Must possess, or be in the process of completing, a current California teaching credential

Skills:

- Solid knowledge of subject matter, including CA CCSS, CA State Content Standards and subject-specific frameworks and assessments
- Ability to analyze qualitative and quantitative student data
- Ability to communicate effectively (verbal and written)

- Must be computer literate

Educational Specialist

The Educational Specialist reports to the site administrator and is responsible for the development and performance of the students they serve by upholding and abiding by the special educational laws and regulations in the state of California. The Educational Specialist aides in fostering a collaborative and stimulating classroom environment for a diverse group of students, as well as foster a strong collaboration between parents, faculty members, board members and community partners.

Responsibilities:

- Maintain SWD program that is in place including calendar of meetings, staff trainings, deadlines and program needs
- Organize and maintain service provider services, services for all students identified or in the process of being identified; Maintains compliance to records, documenting, SWD timelines and program deadlines
- Function as the case manager for all students in process of being established as a Special Education Student and current Special Education Students
- Participate in the SST Processes by developing and maintaining organization of services to pupils
- Provide information to staff and parents to facilitate student success with their specific needs
- Utilize strong communication and multitasking skills; build relationships; problem solve effectively
- Coordinate special education services with the regular school programs for Students with Disabilities enrolled in the resource program.
- Provide or coordinate classroom supports that include (but are not limited to): behavior support, basic academic skills, organization and study skills, social skills, use of cognitive strategies and fostering a safe and nurturing learning environment
- Demonstrate strong organization and management in
  - Preparing for all student and staff meetings related to student services or professional development
  - Student Service minutes, change of services, change of placement, ESY, etc.
  - Student assessment for annual, triannual, or other student assessment designated by the IEP team
  - All SWD timelines as aligned to FAPE or IDEA
- Participate as a collaborative member of the faculty and in ongoing staff development and trainings

Qualifications:

- Candidate must possess a current California credential in Special Education appropriate to program needs
- Solid knowledge of State and Federal guidelines for Special Education
- Bachelor's degree; Master's degree is preferred
- Must be flexible and team-oriented
- Excellent written and communication skills
- Bilingual in Spanish preferred

Teacher's Aide (TA)

The Teacher's Aide reports to an administrator and is responsible for assisting in the development and performance of the classes they assist in. The TA foster a collaborative and stimulating classroom environment for a diverse group of students, as well as foster a strong collaboration between parents, faculty members, board members and community partners.

Responsibilities:

- Foster a safe and nurturing learning environment
- Assist the teacher in maintaining classroom systems/procedures and manage student behavior to ensure all students are fully engaged in learning
- Support differentiation or other instructional strategies implemented to ensure that needs of all learners are met
- Establish an environment where students are excited about learning
- Support teachers with data tracking and progress monitoring
- Build strong relationships with students and parents and teachers
- Demonstrate support and knowledge of school's goals and mission
- Attend and participate in school-based meetings and activities
- Develop or assist in the development of lesson plans according to the CA CCSS and CA State Content Standards
- Identify student areas for improvement and be able to work with the student and family and internal resources to suggest options for improvement
- Provide continual assessment of student progress, maintain student records and complete assigned paperwork in provided timeframes.
- Collaborate with the Educational Specialist and other staff to meet the needs of all students
- Attend and implement professional development training throughout and beyond the school year
- Demonstrate support and knowledge of school's goals and mission
- Participate, attend and plan field trips
- Participate in school events during, before and after school
- Attend and participate in school-based meetings and activities

Qualifications:

- Prior experience working with students in a learning environment
- Bilingual in Spanish preferred
- Intermediate proficiency in Microsoft Word, Excel, and Outlook
- Must be flexible, positive, detail-oriented, a team player, patient and willing to learn.
- Must be able to work in a fast-paced work environment with flexibility and dedication

Parent and Community Coordinator

The Culture and Community Coordinator's primary responsibility is to support the School Community through community outreach, parent engagement and school culture development.

Responsibilities:

School Culture is the foundation of academic and social success. The Parent and Community Coordinator will support with the development and management of:

- School Safety Plan
- Supervision staff schedules, responsibilities, shift assignments
- Professional Development of Supervision Staff
- Support with implementation of school-wide signature practice: Way of Council and Restorative Conferences
- Support with implementation of schoolwide behavior policy
- Non-Violent Crisis Intervention
- Participate in School Advisory Council/Committees

A School Community cannot be successful in isolation. The Parent and Community Coordinator will ensure community outreach:

- Sports program development and participation
- Collaboration with community partners
- Alumni engagement and outreach

Establish meaningful communication between the school and the community to ensure academic achievement of all students through:

- Parent workshops
- Parent engagement
- School-to-Parent Communication
- Family Councils
- Active Recruitment

Qualifications:

- Be prepared to demonstrate in-depth knowledge of the school, surrounding community and target client populations
- Strong written and oral communication skills
- Active listening skills
- Interpersonal and human relation skills and the ability to develop positive working relationships with target demographic and community partners
- MS Word, Google Suite, Electronic Communication

Office Manager

The Office Manager reports to the Site Administrator. The Office Manager's primary responsibility is the aide and support of all functions of the charter school site with direction given by the site administrator. The Office Manager is passionate about the mission and commitments of VCPS and exhibits this through his/her execution of all their responsibilities and relations with all stakeholders. The Office Manager fosters a collaborative and stimulating community culture for a diverse group of stakeholders, including administration, faculty members, board members and community partners.

Responsibilities:

- Greet and assist parents, students, and visitors to the school in a friendly and professional manner.
- Answer the phone in a professional and courteous manner.

- Coordinate substitute teacher coverage as needed and in communication with teachers.
- Supervise and delegate duties to Office Assistants.
- Manage quotes and relationships with vendors.
- Maintain accurate records of all distributed school assets such as keys, technology or other equipment.
- Ensure accurate financial records as needed including: Credit Card Logs, Purchase Orders, Teacher Check Requests and Paid Time Off Forms.
- Sort through mail and distribute accordingly.
- Work with site administrators and teachers regarding any projects or special requests.
- Oversee parent correspondence and mailings.
- Maintain, store and secure all student files ensuring confidentiality.
- Manage student meal applications.
- Track student attendance and tardies using SIS (PowerSchool).

Qualifications:

- B.A./B.S. degree preferred
- Must have 3-5 years of Management experience
- Must be proficient in operating a copy machine and fax machine
- Ability to communicate effectively (verbal and written)
- Must be computer literate and have demonstrated proficiency with: MS Office, Word & Excel
- Bilingual in Spanish preferred
- Must have excellent management and organizational skills and a positive attitude

Office Clerk (Classified)

The Office Clerk reports to the Office Manager. The Office Clerk's primary responsibility is the aide and support of all functions of the charter school Office Manager in conjunction with the needs and directions given by the site administrator. The Office Clerk is passionate about the mission and commitments of VCPS and exhibits this through his/her execution of all their responsibilities and relations with all stakeholders. The Office Clerk fosters a collaborative and stimulating community culture for a diverse group of stakeholders, including administration, faculty members, board members and community partners.

Responsibilities:

- Provide excellent customer service
- Greet and assist staff, parents, students, and visitors to the school in a friendly and professional manner.
- Answer phones using a professional and courteous manner.
- Route calls appropriately.
- Take messages and distribute in a timely manner.
- Reply to general information requests with the accurate information
- Assist with proper documentation and accuracy of attendance
- Fax and make copies
- Assist with typing and composing correspondence and letters
- Responsible for making phone calls to parents.
- Assist with collecting the lunch count.

- Assist with the preparation of parent meetings.
- Translate for teachers, parents and counselors.
- Make student files.
- Organize cumulative student files.
- Other duties as assignment by site administrator

Qualifications:

- BA/BS degree preferred
- Prior experience working with students in a learning environment
- Strong Math skills is strongly preferred
- Bilingual in Spanish preferred
- Intermediate proficiency in Microsoft Word, Excel, and Outlook
- Must be flexible, positive, detail-oriented, team player patient and willing to learn.
- Must be able to work in a fast-paced work environment with flexibility and dedication

Plant Manager (Classified)

The Plant Manager reports to the Site Administrator. The Plant Manager is responsible for ensuring that the facility is well maintained and running appropriately to maintenance standards. The Plant Manager helps maintain a school environment and culture by being able to communicate and work with a diverse group of students, parents, faculty members, board members and community partners.

Responsibilities:

- Maintaining the quality of school facilities.
- Supervise and evaluate all non-instructional classified staff at the site responsible for maintaining the quality of school facilities.
- Manage all school scheduling, special events, cafeteria, maintenance, playgrounds and cleaning.
- Manage community use of school site.
- Assist in the school safety plan: disaster preparation, fire drills, student, staff and public safety, and student health.
- Maintain equipment, textbook and supply inventories.
- Coordinate with administration to maintain a positive, safe learning environment for students.
- Assist with school public relations and communications plan: promote the school and district through positive relations with community, businesses, parents and students.
- Perform other duties as assigned.
- Maintain regular attendance.
- Coordinate and work with Site Administrator (s) and Office Assistant/Manager for orders for campus facilities and maintenance
- Maintain on-going communication with community partners/ leaseholders where shared occupancy space is occurring
- Coordinate and communicate with after school groups or outside vendors who use the school
- Must understand and follow practices, policies and procedures regarding:
  - Laws, rules and regulations related to assigned activities.
  - District operations policies, procedures and objectives
  - Health and safety regulations.

Qualifications:

- Must have prior experience working with students in a learning environment
- Bilingual in Spanish preferred
- Intermediate proficiency in Microsoft Word, Excel, and Outlook
- Must be flexible, positive, detail-oriented, a team player, patient and willing to learn.
- Assist in maintaining standards of school safety and civility and ensuring the observance of rules and procedures by students and staff on a school campus at the direction of the school administrator.

Custodian (Classified)

The custodian reports to the Plant Manager and/or Site Administrator. Custodians are responsible for ensuring that the facility is well maintained and running appropriately to maintenance standards. Custodians help maintain a school environment and culture by being able to communicate and work with a diverse group of students, parents, faculty members, board members and community partners.

Responsibilities:

- Maintain the quality of school facilities.
- Assist Plant Manager with all school scheduling, special events, cafeteria, maintenance, playgrounds and cleaning.
- Assist in equipment maintenance and textbook and supply inventories.
- Coordinate with administration to assist in maintaining a positive, safe learning environment for students.
- Perform other duties as assigned.
- Maintain regular attendance.
- Maintain ongoing communication with community partners/ leaseholders where shared occupancy space is occurring
- Assist with the coordination and communication with after school groups or outside vendors who use the school
- Must understand and follow practices, policies and procedures regarding:
  - Laws, rules and regulations related to assigned activities.
  - District operations policies, procedures and objectives
  - Health and safety regulations.

Qualifications:

- Must have prior experience working with students in a learning environment
- Bilingual in Spanish preferred
- Intermediate proficiency in Microsoft Word, Excel, and Outlook
- Must be flexible, positive, detail-oriented, team player patient and willing to learn.
- Assists in maintaining standards of school safety and civility and ensuring the observance of rules and procedures by students and staff on a school campus at the direction of the school administrator.

Supervision Aide (Classified)

The Supervision Aide reports to the Site Administrator or his/her designee and is responsible for ensuring the observance of the rules and procedures by students and others on a school campus. The Supervision Aide fosters a collaborative and stimulating school environment for a diverse group of students, as well as foster a strong collaboration between parents, faculty members, board members and community partners.

Responsibilities:

- Supervise non-classroom areas: in hallways, indoor assembly areas, outdoor eating areas, restrooms, playground and other areas as assigned
- Enforce Charter School rules and expectations
- Report problems of serious nature, including recurring behavioral problems and safety hazards, to site administrators
- Collaborate with school staff to alleviate behavioral problems occurring during supervision periods
- Assume responsibilities in inclement weather as assigned by site administrators
- Conduct campus safety checks during breaks, lunch, before and after school
- Maintain constant movement and active supervision throughout campus
- Communicate to school administrators regarding causes and effects of campus and community tension.
- May assist in record-keeping regarding student discipline (ex: BIFs, 30 Day Contracts, Class Dojo Reports, PowerSchool Logs).
- Provide supervision personnel in inclement weather as assigned by site administrators
- May direct students and others and take action, as necessary, to prevent injury to persons or damage to property.
- May assist a certificated employee in supervising students during field trips and special events.
- May deliver, set up, lay out, or collect equipment and other materials.
- May assist school administrators in contacting parents regarding students with behavioral problems and in discussing campus security with parent and community groups.
- May work with groups authorized to be on the campus before and after school and keep the campus free of unauthorized persons.

Qualifications:

- Prior experience working with students in a learning environment is preferred
- Bilingual in Spanish preferred
- Must be flexible, positive, detail-oriented, a team player, patient and willing to learn in a fast-paced environment
- Understand and follow oral and written directions

Other Certificated Staff

A list of day-to-day and qualified substitutes are established and maintained.

ELEMENT 6 – HEALTH AND SAFETY PROCEDURES

"The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:
(i) That each employee of the charter school furnish it with a criminal record summary as described in Section 44237
(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (J), inclusive, of paragraph (2) of subdivision (a) of Section 32282.
(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school." **(Ed. Code § 47605(c)(5)(F).)**

HEALTH, SAFETY AND EMERGENCY PREPAREDNESS PLAN

Charter School shall comply with all applicable federal, state, and local requirements related to school and student health, safety, and emergency preparedness.

If Charter School occupies and/or operates on a District facility, Charter School shall comply with all District health, safety, and emergency procedures and requirements applicable to District facilities and related operations, and shall be subject to inspection by the District's Facilities Services Division, Office of Environmental Health and Safety, and other District offices in the same manner as other LAUSD campuses.

Charter School shall adopt, implement, and maintain at all times a current, comprehensive, and site-specific Health, Safety, and Emergency Preparedness Plan ("Plan"), which must include but is not limited to provisions for building and site emergency evacuation, the acquisition and maintenance of adequate onsite emergency supplies. The Plan must include Charter School's requirements and procedures for protecting student health and safety during off-campus school-sponsored activities, including but not limited to field trips and transportation. Charter School shall ensure that all staff members receive annual training on Charter School's health, safety, and emergency procedures, including but not limited to training on bloodborne pathogens, and shall maintain a calendar for, and conduct, emergency response drills for students and staff.

Charter School shall periodically review, and update and/or modify as necessary, its Health, Safety, and Emergency Preparedness Plan, and keep it readily available for on-site use. Charter School shall provide a copy of the Health, Safety, and Emergency Preparedness Plan for review upon CSD request.

Comprehensive School Safety Plan

The Charter School shall adopt a Comprehensive School Safety Plan, to be reviewed and updated by March 1 of every year, which shall include, but not be limited to: (1) an assessment of the current status of school crime committed on Charter School facilities and at Charter School-related functions; and (2) identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the Charter School's procedures for complying with applicable laws related to school safety, which shall include the development of all of the following pursuant to Education Code section 32282(a)(2)(A)-(J):

- Child abuse reporting procedures

- Routine and emergency disaster procedures
- Policies for students who committed an act under Section 48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
- Procedures to notify teachers of dangerous students pursuant to Education Code section 49079
- A discrimination and harassment policy consistent with Education Code section 200
- Provisions of any schoolwide dress code that prohibits students from wearing "gang-related apparel" if applicable
- Procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
- A safe and orderly environment conducive to learning at the Charter School
- The rules and procedures on Charter School discipline
- Procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on Charter School campus(es) and at school-related functions.

CHILD ABUSE AND NEGLECT MANDATED REPORTER TRAINING

Charter School shall provide all employees, and other persons working on behalf of Charter School who are mandated reporters, with annual training on child abuse detection and reporting, which shall occur within the first six weeks of each school year, or within the first six weeks of a person's employment if employed after the beginning of the school year, in accordance with the requirements of Education Code section 44691.

Medication in School

The Charter School will adhere to Education Code section 49423 regarding administration of medication in school. Charter School shall stock and maintain the required number and type of emergency epinephrine auto-injectors onsite and provide training to employee volunteers in the storage and use of the epinephrine auto-injector as required by Education Code section 49414 and section 4119.2 of the Business and Professions Code, as they may be amended from time to time.

ATHLETIC PROGRAMS

Charter School shall comply with the requirements of Education Code section 49475, with respect to any athletic program (as defined in Education Code section 49475) offered by or on behalf of Charter School.

If the Charter School offers an interscholastic athletic program, it shall develop and post a written emergency action plan that describes procedures to be followed in the event of sudden cardiac arrest and other medical emergencies, acquire and regularly test and maintain at least one automated external defibrillator (AED) for the Charter School, and make the AED available at on-campus athletic activities or events according to the requirements of Education Code sections 35179.4 and 35179.6.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Charter School, including its employees, officers, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq. at all times.

CRIMINAL BACKGROUND CLEARANCES AND FINGERPRINTING

Charter School shall comply with all requirements of Education Code sections 44237 and 45125.1. Charter School shall designate and maintain at all times at least one Custodian of Records duly authorized by the California Department of Justice.

Charter School shall maintain on file and available for inspection evidence that (1) Charter School has performed criminal background checks and cleared for employment all employees prior to employment; (2) Charter School has obtained certification from each of its contracting entities/independent contractors that the entity/contractor has conducted required criminal background clearances for its employees prior to provision of schoolsite services and/or any contact with students, and has requested subsequent arrest notification service; and (3) Charter School has performed criminal background checks and cleared for service all volunteers not directly supervised by staff and who may have contact with students. Charter School shall also ensure that it requests and receives subsequent arrest notifications from the California Department of Justice for all employees and volunteers not directly supervised by staff. Upon request, Charter School shall provide a copy of Department of Justice confirmation of Custodian of Records status for each Custodian of Records. Charter School, including its administrators and officers, shall comply with the requirements of Education Code section 44030.5.

All teachers in Charter School shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Education Code sections 44339, 44340, and 44341.

IMMUNIZATION AND HEALTH SCREENING REQUIREMENTS

Charter School shall require all employees, and any volunteer or vendor/contracting entity employee who may have frequent or prolonged contact with students, to undergo a risk assessment and/or be examined and determined to be free of active tuberculosis (TB) within the period of 60 days prior to employment/service, or otherwise meet the requirements of Education Code section 49406. Charter School shall maintain TB clearance records and certificates on file.

Charter School shall comply with all federal and state legal requirements related to student immunization, health examination, and health screening, including but not limited to screening for vision, hearing, and scoliosis pursuant to Education Code section 49450 et seq, to the same extent as would be required if the students were attending a non-charter public school. Charter School shall maintain student immunization, health examination, and health screening records on file.

SAFE PLACE TO LEARN ACT

Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 et seq.

SUICIDE PREVENTION POLICY

If Charter School serves students in any grades Transitional Kindergarten/Kindergarten through 12, Charter School shall comply with the requirements of AB 2246 (2016) and AB 1767, codified in Education Code section 215, including but not limited to the requirement that the school's pupil suicide prevention policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts and adopted at a regular public hearing. The

Charter School shall review, at a minimum every fifth year, its policy on pupil suicide prevention and, if necessary, update its policy. Charter School shall provide the CSD with a copy of its pupil suicide prevention policy for review upon request.

HUMAN TRAFFICKING PREVENTION RESOURCES

If the Charter School serves students in any grades 6-12, it shall identify and implement the most appropriate methods of informing parents/guardians of human trafficking prevention resources as required by Education Code section 49381.

FEMININE HYGIENE PRODUCTS

If the Charter School maintains any combination of classes in grades 6-12 that meets the 40% pupil poverty threshold required to operate a schoolwide program pursuant to Section 6314(a)(1)(A) of Title 20 of the United States Code, then it shall stock at least 50% of its restrooms with feminine hygiene products at all times, and shall not charge students for these products, as required by Education Code section 35292.6.

NUTRITIONALLY ADEQUATE FREE OR REDUCED-PRICE MEAL

The Charter School shall provide each needy student, as defined in Education Code section 49552, with one nutritionally adequate free or reduced-price meal, as defined in Education Code section 49553(a), during each school day.

CALIFORNIA HEALTHY YOUTH ACT

The Charter School shall teach sexual health education and human immunodeficiency virus ("HIV") prevention education to students in grades 7-12, at least once in middle school and at least once in high school, pursuant to the California Healthy Youth Act. (Ed. Code § 51930, et seq.)

BULLYING PREVENTION

Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying, and shall annually make available the online training module developed by the California Department of Education pursuant to Education Code section 32283.5(a) to certificated school site employees and all other school site employees who have regular interaction with pupils.

LGBTQ RESOURCES TRAINING

Charter School recognizes that it is encouraged to use school site and community resources developed by the State Department of Education for the support of lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) pupils to provide training at least once every 2 years to teachers and other certificated employees at each Charter School school site that serves pupils in grades 7 to 12, to increase support for LGBTQ pupils and thereby improve overall school climate. (Ed. Code § 218.)

TRANSPORTATION SAFETY PLAN

The Charter School shall develop and maintain a transportation safety plan that includes procedures to ensure that a student is not left unattended on a school bus, student activity bus, youth bus, or child care motor vehicle and procedures and standards for designating an adult chaperone, other than the driver, to accompany students on a school activity bus. In addition, the Charter School shall ensure that each school bus, student activity bus, youth bus, or child care motor vehicle is equipped with a child safety alert system that requires the driver to either manually contact or scan the device, thereby prompting the driver to inspect the entirety of the interior of the vehicle before exiting, unless the student activity bus is exempted by law. (Ed. Code § 39831.3; Veh. Code § 28160.)

The health and safety of VLGA staff and students is the highest priority for the Charter School.

SCHOOL SAFETY PLAN

Pursuant to Assembly Bill 806, VLGA shall develop its comprehensive school safety plan pursuant to the requirements of AB 806 and the relevant Education Code requirements and shall review and update the plan annually by March 1.

PROCEDURES FOR BACKGROUND CHECKS

All employees of VLGA, all volunteers who will be performing services that are not under the direct supervision of a credentialed VLGA employee, and any onsite independent contractors or vendors having unsupervised contact with students, will be required to submit to criminal background checks and fingerprinting in accordance with Education Code Sections 44237 and 45125.1. All non-credentialed applicants for employment must submit two sets of fingerprints to the California Department of Justice for the purpose of obtaining a criminal record summary. The Charter School shall not hire any person, in either a certificated or classified position, who has been convicted of a violent or serious felony except as otherwise provided by law, pursuant to Education Code Sections 44830.1 and 45122.1. Volunteers who will be outside the direct supervision of a credentialed employee shall be fingerprinted and receive background clearance prior to volunteering on campus. The Superintendent of VCPS shall monitor compliance with this policy (the Board President shall monitor fingerprinting and background clearance of the Superintendent) and make quarterly reports to the Board. VLGA will maintain on file and available for inspection evidence that the school has performed criminal background checks for all employees and documentation that vendors have conducted required criminal background checks for their employees prior to any unsupervised contact with students. VLGA shall also ensure that the Principal receives subsequent arrest notifications of all individuals subject to background checks from the Department of Justice to ensure the ongoing safety of its students.

DIABETES

VLGA will provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 9th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but not be limited to, all of the following:

1. A description of type 2 diabetes.
2. A description of the risk factors and warning signs associated with type 2 diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.
4. A description of treatments and prevention methods of type 2 diabetes.

5. A description of the different types of diabetes screening tests available.

Suicide Prevention Policy

VLGA shall maintain a policy on student suicide prevention in accordance with Education Code Section 215.

Emergency Preparedness

VLGA shall adhere to an Emergency Preparedness Handbook containing procedures for safety, drafted specifically to the needs of the school facility. This handbook shall include but not be limited to the following responses: fire, flood, earthquake, terrorist threats, and hostage situations. All staff members will receive detailed training on emergency procedures. The handbook shall be kept on file for review.

Staff shall receive training in emergency response, including appropriate "first responder" training or its equivalent.

Custodian Of Records

In accordance with California Department of Justice requirements, the Superintendent and Principal shall serve as VLGA's Custodians of Records.

Immigration Policy

VLGA will comply with the requirements of AB 699 by adopting policies consistent with the guidance and model policies issued by the California Attorney General.

California Healthy Youth Act

VLGA will comply with the California Healthy Youth Act, which requires charter schools to teach sexual education and HIV prevention to students in grades 7 to 12 at least once in junior high or middle school and at least once in high school.

Human Trafficking

VLGA shall provide information to students about how social media and mobile device applications are used for human trafficking in compliance with Assembly Bill 1861 and Senate Bill 1104.

Student Debts

The Public School Fair Debt Collection Act (Assembly Bill 1974 [2018]) mandates that a pupil can never owe or be billed for a debt owed to a charter school. As such, VLGA school shall comply with all provisions of the Public Schools Fair Debt Collection Act, including the prohibition on taking any negative actions against a pupil because of a debt, prohibiting a debt collector from making a negative credit report for such a debt and prohibiting a charter school from selling debt to debt collector.

Mental Health Services

VLGA will notify parents and pupils at least two times per school year about how to access pupil mental health services on campus or in the community or both per the requirements of Assembly Bill 2022.

Pregnant And Parenting Students

VLGA shall provide an annual notice to students about their rights regarding pregnancy or when parenting in compliance with Assembly Bill 2289.

Bullying

VLGA shall adopt procedures for preventing acts of bullying, including cyberbullying, and shall make available to certificated school site employees and all other school site employees who have regular interaction with pupils an online training module developed by the California Department of Education regarding bullying and bullying prevention in compliance with Assembly Bill 2291.

Sexual Health And HIV Prevention

VLGA shall provide “age appropriate” comprehensive sexual health and HIV prevention education in grades 7 to 12 (at least once in middle school and once in high school).

Safe Place To Learn Act

VLGA shall comply with all applicable requirements of the Safe Place to Learn Act, Ed. Code section 234 et seq.

Tribal Regalia/Objects of Religious or Cultural Significance

Allows students to wear traditional tribal regalia or items of religious, cultural and tribal significance to school graduation ceremonies held by VLGA and would allow the school, under specific circumstances as set forth in the law, to limit items that would create a substantial disruption of, or material interference with, the school ceremony.

Human Trafficking

Pursuant to the requirements of Assembly Bill 1861 (2018) and Senate Bill 1104 (2018), shall provide information to its students about how social media and mobile device applications are used for human trafficking and, by January 1, 2020, shall identify the most appropriate methods of informing parents and guardians of pupils in grades 6-12 of human trafficking prevention resources and implement these methods by January 1, 2020 if the school has enrolled any students in those grades by that date; otherwise, the school shall implement these methods for pupil in grades 6-12 immediately upon enrollment of pupils in those grades.

Hotlines

Existing law requires a public school, including a charter school, or a private school, that serves pupils in any of grades 7 to 12, inclusive, that issues pupil identification cards, and a public or private institution of higher education that issues student identification cards, to have printed on the identification cards the telephone number for the National Suicide Prevention Lifeline, and authorizes those schools to have printed on the identification cards certain other suicide-prevention and emergency-response telephone numbers.

Commencing October 1, 2020, if VLGA issues pupil identification cards VLGA will have printed on the identification cards the telephone number for the National Domestic Violence Hotline.

Migratory Children

VLGA will allow a pupil who is a migratory child to continue attending their school of origin regardless of any change of residence of the pupil. VLGA will inform a pupil who is a migratory child and that pupil's parent or guardian of the impact of remaining in the school of origin on the eligibility of that pupil to receive migrant education services.

Child Hunger Prevention and Fair Treatment Act

VLGA shall comply with the requirements of the Child Hunger Prevention and Fair Treatment Act of 2017, and ensure that a pupil whose parent or guardian has unpaid school meal fees is not denied a reimbursable meal of the pupil's choice because of the fact that the pupil's parent or guardian has unpaid meal fees and ensure that the pupil is not shamed or treated differently from other pupils.

CPR

Pursuant to Assembly Bill 1214 [2019-2020], charter schools must offer a course in CPR for purposes of allowing school staff and teachers to participate in CPR training that includes certain instruction, including, but not limited to, an individual program of professional growth that includes a basic course in CPR that includes certain instruction. If the charter school elects to offer any interscholastic athletic program, the charter school is required to ensure that certain personnel with a valid certification of CPR training are present at the athletic program's on-campus activities or events at all times.

Pursuant to Assembly Bill 1719 [2016], a charter school that requires a course in health education for graduation from high school must include instruction in performing compression-only cardiopulmonary resuscitation. The law encourages those entities to provide to pupils' general information on the use and importance of an automated external defibrillator. The law also requires the State Department of Education to provide guidance on how to implement these provisions, including, but not limited to, who may provide instruction.

The law also states that a charter school that sponsors, authorizes, supports, finances, or supervises, and a public employee who provides or facilitates, the instruction of pupils in compression-only cardiopulmonary resuscitation or the use of an automated external defibrillator pursuant to this law shall not be liable for any civil damages alleged to result from the acts or omissions of an individual who received such instruction, except as provided in the law.

ELEMENT 7 – MEANS TO ACHIEVE RACIAL AND ETHNIC BALANCE

"The means by which the school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted." (Ed. Code § 47605(c)(5)(G).)

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the *Crawford v. Board of Education, City of Los Angeles* court order and the LAUSD Integration Policy adopted and maintained pursuant to the Crawford court order by the District's Student Integration Services (collectively the "Court-ordered Integration Program"). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School has set forth below its initial plan for achieving and maintaining the LAUSD's Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio. (*Ratio represents the percentage of Predominantly Hispanic Black Asian Other (PHBAO) compared to Other White (OW*)). The written plan lists specific dates and locations of recruitment activities that Charter School will undertake in order to achieve the District's Racial and Ethnic Balance goal. Charter School shall monitor the implementation and outcomes of the initial plan, and modify it as necessary throughout the term of the Charter to achieve the District's goal. Upon request, Charter School shall provide the District with a copy of its current written plan.

The District receives neither average daily attendance allocations nor Court-ordered Integration Program cost reimbursements for charter school students. The District may receive the Targeted Instructional Improvement Block Grant (TIIBG) for its Court-ordered Integration Program. The District retains sole discretion over the allocation of TIIBG funding, where available, and cannot guarantee the availability of this funding.

COURT-ORDERED INTEGRATIOND

VLGA will make every effort to recruit students of various racial and ethnic groups, students with disabilities, English Learners (and RFEP students), in order to achieve a 70/30 or 60/40 balance reflective of the general population residing within the territorial jurisdiction of LAUSD. In our efforts to serve all students, admissions outreach is designed to attract a diverse student population. Parents should have options to best meet the needs of their children. As a result, it is our responsibility to make families aware of the educational options for their children. VLGA is committed to serving all students. We therefore will recruit a racially/ethnically, linguistically and academically diverse population from the area immediately surrounding the school. Additionally, we will recruit students and families through outreach efforts with local non-profit organizations who serve homeless youth, students in the foster-care system, students with disabilities, and other students whose circumstances put them at risk for school failure. These organizations will be encouraged to refer families to VLGA via flyers and phone conversations with local community-based organizations. All community recruitment outreach is conducted throughout the year on an ongoing basis.

VCPS works very closely with the non-profit Blessings in a Backpack to feed homeless, foster, and at-risk students during the weekend. Our efforts currently provide 150 students at VCPS food for 38 weekends each year. VCPS works closely with Blessings in a Backpack to gather referrals of potential at-risk

students who are not yet enrolled in our schools. VLGA will offer information on enrollment procedures to these at-risk students and encourage them to submit a Lottery Application Form, or join the existing wait list for the current school year if one exists. VCPS also works with PATH, People Assisting the Homeless, to identify and seek out homeless and foster youth to enroll at VCPS. In addition, VLGA will conduct targeted outreach in the community with organizations such as the following:

- El Centro del Pueblo
- Gang Reduction Youth Development (GRYD)
- Koreatown Youth Community Center
- Bresee Foundation
- LOUD Music Program
- Partnerships Uplifting Communities
- Children's Institute Inc.
- Heart of Los Angeles
- Courageous Hearts Youth Services, Inc.
- Angels Flight Center
- Hollywood Homeless Youth Partnership
- National Foster Youth Institute
- First Place for Youth
- Chinatown Teen Post
- YMCA of Metropolitan Los Angeles
- YMCA Wilshire
- Weingart-East Los Angeles YMCA
- Bellevue Recreation Center
- Shatto Recreation Center and Park
- Parks and Recreation Department
- Search to Involve Pilipino Youth
- Saban Clinic
- PMH
- Personal Space
- Dream Center

VLGA will notify parents and students in the community through the following methods:

1. Information handouts provided to businesses frequented by local community members. The flyers will include the VLGA enrollment period and lottery information (location, date, time).

2. Community outreach efforts including communication with local public libraries, park and recreation centers, community-based organizations, and churches.

3. Flyers in Spanish and English distributed to local middle and high schools. The flyers will include enrollment period and lottery information (location, date, time).

4. VLGA's web site contain current information about the school. The website will include enrollment period and lottery information (location, date, time).

All outreach is done in both English and Spanish.

VLGA will maintain an accurate accounting of the ethnic and racial balance of students, as well as EL and SWD, enrolled in the school. VLGA will also document the efforts made to achieve racial and ethnic balance and recruit ELs and SWD in accordance with the charter petition and standards of charter legislation.

Meeting	Location	Date
Meeting with Parents and community	VLGA (or, if not yet available, VHGA)	Monthly - December through March (Recruitment efforts are secured and aligned to budgets, hiring of staff, etc.)
Outreach to local middle and high schools	Local middle and high schools, foster and homeless youth organizations.	January, February, March: Review posted available dates and provide flyers, information, and presence.
Community Organizations	Neighboring organization: • Local Libraries • Parks & Rec programs • After-School programs • Organizations including faith-based organizations • Local Businesses including laundromats, health clinics, shops, restaurants	January, February, March: Review posted available dates and provide flyers, information, and presence.
Residents within the zip code surrounding the school location	Mailings, door-to-door contacts (canvassing)	January, February, March: Review posted available dates and provide flyers, information, and presence.

ELEMENT 8 – ADMISSION POLICIES AND PROCEDURES

"Admission policies and procedures, consistent with subdivision (e)." (Ed. Code § 47605(c)(5)(H).)

DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

HOMELESS AND FOSTER YOUTH

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that Charter School will enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment.

Charter School shall comply with all applicable federal and state laws regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time. Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the applicable provisions of AB 379.

NON-DISCRIMINATION

Charter School shall not require a parent/legal guardian/student to provide information regarding a student's disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student's IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Charter School shall not discourage a student from enrolling or seeking to enroll in the Charter School, nor encourage a current student from disenrolling, for any reason, including, but not limited to, the student's academic performance, nationality, race, ethnicity, or sexual orientation or because the student is a student with disabilities, academically low achieving, an English learner, neglected or

delinquent, homeless, economically disadvantaged, or a foster youth. The Charter School shall not request or require a student's records to be submitted before enrollment. The Charter School shall post on its web site the California Department of Education notice of these requirements and shall provide the notice to parents/guardians or students age 18 and older when the parent/guardian or student inquiries about enrollment, before conducting an enrollment lottery, and before disenrollment of a student. (Ed. Code §§ 47605, 47605.6)

Charter School shall adopt policy that is consistent with the model policy developed by the California Attorney General addressing the Charter School's response to immigration enforcement, notify parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, prohibit the collection of information or documents regarding the immigration status of students or their family members, and fulfill other requirements of Education Code section 234.7.

PREGNANT AND PARENTING STUDENT ACCOMMODATIONS

Charter School shall provide specified accommodations to pregnant and parenting students, including, but not limited to, the provision of parental leave and reasonable accommodations on campus to a lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. The Charter School shall notify pregnant and parenting students and parents/guardians of the rights and options available to pregnant and parenting students. (Ed. Code §§ 222, 222.5, 46015.)

SEXUAL HARASSMENT POLICY NOTICE

The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code section 231.6, and shall prominently and conspicuously display the poster in each bathroom and locker room at each school site and in public areas at each school site.

If the charter school offers competitive athletics, annually post on the school's web site or on the web site of the charter operator the total enrollment of the school classified by gender, the number of students who participate in competitive athletics classified by gender, and the number of boys' and girls' teams classified by sport and by competition level. If Charter School operates multiple school sites, this information shall be disaggregated by school site. (Ed. Code § 221.9.)

ADMISSION REQUIREMENTS

VLGA will admit all pupils who wish to attend the school as outlined in Education Code 47605 (d)(2)(A) up to enrollment capacity. There are no admission requirements for the Charter School (e.g., minimum grade point average, test scores, discipline records, etc.). Parents and students admitted to the Charter School will be requested to attend an orientation session to review school policies and procedures and learn about the opportunities provided by the school, but their attendance or lack of attendance does not impact their student's admission. The Principal will work to ensure that all families understand these expectations and that they are aware of the different ways they can be involved in the school.

STUDENT RECRUITMENT

As detailed in Element 7, VLGA, in order to recruit low-achieving, economically disadvantaged students, ELs and students with disabilities, will do the following:

- Recruit students from the surrounding community where the public schools are characterized by low achievement and a predominantly Title 1 population.

- Distribute flyers in Spanish and English to the local middle and high schools with the consent of that school's administration. The flyers include enrollment period and lottery information (location, date, time).

- Ensure potential students and families understand there are no qualifications required for admission to VLGA and encourage all students to apply.

LOTTERY PREFERENCES AND PROCEDURES

VLGA will be an open enrollment, tuition-free public school with no specific requirements for admission (e.g., minimum grade point average, test scores, discipline records, etc.). Enrollment to the Charter School shall be open to any resident of the State of California. VLGA will admit all pupils who wish to attend VLGA to the extent that space allows. CA Ed. Code § 47605(d)(2)(A).

Lottery Application Forms will be accepted during a publicly advertised open enrollment period. An explanation of the enrollment process and the rules to be followed during the lottery will be available at all times on our web site in English and Spanish and in the office (and additional languages if needed). The process will also be verbally explained to any families who call, or hand-deliver a paper Lottery Application form in-person. Parents can also apply on-line.

Following the open enrollment period each year, and after accounting for existing students who are guaranteed enrollment in the following school year, applications shall be counted to determine whether the Charter School has received more applications than availability. If the number of students applying for enrollment exceeds the Charter School's capacity, admission shall be determined by random public drawing (lottery).

Public notice will be posted at the Charter School location, on the Charter School web site and on distributed informational flyers regarding the application deadline and the date, time and location of the public drawing (typically at the end of January), encouraging people to attend (time will be a weekday evening to maximize attendance; the location will be at the school site). If the lottery cannot reasonably be held at the VLGA site (or one of our sister school sites), it will be held in a large community center, church, auditorium, or any public venue capable of seating all applicants comfortably. Parents will be notified on the Lottery Application Form of the date and time of the public drawing, and invited to attend, though parent attendance at the lottery is not required in order to secure enrollment for a student. VLGA will include details on the Charter School website and in promotional materials about the enrollment timeline, rules, and procedures to be followed during the open enrollment and lottery processes.

Preference shall be extended to pupils currently attending the charter school and pupils who reside in the Los Angeles Unified School District except as provided for in Section 47614.5. A preference for siblings of already enrolled students shall also be extended.

The lottery preference order shall be as follows:

1. Siblings of admitted students
2. Students currently enrolled in and attending Vista Charter Middle School (VCMS) in the immediate prior grade level to VLGA's first instructional grade level, who seek to enroll in VLGA for that grade level. VCMS and VLGA are part of the network of schools operated by Vista Charter Public Schools.

Lottery preference will be given to residents of LAUSD in accordance with state law and LAUSD policy.

Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

The lottery will be conducted by a non-interested member of the staff who draws the pupil names and verifies lottery procedures are fairly executed. Application Forms, the manual record of all lottery participants and their assigned lottery numbers, and other lottery-related documents are physically filed on campus, and lottery results and waiting lists (determined in the order names are drawn in the lottery) will be readily available in the Charter School's main office for inspection upon request. Each applicant's admissions application will be kept on file for the academic year with his or her assigned lottery number in the school database and on his or her lottery application.

Those who apply after the lottery deadline will be added to the end of the lottery waitlist in the order they are received. In the event that no such wait list exists where the space is available, the space will be made available on a first come, first served basis to the next interested family at the appropriate grade level.

The waitlist for the current school year will remain active until the end of the school year and will not "roll over"; applicants must reapply for the lottery annually if the Charter School is unable to offer them admission for the current year. Once the drawing is at Charter School's capacity, applications will continue to be drawn for position on a wait list. Students who are not granted admission for that school year will remain on the waiting list until the end of the school year for which the lottery was conducted unless otherwise requested by the parent to be taken off. Students must reapply for the following year.

ENROLLMENT PROCESS

Within two weeks of the lottery, families will be notified in writing by the Principal of their enrollment status (offered enrollment or placement on waiting list). Each student offered a space in the following year will be required to complete an enrollment packet within two weeks of receiving the letter indicating that a spot is available for the student. The Charter School will hold a Pre-Enrollment informational session after the lottery and before the registration date to supply additional information and to assist families in filling out forms.

The enrollment packet is comprised of the following:

- Student Enrollment Form
- Proof of Immunizations

- Home Language Survey
- Emergency Medical Information Form

The waiting list will include contact information of the families not admitted through the lottery. If a position opens during the course of the year, the VLGA Office Manager will contact the family of the student on the top of the waiting list by phone or email to offer their student admission to the Charter School. If a family is notified by phone or email prior to August 1st, the family will have ten (10) days to confirm enrollment and return a completed enrollment packet. If a student is notified after August 1st, they will have 72 hours to confirm enrollment via phone call or email, and submit an application by mail or email to the Office Manager. Should the family decline the position, the next family on the list is contacted until the open position is filled.

A copy of all enrollment forms, waiting lists, and lottery results will be kept on file in the VLGA administrative office and will be readily available for inspection by District representatives.

ELEMENT 9 – ANNUAL FINANCIAL AUDITS

"The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority." **(Ed. Code § 47605(c)(5)(I).)**

Charter School shall provide for an annual audit that shall be conducted in compliance with applicable state and federal laws, including but not limited to the requirements of Education Code sections 47605(b)(c)(I) and 41020 as they may be amended from time to time. Charter School shall ensure compliance with the requirements of section 41020(f)(2), which makes it unlawful, absent an Education Audits Appeal Panel waiver, for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous years.

The following reports will be submitted to LAUSD, in the required format and within timelines to be specified by LAUSD, each year:

a. Provisional Budget – Spring prior to operating fiscal year
b. Final Budget – July of the budget fiscal year
c. First Interim Projections – November of operating fiscal year
d. Second Interim Projections – February of operating fiscal year
e. Unaudited Actuals – July following the end of the fiscal year
f. Audited Actuals – December 15 following the end of the fiscal year
g. Classification Report – monthly according to Charter School's Calendar
h. Statistical Report – monthly according to Charter School's Calendar of Reports
   In addition:
   - P1, first week of January
   - P2, first week of April
i. Instructional Calendar – annually five weeks prior to first day of instruction
j. Other reports as requested by the District

An annual independent financial audit of the books and records of VLGA shall be conducted as required by Education Code Sections 47605(b)(5)(I) and 47605(m). The books and records of VLGA shall be kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit will employ generally accepted accounting procedures. The audit shall be conducted in accordance with applicable provisions within the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide.

ANNUAL AUDIT PROCEDURES

Each fiscal year an independent auditor will conduct an audit of the financial affairs of VLGA to verify the accuracy of the Charter School's financial statements, attendance and enrollment accounting practices, and internal controls.

Procedures:

- The Board of Directors appoints an Audit Committee by January 1 of each year.

- The Audit Committee may include persons who are not members of the board, but may not include any VLGA staff, including the Superintendent. In addition, any person with expenditure authorization or recording responsibilities within the organization may not serve on the committee.
- The Audit Committee is responsible for contracting with an audit firm from the State Controller's list of approved charter school auditors by March 1 of each year, unless the existing contract is a multi-year contract. The Superintendent is responsible for working with the auditor to complete the audit.
- The Audit Committee is responsible for reviewing the results of the annual audit and developing a corrective action plan to address all relevant findings noted by the auditor.
- The Board of Directors reviews and approve the audit no later than December 15.
- The Superintendent is responsible for submitting the audit to all required agencies no later than December 15.

The audit committee will review any audit exceptions or deficiencies and report recommendations on resolution to the Board of Directors. The Board will report to LAUSD regarding how exceptions and deficiencies have been or will be resolved. It is understood that exceptions and deficiencies will be resolved to the satisfaction of LAUSD.

ELEMENT 10 – SUSPENSION AND EXPULSION PROCEDURES

"The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

***(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii)."* (Ed. Code § 47605(c)(5)(J).)**

GENERAL PROVISIONS

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform him or her of the basis for which the pupil is being involuntarily removed and his or her right to request a hearing to challenge the involuntary removal. If a parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated in this section.

HOMEWORK TO SUSPENDED STUDENTS

For any student who has been suspended from school for two or more schooldays, Charter School shall provide student with the homework the student would otherwise have been assigned if requested by the student or student's parent/guardian. If a homework assignment is requested and turned in to the student's teacher either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, but it is not graded before the end of the academic term, then that assignment shall not be included in the calculation of the pupil's overall grade in the class. (Ed. Code § 48913.5)

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

A. Was the misconduct caused by, or directly and substantially related to the student's disability?
B. Was the misconduct a direct result of the Charter School's failure to implement Section 504?

NOTIFICATION OF THE DISTRICT

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed "Notification of Charter School Expulsion" [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School's policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student's compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  A. Was the misconduct caused by, or directly and substantially related to the student's disability?
  B. Was the misconduct a direct result of Charter School's failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, involuntary removals, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

SCHOOL CLIMATE AND STUDENT DISCIPLINE SYSTEM

Positive behaviors have been associated with positive academic outcomes (Birch & Ladd, 1997; Feshbach & Feshbach, 1987; Wentzel, 1993), while negative behaviors (e.g., inattention, distractibility, and withdrawn behaviors) have been associated with negative academic outcomes (Akey, 2006; Kane, 2004). VLGA will cultivate a positive school environment that is characterized by mutual respect. Students will be introduced to the school's expectations during the student orientation days, and they will also be reviewed on the first day of school.

At VLGA we believe that high, clearly defined, and consistent expectations support students' self-confidence and that their efforts lead to success in school. Research demonstrates that schools in which students achieve high levels of performance tend to set high expectations and standards (Marzano, 2011). VLGA will take a proactive school-wide approach to behavior management. As a Character Counts school, VLGA will focus on the Six Pillars of Character (Trustworthiness, Respect, Responsibility, Fairness, Caring, Citizenship). These pillars will apply to most behavioral situations and will be shared with students and families. The Six Pillars of Character will be proactively taught and consistently reinforced throughout the school.

VLGA's discipline policy combined with our GEAR Core Values (Grit, Empathy, Accountability and Respect) are practices aligned with the LAUSD District's Discipline Foundation Policy, requiring every school within VCPS to adopt and implement a school-wide positive behavior support discipline plan. Under the VCPS policy, "all school level plans will include: teaching school rules and social emotional skills; reinforcing appropriate student behavior; using effective classroom management and positive behavior support strategies by providing early intervention for misconduct and appropriate use of consequences."

School-wide Discipline Plan

Shift into GEAR

Philosophical Foundation

- We want our students to grow and develop characteristics such as: Responsibility, Respect, Caring, Fairness, Trustworthiness, and Citizenship.
- **The Tipping Point:** "the moment when something small, or even obscure, changes into something big." (Malcolm Gladwell)

Key Elements to a School-wide Program

To have a successful program, we must have:

- Teacher Collaboration and Coherence
- Clarity and Consistency for Students
- Parent Communication and Documentation

Our System

Character, College, Community

Students build **character** that drives them to be **college** and career-bound and develop into effective citizens of their **communities**.

School-wide Proactive Interventions

Restorative Justice Practices and Way of Council

VLGA is committed to a holistic approach to student discipline and development. First and foremost, we apply restorative practice and Way of Council to address social emotional development and any disciplinary actions as outlined earlier in this petition.

Right Tickets

Tickets rewarded for doing what is examples of GEAR/modeling GEAR. Students are going above and beyond to encompass the Six Pillars of Character.

- Students earn Right Tickets for the following positive behaviors:
  - Grit: persevering on difficult assignments, assessing their own learning and identifying next steps
  - Empathy: being a good friend, helping others, being kind
  - Accountability: task completion
  - Respect: being respectful of self, others and our school community

Examples of positive praise that could earn a Right Ticket:
"I noticed...

- that you did all of your homework this week."
- that your materials are organized."
- that you motivated your neighbor to participate in the group project."
- that you raised your hand more this week."

Class Dojo is used to track positive behavior.

- Students earn 1 Right Ticket an identified act or behavior.
- This is logged digitally in Class Dojo and the parent is notified immediately

Right Ticket Events

Students with high percentages of Right Tickets on Class Dojo (70% or above) get to participate in Right Ticket Events. These are fun student and staff events that promote our Core Values. Examples of Right Ticket Events include Staff vs. Student Water Balloon Toss, Ice Cream Sundae Party, Movie and Popcorn Party.

Interventions

- Verbal/written reprimand
- Community beautification (classroom or yard)
- Time-out activity (sent outside room or to another teacher)
- Written Reflection
- Changing seats
- Meaningful public or private apology
- + Choice / - Choice (Love and Logic)
  - Example: You can either choose to be quiet and work with the class or work outside on your own
- Students who do not have the qualifying amount for Right Ticket Events spend the time reflecting through Way of Council.

These policies will be distributed in the Charter School's student handbook and describe the school's expectations regarding mutual respect, safety, personal responsibility, work habits, attendance, and more. Each family will receive a copy of these policies and be required to verify that they have reviewed them with their children at the time of enrollment or at the beginning of the school year.

The discipline policy is not discriminatory or arbitrary. The process follows general principles of due process. Students will sign agreements related to their understanding of and responsibility to the standards set forth in the discipline policy within the handbook. Students who do not live up to their responsibilities and who violate the school rules may expect some consequences for their behavior, such as:

a. Alternatives to Suspension:

1. Warning
2. Loss of Privileges
3. Notices to parents by telephone or letter
4. Referral to the administrator
5. Request for parent conference
6. Way of Council
7. Harm Circle- restorative

Should the previous interventions not be successful, suspension or expulsion may occur.

- In-school suspension
- Suspension
- Expulsion

VLGA will monitor student behavior in a variety of means such as such as classroom observations, data gathered using the system presented in this petition, analysis of suspension and expulsion data, and Power School.

VLGA is exempt from Education Code requirements and procedures related to student suspension and expulsion; however, VLGA is committed to the student discipline, suspension, and expulsion policies as outlined in this petition. Therefore, references in this charter to the Education Code are used as a guideline.

JURISDICTION

A student may be suspended or expelled for any of the acts enumerated in Education Code § 48900, except for willful defiance and/or disruption, related to school activity or school attendance that occurs at any time including, but not limited to:

- While on school grounds.
- While going to or coming from school.
- While using school-owned computers and servers.
- During the lunch period whether on or off the campus.
- During, or while going to or coming from, a school-sponsored activity.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

For students who are truant, tardy, or otherwise absent from assigned school activities, alternatives to suspension or expulsion will be attempted first.

IN-SCHOOL SUSPENSION

In-school suspensions will be given as an alternative to out of school suspensions and be held in the Principal's office or other location designated by the Principal. A certificated/credentialed staff member will supervise the student during the in-school suspension. During in-school suspensions, teachers will provide the students with assignments to complete by the end of the school day. If the student has questions about the assignments, the teachers will provide support. During the day of the suspension, the student's teachers will address behaviors that may have contributed to the student's in-school suspension. In addition to completing assigned work, the student will be required to complete a reflection addressing why the behavior occurred and what can be done in the future to ensure that the offense is not repeated. Parents/guardians will be notified of the in-school suspension in writing by the Principal or his/her designee in the parent/guardian's native language. The notice will contain the reason for the in-school suspension, as well as the length of time for the in-school suspension. The maximum number of days of in- school suspension per incident in one academic year is 6, and the maximum number of consecutive days is 3. In-school suspensions would always be subject to an administrative decision regarding the severity and nature of the underlying offense. In the case of a student who causes or attempts to cause hate violence, engages in harassment or threats or

intimidation against students or staff, or who makes terrorist threats against school officials or school property, the administration would review the facts to determine if in school suspension would pose a threat to the safety of students, staff and visitors to the school. In many situations, in school suspension may not be an appropriate disciplinary option if a credible threat to school safety exists.

GROUNDS FOR SUSPENSION AND EXPULSION

A single suspension may not be issued for more than 5 consecutive school days. The total number of days for which a student, including students with a 504 Plan, may be suspended from school shall not exceed 20 days. Students with an IEP shall not be suspended for more than 10 school days in any school year.

ENUMERATED OFFENSES

Discretionary Suspension Offenses: Students *may* be suspended for any of the following acts when it is determined the pupil:

a. Causing, attempting to cause or threatening to cause serious physical injury to another person, except in self-defense.
b. A pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the principal determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233.
c. Unlawfully possessed, used, or was under the influence of any controlled substance as defined in Health and Safety Code 11053-11058, alcoholic beverage, or intoxicant of any kind.
d. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code 11014.5.
e. Using tobacco or any products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, et al.
f. Harassed, threatened or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
g. Possessed an imitation firearm, i.e., a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a responsible person to conclude that the replica is a firearm unless, in the case of possession of any object of the type, the student had obtained written permission to possess the item from a certified school employee, with the administrator's or designee's concurrence.
h. Caused or attempted to cause damage to school property or private property.
i. Stole or attempted to steal school property or private property.
j. Committed an obscene act or engaged in habitual profanity or vulgarity.
k. Knowingly received stolen school property or private property.
l. Engaged in, or attempted to engage in, hazing as defined in Education Code Section 32050.
m. Aided or abetted the infliction or attempted infliction of physical injury to another person.
n. Engaged in sexual harassment as defined in Education Code Section 48900.2.

o. Engaged in harassment, threats, or intimidation directed against school district personnel or pupils as defined in Education Code Section 48900.4. The harassment, threats, or intimidation directed at school personnel or pupils must be on the bases of:
   a. Race/color/national origin
   b. Disability
   c. Other factor
   d. Against school district personnel.
p. Made terrorist threats against school officials, school property or both as defined in Section 48900.7.
q. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined in subdivisions (f) and (g) of Section 32261, directed specifically toward a pupil or school personnel.

Recommend for Expulsion Offenses

The Principal or Designee must recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the Principal or Designee determines that expulsion is inappropriate or that an alternative means of correction would address the conduct:

1) Causing serious physical injury to another person, except in self-defense.
2) Possession of any knife or other dangerous object of no reasonable use to the pupil.
3) Unlawful possession of any controlled substance listed in Health and Safety Code section 11053 et seq. (except one ounce of marijuana or over the counter medications or medication prescribed to student).
4) Robbery or extortion.
5) Assault or battery (as defined in Penal Code section 240 and 242) upon any school employee.

