

College/Career Indicator (CCI): Measures of College Readiness

The CCI shows how well local educational agencies (LEAs) and schools are preparing high school students for success after graduation, whether in postsecondary education or in a career. For this reason, the CCI consists of both college- and career-readiness measures. This flyer contains the college-readiness measures. For career-readiness measures, please access the [California Department of Education \(CDE\) CCI: Measures of Career Readiness document](#).

College readiness means completing rigorous coursework, passing challenging exams, or receiving a state seal.