Immediate Suspension and Mandatory Recommendation for Expulsion Offenses

Principal shall immediately suspend and recommend expulsion when the following occur at school or at a school activity off campus:

It is a federal mandate that a school expel, for a period of not less than one year (except on a case-by-case basis), any student who is determined to have brought a firearm to school. In accordance with California Education Code § 48915, the following reasons shall constitute mandatory grounds for immediate suspension and recommended expulsion:

1. Causing serious physical injury to another person
2. Brandishing a knife
3. Possession, selling, or furnishing of a firearm, knife, explosive, or other dangerous object
4. Robbery or extortion, offering, negotiating a sale or selling a controlled substance listed in Chapter 2 of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.
5. Violation of the Federal Guns Free School Act
6. Pupil has committed sexual harassment as defined in Section 212.5. The conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic

performance or to create an intimidating, hostile, or offensive educational environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.

OUT-OF-SCHOOL SUSPENSION PROCEDURES

A student may receive an out-of-school suspension if it is determined that the student's presence would be a danger to others at school and their removal from school is necessary.

VLGA shall, upon the request of a parent or pupil, provide homework that would otherwise have been assigned, to a pupil who has been suspended for two or more schooldays. If a homework assignment that is requested and turned into a teacher, within the prescribed timeframe, is not graded before the end of the academic term, VLGA shall not include the assignment in the calculation of the student's overall grade in the class.

SUSPENSION PROCEDURES

Suspensions (whether in-school or out-of-school) shall be initiated according to the following procedures. The Principal, Assistant Principal, and Superintendent are authorized to suspend students, the procedures for investigating incidents and collecting evidence shall be fair and thorough.

CONFERENCE

Suspension shall be preceded, if possible, by a conference conducted by the Principal with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal.

The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school administration. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

NOTICE TO PARENTS/GUARDIANS

At the time of suspension, the Principal or Assistant Principal shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing by the Principal or Assistant Principal of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice also states the date and time when the student may return to school. If the Principal or Assistant Principal wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice requests that the parent/guardian respond to such requests without delay.

Length of Suspension

The length of suspension for students shall not exceed a period of 5 consecutive days unless an expulsion is recommended. If a student is recommended for a period of suspension exceeding 5 consecutive days, a second conference is scheduled between the parent/guardian and the Principal to discuss the progress of the suspension upon the completion of the 10th day of suspension. The total number of days for which a pupil may be suspended from school shall not exceed a total of 20 school days in any school year, unless a pupil enrolls in or is transferred to another regular school, in which case the total number of schooldays for which the pupil may be suspended shall not exceed 30 days in any school year. During suspensions, teachers provide the students with assignments to complete by the end of the duration of the suspension. If the student has questions about the assignments, the teacher provides support.

Students with disabilities who are suspended shall continue to receive services so as to provide FAPE and enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the student's IEP/504. Any discipline that includes removal from school for more than ten (10) consecutive days constitutes a change in placement and a manifestation determination shall be conducted.

An IEP or 504 meeting is required within ten (10) days of initial suspension or placement in an interim alternative educational setting.

Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the student's IEP/504, any teacher observations, and any relevant information provided by the parents to determine:

- If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
- If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504.

Willful Defiance

The Charter School shall not recommend the expulsion of a pupil enrolled in kindergarten or any of grades 1 to 12, inclusive, for disrupting school activities or otherwise willfully defying the valid authority of those school personnel engaged in the performance of their duties.

Alternatives to Suspension or Expulsion

Suspension shall be imposed only when other means of correction fail to bring about proper conduct. The Charter School may document the other means of correction used and place that documentation in the pupil's record. However, a pupil, including an individual with exceptional needs, as defined in Ed. Code section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code,

upon a first offense if the principal or principal's designee determines that the pupil's presence causes a danger to persons or that the pupil committed any of the following acts:

1) Caused, attempted to cause, or threatened to cause physical injury to another person.
2) Willfully used force or violence upon the person of another, except in self-defense.
3) Possessed, sold, or otherwise furnished a firearm, knife, explosive, or other dangerous object, unless, in the case of possession of an object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.
4) Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.
5) Unlawfully offered, arranged, or negotiated to sell a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.
6) Committed or attempted to commit robbery or extortion.

Other means of correction include, but are not limited to, the following:

1) A conference between school personnel, the pupil's parent or guardian, and the pupil.
2) Referrals to the school counselor, psychologist, social worker, child welfare attendance personnel, or other school support service personnel for case management and counseling.
3) Study teams, guidance teams, resource panel teams, or other intervention-related teams that assess the behavior, and develop and implement individualized plans to address the behavior in partnership with the pupil and his or her parents.
4) Referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program, or a plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794(a)).
5) Enrollment in a program for teaching prosocial behavior or anger management.
6) Participation in a restorative justice program.
7) A positive behavior support approach with tiered interventions that occur during the school day on campus.
8) After-school programs that address specific behavioral issues or expose pupils to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups.
9) Performing community service on school grounds or, with written permission of the parent or guardian of the pupil, off school grounds, during the pupil's non-school hours. "Community service" may include, but is not limited to, work performed in the community or on school grounds in the areas of outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. Community service may not be assigned if a pupil has been suspended, pending expulsion, for any of the acts enumerated in the "Shall Recommend for Expulsion Offenses" or the "Immediate Suspension and Mandatory Recommendation for Expulsion Offenses." However, if the recommended expulsion is not implemented or is, itself, suspended by stipulation or other administrative action then community service may be assigned.

SUSPENSION APPEALS

Parents are notified by the Principal or Assistant Principal in writing regarding the right and procedures to appeal a student's suspension. A suspension appeal may be made to the Superintendent within ten days of the suspension. Following due consideration of the facts and safety of students, a decision by the Superintendent regarding student suspension are considered final.

EXPULSION PROCEDURES

Students will be recommended for expulsion after the Principal or Designee conducts an investigation process by gathering written statements, meeting with witnesses, and conducting a pre-expulsion conference with the student and family.

In cases where a finding is made that a student has caused, attempted to cause, or threatened to cause physical injury to another person; willfully used force or violence upon the person of another, except in self-defense; possessed, sold, or otherwise furnished a firearm, knife, explosive, or other dangerous object; unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind; unlawfully offered, arranged, or negotiated to sell a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant; or committed or attempted to commit robbery or extortion, a decision for expulsion by the Principal (or designee) will be based on one or both of the following findings:

1. Other means of conduct support and correction are not feasible and have repeatedly failed to bring about an improvement in conduct.

2. Due to the nature of the violation, the presence of the student causes a continuing danger to the health and/or safety of the student, other students in the schools, and/or faculty.

Upon this determination, the student will be suspended, pending the results of an expulsion hearing. The Principal's or Designee's recommendation to expel the student will satisfy all the procedural requirements stated herein.

EXPULSION HEARING – RULES AND REGULATIONS

The family of a student who has been recommended for expulsion will be notified of the student's right to request a hearing to determine whether the expulsion recommendation was justified and whether the expulsion will be upheld. The hearing will be held, if requested, within 30 school days from the original expulsion decision. The hearing will be presided over by an administrative panel (three to five impartial individuals) appointed by the Executive Director/Principal. A document will be prepared by the Executive Director/Principal or Designee that includes a full description of the reasons for the expulsion, including dates, previous conferences and actions taken, and events.

The Charter School's governing board shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to, all of the following:

1) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays after the date the principal determines that the pupil has committed any of the acts enumerated herein, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the principal. The administrative panel shall make its decision to expel within 3 school days after the hearing's conclusion, unless the pupil requests in writing that the decision be postponed.
2) If compliance by the administrative panel with the time requirements for the conducting of an expulsion hearing and a decision to expel is impracticable during the regular school year, the principal or the principal's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. If compliance by the administrative panel with the time requirements for the conducting of an expulsion hearing is impractical due to a summer recess of more than two weeks, the days during the recess period shall not be counted as schooldays in meeting the time requirements. The days not counted as schooldays in meeting the time requirements for an expulsion hearing because of a summer recess shall not exceed 20 schooldays, and unless the pupil requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days before the first day of school for the school year. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.
    a. Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days before the date of the hearing. The notice shall include all of the following:
        i. The date and place of the hearing.
        ii. A statement of the specific facts and charges upon which the proposed expulsion is based.
        iii. A copy of the disciplinary rules of the school that relate to the alleged violation.
        iv. A notice of the parent, guardian, or pupil's obligations pursuant to Ed. Code section 48915.1(b).
        v. Notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or to be represented by legal counsel or by a nonattorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses. In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault as specified in subdivision (n) of Section 48900 or to have committed a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall be given five days' notice before being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during his or her testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. This subdivision shall not preclude the person presiding over an expulsion hearing from removing a support person whom the presiding person finds is disrupting the hearing. If one or both of the support persons is also a

witness, the provisions of Section 868.5 of the Penal Code shall be followed for the hearing. The pupil or the pupil's parent or guardian is not required to be represented by legal counsel or by a nonattorney adviser at the hearing.

"Legal counsel" means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California "Nonattorney adviser" means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the pupil or pupil's parent or guardian to provide assistance at the hearing.

vi. At least 10 days prior to a hearing to determine if a student who is a foster youth as defined under Education Code 48853.5 should be expelled for an offense not requiring a mandatory recommendation for expulsion, the Superintendent or designee shall notify the student's attorney and a representative of an appropriate county child welfare agency. If the hearing is pursuant to an offense requiring a mandatory expulsion recommendation, the Superintendent or designee may provide the same notification. The notice shall be provided by the most cost-effective method possible, including by email or a telephone call.

3) The administrative panel shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the administrative panel may meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.
   a. If the administrative panel admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil also shall be allowed to attend the closed deliberations.
   b. If the hearing is to be conducted at a public meeting, and there is a charge of committing or attempting to commit a sexual assault as defined in subdivision (n) of Ed. Code section 48900 or to commit a sexual battery as defined in subdivision (n) of Ed. Code section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
4) If the administrative panel decides not to expel, the expulsion proceedings shall be terminated, and the pupil immediately shall be reinstated and permitted to return to the classroom instructional program from which the expulsion referral was made. The decision not to recommend expulsion shall be final.
5) If the administrative panel determines to expel, findings of fact in support of the recommendation shall be prepared. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing.
6) The decision of the administrative panel to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided herein, no evidence to expel shall be based solely upon hearsay evidence. The administrative panel may, upon a finding that good cause exists, determine that the

disclosure of either the identity of a witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the administrative panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

7) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

8) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

9) Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the administrative panel to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated herein.

10) 3In hearings that include an allegation of committing or attempting to commit a sexual assault as defined in subdivision (n) of Ed. Code section 48900 or to commit a sexual battery as defined in subdivision (n) of Ed. Code section 48900, evidence of specific instances, of a complaining witness's prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness's prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

11) Before the hearing has commenced, the administrative panel may issue subpoenas at the request of either the principal or principal's designee or the pupil, for the personal appearance of percipient witnesses at the hearing. After the hearing has commenced, the administrative panel may, upon request of either the principal or principal's designee or the pupil, issue subpoenas. All subpoenas shall be issued in accordance with Sections 1985, 1985.1, and 1985.2 of the Code of Civil Procedure. Enforcement of subpoenas shall be done in accordance with Section 11455.20 of the Government Code.

   a. Any objection raised by the principal or principal's designee or the pupil to the issuance of subpoenas may be considered by the administrative panel in closed session, or in open session, if so requested by the pupil before the meeting. Any decision by the administrative panel in response to an objection to the issuance of subpoenas shall be final and binding.
   b. If the administrative panel determines that a percipient witness would be subject to an unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as provided for herein.
   c. Service of process shall be extended to all parts of the state and shall be served in accordance with Section 1987 of the Code of Civil Procedure. All witnesses appearing

pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision of the state, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed for witnesses in civil actions in a superior court. Fees and mileage shall be paid by the party at whose request the witness is subpoenaed.

12) The administrative panel shall deliberate and make its decision in a closed session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the principal or his or her designee to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following:
   a. Notice of the right to appeal the expulsion to the Charter School Governing Board.
   b. Notice of the education alternative placement to be provided to the pupil during the time of expulsion, if applicable.
   c. Notice of the obligation of the parent, guardian, or pupil, upon the pupil's enrollment in a new school district, to inform that school district of the pupil's expulsion.
13) The governing board of the Charter School shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be nonprivileged, disclosable public records.
   a. The expulsion order and the causes for the expulsion shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

DECISION OF THE PANEL

The final decision by the administrative panel will be made within 3 school days following the conclusion of the hearing, unless the pupil requests in writing that the decision be postponed.

The administrative panel will make one of two determinations:

1) Uphold the expulsion.
2) Determine the expulsion was not within the Charter School's guidelines, overturn it, and order that records and documents regarding the proceedings be destroyed and removed from student's record.

Following the final decision of the administrative panel, the administrative panel will send written Findings of Fact to the parent that contain the following information:

1) The outcome of the hearing and the decision of the administrative panel
2) The specific offenses committed by the student for any of the acts listed in the above "Reasons for Suspension and/or Expulsion" section (if expulsion is decided)
3) Notification of the family's responsibility to inform any new district in which the student seeks to enroll of the student's status with the Charter School (if expulsion is decided)
4) Reinstatement eligibility review date (if expulsion is decided)
5) A copy of the rehabilitation plan (if expulsion is decided)
6) The type of educational placement during the period of expulsion (if expulsion is decided)
7) Pupils who are expelled shall be responsible for seeking alternative education programs

Alternative Education

Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County for their school district of residence. The school shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the administrative panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

Readmission

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the Charter School Board following a meeting with the CEO or designee and the pupil and guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The CEO or designee shall make a recommendation to the Charter School Board following the meeting regarding his or her determination. The pupil's readmission is also contingent upon the Charter School enrollment capacity at the time the student seeks readmission.

Notice of Expulsion to Last Known District of Residence

The Charter School shall, in accordance with Education Code § 47605(d)(3), notify the superintendent of the school district of the pupil's last known address within 30 days of expulsion, and shall, upon request of the district, provide the district with a copy of the student's cumulative record, including a transcript of grades or report card and health information.

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. the Charter School must also provide the victim a room separate from the hearing room for the complaining witness's use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness's presence is both desired by the witness and will be helpful to the school. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness, and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness's prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.
11. If the pupil being expelled requests a public hearing, the complaining witness shall have the right to have his/her testimony heard in a closed session or alternative methods videotaped, etc.

PROBATION

The administrative panel, upon voting to expel a pupil, may suspend the enforcement of the expulsion order for a period of not more than one calendar year and may, as a condition of the suspension of

enforcement, assign the pupil to a school, class, or program that is deemed appropriate for the rehabilitation of the pupil. The rehabilitation program to which the pupil is assigned may provide for the involvement of the pupil's parent or guardian in his or her child's education in ways that are specified in the rehabilitation program. A parent or guardian's refusal to participate in the rehabilitation program shall not be considered in the administrative panel's determination as to whether the pupil has satisfactorily completed the rehabilitation program.
The administrative panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all pupils, including individuals with exceptional needs as defined in Cal. Ed. Code section 56026.

During the period of the suspension of the expulsion order, the pupil is deemed to be on probationary status.

The administrative panel may revoke the suspension of an expulsion order if the pupil commits any of the acts enumerated in Ed. Code section 48900 or violates any of the school's rules and regulations governing pupil conduct. When the administrative panel revokes the suspension of an expulsion order, a pupil may be expelled under the terms of the original expulsion order. Upon satisfactory completion of the rehabilitation assignment of a pupil, the administrative panel shall reinstate the pupil in the school and may also order the expungement of any or all records of the expulsion proceedings.

A decision of the administrative panel to suspend an expulsion order does not affect the time period and requirements for the filing of an appeal of the expulsion order with the Governing Board of the Charter School.

EXPULSION APPEALS

If a pupil is expelled from the Charter School, the pupil or the pupil's parent or guardian may, within 30 days following the decision of the administrative panel to expel, file an appeal to the Governing Board of the Charter School, which shall hold a hearing thereon and render its decision.

The Governing Board shall hold the hearing within 20 schooldays following the filing of a formal request.

The Governing Board shall hear an appeal of an expulsion order in closed session, unless the pupil requests, in writing, at least five (5) days prior to the date of the hearing, that the hearing be conducted in a public meeting. Upon the timely submission of a request for a public meeting, the Governing Board shall be required to honor the request. Whether the hearing is conducted in closed or public session, the Governing Board may meet in closed session for the purpose of deliberations. If the Governing Board admits any representative of the pupil or the school district, the board shall, at the same time, admit representatives from the opposing party. The Governing Board shall render a decision within three schooldays of the hearing unless the pupil requests a postponement.

The period within which an appeal is to be filed shall be determined from the date the student is provided notice of the decision of the administrative panel to expel, even if enforcement of the expulsion action is suspended and the pupil is placed on probation. A pupil who fails to appeal the original action of the panel within the prescribed time may not subsequently appeal a decision of the panel to revoke probation and impose the original order of expulsion.

TRANSCRIPTS

The pupil shall submit a written request for a copy of the written transcripts and supporting documents from the administrative panel simultaneously with the filing of the notice of appeal with the Governing Board. the Charter School shall provide the pupil with the transcriptions, supporting documents, and records within 10 schooldays following the pupil's written request.

The Governing Board shall determine the appeal from a pupil expulsion upon the record of the hearing before the administrative panel, together with such applicable documentation or regulations as may be ordered. No evidence other than that contained in the record of the proceedings of the administrative panel may be heard unless a de novo proceeding is granted as provided herein.

It shall be the responsibility of the pupil to request a written transcription from the Charter School for review by the Charter School Governing Board. The cost of the transcript, if any, shall be borne by the pupil except in either of the following situations:

(1) Where the pupil's parent or guardian certifies to the Charter School that he or she cannot reasonably afford the cost of the transcript because of limited income or exceptional necessary expenses, or both.

(2) In a case in which the Governing Board reverses the decision of the administrative panel, the Governing Board shall require that the Charter School reimburse the pupil for the cost of such transcription.

STANDARD OF REVIEW

The review by the Governing Board of the decision of the administrative panel shall be limited to the following questions:

(1) Whether the administrative panel acted without or in excess of its jurisdiction.

(2) Whether there was a fair hearing before the administrative panel.

(3) Whether there was a prejudicial abuse of discretion in the hearing.

(4) Whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the administrative panel.

As used herein, a proceeding "without or in excess of jurisdiction" includes, but is not limited to, a situation where an expulsion hearing is not commenced within the time periods prescribed by this article, a situation where an expulsion order is not based upon the acts enumerated herein, or a situation involving acts not related to school activity or attendance.

As used herein, an "abuse of discretion" is established in any of the following situations:

(1) If school officials have not met the procedural requirements of this article.

(2) If the decision to expel a pupil is not supported by the findings prescribed herein as grounds for expulsion.

(3) If the findings are not supported by the evidence.

The Governing Board may not reverse the decision of the administrative panel to expel a pupil based upon a finding of an abuse of discretion unless the Governing Board also determines that the abuse of discretion was prejudicial.

DECISION ON APPEAL

The decision of the Governing Board shall be limited as follows:

If the Governing Board finds that relevant and material evidence exists which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the administrative panel, it may do either of the following:

A. Remand the matter to the administrative panel for reconsideration and may in addition order the pupil reinstated pending the reconsideration.

B. Grant a hearing de novo upon reasonable notice thereof to the pupil and to the administrative panel. The hearing shall be conducted in conformance with the rules and regulations stated herein.

If the Governing Board determines that the decision of the administrative panel is not supported by the findings required to be made herein, but evidence supporting the required findings exists in the record of the proceedings, the Governing Board shall remand the matter to the administrative panel for adoption of the required findings. This remand for the adoption and inclusion of the required findings shall not result in an additional hearing, except that final action to expel the pupil based on the revised findings of fact shall meet all of the following requirements:

A. Final action to expel a pupil shall be taken only by the administrative panel in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the administrative panel to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following: 1) Notice of the right to appeal the expulsion to the Governing Board; 2) Notice of the education alternative placement to be provided to the pupil during the time of expulsion, if applicable; 3) Notice of the obligation of the parent, guardian, or pupil, upon the pupil's enrollment in a new school district, to inform that school district of the pupil's expulsion.

B. the Charter School shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be nonprivileged, disclosable public records.

In all other cases, the Governing Board shall enter an order either affirming or reversing the decision of the administrative panel. In any case in which the Governing Board enters a decision reversing the administrative panel, the Governing Board may direct the administrative panel to expunge the record of the pupil and the records of the school of any references to the expulsion action and the expulsion shall be deemed not to have occurred.

The decision of the Governing Board shall be final and binding upon the pupil and upon the administrative panel. The pupil and the administrative panel shall be notified of the final order of the Governing Board, in writing, either by personal service or by certified mail. The order shall become final when rendered.

The Principal or Designee shall send a copy of the written notice of the decision to expel to the school district of student's last known residence, within thirty (30) days.

SPECIAL PROCEDURES FOR THE CONSIDERATION OF SUSPENSION AND EXPULSION OF STUDENTS WITH DISABILITIES

As an independent LEA member of a SELPA, the Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

1. Services During Suspension

Students with disabilities suspended and/or placed in an interim alternative setting shall continue to receive services so as to provide FAPE and enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the child's IEP/504. Any discipline that includes removal from school for more than ten (10) consecutive days, including placement in an interim alternative educational setting, constitutes a change in placement and a manifestation determination shall be conducted.
An IEP or 504 meeting is required within ten (10) days of initial suspension or placement in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment or a functional analysis assessment, and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request a hearing. A hearing officer shall make a determination regarding an appeal requested under 20 USC 1415(k)(3)(A).

The hearing officer may order a change in placement of the child and either return the child to the placement from which the child was removed, or order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

When an appeal has been requested by either the parent or the Charter School, the child shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period provided for in 20 USC 1415(k)(1)(C), whichever occurs first, unless the parent and the State or local educational agency agree otherwise, and the State or Charter School shall arrange for an expedited hearing, which shall occur within 20 school days of the date the hearing is requested and shall result in a determination within 10 school days after the hearing. In effect, this would allow for a maximum placement in an interim alternative educational setting pending a decision for no more than 30 school days.

4. Special Circumstances

The Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or Designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting or change of placement shall be determined by the student's IEP/504 team. A change of placement is a removal from education for more than ten (10) consecutive days or a pattern of removal, even if for less than ten (10) days. For effective change of placement, there first need be:

a. Notice
b. Manifestation determination
c. Continued receipt of special education services

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the District's disciplinary procedures may assert the procedural safeguards granted under these procedures only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

1. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to the Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services; or

2. The parent has requested an evaluation of the child; or

3. The child's teacher, or other the Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. the Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

ELEMENT 11 – EMPLOYEE RETIREMENT SYSTEMS

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." (Ed. Code § 47605(c)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School's participation in, and/or coverage of its staff members by, the State Teachers' Retirement System (CalSTRS), the Public Employees' Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a "government plan" governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan's requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School's existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

VLGA will make participation in State Teachers' Retirement System (STRS) available to teachers. VLGA will make a 403b available to classified persons working at the Charter School. VLGA will make any contribution that is legally required of the employer, including social security, and unemployment insurance. All withholdings from employees and the Charter School will be forwarded to the STRS fund as required. The Charter School will continue participation in STRS for the duration of the Charter School's existence under the CDS code.

STAFF RETIREMENT ALLOCATIONS

1. STRS: All certificated personnel including teachers and Site Administrators
2. 403b option: Classified Staff
3. Federal Social Security: Classified Staff, including the Superintendent, Office personnel

RESPONSIBLE STAFF MEMBER

The Superintendent will be responsible for ensuring that appropriate arrangements for the aforementioned coverage is made with approval of the Board.

STRS REPORTING

VLGA will submit all retirement data through LAUSD and comply with all policies and procedures for payroll reporting. Employees will accumulate service credit years in the same manner as all other members of STRS. The Superintendent shall be solely responsible for ensuring that such retirement coverage is arranged and shall forward any required payroll deductions and related data to LAUSD as required by Education Code Section 47611.3.

ELEMENT 12 – PUBLIC SCHOOL ATTENDANCE ALTERNATIVES

"The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools." (Ed. Code § 47605(c)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil's school district of residence in accordance with applicable law and that school district's policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school's charter. If LAUSD is the pupil's school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

No student shall be required to attend VLGA. Students who opt not to attend VLGA may attend other district schools or pursue an inter- or intra-district transfer in accordance with existing enrollment and transfer policies of their district or country of residence.

The parent or guardian of each pupil enrolled in VLGA shall be informed during open enrollment on admissions forms that the pupil has no right to admission in a particular school of any local education agency (or program of any local education agency) as a consequence of enrollment in VLGA, except to the extent that such a right is extended by the local education agency.

ELEMENT 13 – RIGHTS OF DISTRICT EMPLOYEES

"The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school." (Ed. Code § 47605(c)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

ELEMENT 14 – MANDATORY DISPUTE RESOLUTION

"The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter." (Ed. Code § 47605(c)(5)(N).)

GENERAL PROVISIONS

Any claim, controversy or dispute between the District and Charter School arising out of, or relating to, this Charter, except for any claim, controversy or dispute related to the authorization, non-renewal, revision, and/or revocation of this Charter, ("Dispute") shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys' fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party's attorneys' fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys' fees, costs and/or expenses, or mediator's or arbitrator's fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

PROPOSITION 39 DISPUTES

Any Dispute related to or arising out of Education Code section 47614 and/or its implementing regulations set forth in California Code of Regulations, title 5, section 11969 et seq. ("Proposition 39"), shall be resolved in accordance with the procedures set forth below:

1) Any Dispute shall be communicated in writing ("Written Notification"). The Written Notification must identify the nature of the Dispute and all supporting facts. The Written Notification shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

Unless directed otherwise, all Written Notifications to the District and Charter School shall be addressed respectively as follows:

Director
Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

Dr. Don Wilson
Vista Legacy Global Academy
2609 West 5th Street
Los Angeles, CA 92703

2) A written response ("Written Response") shall be tendered to the other party within fifteen (15) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

3) If the Dispute has not been resolved by mutual agreement from the Written Response, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice ("Issue Conference"). The Issue Conference shall take place within fifteen (15) business days from the date on which the Written Response is received by the other party or other date as determined by mutual agreement of the parties.

4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, and conclude within forty (40) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be administered in accordance with the commercial mediation procedures of the American Arbitration Association.

5) If the mediation is not successful, either party may then initiate a civil action. Venue for any civil action between the parties shall be the Los Angeles County Superior Court.

NON-PROPOSITION 39 DISPUTES

Any Dispute not related to or arising out of Proposition 39 shall be resolved in accordance with the procedures set forth below:

1) Any Dispute shall be communicated in writing ("Written Notification"). The Written Notification must identify the nature of the Dispute and any supporting facts. The Written Notification shall be tendered to the other party by personal delivery, by facsimile, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by mail, two (2) business days after deposit in the U.S. Mail.

Unless directed otherwise all Written Notifications to the District and Charter School shall be addressed respectively as follows:

Director
Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

Dr. Don Wilson
Vista Legacy Global Academy
2609 West 5th Street
Los Angeles, CA 92703

2) A written response ("Written Response") shall be tendered to the other party within twenty (20) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

3) If the Dispute has not been otherwise resolved by mutual agreement, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice ("Issue Conference"). The Issue Conference shall take place within fifteen (15) business days from the date from the date on which the Written Response is received by the other party or other date as determined by mutual agreement of the parties.

4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be administered in accordance with the commercial mediation procedures of the American Arbitration Association.

5) If the mediation is not successful, then the parties agree to resolve the Dispute by binding arbitration conducted by a single arbitrator. Unless the parties mutually agree otherwise, arbitration proceedings shall be administered in accordance with the commercial arbitration rules of the American Arbitration Association. The arbitrator must be an active member of the State Bar of California or a retired judge of the state or federal judiciary of California.

ELEMENT 15 – CHARTER SCHOOL CLOSURE PROCEDURES

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." (Ed. Code § 47605(c)(5)(O).)

REVOCATION OF THE CHARTER

The District may revoke the Charter pursuant to the provisions set forth in the Charter Schools Act of 1992, as they may be amended from time to time. The District may revoke the Charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(g) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to Education Code section 47607.3, a charter school identified for needing assistance and provided advice and assistance from the California Collaborative for Educational Excellence based on failure to satisfy state evaluation rubrics may be subject to revocation.

CLOSURE ACTION

The decision to close Charter School, by the governing board of Charter School must be documented in a "Closure Action". A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(f)) or non-renewed by the LAUSD Board of Education and Charter School has exhausted its revocation or non-renewal administrative appeal rights pursuant to Education Code sections 47605(k) and 47607(j), or its administrative appeal rights have lapsed, or the charter school voluntarily closes at any stage of the administrative appeal process; the governing board of Charter School votes to close Charter School; or the Charter lapses.

CLOSURE PROCEDURES

The procedures for charter school closure set forth below are guided by Education Code sections 47604.32, 47605, and 47607 as well as California Code of Regulations, title 5, sections 11962 and 11962.1, and are based on "Charter Schools Closure - Requirements and Recommendations" posted on the California Department of Education website. All references to "Charter School" apply to Charter School, including its nonprofit corporation and governing board.

Designation of Responsible Person(s) and Funding of Closure

Prior to or at the time of the taking of a Closure Action by either the governing board of Charter School or the LAUSD Board of Education, the governing board of Charter School shall designate a person or persons responsible for conducting and overseeing all closure-related procedures and activities, and allocate sufficient funding for, or otherwise determine how Charter School will fund, these activities.

Notification of Closure Action

Upon the taking of a Closure Action, Charter School shall send written notice of its closure to:

1. The LAUSD Charter Schools Division (CSD). Charter School shall provide the CSD with written notice of (1) the person(s) designated to be responsible for conducting and overseeing all closure activities, and (2) the source, location, and management of the funding for such activities. If the Closure Action is an act of Charter School, Charter School shall provide the CSD with a copy of the governing board resolution or minutes that documents its Closure Action.

2. Parents/guardians of all students, and all majority age and emancipated minor students, currently enrolled in Charter School within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written parent notification to the CSD.

3. Los Angeles County Office of Education (LACOE). Charter School shall send written notification of the Closure Action to LACOE by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.

4. The Special Education Local Plan Area (SELPA) in which Charter School participates. Charter School shall send written notification of the Closure Action to the SELPA in which Charter School participates by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.

5. The retirement systems in which Charter School's employees participate. Within fourteen (14) calendar days of the Closure Action, Charter School shall notify, as applicable, the State Teachers Retirement System (STRS), Public Employees Retirement System (PERS), the Social Security Administration, and the Los Angeles County Office of Education of the Closure Action, and follow their respective procedures for dissolving contracts and reporting. Charter School shall provide a copy of these notifications and correspondence to the CSD.

6. The California Department of Education (CDE). Charter School shall send written notification of the Closure Action to the CDE by registered mail within 72 hours of the Closure Action. Charter School shall provide a copy of this notification to the CSD.

7. Any school district that may be responsible for providing education services to the former students of Charter School. Charter School shall send written notification of the Closure Action within 72 hours of the Closure Action. This notice must include a list of potentially returning students and their home schools based on student residence. Charter School shall provide a copy of these notifications, if any, to the CSD.

8. All Charter School employees and vendors within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written employee and vendor notification, with any attachments, to the CSD.

Notification of all the parties above, with the exception of employees and vendors, must include but is not limited to the following information:

1. The effective date of the closure of Charter School

2. The name(s) and contact information for the person(s) handling inquiries regarding the closure

3. The students' school districts of residence

4. How parents/guardians of all students, and all majority age and emancipated minor students, may obtain copies of student records and transcripts, including specific information on completed courses and credits that meet graduation requirements

In addition to the four required items above, notification of the CDE shall also include:

1. A description of the circumstances of the closure

2. The location of student and personnel records

In addition to the four required items above, notification of parents/guardians of all students, and all majority age and emancipated minor students, shall also include:

1. Information on how to enroll or transfer the student to an appropriate school

2. A certified packet of student information that includes closure notice, a copy of the student's cumulative record and other records, including but not limited to grade reports, discipline records, immunization records, completed coursework, credits that meet graduation requirements, a transcript, and state testing results

3. Information on student completion of college entrance requirements, for all high school students affected by the closure

Notification of employees and vendors shall include:

1. The effective date of the closure of Charter School

2. The name(s) and contact information for the person(s) handling inquiries regarding the closure

3. The date and manner, which shall be no later than 30 days from the effective date of the closure of Charter School, by which Charter School shall provide employees with written verification of employment

Within 30 calendar days of the effective date of closure, Charter School shall provide all employees with written verification of employment. Charter School shall send copies of all such employee verification letters to the CSD.

Records Retention and Transfer

Charter School shall comply with all applicable laws as well as District policies and procedures, as they may change from time to time, regarding the transfer and maintenance of Charter School records, including student records. These requirements include:

1. Charter School shall provide the District with all original student cumulative files and behavior records, pursuant to District policy and applicable District handbook(s) regarding cumulative records for secondary and elementary schools, for all students, both active and inactive, of Charter School. Transfer of the complete and organized original student records to the District, in accordance with District procedures applicable at the time of closure, shall occur within seven (7) calendar days of the effective date of closure.

2. Charter School's process for transferring copies of student records to receiving schools shall be in accordance with applicable law and LAUSD procedures for students moving from one school to another.

3. Charter School shall prepare and provide an electronic master list of all students to the Charter Schools Division in accordance with the District procedures applicable at the time of closure. This list shall include the student's identification number, Statewide Student Identifier (SSID), birthdate, grade, full name, address, home school/school district, enrollment date, exit code, exit date, parent/guardian name(s), and phone number(s). If the Charter School closure occurs before the end of the school year, the list also shall indicate the name of the school to which each student is transferring, if known. This electronic master list shall be delivered to the CSD in the form of a CD or otherwise in accordance with District procedures.

4. Charter School must organize the original cumulative files for delivery to the District in two categories: active students and inactive students. Charter School will coordinate with the CSD for the delivery and/or pickup of student records.

5. Charter School must update all student records in the California Longitudinal Pupil Achievement Data System (CALPADS) prior to closing.

6. Charter School must provide to the CSD a copy of student attendance records, teacher gradebooks, and Title I records (if applicable).

7. Charter School must provide to the CSD the name, title, and contact information of the person designated to maintain all Charter School personnel records after the closure. Personnel records to be transferred to and maintained by the designee must include any and all employee records, including but not limited to, records related to performance and grievance. Charter School must

provide to the CSD and the designee a list of all active and inactive employees and their periods of service. Both Charter School and the designee, individually and separately, shall inform the CSD immediately upon the transfer of Charter School's employee records to the designee.

8. Charter School shall ensure that all records are boxed and clearly labeled by classification of documents and the required duration of storage in accordance with District procedures.

9. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student's district of residence.

Financial Close-Out

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.

2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.

3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports

3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.

2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.

3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.

4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.

b. Make final federal tax payments (employee taxes, etc.)

c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

SCHOOL'S CLOSURE AGENT

The Superintendent will serve as the Charter School's closure agent in the event that the school closes.

ADDITIONAL PROVISIONS

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

District-Owned Facilities

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School

from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- Use: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.

- Furnishings and Equipment: The District shall retain ownership of any furnishings and equipment, including technology, ("F&E") that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.

- Leasing; Licensing: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.

- Programs, Services, and Activities Outside Instructional Program; Third Party Vendors:

    (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term "instructional program" is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on "average daily attendance" and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.

    (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

- Minimum Payments or Charges to be Paid to District Arising from the Facilities:

    (i) Pro Rata Share: The District shall collect, and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and

(ii) Taxes; Assessments: Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School's legal or equitable interest created by the use agreement.

- Maintenance & Operations Services: In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.

  (i) Co-Location: If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.

  (ii) Sole Occupant: If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD's policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

- Real Property Insurance: Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

Non-District-Owned Facilities

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

Facility Compliance: Prior to occupancy or use of any non-District-owned school site and/or facility, Charter School shall ensure that the site and/or facility complies with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which Charter School is to be located, federal and state accessibility requirements (including the Americans with Disabilities Act (ADA) and Section 504), and all other applicable fire, health, and structural safety and access requirements. This requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, and notices issued by any authorized building and safety agency. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and shall promptly provide such documentation to the CSD upon request.

Pest Management: Charter School shall comply with the Healthy Schools Act, Education Code section 17608, which details pest management requirements for schools.

Asbestos Management: Charter School shall comply with the asbestos requirement as cited in the Asbestos Hazard Emergency Response Act (AHERA), 40 C.F.R. part 763. AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

INSURANCE

Insurance Requirements

No coverage shall be provided to Charter School by the District under any of the District's self-insured programs or commercial insurance policies. Charter School shall secure and maintain, at a minimum, insurance as set forth below with insurance companies acceptable to the District [A.M. Best A-, VII or better] or the equivalent provided through a California Joint Powers Authority self-insurance program to protect Charter School from claims which may arise from its operations. Each Charter School location shall meet the below insurance requirements individually.

It shall be Charter School's responsibility, not the District's, to monitor its vendors, contractors, partners, and/or sponsors for compliance with the insurance requirements.

The following insurance policies are required:

1. Commercial General Liability, including Fire Legal Liability, coverage of $5,000,000 per Occurrence and in the Aggregate. The policy shall be endorsed to name the Los Angeles Unified School District and its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy. Coverage shall be maintained with no Self-Insured Retention above $15,000 without the prior written approval of the Division of Risk Management and Insurance Services for the LAUSD.

2. Workers' Compensation Insurance in accordance with provisions of the California Labor Code adequate to protect Charter School from claims that may arise from its operations pursuant to the Workers' Compensation Act (Statutory Coverage). The Workers' Compensation Insurance coverage must also include Employers Liability coverage with limits of $1,000,000/$1,000,000/$1,000,000.

3. Commercial Auto Liability, including Owned, Leased, Hired, and Non-owned, coverage with limits of $1,000,000 Combined Single Limit per Occurrence if Charter School does not operate a student transportation service. If Charter School provides student transportation services, the required coverage limit is $5,000,000 Combined Single Limit per Occurrence.

4. Crime Insurance or Fidelity Bond coverage shall be maintained by Charter School to cover all Charter School employees who handle, process or otherwise have responsibility for Charter School funds, supplies, equipment, or other assets. Minimum amount of coverage shall be $1,000,000 per occurrence/$1,000,000 aggregate, with deductible that is acceptable to the Los Angeles Unified School District.

5. Cyber Liability insurance coverage with minimum limits of $500,000 per occurrence and $500,000 general aggregate.

6. Professional Educators Errors and Omissions liability coverage with minimum limits of $5,000,000 per occurrence and $5,000,000 general aggregate.

7. Sexual Molestation and Abuse coverage with minimum limits of $5,000,000 per occurrence and $5,000,000 general aggregate. Coverage may be held as a separate policy or included by endorsement in the Commercial General Liability or the Errors and Omissions Policy. Whether this coverage is separately issued or included by endorsement to another policy, such coverage shall be endorsed to name the Los Angeles Unified School District and Its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy.

8. Employment Practices Legal Liability coverage with limits of $5,000,000 per occurrence and $5,000,000 general aggregate.

9. Excess/Umbrella Liability insurance with limits of not less than $10,000,000 is required of all high schools and any other school that participates in competitive interscholastic or intramural sports programs.

Coverages and limits of insurance may be accomplished through individual primary policies or through a combination of primary and excess policies and alternative methods of coverage as approved by the District. Where specifically required above, and with respect to any other coverage for which such endorsements and/or provisions are available, each policy shall be endorsed to name the Los Angeles Unified School District and Its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy.

Evidence of Insurance

Charter School shall furnish to the District's Division of Risk Management and Insurance Services located at 333 S. Beaudry Ave, 28th Floor, Los Angeles CA 90017 at the outset of the Charter agreement and within 30 calendar days of the inception or effective date of any new policies, renewals, or changes, certificates of insurance evidencing such coverage and signed by authorized representatives of the insurance carrier. Certificates shall be endorsed as follows:

> "Charter school shall be required to provide LAUSD with 30 days prior written notice by certified mail, return receipt requested, if the insurance afforded by this policy shall be suspended, cancelled, reduced in coverage limits or non-renewed."

With respect to the coverages for which additional insured status is required as set forth above, the certificate(s) of insurance shall reflect Los Angeles Unified School District's and Its Board of Education's status as named additional insureds thereunder, and shall attach a copy of the endorsement(s) extending such coverage.

Facsimile or reproduced signatures may be acceptable upon review by the Division of Risk Management and Insurance Services. However, the District reserves the right to require certified copies of any required insurance policies.

Should Charter School deem it prudent and/or desirable to have insurance coverage for damage or theft to Charter School, employee or student property, for student accident, or any other type of insurance coverage not listed above, such insurance shall not be provided by the District and its purchase shall be the responsibility of Charter School.

Hold Harmless/Indemnification Provision

To the fullest extent permitted by law, Charter School does hereby agree, at its own expense, to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any person or entity whatsoever, arising out of, or relating to, this Charter agreement. Charter School further agrees to the fullest extent permitted by law, at its own expense, to indemnify, defend, and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any person or entity whatsoever for claims, damages, losses and expenses arising from or relating to acts or omission of acts committed by Charter School and/or its officers, directors, employees or volunteers. Moreover, Charter School agrees to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers, for any contractual liability resulting from third party contracts with Charter School's vendors, contractors, partners or sponsors.

FISCAL MATTERS

District Oversight Costs

The District may charge for the actual costs of oversight of Charter School not to exceed 1% of Charter School's revenue, or the District may charge for the actual costs of oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

Cash Reserves

Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, title 5 of the California Code of Regulations.

Third Party Contracts

Charter School shall ensure that all third party contracts, whether oral or written, for supplies, equipment, goods and/or services, for the direct or indirect benefit of, or otherwise related to the operation of, Charter School, require compliance with and otherwise conform to all applicable local, state, and federal policies, regulations, laws, and guidelines, including but not limited to licensing and permit requirements as well as requirements related to protection of health and safety.

Special Education Revenue Adjustment/Payment for Services

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State's adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

Student Body Funds

Charter School shall supervise and manage any and all student body funds in a manner consistent with the provisions of Education Code sections 48930-48938. Charter School shall include and address student body funds in its financial reports, and ensure that such funds are included and addressed in Charter School's annual audit as a stand-alone item.

Audit and Inspection of Records

Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining its charter authorization:

- Charter School is subject to District oversight.
- The District's statutory oversight responsibility continues throughout the life of the Charter and requires that the District, among other things, monitors the fiscal condition of Charter School.

- The District is authorized to revoke this Charter for, among other reasons, the failure of Charter School to meet generally accepted accounting principles or if Charter School engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

- Compliance with terms and conditions prescribed in the Charter agreement,
- Internal controls, both financial and operational in nature,
- The accuracy, recording and/or reporting of Charter School's financial information,
- Charter School's debt structure,
- Governance policies, procedures and history,
- The recording and reporting of attendance data,
- Charter School's enrollment process,
- Compliance with safety plans and procedures, and
- Compliance with applicable grant requirements.

Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days' notice to Charter School. When 30 days' notice may defeat the purpose of the audit, the District may conduct the audit upon 24-hours' notice.

Fiscal Policies and Procedures

Charter School shall establish, maintain, and implement sound fiscal policies and procedures, including but not limited to internal controls governing all financial and business-related activities.

Apportionment Eligibility for Students Over 19 Years of Age

Charter School acknowledges that, in order for a pupil over nineteen (19) years of age to remain eligible for generating charter school apportionment, the pupil shall be continuously enrolled in public school and make satisfactory progress toward award of a high school diploma. (Ed. Code § 47612(b).)

Local Control and Accountability Plan

In accordance with California Education Code sections 47604.33 and 47606.5, Charter School shall include in its annual update a "listing and description of the expenditures for the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1)" of section 47606.5(a). (Ed. Code § 47606.5(b).)

Vista Legacy Global Academy
Intent to Re/Enroll Form

Dear current and potential Vista Legacy Global Academy parents/guardians:

This form may be used to support Charter School's request for facilities pursuant to Proposition 39 (California Education Code section 47614). By submitting this form, you are indicating that you are meaningfully interested in enrolling or re-enrolling (as applicable) your child in Charter School's classroom-based program during the 2023-24 school year. Thank you very much for your support and cooperation!

Student Information:

Please fill out one form for EACH student.

Student Name: [redacted] **Grade Level in 2023-24:** 9th
Last, First, Middle

Home Address (including zip code):
[redacted]

Home Phone: [redacted] **Date of Birth:** [redacted]

Does this student currently attend a Charter School?

Yes or No (circle one)

Is this child a resident of Los Angeles Unified School District ("LAUSD")?

Yes or No (circle one)

If yes, please list the name of LAUSD School this student would otherwise attend:

_____

Parent/Legal Guardian Name: [redacted]
Last, First, Middle

Home [redacted]

Home Phone: (___)_____ **Email:** [redacted]

By signing below, I am indicating that I am meaningfully interested in enrolling or re-enrolling (as applicable) the above named child in Charter School for the 2023-24 school year. I understand that signing this form does not guarantee enrollment in Charter School. I further understand that this information will be disclosed to the LAUSD to support Charter School's request for facilities under Proposition 39.

Signature of Parent/Legal Guardian: [redacted] **Date:** 8.5.2022

2022-2023 NEW INDEPENDENT CHARTER SCHOOL PETITION APPLICATION INTAKE CHECKLIST

Name of Proposed Charter School Vista Legacy Global Academy
Appointment Date: August 17, 2022
A complete intake includes all of the following components:

Y	N		APPLICATION COMPONENTS*	Comments
			PETITION (to be submitted via flash drive)	
			Who is the person most knowledgeable about the specific contents of the petition?	
			Does the projected enrollment in the enrollment rollout plan match that in the budget submitted with the petition?	
			Does the enrollment numbers (year 1 and enrollment capacity) in the "General Information" chart found at the beginning of Element 1 of the petition match the enrollment rollout plan (year 1 and year 5)?	
		1.	Petition must be in MS Word format and must include: a. Title Page b. Table of Contents (Page numbers must be accurate) c. Description of all 15 elements	
		2.	Petition signature page(s): I. For proposed start-up charter school, original signatures of 50% of meaningfully interested teachers OR 50% of meaningfully interested parents II. For proposed conversion charter school only, original signatures of 50% of the permanent teaching staff Note: Verify number of students to be enrolled; and teachers needed for year 1; alignment of the number and types of teacher credentials with school level; and alignment of the number of parent signatures/students with the grade levels to be served in year one.	
			SUPPORTING DOCUMENTATION (to be submitted via flash drive)	
		3.	Certification of Completeness with original signatures (electronic signatures allowed)	
		4.	Letter of Intent (Lead petitioner(s) named must match names(s) in board resolution below)	
		5.	Resumes and credentials for all meaningfully interested teachers Note: Resumes must include contact information, education, experience (including paid and volunteer) and relevant memberships and skills for the last 10 years. Please see separate "Resumes" guide for additional information.	
		6.	Resolution from Board of Directors (signed by Board secretary) authorizing the submission of the charter school petition application and designating the proposed charter school's: a. Lead Petitioner(s) b. Executive Director or equivalent (if any) c. Director/Principal d. Onsite Financial Manager (cannot be the Director/Principal) (Must be onsite)	
		7.	a. Bylaws for the non-profit organization requesting the charter (Must be current and complete, and signed by Board secretary) b. Articles of Incorporation for the non-profit organization (Must show the official seal or stamp of State of California) c. Conflict of Interest Code (Must be a separate document) as submitted to the Los Angeles County d. Conflict of Interest Policy (Must be a separate document)	
		8.	a. Budget (at a minimum 3-year budget, including month-to-month cash flows and budget assumptions for 3 years, beginning with the first year of operation for new schools) (Must be in MS Excel format, with formulas, contain no hidden cells and no links to external files, and not be password protected) b. Documentation Relating to Grants and/or Financing (A list of grants and/or financing sources, and all signed and executed agreements, including all documentation of terms and conditions, for budgets which include grant(s), loan(s), or line(s) of credit with third party lender(s), bridge financing, intraorganizational loan(s)/borrowing, and/or factoring of receivables as a source of funds.) c. Documentation Relating to Start-Up Funds (A list of start-up funds, and all supporting documents, including, but not limited to, bank and/or account statements.)	
		9.	a. Lottery form (Must be in a single Microsoft Word document, not PDF) (English and any other dominant language(s)) b. Enrollment form (Must be in a Microsoft Word document, not PDF) (English and any other dominant language(s))	

		10.	Resumes (electronic version accepted) and Due Diligence Questionnaire and Acknowledgement Forms in hard copy, completed and with original signatures (no copies) for: Executive Director (if applicable), Director/Principal, and On-site Financial Manager (cannot be the Director/Principal) [Use grid on reverse side.] Note: Double check that names correspond to the names identified in the Board Resolution (#6above). Note: Check each Due Diligence Questionnaire and Acknowledgement Form to make sure all questions are filled out. Note: Resumes must include contact information, education, experience (including paid and volunteer) and relevant memberships and skills for the last 10 years. Please see separate "Resumes" guide for additional information on resume requirements. Note: Due Diligence and Acknowledgement Forms must be submitted as hard copies with original wet signatures and not placed on flash drive.	
		11.	Resumes and Governing Board Member Questionnaires for all Governing Board Members Note: See resume requirements above. Note: Each Board Member must answer all questions, initial each page, and sign at the end of the Questionnaire. N/A or equivalent is not an acceptable response to any item. Questionnaires need to have been completed and signed within 12 months of the date of petition submission.	
		12.	Master Plan for English Learners and Standard English Learners Note: Required only if the school has not adopted/will not adopt the District's Master Plan for English Learners and Standard English Learners. If the school plans to adopt the District's Master Plan for English Learners and Standard English Learners, submit a single page statement indicating such in Tab 12.	
		13.	Community Impact Assessment must include the following components to be deemed complete: 1) Identification of the Community (as defined by LAUSD Policy and Procedures for Charter Schools) for the Proposed Charter School 2) Facilities Plan 3) Evidence of Community Engagement and Outreach with, at a minimum, the following stakeholder groups (including a summary of the responses received from stakeholders): a. Parents in the Community b. Existing Public Schools c. Neighborhood Councils d. Community-based Organizations e. Elected Representatives f. Local District and Community of Schools Leadership g. LAUSD Board of Education Member(s) 4) Assessment of Duplication of Programmatic Offerings 5) Consideration of Academic Performance Note: Petitioners shall clearly cite and provide sources for all data and information used to inform assertions in their Community Impact Assessment. Community Impact Assessment shall include a record of outreach and audiences reached (e.g., multilingual notices, materials, meeting agendas, sign-in sheets, survey results, etc.).	
			Note: ***Do not*** include appendices, including handbooks and health, safety, and emergency plans.	

CSD INTERNAL PURPOSES ONLY		
Intake conducted by:		Date of Submission:
Outcome:	☐ Complete petition - accepted for review ☐ Incomplete petition - not accepted for review

LOS ANGELES UNIFIED SCHOOL DISTRICT
CHARTER SCHOOLS DIVISION

2022-2023 LETTER OF INTENT
TO SUBMIT A CHARTER SCHOOL PETITION APPLICATION

Name of Proposed Charter School:
Vista Legacy Global Academy

Type of Charter School:

☐ **Affiliated** ☐ **Conversion** ☐ **Start-Up**

☒ **Independent** ☐ **Conversion** ☒ **Start-Up**

Projected Starting Date (Must be in the academic year immediately following petition submission): **Month: Aug. Day: 14 of 2023-2024**

Projected Grade Level(s) - Year 1: **9** **Projected Enrollment - Year 1:** **125**

Projected Grade Level(s) - Year 5: **9-12** **Projected Enrollment - Year 5:** **500**

Is the proposed school part of an existing charter school network?
If so, please identify the network: Vista Charter Public Schools

Proposed Location: Provide the proposed address, including the zip code. (Please note: completion and submission of this section does not constitute a facilities request under California Education Code 47614 and its implementing regulations.)
2900 W. Temple Street, Los Angeles, CA 90026. This is the current Vista Charter Middle School (VCMS) location, which can accommodate additional students for at least our first year of operations. We are actively working with Red Hook to secure a long-term facility. While we reserve the right to request facilities under Prop 39, we are confident we will secure appropriate private facilities.

Community: Identify the community in which the proposed school will be located.
Vista Legacy Global Academy (VLGA) will continue to serve the community of Historic Filipinotown/Rampart Village. Vista has served this community for many years, starting with VCMS which opened in 2010; many of our elementary grade students at Vista Horizon Global Academy (VHGA, opened 2019) are transported from VCMS to Vista Horizon's Koreatown campus.

Existing traditional public schools offering 9-12 instruction in the Downtown/MacArthur Park Community of Schools include:

Belmont HS
Cortines School of VAPA
Downtown Business
Roybal Learning Center
Miguel Contreras Learning Complex (CLC) with four smaller academies:
-CLC-School of Social Justice
-School of Business and Tourism at CLC
-CLC-Academic Leadership Community
-CLC-LA School of Global Studies

The following charter schools also are in the area: New Village, Alliance Ted K. Tajima Rise Kohyang HS, Larchmont Charter, Camino Nuevo Charter HS, Central City Value LA Academy of Arts and Enterprise

<u>Programs and Services</u>: Briefly describe the instructional and innovative features of the proposed charter school.

VLGA will be the logical extension of the Vista experience starting in TK at VHGA, moving through VCMS and culminating in a dual enrollment pathways high school serving the needs of our students with a strong college and career experience.

The mission of VLGA is to create a college and career preparatory learning environment that allows students to have power in developing their identity within personal, interpersonal and educational realms as they pursue a pathway of study in Health Science, Business or Climate Change. We will provide a quality education for all students by creating a learning community that involves students in their development of the knowledge, skills, attitude, behaviors, aspirations, and beliefs needed to be successful in college and careers as well as the development of life-long learning skills.

We will achieve our mission and vision based on extensive research and the Framework for Student Engagement (explained below), through a unique combination of global competence, STEAM preparedness, and Social Emotional learning. We see these areas not as separate foci, but rather as a nested symbiotic grouping that works together to transform the school experience.

The Framework for Engagement has been developed by our Superintendent, Dr. Donald Wilson, and a team of USC scholars as an important lens through which all programs and practices are developed and selected. This framework necessitates that a shift in instructional practice is required to ensure the personalized learning experience is created to develop globally competent students. This shift in practice is commonly referred to as a move away from the "sage on the stage" model, in which the teacher directly delivers instruction through lecturing, to the "guide on the side," in which teachers act as a coach and facilitate a more personalized learning experience and is based on a constructivist view in which, optimally, the classroom provides a series of experiences that prompt students to actively construct their own knowledge and learning. At VLGA, we will use this as an important lens through which all programs, processes, and practices are chosen and developed.

The VCPS global educational approach combines teaching global competencies through Community Catalyst Partners International Study Schools Network. We believe that globally competent students have broad skill sets with the disciplines that are becoming increasingly important to access the American dream: science, technology, engineering, and math. The arts allow students to access the creative heart of these disciplines and are an important part of developing a world-consciousness and ethos that keeps the needs of humanity at the center of our students' "why" questions. When students are given a context for their learning (global education), and the tools to excel and apply them to the real world (STEAM), the outcome is deep engagement and a life-long love of learning.

Finally, through carefully designed school structures, policies and programs, VLGA will provide our students with a learning environment and social-emotional learning to help them develop into self-motivated, competent, global citizens. Kagan strategies, Way of Council and other acclaimed programs help engage our students and develop their capacity for success.

Facilities Plan: Describe the organization's facilities plan, any steps the organization has already taken towards researching and/or securing a facility, and whether the petitioner intends to seek space allocation pursuant to Proposition 39. (Please note: completion and submission of this section does not constitute a facilities request under California Education Code 47614 and its implementing regulations).
Vista is actively working with Red Hook Capital and Dan Morrar at InsightEFS, a real estate company specializing in helping charters find appropriate buildings and sites. Vista has worked with Red Hook for many years in Orange County, and they built the facility that now houses our three charter schools in Santa Ana. We are confident that these experts will help us find and develop our forever home. The VCMS campus has space to accommodate Vista Legacy in its first year of operations, if necessary.

Start-up Funding: Identify the source(s) of the proposed school's start-up funding.
Vista Legacy has been granted a $750,000 internal loan, as authorized by the Vista Charter Public Schools Board of Directors. The Vista network has and will continue tofacilitate many aspects of start-up, including staff time for such pre-opening tasks as staff hiring, student/family outreach, facilities identification and much more. We plan to apply for a sub-grant from the California Department of Education under the Public Charter Schools Grant Program (PCSGP), which provides approximately $650,000 for start-up. While this is a competitive grant, our grant writer has successfully written more than 80 of these grants and we are confident in our chances. Finally, we also will apply for private foundation grants such as with GPSN.

LEAD PETITIONER INFORMATION:

Name	**Don Wilson, Superintendent**
Address	**2900 West Temple Street, Los Angeles, CA 90026**
Phone number(s)	**(213) 201-4000** **Fax** **(213) 739-4302**
E-Mail Address	**dwilson@vistacharterps.org**

OTHER MEMBERS OF THE PETITION DEVELOPMENT TEAM:

Collin Felch, Asst. Superintendent	**Erica Najera, Director of SPED and Pupil Svcs.**
Karen Amaya, Principal, VCMS	**Michael Rosner, Principal, VHGA**
Luis Hernandez, CIO	**Daniel Sommer, Asst. Principal, VCMS**

CHARTER SCHOOL AFFILIATION:

If the proposed governing board, a board member, or a petition development team member has an affiliation or connection with another LAUSD-authorized charter school or prior petition, please provide a description of the connection, including the name of the school(s). This information will help to ensure that your petition is assigned to the appropriate Charter Schools Division staff.

LAUSD: Vista Charter Middle School, Vista Horizon Global Academy

Orange County: Vista Condor Global Acad., Vista Heritage Global Acad., Vista Meridien Global Acad.

Don Wilson, Superintendent		August 12, 2022
PRINT NAME OF LEAD PETITIONER	**SIGNATURE OF LEAD PETITIONER**	**DATE**

*__Please note that this letter is valid only for the 2022-2023 school year.__ If the petitioner team determines not to submit its petition within this school year, it must submit a new Letter of Intent if and when it intends to submit a petition in a subsequent year.

**** Please review the District's updated Policy and Procedures for Charter Schools, adopted August 11, 2020, and amended January 25, 2022 prior to submission, to be informed about the updated requirements for new charter school petitions, pursuant to updates in state law.**

Please submit completed form to the Charter Schools Division, Attention: Mayra Hernandez, via email (mayra.d.hernandez@lausd.net) or fax (213-241-2054).

Cristian Moreno

E-Portfolio: http://cristianmoreno7.weebly.com

TEACHING GOAL

As an aspiring physical education teacher, I plan to implement an inclusive and dynamic learning environment where students learn through visual, verbal, and kinesthetic instruction. I will develop physically literate individuals who have the knowledge, skills, and confidence to enjoy a lifetime of healthful physical activity. In an all-around attempt to create better citizens of the community and lifelong learners/doers of physical activity

Educational Background:

California State University, Fullerton 2019 - 2020
Single-Subject (K-12): Teaching Credential – Physical Education
English Learner Authorization
GPA: 4.0
Credential Cleared

California State University, Fullerton 2016 - 2019
Degree: B.S Kinesiology (Magna Cum)
GPA: 3.65

Norco College 2011 - 2016
Emphasis and Degrees: Kinesiology/Spanish/ Social and Behavioral Studies
GPA: 3.6

TEACHING EXPERIENCE

- **Physical Education Teacher**: Vista Charter Middle School ▪ August 2020 – June 2022 --- 2900 W Temple St, Los Angeles, CA 90026
  - Taught Physical Education to Grades 6-8th. My curriculum included all physical activities that could correlate with the California State Standards.
  - Served as the coach to the soccer and volleyball team at school.
  - Delivered multiple formative and summative assessments throughout each unit.
  - Effectively communicated with students, parents, and administration to implement disciplinary plans.
  - Planned several fundraisers to help support the sports programs at school.
  - Integrated technology into class to give students feedback on their fine and gross motor skills and track progress.

JAMES **OH**

[redacted]
James.oh@lausd.net · LAUSD ID: 1025284

EXPERIENCE

SPRING 2021 – PRESENT

MASTERY LEARNING AND GRADING EXPERT

LOCAL DISTRICT NORTHWEST, DIVISION OF INSTRUCTION – LAUSD

- Facilitates ongoing Mastery Learning and Grading professional development
- Supports teachers in the development of standards-based learning targets
- Designs assessments and rubrics that clearly communicate student proficiency levels
- Uses data to support instructional program goals
- Models instructional strategies that adapt to fit the needs of teachers and students
- Coach individual teachers to build teachers' capacity to promote Mastery Learning and Grading systems
- Collaborates with Local District Northwest Instructional Support Staff
- Communicates with school and local district leadership about progress of implementation

FALL 2013 – FALL 2020

LEAD TEACHER, INSTRUCTIONAL COACH, DEPARTMENT CHAIR, AND WASC COORDINATOR

AMBASSADOR SCHOOL OF GLOBAL LEADERSHIP, RFK COMMUNITY SCHOOLS

- Taught English grades 7, 10, 12, ELD 3-4 MS & HS, L & L, and Filmmaking
- Administered data-driven professional development, including – but not limited to – the following topics:
    - Mastery Learning and Grading
    - Global Performance Outcomes
    - Complex Instruction
    - Digital/Distance Learning Platforms
    - Universal Design for Learning
    - International Baccalaureate Learner Profile
- Led the faculty and staff through the WASC self-study process
- Developed ELA Smart Start Lessons with LDC for Distance Learning
- Wrote feasibility report to explore the school's transition into an International Baccalaureate School with LAUSD's Advanced Learning Options
- Supported English Learner Advisory Committee (ELAC) and provide professional development to increase reclassification of English Learners
- Served as Lead Senior Class Advisor responsible for organizing senior activities, graduation, completion of A-G IGP, and organizing senior portfolio Graduation Performance System
- Mentor Teacher for incoming, intern, and student teachers:
- Oversaw ASGL's Pilot School Committees
    - Instructional Leadership Team
    - Restorative Justice & School Culture
- Made connections with and served as club advisor for the following organizations:
    - National Honors Society
    - Red Cross
    - Wilshire Rotary Interact Club

FALL 2011 – SUMMER 2013

ENGLISH & FILMMAKING TEACHER, SENIOR TEAM LEADER, ILT MEMBER

THE SCHOOL OF ARTS AND ENTERPRISE

- Served as Lead Senior Class Advisor responsible for organizing senior activities, graduation, and completion of A-G IGP, and senior culmination project
- Procured Filmmaking equipment through grant writing
- Filmmaking students won the annual State Farm Student Filmmaking Competition against drunk driving
- Designed student-centered learning experiences incorporating an arts and enterprise curricular focus
- Implemented Mastery Learning and Grading and Complex Instruction strategies across content and grade-levels as part of ILT

WINTER 2011 – SPRING 2011

ENGLISH TEACHER

ROYBAL LEARNING CENTER, BUSINESS FINANCE ACADEMY

- Hired mid-year to teach English grades 10 and 12
- Incorporated Complex Instruction and Mastery Learning and Grading
- Tasked with increasing student performance on CAHSEE

RESOLUTION NO. 2022-08-15-01

RESOLUTION OF THE BOARD OF DIRECTORS OF
VISTA CHARTER PUBLIC SCHOOLS
TO SUBMIT A CHARTER PETITION FOR A HIGH SCHOOL (GRADES 9-12) TO THE LOS ANGELES UNIFIED SCHOOL DISTRICT

The undersigned, on behalf of Vista Charter Public Schools, a California nonprofit public benefit corporation (the "Corporation"), hereby certifies that the resolutions set forth below were adopted by the Board of Directors (the "Board") of the Corporation, in accordance with Section 5211 (a) of the California Nonprofit Corporation Law and Article IV, Section 1 of the Corporation's Bylaws, at a duly noticed meeting held on August 15, 2022 at 5 p.m., Pacific Time at 2900 W. Temple St., Los Angeles, CA 90026. A quorum of the Board was present at the meeting.

WHEREAS, the corporation (the "Corporation") is established to, among other things, manage, operate, guide, direct and promote Vista Charter Horizon Global Academy, an elementary school, and Vista Charter Middle School, both California public charter schools located in and authorized by the Los Angeles Unified School District; and,

WHEREAS, the Board desires now to authorize its staff to develop and submit a charter school petition to the Los Angeles Unified School District to serve Vista Public Charter School students in high school (grades 9 through 12); and,

WHEREAS, the Board desires now to authorize its staff to develop and submit a charter school petition to the Los Angeles Unified School District to serve high school (grades 9 through 12); and,

NOW, THEREFORE, BE IT RESOLVED, this Board of Directors of the Corporation hereby authorizes the submission of a charter school petition to the Los Angeles Unified School District Board of Education and designates the Board's representative and Superintendent, Donald Wilson, to take any and all actions necessary as Lead Petitioner to obtain the approval of this charter school petition by the Los Angeles Unified School District Board of Education.

BE IT FURTHER RESOLVED, this Board of Directors of the Corporation hereby authorizes the submission of a charter school petition to the Los Angeles Unified School District Board of Education and designates the charter school's Principal as: Karen Amaya.

BE IT FURTHER RESOLVED, this Board of Directors of the Corporation hereby authorizes the submission of a charter school petition to the Los Angeles Unified School District Board of Education and designates the charter school's Onsite Financial Manager as: Anabell Medina.

SECRETARY'S CERTIFICATE

I, Michele Bauer-Bean, Secretary of the Board of Directors of Vista Charter Public Schools, a California nonprofit public benefit corporation, County of Los Angeles, California, hereby certify as follows:

The attached is a full, true, and correct copy of a resolution duly adopted at a regular meeting of the Board of Directors of Vista Charter Public Schools, which was duly and regularly held on the 15th day of August, 2022, at which meeting a quorum of the members of the Board of Directors was present; and at such meeting such resolutions were adopted by the following vote:

AYES: 5

NOES: 0

ABSTAIN: 0

ABSENT: 1

I have carefully compared the same with the original minutes of such meeting on file and of record in my office; the attached resolution is a full, true, and correct copy of the original resolution adopted at such meeting and entered in such minutes; and such resolution has not been amended, modified, or rescinded since the date of its adoption, and the same is now in full force and effect.

WITNESS my hand this 17th day of August, 2022.

ARTICLES OF INCORPORATION
OF
VISTA CHARTER SCHOOL

(A California Nonprofit Public Benefit Corporation)

I.

The name of the Corporation shall be Vista Charter School.

II.

The Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law for public and charitable purposes. The specific purposes for which this Corporation is organized are to manage, operate, guide, direct and promote the Vista Charter School.

The Corporation is organized and operated exclusively for educational and charitable purposes pursuant to and within the meaning of Section 501(c)(3) of the Internal Revenue Code or the corresponding provision of any future United States Internal Revenue Law. Notwithstanding any other provision of these articles, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation. The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a corporation exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code; or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code.

III.

The name and address in the State of California of this Corporation's initial agent for service of process is:

Vahe Markarian
1022 N. Van Ness Avenue
Los Angeles, CA 90038

IV.

All corporate property is irrevocably dedicated to the purposes set forth in the second article above. No part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to any of its directors, members, trustees, officers or other private persons except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered, and to make payments and distributions in furtherance of the purposes set forth in Article II.

No substantial part of the activities of the Corporation shall consist of the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not

participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of or in opposition to any candidate for public office.

Subject to the provisions of the nonprofit public benefit provisions of the Nonprofit Corporation Law of the State of California, and any limitations in the articles or bylaws relating to action to be approved by the members or by a majority of all members, if any, the activities and affairs of this Corporation shall be conducted and all the powers shall be exercised by or under the direction of the board of directors.

The number of directors shall be as provided for in the bylaws. The bylaws shall prescribe the qualifications, mode of election, and term of office of directors.

V.

The authorized number and qualifications of members of the corporation, if any, the different classes of membership, the property, voting and other rights and privileges of members, and their liability for dues and assessments and the method of collection thereof, shall be set forth in the bylaws.

VI.

Upon the dissolution or winding up of the Corporation, its assets remaining after payment of all debts and liabilities of the Corporation, shall be distributed to a nonprofit fund, foundation, or association which is organized and operated exclusively for educational, public or charitable purposes and which has established its tax exempt status under Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, or shall be distributed to the federal government, or to a state or local government, for a public purpose. Any such assets not so disposed of shall be disposed of by a court of competent jurisdiction of the county in which the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine which are organized and operated exclusively for such purposes.

CERTIFICATE OF AMENDMENT OF ARTICLES OF INCORPORATION

FILED
Secretary of State
State of California
JUN 11 2014

The undersigned certify that:

1. They are the President and the Secretary of Vista Charter School, a California nonprofit public benefit corporation.

2. Article I of the Articles of Incorporation of this corporation is amended to read as follows:

   The name of this Corporation is Vista Charter Public Schools.

3. Article II of the Articles of Incorporation of this corporation is amended to read as follows:

   The Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law for public and charitable purposes. The specific purposes for which this Corporation is organized are to manage, operate, guide, direct and promote one or more California public charter schools.

   The Corporation is organized and operated exclusively for educational and charitable purposes pursuant to and within the meaning of Section 501(c)(3) of the Internal Revenue Code or the corresponding provision of any future United States Internal Revenue Law. Notwithstanding any other provision of these articles, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation. The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a corporation exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code; or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code.

4. The foregoing amendment of the Articles of Incorporation has been duly approved by the board of directors.

5. The corporation has no members.

BYLAWS
OF
VISTA CHARTER PUBLIC SCHOOLS
(A California Nonprofit Public Benefit Corporation)

ARTICLE I
NAME

Section 1. NAME. The name of this corporation is Vista Charter Public Schools.

ARTICLE II
PRINCIPAL OFFICE OF THE CORPORATION

Section 1. PRINCIPAL OFFICE OF THE CORPORATION. The principal office for the transaction of the activities and affairs of this corporation is 1022 N. Van Ness Avenue, Los Angeles, State of California. The Board of Directors may change the location of the principal office. Any such change of location must be noted by the Secretary on these bylaws opposite this Section; alternatively, this Section may be amended to state the new location.

Section 2. OTHER OFFICES OF THE CORPORATION. The Board of Directors may at any time establish branch or subordinate offices at any place or places where this corporation is qualified to conduct its activities.

ARTICLE III
GENERAL AND SPECIFIC PURPOSES; LIMITATIONS

Section 1. GENERAL AND SPECIFIC PURPOSES. The purpose of this corporation is to manage, operate, guide, direct and promote one or more California public charter schools. Also in the context of these purposes, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation.

The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code; or (b) a corporation, contributions to which are deductible under section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code. No substantial part of the activities of the Corporation shall consist of the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distributing of statements) any political campaign on behalf of or in opposition to any candidate for public office.

ARTICLE IV
CONSTRUCTION AND DEFINITIONS

Section 1. CONSTRUCTION AND DEFINITIONS. Unless the context indicates otherwise, the general provisions, rules of construction, and definitions in the California Nonprofit Corporation Law shall govern the construction of these bylaws. Without limiting the generality of

the preceding sentence, the masculine gender includes the feminine and neuter, the singular includes the plural, and the plural includes the singular, and the term "person" includes both a legal entity and a natural person.

ARTICLE V
DEDICATION OF ASSETS

Section 1. DEDICATION OF ASSETS. This corporation's assets are irrevocably dedicated to public benefit purposes. No part of the net earnings, properties, or assets of the corporation, on dissolution or otherwise, shall inure to the benefit of any private person or individual, or to any director or officer of the corporation. On liquidation or dissolution, all properties and assets remaining after payment, or provision for payment, of all debts and liabilities of the corporation shall be distributed to a nonprofit fund, foundation, or corporation that is organized and operated exclusively for charitable purposes and that has established its exempt status under Internal Revenue Code section 501(c)(3).

ARTICLE VI
CORPORATIONS WITHOUT MEMBERS

Section 1. CORPORATIONS WITHOUT MEMBERS. This corporation shall have no voting members within the meaning of the Nonprofit Corporation Law. The corporation's Board of Directors may, in its discretion, admit individuals to one or more classes of nonvoting members; the class or classes shall have such rights and obligations as the Board of Directors finds appropriate.

ARTICLE VII
BOARD OF DIRECTORS

Section 1. GENERAL POWERS. Subject to the provisions and limitations of the California Nonprofit Public Benefit Corporation Law and any other applicable laws, and subject to any limitations of the articles of incorporation or bylaws, the corporation's activities and affairs shall be managed, and all corporate powers shall be exercised, by or under the direction of the Board of Directors ("Board"). The Board may delegate the management of the corporation's activities to any person(s), management company or committees, however composed, provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the Board.

Section 2. SPECIFIC POWERS. Without prejudice to the general powers set forth in Section 1 of these bylaws, but subject to the same limitations, the Board of Directors shall have the power to:

a. Appoint and remove, at the pleasure of the Board of Directors, all corporate officers, agents, and employees; prescribe powers and duties for them as are consistent with the law, the articles of incorporation, and these bylaws; and require from them security for faithful service.

b. Change the principal office or the principal business office in California from one location to another; cause the corporation to be qualified to conduct its activities in any other state, territory, dependency, or country; conduct its activities in or outside

California; and designate a place in California for holding any meeting of members.

c. Borrow money and incur indebtedness on the corporation's behalf and cause to be executed and delivered for the corporation's purposes, in the corporate name, promissory notes, bonds, debentures, deeds of trust, mortgages, pledges, hypothecations, and other evidences of debt and securities.

d. Adopt and use a corporate seal; prescribe the forms of membership certificates; and alter the forms of the seal and certificates.

Section 3. DESIGNATED DIRECTORS AND TERMS. The number of directors shall be no less than five (5) and no more than nine (9) unless changed by amendments to these bylaws. All directors shall have full voting rights, Education Code Section 47604(b). If the charter authorizer appoints a representative to serve on the Board of Directors, the Corporation may appoint an additional director to ensure an odd number of Board members. All directors, except for the representative of the charter authorizer, shall be designated by the existing Board of Directors. All directors are to be designated at the corporation's annual meeting of the Board of Directors.

Section 4. RESTRICTION ON INTERESTED PERSONS AS DIRECTORS. No interested persons may serve on the Board of Directors. An interested person is (a) any person compensated by the corporation for services rendered to it within the previous 12 months, whether as a full-time or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director as director; and (b) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of such person.

Section 5. DIRECTORS' TERM. Each director shall hold office for two (2) years and until a successor director has been designated and qualified.

Section 6. NOMINATIONS BY COMMITTEE. The Chairman of the Board of Directors or, if none, the President will appoint a committee to designate qualified candidates for election to the Board of Directors at least thirty (30) days before the date of any election of directors. The nominating committee shall make its report at least seven (7) days before the date of the election or at such other time as the Board of Directors may set and the Secretary shall forward to each Board member, with the notice of meeting required by these bylaws, a list of all candidates nominated by committee.

Section 7. USE OF CORPORATE FUNDS TO SUPPORT NOMINEE. If more people have been nominated for director than can be elected, no corporation funds may be expended to support a nominee without the Board's authorization.

Section 8. EVENTS CAUSING VACANCIES ON BOARD. A vacancy or vacancies on the Board of Directors shall occur in the event of (a) the death, resignation, or removal of any director; (b) the declaration by resolution of the Board of Directors of a vacancy in the office of a director who has been convicted of a felony, declared of unsound mind by a court order, or found by final order or judgment of any court to have breached a duty under California Nonprofit Public Benefit Corporation Law, Chapter 2, Article 3; (c) the increase of the authorized number of

directors; and (d) the failure of the members, at any meeting of members at which any director or directors are to be elected, to elect the number of directors required to be elected at such meeting.

Section 9. RESIGNATION OF DIRECTORS. Except as provided below, any director may resign by giving written notice to the Chairman of the Board, if any, or to the President, or the Secretary, or to the Board. The resignation shall be effective when the notice is given unless the notice specifies a later time for the resignation to become effective. If a director's resignation is effective at a later time, the Board of Directors may elect a successor to take office as of the date when the resignation becomes effective.

Section 10. DIRECTOR MAY NOT RESIGN IF NO DIRECTOR REMAINS. Except on notice to the California Attorney General, no director may resign if the corporation would be left without a duly elected director or directors.

Section 11. REMOVAL OF DIRECTORS. Any director may be removed, with or without cause, by the vote of the majority of the members of the entire Board of Directors at a special meeting called for that purpose, or at a regular meeting, provided that notice of that meeting and of the removal questions are given in compliance with the provisions of the Ralph M. Brown Act. (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code). Any vacancy caused by the removal of a director shall be filled as provided in Section 12.

Section 12. VACANCIES FILLED BY BOARD. Vacancies on the Board of Directors may be filled by approval of the Board of Directors or, if the number of directors then in office is less than a quorum, by (a) the unanimous consent of the directors then in office, (b) the affirmative vote of a majority of the directors then in office at a meeting held according to notice or waivers of notice complying with Corporations Code Section 5211, or (c) a sole remaining director.

Section 13. NO VACANCY ON REDUCTION OF NUMBER OF DIRECTORS. Any reduction of the authorized number of directors shall not result in any directors being removed before his or her term of office expires.

Section 14. PLACE OF BOARD OF DIRECTORS MEETINGS. Meetings shall be held at the principal office of the Corporation. The Board of Directors may designate that a meeting be held at any place within the charter school's granting agency's boundaries designated in the notice of the meeting. All meetings of the Board of Directors shall be called, held and conducted in accordance with the terms and provisions of the Ralph M. Brown Act, California Government Code Sections 54950, et seq., as said chapter may be modified by subsequent legislation.

Section 15. MEETINGS; ANNUAL MEETINGS. All meetings of the Board of Directors and its committees shall be called, noticed, and held in compliance with the provisions of the Ralph M. Brown Act ("Brown Act"). (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code).

The Board of Directors shall meet annually for the purpose of organization, appointment of officers, and the transaction of such other business as may properly be brought before the meeting. This meeting shall be held at a time, date, and place as may be specified and noticed by resolution of the Board of Directors.

Section 16. REGULAR MEETINGS. Regular meetings of the Board of Directors, including annual meetings, shall be held at such times and places as may from time to time be fixed by the Board of Directors. At least 72 hours before a regular meeting, the Board of Directors, or its designee shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting.

Section 17. SPECIAL MEETINGS. Special meetings of the Board of Directors for any purpose may be called at any time by the Chairman of the Board of Directors, if there is such an officer, or the President, or the Secretary, or any two directors. The party calling a special meeting shall determine the place, date, and time thereof.

Section 18. NOTICE OF SPECIAL MEETINGS. In accordance with the Brown Act, special meetings of the Board of Directors may be held only after twenty-four (24) hours notice is given to each director and to the public through the posting of an agenda. Pursuant to the Brown Act, the Board of Directors shall adhere to the following notice requirements for special meetings:

a. Any such notice shall be addressed or delivered to each director at the director's address as it is shown on the records of the Corporation, or as may have been given to the Corporation by the director for purposes of notice, or, if an address is not shown on the Corporation's records or is not readily ascertainable, at the place at which the meetings of the Board of Directors are regularly held.

b. Notice by mail shall be deemed received at the time a properly addressed written notice is deposited in the United States mail, postage prepaid. Any other written notice shall be deemed received at the time it is personally delivered to the recipient or is delivered to a common carrier for transmission, or is actually transmitted by the person giving the notice by electronic means to the recipient. Oral notice shall be deemed received at the time it is communicated, in person or by telephone or wireless, to the recipient or to a person at the office of the recipient whom the person giving the notice has reason to believe will promptly communicate it to the receiver.

c. The notice of special meeting shall state the time and place of the meeting and the general nature of the business proposed to be transacted at the meeting. No business, other than the business the general nature of which was set forth in the notice of the meeting, may be transacted at a special meeting.

Section 19. QUORUM. A majority of the directors then in office shall constitute a quorum. All acts or decisions of the Board of Directors will be by majority vote of the directors in attendance, based upon the presence of a quorum. Should there be less than a majority of the directors present at any meeting, the meeting shall be adjourned. Directors may not vote by proxy. The vote or abstention of each board member present for each action taken shall be publicly reported.

Section 20. TELECONFERENCE MEETINGS. Members of the Board of Directors may participate in teleconference meetings so long as all of the following requirements in the Brown Act are complied with:

a. At a minimum, a quorum of the members of the Board of Directors shall participate in the teleconference meeting from locations within the boundaries of the school district in which the Corporation operates;

b. All votes taken during a teleconference meeting shall be by roll call;

c. If the Board of Directors elects to use teleconferencing, it shall post agendas at all teleconference locations with each teleconference location being identified in the notice and agenda of the meeting;

d. All locations where a member of the Board of Directors participates in a meeting via teleconference must be fully accessible to members of the public and shall be listed on the agenda;[1]

e. Members of the public must be able to hear what is said during the meeting and shall be provided with an opportunity to address the Board of Directors directly at each teleconference location; and

f. The agenda shall indicate that members of the public attending a meeting conducted via teleconference need not give their name when entering the conference call.[2]

Section 21. ADJOURNMENT. A majority of the directors present, whether or not a quorum is present, may adjourn any Board of Directors meeting to another time or place. If a meeting is adjourned for more than twenty-four (24) hours, notice of such adjournment to another time or place shall be given, prior to the time schedule for the continuation of the meeting, to the directors who were not present at the time of the adjournment, and to the public in the manner prescribed by any applicable public open meeting law.

Section 22. COMPENSATION AND REIMBURSEMENT. Directors shall not receive compensation. Directors may receive reimbursement of expenses, as the Board of Directors may establish by resolution to be just and reasonable as to the corporation at the time that the resolution is adopted.

Section 23. CREATION AND POWERS OF COMMITTEES. The Board, by resolution adopted by a majority of the directors then in office, may create one or more standing and/or ad hoc committees, each consisting of two or more directors and no one who is not a director, to serve at the pleasure of the Board of Directors. Appointments to committees of the Board of Directors shall be by majority vote of the authorized number of directors. The Board of Directors may appoint one or more directors as alternate members of any such committee, who may replace any absent member at any meeting. Any such committee shall have all the authority of the Board, to the extent provided in the Board of Directors' resolution, except that no committee may:

[1] This means that members of the Board of Directors who choose to utilize their homes or offices as teleconference locations must open these locations to the public and accommodate any members of the public who wish to attend the meeting at that location.

[2] The Brown Act prohibits requiring members of the public to provide their names as a condition of attendance at the meeting.

a. Take any final action on any matter that, under the California Nonprofit Public Benefit Corporation Law, also requires approval of the members or approval of a majority of all members;

b. Fill vacancies on the Board of Directors or any committee of the Board;

c. Amend or repeal bylaws or adopt new bylaws;

d. Amend or repeal any resolution of the Board of Directors that by its express terms is not so amendable or subject to repeal;

e. Create any other committees of the Board of Directors or appoint the members of committees of the Board; or

f. Expend corporate funds to support a nominee for director if more people have been nominated for director than can be elected;

The Board may also create Advisory Committees consistent with the terms of the Vista Charter School charter, for purposes of advising the Board of Directors. The Advisory Committees may include the following: (1) Site Council; (2) Parent Involvement Committee; (3) Curriculum Committee. Each Advisory Committee shall adopt bylaws, subject to Board approval.

Section 24. MEETINGS AND ACTION OF COMMITTEES. Meetings and actions of committees of the Board of Directors shall be governed by, held, and taken under the provisions of these bylaws concerning meetings, other Board of Directors' actions, and the Brown Act, if applicable, except that the time for general meetings of such committees and the calling of special meetings of such committees may be set either by Board of Directors' resolution or, if none, by resolution of the committee. Minutes of each meeting shall be kept and shall be filed with the corporate records. The Board of Directors may adopt rules for the governance of any committee as long as the rules are consistent with these bylaws. If the Board of Directors has not adopted rules, the committee may do so.

Section 25. NON-LIABILITY OF DIRECTORS. No director shall be personally liable for the debts, liabilities, or other obligations of this corporation.

Section 26. COMPLIANCE WITH LAWS GOVERNING STUDENT RECORDS. The Charter School and the Board of Directors shall comply with all applicable provisions of the Family Education Rights Privacy Act ("FERPA") as set forth in Title 20 of the United States Code Section 1232g and attendant regulations as they may be amended from time to time.

Section 27. COMPLIANCE WITH CONFLICTS OF INTEREST LAWS. The Charter School and the Board shall comply with applicable conflict of interest laws, including the Political Reform Act and California Government Code Section 1090, et seq. ("Government Code Section 1090"), as said chapter may be modified by subsequent legislation.

ARTICLE VIII
OFFICERS OF THE CORPORATION

Section 1. OFFICES HELD. The officers of this corporation shall be a President, a Secretary, and a Director of Finance. The corporation, at the Board's direction, may also have a Chairman of the Board, one or more Vice-Presidents, one or more assistant secretaries, one or more assistant treasurers, and such other officers as may be appointed under Article VIII, Section 4, of these bylaws. The officers in addition to the corporate duties set forth in this Article VIII shall also have administrative duties as set forth in any applicable contract for employment or job specification.

Section 2. DUPLICATION OF OFFICE HOLDERS. Any number of offices may be held by the same person, except that neither the Secretary nor the Director of Finance may serve concurrently as either the President or the Chairman of the Board.

Section 3. ELECTION OF OFFICERS. The officers of this corporation shall be chosen annually by the Board of Directors and shall serve at the pleasure of the Board, subject to the rights of any officer under any employment contract.

Section 4. APPOINTMENT OF OTHER OFFICERS. The Board of Directors may appoint and authorize the Chairman of the Board, the President, or another officer to appoint any other officers that the corporation may require. Each appointed officer shall have the title and authority, hold office for the period, and perform the duties specified in the bylaws or established by the Board.

Section 5. REMOVAL OF OFFICERS. Without prejudice to the rights of any officer under an employment contract, the Board of Directors may remove any officer with or without cause. An officer who was not chosen by the Board of Directors may be removed by any other officer on whom the Board of Directors confers the power of removal.

Section 6. RESIGNATION OF OFFICERS. Any officer may resign at any time by giving written notice to the Board. The resignation shall take effect on the date the notice is received or at any later time specified in the notice. Unless otherwise specified in the notice, the resignation need not be accepted to be effective. Any resignation shall be without prejudice to any rights of the corporation under any contract to which the officer is a party.

Section 7. VACANCIES IN OFFICE. A vacancy in any office because of death, resignation, removal, disqualification, or any other cause shall be filled in the manner prescribed in these bylaws for normal appointment to that office, provided, however, that vacancies need not be filled on an annual basis.

Section 8. CHAIRMAN OF THE BOARD. If a Chairman of the Board of Directors is elected, he or she shall preside at the Board of Directors' meetings and shall exercise and perform such other powers and duties as the Board of Directors may assign from time to time. If there is no President, the Chairman of the Board of Directors shall also be the chief executive officer and shall have the powers and duties of the President of the corporation set forth in these bylaws. If a Chairman of the Board of Directors is elected, there shall also be a Vice-Chairman of the Board of Directors. In the absence of the Chairman, the Vice-Chairman shall preside at Board of Directors

meetings and shall exercise and perform such other powers and duties as the Board of Directors may assign from time to time.

Section 9. PRESIDENT. The President, also known as the Executive Director, shall be the general manager of the corporation and shall supervise, direct, and control the corporation's activities, affairs, and officers as fully described in any applicable employment contract, agreement, or job specification. If there is no Chairman of the Board, the President shall preside at all Board of Directors' meetings. The President shall have such other powers and duties as the Board of Directors or the bylaws may require.

Section 10. VICE-PRESIDENTS. If the President is absent or disabled, the Vice-Presidents, if any, in order of their rank as fixed by the Board, or, if not ranked, a Vice-President designated by the Board, shall perform all duties of the President. When so acting, a Vice-President shall have all powers of and be subject to all restrictions on the President. The Vice-Presidents shall have such other powers and perform such other duties as the Board of Directors or the bylaws may require.

Section 11. SECRETARY. The Secretary shall keep or cause to be kept, at the corporation's principal office or such other place as the Board of Directors may direct, a book of minutes of all meetings, proceedings, and actions of the Board and of committees of the Board. The minutes of meetings shall include the time and place that the meeting was held; whether the meeting was annual, regular, special, or emergency and, if special or emergency, how authorized; the notice given; the names of the directors present at Board of Directors and committee meetings; and the vote or abstention of each board member present for each action taken..

The Secretary shall keep or cause to be kept, at the principal California office, a copy of the articles of incorporation and bylaws, as amended to date.

The Secretary shall give, or cause to be given, notice of all meetings of the Board and of committees of the Board of Directors that these bylaws require to be given. The Secretary shall keep the corporate seal, if any, in safe custody and shall have such other powers and perform such other duties as the Board of Directors or the bylaws may require.

Section 12. DIRECTOR OF FINANCE. The Director of Finance shall keep and maintain, or cause to be kept and maintained, adequate and correct books and accounts of the corporation's properties and transactions. The Director of Finance shall send or cause to be given to directors such financial statements and reports as are required to be given by law, by these bylaws, or by the Board. The books of account shall be open to inspection by any director at all reasonable times.

The Director of Finance shall (a) deposit, or cause to be deposited, all money and other valuables in the name and to the credit of the corporation with such depositories as the Board of Directors may designate; (b) disburse the corporation's funds as the Board of Directors may order; (c) render to the President, Chairman of the Board, if any, and the Board, when requested, an account of all transactions as Director of Finance and of the financial condition of the corporation; and (d) have such other powers and perform such other duties as the Board, contract, job specification, or the bylaws may require.

If required by the Board, the Director of Finance shall give the corporation a bond in the amount and with the surety or sureties specified by the Board of Directors for faithful performance of the duties of the office and for restoration to the corporation of all of its books, papers, vouchers, money, and other property of every kind in the possession or under the control of the Director of Finance on his or her death, resignation, retirement, or removal from office.

ARTICLE IX
CONTRACTS WITH MEMBERS

Section 1. CONTRACTS WITH MEMBERS. The Corporation shall comply with Government Code Section 1090.

ARTICLE X
CONTRACTS WITH NON-DIRECTOR DESIGNATED EMPLOYEES

Section 1. CONTRACTS WITH NON-DIRECTOR DESIGNATED EMPLOYEES. The Corporation shall not enter into a contract or transaction in which a non-director designated employee (e.g., officers and other key decision-making employees) directly or indirectly has a material financial interest unless all of the requirements in the Vista Charter School Conflict of Interest Policy have been fulfilled.

ARTICLE XI
LOANS TO DIRECTORS AND OFFICERS

Section 1. LOANS TO DIRECTORS AND OFFICERS. This corporation shall not lend any money or property to or guarantee the obligation of any director or officer without the approval of the California Attorney General; provided, however, that the corporation may advance money to a director or officer of the corporation for expenses reasonably anticipated to be incurred in the performance of his or her duties if that director or officer would be entitled to reimbursement for such expenses of the corporation.

ARTICLE XII
INDEMNIFICATION

Section 1. INDEMNIFICATION. To the fullest extent permitted by law, this corporation shall indemnify its directors, officers, employees, and other persons described in Corporations Code Section 5238(a), including persons formerly occupying any such positions, against all expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred by them in connection with any "proceeding," as that term is used in that section, and including an action by or in the right of the corporation by reason of the fact that the person is or was a person described in that section. "Expenses," as used in this bylaw, shall have the same meaning as in that section of the Corporations Code.

On written request to the Board of Directors by any person seeking indemnification under Corporations Code Section 5238 (b) or Section 5238 (c) the Board of Directors shall promptly decide under Corporations Code Section 5238 (e) whether the applicable standard of conduct set forth in Corporations Code Section 5238 (b) or Section 5238 (c) has been met and, if so, the Board

of Directors shall authorize indemnification.

ARTICLE XIII
INSURANCE

Section 1. INSURANCE. This corporation shall have the right to purchase and maintain insurance to the full extent permitted by law on behalf of its directors, officers, employees, and other agents, to cover any liability asserted against or incurred by any director, officer, employee, or agent in such capacity or arising from the director's, officer's, employee's, or agent's status as such.

ARTICLE XIV
MAINTENANCE OF CORPORATE RECORDS

Section 1. MAINTENANCE OF CORPORATE RECORDS. This corporation shall keep:

a. Adequate and correct books and records of account;

b. Written minutes of the proceedings of the Board and committees of the Board; and

c. Such reports and records as required by law.

ARTICLE XV
INSPECTION RIGHTS

Section 1. DIRECTORS' RIGHT TO INSPECT. Every director shall have the right at any reasonable time to inspect the corporation's books, records, documents of every kind, physical properties, and the records of each subsidiary as permitted by California and federal law. The inspection may be made in person or by the director's agent or attorney. The right of inspection includes the right to copy and make extracts of documents as permitted by California and federal law. This right to inspect may be circumscribed in instances where the right to inspect conflicts with California or federal law (e.g., restrictions on the release of educational records under FERPA) pertaining to access to books, records, and documents.

Section 2. ACCOUNTING RECORDS AND MINUTES. On written demand on the corporation, any director may inspect, copy, and make extracts of the accounting books and records and the minutes of the proceedings of the Board of Directors and committees of the Board of Directors at any reasonable time for a purpose reasonably related to the director's interest as a director. Any such inspection and copying may be made in person or by the director's agent or attorney. This right of inspection extends to the records of any subsidiary of the corporation.

Section 3. MAINTENANCE AND INSPECTION OF ARTICLES AND BYLAWS. This corporation shall keep at its principal California office the original or a copy of the articles of incorporation and bylaws, as amended to the current date, which shall be open to inspection by the directors at all reasonable times during office hours. If the corporation has no business office in California, the Secretary shall, on the written request of any director, furnish to that director a copy of the articles of incorporation and bylaws, as amended to the current date.

ARTICLE XVI
REQUIRED REPORTS

Section 1. ANNUAL REPORTS. The Board of Directors shall cause an annual report to be sent to itself (the members of the Board of Directors) within 120 days after the end of the corporation's fiscal year. That report shall contain the following information, in appropriate detail:

a. The assets and liabilities, including the trust funds, or the corporation as of the end of the fiscal year;

b. The principal changes in assets and liabilities, including trust funds;

c. The corporation's revenue or receipts, both unrestricted and restricted to particular purposes;

d. The corporation's expenses or disbursement for both general and restricted purposes;

e. Any information required under these bylaws; and

f. An independent accountant's report or, if none, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the corporation's books and records.

Section 2. ANNUAL STATEMENT OF CERTAIN TRANSACTIONS AND INDEMNIFICATIONS. As part of the annual report to all directors, or as a separate document if no annual report is issued, the corporation shall, within 120 days after the end of the corporation's fiscal year, annually prepare and mail or deliver to each director and furnish to each director a statement of any transaction or indemnification pursuant to Corporations Code section 6322.

ARTICLE XVII
BYLAW AMENDMENTS

Section 1. BYLAW AMENDMENTS. The Board of Directors may adopt, amend or repeal any of these Bylaws by a majority of the directors present at a meeting duly held at which a quorum is present, except that no amendment shall make any provisions of these Bylaws inconsistent with the corporation's Articles of Incorporation, or any laws.

ARTICLE XVIII
FISCAL YEAR

Section 1. FISCAL YEAR OF THE CORPORATION. The fiscal year of the Corporation shall begin on July 1st and end on June 30th of each year.

CERTIFICATE OF SECRETARY

I certify that I am the duly elected and acting Secretary of the Vista Charter Public Schools, a California nonprofit public benefit corporation; that these bylaws, consisting of 14 pages, are the bylaws of this corporation as adopted by the Board of Directors on Nov 10, 2014 and that these bylaws have not been amended or modified since that date.

Executed on Nov. 10, 2014 at Los Angeles, California.

Jose Rubio, Secretary

NOTICE OF INTENTION TO ADOPT THE CONFLICT OF INTEREST CODE OF VISTA CHARTER PUBLIC SCHOOLS

NOTICE IS HEREBY GIVEN that Vista Charter Public Schools, pursuant to the authority vested in it by section 87306 of the Government Code proposes to adopt a conflict of interest code. A comment period has been established commencing on Friday, February 10, 2017 and closing on March 27, 2017. All inquiries should be directed to the contact listed below.

Vista Charter Public School's proposed conflict of interest code includes employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code. The code adoption carries out the purposes of the law and no other alternative would do so and be less burdensome to affected persons.

Information on the code adoption is attached to this email.

Any interested person may submit written comments relating to the proposed code by submitting them no later than **March 27, 2017**, or at the conclusion of the public hearing, if requested, whichever comes later. At this time, no public hearing is scheduled. A person may request a hearing no later than March 12, 2017.

Vista Charter Public Schools has determined that the proposed code adoption:

1. Imposes no mandate on local agencies or school districts.
2. Imposes no costs or savings on any state agency.
3. Imposes no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

All inquiries concerning this proposed code adoption and any communication required by this notice should be directed to: Richard J. Hansberger, General Counsel to Vista Charter Public Schools, 800-577-0663, x. 800, rhansberger@hkschoollaw.com

VISTA CHARTER PUBLIC SCHOOLS
CONFLICT OF INTEREST CODE

The Political Reform Act (Government Code Section 81000, et seq.) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation (2 California Code of Regulations §18730) that contains the terms of a standard conflict of interest code, which can be incorporated by reference in an agency's code. After public notice and hearing, the standard code may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference. This regulation and the attached Appendices, designating positions and establishing disclosure categories, shall constitute the conflict of interest code for the **Vista Charter Public Schools ("Vista").**

Individuals holding designated positions shall file statements of economic interests with **Vista**, which will make the statements available for public inspection and reproduction (Government Code § 81008). All statements will be retained by **Vista**.

APPENDIX A
DESIGNATED POSITIONS

Designated Positions	Disclosure Category
Members of the Governing Board & Alternates	1, 2
Candidates for Members of the Governing Board	1, 2
Superintendent	1, 2
Legal Counsel	1, 2
Principals	3
Chief Business Officer	3
Consultants/New Positions	*

Note: The position of Legal Counsel is filled by outside consultants, but acts in staff capacity.

*Consultants/New Positions shall be included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code, subject to the following limitation:

The Superintendent or designee may determine in writing that a particular consultant or new position, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements in this section. Such written determination shall include a description of the consultant's or new position's duties and, based upon that description, a statement of the extent of disclosure requirements. The Superintendent's or designee's determination is a public record and shall be retained for public inspection in the same manner and location as this conflict of interest code (Government Code § 81008).

APPENDIX B
DISCLOSURE CATEGORIES

Category 1

Designated positions assigned to this category must report:
a. Interests in real property within the boundaries of Vista that are used by Vista or are of the type that could be acquired by Vista as well as real property within two miles of the property used or the potential site.

b. Investments and business positions in business entities, and sources of income (including gifts, loans, and travel payments) of the type that engage in the purchase or sale of real property or are engaged in building construction or design.

Category 2

Designated positions assigned to this category must report:
a. Investments and business positions in business entities and sources of income (including receipt of gifts, loans, and travel payments) that are contractors engaged in the performance of work or services, or sources that manufacture, sell, repair, rent or distribute school supplies, books, materials, school furnishings or equipment of the type to be utilized by Vista.

Category 3

Designated positions assigned to this category must report:
a. Investments and business positions in business entities and sources of income (including receipt of gifts, loans, and travel payments) that are contractors engaged in the performance of work or services, or sources that manufacture, sell, repair, rent or distribute school supplies, books, materials, school furnishings or equipment of the type to be utilized by the designated position's department. For purposes of this category, a principal's department is his or her entire school.

This is the last page of the conflict of interest code for **Vista Charter Public Schools**.

CERTIFICATION OF FPPC APPROVAL

Pursuant to Government Code Section 87303, the conflict of interest code for **Vista Charter Public Schools** was approved on 4/12/ 2017. This code will become effective on 5/12/ 2017.

Brian G. Lau
Senior Commission Counsel
Fair Political Practices Commission

(Regulations of the Fair Political Practices Commission, Title 2, Division 6, California Code of Regulations.)

§ 18730. Provisions of Conflict of Interest Codes.

(a) Incorporation by reference of the terms of this regulation along with the designation of employees and the formulation of disclosure categories in the Appendix referred to below constitute the adoption and promulgation of a conflict of interest code within the meaning of Section 87300 or the amendment of a conflict of interest code within the meaning of Section 87306 if the terms of this regulation are substituted for terms of a conflict of interest code already in effect. A code so amended or adopted and promulgated requires the reporting of reportable items in a manner substantially equivalent to the requirements of article 2 of chapter 7 of the Political Reform Act, Sections 81000, et seq. The requirements of a conflict of interest code are in addition to other requirements of the Political Reform Act, such as the general prohibition against conflicts of interest contained in Section 87100, and to other state or local laws pertaining to conflicts of interest.

(b) The terms of a conflict of interest code amended or adopted and promulgated pursuant to this regulation are as follows:

(1) Section 1. Definitions.

The definitions contained in the Political Reform Act of 1974, regulations of the Fair Political Practices Commission (Regulations 18110, et seq.), and any amendments to the Act or regulations, are incorporated by reference into this conflict of interest code.

(2) Section 2. Designated Employees.

The persons holding positions listed in the Appendix are designated employees. It has been determined that these persons make or participate in the making of decisions which may foreseeably have a material effect on economic interests.

(3) Section 3. Disclosure Categories.

This code does not establish any disclosure obligation for those designated employees who are also specified in Section 87200 if they are designated in this code in that same capacity or if the geographical jurisdiction of this agency is the same as or is wholly included within the jurisdiction in which those persons must report their economic interests pursuant to article 2 of chapter 7 of the Political Reform Act, Sections 87200, et seq.

In addition, this code does not establish any disclosure obligation for any designated employees who are designated in a conflict of interest code for another agency, if all of the following apply:

(A) The geographical jurisdiction of this agency is the same as or is wholly included within the jurisdiction of the other agency;

(B) The disclosure assigned in the code of the other agency is the same as that required under article 2 of chapter 7 of the Political Reform Act, Section 87200; and

(C) The filing officer is the same for both agencies.[1]

Such persons are covered by this code for disqualification purposes only. With respect to all other designated employees, the disclosure categories set forth in the Appendix specify which kinds of economic interests are reportable. Such a designated employee shall disclose in his or her statement of economic interests those economic interests he or she has which are of the kind described in the disclosure categories to which he or she is assigned in the Appendix. It has been determined that the economic interests set forth in a designated employee's disclosure categories

are the kinds of economic interests which he or she foreseeably can affect materially through the conduct of his or her office.

(4) Section 4. Statements of Economic Interests: Place of Filing.

The code reviewing body shall instruct all designated employees within its code to file statements of economic interests with the agency or with the code reviewing body, as provided by the code reviewing body in the agency's conflict of interest code.[2]

(5) Section 5. Statements of Economic Interests: Time of Filing.

(A) Initial Statements. All designated employees employed by the agency on the effective date of this code, as originally adopted, promulgated and approved by the code reviewing body, shall file statements within 30 days after the effective date of this code. Thereafter, each person already in a position when it is designated by an amendment to this code shall file an initial statement within 30 days after the effective date of the amendment.

(B) Assuming Office Statements. All persons assuming designated positions after the effective date of this code shall file statements within 30 days after assuming the designated positions, or if subject to State Senate confirmation, 30 days after being nominated or appointed.

(C) Annual Statements. All designated employees shall file statements no later than April 1. If a person reports for military service as defined in the Servicemember's Civil Relief Act, the deadline for the annual statement of economic interests is 30 days following his or her return to office, provided the person, or someone authorized to represent the person's interests, notifies the filing officer in writing prior to the applicable filing deadline that he or she is subject to that federal statute and is unable to meet the applicable deadline, and provides the filing officer verification of his or her military status.

(D) Leaving Office Statements. All persons who leave designated positions shall file statements within 30 days after leaving office.

(5.5) Section 5.5. Statements for Persons Who Resign Prior to Assuming Office.

Any person who resigns within 12 months of initial appointment, or within 30 days of the date of notice provided by the filing officer to file an assuming office statement, is not deemed to have assumed office or left office, provided he or she did not make or participate in the making of, or use his or her position to influence any decision and did not receive or become entitled to receive any form of payment as a result of his or her appointment. Such persons shall not file either an assuming or leaving office statement.

(A) Any person who resigns a position within 30 days of the date of a notice from the filing officer shall do both of the following:

(1) File a written resignation with the appointing power; and

(2) File a written statement with the filing officer declaring under penalty of perjury that during the period between appointment and resignation he or she did not make, participate in the making, or use the position to influence any decision of the agency or receive, or become entitled to receive, any form of payment by virtue of being appointed to the position.

(6) Section 6. Contents of and Period Covered by Statements of Economic Interests.

(A) Contents of Initial Statements.

Initial statements shall disclose any reportable investments, interests in real property and business positions held on the effective date of the code and income received during the 12 months prior to the effective date of the code.

(B) Contents of Assuming Office Statements.

Assuming office statements shall disclose any reportable investments, interests in real property and business positions held on the date of assuming office or, if subject to State Senate confirmation or appointment, on the date of nomination, and income received during the 12 months prior to the date of assuming office or the date of being appointed or nominated, respectively.

(C) Contents of Annual Statements. Annual statements shall disclose any reportable investments, interests in real property, income and business positions held or received during the previous calendar year provided, however, that the period covered by an employee's first annual statement shall begin on the effective date of the code or the date of assuming office whichever is later, or for a board or commission member subject to Section 87302.6, the day after the closing date of the most recent statement filed by the member pursuant to Regulation 18754.

(D) Contents of Leaving Office Statements.

Leaving office statements shall disclose reportable investments, interests in real property, income and business positions held or received during the period between the closing date of the last statement filed and the date of leaving office.

(7) Section 7. Manner of Reporting.

Statements of economic interests shall be made on forms prescribed by the Fair Political Practices Commission and supplied by the agency, and shall contain the following information:

(A) Investment and Real Property Disclosure.

When an investment or an interest in real property[3] is required to be reported,[4] the statement shall contain the following:

1. A statement of the nature of the investment or interest;

2. The name of the business entity in which each investment is held, and a general description of the business activity in which the business entity is engaged;

3. The address or other precise location of the real property;

4. A statement whether the fair market value of the investment or interest in real property equals or exceeds $2,000, exceeds $10,000, exceeds $100,000, or exceeds $1,000,000.

(B) Personal Income Disclosure. When personal income is required to be reported,[5] the statement shall contain:

1. The name and address of each source of income aggregating $500 or more in value, or $50 or more in value if the income was a gift, and a general description of the business activity, if any, of each source;

2. A statement whether the aggregate value of income from each source, or in the case of a loan, the highest amount owed to each source, was $1,000 or less, greater than $1,000, greater than $10,000, or greater than $100,000;

3. A description of the consideration, if any, for which the income was received;

4. In the case of a gift, the name, address and business activity of the donor and any intermediary through which the gift was made; a description of the gift; the amount or value of the gift; and the date on which the gift was received;

5. In the case of a loan, the annual interest rate and the security, if any, given for the loan and the term of the loan.

(C) Business Entity Income Disclosure. When income of a business entity, including income of a sole proprietorship, is required to be reported,[6] the statement shall contain:

1. The name, address, and a general description of the business activity of the business entity;

2. The name of every person from whom the business entity received payments if the filer's pro rata share of gross receipts from such person was equal to or greater than $10,000.

(D) Business Position Disclosure. When business positions are required to be reported, a designated employee shall list the name and address of each business entity in which he or she is a director, officer, partner, trustee, employee, or in which he or she holds any position of management, a description of the business activity in which the business entity is engaged, and the designated employee's position with the business entity.

(E) Acquisition or Disposal During Reporting Period. In the case of an annual or leaving office statement, if an investment or an interest in real property was partially or wholly acquired or disposed of during the period covered by the statement, the statement shall contain the date of acquisition or disposal.

(8) Section 8. Prohibition on Receipt of Honoraria.

(A) No member of a state board or commission, and no designated employee of a state or local government agency, shall accept any honorarium from any source, if the member or employee would be required to report the receipt of income or gifts from that source on his or her statement of economic interests.

(B) This section shall not apply to any part-time member of the governing board of any public institution of higher education, unless the member is also an elected official.

(C) Subdivisions (a), (b), and (c) of Section 89501 shall apply to the prohibitions in this section.

(D) This section shall not limit or prohibit payments, advances, or reimbursements for travel and related lodging and subsistence authorized by Section 89506.

(8.1) Section 8.1. Prohibition on Receipt of Gifts in Excess of $470.

(A) No member of a state board or commission, and no designated employee of a state or local government agency, shall accept gifts with a total value of more than $470 in a calendar year from any single source, if the member or employee would be required to report the receipt of income or gifts from that source on his or her statement of economic interests.

(B) This section shall not apply to any part-time member of the governing board of any public institution of higher education, unless the member is also an elected official.

(C) Subdivisions (e), (f), and (g) of Section 89503 shall apply to the prohibitions in this section.

(8.2) Section 8.2. Loans to Public Officials.

(A) No elected officer of a state or local government agency shall, from the date of his or her election to office through the date that he or she vacates office, receive a personal loan from any officer, employee, member, or consultant of the state or local government agency in which the elected officer holds office or over which the elected officer's agency has direction and control.

(B) No public official who is exempt from the state civil service system pursuant to subdivisions (c), (d), (e), (f), and (g) of Section 4 of Article VII of the Constitution shall, while he or she holds office, receive a personal loan from any officer, employee, member, or consultant of the state or local government agency in which the public official holds office or over which the public official's agency has direction and control. This subdivision shall not apply to loans made to a public official whose duties are solely secretarial, clerical, or manual.

(C) No elected officer of a state or local government agency shall, from the date of his or her election to office through the date that he or she vacates office, receive a personal loan from any person who has a contract with the state or local government agency to which that elected

officer has been elected or over which that elected officer's agency has direction and control. This subdivision shall not apply to loans made by banks or other financial institutions or to any indebtedness created as part of a retail installment or credit card transaction, if the loan is made or the indebtedness created in the lender's regular course of business on terms available to members of the public without regard to the elected officer's official status.

(D) No public official who is exempt from the state civil service system pursuant to subdivisions (c), (d), (e), (f), and (g) of Section 4 of Article VII of the Constitution shall, while he or she holds office, receive a personal loan from any person who has a contract with the state or local government agency to which that elected officer has been elected or over which that elected officer's agency has direction and control. This subdivision shall not apply to loans made by banks or other financial institutions or to any indebtedness created as part of a retail installment or credit card transaction, if the loan is made or the indebtedness created in the lender's regular course of business on terms available to members of the public without regard to the elected officer's official status. This subdivision shall not apply to loans made to a public official whose duties are solely secretarial, clerical, or manual.

(E) This section shall not apply to the following:

1. Loans made to the campaign committee of an elected officer or candidate for elective office.

2. Loans made by a public official's spouse, child, parent, grandparent, grandchild, brother, sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, or first cousin, or the spouse of any such persons, provided that the person making the loan is not acting as an agent or intermediary for any person not otherwise exempted under this section.

3. Loans from a person which, in the aggregate, do not exceed $500 at any given time.

4. Loans made, or offered in writing, before January 1, 1998.

(8.3) Section 8.3. Loan Terms.

(A) Except as set forth in subdivision (B), no elected officer of a state or local government agency shall, from the date of his or her election to office through the date he or she vacates office, receive a personal loan of $500 or more, except when the loan is in writing and clearly states the terms of the loan, including the parties to the loan agreement, date of the loan, amount of the loan, term of the loan, date or dates when payments shall be due on the loan and the amount of the payments, and the rate of interest paid on the loan.

(B) This section shall not apply to the following types of loans:

1. Loans made to the campaign committee of the elected officer.

2. Loans made to the elected officer by his or her spouse, child, parent, grandparent, grandchild, brother, sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, or first cousin, or the spouse of any such person, provided that the person making the loan is not acting as an agent or intermediary for any person not otherwise exempted under this section.

3. Loans made, or offered in writing, before January 1, 1998.

(C) Nothing in this section shall exempt any person from any other provision of Title 9 of the Government Code.

(8.4) Section 8.4. Personal Loans.

(A) Except as set forth in subdivision (B), a personal loan received by any designated employee shall become a gift to the designated employee for the purposes of this section in the following circumstances:

1. If the loan has a defined date or dates for repayment, when the statute of limitations for filing an action for default has expired.

2. If the loan has no defined date or dates for repayment, when one year has elapsed from the later of the following:

a. The date the loan was made.

b. The date the last payment of $100 or more was made on the loan.

c. The date upon which the debtor has made payments on the loan aggregating to less than $250 during the previous 12 months.

(B) This section shall not apply to the following types of loans:

1. A loan made to the campaign committee of an elected officer or a candidate for elective office.

2. A loan that would otherwise not be a gift as defined in this title.

3. A loan that would otherwise be a gift as set forth under subdivision (A), but on which the creditor has taken reasonable action to collect the balance due.

4. A loan that would otherwise be a gift as set forth under subdivision (A), but on which the creditor, based on reasonable business considerations, has not undertaken collection action. Except in a criminal action, a creditor who claims that a loan is not a gift on the basis of this paragraph has the burden of proving that the decision for not taking collection action was based on reasonable business considerations.

5. A loan made to a debtor who has filed for bankruptcy and the loan is ultimately discharged in bankruptcy.

(C) Nothing in this section shall exempt any person from any other provisions of Title 9 of the Government Code.

(9) Section 9. Disqualification.

No designated employee shall make, participate in making, or in any way attempt to use his or her official position to influence the making of any governmental decision which he or she knows or has reason to know will have a reasonably foreseeable material financial effect, distinguishable from its effect on the public generally, on the official or a member of his or her immediate family or on:

(A) Any business entity in which the designated employee has a direct or indirect investment worth $2,000 or more;

(B) Any real property in which the designated employee has a direct or indirect interest worth $2,000 or more;

(C) Any source of income, other than gifts and other than loans by a commercial lending institution in the regular course of business on terms available to the public without regard to official status, aggregating $500 or more in value provided to, received by or promised to the designated employee within 12 months prior to the time when the decision is made;

(D) Any business entity in which the designated employee is a director, officer, partner, trustee, employee, or holds any position of management; or

(E) Any donor of, or any intermediary or agent for a donor of, a gift or gifts aggregating $470 or more provided to, received by, or promised to the designated employee within 12 months prior to the time when the decision is made.

(9.3) Section 9.3. Legally Required Participation.

No designated employee shall be prevented from making or participating in the making of any decision to the extent his or her participation is legally required for the decision to be

made. The fact that the vote of a designated employee who is on a voting body is needed to break a tie does not make his or her participation legally required for purposes of this section.

(9.5) Section 9.5. Disqualification of State Officers and Employees.

In addition to the general disqualification provisions of section 9, no state administrative official shall make, participate in making, or use his or her official position to influence any governmental decision directly relating to any contract where the state administrative official knows or has reason to know that any party to the contract is a person with whom the state administrative official, or any member of his or her immediate family has, within 12 months prior to the time when the official action is to be taken:

(A) Engaged in a business transaction or transactions on terms not available to members of the public, regarding any investment or interest in real property; or

(B) Engaged in a business transaction or transactions on terms not available to members of the public regarding the rendering of goods or services totaling in value $1,000 or more.

(10) Section 10. Disclosure of Disqualifying Interest.

When a designated employee determines that he or she should not make a governmental decision because he or she has a disqualifying interest in it, the determination not to act may be accompanied by disclosure of the disqualifying interest.

(11) Section 11. Assistance of the Commission and Counsel.

Any designated employee who is unsure of his or her duties under this code may request assistance from the Fair Political Practices Commission pursuant to Section 83114 and Regulations 18329 and 18329.5 or from the attorney for his or her agency, provided that nothing in this section requires the attorney for the agency to issue any formal or informal opinion.

(12) Section 12. Violations.

This code has the force and effect of law. Designated employees violating any provision of this code are subject to the administrative, criminal and civil sanctions provided in the Political Reform Act, Sections 81000-91014. In addition, a decision in relation to which a violation of the disqualification provisions of this code or of Section 87100 or 87450 has occurred may be set aside as void pursuant to Section 91003.

_____

[1] Designated employees who are required to file statements of economic interests under any other agency's conflict of interest code, or under article 2 for a different jurisdiction, may expand their statement of economic interests to cover reportable interests in both jurisdictions, and file copies of this expanded statement with both entities in lieu of filing separate and distinct statements, provided that each copy of such expanded statement filed in place of an original is signed and verified by the designated employee as if it were an original. See Section 81004.

[2] See Section 81010 and Regulation 18115 for the duties of filing officers and persons in agencies who make and retain copies of statements and forward the originals to the filing officer.

[3] For the purpose of disclosure only (not disqualification), an interest in real property does not include the principal residence of the filer.

[4] Investments and interests in real property which have a fair market value of less than $2,000 are not investments and interests in real property within the meaning of the Political Reform Act. However, investments or interests in real property of an individual include those held by the individual's spouse and dependent children as well as a pro rata share of any investment or interest in real property of any business entity or trust in which the individual, spouse and dependent children own, in the aggregate, a direct, indirect or beneficial interest of 10 percent or greater.

[5] A designated employee's income includes his or her community property interest in the income of his or her spouse but does not include salary or reimbursement for expenses received from a state, local or federal government agency.

[6] Income of a business entity is reportable if the direct, indirect or beneficial interest of the filer and the filer's spouse in the business entity aggregates a 10 percent or greater interest. In addition, the disclosure of persons who are clients or customers of a business entity is required only if the clients or customers are within one of the disclosure categories of the filer.

Note: Authority cited: Section 83112, Government Code. Reference: Sections 87103(e), 87300-87302, 89501, 89502 and 89503, Government Code.

HISTORY

1. New section filed 4-2-80 as an emergency; effective upon filing (Register 80, No. 14). Certificate of Compliance included.

2. Editorial correction (Register 80, No. 29).

3. Amendment of subsection (b) filed 1-9-81; effective thirtieth day thereafter (Register 81, No. 2).

4. Amendment of subsection (b)(7)(B)1. filed 1-26-83; effective thirtieth day thereafter (Register 83, No. 5).

5. Amendment of subsection (b)(7)(A) filed 11-10-83; effective thirtieth day thereafter (Register 83, No. 46).

6. Amendment filed 4-13-87; operative 5-13-87 (Register 87, No. 16).

7. Amendment of subsection (b) filed 10-21-88; operative 11-20-88 (Register 88, No. 46).

8. Amendment of subsections (b)(8)(A) and (b)(8)(B) and numerous editorial changes filed 8-28-90; operative 9-27-90 (Reg. 90, No. 42).

9. Amendment of subsections (b)(3), (b)(8) and renumbering of following subsections and amendment of Note filed 8-7-92; operative 9-7-92 (Register 92, No. 32).

10. Amendment of subsection (b)(5.5) and new subsections (b)(5.5)(A)-(A)(2) filed 2-4-93; operative 2-4-93 (Register 93, No. 6).

11. Change without regulatory effect adopting Conflict of Interest Code for California Mental Health Planning Council filed 11-22-93 pursuant to title 1, section 100, California Code of Regulations (Register 93, No. 48). Approved by Fair Political Practices Commission 9-21-93.

12. Change without regulatory effect redesignating Conflict of Interest Code for California Mental Health Planning Council as chapter 62, section 55100 filed 1-4-94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 1).

13. Editorial correction adding History 11 and 12 and deleting duplicate section number (Register 94, No. 17).

14. Amendment of subsection (b)(8), designation of subsection (b)(8)(A), new subsection (b)(8)(B), and amendment of subsections (b)(8.1)-(b)(8.1)(B), (b)(9)(E) and Note filed 3-14-95; operative 3-14-95 pursuant to Government Code section 11343.4(d) (Register 95, No. 11).

15. Editorial correction inserting inadvertently omitted language in footnote 4 (Register 96, No. 13).

16. Amendment of subsections (b)(8)(A)-(B) and (b)(8.1)(A), repealer of subsection (b)(8.1)(B), and amendment of subsection (b)(12) filed 10-23-96; operative 10-23-96 pursuant to Government Code section 11343.4(d) (Register 96, No. 43).

17. Amendment of subsections (b)(8.1) and (9)(E) filed 4-9-97; operative 4-9-97 pursuant to Government Code section 11343.4(d) (Register 97, No. 15).

18. Amendment of subsections (b)(7)(B)5., new subsections (b)(8.2)-(b)(8.4)(C) and amendment of Note filed 8-24-98; operative 8-24-98 pursuant to Government Code section 11343.4(d) (Register 98, No. 35).

19. Editorial correction of subsection (a) (Register 98, No. 47).

20. Amendment of subsections (b)(8.1), (b)(8.1)(A) and (b)(9)(E) filed 5-11-99; operative 5-11-99 pursuant to Government Code section 11343.4(d) (Register 99, No. 20).

21. Amendment of subsections (b)(8.1)-(b)(8.1)(A) and (b)(9)(E) filed 12-6-2000; operative 1-1-2001 pursuant to the 1974 version of Government Code section 11380.2 and Title 2, California Code of Regulations, section 18312(d) and (e) (Register 2000, No. 49).

22. Amendment of subsections (b)(3) and (b)(10) filed 1-10-2001; operative 2-1-2001. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements) (Register 2001, No. 2).

23. Amendment of subsections (b)(7)(A)4., (b)(7)(B)1.-2., (b)(8.2)(E)3., (b)(9)(A)-(C) and footnote 4. filed 2-13-2001. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements) (Register 2001, No. 7).

24. Amendment of subsections (b)(8.1)-(b)(8.1)(A) filed 1-16-2003; operative 1-1-2003. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District,

nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements) (Register 2003, No. 3).

28. Amendment of subsection (b)(7)(A)4. filed 10-11-2005; operative 11-10-2005 (Register 2005, No. 41).

29. Amendment of subsections (a), (b)(1), (b)(3), (b)(8.1), (b)(8.1)(A) and (b)(9)(E) filed 12-18-2006; operative 1-1-2007. Submitted to OAL pursuant to *Fair Political Practices Commission v. Office of Administrative Law,* 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements) (Register 2006, No. 51).

30. Amendment of subsections (b)(8.1)-(b)(8.1)(A) and (b)(9)(E) filed 10-31-2008; operative 11-30-2008. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law,* 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements and not subject to procedural or substantive review by OAL) (Register 2008, No. 44).

31. Amendment of section heading and section filed 11-15-2010; operative 12-15-2010. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of*

Administrative Law, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements and not subject to procedural or substantive review by OAL) (Register 2010, No. 47).

32. Amendment of section heading and subsections (a)-(b)(1), (b)(3)-(4), (b)(5)(C), (b)(8.1)-(b)(8.1)(A) and (b)(9)(E) and amendment of footnote 1 filed 1-8-2013; operative 2-7-2013. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements and not subject to procedural or substantive review by OAL) (Register 2013, No. 2).

33. Amendment of subsections (b)(8.1)-(b)(8.1)(A), (b)(8.2)(E)3. and (b)(9)(E) filed 12-15-2014; operative 1-1-2015 pursuant to section 18312(e)(1)(A), title 2, California Code of Regulations. Submitted to OAL for filing and printing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements) (Register 2014, No. 51).

34. Redesignation of portions of subsection (b)(8)(A) as new subsections (b)(8)(B)-(D), amendment of subsections (b)(8.1)-(b)(8.1)(A), redesignation of portions of subsection (b)(8.1)(A) as new subsections (b)(8.1)(B)-(C) and amendment of subsection (b)(9)(E) filed 12-1-2016; operative 12-31-2016 pursuant to Cal. Code Regs. tit. 2, section 18312(e). Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision,

April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements and not subject to procedural or substantive review by OAL) (Register 2016, No. 49).

VISTA CHARTER PUBLIC SCHOOLS CONFLICT OF INTEREST BOARD POLICY

The Political Reform Act (Government Code Section 81000, et seq.) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation (2 California Code of Regulations §18730) that contains the terms of a standard conflict of interest code, which can be incorporated by reference in an agency's code. After public notice and hearing, the standard code may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act.

Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference into this Board Policy.

This regulation and the attached Appendices, designating positions and establishing disclosure categories, shall constitute the conflict of interest code for the VISTA CHARTER PUBLIC SCHOOLS (the "Charter School").

Individuals holding designated positions as defined herein shall file statements of economic interests with MLC, which will make the statements available for public inspection and reproduction (Government Code § 81008). All statements will be retained by the Charter School.

Policy Overview

In June 1974 California voters passed Proposition 9, known as the Political Reform Act. To administer, interpret and enforce its provisions a new, independent agency was created (Fair Political Practice Commission). The FPPC sets ethics rules for state and local government officials that impose strict limits on decisions or votes that would affect the official's financial interests.

The Political Reform Act, in regards to the Conflict of Interest Code, is designed to assure that:

- State and local government serve all citizens equally, without regard to status or wealth
- Public officials perform their duties impartially, without bias because of personal financial interests or the interests of financial supporters
- Public officials disclose income and assets that could be affected by official actions
- Public officials disqualify themselves from participating in decisions when they have conflicts of interest
- The activity of those who lobby the state legislature is regulated and finances disclosed to prevent improper influence on public officials
- Public officials and private citizens are given the means to enforce political reforms

The intent of this policy is to ensure adherence to the Political Reform Act, Government Codes and to the Charter School's Conflict of Interest Code.

General Duties and Responsibilities

Filers

All individuals holding a designated position (filers) shown in Appendix A are required to file a statement of economic interests (Form 700) pursuant to this Conflict of Interest Policy and the Charter School's Conflict of Interest Code annually and at the intervals otherwise required by law.

Form 700 – Statement of Economic Interests

The Form 700 is the Statement of Economic Interests form, required by the FPPC and used by public officials, to disclose certain assets and income which may affect their governmental decisions by affecting their "financial interests."

New or Changed Employee Positions

The Political Reform Act ("Act") requires that "every agency shall adopt and promulgate a conflict-of-interest code." (Section 87300.) Section 87302(a) provides that a conflict-of-interest code shall contain "specific enumeration of the positions within the agency which involve the making or participation in the making of decisions which may foreseeably have a material financial effect on any financial interest." The term "public official" is defined, in part, in Section 82048 as ". . . every member, officer, employee or consultant of a state or local government agency, but does not include judges and court commissioners in the judicial branch of government." With respect to each such position, a code is required to list the specific types of investments, interests in real property, and income that must be disclosed. The responsibility for determining if a code meets these specifications rests with the "code reviewing body." (Section 87303.)

Any time a position is added, reclassified, or removed, an evaluation must be performed in order to determine if the position (job classification) needs to be a designated filing position and as such, added, modified or removed from the list of positions found within Exhibit A.

The process of determining whether a position needs to be designated or not shall be determined by the Executive Director in consultation with the Charter School's counsel, who shall render a legal opinion accordingly.

Review of Contractor / Consultant Positions

Every contractor / consultant must be considered as a Form 700 filer. It is the responsibility of the department entering into the contract or hiring the consultant to consider the Form 700 filing needs. The Executive Director, with the aid of the Charter School's counsel, shall consider whether the contractor / consultant will make or participate in making governmental decisions on behalf of the agency.

Reviewing, Reporting and Resolving Conflicts of Interest

Conflicts may be reported by many different sources; the public, department head, employee, or co-worker. All possible conflicts shall be reviewed by the Charter School's Counsel, and any resolutions are to be logged and tracked accordingly.

APPENDIX A - DESIGNATED POSITIONS

Members of the Governing Board & Alternates
Candidates for Members of the Governing Board
Superintendent
Assistant Superintendent
Principals
Legal Counsel*
Consultants/New Positions**

*Note: The position of Legal Counsel is filled by outside consultants but acts in staff capacity.

**Consultants/New Positions shall be included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code, subject to the following limitation: The Chief Executive Officer or designee may determine in writing that a particular consultant or new position, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements in this section. Such written determination shall include a description of the consultant's or new position's duties and, based upon that description, a statement of the extent of disclosure requirements. The Chief Executive Officer's or designee's determination is a public record and shall be retained for public inspection in the same manner and location as this conflict of interest code (Government Code § 81008).

Designated positions assigned to this category must report:

a. Interests in real property within the boundaries of the Charter School that are used by the Charter School or are of the type that could be acquired by the Charter School as well as real property within two miles of the property used or the potential site.

b. Investments and business positions in business entities, and sources of income (including gifts, loans, and travel payments) of the type that engage in the purchase or sale of real property or are engaged in building construction or design.

c. Investments and business positions in business entities and sources of income (including receipt of gifts, loans, and travel payments) that are contractors engaged in the performance of work or services, or sources that manufacture, sell, repair, rent or distribute school supplies, books, materials, school furnishings or equipment of the type to be utilized by the Charter School.

d. Investments and business positions in business entities and sources of income (including receipt of gifts, loans, and travel payments) that are contractors engaged in the performance of work or services, or sources that manufacture, sell, repair, rent or distribute school supplies, books, materials, school furnishings or equipment of the type to be utilized by the designated position's department. For purposes of this category, a principal's department is his or her entire school.

VISTA CHARTER PUBLIC SCHOOLS

RESOLUTION No. 2022-08-15-02

The undersigned, on behalf of VISTA CHARTER PUBLIC SCHOOLS, a California nonprofit public benefit corporation (the "Corporation"), hereby certifies that the resolution(s) set forth below were adopted by the Board of Directors (the "Board") of the Corporation, in accordance with Section 5211 (a) of the California Nonprofit Corporation Law and Art. VII of the Corporation's Bylaws, at a duly noticed meeting held on August 15, 2022 at 5:00 p.m., Pacific Time at 2900 W. Temple St., Los Angeles, CA 90026. A quorum of the Board was present at the meeting.

WHEREAS, this corporation (the "Corporation") is established to, among other things, manage, operate, guide, direct, and promote a new charter school, Vista Legacy Global Academy ("VLGA"), a California public charter school;

WHEREAS, the Management of VLGA has requested of this Corporation an advance and loan in the amount of $750,000.00, without interest, contingent upon the approval of the VLGA charter petition by the Los Angeles Unified School District;

WHEREAS, the Corporation has adequate financial resources to make such loan without impairing its growth or profitability, and that said loan is deemed reasonably secure and in the best interests of the Corporation to make;

NOW, THEREFORE, BE IT RESOLVED that:

1. The Corporation issue a loan to VLGA in the amount of $750,000.00 on July 1, 2023 to be repaid in 4 installments ($200,000 in April 2025; $100,000 in May 2025; $300,000 in April 2026; $150,000 in May 2026) with interest of 0% on the unpaid balance;
2. That the loan to VLGA be contingent upon the execution by VLGA to the Corporation promissory notes evidencing said indebtedness.

CERTIFICATE OF ADOPTION

The undersigned hereby certifies that he/she is the duly elected and qualified Secretary and the custodian of the books and records and seal of Vista Charter Public Schools, a California non-profit, tax-exempt corporation duly formed pursuant to the laws of the state of California and that the foregoing is a true record of a resolution duly adopted at a meeting of the Board of Directors and that said meeting was held in accordance with state law and the Bylaws of the above-named Corporation on August 15, 2022, and that said resolution is now in full force and effect without modification or rescission.

I hereby further certify that the foregoing resolution(s) were passed and adopted by the Board of Directors of the Corporation by the following vote:

AYES: 5

NAYS: 0

ABSTAIN: 0

ABSENT: 1

Caveats Tab

LCFF Calculator Caveats

v.23.1a **4/18/2022**

Every effort was made to make the calculator as accurate as possible. However, because the calculator is based on estimates and assumptions, actual Local Control Funding Formula (LCFF) funding may differ from the amounts generated by the calculator. In some cases, LEA-specific and unique complexities that exist for a small percentage of local educational agencies (LEAs) may result in errors. Every unique situation is not modeled in the calculator, and **the calculator may not be useful for all LEAs**.

The following bullets highlight these assumptions, and some of the unique situations and known issues that could be identified.

General

The calculator is based on the LCFF statute as currently written, unless otherwise noted in these caveats. In some cases there may be differences in rounding +/- $1.

A proration/(deficit) factor asumption has been built into the LCFF calculator. The proration factor methodology and application is subject to revision should the state choose to apply a proration factor, or other deficit factor, in the future.

The calculator includes cost of living adjustments (COLA) and if applicable proration factors as estimated by the Department of Finance (DOF).

The calculator prepopulates with certified data provided by the California Department of Education (CDE) for the calculation of principal apportionment. Users should independently verify prefilled data, and should make adjustments as needed if revisions have been filed.

The Education Protection Account (EPA) proportionate share percentage is based on estimates released by the CDE that are not yet finalized. Therefore, the percentage will change from what is shown in the calculator through final calculation in February of the following fiscal year.

Charter School Calculations

The calculator is not designed to directly calculate budget estimates for all-charter school districts because of the unique options selected at the time the district converted. It is recommended all-charter school districts contact the CDE to determine the best method for estimating LCFF revenues.

Charter schools that are funded under different funding methodologies due to their pupil population are not included as a single scenario within the calculator. These schools are mainly those authorized by a county board of education.

The calculator is designed for a district to calculate the in lieu taxes and, as such, charter schools should contact their sponsoring authority for in lieu tax amounts to ensure accuracy.

The calculator does not take into account the following:

- -District reorganizations that include a charter school(s) newly authorized by one or more districts affected by the reorganization.
- -Charter schools that operated in the prior year but have been reauthorized by a different agency in the current year and have not been certified within the PASE system.

If either of these situations apply, we recommend working with the CDE and FCMAT to determine if the calculator can be adapted.

Caveats Tab

LCFF Calculator Caveats

v.23.1a **4/18/2022**

School District Calculations

For districts with **necessary small schools** (NSS), the calculator models different combinations of NSS and regular ADA to determine the overall maximum funding available. Districts are encouraged to independently select their funding options and evaluate the results to determine which funding method they will elect to follow.

The calculator does not take into account the following funding adjustments for **basic aid school districts**:

- Basic Aid Choice
- Basic Aid Court-Ordered Voluntary Pupil Transfer
- Basic Aid Open Enrollment
- Basic Aid Supplement Charter School Adjustment

The calculator does not take into account the impact of district reorganizations that have not been certified by the CDE via the PASE system. Furthermore, **historical year projections may not be accurate**. We recommend working with your county office, the CDE and FCMAT to adapt the calculator, if possible.

Instructions Tab

LCFF Calculator Navigation

v.23.1a 4/18/2022

Version Details:

Versions 23.1:

- **Data Entry tab**: Unprotected cells I13:N13 to allow users to modify the Concentration Grant funding rate to calculate funding difference

Versions 23.1:

- Updated to prepopulate with LEA-specific data as certified by the CDE 2021-22 First Principal Apportionment (P-1) and includes 2020-21 Annual and 2019-20 Annual R2 data certifications.
- COLA assumptions have been prepopluated with the estimates projected in the governor's 2022-23 proposed budget released in January 2022.
- EPA assumptions have been updated to include estimates released by the CDE for the third quarter apportionment released February 18, 2022.

Structure:

1 The LCFF Calculator structure has been built to maintain a standard eight-year structure that includes two historical years, one current year and five projection years.

2 The Data Entry tab was designed to cluster data entry sections by projection type (charter school or school district). Charter school data entry sections are intentionally placed at the top of the page due to the limited amount of data required to complete a projection.

3 The workbook contains conditional formatting to guide users through data entry. Once a projection type is identified and all basic questions are answered, only the highlighted sections require data entry; all remaining sections not applicable to the projection will remain grayed out. **No data should be entered in sections that are not highlighted**

Projection Type Not Identified	Charter School Projection	School District Projection
	Data Entry Sections	Data Entry Sections

4 A separate calculation must be prepared for each LEA, either district or charter school.

Data entry cells: prepopulated with the most current certified data; all data entry cells are unlocked for user edit. Prepopulated data cannot be restored after user override.

Tab Navigation Key:

Information tabs: provide important projection information and should be reviewed with each update.

Data Entry tab: single data entry tab for ALL LCFF calculations. Sections to be completed are identified through highlighting upon entry of CDS code and responses to required questions.

Primary calculation results tabs: provide calculations and results summaries only. **No data is entered on these tabs**.

Secondary support calculation tabs: provide details of supporting calculations for components that do not apply to all LEA calculations **. No data is entered on these tabs.**

User editable tabs: preformatted graphs and blank worksheet tabs.

Instructions Tab

LCFF Calculator Navigation

v.23.1a 4/18/2022

Instructions:

1 **Review Caveats**: Important details that may affect LEA calculations are noted in this tab. **This tab should be reviewed with each update**.

2 **Data Entry tab:** Data for all calculation types is entered into the Data Entry tab.

-Start a calculation by entering the five-digit code for a school district's or seven-digit code for a charter school's calculations. Once the LEA code is entered, the LEA type (district or charter) will be identified and the applicable data entry sections will be highlighted for completion.

- New charter schools that do not yet have a CDS code should select "Yes" from the drop-down list following the question below the CDS code box.

Section (1) Universal Assumptions: Prepopulated assumptions are based on the most current data released by the Department of Finance and the California Department of Education. Users can revise assumptions to prepare alternative funding scenarios.

Section (2) Charter School Data Elements Required to Calculate the LCFF: Enter charter school data elements in this section of the Data Entry tab ONLY; all other sections will be grayed out.

Section (3) School District Data Elements Required to Calculate the LCFF: Enter school district data elements in this section of the Data Entry tab ONLY; all other sections will be grayed out. School districts that are the sponsoring LEA for a charter school or are otherwise required to transfer property taxes to a charter school should answer "YES" to the applicable question in this section, then complete section (5) School District In-Lieu of Property Tax Calculation for Charter Schools. School districts that have necessary small schools should answer "YES" to the applicable question in this section, then complete section (4) Necessary Small Schools ADA.

Section (4) Necessary Small Schools ADA: School districts that have necessary small schools must complete section (4) on the Data Entry tab. Prior year data must be entered for each year including historical years, even when the school is funded under LCFF.

- NSS Supporting Calculations: details related to NSS funding determination are located in the NSS Calculation tabs.

Section (5) In-Lieu of Property Tax Calculation for Charter Schools: School districts required to transfer in-lieu taxes to charter schools should select "Yes" from the drop-down list in section (3), then complete **either** section (a) or (b).

- **Section (a)**: To be completed only by districts that use an alternative rate for in-lieu tax transfers. Carefully review and follow the instructions located in the In-lieu tax section.
- **Section (b)**: To be completed by districts that follow the traditional allocation of funding for in-lieu tax transfers. Enter ADA for each charter school separately. The tool has been designed to support basic aid district calculations, which require charter school ADA to be entered by grade span. Non basic aid districts can enter the total charter school ADA for each school in any single grade span, it is not necessary to enter ADA by grade span.

- **In-Lieu of Property Taxes Results:** The supporting calculations and in-lieu of property tax transfer amounts for each charter school are located in the District In-Lieu Taxes tab.

3 **Review LCFF Calculation and EPA Results:** Detailed calculations and results can be viewed on the Calculator, EPA and Summary tabs. No data entry is required on these tabs.

4 **Supporting Calculations**: details related to NSS funding determination and in-lieu tax transfer amounts for each charter school are located in the NSS Calculation and District In-Lieu Taxes tabs.

(5) IN-LIEU OF PROPERTY TAX CALCULATION FOR CHARTER SCHOOLS								
(a) ALTERNATIVE CALCULATION TOOL								
Only use this section to override the calculated in-lieu of property tax results with a locally determined calculation.								
1. Clear the prepopulated number '1' from the box located to the right	1							
2. Local calculation of total in-lieu property taxes								
(b) IN-LIEU TAX CALCULATION BY CHARTER SCHOOL (Note: Charters MUST be numbered to bring results into the District In-Lieu Taxes tab)								
Enter the name and ADA for each charter school. Basic Aid districts are required to transfer in-lieu taxes based on grade span funding rates. To reduce data entry, non-basic aid districts can enter the total ADA for each year into a single grade span.

LCFF ENTITLEMENT CALCULATION						
	COLA & Augmentation		Base Grant Proration	Unduplicated Pupil Percentage		
Calculation Factors	3.58%		0.00%	82.40%	82.40%	
	ADA	Base	Grade Span	Supplemental	Concentration	Total
Grades TK-3	-	$ 9,824	$ 1,022	$ 1,787	$ 1,932	$ -
Grades 4-6	-	9,972		1,643	1,776	-
Grades 7-8	-	10,268		1,692	1,829	-
Grades 9-12	475.00	11,898	309	2,012	2,174	7,786,571
Subtract Necessary Small School ADA and Funding	-	-	-			-
Total Base, Supplemental, and Concentration Grant		$ 5,651,550	$ 146,775	$ 955,564	$ 1,032,682	$ 7,786,571
NSS Allowance		-				-
TOTAL BASE	475.00	$ 5,651,550	$ 146,775	$ 955,564	$ 1,032,682	$ 7,786,571
ADD ONS:						
Targeted Instructional Improvement Block Grant						$ -
Home-to-School Transportation						-
Small School District Bus Replacement Program						-
ECONOMIC RECOVERY TARGET PAYMENT						-
LCFF ENTITLEMENT						**$ 7,786,571**
STATE AID CALCULATION						
Miscellaneous Adjustments						-
Adjusted LCFF Entitlement						7,786,571
Local Revenue (including RDA)						(1,504,729)
Gross State Aid						$ 6,281,842
MINIMUM STATE AID CALCULATION						
			12-13 Rate	2026-27 ADA		N/A
2012-13 RL/Charter Gen BG adjusted for ADA			$ -	475.00		$ -
2012-13 NSS Allowance (deficited)						-
Minimum State Aid Adjustments						-
Less Current Year Property Taxes/In-Lieu						(1,504,729)
Subtotal State Aid for Historical RL/Charter General BG						-
Categorical funding from 2012-13 net of fair share reduction						-
Charter School Categorical Block Grant adjusted for ADA			-	-		-
Minimum State Aid Guarantee Before Proration Factor						-
Proration Factor						0.00%
Minimum State Aid Guarantee						$ -
CHARTER SCHOOL MINIMUM STATE AID OFFSET						
LCFF Entitlement						7,786,571
Minimum State Aid plus Property Taxes including RDA						1,504,729
Offset						-
Minimum State Aid Prior to Offset						-
Total Minimum State Aid with Offset						-
GROSS STATE AID						$ 6,281,842
ADDITIONAL STATE AID						**$ -**
LCFF Entitlement (before COE transfer, Choice & Charter Supplemental)						$ 7,786,571
Change Over Prior Year			38.10%	2,148,052		
LCFF Entitlement Per ADA						16,393
Per-ADA Change Over Prior Year			3.58%	566		
Basic Aid Status (school districts only)						-
LCFF SOURCES INCLUDING EXCESS TAXES						
				Increase		2026-27
State Aid			39.38%	1,748,120		$ 6,186,842
Education Protection Account						95,000
Property Taxes Net of In-Lieu Transfers			0.00%	-		-
Charter In-Lieu Taxes			33.33%	376,182		1,504,729
Total LCFF (Excludes Basic Aid Choice and Basic Aid Supplemental Funding)			121.38%	2,124,302		$ 7,786,571

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

249 - 286	15	2,187,900

NSS Add-on per ADA -

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

District In-Lieu Taxes Tab

IN-LIEU PROPERTY TAX TRANSFER

For an authorizing district, in-lieu of property tax is calculated on the lesser of property taxes per ADA or the LCFF funding per ADA
1. Property Taxes per ADA
2a. Adjusted base revenue per ADA x charter school ADA

For a district with students in county-operated charter, or a basic aid district with students in countywide charter schools, or a district certified as basic aid at prior year annual with students in an SBE-approved charter school, in-lieu of property tax is calculated on the lesser of property taxes per ADA, or adjusted base funding per ADA.
1. Property taxes per ADA x District of Residence ADA
2a. Adjusted base revenue per ADA x District of Residence ADA

To enter your own calculation of In-Lieu use the Alternative Calculation tool on the Data Entry tab

Budget Narratives

Vista Legacy Global Academy

The following budget narratives has been prepared for Vista Legacy Global Academy. In order to develop an accurate financial projection for the duration of 5 years of the charter, fiscal information and LCFF tools from School Services of California (SSC), Fiscal Crisis & Management Assistance Team (FCMAT), and California charter school fiscal benchmark report has been used. In addition, this budget narrative reflects the most up-to-date information available in regards to the cost-of-living adjustment (COLA), Consumer Price Index (CPI), and Local Control Funding Formula (LCFF).

Assumptions

1.1 Enrollment & Average Daily Attendance

Revenue for VISTA LEGACY will heavily rely on the number of students enrolled and their attendance. Average Daily Attendance (ADA) is the aggregate attendance during a reporting period divided by the number of days the school is in session during that period. Since ADA mostly drives the funding for VISTA LEGACY, this budget assumes a conservative estimate of 95% attendance rate. The following enumerates grade span enrollment figures and ADA projected during the 5 year term of the charter:

	2023-24	**2024-25**	**2025-26**	**2026-27**	**2027-28**
	Year 1	*Year 2*	*Year 3*	*Year 4*	*Year 5*
Enrollment Projection By Grade Level					
Grade 9	125	125	125	125	125
Grade 10		125	125	125	125
Grade 11			125	125	125
Grade 12				125	125
Total Projected Enrollment	**125**	**250**	**375**	**500**	**500**
Attendance Rate	95%	95%	95%	95%	95%
Grade Span ADA Projection					
Tk-3	-	-	-	-	-
Grades 4-6	-	-	-	-	-
Grades 7-8	-	-	-	-	-
Grades 9-12	118.75	237.50	356.25	475.00	475.00
Total Projected ADA	**-**	**-**	**-**	**-**	**-**

1.2 Population & Demographics

Vista Legacy Global Academy intends to enroll a student population that is reflective of the District it resides in. This budget reflects an unduplicated pupil percentage of 82.40% throughout the five years of the charter. This is a conservative estimate based on the unduplicated pupil percentage of other charter schools within the County and that of the authorizing district, Los Angeles Unified, which is currently at 85.62% according to the certified 2021-22 Second Principal Apportionment. It also assumes

a Free or Reduced Price Meals population of 81% and English Learner Population of 19%, a conservative reflection of the student population in the geographic area.

Revenues

2.1 Local Control Funding Formula

The Local Control Funding Formula (LCFF) was enacted in 2013-14 and is currently in its 9th year of implementation. The LCFF revenues were projected for VISTA LEGACY using the FCMAT LCFF Calculator version 23.1a and base rate assumption (In-lieu of Property Taxes, Unduplicated Pupil) from Los Angeles Unified School District's 2021-22 certified P-2 figures. The Year 5 LCFF revenues were projected based on the currently available LCFF Calculator outyears. In-lieu of Property Tax rate of $3,167.85 per ADA has been used, which is based on certified 2021-22 P-2 Local Revenue of Los Angeles Unified School District. The following summarizes the LCFF revenue for VISTA LEGACY, consisting of Net State Aid, EPA, and In-Lieu of Property Taxes:

1. LCFF Sources					
State Aid - Current Year	1,350,244	2,827,745	4,438,722	6,186,842	6,465,601
Education Protection Account (EPA) - Current Year	23,750	47,500	71,250	95,000	95,000
State Aid - Prior Years					
Transfers to Charter Schools in Lieu of Property Taxes	376,182	752,364	1,128,547	1,504,729	1,504,729
Other LCFF Transfers	-	-	-	-	-
Total, LCFF Sources	1,750,176	3,627,609	5,638,519	7,786,571	8,065,330

2.2 Other Revenues

VISTA LEGACY provides special education services and will work with LAUSD Special Education Local Planning Area (SELPA) to ensure resources are provided for compliance and effective delivery of special education services. Special Education revenues for VISTA LEGACY has been projected based on the latest available LAUSD SELPA rates, currently projected at $294.91/ADA for federal apportionment and $830.34/ADA for State apportionment.

National School Lunch Program (NSLP) provides federal and state reimbursements for providing meals to students, based on parent/guardian income levels. The latest available reimbursement rates available on CDE has been used to project NSLP federal and state revenues for VISTA LEGACY.

Based on 82.40% Unduplicated Pupil, 81% Free or Reduced Price Meals, and 19% English Learner percentages, VISTA LEGACY conservatively estimated funding for its Title programs. The following is a summary of anticipated Federal funding, including the estimates for Title I, II, and III:

2. Federal Revenues					
No Child Left Behind	-	-	-	-	-
Special Education - Federal	-	70,041	105,062	140,082	140,082
Child Nutrition - Federal	73,000	141,400	210,340	282,880	287,200
Other Federal Revenues	-	-	-	-	-
Title I	39,188	78,375	117,563	156,750	156,750
Title II	4,988	9,975	14,963	19,950	19,950
Title III	-	9,477	14,216	18,955	18,955
Title IV	-	-	-	-	-
Title V	-	-	-	-	-
PCSGP	-	-	-	-	-
Total, Federal Revenues	117,175	309,268	462,143	618,617	622,937

VISTA LEGACY is eligible to receive the Charter School Facility Grant (SB740) based on the projected FRPM percentage. Funding for SB740 is based on the lesser of the $1,211 per ADA or 75% of the lease cost. For conservative purposes, Pro Rata share has also been calculated at 90% of lease cost reimbursement throughout the 5 years of the charter. The following is a summary of anticipated Other State funding, including the estimates for SB740:

3. Other State Revenues					
Special Education - State	98,603	197,206	295,809	394,412	394,412
Child Nutrition - State	9,125	17,675	26,293	35,360	35,900
School Facilities Appotionments	108,885	256,965	444,443	502,780	548,256
Mandated Cost Reimbursement	-	13,272	20,648	27,531	27,531
State Lottery Revenue	-	27,075	54,150	81,225	108,300
ASES	-	-	-	-	-
All Other State Revenues	-	-	-	-	-
Total, Other State Revenues	216,613	512,192	841,342	1,041,308	1,114,398

Mandate Block Grant has been estimated at $53.72 per ADA, which is the latest certified funding rate for charter schools serving students in grades 9 through 12th grade. Since funding is dependent on the previous year's ADA, VISTA LEGACY did not include MBG funding until the second year of operations.

State Lottery Revenue has been projected at $163 per ADA for Base, and $65 per ADA for Proposition 20. Year 1 revenue will be accrued as funds will be paid during year two of operation.

2.3 Loans & Line of Credit

VISTA LEGACY will receive an inter-district loan of $750,000 from VISTA CHARTER MIDDLE SCHOOL. In addition, VISTA LEGACY anticipates receiving the CDE revolving loan of $250,000. For conservatism, the budget includes only the $750,000 inter-district loan from VISTA CHARTER MIDDLE SCHOOL to help with cash-flow.

VISTA LEGACY anticipates receiving additional start-up funding from local fundraisers and philanthropic donations. To be conservative, these funds have not been included in the budget. If the school receives these additional start-up funds, it will further improve its income statement and cash flow.

Expenditures

3.1 Salaries and Benefits

SALARY POSITIONS ASSUMPTION	2023-24	2024-25	2025-26	2026-27	2027-28
Positions (FTE)					
Certificated Teacher	5	10	15	20	20

Culture & Community Coordinator	0	1	1	1	1
Intervention Coordinator	1	1	1	1	1

Projected salaries and benefits expenditures for 2023-24 to 2027-28 are based on the staffing figures encapsulated above. Based on this staffing ratio, VISTA LEGACY is able to maintain an average of 25:1 student to teacher ratio during the five years of the charter. Instruction is further supported by Instructional Aides, an Education Specialist, an Intervention Coordinator, a College & Career Counselor, a School Psychologist and a Physical Education teacher as indicated in the table above.

Position	Annual	Y1	Y2	Y3	Y4	Y5

Teacher salaries for the first year has been projected based on currently operating Vista schools in Los Angeles and Orange County. An average teacher cost (salaries & benefits) is projected to be $89,291 in year 1 and will grow to $108,868 by year 5. This includes a starting average teacher salary of $61,053 in year 1 and a 3% annual salary increase. This competitive salary structure will ensure that VISTA LEGACY recruits qualified talent. VISTA LEGACY will also have a full-time Education Specialist beginning Y2 and a shared School Psychologist to serve students with SPED needs, and a Physical Education teacher to assist students with physical education activities and learning. The school will also have a shared Principal, Assistant Principal, Superintendent, and Assistant Superintendent to provide instructional and operational leadership, with the Principal turning Full-Time starting Year 2 and the Assistant Principal turning Full-Time starting Year 3. Total certificated salaries in Y1 is $608,707 growing to $2,471,162 by Y5.

Non-certificated salaries include positions for Teacher's Aides to further enhance the educational learning experience of the students. In addition, Supervision Aides, Database Administrator, IT Coordinator, Office Manager, Office Clerks, Culture & Community Coordinator, Plant Manager, and Custodians will support with school operations, ensure school safety, and promote a positive learning environment. All of these positions will also assist in ensuring compliance with various reporting requirements with different agencies. Total non-certificated salaries is projected to be $184,862 in year 1 and increase to $1,266,028 in year 5, incorporating an annual salary increase of 3%.

3. Employee Benefits					
State Teachers' Retirement System, certificated positions	116,263.09	237,322.89	347,448.49	459,047.92	471,991.91

State Unemployment Insurance, classified positions	6,285.30	9,594.60	27,407.20	40,225.48	42,657.68
State Employment Training Tax, certificated positions	-				
State Employment Training Tax, classified positions	-				
Workers' Compensation Insurance, certificated positions	9,130.61	18,637.92	27,286.53	36,050.88	37,067.43
Workers' Compensation Insurance, classified positions	2,772.93	4,232.91	12,091.41	17,746.53	18,819.57
Total, Employee Benefits	312,989.73	626,796.11	1,062,790.52	1,488,126.95	1,623,549.66

The table above lists the total projected annual employer costs for all employee benefits for the duration of the 5-year charter term. These benefits are statutory and are determined by state and/or federal mandates and are based on current rate factors. Benefits differ by type of employee (certificated or classified) and by full-time, part-time, and/or hourly employee status. VISTA LEGACY benefits projection includes expenses for CalSTRS, Social Security, Medicare, worker's compensation, and unemployment insurance. VISTA LEGACY will provide medical benefits per eligible employees (employees working 30 hours or more per week) at a conservative rate of $12,000 per year.

3.2 Books and Supplies

4. Books and Supplies					
Approved Textbooks and Core Curricula Materials	56,250.00	69,187.50	80,718.75	96,300.00	108,150.00
Books and Other Reference Materials	31,250.00	43,562.50	48,125.00	55,000.00	62,500.00
Materials and Supplies	15,625.00	31,250.00	46,875.00	62,500.00	62,500.00
Noncapitalized Equipment	97,500.00	93,250.00	121,900.00	356,280.00	383,786.00
Food	91,250.00	176,750.00	262,925.00	353,600.00	359,000.00
Total, Books and Supplies	291,875.00	414,000.00	560,543.75	923,680.00	975,936.00

Under Books and Supplies, many of the core programming cost projections are based on a per pupil allotment. Based on historical expense trends of the currently operating four Vista schools in Los Angeles and Santa Ana, VISTA LEGACY budgeted $450 per student on approved textbooks and $250 per student on books & other reference materials, resulting in a combined amount of $87,500 in Y1 with increase in out-years based on new incoming students. VISTA LEGACY expects to have a 1:1 student to computer ratio for all students, budgeting at $550 per device. Expenses for laptop carts, teacher laptops, and furnishings are also included under non-capitalized equipment. The school also budgeted a 20% replacement cost each year for approved textbooks, books & other reference materials, and student computers each year to accommodate for possible damaged/lost materials. VISTA LEGACY also budgeted for costs associated with having vended meals delivered to the school at a rate of $3.50 per lunch meal, a conservative estimate compared to current meal costs. Total Books and Supplies is projected to be $291,875 in Y1 increasing to $975,936 by Y5. These expense projections are conservative as we expect per unit price reduction with increased buying power of the multiple schools currently operating under Vista Public Schools.

3.3 Services and Operating Expenses

5. Services and Other Operating Expenditures					
Subagreements for Services	10,250.00	15,375.00	20,756.25	46,983.13	78,728.91

Legal	22,950.00	34,425.00	46,473.75	60,415.88	75,519.84
Professional Development	59,680.00	68,632.00	78,926.80	90,765.82	104,380.69
Substitute Teachers (Third Party Vendors)	14,000.00	28,000.00	42,000.00	56,000.00	58,800.00
Contract Labor	15,620.00	23,430.00	31,630.50	41,119.65	51,399.56
Special Education Contractors	65,000.00	130,000.00	210,600.00	277,992.00	314,686.94
Special Education Encroachment (set-aside/admin)	19,720.58	53,449.38	80,174.06	106,898.75	106,898.75
Communications	10,592.00	15,888.00	21,448.80	27,883.44	34,854.30
Total, Services and Other Operating Expenditures	594,381.05	1,063,379.40	1,590,256.29	1,950,377.93	2,240,572.01

Services and Operating expenditures have been calculated based on benchmark expenditures of schools operating under Vista Public Schools as well as similarly sized charter schools that are currently operating in Southern California. The outyears have considered a 2-5% COLA growth on top of student count growth. Travel has been budgeted at $15,160 and conferences budgeted at $7,589 in year 1 with growth in out-years for school leaders and educators to attend conferences and workshops such as the California Charter Schools Association (CCSA) and Charter School Development Center (CSDC). The school also budgeted for field trip expenses, dues and memberships (Edjoin, CCSA, SIS), general liability, business/back-office services, legal services, independent auditor fees, banking and accounting fees, and other operating costs using currently operating Vista schools and average charter school expenditures of similarly sized schools.

The school budgeted $15,650 in educational consultants and $59,680 in professional development in year 1 with increase in out-years to enhance teaching practices and improve the school's academic program, such as Project Lead The Way (PLTW). The funds will be used to continuously improve the quality of instruction and promote instructional leadership.

VISTA LEGACY expects to secure a facility that will be more than adequate in operating a school that is reflective of the enrollment projections. In year 1, VISTA LEGACY will share facilities with Vista Charter Middle School. Beginning year 2, VISTA LEGACY will pursue renting a private-lease facility to support the growing enrollment numbers. For conservative purposes, the budget includes the cost for the second option (higher of the two options), which has been budgeted at $1.60 per SQFT, above current commercial facility rental rate for currently operating Vista schools and charter school facility rental rate around the proposed facility location.

Special Education Contractors cost include all outside service provider costs, which is currently estimated at $65,000 in Y1 and increase in out-years. Since the school expects to employ a shared SPED Coordinator and School Psychologist, other Special Education services will be utilized through an outside agency. In addition, the school included LAUSD SELPA encroachment fees in the budget that align with

current LAUSD SELPA rates. The budget reflects SPED fees (SPED employee, third party vendor, encroachment) that exceed SPED revenues.

VISTA LEGACY also budgeted $10,592 in Y1 with growth in out-years under communication to cover costs for telephone and Internet service, printing, postage, and marketing costs. The school will also apply for E-RATE funding and California Teleconnect Fund to help buffer the costs of Internet Service Provider, Communication, and networking equipment. For conservatism, E-rate funding and CTF has not been included in the budget.

3.4 Other Outgo

District oversight fees are budget at 1% of Local Control for all years. This amounts to $17,502 in Y1 increasing to $80,653 by Y5.

3.5 Reserve Requirement

In each fiscal year, VISTA LEGACY plans to exceed a budget reserve equal to 5% of total annual operating expenditures or $50,000, whichever is greater.

Cash Flow

This financial statement shows positive cash flow months throughout the 5 years of operations. Included in the cash flow is a $750,000 inter-district loan from Vista Charter Middle School which will help VISTA LEGACY with initial start-up costs and buffer cash deficit until funding catches up with the school's operational expenditures. As mentioned previously, although VISTA LEGACY anticipates receiving the CDE revolving loan, VISTA LEGACY did not include these start-up funds for conservatism. Also not included in the budget are the following additional funding sources that VISTA LEGACY will seek **if needed**:

- Receivable Sales from Charter School Capital or Charter Asset Management
- Philanthropic Donations
- Local Fundraising

VISTA LEGACY will engage in active fundraising activities and will request donations from the community to further help with start-up and operational costs. If needed, VISTA LEGACY will engage in receivable sales from Charter School Capital, Charter Asset Management, or similar sources if the school is faced with unexpected costs/loss of revenue/State deferrals that have not been anticipated in this budget.

The school will engage in conservative budget management and implement a fiscal control policy that is approved by the governing board. Strong fiscal management by school leaders and business consultants will result in fiscal solvency and positive financial position.

PARENT/GUARDIAN PUBLICITY AUTHORIZATION AND RELEASE

Vista Charter Public Schools requests your permission to reproduce through printed, audio, visual, or electronic means activities in which your pupil has participated in his/her education program. Your authorization will enable us to use specially prepared materials to (1) train teachers and/or (2) increase public awareness and promote continuation and improvement of education programs through the use of mass media, displays, brochures, websites, etc.

a) I, as a parent of guardian, of the student fully authorize and grant Vista Charter Public Schools and its authorized representatives, the right to print, photograph, record, and edit as desired, the biographical information, name, image, likeness, and/or voice of the above named pupil on audio, video, film, slide, or any other electronic and printed formats, currently developed, (known as "Recordings"), for the purposes stated or related to the above.

b) I understand and agree that use of such Recordings will be without any compensation to the pupil or the pupil's parent or guardian.

c) I understand and agree that Vista Charter Public Schools and/or its authorized representatives shall have the exclusive right, title, and interest, including copyright, in the Recordings.

d) I understand and agree that the Vista Charter Public Schools and/or its authorized representatives shall have the unlimited right to use the Recordings for any purposes stated or related to the above.

e) I hereby release and hold harmless Vista Charter Public Schools and its authorized representatives from any and all actions, claims, damages, costs, or expenses, including attorney's fees, brought by the pupil and/or parent or guardian which relate to or arise out of any use of these Recordings as specified above. My initial and signature shows that I have read and understand the release and I agree to accept its provisions.

DIRECTORY INFORMATION OPT OUT OPTION

"Directory information," which is defined as set forth below, may be released to requestors in limited circumstances by Vista Charter Public Schools, without additional notice to you, unless you timely "opt out" of such disclosures, in writing.

State and federal law allow directory information to be disclosed to any requestors, except those who intend to use the information for commercial purposes. However, this school's policy is to not release directory information to any requestor, for any purpose, without specific prior parent/guardian consent in each situation, EXCEPT we will release such information to requestors that engage in political advocacy, lobbying, or information dissemination related to California charter schools, specifically in this instance to the California Charter Schools Association Advocates.

If you do not want Vista Charter Public Schools to disclose your contact and other directory information from your child's records to such persons or entities without your prior written consent, you must notify us in writing by September 1st, of each school year.

Vista Charter Public Schools has designated the following information as directory information:

- parents'/guardians' names;
- Address;
- Electronic mail address;
- Phone number;
- Dates of attendance;
- Participation in officially recognized activities and sports;
- Weight and height of members of athletic teams;
- Degrees, honors, and awards received; and
- The most recent educational agency or institution attended

MEDIA RELEASE

MEDIA RELEASE OF INFORMATION

☐ My child may **be** interviewed, photographed, or filmed by members of the media.

☐ My child may **not be** interviewed, photographed, or filmed by members of the media.

Inicial

STUDENT TECHNOLOGY USE POLICY

Vista Charter Public Schools (VCPS) provides computers and/or computer Internet access available to students. Computers are useful for students to perform research and to allow students to learn how to use computer technology. Use of VCPS computers is for educational and instructional purposes only. It is the policy of VCPS to equip each computer with internet filtering software designed to prevent users from accessing material that is harmful to minors. Students will not be granted laptop access or internet access unless the parent/legal guardian sign this computer-use agreement.

Students are advised that they will not have any privacy of their computer use, including email, and that monitoring of student computer use will be performed by VCPS authorized personnel. Students who misuse school-owned computers or internet access in any way will face disciplinary action as specified in the student handbook.

Computer Guidelines

1. Treat the computer/technology as if it were your own!
2. Inspect computer/technology before use
3. Must use your assigned computer/technology at all times.
4. Clean hands please.
5. Listen for directions.
6. Only use the program/webpage that the teacher says to use.
7. Keep the computer/technology on the assigned desk.
8. Close the computer/technology before walking around.
9. Never download without the teacher's permission.
10. Never put memory sticks, cards or disks from home in school computer/technology.
11. No water bottles or other drinks around the computer/technology.
12. Do not use someone else's computer/technology without permission.
13. Do not access or change any of the computer/technology settings for any reason.
14. If there is any damage the computer/technology due to carelessness or misuse there will be a financial responsible.
15. Sign out when computer is not in use.
16. Please clean hands prior to using your assigned device.

AKNOWLEDGEMENT

Dear Parents and students,

It is your responsibility to read and become familiar with the information contained in the Parent/Student Handbook of Vista Charter Public Schools. Please visit www.vistacharterpublicschools.org and click on "Parent/Student Handbook" to review this document. If you are unable to access this document online, you may obtain a hard copy form the school's main office.

Your signature below, acknowledges that you have read, understood, and agree with the information contained in the Vista Charter Public Schools Parent/Student Handbook.

AUTORIZACIÓN DE LOS PADRES O TUTORES PARA LA DIVULGACIÓN PUBLICITARIA

Vista Charter Public Schools solicita el permiso de usted para reproducir en forma impresa, auditiva, visual o electronica actividades en las cuales su hijo(a) haya participado en su programa educativo. La autorización que usted nos otorgue nos permitirá emplear materiales preparados especialmente para (1) capacitar a los profesores o (2) para fomentar entre el público una mayor conciencia y promover un mejoramiento continuo de los programas educativos mediante el uso de los medios de comunicaci6n, las exposiciones, los folletos, los domicilios electr6nicos (websites), etc.

a) Yo, como padre, madre, tutor/a del alumno, doy mi autorización plena y concedo a Vista Charter Public Schools y a sus representantes autorizados el derecho para imprimir, fotografiar, grabar y editar - segun lo desee - la información biográfica, el nombre y apellido, las imagenes, las similitudes, o la voz del (de la) alumno(a) antes mencionado(a), en forma auditiva, en videocintas, en filmes, en diapositivas, en cualquier otra forma electr6nica o en formatos impresos que actualmente se desarrollan (se les conoce como "Grabaciones"), para los prop6sitos antes mencionados y declarados.

b) Entiendo y estoy de acuerdo en que el uso de tales Grabaciones se dara sin compensacion alguna para los estudiantes, sus padres o sus tutores.

c) Entiendo y estoy de acuerdo en que Vista Charter Public Schools o sus representantes autorizados tendran el derecho exclusivo, el tftulo, el interes e inclusive el derecho de autor de las Grabaciones.

d) Entiendo y estoy de acuerdo en que Vista Charter Public Schools o sus representantes autorizados tendran el derecho ilimitado para utilizar las Grabaciones para cualquiera de los prop6sitos declarados o relacionados con lo antes mencionado.

e) Por la presente exonero de toda responsabilidad civil a Vista Charter Public Schools y a sus representantes autorizados por la totalidad y cada una de las demandas, reclamos, dafios y perjuicios, costos o gastos, incluso los honorarios de los abogados, que presenten los alumnos, sus padres o sus tutores en lo relacionado a lo que se haya suscitado o pudiera surgir por cualquier uso de estas Grabaciones, conforme se especific6 antes. Mi firma y mis iniciales indican que he leido y que entiendo esta exoneración de toda responsabilidad civil, y estoy de acuerdo en aceptar sus disposiciones.

INFORMACIÓN DEL DIRECTORIO OPCIÓN DE EXCLUSIÓN

La “información de directorio,” lo cual se define abajo, puede ser revelada a los que la pidan en circunstancias limitadas por Vista Charter Public Schools sin noticia adicional a usted, a menos que usted escoja la opción de no divulgación de esta información por escrito y de manera oportuna. La ley estatal y federal permite que la información de directorio se revele a cualquiera que la pida, con excepción de los que pretenden utilizar la información con fines comerciales. Sin embargo, la política de esta escuela es no revelar la información de directorio a nadie, por ninguna razón, sin consentimiento específico del padre o tutor en cada situación, PERO sí revelaremos tal información a alguien si pretende comprometerse con la defensa de causas políticas, el cabildeo o la diseminación de información relacionada con las escuelas chárter de California, específicamente en esta instancia con los Defensores de la Asociación de las Escuelas Chárter de California. Si usted no quiere que Vista Charter Public Schools revele su información de contacto y otra información de directorio de los archivos de su hijo a tales personas o entidades sin su permiso escrito previo, usted tiene que notificarnos por escrito antes del diez de septiembre.

Vista Charter Public Schools ha designado que la siguiente información es la información de directorio:

- Nombres de los padres/tutores;
- La dirección;
- La dirección del correo electrónico;
- El número telefónico;
- Las fechas de asistencia;
- La participación en deportes y actividades que son reconocidos oficialmente;
- El peso y la altura de los miembros de los equipos atléticos;
- Títulos, honores, y premios recibidos; y
- La institución o agencia educacional a la cual más recientemente haya estado matriculado

INFORMACIÓN QUE SE INCLUYE EL DIRECTORIO ESTUDIANTE

INFORMACION QUE SE LE PODRA DIVULGAR A LOS MEDIOS DE DIFUSION

- ☐ Autorizo que el personal de los medios de difusión entreviste, fotografié o filme a mi hijo(a)
- ☐ NO Autorizo que el personal de los medios de difusión entreviste, fotografié o filme a mi hijo(a)

POLIZA DEL ESTUDIANTE PARA EL USO DE COMPUTADORA Y TECNOLOGÍA

Las escuelas Publica Vista Charter (VCPS) provee computadoras y acceso al Internet para todos los estudiantes. Las computadoras son de gran uso, en ellas los estudiantes pueden realizar investigaciones y les permite aprender el uso y manejo de tecnología. El uso de computadoras de VCPS es solamente y únicamente para propósitos educativos y de instrucción. Es la póliza de VCPS de equipar cada computadora con acceso a Internet con programas de filtros designados para prevenir acceso de material dañino para menores .Los estudiantes no tendrán derecho de usar las computadoras hasta que ambos, padres firmen el acuerdo sobre el uso del Internet.
Todos los estudiantes serán advertidos que ellos no tienten ninguna privacidad en el uso de Internet en las computadoras, esto incluye correos electrónicos, y que serán monitoreado por el personal de la escuela VCPS. Los estudiantes que hagan mal uso de las computadoras de la escuela o del acceso al Internet de cualquier manera se les aplicarán acciones disciplinarias como se explica en el Manual Para Padres Y Estudiantes.

Guías Para el Uso de Computadoras

1. Tratar las computadoras y su uso de tecnología como si fueran propios.
2. Revisar la computadora antes de usarla.
3. Debe usar solamente la computadora asignada.
4. Manos limpias por favor!
5. Escuchar atentamente las instrucciones de uso.
6. Solamente usar los programas y/o páginas de internet asignadas por el maestro.
7. Mantener la computadora en el escritorio asignado.
8. Cerrar la computadora antes de dejarla.
9. Nunca baje información sin el permiso del maestro.
10. Nunca poner ningún mecanismo o dispositivo de memoria, tarjeta, o disco (CD).
11. Botellas de agua u otras bebidas no serán permitidas mientras se usa la computadora.
12. No usar la computadora de ningún otro estudiante sin su permiso.
13. El estudiante no tiene acceso para cambiar ninguna configuración por ningún motivo.
14. Si encontramos algún daño a la computadora, debido a la falta de cuidado y mal uso, se aplicaran cargos financieros.
15. Cerrar sesión cuando la computadora no esté en uso.
16. Por favor, limpie las manos antes de usar su dispositivo asignado.

RECONOCIMIENTO

Skills

More than twenty years of experience providing office support, including handling confidential information. Excellent telephone, filing, and organizational skills. Trained on Word, Excel, PeopleSoft, HRS, Galaxy, Aries, PowerSchool. Typing 63 wpm. Bilingual – Spanish .

Education

California State Los Angeles, CA / present
Pasadena City College, Pasadena, CA / December 2020
Le Cordon Bleu, Pasadena, CA / January 2014
Bryman College, Los Angeles, CA / December 2000

Experience

Vista Charter Middle School / Office Manager August 2017 - Present
Respond to employee/public inquiries by telephone and in person. Process enrollment and transfers of students to and from other schools. Manage office personnel, organize and expedite the work flow of the school site, and offer guidance and direction as needed. Processes documents and materials (e.g., time sheets, work orders, requisitions, travel reimbursements, etc.) for disseminating information in compliance with program, district, state and/or federal requirements. Procure school supplies and custodial materials. Reconcile balances for different categories (e.g., student uniforms, fundraisers, donations, requisitions). Establish, maintain and insure proper use of confidential files, which may include student, personnel, and payroll records. Exercise diplomacy in answering questions and resolve situations involving students, parents, volunteers, public, site staff and school personnel through knowledge of school policies and general rules and regulations. Perform first aid and care for injured/ill students. Maintain and retrieve financial records. Participate in a variety of meetings, workshops, and/or training for providing or receiving information, and supporting the needs of the attendees.

Temporary Financial Aid Assistant, Glendale Community College, Glendale, CA January 2016 –April 2017
Respond to student inquiries for general information regarding financial aid programs and application procedures. Provide customer service to students, parents, faculty and others. Perform data entry of student financial and award data. Process, print and distribute all financial aid notifications. Review and post documents received by the office.

Beverly Hills USD /Accounts Payable Specialist/Payroll/Benefits Technician, January 2014 -December 2015
Performed a variety of accounting clerical work, process payments to vendors, service agreements and contracts. Negotiated with vendors and resolved payment problems, accounting errors. Balance assigned accounts, maintain purchase order balances. Maintained various tables on HRS. Administered employee fringe benefits. Perform billing and tracking of payments for retiree medical and dental premiums. Established and maintained all voluntary and mandated payroll deductions. Audit, reconcile and prepare reports for agencies covering deductions. Processed classified and certificated payroll as directed, processing time reports, distributing payroll warrants, establishing and maintaining all records pertaining to new hires, current employees, terminations, additional assignments, absences and leaves for employees on assigned payroll cycles.

El Rancho USD /School Secretary, October 2011 - June 2013
Responded to employee/public inquiries by telephone and in person. Translated district official letters, memos, reports, etc. Interpret for parents during conferences, meetings, and the front desk. Prepared a variety of letters, arithmetical summaries, and other material, typically using computer software. Ordered, received, and distributed office supplies. Maintained routine bookkeeping and certificated and classified payroll.

Los Angeles Unified School District/Office Technician, July 2000-October 2011
Respond to employee/public inquiries by telephone and in person to provide or request information. Assist in preparing employee time reports and maintaining routine bookkeeping and payroll records. Operate a variety of office equipment, e.g., computers, printers, copiers, calculators, typewriters. Maintain files, records, and other information. Prepare, modify, and update spreadsheets.

PROFESSIONAL EXPERIENCE

- **Principal**

Torrance Unified School District	July 2011 - present
Pomona Unified School District	August 2007 – July 2011
East Whittier City School District	August 2006 – July 2007

Staff management of 30+ teachers and support providers; labor and employment issues under statutory and contract requirements; implemented, directed and monitored programs to raise student achievement and meet federal NCLB requirements for 540 – 920 Title I and LEP students; general and special education (mild/moderate, moderate/severe, medically fragile, learning center) program management; staff development; increased reflective teaching practices; increased parent/community involvement; conducted home visits; participated in SARB and suspension/expulsion hearings at District level; created a partnership with Cal Poly Pomona's department of teacher education (mathematics and science) to support students, teachers and parents; created a safe school environment; rebuilt and renovated the school library through a Wonder of Reading grant, managed modernization of school; participated in and increased PTA/school fundraising activities, participated in district contract negotiations, participated in committee addressing T.K., lead the adoption and implementation of the Common Core; developed and implemented RTI/intervention system; 2016 Gold Ribbon Award recipient.

- **Assistant Principal**

Los Angeles Unified School District	July 2003 – July 2006

Assisted in maintaining a safe school environment, monitored student achievement; managed the special education department and IEP process, conducted home visits; provided staff development and 'assistance and guidance' to staff, worked with local governmental agencies and officials to strengthen school community, community support referrals, extended parent involvement through partnership with OneLA/IAF.

- **Categorical Coordinator**

Los Angeles Unified School District	July 2001 – June 2003

Monitored the progress of LEP students, assured categorical compliance for all LEP and Title I student programs, implemented state and district testing programs, provided professional development and parent workshops.

- **Elementary School Teacher**

The Mirman School — August 2000 – June 2001
Los Angeles, CA

One Hundred Ninth St. School — May 1998 – June 2000
Los Angeles, CA

The Buckley School — August 1992 – June 1994
Sherman Oaks, CA

Twenty-Fourth St. School — August 1987 – January 1992
Los Angeles, CA

Wilshire Elementary School — August 1986 – June 1987
Los Angeles, CA

Taught elementary level students in traditional, multiage and highly gifted programs; participated in District 'Un-graded Primary' pilot program; held grade level chair positions; member of curriculum committee. Mentor, Teach for America; literacy coach (cognitive coaching model); conducted fund raisers, student assemblies and organized mural painting projects for school; conducted home visits.

- **Law Clerk**

California Association for Public Employees — January 1998 – May 1998
Los Angeles, CA

Labor law practice, investigated and brought to administrative hearing discrimination case under Blain Meek, Esq.

Joe Schleimer, Attorney at Law — January 1996 – May 1996
Los Angeles, CA

Legal research and writing for business attorney.

Public Counsel, The Children's Rights Project — March 1995 - August 1995
Los Angeles, CA

Case management for staff attorneys, case investigation, court translation, presentation of guardianship hearings under Jenny Weis, Esq.

CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, it is a position of great trust and responsibility to serve as a member of the governing board of a charter school. As part of its fiduciary duties, the governing board not only is responsible for ensuring that the school provides a high quality educational opportunity for all students, but also must ensure that all public monies it receives are spent responsibly in accordance with the law and charter.

In order to make its recommendation to the LAUSD Board of Education, the Charter Schools Division (CSD) must determine whether the charter school petition is likely to be successfully implemented (California Education Code §47605(b)). By providing complete and detailed responses to the questions below, you will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

   Board members possess a variety of fiscal responsibilities. These responsibilities entail the approval of contract agreements in excess of the authorized amount, adopting the budget for the organization, and hiring an external auditor to ensure that funds are spend in accordance with the budget and mission of the school in the best interst of the students. These fiscal responsibilities are of the utmost importance to uphold the public trust and our obligation to our children. Monies provided by the state and federal government must be used in accordance with the rules, regulations and guidelines provided. It is our ethical obligation to meet these requirements in support the needs of the students.

   Accountability for student learning is another important Board obligation. This touches upon the very purpose of the organization. The Board must be knowledgable student

* This questionnaire must be current within 12 months of petition submission.

Board Member Initials

achievement and ensure that decisions made support continued growth and learning. In addition, the Board must maintain high expectations for student achievement. Data must be monitored and information used to drive continuous improvement.

Ensuring a safe and appropriate educational environment is provided to all students, including ensuring that adequate housing, equipment and supplies are present. This Board responsibility supports student achievement at the most basic level conjuring notions of Maslow's Hierarchy.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.

Vista Legacy High School is the natural extention of our Vista education that starts in TK at Vista Horizon Global Acadmey. It takes into consideration the whole child. The Three pillars of Vista Horizon include the following: 1. Social Emotions learning , 2. Global Competence with the International School Studies Network, and 3. STEAM (Science, Tech, Engineering, Arts, and Math). Class size is smaller than the average and enable staff to create enriching and supportive relationships required for learning. The organization strives to create not just a school, but a community. The focus on Global Competence connects students with the greater world learning and community while validating and endorsing each child's diverse background as important part of the global community. The focus on STEAM creates excitement and engagement in learning and prepares students to enter the work force as productive citizens. All decisions are made in line with the Framework for engagement designed by Dr. Wilson and a cohort of USC doctors supporting the three pillars.

An important distiction is that VLGA takes our STEAM and Global approach to the next level with career pathways in International Business and Bio-medical options. Additionally, the school is completing an MOU with Los Angeles Trade Tech to allow for dual enrollment possibilities. Finally, few high schools are mastery based as our will be allowing students to thrive by focusing on what they don't know because teachers and students are clear on what they already know and have mastered.

Instruction is student centered. Teachers facilitate learning with short direct instruction lessons followed with time for guided and independent practice in response to the learning needs of each individual. A workshop model further supports learning by actively engaging students in activities to internalize concepts and information.

The Instructional Leadership Teamplays a strong role in the learning process analyzing and examining student achievement, discussing instructional approaches and designing approaches to respond to students' learning needs. Instructors hold a high level of professional efficacy.

* This questionnaire must be current within 12 months of petition submission.

Board Member
Initials

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

As a career educator and current school principal with over 30 years of experience, I offer a school management perspective regarding student achievement, instructional pedagogy, fiscal policy and practice, community relations and school operations. As a licensed attorney, I offer a legal perspective that spans the activity of the organization. This combined knowledge and experience can enrich the Board's perspective with a dynamic viewpoint and add to the thoughtful reflection of actions that are being contemplated.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.
As a hypothetical example, if one Board member owned a tutoring business that was being used by the school to support student learning, a conflict would exist. The Board member would find it difficult to make independent decisions in the best interest of the school and students and also make business decisions in the best interest of his/her tutoring company. If the school were to want to discontinue the services of the tutoring company, the Board member might be opposed to this for a desire to continue making money by servicing the school. Board members have an obligation to disclose any potential conflicts of interest and remove themselves from situations where conflicts arise.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?
The most important factor in making any Board decision is always the best interest of the students and student learning. With a strong ethical foundation, decisions made in compliance with legal requirements with the best interest of students and student learning in mind, can't go wrong. Decisions also need to be consistent with the organization's philosophy/mission/vision and purpose.

6. Describe your experience and/or connection with the community that your school proposes to serve.
As a Los Angeleno, I grew up in the Pasadena area, attended the University of Southern California and worked in the Los Angeles Unified School District. My experience has allowed me to serve in the community surrounding U.S.C. and extened out into the boundaries of L.A. County.

7. Describe a difficult professional or financial decision that you have had to make. What

* This questionnaire must be current within 12 months of petition submission.

Board Member Initials

factors did you consider and how did you implement the decision?
As a principal, I was faced with having to spend one time grant money. In order to ensure that this money was used in the most effective manner possible, I examined the needs and goals of the organization and considered options that would yield sustained impact. I settled with the idea that the money would best be spent on technology in support of the school's goal to have a one to one student/computer ratio. I gathered input from all community stakeholders and once the community was in agreement, I moved forward with the expenditure.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?
Qualifications and factors to add or replace a Board member include high ethical standards, a desire to make a positive impact in the community, high expectations for student achievement, the ability to monitor student data and use it to support continuous improvement, the ability to collaborate with other Board members, staff and the community.

9. Please identify your relationship, if any, with each of the following:
   a. Lead petitioner: SELECT ALL DESCRIPTORS THAT APPLY.
      - ☐ Immediate Family (spouse, domestic partner, child, parent) (Specify:_____)
      - ☐ Non-immediate family (Specify:_____)

CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, it is a position of great trust and responsibility to serve as a member of the governing board of a charter school. As part of its fiduciary duties, the governing board not only is responsible for ensuring that the school provides a high quality educational opportunity for all students, but also must ensure that all public monies it receives are spent responsibly in accordance with the law and charter.

In order to make its recommendation to the LAUSD Board of Education, the Charter Schools Division (CSD) must determine whether the charter school petition is likely to be successfully implemented (California Education Code §47605(b)). By providing complete and detailed responses to the questions below, you will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

Please answer all questions, initial each page, including any supplemental pages, and sign at the end of the document. Responses of "Not Applicable" are not acceptable. If your initial response to any question is "yes" or "no", please provide a detailed explanation of the basis for the response.

---

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.
   a. Determine the mission and purpose including development, review and revision.
   b. Hire, support and evaluate the ED so the vision and policies are effectively implmented. Provide directions to the ED pursuant to the established policies and constructive feedback.
   c. Conduct regular and timely evaluations of the ED and perfomance of the school, and ensure effective organizational planning by reviewingthe goals with an accountabilty plan.
   d. Adopt a fiscally responsible budget and regularly monitor the fiscal health of the school. Contract with an external auditor t produce an annual financial audit and approval of these annual fiscal and performance audits.
   e. Develop and approve the school calendar and schedule of Board meetings. Adopt, evealuate and update Board policies and precedures consistent with the law and the school's mission.

* This questionnaire must be current within 12 months of petition submission.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.
The three pillars of Vista Horizon is Social Emotional Learning, Global Competence with the International School Studies Network and STEAM. All curriculum is taught in a workshop model where teachers are not lecturing all day, but facilitate learningwith short direct instructions and students have plenty of time for guided and independent practices. Serious distributive leadership model with a very strong role for the Instuctional Leadership Team. The high school will extend the three pillars of a Vista educatin with career pathways in international business and Bio-medical options, as well as dual enrollment with local colleges.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.
I have been in the world of finance for many years and I have a post graduate degree in Finance. I have also started and ran many companies as a CEO where I am responsible for development, operation where I had to continuously practice fiscally responsible policies. Working in a Board setting where I can contribute my expertise in business and financial planning helps monitor the school's academic and fiscal practices.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.
I am a CEO of a company that provides culinary events. In the event that the school may require event/catering services, I would present my company to provide a service. As I am the CEO of the company and financial interest, it may be a conflict of interest. I would present the scope of service along with the fee and will let the governing board to investigate alternate plans/options to compare the offered services and then vote (with out me) on the service. The conflict may exist but it is not improper if the service provided is clearly determined is the best option for the school.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?
I believe it is important to have a check-and-balance to ensure sound decision making process. In order to derive at a proper decision, it is imperative to have sound policies in place to constently monitor and evaluate to make sound decisions.

6. Describe your experience and/or connection with the community that your school proposes to serve.
I have 3 children, and 2 are in Middle School. one of my kids have briefly attended Vista Charter School. I am also deeply involved with the Charitable Organization called Blessings in a Backpack to provide food to students on weekends at public schools in need.

* This questionnaire must be current within 12 months of petition submission.

Charter Schools Division
LOS ANGELES UNIFIED SCHOOL DISTRICT

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?
I have always worked in a very intense financial markets since college. It came to time where I needed to reevaluate my life and change the course of my career. If I continued working for a large company, my career would be secure and easy as I was already on a executive path but I needed more. I wanted to build my own company with my vision. I also wanted a more balanced life. I had take a step back and cut on financial gains to start my business but it was worth it as looked toward a long-term goal. I also learned better management skills and operational practices. I am also able to spend more time on philanthropical issues - how and to what causes do I give back, etc.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?
I would look for candidates who are passionate about governance and inspire others. Someone who encourages open communication and constructive debate. A person of integrity, respect and humily.

9. Please identify your relationship, if any, with each of the following:
   a. Lead petitioner: SELECT ALL DESCRIPTORS THAT APPLY.
      - ☐ Immediate Family (spouse, domestic partner, child, parent) (Specify:_____)
      - ☐ Non-immediate family (Specify:_____)

Willenberg Special Education Center

PROFESSIONAL SKILLS AND ACHIEVEMENTS

- Coordinated Special Education services and program implementation for students with disabilities in collaboration with charter schools
- Provided technical assistance to Special Education Division department and Support Units, as well as other LAUSD departments regarding charter schools and services
- Provided ongoing meaningful consultation to charter school administrators, teachers, providers, and parents
- Liaisoned with District and chart leaders to assist in SELPA LAUSD reorganization
- Served as direct support for mediating challenging cases that could result in due process hearing
- Successfully organized District-wide Extended School Year, including preparation of manual and training Program Specialists, while decreasing budget deficit and maximizing student services
- Collaborated with charter leaders to develop and implement professional development activities for charter and District employees
- In depth knowledge of District Special Education policies, procedures, and programs as they relate to charter school programs
- Understanding of laws and regulations pertaining to charter schools in general and delivery of special education services relative to charter schools

- In depth knowledge of the Individuals with Disabilities Act and state and local regulations
- Familiarity with developing budget, hiring personnel, opening and closing of classes
- Ability to collaborate and communicate effectively with other offices, community agencies, parents, and school-site staff

CREDENTIALS/CERTIFICATION

- Multicultural/Bilingual Master Plan coursework
- California Administrative Services Credential
- Standard Elementary Credential (Life)
- Specialist, SH and LH Credential (Life)
- Restricted Special Education Credential, OH (Life)
- Resource Specialist Certificate of Competence

CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, it is a position of great trust and responsibility to serve as a member of the governing board of a charter school. As part of its fiduciary duties, the governing board not only is responsible for ensuring that the school provides a high quality educational opportunity for all students, but also must ensure that all public monies it receives are spent responsibly in accordance with the law and charter.

In order to make its recommendation to the LAUSD Board of Education, the Charter Schools Division (CSD) must determine whether the charter school petition is likely to be successfully implemented (California Education Code §47605(b)). By providing complete and detailed responses to the questions below, you will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

Please answer all questions, initial each page, including any supplemental pages, and sign at the end of the document. Responses of "Not Applicable" are not acceptable. If your initial response to any question is "yes" or "no", please provide a detailed explanation of the basis for the response.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.
   It is almost impossible to priortize the roles and responsibilities of a pubic charter school governance body since many must be considered concurrently and, in fact, may change based on the decision being made. Ultimately, it is the Board's responsibility to identify and support the leader in determining and carrying out the mission and vision of the school. The Board must continually monitor and evaluate the services provided by the school, making sure they reflect the mission and goals. The board must help the leader make adjustments as necessary but cannot act as a "rubber stamp" for decisions. At the same time, the Board is responsible for ensuring that state and federal laws are complied with and for abiding with fiduciary responsiblities. Only in this way, can a Board carry out its duty to the school.

* This questionnaire must be current within 12 months of petition submission.

Board Member Initials

Charter Schools Division
LOS ANGELES UNIFIED SCHOOL DISTRICT

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.
What makes or petition unique is the three pillars incorported in our plan. First, we recognize the importance of STEAM to all students, while incorporating social-emotional learning and global competence. The goals and curriculum were developed by our founder, Don Wilson and Usc schoars. All curriculum is presented in a workshop model, facilitating maximum learning and acheivement of academic goals. The addition of pathways in bio-med and international business, as well as dual enrollment are strong features of our petition.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.
Prior to join the Board, I worked as a teacher and administrator in the Los Angeles Unifed School District, both in regular and special education. I served children and youth ranging from 3 to 21 years, giving me unique insight into the spectrum of development. My most recent supervisory position as Coordinator of Charter Schools with LAUSD's Division of Special Education gives me knowledge of legal requirements for including children with special needs in the operation of any school. Most importantly, I bring the ability to communicate and work with a variety of stakeholders, including communityagencies, parents, and school personnel. In addition, I am always committed to improving my understanding of evolving requirements by participating in trainings and other development opportunities.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.
X Charter School needs after school services. There are several candidate programs. A fellow Board Member is campaigning for one program, directly approaching the school leader and members of the selection team. The Board Member is also a partner in that program. When it learns of this relationship, the Board must meet without the involved member to determine whether a conflict of interest exists. If so, the Board must inform the member of the conflict, likely requesting the program in which he is a partner be removed from consideration and asking him to recuse himself from any involvement in any decisions on the issue. In addition, the Board must ensure that the school leader has not been influenced by the Board member and is following appropriate procedures.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?

* This questionnaire must be current within 12 months of petition submission.

Board Member Initials

Charter Schools Division
LOS ANGELES UNIFIED SCHOOL DISTRICT

The Board must focus on the "big picture", the governance of the school and support of its mission. We must realize that we are not responsible for day to day management of the school but for establishing a vision for the school and holding school personnel accountable for carrying that out. The Board must always be mindful of legal and financial requirements.

6. Describe your experience and/or connection with the community that your school proposes to serve.
The majority of my experience in the Los Angeles Unified School District has been in communities similar to that in which Vista Horizon Global Academy proposes to operate. Thus, I am familiar with the needs and preferences of such communities.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?
One of my responsibilities in the Los Angeles Unified School District was running the Extended School Year Program district wide. I had a defined budget within which we needed to operate. I had to make often difficult decisions regarding whether classrooms needed to opened or closed, staff hired or terminated, while assuring that legal requirements for the the district and its students were served.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?
In adding or replacing a Board Member, we must look at the current members of the Board, recognizing our own strengths and weaknesses and finding someone who might bring other qualities to enrich our decisions. We must be sure that the prospective member understands and embraces the mission and vision of the school. Any member must be willing to learn and listen and be respectful of others' opinions. Finallly, a new member must be committed to the hardwork and legal responsibilties of Board membership.

9. Please identify your relationship, if any, with each of the following:
   a. Lead petitioner: SELECT ALL DESCRIPTORS THAT APPLY.
      - ☐ Immediate Family (spouse, domestic partner, child, parent) (Specify:_____)

CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, it is a position of great trust and responsibility to serve as a member of the governing board of a charter school. As part of its fiduciary duties, the governing board not only is responsible for ensuring that the school provides a high quality educational opportunity for all students, but also must ensure that all public monies it receives are spent responsibly in accordance with the law and charter.

In order to make its recommendation to the LAUSD Board of Education, the Charter Schools Division (CSD) must determine whether the charter school petition is likely to be successfully implemented (California Education Code §47605(b)). By providing complete and detailed responses to the questions below, you will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

Please answer all questions, initial each page, including any supplemental pages, and sign at the end of the document. Responses of "Not Applicable" are not acceptable. If your initial response to any question is "yes" or "no", please provide a detailed explanation of the basis for the response.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.
   Board members must possess a variety of skills to be a succesful and support the school.
   First are fiiscal responsibilities. These responsibilities include:
   1: The approval of contract agreements in excess of the authorized amount
   2: Adopting the budget for the organization,
   3: Hiring an external auditor to ensure that funds are spend in accordance with the budget and mission of the school in the best interst of the students. These fiscal responsibilities are of the utmost importance to uphold the public trust and our obligation to our children.
   4 Oversite of Monies provided by the state and federal government that must be used in accordance with the rules, regulations and guidelines provided. It is our ethical obligation to meet these requirements in support the needs of the students.

   Accountability for student learning is another important board obligation. This touches

upon the very purpose of the organization. The bored must
1: Be knowledgable about student achievement and ensure that decisions made support continued growth and learning.
2: The bored must maintain high expectations for student achievement. Data must be monitored and information used to drive continuous improvement.

Ensuring a safe and appropriate educational environment is provided to all students, including ensuring that adequate housing, equipment and supplies are present. This bored responsibility supports student achievement at the most basic level conjuring notions of Maslow's Hierarchy.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.
Vista Legacy Global Academy will be the logical extension of the Vista Global Academy experience starting in TK at Vista Horizon Global Academy, moving through Vista Charter Middle School and culminating in a dual enrollment pathways high school serving the needs of our students with a strong college and carreer experience.

Like all our schools, the Three pillars of a Vista Global Aacademy experience include: 1. Social Emotions learning 2. Global Competence with the International School Studies Network, and 3. STEAM (Science, Tech, Engineering, Arts, and Math). The focus on SES provides a strong emotional foundation through our Way of Council program where students learn to speak and listen from the heart and see their own humanity in others. Global Competence provides a context for learning through an interdisciplinary project based approach that focuses on using learning to solve real world problems. STEM provides the skills and knowhow to the projects and students future careers.

Legacy takes the TK - 8th grade learning a step further using career pathways based in International Business and Bio-Medical studies. These pathways allow students yet another way to answer the question of, "Why do I need to learn this and how do my basic subject apply to real life?"

Legacy has also teamed with Los Angeles Trade Tech to provide dual enrollment opportunities for our students.

Other inovative features of our program is the use of Kagan strategies to facilitate group interactions and mastery based learning which tracks what students already know and have mastered so they can focus on new learning.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

* This questionnaire must be current within 12 months of petition submission.

As and educatore of more than 40 years, an holder of a Doctoral degree from USC, a former LAUSD principal at one of the highest achieving schools in the district (Third Street Elementary) and as a public educational speaker that has delivered educational addresses, seminars, and presentations world wide, my experience is deep and thorough with the experience to help navigate our board and school system through the many issues that educational leaders must confront. Additionally, I have years of experience with school budgets and fundraising which is important for governance and fiduciary responsibility. Last, I have strong ties to the Korean community, which is part of the Tk-12 path we have created and am able to guide our system in a culturally senstitive and responsible way.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.
One possible conflict of interest could be if I worked as a sales representative for supplies that could be used by any of our Vista schools and our schools considered ordering those materials from the company I represent. For instance, if I worked for Houghton Mifflin, there could be an issue since we purchace products from them for our Readers and Writers workshop approach. In that scenario, I would expect the governing board to discuss this matter with me being recused from the discussion and vote. Further, I would expect the board to use a different sales representative other than myself to ensure that I didn't receive any monetary or other incentives by the use of those products. .

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?
Above all else, ethics, fiscal honesty, and impact on student learning and our families experince reign among the most important factore we will and do consider to ensure sound decisions. Also, our hiring of high quality people in leadership positions factors into our ability to govern and make sound decisions.

6. Describe your experience and/or connection with the community that your school proposes to serve.
I have lived most of my adult life in Southern California and have served the same student's Vista serves in every school I worked at over the last 40 years. I have worked with thousands of Latino and Korean students, as well as students from every other ethnicity represented by students in the Los Angeles region. Additinally, I am a second language learner and identify deeply with the students who must learn a second language to be succesful in our country.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?
As principal of Third Street Elementary, I received monies for our school from the Friends of Third Booster club. There were many instances where parents gave large donations and

then would feel entitled to special treatment. When this happened, I was always confronted with the dilema of how to honor the generous gift, but not give special accommodations or favortism to the parent. One of the most often asked favor was for a particular teacher and once by the president of the booster club. Before making the decision, I looked at the student and if the requested placement would benefit them (it did not due to language supports not as strong as needed), the impact that favoritism could have on the culture of giving and future demands I might get, and the impact on families and students that didn't have the means to contribute monetarily. Although, it was a hard conversation, I was able to present my ideas and process for putting their child in a different class and one that I believed to be a better placement. A few months in to the year they thanked me for my thoughtful approach and for making the right decision for their child.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?
Currenlty, our board is well represented by incredinle people that bring experience in business, law, special education, education leadership, and teaching. Each member is an outstanding member of their community and have shown the highest ethical standards. In the future, I would expect anyone joining our board to have strong ethics, a committemnt to attend meetings, a thoughtful approach to problems and big thinking, and provide either an important skill or financial support that moves our mission and vision forward.

CHARTER SCHOOL GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, it is a position of great trust and responsibility to serve as a member of the governing board of a charter school. As part of its fiduciary duties, the governing board not only is responsible for ensuring that the school provides a high quality educational opportunity for all students, but also must ensure that all public monies it receives are spent responsibly in accordance with the law and charter.

In order to make its recommendation to the LAUSD Board of Education, the Charter Schools Division (CSD) must determine whether the charter school petition is likely to be successfully implemented (California Education Code §47605(b)). By providing complete and detailed responses to the questions below, you will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

Please answer all questions, initial each page, including any supplemental pages, and sign at the end of the document. Responses of "Not Applicable" are not acceptable. If your initial response to any question is "yes" or "no", please provide a detailed explanation of the basis for the response.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

The Board of Directors Primary Roles and Responsibilities

Determine the mission and purpose of WCS and keep it clearly in focus. This includes the development, review, or revision of WCS' accountability and mission.

Hiring, supporting, and evaluating the ED of WCS so that the vision, goals and policies of the school can be effectively implemented. This includes, but is not limited to, providing frequent and constructive feedback, providing direction to the ED pursuant to established policies, assisting when board members overstep prerogatives or misunderstand their roles, and complimenting for exceptional accomplishments.

* This questionnaire must be current within 12 months of petition submission.

Board Member Initials

Charter Schools Division
LOS ANGELES UNIFIED SCHOOL DISTRICT

Conducting regular and timely evaluations of the ED based on the vision, goals and performance of the school, and ensuring that the ED does the same for other personnel of WCS.

Ensure effective organizational planning by reviewing the WCS organizational plan for concrete, measurable goals consistent with the charter and accountability plan.

Approval of all contractual agreements that are in excess of the authority granted to the ED or his designee.

Adopting a fiscally responsible budget based on WCS' vision and goals, and regularly monitoring the fiscal health of WCS.

Act as the fiscal agent by receiving funds for the operation of WCS in accordance with charter school laws and the receipt of grants and donations consistent with the mission of WCS.

Contracting with an external auditor to produce an annual financial audit according to generally accepted accounting practices and approval of these annual fiscal and performance audits.

Determine, monitor and strengthen WCS programs and services, by ensuring that programs and services are consistent with the mission and the charter, approving measurable organizational outcomes, approving annual, attainable board and management level goals, monitoring progress in achieving the outcomes and goals, and assessing the quality of the program and services.

The Board may establish committees of parents, students, educators, and community members as necessary, in the support of school programs and the development of a common vision for WCS which is focused on learning and achievement and that is responsive to the needs of all students.

Exercising control of the school in accordance with the State and Federal Constitution, and applicable laws and regulations.

Executing all other responsibilities provided for in the California Corporations Code.

Development and approval of the school calendar and schedule of Board meetings.

Adopting, evaluating, and updating Board policies and procedures consistent with the law and the school's mission.

Review and action on requests for out of state or overnight field trips.

Board Member Initials

* This questionnaire must be current within 12 months of petition submission.

16.Participation in the dispute resolution procedure and complaint procedures when necessary.

Maintaining accountability for student learning by adopting the school's curriculum and monitoring student progress.

Consulting with the ED on his or her recommendations and taking action in consideration of them.

Ensuring that a safe and appropriate educational environment is provided to all students.

Ensuring adequate housing, equipment, supplies and other facilities for the operation of WCS.

Hearing communications, written and/or oral, from citizens and organizations on matters of administration, finance, organization, policy and program.

22. Approval of charter amendments.

23. Approval of personnel discipline (suspensions or dismissals) as needed and/or requested by the ED and in accordance with school policy.

24. Appoint an administrative panel to act as a hearing body and take action on recommended student expulsions.

25. Conducting annual elections of officers and as needed new board members.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.
Three pillars of Vista Horizon are 1) Social Emotions learning , Global Competence with the International School Studies Network, and STEAM (Science, Tech, Engineering, Arts, and Math)

All decisions are made in line with the Framework for engagement designed by Dr. Wilson and a cohort of USC doctors.

All curriculum is taught in a workshop model

The high school will include the addition of career pathways and dual enrollment that will help our students complete college or have a skill that pays a living wage after high school.

nal

Student centered where the teacher is not lecturing all day, but facilitating learning with short direct instruction and plenty of time for guided and independent practice

* This questionnaire must be current within 12 months of petition submission.

Serious distributive leadership model with a very strong role for the Instructio Leadership Team

Board Member Initials

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.
I have a 15 year corporate banking background in working with State and Federal regulators; with emphasis on compliance, relationship profitability and improving operational efficiencies. In addition 10 years of experience in Real Estate resale and acquisitions. I feel my background helps me complement and balance our Board's ability to monitor best practices overseeing academic, operations and fiscal policies and efficiencies.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.
Any director, principal officer, or member of a committee with governing board delgating powers, who have a financial interest directly or indirectly through business, investment or family is an interested party, and has duty to disclose. If a scenario exists, and the governing board or committee decides that there is a conflict of interst. Board will have a discussion with interested party and determine all material facts. If it is found that their is a violation of the Conflicts of Interest Policy; the governing board of committee shall take appropriate disciplinary and corrective action.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?
Review and evaluate administration performance. Provide support and guidance to our adminstrator. Review and approve policies and procedures.

6. Describe your experience and/or connection with the community that your school proposes to serve.
I've worked with community advocates to promote our Decennial Census in 1990 and 2010, reaching out to families to ensure everyone is counted. I've participated in parks and recreation sports with my children and helped coaching and mentoring youth. My current occupation as a Real Estate agent, I have a 10 years relationship with educators at Montebello Unified and Montebello Teachers Association Administration and Union Reps.

We as a governing board have supported our school's efforts in promoting and working with our surrounding communities, for example we have offered our school's building to other community organizations to support their community growth and interaction with families.

* This questionnaire must be current within 12 months of petition submission.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?
In 2016 we as a board worked with our adminstrator in facing budget challenges due to low enrollment we made evaluated how we could reduce costs and expenses and made a decision to reduce staffing which inluded laying off an assistant principal.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?

Personal Qualities

☐ Has a passion for governance and inspires others ☐ Is approachable and available
☐ Is a good listener and communicator
☐ Shows integrity, respect, and humility

☐ Is a strategist and visionary thinker
☐ Encourages open communication and constructive debate

Commitment to the Board

☐ Engages board members to take ownership of board's work ☐ Celebrates board members' hard work and achievements
☐ Promotes board development and governance best practices ☐ Commits to leading an effectively run board

☐ Upholds legal and ethical standards of conduct
☐ Ensures board plans proactively for the succession of board members and officers

Commitment to the School

☐ Shows understanding and passion for mission, values, and school
☐ Engages board members to demonstrate and encourage their commitment ☐ Understands and respects management/governance boundaries

9. Please identify your relationship, if any, with each of the following:
a. Lead petitioner: SELECT ALL DESCRIPTORS THAT APPLY.

CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, it is a position of great trust and responsibility to serve as a member of the governing board of a charter school. As part of its fiduciary duties, the governing board not only is responsible for ensuring that the school provides a high quality educational opportunity for all students, but also must ensure that all public monies it receives are spent responsibly in accordance with the law and charter.

In order to make its recommendation to the LAUSD Board of Education, the Charter Schools Division (CSD) must determine whether the charter school petition is likely to be successfully implemented (California Education Code §47605(b)). By providing complete and detailed responses to the questions below, you will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

Every child deserves to attend an excellent school. Public charter schools are governed by independent boards, and great charter schools need great boards. Serving on a charter school board is an excellent way to have a substantial, and ongoing, impact on a school and in your community. Charter Board Partners supports charter school boards to be their best. This resource 1 is designed to support boards in building the best membership to ensure student success.

Accountability for student learning is another important Board obligation. This touches upon the very purpose of the organization. The Board must be knowledgeable students. achievement and ensure that decisions made support continued growth and Learning. In addition, the Board must maintain high expectations for student achievement. Data must be monitored and information used to drive continuous improvement.

GG
Board Member Initials

* This questionnaire must be current within 12 months of petition submission.

Form – REV 05/14/18

Ensuring a safe and appropriate educational environment is provided to all students, including ensuring that adequate housing, equipment and supplies are present. This Board responsibility supports student achievement at the most basic level conjuring notions of Maslow's Hierarchy.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.

Vista Legacy High School is the natural extension of our Vista education that starts in TK at Vista Horizon Global Academy. It takes into consideration the whole child. The Three pillars of Vista Horizon include the following: 1. Social Emotions learning, 2. Global Competence with the International School Studies Network, and 3. STEAM (Science, Tech, Engineering, Arts, and Math). Class size is smaller than the average and enable staff to create enriching and supportive relationships required for learning. The organization strives to create not just a school, but a community. The focus on Global Competence connects students with the greater world learning and community while validating and endorsing each child's diverse background as an important part of the global community. The focus on STEAM creates excitement and engagement in learning and prepares students to enter the workforce as productive citizens. All decisions are made in line with the Framework for engagement designed by Dr. Wilson and a cohort of USC doctors supporting the three pillars.

An important distiction is that VLGA takes our STEAM and Global approach to the next level with career pathways in International Business and Bio-medical options. Additionally, the school is completing an MOU with Los Angeles Trade Tech to allow for dual enrollment possibilities. Finally, few high schools are mastery based as our will be allowing students to thrive by focusing on what they don't know because teachers and students are clear on what they already know and have mastered.

Instruction is student centered. Teachers facilitate learning with short direct instruction lessons followed with time for guided and independent practice in response to the learning needs of each individual. A workshop model further supports learning by actively engaging students in activities to internalize concepts and information.

The Instructional Leadership Teamplays a strong role in the learning process analyzing and examining student achievement, discussing instructional approaches and designing approaches to respond to students' learning needs. Instructors hold a high level of professional efficacy.

3. Please describe the specific expertise and experience, as well as personal attributes, that you

bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

I have worked for Disney Resort for 17 years. I have experience as a supervisor for 17 years. Leading 50 cast members and executing and monitoring resort policies. Addressing any gaps in performances.

Responsible for financial goals and identifying issues with gaps and reporting findings to upper management.

I was a member of the safety team supporting the grand Californian hotel. I was responsible for monthly inventory.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.

As a hypothetical example, if one Board member owned a tutoring business that was being used by the school to support student learning, a conflict would exist. The Board member would find it difficult to make independent decisions in the best interest of the school and students and also make business decisions in the best interest of his/her tutoring company. If the school were to want to discontinue the services of the tutoring company, the Board member might be opposed to this for a desire to continue making money by servicing the school. Board members have an obligation to disclose any potential conflicts of interest and remove themselves from situations where conflicts arise.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?

The most important factor in making any Board decision is always the best interest of the students and student learning. With a strong ethical foundation, decisions made in compliance with legal requirements with the best interest of students and student learning in mind, can't go wrong. Decisions also need to be consistent with the organization's philosophy/mission/vision and purpose.

6. Describe your experience and/or connection with the community that your school proposes to serve.

I grew up in Anaheim. I was one of the parents that fought for palm lane to become a chater. For better education for the kids.
The community chose me to represent them as a member of the board because they trust

*** This questionnaire must be current within 12 months of petition submission.**

me to make the school better.
My son goes to palm lane and as a father I want the best for the childrens.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?

One time when I was the opening shift supervisor, we experienced a significant amount of call outs at 2 of our locations that I was overseeing. In order to best care for our Guest, I made the decision that we would have a delayed opening at our holiday cart and we would redeploy the cast member to the grill location. Otherwise both locations would not have enough cast members to operate. This way the grill location was staffed we'll enough to offer full service. Once we got the cast member in for the afternoon/evening shift early, we were able to open the holiday cart.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?

Qualifications and factors to add or replace a Board member include high ethical standards, a desire to make a positive impact in the community, high expectations for student achievement, the ability to monitor student data and use it to support continuous the ability to collaborate with other Board members, staff and the community.

9. Please identify your relationship, if any, with each of the following:
   a. Lead petitioner: SELECT ALL DESCRIPTORS THAT APPLY.
      ☐ Immediate Family (spouse, domestic partner, child, parent) (Specify:____
      ☐ Non-immediate family (Specify:_____)
      ☐ Professional/business Friend (Specify:_____)
      ☐ Casual/social (Specify:_____)
      ☐ Other (Specify:_____)
      x None

ENGLISH LEARNER MASTER PLAN
2021-2022

Educational Program for English Learners

Vista Charter Public Schools (VCPS) believes that in order for English learners to succeed, they need to have a solid foundation in language and literacy. The thread that runs through all of our programs is English Language Development (ELD). Research states that by the age of four, students in low socioeconomic households have an overwhelming lack of exposure to language when compared to students from working class and professional families (Hart and Risley, University of Kansas, 1995). For English learners, the gap is even greater. Our mandate is to help these students close this gap.

The foundation of the program is the new California English Language Development Standards, which are aligned with and serve as a transitional bridge to the state's Common Core State Standards (CCSS) in all subjects. These standards integrate listening, speaking, reading, writing, and language awareness across all content areas. Planning for ELD instruction is data driven and guided by the new ELD standards. Vista Teachers continuously receive professional development on the use of ELD standards, and continue to work with them in their instruction of EL students. Teachers address these standards, using Cooperative Learning Structures, Word Walls, Sentence Frames and other ELD strategies when appropriate, in integrated ELD instruction and in daily language arts, math, social studies and science. Additionally, students receive targeted language support during through the use of adopted curriculum during designated ELD time. On an ongoing basis, teachers review the results of the annual ELPAC, CAASPP Summative and Interim assessments, and internal assessments to identify areas of student growth and areas in which students need to improve to guide instruction.

Students acquire Basic Interpersonal Communicative Skills (BICS) in the formative stages of language acquisition; however, they often lack sufficient Cognitive Academic Language Proficiency Skills (CALPS) (Cummins). By using the ELD standards, teachers are able to ensure that the instruction supports the students' development of rich academic language and access to the common core state standards.

English Learners Identification

- The Home Language Survey, given to all students upon enrollment, identifies English Learners (EL). Those students whose primary language at home is other than English, as indicated on the Home Language Survey, and who have not been previously evaluated at another school, are administered the initial English Language Proficiency Assessment for California (ELPAC).
- If they qualify as an English Learner as a result of the ELPAC, they are tested annually, and their progress is tracked until they are reclassified. Students previously identified as EL at another school according to cumulative records are provided the appropriate instructional services

VISTA CHARTER PUBLIC SCHOOLS

Don Wilson Ed.D., Superintendent

according to State and District mandates and the school's EL Master Plan and are administered the annual summative ELPAC.

- Students identified as RFEP are monitored throughout their duration at Vista Charter Public Schools according to State and District guidelines and the school's EL Master Plan to evaluate and maintain progress.
- Additionally, students previously identified as IFEP are noted and monitored. Schools provide outreach services and inform parents with limited English proficiency with important information regarding school matters to the same extent as other parents. Toward this end, schools provide:

    - Translations of parent communications in Home Language
    - Interpreters for meetings
    - Parent outreach on the Charter School's programs and assessment

Instructional Services

English Learners will receive high quality instruction in ELD and all content core subjects to ensure that they acquire English language proficiency and access to California's State Standards.

Integrated ELD

VCPS offers a full immersion program to all students using an integrated model of ELD throughout core classes and student electives, where applicable. Teachers implement ELD strategies on an ongoing basis to provide primary language support for students still developing their English language proficiency. Although the instruction in these classes is in English, teachers recognize that their students are not fluent English speakers, and adjust their instruction accordingly.

Designated ELD

Targeted English instruction in the form of Designated English Language Development is provided for English Learners through the use of adopted school curriculum. Students receive academic support during class on an individual and small group basis based on the curriculum. Throughout the curriculum, teachers utilize researched-based strategies specific to the needs of various levels of English Learners.

Strategies for effective instruction include in Integrated and Designated ELD include:

- Implementation of Cooperative Learning Structures (RoundRobin, RallyRobin, Mix-Pair-Share, etc.)

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street
Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762

Don Wilson Ed.D., Superintendent

- Word Walls
- Sentence Frames to scaffold language production
- Anchor Charts
- Check for Understanding
- Use of graphic organizers
- Use of realia and manipulatives
- Use visuals (drawings, photos, posters, graphs, tables, maps, multimedia presentations, reproductions of paintings, and documents)
- Total Physical Response and gestures
- Slower speech rate, Clear enunciation and Controlled vocabulary
- Pre-teaching/Re-teaching important vocabulary as well as providing background information prior to commencing the lesson
- Speaking and Oral language activities
- Flexible grouping of students/Small group instruction
- Pull out ELD Intervention
- Newcomer Support

Delivery of Services, Programs and Resources

All teachers at Vista Charter Public Schools are all authorized to deliver services to English Language Learners. In addition, all Teaching Assistants are trained on providing ELD support in the classroom and during intervention. VCPS offers a variety of programs and resources to support English Language acquisition:

- Kagan Cooperative Learning
- Kagan for English Learners
- Pearson's iLit 20
- Rosetta Stone
- Lexia Learning
- Readers and Writers Workshop Model
- One-to-One Technology
- Teen Emergent Readers Libraries
- ELD TAs
- Push in/Pull out Intervention

In addition, teachers will guide ELs in understanding that learning is a life-long process by having them partake in inquiry and project-based learning to help them organize their own thinking and learning around projects. Inquiry and project-based learning allows students to pose questions or problems, problem solve, make decisions, and investigative activities (Thomas, 2000).

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D., Superintendent

The staff at Vista Charter Public Schools will receive professional development on ELA/ELD Framework to continue to engage and support ELs as they progress through the grades to a) unpack meaning in the texts they read and hear across the disciplines, and b) make informed choices about language when producing oral and written disciplinary texts.

Progress Monitoring

VCPS monitors student progress to ensure that all educational programs meet compliance requirements and to determine program effectiveness. Education code and Board policies are followed closely to ensure appropriate implementation of English Learner programs.

- EL progress is monitored on an ongoing basis. A variety of tools are used to determine progress towards students' English language proficiency including: school-based formative and summative assessments, academic performance in content classes, summative ELPAC assessments, Summative and Interim CAASPP assessments, samples of student work and reading levels.
- Student data is disaggregated and reviewed regularly by school administrators and teachers. An ELD monitoring tool is used to track progress towards mastery of standards throughout the duration of the student's time at Vista Charter Public Schools. ELs are expected to show one language proficiency level of growth annually as measured by the ELD monitoring tool until they reach and maintainEnglish proficiency when reclassified.
- Data from the ELD monitoring tool is compiled to identify individual students who are not meeting this expectation, and appropriate instructional strategies in integrated and designated ELD are applied at the school site and interventions as needed.
- Schools' ELAC committee of teachers and parent representatives meet regularly in order to evaluate the program for English learners.

At Risk and Long Term English Learners

An At-Risk English Learner is a student who has been enrolled in a U.S. school for 4-5 years and is at-risk of becoming a Long Term English Learner (LTEL). An LTEL is a student who has been enrolled in U.S. schools for more than six years, is no longer progressing towards English proficiency and is struggling academically. They do not have the English skills needed for academic success, and have accumulated major academic gaps in their elementary school and/or middle school years. There are many factors which contribute to a student becoming a LTEL including a lack of targeted language development, placement in intervention models designed for native English speakers, limited access to the full curriculum, and placement with teachers lacking the professional development needed to address the language needs of ELs, and socio-economic factors including poverty, among others.

VISTA CHARTER PUBLIC SCHOOLS

We transform the school experience

2900 West Temple Street
Los Angeles, CA 90026
T 213 269-4767 | F 213 269-4762
www.vistacharterpublicschools.org

Don Wilson Ed.D., Superintendent

In addition to instructional services, supports and interventions provided to all English Learners, Vista Charter Public School will make an effort to reduce the number of At Risk and Long Term ELs by:

- using the ELPAC summative assessment to identify areas of need and provide intensive intervention
- one-on-one student support
- individual goal-setting and progress monitoring
- use of language objectives

Building relationships with students and parents and creating a positive learning environment where students feel challenged and engaged are also crucial factors in addressing the needs of At-Risk ELs and LTELs. We will:

- engage parents in learning opportunities to continue to support their ELs in the home
- provide tools for school-home collaboration and progress monitoring

Reclassification Criteria

Students who have been identified as EL and who subsequently demonstrate that they are able to compete effectively with English-speaking peers in mainstream classes, will be reclassified to fluent English proficient (RFEP) according to the following guidelines:

Reclassification Criteria	
TK-9	**Annual ELPAC Scores** *Overall annual ELPAC score of 4* **Teacher Evaluation** The teacher judges the student will be successful in a Mainstream English Program based on a review of: ● **Report Card/Progress Monitoring Tool** Report card marks and Progress Monitoring Tool indicating proficiency ● **CAASPP (Grades 3-8)** The student has demonstrated basic grade-level skills on the CAASPP assessment by performing in the Nearly Met band or above *If CAASPP scores are not available*, The student has demonstrated basic grade-level skills on an assessment by performing in the Nearly Met band or above

Don Wilson Ed.D., Superintendent

- **Norm-Referenced Assessments (Grades TK-2 & 9)**
  The student has demonstrated basic grade-level skills on an assessment by performing in the Nearly Met band or above

Parent Opinion/Consultation
A notice is sent home for parent consultation/approval.

The academic progress of RFEP students is monitored for a minimum of two years, as required by state and federal guidelines. During this monitoring period, ELPAC testing is not required. If their continued linguistic and academic performance declines or stalls, interventions are provided to ensure that these students reach and maintain grade level academic proficiency.

Instructions for completing this Community Impact Assessment Template

Per the *LAUSD Policy and Procedures for Charter Schools*, "To assist in the determination whether the proposed new charter school is demonstrably likely or unlikely to serve the interests of the entire community in which the school proposes to locate, the petitioner must submit a Community Impact Assessment as part of its charter petition application. The Community Impact Assessment will be based on analysis of publicly available information and data (e.g., LAUSD OpenData, LAUSD Unified Enrollment program data, official data from the California Department of Education's website, etc.). Petitioners shall clearly cite and provide sources for all data and information used to inform assertions in their Community Impact Assessment."

As part of the petitioner's digital submission of the new independent charter school petition application, please create a folder titled "TAB 12 - Community Impact Assessment" and include this completed template in the top level of the folder. Within this folder, create separate subfolders to store evidence corresponding to each section of the Community Impact Assessment and title each subfolder accordingly (e.g., "Section 1 Evidence", "Section 2 Evidence", etc.). Please ensure that all pieces of evidence included in each subfolder are clearly labeled with a unique file name.

In all sections below, there are spaces to include a narrative response to a question, as well as a separate area to list all evidence supporting the assertions in the narrative response.

In the **Evidence** table for each section below, list each source of evidence on a separate row with a corresponding number in the "Citation" column. Each row should include the following:

- **File Name:** The name of the file as it appears in the evidence folder submitted to DropBox.
- **Link*** (optional)**:** A URL link to the file's DropBox location (hyperlinks or shortened links are preferred).
- **Description of Evidence:** A brief description of the evidence.

*Please note that some sources of evidence (e.g., CA School Dashboard data) may be updated by a third party. For this reason, a link to a time-stamped copy of the data (e.g., print out, screen shot, etc.) is preferable to a URL address of the original source.

Within the Narrative response(s) of each section below, please clearly cite the specific evidence supporting each statement asserted by the petitioner using the number(s) from the "Citation" column in the Evidence table. If a statement is supported by more than one piece of evidence listed in the Evidence table, include all citation numbers, separated by commas. If a piece of evidence supports statement in multiple sections, please list the evidence in only one section's Evidence table and refer to that citation number in each Narrative response as appropriate.

For example:

> *[Statement asserted by the petitioner]* (1.2). *[Statement asserted by the petitioner]* (1.1, 2.6, and 5.3).

Types of evidence that may be provided as part of the Community Impact Assessment include, but are not limited to, emails and other correspondence, CA Dashboard reports, demographic data, maps, multilingual notices/flyers, presentation materials, meeting agendas, sign-in sheets, etc.

If there are more than 10 pieces of evidence for a particular section, please insert additional rows in the Evidence table for that section and number the citation number accordingly (e.g., 1.11, 1.12, 1.13, etc.).

Please note that "**community**" and "**identified geographical area**" are defined as follows in the *LAUSD Policy and Procedures for Charter Schools*:

> "For purposes of this Policy and Procedures, a 'community' includes all public schools (District and charter), serving similar grade levels as the proposed new charter school, and families and individuals who reside, work, and/or are served in the identified geographical area. The identified geographical area will be based on LAUSD Community of Schools and neighborhoods within a three-mile radius from the location identified by the petitioners of the proposed new charter school. Thus, petitioners will consider the existing District and charter schools operating within the Community of Schools and three-mile radius."

Please ensure that any use of these terms in the narrative response sections below are consistent with the definitions above.

Note: This document is subject to change.

For additional reference, please review the *LAUSD Policy and Procedures for Charter Schools*.

COMMUNITY IMPACT ASSESSMENT TEMPLATE

GENERAL INFORMATION	
Name of Proposed Charter School	Vista Legacy Global Academy
Proposed location (street address, city, and zip code)	2900 W. Temple St., Los Angeles CA 90026
LAUSD Community of Schools	Downtown; MacArthur Park
LAUSD Board District	2
LAUSD Local District	Central
Grade Levels Requested	9-12
Enrollment Capacity by the last year of the term (as reflected in the petition) (Enrollment capacity is defined as the total number of students who may be enrolled in Charter School regardless of student residency.)	500

SECTION 1: IDENTIFICATION of the COMMUNITY for the PROPOSED CHARTER SCHOOL
NARRATIVE
a. In the space below, identify and describe the community in which the proposed charter school will be located. (Ensure that the identified geographical area in this description is consistent with all other location-related provisions in the petition).
Vista Legacy Global Academy (VLGA) will be located in close proximity to our two existing LAUSD charter schools, Vista Charter Middle School (VCMS) and Vista Horizon Global Academy (VHGA), creating a full TK-12 span for Vista families. In the first year of operations, VLGA plans to locate at the current private campus of VCMS, located at 2900 W. Temple Street in Los Angeles, 90026 (Temple Street). As detailed below, the Temple Street facility has ample capacity to expand from its current 6-8 enrollment to add 9th grade and 125 students in 2022-23. Vista already is working with our partners at Red Hook Capital to identify and develop a suitable long-term facility for VLGA. The proposed initial site for VLGA is within the Downtown Community of Schools (CoS); the three mile radius from the site also encompasses the MacArthur Park CoS. (We note that LAUSD in some places combines these two CoS's into a single CoS referred to as the Downtown-MacArthur Park CoS. For purposes of this CIA, we refer to them as separate CoS's.) (1.16, 1.17)

The community VGLA will serve is described in detail in the attached charter petition under the section "Student Population to be Served," (Charter, pp. 15-26.)

b. In the space below, identify all public schools (District and charter) operating (currently providing public education to students) in the identified geographical area that serve any of the same grade levels to be served by the proposed new charter school.

VGLA has identified the following schools in the two CoS's and/or within three miles of the proposed Temple Street location (1.1-1.15):

District Schools

Downtown Community of Schools:

Belmont HS (3 academies):
- Los Angeles Academy of Medical and Public Service (LAAMPS):
- Belmont Multimedia Academy (Multimedia):
- School of Science, Art and Green Engineering (SAGE)

Cortines School of Visual and Performing Arts

Downtown Magnets HS (2 magnets and an IB programme):
- Downtown Business Magnet: Academy of Finance and Academy of Fashion Design and Merchandising
- Computer Science/Engineering/Multimedia
- IB Programme

Roybal Learning Center (4 academies):
- Sustainable Business Finance Academy (BFA)
- Academy of Educational Empowerment: School of Medicine and Law (AEE)
- Computer Science Academy (CSA)
- Academy of Social Work & Child Development (SWCD)

MacArthur Park Community of Schools:

Miguel Contreras Complex (4 academies):
- Contreras Learning Center-School of Social Justice
- Contreras Learning Complex-School of Business and Tourism
- Contreras Learning Center-Academic Leadership Community
- Contreras Learning Center-Los Angeles School of Global Studies

Charter Schools within 3.0 Miles of Proposed Site

Alliance College Academy HS #16 (Alliance Ted K. Tajima)
Camino Nuevo Charter HS
Central City Value
Larchmont Charter (Lafayette Campus)
LA Academy of Arts and Enterprise
Rise Kohyang HS

*We have omitted McAlister HS (part of the MacArthur Park Community of Schools) and New Village Girls Academy from this analysis as both are Dashboard Alternative (DASS) schools that serve a special population of pregnant and parenting teen girls (or other at-risk girls); McAlister HS includes multiple sites throughout LAUSD.

SECTION 2: FACILITIES PLAN
NARRATIVE
In the space below, briefly describe the facilities plan for the proposed charter school including, but not limited to, the steps the petitioner has taken to research and/or secure facilities within the proposed community, and how the facilities plan serves the interests of the entire community. (Please note that there are spaces below to provide more detail for each potential site.)
VGLA will be readily accommodated for Year 1 (2023-24) at our existing Temple Street site for VCMS. The facility can accommodate 600 students (2.1) and is currently serving 359 students in grades 6-8. (2.2) Enrollment capacity for VCMS, as stated in its charter, is 420 students (140 per grade). The Covid-19 pandemic has impacted our recruiting efforts, yet we are currently seeing an upswing in enrollment – from 320 students at the start of 2020-21 to 359 at the start of 2021-22 (we also gained more than 30 students throughout the year last year) -- and expect this trend to continue. Thus even at full capacity for the middle school, the Temple Street facility can accommodate another 180 students. Adding 9th grade to the existing 6-8 campus is a natural progression for our students and their families, who are

excited about continuing their education with Vista. Furthermore, the addition of one grade level and 125 students to an existing private campus will have a negligible impact on the community. (2.3)

For our long-term facilities needs, we already are working to identify an appropriate long-term location with our partners, Red Hook Capital, and Dan Morrar at InsightEFS, a real estate company specializing in helping charters find appropriate buildings and sites. Vista has worked with Red Hook for many years in Orange County, and they built the facility that now houses our three charter schools in Santa Ana. We are confident that these experts will help us find and develop our forever home.

Having served the local Downtown/MacArthur Park community for 11 years, starting with VCMS' opening in 2010, we are aware that facilities availability is limited in our densely populated area. While we reserve the right to apply for a Prop 39 facility from LAUSD should it become necessary, our intention is to rely solely on private facilities.

PRIVATE SITES	
Is the petitioner planning to utilize a private site (i.e., non-District site) to locate the proposed charter school at any point in the proposed term?	☒ Yes ☐ No
If the petitioner checked "Yes," please proceed to the next question in this section. If the petitioner checked "No," please skip to the "DISTRICT SCHOOL SITE (Prop. 39)" table below.	
Has the petitioner identified (e.g. has a current site, researched a site, leased a site, etc.) any specific potential private school sites within the target community?	☒ Yes ☐ No
If the petitioner checked "Yes," please complete the remainder of the table below for each potential private site. If the petitioner checked "No," please skip to the "DISTRICT SCHOOL SITE (Prop. 39)" table below. If the petitioner has identified more than two potential private sites, **please copy and re-number the table below, as needed, for each additional site**	
Potential Private Site #1	
In the space below, please describe the specific steps the petitioner has taken/is taking to research and secure this site.	
The Temple Site has been occupied by VCMS since 2015 as a school facility. The facility includes 15 classrooms, 8 offices, 2 playgrounds and 2 common areas for lunch, P.E. and other large gatherings, and outdoor space that includes an upper yard and a lower yard. As noted above, current VCMS enrollment is 351 students (2.2), with a charter "cap" of 420 middle grades schools; well within occupancy limits for the facility at 600 students. (2.1) The addition of 125 9th graders in 2023-24 will not have any impact on the costs of the facility as VCMS already pays for full use of the facility.	

In the space below, please include a specific description, with supporting documentation, of this identified site's ability to accommodate the petitioner's in-district classroom average daily attendance (ADA) projection in its first year of operation and each subsequent year until reaching full enrollment capacity. Please also describe the extent to which the site is approved for the specific use in accordance with requirements of applicable building authorities, applicable laws, and expectations set forth in Section "I" (Facilities) of the *LAUSD Policy and Procedures for Charter Schools*.
As already stated above, the Temple Street facility can hold 600 students (2.1); we currently have 351 in grades 6-8 (2.2). Adding an additional grade level (9th) in 2023-24 with 125 students will be easily accommodated at Temple Street. ADA for VCMS in 2021-22 was 92%, a rate we expect will increase in 2022-23 as the effects of the pandemic (hopefully) wane. With an anticipated ADA in 2023-24 for our middle grades students returning to pre-pandemic levels of 95%, even with full charter capacity (420 students), that represents 399 middle grade students present on any given day. We are projecting 95% ADA for the high school, or 119 9th grade students in 2023-24, all well below facility capacity. The site is already approved for, and used as, a public school facility. We will identify and secure an appropriate facility for the high school's enrollment growth starting in 2024-25, with plans to develop a long-term private facility for VGLA.
Refer to the current Certificate of Occupancy (COO), or equivalent document issued by the applicable jurisdictional authority, for the private site to provide the information requested in the rows below. Please ensure that a copy of the COO (or equivalent) is included in the Section 2 Evidence folder and listed in the Section 2 Evidence Table above.
Address: 2900 W. Temple Street, Los Angeles, CA 90026
Maximum Occupancy: 1331
Approved Use(s): School Building
Issuing Authority (e.g., "City of Los Angeles"): City of LA Department of Building and Safety

Does the site require* any construction-related activities or other facilities improvements to prepare the site for use as described in the petition? *Please refer to "Charter Schools Facilities Requirements" on p. 61 of the *LAUSD Policy and Procedures for Charter Schools* for applicable requirements.	☐ Yes ☒ No

If any construction-related activities or other facilities improvements to the site are necessary to comply with applicable law, please provide a brief description (e.g., scope, itemized construction-related activities, and estimated cost) of these construction-related activities or other facilities improvements in the space below.
We do not anticipate any construction or other improvements to the facility in order to house the 125 9th graders in 2023-24.

Please provide the requested information in the rows below, consistent with the description above.
Projected maximum occupancy of the site as the result of the above-described planned construction-related activities or other facilities improvements: Click or tap here to enter text.
Projected Cost: Click or tap here to enter text.
Projected Schedule (start date / completion date): Click or tap here to enter text.
Potential Private Site #2
In the space below, please describe the specific steps the petitioner has taken/is taking to research and secure this site.
As noted above, we are working with our partners at Red Hook Capital to identify a suitable long-term facility for use by VGLA. We will update the LAUSD Charter Schools Division as a site is identified and secured following charter authorization.
In the space below, please include a specific description, with supporting documentation, of this identified site's ability to accommodate the petitioner's in-district classroom average daily attendance (ADA) projection in its first year of operation and each subsequent year until reaching full enrollment capacity. Please also describe the extent to which the site is approved for the specific use in accordance with requirements of applicable building authorities, applicable laws, and expectations set forth in Section "I" (Facilities) of the *LAUSD Policy and Procedures for Charter Schools*.
TBD
Refer to the current Certificate of Occupancy (COO), or equivalent document issued by the applicable jurisdictional authority, for the private site to provide the information requested in the rows below. Please ensure that a copy of the COO (or equivalent) is included in the Section 2 Evidence folder and listed in the Section 2 Evidence Table above.
Address: Click or tap here to enter text.

Maximum Occupancy: Click or tap here to enter text.	
Approved Use(s): Click or tap here to enter text.	
Issuing Authority (e.g., "City of Los Angeles"): Click or tap here to enter text.	
Does the site require* any construction-related activities or other facilities improvements to prepare the site for use as described in the petition? *Please refer to "Charter Schools Facilities Requirements" on p. 61 of the *LAUSD Policy and Procedures for Charter Schools* for applicable requirements.	☐ Yes ☐ No
If any construction-related activities or other facilities improvements to the site are necessary to comply with applicable law, please provide a brief description (e.g., scope, itemized construction-related activities, and estimated cost) of these construction-related activities or other facilities improvements in the space below.	
Please provide the requested information in the rows below, consistent with the description above.	
Projected maximum occupancy of the site as the result of the above-described planned construction-related activities or other facilities improvements: Click or tap here to enter text.	
Projected Cost: Click or tap here to enter text.	
Projected Schedule (start date / completion date): Click or tap here to enter text.	

DISTRICT SCHOOL SITE (Prop. 39)	
Does the petitioner intend to submit a request for use of District facilities pursuant to Education Code § 47614 (Prop. 39) at any point in the proposed term? Per the LAUSD Policy and Procedures for Charter Schools, a petitioner's stated intention to use District facilities pursuant to Proposition 39, by itself, will not be deemed against the entire community's interest, but the petitioner shall include detailed information and analysis regarding the specific District school site(s) where the petitioner wishes to locate.	☐ Yes ☒ No, though we reserve the right to do so if it should become necessary.

Facts related to District facilities (e.g., sale of property, increases in enrollment, etc.) are subject to change. Any analysis here will be superseded by current conditions and does not guarantee a specific offer of space from the District	
If the petitioner checked "Yes," please complete the table below. If the petitioner checked "No," please skip to the next section.	
NOTE: Completion and submission of this section *does not* constitute a facilities request under California Education Code § 47614 and its implementing regulations.	
In the space below, please include a specific description, with supporting documentation, of each identified District site's ability to accommodate the petitioner's in-district classroom average daily attendance (ADA) projection in its first year of operation and each subsequent year until reaching full enrollment capacity.	

SECTION 3:
EVIDENCE of COMMUNITY ENGAGEMENT

NARRATIVE

a. In the space below, describe and provide documented evidence of transparent, inclusive, and active community engagement activities within the target community (i.e. the community, as defined in the *LAUSD Policy and Procedures for Charter Schools*, that the petitioner proposes to serve) in which the proposed new charter school seeks to locate, including, but not limited to, engagement with the following stakeholder groups:

- Parents in the community
- Existing public schools
- Neighborhood councils
- Community-based organizations
- Elected representatives
- Local District and Community of Schools leadership
- LAUSD Board of Education member(s)

Thanks to our long-time presence in the community, Vista is well-known in the surrounding area, and supported by many partners and community members. The community – especially our parent community – has long expressed interest in Vista opening a high school in the neighborhood.

Parents in the Community
Parents have been coming to us every year requesting a Vista high school so the news was extremely well received. Given that VCMS matriculates between 130-148 8th graders each year, we anticipate that the overwhelming majority of our enrollment will come from VCMS. We have included an enrollment preference for these students in the high school lottery, as has been done with several other charter management organizations operating within LAUSD. (Charter Petition, Element 8.)

While more outreach will take place after the charter is authorized – as is customary for new charters -- and especially in the months leading up to the high school's open enrollment period (fall-winter of 2022-23) and opening in August 2023, here is what has been done for community engagement to date:

Phone blast: VCMS Parents were contacted by phone (3.1) and invited to Coffee with the Principal (3.2) to discuss the new VGLA petition.

Coffee with the Principal: Approximately 40 VCMS parents attended Coffee with the Principal on November 5, 2021 and another on December 3, 2021. (3.3) We announced the planned submission of the high school charter petition. Parents were able to ask questions and make comments about the new high school petition and what the school will offer.

Class Dojo: Two announcements were distributed to families inviting them to an Open Discussion about the new high school on December 13, 2021. (3.4, 3.5.)

Social Media Posts: Repeated social media announcements were made regarding an Open Discussion about VGLA on December 13, 2021. (3.6)

Flyer Distribution: As an introductory announcement to the broader parent community, we distributed 5,000 flyers inviting families to attend an Open Discussion on Zoom on December 13 and learn about the new high school. (3.7) Flyers were distributed to homes in a broad area bounded by Glendale Avenue on the East, Vermont to the West, Sunset to the North and Third Street to the South.

Zoom Open Discussion: Parents/community members were invited to an Open Discussion at the Vista Board meeting on Zoom on December 13 (3.4-3.9). We had a number of parents in attendance who spoke about their experiences at Vista and advocated for the high school.

Open House: On June 14 and 15, 2022, we hosted an open house meeting for interested parents at VCMS regarding the new high school. (3.10)

Lotus Festival: July 9-10, 2022, we distributed information about the new high school at the Lotus Festival, attended by thousands of neighborhood and citywide residents.

Once the charter is authorized, VGLA will engage in additional outreach throughout the surrounding community, including leveraging our VCMS parents as partners in spreading the word (one of the most effective outreach tools we have), hosting Open House sessions about the new school, and distributing more information throughout the community (including, as needed, flyers, articles in local media, advertising, door-to-door canvassing, etc.) to ensure the broader community is aware of this new option for high school. (Charter Petition, Element 7.)

Existing Public Schools
All of the Principals of the existing public schools in the community (identified in Section 1, above) were emailed. (3.11-3.24.) Only Central City Value responded (3.24), offering congratulations and inquiring where we would be located.

Neighborhood Councils
Rampart Village Neighborhood Council: We attended their December 21, 2021 meeting (via Zoom) to announce the new school, which was well-received. (3.25.)
Silverlake: We attended their February 10, 2022 meeting (via Zoom) to announce the new school, which was well-received. (3.26.)

Community Based Organizations
We sent emails with a letter about VGLA to many of our existing community partners and other local community based organizations informing them of our plans for VGLA and welcoming their input. (3.27-3.42.) Several organizations responded with excitement about our plans. Organizations we emailed include:

Bresee Foundation
Children's Institute
Dream Center
El Centro del Pueblo/GRYD
Future Generations
KYYC

LA Care
LA Parks & Rec (Bellevue Recreation Center, Echo Park Rec Center, Lake Street Rec Center, Shatto Rec Center)
Peace Over Violence
Saban Community Clinic
Silverlake Chamber of Commerce
SIPA

We attended a mixer sponsored by the Silverlake Chamber of Commerce, where the high school was announced. Councilman Mitch O'Farrell acknowledged the parent engagement and civic engagement that Vista students and parents were involved in. The news of the high school was well-received.

Once the charter is authorized, we will actively partner with these organizations and others to continue outreach in the community with the children and families they serve and work to extend our partnerships to provide services and support for our families at the high school level.

Elected Representatives
We emailed Councilman Mitch O'Farrell (3.44) and member of the LA County Board of Supervisors Hilda Solis (3.45). Councilman O'Farrell attended the Silverlake Chamber of Commerce "mixer" detailed above.

Local District and Community of Schools Leadership
We emailed the Downtown and MacArthur Park Community of Schools leadership.

LAUSD Board of Education Members
We emailed each LAUSD Board member and meetings were requested with each of them. We held meetings (via Zoom) with staff in Monica Garcia and Nick Melvoin's offices, where we detailed our plans for the new VGLA high school and answered their questions.

b. In the space below, describe how various communications media have been used to reach diverse constituencies and provide a record of outreach efforts and audiences reached. Please provide a record of outreach efforts and audiences reached (e.g. multilingual notices, materials, meeting agendas, sign-in sheets, etc.) in the Evidence Table below.

As detailed in the prior section, Robocall, Class Dojo, social media, emails and flyer distribution all have been used to date to provide the initial announcement about VGLA to the community and seek input. All of our communications to our parents and the broader community are in both English and Spanish.

Element 7 of our charter petition contains a detailed outreach and student recruitment plan, as required. We will engage in all of these outreach steps once the charter is authorized.

c. In the space below, please provide a summary of the responses received from stakeholders. Include in the Evidence Table below, publicly disclosable information/documentation of the stakeholders' responses (to the extent possible) which will

be shared with the LAUSD Board.
Understandably, we received very few direct responses from other schools, organizations or leaders in the community regarding our new school as we conducted this preliminary outreach. One school, Central City Value, did respond to our email, and some of the community organizations similarly congratulated us as indicated in the attached emails. Parent events were well attended. Far more meaningful outreach will occur once the charter is authorized. Community members and parents are understandably not as eager about a new school until it is a reality, and until we can announce that the initial application window is open, with details about our location, founding principal, and more. All of this will take place following charter authorization.

SECTION 4:
ENROLLMENT TRENDS

NARRATIVE

a. In the space below, discuss the enrollment trends of existing schools (both District and charter) within the target community, including, but not limited to, existing space capacity, unmet demand, and/or any over-enrollment or under-enrollment of existing schools. Please ensure to cite sources for any data included in this description.

Consistent with broader trends across LAUSD and the state, enrollment has been declining at several of the local existing high schools, and the high schools in the Downtown CoS in particular appear to have plenty of room for a Prop 39 co-location if that became necessary (again, we do not anticipate needing this). Belmont HS, for example, has had a steady decrease in enrollment – in 2014-15, the school served 978 students, compared to just 663 in 2021-22 – well below the facility's stated capacity of 1,721 students. (All enrollment over time data in this section sourced from https://data1.cde.ca.gov/dataquest/page2.asp?level=School&subject=Enrollment&submit1=Submit.)

Note: Since we were prevented from submitting this new charter petition last winter, we have taken the time to update several pieces of data to reflect 2021-22 figures with this August

2022 submission. We find it curious that all but one of the traditional school's e-car reports show a decline in the capacity of students at their facility. For example, in 2020-21, Belmont HS' e-car report showed a total capacity of 2,037 students, yet for some reason their 2021-22 e-car report shows a total capacity of just 1,721. Cortines' capacity dropped from 1,465 to 1,436, and so on. It is unclear why the facility/enrollment capacity at all of these schools fluctuates. One school, Downtown Magnets, actually shows a modest increase in enrollment capacity in 2021-22, up to 666 from 658 the prior year. Yet Downtown Business, the highest performing school in the neighborhood on several measures, appears to be severely overcrowded: based on their 2020-21 e-Car report, it had 1,035 students enrolled with capacity for 658 students; in 2021-22 they had 907 enrolled with capacity of 658. (This appears to be an error; since at least 2014-15, Downtown Business Magnet has enrolled at least 1,031 students each year consistently.)

In the MacArthur Park Community of Schools, each of the four Contreras Learning Complex (CLC) schools is within roughly 100 students of their site capacity.

For the charter schools, we note that "capacity" is difficult to determine from publicly available records – many of these schools may occupy facilities that limit their capacity in a different way than what they projected in their charter petitions. Larchmont Charter, for example, enrolls approximately 1,609 students in K-12 across four different campuses, only one of which is located in our community, yet their charter projects "enrollment capacity" of 1,841. Larchmont maintains a lengthy wait list for many of its grades so it's difficult to determine whether it has filled its capacity for the Lafayette Campus in our community, which currently houses their 8th-12th grades. It does appear, by comparing 2021-22 enrollment against the charter petition enrollment projections, that LA Academy of Arts and Enterprise is currently under-enrolled.

b. In the rows below, list the public schools (District and charter) operating (currently providing public education to students) within the target community which serve any of the same grade levels to be served by the proposed charter school. For each school listed, indicate both its current enrollment and enrollment capacity (per most recent snapshot in the e-CAR Report for District schools and approved charter for Charter schools.)

Please ensure that each source of enrollment data in the rows below is included in the Section 4 Evidence table at the end of this section.

Note: The data points in the reference sources documents are not necessarily indicative of reality or current circumstances, and the enrollment trend analysis is subject to further information available to the District.

EXISTING SCHOOLS ENROLLMENT
(add additional rows as needed)

School Name	Current Enrollment	Enrollment Capacity
Belmont HS	663	20371721
Cortines School of Visual and Performing Arts	1159	1436

Downtown Magnets HS (Downtown Business)	907	666
Roybal Learning Center	981	1143
Contreras Learning Center-School of Social Justice	434	530
School of Business and Tourism at Contreras Learning Complex	425	487
Contreras Learning Center-Academic Leadership Community	496	586
Contreras Learning Center-Los Angeles School of Global Studies	331	357
Charter Schools		****enrollment capacity based on charter petition intended enrollment, not facility capacity***
Alliance College Academy HS #16 (Alliance Ted K. Tajima)	471	500
Rise Kohyang HS	454	600
Larchmont Charter (four campuses, only one of which is in our target community; Lafayette Campus enrollment/capacity is unclear)	1609	1841
Camino Nuevo Charter HS	508	500
Central City Value	452	480
LA Academy of Arts and Enterprise	296	500

d. In the space below, discuss how the proposed charter school's requested enrollment capacity and enrollment roll-out plan take the enrollment trends in the target community into account.

Include the rationale for selecting the specific enrollment capacity and discuss the plan (including any efforts to date) to achieve the enrollment targets across all school years of the proposed charter term.

VCMS matriculates 130-150 8th grade students each year (see above), typically going to other charter schools for high school. We anticipate – based on long-standing parent/student requests for a Vista high school in Los Angeles – that our high school's enrollment will be filled overwhelmingly with VCMS students. We also recognize that some of our VCMS students will choose to go to other high schools, perhaps for a particular focus (e.g., an arts-

based program), or desiring a larger high school for reasons such as the availability of competitive sports teams. We thus carefully determined that enrollment of 125 students per grade at VGLA is both a realistic projection of enrollment we can achieve, as well as an operationally-sustainable enrollment for the long-term. We note that the addition of Vista Horizon to serve elementary grades in 2019 further strengthens students' and families' ties to Vista and a full K-12 pipeline.

Building on the success of our elementary and middle school models, our new high school is designed to meet the specific needs of our local community (and is adapted from our recently-opened first high school in Orange County). This model includes Vista's Framework for Student Engagement (detailed in the Charter Petition), and a unique combination of global competence, STEAM preparedness, and Social Emotional Learning, with Career Technical Education (CTE) pathways in Health Science, Business and Climate Change.

As detailed in the Charter Petition (pp. 15-24) and Section 6 below, the academic performance of the existing traditional public high schools that are closest to our planned facility (i.e., Belmont, Roybal, Contreras Learning Complex) are all well below state averages. While most of the magnet and charter schools are performing better than the traditional schools, we believe our students and families' enthusiasm for and dedication to Vista means that few students will choose a different charter for high school.

By growing slowly one grade each year, we will carefully leverage resources – including facilities – to meet the needs of the new high school, including achieving full enrollment. Element 7 of the Charter Petition includes a detailed outreach and student recruitment plan, similar to the plans we have used for our other five public charter schools with great success.

SECTION 5:
ASSESSMENT of DUPLICATION of EXISTING SERVICES, ACADEMIC OFFERINGS, and PROGRAMMATIC OFFERINGS

NARRATIVE

a. In the space below, provide a list of the existing services, academic offerings, and programmatic offerings provided by the public schools (District and charter) operating (currently providing public education to students) within the target community which serve any of the same grade levels to be served by the proposed charter school. Discuss the research conducted to identify these existing services, academic offerings, and programmatic offerings and cite all sources used for the information described herein.

California Education Code Section 457605(7(A-B) requires that a charter petitioner address:

> (A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.
> (B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

In order to respond to this section, Vista has spent several hours researching the existing schools in the community and downloading, labeling and attaching "evidence" (all publicly available, and in some cases, more readily available to LAUSD staff than petitioners) to be responsive to this Section, though we note that the availability of information about the LAUSD-operated schools is inconsistent and often quite limited. We looked at each school's website, and charter petitions. (Notably, SARC reports for each school were not posted on most of their respective websites.) We have attached a sampling of "evidence" for each school – replicating in pdf each school's websites, reports submitted to LAUSD or other documentation even though this request is overly burdensome, time-consuming and unnecessary to meet the requirements of the law. The evidence we have included is all publicly available and readily accessed on each school's website. We also note that it can be quite difficult to segregate a "service" versus an "academic offering" or a "programmatic offering," (we assume the legislature intended the phrase to be comprehensive and inclusive, rather than segregating the different types of offerings since not one of these terms is defined in the law, nor by LAUSD); we have done our best here to be responsive.

In the following paragraphs, we describe each existing school's offerings, and then, in part (b), we attempt to segregate our school model into the framework required, duplicating and summarizing all of the information already included in our attached 268 page Charter Petition (again, we believe this exercise is unduly burdensome on petitioners and unnecessary to meet the requirements of the Education Code). Finally, in part (c), we address the queries posed by the Education Code and confirm that VGLA will not be duplicative of the existing local high schools, nor undermine any of their services, academic offerings or programmatic offerings.

Existing Downtown/MacArthur Park High Schools: The information in this section is largely copied and pasted from schools' websites/materials, though several typos have been corrected and some sections edited for clarity.

Belmont HS: Part of the Belmont Zone of Choice (BZOC), Belmont is a traditional high school that offers three academies:

Los Angeles Academy of Medical and Public Service (LAAMPS): This academy incorporates many features of high school reform movements, which include creating a close-like family atmosphere, integrating academic and career technical education, and establishing viable business partnerships in order to meet key components of the academy model.

- Uses grant funds to implement a career focused curriculum in Medicine.
- Has a team of teachers who use interdisciplinary units, develop motivational activities, and provide workplace learning opportunities.
- Offer career technology education courses such as: Introduction to Medical/Physiology, Medical Terminology, and First Responder.
- Internships and mentorships are available with community partners such as Children's Hospital Los Angeles and USC's Latino Alumni Association.

Belmont Multimedia Academy (Multimedia): This academy focuses on technology to prepare students for university and careers in the Arts, Media, and Entertainment, key economies of Los Angeles, the multimedia capital of the world.

- Students are prepared for 21st C college and career through exciting, real world multimedia projects, with excellent instruction in Science, Math, Social Studies, and English! Many AP classes are available! We have a big school program with very personal service. We get to know our students very well, to help them find their personal path to success! We have the advantages of a comprehensive school with many choices in courses, clubs, sports, activities, leadership, and various academic and afterschool programs to support and engage you!
- The Multimedia Academy has its own counselor to assist you in graduating, and Belmont has a full time college counselor to help in getting into college!
- Our Multimedia Subjects include: Drawing, Animation, Web Design, Video, Music Production, Digital Imaging, Photography, Multimedia Journalism, Advertising Design, Game Design, Drama. Our teachers have decades of experience in media production and instruction!
- Interdisciplinary instruction combines various subject areas into engaging projects!
- Partners that have supported our program: Cal Arts Summer Program, Hollywood Reporter's Women in Entertainment, Film Production with the Philipino Workers Center, Hispanic Fund Summer Symposium at UCLA, and Upward Bound with Occidental College, USC, and LACC
- Mentorship, job shadowing, field trip and career path providers have included: Fox Studios, The Bresee Foundation, The Grammy Museum, Gnomon College, and AT&T, Google and Facebook.

School of Science, Art and Green Engineering (SAGE): This academy offers an academic environment where students become agents of change for themselves and focus on construction-related learning. SAGE, an approved California Partnership Academy, offers an academic setting where our students become agents of change for themselves. We provide all Belmont students the opportunity to explore careers in science, technology, engineering, and mathematics (STEM). Our academy is continuously working to equip students with 21st

Century skills and knowledge necessary to be positive agents of change in their personal lives, their local community and in the global arena.

Belmont has 12 sport teams, 15+ clubs, and 10 AP courses offered. An after-school program offers one hour of tutoring, three days per week. Belmont Health Clinic is open to the public for low-cost health services, free to students.

Cortines: Ramon C. Cortines School of Visual and Performing Arts (Grand Arts), formally known as Central Los Angeles High School No. 9, is an LAUSD comprehensive high school for the visual and performing Arts. Ramon C. Cortines Visual and Performing Arts has four arts academies: Theatre, Visual Arts, Dance and Music. Using the visual and performing arts as a focus and motivational tool for student academic achievement, our school program offers an interdisciplinary approach to academics to provide students with a college-preparatory curriculum and learning goals that are focused on enabling students to meet the needs of a globalized society by developing critical thinkers, responsible and socially aware citizens, and effective communicators.

Cortines is open for enrollment for all BZOC students, plus additional students based on space availability through an application and lottery process. The school offers AP classes, and a counseling department offers both college and psycho-social counseling.

Cortines has a Student Wellbeing Center (SWC), in partnership with the Los Angeles County Department of Public Health, the Los Angeles County Department of Mental Health and Planned Parenthood of Los Angeles to make preventive health care accessible to young people throughout the County by bringing youth-focused health and wellness education and services on campus. The 50 SWC's throughout the County offer services to educate students for lifelong protective practices and promote social/emotional well-being, youth leadership, and sexual health. SWCs will be staffed with Master's level Health Educators and will be open a minimum of 20 hours/week.

Downtown Magnets: As a magnet program(s), enrollment at the school is based on an application and selection basis. A student is not enrolled until they and their parent(s) have completed an "Intake Interview" and "Individual Graduation Plan" review in the spring prior to the start of the school year.

Downtown Magnets High School began in 1981 as the Downtown Business Magnet (DBM), a component of the Los Angeles Unified School District's expanding voluntary integration program. When the Electronic Information Magnet (EIM) was created in 1994, DBM adopted the name "Downtown Magnets" to incorporate both magnets into its name. We now house The Academy of Fashion Design and Merchandising, The Academy of Engineering, The Academy of Information Technology, and Academy of Finance. We have a thriving IB program where almost 100% consistently earn the full International Baccalaureate Diploma.

DBM

Downtown Business Magnet attracts students from throughout the district, and includes the Academy of Finance, and the Academy of Fashion Design and Merchandising. Students in the Finance program enroll in up to eight accelerated courses, one of which is a college course, Foundations of Corporate Finance, taken at the University of Southern California.
Design and Merchandising seniors are placed as interns at various industry sites in the Downtown fashion district. Academy courses include Clothing, Apparel Skills, Design, and Merchandising. The culminating activity is a show featuring fashion lines designed and created by the senior students.
DBM is proud to have been adopted by Ernst & Young, and also maintains strong partnerships with the Fashion Institute of Design and Merchandising, Woodbury University, Cal Mart, and many other businesses.

COMPUTER SCIENCE / ENGINEERING/ MULTIMEDIA

The Computer Science / Engineering/ Multimedia Magnet incorporates technology into all aspects of the educational process and was originally developed with the L.A. Central Library and the UCLA Graduate School of Education. Computer Science / Engineering/ Multimedia includes the Academy of Information Technology, which contains both computer science and digital design pathways, and the Academy of Engineering. A sampling of classes unique to Computer Science / Engineering/ Multimedia includes Engineering Design and Development, Computer Science, Generative Art, Digital Production, and Filmmaking.

IB

IB was introduced to our school 10 years ago with some preparatory courses. The curriculum was very rigorous, and these students sacrificed higher GPA's by remaining in the program. 2017 marked the first graduating cohort of our school's IB Diploma Programme. Of the 104 students over five cohorts who completed the curriculum, 100 received the full diploma, many with extra points.

Downtown Magnets offers AP classes (along with IB classes), Academic Decathalon, after-school tutoring in specific sessions once/week, clubs and sports.

The Academy of Finance offers students courses in entrepreneurship, accounting, corporate finance (financial planning), and international relations. Students will also take a 5-week afterschool class in finance and accounting at USC for college credit during within the first 2 months of the school year. The Academy of Finance receives support from the Los Angeles Education Partnership and the Network for Teaching Entrepreneurship in the form of resume writing/interview skills workshops, mock interviews, internship opportunities, and coaching on how to execute a successful business plan. DBM is proud to be sponsored by CIT Group, PricewaterhouseCoopers, KPMG, Cornerstone OnDemand, and Cognizant.

The Academy of Fashion Design and Merchandising offers students opportunities to learn the necessary skills for careers in the fashion industry. Students will have the opportunity to apply these skills during their senior year through an internship at the California Market Center and our annual Fashion Show. Partnerships have been established with FIDM, Woodbury University, and the California Market Center.

Computer Science/Engineering/MultiMedia: This magnet pathway, also known as Electronic Information Magnet (EIM), incorporates technology and STEM into many students' high school educational process. This academy offers students courses in computer programming, film, multimedia production or engineering. STEM curricular components engage students in hands on project-based learning. Students learn engineering concepts, design, and technology to solve real world problems. Engineering coursework include:

- Intro to Engineering
- Architectural Design
- 3D Solid Modeling
- Principles of Engineering

Downtown Magnets offers a variety of student clubs and sports, a college counseling office, and psycho-social counseling.

Roybal: Also part of the BZOC, Roybal is comprised of four thematic small learning communities:

Sustainable Business Finance Academy (BFA): provides students with a firm academic and technical foundation and an understanding of global economic systems, financial markets, products, services, and institutions. BFA Integrates classroom instruction with workplace experience:

- Allows high school students to achieve the understanding and practical skills they will need to begin careers and make educated choices about the financial service industry.
- Students gain first-hand experience in the world of finance through job shadowing, internships and job interviews.
- Become familiar with people, functions, and organizations in the finance industry.
- Visit banks, financial exchanges, colleges/universities, and public service organizations.

Academy of Educational Empowerment: School of Medicine and Law (AEE): AEE is committed to helping students become college-bound leaders. As an academy, AEE develops and fosters student interest in the fields of Law and Medicine through career exploration assignments and activities in advisory classes. We celebrate student leadership characteristics like: honesty, integrity, respect and academic excellence. These characteristics are acknowledged through AEE assemblies that spotlight our leaders every quarter. Furthermore, we invite guest speakers who currently practice in the field of Medicine and Law to our campus who can engage the students, share their stories and career descriptions, and foster interest in the fields of law and medicine.

AEE recently incorporated Project Lead the Way (PLTW) curriculum and offers a series of Bio-Medical classes that will help educate and empower our students and prepare them for the rigors of college classes with 21st century skills that may have a focus on medicine and biology. These courses are embedded into your instructional program in grades 9, 10, and 11 as part of your college prep course. In addition to PLTW, AEE has also partnered with the Puente Learning Center, working with our 9th and 10th grade advisory classes to provide college and career curriculum.

Lastly, AEE will implement “Writing Across the Curriculum” to offer a network of support to our teachers and students by implementing a uniform method of teaching reading and writing. AEE has plans to revamp a Mentoring Program by creating a teacher-led club that will oversee Senior Mentors and the underclassmen they assist and guide through their high school journey.

Computer Science Academy (CSA): CSA is the place to learn the technological skills and knowledge you'll need to succeed in college and prepare for a career in the 21st Century. We are the only high school academy in the Belmont Zone of Choice that offers the PLTW Computer Science Program. At a time when computer science affects how we work and live, PLTW Computer Science empowers students in grades 9-12 to become creators, instead of merely consumers, of the technology all around them. The program's interdisciplinary courses engage students in compelling, real-world challenges. As students work together to design solutions, they learn computational thinking - not just how to code - and become better thinkers and communicators. Students take from the courses in-demand knowledge and skills they will use in high school and for the rest of their lives, on any career path they take.

Academy of Social Work & Child Development (SWCD): Academy Offerings:

- Spanish-English Dual Language Program
- College Credit from LACC in Child Development
- Certificate Program to work in Early Education Centers

Dual Language Program: SWCD students interested in participating in our Dual Language program will receive rigorous grade-level standards-based instruction in both English and Spanish to develop academic proficiency in both languages. Beginners in our Dual Language program will receive 50% of their academic content in Spanish (Spanish, Algebra 1, Chemistry) and the other 50% in English (Eng. 9A, PE, Health). SWCD is the only academy in the BZOC that offers a dual language program where students get to enjoy the lifelong advantage of bilingualism like: California Seal of Biliteracy, increased academic performance,and awareness and understanding of other cultures.

iCAMP/Roybal LC Film & Television Magnet: Roybal also has a magnet program open to students within and outside of the BZOC, iCAMP, that focuses on film and music production (starting in 2022-23, this program will become the Roybal LC Film and Television Magnet). iCAMP utilizes cinematic art and music production to increase student ownership and understanding of college and career readiness standards.

Additional offerings at Roybal include:

AP courses
Debate
Senior Year Business Internship
12 sports teams
Student clubs
ARC After-School with before and after-school tutoring and enrichments.

Contreras: Contreras Learning Center (CLC) has four smaller learning academies. All students on the campus are invited to be on sports teams and other campus-wide clubs and events.

Academic Leadership Community: ALC is a School for Advanced Studies (SAS), offered to high achieving students as an alternative to the Gifted/High Ability Magnet program in LAUSD. SAS is the GATE program for resident students. The Leadership Development program at ALC is designed to help our students grow as leaders in their communities. Through the LD program, students connect with school-based programs and outside organizations that can match a wide range of student interests. Students are also able to design their own LD program and complete internships at local schools, hospitals, and animal shelters. Our students have worked at city hall and in the offices of school board members. They have shadowed neurosurgeons and presented their own clothing brand to a multi-billion dollar clothing company. They've made films that have landed them in film festivals and worked with internationally-known muralists to design murals for the community. There is no limit to what you can do in LD.

ALC works with dozens of outside organizations to provide leadership opportunities for our students. If you're interested in extreme sports, join Stoked. Stoked exposes students snowboarding, skateboarding, surfing and a whole lot more to get excited about. If you're interested in dance or other fine arts, then Inner City Arts has a ton of great programs for our students to take advantage of. Want to be an architect? We've partnered with the ACE Mentor program to give our students exposure on what it means to design building and further build up our great city.

ALC has a student newspaper, Cobra Chronicles, and an AVID program.

LA School of Global Studies: The Los Angeles School of Global Studies opened in 2006 on the Miguel Contreras Learning Complex and was visited by President Obama in 2009.

LASGS is the only school in the District that was a member of both the New Tech Network and the Linked Learning Alliance. As a Certified Linked Learning school, LASGS integrates college-focused academics, with high-quality career technical education, worked-based learning, and supports to help students prepare for college and career.

Our *Design and Media for Social Change* pathway encourages students interested in a range of subjects - from architecture to community activism to filmmaking to theater to forensic science, and more - to pursue their dreams while still at LASGS. Global students get out in the world.

School of Business and Tourism (BT): Our Linked Learning program is designed to meet students' interests and industry demands by integrating a strong college-preparatory curriculum with career and technical skills within the business, tourism, and hospitality career pathways. By participating in thematic, interdisciplinary models of project-based learning, students will develop skills in interpersonal relations, leadership, effective written and oral communication, problem solving, technology, and teamwork. BT offers AP classes, student clubs and activities, college counseling.

School of Social Justice: The vision of The School of Social Justice at The Miguel Contreras Learning Complex is to provide a college preparatory curriculum that develops career readiness. Through an intensive study of diverse perspectives, this curriculum will explore issues of human rights and social concerns, and stimulate intellectual curiosity. Graduates of The School of Social Justice will continue to educate, organize, and advocate as lifelong champions of dynamic social change.

Existing Charter Schools: The information in this section is largely copied and pasted from schools' websites/materials, though several typos have been corrected and some sections edited for clarity.

Alliance Ted K. Tajima High School: Our mission at Alliance Ted K. Tajima High School is to create a nurturing environment that prepares all scholars for college and beyond through rigorous instruction and individualized supports serving the holistic needs of scholars and their families. Their model includes extended learning time (school year and school day); parent engagement via workshops, volunteering and Parent Leadership and Parent Ambassador programs. Support classes are offered to struggling students. The school offers several AP classes. Alliance Tajima has a School Psychologist and several counselors on staff for one-on-one and group counseling for students, as well as college counseling. Students are required to complete 40 hours of community service (over 4 years) and apply to at least 5 colleges. They offer several clubs and boys/girls basketball and soccer. The school uses iReady assessments three times annually to track student progress and identify the need for supplemental supports. They offer trauma-informed training for educators and SEL

Rise Kohyang: Our vision for Rise Kohyang High School (RKHS) is to create a holistic and inclusive culture of success where all scholars are safe to persevere through challenges and demonstrate personal growth through collaboration, academic excellence, and a devotion to community service. RKHS is operated by Bright Star Schools. As a Bright Star School, RKHS offers our students rigorous academics, inclusive education, social-emotional support, and rich life opportunities beyond the classroom. The school has a 1:90 student:counselor ratio, well below state and national averages. RKHS offers several AP classes. Through our hallmark "Life Experience Lessons" (LELs) and "College Experience Lessons," students access horizon-broadening field trips, see endless possibilities for their lives, and know that all opportunities are available to them. RKMS' incoming 9th graders experience a beginning of the year LEL, and all students experience a grade level end-of-year LEL. RKHS offers several clubs and CIF sports, with free after-school that includes clubs, tutoring and HOLA music. Students participate in extensive community service.

At RKHS, we believe passionately it is the job of our school to open as many doors as possible for our students. As such, our program includes high academic rigor coupled with high expectations, a true commitment to community, and a focus on the celebration of our diversity. As one of the pioneers of social-emotional learning in secondary education, RKHS teaches its scholars to apply the skills needed to understand and manage their emotions, demonstrate empathy, and create positive relationships and opportunities through responsible decision making.

Larchmont Charter (Lafayette Park Campus): Larchmont Charter School exists to provide a socio-economically, culturally and racially diverse community of students with an exceptional public education. We foster creativity and academic excellence; our students learn with and from each other in an experience-centered, inquiry-based learning environment. With participation from our entire community, we strive to instill in each student a dedication to improving the world we inhabit. We fulfill our mission by:

- Providing a challenging, constructivist learning environment, with the arts, sciences and physical education integrated into the standards-based curriculum, that inspires independent thinking, imagination and a passion for learning.

- Maintaining and supporting our diverse student body.
- Teaching our children that they are citizens of the world; creating policies that embrace equal opportunity and the dignity of others; and encouraging the members of our entire school community to be engaged and active in society.
- Nurturing a unique community that includes families, teachers, staff and other community members who are active participants in the education and social and emotional development of our children.
- Giving teachers time, resources, support, and autonomy to: a) continually develop their pedagogical skills in a collaborative, professional learning community; b) create, evaluate and refine curricula; and c) ensure that all students have every opportunity to achieve.
- Using opportunities in and out of the classroom for peer mentoring, multi-age instruction and socialization.
- Instilling a community-wide dedication to volunteerism and family participation so we have adequate support, resources and funds to offer a rich and varied educational program.
- Promoting active communication between the school and the students' homes, and providing meaningful family education programs.
- Creating partnerships within the community, the charter school movement, the school district, and with other educational institutions, including helping other charter schools as they develop.
- Creating a sustainable organization that functions at a consistently high level and attracts highly qualified professionals to ensure the long-term viability of the school.
- Ensuring that our students learn to communicate effectively, seek to understand, share and care, take responsibility and persevere.

LCS offers several AP courses, and electives include VAPA, Mock Trial, poetry, the acclaimed Edible Schoolyard program and more. In 11th grade, students take the Junior Research Seminar course in preparation for the 12th grade Senior Seminar where they complete their Senior Hallmark Project and an imbedded SAT preparation program. The Signature Project, a graduation requirement in the senior year, includes an extensive and well-researched thesis, oral presentation and an action research component focused on an area of each student's interest. There are several competitive sports teams. An after-school program offers tutoring and enrichments.

<u>Camino Nuevo Charter High School, Dalzell Lance campus:</u>
CNCHS serves the students and families of Greater MacArthur Park, Echo Park and Pico-Union in Los Angeles. It is part of a community of high-performing public schools that prepares and empowers students for success in college and in life. Our comprehensive approach integrates academic rigor, community, family, and wellness supports to empower students to thrive in a culturally connected and changing world.

Our mission is to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them. A key component of our mission is our focus on the whole child where we address students' comprehensive needs ensuring that each student is healthy, supported, engaged and challenged--setting the stage for comprehensive and long-term student success. To that end, we have developed a comprehensive "Continuum of Care" which supports early childhood education, high quality K-12 college pathways, college completion support, and authentic parent engagement. Our Continuum of Care was designed in partnership with our key stakeholders and is meant to acknowledge the unique context of each site and use an approach responsive to community needs. By integrating academic rigor, experiential learning, family, and wellness, we empower students to succeed in school, in college, and in life. Our priorities include:

- Offering hands-on, experiential learning opportunities in the arts and sciences
- Connecting students to wraparound mental health and wellness supports
- Promoting dual language development through our bilingual program option
- Expanding access to and fostering success in higher education
- Engaging authentically with families and our community

Students participate in field trips, community service, job shadowing and internships. College and psycho-social counseling support is provided, including support for alumni. Numerous community partnerships help support students and their families.

Central City Value High School: The Value Schools mission is to establish and support high quality, values based elementary and secondary charter schools for populations of students who have been historically underserved by the public. The Value Schools model is not a "one-size-fits-all" approach. What directs the instructional process is student needs, not the dictates of a particular curriculum or methodology. Good teachers always analyze student needs regardless of who selects the methods and materials. The Value Schools model focuses the teachers' attention first on the needs of the student, and gives responsibility for choosing the most effective means to the teacher in collaboration with the principal and other on-site learning professionals. If the methods and materials are not successful, there is no blame assigned to the curriculum planners for poor decisions; responsibility is immediate and local.

Value Schools is not organized around a particular pedagogical style; rather it is organized around the twin centers of the five core values and the student needs. Educators know a variety of sound pedagogical methods. Using their professional judgment, they determine the learning strengths and needs of each student and the most efficient way for each student to acquire the knowledge or skill set by the curriculum.

Individual and small group counseling is offered as well as college counseling. CCVHS offers AP courses, and a variety of engaging electives in VAPA and topics such as Chicano Studies, Intro to Computer Science, and Women and Gender Studies. There are several sports teams.

LA Academy of Arts and Enterprise: LAAAE is a small 6-12 grade school (just 275 students), originally founded as an option for those who were unable to gain entry to the acclaimed LA County High School for the Arts (LACHSA). The mission of LAAAE is to prepare students for leadership in the arts and business, where creativity, academic knowledge and financial literacy are essential for success. We are developing a generation of diverse, educated, compassionate leaders in the arts and business by providing a dynamic, innovative education that integrates the four lenses of learning: Academics, Arts, Enterprise, and Personal Growth.

As is implied in its name, students have access to a wide variety of courses in the arts (dance, film, music, radio, theater, and visual arts) and business. High school students follow an A-G curriculum and complete coursework in both the arts and business to graduate, including 5 AP courses. Through a partnership with Los Angeles City College (LACC), students can take LACC courses at LAAAE. In 2019, LAAAE launched another dual enrollment pathway with LACC through the K12 Strong Workforce Program. These on- and off-campus dual enrollment classes lead students to certification in animation or cinema. To obtain certification, students must complete two years (concentrator and capstone) of coursework in their respective pathway. During the completion of the respective pathway, students obtain skills needed to

obtain a job in the cinema or animation industry. There are other career-real-world experiences at LAAAE. LAAAE has a robust student services team which collaborates with community-based organizations to provide onsite and offsite individual and group therapy, family therapy, gang prevention, and gang intervention. LAAAE has also partnered with Woodcraft Rangers to provide comprehensive after school and extended break programming and services. Several student clubs and sports teams are offered.

b. In the rows below, provide brief descriptions of the services, academic offerings, and programmatic offerings of the proposed charter school. (Ensure that these descriptions are consistent with the description of the instructional program included in the petition).

SERVICES (add additional rows as needed)	
Service	**Description**
Healthy Meals, including take-home weekend meals in partnership with Blessings in a Backpack	See, e.g., Charter, pp. 11, 139, 145,
On-Site School Psychologist	Charter, pp. 52, 134-35, 179-180
Community Partnerships	Charter, pp. 10-11, throughout the petition.
Operations & Leadership	VGLA will be Vista's sixth charter school. Our organization has well-established policies, procedures and staffing in place to ensure sound operational practices, fiscal solvency, and strong leadership across the organization from Day 1 of this new charter school.
ACADEMIC OFFERINGS (add additional rows as needed)	
Academic Offering	**Description**
Standards- and A-G Aligned Core Curricula	Charter Petition, pp. 77-__, detailing each A-G aligned subject area, applicable standards, and detailed sample course descriptions (including AP course and dual enrollment with LA Trade Tech). Charter, pp. 100-101 (Curricula List for each subject).
Framework for Engagement (personalizing instruction); instructional strategies including problem- and project-based learning, Kagan	"an important lens through which all programs and practices are developed and selected. This framework necessitates that a shift in

Structures, Mastery learning, Relevance, Data-Driven Instruction, etc.	instructional practice is required to ensure the personalized learning experience is created to develop globally competent students. This shift in practice is commonly referred to as a move away from the "sage on the stage" model, in which the teacher directly delivers instruction through lecturing, to the "guide on the side," in which teachers act as a coach and facilitate a more personalized learning experience and is based on a constructivist view in which, optimally, the classroom provides a series of experiences that prompt students to actively construct their own knowledge and learning.[1] At VLGA, we will use this as an important lens through which all programs, processes, and practices are chosen and developed." (Charter, p. 32.) See also Charter, pp. 40-41, 62, 101-106, 120, 152-156.
Teaching global competencies through Community Catalyst Partners International Study Schools Network.[2]	"VLGA, as a part of the VCPS organization, will be a member of the Community Catalyst Partners International Student Study Network (ISSN), which will serve as a foundation for our global studies. Community Catalyst Partners is the leading educational organization dedicated to promoting mutual understanding and strengthening partnerships among peoples, leaders, and institutions of Asia and the United States in a global context. Since its inception, Community Catalyst Partners's ISSN has built a broad network of high-performing, globally oriented schools that demonstrate what a rigorous global education can do for a largely low-income, urban student population. VLGA

Tutoring	"During Zero Period, students in need of additional support and intervention will be able to receive targeted intervention and support with core teachers leading small group instruction and tutoring. Designated ELD will also occur during Zero Period with ELs working with our ELD Coordinator on focused proficiency development. After-school tutoring and support also will be available, pending funds availability.[6]"

[6] Our charter petition budget is conservatively planned and does not include some start-up funds which we plan to secure, such as grants from the CA Department of Education (Public Charter Schools Grant

	(Charter, p. 114.)
PROGRAMMATIC OFFERINGS **(add additional rows as needed)**	
Programmatic Offering	**Description**
Social capital and student engagement.	"Research identifies the lack of students' social capital as one of the main factors that contributes to performance gaps for urban students. Stanton-Salazar (1997) defines social capital as institutional resources and opportunities, such as knowledge of school programs, academic tutoring and mentoring, and how to access assistance with career decision-making and college admission.[7] For a great number of economically disenfranchised students attending urban schools, access to social capital is severely limited, if not completely absent from their social context.[8] Therefore, VLGA will prioritize increasing our students' social capital within the design of our educational program. VLGA will use a framework applied in recent studies examining the role of engagement in outperforming urban schools. This framework consists of three separate but interrelated types of student engagement: (a) emotional, (b) behavioral, and (c) cognitive.[9] The researchers found that when emotional, behavioral, and cognitive engagement are optimized, students can experience a state of "flow" wherein students are profoundly

Program) and various foundations, as well as after-school funding that is available after our first year of operations. As with our existing schools, we assume that we will be able to offer an engaging after-school program of enriching club and sports activities as well as academic support, pending funds availability.

c. In the space below, discuss the extent to which the proposed instructional program presented in the petition would or would not duplicate the current services, academic offerings, and programmatic offerings by public schools (District and charter) operating (currently providing public education to students) within the target community which serve any of the same grade levels to be served by the proposed charter school, described in section 5a. above.

Across the five traditional public high schools (which include 14 different smaller learning academies) and six charter schools detailed above, VGLA of course shares some common traits: some of the schools offer PBL and hands-on learning, some offer interdisciplinary learning, some offer PLTW, many have partnerships with community service organizations and businesses; some offer CTE pathways and some offer dual enrollment options; all offer some degree of psycho-social and college counseling (with widely varying capacity), parent engagement (in varying degrees), and student clubs and a variety of electives. Yet none of these schools offers:

- Vista's Framework for Engagement
- Partnership with and curricula from Community Catalyst Partners International Student Study Network (ISSN)
- CTE Pathways in Business (similar pathways focus more on finance/accounting – e.g., Downtown Magnets and Roybal -- or business and tourism (Contreras), rather than our international business focus), or especially our exciting new Climate Change pathway that is currently being developed with university partners. (Roybal's School of Law and Medicine does offer PLTW courses in bio-med). Based on our research, none of the area charter schools offers CTE Pathways and only one, Alliance Tajima, offers dual enrollment classes.

[10] Fredricks, J. A., & McColskey, W. (2012). The measurement of student engagement: A comparative analysis of various methods and student self-report instruments. In *Handbook of research on student engagement* (pp. 763-782). Springer, Boston, MA. Shernoff, E. S., Kratochwill, T. R., & Stoiber, K. C. (2003). Training in Evidence-Based Interventions (EBIs): What are school psychology programs teaching?. *Journal of School Psychology*, *41*(6), 467-483.

- Advisory/Global Hour for *daily* personalized targeted supports and *daily* tutoring during Zero Period.
- Full-time on-site School Psychologist and additional psycho-social supports and SEL throughout the program, including Way of Council.

Nor do any of these schools (traditional or charter) offer VGLA's particular combination of approaches for engaging, personalized, data-driven instruction with a focus on global competencies, STEAM integration, MTSS, integrated and designated ELD, intensive parent engagement strategies including home visits, and intensive teacher PD and coaching with Formal PD, Collaborative Planning Time, PLCs, Coaching, Instructional Rounds, etc. VGLA will build upon the success of our elementary and middle school programs to offer a seamless TK-12 learning experience (only two other nearby schools offer the possibility of a TK-12 span: Larchmont Charter is TK-12, though their elementary and middle grades campuses are located well outside our target community; Rise Kohyang is operated by Bright Star Schools, which also operates elementary and middle schools).

SECTION 6: CONSIDERATION of ACADEMIC PERFORMANCE

NARRATIVE

In the space below, discuss the current academic performance levels of existing public schools (District and charter) within the target community which serve any of the same grade levels to be served by the proposed charter school.

The petitioner may include consideration of how the current academic performance levels of such existing public schools are relevant factors for students and families exercising educational choice, and whether a new charter school is justified to meet the academic needs of students the charter school proposes to serve and to support increased student achievement in the target community.

Please see Charter Petition, pp. 15-26 for a detailed analysis of the academic outcomes for the comparison schools in the community.

Enrollment trends over time are particularly illustrative. All of the charter schools, with the exception of LA Academy of Arts & Enterprise and a slight decrease at Central City Value, have had increases in enrollment or remained steady over the last seven years. Conversely, all of the traditional district schools, however, with the exception of CLC's ALC, have seen declines in enrollment – in some cases quite significant. Belmont HS, a low performer academically, has dropped by 315 student over six years; Cortines, the arts-themed HS, has dropped by 488 students, and Roybal has dropped by 253 students. At CLC, the sole traditional high school in MacArthur Park, enrollment has been more consistent, with one academy, ALC, seeing a 19 student increase, and small declines from 39 to 66 fewer students at the other three CLC academies. Students, it would seem, are drawn to the charter and higher performing schools. With so many high school options within the "target" area proscribed by LAUSD's instructions, the addition of VLGA, with just 500 students at capacity, will not significantly impact any one of these schools, but rather will draw enrollment from across the community and beyond.

School	2014-15 Enrollment	2021-22 Enrollment	+/-
District Schools			
Belmont HS	978	663	-315
Cortines	1,647	1,159	-488

Camino Nuevo Charter HS	469	508	+39
Central City Value HS	470	452	-18
Larchmont Charter (TK-12)	1,362	1,609	+247
LA Academy of Arts & Enterprise (6-12)	345	296	-49
Rise Kohyang HS (6-8)	324	454	+130

Source: https://data1.cde.ca.gov/dataquest/

As detailed above, Vista's families have for many years asking us to open a high school in LAUSD so that their children could continue on with our program. We expect that the overwhelming majority of our high school enrollment will come from our middle school, but we believe our unique model described herein will be of interest to many students in the community who are not satisfied with their current options.

In the *Current Measurements of School Wide Academic Performance in the Community* table below, provide the most recent performance data, as indicated on the California School Dashboard, for all public schools (District and charter) serving any of the same grade levels to be served by the proposed charter school within the target community.

Each cell of the *Current Measurements of School Wide Academic Performance in the Community* table should include a ***performance level*** at the top of the cell, using either the five colors of the California School Dashboard (Blue, Green, Yellow, Orange, and Red) or, for the English Learner Progress indicator, the five progress levels (Very High, High, Medium, Low, and Very Low), and the corresponding quantitative value to indicate ***status,*** as shown below:

	ELA English Language Arts	**Math** Mathematics	**ELPI** English Learner Progress	**CCI** College/Career	**Chronic Absenteeism**	**Graduation Rate**	**Suspension Rate**

Performance Level **Status**	COLOR (+/- DFS) Points above or below standard*	COLOR (+/- DFS) Points above or below standard*	PROGRESS LEVEL % making progress	COLOR % prepared	COLOR % chronically absent	COLOR % graduated	COLOR % suspended at least once

*For the English Language Arts (ELA) and Mathematics indicators, list the quantitative value denoting *status* as the Distance From Standard (DFS), using a positive value to indicate points *above* standard and a negative value to indicate points *below* standard.

2019 State Average data is provided below as an example of a completed row. Please follow the same format for all applicable schools when completing the *Current Measurements of School Wide Academic Performance in the Community* table.

Existing School Name	**Academic Performance Indicators**				**Academic Engagement Indicators**		**Conditions and Climate Indicator**

(OPTIONAL) SECTION 7:
ADDITIONAL INFORMATION

Per the *LAUSD Policy and Procedures for Charter Schools,* ***Petitioners may present additional information for consideration in the Community Impact Assessment, including but not limited to information pertaining to the needs and achievement of historically underserved students (e.g. Foster Youth, English Learners, Socioeconomically Disadvantaged students, etc.), and the proposed allocation of resources and/or investments to improve student outcomes. Petitioners are encouraged to cite and address the District's goals and/or priority areas.***

NARRATIVE

In the space below, present any additional information for consideration in the Community Impact Assessment, consistent with the italicized language above.

Optional Narrative Summary

Completed By Los Angeles Academy of Arts and Enterprise

Los Angeles Academy of Arts and Enterprise (LAAAE) is a public charter school which largely serves the west downtown Los Angeles community. Since its founding in 2005, LAAAE has served a predominantly minority, immigrant, and socially and economically underserved population.

LCAP Updates

Actualizaciones de LCAP

Our LCAP Goals/Nuestras metas de LCAP

Goal 1: All students have access to an instructional program that promotes engagement through rigor and relevance.

Goal 2: Provide a learning environment and resources that are equitable for all subgroups we serve.

Goal 3: Staff are supported in an equitable way to grow in their development.

Goal 4: Students receive social-emotional supports that allow them to feel safe and successful at school.

Goal 5: Parents are actively engaged as partners.

1. Todos los estudiantes tienen acceso a un programa de instrucción que promueve la participación a través del rigor y la relevancia.
2. Proporcionar un ambiente de aprendizaje y recursos que sean equitativos para todos los subgrupos que servimos.
3. El personal es apoyado de una manera equitativa para crecer en su desarrollo profesional.
4. Los estudiantes reciben apoyo social-emocional que les permite sentirse seguros y exitosos en la escuela.
5. Padres como socios activos

Developing Global Competence

Aprendizaje global

SBE - VLGA 03242

What is Global Competence?
Que es la competencia global?

- Global competence is the capacity and disposition to understand and act on issues of global significance.
  - *La capacidad y disposicion para entender y actuar sobre cuestiones de importancia global.*

Globally competent students…
Estudiantes con competencia global…

- Investigate the World
  - ***Students are asking important questions and conducting research about locally and globally significant issues***
- Recognize Perspectives
  - ***Students recognize perspectives, both of others and themselves, to better understand interactions, situations, and events in our world***

Globally competent students…
Estudiantes con competencia global…

- Communicate Ideas
  - ***Students are communicating ideas in an appropriate manner to diverse audiences to positively impact understanding and collaborate in an interdependent world***
- Take Action
  - ***Students are taking action, both personally and collaboratively, to positively contribute to local, regional, and global issues.***

Greetings Partners in Education,

I hope this email finds you happy and healthy as well as all your loved ones.

I am reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years of history in the historic Filipino Town area. I'm sure you can understand how our parents have hoped and dreamed for this new school for some time. We are seeking to open Vista Legacy Global Academy in the fall of 2022.

Our new high school will be the culmination of our STEAM and International Global approach with pathways in both medicine, business, and climate change. The school will be connected to Los Angeles Technical College for dual enrollment and we are currently developing our Climate Change pathway with the University of California at Irvine. We believe this new high school will benefit our current students and families and those to come.

In collaboration,

Hi Ms. Amaya,

Very exciting!

Where will your new high school be located?

Greetings Partners in Education,

I hope this email finds you happy and healthy as well as all your loved ones.

I am reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years of history in the historic Filipino Town area. I'm sure you can understand how our parents have hoped and dreamed for this new school for some time. We are seeking to open Vista Legacy Global Academy in the fall of 2022.

Our new high school will be the culmination of our STEAM and International Global approach with pathways in both medicine, business, and climate change. The school will be connected to Los Angeles Technical College for dual enrollment and we are currently developing our Climate Change pathway with the University of California at Irvine. We believe this new high school will benefit our current students and families and those to come.

Greetings Neighbors in Education,

I hope this email finds you happy and healthy as well as all your loved ones.

We are reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years history in the historic FilipinoTown area. I'm sure you can understand how our parents have hoped and dreamed for this new school for some time. We are seeking to open Vista Legacy Global Academy in the Fall of 2022.

Our new high school will be the culmination of our STEAM and International Global approach with pathways in both medicine and international business. The school will also be connected to Los Angeles Technical College for dual enrollment. We believe this new high school will benefit our current students and families and those to come. I hope we can speak about this in the near future and, as always, are grateful for your years of support.

Thank you!

Warmly,

To: Karen Amaya <kamaya@vistacharterps.org>

Good Afternoon Ms. Amaya,

We just met last night and we meet the third Tuesday of the month so our next meeting will be at 6 PM on Tuesday, December 21.

In case it's useful, please find attached a copy of the agenda for last night's meeting.

Please let me know if you have any other questions or if I could be of further assistance.

Thank you.

Diversity Is Our Strength!

Philip Armstrong, President
Rampart Village Neighborhood Council

Dr. Don Wilson, Superintendent

Dear Local Community Partner,

First, I would like to thank you from the bottom of my heart. You have been an ardent supporter of Vista Charter Middle School (6-9) and Vista Horizon Global Academy (TK-5) for many years and have participated in many community events at our schools over the years.

We are excited to announce that we are looking to open up a new high school that will give our culminating 8th grade students the ability to continue their Vista education.

Vista Legacy Global Academy will be the logical extension of the Vista Global Academy experience starting in TK at Vista Horizon Global Academy, moving through Vista Charter Middle School and culminating in a dual enrollment pathways high school serving the needs of our students with a strong college and carreer experience. Like all our schools, the Three pillars of a Vista Global Aacademy experience include:

1. Social Emotional Learning
2. Global Competence with the International School Studies Network, and
3. STEAM (Science, Tech, Engineering, Arts, and Math).

The focus on SEL provides a strong emotional foundation through our Way of Council program where students learn to speak and listen from the heart and see their own humanity in others. Global Competence provides a context for learning through an interdisciplinary project based approach that focuses on using learning to solve real world problems. STEM provides the skills and knowhow to the projects and students future careers.

Legacy takes the TK - 8th grade learning a step further using career pathways based in International Business and Bio-Medical studies. These pathways allow students yet another way to answer the question of, "Why do I need to learn this and how do my basic subject apply to real life?" Legacy has also teamed with Los Angeles Trade Tech to provide dual enrollment opportunities for our students. All of this, in addition to our mastery based approach will give our students true college and career preparation. Students following the dual enrollment pathway can actually graduate with an college Associates degree at the time of their high school graduation!

We thank you for your past support and welcome any discussion on how this will impact our community.

Gratefully,
Don Wilson

Greetings Councilman O'Farrell,

I hope this email finds you happy and healthy as well as all your loved ones.

I am reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years history in the historic FilipinoTown area. I'm sure you can understand how our parents have hoped and dreamed for this new school for some time. We are seeking to open Vista Legacy Global Academy in the Fall of 2022.

Our new high school will be the culmination of our STEAM and International Global approach with pathways in both medicine and international business. The school will also be connected to Los Angeles Technical College for dual enrollment. We believe this new high school will benefit our current students and families and those to come. I hope we can speak about this in the near future and, as always, are grateful for your years of support.

Thank you!

Warmly,

New Vista High School and Community Impact Analysis

Don Wilson <dwilson@vistacharterps.org> Thu, Oct 28, 2021 at 2:07 PM
To: susana.gutierrez@lausd.net
Cc: Karen Amaya <kamaya@vistacharterps.org>, Josue Cofresi <jcofresi@ccsa.org>

Good Afternoon,

I am also reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years history in the historic Filipino Town area. Each year our parents have begged us to open a high school and we are finally in a position to do so. We typically have between 110 and 130 8th graders that want to continue with Vista. Our students typically go on to other charter schools, so we do not expect our new high school to have any impact on LAUSD. We are seeking to open Vista Legacy Global Academy in the fall of 22.

We are also actively seeking a permanent home near our current middle school on Temple, but will also be applying for Prop. 39 for the first year. We have recently completed an 80,000 square foot school complex in Santa Ana and we are working with the same developers to find us our forever home in LA for our elementary and high school in order to not impact LAUSD. We have owned our own facility for 8 years at the Temple location and are very confident we can find and afford a location for the new high school.

Our new high school will be the culmination of our STEAM and International global approach with pathways in both medicine and international business. The school will also be connected to Los Angeles Technical College for dual enrollment. We believe this new high school will benefit our current students and families and those to come.

We have been great partners with LAUSD for over 10 years and look to be good steward and partners for years to come. Please feel free to reach out to me with any questions you might have.

Good Afternoon,

First, what a pleasure to find out you are the director of the McCarther park area. Even more importantly how great to hear your voice and know that you and your family are healthy and happy after the pandemic. LAUSD is so lucky to have you at the helm and in a high leadership position.

I am also reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years history in the historic Filipino Town area. Each year our parents have begged us to open a high school and we are finally in a position to do so. We typically have between 110 and 130 8th graders that want to continue with Vista. Good Morning Board Member Gonez,,

I hope this email finds you happy and healthy as well as all your loved ones.

I am reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years history in the historic Filipino Town area. I'm sure you can understand how our parents have hoped and dreamed for this new school for some time. We are seeking to open Vista Legacy Global Academy in the fall of 22.

We have the ability to open in our current facility next year and are actively seeking a permanent home near our current middle school on Temple. We have recently completed an 80,000 square foot school complex in Santa Ana and we are working with the same developers to find us our forever home in LA for our elementary and high school in order to not impact LAUSD. We have owned our own facility for 8 years at the Temple location and are very confident we can find and afford a location for the new high school.

Our new high school will be the culmination of our STEAM and International global approach with pathways in both medicine, international business, and climate change. The school will be connected to Los Angeles Technical College for dual enrollment and we are currently developing our climate change pathway with the University of California at Irvine. We believe this new high school will benefit our current students and families and those to come. I hope we can speak about this in the near future and, as always, are grateful for your support in the past.

Thank you!

Warmly,

Don

Good Afternoon,

We'd love to set up a time to further discuss our plans and answer any questions you might have regarding our Charter Petition for Vista Legacy Global Academy. Please let me know if this is feasible and if so, what times would you be available for a zoom meeting.

Thank you,

Good Morning Board Member McKenna,

I hope this email finds you happy and healthy as well as all your loved ones.

I am reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years history in the historic Filipino Town area. I'm sure you can understand how our parents have hoped and dreamed for this new school for some time. We are seeking to open Vista Legacy Global Academy in the fall of 22.

We have the ability to open in our current facility next year and are actively seeking a permanent home near our current middle school on Temple. We have recently completed an 80,000 square foot school complex in Santa Ana and we are working with the same developers to find us our forever home in LA for our elementary and high school in order to not impact LAUSD. We have owned our own facility for 8 years at the Temple location and are very confident we can find and afford a location for the new high school.

Our new high school will be the culmination of our STEAM and International global approach with pathways in both medicine, international business, and climate change. The school will also be connected to Los Angeles Technical College for dual enrollment and we are currently developing our climate change pathway with the University of California at Irvine. We believe this new high school will benefit our current students and families and those to come. I hope we can speak about this in the near future and, as always, are grateful for your years of support.

Thank you!

Community Impact Analysis and announcement of new Vista high school

11 messages

Don Wilson <dwilson@vistacharterps.org> Thu, Oct 28, 2021 at 1:50 PM
To: nick.melvoin@lausd.net
Cc: danielle.tenner@lausd.net, Rachel.Sherman@lausd.net, Karen Amaya <kamaya@vistacharterps.org>, Josue Cofresi <jcofresi@ccsa.org>

Good Morning Nick,

I hope this email finds you happy and healthy as well as all your loved ones. It has been too long since we have shaken hands.

Although you are not directly our board representative, you have always been a big supporter of Vista school. I am reaching out as part of the Community Impact Assessment for a new Vista high school. This is the natural conclusion and extension of our Tk -8 grade pathway in the DTLA area and one with 11 years history in the historic Filipino Town area. I'm sure you can understand how our parents have hoped and dreamed for this new school for some time. We are seeking to open Vista Legacy Global Academy in the fall of 22.

We are actively seeking a permanent home near our current middle school on Temple, but will also be applying for Prop. 39 for the first year. We have recently completed an 80,000 square foot school complex in Santa Ana and we are working with the same developers to find us our forever home in LA for our elementary and high school in order to not impact LAUSD. We have owned our own facility for 8 years at the Temple location and are very confident we can find and afford a location for the new high school.

Our new high school will be the culmination of our STEAM and International global approach with pathways in both medicine and international business. The school will also be connected to Los Angeles Technical College for dual enrollment. We believe this new high school will benefit our current students and families and those to come. I hope we can speak about this in the near future and, as always, are grateful for your years of support.

Thank you!

Warmly,

Don

Hi Don,

I hope this email finds you well.

Thanks for reaching out! Our office would be happy to chat with you about Vista. Unfortunately, Nick's calendar the next several weeks is quite hectic with board meetings and Superintendent search related meetings. To get this on the calendar sooner rather than later, would you be open to speaking with Nick's Policy Advisor, Kasey Kokenda (copied)? She is our office's point person on charter related issues.

Let us know!

Best,
Nina

Hi Kasey,

Next Tuesday at 2:30 works great. Would you like to send an meeting maker?

Thank you,

Don

Hi Don,

I sent you a calendar invite.

See you next week,

Kasey

I was not on the invite. Can you forward or tell her to add.
Or meet with her and forward the info.

You really need to be on all these calls. They need to get to know you and you should start creating relationships with them. I'll add you.

Would you mind adding Karen Amaya to the call. She is the current principal and is moving into a district role as well.

Thank you,

Don

1854501	Newmark HS	15	0
Site Total		136	24

The classroom inventory for this school is complete and accurately reflects the allocation of those spaces at this time. I have reviewed and understand the assessment of this school's enrollment capacity. I am aware that this information will be shared with other LAUSD offices, to be used in the evaluation of future campus needs and in the assessment of potential utilization.

The classroom inventory for this school is complete and accurately reflects the allocation of those spaces at this time. I have reviewed and understand the assessment of this school's enrollment capacity. I am aware that this information will be shared with other LAUSD offices, to be used in the evaluation of future campus needs and in the assessment of potential utilization.

Assurances, Affirmations, and Declarations

Alliance Ted K. Tajima High (also referred to herein as "Tajima" and "Charter School") shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter "Ed. Code") § 47605(e)(1).)

- Not charge tuition. (Ed. Code § 47605(e)(1).)

- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status. (Ed. Code § 47605(e)(1); Ed. Code § 220.)

- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)

- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(e)(2)(A).)

- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School's capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as "LAUSD" and "District"). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment. (Ed. Code § 47605(e)(2)(B).)

- Charter school shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code section 47605(e)(2)(B)(iii). (Ed. Code § 47605(e)(4).)

- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(e)(3).)

- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards

authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(d)(1).)

- Consult, on a regular basis, with Charter School's parents, legal guardians, and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School's employees for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific "Federal, State and District Required Language" (FSDRL), including the *Assurances, Affirmations, and Declarations* section above. The FSDRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the FSDRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the FSDRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the FSDRL contained in the addendum, the provisions of the FSDRL addendum shall control.

ELEMENT 1: The Educational Program

"The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." **(Ed. Code § 47605(c)(5)(A)(i).)**

"The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals." **(Ed. Code § 47605(c)(5)(A)(ii).)**

"If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A" to "G" admissions criteria may be considered to meet college entrance requirements." **(Ed. Code § 47605(c)(5)(A)(iii).)**

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(c)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School "shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan." (Ed. Code § 47606.5(d).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

WASC ACCREDITATION

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

ENGLISH LEARNERS

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School's core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD Master Plan for English Learners and Standard Engish Learners *or* Charter School's own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School's EL program, and shall address the following:

- How Charter School's EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELs) with an effective English language acquisition program as well as meaningful and equitable access to Charter School's core academic curriculum
- How English Learners' specific needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.

Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.

Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

STUDENTS WITH DISABILITIES

Federal Law Compliance

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

Special Education Program

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School's inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a "school of the district" for special education services, Charter School shall execute a Memorandum of Understanding ("MOU") by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education and shall be considered a "public school of the District" for purposes of Special Education pursuant to Education Code section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b). In this instance, Charter School will execute a MOU with LAUSD on provisions of special education as a member of a non-LAUSD SELPA.

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Use of District's Special EducationPolicies and Procedures and Data Systems

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of orders imposed upon the District pertaining to special education. All charter schools are required to use the District's Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

All charter schools are required to interface with My Integrated Student Information System (MiSiS) via a web based Application Programming Interface (API). MiSiS is a suite of applications which is designed to capture all student data.

GENERAL INFORMATION	
• The contact person for the Charter School is:	Amber Diaz, Principal
• The contact address for the Charter School is:	Alliance Ted K. Tajima High 1552 W. Rockwood St. Los Angeles, CA 90026
• The contact phone number for the Charter School is:	(213) 241-8533
• The current address of the Charter School is: o (Please note: As charter schools' eligibility for and allocation of Proposition 39 facilities are determined on an annual basis, a charter school's current occupancy of Proposition 39 facilities is subject to change in subsequent school years.)	Alliance Ted K. Tajima High 1552 W. Rockwood St. Los Angeles, CA 90026
• This location is in the LAUSD Board District:	2
• This location is in the LAUSD Local District:	Central
• The grade configuration of the Charter School is:	9-12
• The number of students in the first year will be:	442
• The grade level(s) of the students in the first year will be:	9-12
• The Charter school's scheduled first day of instruction in 2021-2022:	August 12, 2021
• The enrollment capacity:[4]	500
• The type of instructional calendar (e.g., traditional/year-round, single track/multi-track, extended day/year) will be:	Extended Day/Year
• The bell schedule for the Charter School will be:	8:00 am to 3:45 pm
• The term of this Charter for Middle and High performing schools:[5]	July 1, 2021-June 30, 2026
• If approved, the term of this Charter for low performing schools:	July 1, 2021-June 30, 2023

Community Need for Charter School

Alliance Ted K. Tajima High School is located near downtown Los Angeles in an urban community known as Westlake or Historic Filipino town. The area is densely populated and is recognized as low income. According to the 2010 U.S. Census, 52% of its 67,869 residents earn less than $30,000 with 76% of its population living in renter-occupied housing units. Foreign-born non-citizen immigrants primarily from Mexico, Central America, Korea and other Asian countries primarily populate the neighborhood. Alliance Ted K. Tajima High School has been dedicated to meeting the needs of the community for the past 10 years and will celebrate our 7th graduating class in June of 2021. Our vision is for all scholars, through a shared love of learning, to graduate from college and become enthusiastic, self-aware and influential leaders who, by uplifting their communities, positively impact the world. We are proud of the accomplishments and continued growth of our students, families, faculty and staff. To best serve our families, our instructional team has worked diligently to ensure that we continue to implement highly rigorous instruction that focuses on providing the highest caliber learning experiences for all students using data driven instruction, collaborative learning, and supportive instructional resources.

In spring 2018, Tajima was named a Gold Medal school by U.S. News and World Report, a special distinction only given to the top 2% of schools in the country. In spring 2019, Tajima continued to be recognized as a Top LA Public School by US News and World Report and made the US News and World Report Best High Schools in America list. Of the more than 17,000 high schools ranked across the nation, Tajima was ranked #324 in the nation, placing Tajima in the top 2% of the country's high schools based on its academic performance, college-readiness and graduation rates.

Our mission at Alliance Ted K. Tajima High School is to create a nurturing environment that prepares all scholars for college and beyond through rigorous instruction and individualized supports serving the holistic needs of scholars and their families. It is our belief that the recognition of our scholars' success and the school performance data to follow provides evidence of the school's success in supporting our scholars to achieve our mission and to have a positive, profound impact on the Westlake neighborhood of Los Angeles

School Performance Over the Charter Term

One of the areas that we are the proudest of at Alliance Tajima High School is our demonstrated ability to consistently support all students in reaching the highest levels of academic achievement through strong instructional systems that support the whole student. Incoming cohorts of students come to Tajima from a wide-ranging selection of middle schools in our community. Regardless of their level upon entering our school, students at Alliance Tajima High School receive the support they need to grow and succeed at a level far beyond their peers at neighboring schools and even beyond their peers across the state (see California School Dashboard 5x5 Placement Report for English and Math). We have come to recognize that the root of this success year after year is having consistent systems for identifying student needs, providing support, and tracking progress to ensure high levels of learning and achievement.

Systems that support exceptional teaching and learning experiences are at the center of our school's success. These systems begin with a thorough planning process that takes high quality curriculum resources and provides space for teachers to intellectually prepare for teaching lessons by internalizing the key moves of the lesson. Teachers begin by unpacking standards to

ensure instruction is aligned to rigorous expectations before completing all student tasks from the perspective of a student, completing exemplary responses and identifying key look-fors during the lesson that will reveal whether students are succeeding or struggling. Teachers also design scaffolds and support to use when monitoring reveals that students are struggling. This intellectual preparation process is done in a collaborative space with department peers, and led by a content specific instructional leader coach, ensuring that teachers design lessons that are both rigorous and differentiated to support the needs of all scholars.

The effectiveness of teaching and learning in our classrooms is monitored through a regular observation and feedback cycle that incorporates student data analysis. In 2019-20, we have six Instructional Leader (IL) coaches who have been trained to conduct regular observation feedback cycles with assigned teachers. These cycles span a 3-week span, beginning with a video-taped observation in week one, continuing with a one-on-one debrief in week two, and ending with a one-on-one practice session between coach and teacher. In the debrief session, student exit ticket data from the observation is analyzed to identify a high leverage student gap that prevented mastery for students. This student performance gap is then connected to teacher planning and execution to name a teacher action step. This action step is then practiced in the third week practice session. This cycle is designed to ensure that teachers are teaching strong lessons and that students are learning what is being taught, and it is predicated on the belief that strong instruction is the most essential aspect of student learning.

This reflective data analysis process ultimately informs planning at the unit level as well. Each quarter, the entire staff takes two days to engage in detailed analysis of interim assessment performance, identifying student gaps and integrating re-teach plans into upcoming lesson cycles. These quarterly step backs provide necessary space for teachers to work within and across departments to make necessary adjustments to their instruction in order to meet student needs.

These systems for supporting teachers in delivering a high quality classroom learning experience work in tandem with supports for students' social emotional needs. This past 2018-2019 school year has seen a continued emphasis on supporting the whole student, work that has been led by our Dean of Students and supported by a student support team that includes a full time School Psychologist and two College Counselors. Our focus as a school has been refining systems for identifying student needs and meeting them with both on site services and off-site referrals when available. The families we serve have often cited Tajima's supportive environment for all students, which we have worked to codify in consistent systems that can be replicated year after year.

Ultimately, the true measure of all of these systems is the accomplishing of our mission as a school. Our mission at Alliance Ted K. Tajima High School is to create a nurturing environment that prepares all scholars for college and beyond through rigorous instruction and individualized supports serving the holistic needs of scholars and their families. Year after year our students graduate from high school (97% Cohort Graduation Rate for 2018-2019 on the California School Dashboard 5x5 Placement Report) and are accepted to college (87% acceptance rate to four-year colleges and universities in 2018-2019 according to internal data tracking student acceptance to college). We believe that with the systems that we have put in place, and are regularly refining, this success will be consistent in the years to come, ensuring all scholars that come through our doors graduate from college and become enthusiastic, self-aware and influential leaders who, by uplifting their communities, positively impact the world.

California School Dashboard *English Language Arts Indicator*

California School Dashboard 5x5 Placement Report - English Language Arts Indicator				
School	Status		Distance from Standard	
	2018	2019	2018	2019
All Students				
Tajima	Very High	High	+90.4	+61.7
LAUSD	Low	Low	-29.2	-23.7
State	Low	Medium	-6.0	-2.5
Hispanic				
Tajima	Very High	High	+88.5	+62.2
LAUSD	Low	Low	-38.5	-32.5
State	Low	Low	-31.3	-26.6
Socioeconomically Disadvantaged				
Tajima	Very High	High	+92.1	+62.3
LAUSD	Low	Low	-39.2	-33.5
State	Low	Low	-34.7	-30.1

Alliance Ted K. Tajima High School has outperformed LAUSD and Statewide peers in the area of English Language Arts. Our scholars performed High in English Language Arts in 2019 and in the Very High in 2018. Both Hispanic and Socioeconomically Disadvantaged student subgroups far outperformed both the LAUSD and state averages in each category. This success is attributed to our instructional focus on close reading of complex texts, short writing justification tasks, and focusing on student data to drive instruction. We expect this continued focus to drive English results in the 2020-2021 school year and beyond.

Though there was a decrease in performance from 2018-2019 from Very High to High, we are confident that the systems in place to support student learning and achievement will ensure continued academic results that exceed expectations. Specifically, our teachers work to implement high quality English curriculum from Collegeboard's SpringBoard program that puts emphasis on careful close reading of complex texts. This instruction is then evaluated through a regular process of data analysis of student performance in weekly coaching sessions between instructional leaders and teachers. Students are identified for additional support and tutoring both inside and outside of class time. Our student subgroups with demonstrated needs (such as English Language Learners and Students with Disabilities) receive additional supports in line with their specific needs. English Language Learners receive embedded ELD supports in their core classes as well as designated ELD instruction during one period of the day. Students with disabilities receive both push in supports and additional supports outside the classroom from resource specialists. All of these together ensure that students are receiving strong instructional supports to ensure learning and achievement.

California School Dashboard Mathematics Indicator

California School Dashboard 5x5 Placement Report - Mathematics Indicator				
School	Status		Distance from Standard	
	2018	2019	2018	2019
All Students				
Tajima	High	Medium	+11.4	-7.5
LAUSD	Low	Low	-59.4	-54.1
State	Low	Low	-36.4	-33.5
Hispanic				
Tajima	High	Medium	+6.0	-6.7
LAUSD	Low	Low	-69.6	-64.3
State	Low	Low	-65.8	-62.2
Socioeconomically Disadvantaged				
Tajima	High	Medium	+16.2	-6.5
LAUSD	Low	Low	-69.6	-64.2
State	Low	Low	-67.4	-63.7

Mathematics for our school-wide student groups in 2019-20. This is a decrease from the previous year, but it still exceeds the performance of both LAUSD schools and state-wide performance. Both Hispanic and Socioeconomically Disadvantaged subgroups also performed their peers at the district and state level; in 2019 Tajima's Hispanic students performed at the Medium level while LAUSD and Statewide averages were both at the Low level while Tajima's Socioeconomically Disadvantaged students also performed at the Medium level in comparison to their LAUSD and statewide peers who performed at the Low level. In order to improve our student's performance in Mathematics, we will continue to refine our implementation of curriculum, provide professional development to support teachers in personalizing lessons and responding to student learning data. In addition, we will continue to invest time in planning collaboratively as a department to ensure that we meet the needs of all students.

Though there was a decrease in performance from 2018-2019 from High to Medium, we are confident that the systems in place to support student learning and achievement will ensure continued academic results that exceed expectations. Specifically, our teachers work in collaborative department spaces embedded within the school day to unpack and internalize high quality College Preparatory Mathematics (CPM) curriculum materials. This instruction is then evaluated through a regular process of data analysis of student performance in weekly coaching sessions between instructional leaders and teachers. These sessions culminate in planning reteaches to be integrated into class time and tutoring spaces. Our most vulnerable students receive additional supports in line with their specific needs. English Language Learners receive embedded ELD supports in their core classes, including math courses. Students with disabilities receive both push in supports and additional supports outside the classroom from resource specialists in the area of mathematics. All of these together ensure that students are receiving strong instructional supports to ensure learning and achievement.

California School Dashboard Suspension Indicator

California School Dashboard 5x5 Placement Report - Suspension Indicator

School	Status		Suspension Rate	
	2018	2019	2018	2019
All Students				
Tajima	Very Low	Low	0.5%	1.0%
LAUSD	Very Low	Very Low	0.5%	0.4%
State	Medium	Medium	3.5%	3.4%
Hispanic				
Tajima	Low	Low	0.6%	1.0%
LAUSD	Very Low	Very Low	0.3%	0.3%
State	Medium	Medium	3.6%	3.5%
Socioeconomically Disadvantaged				
Tajima	Low	Low	0.6%	1.0%
LAUSD	Very Low	Very Low	0.5%	0.4%
State	Medium	Medium	4.4%	4.3%

Though the schoolwide suspension rate increased slightly in 2019 from 0.5% to 1.0%, Tajima High School is still at a 1% suspension rate that is below the state level. To maintain this, we will continue communicating with parents, offer counselor support, and ensure classroom routines and procedures training for teachers. Specifically, Tajima has worked to embed restorative approaches in every area of the school. This work has included education both students and teachers on what a restorative approach to student behavior entails. Specific practices in place are a tiered Response to Intervention (RTI) model that empowers teachers to respond to minor behaviors in the classroom and defines a specific restorative process to be followed in the case that behaviors require someone other than the teacher to intervene. We will continue to focus on alternatives to suspension as well and will continue to monitor behavioral data to ensure the effectiveness of our approach.

California School *Dashboard College and Career Indicator*

California School Dashboard 5x5 Placement Report - College and Career Indicator				
School	Status		College/Career Preparedness Rate	
	2018	2019	2018	2019
All Students				
Tajima	High	Very High	59%	82%
LAUSD	Medium	Medium	38%	38%
State	Medium	Medium	42%	44%
Hispanic				
Tajima	High	Very High	58%	81%
LAUSD	Medium	Medium	37%	37%
State	Low	Medium	34%	36%
Socioeconomically Disadvantaged				
Tajima	High	Very High	59%	82%

LAUSD	Medium	Medium	38%	37%
State	Low	Medium	34%	36%

The College and Career Indicator is another measure in which Alliance Ted K. Tajima High School has seen consistent success. Over 82% of scholars overall (81% of Hispanic students and 82% of Socioeconomically Disadvantaged students) met the college readiness benchmark, far exceeding both the LAUSD and state-wide performance; Tajima exceeded the LAUSD average by 44 percentage points and exceeded the statewide average by 38 percentage points. This success is a direct result of our persistent focus on supporting students though our school's rigorous academic program and ensuring that they meet and exceed the requirements of college and beyond.

To maintain college and career readiness moving forward, we will continue to focus on implementing a rigorous, college going academic program. Some of the key features of that program include working with teachers in collaborative department spaces to plan and internalize lessons that are aligned to rigorous standards and that meet the differentiated needs of all students. Teachers will also examine student performance data with instructional coaches to determine additional supports and reteach opportunities to make sure all students are given what they need to succeed. Students will be given opportunities in line with our standards based grading system to attend tutoring and complete reassessments that demonstrate their improved level of mastery of key skills and content. Finally, we will continue to provide preparation opportunities for high stakes tests that allow students access to competitive colleges, including PSAT and SAT. Each of these will ensure a strong instructional program that ensures scholars are college ready upon graduation.

California School *Dashboard Graduation Indicator*

California School Dashboard 5x5 Placement Report - Graduation Indicator				
School	**Status**		**Graduation Rate**	
	2018	**2019**	**2018**	**2019**
All Students				
Tajima	Medium	Very High	83%	97%
LAUSD	Medium	Medium	83%	82%
State	Medium	Medium	84%	86%
Hispanic				
Tajima	Medium	Very High	82%	97%
LAUSD	Medium	Medium	82%	82%
State	Medium	Medium	81%	84%
Socioeconomically Disadvantaged				
Tajima	Medium	Very High	83%	97%
LAUSD	Medium	Medium	84%	83%
State	Medium	Medium	81%	83%

The Graduation Indicator is another measure in which Alliance Ted K. Tajima High School has

seen consistent success. 97% of our scholars met this benchmark in 2019, far exceeding the state and LAUSD. Our high graduation numbers are a testament to the daily efforts made by all stakeholders to ensure that students are known and supported in completing a rigorous instructional program.

In order to continue to maintain our success with high graduation rates we will first and foremost continue to provide our students with a high-quality educational program as described earlier. We will also continue to use weekly data on student performance to identify needs that can be immediately addressed in the classroom or in after school tutoring. Students will be given multiple opportunities to improve their performance and demonstrated that through reassessment opportunities on high priority standards. Our counseling team will also work closely with students and parents in regular meetings to ensure all stakeholders are clear on student progress with required A-G courses, ensuring each student is on track to graduate and compete for admissions at the most competitive colleges. We will also continue to hold regular college readiness meetings in which teachers, parents, and students can discuss the specific progress of students, review data, and define a plan for continued support.

California *School Dashboard English Learner Progress Indicator*

California School Dashboard 5x5 Placement Report - English Learner Progress Indicator		
School	2019	
	Status	% making progress towards English language proficiency
English Learners		
Tajima	Medium	45.0%
LAUSD	Medium	45.0%
State	Medium	48.3%

From Tajima's inception, we have taken great pride in serving the needs of the English Language Learners in our community. This has resulted in a robust program that works to understand the needs of distinct ELL students and provide support through designated and integrated ELD instruction. Continuing the progress of our English Learners begins with an intentional school-wide focus on literacy that includes reading, writing, listening, and speaking every day in every class. This regular language practice is vital to the development of academic English skills for our ELLs. Within this core literacy instruction, our program provides additional supports in the form of bilingual instructional aides that push in to support ELLs in the mainstream classrooms. These teachers support the mainstream teachers in providing necessary accommodations such as annotated texts, graphic organizers and sentence stems for writing and discussion. In designated ELD classes, students receive instruction using high quality ELD instructional materials including English 3D for lower level ELs and Springboard ELD for higher level ELs and LTELs.

Schoolwide performance on the Math CAASPP assessment decreased by 1.29% from the 2017-2018 school year to the 2018-2019 school year. Both Latino and SED students also declined slightly (by 0.77% and 2.82% respectively). Over the past five years of CAASPP testing, Tajima HS juniors have performed on average at 40.6% Meets/Exceeds Standards, with both of the past two years over 50% Met/Exceeds Standard. Though slight, we also examined this decrease, considering a variety of factors that may have contributed to overall performance of students.

Tracking the same internal assessment data as for English Language Arts/Literacy (ELA), the 2018-2019 cohort of CAASPP test takers also demonstrated conceptual math gaps related to major work of middle school grade levels that necessitated robust interventions. One structural change that was implemented was an 11th grade math support course designed to address underlying conceptual gaps that persisted for student from previous years of math instruction. We also implemented the same tiered advisory intervention in which student Interim Comprehensive Assessment (ICA) data was used to provide differentiated instruction to support student growth. These interventions resulted in the 2018-2019 performance data, which reflected significant growth from middle school performance on CAASPP Math assessments (despite the fact that it represented an 1.29% decrease from our previous cohort's data – see below chart). When tested in 7th grade at their respective middle schools, only 18% of the 2018-2019 cohort Met/Exceeded standard in Math. When tested in 8th grade, that number increased slightly to 21% Met/Exceeded standard (this data was taken from public data sources and disaggregated into cohort trends internally). Given this cohort data (and our Resident School Median Average of 14.55% for 11th grade performance) the 2018-2019 cohort's performance of 53.71% Met/Exceeded standard in Math represents significant achievement and growth, suggesting that the provided instructional program and intervention structure are fundamentally strong (though always needing to be adjusted to meet the needs of individual students in each year's cohort). In the 2019-2020 year we have continued the same systems, and our internal assessment data for 11th grade is predicting the highest percentage of students Meeting and Exceeding standard for any year of our school's existence.

English Language Arts SBAC - Students Meeting/Exceeding Standards

2018-19 Resident School List: Academy for Multilingual Arts and Sci at Mervyn M. Dymally High, Ambassador School of Global Leadership, Belmont Senior High, Communication and Technology at Diego Rivera Learning Complex, Contreras Learning Center-Academic Leadership Community, Contreras Learning Center-Los Angeles School of Global Studies, Contreras Learning Center-School of Social Justice, Diego Rivera Learning Complex Green Design STEAM Academy, Dr. Maya Angelou Community High, Edward R. Roybal Learning Center, John C. Fremont Senior High, Los Angeles High School of the Arts, Manual Arts Senior High, NAVA College Preparatory Academy, New Open World Academy K-12, Performing Arts Community at Diego Rivera Learning Complex, Public Service Community at Diego Rivera Learning Complex, Ramon C. Cortines School of Visual and Performing Arts, Santee Education Complex, School for the Visual Arts and Humanities, School of Business and Tourism at Contreras Learning Complex, Susan Miller Dorsey Senior High, Thomas Jefferson Senior High, UCLA Community K-12, West Adams Preparatory High

As described above, schoolwide performance on the ELA CAASPP assessment decreased by 8.61% from the 2017-2018 school year to the 2018-2019 school year. Both Latino and SED students also declined (by 6.67% and 8.80% respectively). Over the past five years of CAASPP testing, Tajima HS juniors have performed on average at 70.6% Meets/Exceeds Standards, with 2 of those five years exceeding the 2018-2019 performance of 75% and 2 years underperforming that average of 75%; in short, the 75% of students Meeting/Exceeding Standard in English in 2018-2019 is the median value over a five year span This is a decrease that we have examined closely, and considered a variety of factors that may have contributed to overall performance of students.

We noted as early as 10th grade that the 2018-2019 cohort of CAASPP test takers was lagging behind the previous year students' performance in English. This was attributed to gaps in student ability to engage in decoding and analysis of complex grade level texts in that cohort. In response, we launched an exhaustive intervention program to work with students during their 11th grade year to provide targeted English supports in literacy skills (with a particular emphasis on close reading). These interventions included a tiered advisory intervention in which student Interim Comprehensive Assessment (ICA) data was used to provide differentiated instruction to support student growth. These interventions resulted in the 2018-2019 performance data, which reflected significant growth from middle school performance on CAASPP English assessments (despite the fact that it represented an 8% decrease from our previous cohort's data). When tested in 7th grade at their respective middle schools, only 20% of the 2018-2019 cohort Met/Exceeded standard in English. When tested in 8th grade, that number increased to 41% Met/Exceeded standard (this data was taken from public data sources and disaggregated into cohort trends internally). . Given this cohort data (and our Resident School Median Average of 37.84% for 11th grade performance) the 2018-2019 cohort's performance of 75% Met/Exceeded standard in English represents significant achievement and growth, suggesting that the provided instructional program and intervention structure are fundamentally strong (though always needing to be adjusted to meet the needs of individual students in each year's cohort). In the 2019-2020 school year, internal assessment data is once again predicting strong

performance in English in line with.

Reclassification

California Department of Education DataQuest Reclassification Rate				
	2016-17	**2017-18**	**2018-19**	**2019-20**
Tajima	13%	18%	29%	12%
Resident School Median	12%	10%	13%	n/a
California	13%	15%	14%	14%

The high 29% rate of reclassification for the 2018-2019 school year is a result of a comprehensive system of supports for English Language learners, including both integrated and designated ELD instruction. In our new era of ELPAC and CAASPP, we have taken advantage of the synergy in the high stakes assessments English Learners must perform well on in order to demonstrate fluency in English. Specifically, the skills required for success on ELPAC are the same skills required for success on CAASPP English items. Whereas past students in 9th and 10th grade worked toward the level of rigor reflected on the previous measure of language acquisition (CELDT) in their ELD classes, students are now working toward success on the much more rigorous ELPAC assessment items. Our 2018-2019 cohort of EL students has engaged in rigorous practice activities aligned to the ELPAC items, which has meant students are engaging in significantly more rigorous and extensive practice in reading, writing, listening, and speaking that pay dividends on the ELPAC as well as their eventual performance on CAASPP English in 11th grade. The pattern that we have observed in recent years is that almost all EL students are able to reclassify in their junior year as a result of this emphasis on rigorous literacy skills that culminates in the end of their 11th grade year with CAASPP. Those students who continue into their senior year still classified as EL students are largely students with unique learning challenges (many of whom have dual designations as both an English Language Learner and a Student with a disability).

English Language Learners who come to our school as Long Term English Learners (LTEL) are provided with rigorous literacy-based instruction with appropriate scaffolds across all of their classes that results in significant growth and achievement. Our ELD coordinator works in conjunction with our mainstream teachers to provide strategies for differentiating supports for ELLs that maximize engagement with both core concepts and texts. These are provided to teachers through ongoing professional development. Our school wide focus on close reading, justification using evidence, and teacher monitoring and feedback is the seam focus for our ELLs, ensuring all students demonstrate fluency in literacy skills required for success in college.

An additional support that we provide for our ELLs (including LTELs) is regular check ins that include goal setting and progress monitoring. The goal of these meetings (conducted by our EL coordinator) is to clearly outline the requirements for reclassification and to connect those to concrete behaviors in and out of class that can help to improve performance. It is our belief that students have a strong desire to achieve fluency in English, and when given clear opportunities to improve literacy skills, students are excited to put in necessary work to improve.

Cohort Dropout Rate

Cohort Dropout Rate

	2016-17	2017-18	2018-19
Tajima	2%	3%	2%
LAUSD	11%	11%	11%
State	9%	10%	9%

Source: CA Department of Education *DataQuest*

The 2% Cohort Dropout Rate at 2-3% year after year is a testament to the hard work done at Tajima High School to ensure all scholars succeed. Despite the challenging realities for many students, Tajima supports students in persevering through adversity to graduation and beyond.

This commitment to the success of every student begins from the very beginning of ninth grade when students are given an extensive introduction to the support systems and expectations for scholars in terms of academics. These high expectations coupled with extensive supports (in the form of in and out of class teacher interventions) continue throughout all four years, with increased attention to at risk students at key moments in the school year. Beyond academic supports, however, what really makes the difference in terms of the cohort dropout rate is connecting students to our school culture in the form of relationships with adults and their peers. Students at Tajima know that they have a wealth of resources that they can draw on, which means that students would rather be at Tajima that anywhere else. This inevitably results in investment in academic work and persistence through the ups and downs of high school on the way to graduation.

Source: CA Department of Education *DataQuest*

The mission of Alliance Ted K. Tajima High School is college graduation, so it would make sense that 100% of our scholars meet the UC/CSU requirements at graduation.

The Alliance mission is predicated on the belief that all students deserve access to a 4-year university. In order to reach that goal, students are required to take and pass A-G courses that meet and exceed the minimum requirements for eligibility to the public university system in California. At Tajima, this has been the norm since our opening, and we have been pushing students to consider what it looks like to not just meet the minimum requirements for application, but instead pushing for A's in classes that will make them stand out from a competitive field of applicants. At Tajima, we believe all students can learn at the highest levels when given the opportunity to work with exceptional teachers who are willing to do whatever it takes for their students to learn.

Student Population to be served

Alliance Ted K. Tajima High is an independent charter high school that serves students in grades 9-12, providing an alternative choice of quality education in the community of Westlake.

Alliance Ted K. Tajima High provides a sound educational program for all students in attendance through its rigorous standards-based curriculum, culture of high expectations, highly effective and qualified teachers, and principal leadership in a small personalized learning environment where students know their teachers well and are known by adults.

The publicly available SBAC data and the California Accountability Dashboard for schools in the community to be served reflects a large, urban student population and provides an objective rationale for the need of the proposed instructional program. Tajima seeks to recruit middle and high school students in the Belmont High School area community to improve academic performance as a priority.

Enrollment by Grade-Level

Goals and Philosophy

Mission

Our mission at Alliance Ted K. Tajima High School is to create a nurturing environment that prepared all scholars for college and beyond through rigorous instruction and individualized supports, serving the holistic needs of scholars and their families.

Vision

Our vision at Alliance Ted K. Tajima High School is for all scholars, through a shared love of learning, to graduate from college and become enthusiastic, self-aware and influential leaders who, by uplifting their communities, positively impact the world.

Key Program Elements

Tajima students, staff and community embrace the following five Alliance program elements to establish and maintain the culture of the school:

1. **High Expectations for All Students** - All students, including students in historically underachieving communities, can successfully learn at high levels and have a fundamental right to high expectations and quality instruction that prepare them to enter and succeed in college[1]. All students must pass the A-G college entrance course requirements with a grade of C or better to graduate and be at least proficient in core academic standards (reading, writing, math, science, history/social science) to be ready for success in college.

2. **Small Personalized Schools and Classrooms** - Students learn best in small learning communities where their education is personalized so that students know their teachers

[1] *Doug Lemov, Teach Like a Champion, March 2010*

and are well known as individuals by all adults in the school. Blended-learning classrooms, like those at Tajima, offer even more personalized and individualized instruction that targets individual student learning needs, takes them from where they are and accelerates their learning to where they need to be in order to graduate ready for success in college.

3. **Increased Instructional Time** - All students must have sufficient time in school to learn successfully. The school offers a longer school year and ongoing opportunities for extended learning time through intervention or enrichment to meet individual student needs. Daily learning time is structured in longer instructional blocks of time to allow for focused in-depth learning. Students will also have access to online resources, be able to replay online content, and access other features allowed by using technology, creating many out-of-classroom learning opportunities. Research demonstrates how increased learning time can lead to higher achievement[2]

4. **Highly Qualified Principals and Teachers** – All Alliance schools must have exemplary principals who are capable instructional leaders and entrepreneurs in managing resources, and who are given opportunities for ongoing leadership training. Knowing that students learn best with teachers who know their subject field, are well trained to deliver rigorous instruction, and can attend to the diverse needs of individual students, these skills are at the forefront when selecting and developing teachers. Our teachers work in collaborative teams with common planning time where lessons are studied as a learning community and where accountability for student success is a shared responsibility.

5. **Working with Parents as Partners** - Parents at all Alliance schools are meaningfully and actively engaged in their children's education. They have a right to choose to send their children to excellent high performing schools. Parents must be responsible and accountable for supporting their children's learning at school and at home. They must understand what it will take to prepare their children for college, and they are encouraged to support the goals of the school through their voice and through volunteering.

What it Means to Be an Educated Person in the 21st Century

A well-educated person in the 21st Century must be highly proficient in a rigorous set of competencies in language, reasoning/problem solving, reading, writing, computation, interpersonal relationships, social/ economic studies, the use of technology, and personal work habits in order to succeed in a global economy.

A well-educated person recognizes that the world is constantly changing, and is a self-directed lifelong learner prepared to continually adapt to changes that require new skills and competencies to be successful in their lifetime. An educated person understands that creative thinking leads to opportunity, that talent can be turned into true skill, and that all human beings are equal and important.[3]

The Tajima curriculum, instructional methodology, and environment are designed to instill and develop these skills in our students so that they can achieve success in college and in their

[2] *Massachusetts 2020, More Time for Learning: Promising Practices and Lessons Learned, 2010.*

[3] *Douglas Kellner, New Media and New Literacies: Reconstructing Education for the New Millennium, UCLA, 2000*

chosen careers, and can continue to be self-directed learners, highly skilled critical thinkers, and effective communicators throughout their lives.

How Learning Best Occurs

At Tajima, we believe that we believe exceptional teaching is at the heart of student success in high school, college, and beyond. Every day, with every student, we exemplify this belief through the academic commitments below. We believe learning occurs best when classrooms are characterized by the attributes below:

SPARK *Our students are enthusiastic learners who work hard every day to master challenging content.*

- Teachers celebrate students' effort and foster students' curiosity by cultivating a passion for learning and reinforcing the conviction that with hard work, every student can succeed.
- Students enthusiastically read, write, analyze, discuss, research, experiment, and solve challenging problems and self-advocate for what they need to succeed.

CHALLENGE *Our students learn best when we provide challenging content that builds strong learning habits and life skills.*

- Teachers support students to lead the cognitive thinking in a lesson by providing challenging academic content, skills, and experiences that prepare them for success in high school, college, and beyond. Challenging content pushes every student to exceed their own expectations, achieving exceptional results through struggle and hard work.
- Students wrestle with complex ideas and persevere in their work even when they are not sure of the answer.

SCHOLAR TO SCHOLAR Our *students deepen their understanding of content and build skills through lively discussions and meaningful collaboration with their peers.*

- Teachers provide students with a variety of opportunities to engage in robust academic discussions and to collaborate to solve real-world problems.
- Students use evidence to support their thinking, respectfully disagree with differing perspectives, and revise their own thinking in light of other students' ideas.

PERSONALIZED *Our students thrive with thoughtful scaffolding and individualized supports to meet our high bar for academic rigor.*

- Teachers use data to strategically tailor instruction based on what their students need, keeping the bar for academic rigor high.
- Students employ a variety of tools and strategies, including technology, to accelerate their learning, build knowledge and skills, and obtain feedback on their performance

Annual Goals for Local Control Funding Formula (LCFF)

NOTE: The goals, action/services, metrics, and targets below have not been approved by the Alliance Governing Board or School Site Advisory Council, but are based on stakeholder engagement conducted during the 2019-20 school year. As a result of the Covid-19 pandemic,

the State of California delayed the 2020-23 Local Control and Accountability Plan for a year, resulting in a July 1, 2020 development and approval deadline for the new 2021-24 LCAP. Therefore, the table provided below and the targets therein are subject to change.

NOTE: Subgroups which are not statistically significant as of the current data reporting year are denoted with an "*" in the table below.

LCFF STATE PRIORITIES

GOAL #1

Basic Service - All scholars have access to the personnel and resources that they need to support learning, including quality teachers and administrators, in-classroom assistance, well-maintained facilities, and a well-operated school environment.

Related State Priorities:
☒ 1 ☐ 4 ☐ 7
☐ 2 ☐ 5 ☐ 8
☐ 3 ☐ 6

Local Priorities:
☐:
☐:

Specific Annual Actions to Achieve Goal

- *Ensure that all scholars have access to rigorous, standards-aligned instructional materials and technology to support academic achievement*
- *Ensure that scholars have access to teachers that are appropriately assigned in all classrooms as well as in-classroom assistance*
- *Provide adequate administrative support to ensure a safe and orderly environment that supports the instruction of rigorous academic standards.*
- *Maintain adequate support, resources, and supplies to ensure a safe, clean, and orderly campus and to operate the site effectively*
- *Provide teachers, staff, and administration access to high-quality professional development, including regular observations, feedback, and coaching*

Expected Annual Measurable Outcomes

Outcome #1: Access to Standards-Aligned Instructional Materials
Metric/Method for Measuring: Percentage of Students with Access to Standards-Aligned Instructional Materials

Applicable Student Groups	Baseline	2021-2022	2022-2023	2023-2024	2024-2025	2025-2026

LCFF STATE PRIORITIES

GOAL #2

Instructional Program - All scholars have access to a robust instructional program that supports scholar achievement.

Related State Priorities:
☐ 1 ☒ 4 ☒ 7
☒ 2 ☐ 5 ☐ 8
☐ 3 ☐ 6

Local Priorities:
☐:
☐:

Specific Annual Actions to Achieve Goal

- *Ensure that, each day, scholars are working toward a clearly identified mathematical concept through 1-2 core tasks for each lesson, all of which are identified in intellectual preparation, and are actively discussing the math with their peers. Moreover, Math teachers will structure and guide the discussion of core tasks so that scholars demonstrate mastery of the mathematical concept by the end of the lesson as well as provide scaffolds and supports that allow English Learners, scholars with Disabilities, and struggling scholars to access the core tasks and participate in academic discussions in a meaningful way. (No expenditures)*
- *Ensure that, each day, scholars read and analyze grade-level complex texts and engage, through discussion and/or writing, with strategically sequenced text-dependent questions ("TDQ") that lead them to the big ideas and key understandings of the text, topic, and/or author's craft. Moreover, ELA teachers will provide scaffolds and supports that allow English Learners, scholars with Disabilities, and struggling scholars to access the text and participate in academic discussions in a meaningful way. (No expenditures)*
- *Ensure that all scholars have access to rigorous, standards-aligned instructional materials and technology to support academic achievement 4. Ensure that all scholars have access through A-G courses and are on track to meet A-G requirements by their senior year of high school*

LCFF Narrative on supporting self-motivated, competent, and life-long learners

LCAP Goal	Supporting self-motivated, competent, and life-long learners
Goal 1: All scholars have access to the personnel and resources that they need to support learning, including quality teachers and administrators, in-classroom assistance, well-maintained facilities, and a well-operated school environment.	In order to support students' academic growth and socioemotional wellbeing, they must have access to the necessary learning environment and resources.
Goal 2: All scholars have access to a robust instructional program that supports scholar achievement.	In order to allow our students to meet their potential, they must have access to a strong instructional program.
Goal 3: All parents are provided meaningful involvement opportunities to support their child's education at home and at school.	By engaging parents in their children's school experience, they are able to provide valuable insights to support learning and emotional wellbeing.
Goal 4: All scholars and staff have a voice and feel supported within their school community through a shared decision-making process, clear expectations, and a discipline process grounded in positive behavior interventions.	By ensuring all students feel engaged and supported, our school enables them to grow to their potential.
Goal 5: Promote a college-going culture with a focus on supporting each scholar's journey to and through college.	By focusing on a college-going culture, rather than just academics, our school enables our students to gain the tools for long-term success.

Instructional Design

Curriculum and Instruction

The educational model for curriculum and instruction at Tajima is guided by our key program elements, our beliefs about how learning best occurs and by [4] best practices researched in high performing high schools that consistently produce well-educated students prepared to successfully enter and succeed in college. The philosophical base and the organizational structure for Tajima's curriculum are student centered and are in accordance with accountability

[4] G. Sue Shannon, Nine Characteristics of High Performing High Schools, 2001

for meeting or exceeding grade level Common Core, Next Generation Science Standards, ELD and other state college readiness standards.

Each school year students are enrolled in a variety of core and non-core classes that support their academic growth and success. Each class is purposely designed to provide appropriate academic intervention or foundation, or an opportunity to explore interests and skills. Core and non-core classes are developed to support student success beyond Tajima. As a result, per grade level all students are enrolled in core classes, such as English, math, science and history per California Education code. Students also enroll in non-core classes such as math and English support classes that provide appropriate intervention for students who are falling behind in math or English, as well as World Languages, Art and other social studies electives.

Specifically, Tajima employs a standards-aligned curriculum that prepares students to excel academically, with increased focus on Math and English scores. Research from ACT's seminal study[5] on college readiness found that students' ability to comprehend complex text is the factor that differentiates college-ready readers from their non-ready peers. The study also highlighted the importance of reading across the curriculum, given that of the students not meeting the ACT Reading Benchmark, only 5% met the ACT Science benchmark. In addition, research consistently shows that building student knowledge via informational text is crucial to developing students' literacy ability. Finally, in order to access grade-level, complex texts, students must have repeated exposure and practice with complex text through close reading across content areas that requires reading, speaking, and writing grounded in evidence[6,7,8] .

Given this strong body of research, Tajima educational program positions literacy skills as the gateway skills that position students for success across all content areas. In every course, students are required to analyze complex text, cite textual evidence through discussion and writing and justify their thinking. In Science and Social Studies, students engage in informational texts, such as primary source documents (e.g. US Constitution) or domain-specific texts (e.g. scientific journal article), which demand careful reading and analysis to make meaning. In mathematics, students engage in daily tasks that require solving real-world problems and justifying (orally and through writing) their mathematical thinking. Finally, across all subjects, all students are pushed to carry the cognitive and intellectual thinking required by the Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS), as well as the English Language Development (ELD) Standards/Framework[9].

Tajima attests that each pupil in the school will have sufficient instructional materials in each subject area .

[9] California ELD Framework https://www.cde.ca.gov/ci/rl/cf/documents/elaeldfwchapter2.pdf

Each spring, the principal, in consultation with staff, identifies areas of need and orders materials for the following year. Recent studies published by the Center for American Progress, Brown Center on Educational Policy at Brookings Institute, and RAND Corporation[10,11] consistently find that the quality of instructional materials teachers use in the classroom has a measurable impact on student performance. Curriculum materials are selected based on their alignment to the CCSS/NGSS/ELD standards and instructional shifts and materials must prepare students to graduate ready for college.

In alignment to the Tajima's educational program, curriculum materials across content areas provide students with daily assignments that require careful reading of complex text as well as writing and discussion grounded in evidence. In accordance to the CCSS instructional shifts in English Language Arts, a variety of genres and text types are used, with the majority of texts being informational texts. Additionally, across content areas teachers use a number of instructional strategies like multiple reads, text-dependent questions and annotation to ensure all students have access to the material. In mathematics, curriculum materials deeply focus on student mastery of California Common Core State Standards through problem-based lessons. Finally, in every course, teachers carefully align daily objectives, activities and formative assessments to the standards and monitor progress against the standards through our standards-based grading system. While a full list of curriculum materials is found on the next page, the key features and components of our English Language Arts and Mathematics curriculum is summarized below:

Tajima relies on both core instructional materials (digital or hard copy) and supplemental instructional materials (digital or hard copy). Below are lists of all current curriculum materials and resources utilized by the school for each grade level and subject. Programs that have specific tools to support English learners are also indicated.

Digital Content/Resources									
	Subject(s)					Grade Level			
Publisher	Math	English	Science	Social Studies	English Language Development	9	10	11	12
SpringBoard English		X				X	X	X	X
SpringBoard ELD					X	X	X	X	X
CPM Math	X					X	X	X	X
Discovery Science			X			X	X	X	

A target ratio of one computer and/or iPad for every student ensures students adequate access to technology for effective use in student learning, common core and digital classroom instruction, data management, SBAC online state assessments and communication. Classroom teachers are also provided iPads or laptops and use consistent data systems for monitoring student performance, managing grades, and internal school and network communication with other schools.

World History	10	World History: Patterns of Interaction	Holt McDougal
US History	11	America: Pathways to the Present: Modern American History	Prentice Hall
Government	12	Government in America: People, Politics, and Policy	Pearson
Economics	12	Economics	McGraw Hill
The Living Earth	9	Science Techbook	Discovery Education
Chemistry in the Earth System	10	Science Techbook	Discovery Education
Physics of the Universe	11	Science Techbook	Discovery Education
AP Biology	12	Campbell Biology	Pearson
AP Physics	12	College Physics	Addison-Wesley
AP Spanish Language	10-12	Temas	Vista Higher Learning
AP Spanish Literature	11-12	Abriendo Puertas	Holt McDougal
Criminal Justice	9-12	Criminal Justice in America	Cengage
AP Psychology	11-12	Understanding Psychology	McGraw Hill
Art 1	9	College Board Pre-AP Art	College Board
Health and Physical Education	9	Teen Health (Course 1 and 2)	Glencoe

As noted previously, the needs of the school are evaluated each year and core and supplemental curriculum materials and digital resources are adjusted accordingly.

Current Comprehensive Course List

The table below shows all current course offerings for all grades served by Tajima. Those with an asterisk indicate courses which meet A-G and graduation requirements.

Comprehensive Course List								
Subject Area	**9th Grade**		**10th Grade**		**11th Grade**		**12th Grade**	
	1st Semester	***2nd Semester***	***1st Semester***	***2nd Semester***	***1st Semester***	***2nd Semester***	***1st Semester***	***2nd Semester***
English/ Language Arts (4 years required – 40 credits)	*Common Core English 9A	*Common Core English 9B	*Common Core English 10A *CC English Honors 10A	*Common Core English 10B *CC English Honors 10B	*Common Core English 11A *AP English Language and Composition A	*Common Core English 11B *AP English Language and Composition B	*CSU Expository Reading & Writing A *AP English Literature A	*CSU Expository Reading & Writing B *AP English Literature B

Health/Physical Education - PE not required (Introduction to Kinesiology offered as a G – see below)								
Language Other Than English (2 years required – 20 credits)	*Spanish 1A *Spanish Native Speakers 1A *Spanish Native Speakers 2A	*Spanish 1B *Spanish Native Speakers 1AB *Spanish Native Speakers 2B	*Spanish 2A *Spanish Native Speakers 2A *AP Spanish Language A	*Spanish 2B *Spanish Native Speakers 2B *AP Spanish Language B	*Spanish Native Speakers 3A *AP Spanish Language A *AP Spanish Literature A	*Spanish Native Speakers 3B *AP Spanish Language B *AP Spanish Literature B	*AP Spanish Language A *AP Spanish Literature A	*AP Spanish Language B *AP Spanish Literature B
Electives & Other Courses/ Areas of Study Required for Graduation/A-G Requirements (1 year Academic Electives required – 10 credits: two semesters @ 5 credits each) Can include an extra year of science, foreign language, mathematics, social science, visual/performing arts	*Leadership A *CC Integrated Math Support 1A* *Physical Education/ Health 9A*	*Leadership B *CC Integrated Math Support 1B* *Physical Education/ Health 9A*	*Leadership A *Criminal Justice A *Yearbook A*	*Leadership B *Criminal Justice B *Yearbook B*	*Leadership A *Criminal Justice A *AP Psychology A *Yearbook A* *Common Core English Support 11A*	*Leadership B *Criminal Justice B *AP Psychology B *Yearbook B* *Common Core English Support 11B*	*Leadership A *Criminal Justice A *AP Psychology A *Introduction to Kinesiology A *Yearbook A*	*Leadership A *Criminal Justice A *AP Psychology A *Introduction to Kinesiology A *Yearbook A*

**Denotes courses that meet A-G and graduation requirements*

Upon enrollment, all students are given a series of diagnostic survey assessments. These indicate student needs in mathematics, language arts, and the student's English Language status. Results of initial diagnostic testing for entering students determine student placement in math and determine students' need for intervention supports. All students have access to the grade level core curriculum, and alternative curriculum when designated in a student's Individualized Education Plan (IEP). Students-at-risk participate in extended learning through after school tutoring or Saturday to provide more time for learning and to accelerate their progress. All students are eligible to take all classes, including Advanced Placement (in grades 9-12). Students who show a continued lack of progress are served as detailed under *Elementary and Secondary Schools Act (ESSA)* and/or the *Meeting the Needs of All Students* section below, depending on individual student needs.

Comprehensive Alliance Course Catalogue with Course Descriptions

ENGLISH LANGUAGE ARTS COURSES

COMMON CORE ENGLISH 9A- 321301
COMMON CORE ENGLISH 9B- 321302
(Year) Freshman
Network-wide UC Approved (B)
Prerequisite: *None*
In CC English 9, scholars develop their reading, writing and communication skills in alignment with CCSS for ELA/Literacy. As readers, scholars read a variety of classic, contemporary and multicultural tests (ex: essays, myths, non-fiction, novels, plays, poems, and short stories) and apply analytic and critical thinking skills to their interpretation. Writing instruction extends scholars' understanding of the writing process in the development of informational and argumentative writing forms. Scholars engage in a variety of speaking and listening activities such as classroom discussions, evaluating point of view, and presenting to the class.

COMMON CORE ENGLISH 10A - 321311
COMMON CORE ENGLISH 10B - 321312
(Year) Sophomore
Network-wide UC Approved (B)
Prerequisite: *None*
Scholars in English 10 build on their CCSS aligned reading, writing, and communication skills. Scholars read broadly and engage in critical analysis and discussion of a variety of literary and informational texts, including world and multicultural texts. As writers, scholars deepen their informational and argumentation and research writing skills when they solidify their understanding of the writing process to produce well-organized and well-supported writing projects that address a clear target audience. Scholars further refine their speaking and listening skills through classroom discourse, collaborative projects, and presentations.

COMMON CORE ENGLISH 11A- 321321
COMMON CORE ENGLISH 11B- 321322
(Year) Junior
Network-wide UC Approved (B)
Prerequisite: *None*
English 11 scholars read widely from foundational and contemporary works of American literature, as well as nonfiction texts of historical or literary significance. (ex: essays, poetry, short stories, novels, historic speeches, and other informational texts). As scholars explore trends and traditions in American literature, analytical reading instruction will extend scholars' understanding of literary

devices, elements, and language. Scholars continue to write in a variety of styles – informational and argumentative – with greater sophistication, as well as engage in effective discourse, collaboration, and reflection on learning. English 11 provides scholars with the final preparations for Smarter Balanced and additional college-readiness assessments.

COMMON CORE ENGLISH 12A - 321331
COMMON CORE ENGLISH 12B - 321332
(Year) Senior
Network-wide UC Approved (B)
Prerequisite: *None*
College-ready scholars in English 12 continue to build upon their knowledge of language and literature with continued practice critically reading classic and contemporary texts with universal and timeless themes. From medieval classics to essays that reflect current public discourse, scholars immerse themselves in the issues and conversations that have stood the test of time. Additionally, scholars push themselves to write clearer, more polished writings in a variety of modes and for a variety of audiences. English 12 provides scholars with the final preparations for their continued success in college-level English coursework and beyond.

AP ENGLISH LANGUAGE & COMPOSITION A - 230125
AP ENGLISH LANGUAGE & COMPOSITION B - 230126
(Year) Junior & Senior
Network-wide UC Approved (B)
An AP English Language and Composition course cultivates the reading and writing skills that scholars need for college success and for intellectually responsible civic engagement. The course guides scholars in becoming curious, critical, and responsive readers of diverse texts, and becoming flexible, reflective writers of texts addressed to diverse audiences for diverse purposes. The reading and writing scholars do in the course should deepen and expand their understanding of how written language functions rhetorically: to communicate writers' intentions and elicit readers' responses in particular situations. The course cultivates the rhetorical understanding and use of written language by directing scholars' attention to writer/reader interactions in their reading and writing of various formal and informal genres (e.g., memos, letters, advertisements, political satires, personal narratives, scientific arguments, cultural critiques, research reports).

Reading and writing activities in the course also deepen scholars' knowledge and control of formal conventions of written language (e.g., vocabulary, diction, syntax, spelling, punctuation, paragraphing, genre). The course helps scholars understand that formal conventions of the English language in its many written and spoken dialects are historically, culturally, and socially produced; that the use of these conventions may intentionally or unintentionally contribute to the effectiveness or ineffectiveness of a piece of writing in a particular rhetorical context; and that a particular set of language conventions defines Standard Written English, the preferred dialect for academic discourse.

ENGLISH LANGUAGE DEVELOPMENT COURSES

ENGLISH LANGUAGE DEVELOPMENT 1A – 230153
ENGLISH LANGUAGE DEVELOPMENT 1B – 230154
(Year) Freshman, Sophomore, Junior, Senior
Network-wide UC Approved (B)
Prerequisite: *Scholars who take ELD I have been identified as speaking a primary or home language other than English. Determination of placement will be based on results from the*

ELPAC, and local assessments, class work, teacher input, years enrolled in U.S. schools, and foreign transcripts.

This course provides instruction designed specifically for English learners to develop their listening, speaking, reading and writing skills in English. This course introduces scholars to basic structures and vocabulary of the English language. Scholars learn strategies in order to advance their reading, listening, and pronunciation skills. They expand oral comprehensibility and write complete sentences, a standard paragraph, and short content-based essays. They utilize level-appropriate conventions of grammar and punctuation with a minimum of errors.

ENGLISH LANGUAGE DEVELOPMENT 2A – 230155
ENGLISH LANGUAGE DEVELOPMENT 2B – 230156
(Year) Freshman, Sophomore, Junior, Senior
Network-wide UC Approved (B)
Prerequisite: *Scholars who take ELD II have been identified as speaking a primary or home language other than English. Determination of placement will be based on results from the ELPAC, and local assessments, class*
work, teacher input, years enrolled in U.S. schools, and foreign transcripts.

This course provides instruction designed specifically for English learners to develop their listening, speaking, reading and writing skills in English. English language learners discover how to use and extend their vocabulary, grammar, and communication skills. It focuses on syntax, continued vocabulary development, reading, listening comprehension, speaking and pronunciation skills, and writing multiple-paragraph compositions that demonstrate organization of ideas, use of a thesis statement, and supportive elements. Intensive grammar instruction that supports academic writing skills is emphasized. This course contributes to skills needed in mainstream classes.

ENGLISH LANGUAGE DEVELOPMENT 3A - 230157
ENGLISH LANGUAGE DEVELOPMENT 3B – 230158
(Year) Freshman, Sophomore, Junior, Senior
Network-wide UC Approved (B)
Prerequisite: *Scholars who take ELD III have been identified as speaking a primary or home language other than English. Determination of placement will be based on results from the ELPAC, and local assessments, class*

This course provides instruction designed specifically for English learners to develop their listening, speaking, reading and writing skills in English delivered through research-based instructional strategies appropriate for English learners in the intermediate level of language proficiency. The scholar learning and performance goals for the course are based on the California ELD Standards for grades 9-12. Emphasis is placed on the reading and writing processes and scholars learn the distinctions among the various reading and writing genres. Scholars communicate ideas and information orally and in writing with increased confidence and for different audiences and purposes. Instruction continues to assist scholars in developing appropriate academic language and learning strategies. Scholars continue to explore bilingual/bicultural career opportunities.

ENGLISH LANGUAGE DEVELOPMENT 4A – 230159
ENGLISH LANGUAGE DEVELOPMENT 4B - 230160
(Year) Freshman, Sophomore, Junior, Senior
Network-wide UC Approved (B)
Prerequisite: *Scholars who take ELD IV have been identified as speaking a primary or home language other than English. Determination of placement will be based on results from the*

ELPAC, and local assessments, class work, teacher input, years enrolled in U.S. schools, and foreign transcripts.

This course provides instruction designed specifically for English learners to develop their listening, speaking, reading and writing skills in English delivered through research-based instructional strategies appropriate for English learners. The scholar learning and performance goals for the course are based on the California ELD Standards for grades 9-12. This course is designed to engage English learners in higher-level speaking, reading, writing, listening, and evaluating exercises using a variety of reading in essays, novels, short stories, drama and expository genres.

MATH COURSES

AP CALCULUS AB –A - 310701
AP CALCULUS AB –B - 310702
(Year) Junior, Senior
Network-wide UC Approved (C)
Prerequisite*: Pre-Calculus Honors with a minimum of a "C" average.*
This class is the beginning of calculus. Topics covered include functions, limits, continuity, and differentiation rules for elementary functions, trig functions, logarithmic and exponential functions. Applications of the derivative are covered extensively. An introduction to the definite integral and integration are also included.

PRE-CALCULUS A- 310505
PRE-CALCULUS B- 310506
(Year) Sophomore, Junior, Senior
Network-wide UC Approved (C)
Pre-Calculus Non-Honors begins the year with an in-depth review of some of the topics of Algebra II such as: conic sections, exponential and logarithmic functions, sequences and series, statistics and probability, and matrices and determinants. Vectors, polar and parametric equations, and limits are also introduced. The second semester studies Trigonometry including triangle trigonometry, trigonometric graphs and identities, and trigonometric applications. This course is designed for those scholars who will be taking Calculus in college.

COMMON CORE INTEGRATED MATH 1A - 324255
COMMON CORE INTEGRATED MATH 1B - 324256
(Year) Freshman
Network-wide UC approved (C)
Prerequisite*: Successful completion of Common Core 8 or Honors Common Core Math 7 (accelerated course)*
Integrated Math 1 is the first of a sequence of three courses from Integrated Math 1, 2, and 3. The first half of the course focuses on functions, algebra, and the number system. It uses functions as models of real situations and spends most of the time on linear functions, linear equations, and linear inequalities. The second half of the course is focused on Geometry: defining and constructing geometric constructs, using rigid motions to develop proofs of congruence and other geometric properties, and using geometric shapes to model natural objects. The second half also includes Statistics: scholars summarize, represent, and interpret various types of data.

COMMON CORE INTEGRATED MATH 2A - 324265
COMMON CORE INTEGRATED MATH 2B - 324266
(Year) Sophomore
Network-wide UC approved (C)

***Prerequisite**: Successful completion of Common Core Integrated Math 1*
Integrated Math 2 is the second of a sequence of three courses: Integrated Math 1, 2, and 3. The first half of the course explores algebraic representations of geometric figures and quadratic functions and equations, including complex numbers. It uses quadratic functions as models of real situations and explores graphs, functions, and equations. The second half of the course focuses on similarity, exponential functions, probability, and geometric models.

COMMON CORE INTEGRATED MATH 3A - 324275
COMMON CORE INTEGRATED MATH 3B - 324276
(Year) Junior
Network-wide UC approved (C)
***Prerequisite**: Successful completion of Common Core Integrated Math 2*
Integrated Math 3 is the third of a sequence of three courses, Integrated Math 1, 2, and 3. The first half of the course extends previous work with geometry to circular objects and trigonometry. It uses trigonometric functions as models of real situations and explores them as graphs, functions, and equations. The second half of the course focuses on volume, general principles about polynomials and rational expressions, functions, and making conclusions about a population from sample data.

HISTORY/SOCIAL SCIENCE COURSES

WORLD HISTORY A -370127
WORLD HISTORY B - 370128
(Year) Freshman, Sophomore
Network-wide UC Approved (A)
Scholars study major turning points that shaped the modern world, from the late 18th century through the present. Scholars trace the rise of democratic ideas and develop an understanding of the historical roots of current world issues. Scholars will develop an understanding of current world issues and relate them to historical, geographic, political, economic, and cultural contexts. Assignments focus on historical methods and critical thinking skills by analyzing a variety of primary resource documents, visuals, artifacts, and maps.

UNITED STATES HISTORY A - 370129
UNITED STATES HISTORY B - 370130
(Year) Junior
Network-wide UC Approved (A)
This course traces the development of the United States from the Spanish American War to the present. Scholars will review the significant factors responsible for the emergence of the United States as a major world leader.

SOCIAL SCIENCE ELECTIVES

ECONOMICS - 370905
(Semester) Senior
Network-wide UC Approved (G)
Scholars study fundamental economic concepts such as scarcity, opportunity costs and trade-offs, productivity, economic systems, economic institutions and incentives. The course will also include such microeconomics concepts as market and prices, supply and demand, competition and market structure, income distribution and the role of government. Macroeconomics concepts include international trade, unemployment, inflation and deflation, and fiscal and monetary policy.

AP PSYCHOLOGY A- 370417
AP PSYCHOLOGY B- 370418
(Year) Junior, Senior
Network-wide UC Approved (G)
AP Psychology is designed to introduce scholars to the systematic and scientific study of behavior and mental processes of human beings and other animals. Scholars are exposed to the psychological facts, principals, and phenomena associated with each of the major subfields within psychology. They also learn about the ethics and methods psychologists use in their science and practice.

CRIMINAL JUSTICE A - 370805
CRIMINAL JUSTICE B - 370806
(Year) Junior, Senior
Network-wide UC Approved (G)
Prerequisites: *English 9, English 10*
This class examines the criminal justice system in the United States. It focuses on three basic areas: police, courts, and corrections. Scholars will look at the juvenile justice system as it relates to Los Angeles. Through discussions, simulations, and projects, we will explore how people, especially young people, end up in the "system," and how everything from family to jobs promote or take away from our ability to live successful lives. As a class, scholars will then make suggestions as to what they can do so that they are less drawn to crime, and how they can help reform those who desperately need a new vision for life.

SCIENCE COURSES

THE LIVING EARTH A - 361313
THE LIVING EARTH B - 361314
(Year) Freshman, Sophomore
Network-wide UC Approved (D)
Prerequisite*: None*
This course replaces Biology A&B. The sequence presented here spirals in scale, starting with ecosystems as a whole (looking at both living and nonliving components), progressing into connections within ecosystems describing the cycling of matter in two important life processes photosynthesis and respiration while also emphasizing the nonliving parts of these cycles. Then the course moves into evolution (where evidence is based in both living and non-living systems) and then links evolution to the study of heredity. From there the course zooms in more (progressing to smaller scales) on what defines characteristics of life from the cell to multicellular organisms. The course ends by coming back full circle to ecosystems and the impacts that humans have on them especially in relationship to climate change. A culminating project for this course should present a synthesis of how life on Earth is dependent on both biotic and abiotic factors.

CHEMISTRY IN EARTH SYSTEMS A - 361411
CHEMISTRY IN EARTH SYSTEMS B - 361412
(Year) Freshman, Sophomore, Junior, Senior
Network-wide UC Approved (D)
Prerequisite*: Completion of Integrated Math with "C" or higher in both semesters ("B" or higher is recommended)*
The sequence of this course is based on a specific storyline about climate change with a tangible example of combustion and food calorimetry. The combustion of fossil fuels and release of heat, carbon dioxide, and water is a fundamental thread that ties together most of the sections of the

course and ensures that chemistry concepts are able to be placed in the context of Earth's systems. In the end, scholars will have explored the fundamentals of chemistry and essential roles that these processes play in Earth's solid geosphere, its liquid hydrosphere, and its gaseous atmosphere.

PHYSICS OF THE UNIVERSE A - 361513
PHYSICS OF THE UNIVERSE B - 361514
(Year) 9-12
Network-wide UC Approved (D)
***Corequisite**: Integrated Mathematics 1*
This course is about discovering the laws and mysteries of the physical world. This class provides the framework to understand everyday phenomena through hands-on activities, model building and experimentation. The course of study includes: Newtonian mechanics (motion, conservation of energy and momentum, forces and motion) waves, vibrations, sound, electrostatics, magnetism, heat and light (reflection, refraction, diffraction and interference). This course emphasizes the Next Generation Science Standards and combines the traditional physics principles with earth and space concepts. The laboratory work will provide scholars with sound laboratory techniques and engineering practices to ensure that scholars develop reasoning power and the ability to apply physics principles to their course work in preparation for their college experiences.

AP BIOLOGY A - 360707
AP BIOLOGY B- 360708
(Year) Junior, Senior
Network-wide UC Approved (D)
***Prerequisite**: Completion of Biology with a minimum of a "B" in both semesters; Completion of Chemistry highly recommended.*
AP Biology is designed to be equivalent to a first year college-level general biology course. Scholars will study materials presented in a rigorous, biochemical oriented introductory college biology course. Required laboratory experiments are part of the course. Scholars are expected to be independent learners and to devote extensive studying beyond the basic concepts. Details of molecules, Chemistry, cells, genetics, evolution, organisms and populations are included in this course. Scholars will be prepared to take the Advanced Placement Biology exam in May.

AP PHYSICS 1A - 361507
AP PHYSICS 1B - 361508
(Year) 11-12
Network-wide UC Approved (D)
***Prerequisite**: Integrated Math II (Prerequisite)*
Integrated Math III (Corequisite)
AP Physics 1 is structured around the "big ideas" of physics, which encompass core scientific principles, theories, and processes of the discipline. The framework encourages instruction that allows scholars to make connections across domains through a broader way of thinking about the physical world. Big ideas cut across the traditional physics principles and are supported with enduring understandings, which incorporate the core concepts that scholars should retain from their learning experiences. Scholars will cultivate their understanding of physics and science practices as they explore the following topics: kinematics, dynamics, circular motion and universal gravitation, simple harmonic motion, linear momentum, energy and conservation of energy, rotational motion, mechanical waves, electrostatics, and DC circuitry. Laboratory work is a key component of the course, with an emphasis on inquiry-based investigations that provide scholars

with opportunities to demonstrate the foundational physics principles and apply all seven science practices defined in the curriculum framework.

WORLD LANGUAGES

AP SPANISH LANGUAGE & CULTURE A - 256023
AP SPANISH LANGUAGE & CULTURE B - 256024
(Year) Senior or others with instructor's approval
Network-wide UC Approved (E)
Prerequisite: Instructor's approval
The AP Spanish Language course should help prepare scholars to demonstrate their level of Spanish proficiency across three communicative modes (Interpersonal [Interactive communication], Interpretive [receptive communication], and Presentational [productive communication]), and the five goal areas outlined in the Standards for Foreign Language Learning in the 21st Century (Communication, Cultures, Connections, Comparisons and Communities). The course is equivalent to an intermediate level college course in Spanish. Students cultivate their understanding of Spanish language and culture by applying interpersonal, interpretive, and presentational modes of communication in real-life situations as they explore concepts related to family and communities, personal and public identities, beauty and aesthetics, science and technology, contemporary life, and global challenges.

SPANISH LITERATURE HONORS A - 256019
SPANISH LITERATURE HONORS B - 256020
(Year) Juniors, Senior or others with instructor's approval
Network-wide UC Approved (E)
Prerequisite: *Successful completion of Spanish 3 (on instructor's approval)*
This course gives scholars an understanding of Spanish literature of the XIV-XX centuries. Part of that understanding is rooted in the learning of the historical and social context of each piece. Scholars will understand each piece of literature holds a positive and negative critique from a reader's point of view. It is the responsibility of each scholar to be able to understand analyze and explain each critique of the literature pieces read in class.

VISUAL & PERFORMING ART COURSES

ART 1A - 200105
ART 1B - 200106
(Year) Freshman, Sophomore, Junior, Senior
Network-wide UC Approved (F)
Prerequisite: *None*
This course provides instruction in two and three-dimensional art forms. Scholars will be given the opportunity to develop their skills in drawing, painting and perspective through practice. Scholars will have exposure to various artists and cultures. Design will be investigated through problem solving activities such as printmaking, sculpture and paper-mache. This course is designed to accommodate beginning and experienced art scholars.

PHYSICAL EDUCATION

PHYSICAL EDUCATION/HEALTH 9A - 330117
(Fall Semester) Freshmen
NOT UC APPROVED
Prerequisite: *None*

In addition to the Physical Education 9A course, scholars will have health lessons using the book *Lifetime Health* published by Holt. In the scholars' health lessons, scholars will analyze their health and well being in regards to fitness, disease, abuse, prevention and awareness, communication, family and environmental health. Scholars will have an opportunity to personalize assignments in order to reflect and develop plans that will foster health habits.

Innovative Curricular Components of the Educational Program

In addition to the description provided in the section "Integrated and Instructional Technology", we are proud of the innovative components we have developed to align to our theme of college readiness:

Tajima has implemented a comprehensive system that supports exceptional teaching and learning experiences for all scholars. These systems begin with the process of teachers internalizing curricular resources and scripting out execution moves, a process we refer to as intellectual preparation. It is a thorough planning process that takes high quality curriculum resources and provides space for teachers to intellectually prepare for teaching lessons by internalizing the key moves of the lesson. Teachers begin this process by unpacking standards to ensure instruction is aligned to rigorous expectations before completing all student tasks from the perspective of a student, completing exemplary responses and identifying key look-fors during the lesson that will reveal whether students are succeeding or struggling. Teachers also design scaffolds and support to use when monitoring reveals that students are struggling. This intellectual preparation process is done in a collaborative space with department peers, and led by a content specific instructional leader coach, ensuring that teachers design lessons that are both rigorous and differentiated to support the needs of all scholars. This departmental collaboration space was built into the schedule each day and is at the core of our high quality instructional program.

A second element of our instructional systems at Tajima is a regular process of coaching and feedback. Specifically, the effectiveness of teaching and learning in our classrooms is monitored through a regular observation and feedback cycle that incorporates student data analysis. This year we have six Instructional Leader (IL) coaches who have been trained to conduct regular observation feedback cycles with assigned teachers. These cycles span a 3-week period, beginning with a video-taped observation in week one, continuing with a one-on-one debrief in week two, and ending with a one-on-one practice session between coach and teacher. In the debrief session, student exit ticket data from the observation is analyzed to identify a high leverage student gap that prevented mastery for students. This student performance gap is then connected to teacher planning and execution to name a teacher action step. This action step is then practiced in the third week practice session. This cycle is designed to ensure that teachers are teaching strong lessons and that students are learning what is being taught, and it is predicated on the belief that strong instruction is the most essential aspect of student learning.

This reflective data analysis process ultimately informs planning at the unit level as well. Each quarter, the entire staff takes two days to engage in detailed analysis of interim assessment performance, identifying student gaps and integrating re-teach plans into upcoming lesson cycles. These quarterly step backs provide necessary space for teachers to work within and across departments to make necessary adjustments to their instruction in order to meet student needs.

These systems for supporting teachers in delivering a high quality classroom learning experience work in tandem with supports for students' social emotional needs. We have continued to give more attention and energy each year as a school to refining systems for identifying student needs and meeting them with both on site services and off-site referrals when available. Tajima has always been known in the community as a supportive environment

for all students, and this year we our working to codify these values in consistent systems that can be replicated year after year.

Instructional Methods and Strategies

Students learn best when there are rigorous standards based curriculum where students lead the cognitive thinking of challenging content that builds strong learning habits and life skills; when students enthusiastically read, write, analyze, discuss, research, experiment and solve challenging problems; when students participate in robust scholar to scholar academic discussions that deepen their understanding of challenging content; when students employ a variety of tools and strategies, including technology, to accelerate their learning, build skills and obtain feedback on their performance.

Instructional methods and strategies include, but are not limited to, students engage in close reading of complex texts across a variety of genres, apply mathematical concepts to real world problems, and conduct laboratory experiments that deepen their understanding of a scientific phenomenon. All academic experiences build the skills and knowledge students need to be successful in college and beyond.

Implementation of Common Core State Standards

Tajima has fully implemented Common Core State Standards, using CCSS-aligned curriculum. Next Generation Science Standards are being implemented in science and the Social Studies/History, Science & Technical Studies Common Core literacy standards are integrated into science and history/social science courses. In addition, the ELD standards are integrated throughout all content area instruction. The instructional methodologies, curriculum, and instructional materials have been chosen as they align with the CCSS and are designed to ensure student mastery of the standards.

Tajima is focused on deepening teachers' understanding of the expectations of CCSS and NGSS through ongoing professional support in instructional planning, interim data analysis and feedback on instructional practice. New teachers to the school also receive professional development on the CCSS and NGSS standards and instructional shifts as part of their onboarding.

Integrated and Instructional Technology

To be successful, productive citizens in a 21st century economy, students must attain technology literacy and fluency.

We define technology literacy as the ability to responsibly, creatively and effectively use appropriate technology to communicate; access, collect, manage, integrate and evaluate information; solve problems and create solutions; build and share knowledge; and improve and enhance learning in all subject areas and experiences. Technology Fluency is demonstrated when students: apply technology to real-world experiences; adapt to changing technologies; modify current and create new technologies; and personalize technology to meet personal needs, interests and learning style.

To reach these goals, students have access to one tablet and/or laptop (all SBAC-ready) to ensure adequate access to technology for effective use in student learning. Students use technology regularly to access research online, develop standards-based multimedia projects and presentations, and access instructional materials and assignments. Students also access instructional technology to receive personalized support that best meets their individual learning

needs.[12] Alliance interim assessments are also designed to help prepare students to take SBAC online assessments.

All classroom teachers are provided a computing device and use Alliance-wide data systems for managing grades, student performance data, and internal school and network communication with other schools.

Alliance Ted K. Tajima High Graduation Requirements

Tajima's graduation requirements are in alignment with the University of California (UC) and California State University (CSU) "A-G" minimum undergraduate admission requirements (see table below). Our high school program and course schedule is designed to enable all students to meet graduation requirements, "A-G" minimum undergraduate admission requirements, and the CDE's College/Career Indicator within four years.

A-G REQUIREMENTS	
Subject	**Requirements**
(A) History-Social Science	1 year of U.S. History 1 year of World History
(B) English Language Arts	4 years of college preparatory English
(C) Mathematics	3 years of college preparatory Mathematics (Integrated Math 1, Integrated Math 2, Integrated Math 3, Pre-Calculus, Calculus or Statistics); 4 years recommended.
(D) Science	2 years of Science, one physical and one biological; 3 years strongly recommended
(E) Language other than English	2 years of the same language other than English
(F) Visual and Performing Arts	1 year chosen from dance, music, theater or the visual arts
(G) College Preparatory Elective	1 year of additional academic electives (*e.g.*, ELA/math intervention, third year of science or foreign language, fourth year of math, social science, advanced visual or civics and performing arts)

Alliance Ted K. Tajima High Graduation Requirements:

- Course Requirements
- Passage of A-G Course Requirements as stated here and in the chart below.
- Scholars pass all courses, including elective and non-A-G courses, with a grade of C or higher (basic proficiency).
- Scholars must complete 11 out of 15 A-G courses by the end of 11th grade (with a letter grade of C or better) to meet minimum UC admissions requirements.
- In addition to the A-G history/social science courses, it is a California State graduation requirement that all scholars must complete one semester in American Government & Civics and one semester in Economics. Alliance high schools have determined that these courses must also be A-G approved.

[12] *US Department of Education, Evaluation of Evidence-Based Practices in Online Learning, 2010*

- Scholars pass two years of Physical Education to meet the California State graduation requirements, unless the pupil has been exempted pursuant to the provisions of Education Code Section 51241.
- At the discretion of the principal, Alliance high schools may require scholars to complete community service requirements in order to participate in graduation activities.

Our mission is that all high school students will pass all A-G and elective courses with a grade of C or better to graduate in 4 years with a minimum of 230 credits. To best serve students who are not on track to meet these goals, the following supports are provided:

- Online Credit Recovery which is offered after school and in summer session.
- Tutoring After School or Saturdays

These supports are provided for all students in need including all subgroups and students transferring into the school. Students that transfer into the school after the start of freshman year work closely with their counselor to ensure that any needed classes are made up either in their regular schedule, after school, or in summer session. Individual graduation checks are done with each student at least once a semester.

Students who are still unsuccessful in meeting the 230 credit "A-G" high school graduation requirement by the end of the summer following their 4th year, are welcomed to attend a 5th year.
In addition to our instructional program fully meeting the A-G high school graduation requirements, the program provides students with the instructional opportunities necessary to meet the California Department of Education's College and Career indicator at the Prepared level. English and Mathematics courses in 9th, 10th and 11th grades are tightly aligned to the Common Core State Standards and our interim assessment system is built in alignment to the Smarter Balanced assessment blueprint and item specifications. Our interims provide data throughout the year on students' mastery of the Common Core State Standards so we can carefully monitor and adjust instruction to ensure students meet the expectations of Smarter Balanced Assessments in 11th grade.

Finally, Tajima strives to prepare students to take and pass Advanced Placement courses during their high school careers in preparation for college. All AP teachers have been certified to teach the course and use curricula that meets the needs of their students.

Western Association of Schools and Colleges (WASC) Accreditation

Alliance Ted K. Tajima High is fully accredited by the Western Association of Schools.

The school will work to complete periodic evaluation and improvement of our program and school-wide action plan, in alignment with our LCAP, through the WASC-required self-study, mid-cycle progress reports, as well as WASC on-site visits to ensure accreditation is maintained for subsequent graduating classes with support from the Alliance Home Office.

The school oversees the accreditation process including the development of their self-study and interim progress reports with support from the Alliance Home Office.

Transferability of Courses

All A-G courses are transferable to other public schools and meet the rigorous requirements for admission to California state university systems. Parents receive notification of course transferability in student recruitment and student enrollment materials, which are available in both English and Spanish.

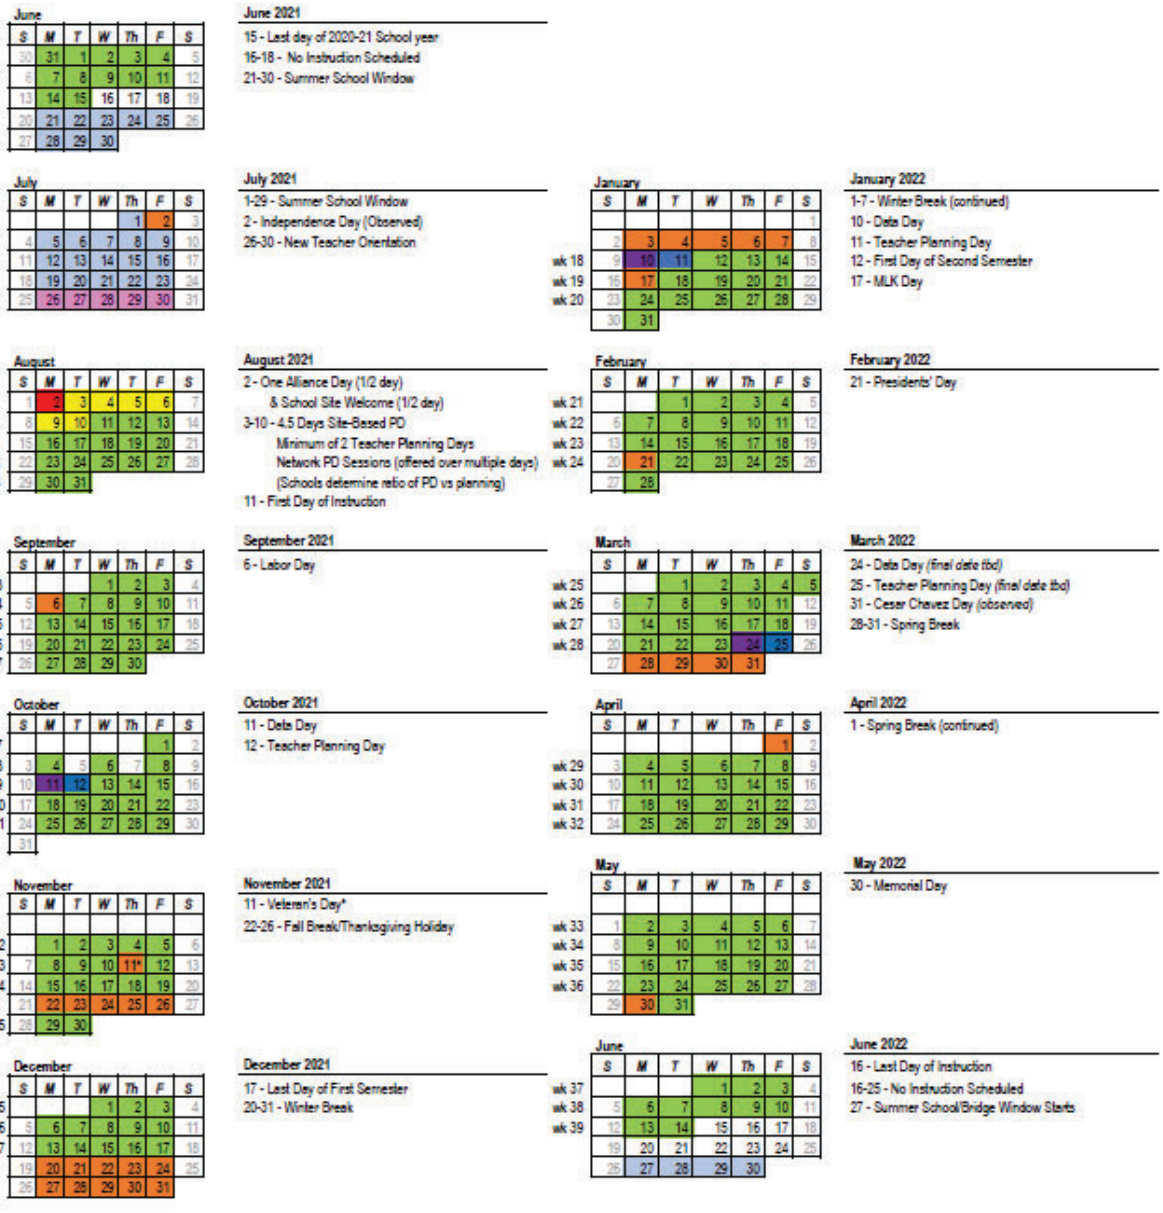
Also, transferability and rigor of courses can be found in the Scholar/Parent Handbook. Tajima college counselors also work closely with students and families to ensure that they are well aware of requirements and where each child stands in relation to those requirements. This is done at least once a semester with students and at least once a semester with students and parents combined if a student is not currently on track to graduate. Additionally graduation requirements are included in the Scholar-Parent Handbook.

Academic Calendar

The calendar below is a draft of the 2021-22 academic calendar. The calendar provided here will be revised based on input from various stakeholder groups and subject to Board approval.

ALLIANCE
College-Ready Public Schools

Draft Academic Calendar 2021-22



Bell Schedules
The following bell schedules will be in place for the 2020-21 school year.

Regular Day

Mondays/Thursdays (Odd Periods) Tuesdays/Fridays (Even Periods)	Start and End Times	Instructional Minutes
1/2	8:00am - 9:40am	100
3/4	10:00am - 11:45am	100
5/6	12:20pm - 2:00pm	100
Advisory	2:05pm - 2:38pm	33
7	2:43pm - 3:45pm	62

Early Dismissal Day

Wednesdays	Start and End Times	Instructional Minutes
1	8:00am - 8:48am	48
2	8:53am - 9:41am	48
3	9:46am - 10:34am	48
4	10:39am - 11:27am	48
5	12:04pm - 12:52pm	48
6	12:57pm - 1:45pm	48

Bell Schedules
The following bell schedules will be in place for the 2020-21 school year.

Regular Day

Mondays-Wednesday	Start and End Times	Instructional Minutes
First Period of the Day (varies)	8:00am - 9:28am	88
Second Period of the Day (varies)	9:47am - 11:15am	88
Advisory	11:18am - 11:43am	25
Third Period of the Day (varies)	12:16pm - 1:44pm	88
Fourth Period of the Day (varies)	1:47pm - 3:15pm	88

Thursday (Extended Advisory)

Thursday	Start and End Times	Instructional Minutes
First Period of the Day (6)	8:00am - 9:28am	88
Second Period of the Day (7)	9:47am - 11:15am	88
Advisory	11:18am - 12:09pm	51
Third Period of the Day (1)	12:42pm - 1:57pm	75

Fourth Period of the Day (2)	2:00pm - 3:15pm	75

Friday (No Advisory)

Friday	Start and End Times	Instructional Minutes
First Period of the Day (3)	8:00am - 9:15am	75
Second Period of the Day (4)	9:36am - 10:51am	75
Third Period of the Day (5)	10:54am - 12:09pm	75
Fourth Period of the Day (6)	12:42pm - 1:57pm	75
Fifth Period of the Day (7)	2:00pm - 3:15pm	75

Sample Daily Student Course Schedules

6 periods per week: Monday/Thursday (odd periods); Tuesday/Friday (even periods); Wednesday/early dismissal/minimum day (all periods)

9th Grade

Advisory	Advisory 9
Period 1 / 2	Art 1 (or ELD as required) | The Living Earth
Period 3 / 4	Physical Education/ Health 9 | Common Core English 9
Period 5 / 6	CC Integrated Math 1 | Spanish Native Speakers 1

10th Grade

Advisory	Advisory 10
Period 1 / 2	Spanish Native Speakers 2 | World History
Period 3 / 4	Common Core English 10 | Drama (or ELD as required)
Period 5 / 6	CC Integrated Math 2 | Chemistry in the Earth Systems

11th Grade

Advisory	Advisory 11
Period 1 / 2	AP Spanish Language | CC Integrated Math 3
Period 3 / 4	AP United States History | AP Psychology (or ELD as required)
Period 5 / 6	AP English Language and Composition | Physics of the Universe

12th Grade

Advisory	Advisory 12
Period 1 / 2	Anatomy and Physiology (or ELD as required) | AP Psychology
Period 3 / 4	Pre-Calculus | AP Spanish Literature
Period 5 / 6	AP English Literature and Composition | Economics
